## Preparing for Biggest Poultry Show Oct. 11-12

JUDGES' RING PLANNED SO  
PATRONS CAN WATCH  
JUDGING

Will be Staged at Holland Com-  
munity Fair Grounds Next  
Month

Fame of the Holland-Zeeland-  
Grand Haven section as a poultry  
center—the "Petaluma of the Mid-  
dle West"—will be spread to the  
far corners of the nation by the  
exposition to be staged at the Hol-  
land fair grounds Oct. 11 to 13,  
under the auspices of the Ottawa  
County Greater Poultry Associa-  
tion.

Secretary Edward Brouwer an-  
nounces 50 silver trophies will be  
offered to winners. Premium books  
soon will be ready for distribution.  
Three classes of poultry will be  
featured in the show for the pur-  
pose of emphasizing the varied in-  
terests represented in the industry  
in Michigan.

The exhibition class will contain  
the birds which must measure up  
to every standard listed in the lat-  
est standard of perfection, pub-  
lished by the American Poultry  
Association, and a licensed judge  
will place all awards.

The breeders' production class,  
known as the utility class, will con-  
tain birds which must be the prop-  
erty of an exhibitor. Each speci-  
men must possess all major stand-  
ard qualifications and only stand-  
ard bred birds are eligible to com-  
pete. Light colored legs and beak  
in either the American or Mediter-  
ranean classes will not be consid-  
ered defects.

The hatcheryman's free-for-all  
production class is a new depart-  
ment. Birds entered in this class  
need not be the property of the  
exhibitor. Any person having an  
incubator will be considered a hatch-  
eryman. An exhibitor entering  
birds other than his own cannot en-  
ter these same birds in any other  
class.

Judging of the birds will take  
place in a ring. An elevated plat-  
form will be built in the ring,  
where the awards will be made.  
This will afford all spectators and  
exhibitors an opportunity to watch  
every move made by the judge,  
who will make explanations with  
reference to the individual speci-  
mens in competition. Rabbits,  
cavies and dogs will be cored by  
judges selected from United States  
and Canada's best authorities. Lec-  
tures and moving pictures will be  
given daily by leading authorities  
on poultry problems.

In addition to the poultry show,  
provisions are being made for a  
rabbit and cavy and dog show.  
This exhibition will be under the  
supervision of the Greater Holland  
Rabbit and Cavy club, which has  
in its membership some of the best  
breeders and fanciers. It is ex-  
pected 500 entries will be placed in  
the rabbit and cavy department  
from all parts of Michigan and  
other states. A dual purpose speci-  
men, one that will profitably pro-  
duce both meat and fur, is the aim  
of the promoters. A national judge  
will place the awards and the show  
will be governed by the rules of the  
American Rabbit and Cavy Breed-  
ers' association.

The dog show will be another  
interesting and educational feature.  
This show will be governed by the  
rules of the American Kennel club.  
Dogs from large kennels in Michi-  
gan and other states will be entered  
for competition. Competent judges  
recommended by the American  
Kennel club will place the awards.  
Silver trophies and silk ribbons  
will be offered in all classes.

The officers and directors of this  
association are men who are man-  
agers and owners of corporations

## DUCK SEASON OPEN SUNDAY IN THIS STATE

The duck hunting season opens  
next Sunday and the usually quiet  
Sunday morning in the vicinity of  
Holland will no doubt be disturbed  
when the bombardment on the  
ducks begins with sunrise.

The law permits shooting from  
sunrise to sunset, with a bag limit  
of 15 ducks in one day and 30 in  
possession at one time. Not more  
than 50 ducks may be legally killed  
in Michigan in one calendar week.

Wilson and jack snipe may be  
shot during the same hours of the  
day, with a limit of 15 birds in a  
day and 25 in a season.

The limit on coots and gallinules,  
as well as rails is 25 in a day, and  
on the first two species 25 in a  
season.

## Zeeland Church Hears of Perils In Africa

Third Christian Reformed church  
of Zeeland has received a letter  
from Miss Johanna Veenstra, mis-  
sionary in northern Nigeria, Brit-  
ish West Africa, in which the  
young woman tells of many narrow  
and harrowing escapes with animal  
life in the jungles.

The letter states five persons  
have confessed publicly and older  
Christians are showing a real de-  
sire to advance. The big heathen  
dance held every year in honor of  
their religion was not held this  
year.

Miss Veenstra's letter tells of  
troubles with large and poisonous  
snakes within a short distance of  
her cottage. In two weeks three  
of a certain very poisonous species  
have been killed within a few steps  
of her home. The wild bush dogs  
also cause the missionary workers  
much trouble as they are very large  
and attack persons in search of  
something to eat.

The missionary tells of her bi-  
cycle breaking down and having to  
walk 19 miles. The first stage of  
the journey was eight miles  
through the rough African jungle.

The final stage traveled at night,  
Miss Veenstra carried two lanterns  
for protection from beasts and in  
order to see the snakes that in-  
habit the paths. After the journey  
her feet were swollen, blistered and  
bleeding, but her letter stated that  
her aching feet were forgotten be-  
cause of the fine mission meetings.

The letter was mailed June 1  
and was received in this country  
only this month. The local church  
has aided Miss Veenstra in her  
work.

Marvin Maris, son of Harvey C.  
Maris, local barber, has his master's  
degree from Northwestern  
university, where he won a scholar-  
ship. He now is prepared to take  
the pastorate of some church, the  
field to be extended him at the next  
meeting of the Methodist confer-  
ence. Mr. Maris got his education  
in nine schools. He received his  
primary course in Denver, Colo.;  
graded work in Elkhart, Ind., and  
Beechwood, near Holland; was  
graduated from Holland High  
school, spent two years each at  
Hope college and Albion college,  
was graduated from Northwestern  
university, took a course in the  
New York School of Sociology and  
a Bible institute in Chicago.

Rev. and Mrs. M. Toomey, colored sing-  
ers and Miss Doris Green, reader and  
pianist will appear at the Berean Church,  
corner of Maple Avenue and Nineteenth  
Street on Friday night of this week. Rev.  
Toomey is president of the Toomey Bible  
and Industrial Institute of Muskegon  
Heights. An offering will be taken to  
aid the work among the colored people.

and privately owned poultry insti-  
tutions, ranging in assessed value  
from \$100,000 down to the smaller  
city lot fancier.

## Did Zeeland Folks Hurdle Over Cliff?

NICK WHELAN GIVES  
VERSION HOW ZEELAND  
FOLKS MIGHT BE LOST

HAVE BEEN MISSING IN CALI-  
FORNIA FOR A MONTH

WERE TRAVELING FROM LOS  
ANGELES TO SEATTLE,  
WASH., VIA SAN  
FRANCISCO

The county of Ottawa is stirred  
over the fact that Mr. and Mrs.  
Albert LaHuis of Zeeland possibly  
the most prominent family in that  
city, have disappeared from sight,  
and anxiety as to their safety is  
growing daily.

Mr. and Mrs. LaHuis passed  
through Holland on the Fourth of  
July, intent on a motoring trip to  
the Pacific coast. They went by  
easy stages, visiting friends and  
relatives on the way, finally reach-  
ing Los Angeles, Calif., in safety.

They had made it a rule that  
either one or the other drop a letter  
or postal card to near relatives  
almost daily, and these letters kept  
coming at intervals until August  
17, when all communications to  
Zeeland and also to Chester LaHuis,  
the only son at Miami, Fla., stop-  
ped at once.

Relatives felt that this was rather  
strange but believed that they were  
on their return trip, hastening  
home, with the intention of ar-  
riving before Labor Day.

When the Zeeland couple did not  
arrive for several days after the  
time designated, there was real  
anxiety among the relatives and  
wires were sent comparing notes to  
the missing correspondence, there  
was so promptly being taken care  
of in the earlier stages of the trip.  
It was soon apparent that corre-  
spondence had ceased to every rela-  
tive at the same time.

A family council was held and a  
communication was sent to the law  
firm at Los Angeles with which Mr.  
LaHuis had done business on pre-  
vious occasions. The attorneys got  
busy and found that on August 17,  
Mr. and Mrs. LaHuis and Mr.  
Waters, who were jointly interested  
in some oil prospects, had left Los  
Angeles together and that night  
had registered at a hotel at Bakers-  
field, near Los Angeles, for the night.

They checked out early in the  
morning and Mr. LaHuis left word  
to forward all his mail to Seattle,  
Washington, where they were to  
stop off at relatives, and from  
which place they were to come di-  
rectly home.

Thus far the trail ended at this  
Bakersfield hotel, despite the inves-  
tigations of attorneys, California  
detectives and Chester LaHuis, the  
son, and son-in-law, Mr. Cortis  
of Cincinnati, Ohio, who hastened to  
California to be on the grounds per-  
sonally to urge on a more thorough  
search.

Mr. Waters, an oil associate of  
Mr. LaHuis, who was registered at  
Bakersfield as one of the party,  
has also been missing.

All sorts of theories have been  
advanced as to what has become of  
the missing Zeeland folks. Some  
believe foul play, but it is largely  
believed that the automobile con-  
taining the three rolled over a  
precipice or into a ravine and there  
are hundreds of them in the San  
Francisco and San Francisco  
Bakersfield and San Francisco  
Many of these gorges are seldom  
visited by human beings since they  
are so dark and unproductive.

It is hoped that all these are idle  
fears. However, it seems that  
something terrible must have hap-  
pened on that trip for Mr. and Mrs.  
LaHuis on all their annual trips  
have never failed to keep in touch  
with their home folks.

Mr. LaHuis is widely known in  
the business circles of Michigan  
and the middle west. He is presi-  
dent of the A. LaHuis Dry Goods  
Co. of Zeeland, and also the Col-  
onial Clock Co. of Zeeland. He is  
director of the Continental Sugar  
Co. and president of the Zeeland  
school board, of which he has been  
a member for many years. A  
former state representative, he also  
has been very much interested in  
Sunday school work.

Nick Whelan, who has just come from  
Los Angeles, has given his version  
of what might have happened to  
Mr. and Mrs. LaHuis and Mr. Waters  
if they took the Los Angeles-Bakersfield  
highway to San Francisco.

He states that between Los Angeles  
and Bakersfield there are any number of moun-  
tain passes, in fact many more than be-  
yond Bakersfield toward San Francisco.  
Apparently Mr. and Mrs. LaHuis ne-  
glected the distance between Los An-  
geles and Bakersfield the day before, but  
Mr. Whelan states that directly out of  
Bakersfield toward San Francisco, there  
are several dangerous mountain passes  
and these are especially dangerous early  
in the morning.

When there is a heavy fog and the  
misty day seeps through the rocky crags,  
a slip means a drop over a precipice or  
a roll over into a deep ravine where there  
is a tangle of undergrowth and places  
where few people ever go.

Mr. Whelan states that it is a com-  
mon thing to search for missing auto-  
mobile parties and find them weeks after-  
ward in the ravine below.

Mr. Whelan was reminded of one wind-  
ing pass in particular that has more than  
200 curves. He stated that the motor-  
ists often present pictures of mountain high-  
ways in the vicinity of Bakersfield and  
around Los Angeles and these give some  
conception of the dangers in store for a  
driver on a foggy morning, and this is  
nearly every morning.

He says he has driven the highway  
through the passes himself, often and a  
driver must be constantly on the alert  
since there are many sudden turns and  
twists.

Dr. J. W. Bosman of Kalamazoo  
spent Sunday afternoon at Zeeland,  
at the home of Rev. and Mrs.  
John Van Peursem.

Miss Kathryn Meusen of Grand  
Haven, formerly of Holland, and  
Mr. Edwin Schalk of Muskegon  
were united in marriage Saturday  
evening at the home of Mr. and  
Mrs. Arthur Halman on Penoyer  
avenue. Mrs. Halman is a sister  
of the bride. Mrs. Schalk is the  
daughter of Mrs. John Meusen of  
South Ferry street and Mr. Schalk  
is the son of Mr. and Mrs. George  
Schalk of Muskegon.

## News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

### FIFTY YEARS AGO TODAY

While Geo. W. McBride of Grand  
Haven, came to Holland a few days  
ago to debate on the political ques-  
tions of the day, thieves broke into  
his home and stole \$50 in jewelry  
and some clothing. George believes  
the burglar must have been a  
democrat.

Marius Boone has just returned  
from Illinois with a dozen fine  
looking horses.

Ex-Mayor Isaac Cappon of Hol-  
land, and Mr. Dangelmond of  
Overisel have just returned from  
Europe where they took part in  
the World's Exposition at Paris France.  
They also visited the Netherlands.

On Saturday afternoon a fire  
alarm blast was sounded from the  
steam tug Twilight and every eye  
was soon turned to Black Lake.  
It was ascertained that Van Dyke  
and Co.'s saw mill on the north  
side was on fire. The distance  
from the city made it extremely  
doubtful if we could get there in  
time to do any good, whereas we  
could see the windward side of the  
mill enveloped in flames before  
leaving the city with the hand en-  
gine. However, our brave firemen  
pressed teams of horses into ser-  
vice and left at a gallop for the  
scene of action. A row boat lying  
at Harrington's dock also took over  
a lot of willing men. The Holland  
crew did not have much to do for  
the brave mill hands and owners  
reinforced by Geo. Metz and his  
hands from the Metz tannery  
formed a pail brigade and after a  
heroic struggle completely subdued  
the flames. Our firemen arrived  
too late to render any aid. Note:—  
The Van Dyke Mill was located on  
the site now occupied by the Vac-  
A-Tap Co. Besides a saw mill  
there was also a small ship yard  
alongside. The Metz tannery spoke-  
of was later purchased by the  
Cappon Bertsch Leather Co. and is  
still located there considerably en-  
larged. Geo. Metz was a brother  
of the late Fred Metz of Holland.  
Mrs. Metz and daughter are still  
living at 12th street and Pine ave.

The deaths of Jacob Hoogenstyn,  
Wm. Ashwin, P. Vinkenulder and  
Wm. F. Damsen took place during  
the week. Mr. Damsen was one  
of Holland's pioneer tanners and  
left a wife and ten children, Her-  
man, Wm. J., George T., Mrs. John  
Dyke, Mrs. John Banning, Paul-  
ine, Louise, Emma, Matilda and  
Hilda.

At Zeeland the Christian Reform-  
ed folks are demanding an English  
speaking church.

Former Sheriff Jesse Woodbury  
dies. He was stricken while talk-  
ing and laughing with friends. He  
was 53 years old and Sheriff of  
Ottawa County for two terms.

Mrs. Fred Scherman received  
word that her father at the age of  
85 years. Mr. Wentzel was always  
proud of the fact that he had voted  
for Abraham Lincoln for presi-  
dent.

Nicholas Hoffstein bent the axle  
and fender of his new Jackson car  
when he jammed into the rear end  
of Holland's "water wagon." The  
street sprinkler is undamaged but  
not so with Hoffstein's car. Nick  
says "I have one of those new 'self  
starters' on my car but what I  
really needed was a 'self stopper'  
and then there would have been no  
trouble."

Fifteen years ago Holland began  
to think of giving the city a  
healthy milk supply. The Common  
Council appointed a committee to  
go into the matter thoroughly. The  
committee was composed of Dr. J.  
Mersen, B. P. Donnelly, Arthur  
Van Duren and O. J. Hansen.

Kommer Schadelee, one time  
mayor of Holland, who died re-  
cently, left an estate of \$20,000.  
One third is to be divided among  
relatives, and two thirds to General  
Synod of the Reformed Church in  
which Hope College and the West-  
ern Seminary will share. Before  
his death he had disposed of a part  
of his fortune, Hope College, the  
Board of Foreign Missions and the  
Moody Institute, Chicago benefit-  
ing.

The Berlin fair at Marne, Otta-  
wa county, opens next week. It is  
the oldest fair in this county.

Rev. George Menninga, graduate  
of Western seminary and Corne-  
lius Evers, graduate of Hope col-

fessors, Pella, Ia.

The Fennville Fruit exchange ex-  
pects to work 24 hours a day pack-  
ing peaches for shipment during  
the next two weeks. This fruit is  
reaching its warehouse in large  
quantities. The Fennville section  
has prospects for the largest crop  
in history. Virtually every orchard  
has been thinned and uniform size  
prevails.

state institution there.

Theological Seminary and is to be  
installed in the new church at that  
place soon.

## Religion Not To Enter This Campaign

DIKEMA MAKES THIS PLAIN  
AT THE REPUBLICAN COUNTY  
CONVENTION

One of Most Enthusiastic Gather-  
ings Held at Grand Haven in Years

At least two hundred and  
twenty-five delegates and many  
visitors, including many women,  
gathered at the court house at  
Grand Haven Tuesday afternoon to  
transact business at the Republican  
County Convention, which included  
the naming of delegates to the  
state convention to be held at De-  
troit next week Wednesday.

Chairman William Hatton opened  
the convention and immediately  
thanked the citizens of this county  
for their splendid response to his  
appeals for better citizenship  
through the ballot box and the un-  
usual response in the campaign for  
registration.

He spoke specifically of the work  
done by Mrs. G. J. Dikema of  
Holland who was untiring in her  
efforts to bring about a one hun-  
dred per cent registration in this  
county. It is apparent from the  
results that she and her assistants  
deserve full credit.

Mr. Hatton stated further that  
he hoped a law would be passed  
to close the polls at a stipulated  
hour. He said, for instance, that  
at Grand Haven the polls were  
open from 7 o'clock to six o'clock  
and at Spring Lake to 5 o'clock.  
The result was that many voters  
were disfranchised at Spring Lake,  
thinking the polls remained open  
as long as at Grand Haven. He  
stated that if polls remained open  
until 6 o'clock, laboring men could  
vote at their leisure, without  
hustling to the polls, and because  
of this fact many did not go at all.

He gave full praise to Governor  
Green and the National Adminis-  
tration and said that Mr. Green  
had thrown partisanship out of  
politics when he appointed William  
Loutit, a democrat of Grand Haven,  
as a conservation commissioner  
and this Grand Haven man has  
proved the most able man the Fish  
Game and Forestry Department  
has had in years.

Mr. Hatton's remarks were en-  
thusiastically received.

Mr. William Wilds, county clerk,  
was then named secretary of the  
convention and Mr. G. J. Dikema  
of Holland was introduced as the  
chairman.

Mr. Dikema's appearance on  
the platform brought a round of  
applause, lasting for some time.

Mr. Dikema said in part: "As  
chairman of the Republican State  
Central Committee, I always feel  
that I am not alone, for I know  
that back home there is always an  
army of stalwarts, both men and  
women, backing me up."

"A conscientious voter is a good  
American citizen. Voting is the  
supreme prerogative through which  
we can elect our own governing  
body. We, the people, if we ex-  
ercise this prerogative, select men  
of worth and men of integrity and  
men of ability. It is when we  
neglect our duty at the ballot box  
that untried men and unscrupulous  
men are apt to grasp the reins of  
government."

"The overwhelming majority of  
Fred W. Green is evidence that the  
people endorse his administration."

He found the state treasury in  
tossy-turvy condition. He has  
placed it on a "pay as you go" basis.  
Through his new criminal code he  
has made Michigan an uncomfort-  
able place for the habitual criminal  
to stay in, and therefore they stay  
out.

"There is something unusual  
about our governor. He has a fac-  
ulty of making friends. He also  
possesses force of character. That is  
paramount in his make-up; he is  
a forceful man when he needs be  
and when honesty of purpose and  
right demand this. On the other  
hand, he has the kindness and gen-  
tleness of a woman's heart, and  
wherever we see a great man, we  
often see this outstanding charac-  
teristic."

"In our nation, great questions  
must be decided. Every four years,  
these problems are discussed and  
often fraught with turmoil. But  
after the campaign is over, every-  
thing levels itself again, and the  
nation goes on as before. In this  
respect our country is truly great."

"The problems of the farmer is  
an outstanding question in this  
campaign. There is no doubt but  
that this country has prospered,  
for while other countries are  
worrying about war debts and re-  
adjustments, America has long  
since readjusted itself and is  
creditor rather than debtor."

"Our candidate, Herbert Hoover,  
will not sidestep the agricultural  
problem. The farmer has not prospered  
in proportion with other  
lines, but Mr. Hoover proposes a  
great agricultural commission,  
composed of men who know farm  
problems, of men who have studied  
these problems."

"One great factor, that of trans-  
portation, stands out strongly and  
it is agreed by farmer and states-  
man alike, that the opening of the  
St. Lawrence Waterway will mean  
a saving to the agriculturists of  
from 7 to 10 cents a bushel on  
his product, and will make every  
lake city an ocean port of easy  
access to the farmers of the mid-  
dle and western states—the gran-  
ery of the nation."

"For years Herbert Hoover has  
fostered this waterway. Surely  
more feasible than the selfish  
method of the Eastern Democratic  
forces who want to spend billions  
on the Welland Canal in New York  
state and thus retain the bulk of  
ocean freight that comes via New  
York City, where it is often bottled  
up for an indefinite period. This  
waterway project is not for New  
York alone, but for an entire na-  
tion and Canada stand eager and  
ready to join the United States in

## Beware Poison Ivy This Time of the Year

ITS LEAVES TURN RUDDY  
WITH FALL, LURING IGNO-  
RANT TO TOUCH IT  
AND SUFFER

Holland folks and tourists are  
warned against running up with  
poison ivy in the fall.

This is the season when the ivy  
will be added the fall is advised  
to be careful. The ivy is not any  
more violent in its results at this  
time of the year than any other,  
but it is more deceptive and there-  
fore more apt to be touched.

At this time of the year its  
leaves, medium sized shiny green  
ones—turn red along with the other  
autumn foliage, but they become so  
much more brilliant, so much more  
beautifully decorative than the  
more ordinary leaves of the hill-  
sides that to all but the initiated  
they seem especially designed to  
be taken home for the fireplace.

With this trap ready for the  
autumn motorists or hikers, who  
provisionally may have passed  
around it or at safe distance all  
summer, it makes itself supreme  
among the scoundrels awaiting the  
vacationist. Mosquitoes may sting  
their neighbors—provoking over-  
tures to the guests along the  
beaches, deer flies may leave their  
customary fodder for the chance  
tiddlers from the cities, raising welts  
that tingle like small charges of  
lightning, and hotel proprietors  
may construct monumental bills,  
but all these are mere ripples on a  
smiling sea compared with the  
wreckage a good touch of poison  
ivy spreads.

Poison ivy is no respecter of  
places or persons. Few localities  
are safe. It may even be within  
the limits of the city. So beware  
these fall days. Look before you  
pick. Be sure what you are  
gathering.

But if you do get caught this  
may help you. Bathe the parts  
with good old fashioned kitchen  
soap. The stronger the better.  
This will probably do as much  
good as anything. But after all  
the best thing you can do if you  
get into it, is to get your family  
doctor as soon as possible, because  
poison ivy can make you most un-  
comfortable for several weeks.

### MR. SMITH SHOULD BE DELIGHTED

"Even if Governor Smith's position (on prohibition) were tenable," says Josephus Daniels brightly, upon recovering from his first shock, "the proposal of amending the Eighteenth amendment is one that is now so impossible of accomplishment that it is nothing more than the expression of a personal opinion." In other words, the former secretary of the navy and one time admiring disciple of William Jennings Bryan, undertakes to comfort his dry soul by contending that the issue which his presidential candidate is trying to make paramount is merely buncombe and doesn't actually mean a thing. "Support" and indorsement of that sort cannot be much comfort to Albert of New York.

### WHAT ARE "CRAPPIES"?

This is what Albert Stoll, Jr., says in his Detroit News "Campfire Chats":

"Ever since the State has had fish laws, the crappie (Pomoxys annularis) has received the same protection as the calico bass and rock bass. It is mentioned freely in all of our fishing regulations and fishermen often ask where they can get good crappie fishing. What is the Michigan crappie? Is it abundant in the Great Lakes region and where can it be taken? These questions have been asked many times but not answered very definitely. If the truth were known it is more than likely that the fish we call the crappie is nothing more nor less than the Calico bass or possibly the Strawberry bass. There are no authorities on American fish life that give the Great Lakes region credit for holding many crappies. It is a fish of the south and warmer waters. It is doubtful if one fisherman in this State out of 1,000 could tell a crappie if he caught one. It would be a fine bit of educational propaganda for our conservation officials to tell the fisherman something about the Michigan crappie and at the same time tell how it differs from the Calico and Strawberry bass."

### SHERIFF HAS ALLEGAN CANNING FACTORY PLAN

Sheriff Ben Lugten, in discussing his plans after retiring from office Jan. 1, stated that he and his family doubtless will remain in Allegan for the winter. Lugten believes establishment of a canning factory here is of utmost importance to the city and farmers of the county to take care of the large amount of fruit and vegetables conveyed to other points. If local capital will join Lugten would provide a modern canning factory. He has been a successful business man at Hamilton for years and still is engaged in the furniture business there.

### VANDER HILL-TEN HOVE WEDDING SATURDAY

A very pretty wedding took place Saturday evening at the home of Mr. and Mrs. James Vander Hill of 240 West 10th street, when their daughter, Adeline, became the bride of Thomas Ten Hove, of Paterson, New Jersey.

Dr. Stehling performed the double ring ceremony, under a beautifully decorated arch in the form of a gate, in a corner in the living room of the home. The dining room was also decorated, the yellow and white color scheme being used throughout.

Before the ceremony, Miss Helene Vander Hill beautifully sang, "At Dinning." Mendelssohn's wedding march was played by Lester Vander Werf on the violin, accompanied by Mrs. Wm. Vander Werf who presided at the piano. Later Miss Adeline Vander Werf sang "Beloved, it is Morn," and Nella Tanis rendered "For Love of You."

The bride looked charming in a white georgette gown with a white tulle veil, and carried a bouquet of tea roses. The bridesmaid, Miss Julia Vander Hill, sister of the bride, wore a yellow georgette dress and carried a bouquet of opelia roses.

The groom was attended by his brother, Mr. John Ten Hove. The little flower girls were the Misses Phyllis Brunna and Isla Vander Hill. The ring bearers were the Misses Betty Ten Hove and Betty Van Dyke. Mr. and Mrs. L. De Moor, were master and mistress of ceremonies.

After the ceremony, a three-course dinner was served to seventy five guests, supervised by Miss Josie Tabbert with Adrian Vander Hill and Vernon Van Lente as assistants.

The out-of-town guests here for the happy occasion were: Mrs. B. Ten Hove of Paterson, New Jersey; Mrs. S. Andringa of Hawthorne, New Jersey; J. Ten Hove of Paterson, New Jersey; Martin Van Alsbury of Grand Rapids, Mr. and Mrs. Wm. Vander Water of Zeeland, and Mr. and Mrs. L. De Moor of Cambridge, Mass.

The newlyweds left Tuesday for New Brunswick, New Jersey, where they will make their home. Mr. Ten Hove is attending the seminary in that city.

Mrs. Martin Van Alsbury of Grand Rapids was to attend with Mr. Van Alsbury, but was suddenly stricken with appendicitis and was taken to the Holland hospital where she is on the road to recovery.

### SOIL ANALYSIS BY COUNTY FARM AGENT

(By C. P. Milham)  
The Ottawa County grain judging team in boys and girls club work won the highest honors at the State Fair in Detroit. Leonard Westrate the state champion in grain judging. The team from Ottawa County was made up of Leonard Westrate and Ralph Brown from Denison and Bernath Ernst from Nunica. Their respective scores were 390, 332 and 341. The 390 score is the highest score ever made in the state judging contest with 400 a perfect score.

Nine counties were competing for the honors. The boys are members of clubs in Ottawa County and were organized and trained by the agricultural agent.

Many farmers are bringing samples of soil to the agricultural agent's office to test for lime requirement. The tests show that Ottawa County soils require as high as 3 1/2 tons of lime or 5 yards of manure per acre to correct acidity. Fertilizer recommendations for wheat are for lighter soils 2-12-6 or similar analysis. It has been found that potash helps materially in securing a good stand of alfalfa or clover.

Now is the time for parent-teacher associations to plan activities for the winter months. One of the worth while enterprises proposed for school boys is the organization of handicraft clubs to train them in the use of tools. Agricultural Agent Milham will gladly provide organizations with information on this subject.

Death came to Mr. John Du Mez at eight o'clock Saturday evening at his home, 106 East Ninth St., after a lingering illness of several months.

Holland will surely feel the loss of one of its prominent and leading business men, who has been loyal to this city and all the institutions that Holland holds dear.

He has not only been active in his own affairs but took an interest in civic welfare work and was extremely active with those matters having to do with religion in this vicinity.

In his business dealing, Mr. Du Mez was looked upon as a man of the strictest integrity and his honesty of purpose was transcended in all his business activities. He was a man of strong religious convictions and this guided his actions seven days of the week.

Foreign mission work was a paramount factor with Mr. Du Mez, being a strong adherent in the biblical precepts that the gospel should be preached to the people of all the earth. His contributions to this cause were especially unstinting, although he was liberal toward every meritorious undertaking.

He was a member of the Third Reformed church of this city and served as deacon and later as elder for many years and took an active interest in all the activities of the church.

Mr. Du Mez was 65 years old at the time of his death and was born in Oversiel. The family moved to Graafschap while he was still a boy, and there he received an ordinary school education, and later attended business college at Grand Rapids.

After completing his studies there he began his business career and secured employment in the Paul Steketee & Sons department store in that city, which position he held for ten years, after which he was with the Spring Dry Goods Co. for two years.

He then moved to Holland, in the year of 1898, and founded the dry goods business with his two brothers, which was known as the Du Mez Bros. Department Store. He was the sole owner of this store at the time of his death.

He leaves to mourn his passing a widow, two sons, Andrew Du Mez and Theodore Du Mez and a daughter, Mrs. Adrian Vandenberg of Zeeland; also two sisters, Mrs. George Rutgers and Mrs. John G. Rutgers and two brothers, Gerit Du Mez and Benjamin Du Mez, all of Holland.

Funeral services were held Tuesday afternoon from the home and from the Third Reformed church, with the Rev. James M. Martin, assisted by Dr. E. J. Blekkink, in charge. Interment took place in Pilgrim Home Cemetery.

## Ottawa Nurse Speaks to the Rural Teachers

**INDIVIDUAL PUPIL IS FOCUS AROUND WHICH HEALTH TEACHING SHOULD ORGANIZE**

By Madge Bresnahan  
County Nurse

The school year is beginning. Vacation is over. Millions of children are again returning to their books and school activities. These children who will make the adult America of the future are in their plastic years and the impression from their school life are likely to become permanent.

Great educators today are agreed that good health is one of the fundamental aims of education. Every teacher may accomplish something worth while. Her purpose of the year should grow out of the needs of the children. Among the questions that the teacher might try to answer are the following:

Is the temperature in the school room conducive to comfort and good mental activity?

Are the children using their eyes under proper conditions of light?

Is there circulation of fresh air through the school room?

Is the school room furniture properly adjusted?

Are there any physical defects such as poor sight and hearing that need to be considered?

Do the pupils have sufficient rest between strenuous periods of work?

Is there sufficient time for the mid-day meal?

What opportunities are there for the pupils to practice health habits in school?

There are so many things to be done for the health of the children that a teacher naturally inquires, What is the most important? The reply is the health of the individual pupil is the focus around which health teaching and service should be organized. If nearly all the children in the room drink tea and coffee, a campaign might well be inaugurated for the drinking of milk. If, on the other hand most of the children have defective teeth, a drive for dental hygiene might properly be made.

Although the teacher should take as the foundation of her work the needs of the individual pupil, there should be a general plan of instruction with well defined goals. With a well planned program both teachers and pupils will be conscious of their goal. A program does not insure success but usually few results are accomplished by it.

## County Barn Plans Ready To Rush Job

**PLANS ARE ON FILE IN HOLLAND AND ZEELAND**

The plans and specifications for the new barn to be built at the County Infirmary to replace the one burned there a few weeks ago were received by the poor commissioners Sept. 11 and bids for construction will be taken until Sept. 17. This gives the contractors just one week to figure. The plans are on file at Holland, Zeeland and the office of J. J. Bolt at the State Bank.

The plans will call for a T shaped building one wing 40 by 80 feet high. It will be a frame structure with a composition roof. The stable will be floored with cement and contain 24 stalls, with a calf and bull pen adjacent. The hay mow will have a capacity of 100 tons.

The building is to be smaller than the old barn by about 500 square feet, but by the new arrangement will be more convenient with practically no waste space as in the old one.

The plans are being furnished by a barn equipment company who will install the latest equipment for the work to be done there.

A silo 12 by 30 feet with a hip roof is now being completed near the barn site, of glazed tile.

The work is being pushed that the buildings may be completed before cold weather.

### ZEELAND

Holland was well represented at Zeeland Monday evening when two score members of the Metropolitan Club met in this city with those from Zeeland and other localities. An Endeavor will be made to foster legislation for a firemen's and policemen's old-age pension bill. The matter of uniform uniforms was also under discussion and it was advocated that uniforms be provided with dark buttons and badges, since the shiny variety especially, makes the policeman's shining mark for gunmen.

Another suggestion was made that policemen walking beats alone at night should always carry a billy club. These various suggestions are to be worked out and brought before the different clubs of the state for their opinion and concerted action.

Another recommendation was the adoption of the practice of carrying revolvers on the outside while in uniform. The reason given for this is that when in uniform everyone knows an officer but that he is at a disadvantage when dealing with criminals who might shoot.

Many seemed to favor a Sam Browne belt and sidearms where they could be reached instantly in case of an emergency.

Officer Rufus Kramer of Holland made a report of the state convention which he attended at Hamtramck for two days and John Veldheer, city fireman, reported the other two days of the convention which he attended.

The meeting was followed by a lunch given the visiting members and an impromptu program including a speech in Dutch by William Hietfo.

The meeting on Monday night was the first one of the fall and others will follow each month, carrying out a regular program of activities.

At about nine o'clock the parents returned and as Mrs. Voss switched on the lights a loud chorus of "Surprise!" greeted them. Mrs. Voss, who was carrying a few dishes dropped them during the excitement and was spared the trouble of washing them. However, the parents were more than compensated when they were escorted into the living room and there found a beautiful floor lamp all aglow.

A short program was carried out by the children and a delicious luncheon was served by Mrs. J. Voss and Mrs. J. Arens. ## IN APPRECIATION

I am more than pleased with the splendid support given me at the polls, as a candidate for the office of JUDGE OF PROBATE. As 3549 voters expressed their confidence in me, the fact that I failed of nomination by the small margin of only 451 votes encourages me to announce that I expect to try again.

I thank you all.

Gerrit W. Kooyers.

## Religion Not To Enter This Campaign

(Continued from 1)

building this St. Lawrence way-ray.

"It gives me great pleasure to find in the state papers of today that Professor J. F. Cox, dean of the Agricultural Department of Michigan State College, holds that the Republican nominee has gone farther in his plans for farm relief than was proposed by some of the most militant of farm leaders. This statement from Mr. Cox is not idle talk for he has made a thorough study of these farm problems for many years.

"It is useless to speak on the tariff; Mr. Hoover stands for that. A measure that has been tried and has proven to be a boon to industry as well as to labor.

"Relative to the liquor question, I would say that both the Republican and Democratic platforms do not differ greatly on this plank. But Candidate Al Smith takes a different attitude toward this so-called liquor plank. They say he was courageous in announcing his stand for a more liberalization of the 18th Amendment, demanding a higher percentage of alcohol in beverages in those states where this is wanted by a majority of the people and a lower content in states where local option is desired.

"I do not believe that this was courageous at all. If Mr. Smith wanted to differ on this plank in the democratic platform, why then did he not express his convictions to the convention before he was nominated, rather than throw this bomb shell in the democratic camp afterward?

"Mr. Smith holds that liberalization will do away with bootleggers. I hold that the army of bootleggers will be increased under a state, local option with dry state alongside of a wet state.

"This nation has had enough experience to know what state and county local option means and the failure that it was, but Mr. Smith clings to the thought to let the people eat where they want to eat and drink where they want to drink.

"Mr. Hoover holds that this must not be a half-way business. The country is to be wet or it is to be dry. And the Eighteenth Amendment is a noble experiment, Mr. Hoover says.

"The religious question should not enter into this campaign. Mr. Hoover, in his address of acceptance, speaks on this question in no uncertain tones. And as for myself, I wish to say that I am a Protestant and a Dutch Reformed, but the Republican party stands for tolerance, stands for what the Constitution says, that every man shall serve God according to the dictates of his own conscience, and as long as I am head of the Republican State Central Committee, the officers of this committee and the workers of the party shall not drag religion into the campaign.

"In speaking further of Mr. Hoover I wish to say that before he entered the Cabinet, the Department of Commerce was not much to speak of. But today it stands next to the Secretary of State, second in national accomplishments.

"This department means selling abroad a market for our surplus products, which cannot help but spell prosperity, benefitting every man, woman and child.

"In closing I wish to remind you that with your son and mine in France stood Herbert Hoover to see that the boys over there were properly fed during this terrible conflict. Side by side with the housewife in the kitchen stood Herbert Hoover, conserving the food stuffs of this nation so there might be plenty for our fighting men across the waters.

"Side by side stood Herbert Hoover with the starving children of friend and enemy alike, and saw to it that millions of hungry mouths were fed and the little pinched faces were gladdened for the sustenance that war had taken away and that their little bodies were so desperately in need of.

"I want to say right here that the women and mothers of this nation have not forgotten and they will be standing back of Herbert Hoover four-square next November."

Mr. Diekema then called on the different candidates who were successful in the past campaign in the county primaries, and in turn they stated their appreciation to the voters. A few of the unsuccessful ones were also called on.

The candidate for sheriff, Mr. Rozema, stated that although unsuccessful he was ready to take his coat off for Mr. Steketee of Holland, the winning candidate.

Gerrit W. Kooyers, candidate for Judge of Probate who came within 400 votes of being nominated thanked the voters most heartily for their splendid endorsement and although not nominated he appreciated the support fully and without sore spots, said he was back of the entire Republican ticket, including James J. Danhof, his opponent in the primaries.

Mr. Diekema also spoke of Nick Whelan, former Speaker of the House at Lansing, in the audience, and there was nothing to it but Nick must make a speech. Mr. Whelan has just arrived from Los Angeles, Calif., and said that there was no doubt but that Hoover would carry that state.

Mr. Whelan stated that the Republican party need make no excuses for itself, that under Republican rule the nation had grown strong and prosperous. Practically its entire development was brought about under Republican administrations.

"It was Republican leaders like Lincoln who brought about a united nation out of a divided nation. It was Republican leaders like McKinley and Roosevelt who lifted the heel of oppression from the necks of the Cuban people.

"And all through the history of the Republican party those outstanding epochs are indelibly written."

Mr. Whelan went on to say that Mr. Hoover was one of the most wonderful organizers the country has ever known, and that the people in the south as well as in the north love Mr. Hoover.

"His hand was seen in the flood-

ridden states, his hand was seen in the work among our soldiers in France, and whenever there was a difficult task to perform that meant organization, it was Hoover who was called upon. No, the Republican party need make no excuse for its candidate nor for its past performance."

Mr. Whelan interspersed his talk with humorous incidents as this relates to old fashioned Ottawa County conventions and speech makings in the rural school houses.

Mr. Diekema, in introducing him, said that it was good to see Nick back and his appearance was greeted with enthusiastic applause.

The committees appointed to take charge of the convention were as follows:

Credentials: James J. Danhof, Thomas N. Robinson, Peter M. Japings and George L. Olson.

## HAS BEEN AT OTTAWA BEACH 40 YEARS

Ottawa Beach's oldest resident, not in age but in length of residence, is Mr. Chas. Hoertz, who has built many well known buildings in this state during his busy life as a contractor. He has spent 40 summers at this resort, his home town itself having changed from Grand Rapids to Ocean Park, San Domingo, California. Mr. Hoertz constructed the Ottawa Beach Hotel which was destroyed by fire a few years ago. He moved the old hotel (later the Annex) down the hill, and erected the imposing structure which stood for so many years as a popular summer resort.

## SHOPLIFTERS TAKE EXPENSIVE COATS

Following a series of robberies by shoplifters which culminated during Allegan fair week in the taking of several expensive coats, the Grange store at Allegan has employed an investigator. According to the management anyone caught shoplifting will be prosecuted to the full extent of the law.

## HISTORICAL NAMES CREEP OUT IN COURTHOUSE

Allegan courthouse officials frequently deal with historical names. Probate Judge A. S. Butler has three estates of persons bearing well known names. They are Napoleon Pompey, Daniel Webster and George Washington Thomas. County Treasurer Vida Congdon says that Horace Greely of Otsego pays taxes in her office each year.

## HOMESICK PYTHON DROWNS SELF IN CAGE

Chicago American.—Once upon a time there was a big snake—a python. He was 30 feet long, according to George F. Getz, Chicago millionaire, who owned the snake.

This snake became very sad. He suffered from nostalgia, although, as he was not a very well educated snake, he probably referred to it simply as "homesickness."

This python formerly had lived at Singapore, and hadn't been home for about three years, as he was spending his time with Mr. Getz at Lakeside Farm, Michigan. That was why he was melancholy. He used to lie around and just mope for hours. Finally life became unbearable for the poor python.

He decided to end it all. Not having any poison, and not knowing how to fire a gun, the python tried drowning. It worked fine. He crawled over to the vat of water in his cage and held his head under until he died.

A taxidermist was called, and he stuffed the python until it looked very life-like. Then they put it in Mr. Getz's museum with a lot of stuffed gnus and monkeys and bucks and other animals.

Mr. Getz says he is having other and more hardy pythons brought from Singapore.

Hundreds of persons are driving their cars through the fruit belt south of Holland in order to get a glimpse of the bumper fruit crop. Orchards never appeared better than at this season of the year. Trees are loaded with peaches, pears, apples and cherries. Many persons buy their fruit directly from the grower and cart it home in their machines.

The Fennville city council Tuesday night authorized Mayor William S. Duvall to make a five-year contract with the Southern Michigan Light & Power Co. for lighting the streets of Fennville. Some work must be done on the present boulevard system, which will be done at once, new conduit and cable being put in to replace the present underground system. The present boulevard equipment was put in Fennville in 1922 and has been in operation here since.

E. B. LaGrange, William Fase and Henry Fase, claim to be, were enjoined yesterday in Kent County Circuit Judge Brown's court from entering in a manner upon that part of Grand river alongside the Plainfield township home of Joseph H. Brewer for the purpose of removing mussels or clams in the bed of the stream and from interfering in any manner with Mr. Brewer's exclusive rights in the submerged bed of the river on the northerly side of the center of the river.

## Allegan Dam Plans Halted By Injunction

The city of Allegan was enjoined late Saturday from marketing \$185,000 in bonds, proceeds of which were to be used in construction of a hydro-electric dam at the Calkins bridge site on Kalamazoo river, and from incurring additional municipal indebtedness for the construction work.

Judge Oren S. Cross in circuit court granted a temporary injunction to the Consumers Power company, Burrell Tripp, W. W. V. Osburgh and Theodore F. Updyke, taxpayers petitioners. The power concern is the city's largest corporation taxpayer.

The petitioners set up the following five points in their application:

1. That the bonding proposal was not properly submitted to voting in a special election last spring, because citizens were not accorded opportunity to vote on the cost of the proposed dam.
2. That ballots carried a proposal to bond for 5 per cent of the city's assessed valuation, whereas 3 per cent is the legal limit.
3. That the city has a five-year contract with Consumers Power company, which does not expire until 1931, under which contract the city agreed not to create additional electric light and power during the life of same and to take its light and power exclusively from the Consumers company during that time.
4. That the Michigan constitution provides the city may sell outside only one-fifth of the quantity of light and power it may generate in its own plant, whereas it proposes to sell four-fifths.
5. That the United States government gave permission to construct the dam on representation that the city would use all light and power produced by its construction.

Hearing as to why the injunction should not be made permanent has been set for the October term of circuit court.

## Booze Car Turns Turtle Near Zeeland

ALLEGED RUM RUNNER IS NABBED IN HOLLAND

An alleged rum runner was captured by Holland police early Saturday after he had upset his car and a cargo of beer and whiskey on the road near Zeeland.

Holland police were notified by Zeeland officials that some one had sped through the town at about 4 a. m. and had overturned on a curve just outside the city. The driver had left and it was presumed that he had fled toward Holland. Chief of Police Frank Van Ry and Officer Peter Bontekoe captured him just outside Holland limits. He gave the name of W. H. Carr, 3001 W. 19th st., Chicago, but denied any connection with the car.

Investigation of the wrecked car disclosed 30 sacks of beer containing 18 bottles each and two cases of "Old Crow" whiskey. The car had three sets of license plates—Indiana, Illinois and New York. The supposition is that these were stolen.

The suspect was taken to Grand Haven jail by Deputies Bert Huizinga and Egbert Beekman of the Sheriff's department. Chief of police Reisinga of Zeeland notified Chief Van Ry that the man connected with the wrecked booze car was coming to Holland and it appeared he rode as far as this city on a gravel wagon. The Holland police, however, saw a man much bedraggled hastening south through the city and they arrested him and no doubt have their man.

Later developments show that Carr, the man involved was given a quick shift to meet the ends of justice. He was first arraigned before Justice Detmer, who placed him under \$5000 bonds which he failed to give and immediately pleaded guilty before Judge Cross in Circuit court and was given a fine of \$100 and an added sentence of six months in Ionia prison. The owner is not making any claim for the Fackard car turned over, whoever that may be, for by claiming it, the officers would question why the 540 bottles of beer and 2 cases of whiskey found in it. Fred Bosma, Ed Ryzena of Zeeland, and Chas. Jackson of Holland, deputy sheriffs, took charge of the man who was chased and caught by chief Van Ry and officer Bontekoe in the police car.

## West Olive Has Its Road Tragedy

CAR OVERTURNS; MAN'S BODY WITH BROKEN NECK FOUND UNDER WRECK

Another happy vacation trip ended in tragedy when Bert Peck, Chicago, and 43 years old, was killed in an automobile wreck some time in the early morning Friday at the reverse turn on US-31 near West Olive.

George Wedwen employed at the Thomas Store on Third street Grand Haven, coming from Holland to that city about 2:00 a. m., found the body pinned under a car. The victim had been dead for some time and the body was terribly mutilated.

Mr. Wedwen ran to the neighbors and Coroner Gilbert Vande Water and deputy sheriff Egbert Beckman of Holland took charge of the body, and it was taken to the Dykstra funeral home. It was later found the man's neck was broken.

There was a heavy fog about 2:00 a. m. and it is thought the man, unfamiliar with the road, did not know of the turn at that point. His car left the road and hit a tree, probably killing him instantly. Prosecutor Clarence Lokker decided an inquest was unnecessary.

Surviving are a widow and five children, Wayne, 15, Earl, 9, Beulah, 6, Harriet, 4 and Jack 1½. They were notified at once and are coming today to attend the funeral Monday.

Mr. Peck also survived by his two brothers, Clarence and Jean and one sister, Mrs. Harry Giles all of West Olive. The funeral was held from the Giles home Monday afternoon with Rev. J. C. Willis of Holland officiating.

Mr. Peck had been out fishing all day with friends and was returning to the Giles home. He was turned on the road and was killed and raised in the vicinity of West Olive and had been visiting there a week, expecting to leave Saturday morning for his return trip to Chicago. He was a painter and decorator in that city.

## Judge Gives Morons Long Prison Terms

HOLLAND HAS ITS USUAL QUOTA OF CONVICTS SERVING TIME

FIFTEEN AND TEN YEAR MAXIMUMS HANDED OUT TO ATTACKERS OF CHILDREN

Ottawa County's bastille is not so well filled since sentence day, Friday, and all those receiving sentences from Judge Cross are already serving in different state prisons. Sheriff Kamferbeek and his deputies have been busy the past week taking their charges to the prisons where the convicts were ordered to spend a part of their natural lives, at least.

Holland as usual has its share of convicts but there are many from other parts of Ottawa county.

### DELAY COUNTY CANVASS; TALLMADGE RETURNS IN

Tallmadge Township returns from the primary are finally in. The tardy precinct, always last to report despite entreaties of county officials, went for Green, Dickinson, Danhof, Rosema, Lehman, Boer and Van Aalsburg. The senatorial candidates tied there. The result made no difference in the county results as it is a small precinct.

The county canvassers met at the Court House Friday but recessed until Monday owing to sentence day in court. Their work had not been completed at noon and hence will not be available for publication until Monday.

## County School Commissioner is A Busy Man

DISTRICT SCHOOL NOW IN FULL SWING WITH MORE THAN 7,000 PUPILS

NEW SCHOOL BUILDING COST MORE THAN \$100,000. FIVE SCHOOLS CLOSED

The "little red house on the hill" may be a thing of the past but that does not say that education in the rural districts is being neglected. To the contrary, the country school so-called today have nearly all the advantages that city schools have.

County School Commissioner Gerit Groenwoud of Holland, is an extremely busy man with the opening of school in the rural districts where he is the head. He states that at least 7,000 pupils have been enrolled in these schools when study began last week. In Ottawa county there are 133 separate and distinct schools and these are under the supervision of the Holland man. Those in villages such as Coopersville, Marne, etc., are expected since these have their own superintendents.

The teachers in the various schools number about 225, twenty-five of whom are new to the Ottawa county teaching force this year.

Mr. Groenwoud said he had never seen people so interested as this year in getting teachers who have had experience and on the whole the districts have been willing to pay better salaries for the better prepared teachers.

Rural folks are not slow in providing proper education for their children and also building suitable school buildings. New buildings have been constructed in the county this year with a total value of \$113,000. The new Centray Park school represents an investment of \$60,000. The new Beechwood school cost about \$45,000 and the new Van Raalte school outside of the city on West 16th street, cost \$3,000. These buildings were put in use at the opening of the school year and will be formally dedicated later.

Fine new schools have also been built at Coopersville, Ferrysburg and Hudsonville.

In addition to the new buildings a large number of schools throughout the county have received improvements of various kinds or have been remodeled.

Five schools have been closed this year, a greater number than ever before in a single year, according to Mr. Groenwoud. This is because of the small number of children in certain districts. In cases such as these the pupils are transported to other schools. Ottawa county maintains but one school bus, operating in the Montello Park district.

The closing of these schools and the lowered enrollment in certain districts is part of a general movement towards cities and towns, Mr. Groenwoud says. The families tend to move nearer places of employment. The result is a total enrollment of practically the same on the whole, he says.

Mr. Groenwoud visits each school of the 133 at least once each year and some a great deal often especially where a new system is being inaugurated or new improvements installed. There is an endless lot of meetings for the commissioner to attend in different parts of the county and these collective duties pile up the work on Mr. Groenwoud's shoulders.

In the northern part of the county several of the schools begin their work a week in advance of the regular time and take a week's vacation during the potato digging season so the children may help.

In the southern part of the county a week later so the children may help harvest the pickle crop.

A large number of Ottawa county teachers plan to attend the state institute which will be held in Grand Rapids this year on October 25th and 26th. In addition the county institute will be held here next spring. It is planned that a meeting of the teachers in the southern part of the county will be held at Zeeland about October 20 and one at Coopersville for the northern part of the county at about the same date.

The two large steamers North and South American have completed their season's run in the upper lakes and are now at their docks at Montello Park, being laid up for the winter.

The Lions Club met at Warm Friend Tavern Monday with Henry Helminck and George Helder in charge of the program.

Among the young ladies who were on a vacation for a few weeks are Miss Nellie Breen of the Prudential Insurance Co., Miss Georgia Atwood of the Holland City State Bank and Miss Mable Stegink of the Visscher-Brooks Insurance Co.

Sam Althuis made the highest score at the gun shoot at the range on the old Grand Haven road, scoring 44 out of a possible 50 shots. Other scores were J. Overbeek, 45; Vander Bunte, 45; Bill Wolding, 42; Thompson, 42; Bill Wierda, 41; John Yonker, 38; Wolding, Jr., 37; Jim Holder, 32; and Spruit, 29.

Mr. Dick Van Kolken, delegate representing the state of Michigan, accompanied by Mrs. Van Kolken, returned Monday from the national convention of the post-office clerks association at Cincinnati, Ohio. The LaFollette Longevity bill which provides for increased pay according to the number of years in the postal service was recommended at the convention. The association will try to get the bill passed by the next session of congress. One of the features of the convention was the organization of a woman's auxiliary to the association. Mrs. Van Kolken became a charter member and was elected as a member of the board of directors.

The business session was an enthusiastic one and flattering reports were made from all departments, showing a substantial gain along all lines. Financially it was one of the best years ever experienced by the church it was brought out. \$17,000 has been raised and paid out. All the benevolent appointments will be met in full before the conference convenes at Ionia, Sept. 19th. A new departure will be followed in which the church will employ a full-time caretaker beginning with October. A paid secretary and treasurer has also been secured, putting the church strictly on a business basis. At the close of the session an enthusiastic and unanimous motion was passed requesting Bishop Nicholson to re-appoint Dr. Willits for the next conference year and we might add that not only would the M. E. denomination be pleased in keeping Dominie Willits here but citizens of Holland and outside of the church would be pleased.

## GROPING

By Grace L. Dillard  
(Macatawa)

Groping through the shadows of I know not how Many a soul has broken. Head has bent 'er now. "Oh, if I had listened," is A cry often heard; "Would I had listened," is sometimes Man's last word.

Venturing early out on life's hard Dark high way. Glimmering lights of knowledge turning Night to day. Then the sudden doubting. Can this all be truth? Oh, how firmly rooted must we Be in youth.

Then the age of ego With our vision blurred: There is nothing farther than what We have heard. Truly there is laughter and Surely there are tears; Still we are impervious Throughout the years.

Why is there now sadness in a Heart once gay? Why do we still linger on a faltering Halting way? Do we see a shadow deepening. Drawing nigh. Are we hungering still for joys that Have gone by?

Now the step is slowly and we Reach and plan no more. Is there heaven above us and do We attain that shore? Living we are helpless and our Friends on us bestow Care, of love or duty. This—We Never thought we'd know.

If a truer, fuller knowledge of Earth, sky, and sea we had: Do you think departing would Be bitter, ill, or sad? Were it possible to master all the Laws of then and now— How about the going? Would it Easier be? And how? —G. L. D.

## THREE CHANGES IN ST. FRANCIS TEACHING STAFF

The teachers at St. Francis school in Holland are Sisters of Mercy. Only one of last year's teaching staff is to remain this year, namely Sister Mary Eustacia, teacher of the seventh and eighth grades.

Sister Mary Valentina, teaching in music last year, did not return and has been transferred to Bay City. She has been replaced by Sister Mary Loyola.

Sister Mary Marcella of the primary room did not return this year and Sister Mary Calentina is teaching in her stead. Sister Mary Basil has been replaced in the third and fourth grades by Sister Mary Geraldine.

The school follows the same calendar as to opening and closing as the other schools in Holland.

One hundred and fifteen pupils are enrolled in St. Francis school this year.

The school offers the first eight elementary grades with the usual courses of study of the other schools.

## WALL-EYE FISHING AGAIN IS GOOD ON KALAMAZOO

The good old fishing days seem to have returned to Saugatuck. The time has been not so long ago when it was not unusual for all the members of a fishing party to catch the limit of 25 wall-eyed pike in a few hours from the waters of the Kalamazoo river. The supply of fish gave out, however, under such inroads. Now the limit has been reduced to 10 wall-eyes in a day and fishermen again are taking as many fish as the law permits.

## TURTLES ARE DESTROYERS OF FISH

Turtles are destroyers of fish. They eat the eggs, spawn as well as the adults. The snapping turtle is the most deadly enemy of all, according to culturists, because of its great appetite and the lightning precision with which it can thrust forth its neck to seize its prey.

Under the new fish law proposals it is planned to protect turtles and an open season will be established to allow for the taking of snapping turtles some time during the summer months.

The down town streets are being torn up by city crews taking up the trolley tracks on Water street and removing the brick pavement there, while hydraulic drills have been in use several days breaking up the curbs along Washington street for the installation of the conduits for the new lights which will be installed during the next few weeks. The improvements at the store building at the corner of Third and Washington streets also contributes to the activities.

Thursday evening a beach party was enjoyed at Paris by the Misses Frances Van Nul, Frances Reelfs, Mary Essensburg Jeanette and Wilma Andringa, Claude Tinken, Calvin Faber, Joe Rank, Chet Van Nul and Neal Northuis.

Miss Martha Barkema returned to Holland Friday from a four-weeks' vacation in New Jersey, where she was the guest of friends. She will resume her position as French instructor at Hope college when the institution opens next week.

Tuition fees for outside students at the Holland High School have been raised from \$75 to \$100 in the seventh and eighth grades, making the fee the same for the seventh grade through high school, the upper grades having been \$100 for several years. The kindergarten and elementary grades have been raised from \$50 to \$75 per year.

James Westrate of Mead & Westrate, has moved from East 10th street to West 13th street, where he will make his future home.

Mr. and Mrs. Ed. De Pree of Miami, Florida have been visiting at the home of Mrs. De Pree's mother, Mrs. Anna Cook, of Zeeland. Gerrit C. Knoll and D. E. Mokema both of Route 5, Holland, got their cars mixed up in a collision on State and 27th streets. Both cars were slightly damaged Saturday.

# ICE from HEAT

NO home need say, "We can't afford it." You can pay for this household marvel as you use it, on terms liberal enough to fit any purse.

And best of all, once the Electrolux is in your home, you'll find that the operating cost is lower than that of any other refrigerator.

A new and really simple principle

This amazing refrigerator has no moving parts at all. It works on a brand-new freezing principle whereby a tiny gas flame does all the work. The action is physical, not mechanical. Once you start the heat going, the freezing action continues endlessly without attention.

The Electrolux makes no noise, not a whisper of sound. There is not

the slightest vibration. With no moving parts, there is nothing to wear out or cause trouble. From the double walls of rust-resisting Armco In-

got Iron to the extra-thick solid cork insulation, every detail is constructed to last a lifetime. Indeed, you should be able to hand this refrigerator down to your children.

Even the vital chilling liquid of the Electrolux never deteriorates; never needs replacement. It is hermetically sealed in metal for the life of the refrigerator. There is not the slightest odor; no danger of leakage.

Tested and proved for 6 years  
Invented in 1922, the unique principle of the Electrolux has been tested, refined and perfected for six years. Back of it is Servel, a company already world-famous as a pioneer in the field of mechanical refrigeration. Don't wait longer, but see this miracle-worker in action at our store today, without any obligation.

The Electrolux is made in sizes to suit both large and small homes, and offers a choice of several beautiful color harmonies.

#### PAUL WRITES TO HIS FRIENDS IN CORINTH

LESSON TEXT—1 Cor. 1:10-18; 2:1-11, 21-23.  
GOLDEN TEXT—Behold how good and how pleasant it is for brethren to dwell together in unity.  
PIRIMARY TOPIC—Paul Writes a Letter to His Friends.  
JUNIOR TOPIC—Paul Writes a Good Letter to His Friends.  
INTERMEDIATE AND SENIOR TOPIC—Paul Urges Team Work.  
YOUNG PEOPLE AND ADULT TOPIC—Paul Pleads for Christian Unity.

#### Concerning Contention in the Church (1:10-13).

1. Exhortation (v. 10). "That ye all speak the same thing." In view of the fact that he sought them in the name of Jesus Christ, the one thing which he desired them to speak was the Lord's name. The name of the Lord stands for all that the Lord is and does. "That there be no divisions among you," that is, no factions, no alienation of affection. "That ye be perfectly joined together in the same mind and in the same judgment."

#### 2. The reason for this exhortation (v. 11).

Word had been brought to Paul by members of the household of Chloe that wrangling was going on among the members of the Corinthian church. He assured them that he had sufficient evidence of the strife which was going on among them.

#### 3. The nature of the contentions (v. 12).

The disputes were about their teachers. Their interests were centered in their favorite ministers. Some were for Paul, perhaps attracted by his logic; some were for Apollos, doubtless moved by his stirring eloquence; others were for Peter. Doubtless these were Jewish converts who looked to Peter as their authority. There were still others who had as their cry "back to Christ," repudiating all human teachers.

#### 4. The grounds of allegiance to Christ (v. 13).

(1) He is Head of the whole church. The unifying power of the body is the head. He raised the question, "Is Christ divided?" The mere raising of the question gave the answer.

#### (2) Redemption accomplished.

By his atoning death He has supreme Lordship over all.

#### (3) Allegiance to Christ acknowledged in baptism. By one Spirit are we all baptized into one body (1 Cor. 12:13).

#### II. Concerning Christian Ministers (3:1-5).

Since the dissensions in the church gathered around the ministers, Paul proceeded to cure the evil by exhibiting the ministerial office in its true light. To conceive of ministers as party leaders or teachers of philosophy tends to divisions. Divisions in the church occur when men are occupied with the messenger rather than with the message. The cure in such cases is to get a right conception and proper estimate of human teachers. Ministers really are:

#### 1. Servants of God (vv. 5, 6).

They are instruments in His hands for the execution of His will. They are men sent to deliver a message, to do a definite work.

#### 2. Ministers are equal in rank (vv. 8, 9).

They are called by the same spirit to teach the same truth, and therefore stand in the same relationship. Official hierarchy in the church has no foundation in the Scriptures.

#### 3. Every minister must give an account to God for his work (vv. 10-21).

If he lay other foundation than Christ he is not a Christian minister at all. If he build sound doctrine on the foundation he will receive a reward. If he build false doctrine on a true foundation he will suffer loss and receive punishment. Sorrow and anguish will be to him who builds good material upon a wrong foundation, and likewise to him who builds poor material upon a right foundation. Human wisdom has no place in the solemn work of building the church of God.

#### 4. Ministers are the property of the church (vv. 22, 23).

Frequently the assumption is that the church is owned by the ministers. Ministers should be followed only as far as they follow Christ.

#### 5. Ministers are God's stewards (4:1-5).

Their business is to dispense His truth. They do not originate the message. God demands fidelity on their part and He will enter into judgment with them as to their faithfulness.

Sipe's Tigers closed the baseball season here with a 2 to 1 victory over the Service Oil team from Holland. Fittingly it was one of the finest games of the summer. Prince, on the mound for the Oils, and Rich Wentzel, Tig's Ace were in fine form and neither team was able to score until the last inning. The Service Oils in their half succeeded in sending a runner across the plate on a hit and an error, but the Tigers were determined to win the last game. Before the crowd knew what was going on they had scored two runs and were starting for their homes. The team has had a good season, showing much improvement over last year, in team work and baseball knowledge. They have deserved the support of the community and have received it.

## The Protection You Need Is the Protection We Give!

Thousands of Dollars Paid Every Year to Our Policy-holders — and They Don't Have to Wait for Their Money—We PAY PROMPTLY!

This is a picture of the wreck caused by a twister which dipped down at Orion, Oakland Co., August 8. Two big barns, one 35x70, and the other 30x40, were blown down, damaging some farm machinery and killing two horses. We promptly paid Jesse H. and Edith E. Voorhees \$3,325.00 which was in full for the entire amount of the insurance they carried with us.

## YOU NEVER KNOW WHAT A CYCLONE WILL DO—NOR WHERE IT WILL HIT!

Many buildings are damaged or completely destroyed every year in Michigan.

This Company carries your Protection at so Small Cost you cannot afford to be without it.

This Biggest Mutual Windstorm Insurance Company operated in Michigan has a Record of 43 Years of Prompt Payment of Claims.

Just think! Had Mr. and Mrs. Voorhees been without protection they would have been \$3,325 poorer after this cyclone than they were before!
