Harvey Gives a Final but Inter-

"Scout Jamboree."

By Harvey Hop

Editor Mulder,  
Holland City News  
Dear Sir:Here is your boy scout corres-  
pondent back with the final install-  
ment of his interesting and very  
worthwhile trip abroad.

Monday, August 9th, marked the  
official closing of the 6th Boy Scout  
Jamboree, held in the Netherlands.  
Three days, however, were devoted  
to traveling about Holland, coming  
back to the camp for the night  
Tuesday was the Americans' day to  
go to Amsterdam. Here the boys  
took very interesting trips about  
the city in canal boats. Aside from  
these channels of water, Amster-  
dam represents any typical modern  
American city, except for one  
thing. The number of automobiles  
is considerably less. After visiting  
the huge stadium, seeing the mod-  
ern parts of the city, and a few  
more cathedrals, we were ready to  
go home.

Wednesday morning, with our  
lunch under our arm, we were  
again on our way. This time The  
Hague and Rotterdam were the  
objectives. All the boys going on  
this tour assembled in the Stadium  
where the tickets for drinks and  
the train were issued. We then  
went to the station and took the  
train as far as The Hague. Here  
we got off and walked to the  
amusement park where we ate a  
sandwich and had some entertain-  
ment. After this we went into  
chartered street cars and were  
about The Hague, seeing the  
palace, parks and other worthwhile  
sights. When the boys reached the  
station, I walked to the train with  
them and bid them on their way  
to Rotterdam. I then set out to  
accomplish the mission I had been  
sent on. In Amsterdam I had been  
told I would find the Queen in The  
Hague, so I inquired outside of the  
palace. This stopping proved my  
undoing for I was besieged with  
many autograph seekers that even  
Robert Taylor would have been  
envied. They couldn't get at us when  
we were in ranks marching in, so  
they took it all out on me. Finally,  
after 15 minutes of scrawling  
Clark Gable, Gary Cooper and a  
few other such names in their  
books, I was finally rescued by a  
Dutch scout who told the children  
I was not allowed to sign my auto-  
graph.

Two young ladies present offered  
to show me the way to the palace  
so off we went. To my dismay,  
when we arrived at the palace, I  
found the Queen had gone to her  
summer palace in Appledorn, a  
hundred miles away. Having only  
one day more in camp I resolved  
I would send a message.

Thursday the tour group went to  
the Isle of Marken where all the  
folks are dressed in native costume  
for the benefit of the tourists.  
Their costumes, however, are more  
drab than our Tulip Time ones.

Friday we broke up camp, said  
good bye to friends of ours, and  
went to the station to catch our  
respective trains. Our group went  
to Paris, where we spent the even-  
ing. I spent the time in writing the  
Queen a short message and enclos-  
ing the message from Mayor Henry  
Geerlings of Holland also inside.  
The next morning we took the boat  
train to Cherbourg. Here we got  
aboard a tender which took us out  
to the Berengaria.

We had a delightful trip home,  
playing deck tennis, going swim-  
ing and seeing the movies. An in-  
teresting thing occurred in the  
movie one evening which would never  
have occurred in America. Three  
comedians were supposedly in a  
London night club. They got up  
(in the film, of course) and said,  
"Next we'll give an imitation of  
America, the home of the Brave,  
the land of the free, the place  
where people really live. Upon this  
mention of America the crowd in  
the theatre yelled, clapped and  
smiled happily at each other be-  
cause it brought such fond mem-  
ories back of the place they had  
been away from for different peri-  
ods of time. A person might ask,  
"What's funny about that?" but it  
is just as I said, it would never  
have happened in an American the-  
atre, showing how much a person  
really appreciates this good old  
country after comparing it with  
others. It was very amusing to see  
that the comedians did after this  
introduction. They gave an imita-  
tion of a gang war. It is things  
like this that give Europeans the  
opinion that there is constant  
warfare in America. People in the  
Netherlands actually think it un-  
safe to walk the streets in Chicago.

I asked numerous people how the  
Americans spoke differently from  
the English. Their reply was that  
the Americans spoke through their  
nostrils. This effect can be gotten by  
talking out of the side of one's  
mouth and these Europeans, having  
seen so many gangster pictures,  
were of the opinion that we all  
talked that way.

Something else that proved in-  
teresting was the attitude the En-  
glish people traveling to Amer-  
ica for the first time had toward us.  
A lady, approximately 45 years old,  
said she believed the Americans to  
be the finest in the world. She was  
traveling alone and, without any  
effort on her part, had met so many  
friendly people who had gone out of  
their way for her that she was  
taken over completely. She said, "I  
could have traveled all over Eng-  
land and persons would not have  
accepted me like they have on this  
trip." She believed the English to  
be brought up with a shell which  
very hard to break. Several other

HOLLAND CHURCH GETS  
NEW PASTOR

Rev. Cornelius M. Beerthuis, for  
seven years pastor of the Huden-  
ville Community Church, has ac-  
cepted the call recently extended  
him by the Immanuel church of  
this city. Rev. Beerthuis has been  
very successful in the Ottawa  
County village and has played the  
leading part in building a new  
church in Hudsonville and his ac-  
tivity in the congregation has  
brought a material growth in this  
church.

Rev. and Mrs. Beerthuis are  
graduates of the Moody Bible In-  
stitute of Chicago. Before taking  
the Hudsonville Church, Mr. Beer-  
thuis was assistant pastor of a  
church at McBain, Mich. He has  
been in the ministry for the past  
nine years.

The Immanuel Church, which  
holds its services in the armory  
has been without a permanent pas-  
tor since Rev. John Lanting left a  
year ago, accepting a call to the  
First Baptist Church of LaSalle,  
Illinois.

CONVENTION CHORUS  
REHEARSAL

John Vanderluis is calling a re-  
hearsal for the coming Sunday  
School Convention to be held Oct.  
5 and 6 for next Sunday, Sept. 12  
at Third Reformed Church at 3  
o'clock sharp. As there will be  
only two rehearsals it is very nec-  
essary that all those who have  
been asked to sing are present at  
this time. The "Melody Men" of  
Zeeland will sing on Tuesday eve-  
ning and the chorus of 150 of the  
leading singers of Holland will  
sing several selections on Wednes-  
day evening.

MACATAWA RESORTERS WILL  
MISS HARRY SKINNER

Burial rites were said Tuesday at  
2:00 o'clock at St. Joseph for  
Harry Skinner, aged 68, a resident  
of Macatawa Park for more than  
three decades. Harry was found  
dead Sunday at the home of his  
brother Al at Macatawa, where he  
had been living for several years.  
Death was due to a heart attack,  
which must have occurred while  
he was alone in the home and where  
he was later found by his brother.  
A month before, Harry Skinner had  
a similar attack, but immediate  
aid brought relief and saved his  
life, at least for a short time.

In Holland, Unity Lodge of the  
Masonic order, took full charge at  
the Nibbelink-Notter chapel and  
they were in charge until the re-  
mains arrived at St. Joseph, where  
Macatawa and St. Joseph  
Masonic orders took charge of the  
final rites and burial in the Skin-  
ner plot in the city.

Resorters and Holland fishermen  
will remember the Skinner broth-  
ers, Al and Harry, who for more  
than a decade, furnished minnow  
poles and boats to local fishermen  
and resorters. They were both  
recreational men, were accomodating  
and liberal with fishing informa-  
tion. For the last eight years, Al  
Skinner has been custodian at  
Macatawa Park and he and his  
brother, Harry, were decorators  
and finishers in the resort district  
and were known by practically  
every resorter.

The high regard in which Harry  
Skinner was held is evident from  
the large number of floral tri-  
butes from the Macatawa resort  
family. The resorters combined,  
contributed a beautiful blanket of  
flowers to cover the entire casket.  
There were wreaths, flower pieces  
in large numbers, and even Hotel  
Macatawa official staff and employ-  
ees contributed to the floral pieces.  
Resort folk shared their fine  
cars to aid in the funeral services  
at Holland and continued their help  
until after the rites at St. Joseph.

Al Skinner, the only brother  
left and his partner in life, deeply  
appreciates all this as was evident  
in giving this story to the Holland  
City News. He was visibly affected  
and deeply appreciative.

Neither Harry or brother Al  
were ever married. Other survivors  
are a sister, Mrs. Harry Griggs of  
Dudley, Mass. The deceased was  
born in St. Joseph in 1869.

English people on the boat were of  
the same opinion.

There was the customary excite-  
ment when we passed the Statue of  
Liberty, and a few minutes later  
we docked at 50th St. New York  
City, Friday, Aug. 20, at 3 p. m.

After going through customs, I  
said goodbye to my group and took  
a cross-town bus for the subway.  
On account of my excess luggage, a  
gentleman helped me. It happened  
that he was going my way so we  
conversed. I passed the remark  
that I should like a job just for a  
short time, whereupon he gave me  
his address and told me to report  
the following Monday. I did this  
and worked for one week drawing  
a very good salary. Moral—New  
York people are not as hard  
hearted as we hear they are.

After spending one and a half  
weeks in New York, I came home  
to good old Holland, Michigan. Be-  
lieve me folks, there's no place like  
it.

When I arrived home, I found a  
letter from the Queen's private  
secretary awaiting me. It was in an  
official looking envelope with a  
large seal on it. The letter read  
as follows: Dear Sir: I was in-  
structed by Her Majesty, the  
Queen, to thank Mr. Harvey Hop  
for his letter of the 14th, in which  
His Majesty was much interested.  
His kind words were highly ap-  
preciated by Her Majesty. The  
Private Secretary of Her Majesty,  
The Queen of The Netherlands,  
Signature not legible.

So ended my trip as official rep-  
resentative from New Holland to  
Old Holland.

I want to thank the people of  
Holland for this wonderful trip. I  
hope I shall be of sufficient use  
and service to this community so  
that the people of Holland can feel  
that the money was well spent.  
Thanking you again, I remain  
Ever respectfully yours,  
Harvey Hop

OF NEGLIGENT HOMICIDE

The First M.E. Church was fill-  
ed to capacity Sunday by friends  
and relatives and co-workers of  
Miss Janet Oudman, aged 21, who  
on Friday was almost instantly  
killed in an unusual automobile  
accident that took place three  
miles south of Holland on US-  
31A. The Rev. W. Flowerday was  
in charge of the rites, which be-  
gan at 2:30 on Sabbath day.

The floral tributes from her many  
friends and associates in her work  
were beautiful, indicative of the  
love in which this fine girl, scarce-  
ly out of her teens, was held by her  
host of friends. These floral re-  
membrances came from everywhere  
and from those in all walks of life.

The members of the Sunday  
School class, with which she was  
associated, and the staff of the  
Charles Karr Company, where she  
was employed, were present in a  
body, together with several officials  
of the company. These formed a  
lane at the entrance to the church  
as the casket was borne from that  
edifice, and again at the grave in  
Hilltop Home cemetery, the last  
resting place of Miss Oudman.

Short funeral services were held  
at Nibbelink-Notter Funeral Home,  
West 9th St. preceding the rites at  
the Methodist Church. The bearers  
were young friends and associates  
of Miss Oudman. They were Elmer  
Wissink, Earl Goosen, Dick Scho-  
field, Victor Notter, Gerald Bonnette  
and Donald Elferink.

She was born near Zeeland moving  
to Holland with her parents at the  
age of three. She graduated from Hol-  
land High School in 1933 and was a  
member of the Student Council.

Surviving are the parents Mr. and  
Mrs. John Oudman, two brothers  
Cornelius of Detroit and Edwin at  
home, two sisters Florence at home  
and Mrs. R. Wenzel of Holland. The  
latter is assistant secretary at the  
Chamber of Commerce.

The wreck was unusual from the  
fact that four cars collided about a  
mile north from the bend where  
US-31A turns toward Saugatuck.  
The highway is a fine, wide, con-  
crete straight-away, with at least  
15 feet of hard clay shoulder on  
each side of the highway, suitable  
to drive upon without danger when  
driving is done with caution it  
would appear. As far as can  
be ascertained, Peter Gallagher,  
of Charlevoix, aged 52, was driv-  
ing south on his way to Chicago,  
where he was to spend Labor  
Day. His car, according to the  
testimony of some of the occupants  
of the cars, sideswiped two other  
cars and also crashed into a third  
car. Two of the cars alleged to  
have been hit by Gallagher were  
owned by Holland people and they  
were coming from Saugatuck early  
Friday morning at 12:30.

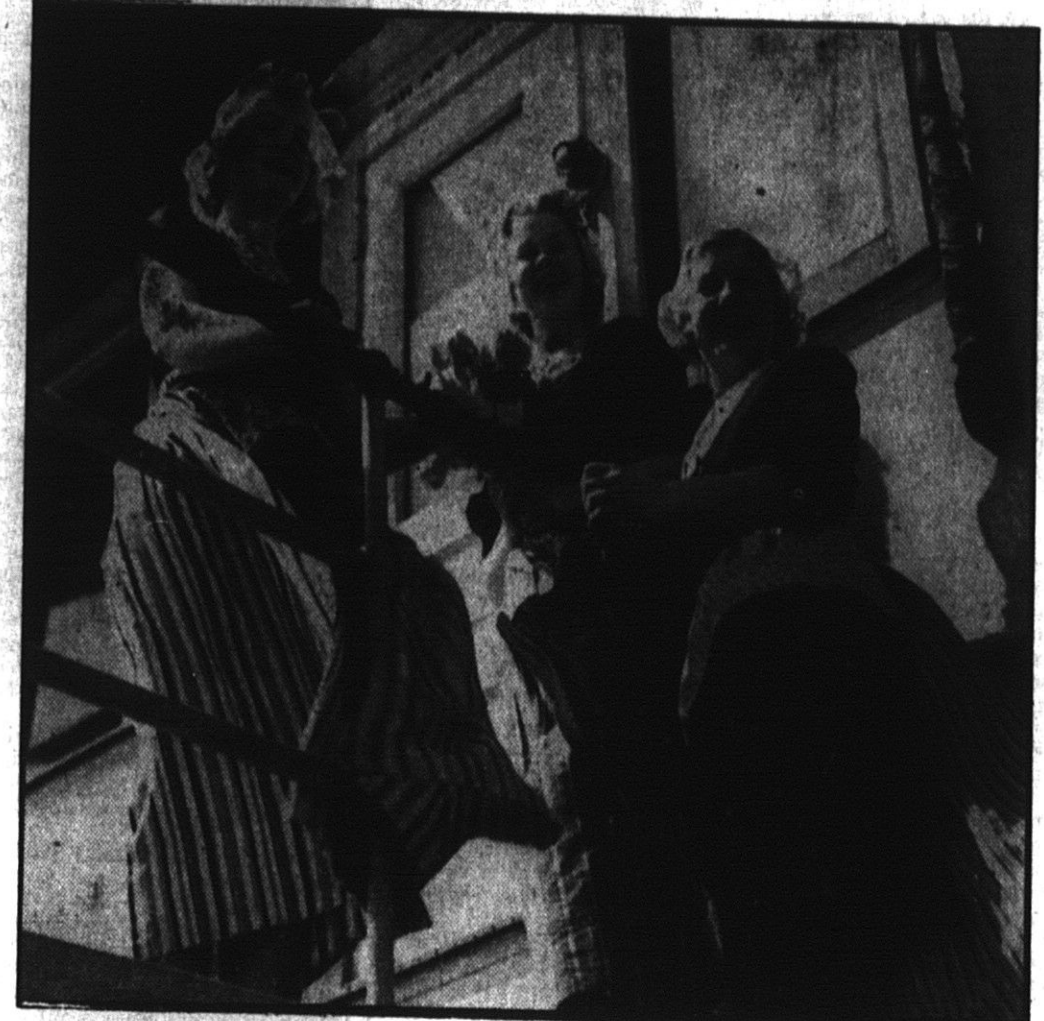

The first car to be hit was that  
of Alvin Bos, 55 West 20th St.  
The second car was that of Stanley  
Petroski of Chicago; and the last  
aged 21, son of Jesse Ridenour, 549  
State St. His is the car in which  
Janet Oudman met her untimely  
death. It is said that the Ridenour  
car turned turtle and rolled over  
and was a bad wreck. Ridenour  
was severely hurt upon investiga-  
tion and Miss Oudman, it was evi-  
dent immediately, was in serious  
condition. She was rushed to Hol-  
land hospital, where Dr. William  
Westrate was called to administer  
to her, but she never regained con-  
sciousness. It was found that death  
came as the result of a skull frac-  
ture and internal injuries. Her arm,  
too, was badly injured.

In the Bos car were Mr. and Mrs.  
Bos, Mr. and Mrs. L. Raven, three  
children, Joseph, Raymond and  
Shirley, and George Minge, all of  
Chicago. They were proceeding to  
Iron, where they planned to stay  
over Labor Day with relatives.  
The car was owned by Mr. Rizzo.  
Occupants of the Gallagher car  
beginning the driver were his daugh-  
ter, Helen, Mrs. Ed Logerman and  
a three-year-old son, all of Charle-  
voix, and William Green and Pa-  
tricia Behn of Chicago.

Gallagher testified that he was  
blinded by lights of the second car,  
and that he was driving at about  
45 miles an hour. Bos said that he  
could see Gallagher approaching on  
his own side of the road until he  
was directly opposite when he  
swerved, sideswiping him.

Coroner Gilbert Vande Water of  
Holland was immediately called, but  
he in turn wired Coroner E. M. Os-  
mond of Allegan County, since the  
accident occurred in that county.  
Mr. Osmond and Deputy Claude Gil-  
son of Allegan were on the grounds  
soon and Mr. Vande Water then  
turned the case over to them. Pros-  
ecutor W. S. Luna of Allegan and  
Sheriff Miller, who was out of the  
city at that time, have been inves-  
tigating the case thoroughly. They  
looked over the wrecks, which in  
some instances are nearly total. The  
Ridenour car, a model of 1937, was  
practically a total wreck. Other cars  
were damaged to the extent of sev-  
eral hundred dollars.

It was not until Tuesday that

The beautiful and happy young lady in the center of this group is Miss Janet Oudman. The picture was published in the News last May when she with the other young ladies was about to present a bouquet of Tulips to the captain of the steamer South American where several "Tulip Time" guests were housed. Left to right are Helen Mae Heasley, Janet Oudman, and Georgia Deters.

Prime Minister  
Boxes Ears of  
Local PastorRev. Veltman Is Reminded of a  
Church Incident in The Neth-  
erlands in Which a Foot-  
warmer Figured

On a fine Sunday morning about  
1890, in one of the churches of  
Haarlemmermeer, Netherlands, sat  
a mischievous little boy about ten  
years of age. Behind him sat a  
second lieutenant of the Dutch  
army. The little boy was not so  
much interested in the sermon of  
the preacher who, incidentally, was  
his father, but was more interested  
in the little foot-warming stove  
which it was at that time customary  
for church-goers to carry to church  
with them. With a resounding  
"bang" the stove fell over, its con-  
tents being scattered over the floor.  
"Whack," and the second lieutenant  
felt that it was his duty to "lay  
the law" to this ten-year-old chap  
by means of an old-fashioned ear-  
boxing.

Much humiliated, the boy never  
forgot the beating by the second  
lieutenant in the presence of his  
own father. The face-slapping sol-  
dier became Prime Minister, Minis-  
ter of War, and Minister of Col-  
onies of The Netherlands. His vic-  
tim became the pastor of one of the  
churches of this city.

While reading "De Levensroman  
van H. Colijn" (The Biography of  
H. Colijn) by Van Reest, recently  
sent to him by relatives in The  
Netherlands, Rev. D. Veltman of  
the Berean church of this city,  
couldn't help feeling recurring pains  
about the ears, for the man who  
had slapped him, was none other  
than H. Colijn, Prime Minister of  
the Netherlands, the subject of  
the book.

Fond memories were put into  
letter form, and addressed to Min-  
ister Colijn, who quite readily re-  
called the incident. As a result,  
the return letter, written in Colijn's  
own hand, partly in the native  
Dutch and partly in English, has become  
the cherished possession of the local  
pastor.

Commenting on the letter upon  
Van Reest's book, Minister Colijn  
states that he has heard about it,  
but has not read it himself, "for  
it is my firm conviction that the  
biographies should not be written  
about those yet living." The local  
pastor is commended for his  
"zuiver Nederlandisch na 35  
jaar afwezigheid in een ook  
huishoudelijk Amerikaansche omge-  
ving"

Prosecutor Luna preferred charges  
against Peter Gallagher of Charle-  
voix for driving a car without a  
license. Whether a more serious  
charge will be placed will depend  
largely upon further developments  
in the case.

A phone call to Mr. Luna at 3:00  
o'clock today indicates that Gal-  
lagher pleaded guilty to the charge  
of driving without a license and he  
paid the fine and costs of inves-  
tigation, in all amounting to \$58-  
50. Mr. Luna states that he made  
several trips to Holland, saw the  
wrecks, and also had photos taken  
of the wrecks, consulted the police  
and sheriff departments of Hol-  
land and one of the justices, all of  
whom have investigated the case.  
And then he investigated the man  
at Charlevoix, looking up his re-  
cord and found that he was excel-  
lent, that he was industrious, and  
an employee of the government as  
an assistant lighthouse keeper.  
When asked whether, in his inves-  
tigation, he found any evi-  
dence of criminal negligence, Mr.  
Luna stated that up to this time he  
could find no evidence showing  
negligence on the part of Peter Gal-  
lagher. But he stated that should  
any evidence develop later on, the  
case could be opened again, and  
charges made, but he stated he  
was not prepared to do so at this  
time since this far there is no evi-  
dence pointing that way.

## FIFTY YEARS AGO TODAY

Jan W. Bosman and wife arrived  
in New York from a European trip,  
including the Netherlands. Note:  
Both have long since passed away.  
They were prominent pioneers and  
church workers. John Bosman, A.  
B. Bosman, Mrs. Jennie Hyma and  
Mrs. Henry Workman, all living in  
Holland, are children.

Cards are out announcing the  
marriage of Will Z. Bangs to Miss  
Josephine V. Kiekentveld on Thurs-  
day, September 8. The News wishes  
them happiness and prosperity in  
their voyage through life on their  
matrimonial bark on life's unchar-  
tered seas. Note: Now that's some-  
thing. Anyway, Mr. Bangs was a  
druggist and the firm name for  
time was Kremers & Bangs, and  
the store was on the site of Wade's  
Drug Store on East 8th St. Mr.  
Kremers was Dr. Henry Kremers,  
whose home was Holland's first  
hospital. Miss Kiekentveld was the  
daughter of a book store man—  
largely selling school books—pos-  
sibly the first in Holland. This  
store was also located on East 8th  
St. John Kiekentveld, a brother,  
still lives in Holland at least 45  
years ago. Referring to the Bangs  
drug store reminds the writer that  
he always asked father to walk him  
by that store, since there was a  
fine golden horse in the show win-  
dow and "little Benny" wanted so  
much to see that three-foot high  
equine. Today we know, of course,  
it was a horse medicine sign, made  
of stucco smeared with gold paint.  
The glamorous memory has been  
somewhat shattered.

Cedar St. was ordered graded

men, namely E. J. Harrington,  
Derk De Vries, A. Steketee, John  
Kramer, "Jap" Kuite and H. Van  
Ark voting yes. Note: Cedar St.  
is now College Ave. Strange to  
say, three of our first streets were  
named after trees, possibly because  
the forest was all about and we  
knew there were many cedar, pine  
and maple trees. Pine and Maple  
Aves. still play a part in our street  
system. 8th St. at one time was  
Main. Through an editorial in the  
News years ago, Land St. was  
called Lincoln Ave. First Ave. be-  
came Washington Blvd. and Wash-  
ington Square. There may be oth-  
ers.

Walter Walsh purchased two  
wooden structures on East 8th St.  
and will erect three fine brick  
buildings there. One is the Van  
Tongeren cigar shop and the other  
the Du Saar photo shop. Note:  
Well, these fire traps were torn  
down and the Du Saar photo shop  
as well as the Van Tongeren cigar  
factory were soon housed in fine  
quarters. The Du Saar shop is still  
in one of the buildings. These were  
the last wooden structures in that  
block to make way for buildings  
of brick and stone.

Charles "Cub" Drew, William  
Boot, Vaudie Vanden Berg and At-  
torney Thomas N. Robinson have  
returned from a three-day fishing  
trip to Diamond Lake, near Bald-

a large string of fish—so they say.

Melons are so plentiful around  
Holland that the farmers are giv-

are sold for 5 cents each just to get  
something out of the crop. Anyone  
can "cut a melon" this year.

James W. Himebaugh, proprietor  
of the Royal movie theatre on West  
8th St., has purchased the Zeese

summer home on the park road for  
\$10,000. Included is a beautiful  
home and 10 acres on Black Lake.  
Note: It was considered a song in  
those days. Since that time many  
beautiful homes have been built  
on that 10 acres. Zeese was well  
known in Holland. He met a tragic  
death, falling from the elevated  
railroad in Chicago to the street  
below, landing on his head. The  
Royal theatre is now Ollie's Sport  
Shop.

The Third Annual Mission Fest  
of the Christian Reformed churches  
of Zeeland and Holland was held  
at Zeeland and a large program  
was given. The record shows that  
the first \$500; and this, the  
third, \$1,000 for missions.

R. H. Gilbert is the new prin-  
cipal at Holland High and he became  
popular here practically overnight.  
He comes from Reed City and is  
highly recommended.

Lighthouse Keeper William Jack-  
son, stationed at Holland harbor,  
died at Ann Arbor of a cancer op-  
eration. An unusual occurrence was  
the fact that during the hour of his  
death a son was born to Mrs. Jack-  
son at the station cottage at Mac-  
atawa.

"Broke" in New York was an  
embarrassing predicament in which  
Rev. and Mrs. Victor W. Blekkink  
found themselves when they awoke  
in a sleeper on the New York Cen-  
tral train. During the night a sneak  
thief rifled Mr. Blekkink's pockets  
and took all the money, even the small  
change. Mr. Blekkink sought the  
aid of a clergyman friend who  
came to his rescue, much to the  
relief of the honeymooning party,  
for they had just been married in  
Holland. Note: Mr. Blekkink is the  
son of Dr. and Mrs. E. J. Blekkink  
of Holland.

FIFTEEN YEARS AGO TODAY  
The cornerstone of the Holland  
Country Club has been laid and  
when completed will be one of the  
finest in Western Michigan. The  
building is being built on the edge  
of a hill gradually sloping to the  
Black River below. The sight to  
the east is magnificent. The dimen-  
sions of the building are 46 by 104  
feet. The front porch is 15 by 40  
feet and the side porch 12 by 37  
feet. The structure is two stories  
high with basement and has 100  
single lockers. The News could give  
a half column more but space for-  
bids.

Walter Walsh purchased two  
wooden structures on East 8th St.  
and will erect three fine brick  
buildings there. One is the Van  
Tongeren cigar shop and the other  
the Du Saar photo shop. Note:  
Well, these fire traps were torn  
down and the Du Saar photo shop  
as well as the Van Tongeren cigar  
factory were soon housed in fine  
quarters. The Du Saar shop is still  
in one of the buildings. These were  
the last wooden structures in that  
block to make way for buildings  
of brick and stone.

Charles "Cub" Drew, William  
Boot, Vaudie Vanden Berg and At-  
torney Thomas N. Robinson have  
returned from a three-day fishing  
trip to Diamond Lake, near Bald-  
win, where the Holland men caught  
a large string of fish—so they say.

Melons are so plentiful around  
Holland that the farmers are giv-  
ing them away. Some large ones  
are sold for 5 cents each just to get  
something out of the crop. Anyone  
can "cut a melon" this year.

"Dickie" Riemersma and Martin  
Chrispel, while walking in the vic-  
inity of Port Sheldon, noticed a  
big rattlesnake coiled up ready to  
strike. The boys struck first and  
counted nine rattles and cut them

PUBLIC SCHOOL ENROLLMENT  
EIGHT MORE THAN LAST  
YEAR

Below is a compilation of the en-  
rollment in the public schools last  
year and this year. There is only  
eight more pupils this year over  
last year. Miss Westveer, secre-  
tary to Mr. Fell, stated there un-  
doubtedly would be several more  
enrolled during the next week, as  
there is every year. She thought  
possibly the enrollment would be  
at least 50 more. The table of en-  
rollment follows:—

THE HOLLAND CHRISTIAN

DECREASE

The Christian schools received  
374 students in the first six grades,  
116 in Junior High and 244 in  
Senior High. The total of 734 is  
below last year's mark of 754  
pupils in all Christian schools.

John Swets, the new superinten-  
dent, who took the place of Garrett  
Heys, now warden at Ionia, stat-  
ed that within a few days there  
will be still more enrolled and he  
expected to have the final enroll-  
ment to equal, if not go beyond,  
that of last year.

NICHODEMUS BOSCH SERVING  
ON GRAND JURY

Former Mayor Nicodemus Bosch  
some time ago was drawn on the  
Federal Grand Jury holding court  
in the federal building in Grand  
Rapids, today presided over by  
Judge Raymond with Orrie Sluiter  
as Clerk. Mr. Bosch is one of the  
jurors to pass on the evidence hav-  
ing to do with the federal charges  
such as post office robberies, mis-  
use of mail, "man acts" federal jury  
violation, smuggling and kindred  
cases under government jurisdic-  
tion. It is the duty of a grand jury  
to determine whether there is evi-  
dence enough to hold the person  
charged with crime for trial. This  
trial or Traverse jury tries the  
cases for which the grand jury  
has found "true bills" and goes  
into session immediately after the  
Grand Jury is through.

The writer has served on the  
Grand Jury as secretary some 30  
years ago and even then it was an  
experience never to be forgotten  
and educational, to say the least.

The American Legion Auxiliary  
will hold a regular meeting Sept.

annual election of officers will  
take place. The nominating com-  
mittee is composed of Mrs. Neal  
Tiesenga, chairman, Mrs. C. V.  
Miller and Mrs. Edward Sooter,

## LOCAL NEWS

After attending the three weeks' camp meeting session of the organization at Grand Lodge near Lansing which concluded Sunday, the Rev. B. L. Post, pastor of the Seventh Day Adventist church of Holland, has returned to his work here. The location of this annual session is a permanent camp of 40 acres on which is erected more than 100 cabins, a dormitory, store room, large dining hall, kitchen, book and Bible house, office buildings and a huge auditorium seating 10,000 persons and wired for a public address system. It is estimated that 9,000 were on the grounds Saturday. During the three-week session which attracts Adventists from all over the state of Michigan, a mayor and a staff of police officers "rule" the tem-

porary city. Some 20 persons of Holland attended meetings at one time or another.

Two Holland boys, R. Rutgers, 16, 39 East 20th St. and G. Menken, 16, 479 Central Ave., received recures and warnings from Holland police after a leaden pellet from a 22 calibre rifle which they were shooting had passed through a window at the home of Arthur J. Streur, 17 East 21st St. and barely missed striking Mrs. Streur, who was seated in a chair near the window. The boys informed Police Chief Frank Van Ry that they had been using blank cartridges and could not account for the real bullet in the gun. The Chief issued a warning that it is a violation of a city ordinance to shoot a gun within the city limits and also that it is a violation for boys under 17 years of age to be in possession of firearms. He requested co-operation of parents.

John Bronkhorst, 67, a former resident of Holland, died Wednesday morning of a stroke at his home in Wayland following an illness of four weeks. He lived in Holland several years before leaving about 20 years ago. He had been living in Wayland about four or five months. Surviving are the widow, eight children and three brothers, William and Joe in Holland and Albert in Washington. Tentative arrangements call for funeral and burial in Holland.

An eleven-year-old Holland boy is becoming a real problem to the Holland police department. The boy has been taking bicycles which don't belong to him and usually they are girls' bicycles for he finds them easier to ride. Every two or three days police receive a report of the theft of a bicycle. Locating the boy generally results in the recovery of the bicycles. Tuesday police received a report that a bicycle belonging to Betty Mousse, residing on East Eighth St., just outside the corporate limits, had been stolen from Christian high school. Police learned the youth left home Tuesday to attend school and had not returned home. Neither had he returned home Wednesday nor have police been able to locate the bicycle.

Shirley Nienhuis, six-year-old daughter of Mr. and Mrs. Hero Nienhuis, rural route No. 2, Holland, who entered Blodgett hospital more than a week ago for treatment of infantile paralysis, is reported to be in an improved condition.

Applications for marriage licenses have been filed at the county clerk's office by Chester Wassink, 22, Zeeland, and Jeanette Mae Johnson, 19, Holland; Louis De Waard, 24, Holland, and Alma Estelle Schapp, 20, Holland; Willis Bosch, 25, Holland, and Genevieve Ellen Sas, 23, Holland.

## A Remarkable New Peach

Michigan has always had some clingstone peaches but just because the flesh did cling tightly to the pits they were not popular though all were of fine quality. California, on the contrary, produced millions of bushels of them and they are the basis of the popularity of California canned peaches. The flesh was cut from pit by machine. But we are at beginning of a large change in this respect. A New Jersey experiment station sent to us some choice clingstone seedlings which have been under care of our South Haven station with result that at least one of them, Amber Gem, has been found to be in all respects as good as the California fruit or better. It has been tested in canning. It is of large size and finest quality. Six years ago buds of Amber Gem were passed out for testing by peach-growers and last year 1,200 to 1,500 bushels of the fruit were produced. The entire crop this year has been contracted by Michigan canneries at \$20 per ton with possible increase of that rate.

## Why Trains Are Safe

Statistics made public last week by the Interstate Commerce Commission show that for the first five months of this year there were 3,933 train accidents in this country, as compared to 3,860 during the corresponding period last year. Although the number of accidents increased slightly only one passenger had been fatally injured up to June 1 this year, as compared to five in the same period of 1936.

When it is considered that passengers on railway trains in the United States now travel nearly 19,000,000,000 miles each year, that is a remarkable record.

And the railroads have achieved it by the use of protective equipment—and by insisting upon carefulness and sobriety in their employees.

## THE MISSES HOLKEBOER AND NIENHUIS SAFE OUT OF CHINA

At least four weeks ago the Holland City News printed a letter from Miss Tena Holkeboer, telling of her experiences in China and their expected visit to Shanghai. The News then expressed the hope that these two missionary women had either made their visit or delayed their visit before the Chinese-Japanese bombardment, which killed so many, took place.

It appears that both Tena Holkeboer and Jean Nienhuis, Reformed Church missionaries, were caught in the north China fighting zone during their visit. In a letter they write that both of them were evacuated from Shanghai on the steamship President Hoover bound for Manila, rather than their own destination, in Amoy, and told of air raids and other dangers.

With the two now safely out of the danger zone, added assurance was given for the safety of Reformed church missionaries in China, it was pointed out. All workers are stationed far from the war area.

Miss Holkeboer is the daughter of Mrs. Anna Holkeboer, 34 East 15th St. Miss Nienhuis has several relatives living in Holland and North Holland. Miss Holkeboer wrote that the baggage was lost for two days when it was found the party boarded a train to Shanghai by a circuitous route. It is ordinarily a five-day trip, but in this instance it took 36 hours. When they got there they found that all steamship offices had been commandeered by their government and for their own nationality. The two missionaries wanted to go to Amoy, but apparently this was out of the question, so they were loaded with more than 1,000 refugees on the steamer President Hoover.

There are several missionaries from this vicinity who are today in China not far from the fighting zone and the undeclared war between China and Japan is causing relatives and friends in Holland and vicinity considerable concern. Those in the Amoy district are the Rev. Henry P. De Pree, the Rev. and Mrs. H. Michael Veen-schoten and three children, Dr. and Mrs. Clarence H. Holleman and three children, the Rev. Harry P. Boot and Miss A. Ethel Boot.

Also in the Amoy area are the Rev. and Mrs. Henry A. Poppen and the Rev. and Mrs. William R. Angus. Rev. Poppen originally was from Sioux City, Iowa, and Rev. Angus was from New Jersey. Mrs. Angus and Mrs. Poppen were from Grand Rapids.

On furlough are Mrs. Anna H. Boot of Holland, the Rev. and Mrs. Henry J. Voskuil of New Brunswick, N. J., Mrs. Kate E. DePree of Holland, Mr. and Mrs. Richard Hofstra of Chicago, who are staying in Grand Rapids, and Miss Ruth Broekema of Chicago.

On the retired list are Miss Nalie Zwemer of Holland and Miss Margaret Morrison of New York. Miss Harriet Boot, under appointment, is still in Holland.

## GRAND HAVEN SCHOOLS EQUAL 1936 RECORD

Total enrollment in the Grand Haven schools Thursday equaled that of last year. There is a large increase in the high school which is offset by decreases in the lower grades. Total enrollment in the high school is 680 compared with 681 last year.

There will be 2,469 miles of 20-foot concrete pavement and .566 mile of 42-foot concrete pavement and .229 mile of 34-foot two-course gravel. There are now 75 men at work grading. Later 250 men will be employed.

## Dr. Davidson Pastor Of Hope Church Resigns

(Continued From Page One)

Dr. Davidson is Scotch-Irish by birth, born in Belfast more than sixty years ago. Belfast is the cradle of some of America's greatest preachers. His mother was a pious Quakeress, who early inspired in her son a love for the Christian ministry. Educated at the greatest literary institutions in Belfast, he took orders and became a minister in one of the leading Methodist churches in the metropolis of Ireland. After a lecture course trip through America and Canada, Dr. Davidson was called to Montreal, Canada, where he served for six years. When the late F. F. Shannon resigned his pastorate of the Reformed Church on the Heights in Brooklyn, to become, at the instance of Dr. G. G. Gaus, the pastor of Central Church, Chicago, Dr. Davidson was called to that city at that time strongly urged the consistory of the Church on the Heights to extend a call to Dr. Davidson of Montreal.

Dr. Davidson's installation in Holland took place on October 28, 1925. The sermon was given by the late F. F. Shannon of Chicago, a nationally known divine, and the charge was given by Dr. John E. Kuusinen, then of the Western Theological Seminary, now on the faculty of Princeton University. Rev. J. M. C. Deviney, pastor of the First M. E. Church of Holland congratulated Dr. Davidson on his coming and gave him a hearty welcome to the city. He invited the new pastor into the fellowship of Holland's ministers and the greater fellowship of the gospel. Dr. D. D. Ellerbrook, president of the Classis of Holland, presided. Rev. Paul E. Hinkamp read the scripture and offered prayer. Another pastor on the program was Rev. Henry Hospers, D.D., of the Western Theological Seminary. Greetings from sister churches were also delivered.

In an interview at the time, Dr. Davidson stated that the thing that attracted him to Holland was the way parents taught their children, not alone through education, but in religion through the Sunday School and by means of the church. He stated that this was so lamentably lacking in some of the large centers where he had been. He urged that all organized religious bodies take it upon themselves to have school children instructed in Bible for at least an hour during week days. He said he was further attracted to Holland and Hope Church for other reasons, among them being the academic atmosphere that pervaded our lovely city, the fine schools, and most of all, Hope College and the Western Theological Seminary as well as the character of its audiences. All proved in him an irresistible urge to go to Holland and cast his lot with the Reformed church in the West. These were the lines of the Holland City News at that time as this relates to Dr. Davidson.

During these twelve years he and the estimable Mrs. Davidson have made many close friendships. Dr. Davidson always found time to take part in our civic life, took an interest in the welfare, and helped to promote worthwhile undertakings. He was an enthusiastic member always of the Exchange Club, where many civic problems and projects are discussed, remedied or promoted. The doctor could always be depended upon to lend his aid in these meritorious proposals. Undoubtedly there will be many in Holland who will miss the friendly greetings of Dr. and Mrs. Thomas W. Davidson.

## PREPARE TO EXTEND GRAND HAVEN OVAL

Surveyors are at work in the Grand Haven state park laying out stakes for extension of the oval from its present limits, north to the pier. Conceived as a WPA project, the present plans are to double the size of the park, cost of which will amount to approximately \$90,000, \$20,000 to be contributed by the state. A 15-foot addition to the north end of the oval is also planned to add to the space now used by camps and trailers. Work on the project is scheduled to begin around Sept. 15 if a supply of labor is available.

Other aid rendered included dental care, \$15 for 17 needy families and physicians' consultations. With receipts totaling \$1,430.89, a balance of \$269.72 was reported.

Mr. and Mrs. A. C. Koppel entertained at their cottage for Labor Day week end. They had as their guests Mr. and Mrs. V. V. V. and son, Billie, and Mr. and Mrs. Samuelson of Traverse City; Mr. and Mrs. T. L. The driver of one car was Tony Esteves, 30, of Foosebush, Mich., and the driver was Gregorio Canter, 55, of Amarachi, Texas. Paul Gastra and Manuel Lopez were bruised, and all the occupants of the two cars were badly shaken up. ## NEW PIPELINE HEARING TO CONTINUE

The state public utilities commission decided to continue the hearing until Nov. 9 on the application of Gerrit Vander Loest of Muskegon for permission to extend an oil pipe line from Allegan county to Lake Macatawa. A preliminary hearing was held at Lansing, Wednesday. Attorney Arthur Van Duren of Holland represented Mr. Vander Loest at Wednesday's hearing. The proposed pipe line would extend from the Holland-Burns oil field in Salem township, Allegan county, 15 miles southeast of Holland to the shores of Lake Macatawa, thus affording a handicap now being faced by the owners of the many wells, which necessitates using a reduced flow from the field.

Application for a building permit was filed Saturday with City Clerk, Oscar Peterson, by Mrs. Agnes Ter Vree, 234 East Ninth St., for permission to erect an 18 - 20 foot garage at an estimated cost of \$200.

### IS FENNVILLE TO HAVE A \$70,000 POST OFFICE?

(Fennville Herald)

Now that we are having a new railroad station in Fennville, some good fair apparently seeks to add still further to our municipal blessings. Now wouldn't the government like to build us a million-dollar city hall or something?

Press dispatches from Washington announced that Fennville was on the list of several Michigan cities approved by the appropriations committee of congress for new post offices, to be recommended for future construction. Fennville's building was estimated to cost \$70,000. The report indicated that the time when the office would be built, if at all, was very indefinite. Postmaster Du Vall of Fennville said he has heard nothing of the project. It has been suggested the report may be a mistake, as the sum of \$70,000 appears enormous for a postoffice in a place the size of Fennville, with less than 700 population.

The News might add that the one in Holland cost \$100,000 and we had to move "heaven and earth" to get it even during a Republican administration. Congressman Carl Mape and our late townsmen Gerrit J. Diekema were potent factors in this work.

The birthday anniversary of Nicodemus Bosch, former Holland mayor, was celebrated by a family dinner party Friday evening, arranged by Mrs. Bosch, in their home on West 12th st. Covers were laid for Mr. and Mrs. Bosch, Mr. and Mrs. G. J. Bosch, Mr. and Mrs. Randall C. Bosch, Mr. and Mrs. E. J. Yeomans, Mr. and Mrs. N. D. Chard, and Dr. and Mrs. Leon Bosch of Grand Rapids. Contract bridge was enjoyed during the evening, with high score prizes going to Mrs. Yeomans and Mr. Chard.

Miss Josephine Kuite of Hamilton submitted to an appendectomy at the Holland hospital last week. She is recovering satisfactorily.

### Allegan Co. Has Still Another New Show Place

ANOTHER LAKE HAS BEEN CREATED NEAR FENNVILLE THROUGH DAM CONSTRUCTION

Of late years Allegan County has been "doing things" to create resort possibilities. Saugatuck, a natural resort, written of in song and story, has added to its attractiveness by virtue of a new oval. Allegan City has turned the Ka'amazoo River into a veritable lake six miles long and a mile wide in some places, through a large dam that was built to supply that city with a municipal light and power current. Dry land and river bottoms were soon covered over, and now Allegan has a shore line lake to give twelve miles of cottages, shore line sites.

Fennville has been blessed naturally with beautiful Hutchins Lake, the mecca for fishermen. All there have been pictured in the Holland City News from time to time and now we have another dam has been built just East of Fennville, backing up the waters of Swan Creek and creating a small lake of 150 acres, suitable for boating and fishing. This dam was recently completed by the Reclamation Administration, a government project that has done considerable in the way of conservation in river bottoms along the Kalamazoo and in the "oak grubs."

Now that a lake has been formed, it must have a name. Some people in that vicinity are calling it Swan Lake; others the Swan Creek Dam Pond; a prominent Fennville conservationist suggested the lake be called Leland, in honor of the late George Leland, former State Senator and well known for his activity and interest in all matters pertaining to conservation. He was a member of the Conservation Committee of the State Senate and in 1931 had prepared plans and blue prints for a dam on Swan Creek, which would create a pond large enough to be stocked with fish.

The dam, recently completed, is at the site proposed by Mr. Leland, but the spillways are differently located. The lake in question has already been stocked with rainbow and brown trout and other fish, and cannot help but become popular with sportsmen generally. The dam was mainly built to create a lake for fish propagation. In saw mill days, part of this territory was a pond. It was then known as the Smith's Mill Race and Pond, but that was at the time when the forest was still "King" in Allegan County.

Holland folk who have taken little side trips to the fire tower, to Allegan's new lake, the conservation projects, Saugatuck's oval and Saugatuck's state park, can now take a trip to Hutchins Lake, and incidentally, over to Leland Lake, recently created. It is on M-89, the main highway between Fennville and Allegan, or in other words, less than an hour's ride from Holland. All those improvements in this radius add to the attractiveness of this entire resort area and it simply means another show place for the tourists—and "the more, the merrier."

### IT COSTS DOUBLE TO GAMBLE AT PLACES SUCH AS BERLIN FAIR

Gamblers in this state run a double risk — losing their money and paying fines for violation of the state gambling law which makes the gambler guilty with the person who is operating a game.

Edward and John Peters and H. C. Zoerman, Grand Rapids reported to the officers that they had been cleaned out of their rolls at the Berlin Fair recently. Edward and John Peters each lost \$45 and Zoerman \$15. They were arraigned before Justice H. Erwin, coopersville. The Peters brothers paid fines and costs of \$3.35 and Zoerman paid costs of \$4.30 after they pleaded guilty to the charge of gambling.

Robert Martin, operator of a pin game, was fined \$10 and costs of \$4.30 and Frank Hamilton, another operator was fined \$5 and costs of \$4.30.

A complaint reached Sheriff Van Etsa from one man that he had lost \$180 but he disappeared before any arrest could be made. The five taken before the law were arrested jointly through action of the sheriff's department and state police officers.

William Gaston of Summerville, N.J., who has been preaching this summer at Glen Rock, N. J., is visiting at the J. C. Van Leeuwen home, rural route No. 5, before entering the New Brunswick seminary in a few weeks. Miss Anne Vanden Berg of Grand Rapids was a week end guest at the Van Leeuwen home.

### Oh My! Fennville Knows the Train is Coming

(Fennville Herald)

Why does a locomotive whistle have to be tooted so many times, at all hours of the night, when trains pass through Fennville, awakening tired folks from their slumbers, irritating sick people and disturbing fretful babies? Also clanging a bell at the same time. The bell would be sufficient warning that a train was coming. And there's also the headlight. And most people who aren't blind can see, is attached to an engine. Two trains at Fennville in the early morning hours of Thursday emitted twenty-four ear-splitting toots within a period of ten minutes. Why couldn't the signals be modernized as well as other details of roadwork?

The News might add the editor possibly hasn't heard the story of the foal-horned bull and the "toot-toot train"—poor papa cow. May be there was one on the track and needed 24 toots.

### SCHOOL HISTORY IN GANGES AND MANLIUS

The first school in Ganges township was in a log shack which Levi Loomis built in 1840 on his land west of the Loomis cemetery. When he built the new house in 1842, he gave the old cabin to the district, and Mrs. Lyman Loomis was the teacher. In 1845 the school burned down as the result of an overheated stove, and a new school was built on Walter Billings land on a hill west of the present Peachbell school. Miss Knox was the teacher. This school was burned in January, 1860. A new building was erected on the same site, but was later sold and moved and replaced by the present brick building.

A school was opened in 1847 in a small building on the Hudson Veeder property in Manlius township, just west of the present western village limits of Fennville, but there was no Fennville until 1862, the present year being the 75th anniversary of the founding and planting of "Fenn's Mills." The first teacher was Mrs. Harrison Hutchins, mother of the late H. H. Hutchins, the Allegan County historian, by whom this school data was compiled at the request of the editor of the Herald. We suggest you file it in your scrapbook.—Fennville Herald.

### POULTRYMEN OFFERED SPECIAL PRIZES AT THE ALLEGAN FAIR

Poultry exhibitors at the Allegan County Fair, Sept. 21-25, will be offered special prizes for entries including three birds in a pen, according to an announcement made by Geo. Bolks, superintendent of the poultry division. The prizes are offered by several of the business houses of the county, and are in addition to the regular premiums listed in the fair premium book. Heretofore only single birds have been entered in the competition for poultry premiums, Mr. Bolks stated. He also said the increased entries have necessitated enlargement of the poultry house to provide adequate space for all, desiring to exhibit.

Ray Smith, Holland Justice of peace, and Russel Klaasen were in Grand Rapids Friday on business.

### ONE CASE OF INFANTILE PARALYSIS IN COUNTY

Ottawa County Health Department Grand Haven, Michigan

There has been a customary let-up in contagion during this past summer but there is still sufficient amount of care will need to be exercised by parents in sending their children to school.

The disease which are most prevalent are scarlet fever, of which there are 12 cases, and whooping cough, of which there are eight cases. Whooping cough has been the major problem during the last school year. It has caused eight deaths, most of which occurred in children under one year of age. Teachers are being cautioned to send home all children who have a persistent cough and strict isolation of children who have suspicious coughs must be carried out.

Although there are few reported cases of mumps, it is known to be quite widespread throughout the county. A skin infection, called impetigo, is also quite prevalent. This condition yields very quickly to proper medical treatment. Children with impetigo are not allowed to attend school.

All of the schools will be inspected to be certain that there is no contagion and also to determine whether the necessary sanitary equipment has been obtained to keep the schools free from contagion. The common drinking cup and common towel have been abandoned by most schools. The school boards of those schools which still use them will be contacted and asked to conform with the law, which prohibits the use of the common towel and drinking cup in public places.

Fortunately, there has been but one case of infantile paralysis reported so far this year, which occurred about a month ago. With the exception of two cases of typhoid fever, which were reported last week from Chester township, there is no other known contagion in the county at present.

### DAIRY MEET ATTENDED BY HOLLAND COUPLE

Mr. and Mrs. Peter Mulder, 670 Michigan Ave., left here Thursday morning to join 500 members of the Michigan Allied Dairy association at their second annual Dairyman's Frolic at Traverse City. The convention is called for Sept. 7 to 11. Mr. and Mrs. Mulder will spend two days there. This convention is devoted entirely to fun and recreation. Mackinaw trout fishing will be one of the features of the frolic with women admitted to the trout sweepstakes for the first time. A prize of \$100 is being offered for the biggest fish with a bonus of \$5 per pound for every pound the fish weighs over 20 pounds. Fish weighing 40 pounds are not uncommon in Grand Traverse bay. Other members in this area planned to attend the dairy meet.

The marriage of Miss Agnes Bootsma of Grand Rapids and Harry Baker of Holland, was solemnized Saturday, at the parsonage of Trinity Reformed church. The Rev. H. D. Terkurst performed the single-ring ceremony. The couple was attended by Miss Bootsma and Mr. Meldema of Grand Rapids. ### CHEST CLINIC STARTS AGAIN

After two months' vacation, Chest Clinics will be resumed in Holland. Dr. A. H. Bartlett of Muskegon will be here next week Tuesday at the usual time and place, at 12th and Central ave., the old hospital annex.

### STATE OFFICIALS TO FRAME NEW DRIVERS' RULES

While the 1937 legislature invested the Michigan State Police authorities with the responsibility of framing new mental and physical examinations of applicants for operators' licenses, the whole framework of examining and licensing will be worked out by representative enforcement officials of the state, plans indicate. Early in September, Oscar G. Olander, Commissioner of the Michigan State Police, and other state police officials, will meet with headed by Leon D. Case, Secretary of State, to make preliminary plans for revision of practices pertaining to examinations and licensing of automobile drivers.

The executive committees of the state associations of Police Chiefs, Sheriffs and Prosecuting attorneys will later be invited to attend conferences so that uniform practices may more quickly be put into practical operation throughout the state when they are perfected.

### Celery King of North Ottawa Had Sons at Hope College

Living in one house for 81 years is a distinction claimed by Martin Kieft, Grand Haven celery "king". He was born 81 years ago last April 28 in his present home.

Kieft's house today, however, bears but little resemblance to the rude four-room cottage built by his parents shortly after they arrived in Grand Haven from the Netherlands in 1853. The original part is now a spacious living room, bedroom and bath with an entire wing, second floor and basement which have been added to accommodate the eight children which were born to Mr. and Mrs. Kieft in the old homestead.

Kieft has been growing celery for 50 years. His labors are now shared by three sons: Martin, a former city alderman, and Peter and Gerald, living at home. He goes to work each day, walking eight blocks each way. He never has learned to drive an automobile although there is one in the family. Two sons have been graduated from Hope college. Howard, who also was graduated from the University of Michigan, is teaching at Flushing. Lester, who is attending Penn State, received a scholarship at Hope college. Frank is employed by the telephone company in Muskegon.

Seated in his comfortable home, luxurious compared to the first small cottage, he looks more like a man of 60 years than 81. His cheeks are pink with a glow received from working outside most of his life. His eyes are bright and there is hardly a stoop in the broad shoulders as he stands his full six feet.

Next to growing celery, Kieft enjoys flower culture and a lot adjacent to the home is a mass of blooms which annually attracts passersby because of its unusual beauty.

### LICENSES EXPIRE ON SEPTEMBER 30

New gun permits may be issued by conservation officers to applicants who have purchased the new hunting licenses.

### REMODELING DELAYS OPENING OF SCHOOL

Fillmore school district No. 2 did not open on Sept. 7 as other schools in the northern part of Allegan county, but classes will start Sept. 13. The delay in the opening is due to the remodeling of the building. Pine Creek school in Ottawa county will not reopen until Sept. 13, Secretary Arie Van Doesburg stated Friday. No reason for the delay was given although plans have been in progress for the building of a new school on the present site. Other rural schools of Ottawa county opened on Sept. 7.

### DONALD JOHNSON WILL GET TWO SCHOLARSHIPS

Donald Johnson, of Fennville, one of the graduates this year, has been awarded a scholarship from the Smithsonian Institute and also one from the Future Farmers of America. He plans to enter Michigan State college where his brother, Andrew, is also a student. Donald is the son of Mr. and Mrs. Henry Johnson.

### Ideal Camping During Month of September

Good Fishing, Cool Nights, Few Insects, and Many Unusual Sights in Woods and Streams

People who are fortunate enough, or wise enough, to go camping in Michigan during the month of September have many a surprise in store, despite the fact that the birds have hushed their songs and many have begun their southward journey.

Fishermen will be able to take advantage of the renewed interest of pike and bass, which have passed their "summer doldrums" and will attack the angler's lure with new zest. Nature lovers can listen to the insect orchestra which reaches its crescendo in September, in the fiddling and scrapping of countless grasshopper-katydid-cricket musicians.

The woods are free from annoying insects in September. The days are likely to be clear, the nights cool, followed by misty mornings. The observant outdoorsman will notice that the four-footed creatures are beginning to adapt themselves to the coming of the cold. Muskrats are putting the finishing touches on their winter homes. Beavers are making sure their lodges are weather tight.

Deer are losing their red coats of summer and donning their winter gray. Bucks are losing the velvet of their antlers. Fawns are outgrowing the milky spots of their babyhood.

Although mosquitoes and black-flies are gone, there are plenty of insects in the woods that are interesting to watch. Walking sticks, greenish-brown insects with slender stick-like bodies and legs are climbing trees and vines. They are not dangerous to handle. Perhaps you may see a migrating host of monarch butterflies. They travel south in the autumn by hundreds. You may see the work of the engraver beetle under the bark of fruit trees. In September the large cone-shaped houses of the paper wasp reach completion. Wait another month before you can examine the home with safety.

There is a change in the world of wild flowers, too. Most of them have reached the stage of their flowering season. Here and there in the swamps you may find a cardinal flower glowing red. Aster and goldenrod are at their best. Fringed and bottle gentians are in blossom.

Fungi in Profusion  
The fungi, toadstools or mushrooms, appear in great profusion in September. August was a good mushroom month in Southern Michigan because of the rains. Don't be fooled by a good-looking mushroom, or your friends assure only such species as you are perfectly sure of, either by experience or by thorough checking with a reliable book.

Berries put forth their gayest colors in September, telling the birds they, too, are ready to travel. Dogwood berries are bright red, black haw and Virginia creeper are purple, bitter-sweet is gray orange, black alder is brilliant scarlet. The birds eat these berries for their pulp, dropping the hard seeds on the ground, thus becoming shrub-planters in their own way.

### Unemployed in Allegan Goes Down 479

The number of unemployed actively seeking work in Allegan county decreased by 479 between March and July, according to a report issued this week by J. C. Wallen, branch manager for the National Re-employment service. An inventory of the active files, which is an unemployment census of registered workers, shows that 631 men and 42 women are looking for jobs with private employers in this county.

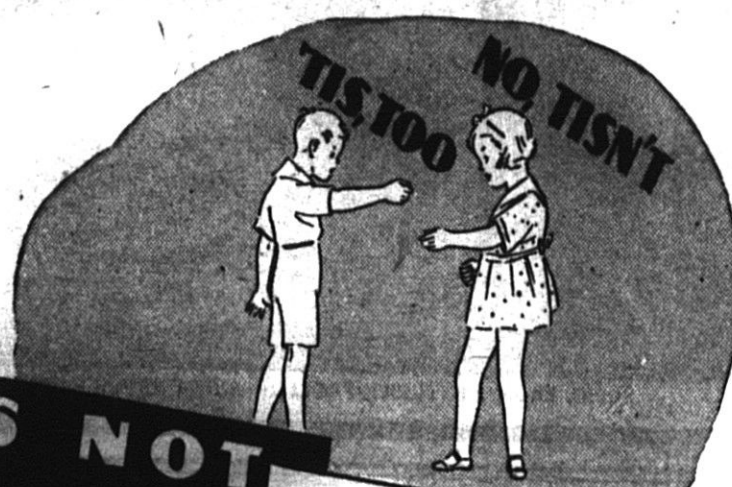

These 673 applicants are men and women who have registered or re-registered within the past 60 days or who have been working on security wage relief projects. They are not merely unemployed but unemployed who have shown their desire to get jobs with private employers by voluntarily registering with the National Re-employment Service.

Cards of people on relief jobs are kept in the active files so that they will be considered for private jobs. The active files form a perpetual record throughout Michigan, kept to inform NRS officials of the availability of workers. Wallen pointed out. For this reason it is important that applicants report regularly by mail, telephone or personal visit, informing the NRS as to their employment status. Should they fail to do this the NRS must assume that they are no longer seeking work and must place their applications in the inactive files along with those who have been given jobs. In this way the "active" files are kept up to date.

The number of persons unemployed in Allegan county represents 1.7 per cent of the population of 38,374 as reported in the 1930 census.

Throughout Michigan, the report reveals, 115,998 persons are actively seeking jobs through the 44 district and branch offices of the NRS. This is 2.296 per cent of the population of 4,842,325 as reported in the 1930 census. It also represents a decrease in 75 counties of 23,780 active job seekers and an increase of 590 in only eight counties during the past four months. This is a net decrease in the state's unemployed of 23,190 persons. The total active files at present comprise 94,896 men and 24,192 women.

The Rev. and Mrs. John Vanderbeek and daughter, Alma, and Vera, Mr. and Mrs. Arthur Vanderbeek and Mr. and Mrs. Louis B. Dalman and children, Harold and Vivian, have returned from a trip to Niagara Falls.

ELECTRIC COOKING HAS COME OF AGE... FACTS BEAR OUT ITS SUPERIORITY

Some women are being denied the benefits of electric cooking because of imaginary, false assumptions. For their information, let it be said, emphatically, that:

Electric Cooking is the perfected, modern way of cooking—but it is not a fad. It's here to stay. Smart housewives everywhere are buying electric ranges proportionately faster than any other kind.

Electric Cooking is cool cooking—but that doesn't mean it's slow. You can cook a whole meal as quick—or quicker—as you can with any other fuel.

Electric Cooking turns out tastier food, deliciously cooked, and of healthier goodness—but that doesn't mean it is a more difficult way of cooking. On the contrary, it's the easiest of all cooking methods.

It's a Snap to cook Electrically

You don't have to be in doubt about electric cooking... It has come of age; it needs no arguing. The FACTS are here... You can get them without trouble. So decide today... to investigate the matter. Learn why the whole nation is turning to electric cooking.

IF YOU KNEW WHAT I KNOW ABOUT ROAD MAINTENANCE COSTS

YOU'D DEMAND CONCRETE!

AFTER you've spent years trying to keep so-called "low-cost" roads in passable condition, it's a relief to get assigned to a stretch of concrete. Concrete is easy to maintain—saves the taxpayers real money.

Real money is right! Concrete roads cost \$88 to \$465 per mile per year less for surface maintenance than other pavements. Less to build than any other road of equal load carrying capacity. Less to drive on than lower type pavements.

The Common Council met in regular session and was called to order by the Mayor.

Clerk presented operating report of Michigan Gas & Electric Co. for June and July. Referred to Board of Public Works.

Clerk presented application of Sam Unger, Benton Harbor, for license for one month to peddle rugs.

Referred to License Committee with power to act.

Clerk presented applications and agreements for permission to have their premises connected with the sanitary sewer under the provisions of the C.S.C. signed by Raymond and Tillie Fall, 297 W. 23rd St., also Tiede Hibma, 249 E. 11th St.

Approved.

Clerk presented communication from the Michigan Municipal League calling attention to the Annual Conference to be held in Saginaw Sept. 15, 16 and 17. In this connection it was brought out that the next regular Council meeting would fall on Sept. 15th, which is the opening day of the League Convention and on that day City Attorney Parsons is to give an address before the convention.

It was also stated that other members of the Council might desire to attend this convention and the Mayor recommended that the next regular Council meeting be held on Tuesday evening, Sept. 14th, 1937.

On motion of Ald. Smith, seconded by Oudemool, it was so ordered.

Mayor further suggested that the Council appoint someone to officially represent the City in addition to the City Attorney.

Ald. Smith was delegated to attend along with the City Attorney and City Clerk. It was further suggested that another Alderman might attend in order to make a full carload, and Ald. Oudemool stated that he might be able to get away to go.

Clerk presented petition from residents on W. 9th St., requesting the establishment of a no parking zone on the south side of West 9th St., between Washington and Van Raalte Aves.

Referred to the Street Committee.

Clerk presented petition from the Holland Hotel Co. requesting the Council to pass a resolution authorizing the Michigan Liquor Control Commission to issue licenses for the sale of spirits for consumption on the premises in the City of Holland.

Ald. Brouwer spoke at considerable length in regard to this request. Mr. Brouwer stated that he had heard that this petition was to be presented and had contacted the officials of the Holland Hotel Co. to get their views in the matter. He stated that it was not in the Council's province to decide on either the wet or dry question since that had already been decided and liquor is here.

Under the present system, in addition to beer and light wines, spirits can be purchased by the bottle, and it was Mr. Brouwer's contention that it might be better to license the sale by the glass instead of forcing people to buy a whole bottle of liquor. Mr. Brouwer further stated that at the present time, liquor is being sold by the glass in Saugatuck, Grand Haven and Grand Rapids, and he felt that in justice to the hotel guests and other citizens who are interested in purchasing a glass of liquor, that they be given this opportunity.

Mr. Brouwer further stated that in discussing this matter with the hotel company officials, that it was their plan, if they were permitted to sell spirits by the glass, to open a bar in the present dining room on the main floor, and thereby eliminate the present Beer Stube that is now being operated in the basement. Mr. Brouwer suggested that it might be well for the Council to license perhaps 3 or 4 places in the City of Holland where liquor could be purchased by the glass.

At the conclusion of Mr. Brouwer's speech, it was moved by Ald. Oudemool, seconded by Huyser, That the petition be filed.

Ald. Brouwer, however, offered a substitute motion, which was supported by Ald. Kleis, that the matter be referred to the License Committee to report at the next meeting.

A vote on this substitute motion of Ald. Brouwer that it be referred to the License Committee resulted as follows:

Ayes: Alds. Kleis, Drinkwater, Kalkman, Brouwer, Damsen and Smith—6.

Nays: Alds. Oudemool, Steffens, Huyser, Bultman and Vogelsang—5.

Since under the Rules of the Council, it requires a vote of 7 to pass any resolution, the motion was declared LOST by the Mayor.

Ald. Brouwer then offered a motion that the matter be tabled for 2 weeks. When a vote was taken on this motion it resulted in the same number of Aldermen voting for and against it as on the previous motion.

This motion was also declared LOST by the Mayor.

No further action was taken on the matter by the Council.

Clerk presented petition from Ben H. Lieveens and Chas. J. Cunningham, requesting permission to keep their places of business open until 12 P. M. Mr. Lieveens operates a bowling alley and Mr. Cunningham a pool and billiard room.

Referred to Ordinance Committee with power to act.

Clerk presented application and

bond of Benj. Lieveens for license to operate a bowling alley at 211 Central Ave., upstairs. Mr. Lieveens has a surety bond from the Hartford Accident & Indemnity Co.

Referred to License Committee.

Dr. A. Leenhouts, who was present as a representative and spokesman for the Netherlands Pioneer Historical Foundation, spoke to the Council in regard to the activities of this organization. Dr. Leenhouts stated that at the time of holding their recent celebration commemorating the 90th anniversary of the Colonization of Western Michigan by people from the Netherlands, a board of managers or trustees had been appointed to give the matter further consideration. In discussing this matter, the doctor stated that it was very important to preserve these early records and relics. It was stated that many of the early citizens of this section of Michigan were interested in a permanent organization, and in this connection, have had the co-operation and assistance of the Federal Government in accumulating a considerable amount of data and various kinds of relics for a museum. The doctor stated that the prospect of a permanent museum is very bright, and he felt that such a museum should be located in the City of Holland since this city is the center around which this group of early pioneers should organize. After the doctor had discussed this matter at considerable length, he recommended that a committee of 5 be appointed to work with the Board of Managers of this Foundation in an effort to secure a permanent building to house these historical records and other relics.

On motion of Ald. Bultman, seconded by Steffens, Mayor was instructed to appoint a committee of 5. Note: Mayor later appointed the following members on the committee: Alds. Steffens, Bultman, Oudemool, Huyser and Brouwer.

It was the recommendation of the committee that this bill be allowed as previously agreed by the Council. The committee suggested that the bill be put in line for payment at the next regular meeting of the Council.

Adopted.

Sewer Committee reported having met with the Street Committee relative to the condition of the storm sewers in the vicinity of College and Central Aves., and between 10th and 12th Sts. It was reported that these storm sewers were put in several years ago, and since the city has now paved all these streets, these old sewers are inadequate to handle the storm water at times when there are heavy rains. It was recommended that an additional relief sewer be constructed to relieve this district. Committee recommended that the sewer empty into the large storm sewer on Pine Ave. and 10th St., and be built over the following route:

A 24" pipe on the north side of 12th St., between College and Central Aves.

A 27" pipe along Centennial Park from 12th to 10th Streets.

Music Committee reported that for quite some time the American Legion Band has been working on a project to secure a Band Shell for the City which, it was estimated, will cost approximately \$5,000.00. Committee further reported that in order to get more accurate and definite information, an architect should be engaged to draw up plans and specifications. The cost of such plans and specifications would amount to approximately \$200.00.

After a brief discussion on the matter, it was moved by Ald. Kleis, seconded by Smith, That the City appropriate an amount of \$200.00, for the purpose of having an architect prepare these necessary plans and specifications.

Adopted.

In connection with this matter, it was suggested by Ald. Damsen that the Civic Improvement Committee should also be instructed to act in this matter of a Band Shell together with the Music Committee.

It was so ordered.

Referred to the Street Committee and City Attorney.

City Attorney Parson reported for information of the Council that he has contacted Mr. Van Wagener in regard to such a light and that he had promised to make a survey. He further reported that he was informed by the State Highway Commissioner that the only type of light the State would consider would be the actuated type of light and this is a very expensive proposition. had approved of making W. 8th St. and Van Raalte Ave. a thru street at a previous meeting. However, it was explained that at the time this was brought up before, the matter was referred to the Police Board, and it had not approved it. Mr. Kalkman insisted, however, and moved that the Council now act in making it a thru street. This was supported by Ald. Drinkwater. The motion was LOST, however, by a vote of 9 to 2. It was then moved by Ald. Kleis, seconded by Bultman, that this matter again be referred to the Police Board for its consideration. The motion of Ald. Kleis specified that they consider the matter of making it a thru street from River Ave. to Washington Boulevard.

Carried.

Ald. Damsen reported that his new home on West 24th St. in the 6th Ward is practically completed and that he will be moving out of the 4th Ward within the next few days. Mr. Damsen stated that due

to this fact, he was obliged to tender his resignation. In tendering his resignation, Mr. Damsen stated that he appreciated very much the privilege he had had of serving as an Alderman of the 4th Ward for the last few years and regretted the fact that he was obliged to resign.

On motion of Ald. Kleis, seconded by Kalkman, The resignation was accepted with regrets.

Ald. Drinkwater and Mayor Geerlings and other Aldermen spoke very highly of the services rendered by Ald. Damsen and regretted the fact that he was obliged to terminate his services as Alderman of the 4th Ward. On motion of Ald. Steffens, seconded by Oudemool,

OTTAWA COUNTY TO GET MORE ROADSIDE TABLES

An expansion of the state highway department's roadside development policy during the past year has resulted in the placing of twenty-two picnic tables along the state highways in Ottawa County this summer. This is an increase of six over the number available a year ago.

The state highway department has announced that more tourists than ever before are using the 1,500 roadside tables that have been placed throughout the state. This is a total increase of nearly 600 tables over last year. The tables are located at convenient points along the trunklines where outstanding views or a particularly shady spot are available. A number of these spots, stoves and wells or springs are also provided.

"Counts taken at typical roadside picnic parks and letters we have received from tourists from all parts of the nation indicate that these extra services are deeply appreciated," said state highway commissioner Murray D. Van Wageningen. "Registration also shows that hundreds of Michigan motorists are using these fine picnic facilities as well as tourists from outside the state."

There are fourteen points in Ottawa County where picnic facilities have been provided by the highway department. A list of them showing their location and facilities follows:

## THE SUNDAY SCHOOL

September 12, 1937.  
A Nation Needs Religious Homes  
—Deuteronomy 6:4, 5; 11:19-25.

Henry Geerlings

Much is being said today about the decay of the home. Doubtless we may be led to exaggerate the significance of these evil reports. We may forget that divorces, while appalling in number, are only a small fraction of the total number of marriages. But the most indelible of our age knows that all is not well with this foundation pillar of mankind. It is menaced from without and it is being undermined from within.

When a great institution, like the home, is shaken and totters, we must examine its foundation. There is the strength or the weakness of the superstructure. Is the modern home built upon sand or rock? There is no doubt that many homes are built upon sand. The bond that united the founders of our race is fast disappearing. The sexual attraction, without moral and spiritual sanction, Time and trouble break it and a divorce ends the union of two men and women in spirit and in truth. The children of such homes suffer for the sins of their parents. Like the conjugal bond, so all the domestic bonds—parental, filial and fraternal are loose and brittle.

The only strong and stable foundation of a home is the spirit of Christ. The spirit of love and service that ruled the Master must be incarnate in parents, and dominant in the home. Given such men and women, we shall have homes built upon granite. Without them, palaces of marble and piles of costly masonry will be mere card-houses.

To have Christ in the home means to have His spirit enthroned in the hearts of parents and instilled into the lives of children. It means a home whose atmosphere is spiritual and whose ideals are Christian. The pivot of such a home will be love. There the child will be the greatest; not a plaything or producer, but a personality of infinite worth. In loving service parents will seek the highest good of their children. They will find their richest reward in the character of their sons and daughters.

Homes are profoundly affected by their environment. It is difficult, if not impossible, to establish and maintain a Christian home in an Unchristian society. The conditions that prevail in industry and commerce profoundly affect parents. They determine their means, their leisure—the whole physical and material aspect of domestic life. The conditions that prevail in communal life exercise a similar influence upon children. They determine their education and recreation. Their companions and their conversation. Christian homes demand a Christian community. In the interest of a Christlike life within the homes we dare not be indifferent to the social environment. As a church we must be vitally interested in everything that molds or menaces the life of parents and children.

Homes built upon the solid foundation of the spirit of Christ will produce Christian personalities. Out of them will come our future parents; men and women who will regard marriage vows as a sacred pledge and covenant. They will assume heavy burdens for the joy of ministering unto life. In that loving ministry of sacrificial service they will ripen more and more into Christlikeness.

In such homes the spirit of the

Deuteronomy precepts will be fully kept. Parents will be taught and trained in the truths of religion. And out of such homes good citizens will go forth as a stable and strong foundation of the state. Industry and commerce, business and banking, national and international life—every phase of our complex civilization rises aloft for citizens imbued with the spirit of unselfish love and service.

Such homes typify the life of the kingdom of God. Jesus Himself used the domestic affection and relations to picture the kingdom. Such homes are the nucleus of God's kingdom, and the chief agency for its promotion. Out of our Christian homes the army of God must come for the conquest of the kingdom of this world.

### SOCIETY NEWS

The marriage of Miss Jean Herman, daughter of Mr. and Mrs. J. Hooker of this city, to Richard Hill of Bloomington took place, last Wednesday at 4 o'clock, in the sunken garden at the home of Mr. and Mrs. John G. Eaton of Waukegon. The Rev. William Van't Hoff, pastor of Third Reformed church, performed the single ring ceremony before a background of rockery, palms and ferns, with large baskets of gladioli and other summer flowers adding to the charm. The wedding music was played by a violin trio. The bride, who approached the garden from the home to the strains of the Lohengrin wedding march, was lovely in a deep ivory satin wedding gown fashioned with fitted hip line and flaring skirt with bodice and sleeves of the matching jacket featuring a shirred fullness. A halo of satin held the wedding veil which fell just to the shoulders. She carried an arm bouquet of white lilies. Preceding her was her sister, Miss Mildred Herman, her only attendant. Her gown was of pink tulle, with high neckline, puff sleeves, and fitted hip line. The girdle was of narrow orchid velvet ribbon. She carried a bouquet of pink roses and white flowers tied with a large pink bow. Robert Hill of Bloomington served as best man for his twin brother.

Following congratulations a two-course wedding repast was served to the guests at small tables on the lawn. The bride's table on the terrace was centered with a tiered wedding cake. Later in the afternoon Mr. and Mrs. Hill left on a wedding trip to Chicago and Wisconsin. In the near future, Mr. and Mrs. Hill will be at home in Athens, where Mrs. Hill will continue her teaching in the public schools. ### CANNING FACTORY INSTALLS SIX NEW PEAR MACHINES

The Fennville canning factory is installing 16 new type pear machines, which peel, core, halve and remove the seed cells, all in one operation. Each one requires an operator who will sit in front and with each hand feed the fruit into one of cups, one on each corner of the front. It has always been difficult to successfully remove the seed cells, which was hand work. It is said that a machine will turn out six bushels per hour. A man will be required for the season to service the machines. Barlet pears are now being received, but packing will not begin for awhile, as time is required to mellow them.

### PATIENTS FAVOR GALLSTONES AS SOUVENIRS

Most patients at Holland hospital, it was reported, who have undergone appendix or gallstone operations would rather have a little bag of gallstones for a souvenir than a "pickled appendix," and prefer either one of these to a book full of names. Guest books to be signed by visitors of sick persons are not popular in Holland hospital but instead patients save cards that come with flowers or gifts. Less than 25 per cent of the appendectomy patients save an appendix and at least 50 per cent of gallstone patients save their stones, especially if there are more than 100, it was said.

Funeral services were held Wednesday at 2 p.m. from the Nibbelink-Notier funeral chapel, for Mrs. Lorenzo Lawrence, 72, who died Monday morning at her home on rural route No. 4. The Rev. Fred J. Jones and George Lawrence at home; a daughter, Mrs. Mary Pingley of rural route No. 4; a nephew, Ray Banham of Alto, Mich., and 19 grandchildren.

### HOLLAND LIGHT SYSTEM SPUR TO BALL FANS

Holland experienced a revival of baseball this year. The installation of the high powered lighting system for night baseball brought the national game back to its former high standard in this Dutch port-loving town. The year's attendance to baseball games is the highest of all time. A total of more than 1,200 paid admissions are being received for each contest.

Earlier in the season it appeared as if Holland was to be doomed as a baseball center. With the installation of the lights, the teams developed a better style of ball and the crowds came out to see some real contests. Today Holland is rated as one of the outstanding spots for all times of traveling teams. The Holland fans have seen some of the best baseball that semi-professional talent in the middle west and south has produced this year.

It is planned to have the sport continue until the high school and college need the field for football games. The lighting plant will be used for the Hope college games.

## SUNDAY DINNER Suggestions

By ANN PAGE

FISHER fillets will be a good selection this week for those wishing to balance budgets after week-end extravaganzas. Even people who don't like fish because of bones enjoy boneless fillets. Eggs and cheese also make inexpensive and appetizing main lunch and dinner dishes. Lamb, pork and beef represent the best meat values. Peaches, pears, apples and grapes are abundant. Honeydew melons and huckleberries are the chief members of the melon and berry families in market.

Abundant supplies of a great variety of vegetables continue to come to market including potatoes and sweet potatoes, broccoli, celery, eggplant, peppers and tomatoes.

Seasonable and reasonable foods make up the following menus.
