OFFICER BARNES RE-SIGNS AS PATROLMAN

INTENDS TO GO WEST IN A SHORT TIME

Officer Barnes who has been a patrolman for just a year and a day has resigned his position and will go west in the very near future where he will try out his fortune.

Mr. Barnes has made a very able officer, and was not alone well liked by the department but by the general public.

Chief Van Ry states that while he was head of the draft department in Holland, Officer Barnes was the only man in his district who did not ask exemption because of his being married.

Mr. Barnes stated, said Chief Van Ry, "I'm a married man and could claim exemption on that grounds. However if the government wants me, I am ready to serve."

His readiness to go and loyalty to his country was largely instrumental in giving him the position as patrolman when he asked for this position a year ago.

COMPARES HOLLAND FAIR WITH COOK COUNTY FAIR

In a letter to this paper Mrs. J. Tardiff, formerly of Holland, now of Chicago, has the following to say about the Holland fair:

"I see your fair is on. Wish I were there to enjoy it. We all went to see the Cook county fair, held at Maywood, a suburb of Chicago. Now believe me when I tell you we were all so disappointed for it was not half as good as the many Holland fairs we have attended during our residence in Holland. And the way they advertised it in all the daily papers in Chicago, which you no doubt read too. The advertising was the best part of the Cook county fair. We were so disappointed, too, in the women's exhibits. They had a great big tent, and great space, but hardly anything worth while to show. I remember spending hours in admiration at the beautiful hand word, there always was in the women's building at the Holland fairs. There was such a difference, I just had to tell you about. You may well advertise Holland fairs for they are worthy of the name."

ARE TO HAVE A WALK ON THE GRAND HAVEN BRIDGE

COUNTY AND CITY TO GO FIFTY FIFTY ON THE EXPENSE

A very necessary and a very convenient addition will be added to the newly constructed Grand Haven bridge on North River avenue.

In a conference between Austin Harrington, chairman of the Ottawa County Road Commission and Mayor Stephan after a meeting of the common council it was decided to go fifty-fifty on the expense and now that the bridge is being rebuilt by the state and the material is on the ground it will be an easy matter to widen the bridge on the east side to such an extent that there will be plenty of room for pedestrians.

The city has a sort of a cinder path running along the east side of River avenue which some day no doubt will be replaced by a cement walk. Naturally the sidewalk on the bridge will lead up to this cinder path; no doubt a sort of balustrade will be built to keep those who walk over the bridge from mixing with the teams and automobiles going over the center of the structure.

Anyway this is going to be a great convenience to the large number of foot passengers who either work or live on the north side.

Today it is absolutely dangerous to make the crossing with more than 3000 automobiles passing over the span daily.

The sidewalk idea will no doubt meet with the general approval from both motorists and pedestrians and is surely worth the expense the city is put to in order to have this new improvement made.

DAUGHTER IS BORN TO COUNTY CLERK ON ELECTION EVE

Pre-primary fortune rushed in on Orrie J. Sluiter, Ottawa county clerk and Monday morning he was being congratulated by friends on the birth of a baby daughter, Lois Ann, weight nine and one-half pounds. The youngster arrived on Saturday afternoon last. Both mother and daughter are doing well and there is but one drawback, the young miss will not be able to cast her ballot in favor of dad at the primaries today.

HOLLAND SHOES TO COME DOWN A FLOOR

Holland Shoes and the Tel-Til-Tip variety are to walk downstairs. The two young men have leased the store formerly occupied by the Holland Interurban and later by the Dairy Food Products Co. and will move their stock from the second floor to the ground floor. Shelves are now being installed to take care of the stock.

Jim Boer and Henry Maatman, two men formerly connected with the Holland Shoe Co. intended to build a building recently just north of the first Holland City State bank but that arrangement has temporarily fallen through until building prices come within reasonable range.

PROPRIETOR OF HOLLAND BUSINESS COLLEGE STARTS A NIGHT SCHOOL

Albert Hoeksema, principal of the Holland Business College states that he is starting a night school in the Peters block for all those who have no opportunity to study during the day time and can avail themselves of this privilege.

On Wednesday evening of each week Hollanders will be given the chance to learn to read, write and speak the English language.

A class of six are already enrolled in his department and many more are ready to enter this week.

On Monday and Thursday evenings bookkeeping and shorthand and the elementary branches that these departments cover will be taught.

No doubt Holland's business college will have quite a night school during the coming long winter evenings.

Will Koning of Fennville with a Ford runabout and Mr. Lewis of Grand Rapids had a head on collision on the Macatawa road near the Central Park store. Both cars were pretty badly bent, however nobody seems to be hurt.

POLLS OPEN FROM 8 TO 6 TODAY

The polls at the primary election in Holland today will be open from 8 o'clock in the morning until 6 o'clock in the afternoon, Holland time. This announcement was made Monday for the benefit of the voters and was based on an opinion given by the attorney general of the state of Michigan. As usual, the question of daylight saving time and standard time arose. If this were merely a city election, the former would be used, but since it is a state election, Holland must be guided by the state as a whole. City Attorney Mc Bride therefore asked the attorney general for a statement and he ruled that standard time must be followed, which means that the polls will be open from 8 to 6.

Usually there is a long line of voters waiting at each of the polling places at 7 o'clock in the morning. All voters were advised not to visit the polls early as that today because the election officials were not be allowed to open the booths until 8.

ESCAPED COLORED BOY IS CAUGHT IN HOLLAND

WANTED TO GO BACK TO INDUSTRIAL SCHOOL, DIDN'T GET ENOUGH TO EAT

Chief Van Ry yesterday noticed a colored boy on the street with his pockets filled with cookies which he was munching eagerly. He questioned the lad of 18, and found that his name was Ernest Wares, who escaped last Thursday from the La Pere Industrial school, where he had been for four years.

He told the chief he wanted to go back because he wasn't having a pleasant time bumming around eating nothing but cookies.

He said he got better eats at the school.

Mr. Van Ry telephone the La Pere school and officers will take him back today. The boy's home is in Cassopolis, Michigan.

DROPS DEAD AT HOME IN HOLLAND TOWNSHIP

Albert De Weerd, aged 71 years, dropped dead at his home in Holland township at about 4 o'clock on Monday afternoon as a result of a stroke of apoplexy. The deceased is survived by his wife and the following children: John, Alle, Simon, Alberta, Mrs. Louis Diekema and Albert of this community, and Mrs. W. Atwood, of White Fish Bay, Wis. The funeral will be held Thursday afternoon at 2 o'clock at the home, Rev. B. H. Einink officiating.

FORTY-NINE DEGREES DROP IN TEMPERATURE SINCE LAST FRIDAY

Holland has been all ashiver for the past few days. There has been a drop in temperature of 49 degrees since last Saturday. Friday the thermometer at the water works registered 93 degrees. Last night 44 degrees was the lowest mark. Not far from freezing. The weather man promises a slowly rise in temperature however.

TELLS WHERE HUNTING LICENSES CAN BE OBTAINED

Ralph Wolrding who has again been appointed deputy clerk by O. J. Sluiter, to handle the hunting licenses in Holland, has taken them to the following places: Coroner Hardware, Nies hardware, J. Blue, and H. Vander Warf. The hunting season opens Saturday the 16th of September and the hunters should try and get their licenses as soon as possible.

They can also get them at Babe's home 172 East 14th street.

Roscoe V. Davis, son of Mr. and Mrs. E. P. Davis, has left for Lafayette, Ind., to enter Purdue University to take up chemical engineering.

It is your duty to vote at the primaries today.

Mr. and Mrs. R. N. De Merrell have returned from an auto trip to the Soo and Macinaw, Mich.

Wm. Orr of the Citizens Telephone Co. and Mrs. Orr are motoring thru Indiana.

Henry Pelgrim of the Bay View Furniture Co. was in Plainwell yesterday.

After a week of futile hunting for a cargo at Grand Haven U. J. McCann has run his freighter down to Benton Harbor where he has had no difficulty in getting a cargo for Milwaukee with others in prospect. It is thought that Mr. McCann will not return to Grand Haven as he has a paying proposition downshore. This is the same firm that was thinking of sending one of its boats to Holland and establish a Milwaukee-Holland run. The boat never came, however.

The county nurses and home demonstrators have been inspecting the schools of Fillmore township this week and plan to cover the northern part of the county before bad weather sets in. This section has not been visited to any extent in this work before, and conditions demonstrated the need of hot school lunches and a study of the school nutrition series prepared under the direction of the extension service of Michigan Agricultural college. In one school with an enrollment of thirty pupils only four were up to normal weight.

MAKES APPLICATION FOR LOWERING OF INSURANCE RATES

MAYOR STEPHAN ASKS STATE UNDERWRITERS ASS'N TO RE-ADJUST FIGURES

If Mayor Stephan has his way the fire insurance rates in Holland will be scaled downward. Mr. Stephan has made application through City Attorney McBride, to the Michigan State Underwriters' association for a readjustment of the insurance rates here and he is hopeful that the application will be successful in bringing about the desired results.

The application is based chiefly on the contention that Holland's new one thousand gallon per minute pumper gives Holland a much better fire protection than this city has ever enjoyed in the past. The new pumper can throw 3 times as much water upon a fire in a given space of time than the old one could, and in addition to that it can take water from the lake for the protection of all the factories along the shore, thus safeguarding these institutions even if the city's water system should be out of commission.

In view of this added protection the mayor believes that Holland is entitled to a readjustment of its insurance rates.

Another basis for making the application is the fact that not long ago an analysis of fire loss figures in Michigan cities showed that Holland's losses are below those of Grand Rapids, proving that Holland's protection is more adequate than that of Grand Rapids. But in spite of that fact the Grand Rapids rates are below those of Holland. It is contended that Holland is entitled to rates that are at least as low if not lower than Grand Rapids.

The figures were at that time compiled by the local press and the difference was very significant.

It will probably take some time before the State Underwriters come to a definite decision on the matter. Insurance rates are not easily changed, but the city officials are hopeful that in the end the application will be successful.

THOUSANDS SEE NEW PUMPER WORK

LARGE NEW MACHINE THROWS SIX STREAMS AT ONE TIME

The large new American LaFrance pumper was given a second test for the benefit of the public last night. The demonstration took place under the Tower Clock and believe us the face of the tower was thoroughly washed several times.

The streams were directed West on 8th street in order that the mass of water might easily flow down the hill.

Strangers thought a great conflagration was being fought but were soon made aware that a test was going on and citizens as well as outsiders stood in wonder at the performance of this wonderful truck.

When seven streams were put on it took two men to hold the nozzles on each stream. When the number of streams were cut down it was difficult for four men to hold the nozzles and at times these tried to do gymnastics and at one time gave the crowd a thorough drenching. For about an hour the air around the Holland City State Bank building was a mass of water, and it is doubtful if the street ever received such a drenching before.

The hill was a veritable river at least for an hour and it surely looks clean this morning.

The fire team made its last run last night and to let our imaginative powers go, we would say that they looked wistfully at the powerful pumper truck that is to supplant them.

The horses will be sold on Thursday at the fairgrounds to the highest bidder and let us hope that the two animals will fall in the hands of easy taskmasters.

FIRST DEATH IN FAMILY IN SIXTY-TWO YEARS

Mrs. Johannes Mouw, aged ninety years, mother of Henry Mouw, 120 West 14th street, died Saturday at her home in Grand Haven. The funeral took place on Tuesday afternoon at the county seat.

The deceased is survived by her husband and eight children. This is the first time since Mr. and Mrs. Mouw were married 62 years ago that death has entered the family. The Mouws have many friends and relatives in Holland.

The bathing beaches are about as deserted as in December.

The Royal Neighbors will hold no meeting this week.

Here is your opportunity to buy a Serving Tray. Large mahogany finish frame with removable bottom and rubber feet. Size of serving tray, inside measure of glass is 17 1/2 x 11 1/2. Price \$1.19; same kind as above only a little smaller for only 99c. These prices are good for this week only. A. Peters 5 & 10c Store and Bazaar.

SEVERAL FACTORIES PROMISE TO CLOSE FOR THE FAIR

The officials of the Holland fair are hoping that all the rain is being washed out of the sky this week, and that next week the weather for the big fair will be ideal.

The final preparations for the big annual exhibit are being made. The Holland factories will co-operate with the fair association and many of them will give their men a half holiday to attend the fair. A list of the factories that will close for one afternoon is now being secured. The Holland Furniture and Holland Furniture companies have announced that they will close both Wednesday and Thursday afternoons. Other factories that have promised to close on Wednesday afternoon are the Holland Sugar Co., the Holland Rusk Co., the Standard Grocer & Milling Co., and the H. J. Heinz Co. Other factories are expected to join in the movement. And, as reported before, most of the stores will close on Wednesday afternoon also.

The entries have closed for the boys' and girls' stock judging contest. This has aroused a great deal of interest in this community and judging from the number of entries it is sure to be a success. There were twenty entries, and all those are required to report at the stock judging ring on the fair grounds at three o'clock on Tuesday afternoon. In this contest the first prize will be \$20 the second \$15 and the third \$10. The prizes are offered by the three Holland banks.

One of the interesting features will be the horse-shoe pitching contests. This contest will be held Wednesday, Thursday and Friday forenoon, at ten o'clock, providing eight teams are entered. In each day's contest a set of regulation horse-shoes will be awarded to the winner.

Entries have been coming in fast in all departments and in every respect the fair promises to be a big one this year.

ZEELAND CRITIC AGAIN ATTACKS HOLLAND FAIR

There is a man in Zeeland by the name of S. Vander Meer who once a year breaks into print and delivers himself of a long harangue against the Holland fair. Each year this person makes the Zeeland Record the goat and contributes his outpourings to its columns, which that paper as a fairminded publication is at course obliged to print. Persons who have been familiar with this annual custom have been looking forward to it and they were beginning to fear that Mr. Vander Meer would not come across this year, but he made good in this week's issue of the Record, using up more than a half a column of good space to say his say.

Mr. Vander Meer seems to be under the impression that it is sinful to attend the Holland fair. As was the case last year, he is not very specific as to what the objections to the fair are, but he is prolific with quotations from the Bible which, he seems to be under the impression, prove that his contention is correct.

Last year the Holland fair officials challenged this writer of fair jeremiads to show anything illegal or anything unseemly in the Holland fair. The challenge was not accepted, and in this year's article Mr. Vander Meer is very careful not to make specific charges of any kind to which a definite answer could be made. He seems to have convinced himself that it is sinful to attend the Holland fair or any other fair and he claims that it is his duty to warn others to the same effect.

Such harangues are comparatively harmless. The directorate of the Holland fair association is made up of men who need no defense. Their names alone are a guarantee that the fair this year, as in past years, will be conducted in a seemly way and that the laws of the state will be scrupulously obeyed.

ZEELAND AND HOLLAND MEN FINANCE OIL WELL

When two 3,500 foot wells were started at Tioga without any notice or publicity whatever, it was a new departure in Texas, where it is customary to have a barbecue, large crowds, a chirstening of the well and much oratory.

The Tioga oil development is strictly business, and in charge of business men and practical oil men. No local money was even invited to join in the enterprise and the Dutch Syndicate organized under the name of the Zeeland-Tex Syndicate has never printed a line of advertising. They have been operating two months and this is probably the first time any of our people have heard of the name of the organization that is carrying forward the development which means so much to the future of Tioga.

Canonn No. 2 well is down below 1800 feet and has struck a sand in the Pennsylvania formation in the zone of the Burkburnett Electric field. Eight inch casing is being shipped for this well and no details are being given out by the company.

Zeel-Tex No. 3 on the Griffin farm is setting 15 1/2 inch casing. This location was made by Dr. J. E. Carpenter, whose third wild cat well this year as just come in a producer.

These wells are financed by a syndicate headed by John H. De Pree and Jacob Elenbaas of Zeeland and John Glupker of Holland, the latter being in charge of operations at Tioga—Tioga (Tex.) Herald.

Ray Knoll, formerly of Holland, now of Muskegon, was operated on for appendicitis at Mercy hospital at Muskegon.

ELECTRIC STORM DOES A GREAT DEAL OF DAMAGE

Shortly before noon Thursday one of the most threatening skies that ever hovered over Holland carried with it destruction.

The storm broke in all its fury and the lightning was about as vivid and the thunder about as thunderous as any storm that has visited this vicinity for years.

Lightning burned out a large number of Citizens telephones and the force immediately became busy restoring service.

A bolt of lightning also struck the Holland Ladder & Mfg. Co., destroying a portion of the roof and doing a hundred dollars worth of damage.

It is stated that a lady in the neighborhood was prostrated because of the shock.

Graafschap and Fillmore apparently got the brunt of the storm as three barns were burned south of Holland.

The barn of John Elferink was visited by a lightning bolt causing its destruction and the fire also communicated itself to a new garage recently built and which was also destroyed.

The truck with which Mr. Elferink brings his garden and produce to the city was also partly damaged by fire.

The large barn of William Grooten Huis of Fillmore was burned with all its contents. These were many hogs, a team of horses, four cows and a quantity of chickens, besides a great deal of grain and hay burned. The large silo was also destroyed. The barn was built at a cost of \$4,000 and strange to say Mr. Grootenhuys did not carry any insurance on the building while his son who owned the contents including the cattle was fully insured.

The large barn of John De Groot of Fillmore was also destroyed with its contents. The exact loss could not be ascertained. It is quite a coincidence that the barn of Mr. Elferink was moved from the DeGroot farm in order to make room for the new DeGroot barn, and along comes the storm and lightning and destroys both of them.

The lightning also struck the steeple of the East Saugatuck church causing a slight blaze but this was soon put out by a fire brigade. This is the church where Rev. Geerlings is the pastor.

A cow belonging to Andrew Koolman, living south of Holland was struck in the field and instantly killed while the house of John Beckford, also south of Holland was slightly damaged by lightning.

RED CROSS TO CONDUCT REST ROOM AT THE FAIR

The Ottawa County Chapter of the Red Cross will again conduct a rest room at the fairgrounds during the Community Fair next week. This feature was introduced last year and it proved a great success. It gave many a tired mother a chance to see the exhibits at the fair in comfort, giving her an opportunity to leave her baby at the rest room while doing so, and later resting there and washing up.

Like last year, there will again be a tent for this purpose, since there are no permanent quarters for a rest room. The tent last year was found too small and this year a larger one will be provided so that more mothers and children can be accommodated. Mrs. G. J. Van Duren will be in charge, assisted by Mrs. N. Hofsteen.

Mothers can leave their babies at the rest room for a limited time. But this needs a little explanation, those in charge of the rest room declare. Last year there were a few mothers who placed their babies in charge of the rest room attendants when they reached the grounds and then did not pay any more attention to them until they were ready to leave. The rest room is not for that purpose. The babies can be left there while the mothers go about to see the exhibits, and there is no disposition to hurry them in any way, but the mothers must be reasonable about it. The capacity of the tent is limited and it is not fair to have a few women monopolize its accommodations. The room is meant for the convenience of all.

Everything will be done to make the visit of women with babies to the fair pleasant and all are most cordially invited to take advantage of this opportunity without cost to them. Those in charge of this work are looking forward to the time when they will have a permanent building for this purpose.

Mr. and Mrs. H. Hunderman and Mr. and Mrs. Oosting of Grand Rapids were in Holland attending the Lanning-Topp wedding.

ROTARY MEMBERS TELL OF EXCIT- ING EXPERIENCES

Although the meeting of the Rotary club Thursday noon was a family affair, that is, there were no visitors and no outside speakers were called upon to entertain and instruct the members, it was one of the interesting meetings of the year. The program committee called upon every member present to give a 2-minute talk on the strangest or the most interesting or the most important event of their lives.

And the result was truly wonderful. Some of the experiences, if written up and placed in their true dramatic settings, were so exciting that, in the words of one of the members describing it, they would quote Shakespeare, "make your hair stand on end like quills upon the fretful porcupine." Each tried to outdo the other and the only condition was that the member must stick to the truth. When all the stories had been told it was quite generally agreed that G. J. Diekema had won the prize for the most exciting story. What that story was is a Rotary Club secret, but members admit that it had to do with Diekema's experiences on the train from New York to Baltimore.

PASTOR WILL RETIRE AFTER FIFTY YEARS OF SERVICE

After almost fifty years in the ministry, 12 years as pastor of the Saugatuck M. E. church, Rev. George R. Millar is at last to realize his wish of the last few years to retire from active service in the ministry. Sunday ended a conference year and the services that evening were in the nature of a farewell to the retiring pastor. The exercises on that occasion were conducted by ministers attending the Presbyterian convention at Camp Gray, and who remained over a day after adjournment for the purpose. Probably Mr. Millar will preach on next Sunday, as his successor will not have arrived at that time.

HOLLAND POST IS HONORED AT THE STATE CONVENTION

The Willard G. Leenhouts Post of the American Legion was signally honored at the State Convention in Ann Arbor this week when Commander Raymond Visscher received from the hands of Department Commander Martin, a citation for meritorious service, part of which reads as follows "The officers and individual members of Willard G. Leenhouts Post, Holland, Michigan are commended for meritorious service rendered by the American Legion for complying with the program recommended by the Michigan Headquarters. Such meritorious achievement has enabled the American Legion to continue as a great force for good in the community, state and nation." Signed, Paul A. Martin, Department Commander.

The Holland Post was well represented at the convention.

sent at the convention, Commander Visscher, Adjutant Irving, Ben Lievens, Dr. Weststrate, Albert Van Lente and Earnest Brooks made up the party which attended the meetings and deliberations of the convention.

The Karsten Post of Zeeland was likewise highly honored when their commander, Marinus Barnes, was elected as a delegate from the Fifth District to attend the national convention which will be held in New Orleans next month.

Among the high lights of the convention were addresses by Marion L. Burton, president of the University of Michigan, and Judge Kenesaw Mountain Landis. Judge Landis was cheered to the echo when in the course of his remarks he stated that from now on a full fifty per cent of his time was to be given to the American Legion.

Mrs. G. J. Van Duren was the representative of the Woman's Auxiliary of the American Legion at the convention. Mrs. Van Duren and other delegates from Holland attended a banquet provided by the Ann Arbor Post in the U. of M. gymnasium at which covers were laid for 1500.

WHO WAS SHE?

Who was the woman of great renown, who said: "Instead of being chosen, I will do the choosing; I will have the husband who has the best record?"

Whether she meant to choose one who had a record as a husband or as a man is also a question, but in any case she meant to avoid disappointment.

If this woman had been buying a furnace she would naturally have used the same logic. She would have chosen the furnace with the best record. Knowing that

LANNING-TOPP WED- DING IS SOLEMNIZED

Wednesday at 4 o'clock Miss Ruth Lanning, daughter of Mr. and Mrs. H. A. Lanning, 78 East 17th-st., was wed to Henry W. Topp, son of Mr. and Mrs. H. W. Topp, sr., also of Holland.

While Miss Ella Lanning, sister of the bride, played Lohengrin's Wedding March, after Gerrit Ter Beek had ably rendered "Because," Teschemacher d'Hardelot, the young couple wended their way to an arch of ferns and flowers where Rev. J. H. Ghysels, pastor of the Ninth-St. Christian Reformed church bound them in the holy bonds of wedlock.

The bride was daintily gowned in georgette and lace draped over white satin and wore a veil gathered up with orange blossoms, and carried a beautiful bouquet of bride's roses.

Miss Hattie Lanning, sister of the bride, dressed in pink georgette, and carrying pink roses, acted as bridesmaid while William Topp, brother of the groom was best man at the wedding ceremony.

In the ring service little Miss Carolyn Ghysels dressed in lavender and Master Roscoe Homers De Vries, dressed in white serge, carried the ring to the altar. Master and Mistress of ceremonies were Arthur Lanning and Myrtle Brower, while Albert Rawles had charge of the gift room.

After the wedding had taken place an elaborate supper was served after which the happy couple quietly left the city for Niagara Falls, where they will spend a honeymoon of two weeks.

They will be at home to their friends at 92 E. 17th street after October 1st.

Mr. Topp is not only a popular salesman of P. S. Boter Co., but is prominently connected with the American Legion band and is also a member of the Excelsior quartet.

Miss Lanning, who is very popular in her set has been employed by the Holland Furnace Co. for some time.

BUDGET FOR EMERITUS FUND IS \$20,000.00

The Emeritus Board of the Christian Reformed church held its quarterly meeting Wednesday at the home of Anthony Rosbach.

The following officers were elected for the ensuing year: President, S. S. Postma of Grand Rapids; vice-president, Rev. H. Vander Ploeg of Muskegon; Sec.-Treas., Rev. J. Smittier of Lansing, Ill.; assistant Sec.-Treas., A. Rosbach of this city.

The annual budget for the fund controlled by the Board is nearly \$20,000, which is distributed to the superannuated ministers, widows and orphans of the denomination.

BUYS NEW CAR; GETS MARRIED AND GOES WEST TO TAKE JOB

Peter Kammeraad and wife of Grand Haven, have left on a honeymoon trip to California where Mr. and Mrs. Kammeraad expect to locate, having secured a position through a firm in Grand Rapids. The Kammeraad's were married on the 5th of September. Mr. Kammeraad has a new Buick Six which he will drive thru, going to Chicago and then taking a route through the northerly states to the coast. Mrs. Kammeraad was formerly Miss Anna Smith of Grand Haven and was employed by the Ottawa Electric Co. Mr. Kammeraad was a member of Company F.

EXPECT TOO MUCH FROM WOMEN OFFICE HOLDERS

Mrs. W. R. Alvord, of Detroit, president of the State Federation of Women's Clubs, with which the Woman's Literary Club of Holland is affiliated, thinks that the women of the state are solidly behind the Volstead Act. At a banquet of the women's division of the Lincoln club in Grand Rapids she had some other things to say that are of general interest.

"It is well to find out now where every candidate stands on the liquor question," she said. "If he does not declare that he is 'bone dry' it is safe to regard him as wet and vote accordingly. If we turn from prohibition now this country will be ridiculed by the world."

Speaking of women office holders Mrs. Alvord declared that much more is expected of them than of men. "No one expects perfection from a man in office, but a woman is expected to be a paragon of perfection. We elect a woman to a school board, a prison board or the legislature and then we expect them to accomplish wonders. Why should we not have a woman regent of the state university, with its thousands of co-eds? It is a disgrace to the state that a woman cannot become a full professor in that institution."

"Women must stand by the offices to which they are elected," she said "and not resign because it seems impossible to accomplish anything."

"Women have come into the old political parties willing and eager to work, and it is up to the men whether they remain. I hope that a woman's party will not become a necessity and it will not if women are accorded fair treatment."

Antony Cormenti and wife of Hudsonville, two Italians left for Genoa, Italy, to claim a large fortune of 3,000,000 lire. He is due to land at Genoa today. Fourteen years ago, then a lad of 18, Tony left Italy on account of a quarrel with his cousin, bearing the same name. He landed in New York and soon made his way to Buffalo where remained long enough to become a citizen of the United States. In August Tony received word from attorneys in Genoa that the fortune was there to be claimed by him.

JAMES KOTROS TO RETIRE FROM CANDY BUSINESS

James Kotros, for many years the manager of the Holland Candy Kitchen, is selling out his business here and will retire from active participation in it. Mr. Kotros is disposing of his fixtures and equipment to Walter Sutton who will continue the United Cigar agency in the same place, and Kotros will take a much needed vacation.

He has been in business in Holland for fourteen years. The work has been very strenuous, often from six o'clock in the morning until twelve at night, and he has decided to take it easy for a while. He expects to continue to live in Holland at least this winter. He has made no plans for next spring.

STATE UNDERWRITERS TO TEST NEW PUMPER

The new American Lafrance pumper, that arrived in Holland on Tuesday evening, will be given its first test on Friday. Fire Chief Blom received a wire from Lansing stating that representatives of the Michigan State Underwriters will be here on Friday to put the pumper through a three hours' test. It will be subjected to all the known trials to determine if it is all right in every respect.

It is not known just when the representatives of the State Underwriters will be here, but they are expected about noon. The test will be made at the Graham & Morton dock.

HOPE GRADUATE IS OF- FERED ASSISTANTSHIP

Edward Diepenhorst, of Zeeland, a graduate of Hope College of the class of 1918, has been offered an assistantship in the department of chemistry at Northwestern University. While filling this position he will at the same time have an opportunity to work for his degree.

Mr. Diepenhorst, after graduating from Hope received a scholarship in New York University. Then he taught two years in the department of chemistry at Tusculum College, at Greenville, Tenn.

Love for each other and their children, which has survived the test of three years' separation, of suits for separate maintenance and divorce, has brought about a reconciliation of Edgar Lee Masters, poet, and Mrs. Helen Jenkins Masters, according to friends of the couple.

Mrs. Masters filed suit for separate maintenance in 1920 and in March, 1922, she obtained a decree for \$300 monthly alimony. Her suit for divorce on the grounds of desertion still is in the courts.

The poet and author of Spoon River Anthology is a practicing attorney in Chicago. Mr. Masters is well known in Northern Ottawa. He has a summer cottage at Spring Lake and does most of his writing there. Mr. Masters is one of America's greatest poets, and Grand River scenery frequently figures in his verse.

VOCATIONAL TRAIN- ING CLAIMS MUST BE IN ON DEC. 16

Mrs. G. J. Van Duren has received a communication from David F. Tilley, Director, War Service, Central Division of the American Red Cross announcing that all claims for vocational training on the part of the ex-service men must be made before December 16 of this year. If there are any persons in Holland or in this section of Ottawa County who wish to file such claims, they are requested to get into communication with Mrs. Van Duren so that the necessary steps can be taken before it is too late.

Ex-service men may file claims for compensation within five years from the date of discharge, but the claims for vocational training must be made before December 16.

HOLLAND LOSES TO AL- LEGAN SECOND TIME

Holland lost to Allegan Thursday afternoon for the second time this season thereby making the series stand two each. It was a weird game played on a rain soaked soggy field and the locals were forced to take the small end of a 10 to 1 score.

W. Mis, ex-league pitcher, imported by Holland for this game got off to a bad start. He relied mostly on his spit ball which did not seem to break enough to fool the hard-hitting Alleganites. Our rivals scored 3 runs in the first frame on an error by the pitcher followed by three solid blows, one going far over the fielder's head. Then the very next inning 5 hits with some wretched fielding gave Allegan four more tallies. Portside Batema took up the pitching burden in the third and breezed along nicely until the sixth when three runners crossed the platter on four hits.

De Young started the game for Allegan but the intense heat forced him to cover. Left Anderson worked the remaining innings in easy fashion.

Allegan's ball diamond seemed to be the locals grave yard. Never have they shown any real base ball in all the games played there. The batters seem to be unable to hit and the fielding is usually worse than that of a bunch of school kids. Everyone seems to have an attack of sleeping sickness. A good many fans motored over in spite of the dampening weather and heavy skies but when Allegan was reached they were greeted with some real fine weather. However not a more disgusted bunch left Allegan. They were more than disappointed with showing made by the Independents. But no doubt another and deciding game will be played with Allegan before the closing of the season and the locals beyond a doubt will redeem themselves.

Saturday will be a gala day here when South Haven comes for their last game of the season. After the game the Ford car will be given away and the \$50 prize offered by the Independents will be presented to the Holland Shoes. A record crowd is anticipated.

Born to Mr. and Mrs. Joe Kramer, W. 22nd-str., Sept. 5, a girl, Evelyn Ruth.

Do you know the convenience of
a Checking Account?

If you had a bill to pay of \$17.34 you could dig up a ten dollar bill, a five, two ones, a quarter, a nickel and four pennies and carry it perhaps ten or twelve blocks and hand it to the party. Or you could take a twenty dollar bill and if he had the change he could hand you back two dollars, a half dollar, a dime, a nickel and one cent and the transaction would be complete except for the receipt which you might or might not have the tact to require without a loss of confidence.

On the other hand if you had a checking account you could write a check for the correct amount and either mail or carry it to the party. The check would answer for the receipt and you would have created confidence in your integrity and business ability.

Have your checking account with this good strong bank.

USCO set the high value mark for 30 x 3 1/2 tires when it originated the \$10.90 price last Fall.

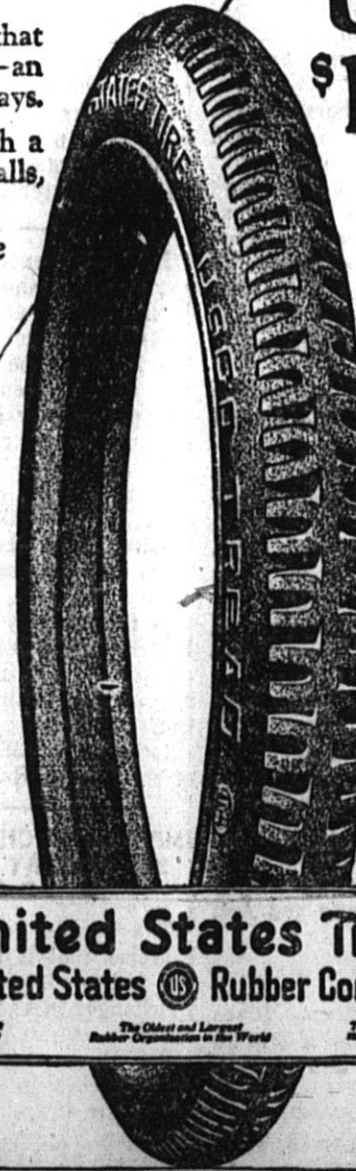

USCO today betters that mark with a new and greater USCO—an USCO improved in many important ways.

For instance, a thicker tread—with a surer hold on the road—thicker side walls, adding strength and life to the tire.

And the price is \$10.90—with the tax absorbed by the manufacturer.

Men have always looked to USCO for the biggest tire money's worth on the market.

They always get a bigger tire money's worth than they expect.

Womanly Ailment
Bring Age Before
it is Due.

Health Talk No. 29

By JOHN DE JONGE, D. C.

Womanly ailments are generally accompanied by depression and a disposition to view things on the dark side. They are most destructive to youthfulness. Usually an operation is advised as the only means of relief, but fortunately chiropractic is most effective in ailments of this kind.

Where there is chronic disease of pelvic organs it is often hard to judge without a spinal analysis, just what organs are involved. By a spinal analysis the chiropractor discovers just what spinal bones are displaced, and just what group of spinal nerves is involved. He then makes a nerve tracing and thus definitely locates along the line of tender nerves, just where the disease is active. By chiropractic spinal adjustments the spinal bones are realigned and nerves are freed of pressure. The result is health.

Diagnosed as Ovarian Tumor, Case is Now Well

"The first doctor said I had ovarian trouble and advised an operation. The second said it was rheumatism. The third said heart trouble and that the sciatic nerve was affected. The fourth said I had tumors and advised an immediate operation as necessary if I was to live much longer. My husband advised the operation, but I objected and tried the chiropractor. I am glad that I did. I began to improve at once. Within three weeks I thought I was well, but continued. I would advise all to try chiropractic."—MRS. EVA GIBSON, Chiropractic Research Bureau, Statement No. 1340W.

Because of the primary election, Mrs. G. J. Van Duren cannot occupy her office at the city hall Monday and Tuesday and for the rest of the week except Saturday, she will be at the Red Cross tent at the fair. On Monday and Tuesday she will be in her office from 7 to 8 in the evening, and during the rest of the week she may be seen at the fair grounds if there are any who wish to consult her on Red Cross business.

Dewey VanderVelder of Fennville, aged 3, was saved from drowning on Sunday morning by City Clerk L. Van Blois. The boy was walking across the new drain that crosses the Main street there, at the Fennville Lumber Co.'s yards and the board on which he was walking tipped up, throwing him into five feet of water. The drain flow was much higher than usual because of the cloudburst that visited that section during the night and early morning. When the boy was rescued he was just one foot from the tile that carries the water under the street. He is the son of John Vander Velder, a truckdriver who has been hauling gravel and cement for the road building that has been going on there and five miles west of the village.

Macatawa hotel closed Monday, however the annex and the dining room will remain open for guests until October first. A number of Macatawa residents will stay until next month and then will leave with the birds for the south many going to St. Petersburg, Miami and Palm Beach, Florida or California.

Mrs. Hilda Lindberg living southwest of Holland was severely shocked when lightning struck the home during Thursday's severe electric storm. The bolt tore thru the roof and knocked the window out of a brick wall. Mrs. Lindberg was standing near the window frying meat and she was thrown against the stove. Her hearing was slightly affected, but she has recovered.

The Grand Rapids News is the last paper of all three to come out for Congressmen Mapes. Says the News: "Carl E. Mapes again asks for the nomination for congress from this, the Fifth district of Michigan. Mr. Mapes has served faithfully, well and with modest distinction, and he surely merits another term in the lower house at Washington."

The fishing tugs which have been laid up at Grand Haven for so long are now in commission again it has been made known. The Neptune, the Ver Duin tugs and others are now in operation and doing a thriving business. Fishing is very good at the Grand Haven port.

Fred Erhman of Grand Haven was called to Kalamazoo by a message announcing the death of his uncle Mr. Louis Erhman as a result of injuries received while crossing the street near his home, Kalamazoo, he being struck down by a speeding motor car. The car was driven on without stopping but the number of the machine was taken.

The following young people enjoyed a week-end party at Highland Castle, Highland Park: Lavetta Bolthuis, Elizabeth Bolthuis, Sadie Lock, Annafred Kieft, Earl Dalrymple, and Jack Verhey, Henry Van Klink and Bertel Slag of Holland. The party was chaperoned by Mr. and Mrs. John Casimir.—G. H. Tribune.

The episode at Muskegon where a driver explains that he couldn't get down off the sidewalk without taking a big risk of damaging his car shows once more that our pavements should be built in such a way that a reckless driver can steer into the street whenever he wants to.

Mrs. Melle Fuller, aged 66, died Saturday morning at her home near Pine Creek. She is survived by her husband. The funeral was held Monday afternoon at 2 o'clock at the home, Rev. C. P. Dame officiating.

A roomer in a Kalamazoo hotel who awoke to find his bed on fire is said to have remarked casually as he leaped out of the window, "It is going to be another mighty hot day."

Peer Meeuwse whose home is in Grand Haven, is visiting here a few days with relatives and friends. Mr. Meeuwse has a furlough for a short time from the Military Soldiers' hospital near Marion, Ind., where he is receiving treatment for injuries received during the war.

Mrs. Fenton will be at the studios of the Hope College Conservatory of Music on Tuesday, Sept. 12 from 11 to 12 and 2 to 3 to interview students.

Last Tuesday an evangelistic campaign will be started in Zeeland. The meetings will be held in a tent on the Hietje lot on Main street west of Hirdes bakery and will be conducted by the Reed Evangelistic Party. The party consists of Harry Reed, evangelist, Frank Tebow, song leader and Orval Hawkins, pianist. The party is now conducting very successful meetings at Allegan. The meetings will be held every evening at 7:30 o'clock except Mondays. Cottage prayer meetings will be held at the different homes.

The steamer Iroquois of the So. Haven line came into port at Saugstack and is now in winter quarters at the Lumber Co. dock. The Petoskey will follow when navigation closes. It is said the North America and South American will not be in port until after their oil burners are installed at River Rouge. This probably will require six weeks or more.

Rev. and Mrs. J. K. Van Baalen of Munster, Ind., are visiting friends and relatives in Holland. Mrs. Van Baalen was formerly Miss Christine Fris.

A large crowd assembled on the corner of 8th and Columbia Friday night expecting to hear the story of some awful accident which seemed to have happened there. It was soon discovered however, that a little lad almost lost his trousers, by getting mixed up with the wheel of his bicycle that he was attempting to mount after taking in the medicine show.

Lalla E. McKay, accompanied by her brother, Louis P. McKay, has returned from an extended auto trip to Kenosha, Wis., also Chicago and Joliet, Ill. Miss McKay will visit in Jackson, for a few days; on her return she will open her music studio and resume her music teaching.

Miss Johanna Caauwe, daughter of Mr. and Mrs. C. Caauwe, 540 College avenue, and Mr. Peter Van Langeveld also of this city, were married Thursday evening at the home of the bride's parents in the presence of immediate relatives. Rev. Bruggers, pastor of the Sixth Reformed church performed the ceremony.

When Rev. and Mrs. Isaac Van Westenbergh, who spent their vacation in Holland with Mr. and Mrs. Ben Kamferbeek, returned to their home in Fulton, Ill., the congregation of the Second Reformed church gave them a reception and presented them with a set of new tires for their Oakland car.

The city council has designated the east side of Hubbard-st. at Allegan as the place for market and produce hucksters to sell their wares after this. Taxicab stands are to be given parking spaces on this street, thus taking the taxis off the crowded Locust and Brady streets and making it safer for other cars.

Miss Alida Prins, daughter of Mrs. T. Prins, 361 Central avenue, and Mr. Henry Warnshuis, formerly of Holland now of Allegan, were united in marriage, the ceremony being performed by Rev. Jas. Wayer, of the First Reformed church. The young couple will make their home in Allegan.

Wednesday evening a shower was given by Miss Tena Gebben and Cora Last at the home of the latter, 21 E. 20th street, in honor of Miss Alice Lapinga who will be a September bride. Miss Lapinga was presented with a beautiful electric table lamp. The rooms were beautifully decorated with hearts and flowers.

The evening was spent in playing many interesting games. Prizes were won by Alice Lapenga, Betty Galien, Reka Smith, Cora and Gertrude Schaftenaar. A dainty two course luncheon was served. Those present were: Cora Last, Tena Gebben, Reka Smith, Betty Galien, Jeannette Willink, Gertrude Gebben, Alice Lapenga, Cora and Gertrude Schaftenaar, Helene Topen, Alyda Gebben, Kathryn Kragt, Gertrude Bos, Effie Nieboer, Josie Last, Benjamin Stegink, Tony Last, J. C. Nieboer, Nellie Jordan, Mr. and Mrs. Paul Jordon, Mr. and Mrs. C. Last.

The state conference of bricklayers, masons and plasterers opened Wednesday in Woodman hall. R. G. Ewald, Detroit, presided and R. Irwin of Grand Rapids is secretary. Wednesday's session was devoted to committee work and Thursday's program was taken up with resolutions. The delegates were given an auto trip through the city Wednesday evening. Delegates are present from Grand Rapids, Detroit, Muskegon, South Haven, Saginaw, Traverse City, Albion, Battle Creek, Flint, Ann Arbor Jackson, Hancock, Kalamazoo Wyandotte, Benton Harbor, Bay City, Ludington, Owosso, Sturgis, Menominee, Lansing, Coldwater, and Escanaba. The state association is represented by about 30 unions.

Casco township, the home of James Nicol, president of the Farm Bureau claims to lead the state in the number of fruit trees within its border. A fruit tree census recently made by Supervisor F. M. Barden shows 81,062 peach trees, 34,724 pear trees and 9,470 cherry trees besides many thousands of other varieties, and an enormous quantity of small fruits.

Mrs. J. Vander West has returned from a visit with her daughter, Supt. and Mrs. Charles Mulder of Hospers Iowa. A month ago she accompanied them on their return home after spending their vacation in Holland. They made the trip by car. While spending three weeks in Iowa, she visited several of the western cities. She left Sheldon Iowa, Monday for Chicago. There she visited Rev. and Mrs. L. Potgieter and Mr. and Mrs. H. Van Leeuwen, where Mrs. Vande Bunte was also visiting. They visited the many beautiful parks and other places of interest in Chicago. They both returned Friday evening and report having had a delightful trip.

Miss Mabel Jonkman, who has been spending the past year at the home of Mr. and Mrs. A. H. Meyer, has returned to her home in California. Holland was honored at the 23rd annual convention of the United National Association of Postoffice Clerks at Buffalo, by being appointed a member of the finance committee. This committee is a very important one and Mr. Van Kolken will consequently have a prominent share in guiding the affairs of the national association during the coming year. Mr. Van Kolken has for some years taken a prominent part in the association of postoffice clerks and his work is now receiving wider recognition.

The special prizes given away at the Holland base ball grounds last Saturday afternoon were donated by merchants of Holland as follows: Brouwer Furniture Co., night lamp; Ukelele, De Vries & Dornbos; \$8 photo order, Lacey Studio; \$5 in cash Vanderschel Bakery; box of cigars, Superior Cigar Co.; box of cigars, H. Van Tongeren store; box of candy, Albert Bekker of the "Chatterbox"; picture, Bert Slag.

M. Bohl, of the North Side, is again holding a little fair of his own this year in the line of exhibiting fruit. Mr. Bohl made an exhibit last year during fair week in the window of Vaupel drug store and this was so successful that he is following the same plan this year.

Among the fruit he is exhibiting are Snows, Golden Russets, Wealthies, Talman Sweets, Hubbardstons, Tompkins King and Flemish Beauty pears.

Mr. and Mrs. R. H. Mulder and Mr. and Mrs. James De Vries motored to Benton Harbor Friday where they were the guests of Mr. and Mrs. Mack Mulder. They returned Sunday night.

The greater part of society folks around Macatawa have gone to their homes in the cities but it is stated that there was more activity in the way of social diversion this year than ever before.

The last week at Macatawa was so filled with luncheons, dinners, teas and bridge parties that it looked as though each hostess had finally done what she had intended all through the summer. It begins to appear that Macatawa is becoming more of a social center than before. Ottawa Beach formerly was credited with most of the social activities, however society seems to have jumped the channel for a new field.

Following is the city inspector's report for August: 19 meat markets inspected; much improved since last inspection. On scale of 100 points, the average of all is 84.2; some were 90; lowest 70 with 20 pounds of meat condemned.

Groceries inspected. No report. Complaints investigated 30. Families quarantined 26 to which weekly calls were made. 16 houses placarded for contagious diseases. Fumigated seven houses. No deaths reported.

The W. C. T. U. held their first meeting after a summer vacation at the home of Mrs. Peter Leenhouts on the North Side of the bay. The devotees were in charge of Mrs. W. E. Van Dyke. Mrs. E. J. Blekkink reported the work done in several churches in securing the passage of resolutions advocating no change in the 18th amendment and announcing a purpose of voting for those candidates known to favor a strict enforcement of the law. The churches where these resolutions were voted upon are Third Reformed, Sixth Reformed, First Reformed and Trinity with others expecting to take the matter up later.

It was reported that 98 bouquets were placed in the schools to greet the teachers on the opening day of school, the committees for each building being as follows: High school, Mrs. G. Mool, Mrs. D. Damstrama, Mrs. N. Praken; Junior High, Mrs. G. H. Huizenga, Mrs. E. J. Blekkink, Mrs. R. B. Champion, Mrs. J. Wayer; Froebel, Mrs. A. Meyer, Mrs. E. Rich, Mrs. G. Albers; Lincoln school, Mrs. F. J. Congleton, Mrs. B. Slag, Mrs. A. Smeenge, Mrs. O. D. Bortume; Washington school, Mrs. C. St. Clair, Mrs. S. C. Nettinga, Mrs. G. Lage; VanRaalte, Mrs. H. W. Smith, Mrs. B. Harris; Longfellow, Mrs. J. Visscher, Mrs. B. Welton, Mrs. C. Dressell, Mrs. H. Van Ark; Christian School, Mrs. Gertrude Boer, Mrs. Ossewaarde, Mrs. J. Oosting, Mrs. M. Mulder, Miss Martha Slownski sang "Daisies" accompanied by Miss Amy Ruth Zwemer. Another musical number was a duet "Son of My Soul," by Mrs. Charles Gross and Mrs. H. Van Ark.

"Scientific Temperance Instruction in the schools" was given in an interesting talk and poster exhibit by Mrs. H. W. Smith. These will later be distributed in the schools. Attention was called to the coming primaries and each member urged to induce any other women to vote.

The tea committee was Mrs. W. E. Van Dyke, Mrs. C. Klaassen, Mrs. M. Mulder and Mrs. Bert Slag.

The following is from the Niles City Star:

A quiet and pretty home wedding was held Saturday evening at 7:30 o'clock at the home of Mr. and Mrs. George Barnes, 498 West Main st., when their daughter, Miss Ruth Barnes, became the bride of G. Vernon Binns of Marion, O., a former resident of Niles, and a son of Mr. and Mrs. Thomas Binns of Holland, Michigan, who also formerly lived in Niles. The wedding service was read by Rev. Fairfield, rector of St. Paul's, in the absence of Rev. Harold Holt, rector of Trinity Episcopal church in this city. Immediate relatives only were present.

Tuesday's enrollment at the public schools of Zeeland was as follows: High school, 153; Eighth grade, 52; Seventh grade, 40; Sixth grade, 35; Fifth grade, 51; Fourth grade, 48; Third grade, 50; Second grade, 44; First grade, 54; Kindergarten, 40. Total enrollment, 568.

It is expected that others will enroll during the coming days of school so that the total will reach about 600. It is possible that the high school enrollment was somewhat smaller than expected because some people were misinformed upon the question of non-resident students. Non-resident students are accepted and welcomed for enrollment as in past years.

The following is a list of teachers employed in Zeeland public schools for the present year: Superintendent, Paul V. Sangren; High school principal, Harold Hawley; high school teachers, English, Ada De Pree; English and Civic, Helene Van Raalte; French, Dora VanLoe; Latin, Laureen Mullenberg; Biology, Helen James; Physics and Chemistry, Herman Andrews; Mathematics, John Walko; Economics, Harriet Burrel.

PETER MCCARTHY'S SON EXONERATED BY JURY

Peter McCarthy of Jenison Park, better known as the mayor of bird center, has received word that his son Walter P. McCarthy of Grand Rapids and A. W. Bohnet of Kalamazoo, a furniture salesman, were exonerated at Bellefontaine, O., where they were held on the charge of manslaughter.

According to dispatches the charges are preferred as the result of an automobile collision on the road from Columbus, O., to Ft. Wayne, Ind. The car of the two salesmen collided with the automobile of Arthur Clayton, 28, a farmer living near Bellefontaine. Clayton, according to the dispatch, was hurled thru the windshield of his car into a cornfield. An artery in his neck was severed and he died from loss of blood.

The coroner's inquest proved that the two salesmen were not in the least to blame for the accident and they were immediately discharged.

As soon as the father heard of the son's predicament he got in touch with the prosecutor of that county who stated that holding the son in case of accident was a matter of form, and it was always followed where strangers were involved.

Walter P. McCarthy, who is a graduate of the Holland High school is a young man of excellent character, and has been a representative of a wholesale upholstering company of Grand Rapids for a number of years and has made good.

His firm was ready to send attorneys down to the Ohio city to aid Mr. McCarthy however they found that the decision of the coroner's jury made it unnecessary.

FACTORY EMPLOYEE GETS FORD CAR GIVEN AWAY SATURDAY

Saturday afternoon before one of the largest crowds of the year the local ball tossers again defeated South Haven 8 to 5. This makes the sixth consecutive victory that Holland has over the resorters and plainly shows the locals' superiority. Holland was justly proud over the wonderful record stuck up by the Holland boys this making the 34th victory against ten losses—a record about which no state team in our class can boast.

Saturday was a big day for ball fans in more than one way. The game was preceded by a parade headed by our faithful and talented American Legion band with the ball players falling in behind. The snappy music between innings added pep to the game. Then as a climax the Ford car on which a goodly number of chances were out was given away and never was there a happier man in the world than Simon De Groot, an employee of the C. P. Limbert factory who drew the lucky number. He could not force out the words to express his delight. No less than a dozen other prizes donated by various merchants were drawn by lucky numbers preceding the one that drew the car. Miss Minnie Meyer drew out the numbers from a box held by Father Nye. George Woldring was the announcer.

To get back to the game Hoover was selected to do the pitching and got away in fine style and was touched up for seven hits. Miller again opposed the locals on the mound for the resorters but did not fare quite so well as other times. His delivery was found for 13 hits. South Haven was forced to use Kremer a Holland player due to the late arrival of one of visitors' men. Kremer sure did his share in trying to put the skids under Holland. His single and triple scored over half of the visitors' runs.

The Fris Book store again put up a five spot for the most valuable hit and was won by Hick Hoover and Scott Lugers Co. donated a five for the best batting average split by G. Batema and Shaw. The heavy clouds and a light shower during the game did not seem to keep many away as the stands were packed to capacity.

The season's play is fast coming to an end. Next Saturday the Grandville-Jenison team comes to town for the final and deciding game of the series. Plans are under way now to arrange the deciding game with Allegan the 5th of the series for one week from next Saturday. This will be the last game of the sea on should all plans materialize.

Hunting licenses for ducks and coots, Wilson and jack snipe and gallinules, geese and brant and black breasted and golden plover and yellow legs may be obtained now for the season opening Sept. 16, announces County Clerk Sluiter. The season on these closes Dec. 31. Ralls may be hunted beginning Sept. 1, but the season closes Nov. 30. A quantity of blanks has already been received from the state. The partridge and woodcock season does not open until Oct. 15, the first day that rabbits may be legally hunted. Partridge and woodcock season will close Nov. 20, inclusive. The season on fox squirrels also opens on Oct. 15.

Licenses in Holland can be secured at the Corner Hardware.

IMPORTANT CHANGES TO BE MADE BY THE REFORMED CHURCH CLASSIS

The Classis of the Reformed churches that is to meet in Holland this fall is contemplating some drastic changes in the regrouping of the churches especially in Michigan.

The three classes with which all the churches in Michigan are connected are Grand River, Holland and Michigan. These classes number respectively 34, 24 and 23 churches. As at present constituted the churches in Grand Rapids, Holland, Muskegon Grand Haven and Kalamazoo are listed in two separate classes. According to the new program all the Reformed churches in the same city will be members of the same classis.

The tentative program to be adopted

ed will provide for four separate classes—Grand Rapids or Grand River, Holland, Kalamazoo and Muskegon. In event of its passage the Michigan classis will cease to exist and the churches in this body will be regrouped among the four classes according to proximity.

The new arrangement has been under advisement for some time and if adopted will materially reduce expenses of delegates who represent their churches at the classical sessions during the year.

The city's nursing and health service will again be represented on the fairgrounds this year as last year. This service will be in a tent near the Red Cross tent and it will be presided over by Miss Alma Koertge, city nurse, and Miss Eva K. Schuur, Ottawa County Home Demonstration agent.

Miss Koertge's first plan was to give stereopticon lectures on the fair grounds this year, but it was impossible to secure a building that could be darkened for that purpose. A tent will not serve for such lectures and hence the plan had to be abandoned. Miss Koertge and Miss Schuur however will give various health demonstrations, which will be of considerable interest, and the people who attend the fair are cordially invited to attend them.

In addition to that, Miss Koertge has made arrangements for health talks by local physicians. The general theme of these talks will be on the care of the sick in the home and on methods of first aid.

BEECHWOOD P. T. CLUB HOLDS FIRST MEETING

The first meeting of the year of the Beechwood P. T. club was held on Friday evening. It was opened with community singing, after which the business was transacted. Monthly and annual reports were read. The rest of the evening was taken up by the election of new officers: President—Miss H. Kuhl. 1st V. P.—Mrs. A. Wierda. 2nd V. P.—Mrs. A. White. Sec'y—Miss Hubbard. Treas.—Miss Jane Plakke. Delightful refreshments were served.

Proposed Improvement of Part of Seventeenth Street

Notice is hereby given that at a meeting of the Common Council of the City of Holland, held September 6, 1922, the following resolutions were adopted:

Resolved that Seventeenth street from the east line of River Avenue to the west line of Central avenue be improved and paved with a two inch sheet asphalt wearing course on the present gravel road bed built up and widened to a thickness of six inches with crushed limestone, and that such paving and improvement shall include the construction of the necessary curbing, gutters, manholes, catch basins and approaches in said portion of said street and said improvement being considered a necessary public improvement; that such paving and improving be done in accordance with the plans, diagrams and profile of the work prepared by the City Engineer and now on file in the office of the City Clerk; that the cost and expense of constructing such pavement and improvement with the necessary curbing, gutters, manholes, catch basins and approaches as aforesaid be partly paid from the General Street Fund of the City, and partly by special assessment upon the lands, lots and premises abutting upon that part of 17th street between the east line of River Avenue and the west line of Central avenue as follows:

Total estimated cost of paving and improvement including cost of surveys, plans, assessment and cost of construction, \$4,464.70; that the entire amount of \$4,464.70 be defrayed by special assessment upon the lots and lands or parts of lots and lands abutting upon said part of 17th street according to the provisions of the city charter; that the lands, lots and premises upon which said special assessment shall be levied shall include all the lands lots and premises abutting on said part of said street in the city of Holland; all of which lots, lands and premises as herein set forth to be designated and declared to

be designated and declared to

constitute a special assessment district to defray that part of the cost of paving and improving part of 17th street in the manner hereinbefore set forth, said district to be known and designated as the "17th Street Paving Special Assessment District" in the City of Holland.

Resolved that the profile, diagram, plans, plans and estimate of cost of the proposed paving of 17th street from the east line of River Avenue to the west line of Central avenue be deposited in the office of the clerk for public examination and that the clerk be instructed to give notice thereof of the proposed improvement and of the district to be assessed therefor, by publishing notice of the same for two weeks and that Wednesday, the 4th day of October A. D. 1922 at 7:30 o'clock p. m. be and is hereby determined as the time when the council will meet at the council rooms to consider any suggestions or objections that may be made to said assessment district, improvement, diagram, profile and estimate of cost.

Richard Overweg, City Clerk, Dated Holland, Michigan, September 11, 1922.

Who pays the Bill?

THE American people are spending over five billion dollars a year on luxuries. At this rate, what will there be left for the necessities of the dependent families? How provide an income?

Bread-winners all! Consider the meagerness of 16 cents a day, per \$1,000, as an income. How much must you accumulate and set aside in order to leave the wife and children well provided for?

We are prepared to take up the matter of a "Living Trust" for their benefit. It can begin to accumulate early. It will always be useful.

BILLARDS

There is no better or cleaner game on earth than Billards. In nearly all towns of the U. S. Business men regardless of their church belief play the clean game of Billards. Many of the churches are installing Billard tables. We run our place right and solicit the patronage of Business and Professional men as well as all others who are gentlemen.

NO RACE SUICIDE IN TRINITY CHURCH

The baptismal records of Trinity church show that there is no race suicide in that church, and if Roosevelt were alive today and were given the record he would probably bare his teeth and say "Bully!"

Last Sunday Rev. C. P. Dame baptized nine children in a row. This itself is a large number not often duplicated in any other church, but it is all the more remarkable when it is learned that this is the second time this year that Mr. Dame has baptized nine babies in a bunch. Smaller groups have of course been baptized from time to time so that the total for the year would be a large one.

BAND CONCERT HAS UNUSUAL SURPRISES THURSDAY EVENING

Possibly the largest crowd that ever came to a band concert in Holland filled Centennial Park Thursday evening when Director John Van Vyven and his American Legion band gave an unusual program.

Many new numbers were listened to by the appreciative audience and some extra surprises were sprung at intermissions.

Arthur Smith one of Holland's coming tenors, gave a surprising exhibition when he sang "Old Fashioned Girl" with band accompaniment, and was encored to such an extent that as a second number he rendered "Leave Me With a Smile," accompanied by the band and xylophone.

The audience surely did appreciate Mr. Smith's rendition of these beautiful songs.

Other numbers well rendered were xylophone solos by Bert Brand and a trombone solo by Herbert Steinway.

The concert Thursday evening was a complimentary one given by the band, and Mayor Stephan who was present, got up and called the attention of the audience to the wonderful treat that the Legion band has given Holland all during the summer and that these concerts were appreciated as evidenced from the large crowd that came every Thursday evening.

He asked the members of the band if they would be willing to give another concert two weeks from Thursday night, the weather permitting, and the boys consented. Then the mayor asked the large audience if they would come prepared to help the band financially if the hat was passed. A roar of "yes" filled the air and the approval was spontaneous to say the least.

The band wishes to go to New Orleans to the American Legion National reunion on October 18, and although some money has been secured more is needed and no doubt the mayor's plea for the boys will bring a liberal response two weeks from Thursday night when all participants are asked to come prepared.

Some citizens already offered financial assistance during the evening stating that they would be out of town at the time, but wished to help in this matter.

The mayor also asked that manufacturers and business men who do not attend these concerts and who generally go to their summer homes on the lake, send in their contributions, either to the mayor's office or to Director John Van Vyven.

Said the mayor, "The American Legion band is being recognized all over the state. Its services are being asked for and its services are a valuable advertising asset to Holland."

WEDNESDAY WAS HOT-TEST SEPT. DAY IN QUARTER CENTURY

The best weather record for the season was tied Wednesday afternoon when the mercury in the thermometer on top of the Masonic Temple building at Grand Haven registered 89 for a second time which was so recorded this summer in the records of the Ottawa County U. S. weather bureau. This mark was made for the first time this summer July 9.

At noon the mark was 83 Wednesday and at 2:30 the highest was 85.3. This was bettered by several degrees before the day was over, in fact the evening and most of the night found people sweltering in the heat.

The heat wave seems to have been broken now and the mercury is hovering around 75. This is more in accord with the mark of 74 set one year ago Wednesday.

Besides being the hottest day in the year with the exception of July 9th, Wednesday was also the hottest day that has been recorded in September for a number of years. It is as warm a day as has been had since the 7th of July in 1921, when the register was an even 90. Wednesday also has a warm record of September, it being the hottest day in that month since September 14, 1897 when the mark was 92. This was a quarter of a century ago.

WASTE IN PERE MARQUETTE AFFAIRS IS VERY APPALLING

Railway officials apparently are compelled to follow certain rules laid down by the government, brought about by the war, sometime ago and still in vogue and according to Pres. Frank Alfred these rules are the cause of a ten per cent loss to the Pere Marquette annually, as well as to other roads.

We know however that before the government began to stick its nose into the railroad affairs and officials had something to say about their own property at that time we had in Holland a 10 cent a hundred freight rate, 50 cent excursions to Grand Rapids, Benton Harbor and Muskegon, and \$5 round trip excursions to Niagara Falls. Those years are now passed.

What the cause is for all these changes can be laid, nine-tenths to interference from the outside.

Mr. Alfred in a column article says that there are 186 rules that rail-

roads must observe and that red tape winds itself about honest progress to such an extent that efforts to do something is throttled because of the over abundance of tape.

If the railroads were run as any other industry is allowed to run it could pay its help 10 per cent more. Ten men in many instances are compelled to what would be a snap for two to accomplish and of course the public pays the freight.

Says Mr. Alfred: "If the Pere Marquette could be placed in exactly the same position as an unfettered industry, I say we could pay ten per cent more to our shippers by eliminating the waste and at the same time releasing some of the unnecessary labor to other essential industries. We hear much clamoring on the part of some of employers of labor for relaxing of immigration laws in order to make up for the needs for common labor. This cry would in a measure be allayed by this simple expedient."

Let's take a few concrete instances in connection with the national shop craft agreements and their 186 working rules. This is the way they operate. Take the case of a locomotive which has been held in the shop because of a broken stay bolt. Under the national agreement and the rules laid down, there are no less than 11 different operations, as follows:

1. The cab carpenter and his helper remove the running board.
2. The sheet metal worker and his helper take off the jacket.
3. The pipemen remove the pipe.
4. The machinist and helper remove the running board bracket.
5. The oxwelder and helper burn out the stay bolt.
6. The boilermaker and helper take out the staybolt.
7. The boilermaker and helper put in the staybolt.
8. The running board bracket is replaced by machinist and helper.
9. The running board is fastened on by a cab carpenter and helper.
10. The jacket is replaced by a sheet metal worker and helper.
11. The pipe work is replaced by a pipe fitter and helper.

"Now as a matter of fact, six different crafts have been called into this operation, where a boilermaker and his helper could have done all this work alone and in less time. That is specialization run wild. Adam Smith, who in his admirable description of the benefits of specialization in industry in order to secure greater production, never contemplated such a condition."

"Our foreman's time is being wasted in the classification of the work. There is lack of co-operation between the crafts which is unnecessarily costly, due to this fact. Another instance which is typical is where an injector fails. The operation in this instance is as follows:

1. The pipeman and helpers are called in to uncouple the pipes.
2. The machinist and helper remove the injector.
3. The machinist and helper repair the injector.
4. The pipeman and helper then couple the pipes.

"In this instance each craft has its helper, and the foreman of each craft had his time taken up to classify the work and assign the workers to the particular job. The standard joke about the plumber with his helper who is called to a home to fix a water tap, comes to the house, looks over the job and with his helper returns to his shop to get a wrench, is illustrated every minute in our busy railroad shops under national agreements."

LOCALS

The Holland City News comes out two days early this week in order to give the Holland fair a last boost. The polls will be open today until six o'clock Holland time.

C. W. Blocker of South Bend, Ind. has resigned his position as field assistant in government work, in the agricultural experiment plots near the Indiana city. He has accepted a position with the Payne Investment Co. of Omaha who have 15,000 acres near Albert Lea, Minnesota. Mr. Blocker who has been a Holland man for years is endeavoring to settle a Dutch colony on this land and states that a school and church have already been contracted for.

The new dog tax law is proving to be quite effective at least as respects collections. The report of uncollected dog tax was made to the sheriff by the county clerk this week and shows only 13 unpaid. All the owners of these dogs have been notified and it only remains for the sheriff to see that the owners pay a fine and that the dogs are shot or the tax paid.—Allegan Gazette.

STOWAWAY ROBS
STATEROOM OF G. &
M. STEAMER

George Nathanson, passenger on the steamer City of Grand Rapids, found himself in a very embarrassing plight when he woke up and found that the pegs where he had deposited all his clothing including his B. V. D's, were missing.

He turned in an alarm to the steward of the boat knowing that he had been robbed and the officers made a hurried search while the Steamer was still on Lake Michigan and found in the bow of the boat a young man of 19, named James McCraney, fast asleep with his head pillowed on a bundle wrapped in a newspaper. The young man was apparently a stowaway for his name did not appear on the passenger list.

When the package was opened it was found to contain a silk shirt, a pair of trousers, ties and socks that proved to be the property of Nathanson, the passenger.

McCraney maintained that he had picked the articles up on the deck of the boat and had put them in the newspaper.

An altogether different light was thrown upon the affair however when one of the colored porters stated that he had seen McCraney trying to open the stateroom door of the room assigned to Nathanson, but thinking him a passenger, he paid no more attention to the affair.

When the boat reached Macatawa officers telephoned ahead for the Holland police and Mr. Cramer was at the dock when the boat arrived.

For some time McCraney maintained his contention that he had picked the articles up on the deck; however, he finally broke down and stated that he had seen the colored porter watching him and being afraid he took the bag containing several articles of wearing apparel and threw them over in midlake and no doubt these are now in "Davies' Locker" instead of the boat where they were supposed to be.

Nathanson who occupied room 120 had safeguarded his money by placing a large roll under his pillow, never surmising however that he would be stripped of clothing.

McCraney was bound over to circuit court by Justice Van Schelven and was taken to Grand Haven by Officer Bontekoe who states that the young man made full confession to him and the turnkey of the county jail.

In the meantime Nathanson has been provided with clothes and has resumed his journey with his money safely tucked away in his new suit.

WHAT YOU SAW IN THE HOLLAND CITY NEWS FIFTY YEARS AGO

We learn the schooner Tri-Color went ashore near South Haven on Sunday last, vessel and cargo supposed to be a total loss. Note—The Tri-Color was captured by the late Boss Van Ry, father of Chief of Police Frank Van Ry and the Chief as a lad was cook on board of the vessel. Later Captain Van Ry sailed the "R. Kanters" a large two masted schooner.

FORTY-FIVE YEARS AGO

Mr. A. Bosma sells this year from ten to twelve tons of grapes and Hope College sells nine tons more. How is this fruit growing? In Mr. De Jong's vineyard were raised from five to six tons which were pressed into wine. "Berry" Purdy has sold over 300 baskets of peaches and over 2,000 pounds of grapes. Fruit cultivation is sure fine in this vicinity. Note—The Bosma vineyards spong of were along the hills of Ottawa Beach and later became the property of the Witteveen's. The old gentleman in his day gave every visitor a glass of grape wine. Hope college owned property all along the north side of the bay, in fact Waukazoo with all its beautiful natural forest was once the property of the local college. Much of the land included vine yards. "Berry" Purdy was an old gentleman living in the vicinity of what is now Montello Park. His old white horse drawing a loaded "buckboard" laden with wonderful fruit were conspicuous figures on our public streets for years some thirty-five years ago.

FORTY YEARS AGO

Jan Trimpe, an old wellknown resident of this city died yesterday at 2 o'clock. The man was 76 years old and an old settler in this community. Note—Every one living in Holland 45 years ago will remember Jim Trimpe and all the kids going to the fourth ward school have reasons to remember him and his wonderful Delaware grape arbor. He was a stern old man, always dressed in

black, wearing a large brimmed hat. He lived in a large gloomy, rambling house with the blinds always closed. The house was located on the site now occupied by the beautiful residence of Dr. Knooihuizen on 12th and Maple avenue.

THIRTY-FIVE YEARS AGO

Postmaster Jacob G. Van Putten and brother Ben of G. Van Putten & Sons, visited Chicago this week to meet President Cleveland at a reception. "Jake" says the president is a pleasant man and a mighty good fellow and he approves of all of his official acts.

THIRTY YEARS AGO

Rev. H. G. Birchby and family are expected here from the east on Tuesday evening next. Hope church parsonage is placed in readiness for them and every room in the house has been painted and papered. Note: Mr. Birchby at the time had accepted a call tendered him by Hope church congregation.

TWENTY-FIVE YEARS AGO

The marriage of Otto P. Kramer of Holland and Miss Georgia Hinman of Fennville is announced for Monday, Sept. 6. The prospective groom is the popular bookkeeper at the Holland City State bank and the News wishes him and his bonny bride every success in their matrimonial career. Note—The wish has surely been fulfilled looking twenty-years back.

TWENTY YEARS AGO

Hein Te Roller brother of Dick Te Roller has arrived safely in Alaska on a gold prospecting tour.

Geo. Poole of Chicago has purchased a handsome new yacht called "Laura B.," which will be used as a pleasure craft on Black Lake. It is said to be one of the finest boats that has ever sailed Black Lake.

Miss Mary Ver Hulst and Thomas J. Powers of Holland were united in marriage yesterday by Rev. Father Mans of Grand Haven.

Not only will Holland have paved streets within a year but it is likely to have a gas plant. Relative to gas it is only being argued whether the city or a private company should own the gas plant.

The cornerstone of the 14th St. Christian Reformed church was laid. Those who took part in the ceremonies were Rev. H. Van Hoogen, Rev. D. W. Drukker, Rev. M. VanVessem, and Dr. H. E. Dosker. The laying of the cornerstone was done by Rev. Drukker assisted by Peter Schoon. At the close of the exercises A. C. led in the singing of the Doxology.

FIFTEEN YEARS AGO

Mrs. G. J. Nykerk, the step-mother of Prof. J. B. Nykerk of Hope College died Sunday morning at the Overisel home at the age of 73. She is survived by the Missess Jennie and Jane Nykerk, Mrs. H. J. Kleinhekel, James Nykerk and Prof. J. B. Nykerk.

Everett Dick, who has recently returned from South Africa has taken a position with the Buss Machine Works and will soon move from Saugatuck to make Holland his home. Note—Not alone has he continued to live here but he married the proprietor's daughter soon after taking the job.

In spite of the rainy weather the committee of bill posters for the Holland fair, consisting of Jake Lokker, A. B. Bosman, N. J. Whelan, C. M. Vander Meulen and Ben Mulder posted fail bills around Graafschap East Saugatuck, Fillmore, Colledoorn, Hamilton and Overisel. The bill posting trips were a donation by these men to the Holland fair, they bearing all the expense. Three more trips will be made.

TEN YEARS AGO

The surprise of the primary election of August 27 will apparently never let up. There have been so many loose contests that the returns as these came trailing in from day to day surprised many men. But no one was more surprised than a young attorney, Thomas N. Robinson, who was told by Chairman Edward P. Kirby of Grand Haven that he was elected as circuit court commissioner, and he didn't even know he was running. Attorney Fred T. Miles was nominated as the second commissioner, two commissioners being required in the county.

FIVE YEARS AGO

Prosecutor Fred T. Miles is having his hands full with the Berlin Hotel case. The hotel was finally closed as a disreputable place where Grand Rapids people booze and conduct themselves unbecomingly.

Burglars entered the factory of W. E. Dunn & Co. and stole \$150 worth of valuable tools.

Elmer Kolberg, living on the West Michigan Pike, south of Grand Haven in a fit of rage shot his wife thru the breast with a shot gun.

A simple but pretty wedding took place at the home of Mrs. G. Ten Have in Zeeland when their daughter Effie was united in marriage to Dr. W. Westrate. It is the second military wedding performed in Zeeland.

An editorial from the Grand Rapids Press of Saturday:

Carl Mapes

Every second year it is a pleasure to The Press to place another mark of approval on the record of Carl E. Mapes of the Fifth Michigan district, and it expects to be able to continue the practice as long as he will consent to remain in congress.

At each recurrent primary campaign some well-meaning citizen who would like a term or two in Washington enters the lists as an opponent, only to realize later that he has been butting against a stone wall. He does not try again but some one else does, tho Mr. Mapes is the type of representative who should have no opposition within the ranks of his own party at least.

His record as leader in attendance at house sessions, of careful attention to the needs of his district and of independent action in national affairs have given him a standing that no new member could hope for. He has stood all the tests of a worthwhile public career.

Do they come back?

I'll say they do —
The Milk Scale tells the Tale —

YOUR cows get tired of unpalatable feeds — their production falls off, but Oh Boy! How they do come back and fill the old milk pail brim full when you begin to feed Sugared Schumacher. It sharpens their appetite — they eat it with a relish — they don't go off their feed — they improve in health and their better condition is reflected every day in the milk pail. Come in and let us tell you all about it.

SUGARED SCHUMACHER FEED

It is made by the Quaker Oats Co., the largest feed manufacturers in the world. Our prices are particularly attractive just now.

Fruit Growers Attention!

The publication "Fruit Belt" of Grand Rapids, Michigan's leading fruit paper, will give special premiums in form of free subscriptions for meritorious exhibits of fruit at this week's fair. They will be awarded at the recommendation of the fruit Committee, for noteworthy specimens of plums, pears, peaches and grapes. And for apples there will be three of these premiums. Bring in your fruit and share in these awards.

ATTENTION!

Any exhibitor who has already registered at our booth as a subscriber will have his money refunded if he is awarded one of these premiums.—Advertisement.
