**Airport Makes  
Tailspin In  
Bond Voting****TWO PROPOSALS CARRY  
AND EVEN AIRPORT IS  
GIVEN GOOD MAJORITY**

Two-thirds of the proposed works relief program is carried by a substantial vote, involving the sum of \$65,515, the government paying \$50,515, and the city's share being \$15,000. This includes the parks and cemeteries project and the playground project.

The airport, although having a majority of 113, was defeated, since a three-fifths vote was needed, which would be 721 votes. It shows, however, that a substantial majority favor an airport and it seems rather unfair that in every other case the majority rules, but in this instance it is the minority that has the upper hand. A change of 57 votes would have made successful all three projects.

We feel that the airport project, as far as our commercial and industrial welfare is concerned, is paramount, and time will tell this. Not alone is the local press for the airport, but several state papers commented favorably. One especially commendable editorial appeared in the Grand Rapids Press and is found further down in this column.

The total number of votes cast in Holland was 1,213, some of them of course, were blanks. Below is the sum total in the city:

Airport—Yes, 657; no, 544; majority, 113. On the basis of 3-5 vote, 721 yes votes are required.

Playgrounds—Yes, 864; no, 314; majority, 550. Number of yes votes required, 707.

Parks and Cemeteries—Yes, 936; no, 258; majority of yes votes, 678. Votes required under the 3-5 rule would be 717.

It is evident that while the airport received a substantial majority, the last two projects carried well over the three-fifths vote.

The votes by wards follow:

Airport—First, yes 105, no 82; second, yes 27, no 15; third, yes 91, no 63; fourth, yes 118, no 103; fifth, first precinct, yes 11, no 101; second precinct, yes 111, no 75; sixth, yes 134, no 105.

Playgrounds—First, yes 123, no 63; second, yes 30, no 8; third, yes 114, no 35; fourth, yes 153, no 47; fifth, first precinct, yes 118, no 47; second precinct, yes 142, no 43; sixth, yes 185, no 48.

Parks and Cemeteries—First, yes 139, no 48; second, yes 35, no 8; third, yes 126, no 27; fourth, yes 174, no 47; fifth, first precinct, yes 123, no 43; second precinct, yes 147, no 37; sixth, yes 192, no 48.

City Engineer Zuidema has already forwarded the two projects to carry to Works Relief headquarters at Muskegon and undoubtedly these proposals will be acted on favorably since the government will find these filled with the needs of common labor and, of course, that's what the projects are mostly for. It is hoped that an airport can be secured through some other method and possibly in the near future.

The Holland City News has given its views on why Holland needs an airport, at least within the next five years. The only deplorable feature is that the city could have gotten a \$25,000 project for \$8,000, and whether such a bargain counter proposal will ever be given Holland again is doubtful, but then, the minority rules.

It is really too bad that mediocre office seekers, poor projects, and reforms, could not be measured by the same rule. Backslapping candidates often bring tremendous expense to administrative bodies, whether these be large or small. Anyway, the state law has spoken, although the city charter provides for a majority vote.

The Grand Rapids Press, under the caption, "The Holland Airport," gives the following thought: "Property owners of Holland are to vote Monday on the expenditure of \$8,000 to buy land east of the city for an airport. If they agree to the bond issue, the WPA will furnish \$30,000 for construction of runways and hangars.

"Mayor Bosch and the council have indicated the project and money asked of Holland would seem to be a wise investment. A resort city needs to have all the transportation facilities that exist. At present visitors to Holland who wish to come by plane must fly to Grand Rapids and then drive to the lake.

"While no air line passes over the city now, a landing field should attract one and make available air mail service, too. A Chicago-Grand Rapids route is a development of the near future and cities along the way provide port facilities. Holland is said by Grand Rapids airport officials to be the only city of its size in the state without an airport, and the proposed location of the terminal east of town would serve Zeeland as well.

"The jobs furnished by the project are, of course, another argument in its favor if the expenditure is justified economically. The possible benefits to Holland in proportion to the expense involved make the airport seem highly desirable."

**SILVER SPOON GOOD  
PIKE BAIT, HE FINDS**

Ed Rottman hopes to catch lots of fish if the family silverware holds out. He caught a pike in Lake Macatawa and found a silver spoon in its stomach. Reasoning that what is food for one fish is food for another, he tied a spoon to his line and bait (he says), caught another pike. He stands ready to show the spoon and the second pike, weighing 13 pounds, to any scoffers.

**Fig Farm Fire  
Near Drenthe  
Destroys Crop****CHICKEN AND TOOLS ALSO  
CONSUMED, CATTLE AND  
HORSES ESCAPE**

Fire destroyed the large barn on the farm of Lucas Doezeman one mile west of Drenthe, causing a loss of \$3,000 to \$3,500, with a coverage largely by farm insurance.

It is not positively known how the fire started, but it is quite evident that it resulted from friction. A threshing crew had started work at the farm during the day and had threshed about half the wheat crop when suddenly smoke issued from the rear end of the separator and an instant later fire was rapidly licking up the loose straw and spreading quickly in all directions.

So rapid was the progress of the fire that the crew had no time to haul the separator from the barn. Besides the barn the loss included two hogs that were burned to death, 50 tons of hay, 400 bushels of oats in bundles still unthreshed, 200 bushels of wheat half of which was unthreshed, 75 white leghorn chickens, and about \$100 worth of small farm tools. Fortunately all horses and cattle had been removed from the barn before the threshing was started.

The farm is located on the side road just north of the Drenthe-Holland road, one mile west of Drenthe. The farm house was to windward or out of danger from the blaze, but sparks flew a long distance setting fire to farm buildings on adjoining farms. The homes of Mr. John Boer and George Morremant situated more than a quarter mile nearer Drenthe both suffered from the blaze to the extent of about \$25 damage. Fortunately these flames were kept under control and the homes were saved.

Both the Drenthe and Zeeland fire departments did fine work in saving nearby property.

**HOLLAND FIREMEN HAVE  
DIFFICULTY FINDING FIRE**

Late Tuesday morning the Holland fire department received a telephone call that there was a fire in the Maple school—and to hurry down. The fire departments were quickly called together, but no one knew where the Maple school was and the informant had hung up before giving full particulars aside from the fact that it was on route 1.

School Commissioner Groenewald was called up, as was Albert Hyma, supervisor of Holland township, and both said there was no Maple school. Chief had one of his large trucks searching for the fire along route 1 and it would appear that the truck was riding leisurely along, but instead they were running blind.

Information soon came that there was a big fire east of Jenison Park on US-31. The truck made a swift rush in that direction, but not before half an hour was consumed, trying to find the blaze because of meager information.

It proved to be the imposing George Bydler house nestled in a grove of trees. The house recently belonged to Martin Friedman of Grand Rapids, and was known as Maple Lawn, not Maple school, thus there might have been a misunderstanding on the telephone.

The house was beyond saving but the fire department prevented the flames from communicating with the Malloy cottage which is in close proximity. The firemen did wonderful work considering that they arrived when the large rambling house was a mass of flames. There were a large number of guests at the home but they escaped without injury.

The loss of the house and contents, it was estimated, will be well over \$15,000. The deplorable part of the blaze was that the beautiful shade trees have been destroyed.

The summer home in question was one of the most imposing on the south shore of Lake Macatawa. It was built some 35 years ago by the late Judge Everett who owned Waukazoo Inn. It was later purchased by George Bydler, who made the place still more beautiful. Mr. Bydler was a great lover of this resort and of Holland, and when this city started its first hospital in the Kremers building, he gave a check for \$5,000 to help establish it. He later moved to California.

Not so many years ago it was the most imposing residence on the south side and it was considered a showplace. It was second only to the beautiful Fisher place known for years as "Kirkheim" built by Mr. Conkey, a book printer of Hammond, Ind., now owned by the Fisher sisters.

Mr. and Mrs. H. E. Van Kampen of East Sixteenth street, and Mrs. Ed Van Kampen and son, Henry, are on a trip to Lake City to visit friends.

The Rev. and Mrs. Lambert Ogers and daughter, Margaret Anne, of Lans Downe Station, Nova Scotia, Canada, and the Rev. and Mrs. William Ooms of Oxford, Nova Scotia, are visitors in Holland for a few weeks.

Jack Spangler, county old age pension agent of Grant Haven, has received the first old age pension checks for Holland residents. To receive aid one must be over 70 and if he has property it must be assigned to the state upon his death.

**Beloved Pastor  
Dies At 77 Years  
Serves 44 Years****WAS AT ONE TIME THE  
MINISTER IN 9th ST. CHRIS-  
TIAN REFORMED CHURCH****Makes Arrangements for His Own  
Funeral; Pastors to Be Pall-  
bearers.**

The many friends of Rev. Andrew Keizer, living at 118 East Twenty-second street, were shocked to hear of his death which occurred at 4:15 this morning.

Mr. Keizer had been a pastor in this vicinity for 44 years—in fact, he stayed close to Holland, his charges being within a few miles of this city, Muskegon being the farthest away. At one time he was pastor of the Ninth Street Christian Reformed church and served churches of that denomination in East Saugatuck, Drenthe, Graafschap, Beaverdam, Overisel and Harderwyk. The Harderwyk church located on Lakewood boulevard, was the last congregation he served as a regular pastor, retiring nearly ten years ago. Since that time he has filled supply charges, keeping him almost as busy as his regular church work.

He has been president of the general synod of the Christian Reformed church at five different times. He was editor of De Wachter for 25 years, even while it was printed in Holland by the late Henry Holkeboer, with offices on College avenue. Later it was moved to Grand Rapids. He was associate editor for 18 years, resigning in February of this year because of ill health. He was also curator of Calvin college for 25 years.

Mr. Keizer received his fundamental education in the preparatory schools in The Netherlands, and his theological training in the Calvin seminary in Grand Rapids, becoming a pastor in 1886.

He was a much loved man. Your editor has known him intimately and it would be difficult to find a more kindly, more thoughtful, and more devout Christian gentleman. It was a real pleasure to have him come to the office for an hour's chat.

Rev. Keizer, before death came, made his own funeral arrangements. With one of his intimate relatives present, he made the following request: "Please omit flowers."

Funeral services will be held at the home at 1:30 Monday, and at 2 p. m. at the Ninth Street Christian Reformed church. Rev. L. Van Laar, pastor of Prospect Park Christian Reformed church, the church to which he belonged, to officiate at the home and at the church. The request also asks that the home Romans 8:14-32 shall be read and that at the church the text should be drawn from Micah 7:7. The singing of Psalm 32, first verse, was also requested. Also that Rev. L. Veltkamp, pastor of the Central Avenue Christian Reformed church, speak in the Holland language at the church, using his own text, Rev. M. Van Vessum closing the funeral services with prayer. The request also asks that Mr. Abraham Peters, an intimate friend of Rev. Keizer, officiate at the grave.

The following pallbearers were also selected: Rev. H. Blystra of Graafschap; Rev. T. Vander Ark of Harderwyk; Rev. Richard Posthumus of Pine Creek; Rev. Daniel Zwier, Rev. P. Jonker, Jr., and Rev. N. J. Monsma, all of Holland. Interment will take place in the family plot in Graafschap cemetery where the first Mrs. Keizer lies buried. One daughter preceded him in death, namely Mrs. Julia Van Melle, dying at Denver, Col., in 1904.

In 1906 Rev. Keizer's second marriage took place to Miss Magdalene Van Heulen.

The survivors are the widow and the following children: Mrs. Dr. Ralph Janssen, Chicago; Gerrit Keizer, Galveston, Texas; Mrs. Benjamin Smit, Beaverdam, Mich.; Mrs. Henry Etterbeek of Torrington, Conn.; seventeen grandchildren also survive. Brothers who are living are Rev. John Keizer of Kalamazoo, retired, and Cyrus Keizer of Forest Grove. One sister, Mrs. Lucy Klooster of Central Lake, Michigan, also survives.

**HOSPITALIZATION  
REPORT EXPECTED**

Ottawa Supervisors Hold Special Session Monday.

A report of indigent hospitalization is expected from the special committee of the board of supervisors, Maynard Mohr of Zeeland, Richard L. Cook of Grand Haven and Peter G. Damstra of Holland, at a special meeting Monday. The board met in August but the committee had in report to make but held hope it might be ready on Sept. 16.

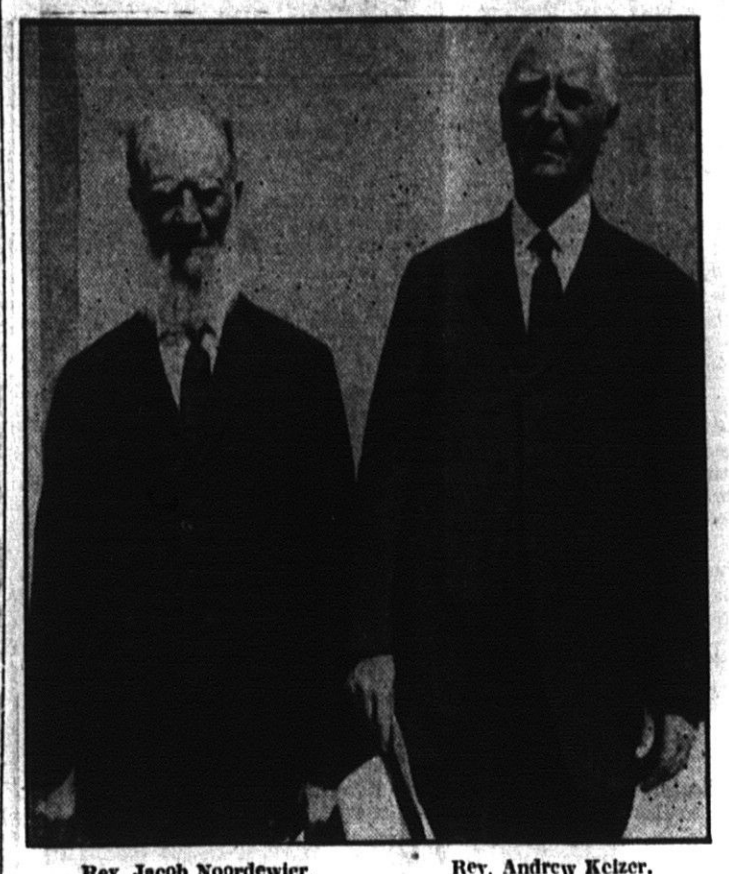

Physicians rates schedules for care of indigents and hospitalization costs enter into the question, brought to an issue when the probate judge, Judge Cora Vande Water, refused to certify any more cases for care in the county, at the February session of the board. She alleged the cost was excessive and county hospitalization had become excessive and heavy on the taxpayers.

It is also understood the proposal to purchase the W. H. Beach residence and property at Holland for a juvenile home, introduced at the last meeting of the board, will be brought up again. The home, claimed to be worth about \$40,000, was offered the county for \$28,000.

The offer was made by Miss Myrtle Beach, only daughter of the late Mr. and Mrs. William H. Beach. The home is located on the southwest corner of Twelfth street and Columbia avenue.

**ZEELAND TOMATOES HURT**

Truck crop growers, and small farm owners report the recent cold spell and frost shortened the tomato crop, which was considerably smaller than last year. Late potatoes also were injured.

**One Of Two Veteran Preachers Passes**

Rev. Jacob Noordewier.

The above picture shows Rev. Jacob Noordewier, the oldest pastor in the Christian Reformed church, being now in his ninety-seventh year, and Rev. Andrew Keizer, who passed away this morning.

This picture was taken when the Christian Reformed church synod convened in Grand Rapids during the summer of 1934, and these veteran divines were photographed side by side in the synod chamber.

About that time Rev. Noordewier also spoke over the radio station WOOD, in the Holland language. The fact that he was to be on the air was widely published in both the Holland and the Grand Rapids newspapers. Rev. Noordewier, it is said, was the first pastor of the Central Avenue Christian Reformed church more than a half century ago. This was the time when electric lights and an organ or a furnace were not even thought of. The singing was done by a "voorzinger" who led the congregation in long meter psalms.

If I remember right, the singer was Johannes Dykema, father of Martin and John Dykema of this city. He had a small pulpit of his own upon which the large psalm book was laid.

Relative to Rev. Keizer, an article on this page gives full particulars. Referring back to the heating arrangement, the only method of heating the large edifice was through tremendous stoves with wood piled up about them. Even then the ladies gave themselves extra protection through foot warmers, in those days a little square box with holes at the top and a sheet iron "test" in which the coals of fire were placed by the janitor. Your editor has often seen commotion when the fringes of long dresses of yesteryear began smouldering from the closely confined coals in the warmer.

He stated, as an example that in India certain cities and towns made bandana handkerchiefs, and the Ethiopians would take those made in India, for the reason that there was a fragrant smell to the cotton used and the texture was smooth, like silk. There was only one of many items upon which two countries were dependent. He stated he could not remember any more in India, and these examples are parallel to a greater extent even in other nations.

He said the big problem involved in Ethiopia is that of the colored race. The big dark continent of Africa has been divided among the white people of Europe and today only Liberia and Ethiopia remain independent nations. Italy, and especially Mussolini, is desirous that the latter prize will go to the nation that looks like a boot and apparently they wish to boot these descendants of King David's time out of their country in order to bring about a program of expansion which is highly necessary to the black shirt nation.

If Italy declares war, it appears that England and France must choose whether to support Italy and risk trouble with their colored subjects in Africa, who have always taken the side of Ethiopia, or otherwise to stand by their interrelated subjects in Africa, or take a neutral position such as the United States has done, which in Europe is practically impossible.

England is in a difficult spot, the speaker said, since it had 350,000,000 people in India alone. Even England has given India dominion status under a new constitution, however, the people are still dissatisfied and so are keenly interested.

The marriage of John Kleinhekel of Overisel and Grace Mulder took place at Graafschap.

At the home of the bride's parents, Mr. and Mrs. Geisbert Blom, the marriage of Miss Marie Blom and Richard Van Kolken took place. Rev. Henry Veldman officiating. The groom is one of the Holland postoffice staff and the bride is stenographer at the Holland Shoe Co. Note: A silver wedding is about due, "Dick."

A \$125 pipe organ was installed in the M. E. church of Holland, \$1,000 of which was in the form of a check from Andrew Carnegie. Alle D. Zuidema of the Detroit Conservatory of Music, gave the organ recital at the dedication and Congressman G. J. Dieken gave the address. Rev. W. P. Whitman, pastor, presided. Note: Mr. Zuidema is the son of Mr. and Mrs. Albert Zuidema, west 12th street, and brother of City Engineer Jake Zuidema. Rev. Whitman was drowned in Black Lake some years ago while fishing. Mrs. Whitman still lives here.

The old white school house at North Holland will be replaced with a modern brick costing \$4,500. Prof. Nelson R. Stanton of Holland has been principal for five years. Miss Jeannette Westveer is the assistant. The members of the board in charge of the building of the school: Dr. Vanden Berg, Abel Nienhuis, Henry Meenge, Charles Rank and J. Ebels.

Born to Mr. and Mrs. Anthony Nienhuis, a son.

Albert Schrotenboer, Fillmore; George Speet of Lakewood, John Nyland of Overisel, John Kolvoord, Sr., of Hamilton, were among the Allegan county circuit court jurors drawn for the October term of court with Judge Philip Padgham presiding.

**Speaker Tells  
Of Ethiopian  
Situation****DR. JOHN BANNINGA,  
MISSIONARY IN INDIA.  
TELLS OF TROUBLE IN  
AFRICA FIRST HANDED**

The Holland Exchange Club held its first meeting of the fall season yesterday at the Warm Friend Tavern and Landlord Lillard furnished a fine repast for 64 members and guests.

President Jake Fris presided for the first time and he called upon Dr. John E. Kuisenga of Princeton, N. J., to give the invocation. A great deal of routine work was done to start the year off in the right direction and judging from the enthusiasm shown and the program mapped out, the club starts off its semi-monthly meetings very auspiciously.

The guest speaker was Dr. John J. Banninga, president of the Congregational seminary of Pasmalai, India. John is a fine character. Holland thought a great deal of him when he was still a student at Hope, for Banninga always starred in all athletics, especially in football and baseball. Mr. Banninga married a Holland girl, Miss Mary Damson, a very fine lady who for some time was a teacher in our public schools. She is a sister to Herman Damson and Alderman George Damson is a nephew.

Gene Ripley, manager of the Bell Telephone Co. here, is a brother-in-law.

Mr. and Mrs. Banninga have behind them three decades of missionary work in India and he is well conversant with all phases of the countries in that neighborhood. Dr. Banninga, who was graduated from Hope college and the local seminary many years ago, spoke briefly on the present crisis in Ethiopia. He stated that to him, as well as to others, this conflict with Italy was of intense personal interest. He says that national seclusion today is no longer possible. No nation can any longer keep itself isolated since our interrelations tie us together so that the cause of one indirectly becomes the cause of another.

He stated, as an example that in India certain cities and towns made bandana handkerchiefs, and the Ethiopians would take those made in India, for the reason that there was a fragrant smell to the cotton used and the texture was smooth, like silk. There was only one of many items upon which two countries were dependent. **HOLLAND GIRL TO APPEAR  
IN MOVIES TODAY AND SAT.**

Manager Carley of the Holland theater announces a real treat. He is to put on the picture "Towers of Melody." It is a tremendous spectacle of music and art, and one of the highlights is the repeated appearance of Miss Donna Landwehr and her dancing partner from Argentina. They go under the team name of "Donna and Medrono."

Miss Landwehr was a wonderful aesthetic dancer even as a child while in Holland, and has made it her profession and has appeared before large audiences both in America and Europe.

"Donna and Medrono" were at the Palmer House in Chicago during the world's fair. They were at the leading hotels at Palm Beach and Miami, Fla.

These talented artists were filmed in technicolor at Radio City, New York, and surely Holland is intensely pleased and interested, since this well-known stage team is to appear. Miss Landwehr is the oldest daughter of Mr. and Mrs. A. H. Landwehr, who have a beautiful home on Pine Creek bay, Holland, and the family were the founders of the Holland Furnace Co.

The date is this Friday and Saturday, afternoon and evening, at the Holland theater.

An order issued by the state board of tax administration forcing patrons at municipal light and gas plants to pay a 3 per cent sales tax is "not going down very well." There is a tremendous protest in Grand Haven where there will be a tax of \$300 to \$400 monthly to consumers that will be added to the electric light and power bills.

The board of public works of Holland is also protesting vigorously, for in the case of Holland the 3 per cent extra will mean approximately \$7,000 more than the consumers will have to pay.

A new coupe owned by Clarence Borgman, a small sedan owned by Tony Borgman, and a large sedan owned by their father, John Borgman, were destroyed. The automobiles were reported to be insured while Mr. Borgman was uncertain whether the building was covered.

**LOCAL PASTOR TO SPEAK FROM NOON-DAY SERVICES**

(Chicago Daily News)

After closing the best summer of evangelism in the five years of its history, during which four tents and nearly 130 street corner meetings were in operation, the Christian Business Men's Committee is launching its most extensive fall and winter campaign.

Broadcasts over WMBI, the Moody Bible Institute station, will be continued at noon five days a week, but a greatly enlarged broadcasting hookup is being considered by the committee. Hundreds of testimonies from folk who have been converted by the WMBI broadcast have led the committee to consider the plan to send the gospel into a larger area over the air. Also the letters received from people who are crippled and confined in hospitals have impressed the committee members.

Noonday services at the Grand Opera House will continue on a three-day-a-week basis during September but on October 1 the meetings will start on a five-day schedule, from Monday to Friday inclusive. Among the nationally known speakers already booked for the fall and winter services at the theater are the Rev. Gust E. Johnson, the Rev. John Lanting, Holland, Mich., who is now pastor of Immanuel church; Dr. Martin R. DeHaan, converted physician, who is pastor of one of the largest churches in Grand Rapids, Mich.; Dr. P. W. Philpott, builder of the million dollar Moody Memorial church; the Rev. James McGinley, Baptist pastor at London, Ontario; and Dr. Paul W. Rood, president-elect of the Bible Institute of Los Angeles.

The grand opening of the John Good Coal Company, just west of Keefer's Restaurant, Friday, was a grand success. The merchandise was well displayed and the beauty of the entire set-up was augmented through a profusion of flowers in baskets and vases.

The company was the recipient of many blooms from thoughtful friends. John Good was the glad-hander, assisted by Mrs. Good and the sales staff.

A very trim sign, not gaudy, but high class, in silver and blue, spells out the words, "The John Good Company."

Large numbers are taken in Grand Traverse bay. Mr. Hoffman brought home a monster of its kind, a trout more than three feet long and weighing over thirty pounds. It was displayed in Maentz's window and divided among Hoffman's friends—rather among a few of the many. It was the biggest fish seen in Allegan in a long time.

### PETE SPORT WRITER TELLS OF HOLLAND'S FISH BOOK

(Grand Rapids Herald)

Most everyone interested in fishing is aware of the fact that the state of Michigan affords a great variety of game fish but to the out-of-state angler who has never been in Michigan the question of "where to go in Michigan" is one of great importance. This question, which is vital to every angler, has been answered by the Holland chamber of commerce in their new booklet, "The Truth about Fishing in Holland Waters."

This 24-page pocket size bit of piscatorial advice is filled from cover to cover with valuable information regarding the various species of fish that are to be had from the waters in the vicinity of Holland. Not only does it tell you where to fish for the kind of fish you desire, but it also tells you what kind of bait is best, what gear will be required and even tells you how various fish are best prepared for the table.

"Bill Connelly," the hair-trimmer secretary of the Holland chamber of commerce, is responsible for this valuable guide which although issued by the local chamber has been dedicated to the Holland Fish and Game club, the members of which have made public many of their secret methods of taking fish from Lakes Macatawa, Michigan and the Black River.

With such a booklet in the hands of the nation's anglers, there is little doubt but what "Tulip Time" in Holland will soon be supplanted by "Fishing Time," and the out-of-state angler will know just where to go.

The Public Looks at its Telephone

(Excerpts from unsolicited letters from Michigan Bell Telephone subscribers)

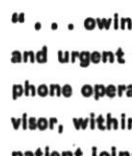

"... did not know his address nor any particular leads we might use in running this fellow down, but we eventually did through the very courteous service of the long-distance operator. ... I finally reached my party ... was much impressed by the way in which the operator was anxious to help..."

"... this was anything but a simple case, and my reason for offering commendation to your operator is that she handled the whole thing with quick understanding, and quickly converted me from a rather abused sort of person to one who appreciates good service well enough to tell about it."

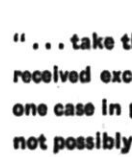

"Last night about 1 A.M. ... a serious situation had arisen. ... A truck had killed some one. A telephone call had been placed by the driver. ... In his excitement the only information given was that the accident had occurred some six miles out of Fostoria, Ohio. ... It was imperative that officials know who the driver was. Exactly where was the accident? Were there any others injured? If so, to what hospital were they taken? Would aid need to be sent? ... All these details must be cleared immediately. ... A call was placed ... the operator located the driver at a barbecue stand six miles south of Fostoria. The connection was completed ... example of splendid personalization and helpfulness in times of emergency."

"... owing to a most unfortunate accident, it became very important and urgent that we have medical assistance and we appealed to our telephone operator. ... Thanks to the efficiency of the operator and supervisor, within ten minutes the doctor had the patient out of danger. The patient joins me in expressing our sincere thanks."

"... I feel as chief of our fire department that a word of commendation to the operators for their co-operation is worthy of mention by us. When we are on the receiving end of an emergency telephone call, our experience has shown that the caller is nearly always in a highly excited state of mind and unable to talk distinctly enough to give us the proper location, and in these cases the operators have rendered very commendable assistance. ... I write this merely to pass on to you the thanks that we receive from many citizens ... without the valuable assistance and attention to duty of the telephone girls this very important service would be subject to delay."

"... take this opportunity to extend our appreciation. ... We have always received excellent and courteous service from all your operators, but this one case in particular warrants merit. This girl ... about 12:30 A.M., could not possibly have done more if it had been her own house that was on fire."

"This morning about 8 o'clock I was faced with the necessity of reaching, on Long Distance, the general manager of a New York company. ... They had recently changed managers ... and we did not have his address. The call was very important, and also on Sunday. Your operator finally located my man in one of the suburban towns of New Jersey, and I could well understand the satisfied tone of the operator when she said, 'I think I have the right man for you.'"

These comments describe the kind of service we wish always to give. In order that we may constantly serve you better, we request a prompt report on any feature of the service unsatisfactory to you.

SUNDAY DINNER Suggestions  
By ANN PAGE  
No one will begrudge paying a little more for bananas this week since the fruit boats were delayed standing-by to take off passengers from the stranded "Dixie."

The week of stormy weather over the whole eastern half of the country has resulted in decreased supplies and poorer quality fresh fruits and vegetables. Prices are higher on fresh produce but lower on new pack canned vegetables, particularly peas, beans, corn and tomatoes.

Meats are higher, bad fishing weather has made fish scarce and high. Egg prices are still advancing and butter has begun to rise.

Forequarter beef, fowls and frying chickens offer the best meat values. Of the vegetables sweet potatoes, eggplant, green peppers and lettuce have been least affected by the bad weather and grapefruit, apples, grapes, pears and melons of the fruits.

Here are three menus suitable for Sunday dinner.

Low Cost Dinner  
Pan-broiled Chopped Steak with Onions  
Mashed Potatoes  
Bread and Butter  
Chocolate Pudding  
Tea or Coffee

Medium Cost Dinner  
Roast Stuffed Shoulder of Lamb  
Browned Potatoes  
Creamed Carrots  
Fruit Gelatin  
Tea or Coffee

Very Special Dinner  
Consomme  
Fried Chicken  
Gravy  
Stuffed Tomatoes  
Honey Lemon Dressing
