The A B C

of good eyesight is early and watchful attention to the eyes. Especially is this true where any defect of vision is inherited. It is sad to realize how many lose their sight in later life as the result of neglect in childhood. Defects may be easily corrected now which will grow into serious affliction in time to come if allowed to go uncorrected.

Come to us at the first indication you have that your child's eyes are defective and see what we can do to remedy the trouble.

EXAMINATION FREE.

CITY AND VICINITY.

Over 200 pupils are enrolled in the new christian school.

John Oosting, contractor, is laying a cement walk for William Benjamin on East Eighth street.

Fritch and Thompson have been granted the contract for the plumbing of Van Raalte Memorial hall.

"The best thing ever" is "A Breezy Time" which will be produced at the Lyceum Opera house this evening.

Mr. and Mrs. D. J. TeRoller have moved into the residence of their mother, the late Mrs. D. TeRoller on East Tenth street.

A South Haven man has invented a machine for pitting peaches. It will pare the peach and take the stone out at the same time without bruising the fruit.

Allen F. Harris aged 29 and Rose Lapish aged 23 of Holland; Evert Kammeraad aged 23, and Sena Steffens aged 20, Holland; and Charles Shafer, aged 21, and Edith Parmenter of Conklin have been licensed to wed.

The death of Mrs. Mary Eddy occurred Saturday at the home of Mrs. Rockwood, Tenth and River streets. (Her age was 83 years.) The remains were taken to Ganges for burial Wednesday.

Double daily service has been discontinued on the Graham & Morton Holland and Chicago route. As long as the business warrants daily service will be continued. Steamer will leave Holland for Chicago every night at 9 o'clock and will leave Chicago every night at 8:45.

Blank applications for the bronze medals that the government is presenting to veterans of the Spanish American war may be obtained at the confectionary store of Damson & Calkins, River street. The applications are sent to the adjutant general at Lansing who sends the medals upon receipt of them.

Placing exhibits at the South Ottawa and West Allegan fair proved to be a paying investment for John Schippers of Overisel as his premiums amounted to \$47. He was the heaviest winner but a number of others approached these figures. The total amount paid out for premiums and prizes was about \$1,000 but at that a snug amount still remains in the treasury of the association.

The elocutionists of Michigan will hold a state convention in this city Oct. 31. Prof. J. B. Nykerk of Hope college is president of the state association and he is arranging a fine program, which includes in its oratorical line such notables as Prof. Trueblood. The convention will bring some distinguished men to Holland. The morning and afternoon will be devoted to reading of papers on elocutionary work and in the evening an entertainment will be given. The convention will be held in Winants chapel.

John Stegeman, ex-president of the Allegan county Agricultural society and a well known farmer, was attacked by a vicious bull Monday morning and seriously injured. Mr. Stegeman was going through his barnyard when the bull attacked him, throwing him to the ground and battering him with his head and hoofs. The animal had been deborned or Mr. Stegeman would have been killed. Three of Mr. Stegeman's ribs were cracked and one broken and internal injuries inflicted. Physicians say he will recover.

A farewell reception was held at the home of Mr. and Mrs. M. Beukema, West Third street last Monday evening in honor of Rev. C. M. Duryea, who for the past two years has been pastor of the Wesleyan Methodist church on River street, and who will soon go to Brighton, Mich., to assume the pastorate of a church. About one hundred guests were present and as a token of the esteem in which they hold their pastor a gift was given him in the shape of a substantial sum of money. Remarks touching upon the excellent work done in this city by Rev. Duryea and the friendship felt towards him by the assembled guests were made by John Elferdink, Jr., Fred DeWeerd and E. McCarthy. Rev. E. W. Chapman of Coopersville will succeed Rev. Duryea in this city.

Born to Mr. and Mrs. Bert Klein hekeel, Sunday—a daughter.

Born to Mr. and Mrs. Lane Kleyn, Ninth and Pine streets, Friday, September 12—a son.

Frank Doesburg has returned from the national convention of letter carriers held at Denver and has resumed his duties as carrier.

The News has added to its equipment the Copper Plate series of type for the printing of wedding invitations and fancy stationery.

William DeKline, of Forest Grove, has been granted a prize scholarship by the Northwestern University and will take up his studies there in October. Mr. DeKline was graduated from Hope college last June.

Plainwell has obtained a little notoriety out of the recent action of the village school board. They issued an edict restraining the teachers attending dancing or card parties except on Friday evenings, and prohibiting the use of any slang.

Mrs. J. J. Van Zanten and son left last Thursday for Holland, Mich., taking the boat at Milwaukee. Mr. Van Zanten will be enrolled as a student at Hope college for the coming term. Mrs. Van Zanten expects to visit with relatives at Holland and Grand Rapids for a few weeks.—Cedar Grove correspondent to Sheboygan Herald.

Captain Stewart, commander of the steamer City of Milwaukee of the Graham & Morton Line, is slowly convalescing from the severe attack of pleurisy which compelled him to withdraw from active service Aug. 25. Captain Stewart will draw full pay for the entire time between the beginning of his sickness and his return to work next year. Captain Stewart has commanded various steamers on the Chicago-St. Joseph course for nearly ten years.

While one eminent Democrat was asking the county convention last week if anybody ever heard of a corporation or a trust voluntarily raising the wages of employees because of its prosperity, the Atchinson, Topeka & Santa Fe Railroad was doing that very thing—advancing the wages of 6,000 men from 5 to 15 per cent. May we be pardoned for bringing up bitter memories in asking if history records any similar occurrence during the Cleveland's low Tariff administration.—Kingston (Mo.) "Mercury."

Mr. and Mrs. C. R. Brownell, of Burwick City, La., who have been visiting in this city the past summer, left for their home Sunday evening. Mr. Brownell became interested in the sugar beet industry while here and experimented considerably with the beet pulling device invented by a Hamilton man. He has an option on a share in the invention and it is possible that he will soon take steps towards manufacturing the device. He will return north in the spring to look after the matter. Mr. Brownell formerly lived in Hamilton but is now engaged in the cyprus lumbering business in the south and is doing very well.

Twenty members of the Chicago Automobile club came over on the Soo City last Friday night and after breakfasting at Hotel Holland went through to Grand Rapids where they were entertained by the Grand Rapids Automobile club. They had eight machines, the very latest in construction and equipment, and the rakish looking racers attracted a great deal of attention. At Grand Rapids the visitors were royally entertained and so pleased were they with the city that they practically completed arrangements to return and take part in the automobile races at the West Michigan fair. The party returned to this city Sunday afternoon and took the evening boat for Chicago.

Marshal Kamferbeek did a clever piece of detective work last Saturday. A young man named Stevens arrived in town with a bicycle that he tried to sell. His actions attracted the marshal's attention and thinking that something was wrong he took the stranger in charge and subjected him to vigorous questioning. Stevens told that his home was in Alpena and the marshal wired the officers of that city for information. They notified him to hang onto Stevens as he was a much sought man. It appears that Stevens had a way of getting bicycles without paying the full price for them. He would buy them on a contract, pay a small sum down and then sell the wheel without making further payment. He obtained a wheel in Alpena in that manner and will have to face the music now as Sheriff Jones arrived from Alpena Monday and took him back.

Born to Mr. and Mrs. Samuel Hath away, Monday—a daughter.

The Sunday noon train to Grand Rapids on the Pere Marquette has been discontinued.

The Band of Benevolent Workers of the First Reformed church met Wednesday evening at the home of Miss Ella Winter.

The Pere Marquette steamers Nos. 3 and 5 will be taken off the Milwaukee-Ottawa Beach run in about a week.

Allegan Press: Sam Lee, the Chinese laundryman who disappeared so suddenly from Allegan last spring, has started business in Holland, having a partner there.

A new brick building 24x28 feet trimmed with Waverly stone will be erected at the Nineteenth street water station to enclose the electrical driver pump.

Prof. Egbert Winter left Wednesday for Cedar Grove, Wis., to resume his position as superintendent of the Memorial Academy. This is the second year he has been connected with that institution and he has met with great success.

Bert Westerhof, Miss Jennie Westerhof and Gilbert Wieringa, of New Groningen, were driving near the Holland township hall last Sunday evening when one of the automobiles of the Chicago club whizzed by and frightened the horse which shied and overturned the buggy damaging it considerably. No one suffered serious injury.

Newton Askins has resigned his position as foreman in the office of the Ottawa County Times and in partnership with Gerrit Klaassen has opened a job printing office in the rooms formerly occupied by the Ons Vaandel which has been moved to Grand Rapids. Messrs. Askins and Klaassen are experienced job printers and are doing a good business.

The Ottawa and West Kent Agricultural society will hold its annual fair at Berlin October 7 to 10. Not for years has the society been in as good condition as at the present time. The buildings have been improved and placed in first class condition, improvements made on the track and there is still a surplus in the treasury. The premiums have been increased in most departments and several additions have been made, making the list a very complete one. The electric car line runs directly past the grounds.

The ferry business between the Macatawa Bay resorts has been discontinued and both steamers are practically out of commission for the season, the Post Boy being tied up at Harrington's dock. The Harvey Watson was taken to Grand Haven the first of the week where it will be overhauled and placed in condition for next summer. Capt. Harrington, despite the cold weather prevailing the greater part of the summer, has had a fairly good season. He has returned to this city and will now give his coal and wood yard at the foot of Eighth street his personal attention.

Albert Wickstrom, of Grand Rapids, languished in the Holland city jail last Monday night. He was gathered in by Marshal Kamferbeek on the charge of obtaining money by false pretenses. Wickstrom, who has been doing considerable interior decorating in some of the houses in this city, gave the manager of St. Charles hotel an order for forty dollars on John J. Cappon for payment of a board bill. Mr. Cappon owed him no money hence the arrest. [Grand Rapids friends came to Wickstrom's assistance and advanced money enough to get him out of the difficulty and out of jail.]

The Grand Haven city council at a session lasting from 8 o'clock Monday evening until 5:30 Tuesday morning took the final steps in the matter of granting a franchise to the Grand Rapids, Grand Haven & Muskegon Railway company. Besides the mayor, council, city attorney and a number of citizens Vice President Conant, W. W. Churchill and Secretary Franklin were present when the franchise was passed. One proposition embodied in the franchise permits the construction of a swing draw bridge and the other a roll lift draw bridge. In either case the company is to operate the bridge at its own expense and liability, the city agreeing to pay \$1,000 annually towards the expense of operating it. The company has also made arrangements with the Grand Haven Railway company for the purchase of its line and franchise, which gives the Interurban an outlet to Lake Michigan.

Lake and Marine.

Electric lights and telephones are to be put in use shortly on the bottom of Lake Superior. The modern equipment will be devoted to the use of divers employed by Wieland Bros., of Duluth in resurrecting the sunken steamer Thomas Wilson, which lies in 75 feet of water, just outside Duluth harbor. The electrical apparatus will be shipped from Chicago and given a thorough test before being used in the wrecking work. Clusters of lights will be mounted on the helmets of the divers as they work to put the cables under the hull of the wrecked vessel, and constant communication will be maintained with the vessels above through the telephones. The Wilson was sunk by collision with the steamer George Hadley several months ago, nine of her crew drowning when she sank.

NEIGHBORING TOWNS.

Filmore.

After a cold snap of several days we have warm and comfortable weather. If it would continue for some time to ripen up the tomatoes and corn the farmers would indeed be very thankful.

The Graafschap creamery paid 19 cents for butter received during the month of August.

Mrs. Henry Boeve Jr., has been nursing the mumps for the last two weeks with good success.

The whole family of Mr. H. Arens is down with the mumps except Mr. Arens himself.

Three of our farmers had the dog fever for a long time but they are all cured now as Mr. John Larman of Manlius has brought them each a nice shepherd dog.

The most surprised man in our town was Albert Boeve last Friday when his wife presented him with two twin girls. A sign of prosperity to be sure.

West Olive.

It has been so cool here this summer that overcoats were worn.

While the cucumber crop is going down hill the farmers are very busy.

Mr. and Mrs. S. Mountford of Holland passed Sunday with Babcock Bros. and attended the camp meeting.

Mr. St. Clair of Granger, Ohio, is spending a few weeks visiting his brother. He may arrange to move here with his family as our locality is very fascinating to him. It appears same to us.

Mrs. H. Schrieber has been very unwell for some time, but we are pleased to learn that she is improving.

Joe Wiser's new barn raising was done Wednesday. The carpenters expect to have it completed in two weeks. Size 40x50 with gambrel roof.

Rev. W. H. Holcomb delivered his farewell sermon Sunday. Rev. Rork made the announcement that the committee will begin raising money for a new church next week.

Mr. and Mrs. Hopkins of Owosso arrived here last week on a visit with F. N. Hopkins and M. A. Taylor who are relatives.

Where is the beginning of everything, is a question that no man can answer. For a fact, there isn't any.

L. J. Branch and his brother M. A. Branch are meeting with good success in their camp meetings here. Up to Tuesday night they have converted eight to the Church of God, two being from Bangor. A crowd of people from White Cloud and elsewhere are camped here. Their creed is the Bible and any person can have the privilege of asking questions.

Goodman and Pixley have each shipped three carloads of rye from here up to this week. Rye 42 cents.

Wm. Funk of Bangor is the organist of the Church of God. The choir and the music is harmonious.

Elijah Brown of Breedsville, Van Buren Co. visited Wm. Marble last week.

Wm. Marble was in Muskegon Monday purchasing material for his cider mill which will soon be in running order.

Trainmen and conductors on several western and southern roads are voting on the proposition whether they shall ask an advance in wages. It is said no strike is intended.

VICTIM OF PARALYSIS.

Horace Gray, Former Associate Justice of the United States Supreme Court, is Dead.

Lynn, Mass., Sept. 16.—Justice Horace Gray, who retired from the United States supreme bench recently, died at his residence in Nahant Monday morning of paralysis. He had been in poor health for some time. Since his retirement he had been staying at his summer home.

Judge Gray was born in Boston, March 24, 1828, and was graduated from Harvard college in the class of 1843, and from the law school in 1849. He was admitted to the bar in 1851. He was reporter of the supreme judicial court of Massachusetts from 1854 until 1861. He was appointed associate justice of that court in 1864 and chief justice in 1873. President Arthur commissioned him as associate justice of the supreme court of the United States December 19, 1881.

HIS CAREER ENDS.

Death at Batopilas, Mex., of Alexander Shepherd, Ex-Governor of District of Columbia.

Washington, Sept. 13.—A private telegram received here Friday afternoon from Batopilas, Mexico, announces the death there Friday afternoon of Alexander R. Shepherd, who was vice president of the board of public works of the District of Columbia during the territorial government of the District in 1871, and two years later governor of the District. He was 67 years of age. The cause of death was peritonitis, brought on by an attack of appendicitis.

Probate Order.

STATE OF MICHIGAN,
COUNTY OF OTTAWA.

At a session of the Probate Court for the County of Ottawa, holden at the Probate Office, in the City of Grand Haven, in said county, on Thursday, the 11th day of September in the year one thousand nine hundred and two.

Present, EDWARD P. KIRBY, Judge of Probate.

In the matter of the estate of Gerrit Walker, deceased.

On reading and filing the petition duly verified by J. George Van Hees, Administrator of the estate of said deceased, praying for the license of this court to sell certain lands belonging to the estate of Gerrit Walker, deceased, as in said petition described for purposes therein set forth.

Thereupon it is ordered, That Monday, the 22nd day of October next,

at ten o'clock in the forenoon, be assigned for the hearing of said petition, and that the heirs at law of said deceased, and all other persons interested in said estate, are required to appear at a session of said court, then to be holden at the Probate Office in the City of Grand Haven, in said county, and show cause, if any there be, why the prayer of the petitioner should not be granted: And it is further ordered, That said petitioner give notice to the persons interested in said estate, of the pendency of said petition and the hearing thereof by causing a copy of this order to be published in the HOLLAND CITY NEWS, a newspaper printed and circulated in said county of Ottawa, for three successive weeks previous to said day of hearing.

A true copy. Attest.

FANNY DICKINSON Probate Clerk.

Mortgage Sale.

DEFAULT having been made in the conditions of a certain mortgage made by Gerrit Koppel and Magdalene M. Koppel, his wife, of the village of Zealand, Ottawa county, Michigan, to the Zealand State Bank of Zealand, Ottawa County, Michigan, a corporation, dated the 16th day of May, A. D. 1901 and recorded in the office of the register of deeds of Ottawa County, Michigan on the 17th day of May, A. D. 1901 in liber 66 of mortgages on page 377, which said mortgage was duly assigned by said Zealand State Bank to Daniel Fen Cate of Holland City, Michigan by assignment in writing dated the 16th day of July, A. D. 1902 and recorded in the office of the register of deeds of Ottawa County, Michigan, on the 18th day of July, A. D. 1902, in liber 67 of mortgages on page 312; which mortgage contains a power of sale that has become operative by said default and upon which mortgage there is claimed to be due at the time of this notice, the sum of sixteen hundred and six dollars and twenty five cents (\$166.25) and an attorney fee of thirty-five dollars (\$35) provided for in said mortgage and no suit or proceedings at law or in equity having been instituted to recover the money secured by said mortgage or any part thereof.

New therefore, by virtue of the power of sale contained in said mortgage and the statute in such case made and provided, notice is hereby given that on Tuesday, the 21st day of October, A. D. 1902, at three o'clock in the afternoon, I shall sell at public auction to the highest bidder at the north front door of the courthouse in the City of Grand Haven (that being the place where the Circuit Court for said County of Ottawa is held) the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due on said mortgage with six per cent. interest and all legal costs together with an attorney fee of \$35, as provided by law and as covenanted therein. The premises being described in said mortgage as follows, to-wit: All those parts of lots 14 and 15 of block 2 of the recorded plat of the village of Zealand, according to the recorded plat thereof, described as follows, to-wit: Commencing at a point in the north line of said lot fifteen (15) thirty-four (34) feet east of the northwest corner of said lot; running thence east along the north line of said lots one hundred ten and one half (110 1/2) feet; thence south parallel with the west line of said lot fifteen (15) one hundred ninety (190) feet; thence west parallel with the north line of said lots one hundred ten and one half (110 1/2) feet to a point which is thirty-four (34) feet east of the west line of said lot fifteen (15) and thence parallel with the west line of said lot fifteen (15) one hundred and ninety (190) feet to the place of beginning. Dated July 21, A. D. 1902.

FIRE RAGING IN FORESTS.

Large Area of Timber Land in Far Northwest Is Burned Over.

FARMHOUSES AND BARNs DESTROYED.

Fully a Score of Lives Known to Have Been Lost and Several Persons Reported Missing in Fire-Swept District, Which Ranges from British Columbia to the California Line.

Portland, Ore., Sept. 16.—Twenty lives have been lost and it is roughly estimated that \$1,500,000 worth of property has been destroyed during the past week by forest fires in Oregon and Washington. Many more people are missing, but it will not be known how many are dead until reports from remote districts come in. The estimate of the property loss does not include standing timber, but covers sawmills, houses, barns, shops, cordwood and farm implements. Thousands of acres of timber have been burned over, but the destruction of great timber has not been heavy. Relief is being hurried from this city, Tacoma, Seattle and Vancouver, Wash., to those who

TO INCREASE CIRCULATION.

Plans of Secretary Shaw for Easing the Financial Pressure in New York.

Washington, Sept. 15.—Yielding to the demands of the New York banks, Secretary Shaw has announced a plan whereby a total of \$8,200,000 of the treasury holdings will be thrown into immediate circulation. This amount will, it is thought at the treasury department, ease the present Wall street situation and tide over the crop-moving season stringency. Four million of this amount will be released to national banks not government depositories, but which are to be temporarily made such, on the depositing by them in the treasury of what are known as "free" bonds which they may have in their vaults. This amount will be distributed in sums of \$50,000 and over. The additional \$4,200,000 will be put into circulation through anticipating the October interest. This latter plan is not an unusual proceeding on the part of the treasury secretaries.

In addition to these two plans Secretary Shaw says that he is well satisfied with the result of his bond deposit scheme announced some weeks ago, and that treasury presses are now busy printing national bank circulation for something like \$15,000,000 in bonds already deposited. It is

IMPORTANT CONFERENCE.

President Roosevelt and Leading Senators Discuss Policies of Republican Party.

CONFEREES SILENT AS TO RESULT.

Decision Arrived at, It Is Said, Not to Attempt Tariff Revision at Next Session—President to Maintain Attitude as to Trusts and Cuban Reciprocity.

Oyster Bay, N. Y., Sept. 17.—Senators Hanna, Spooner, Allison, Aldrich and Lodge and Postmaster General Payne spent several hours with President Roosevelt Tuesday and discussed with him the entire political situation, having special reference to the conditions in the western states which the president is to visit on his approaching trip. The parties to the conference were very reticent after they returned from Sagamore Hill, but it can be stated on reliable authority that it was decided to make no attempt to revise the tariff at the coming session of congress; that the president is to maintain his position as to the trusts, and further, that he is to insist in his demand for reciprocity with Cuba. It is understood that he will fully outline his policy regarding this latter question in some of the speeches he is to make on his western trip. It also can be stated on excellent authority that the coal strike was not discussed.

Tariff and Trusts Separate.

It was agreed by all that there will be no adherence to the theory that the tariff can be or should be reduced merely because certain articles were produced by trusts or monopolies. The effort will be made at all times to keep the tariff and the trusts as separate questions to be dealt with on their merits. The plea will be made and insisted upon that any revision or readjustment of the tariff should be made by the friends of protection and not by free traders, and the country will be appealed to not to jeopardize existing prosperity by turning the tariff over to its enemies.

Purpose of the Conference.

The president's purpose in having this conference was to ascertain if there had been any marked political changes in the different sections of the country during the past year. The conference Tuesday, it is said, showed that there had been none. "The conference was entirely harmonious," said one of the gentlemen who participated in it, but who declined his name to be published. "No difference of opinions developed and the president's position on the different questions discussed was endorsed. We talked over the entire political situation, especially that in the states through which the president is to pass. The coal strike was not talked about."

CORN NIPPED BY FROST.

In Iowa, Northern Nebraska, the Dakotas, Minnesota and Wisconsin Crop Is Injured.

Washington Sept. 17.—The agricultural department Tuesday issued the following weekly crop summary:

"The week ending September 15 was unusually cool throughout all districts east of the Rocky mountains, more particularly in the lake region, central valleys and gulf states, with a general absence of rain, or only slight precipitation in the greater part of the area west of the Mississippi river, although heavy rains occurred in portions of Arkansas and Louisiana. Needed rains fell in the Ohio Valley, lake region and middle and South Atlantic states, effectually relieving the drought conditions in those districts.

"More or less damaging frosts occurred on the 12th, 13th and 14th, throughout the northwest, central valleys and lake region and as far south as Arkansas and the northern portion of Mississippi, Alabama and Georgia. The north Pacific coast states continue to need rain, but in other respects the conditions on the Pacific coast were favorable.

"Late corn has been seriously damaged by heavy frosts over the northern portion of the corn belt, more especially to the westward of the Mississippi river, Ohio, Indiana, Illinois, Missouri, and Kansas escaped injury, except in the northern portion where late corn was damaged. In Iowa, northern Nebraska, the Dakotas, Minnesota and Wisconsin early corn has been seriously injured. It is estimated that more than one-half of the crop in Iowa and South Dakota was too far advanced to be seriously hurt, but the bulk of the remainder has been badly damaged.

"Much corn has been cut over the southern portion of the corn belt, where a fine crop is assured.

"The progress made with plowing for fall seeding has been very satisfactory throughout the central valleys, and considerable winter wheat has been sown in Missouri, Kansas and Nebraska. This work, has, however, been much delayed in the interior portions of the middle Atlantic states, and in parts of Tennessee, Oklahoma and Nebraska."

Outlook For Hope College Brighter Than Ever Before.

Every year that passes marks a material advance in Hope college and from present indications the coming year will not only be no exception to the general rule but the advance will be more marked. The outlook never was brighter, the enrollment exceeding that of last year with indications of a still greater increase before many weeks pass.

There are no geographical boundaries to the field from which Hope gets its students. They come from the four cardinal points of the compass attracted by the many advantages, material and moral, offered by this institution.

Wednesday was the day of formal opening and long before 9 o'clock, the hour set for the exercises, the space in front of Winants chapel was crowded by enthusiastic students. Hearty greetings were exchanged and the new students were made to feel perfectly at home.

The students were summoned into the chapel at nine, and, with their friends and citizens of Holland and other places nearby, comfortably filled the hall. There was a liberal number of girls in the audience and their presence was convincing testimony of the popularity of the young ladies department. Dr. G. J. Kollen, president of the college, after reading of scripture introduced Prof. J. T. Bergen who lead in prayer.

The opening address was made by Rev. Mr. Uterwick of New York city. He delivered an inspiring message and if the spirit of it is followed by the students, not only their term at Hope but their whole life will be spent in a useful and noble manner. The address was of a general nature and treated of a great variety of subjects but throughout it all there was a tendency to bring out the thought that the success of every man depended upon the moral and technical training of the individual. Regarding the age in which we live Rev. Uterwick was of the opinion that it is not a military age even though many countries took pride in their large standing armies. In substance the speaker said:

"There is no foundation in fact for the charge that this country is drifting towards imperialism and the cry of militarism is nothing but a bugaboo used to frighten people. Neither is it the literary age for we have no author at present who is capable of producing anything classic. It is not the ecclesiastical age for we do not encounter the domineering of christian dogmatism. It cannot truly be called the commercial age for that term is too narrow, but it may well be termed the industrial age.

"There is a rapid development all along these lines of business. Wealth is rapidly produced and money is rapidly accumulated. And while we are interested in material development, we should be

still more interested in the development of moral energy. We must, most of all, look after the man in the man, the moral, the divine man. You students are here to develop that first of all. Let your ideas be few, but let them be clear. Your purpose should be to develop noble impulses. You are here to learn self control. This course is a discipline for your entire being. It is good discipline not to be allowed to do just as you please. Your aim should be far nobler than is sometimes the case—mere social development. Sociable life certainly needs some attention but do not give it attention at the expense of mind and morals.

"Train your mind to open for the avenues of life. I like to see education closely linked to honest labor of body—a boy must be able to handle a plow, the hammer and saw as well as his studies. Let your college be a hive for industry and never divorce labor from mental drill. While you use your mind you have more liberty than the man in the shop. But put in your full hours. Do not shirk. The right life is a simple, a useful and a spiritual life. The latter implies a deep conviction that there is a God and that he is a rewarder of them that diligently seek him."

The eloquent speech of Rev. Uterwick was greeted with applause. At its close Dr. Kollen welcomed

PROF. E. L. NORTON, PH. D.

in behalf of the students and faculty Prof. E. L. Norton the new professor of Psychology and Pedagogy. Prof. Norton was greeted by a rousing college yell which made him feel entirely at home in his new surroundings.

Prof. Norton is well qualified for the chair he occupies. He is a graduate of Amherst and received his Ph. D. degree from Clarke University. He has also had the advantage of one year's study at Berlin and last year he was connected with the State Normal School.

Senator Beveridge At Grand Rapids.

To those who like to hear the political issues of the day discussed in masterly style the announcement of the coming of Senator Beveridge of Indiana to Grand Rapids, Thursday evening, September 25, will be hailed with delight and doubtless many people from Holland will take advantage of this opportunity to hear this gifted orator.

Two years ago when great men appeared at Grand Rapids to discuss political questions it was necessary to hire special trains to accommodate the Holland people who wished to hear them but it will not be necessary to go to this trouble this year as cars leave for Holland on the Interurban as late as 11 o'clock thus giving ample time to hear the speeches. Senator Beveridge will speak at the Auditorium and already a large number from this city have signified their intention to go to Grand Rapids that evening. The Grand Rapids Herald has the following regarding the senator:

"There are perhaps not more than a half dozen other Republican orators in the country so much in demand as Mr. Beveridge. Although he is next to the youngest man in the senate, he is easily one of the most influential members of that august body. He is thoroughly informed on all public questions, particularly the Philippine problem, which he has studied on the ground. As an orator he has few equals on the platform—indeed it is reported that President Harrison once said that he was the most eloquent political orator he ever heard."

Will Order Them From The Track.

Before the last ticket was taken at the fair, discussion was rife regarding next year's meeting of the South Ottawa and West Allegan association, and the sentiment prevailing everywhere was to the effect that all previous meetings would be eclipsed and that the fair next year would be the greatest ever witnessed in the county.

The men at the head of the enterprise, encouraged by the success attending their efforts this fall, are ready and willing to proceed upon a broader scale than ever before and the people of this section can look forward to a record breaker a year from now.

The consensus of opinion shows that it is the desire of all, whether they be interested in the fair from the standpoint of officers of the association or from the standpoint of patrons to raise the standard of the racing program. If the plans of the progressive element is followed purses will be hung up that will attract the best string of horses following the circuit and the races will be on a par with those given at the state fair and at the West Michigan fair at Grand Rapids.

This means that the day of fixed races is passed, that if a driver pulls his horse he will be taken from the sulky, that from ten to fifteen horses will start in every event and that if the owners do not get into the game square the fair officials will be in a position to be independent and to order them from the track.

Ribbons Caught In Vines And Strangled Child.

Mr. and Mrs. Bert VandenBrink, 137 West Fifteenth street, are mourning on account of the death of their 18 months old child who while playing in the yard near the house last Monday morning, met death as the result of a peculiar accident.

The little boy was standing on a box reaching for grapes when the box overturned and he fell. Unfortunately the ribbons of his hood became entangled in the vines and he was suspended by the neck. Nearly thirty minutes elapsed before the mother, who became concerned over his disappearance, was told by his 4 year old sister that the baby was sleeping by the grapevines. She found the little fellow hanging in the vines to all appearances dead, and horrified by the situation summoned Dr. Everett who upon examination told the heartbroken mother that the child was dead. It is thought that the ribbons tightened around the little fellow's neck as soon as he fell thus preventing a warning outcry.

The funeral services were held Wednesday afternoon from the Fourth Reformed church, Rev. A. W. DeJong officiating.

Circuit Court. The Nichols Case.

Circuit court convened Monday afternoon in Grand Haven, Judge Padgham presiding. The following outside lawyers were present: C. E. Smedley, Myron H. Walker, Gustave Wolf, Frank Rodgers, Attorney Ward, Wesley W. Hyde, Attorney Eastman, Attorney John S. McDonald of Grand Rapids; P. H. McBride, Chas. McBride of Holland; Attorney Kerwin, Geo. E. Nichols, A. A. Ellis and Royal A. Hawley of Ionia.

In the matter of Cornelius N. Phernambue, for violation of the pure food law, fined \$50 and \$20.00 costs, which was paid at once.

Considerable surprise was created Monday afternoon about 4 o'clock when attorneys Ellis and Hawley accompanied by George E. Nichols of Ionia, charged with subornation of perjury in connection with the celebrated Grand Rapids water scandal case, appeared before Judge Padgham and gave notice of a motion to exclude Assistant Prosecuting Attorney Charles E. Ward and Wesley W. Hyde from the case as attorneys for the prosecution. Bias and prejudice are charged, and in addition the reason for this action of the defense is given that Attorneys Hyde and Ward are practically witnesses on the information in the case and should therefore be barred from appearance as legal counsel. Between 25 and 30 affidavits were produced to support the contention of the defense.

Mr. Hyde arose and stated to the court, that, although surprised, as the attorneys for the prosecution had not been apprised of the nature of the allegations in the affidavits, time would be asked for in order to prepare counter affidavits. After considerable argument, Judge Padgham at 5:30 announced that he would hear the motion at length and the answer of the prosecution Thursday afternoon.

Three Funerals.

Once upon a time a crowd of small boys saw a pile of old cans some distance from the roadside, near a little town in Northern Ohio. A sign near the spot informed the passers-by that the cans had formerly contained nitroglycerine.

The small boys, however, were looking for trouble. The ringleader of the gang thought it would be a huge joke to see one of them explode. He knew the immediate results of a charge dropped down a gas well but he had never seen any of the stuff go off on top of the earth.

A few of the other boys were also looking for trouble. They had no intention of injuring themselves or other mother's sons, but they just wanted a little excitement. They wanted to disturb the neighborhood—to cause a little stir—to attract attention.

So the ringleader, being more bold than the rest, thought it would be a good joke to shy a stone over in the direction of the glycerine cans. The

first stone rolled nearly up to the cans. Then the other boys whirled a rock in the self-same way.

Finally, becoming emboldened, the large boy swung his arm with all his force.

The three funerals were held the following day.

So it is with this Tariff agitation. It is dangerous to monkey with it. Some little defects may require remedying. But on the whole we much prefer the present to the "revision" they gave us from 1892 to 1896.

It is a pretty good policy in most cases to let well enough alone. If there is to be revision let the friends of protection and not the friends of free trade do the revising.—Joliet "Republican."

Successful Fair.

The fair officials are gratified with the attendance at last week's fair and will have money left after paying all premiums and expenses.

The amusements in the line of side shows and novel attractions were better this year than ever before and the success attending them has encouraged the officials to proceed on a broader scale next season. The best show on the grounds was that given by Rademaker and Cargill and Gardinella Bros. on the platform opposite the grandstand. These men are experts in Greek posing and acrobatic feats and proved to be winning cards.

The novelty race, in which each driver had to harness his horse, drive it a half mile and unharness it, proved an exciting feature and occasioned much merriment. It was won by Mr. VandenBeld, who drove a fast grey to victory. J. DePree was second; Kulte, third; Timmerman, fourth; and Everhart was an also ran. The other races resulted as follows:

McKinley Memorial Services.

Impressive memorial services were held in Hope church last Sunday evening in honor of the lamented ex-president McKinley.

Dr. G. J. Kollen, president of Hope college, in opening the meeting stated that a nation was in danger of becoming engrossed in material thoughts and material things to such an extent that the times for sorrow and mourning were forgotten and that it was therefore fitting that lest we forget our nation's dead it was well to speak about the life of William McKinley.

Dr. J. W. Beardslee of the Western Theological seminary followed in a short address in which he said in part:

"While we had other conspicuous characters in American history, McKinley was pre-eminently conspicuous because there was in his character an element of nobility, of pure, sincere christian morals that commanded the respect of every citizen. His was such that we cannot think of him apart from his great christian principles. McKinley was not the greatest president we had, but he was great at least in this that his moral principles were so predominant in him, through his constant study of the principles taught by the gospel of Christ. In this respect he was equal to England's 'grand old man'—W. E. Gladstone."

Mrs. Wing sang "Thy Will Be Done" and the exercises closed with an eloquent tribute to the honored dead by Hon. G. J. Diekema. He said in part:

"It is a year ago that our wheels of industry were stopped and our nation gathered around the bier of one of its immortal sons. It is, therefore, fitting that we study the life, the influence, the labors and works of our departed president.

"State and church are separated in our country; yet religion and good government are never divorced. I believe that the life considered is the noblest example we can produce in this country as a christian politician. And while it is too early to measure the influence of this great man, yet we see even now outlines that are so distinct as to stand out in bold relief. One of these is character, founded upon true religion. He loved man but he loved God better than man.

"Character is the foundation of life's structure but it must be built upon pure religion to be secure.

"He was a patriot. He loved his country and its flag. It was this virtue that led the Jews to return from captivity, and, with trowel in one hand and weapon in the other to rebuild their walls. It was this motive that prompted Wm. the Silent to redeem the lowlands from King Philip. What what we need in our nation is patriotism. Wm. McKinley was industrious and he was a man of integrity. These qualities combined make him an example worthy of emulation by our young people. It is these qualities that causes our memory to cling so fondly to his ashes."

The schooner Mary Ludwig is in the hands of the law. She was driven to this port for shelter in the recent storm and has been here since, being seized by the officers on a mortgage held by Capt. Harry Raffenaud, who sold the schooner to Capt. Spooner of South Haven a few years ago and was given a mortgage for \$400 in part payment. Capt. Frank Van Ry acting as the mortgagor's agent, took possession of the schooner. Diekema & Kollen are the attorneys in the case.

Frank Fox, the young man who mysteriously disappeared from here last spring leaving his wife in destitute circumstances, committed suicide in Omaha, Neb., last week by shooting himself through the head. At the time of his disappearance Fox was employed as baker by Will Botsford having come here from Grand Haven in April. Sheriff Dykhuus has been holding a warrant for his arrest for some time. He was a young man about 25 years old and was a charter member of Grand Haven Court No. 1826 Independent Order of Foresters, and held a \$2,000 policy in that order. Mrs. Fox with her infant child lives in rooms over De Wachter printing office. She was greatly shocked to hear of her husband's death.

Holkeboer & Co have taken the contract for the construction of a house for Attorney G. W. Kooyers on East Twenty-fifth street.

Harry A. Melborn, the two year old child of Mr. and Mrs. Daniel Melborn died Tuesday at the home of its parents at Evanston Park.

Rev. James F. Zwemer has returned from a trip through Wisconsin, Illinois and Indiana, taken in the interests of the Western Theological seminary.

The Grand Rapids Presbytery at a session held in Ludington this week gave the Rev. M. H. G. Van der Valk of Immanuel church Muskegon a signed statement of vindication and honorable dismissal from the Presbytery. The presbytery vindicated the minister of the charge of misrepresenting his former standing in the ministry in order to be admitted to the Presbyterian denomination. In regard to the charge of drinking, Rev. Mr. Vander Valk admitted his guilt and declared his intention to lead a life of total abstinence hereafter. The presbytery granted him a letter of dismissal to the state church in the Netherlands.

June is not the only time of the year for weddings. September is a pretty good month. Furniture dealers will tell you this and they ought to know for after the knot is tied it is to the furniture stores that the eyes of the new couples turn. In this city James A. Brower's store on River street seems to be the objective point of prospective housekeepers, and those who go there are always glad of their choice for they get the best chairs, rugs, draperies etc. and are not put to heavy expense as the prices are low.

Died.

On Sept. 18 at 10 a. m., Mrs. Elisha Kellogg peacefully passed away at the age of 82 years 9 months and 9 days at the home of her son George Kellogg, 51 East Fourteenth street.

After a private funeral from the house on Saturday at 10 a. m. the remains will be taken to Grand Rapids for interment.

Born at Georgia, Vermont, Dec. 26, 1819, she moved to Grand Rapids in the pioneer days and for the last 16 years made Holland her home. She bore the burdens of life in full and tasted both its sweet and bitter. Her children and friends mourn her as a typical woman of past days, full of indomitable courage and tenacity of purpose, a good mother and a loving friend. May she rest in peace!

DECLINES RENOMINATION

Speaker Henderson, of Iowa, Refuses to Run for Re-election to Congress.

SO NOTIFIES PEOPLE OF HIS DISTRICT.

Says That His Views on the Tariff and Trust Questions Are at Variance with Those of the Republican Party in the State—Gossip Regarding His Successor.

Dubuque, Ia., Sept. 17.—Speaker Henderson, finding that his views in respect to the treatment of trusts by reducing the tariff in whole or in part, are not in accord with the views of many of his party in Iowa, has declined to accept the nomination for congress, and has withdrawn from the race. The following letter was addressed to C. E. Albrook, chairman of the notification committee, Eldorado, Ia., by Mr. Henderson:

"My Dear Sir: I have never answered the kind note communicated by you and your associates advising me of my nomination for the eleventh time by acclamation as the republican candidate for congress for the Third congressional district of Iowa. Reported conditions in the public mind

HON. D. B. HENDERSON, Of Iowa.

in my district upon public policies, induced me to make this delay. Since my return to the district I have made a careful study as to the sentiment in the district and state, and I believe there is no little sentiment, and a growing sentiment, among republicans, that I do not truly represent their views on the tariff question. Believing this condition to exist, and knowing that I do not agree with many of my people that trusts, to which I am and have been opposed, can be cured, or the people benefited by free trade, in whole or in part, I must decline to accept the nomination so generously and enthusiastically made. I have devoted 20 of the best years of my life to the service of my people and my country, and I have fought for what I believed to be best for the farmer, the laborer, and the business interests of this district and state. I am grateful for the devotion that has ever been accorded me and, to the hour of my death, I will hold in a grateful heart the memory of that devotion. I will give, later on, in some detail, my views and convictions on our conditions and on public questions, and will state my reasons why the republican party and its policies should continue in the confidence of the voters of the United States, and why the doctrines of the democracy should find no lodgment in the faith and teachings of the republican party. Very truly yours,

"D. B. HENDERSON."
Refuses to Consider Withdrawal.
Des Moines, Ia., Sept. 17.—Speaker Henderson refused to reconsider his withdrawal from the congressional race in the Third district. Wednesday morning the following telegraphic reply was received in response to a request to reconsider his action:

Dubuque, Ia., Sept. 16.—Messrs. Lafe Young and S. W. Rathbun, Des Moines, Ia.: Your joint telegram sincerely appreciated, but cannot reconsider, for, after an age spent in fighting for my country, state and district, I cannot acquiesce in administering free trade poison to cure the trust evil, which I abhor. (Signed) D. B. Henderson.

Secretary Shaw's Statement.
Washington, Sept. 17.—Secretary Shaw said Wednesday in commenting further upon Speaker Henderson's declination of a renomination, that while he refrained either from criticizing or justifying the speaker's course, he considered it of very great importance and due to Gen. Henderson that his position be not misunderstood.

"Either many newspapers misunderstand Gen. Henderson's position, or I do. I understand him to stand pat on the tariff plank of the Iowa platform, which favors such revisions as changed conditions made advisable. In his address to the republican voters of the Third Iowa district he says:

"While I have been against a general revision, I have never been opposed to making needed changes, and I am not now."

"Nor do I understand him to object to the anti-trust plank which is in a different section of the state platform, and which only declares against allowing the tariff to become a shelter for trusts. It goes no further than intimating that such a thing may occur. It does not say such a thing does exist. Commenting on this plank in his address, the general says: 'It is a bold declaration that if modifications of the tariff are required to prevent monopoly from sheltering itself under the wings of protection, then tariff

shall be modified to prevent that condition.'

"As I understand him, he finds himself unable to agree with the interpretation placed upon this plank by many of his constituents and firm party friends. To what if any extent the republicans of Iowa are advocating a removal of the tariff on trust made or controlled goods as a remedial measure I am unable to speak. I think Gen. Henderson's friends ought to see to it that his position be correctly interpreted to the people, and that he be not placed in the false light of having declined to be a candidate for congress because opposed, to use the language of the Iowa platform, 'to such changes in the tariff from time to time as becomes advisable through the progress of our industries and their changed relations to the commerce of the world.'"

The Speakership.

In view of Gen. Henderson's determination, some gossip was indulged in as to his successor as speaker in the event of republican success at the polls in November. Representative Cannon, of Illinois, no doubt will be a candidate for the position, with a strong competitor in Representative Sherman, of New York; Messrs. Grosvenor, of Ohio, and Littlefield, of Maine, also are mentioned as among those who may be forced to the front by their friends in the speakership contest, although most public men thought either Mr. Cannon or Mr. Sherman the more probable choice of the house.

Various names are suggested by Iowa republicans here as candidates for the speaker's seat, among them being Mr. Courtwright, who formerly has been in the race for the nomination; C. E. Hickett, Charles Albrook and J. H. Funk.

INVESTIGATING THE FACTS.

New York Police Working to Disclose Exact Cause of Death of Nicholas Fish.

New York, Sept. 17.—Investigation into the facts surrounding the death of Nicholas Fish, the banker, which followed an altercation in a saloon, Monday evening, is being pushed with great vigor, with a view to having all possible light thrown upon the case at the inquest Friday.

According to Assistant District Attorney Garvan, Mrs. Margaret Pickles, a sister of Mrs. Casey, who is said to have been in the company of Mrs. Casey and Mrs. Phillips when Fish was struck by Sharkey, located in Boston and arrangements are being made to have the woman in this city during the inquest. Mr. Garvan said that he believed her evidence would go a long way in clearing up the mystery.

At the home of Nicholas Fish it was said that Mrs. Fish had recovered from the first shock which her husband's untimely death caused her, and was now resting quietly. Mrs. Fish has been confined to her bed since Tuesday morning.

Capt. Titus, of the detective bureau, said Wednesday that he did not believe that there was anything in the story circulated Wednesday that Mr. Fish's death was due to a plot. He thought that there had been no intent to kill and that the person who struck Mr. Fish had underestimated the force he used.

MYSTERIOUS ASSAULT.

Man and Wife Almost Killed Near Superior, Mont., by Unknown Parties.

St. Paul, Minn., Sept. 17.—A special to the Dispatch from Missoula, Mont., says:

Ira Pressley and his wife, whose home ranch is near Superior, are at Parson's hospital in this city, both near death, and unable to tell who wounded them. Pressley's throat is cut from ear to ear, and the woman is unconscious from a blow on the head that caused contusion of the skull. The man is conscious, and says he was in bed when his throat was cut, but says he does not know who did the cutting. How Pressley has continued to live during the past 24 hours is a wonder. His windpipe is completely severed and esophagus cut through clear to the back, and the head is almost half severed. By pressing the chin down toward the chest in such a manner as to bring the severed windpipe together, the man can speak in a barely audible voice, and in this manner was able to answer a few questions. He denies having any trouble with his wife.

Continuing Inquiry.

St. Louis, Sept. 17.—The grand jury continued its inquiry into the boodling methods of certain municipal legislators Wednesday. John J. Burke, whose testimony most interested the grand jury Tuesday afternoon, appeared again for further questioning. Burke is not a member of the present combine and was not a member of the combine which passed the lighting bill in the last house, but he is believed to know about the recent movements of Speaker Charles F. Kelly, whom, above all other persons, the grand jury desires to find.

Reports to the Vatican.

Rome, Sept. 17.—Mgr. Enrique Perez, procurator of the Spanish Peconette fathers in Rome, has presented a voluminous report to the vatican, contending that his order in the Philippines is the victim of much injustice and libel and claiming its right to remain there and be protected by the government.

Colorado Springs, Col., Sept. 17.—The National Association of Irrigation Engineers will hold a convention in this city October 6 to 9, during the tenth annual meeting of the national irrigation congress. All civil engineers are invited to attend the convention.

SITUATION IS CRITICAL.

President Castro, of Venezuela, Is Forced to Retreat Before Advancing Revolutionists.

REPORT OF REBEL VICTORY CONFIRMED

Recent Advances Give News of Battle of September 11, Resulting in Defeat of Government Troops—Soldiers Reported Rapidly Deserting to Ranks of Revolutionists.

Willemstad, Island of Curacao, Sept. 17.—President Castro, of Venezuela, has retreated from Ocumare before the advance of the revolutionists. The Venezuelan government's situation is critical.

Recent advices received from Venezuela confirm the dispatches from Willemstad of Friday, September 12. The battle which, as then announced, began September 11 in the vicinity of Tinaquillo, Venezuela, between 4,000 revolutionists under the command of Gens. Mendoza, Batalla, and Riera, and government forces of about the same strength, led by the Venezuelan minister of war, Gen. Garrido, resulted in the defeat of the government's forces, and not in a victory for the latter, as announced in a dispatch from Torres Cardenas, secretary of President Castro, which set forth that Gen. Mendoza's army had been annihilated September 8, near Tinaquillo. The engagement of that date, as cabled from here September 12, was only an advance guard fight of no importance. The real battle began September 11 and lasted four days, after which Gen. Garrido retreated on Valencia, and eventually entered that city September 15, with about 2,000 men, leaving the road free for the further advance on Caracas for the revolution army under Gens. Mendoza, Riera and Latalla.

The only other government army in the field is the one which is under the personal command of President Castro, who, a few days ago, was at Ocumare, about 45 miles south of Caracas, and was sending out scouts looking for the advance guard of the army of Gen. Matos, the revolutionary leader. The president later abandoned his position precipitately before the advance of the revolutionists, who occupied Ocumare.

The president retreated from Ocumare to Charayava and then to Guyaba, about four hours' march from Caracas.

According to reports the president intends to move his army to a point near Valencia; join forces with the troops under Gen. Garrido and attack the revolutionary army commanded by Gen. Mendoza.

From all points are reported desertions of government soldiers to the ranks of the revolutionists and the general impression in Venezuela is that the last important event of the revolution is approaching.

FIFTEEN VICTIMS BURIED.

Fire Along Lewis River, Washington, Practically Dead—Fire Situation in Wyoming.

Kalama, Wash., Sept. 17.—Fifteen of the victims of the Lewis river fire have been interred at Murray's, 27 miles above Woodland.

The fire has practically died out, and relief parties are taking food and clothing with pack horses. Most of the sufferers have congregated at Murray's, where supplies are being distributed.

Cheyenne, Wyo., Sept. 17.—A telephone message from Grand Encampment says the forest fire situation is growing more alarming along the Wyoming-Colorado line. The residents of Pearl, Col., and Encampment fear that unless the fires are soon checked the towns may be wiped out. The fires are creeping dangerously close to the mining camps and ranching settlements, and while no loss of life has been reported, it is feared isolated miners, prospectors and sheep herders may get caught in the sea of flames sweeping over the district and perish before aid can reach them.

Condemns Speech.

Paris, Sept. 17.—The Figaro Wednesday morning severely condemned the speech of Minister of Marine Pelletan, at Bizerta, Tunis, which it says in another mouth would be laughable and which in the mouth of the minister is intolerable. "As head of the navy," says the Figaro, "M. Pelletan's place is in the ministry of marine; not at banquets. If he is not conscious of this, the president of the council should remind him of it. His repeating that he remains in office what he was previous to taking office will convince everybody that he is unworthy to continue in the ministry."

Brewers Adjourn.

Milwaukee, Sept. 17.—The convention of the Brewers' Association of the United States came to a close Wednesday with a visit to the breweries and a pleasure trip to Whitefish Bay. No business was transacted.

Prominent Pension Attorney Dead.

Bath, N. Y., Sept. 17.—Maj. Robert A. Dimmick, at one time a prominent pension attorney at Washington, D. C., is dead at the state soldiers' home here, aged 70 years. The remains will be sent to Washington for burial.

To Be Restored to Chinese.

London, Sept. 17.—A dispatch to a news agency from Peking says the restoration to the Chinese of the southern province of Manchuria and the New Chwang railroad will occur October 8.

A Fatal Mistake

IS OFTEN MADE BY THE WISEST OF HOLLAND PEOPLE.

It's a fatal mistake to neglect backache. Backache is the first symptom of kidney ills. Serious complications follow. Doan's Kidney Pills cure them promptly. Don't delay until too late. Until it becomes diabetes—Bright's disease. Read what a Holland citizen says:

Mrs. D. Van Houten, of 287 West Thirteenth street, says: "I had constant heavy aching pains through the loins, in the muscles of my back and under the shoulder blades. My back tired easily from exertion and if I stooped or lifted anything heavy, sharp twinges caught me in the region of my kidneys. I could not rest comfortably in any position and when I first got up mornings I felt as tired and worn out as I was the night previous. I tried a great many remedies but if any of them benefited me it was very temporary. I was advised to use Doan's Kidney Pills and went to J. O. Doan's drug store and got a box. I did not take them long before I noticed an improvement which steadily continued until I was in good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no substitute.

When once liberated within your system, it produces a most wonderful effect. It's worth one's last dollar to feel the pleasure of life that comes by taking Rocky Mountain Tea.

ODD FELLOWS PARADE.

Feature of Third Day of Convention of Sovereign Grand Lodge at Des Moines.

Des Moines, Ia., Sept. 17.—The feature of the third day of the sovereign grand lodge of Odd Fellows was the parade Wednesday afternoon, in which 25,000 men participated. The parade was reviewed by Gov. Cummins, Mayor Brenton, Grand Sire Goodwin and Past Grand Sire Cable. Rain in the forenoon marred the day to some extent, but the parade was had according to plans. Gen. E. E. Lambert, of Newton, Ia., was grand marshal. The patriarchs militant, to the number of 3,000, commanded by Gen. M. A. Ramsey, of Iowa, headed the parade. Following were over 20,000 Odd Fellows, with John B. Cockrum, of Indiana, as chief marshal of that division. The sovereign grand lodge officers and grand representatives rode in carriages at the head of the parade.

The grand band contest occurred in the evening, with two dozen bands entered. Prizes aggregating \$500 were offered for the best bands. Following this was a reception and banquet, with 600 covers laid. Life Young acted as toastmaster, and toasts were responded to by Gov. Cummins, Grand Sire Goodwin, Past Grand Sire Cable and other notables. The place of next year's convention will be selected Thursday, with Hot Springs, Ark., in the lead. Only one business session was held Wednesday, owing to the parade, and only routine business transacted.

Coming to America.

Copenhagen, Sept. 17.—The crown prince of Siam, Chulalongkorn Vajiravudh, has arrived here. King Christian gave a dinner in his honor. The crown prince sails from Southampton for New York October 3. He will visit President Roosevelt, make a two months' tour of America and will then sail for Japan and home.

At the Point of Death.

Los Angeles, Cal., Sept. 17.—United States Senator Thomas Bard still lies at the point of death from typhoid pneumonia. His physicians have little hope of his recovery. There was little change in his condition Wednesday morning. He passed a restless night and slept but little, but apparently held his own.

A MINE HORROR.

Seventeen Men Killed by an Explosion in a Colliery Near Bluefield, W. Va.

Bluefield, W. Va., Sept. 16.—Seventeen men were killed in the Big Four mine of the Algoma Coal and Coke company by an explosion of gas and gunpowder Monday morning. Eleven bodies have been taken from the mine, and six more have been located, and will be removed as soon as the mine clears a little. The bodies so far recovered are those of negroes, except that of one white engineer named James Lester. It is almost certain that the 17 men now accounted for and two who escaped are all that were in the workings.

The explosion is said to have been caused by an accumulation of gas catching on fire from the lamp of a miner who was going to work, and this in turn fired six kegs of blasting powder that had been stored back in the mines. The explosion knocked down all of the brattices for a quarter of a mile back towards the mine entrance.

Burial of Mr. and Mrs. Fair.

San Francisco, Sept. 13.—The bodies of Mr. and Mrs. Charles Fair arrived in San Francisco and were interred Friday afternoon in Laurel Hill cemetery. The services were simple and attended by relatives and a few intimate friends only.

Fishermen Drowned.

London, Sept. 16.—A telegram from Calais, France, Monday announced that nine vessels of the French cod fleet foundered in the North sea during the recent gales, and that 50 fishermen were drowned.

MANGE IN CATTLE.

Small Dipping Plant For Ordinary Farm Use.

Of the various dipping plants in use there are the small dipping plant, which is inexpensive and suitable for use by a community of farmers, and the larger dipping plant, with swimming tank, such as would be needed if large numbers of range cattle are to be treated. A suitable plant for a community of farmers has been built for \$150, while a swimming tank will cost \$350.

A plant which seems to be an admirable example of the smaller kind was built, with the exception of the tank, by farmers. A thrashing engine was used for heating purposes by connecting a 1 1/4 inch pipe to the whistle intake, the whistle being removed and the pipe joined to the union. The plant

has a capacity of 200 head per day. Its cost, without engine or labor, excepting the labor to build the tank or vat, was \$150. One person can easily lower the cage when loaded by taking a hitch around a post, and it may be raised, as shown in the illustration, either with engine or horses.

A plant of this capacity will answer very well in a community where various owners have bunches of cattle ranging from 80 to 100 head or less. Its chief advantage over the swimming tank is cheapness in construction because of its size.

In communities where mange exists or even where numbers of small herds are infected with lice a plant of this character might be constructed and used with profit to the cattlemen. Specifications of material for this plant, as well as further information in regard to dipping plants and scabies in cattle, occur in farmer's bulletin No. 152, by Dr. R. W. Hickman.

Handy on the Corn Wagon.

The illustration and description of a scoop board for unloading corn and other things has been presented by a correspondent in Ohio Farmer as follows: When in position, the hind end of the device is elevated several inches so that the ears of corn will not roll down under foot. It can be taken along to the field for the purpose of throwing in sorted corn or can be left at the crib. It can be taken off by merely lifting up the hind end so as to

let the block on the end of the side bar pass under the cleat of its front end and then pull it back and it will slide out as easily as an end gate. There are no chains to loosen or hooks to unhook. It needs no blacksmith work. Any farmer can make one to fit his own wagon. It is very convenient in cornhusking times; far superior to a board set in the wagon bed to start to scoop on.

Cowpeas at the North.

If cowpeas are planted this far north about the 1st of June, the early varieties will be right to turn hogs on the last half of August and will furnish the right food at this time to finish on new corn, and the ground may be seeded with winter wheat afterward without any preparation, if a disk drill is used, or rye may be seeded for a green winter cover crop and turned under for spring crop, especially potatoes. For beginners I would advise: Get seed that will mature in your latitude, or farther north; drill fifteen pounds per acre in rows thirty to thirty-six inches apart, and cultivate clean until vines interfere. A few years' trial with cowpeas will suggest many ways to utilize them to good advantage on every farm.—E. F. D., Leesburg, Ind.

Cuttings and Grafts.

It is a good idea to cut timber and fencing stuff in August. It dries out quickly and becomes hard.

August is a first rate month to destroy bushes and briars of all kinds.

It is a good time to lay drains and dig ditches.

Spraying is still in order.

Cut all the seed bearing plants in the asparagus beds before the seeds begin to fall.

Bordeaux mixture is the best remedy for late potato blight.

Pinch back the new shoots of blackberries.

Scrape the rough bark from the young fruit trees.

A dry time in August is the time to kill weeds.

August sown rye makes good fall pasture.

Sow late peas and lettuce.

PROPOSED GRAVELING OF SEVENTEENTH STREET SPECIAL STREET ASSESSMENT DISTRICT.

Clerk's Office, Holland, Mich., Sept. 10, 1902.

NOTICE IS HEREBY GIVEN, That the common council of the city of Holland has caused to be made and deposited with the city clerk, for examination, the profile, diagram and estimate of cost of the proposed graveling of Seventeenth Street, between Land street and Ottawa avenue, in the city of Holland, pursuant to grade and profile adopted by the common council in connection with the proposed improvement, that a road bed twenty-four feet wide through the center and the whole length of said part of said Seventeenth street be covered with gravel of the kind used on Fifteenth street, to an average thickness of nine inches, so spread that when finished it will be twelve inches thick in the center and six inches thick on the sides; that the whole of the cost and expense of said work and improvement be defrayed by special assessment upon the lots and lands or parts of lots and lands, abutting on said part of said Seventeenth street; provided, however, that the cost of improving street intersections on said part of said Seventeenth street be assessed against the city of Holland and paid from the general fund of the city; that the lands, lots and premises upon which said special assessment shall be levied shall include all private lots, lands and premises abutting on said part of said street in the city of Holland; also the streets intersections where Seventeenth street intersects other streets; all of which lots, lands and premises are herein set forth, to be designated and declared to constitute a special assessment district for the purpose of special assessment, to defray the cost and expense of graveling said part of said Seventeenth street, in the manner hereinbefore set forth, said district to be known and designated as the "Seventeenth street special street assessment district N" in the city of Holland.

That said improvement was determined upon by the common council of the city of Holland Sept 9th, 1902; that on Tuesday, September 30 A. D. 1902, at 7:30 o'clock p. m., the common council will meet at their rooms to consider any objections that may be made to said assessment district, and to the improvement, estimate, plans and profile.

Sporting News

The Battle Creek club will be here tomorrow afternoon at 3:30 and as it has strengthened its weak spots with players secured from the other state league teams the contest will be fast.

Glen Andrews, Holland's shortstop, will not be seen in uniform again this season. He has entered the Ferris college in Big Rapids and will take a course in pharmacy. Andrews is undoubtedly one of the best infield men in the state and the best shortstop in the state league teams or the independent league teams. Not only does he field his position well but he is good at the bat and his name was first on Holland's list the greater part of the season. No one excelled him as a base runner and his clever steals netted Holland more than one close game. It is the hope of the fans that he will sign with the Holland team next season. For the remainder of this season Manager DePree has secured Havill of the Flint league team in his place.

The Monarchs defeated the Star Greens at the Fair Tuesday by a score of 19 to 9. Batteries: Westhook and Dyke; Heath and Fik. The feature of the game was Westhook pitching, very few hits being made off his delivery but poor support kept him from shutting out the Star Greens.

The Holland club went against a proposition Wednesday that it couldn't solve. The proposition was Foster, the colored twirler who is doing business for Otego. He had the Holland boys completely at his mercy and gave them an assortment of shoots, drops and curves that they could not find with a searchlight. The best that they could get off him was one hit. The game was played at Otego and the score was 2 to 0 in favor of Foster.

Battle Creek Tomorrow.

The Battle Creek club will be here tomorrow to try conclusions with the Holland club, and incidentally to try and regain some of the laurels lost at the last game with Holland. The representatives of the pure food city are playing better than at any time this season and will keep the locals guessing to stand the pace.

Bring Your Beets.

The Holland Sugar company officials sent out their first order for beets Wednesday and as soon as enough beets are delivered which will be in a week or ten days the factory will start up.

Next week anyone having ripe beets may bring them whether they have orders or not as the officials desire to get a sufficient supply on hand to run without interruption.

After next week the farmers will have to deliver beets in their turn when directed by the company as in previous years.

Hope College Lecture Course Will Be Very Good.

Prof. J. B. Nykerk of Hope college has met with great success in his efforts to secure good attractions for the Hope college lecture course and this season promises to be the best in the history of the lecture committee.

Leland T. Powers, of Boston, who appeared here a couple of years ago has been secured for a return date after considerable difficulty and as he is the undisputed leader in his line he will be greeted with a crowd that will tax the capacity of Winant's chapel.

Senator Dolliver, of Iowa, considered to be one of the most eloquent men in public life is also down for an address. Several of Holland's citizens had the good fortune to hear Senator Dolliver when he delivered an address at the Lincoln club banquet in Grand Rapids a couple of years ago and they say that never in their lives did they hear a more eloquent speaker.

Another of the lecturers is Colonel Bain known as the "Kentucky orator." Prof. S. H. Clark of the university of Chicago is also down for a number.

In the musical line the attractions will be better than ever before. It is likely that the Prima Donna Electa Gifford, an operatic soprano formerly a member of the Royal opera will be here in January. "Roney's Boys" are also on for an entertainment. Under the direction of Prof. Roney of Chicago these boys were at Macatawa a couple of years ago and attracted most favorable notice by their singing. Arrangements have also been made with a well known musical company and with Leon Marx, the famous violinist for entertainments.

COMMON COUNCIL.

Holland, Mich., Sept. 16, 1902.

The common council met in regular session and was called to order by the Mayor.

Present:—Mayor De Roo, Aids. Van denak, Kleis, Van Zanten, Geerlings, Nibbelink, Van Putten, Kramer, Riksen, and Garvelink and the city clerk. The minutes of the last two meetings were read and approved.

PETITIONS

Robt. Wareham petitioned for permission to place building material adjacent to lot 1 block 2, Hope College add.

Granted, subject to ordinance.

G. Wanrooy and others petitioned for an arc light on Twentieth street at or near Van Raalte avenue.

Referred to the committee on public lighting.

B. J. Devries and three others petitioned for an extension of time till May 1, 1903 to build sidewalk on the north side of Thirteenth street between Columbia and College avenues.

Granted.

Ald Krole here appeared and took his seat.

REPORTS OF STANDING COMMITTEES.

The committee on ways and means to whom had been referred the matter of submitting the question of gas to the voters at the next election, reported recommending the adoption of the following resolutions:—

Whereas, in the opinion of the Common Council, the City of Holland is in need of gas works for the purpose of supplying the inhabitants thereof with gas and other gas house products for lighting, heating and motive power purposes:

And whereas, there is a strong and generally expressed desire among the people at large for the establishment of gas works in this city:

Therefore it is hereby resolved,

(1) That the Common Council of the City of Holland create and establish a municipal plant for the purpose of manufacturing, distributing and selling gas and other gas house products to the inhabitants of the city for light, heat or motive power purposes in the City of Holland.

(2) That the sum of money necessary to be raised for the construction of said gas works, including the necessary piping and connections, is hereby determined at \$50,000.

(3) That it is hereby further determined and proposed that said amount of \$50,000 be raised by loan and that for the purpose of said loan, bonds of the City of Holland be issued in the sum of \$50,000 in manner as follows, to-wit: Fifty bonds in the sum of \$1,000 each with interest coupons attached thereto, said bonds to be designated as "Series 'A' Gas Works Bonds" and to be numbered 1-2-3-4-5-6-7-8-9-10-11-12-13-14-15-16-17-18-19-20-21-22-23-24-25-26-27-28-29-30-31-32-33-34-35-36-37-38-39-40-41-42-43-44-45-46-47-48-49 and 50 respectively and to be made payable February 1st, A. D. 1933 and to draw interest at a rate not to exceed four per cent, per annum, payable annually; both principal and interest to be paid at the office of the City Treasurer in the City of Holland. The interest to be paid out of the interest and sinking fund and the principal to be paid out of the gas fund; said bonds to be signed by the Mayor and City Clerk and to be negotiated at such times and in such manner as the Common Council may direct but at a price not less than the par value thereof and that upon the negotiation of said bonds, the money received therefor be placed to the credit of the gas fund.

And whereas the amount of money needed for the purpose hereinbefore set forth is greater than can be raised by the Common Council without the vote of the electors of the city upon the proposition to raise said amount; Therefore be it further resolved:

(1) That the proposition to raise said amount of \$50,000 by loan and to issue bonds of the City of Holland therefore as hereinbefore determined and set forth, for the purpose hereinbefore determined and set forth and payable at the time and in the manner hereinbefore determined, be submitted to a vote of the electors of the city at the next general election to be held on the First Tuesday (the Fourth day) of November, A. D. 1902.

(2) That the substance of the question thus submitted be printed upon a separate ballot and be set forth substantially in form and words as follows:

"Shall the City of Holland raise by loan the sum of \$50,000 for the purpose of creating and establishing a municipal plant for the purpose of manufacturing, distributing and selling gas and other gas house products to the inhabitants of the city for light, heat and motive power purposes in the city of Holland; and shall the bonds of the city in the sum of \$50,000 be issued therefore, fifty bonds in the sum of \$1,000 each, payable February 1st, A. D. 1933, at the City of Holland with interest thereon at a rate not to exceed four per cent per annum payable annually in said city?"

Yes. ☐ No. ☐

By Ald. Van Putten, Resolved, that the report of the committee be adopted and recommendations ordered carried out.

Said resolution prevailed by yeas and nays as follows:—

Yeas:—Aids. Vandentak, Kleis, Van Zanten, Krole, Geerlings, Nibbelink, Van Putten, Kramer, Riksen, Garvelink. 10. Nays:—0.
