Time To Talk About "Daylight Savings" Time

HOLLAND SHOULD GO BACK TO STANDARD TIME RE- GARDELESS OF GRAND RAPIDS TIME

If Holland is to follow a resolution of two years ago passed by the Common Council that it go back to Standard Time the first Sunday of the last week in September, then the hands of the clocks will have to be set back one hour on Saturday, September 26, and all the churches will follow Central Standard Time on Sunday, September 27.

However since that time the Michigan Legislature has passed a law adopting Eastern Standard time the year around. This law is not compulsory but is said to govern the opening and closing of polls on election day.

No doubt there are many who want Eastern Standard time the year around. However we are sure the vast majority prefer to make the change in April for "Daylight Savings" time and return back to Central Standard time in September. Making the change on a Saturday with Sunday intervening has been no hardship for Monday all have become accustomed to the change and do not notice the difference.

The changing back to Central Standard Time in the fall surely cannot be an inconvenience with an hour longer to sleep on Sunday. Everyone seems to be pleased with the "Daylight Savings" time program between April and September. It gives nice long evenings for garden work, picnicking, bathing and sports. However, after September all these recreational features are over and the later into the fall we go the darker it becomes both mornings and evenings.

The result is that mothers must get the children up in the dark and start them off to school at about dawn. The mothers have their hands full at best during daylight without getting up in the night to start breakfast for the youngsters. The further into the fall we go the less light there is at the end of the day so nothing would be gained in the way of "Daylight Savings" during winter evenings when glims are already glowing at 5 o'clock.

A protest has already gone up from Grand Rapids asking that the law, which is not compulsory, be not followed and that the old order of things remain. The village of Fennville has also turned back to Central Standard time and Saugatuck never changed to "Daylight Savings" time at any time.

An inquiry from the local post-office brought the reply "By all means change back from 'Daylight Savings' time, for in the winter it is a hardship on the mailmen." Postmaster Westover also stated that the difference in time brings a constant mix-up at the postoffice that the force must guard against.

It would seem that if Western Michigan cities would cooperate as they have during the past three years, all changing time together, it would be an ideal condition. Holland has always followed Grand Rapids but there is no reason why Holland should inconvenience itself if Grand Rapids doesn't want to "play ball." A difference in time between the two cities may inconvenience shoppers some but Holland shouldn't kick on that for there would be a tendency for some of these shoppers to buy in their home town and their dollars would help build Holland and that it seems would be a material advantage to our city.

A News representative called up Mr. Fell, superintendent of the public schools, and asked his opinion on the matter of time. He stated emphatically that for the good of the school and especially for the mothers of children, Holland should return to Central Standard time for the winter months. Remaining on the "Daylight Savings" schedule would mean starting school in the dark; on the other hand, starting school an hour later would disorganize plans made for the entire year, Mr. Fell said.

All may not agree on this timely opinion of the Holland City News, but take it for what it is worth for at least the time is here to discuss the time.

After this article was written the editor of the News came across an editorial that appeared in the Grand Rapids Press. It indicates that this publication also has "our slant" on the "Daylight Savings" time situation.

The Press, under the caption "For Central Time," gives the following:

"Three times the people of Grand Rapids have spoken at the polls for central time in the winter. Senator Condon, disregarding these past expressions of opinion in his own city, obtained a state law making eastern time the legal or voting time for all cities in the state—ignoring the fact that central time remains standard for the railroads in Michigan."

"Of all winters none could be worse for eastern time in Grand Rapids than the one just approaching. Part time factories on a 7 o'clock schedule, as well as workers in their homes, would needlessly burn extra light and fuel at the coldest time of day; while there would be no gain whatever in the afternoon. Even in times of full-day employment the advantage is all in favor of winter central time because of the sun's position for Grand Rapids, nearer the central than eastern time meridian."

"The state law applies solely to times of opening and closing the polls. Annually the city commission has passed a resolution placing Grand Rapids under central time from fall to spring. It should repeat this action for 1931-1932. The effect on elections is to add—seemingly—an extra hour in the morning and take it off at night. Our local paid poll watchers can afford the inconvenience for the sake of the vastly greater advantages to the city's workers of all other week days during the fall and winter."

The fourth annual banquet of the Michigan Judges Association was held at Hotel Olds at the state capitol, Tuesday of this week. Jurists of the Supreme Court, circuit courts and many attorneys of prominence were present.

One of the principal speakers was Governor Wilbur M. Brucker. Besides the banquet there was a Wednesday session in which matters pertaining to the courts were discussed. At the banquet and at the session there were nine speakers of note and surely it was a convention of learned men as this relates to the law.

Honorable Otis S. Cross of Holland was honored with the position of secretary and treasurer of the Michigan Judges' Association and was again placed on the program committee for next year.

Circuit Court Judge Fred T. Miles of Ottawa and Allegan counties was also a guest at the banquet and attended the sessions.

CURE FOR HAY FEVER SAVES BULL'S VICTIM

Joseph Rigen, 30 years old, Munich, Ind., dairy farmer, was recovering today at Traverse City from injuries pronounced fatal after an ambulance had brought him to Traverse City, and northern Michigan air had cured his hay fever. Rigen was gored by a bull Aug. 10, suffering from lung fever. His life hung in the balance when his annual attack of hay fever set in. Doctors said death was a matter of hours, so late yesterday Rigen was brought to Traverse City by plane and today his hay fever is gone. The doctor who made the flight from Munich told Rigen he would recover.

ZEELAND WOMAN, STRICKEN, FALLS IN STREET

Miss Sarah Dekker, who has been a resident of Zeeland since pioneer days, was seized with apoplexy near her home on East Main street, while returning home from a shopping trip. She fell to the walk, and was picked up by those in the vicinity at the time.

She was found to be in a serious condition and was removed to the Zeeland hospital Sunday where she receives all necessary care.

Miss Dekker is one of the pioneers of Zeeland and has lived in the same home with her elder sister all these years.

BEACH HIKING HAS BEEN IN FAVOR AT RESORTS

If the sun has the beneficent effect on human beings which is claimed for it, the young people on the beaches of Macatawa and the oval should be a healthy group. Their bronzed skins attest to the many hours spent in its rays, swimming, climbing the dunes. Hikes and boating, resting on the sands or more hikes seem to have been the order of the day this summer from Holland resorts to Port Sheldon, to Grand Haven and even Muskegon was a day's work. A 30-mile tramp a day was common but very healthy, they say.

ALLEGAN CO. FARMER GETS \$5,000 DAMAGES FOR ACCIDENT INJURIES

Damages of \$5,000 were awarded by a federal traverse jury yesterday to John Tucker, Allegan county farmer, against Carl Schultz, of Chicago, as the outgrowth of an automobile accident, Oct. 15, 1930, near Glen on US31.

Tucker sought \$15,000 damages. He charged Schultz, driver of the automobile which struck him while he was walking across the highway with negligence in driving at an unsafe speed. Schultz contended Tucker was guilty of contributory negligence in failing to maintain a vigilant lookout. The plaintiff suffered fractures of the skull and right leg.

The case was the first of four on the civil docket for the September term of federal court, and was tried before U. S. District Judge Fred M. Raymond.

Seven Hundred Pupils Start School at Zeeland

ZEELAND SCHOOLS OPENED TUESDAY WITH A FINE ENROLLMENT

In the high school assembly room 208 scholars gathered, taking up all but twelve of the 220 available seats, when the assembly was called to order by Miss Miriam Baehr, chairman of the Student Council. She introduced Mr. Pino, who led in the devotionals and this was followed by announcements from the Student Council and instructions by Principal Thomas Dewey.

Zeeland high school this year has 208 pupils, distributed into four classes. Seniors number 41; Juniors, 41; Sophomores, 54; and Freshmen, 72. The total number of pupils is twelve more than those entering one year ago, with a considerable increase in the Freshmen class, and reductions in the other classes.

In the other departments there are Kindergarten, 40; Grades, 815; and Junior High, 99. Although the high school has a gain of twelve students, the entire system has seven less pupils than one year ago, or a net total of 682 for the present year. Directors Kieft, Donia and Van Koeveering were in attendance at the opening session.

The total school census this year for this district is 1144, on which primary school money will be received this month at the rate of \$17.74 per capita or a net sum of \$20,294.56.

INSPECTION OF THE OTTAWA RURAL SCHOOLS BEGUN

The Ottawa county health unit is starting a comprehensive inspection of all Ottawa county rural and village schools following their opening Tuesday.

Both nurses, Miss Madge Bresnahan and Miss Marian Daddes, are out on the work, directed by Dr. Ralph Ten Have. Among the various items of inspection will be the water at the different buildings. Samples are to be taken, put in sterilized bottle and sent to the state health department for analysis. The sanitary facilities of all schools will be inspected as part of the work and if any defects are found, changes will be ordered.

There will be a special effort made to explain the dangers of contagion to the teachers, who are urged to report all cases immediately upon suspicion.

The death of Mrs. J. O. Bakker took place. She was 87 years old. Her late husband was president of the Holland Soldiers' Union. Four orphans are left behind. Note—The "Soldiers Union" later resolved itself into the G. A. R. a.

The oldest inhabitant of this Dutch colony must be Mrs. Rychel of Vriesland. She is now 93 years old and is physically and mentally in good shape. Note—The lady without doubt has long since gone to her reward for she would now be 143 if she had lived. But then the newspapers picture a Roumanian woman last week who was 148 years old and still walking about.

Mr. Henry Werkman of the firm of M. Huizenga and Co. was surprised Friday last by a young lady boarder. The little Miss whose name is Jennie tipped the scales at 11 pounds.

Chris DeVries, a son of Mr. U. DeVries, a boy of about 10 years of age, was run over by a wagon loaded with brick but strange to say no bones were broken, although the lad was considerably hurt. Note: The boy in question is now Dr. Chris DeVries, local dentist.

Four Were Hurt As Automobiles Crash Together

Labor Day Accident Occurred at Shoemaker's Crossing Thru Carelessness

Zeeland Record—Five persons figured in a Labor Day automobile collision Monday afternoon at about 1:15 at the Shoemaker crossing, eight miles east of Zeeland, four of whom were quite badly injured, one seriously.

Jacob Overzet of Forest Grove was driving his Studebaker north toward the intersection and with him Dick Vande Krik, also of that vicinity, was occupying the front seat.

In the other car, a Ford coupe, were riding Ernest Mengerink, the driver, his mother, Mrs. H. Mengerink, and Miss Katherine Warners, all of Dutton, Mich. This car was traveling west on the Zeeland to Byron Center county road and was approaching the intersection from the east at the same time.

It is quite evident that both the drivers expected the other to stop, for which reason they came together with great force when they both realized that it was too late to stop. Each tried to avoid the other by turning in opposite directions, resulting in more or less of a side-swipe.

Dick Vande Krik, whose position caused him to receive the full force of the impact, was badly cut and bruised on the right eye, head and shoulder, his injuries being quite dangerous. Ernest Mengerink was also badly injured, receiving a scalp wound, bruised eye, wrenched back and cuts about the body, although his injuries were considered less dangerous. Miss Warners received a cut in the leg and was crushed about the chest, while Mrs. Mengerink received a cut behind her ear, causing much loss of blood. The injured were all taken to their respective homes and it is probable that Vande Krik will need hospital care. Overzet escaped with minor bruises and a severe shaking-up.

Both cars were badly damaged. After coming together they negotiated some distance, coming to a halt in the roadside ditch. The body of the Studebaker opposite the front seat was badly dented and the doors bent, while the Ford was a mess on the driver's side. Dr. Wm. F. Reus of Jamestown was called to give first aid to the injured, and Officer Bosma of this city was there in his official capacity.

Miss Suzanne Leland, daughter of E. L. Leland, Tuesday will go to Michael Reese hospital, Chicago, where she will enter the nurses training school. She received her diploma from Holland High school last June.

Miss Jeanette and Frances Wilk of this city and Miss Henrietta Boer, Harold and Elmer Boer, Zeeland have left for Pittsburgh, Pa., where they will visit at the home of Mr. and Mrs. Dennis Boer. Mrs. Boer was formerly Miss Berne Vander Ploeg of this city.

Farmers Can Store up Water in Dry Season

DAMMING ESTABLISHED COUNTY DRAIN CAN BE DONE LEGAL WAY ONLY

During this summer's hot spell there was some complaint from farmers in the muck lands just to the south of Zeeland because those higher up pumped all or nearly all the water from the drain for irrigation purposes, and during the excessively hot period dammed the water from running away. Complaints have come from several other points of cases almost similar, especially during the very dry period.

George C. Borck, Ottawa County drain commissioner, is also in receipt of many inquiries throughout this county asking whether it is permissible to dam up legally established drains for irrigation purposes, and because there has been some question about this matter in this vicinity, we are glad to give the necessary information; that the drains may be dammed only by legal process through the county drain commissioner.

Mr. Borck has kindly furnished us the necessary information, quoting from the Public Acts of Michigan, as follows:

"Section 1, Dams in Drains.
"Established drains may be improved for the benefit of those whose lands were improved by the original construction of such drain, by the construction and maintenance of dams in drains, and the removal of the drainage when necessary by the use of pumps and other mechanical operations."

"When it appears upon the written petition of a number of freeholders of the drainage district equal to fifty per cent of the number of freeholders whose lands are traversed by said drain from a point where said dam is to be located to the upper terminus, that such improvement is desired to be made by damming such drain and pumping the drainage where necessary from said drain or water course, and that such improvement is necessary to properly drain said lands and to protect the lands through which said drain runs, or for the purpose of irrigation, said petition stating where it is desired to construct said dam and how such drainage is to be removed and where it is to be emptied, the Commission shall, as soon as practicable after receipt of such petition, proceed to examine said drain and pass upon the necessity of such improvement, and whether such improvement is practicable and conducive to the public health, convenience or welfare, or an improvement or necessity to preserve the adjoining lands thereto, or for the purpose of irrigation."

FIFTEEN YEARS AGO TODAY

Hermanus Boone is planning the erection of a modern hotel on the site of Hotel Holland and it will cost \$100,000. Note—It appears that these plans fell through, although the building was much improved, remodeled and redecorated. The new hotel finally built was Warm Friend Tavern.

Jacob Kuite, Sr., pioneer meat market man, and repeatedly elected alderman of this city, died of paralysis at the age of 78 years. He at one time was mayor of the Great Lakes. His home was at Pine Ave. and 10th St. He was the father of Jacob Kuite, for years proprietor of the Economy market.

HOLLAND TO BE HOST TO WEST MICH. I. O. O. F.

The western Michigan encampment of the I. O. O. F. lodge will meet here Saturday afternoon and evening. The territory includes the region from Petoskey to Grand Rapids.

This month's class will honor David Howard of Muskegon, who has been elected Michigan grand encampment grand patriarch.

In October the "golden rule" degree will be put on at South Haven by Hesperia members. The royal purple degree will be presented in November at Nunica by Grand Rapids members.

HOLLAND PASTORS PROTEST OPENING OF THEATRES SUNDAYS

The Butterfield Theatre corporation, which some time ago obtained control of Holland's movies, will inaugurate Sunday motion picture shows Sunday with programs after noon and evening according to Manager Henry C. Carley.

The city ordinance covering "movie shows" and theaters it is claimed contains no clause prohibiting the operation of these places on Sunday.

Since the announcement was made there has been a protest from the local ministers and at a meeting a move was made to see what legal means there were to prevent the opening of the "movies" in Holland. Grand Haven had a similar battle on some years ago and it appears that each theatre found open was fined \$10 every Sunday these were opened. This continued some time as we remembered. Anyway at a meeting held at Trinity church the following committee men were appointed to handle the matter: Dr. Albertus Pieters, Seminary, chairman; Dr. Wynand Wichers, president of Hope College; Rev. H. D. Ter Keurst, pastor of Trinity Reformed church; Rev. Lambertus Veltkamp, pastor of Central Ave. Christian Reformed church; Rev. Lambertus Van Laar, pastor of Prospect Park Christian Reformed church; Rev. C. W. Meredith, pastor of the Wesleyan Methodist church; and Rev. John Lansing, pastor of the Immanuel church.

The committee is awaiting the return of Mayor Brooks and City Attorney McBride, who are at Port Huron attending a Municipal League convention.

Miss Jeanette and Frances Wilk of this city and Miss Henrietta Boer, Harold and Elmer Boer, Zeeland have left for Pittsburgh, Pa., where they will visit at the home of Mr. and Mrs. Dennis Boer. Mrs. Boer was formerly Miss Berne Vander Ploeg of this city.

Pere Marquette Railway Co., Holland, freight offices soon will be moved from their present location on the second floor of the Seventh St. warehouse to the passenger depot, which has been equipped for the transfer. The present freight offices will be closed.

TWO ZEELAND BOYS RATHER TAKE JAIL THAN FINE

Albert Kornelje and Clifford De Pree were arrested on a charge of disturbing the peace and on Tuesday were brought before Justice Huxtable, Zeeland, for trial. Both pleaded not guilty but were convicted of the charge and assessed fines and costs of \$8.80 or an alternative of eight days in the county jail at Grand Haven. They chose the latter and were taken there yesterday.

Both of the lads had been repeatedly warned by Zeeland officers to discontinue the practice of shooting firecrackers late at night. The shooting continued, however, till last Wednesday evening when the officers caught the young men red-handed. The evidence was strong enough to warrant their arrest and secure their conviction.

"THE SACREDNESS OF HUMAN LIFE."

The Travelers Insurance Company of Hartford, Connecticut, has sent out a 48-page pamphlet entitled "Worse Than War" and bearing the subtitle, "Impressive Statistics and Facts on 1930's Loss of Life and Limb in Automobile Accidents." The facts and figures presented in the booklet are more than impressive; they are appalling. They include this record:

In the last fifteen years, 282,799 people have been killed in automobile accidents in the United States. In the last five years, 141,041 people have been killed in automobile accidents in the United States. In the last two years 63,715 people have been killed in the United States.

In the last eighteen months 50,900 people have been killed in automobile accidents in the United States against 50,510 American soldiers killed or fatally wounded in eighteen months of the World war.

Last year, 32,500 people were killed in automobile accidents in the United States and 962,325 were injured, making a grand total of almost one million casualties, which means that approximately one out of each 120 people in the United States, including babes in arms, was in a highway disaster in 1930, and was more or less mangled. However, we talk a great deal in this country about the "sacredness of human life."

REV. JERRY A. VELDMAN DECLINES BETHEL CALL

Rev. Jerry A. Veldman, pastor of Richmond Street Reformed church of Grand Rapids announced to his congregation that he declined a call from Bethel Reformed church of that city. Rev. and Mrs. Veldman, formerly of Holland, are well known here.

THE TOWER OF BABEL: AN INTERNATIONAL CALL TO PRAYER

(Sunday School Times)
A group of business men in the city of Lethbridge, Alberta, have drafted a declaration addressed to Canada, and the United States and sounding an international call to prayer. The copy of this declaration, that came to hand was signed by a long list of Canadian and American nationals doing business in the city of Lethbridge. Other copies with other signatures are in circulation. A National Call to Prayer sent out by the Business Men's Council of the Pocket Testament League, Inc., of Philadelphia, was printed in the Sunday School Times of July 11. This same Council had received the Canadian Call, and had participated in making it public.

The unusual character of this Canadian prayer call is its emphasis upon the fact the present worldwide business depression cannot be explained by any human reasoning, and that it is "The most astounding phenomenon in the history of the world." Is there a Modern Tower of Babel before our eyes? This is the challenge sent out to Christian people everywhere by these business and professional leaders across the border in the Dominion, and the Sunday School Times gladly passes on this challenge to its readers in the earnest hope that many may enter into the prayer privilege and obligation that are before us. The declaration follows:

We, the undersigned, managers and senior members of business and professional enterprises in the city of Lethbridge, Alberta, hereby declare:

- A. The following undisputed facts.
1. That there now exists a worldwide and prolonged business depression for which no natural or necessary cause can be given.
2. That this depression is accompanied by an over-production of most of the world's staple products.
3. That coincident with this over-production is the distress of unemployment and individual want seriously affecting millions of families in all the great civilized and producing countries of the world.
4. That the world as a whole, and especially its so-called civilized nations, have at their disposal everything needed to produce the highest degree of prosperity ever conceived by the mind of man.
5. That the best intellects the world possesses confess their impotence either severally or jointly to find a solution for the problem which has thus presented itself.
6. Our belief:
1. That the foregoing facts constitute the most astounding phenomenon in the history of the world.
2. That this phenomenon calls for an explanation which divine wrath alone can give.
3. That it is for our sins that this distress has been brought upon us.
4. That God Almighty has allowed us to erect this, our Modern Tower of Babel, to the end that he may show forth his power.
5. That we shall find no relief until we confess our sins to each other and humble ourselves before him and ask for his forgiveness and his wisdom.
6. That relief will come promptly and fully whenever we do so humble ourselves.
7. Our Confession:
1. That we business and professional men both individually and as a class, are responsible for this distress and this punishment.
2. That we have not loved our neighbors as ourselves nor considered their distress as our distress.
3. That we have been conducting our business, both individually and collectively, as though profits were

our only objective and human needs only the means thereto.

4. That we have been discussing our problems, both private and public, without so much as recognizing even the existence of our Maker, much less acknowledging his power to help us.

D. Our desire:

1. To have our respective governments appoint a day of prayer and fasting.
2. To have our respective national leaders lead us to humility and prayer for grace and wisdom to the end that we may find the divine solution of our problems and relieve distress the world over.
3. To have our brethren throughout our land join us in this Declaration and its promulgation.

E. Our promise:

To do our part heartily as unto the lord as our respective national leaders may appoint for us to accomplish fully the purpose for which this Declaration has been made.

The situation in the big Gun swamp onion fields is not so favorable as the growers would like. The long drought ripened the crop a few weeks earlier than usual. Saugatuck reports a satisfactory season's resort business and holds that for the size of the place it has had more visitors than any such Michigan town. A noticeable feature is the presence of people who never visited Saugatuck before.

Latest reports from the hospital are less encouraging, it being feared that the growth was of a malignant character. The patient will remain there for special treatment and it is hoped it will be successful.

The year-books of the Fennville Woman's club have been issued and the program promises a number of very interesting meetings which begin with that of September 30. R. J. Vanden Berg pronouncing the ceremony that made them husband and wife. The marriage was solemnized on Labor Day evening in the presence of witnesses only. Mr. Vande Velde is the son of Mr. Charley VandeVelde of East Central Avenue, while Mrs. Vande Velde is the daughter of Mr. and Mrs. Sam Meeuwse, residing on East McKinley street. They are both well and respectfully known in this community, and they will make their home at 538 E. Main street.

Mrs. Minnie Languis entertained a number of relatives at her home on East Main street, Zeeland, last Friday evening, and a very enjoyable time was spent by all present. A dainty lunch added to the pleasure. Those present were, Mrs. Gerrit Schrottenboer, Mrs. Henry Keon, Mr. and Mrs. Lew Volink and Mr. and Mrs. Joe Elenbaas of Borculo; Mr. and Mrs. Henry Prins and children of Holland; and Mr. and

Mrs. Gradus Schrottenboer of Zeeland.

Labor Day witnessed a happy occasion at the home of Mr. and Mrs. Henry Velderman, 3 miles north of Zeeland, when the old gentleman and father, John Velderman, celebrated his 81st milestone of his life there in the company of his children and grandchildren and a few intimate friends.

Rev. Richard J. Vanden Berg, pastor of the Second Reformed Church Zeeland, announces for his sermon topic on next Sunday morning, "Success Through Failure," and he will talk to the children on "Brass Bands." In the evening he will have as the topic for his sermon, "The Law Enlightening Us." John and Garry Ter Beek of Holland will furnish the music for the day, and Miss Edna Brandt will be at the organ.

Mrs. Nellie Diepenhorst was very pleasantly surprised at her home on West Main street, Zeeland last Thursday evening on the occasion of her 69th birthday anniversary, by a group of relatives and friends. All enjoyed a very pleasant sociable time, and refreshments were served by some of the guests. Those making up the party were Mr. and Mrs. Herman Diepenhorst and Mr. and Mrs. B. Vanden Heuvel and son Marvin of Grand Rapids; Mrs. J. C. Westra, Miss Sena Westra and Miss Ruth Levense of Holland; Mr. and Mrs. John VerHage, Miss Catherine Diepenhorst, and Mr. and Mrs. Cornelius Buikema and children, all of Holland.

A delightful evening bridge was given last Thursday, September 3, at the home of Mrs. Evelyn Irvine, 119 Centennial St., Zeeland, in honor of her daughter, Miss June R. Irvine, whose marriage was announced to take place in early October. The flower idea was carried out during the bridge, each player assuming the name of the flower on her tally, and each bridge table being a flower garden. Prizes were won by Miss Virginia Kampe and Miss Esther Glurum. Small corsages were used as table decorations, each corsage hiding a wee bluebird, bearing the message disclosing the secret of the marriage date.

HAMILTON

Mr. and Mrs. H. W. Rigtink of Philadelphia visited at the home of Dr. and Mrs. G. H. Rigtink for a few days.

Born to Mr. and Mrs. Fred Eding, a son; to Mr. and Mrs. Ed. Arns, a son; to Mr. and Mrs. Millard Ashley, a daughter. All three were born to Labor Day, September 7.

Monday was an ideal day for the Labor Day celebration and enabled the village and community to put on one of the most successful celebrations. The large grove was crowded both afternoon and evening. Several hundreds of folks were on hand to witness the ball games in the morning and saw two fine games. In the first the local merchants were defeated by a team made up of players from our neighboring village, Bentheim, strengthened by several players from other places. Harvey Lutgen on the mound pitched a very good game holding the visitors to five hits, which with two errors gave the Bentheimites 3 scores. Freeman of Diamond Springs, however, was too much for the local youngsters. Only one hit was made by the Merchants, but 7 errors by the visiting players enabled them to bring home at least one country and to make the game exciting for the fans. In the second the Independents defeated their favorite opponents, the Holland Boosters. Although the Boosters lost by an 8 to 4 count the result of one of the duke innings which at time happen in baseball games, they played headsup baseball to the end.

The breaks of the game were all against the Boosters. However, the main reason for the victory was the splendid pitching of Callahan, who held the hard-hitting Hollanders to 4 scattered hits, while his teammates gave him generous support both in the field and at bat. Callahan.

han sent four men back to the bench after weaving three fast break-breaking curves over the plate for strikes; gave 3 free tickets; bruised three others and was aided by three errors on the part of the visitors. Walters, who usually is effective against the Independents, was given hard treatment during three and two-thirds innings in the form of four hard singles, a double and a triple which brought in 7 runs. Sakkers, who took his place in a very successful holding the locals until the eighth when a pair of doubles easily brought home another score. The Boosters were unable to score until the 6th inning when Callahan hit Slighter. Weatherhof singled, both advanced on a double steal and sneaked home while teammates were being put out at first. In the seventh inning they slyly proceeded to push two more scores across by repeating the history of the preceding inning. After Jappinga had singled Slighter was again hit, Weatherhof again singled and so on home. Five of the locals' hits were for extra bases. Brink obtaining a generous triple and long double, while Nyhoff and the Dangremont brothers connected for three more drives over the heads of the fielders with Waddy talking and the other Boosters determined playing the fans enjoyed the contest immensely. Hamilton always has had a special liking to see the Boosters play, but we believe they will be still greater favorites with the local fans next year inasmuch as they have shown themselves to be good losers by giving a donation for the new gym at the close of the game. After the ball games about 25 men chased a greased pig across the ball diamond and through the crowd. Several of the men got some of the grease, while Clet Voorhorst got a toe-hold on the pig and walked home with the animal under his arm. The afternoon's programs were held in the Dykstra grove. The Casino band furnished a great deal of splendid music during the day.

Herman Brower was chairman for the afternoon, while George Schutmaat presided in the evening. Stanley M. Powell, state representative and Mayor Ernest C. Brooks of Holland, were the speakers of the day and their messages were received with a great deal of interest. Other numbers by the Krone-meyer Bros., Arthur Hoffman and Mr. and Mrs. C. Lamar were also well received by the large crowd. The motion pictures on conservation attended by Maurice Kuite of Holland concluded the evening's program. The stands were kept busy throughout the day. Figures are not available at this time, but it is expected that a good balance will be left for the new hall after the expenses have been paid. The weather was about ideal and as a result of the effective work of the large pump, there was no dust to annoy the folks. It is estimated that the celebration was attended by about six thousand.

The Independents have played 19 games this season, having won 12 and lost 6, with one tie in a 10 inning 0 to 0 score with Byron Center. The Merchants have played 28 games, 18 won, lost 7 and tied 3. CHILDREN CRY FOR IT—

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. And this pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the recipe reads.

When Baby's cry warns of colic, a few drops of Castoria has him soothed, asleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, invoke its gentle aid to cleanse and regulate a child's bowels. In colds or children's diseases, you should use it to keep the system from clogging.

Castoria is sold in every drugstore; the genuine always bears Chas. H. Fletcher's signature.

MRS. JAPPINGA CELEBRATES HER 90TH BIRTHDAY

Labor Day had a double significance in the Jappinga family for not only was it a legal holiday but it was the day when Mrs. Martin Jappinga celebrated her ninetyth birthday anniversary.

Mrs. Jappinga lived in Ottawa county for 68 years and was married in the Netherlands 66 years ago. Mr. and Mrs. Jappinga came to America to make their home in 1873. Eight children were born to them, four of which are still living.

Mrs. Jappinga was taken by death seven years ago at the age of 81 years and since that time Mrs. Jappinga has been living alone still performing her household duties.

Mrs. Jappinga is making her home at 186 East Tenth street and can be found tending her little garden and making herself generally useful about the house.

The children and grandchildren gathered Monday to tend love and congratulations to their mother. Many friends also called throughout the day to give congratulations.

The September term of Ottawa county circuit court was opened when Judge Fred T. Miles sentenced two at this morning's session. Peter DeHammer of Holland, charged with liquor violation, was sent to Jackson for one to two years and made to pay fine and costs of \$365.

Dick Knoll, Holland, was sentenced for one year at Jackson, for violation of a probation period and desertion of a minor child.

The jury will not be called for criminal and jury cases until next week, which is a rather unusual proceeding, as the criminal calendar is usually disposed of first. Judge Miles will hear several non-jury cases this week.

STATE'S ENGINEERS MAKING SOIL TESTS ON HOLLAND-SAUGATUCK OLD ROAD

Engineers from the state highway department report they are making soil tests on US-31 from the East Shore garage to the county line north at the Windmill garage to determine the nature of the soil to be worked on should the commission decide to improve this stretch and make it a 120-foot right-of-way. If so it will become a part of the new federal road. The proposed route goes to the east of Saugatuck.

Never Held a Public Office Until Fifty

JOHN F. VAN ANROOY FEARS ONLY INACTIVITY; ALWAYS HAS HAD TO WORK; JOHN HAS HAD COLORFUL CAREER

Muskegon Chronicle—John F. Van Anrooy, chairman of the Ottawa county board of supervisors and city assessor of Grand Haven, never held public office until he was 50 years old. Mr. Van Anrooy passed his 74th birthday Aug. 29 in his usual round of activity. Being past the allotted three score and ten has not slowed him up one bit. "Inactivity is the only thing that makes me feel sick. If I'm on the job, my health is always perfect," he says.

An unusual thing about Mr. Van Anrooy is his mental agility and grip on important problems of the day. He does not think in terms of times gone by but lives in the present. His ability to act as city assessor and his work on the board of supervisors in which he has performed outstanding services to the county, are proof. Mr. Van Anrooy also holds the office of county agent, handling widows' pensions and delinquent cases. Up until two years ago he was in the insurance business but has not been active in this line since.

Steps Into Fight
Mr. Van Anrooy took office as chairman of the board of supervisors two years ago and immediately had a fight on his hands when the Holland members objected to the equalization report in which the assessed valuation of the city was raised. Although a former Holland man, Mr. Van Anrooy realized that the report of the committee was fair and just. Behind his leadership, the entire matter was settled amicably. This year the committee report gave Holland another boost, but the matter passed without controversy. Committee appointments have always been the subject of much internal bickering but Mr. Van Anrooy has enjoyed the general approval of his selections through following the dictates of his conscience and putting the various supervisors on the committees he feels them best fitted for.

John Van Anrooy has always had to work for a living and as he says, he still has to. He puts his evenings to workday purposes in many instances, handling his duties as county agent through evening visits to the people with whom he has to deal. It is necessary in order to find them at home, he says. Mr. Van Anrooy drives his own car, something out of the ordinary for a man approaching the three quarter century mark in age.

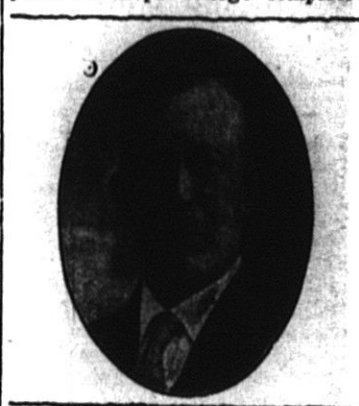

Born in Allegan County
Mr. Van Anrooy was born Aug. 29, 1857 on a farm in Allegan county just outside the city limits of Holland. His father came to the

TWO PARALYSIS CASES ARE REPORTED IN GRAND HAVEN

Two cases of infantile paralysis have developed in Grand Haven, one at the home of Marinus Van Weele, 222 Lafayette St., the other at the home of Arie Swiftney, 915 Slayton St., according to a report from Mrs. Ann Lundborg, city nurse. Quarantine has been established in both homes and in homes where other children have played with those that are ill, and serum treatment has been given. Mrs. Lundborg reports progress in both cases.

United States in 1847 with the Rev. A. C. Van Raalte, founder of the Dutch colony at Holland. The elder Van Anrooy, 16 years old when he accompanied the colonists from The Netherlands here, married and settled on a farm in Fillmore township, Allegan county. A brother, Abraham, still lives on the farm where the original Van Anroos settled.

One of Mr. Van Anrooy's early recollections is of the last volunteers to leave for the front near the close of the Civil war. They enlisted at the school house where Mr. Van Anrooy was receiving his early education. As he recalls it, the men got as far as Springfield, Ill., before hostilities closed. Three years at Hope college completed

Mr. Van Anrooy's training. He went to Orange City, Ia., to teach school. Marrying in Orange City, he returned to Holland in the spring of 1881, later going to Lucas, a colony of Hollanders who had settled in the northern part of the state. He remained there three years.

"I well remember that trip north," Mr. Van Anrooy says. "We started from Holland with a team and five head of cattle. After we got past Reed City, the roadway led through unbroken timbers. It took four days to get to Lucas. I drove there and back in one day recently."

Returns to Holland
Mr. Van Anrooy returned to Holland after three years in the north and in 1886 went to work in the Cappon-Bertsch tannery. "They put me on in the beam house where I was paid \$8 a week to start. I worked in the beam house four years and then was put in the finishing room, setting and finishing

Counties Will Take Over the Township Roads

LEGISLATURE PROVIDES PLAN TO BRINGS ALL WAYS UNDER ROAD COMMISSION

Frank F. Rogers, of Lansing, former state highway commissioner, recently explained the workings of the McNitt bill which he described as "one of the half dozen pieces of outstanding highway legislation enacted in the last 40 years."

Under the new law each county is expected to take over one-fifth of the township roads each year for five years, until all are taken over, after which all road maintenance will involve upon the county and in the expense of which the state will share, an attempt being thus made to relieve the townships from a part of the direct property tax.

"Among the essential features of the McNitt Bill are the following: The State Highway Commission shall determine the exact township road mileage in the state on or before September 1, 1931."

The County Road Commissioners shall take over and constitute as county roads, 20 per cent of the township road mileage in 1932 and 20 per cent each year thereafter until all of the township roads shall have become county roads.

In taking over these roads, preference shall be given to post roads but all roads taken over shall be contiguous and shall connect with the state trunk line system, the county road system or the main street of cities and villages, giving preference so far as possible to roads of heaviest travel.

The State Highway department shall give to the several counties of the state \$2,000,000 in the calendar year of 1932, \$2,500,000 in the calendar year of 1933, \$3,000,000 in the calendar year of 1934, \$3,500,000 in the calendar year of 1935 and \$4,000,000 in the calendar year of 1936 and \$4,000,000 each year thereafter.

This money shall be apportioned among the different counties of the state pro rata to their township road mileage and shall be used first for the maintenance of roads so taken over and none of this money shall be used for improvement of these roads until they have been properly maintained, after which the remainder may be used for improvement. This improvement money may be supplemented by monies appropriated by the boards of supervisors and the townships on a ratio of participation which shall be fixed by the board of supervisors. However, no township money can be made available for this purpose until it shall have been directly voted at the spring election preceding its use.

"Beginning with the April election of 1932, the maximum amount of township road taxes both for repair and improvement that can be levied in any township will be limited to five mills; in 1933 four mills, in 1934 three mills and only three mills each year thereafter. This amends the present township road law which permits a maximum levy of ten mills, five mills in the repair fund and five mills in the improvement fund. Hence it is a definite curtailment from the beginning of township road taxes and is justly called the Township Road Relief Bill, for the money distributed to the counties by the state is all derived from the users of motor vehicles and not from a property tax."

The township roads taken over by the county road commissioners must meet the approval of the State Highway Commissioner and thereafter the Boards of County Road Commissioners must annually report to the State Highway Commissioner upon such forms and in such manner as he shall prescribe all money made available for the maintenance and improvement of roads under the provisions of this act."

HOLLAND EXCHANGE CLUB BEGINS REGULAR MEETINGS

The new president of the club, Dr. William Westrate, gave his inaugural address. Other officers are Milton Hinga, vice president; A. E. Lampen, secretary, and Alex Van Zanten, treasurer. The following committee heads were appointed: Program, Milton Hinga; auditing, O. P. Kramer; flower, George Tholt; and special music, Eugene Heester.

PROPOSED BETTER POULTRY MOVEMENT MEETS FAVOR
The meeting of the Zeeland hatcherymen Thursday indicated local chicken merchants are highly in favor of the proposed organization for better poultry. Higher rating of eggs, production of better chickens for the retail trade and better breeding stock are several of the aims of the organization.

The new organization is to be an educational asset to the Ottawa and Allegan county chicken producers. This section of Michigan is said to have 1,000,000 hens at the present time and it is hoped to increase the number to 5,000,000. It is felt the baby chick market has been about as well developed as possible and that now is the proper time to develop other phases of the poultry industry.

A committee of three members, A. Van Koevring, Lee Jansen and John Baar will draw up plans for the organization and submit them to the entire group in the near future.

TOMATOES THROWN AT C. C. WINDOW

Grand Haven Tribune—Chief Bill Andrus of the city police department has been unable to locate the persons who threw tomatoes at the chamber of commerce windows some time Saturday night. The big window in front of the office of William Stribley, the secretary, was the chief target. Mr. Stribley could give no clue to the motive for the attack. Possibly because he didn't fill the town with going industries within a week.

harness leather. You never see a harness now, but in those days they were a staple article."

After more than 20 years with the tannery, fellow employees of the shop urged Mr. Van Anrooy, then in his 50th year, to run for supervisor from the second district of Holland. "I got the nomination by three votes," he recalls. "In those early days, elections were bitterly contested and after the Republican nominators had put me on the ticket, a Holland newspaper said they had selected 'the poorest candidate possible.' They thought the Democrat would run away with me. That statement in the newspaper worked like a boomerang and proves the statement that every knock is a boost. I did no campaigning but stuck to my bench in the shop and my friends, worked up by the statement in the paper, got out and campaigned for me. I was elected by 275 votes."

Moves to Grand Haven
Mr. Van Anrooy was on the board of supervisors for four years and in the fall election of 1910, was elected register of deeds. He moved his residence to Grand Haven where he has resided ever since. Mr. Van Anrooy was register of deeds for six years. At the expiration of his last term, he decided to remain in Grand Haven and applied for the position of city assessor and was chosen to that post by the city council in January, 1917, serving ever since. As the position carries with it membership on the board of supervisors, he has been on that body for the past 14 years. With his first terms of four years and six years as register of deeds, it gives him a record of 24 consecutive years service to the county. In his first campaign for register of deeds, Mr. Van Anrooy carried the entire county except Grand Haven.

Residing at 638 Lake avenue, a daughter, Miss Cornelia Van Anrooy, keeps house for her father. Mrs. Van Anrooy died July 29, 1928. There are two sons, Peter Van Anrooy in Lincoln, Neb., and Henry Van Anrooy in Grand Rapids. Another son, Benjamin, died when 19 years old. Mr. Van Anrooy looks forward to many years more of active service. He is ever ready to discuss the subject of taxes and valuations, an important one now and has much of his data in his mind for ready reference. He believes the matter of regulating assessment will assume greater importance than ever this year as valuations in all lines have shown such a decrease with many factories inoperative and stores and dwellings empty.

To determine something about currents in Lake Michigan a conservation commission placed many bottles with notes near the head of the lake. All traveled northward many miles, two of them going 200 miles in 20 and 24 days. Determination of these currents (the discharge from the lake) is important to navigation and to fishermen.

FARMER GETS 15 DAYS FOR BATTERING MAN, 64

A tale of brutality was written into a warrant issued by Justice C. E. Burr, Grand Haven, for the arrest of George Weisenhoff, 48 years old, Georgetown farmer, John Ebert, 64 years old, complaining witness, is in the county infirmary, badly injured. He has no place to go other than the county farm.

He charges Weisenhoff with assault and battery. The assault, according to information furnished the justice, occurred Tuesday evening. Ebert was employed by George and John Weisenhoff to help them with their cattle near Jensen. Ebert was unable to or would not carry out a request of one of the Weisenhoffs, the justice said and George knocked him down and beat and kicked him, breaking a rib. Ebert alleges that later Weisenhoff came as he was lying on the ground in intense pain from the broken rib, grabbed him by the hair, and struck him again.

Weisenhoff appeared in Justice Burr's court, pleaded guilty, and fine and costs were set at \$25.00. He could not pay and was committed to the county jail for 15 days.

DIDN'T SELL RUM, BOYS JUST HELPING HIM PAY ALIMONY

"I didn't sell any liquor, your honor," Arie Vos of Holland told Judge Fred T. Miles in circuit court when arraigned on a liquor violation charge. "I just gave the boys the liquor and when they went out, they laid down some money on the table to help me pay my alimony."

On further thought, however, Vos decided to plead guilty and the plea was accepted.

HOLLAND HAS NEW PLAN TO DEAL WITH VIOLATORS

The first two offenses are recorded at police headquarters, but no prosecution is attempted. A third violation, however, will bring prosecution on all three charges, with severe penalties.

DOG OWNERS LOOK OUT

Dog owners must be more careful about letting their dogs roam at night. Dogs are running at large all the time! One reason for this is the leavings from the table which are thrown out. The law permits the owner of property to shoot any stray dog which is on his property; and if your dog is missing, you may guess the reason.

Macatawa Sees Triangular Race of Yacht Club on Black Lake

The twentieth annual triangular race, sponsored by the Chicago Yacht club, for the Dreadnaught, Hamilton club and Col. R. H. Morse trophies came to a close Saturday morning, when 27 cabin sailing vessels entered the Macatawa bay harbor after a race which began at 7 o'clock Friday evening at the Chicago Yacht club. Three judges from the Chicago Yacht club, George Catto, secretary; John Plaisier, measurer, and William Avery, were on the pier to time each boat as it entered the harbor. A shot was fired as each boat passed the finish line, which brought many resorters to the scene.

The first boat to enter was the "Alert," which made the trip in 13 hours, 39 minutes and 39 seconds; second, "Jonnie"; third, "Guerilla"; fourth, "Swaney"; fifth, "Siren"; and sixth, "Illinois". In the cruising class the winner was "Privateer" in 14 hours, 37 minutes and 29 seconds; second, "Elabeth"; third, "Hilaria"; owned by Hubert Schadelee of Grand Rapids; fourth, "Velma"; fifth, "Bargalore"; and sixth, "Quick Silver".

The Milwaukee Yacht club also sponsored a novelty race for auxiliary sailing yachts from Milwaukee, and the winner of this was "Norwester"; second, "Borella"; third, "Seaward." Wurzburg's dry goods store donated the first prize for this race and other prizes were donated by Milwaukee Yacht club and Macatawa Yacht club.

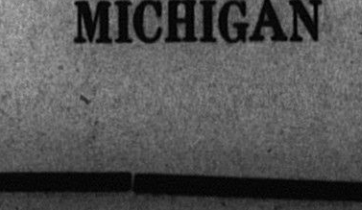

The final race of a series which has been sponsored by the Macatawa Bay Yacht club was given Labor Day for the local boats. Prizes were offered by the Yacht club. The club has added decorations and some lovely pieces of wicker furniture were donated by Mr. and Mrs. Chaping Dewing.

DRILLING ON FOURTH BEACH WELL AT GRAND HAVEN STARTS

Grand Haven Tribune—Drilling on the fourth well at Lake Michigan as part of the municipal water supply was started this week. Tests on the other three wells indicate that an average of about 300 gallons per minute can be expected.

The city crew have been at work on the suction line from the city reservoir on the beach to the plant and have completed 19 breaks, which they believe is about half of the work necessary, to rehabilitate the line.

No quality reports have been made public on the water sent from the second and third wells, which was sent out by Alderman N. F. Vonkman.

Mr. Ostema has a great opportunity to help many of the 12,000 students who will soon be at the University. He preaches the old Gospel that he was taught in this city where he was born. Many young people who will grow from Christian homes to the University will profit by his ministry especially when they are brought face to face with the teachings that are out of harmony with the Scriptures. HOLLAND'S C. OF C. HOPES TO SIGN UP TWO MORE FIRMS

Holland has prospects of getting two new industries, according to a report submitted Tuesday by Secretary Charles A. Gross of the Chamber of Commerce. The concerns represent a specialty manufacturing company and an old established soap company. Representatives of these concerns have visited Holland and expressed themselves well pleased over the outlook.

Figures submitted by Gross indicate the two concerns would employ about 80 men and disburse an annual payroll approximating \$88,000. Gross intimated the possibility of building a plant for one of the firms in case a vacant factory building is not available. Two industries obtained by the Chamber of Commerce within the past two years have developed into successful concerns.

Whole Lump Leavened

When we speak of a peculiarity in a man or a nation, we think to describe only one part, a mere mathematical point; but it is not so. It pervades all. Some parts may be farther removed than others from this center, but not a particle so remote as not to be either shined on or shaded by it.—Thoreau.
