Three Projects Get Support Of Mayor Bosch

SAYS COUNCIL AND HIMSELF HAVE STUDIED PROPOSALS THOROUGHLY

Mayor Nicodemus Bosch, in a short but very understandable message gives his support to the three proposed work relief projects in which the United States government pays approximately \$3 to our city. The projects are very necessary and now is the time to build them at one-quarter the cost if built a few years hence instead of now. Anyway, the mayor's message to the common council and the citizens of Holland is self-explanatory and follows below.

MAYOR'S MESSAGE

September 4, 1935.
To My Fellow Councilmen and the Citizens of Holland, Michigan:
On September 9, 1935, the taxpayers of Holland are to decide at a special election whether the city of Holland shall be bonded for approximately \$23,000.00. This amount of money would be the city's share of the cost of three WPA projects approved by the city council. If the voters approve of this bond issue, the United States government will pay towards the completion of these projects an amount equal approximately to \$70,000.00. In other words, for every dollar that the city spends towards providing for its welfare through these projects, the United States government will spend three dollars.

After several weeks of very careful consideration and investigation of all the facts and figures available, I am firmly convinced that it is for the best interest of the City of Holland for the voters to pass favorably upon this bond issue.

Holland is now face to face with the issue of whether during the coming year it shall be forced to raise funds sufficient to take care of the aid of the welfare of the government or whether to pass the bond issue at the special election and have by far the large proportion of money paid by the United States government. For your information, the total cost of providing for those on welfare in the city of Holland from July 1, 1934, to June 30, 1935, or for one year, amounted to \$146,981.76. If the voters refuse to pass this bond issue of approximately \$23,000 on September 9, the city will no doubt be faced with a serious problem of raising approximately \$147,000 for the coming year to take care of its welfare problem. On the other hand, by the passage of this bond issue, the city of Holland will be paying only a small portion of this enormous sum of money. It can be readily understood from this that the indebtedness of the city of Holland will be far greater than any \$23,000 amount of the bond issue and that the city of Holland is faced with the problem of taking care of its entire welfare without the United States government aid.

In my message to the common council on the evening of August 7, I approved these projects because they provided for a great amount of labor in proportion to materials and would be of lasting benefit to the City of Holland. As a taxpayer, I shall vote for the bond issue at the election on September 9.

Respectfully submitted,
NICODEMUS BOSCH, Mayor.

PROF. RAAP AND SON HERE FROM FLORIDA

Prof. Albert Raap, formerly professor at Hope college, and his son, Dr. Gerard Raap and family of Miami, Florida, are spending their vacation at Lakeview cottage, Jenison Park. Prof. Raap has been pastor-assistant at the First M. E. church (the White Temple), since January, 1928. He is also the financial secretary of his church. Mr. Raap at this time has heard nothing of how severe the storm was at Miami, or how heavy the property damage was.

CITY BASTILE FILLED WITH TRAMPS

A dozen "weary Willies" were the guests of Police Chief Frank Van Ry at the city jail one night this week. It appears that among the dozen there was a "wag," for he had scribbled a note and left it in one of the cells accusing Mr. Van Ry of being a gambler. He said he had twelve men who could testify that the minion of the law had a "full house" that night. The News might add that Frank might have had a "full house" but there was nothing in the pot for the winner, which generally goes with a hand like that. The chief was feeding the tramps, not the "kitty."

COMPLETE SPILLWAY FOR FISH POND

The spillway has been completed for the new 500x100 foot blue-pink rearing pond at Conservation park, near New Groningen, operated by the Holland Fish and Game club. The pond, recently excavated, is supplied with water from springs and already has a depth of four feet.

Mystery of two broken front windows in the store of Anthony Van Ry, 335 College avenue, was being investigated Wednesday. The windows had been broken by bullets, but no trace of bullets were discovered in the store. Small pieces of glass were scattered inside the building.

The Women's Missionary society of the Sixth Reformed church held a meeting Tuesday evening and had as their speaker, the Rev. Pietro Moncada, Italian missionary, who told of his work among the Italians in Newburgh, N. Y. A musical program was presented and Mrs. J. Vanderbeek, president, presided.

Takes Her Daughter to the Netherlands

Mrs. Frances P. Otte, daughter of the first president of Hope College, is leaving for the Netherlands on Saturday noon, Sept. 12, from New York. She goes with her daughter, a graduate of Hope College, whose husband, Mr. De Velder, has received a scholarship in the University of Utrecht. Mrs. Otte recently lived in Holland while her daughter was studying at Hope, the institution where Dr. Phelps, her father, acted as the first head. The family at that time lived in Van Vleck Hall, more than a half century ago.

MAY PULL SAFE FROM LIME QUARRY

Sheriff Ben Rosema and Ray Swartz, diver, went to Grand Rapids today to survey the chances of recovering a 500-pound safe which was thrown into a quarry near that city where there is some 60 feet of water. The safe was thrown, according to the confession of three men, Ray Ford, John Jenkins and James Chamberlain, who was found carrying concealed weapons, pleaded guilty, and Sheriff Ben Rosema asked Judge Miles to withhold sentence for a few days since he wished to question Chamberlain relative to several holdups and burglaries in and around Hudsonville, Beaverdam, North Blendon and other places in that vicinity.

Judge Miles, late this afternoon, sentenced Ray Ford to 15 to 15 years at Jackson; Jerry Hulst to 3 to 15 years at Ionia; John Jenkins to 3 to 15 years at Ionia, and James Chamberlain, who was found carrying concealed weapons, pleaded guilty, and Sheriff Ben Rosema asked Judge Miles to withhold sentence for a few days since he wished to question Chamberlain relative to several holdups and burglaries in and around Hudsonville, Beaverdam, North Blendon and other places in that vicinity.

The trio was arraigned in justice court last week and was bound over to circuit court on bonds of \$1,000 each, which were not furnished. They are expected to be arraigned in circuit court today.

Jerry Hulst, 18; Ray Ford, 20, and John Jenkins, 20, all of Grand Rapids, arraigned before Judge Fred T. Miles yesterday afternoon, pleaded guilty to having entered the Boes and Wiersma oil station in Zeeland last week and taking safe, radio and cigars. They will be sentenced Thursday.

James Chamberlain, 23, also of Grand Rapids, suspect in the burglary, was arraigned on a charge of carrying concealed weapons. He pleaded not guilty and asked for trial. Judge Fred T. Miles took under advisement Chamberlain's request that the court appoint an attorney.

Fred Bramer, 53, of Ferrysburg, pleaded guilty to a charge of driving while intoxicated, second offense, and was sentenced to six months to one year in the southern Michigan prison with the recommendation of the minimum sentence.

Marvin Hoeze of Zeeland pleaded not guilty to a statutory charge and will be tried at the September term of court.

MORE BOULEVARD LIGHTS FOR ZEELAND

Motion of Alderman Langeland to approve boulevard lighting project at a total cost to the City of Zeeland of not more than \$1,089 was carried as shown by the following yeas and nays: Yeas, Aldermen Holleman, Langeland, Looker, Cook, Karsten and Brill, nays, none.

Strange to say, Zeeland had a system of this kind before Holland and it is now adding to that street illumination.

WANT TO SAVE MISSION FROM HAMMER

A very important meeting called by the directors of the Holland City Mission Monday, September 9, at 10 a. m. at the Mission. Central avenue.

Through Rev. H. D. Ter Keurst, Trinity Reformed church, all the ministers have been invited to attend in an effort to save the Mission by the 29th of this month, the last day to redeem it.

Sold for mortgage \$12,000.

ZEELAND DEBATER GETS POSITION

Miss Alice Kette of Zeeland, who graduated from Western State Teachers college, Kalamazoo, last June, has accepted a position in speech and dramatics at Three Oaks, Mich. Mr. Harold Veneklaen, a Zeeland boy, is superintendent at this school, and Miss Esther Gerum is a high school teacher.

Mr. and Mrs. J. W. Vischer, 675 State street, had as their week-end guests Mr. and Mrs. Wallace Vischer and two children, Dorothy and Donald of Detroit, and Mr. and Mrs. L. A. Verduin and son, Robert Vischer Verduin, also of Detroit.

Miss Minnie K. Smith has returned to Holland to resume her duties as principal of Junior High school.

At a meeting of members of the choir of Sixth Reformed church Wednesday evening, Miss Jean Brandt was elected president; John Vanderluis was again voted director and other elected are vice president, Alice Ryngaert; secretary, Helen Shank; and librarians, Paul Scholten and Arthur De Waard.

HOLLAND FOLKS RETURN FROM TRIP; SEE LARGEST BOAT AFLOAT

Summer time is vacation time and while a great number of folks from abroad spend their vacation in Holland or at one of Holland's fine resorts, Holland folks in turn spend their vacations elsewhere. Among those from Holland who spent the past two weeks "browsing around" are Mr. and Mrs. Fred Beeuwkes and Mr. and Mrs. Ed Nyland.

The local folks returned to Holland Saturday and report a most enjoyable trip which covered 2,100 miles. The first point of interest to which they motored was Niagara Falls, going on from there to Watkins Glen, N. Y., and then on to New York City. In New York City they were the guests of Miss Adela Beeuwkes, daughter of Mr. and Mrs. Beeuwkes, who has been making her home in New York City since May 1 of this year. Miss Beeuwkes is employed as a dietitian at the Cornell hospital in New York City. The hospital, recently built, is connected with Cornell university. Mr. Beeuwkes states that the hospital is a most beautiful building, more like a hotel than a hospital, with all the equipment of the very latest and best. Medical students of the university attend classes at the hospital, and a great deal of research work is carried on there. Miss Beeuwkes formerly spent more than two years at Ann Arbor university hospital.

While in New York City the party "took in" New York harbor. They saw not only several large steamships, but also the Normandie, the largest steamship in the world. Mr. Beeuwkes states that it is difficult for one to imagine the size of this monster of the sea. He however gave a short description of the boat which the News in turn is chronicling in this article.

The steamship, Mr. Beeuwkes states, is 1,029 feet long; its gross tons is 79,280, and its cost \$59,000,000. The boat was built by the French line and French government, making its first trip on June 1 of this year. The boat makes the trip across the Atlantic in 4 1/2 days or less. It is also interesting to note that the cost of a round trip in fuel oil alone is nearly \$100,000. The cost of a return trip not figuring depreciation, re-

SENATOR VANDENBERG ON HOLLAND SCREEN

Senator Arthur H. Vandenberg was heard speaking in the news reel which was shown early in the week at the Holland theater. In the newsreel which was presented Senator Vandenberg comments upon the neutrality bill passed at the close of the last session of congress.

TED CHEFF'S "LIMERICK" WINS AT HORSE SHOW

One of the outstanding features at the Castle Park horse show recently held, was the fine showing made by P. T. Cheff's beauty, "Limerick."

There were many fine entries but the event that was especially interesting was the spectacular elimination high-jump contest which was won by "Limerick" owned by Mr. P. T. Cheff, vice president and general manager of the Holland Furnace company. "Limerick" a big chestnut, expertly ridden by James Helster, soared over a height of 5 feet, 9 inches to win with apparent ease.

Holland horse show fanciers are very fortunate in having four horses able to go approximately six feet in this vicinity, as horses that are able to qualify in this event are usually found in only the real large shows. Other entries in this contest were Baldy Todd, owned by John Boone; Watch Me, a U. S. army horse, Bruce, owner, Mr. Baker, Traverse City. The latter finished in second place.

There were fifteen classes at the Castle Park show, many from the Castle Park and Waukazoo Stables, and not a few horses from abroad. Nearly a thousand horse lovers from Holland and the resorts and western Michigan were present.

Trophies went for first place and ribbons to first, second and third places in the contests. The Parker Stables of East Lansing, the Blodgett and Thomson Stables of Grand Rapids and the Arner Stables of Ann Arbor were also represented.

The general committee in charge of the show is composed of Marian Carter, William Eaton, M. R. Bissell, Charles Kirchner, James Nibbelink, Mrs. Roy Nobel, George C. Thomson and Carter P. Brown.

Members of the junior committee are Carter Wilkie Brown, Patzy Cleveland, Mary Lou Corley, Joan Elliott, Peggy Kirchner and Evelyn Thompson.

The horse show at Castle Park was given under the auspices of the Holland Rotary club and the proceeds went in behalf of the crippled children's fund and it is understood that there was quite a sizeable sum for this cause because of this event.

It was a real worthwhile exhibition and the weather was most ideal to stage it.

Commander Henry Cook was host to commanders of the three other commanders of American Legion posts of the county Thursday night at a meeting held in the city hall headquarters of the local legionnaires. Plans were made for a joint installation meeting.

George De Witt, 42, was charged with taking money from letters in the mail, in one of 26 true bills returned by the federal grand jury in Grand Rapids.

Mr. and Mrs. A. Brinkman visited in Detroit.

Jim Munroe of R. R. 3, and John Lemmes, West Seventh, are attending the state fair in Detroit.

EDITORIAL

Next Monday Holland is to vote on three W.P.A. projects. The Holland City News has repeatedly in news stories and editorially, given in full detail what these projects are intended for and what is involved. Throughout the nation cities everywhere are digging up needy projects, for now or for the future. One of the projects to be voted on is the airport. It will be an absolute necessity within the next five years, and now we can get it on the basis of 3-1, the government paying the lion's share.

It has been called to our attention today that if Holland is to have an airport, that almost immediately service planes from Grand Rapids will make this a stop landing, and will enable passengers to come and go from here, connecting with all airlines of the nation. Thomas E. Walsh, member of the state board of aeronautics, sees a great future in an airport for Holland, since it will mean transportation of rapid freight from our industrial plants. It is to mean more rapid mail service and Holland will be visited by many notables and wealthy tourists who today largely travel by plane.

The importance of an airport for the city will soon be demonstrated but we must first have the port and its needs will soon be apparent.

The advisability of rejuvenating our parks, making our cemeteries more presentable and the building of a playground for our children, projects to be voted on next Monday, have been so thoroughly explained that the voters are well conversant with the facts.

These projects are to put idle hands to work. The United States government has planned this method in order that the idle can find in their self-respect and earn an honest living through work, the same as the vast majority of us are doing. It must be irksome to many of them to depend upon charity when gainful employment could be provided for them, and that is just what these projects are for.

It appears that Holland for its \$23,000 investment is to receive nearly \$100,000 in worthwhile development that is going to prove worth 100 cents on the dollar, to our children, to our recreational advantages, to our resort possibilities and to our industries, and through it, all will benefit directly or indirectly.

The News feels that voting "yes" on these projects is good common, business, horse sense. For \$23,000 paid over a long term of years at a low rate of interest, we are getting something tangible in return. Through it, silent, sober men and women can hold their heads up as proudly as ever because they are making their own way. No projects mean less work at a time of the year when more work would be most helpful. On the other-hand unemployment will mean a dol to the unemployed from which the city does not receive a penny in return. During that direful year of 1934, there was paid to unemployment nearly \$150,000 and not a project to show for it. Holland simply couldn't go back to such a condition. While the city at this time is in prosperous shape as a municipality, this or any other city could not stand such a strain financially for long.

Mayor Nicodemus Bosch in a message comes out fair and square on this project, giving a short and concise review but omitting nothing, telling why these projects should carry. Everyone knows that Mayor Bosch is ultra-conservative when it comes to spending the city's money. That has been repeatedly demonstrated and for that reason his judgment should carry considerable weight. He has spent a great deal of time with his colleagues going over Holland's work relief program. Days and nights have been spent hashing and rehashing so no mistakes will be made, and judgment after such deliberation, cannot help but be well founded.

The Holland City News feels that the taxpayers should give these projects favorable consideration. The personnel of the News have been heavy taxpayers for years and our vote goes "yes," because we feel that the launching of these projects will be for the good of the entire community.

News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

FIFTY YEARS AGO TODAY

The News for many years fought against Market Days as held in Holland, Zeeland and other villages in the neighborhood. The farmers brought nothing but "scrubby" cattle, heaving horses and poor produce. It was an outing that generally ended up in drunken brawls between citizen and farmer and the city lockup full of drunks. The News advocated a county fair where farmers could display their best in the organization of the South Ottawa and West Allegan Agricultural society. The fairgrounds was first built at the west end of town. Location it was moved to the present site. The first fair was held Aug. 29, October 6, 1888. Attorney Arend Vischer was named the secretary. The first superintendents were as follows: Castle, Gerrit DeWit; horses, Hermanus Boone; sheep and swine, Jacob Kuite, Sr.; poultry, J. Chaple; agriculture, Dirk Nuedema; farm machinery, D. Bloemers; pomology, Isaac Marsijle; floral hall, Lane Karsten; miscellaneous department, Gerrit Van Schelven; chief marshal at the grounds, F. G. Churchill.

Mr. Bert Barnes has resigned his position as manager of the left hand phone exchange and Miss Bright was appointed in his place. Note: It took a bright girl to handle 30 phones and the News had one of them. No dial but central had to connect you up.

We were surprised the other day to see five new houses in the course of construction in one block in the city. The building boom does not seem to diminish at all. The block which is thus being filled with residences is the one lying between River and Pine streets and Twelfth and Thirteenth streets.

"Case" Vanden Heuvel of the Phoenix Planning, mill accidentally sawed the finger of his left hand, inflicting a severe wound. Note: "Case" is still alive and kicking on Pine avenue and Ninth street and has been a millwright all his life.

Because his father a Japanese man of affairs, in Tokio believed that he had not paid as strict attention to his American school work at Hope college as was expected of him, he recalled the little "Jap" Prince Yama Moto Togo better known to his host of American friends as "Mak." A name he liked. He has been at the local college for two years and students made a little "hero" out of him and he did not have much time for study because of several parties and social features where he was feted. "Mak" said he was sorry to leave Holland and he looked it, but he said he surely would be back after a session with his most "worthwhile" parent. Note: He never returned, however, and is now beyond the college age, nearly 50 years.

Zeeland Is To Celebrate Many Events Oct. 9-11

MAMMOTH PARADES, MIDWAY, BALLOON ASCENSIONS, FAIR, AIRPLANE

Many things have been happening in Zeeland during the past year and the leading spirits of our neighbor believe in celebrating the completion of these many projects by staging a homecoming and fall festival that will last for three days, Wednesday, Thursday and Friday, October 9, 10 and 11.

The reason for the celebration is the completion of the widened streets, the building of a new post office, the erecting of a new chapel for the First Christian Reformed church and also smaller projects that have given considerable work to Zeeland's idle men.

Zeeland, not so long ago, also built a fine city hall and undoubtedly that serviceable building will be the center of attraction and the hub of hospitality while the homecoming is in progress. Many strangers and friends from a distance will be on hand and there will be a splendid community reunion that is so potent a factor in the well-being of a city.

The committee in charge will also celebrate the event of a bountiful harvest. Surely a bumper crop this year from most anything that comes from the earth.

Invitations are already going out to former citizens from abroad, rural folk for miles around, the entire countryside in close proximity to Zeeland. Undoubtedly the cities in this vicinity through their common councils will receive invitations to come to Zeeland's homecoming and fall festival.

The homecoming this year will feature two arches across the newly widened Main street; two parades, and the annual school fair. Free acts will be staged on Main street with balloon ascensions, airplane rides and stunts, as well as other midway attractions. An old-fashioned minstrel show will be given in the evenings by the American Legion and the ladies' auxiliary.

Officers selected for the celebration are: General chairman, G. J. Van Hoven; finance, J. H. Holleman; advertising, Corev Van Koeve; concessions, H. J. Matter; parade, Kenneth Folkertsma and Marvin Shoemaker; entertainment, Robert De Bruyn; decorations, Leu Meuwisen. These committees are now hard at work and have already met with a degree of success.

MR. AND MRS. BUIS IN THE NETHERLANDS

Mr. and Mrs. Gerrit Buis sent the Holland City News a fine photograph of one of the cities they passed through in The Netherlands. The city is typically Dutch in architecture, but looks as clean as a "hound's tooth."

In the center of the street is a drinking fountain and the hotel in question has a bell on the outside, possibly a dinner call.

Mr. and Mrs. Buis send greetings to the editor, stating that they are having a wonderful time.

WELMERS HEADS CLUB

William Welmers, president of the Holland Fellowship club, was also elected president of the state club at a meeting in Brighton. Mr. Welmers is a student at Hope college and is the son of Registrar and Mrs. Thomas E. Welmers, Graves Place. It is a fine recognition of the young man's ability as a leader.

FALLS FROM RAYLOAD; IS INJURED

Mr. Roy Beardslee of Dowagiac sustained a broken shoulder blade when he fell from a load of hay while in the field. The hayrack struck a washout and nearly tipped the load. Mr. Beardslee is the husband of Mrs. Ruth Mulder Beardslee, daughter of Mr. and Mrs. Ben Mulder, 79 West Fifteenth street.

Approximately 60 persons attended the fourth annual reunion of the Dekoning family in Johnson park, Grandville. Officers elected: President, Lawrence DeKoning of Grand Rapids; vice president, Joe DeKoning of Muskegon; secretary, Marjorie DeKoning of Muskegon; treasurer, J. L. DeKoning of Holland.

At a special meeting of the local American Legion's executive committee held Wednesday evening in the office of Dr. G. D. Bos, commander-elect of Willard G. Leenhouts post, Harry Kramer and E. P. Slooter were named captains of two membership teams.

class of 23 members, known as the "Daughters of the King." She will leave for a seven-year term before coming home on a furlough. The gold pieces were wrapped in paper of maroon and white (class colors), and were placed in a large serviceable picnic kit containing a thermos bottle and other accessories. The rooms of the Holkeboer home where the reception was held were decorated in oriental colors. As the members of the class departed each was given a hearty handshake by Miss Holkeboer and were handed her latest photograph. Note: Miss Holkeboer has been in China as a missionary for 15 years and has returned to Holland twice during that time. She returned to the office for the third time on August 17.

FORMER STATE REPRESENTATIVE INJURED

Nicholas J. Whelan, formerly of Holland, at one time speaker of the house at Lansing, and representative of Ottawa county, was severely injured in an auto collision on the highway near Mt. Pleasant. Full details of the accident have not been received although it is understood that he sustained several broken ribs.

While painfully injured, his condition is not considered serious. Both cars, it is understood, were badly wrecked. Mr. Whelan many years ago was editor of the News, and is now living in Benton Harbor.

SPRING LAKE GETS CITY HALL; WILL HOLLAND HAVE TO HELP PAY FOR IT

Spring Lake not only voted for a city hall but signed the contract for the building today. The hall will cost \$38,000 and Spring Lake pays \$10,000 in village bonds, the government standing \$28,000 of the project, according to information given by William Hammond, president of the village, and A. G. Mulder, clerk. Henry Turner is to be the architect.

Should Holland's projects not pass, the taxpayers of this city will be called upon to help Spring Lake pay for its city hall and Grand Haven for its \$200,000 sewage disposal plant, in fact, all the projects throughout the nation will eventually have to be borne by the whole nation, and Holland will pay its proportionate share. It would be rather deplorable if it was paying for its neighbor and its neighbor paid nothing towards its projects because with an unfavorable vote Holland would have no projects.

Mr. and Mrs. Peter Norg and family of Green Bay, Wis., are visiting in Holland. Mr. Norg was area Scout executive for a number of years and is now executive of the Nicolet area council in Green Bay, Wis.

Dr. M. B. Vischer, son of Mr. and Mrs. J. W. Vischer, 675 State street, has returned from Russia where he attended the International Convention of Physiologists. Dr. Vischer graduated from Holland High school and Hope college. He received his Ph.D. degree at the University of Minnesota in Minneapolis. For the last three years he has been head of the department of physiology at the University of Illinois.

COUNCIL NOTES

Alderman Al Van Zoeren, after saluting the flag, led the councilmen and audience in repeating the Lord's Prayer in unison. There was not an alderman missing.

Alderman Peter Huyser notified the council that he postponed action on the building ordinance, allowing the aldermen to go over printed copies found on every desk. After they have digested the baked goods therein, they will be able to judge better as to what changes, if any, are to be made.

The claims of the city for the past two weeks amounted to \$8,850.

Mrs. Lois De Krul of Zeeland, one of the women of the welfare board, who stood in capacity of collaborating between the government and the city, has resigned that position and the common council appointed City Clerk Oscar Peterson to add this to his numerous other jobs.

The message of the mayor, found elsewhere in this issue, was approved, accepted and filed by the aldermen.

Alderman Drinkwater, chairman of the committee on buildings and property, made known that the boiler inspector had inspected the city hall boilers and found one of the flues cracked. The agent pointed out some other defects of minor importance, and the mayor and common council instructed Mr. Drinkwater to have the boiler fixed at once, before cold weather came.

The ways and means committee, comprising Aldermen De Cook, Frins and Steffens, brought in the sewage disposal plant and one on the old Kirkhoff property on Lincoln avenue, be not disposed of since the bids received for the property were altogether too low.

The city hall has had a custodian Sunday afternoons during the summer for the convenience of the tourist public and others of the city who seek rest rooms on that day. It was agreed that the custodian remain in charge until October 1, and that then the man be taken off.

Alderman Damson, on the sidewalk committee, stated that under the new plans of the United States government, there was no more sidewalk repairing and while there was still considerable to do, the greater proportion had been accomplished.

The H. J. Heinz Co. asked that a light be put at Ottawa and Fifteenth street. The request was made by Alderman Vande Lune and supported by Alderman Van Lente. It was stated that 700 people are working there night and day, not including the motorcycle trucks. The mayor called out "Let's put in a light, and do it at once." The aldermen all concurred.

Agreements of three property owners to come under the compulsory sewer act were unanimously approved by council. They are signed by Ted Van Osterhout, 159 East Twenty-sixth street, Harry D. Hulman, 44 East Twenty-sixth street, and George Tannery, 28 West Twenty-eighth street.

Alderman J. O. H. Vogelsang, chairman of the sewer committee, reported that the next report on homes not connected with the sanitary sewer system will be presented at the next meeting.

The common council meeting was a short one, lasting half an hour.

Ordinance On Zoning Brings Complications

MAYOR DOES A LITTLE WELFAIRING OF HIS OWN. BOARD OF PUBLIC WORKS AUTHORIZED TO SPEND \$5,000 FOR REPAIRS

The council meeting was of short duration, however considerable was done during the period of half an hour. In the first place the board of public works had some very important repairs to make on boilers, drafts, standards for boilers, and other equipment replaced and new, the whole amounting to \$5,988.81. It was all presented in a communication just what these were needed for, the different bids on each, and the amount of these bids, which give the above figure. All was done with a thoroughness such as the officials of the board have always shown.

The board of aldermen as well as the mayor were satisfied that this amount of money was needed and of course it will be paid from the plant's own earnings.

Mayor Bosch injected the following at this time: "I should like to recommend that the board be allowed this sum for the necessary repairs. We have an able set of men at the head of this board of public works, a board second to none, and I hope you will allow this expenditure by a unanimous vote." And it was unanimous.

Rather an interesting sidelight came in connection with the zoning ordinance when several requests came in for building permits. One permit was not allowed for the reason that the building was never more than five feet to the neighbors, expressly provided that a building on either side shall not be closer than five feet to the lot line, or ten feet between buildings. This man's application was for less room because of a garage attachment and a foundation already built. The builder must change his plans to conform with the zoning ordinance.

A question came up that's rather interesting, namely the man who forced into it and built two houses thereon, possibly near the center of those lots, or he might have a whole block of land and build houses on it. City Attorney Persons stated that this ordinance wasn't intended to have anything to do with the likes or dislikes of a neighbor. Some neighbors might consent to having their homes closer together than five feet, others might object. That in reality has nothing to do with it, the ordinance being largely intended to eliminate fire hazards and more space between houses and make fire communication from building to building less possible.

Mayor Bosch said it would make no difference whether a man owned an entire block of property, he would have to conform with the zoning code if he built houses thereon, and it seems that that is an excellent idea.

Mayor Bosch did a little welFAIRING on his own hook, or rather, he forced into it. It seems that a family called him in, stating that their child was in critical condition since a button had lodged in her lungs and they were unable to find out just exactly where they had to go for aid. The mayor stated that both the welfare and county had been appealed to and while not criticizing those at the head, since they were under orders and bound by red tape, he took the matter in his own hands and through Alderman Bultman the child was taken to a Grand Rapids hospital where a tooth was extracted from the little child's mouth, but the button could not be dislodged.

It was thought best to take the child to Ann Arbor, but how to take it was a conundrum to the family. Two men

Could Do Wonders

Allegan News

Allegan has many opportunities to become a really beautiful city. Its location, in the middle of a valley, its trees and the Kalamazoo river offer a natural setting that is hard to equal but the fact that the river has been spoiled through the accumulation of debris along its banks is one that requires attention.

It has been suggested that the city submit a Works Progress program calling for a thorough cleaning of the river banks and if this is done, together with inexpensive landscaping along the river, the beauty of the city will be greatly enhanced.

Allegan is not too small to afford a city planning committee, one which will and can devote its intelligence to a clean and beautifying program. Any number of individuals would be glad to serve without charge.

They would have an abundance of natural material with which to work and the expense of this sort of program would be almost nothing, especially if the major portion of the job, that of cleaning the river banks, is done by WPA labor.

It can be safely said that beauty in a city has a big commercial value and it pays and pays well to take advantage of it. There is no pressing need to complete the entire job within a few weeks or a few months, but a committee, actively serving for a few years and getting cooperation, could do wonders. Many communities, no larger than Allegan, have permanent committees planning programs to better the city as a whole.

THREE HURT IN AUTO ACCIDENT IN COUNTY

Mr. and Mrs. George C. Hartford of Mt. Pleasant, and Harry C. Jones, 41, of 788 Cherry street, southeast, Grand Rapids, were injured when the car in which they were riding, driven by Jones, was forced off the road near Borculo and struck two posts.

The injured were treated at the Huizinga Memorial hospital at Zeeland, and dismissed. The car left the road when an auto driven by Joe Blaunkamp, of Zeeland, R. F. D. No. 2, backed out of his driveway into the path of the Jones car, striking its bumper. Blaunkamp and his car escaped injury.

SUNDAY DINNER Suggestions

By ANN PAGE

Even the shopper on a modest budget can revel in the profusion of inexpensive vegetables and fruits now in market.

Tomatoes, peppers and onions are unusually plentiful and cheap and suggest pickle making. Native peaches are also plentiful and cheap enough for canning. The first eastern grown grapes and early cranberries herald the approach of fall.

A boned and rolled chuck roast is about the best meat value this week. It may be either oven or pot roasted. Other forequarter cuts of beef and lamb are the best meat values available. Chickens are somewhat higher but still a good value.

Fine quality storage eggs are now available to supplement the diminishing supply of fresh eggs.

Here are three menus suitable for Sunday dinner.

Low Cost Dinner

Frankfurters with Cabbage
Boiled Potatoes Sliced Tomatoes
Bread and Butter
Bananas with Soft Custard
Tea or Coffee

Medium Cost Dinner

Fried Chicken, Mashed Potatoes
Buttered Canned Corn
Bread and Butter
Fruit Cheese Crackers
Tea or Coffee

Very Special Dinner

Melon
Roast Beef Browned Potatoes
Green Peas
Pear and Grape Salad
Rolls and Butter
Frozen Custard Coffee

HE IS MISSED IN DISTRICT NO. 4

How we missed Jake Geerlings this morning.
He always brought us the mail, through sunshine or rain, no matter.
We have never known him to fail.

How anxious we looked for his coming
When a blizzard was raging outside.
Yet never so cold or so windy
But Jake was on duty alright.

What joy of his hands have delivered
During all those 38 years;
But also—yet he could not help it,
Sometimes the letters brought tears.

Tons of news and of information
Jake has landed at many a door,
Enough to fill miles of shelves
Full of volumes;

Brought us next to the farthest-most shore.
His absence now sets us thinking
How faithful Jake Geerlings has served;
To be sure a good government pension
No carrier has better deserved.

CHEST CLINIC TO BE HELD TUESDAY AFTERNOON

The monthly chest clinic will be held on Tuesday afternoon, Sept. 10, from 1 to 4 o'clock, in the old hospital annex, usually known as the baby clinic building. Dr. Bartlett of Muskegon and Miss Alma Koertge, city nurse, will be in charge. Examinations are free, however children should be accompanied by their parents.

WOMEN COME TOO LATE

Mrs. P. Middlehoek of Zeeland was called to the bedside of her father, Mr. S. Louwma, at Drenthe, but he died before she arrived. Mr. Louwma had been ailing for some time but his death came suddenly.

KREMER FAMILY APPRECIATES WRITE-UP OF MOTHER

A letter has been received from Niagara Falls, from the family of the late Mrs. Dr. Kremers, an old Holland resident, who passed away a fortnight ago.

The News was unable to give full details of the funeral since the death was made known a few hours before press time, and your editor wrote the article as he knew the family.

The letter states:
"We notice that you say in the close of your article that it was written mostly from the memory of the Kremers family, and we would like to take this opportunity of telling you that we always marvel at the way you remember historic data as this relates to happening of the past."

The News at that time mentioned the name of the late Dr. C. Van Zwaluwenburg as a brother who lived in Riverside, Cal., for a number of years. Other survivors of Mrs. Kremers are Mrs. J. P. Winter of Clymer, New York; Mrs. S. P. Riepma, formerly Miss Lizzie Van Zwaluwenburg of Springfield, Mo., and A. Van Zwaluwenburg of Pacific Grove, Cal.

The letter was written by Mrs. Sarah Borgman Kremers from Niagara Falls, an old friend and neighbor.

EXCLUDED FROM SCHOOL AID

(Zeeland Record)
There are in Ottawa county eight school districts who are running the great danger of being excluded from receiving any of the supplementary school aid this coming school year.

This is because the school district has been too economically minded and has requested property tax allocation from the allocation board below the statutory requirements.

The first advance copies of the Saur-Thatcher law, appropriating some 22 millions of dollars for school purposes has come to the desk of Prosecutor John R. Dethmers, and if his interpretation of this law is correct those districts not levying the full 2½ mills established by the law will not be eligible to receive aid under the Saur-Thatcher law money distribution.

There is nothing that the allocation board can do about it at this time. Its sessions have finally adjourned, besides the law provided the date for the final determination, which was before this fact became evident. Whether the school board can remedy the matter by ordering a levy of 2½ mills in order to be eligible will have to be determined by them upon the advice of legal information. The law quite specifically says that all schools must raise at least 2½ mills on the assessed valuation to be eligible. None of these districts will exceed the 15-mill limitation by raising the statutory amount.

Of the districts affected, there is one in Allendale, one in Chester, one in Jamestown, one in Polkton, two in Tallmadge, one in Wright, and one in Zeeland township.

Howard Bowen, son of Mr. and Mrs. Carl Bowen, formerly of Holland, will leave the latter part of the week for Purdue university where he will enter as a sophomore. He attended college in California last year.

LABOR DAY AN EVENTFUL OCCASION IN SCHUMACHER FAMILY

Labor Day was an eventful one in the home of Rev. and Mrs. Schumacher, 170 West Twelfth street, Holland.

In the first place, there was a family reunion on that day and children from home and abroad gathered under the parental roof. It was in reality a double celebration. First the legal holiday and second the commemoration of the golden wedding anniversary of Mr. and Mrs. Schumacher.

The event was celebrated a little prematurely, since the actual date of the fiftieth wedding anniversary falls due on November 22, but many of the children came from such long distances that it was planned to celebrate on the auspicious day, and you can be assured it was real German hospitality that pervaded the Schumacher home.

Rev. Schumacher is pastor of the Zion Evangelical Lutheran church on the corner of Twelfth street and Maple avenue, this city, and it was most appropriate that short services should be held in the little church beginning the day's events with family worship.

It is a rare coincidence that after the devotions were said by the father, eight members of the family formed an octet and sang songs eminently fitting for an occasion of this kind.

"Mijn Heer" Miller, landlord of the Miller hotel, provided a succulent chicken dinner and all the trimmings that go with it, and Sam is a cuisine artist of unusual ability. There were most appropriate table decorations with floral embellishments and here the talented family also put on program of music interspersing the after-dinner talks as this relates to the event.

William E. Schumacher was an able toastmaster and interspersed his remarks with dry wit and rare take offs. B. C. Schumacher gave several piano selections and the family resolved itself into a singing chorus. Max Schumacher was chairman of the occasion.

The Rev. and Mrs. Schumacher were married November 22, 1885, in Watertown, Wis., by the Rev. Theodore Wichman of Milwaukee. Mr. and Mrs. H. C. Schumacher, who were present at the celebration this week-end, attended the couple at their wedding.

The 36 guests present included John Schumacher of Watertown, Wis.; Mr. and Mrs. H. C. Schumacher of Milwaukee, Wis.; Mrs. Amanda Liden and family and Mr. and Mrs. Louis Schultz of Sebewaing; Mr. and Mrs. B. C. Schumacher and family of Detroit; Max Schumacher and family, also of Detroit; Mr. and Mrs. H. H. Schumacher of Dearborn; Mrs. L. C. Olson and family of Wausau, Wis.; Mr. and Mrs. L. B. Mason and family and William E. Schumacher of Battle Creek; Mr. and Mrs. Howard C. Hanna and son; Howard William of Cleveland; Misses Meta and Marie Schumacher at home and Perry P. Weed, and Gerard Hanchett of Holland. The last two are friends of long standing.

ZEELAND CHURCH WILL WELCOME MISSIONARY

First Reformed church of Zeeland is holding a homecoming celebration this week in honor of its returned missionary, Rev. William Farrar of Arria, India.

Uncle Billy, as Farrar is known throughout the church world, will be entertained by various church members and groups. A welcome will be given in his honor Friday afternoon by the children of the church and in the evening a reunion of the entire church with the missionary will be held.

Mr. Farrar is one of the oldest active workers in the Indian field.

Gerald W. Fairbanks, who is employed in the national park service as landscape foreman in J. W. Cooke park, Carlton, Minn., is enjoying a few days' vacation with his parents, Mr. and Mrs. Clarence Fairbanks, 81 East Sixteenth street.

Highway projects on M-40 and US-31 have cut the Ottawa county relief case load by approximately 100 heads of families. Work on M-40 between Holland and Hamilton is well under way and operations on US-31 near the southwest limits is confined to sewer work and grading.

GRAND RAPIDS PASTOR TO SPEAK FOR CHRISTIAN LABOR ASSOCIATION

Rev. John Minnema, pastor of Seventh Reformed church, Grand Rapids, Michigan, will speak on the subject, "Society, an Organic Unit." The lecture will be held under the auspices of the local Christian Labor association. The meeting will be held in the Sixteenth street Christian Reformed church on Wednesday evening at 7:30 p. m.

A cordial welcome is extended to all. The Christian Labor association is growing and it desires the co-operation of all.

This lecture of Rev. Minnema has been given in Grand Rapids and has been well received. Rev. Minnema will show how we need both capital and labor, that there must be co-operation because society is an organic unit.

Rev. Minnema is the son of Mr. and Mrs. M. Minnema, 430 Washington avenue, of this city.

Mr. E. Stegink, president of the local Christian Labor association, will preside.

HOLLAND REFORMED CHURCH CELEBRATES

Third Reformed church, second largest of the Reformed churches in the Chicago synod, will mark the sixty-eighth anniversary of its organization Sept. 9. The church now lists a communicant membership of 1,044. Eight pastors have served the church, three of whom were called to professorships in Western Theological seminary. The present edifice was dedicated in 1874, and since has been considerably remodeled and enlarged.

MARTINS SUFFER FROM ATTACKS BY STARLINGS

Starlings as killers, is the possible explanation of the decrease in purple martins, according to Marvin Guntzville, Northville, Mich.

Starlings will invade the martin houses, eat the eggs and throw the young from the nest, according to Mr. Guntzville who has observed their depredations. English sparrows are also objects of the starlings' animosity, and this spring a number of young sparrows were found dead on the barn floor, for no apparent cause, until the starling was finally observed killing the baby birds.

Cherry Leaf Beetle

Cherry growers should watch their trees closely for a small, dark-red beetle, a little less than a quarter of an inch long, with dark markings on the body and legs. This is the cherry leaf beetle which sometimes leaves its normal host, the wild cherry, and becomes a veritable scourge on cultivated cherry trees. The last outbreak was in 1915.

The adult cherry leaf beetle comes out of its hibernating place in late May or early June and feeds on the under surface of the leaves. The eggs are laid on the surface of the leaf and hatch in late June, July, and early August. The larvae then ascend the trees and feed upon the leaves.

If the beetles are recognized when they first appear, the destructive feeding of the larvae can be prevented by the use of a tanglefoot band about the tree. As the pest can complete its larval stage in ten days.

A hatcherymen's short course will be held here Sept. 10 to 13 to discuss a proposal for national improvement of the industry, it was announced Wednesday by members of the Michigan State college staff.

Dr. M. A. Jull of the United States department of agriculture will speak on "national poultry improvement" and describe the plan under which hatcherymen are expected to better the quality of both chickens and eggs. Several hatcherymen from Holland plan to take in the course.

HOLLAND CHRISTIAN SCHOOLS HAVE 786 PUPILS ENROLLED

Students of the local Christian schools reported for the fall semester on Tuesday of this week and, although the first day was not a busy one for the pupils, they settled down to real work on Wednesday.

A total of 786 are enrolled in the grade and high schools, twelve more than were enrolled last year. The high school enrollment is 244.

The assembly at Christian High Wednesday morning was in charge of Principal John A. Swets, with Rev. Martin Gritter, pastor of the Protestant Reformed church, as the speaker. He spoke on the subject, "What our aim should be in school."

Mr. Baas, director of music at the high school rendered two solos at the session.

The faculty of the local Christian grade schools is the same with one exception, namely Miss Grace Bruzeman taking the place of Miss Lucille Meeter. In the high school Arthur Brink will take the place of John Berkhof, and John Tuls has taken the place of A. H. Muyskens as coach and teacher of mathematics.

A number of district schools also began their fall semesters Tuesday although in many cases opening has been delayed to conform with the Holland public school schedule or because of the bumper pickle crop.

BORCULO FOLKS CELEBRATE ANNIVERSARY

Mr. and Mrs. John A. Bosch were most pleasantly surprised at their home in Borculo last Monday evening, when their children and grandchildren took possession of their home to help them both celebrate their birthday anniversaries which occurred within the week, their ages being respectively 67 and 60 years.

Those participating in the surprise were Mr. and Mrs. Albert Bosch and children, Mr. and Mrs. Gerrit Essenburg and children, Mr. and Mrs. George Gruppen and children, and Mr. and Mrs. John Bouwman and children, and Mr. Albert Luitsema, all of Borculo; Mr. and Mrs. Joe Zwart and children of Grand Rapids; Mr. and Mrs. Corey Bosch and children of Zeeland; Mr. and Mrs. John Bosch and children of Beaverdam; Henry, Gerald and Gertrude Bosch at the parental home. Refreshments were served and a very enjoyable time was spent by all. Mr. and Mrs. Bosch were presented with gifts and were showered with congratulations and wishes for many more returns of the happy events.

HUYSER SCHOOL HOLDS ANNUAL REUNION

The annual reunion of the pupils and teachers of the Huyser school was held at the schoolhouse last Saturday afternoon, when a large number gathered there and renewed old acquaintances into firmer friendships. The only disagreeable feature was the inclement weather, which did, however, not deter a large number from attending.

Gerrit G. Groenewoud of Holland, commissioner of schools, was the chairman for the occasion, and among the numbers on the program were community singing; address by Mr. Cornelius Van Farowe of Beaverdam; address by Alderman Mr. Peter Huyser of Holland; reminiscences by James Leenhouts of Grand Rapids; and a history of the school by Gerrit Huyser of Beaverdam.

Officers elected for the ensuing year were Gerrit Huyser, president, Beaverdam; Albert Van Farowe, secretary of Beaverdam; H. Kloosterman, treasurer, of Beaverdam; Lawrence De Vries, chairman of program committee, Zeeland.

Done With Mirrors

The Illinois co-ed who ran away from college "to do something useful in the world" was found in a Coney Island side-show. She is "the girl with the disappearing head" in a stunt achieved by "the deceptive manipulation of mirrors."

She says she has learned more in a month at Coney Island than she did in a year at college.

No doubt the change from the status of a co-ed to that of "the girl with the disappearing head" has its educational features. The co-ed might have learned just as much in a month at college as she did in the same length of time at Coney Island. The point is that what she learned was different.

It is also a point that if appearing in something done with mirrors appeals to her as being useful, college is no place for her. "Done with mirrors" is a slang phrase of the day, jokingly referring to anything baffling or obscure, anything, in short, that fools the public.

Institutions of higher education will open their doors as usual this fall, even if this co-ed refuses to go back to school. There are plenty of boys and girls whose idea of being of use in the world goes beyond an interest in anything "done with mirrors."

GANGREEN MAKES MAN OF 82 SUFFER

Mr. Jay Smeed, 82, who lives alone in his cottage on the south shore of Hutchins Lake near Fennville is in a very serious condition. Last week an artery in his leg broke and gangreen set in. Doctors felt that amputation of the leg was necessary but owing to his advanced age it was not thought wise. He is being cared for by his sister, Mrs. Allie Sisson. Mr. Smeed is a pioneer in this community and his many friends are deeply grieved at his condition.

Miss Gertrude Schreiber of West Olive and Albert J. Bloemers, son of Jacob G. Bloemers, were united in marriage Saturday at the parsonage of the Sixth Reformed church with Rev. John Vanderbeek, pastor, officiating. The bride wore a gown of white crepe with a shoulder cascade of white roses and other flowers. Miss Lumbell Schreiber attended her and wore blue figured silk. Herman Klumpel was best man. The newlyweds will make their home on the Grand Haven road a mile north of West Olive.

ALLEGAN COUNTY NEWS

Stations have been opened in western and northwestern Michigan for testing of spray residue on fruits, by the State Department of Agriculture. The cities and towns having this service for the fruit growers are: South Haven, Fenwick, Bangor, Shelby, Pontiac, Traverse City, Muskegon and Benton Harbor. In most of these cases the laboratories are in connection with the fruit exchanges and any one grower may go there for a complete analysis of his fruit residue. The Fenwick Fruit Exchange has a laboratory for their own use this year.

Packing of early apples has started here, with a large crop of all varieties. Dutchess apples are being shipped by the Fenwick Fruit Exchange. The cider and vinegar plant of M. Steffen & Co. has opened for the season. The company also operates a pickle station here.

Earl Johnson, Fenwick, Victor Statler, Bernice Statler, Fenwick, and Eugene Statler, Kalamazoo, were all arraigned Monday on disorderly charges before Justice Ferris. Charges against them were made as result of trouble at Bravo dance hall. Johnson is serving ten days in the county jail and must pay \$10 fine and \$9.65 costs or serve thirty days more. Victor Statler is also serving ten days. His fine and costs amount to \$14.65. If they are not paid he must serve an additional twenty days. Bernice Statler must pay \$5 fine and costs if she is not to serve fifteen days in addition to the ten she is serving now. Eugene Statler is serving a twenty-day sentence now, and for non-payment of \$15 fine and \$9.65 costs will have to serve forty additional days. Leonard Johnson is also serving ten days.

The Grace Construction Co., in charge of the paving on M-40, began Thursday to move in a north-westerly direction as employees headed toward a three-mile stretch of concrete extending outside of Holland. The grading and drainage structure work on M-40 has been almost finished and grading on US-31 has a good start.

COME TO OUR OPENING PARTY

That's what John Good of the John Good company who moved from River avenue to 20 West Eighth street, Holland, Mich., says.

The John Good Co. is now occupying the building formerly occupied by Keefer's Restaurant and

for more than a month the building, inside and out, has been undergoing a transformation, and the dominating color is pure white corresponding with the line of merchandise on the inside. The lighting arrangement, the appointments of the building and everything connected with it is spick and span and the opening day begins this Friday morning and continues through Saturday evening.

Mr. Good says "Come and see this new type of modern store, be our guests at the opening party— favors for all."

In an announcement elsewhere Mr. Good goes into detail.

INTERESTING TRIP RELATED BY BEEUWKES

(Continued from Page 1)

pairs, port charges, etc., is estimated at \$250,000, Mr. Beeuwkes says.

On the other hand the total receipts, if the boat were filled to capacity, would be \$800,000 round trip, and of course this seldom occurs. It is figured that at an average of \$400,000 receipts on a round trip the boat would pay for itself in ten years' time but Mr. Beeuwkes states that at the end of that time the boat will no longer be "queen of the waters" since even now England is building an even larger boat than the Normandie.

It was at first intended to make a "round-the-world" trip with the large steamer, but it was found that it was too large to pass through the locks at either Sault Ste. Marie or the Panama canal.

Mr. Beeuwkes states that it was most interesting to watch the loading of cars into the steamer which was done with large cranes which lifted the cars in mammoth claws and then let them down in the hole at the bottom. Trunks and suit cases were loaded by way of a sort of moving stairway.

Ten elevators bind the eleven decks, one of them being used for third class passengers. It is stated that this is the first time in marine history that third class passengers are given the use of an elevator.

Other features of the boat are the beautiful stairways and statuary, its cafe, grill and night club, most artistically arranged, the latter being 92x75 feet, the largest afloat in the world. Music is furnished by a 12-piece band and 180 couverts. The dining room of the boat is 67 feet wide, three decks high, and as long as a football field, and seats 630 at one time. Seventy-two cooks and 76 scullions can serve 768 roast chickens at a flight.

An impressive statue of bronze is stationed back of the captain's table, the statue representing peace.

Mr. Beeuwkes also states that the walls of which there are 8,000 square feet, all solid panels of molded art glass, with tall doors of gilded bronze, are all aglow with the lighting power of 135,000 candles, yet, nowhere can the public eye see a single electric bulb. A finely equipped movie house, a chapel where services are held, and a play room for children with rocking horses, merry-go-rounds, swings, etc., are also on board, and even a "Punch and Judy" show for the youngsters. For the older folks there are smoking rooms, cocktail rooms, etc., the latter being stocked with most costly wines. It is stated that 21,000 bottles of wines were stocked in the large wine cellar months before the ship was ready to sail on her maiden voyage. A kennel for dogs and a complete fire department numbering 24 men, an independent telephone system and a luminous control board which registers the location of every security patrolman on his beat are other features included on this large floating city.

Another thing that interested Mr. Beeuwkes, especially, since he has been a dealer in furniture for so many years, was the beautiful furniture which was found in each room. He states that each bedroom was furnished more beautifully than any hotel he had ever seen and full bath was connected with each.

Usually a boat has several kinds of creaking noises, but even this is taken care of in the Normandie, since all joints are bound with fire-proof flannel.

Mr. Beeuwkes states that he could go on and give many other interesting details concerning this "queen of the seas," but space forbids.

From New York City the Holland folks went on to Washington, D. C., where they visited numerous places of interest, including the White House, Congressman Carl Mapes showing them around and aiding materially in making their stay in the capitol a most pleasant one. A feature of their stay in Washington was the attending of the closing session of congress.

The Gettysburg battle fields, with the many memorable spots, the hundreds of monuments erected in honor of those who fought in that historic battle, the monuments erected in honor of the generals who paid the supreme sacrifice on that field, and the large cemeteries are indeed worth seeing, and especially do they help one to appreciate more than ever before the great freedom which is ours as American citizens and the price paid for that glorious freedom. The spot where Lincoln delivered the memorable Gettysburg address was also visited.

SINCLAIR WINS NAVY OIL CONTRACT

The U. S. Navy has awarded Sinclair for the 5th year in succession the annual contract for supplying lubricants to the Navy on the Atlantic seaboard and to other government departments in 42 states. Included in this contract are lubricants for battleships, submarines, destroyers, airplane carriers and airplanes, motor cars, trucks, tanks, tractors, etc.

Due to the vast 5th TIME! Public Works program and improved types of automotive and aircraft equipment used, the Navy this year called for a wider range of lubricants and made more stringent many specifications. As before, the contract was awarded Sinclair on the basis of lowest service cost as determined by Navy Work-Factor tests and competitive bids.

The Most Powerful Driving Force

—in business is individual initiative

THERE is no substitute for the ambition and determination of men to achieve success for themselves and their families. From these personal qualities spring the steadfast purposes which have for generations kept the United States far out in front in the march of progress. They have created in America the greatest industrial and commercial systems in history.

Individual initiative has been the creative force in all successful enterprises that compose these systems, whether modest local concerns or large-scale corporations.

LYDIA AND PRISCILLA
(Acts 16:11-15; 18:1-2, 24-28)

Henry Geerlings

The names of Lydia and Priscilla are great names in the early church and have come down through the years with a sweet savory influence.

These two individuals demonstrated that women can take their places in life anywhere and bring honor to their calling either as a labor of hands or as a Christian life vocation. A popular writer has said that men hunt, fish, keep the cattle, or raise corn, for women to eat the game, the fish, the meat, the corn. The inference is that men alone can render useful service. Yet we realize that even where man provides the raw material it is woman who makes it worth while by converting it into food and shelter and comfort.

Woman is the great civilizer, the great home maker. Whenever it has become necessary for her to provide the raw material, she has proven her efficiency in a great diversity of tasks; and where a great vocation, like that of nursing, has been largely pre-empted by her sex she has made the whole world her debtor.

Today woman is revealing her capacities in many vocations. The number of those who have entered the schoolroom, the shop, the store, the office, is legion. This is partly due to woman's increase in knowledge and her consequent interest in the great outside world.

Lydia did two things worth noting and copying. She kept the Sabbath Day holy, that is, separate from a non-church-going city. One could not find ten church men in the whole place. If a community had ten Jews, a synagogue had to be set up. Lydia had no synagogue. The other shops would be open on the Sabbath Day, but she closed hers. She might lose trade but that did not weigh heavy with her. Her spiritual life as well as her mind and body needed that day of rest.

Then, too, she went to church on that day. She did not permit her business to absorb her interest and her energy so that she could not attend to her soul. She considered herself better than others, but because it helped to keep her ideals

Beckfort, Mrs. John De Vries, Mrs. Chris De Vries, Mrs. Belle Van Hest and Mrs. Fred Slikkers.

Henrietta G. Brink, daughter of Mr. and Mrs. G. Brink of South Blendon and Arthur J. Vanderbeek, son of Rev. and Mrs. J. Vanderbeek, 281 Lincoln Ave., Holland, were united in marriage Thursday evening, at the home of the bride's parents, with Rev. J. Vanderbeek, pastor of the Sixth Reformed church officiating. The vows were spoken before an altar banked with gladioli, hydrangeas and ferns. Preceding the ceremony Manley P. Stegeman, uncle of the bride, played Compilgio's "Nuptial March" and John Vander Wal sang "Until and Promise." The bride wore a gown of coral georgette and carried a bouquet of white roses, sweet peas and lilliput. She was attended by Miss Alma Vanderbeek, sister of the groom, who wore blue organdie and carried a bouquet of tea roses and scabiosa. The groom was attended by his brother, Harvey Brink.

Miss Leulla Heyboer, a bride-to-be was honor guest at a miscellaneous shower, given at the home of Mrs. B. Schuitema in New Groningen. The time was pleasantly spent and a dainty lunch was served by Mrs. G. Lampen, Mrs. D. Hoezee, Mr. C. Heyboer and Mrs. Schuitema. The bride-to-be was the recipient of many beautiful and useful gifts. Those present were: Mrs. P. Heyboer of Holland; Mrs. J. Dorre, Mrs. Anna Volkers and daughters of Grand Rapids; Mrs. J. Kossen, Mrs. J. Ameraal of Borculo; Misses Shirley and Lavina Heyboer, Delia and Viola Schuitema, Mrs. George Lampen, Mrs. H. Hoezee, Mrs. C. Heyboer, Mrs. Neal Ameraal, Mrs. Andrew Heyboer and Mrs. Bert Schuitema.

A group of relatives from Detroit, Grand Rapids, Zeeland, Grandville, Forest Grove, Drenthe, Vriesland, Coopersville and Marne gathered at the home of Mr. and Mrs. D. H. De Kleine in Forest Grove, on the 25th birthday anniversary of C. Struik of Grand Rapids.

clear and gave her strength to be true to them. They had no minister in Philippi, but Lydia and others did not permit that to rob them of a worshipping church. They were not spiritual invalids. As she listened to Paul's sermon she said, "This means me." She committed herself wholly and publicly to Christ's way of life. Her household was baptized with her. Household baptisms were common in the early church. She placed her home at the disposal of the missionaries. Her strong character, her gracious spirit of hospitality affected the whole of the little church that gathered around her.

Driven out of Philippi, Thessalonica and Berea, then turned out of Athens, Paul found himself at last in Corinth. There he met Aquila and Priscilla, tentmakers like himself, who with the other Jews had been driven out of Rome by Claudius. They formed a partnership. Soon they formed a greater partnership for spreading the gospel in Europe.

A woman evidently with unusual intellect and spiritual gifts, Priscilla made a thorough study of Paul's teaching. One day an eloquent preacher arrived from Alexandria. He was a philosopher, an able expounder of the Scriptures, a thoroughly good man, but he came preaching an Old Testament message. Strangely enough, he had learned nothing of the new movement beyond John the Baptist's teaching.

In his crowded congregation, one woman knew that his message was inadequate. Did she stay away from church because the preacher was not sound? Did she criticize him among the other church members or outsiders? Not she. She was a Christ-like Christian. Instead, she undertook to show him what he needed more.

It speaks eloquently of the preacher's humility and of the woman's gentleness and tact that the effort was a success.

A business woman and a woman who worked with her hands found time to be the makers of Christ-centered hospitable homes. They were, of course, exceptional women. If they were living in our more difficult days and had a family to bring up, it is probable that they would say that a business career and a home-making career are both so important that the average woman had better not undertake

Two frosts, rapidly lowering temperatures, going to a low of only 15 degrees above freezing, and a temperature in the west of 27 degrees above zero, changed summer into late fall last week. The rapid drop in temperature followed a heavy wind storm that swept out of the west and which sent temperatures out in that section down to below freezing. However, frosts in this locality have not been severe enough to damage crops and warmer weather is expected.

INDIAN SQUAWS DID ALL THE WORK

But That's No Reason Why Your Wife Should Be a Kitchen Drudge

A SPECIAL MESSAGE TO THE MEN OF HOLLAND

You Men of Holland — why do you let the women wilt and toil in super-heated kitchens these hot summer days? Is it because you haven't investigated electric cooking? Why are you so content to "make the old range do"? Is it because you are not aware of the cheapness and economies of electric cooking?

Let's be fair, and face some facts. It isn't the cooking of family meals that women object to — it's the cooking in a kitchen that's unbearably hot. It's the wilting and perspiring, the fatigue and drudgery, that women want relief from.

GIVE THE WOMEN A BREAK
LET THEM DO THEIR COOKING ELECTRICALLY IN A COOL KITCHEN

Your mother and all the women before her had to cook in super-heated kitchens — but that's hardly a good reason for letting your wife do the same. Not when an Electric Range makes that unnecessary. You — a man — surely know that electric cooking is done without a flame, and with

the cleanest fuel on earth. None of the heat is wasted — the kitchen stays as cool as any other room in the home. There is no soot to blacken the walls and ceiling — nor to dirty the bottoms of pots and pans. No flame to foul the air.

Give your wife an Electric Range — give her a Cool, Clean, Fresh Kitchen in which to work. Do that, and you'll also give the whole family healthier and more appetizing meals. Do it now — and profit from the savings! There's no better way to economize than to have your cooking done with Holland's cheap electricity.

IT'S A SNAP TO DO IT ELECTRICALLY
