Truck Driver Dies on Trip

Frank Mackey, 22, of Cedar Springs, a truck driver hauling goods of the Northern Wood Products Co. of Holland, was found dead in the cab of his tractor truck Wednesday near Macon, Mo.

Death was due to a heart attack, according to word received from Missouri enforcement officials by Fred Gauthier of Waukegan, who holds the contract for hauling products for the local company.

According to Gauthier, Mackey had delivered a load to Kansas City, Mo., and left there Monday morning to return to Holland. Officers informed him that Mackey had pulled off the highway when he was stricken.

Mackey had been currently employed here three weeks although he worked for Gauthier on several occasions during the last four years. He had been staying at Hollander hotel and usually went home to Cedar Springs for weekends, Gauthier said.

The body was being taken to Cedar Springs by train. Another local driver was sent to Macon for the empty truck.

Number System Sought Extension of Holland's

Possibilities of a rectangular area surrounding Holland in which house numbers would conform to Holland's numbers instead of the county numbering system, proposed by Consumers Power Co., were being further explored today by representatives of the post office, Board of Public Works, Chamber of Commerce and Ottawa County Road commission.

Mapping of the "Holland area" was advanced by post office officials as the most convenient for Holland and its suburbs, many of which have city delivery. Should Holland suburbs follow the proposed county program, numbers on houses on the west city limits would jump from the low 400's to five digits in the 14,000's. East limits numbers would jump from the 300's to the 12,800's.

The proposed "Holland area" would be bordered by Lake Michigan on the west, the road a half mile north of Lakewood Blvd. on the north, the Waverly road on the east, and either 40th or 48th Sts. in Allegan county on the south.

The plan was tentatively agreed upon at a meeting in Chamber headquarters Wednesday afternoon attended by County Engineer Carl T. Bowen, Road Commissioner Albert Hyma, Harold Karsten of the Board of Public Works, and W. H. Stolp and William Van de Water of the Chamber.

Houtman, Karsten and Van de Water plan to consult Allegan county officials early next week on the southern border of the "Holland area."

convenience for service calls and the like. These numbers were an extension of Holland's numbering system.

Numbering in the Consumers plan starts at the eastern border of the county and continues to over 20,000 at Lake Michigan.

The county plan places Holland in the 12,000 to 14,000 boundaries. Renumbering of local homes, on a basis of 100 numbers to the short block, was thoroughly explored and discounted mainly because of the inconvenience of a five-digit number for most homes.

The Consumers plan starts the north-south numbering at the Allegan county border, placing Holland in the lower brackets from 0 to 2,000.

The Holland post office has applied for expanded carrier delivery on three new routes in the suburban area. In cases where city delivery is extended into rural areas, patrons will be notified of the proper street names and numbers.

Should the proposed "Holland area" be approved, Supt. of Mails Houtman explained that the road names assigned for the county would be used in the rural section of the "area" but the house numbers would conform to Holland's numbers.

Houtman also emphasized another important point. Rural route numbers on rural free delivery routes would still be necessary on all mail, although the number and street might be used, too.

Because of its appropriateness, the term Ottagan St., the county's new name for the 32nd St. road will be acceptable to the post office department as a delivery address, Houtman said. The new name is a contraction of the words, Ottawa and Allegan.

Local leaders will work out final details on "Holland area" before submitting the measure to the Road Commission for approval.

Farm-to-Prosper Contest Deadline Set January 1

Directors Decide
On Judges for Annual
Rural Competition

Muskegon, Sept. 12—Jan. 1 was set as the deadline for reports by community organizations in the 1946 West Michigan Farm-to-Prosper contest as the board of trustees met in the Occidental hotel at Muskegon Monday night to map plans for the fall phase of the contest. Reports must be in on that date to the offices of the county agricultural agents for judging in time for big round-up which will be held in Muskegon early in February.

Community organizations in Mason, Oceana, Newaygo, Muskegon and Ottawa counties are participating, and optimism was high among the members of the board directing the contest who attended Monday night's meeting from the various counties.

A committee consisting of Sen. Don Vanderwerf of Fremont, John C. Beukema, of Muskegon and one other still to be named will arrange for an outstanding speaker for the round-up, at which the prize winners in each county will be announced. It is hoped to have the state governor present, as was customary in the prewar contest round-ups held at Central Campus auditorium.

Plans were made for the raising in each county of the \$125 in prize money to be awarded winning organizations in the respective counties. This is divided among five cash prizes—\$50, \$30, \$20, \$15, \$10. Each winner will get a certificate of merit. The sweepstakes winner will get a prize of \$100, together with the Michigan state flag awarded the sweepstakes winner each year, to be held until won by some other organization.

There is a sweepstakes certificate of merit also. As a fall project in the contest participating organizations were urged to sponsor a drive to register votes in their areas for the Nov. 5 elections. A general re-registration is being held this year, with deadline Oct. 16. Organizations will be contacted soon in each county to spur their participation in the final months of the contest. Purpose of the contest is to promote rural community life.

Two Cars Crash At West Olive

Cars driven by John W. Steiner, 19, of Chicago, and Mrs. Helen M. Malloch of Chicago, who has been summering in Muskegon, were badly damaged in a crash at 8 p.m. Tuesday at the S curve on US-31 near West Olive.

Steiner told investigating sheriff's officers that he failed to see the warning signs at the turn. Steiner was headed south and Mrs. Malloch north and the impact occurred on Mrs. Malloch's side of the road.

Mrs. Malloch received one or more broken ribs and was taken to Hackley hospital in Muskegon where she owns several cottages. Her car also was taken to Muskegon by wrecker. She was traveling alone.

A passenger, Robert Zagars, also of Chicago, received a slight nose injury.

Steiner paid fine and costs of \$10 in Municipal Court this morning on a charge of excessive speed.

Local Woman Injured In Intersection Crash

Mrs. Arie Vander Wilk, of 461 West 22nd St., was treated in Holland hospital Tuesday afternoon for a deep laceration near the right eye received in a two-car crash at Seventh St. and College Ave.

Mrs. Vander Wilk's car, traveling south on College, collided with one driven by Mrs. Wilhelmina Wheeler of Logansport, Ind., traveling east on Seventh St. The front of the Wheeler car was damaged.

A summons for failure to stop for a stop street was made out by police for Mrs. Vander Wilk.

'Wanna Buy a Meat Cleaver?'

"We're gonna put the tools in the window and sell them," joked one grocery employee today as many local dealers gave out with the grin and "Yes, we have no meat today," to their customers.

Although the local picture is still confused, indications are that the nationwide meat shortage will force Holland residents to tighten their belts too. Most stores today reported dwindling or "none at all" meat stocks and cold meats were scarce. One firm "laid off" three men because of the shortage and another dealer reported heavier cheese sales.

Another grocer said his customers "are still smiling." They realize, he pointed out, that the stores are helpless and only the fact that meat can't be bought at the farmer's prices and sold at OPA ceiling without loss of money, creates the shortage.

Two Indiana Men Are Fined on Drunk Charges

Two Tell City, Ind., men pleaded guilty to drunk charges this morning when arraigned before Municipal Judge Raymond L. Smith after being arrested by local police officers Tuesday night at 16th St. and Cleveland Ave.

The two men, who are staying at the Allegan camp while being seasonally employed in Holland, are Joe Peters, 31, and David C. Alvey, 26. They were assessed fine and costs of \$15 each or choice of 10 days in the county jail. Arrangements were made to pay the fines.

Other fines in Municipal Court were paid by Robert D. Walters, 25, of 218 East 16th St., old plates \$5; Charles Verburg, 37, of 170 West 10th St., night parking, \$1; Verna G. Rotman, 23, of 382 West 20th St., speeding, \$5; Arnold De Zwaan, 22, route 2, Hamilton, stop street, \$5; Harold Boltz, 27, Grand Haven, speeding, \$5; Carlton M. French, 63, Washington, improper plates, \$5; Raymond A. Voss, 33, route 5, speeding, \$5.

Leaking Schooner Sails Across Lake

"Sea Hawk," 60-foot schooner, limped into port at South Haven Tuesday after sailing 77 miles across Lake Michigan with a leaking hull.

The schooner left Milwaukee for Waukegan at 2 p.m. Monday and when opposite her home port the hull of the vessel opened up and she began shipping water. The motor was disabled.

The crew decided they could better keep afloat if they sailed east rather than west to home port so the skipper set his course for South Haven and the crew began pumping.

The Coast Guard at the west end of the lake had begun a search for the boat. The South Haven Coast Guard when notified of the schooner's condition, stood by as she limped into port.

The Sea Hawk is now at the South Haven Yacht club docks awaiting repairs.

Crew members, of the Waukegan Yacht club, were Sandy Smith, Roger Hill, and Harland Howard.

Autumn Arrives With Nightmares of Winter

"Fall has fell!"
"And it didn't just float in but came in roaring. Already local citizens have nightmares of icy living rooms. Efforts to fill the coalless coal bin have been met with indifferent success. On the other hand, high fuel bills don't make for pleasant dreams, either."

Thermometers registered 60 degree temperatures at 11 a.m. today and yesterday the mercury dropped to a 55 degree minimum. So it isn't hard to warm up to the promise of fair weather and rising temperatures tomorrow.

The United States Weather bureau said today that temperatures are now slightly above normal west of the Mississippi and somewhat below in the East.

House of David Defeated 4-3 By Flying Dutchmen

Van Wieren's Homer Helps Skaalen Win 11th Game This Season

Harold Van Wieren's home run over the leftfield grandstand with two men on base gave the Holland Flying Dutchmen three important runs here Thursday night as Mike Skaalen won his 11th game for the Hollanders, beating the House of David, 4-3.

Van Wieren's four-bagger, his fifth, came in the fourth inning and broke a scoreless deadlock. Russ Woldring and Juke Van Huis scored ahead of Van Wieren after receiving walks.

The Wiskerens came up with a run in the fifth on three singles.

Holland scored what proved to be the winning tally in the sixth. Harry De Neff singled to center, went to second on a sacrifice and third on an infield out. He raced home when the catcher tried to pick him off third. The ball hit De Neff on the back and bounced down the leftfield foul line.

Skaalen pitched himself out of a big hole in the ninth to save victory. He walked Ted Hanover and runners were on first and second when Second Baseman Harry De Neff knocked down Pitcher Red Edwards grounder after it took a couple bad hops.

Leadoff Batter George Anderson then rifled a double play ball to H. De Neff and when he threw into leftfield two runs scored and Anderson, the tying run, went to second.

Skaalen then forced Pete Jarvis to bounce weakly to Wayne De Neff at third, Anderson moving to third. He got George Reichelt on a short fly to Van Huis in left and then retired the cleanup batter, Lou Hummel, when First Baseman Russ Woldring made a neat stop of Hummel's ground ball.

Skaalen fanned six and Edwards four. Both allowed nine hits. Skaalen walked two and Edwards three.

Frank Bagladi, with a double into the leftfield stands the first time up, a single to center the second time, a walk the third time and a single to right the last time, led the locals at bat.

Rotary Field Day Staged at Castle

Any lame arms or legs among Holland Rotarians is strictly evidence of the success of their annual Field Day yesterday at Castle Park. Members started arriving at 4 p.m. and the annual scrub softball game was soon underway.

The winning team, captained by the Rev. Marion de Velder, defeated Vice-president Andrew Sall's team by an unknown score. Judge O. S. Cross served as umpire for the good-natured contest.

Hosts Paul McLean and Carter Brown served the hungry athletes on the dance floor. Brown presided at the grill and McLean directed the serving. The menu included hamburgers, beans, salads, tomatoes and green corn, with mince turnovers and coffee and milk. Watermelon was served for dessert.

President Carl Andreasen presided at a short memorial service for Arthur F. Frazee, governor of district 151, who died Monday. Rotarians Fell and Blanchard spoke briefly.

Later Willard Wichers introduced his uncle, Dr. Edward Wichers, who worked on the atomic energy project at Los Alamos, N.M. Wichers spoke briefly on atomic energy and later took part in a question and answer period.

Wichers advised Rotarians that all Americans should learn as much as possible about atomic fission and to keep themselves informed on the subject. He reiterated scientific warnings there is no known defense against attack by atomic bombs.

He told the club members to keep their eye on the figure three million to one, since this was the energy factor of uranium to coal. In other words, the speaker said, one pound of fissionable material was equivalent in energy potential to three million pounds of coal.

Jaycees Sponsor Air Event Here

Plans for an air show have been announced by the Jaycees of the Holland Junior Chamber of Commerce. The group has selected Saturday, Sept. 14 as the date of the event, to be staged at Holland City airport.

Decision to hold the air event resulted from action of the Jaycee Aviation committee in order to stimulate interest locally in flying as a sport and to raise funds for the support of the Air Scout squadron, according to Ed Boeve, chairman. Willis Welling is Jaycee president.

Other committee members are Bob Wolbrink, Bob Kouw, Ray Williams and Don Williams.

A special block of 100 reserved seats will go on sale at 9 a.m. Saturday at the Chamber of Commerce office, Boeve said. The committee has made plans for ample parking space for all spectators.

Beginning at 2 p.m. the show is tentatively scheduled to last two hours. Boeve has flown to most nearby airports to select talent for the local show. He has lined up a number of suitable amateur flying acts that justifies the committee's billing the event as tops. Boeve and his committee rejected the idea of retaining a professional air circus, since experience elsewhere in the state has been unsatisfactory.

Included in events is an elaborate aerial acrobatics show by World War II pilots, two parachute jumps, one by a Holland man who is a former paratrooper, wing walking, a display of new aircraft, and possibly a spot landing contest.

Many outside fliers are expected to come to the local airport to view the event, which the Jaycees hope to make an annual affair.

Bill Blaine is existing the group in making arrangements, Boeve said.

Hope Football Candidates Drill Hard for Opener

More Than 70 Out for Practice; Muskegon Boys Looking Good

A hot September sun melted sweat off more than 70 Hope college football candidates yesterday as they drilled diligently for their opener in two weeks with Ferris Institute.

Under the direction of Coaches Al Vanderbush and Russ Waters, young grid leaders who gained most of their coaching experience at Grand Rapids high schools, the big squad was fast rounding into shape—and fast it must, with the opener so close at hand.

Head Coach Vanderbush will cut the squad more than half by time the season is underway. He planned a preliminary cut soon and indicated he would come up with a first, second and third string next week. He emphasized players would move from one team to another depending on their improvement.

About 33 players will comprise the 1946 edition of the Orange and Blue.

Practice for linemen has consisted of one lap around the track, calisthenics, blocking the dummies and body contact between offensive and defensive lines. All backs have yet to feel a tackle. They have worked on plays breaking out of the "T," besides track, calisthenics and blocking the dummies.

The quarterback in the "T" is an important position and the coaches have come up with a couple of boys who have the inside track on making the starting lineup at kickoff time Sept. 20.

The quarterbacks are a couple of Muskegon youths, Nick Yonker and Russ De Vette. The latter was a member of Hope's colorful and winning basketball team before the war smashed it to all corners of the earth.

De Vette has taken a liking to football since he's been away and throws passes with accuracy he would a baseball.

Yonker played regular quarterback at Muskegon a couple years ago and that's considerable recommendation because Coach Leo Redmond consistently builds championship teams.

Yonker handles the ball with expert deception. Excluding De Vette and Yonker, the coaches have not seen enough of the other backs to determine their places. Dick Higgs, Art Timmer and Ernie Post lined up with Yonker in running plays from the "T." Tony Kemper, Vern Kraai and Don Oosterbaan lined up with De Vette.

The linemen are numerous and some are rugged. Probably the most outstanding so far has been Bob "Ripper" Collins. Playing offensive right guard, Collins repeatedly drove his opponent out of the play in practice yesterday. He hails from Grand Rapids and hasn't played football for four years. He was in service.

About 80 per cent of the boys on the team are ex-servicemen and the practice drills have a tinge of seriousness—a natural consequence. The present team averages two or three years older than the clubs before the war.

The team is big and surprisingly well conditioned. Vanderbush hoped to use the "T" from the start but wasn't sure he'd use it until he discovered the backs with the necessary speed.

Mrs. Raffenaud Finds Family Well in Belgium

Finding her 79-year-old mother and two sisters in surprisingly good health in Belgium after five years of Nazi occupation was one of the happy experiences of Mrs. Harry Raffenaud, 119 West 16th St., who has just returned after spending six months in the land of her birth.

A visit to her home town in Wallon in the southern part of Belgium was nothing new for Mrs. Raffenaud who has returned six times since coming here in 1920.

But America is the best, Mrs. Raffenaud said. She was convinced of this long ago and lost no time in applying for American citizenship shortly after her arrival 26 years ago. She had her first papers when she made her first visit back to Belgium in 1924, to the disgust of her father who didn't want his daughter to be hasty in surrendering her Belgian citizenship. He died 18 years ago.

Mrs. Raffenaud's last visit to Belgium was in 1938. The country was invaded May 10, 1940, by the Nazis and was liberated Sept. 4, 1944, by Allied forces. Belgium was freed many months before the Netherlands and the Belgians escaped the low ebb of the Dutch in the bitter 1944-45 winter.

Population of Belgium, according to a new census last Dec. 31, is 8,344,534. The country is slightly smaller than the Netherlands and heavily populated. Virtually every bit of land is cultivated, except a large thinly populated area where the Battle of the Bulge was fought. Mrs. Raffenaud said bodies of victims in that battle were being recovered in dense forests as late as July 22.

While in Belgium, Mrs. Raffenaud visited three large cemeteries where American dead are buried, each grave marked with its regulation white cross and all grounds beautifully maintained. At the Fosse cemetery 2,200 Americans are buried. She also visited the Fol cemetery where 2,700 Americans are buried and Henry Chappel cemetery where 18,000 are buried.

She attended services at Fosse on Memorial day in which American and French soldiers participated.

Unable to correspond with her relatives during Belgium's occupation, Mrs. Raffenaud received news in a letter from a soldier of Pennsylvania who was stationed in Belgium. She corresponded with him often and when he was reported missing and later declared dead in the Battle of the Bulge, she felt she had lost a very dear friend.

Belgium, primarily an agricultural country, has the best food supply in Europe, Mrs. Raffenaud said. She said the country has gone ahead in the postwar period and with the coffee and sugar it receives from the Belgian Congo is quite self-sufficient.

During World War I, Mrs. Raffenaud was a war refugee in France and she remained there after the Armistice as a seamstress. She came to America in 1920 at the invitation of the Dorian family which was coming to Holland. Mr. Dorian, a French officer, had instructed American soldiers in European tactics at Fort Custer.

In 1924, Mrs. Raffenaud returned to Belgium for her first visit. She came back here in 1925 and married Mr. Raffenaud the following year.

AMERICAN VS. GERMAN JUSTICE

On the very same day that

American prosecutors in the
Nuremberg trials castigated the
Nazi defendants for allowing atroci-
ties of which they claimed they
had been ignorant, an American
military court at Bad Nauheim,
Germany, fined an American
colonel a paltry \$500 and gave
him a reprimand in circumstances
exactly similar. When the Nazis
said that they had not known
about the atrocities committed by
subordinates the American prose-
cutors ridiculed them, and prop-
erly so; any man in command ought
to be held responsible for the
crime committed by his subordi-
nates in his name. The Nazi de-
fendants deserve to be hanged if
only a small part of the crimes
attributed to their subordinates
have been proved against them.

But Col. James A. Kilian,
former commander of the United
States army's replacement depot
at Litchfield, England, made ex-
actly the same claim advanced by
the Nazis. He asserted that he
had not been aware of the fact
that his guards had hit American
soldier-prisoners with clubs and
fists and had subjected them to
other cruel and unusual punish-
ments. The military court trying
him found him guilty all right,
and then made his punishment so
light that it can't be regarded as
anything else than a coat of
whitewash.

In one respect Colonel Kilian's
crimes were worse than those
committed by the Nazis; they
were crimes against American citi-
zens, men who had been drafted
by their government to fight for
America, while the crimes of the
Nazis were against those who
were Nazi enemies.

The claims of the Nazi pris-
oners were met with universal con-
tempt on the part of the Ameri-
can people. This was entirely
proper; Goering and Ribbentrop
and Hess and all the others are
responsible for the crimes com-
mitted in their names. But the
claims of Col. Kilian that he did
not know about the atrocities in
his camp, atrocities committed
against American soldiers, have
been met with relative silence.

The American people have taken
the verdict of the military court
lying down, instead of raising
such a howl that the court itself
would be branded for all time to
come with the disgrace of playing
favorites. And that in spite of
the fact that the soldiers so mis-
handled might have been your son
or your brother. If there is any
difference between Nazi crime
and this American atrocity it is
hard to detect. If Kilian was not
guilty he deserved exoneration;
since he has been declared guilty,
his light punishment is nothing short
of a military disgrace.

These are legitimate questions,
and there is an answer to them.
Covetousness in the sense in which
we generally use it is something
more than simple desire. It is de-
sire, it is craving for something
is an unlawful and inordinate de-
sire. It is craving for something
for the sake of having that some-
thing. It is avarice and usually im-
plies getting something in a wrong
manner. Certainly we have the
right to be ambitious, to want to
get ahead, to do better than is
now the case. If that legitimate
desire is taken out of the heart
there would never be any pro-
gress. We would be satisfied to
stay right where we are and that
is death.

I know of no way to root
this unworthy longing out of our
hearts except by putting there a
longing for the best things. There
is a desire for right things, and
we may press them as far as we
will. We are actually to covet the
best virtues, the best ideals, the
best objectives. We are to go
after them with the same urge we
see men using to get fame and
money and high station, and the
like. We are to employ everything
at our command to please Christ
and to serve with all our powers.
When we do that there will be no
room in our lives for the things
that are low and unworthy, any
more than there is room for dark-

ness in a building that is flooded
with light. It is impossible for us
to spend all our days going after
worldly things and at last wake
up to the possession of pleasures
and treasures that never end.

Lesson

September 15, 1946
Jesus and Covetousness

Exodus 20:17; Proverbs 11: 23, 24;
Luke 12: 13-21

By Henry Geerlings

In this commandment there is
enforced the right of every man's
good will that his neighbor may
hold his possessions. In the pre-
vious commandment evil deeds
and evil words are forbidden. Here
the evil desires of the heart are
forbidden. To covet is to lust after
what is another's and sinfully de-
sire to obtain it, willing to deprive
him of it by unjust means. It is
wrong to desire what another has,
but it is even worse to desire it
at his expense and loss.

Our Master warned against
covetousness both by parable and
precept. The apostle Paul calls
covetousness idolatry, thus binding
the first and last commandments
together. God is holy and demands
of us also a perfect purity and
holiness, not only in word and
deed, but even in our thought and
desire. In short, all our wishes are
to be under the control of and in
harmony with the will and word
of God.

Every man has the right to the
enjoyment of his possessions. One
has no more right to covet his
neighbor's ex than he has to steal
it. Covetousness is closely akin to
envy and jealousy, and these sins
breed a multitude of crimes. To
covet a neighbor's property or wife
or honors is to envy him his pos-
sessions and his happiness. That is
the root of ill will; that destroys
brotherly love and inspires men to
cruelties and crimes.

Covetousness has been the hide-
ous mother of a hideous brood of
sins, lying, stealing, perjury, bri-
bery, even murder. Envy no man
his riches or honors; covet no
man's possessions; but rather grant
to every man the right to enjoy
life in the unenvied uncoveted pos-
session of wife and children and
property and honors. We ought to
rejoice in our neighbor's prosper-
ity and happiness and bear him no
ill will.

Covetousness arises out of the
heart. This is a common human
failure, and it lies at the basis of
an immense amount of wrongdo-
ing. It is that desire which would
unlawfully possess itself of what
belongs to another. Eve coveted
the fruit and sinned, and her
children have been coveting one
thing or another ever since. It is
found strongly developed in mod-
ern business, where men covet the
money of others, and by shrewd-
ness seek to gain in dishonest
ways the earnings of others. We
can guard against covetousness
only as we seek help and serve our
fellow men in the spirit of Christ-
like love.

If you were to ask a dozen
people why Christ came into the
world you might receive as many
as a dozen answers. One would
say He came to save us. Another
would say He came to forgive us
our sins. Still another would say
He came to go out after the lost,
and yet another would say that
He came to prepare us for heaven.
There is truth in all of these
answers, but hardly any of them
goes deep enough. What He really
came to do was to affect that
change in us which gives us a pure
heart and makes us like Himself.

So many definitions seem to
leave people under the impression
that they may go on doing about
what they please, and their cer-
tainty of forgiveness and of ulti-
mate salvation is in no wise en-
dangered. Any definition is to that
extent wrong, or inadequate, that
does not have a place in it for the
re-making of our lives, and the
building of a brand new character,
and the reconstruction of our mo-
tives, desires and attitudes. Jesus
said He came that we might have
life, and we do not have life until
we have a change of heart and
live in harmony with the principles
He laid down.

There is a covetousness that is
Christian. Is there anything that
we may reach out for with real
ambition and eagerness? Have we
a right to want to make more
money; to try to clothe our fami-
lies better than in the past; to
give our children a better educa-
tion than we have been able to
do thus far; to increase the num-
ber of our comforts; to be able to
make larger contributions to the
church, than has been possible be-
fore?

These are legitimate questions,
and there is an answer to them.
Covetousness in the sense in which
we generally use it is something
more than simple desire. It is de-
sire, it is craving for something
is an unlawful and inordinate de-
sire. It is craving for something
for the sake of having that some-
thing. It is avarice and usually im-
plies getting something in a wrong

get ahead, to do better than is

desire is taken out of the heart
there would never be any pro-
gress. We would be satisfied to

Local Man Fined

On Drunk Charge

East 14th St., was assessed fine
and costs of \$28.90 when he was
arraigned Monday before Muni-
cipal Judge Raymond L. Smith on
a drunk charge. He was picked up
by local officers Sunday on Fair-

Al Jones Beats Flying Dutchmen Again, Score 3-1

Kornoelje's Double With Bases Loaded Gives Chix Their Run

Al Jones and the Zeeland Chix humbled the Holland Flying Dutchmen for the second straight time here Monday night, 3-1. Jones, righthanded Zeeland high school coach, let the Dutchmen down with six hits, the same number he allowed in beating the Hollanders a couple weeks ago, 1-0.

It was Holland's final game. They ended the season with a record of 29 victories and 13 defeats.

Fans from Zeeland and Holland jammed into the park. Total attendance must have neared the 1,700 mark with 1,455 paid admissions. Children are admitted free and there are a number of complimentary tickets.

John Kornoelje's double over Centerfielder Russ Woldring's head with the bases loaded in the fourth inning provided Jones with all the margin he needed. He scattered the six hits into five innings.

Five Zeeland errors got him in trouble in almost every inning after the third, but he pitched his way out. An unearned run was scored by Holland in the ninth.

Lefty Clare Van Wieren was the loser. He was going great until the fourth, when consecutive singles by Kelly Roelofs, Jake Roelofs and Gus Walters loaded the bases, setting the stage for Kornoelje's two-bagger. Kornoelje was out trying to stretch the hit into a triple.

Van Wieren was nicked for seven hits in six innings. Ernie Victor relieved him in the seventh and allowed three hits, no runs and fanned five. Van Wieren fanned three and walked one. Jones fanned nine and walked one.

Zeeland's three run outburst in the fourth went like this: Johnny Raterink bounced out pitcher for the first out. K. Roelofs singled off Lefty's glove, the ball rolling to a stop back of the box but there was no play. J. Roelofs then poked a single to left and Gus Walters followed with a second hit off Lefty's glove. Van Wieren deflected the ball to Shortstop Frank Bagladi but the throw was late—the bases were loaded.

Kornoelje then poked his liner which Woldring probably would have caught had he not slipped starting back on the wet grass. He chased the ball down and made a long throw to third to catch Kornoelje coming in. Junior De Jonge popped up for the final out.

Holland had men in scoring position in six of the nine innings but Jones always had matters well in hand.

In the first inning, Loren Wenzel and Harry De Neff singled with two out but Jones retired Woldring on a pop up. In the third, Wenzel, the first man up, singled to right and went to second when the ball rolled through the rightfielder's legs. He died there when Jones retired H. De Neff and Woldring on infield plays and fanned Juke Van Huis.

In the sixth Shortstop Roelofs let Frank Bagladi's grounder go through him to start the inning. Bagladi went to second on the error but died there when the next three batters, Wenzel, H. De Neff and Woldring, fled to the outfield. In the seventh Holland had men on first and second with one out but Jones fanned Victor and then Don Van Lente was out going from second to third after the catcher tried to pick Harold Van Wieren off first. In the eighth Holland got men on first and second with two out but Jones fanned Woldring to end the inning.

Holland finally tallied in the ninth, saving themselves from a second shutout at the hands of Jones. Van Lente got to first with one out when Centerfielder Raterink dropped his easy fly. He took third on H. Van Wieren's double down the leftfield line and scored when Vern Vande Water, batting for Victor, grounded out to the first baseman. Van Wieren went to third but didn't score as Jones fanned Wayne De Neff to end the game.

Many Stations Use Texaco Products

A large number of outlets throughout the city and community are served by Frank Weener and Gilbert Bussies, local distributors of Texaco products. Stations extending south to Hamilton on M-50 and east to Zeeland receive these products, including Sky Chief, Fire Chief and Haviland and Texaco oils, greases and fuel oils.

The Texaco product is of the highest quality and prompt delivery service is assured.

Mr. Weener has been connected with the gasoline and oil business for more than 25 years and Mr. Bussies has had almost 10 years' experience in the distribution line. Their receiving warehouse and bulk plant are located on the north side of Holland.

Bands in County Start Season

Band activities at Hudsonville High school and Jamestown and Beechwood schools have begun for the season with Bert Brandt of Holland continuing as band director. Because of increased duties, Brandt will not return to Pennville High school or Hudsonville Christian High school.

The two Hudsonville bands have been fairly active throughout the summer. The Christian high band played at a Christian school rally July 4, at a similar occasion in Cutlerville in August, at two church events in the grove at Hudsonville, and at a Mission Fest in Zeeland on Labor day night.

The high school band gave a concert in Overisel July 4 and appeared at the Ravenshoe homecoming Aug. 17. They also played a three-day engagement at the Berlin fair, their seventh year in this role.

Brandt is returning to Hudsonville high for his 18th year as instructor of instrumental music. Although 19 members of his 75-piece band year have been graduated, he has already replaced many and hopes to have a 60-piece band by February besides a second band and an orchestra.

The Hudsonville high school band received high ratings at district and state festivals for several years and is probably the largest and best balanced class C school band in the state so far as instrumentation is concerned. Many of the school-owned instruments were purchased by funds earned by the band and last year the band raised more than \$1,200 by concerts and other public performances.

Brandt is beginning his 15th year at Jamestown and 17th year at Beechwood.

Van Buren Fair Draws Record Harness Entries

Hartford, Sept. 5 — That the five days of harness racing at the Van Buren county fair here, Oct. 1 to 5, will attract the most select field of trotters and pacers in the history of this 33-year-old track is the prediction of Robert Bangs of Paw Paw, speed secretary of the fair.

The week marks the conclusion of the racing season in Michigan, and drivers who have competed at other member-fairs of the Michigan racing circuit will take their final shots at the larger purses hung up at the Hartford track this fall.

The race card has been expanded to five days and early entries in the week-long events indicate that only a minor portion of the racing fans will come from Michigan. Many of the larger stables in the midwest will flaunt their colors at the revived fair.

Allegan County Egg Entries Excel In Michigan State 4-H Competition

4-H Club members of Allegan county proved conclusively that the county is truly the egg center of Michigan at the state 4-H show at East Lansing, Allegan 4-H members exhibited 22 dozen of eggs at this event, divided evenly between white and brown eggs and were awarded 15 blue ribbons.

According to F. Earl Haas, county club agent, Allegan county also had the only blue ribbon exhibits in the county group class and won first on both colors.

White eggs awarded blue ribbons were exhibited by Carl Barnhardt, and Gene Collings of Hopkins, Gene and Lloyd Immink and Garard Peters of Holland and Kenneth Gunneman, Howard Dubink, Ivan Top and Donald Lampen of Hamilton. White ribbons were awarded Kenneth Rigerink of Hamilton and Leonard Jager of Wayland.

Blue ribbon exhibits of brown eggs were shown by Kenneth Gunneman, Kenneth Rigerink and Howard Dubink of Hamilton, Carl Barnhardt of Hopkins, Garard Peters and Gene Immink of Holland. Red awards were won by Jarvis Broekhuis, Lloyd Immink of Holland, Ivan Top and Donald Lampen of Hamilton, and Gene Collings of Hopkins received a white ribbon.

A fourth year handicraft exhibit was also made at the state show and a red ribbon was awarded the county exhibit. Garard Peters, Lloyd Immink and Gene Immink of Holland won red ribbon on their individual exhibits while Wayne Scholten of Hamilton received a white ribbon.

Allegan County's 4-H electrical exhibit also placed very high with a red ribbon county exhibit. Robert Nykamp won a blue ribbon on his "hot dog electrocutor" and Glen Brower, Harold Ende and Robert Hietje all received red ribbons. This exhibit was all from the Hamilton 4-H Electrical club, led by Marvin Smallegan.

The garden display made by Allegan county did not excel because of the extreme drought in this area, but white ribbons were awarded each basket.

Six blue ribbons were won by Allegan county 4-H club girls on their exhibits, according to Mary E. Bullis, home extension agent.

Lorraine De Haan, Shirley Brog and Carol Oetman of Sauger, received blue ribbons on their bouquets and Barbara Spencer of Beechdale, who attended the show, a blue ribbon on her flower arrangement. Joyce Brindley of Cheshire received a red ribbon on her bouquet.

The cotton dress and slip shown by Ann Hibbard of Allegan won top honors and the slack suit that Dorothy Gyles of Cheshire made for her little sister was a red ribbon winner.

The home management exhibit of Ruth Kelsey, Martin and the school lunch exhibit of the Prouty school both took second place.

Blue ribbon cup cakes were shown by Delores Parker of Monterey Center and the cake of Muriel Harbin, Beechdale and cookies made by Martha Runkel of Hopkins were awarded red ribbons. White ribbons went to Viola Wright of Hopkins for muffins, Donna Lee Lyons, Martin for rolls,

Barbara Moulbenet, Monterey Center for food preparation notebook and Sarah J. Paquin of Belknap for her recipe box.

All canning exhibits rated red ribbons. First year canning was shown by the Wayland club members: Joan Johnson, Judy Peffley and Elsie Gulch, Marlois De Haan, Florence Oetman and Margaret Oetman of Sauger made the second year canning display. Mary Lou Cogdal of McDowell showed five different canned fruits and Sarah J. Paquin of Belknap five different vegetables.

Increased Wheat Acreage Asked of State Growers

Michigan farmers are asked to increase winter wheat acreage by

vested acreage this year and Hubert M. Brown, of the farm crops department at Michigan State college, says the farmer should now be preparing for fall seeding.

The goal set for Michigan is 1,050,000 acres, which is 150,000 more than the good harvest obtained from 900,000 acres this year. The low wheat stock pile, which caused mills to close down this late spring and early winter, brought about the demand for the increased acreage.

Eight states do not permit deduction of federal taxes in figuring state income levies.

Kiwanians Hear State Policeman

"You Hurt My Mommy" was the topic of a talk given by Sgt. Verne C. Dagen of the Grand Haven State Police post before local Kiwanians Monday night at the Warm Friend tavern.

In calling attention to the mounting number of traffic accidents, Dagen cited figures predicting 39,000 deaths by automobile accidents in 1946, with an increase to 44,000 killed in 1947 and 50,000 in 1950. The speaker also pointed out our casualties for the duration of World War II amounted to 29,000 wounded, compared with 91,000 people injured by automobile accidents for the same period.

Dagen stated that although the number of teen-age drivers is small, the percentage of accidents caused by youths between the ages of 14 and 17 is tremendous, and that an effort is being made to combat the rising number of accidents in this age group by drafting a bill for the next legislature that will raise the age requirement for operator's license to 17 years.

In touching upon crime in Michigan, "It is interesting to note," Dagen said, "that of the 1,112 men sentenced to prison for the first six months of this year, only 20 per cent were veterans, with 80 per cent of their crimes being minor offenses."

Dagen also gave a brief summary of State Police activities, stating that their organization had pioneered the road blockade from Lake Erie to Lake Michigan during the bank robbery era, as well as setting up the first police radio system and maintaining the second largest fingerprint bureau in the world.

John Van Dam, past president, was program chairman and introduced the speaker. President William Meengs presided over the meeting. Special guitar selections were provided by John Vanden

Chester Kramer Visits Dutch Ship in Toronto

A description of activity aboard a Dutch freighter in the port of Toronto, Canada, was given in a letter to Willard C. Wichers of the Netherlands Museum written by Chester E. Kramer of Holland, quartermaster aboard the S. S. South American.

Kramer wrote that he approached a few officers sitting on the pier and spoke to them in the Dutch tongue. They were surprised and on Kramer's request conducted him from stem to stern aboard the 2,000-ton freighter which was unloading a cargo of herring in barrels.

The ship also carried glass from Belgium and Czechoslovakia and other miscellaneous cargo. Part was unloaded in Montreal so that the ship would have a lighter draft. The ship expected to pick up trucks in Detroit for the return trip.

Center, Halfbacks Present Problem For Hope's Coach

Top Men Forging to Front at Other Spots; Scrimmage Today

The center and halfback positions were Coach Al Vanderbush's main problems today as he sent his Hope college football candidates through their first scrimmage. These positions are wide open and Vanderbush hopes scrimmage drills will provide the answer.

Other positions are open too but during the first week of practice some of the boys have forged to the front.

Old Man Injury paid his first visit last week and left Linemen Bill Draper and Bob "Ripper" Collins with minor injuries. Draper hurt his foot and Collins pulled a leg muscle. Collins, outstanding lineman so far, took yesterday off from practice and will not work hard for a couple days. Draper has not missed practice.

Vanderbush listed the following boys on an equal basis to gain the starting center berth against Ferris Institute—Glenn Bruggers, Don Miller, Don Ladewig, Russ Norden and Bud Newton. He said Art Timmer, Dick Higgs, Vern Kraai and Tony Kempler were the most experienced halfback candidates but he had a flock of others who might be on the top when scrimmage gets underway.

At ends, tackles, guards and fullback, Vanderbush has a better idea of who will make his starting team. He said Harv Buter, Don Schremer, Tom Toonder and Paul Hendrickson were the leaders at end. He must pick a couple third stringers from a large group, including half dozen freshmen.

At tackles, Draper, Collins, Dell Koop and Gordon Brewer are leading the way. Two freshmen have looked good—Warren De Witt and Gene Nyenhuis. And Vanderbush said, "Don't forget Ralph Cornell."

The leading guards are Len Dick, Jack Yeomans, Charley Davidson, Don Rinkes, Jack Stegeman, Alex Moreland and Max Boersma. "Our guards are scrappy but not especially heavy," Vanderbush emphasized. Boersma has impressed the coach to a great extent.

All quarterbacks are inexperienced although looking good. Muskegon's Nick Yonker and Russ De Vette are No. 1 and 2 so far, but Ken Rotman and Al Vander Waa have shown talent.

One boy is leading the fullbacks—Ernie Post. Vanderbush said Bob Emery is a good punter and a fast back. Other fullbacks are Don Oosterbaan, Alex Ebneth and Bob Bennett.

"We're going to try to put the best 11 men on the field for our games," Al said, "and there may be a shifting of positions to accomplish this."

"Norm Appledorn and Pete Weller have the makings but I must find a place for them. Appledorn came out for the backfield but he's now on the line. Weller may play either tackle or guard."

Monday completed the first week of practice and Vanderbush was anxious to start scrimmage. He has not cut the squad yet and hopes to give every boy a chance in scrimmage before cutting them down to Coach Jack Schouten's "B" team.

Vanderbush emphasized that the boys he named as leading candidates so far have yet to show their stuff in scrimmage or under game conditions. Some boys, "competitors" as the sports world call them, are best when the going is toughest and when an opponent lines up against them.

Lions Club Buys Car for Driving Classes at HHS

The Holland Lions club has ordered a new four-door sedan which will be presented to the Holland public schools for use in the drivers' education classes, Supt. C. C. Crawford announced at the monthly meeting of the Board of Education Monday night.

Supt. Crawford explained that dual drivers' equipment will be installed in the car, which is expected to be delivered late in September.

Instruction in operating motor cars is given one day a week to 9B's, 246 of whom are enrolled this semester. Classes are conducted by Malcolm R. Mackay and special emphasis is given to rules of the road, safety and reflex tests.

The new car will be painted white with special lettering. Neil Wiersma is president of the club. Mackay is chairman of the board and Robert Runnels is chairman of the project committee.

In his superintendent's report, Crawford also called attention to the article in The Sentinel Sept. 4 in which John T. Hasper of the AAA research staff said "Holland has the finest school safety program in the state."

Crawford said Malcolm Mackay served as chairman last year, assisted by Gerrard Haworth, Mrs. Harter Macqueen, Miss Joan Vischer, Mrs. Jean Klompars, Miss Marie Kool, Miss Wilhelmine Haberland, Mrs. Mildred Weaver, High School Mayor Max Frego and Chief of Police Rudy Bielek.

Mackay will serve as chairman again this year. His staff has not been selected, Crawford said.

The board approved Crawford's suggestion to set aside accumulated band funds of \$2,000 out of capital reserve for a special reserve fund for new band uniforms. Action was taken four years ago to set aside \$500 each year for new uniforms, but no special fund was provided at the time.

Judge Visits Jackson Prison

Circuit Judge Fred T. Miles in one of his periodic visits to Southern Michigan prison near Jackson last Friday interviewed 34 persons sentenced from Ottawa and Allegan counties. The judge was accompanied by Jack Spangler of Grand Haven, Ottawa county probation officer.

Among the prisoners are 18 sentenced from Allegan county and 27 from Ottawa.

One man, Elton Baldwin, now 70 years old, who was sentenced by Judge Padgham for murder in 1909, again demonstrated the old adage that "hope springs eternal."

Baldwin inquired about possibilities of a parole, believing that he could get a job again with one of the farmers "he knows" near Fennville, not realizing that all of these farmers long since have died.

In all interviews, requests ran from a "hope" that the judge might be impressed with their progress and approve a parole, to asking a wife, or son or daughter to write or visit them. Some would like to have the matter of health discussed with a doctor, some sought advice relative to overcoming feelings of inferiority, and some wanted advice on study.

Only one man actually asked for a shortened term although all probably would like to have asked for the same thing.

"I discovered one and perhaps two, that it seems to me will not be helped by further imprisonment. It is impossible to tell at the time of sentence just how each person will respond to restraint; some are bitter at any restraint—we met one such; some are anxious to be assisted and really benefit by the behaviorism classes, and set about changing their mental attitude. Nearly all who lay their trouble to drink express a determination never again to do such a 'touch' the stuff," the judge said.

He said he had a good impression of the new warden, Ralph Benson.

George Ash

Navy Veteran Dies in Virginia

Mr. and Mrs. Charles R. Ash who recently moved to Virginia Park received word Friday that their son, George, 26, died suddenly in a hospital at Virginia Beach, Va.

Cause of the death was not learned immediately, but the family was informed that Ash, a Navy veteran, had been ill with a cold Monday and was later taken to the hospital with convulsions.

Mr. and Mrs. Ash and two other sons, Isburne and Harry, left this morning for Virginia to attend funeral services.

Ash, who had been employed at a Country club at Virginia Beach was one of the first Holland youths to enlist in the U.S. Naval Reserve following the attack on Pearl Harbor Dec. 7, 1941. After receiving his basic training, he was sent to the Canal Zone where he was stationed for six months at an air base shore station as a mail clerk. Later he was transferred to a ship.

He was home on survivor's furlough early in 1943 after his ship engaged in battle with an enemy submarine Nov. 12, 1942, in the Netherlands West Indies area. The American ship on convoy duty successfully dodged three torpedoes but was hit by a fourth. It finally was beached and abandoned to flames. The enemy submarine whose nationality was not determined was destroyed and there were no survivors.

The American ship was ordered abandoned 20 to 25 minutes after the torpedo hit and Ash was injured when he was hit by shells as they fell from their racks as the ship listed in moving toward shore. The sea was rough for swimming and half-way to shore he managed to dodge flaming gasoline and oil which was driving toward him.

He received the Purple Heart medal for wounds which hospitalized him for 3 1/2 weeks. His citation read in part: "On Nov. 12, 1942, when this ship was torpedoed by an enemy submarine, this man stood by his battle station and performed other hazardous duties with a high degree of loyalty and fearlessness."

He was discharged after four years in the Navy.

Surviving are his wife, Elsie; his parents, two brothers, and two sisters, Mrs. Harry Bosscher of Grand Rapids and Mrs. Jay Peerbolt of Holland.

Ash was a member of Fourteenth Street Christian Reformed church. He attended Christian schools. His father and two uncles, Charles Vos and Andrew Hyma, served in the Navy in the last war. His brother, Isburne, is a discharged Army veteran of this war and he and his wife live in the former family home at 166 West 19th St.

The bride wore a gleaming white satin gown fashioned on graceful lines, with a fitted torso long bodice, from which fell a full skirt with moderate train. A leaf pattern of seed pearls outlined the sweetheart neckline. The long pointed sleeves also were edged in seed pearls. Following a reception in the Spring Lake Country club, the couple left on a wedding trip to Northern Michigan and, upon their return, will live in Ann Arbor.

The bride is a graduate of Grand Haven High school and was graduated from the University of Michigan as a dental hygienist. Mr. Vyn attended Michigan State college for a year and a half and is now enrolled at the University of Michigan in the school of architecture and design.

Michigan Shares in Increased Fund For Better Child Welfare Services

Washington, Sept. 12 (Special)—Every state shares in increased federal funds now available for promoting child-welfare services, especially in rural areas and areas of special need, Katharine F. Lenroot, chief of the United States Children's Bureau, explained today when state figures were released, on distribution of the \$3,500,000 appropriated by Congress for the fiscal year 1946-47. The previous total available each year for this purpose was \$1,510,000.

Under the terms of this act, the Children's Bureau is directed to allot each state a minimum of \$20,000, and to divide the remainder according to the relation of the state's rural population to the United States rural population.

Since Michigan has a smaller rural population (3,062 per cent of the total rural population of the United States) the allotment is less than that given to such states as Texas and Pennsylvania. Michigan will receive \$94,735.

Prior to the 1946 amendment, Michigan received an allotment of \$40,343 of Federal funds for child welfare services. That amount has been increased by \$54,392.

Administration of the funds in Michigan is in the hands of the Public Welfare agency which uses the money to meet part of the costs of its district, county and state child welfare services, also to provide state services for the encouragement and assistance of adequate methods of child welfare.

"With this extra help which all the people, through Congress, are giving, we should see a major expansion in these vital services for neglected, dependent and delinquent children and for any other children in need of special help," Miss Lenroot said.

Michigan will decide, subject to the Children's Bureau approval of its plans, how it will use the money it gets from the federal government. But Miss Lenroot says she expects to see many building up their local staffs, and training more people for this work. Throughout all their activities, the state child-welfare staff will be raising the standards of care given children both in and out of their own home.

Inexperienced Zeeland Eleven Worries Coach

Sees Possibility of Blue Skies As Season Wears On However

Zeeland, Sept. 11 (Special) — Football Coach Al Jones of Zeeland high school was in no jovial mood Tuesday as he discussed prospects for the 1946 grid season. Graduation has taken a huge bite of his 1945 squad and the schedule is anything but easy.

Practice started more than a week ago and 40 boys turned out, ready, willing and eager to go. That has lightened the skies for Jones to some extent.

They're young but some are big. If they can fight their way through the first half of the schedule on spirit and hard work they might well be a feared opponent for their games on home soil. They play their first four games away from home, then come back for four straight at the High School Athletic Field.

Jones' lettermen number eight—Dick Bloemendaal, halfback; Bob De Weerd, a tackle shifted to fullback; La Verne Lampen, a good end; Harvey Pyle, tackle; Walt Struick, a big tackle; Gordon Vander Kooi, end; Dale Van Hoven, an end and Ron Van Hoven, a quarterback.

Few of those were regulars last season and nearly all the other boys have little experience.

Jones summed the situation when he said, "We need experience in the backfield and are especially hard up for guards and a center."

Scrimmage started Monday and two boys have impressed him in practice—Howie De Jonge and Struick.

De Jonge did not play football until this season and looks like an answer to one of the backfield positions. He can run and pass and may develop into a triple-threat back with work on punting.

Struick is a big boy who looks like a football player even in street clothes. His experience and weight could be the most important factor in the success of the Chix forward wall.

Seven more days of scrimmage remain before Jones names a first team and the outfit tests its strength against Grandville.

The schedule follows:
Sept. 20—Grandville, there.
Sept. 27—Godwin Heights, there.

Oct. 4—Wyoming Park, there.
Oct. 11—Coopersville, there.
Oct. 18—Osgo, here.
Oct. 25—Sparta, here.
Nov. 1—Allegan, here.
Nov. 8—Bangor, here.

The complete list of players out for practice follows:

August Beck, Ned Bergsma, Dick Bloemendaal, Lloyd Boes, John Boeve, James Boonstra, Harry Bos, Carlyle De Geus, Howard De Jonge, Bob De Weerd, Bernard Diekema, Hardy Ensing, Bruce Glass, Charles Glass, Charles Hendricks, Ken Heuvelman, Gerald Kiekover, Jerry Kline, La Vern Lampen, La Verne Lantzer, Wendall Lubbinge.

Randall Marlink, Jack Mellema, Jack Miller, Erwin Poest, Harvey Pyle, Gordon Raterink, Thurman Rynbrandt, Walt Struick, Jack Sheridan, Elmer Teusink, Gord Vander Kooi, John Vanden Belt, Al Vander Kolk, Dale Van Hoven, Ron Van Hoven, Paul Van Koevering, Keith Van Koevering, Bob Van Rhee, Duane Wesenbrook, Ken Wiersma and Mitchell Zuverink.

Third Church Mission Group Has Election

The Women's Missionary auxiliary of Third Reformed church held its first fall meeting Wednesday night in the church parlors in the form of a potluck supper in charge of Mrs. W. Vander Schel and her committee.

The Solomon Islands were not visited for almost 200 years, following their discovery by Europeans in 1568.

This ancient float bridge must go, Ottawa county road commissioners have decided. Faithful for 75 years, the float bridge has been the shortest distance between two points in Denomere bayou. Less than 100 yards long, this heavy pine structure is in reality a raft anchored at either end.

Gravel approaches have shortened the length of the original structure. In the background can be seen the home of Lewis Cross. Photographic detail in foreground shows deteriorated condition of planking. Nearby residents claim the bridge's understructure is as good as ever.

Old Float Bridge Gives Way To Advance of Civilization

The automobile age has finally caught up with the old float bridge over Denomere bayou four miles from Spring Lake.

The bridge has been officially declared unsafe for vehicular traffic and has been closed with barriers. The action was taken by the board of county road commissioners in June, but some unconvinced users periodically remove barriers and cross anyhow.

The county is making a survey with a view of straightening and improving a road that will serve the area the bridge once did. There are three turns that must be considered, the commissioners point out.

The float bridge is on the boundary between Crockery and Spring Lake townships and was constructed jointly by the townships 75 years ago. Andrew Jackson Hale, son of a Beaver Island Mormon, built the bridge of pine logs in 1872 or 1873. Five stringers, each lapped two feet and fixed with wooden pins, provides the basic structure. Cross ties were spaced each 12 feet and the entire bridge was planked.

The bridge originally sported a walk way and hand rail, but these have since disappeared. The bridge actually floats in the water and rises and falls with the water level. Neighbors blame automobiles for weakening this landmark. They say that excessive weights have broken the wooden pins and contributed to the general rundown condition of the structure.

Water under the bridge is now two feet deep. Sometimes the level rises until the bridge is four to five feet from bottom. In its deepest part engineers would have to go down 56 feet to strike solid ground on which to anchor a road or a new bridge.

Families served directly by the bridge are those of Mr. and Mrs. Sam Rymer, Mr. and Mrs. Manly Chittenden and Mr. and Mrs. Charles Dunham. There are other families in the area who also use the bridge as a shorter route to M-104. The Cross brothers, Ira and Lewis, jointly own a power sprayer, but their orchards are separated by the bayou. If the bridge is removed this will mean an eight-mile weekly round trip around the end of the bayou, they point out. Now the trip is considerably less than a mile.

Crossing the bridge now is an exciting adventure. As long as the car moves everything is good, but if the car stops, water seeps up between the planking and the slippery boards offer no friction for tires.

The bridge has long been a favored fishing spot for many former and local residents when the sunfish are biting.

Some residents say the bridge is as safe today as it was 50 years ago, but then 30 years ago a horse and buggy was the accepted method of travel.

soft drinks at 264 River Avenue, signed by Harvey Kronmeyer and Joe Schippers.

Granted. Clerk presented copy of a telegram sent to the Governor's Office at Lansing, Michigan by Jacob De Graaf, President of Local 515, stating that a labor dispute still exists between themselves and the City of Holland and that the one day strike of May 9, 1946 would be resumed on September 3, 1946. Clerk also presented a communication sent to Mayor Ben Steffens on August 27, 1946 to this same effect, stating that unless a complete settlement has been made in the next few days, the strike will be resumed on September 2, 1946.

Clerk further presented copy of a letter sent to the Rev. Marion De Velder on August 28, signed by Jacob De Graaf stating that the Executive Board of Local 515 takes the stand that its membership cannot vote on accepting any terms, agreements, job classifications, pay rates or other proposals unless such agreements, terms, pay rates, and classifications are itemized and specified in detail. The letter further requests that the Mayor set a date in the very near future when all matters in dispute can be settled.

Clerk further presented another letter, dated August 31, 1946, addressed to the Mayor and signed by Neal Houtman, Secretary Local 515, stating that the membership voted to extend the strike deadline one week to September 10, 1946.

Such deadline having been extended due to a letter from Mayor Steffens, in which it was agreed to call a meeting on Friday evening September 6, 1946, at 7:00 p.m.

City Attorney stated that he felt it was his duty on behalf of the Ways and Means Committee to let the Council members know that some of the statements made in the communications are not in accordance with the facts. The City Attorney called attention to the fact that the Ways and Means Committee to whom was referred this labor dispute, have given a considerable amount of their time and energy to an amicable settlement and no time has been wasted in fighting the Union as stated. He also reported that there was no delay on the City's part in calling meetings. City Attorney further called attention to the fact that while he was away on a vacation, the Mediation Commission brought in their report and that the Council adopted these recommendations immediately without a dissenting vote. City Attorney further stated that he could not see that any of the City Officials had shirked their duty and were not guilty of dilatory tactics. Alderman Gallen reported that at a recent meeting it was brought out that there had been a misunderstanding and that the Mediation Commission had accepted the blame for the delay in not informing the employees and that it was not the Council's fault.

The City Attorney suggested that in the meeting that is to follow on Friday evening, the Ways and Means Committee should be given power to act in settling any matters that may come up so that it will not be necessary to come back to the Council for approval and on the motion of Alderman Mooi, supported by Alderman Prins it was so ordered. All members voting Aye.

Clerk presented communication from the State Highway Department together with three copies of the Municipal Maintenance contract for the year 1946-47, covering the maintenance of State Trunk Line Highways within the City of Holland.

Approved and Mayor and Clerk authorized to sign the contract on behalf of the City.

Reports of Standing Committees. Committee on Claims and Accounts reported claims in the amount of \$10,682.38 and recommended payment thereof.

Adopted. Street Committee reported that from time to time there is increasing need for a Bull Dozer and recommended that the Street Committee be authorized to purchase this piece of equipment. The Committee further stated that the funds for this apparatus could be taken from the Gas and Weight moneys that are received from the State.

Adopted. Street Committee reported recommending that the City Engineer be authorized to purchase 100 lineal feet of steel sheet piling for use in constructing sewers. It was stated that the wooden sheet piling which has been used heretofore, is now almost impossible to get and that the steel sheet piling would be more economical to use over a period of time. It was stated that 100 lineal feet of 10 feet steel sheet piling would cost approximately \$1,120.00.

Adopted. Committee on Public Buildings and Property reported that the house on the corner of River Ave. and 12th St., occupied by Dr. Hamelink is in need of certain repairs and painting. Committee stated that Dr. Hamelink is agreeable to spending a considerable amount of his own money in fixing up the office. However, he felt that the City should do some of it. It is the recommendation of the Committee that they be authorized to spend an amount not to exceed \$300 for this purpose.

Adopted. Ordinance Committee gave notice and the first reading on Ordinance 395 which is an ordinance relative to the management and control of the Public Utilities in the City of Holland.

The Board of Public Works Committee stated that Mr. Joe Geerts, President of the Board of Public Works and other members were present and desired to address the Council relative to the present water situation. Mr. Mooi

presented communication from Board of Public Works covering the purchase of a Hough Payloader with 60' 15 cu. ft. bucket from the Wolverine Tractor and Equipment Company, Grand Rapids, Michigan, at a cost of \$3,010.00. The matter is ordered referred to the Common Council for approval.

Approved. Unfinished Business. Mr. Cornelius Havenga requested on behalf of the Disabled American Veterans Chapter 14, for permission to sell forgotten notes on the streets in the City of Holland on Saturday, November 9, 1946.

Granted. Adjourning.

Chairman of the Committee then called upon Mr. Geerts to give the Council some information relative to their present problem. Mr. Geerts stated that the Board has been subject to considerable criticism and misunderstanding in regard to the recommendation that was made to the Council and approved by the Council to put in a water supply from the wells that are to be put in Southeast of the City. Mr. Geerts called attention to the fact that in 1943 they engaged a firm of engineers to study this problem. Specifications and plans were given consideration for (1) the construction of shallow wells, (2) Constructing of deep water wells, (3) Getting water from Lake Macatawa, (4) Getting water from Lake Michigan. Mr. Geerts stated that over a period of three years, the engineers have made 141 test holes or wells in the vicinity of Holland and it was the recommendation of these engineers that in their judgment, the City should get its water from the deep water wells. Mr. Geerts called attention to the fact that these engineers studied this problem in connection with the U. S. Geological Survey and State Geologists and it was the judgment of these men that there was an ample supply of water to be obtained from deep water wells, south and east of the City.

Mr. Geerts then presented a letter which the Board had recently received from a local resident. While Mr. Geerts did not divulge the signer of the letter, it was signed and any alderman who cared to see it, could do so. This letter was very uncompromising. Mr. Geerts stated that the Board Members had no axe to grind in this matter but they were using their best judgment after obtaining information from those who were competent and qualified to judge. After Mr. Geerts had finished, it was moved by Alderman Mooi, seconded by Alderman Van Tatenhove that Common Council give the Board of Public Works a vote of confidence. This motion was adopted unanimously.

Reports of Special Committees. Alderman De Pree, Chairman of the Centennial Celebration Committee reported recommending that the Common Council take the initiative and appoint a fifteen man commission to have general charge over making arrangements for this celebration. The Committee recommended that this Commission be composed of the following persons:

Mayor Ben Steffens and three other members of the Common Council.

Mrs. George Kollen, president of the Board of Education, Dr. Irwin Lubbers, President of Hope College, President of the Chamber of Commerce.

Rev. Bastian Kruitthof, Cornelius Vander Meulen, Willis Diekema, Marvin Lindeman, Prof. C. De Graaf, John Fenlon Donnelly, William Vande Water and Willard C. Wichers.

The Committee further recommended that this Commission be empowered to select others to assist them when necessary.

The report of the Committee was adopted.

The Mayor appointed the same members from the Council as are now serving on this Committee, namely, De Pree, Van Tatenhove and Te Roller.

Alaskan Sunshine Makes Newsmen Happy With Film

Phil Rich Postpones Meals to Photograph In Natural Light

By Phil T. Rich
JUNEAU, — Surprise — They had a bright sunny day here today. At 7 a.m. I was out before breakfast taking some shots of Mendenhall glacier only 15 miles out of Juneau and that afternoon we were 65 miles out of Juneau by boat and 20 minutes by air—at Pack creek on the Seymour canal photographing brown bear. You must move fast when a clear day comes along...not even stopping for meals. It was 47 degrees at 6:30 but moved to 64 degrees.

When we got off the Princess Louise in the morning, after the return from Whitehorse, it was in a pouring rain. The boat docked early but before we could have breakfast and get our mountain of luggage together it was already close to the 9 o'clock sailing time. Too close!

But we made it and many of our four-day friends were on deck to wave goodbye, even Christopher Morley, whose final request was that I send him a picture showing my "Sherlock Holmes" hat — the double-ended that looks so queer but is so useful.

AND SPEAKING of Morley, he and Mrs. Morley turned out to be a couple of swell Joes. They were just like any one else out on a trip to see the country. Both of them were gracious, nice, jovial and full of fun and getting the most out of the trip, just like other "first trippers."

Autograph hunters were seeking his signature all the time and in fact they were seeking many other autographs, too, and I'm sure some of them must have taken us for a couple of "big shots" because we signed menus and newspapers and magazines and even paper napkins. Just like "Chris!"

It took us a solid half-day to get into the Baranof hotel where we had a reservation. The clerk had a nice philosophy: "If you can't get 'em out, you can't get 'em in." But we finally got in. In the meantime, we visited Trevor Davis, a photographer friend of Frank Dufrense (U.S. wildlife service, Chicago), Rod Darnell, who runs a sports goods store, Mrs. Helen Troy Monsen, publisher of the Alaska Empire, daily newspaper, and her husband, Alf, who is with Pan American...all most co-operative people. Also Bill Carter, editor and manager of the newspaper. Bill offered to help us in any way and the next day we used his car to visit Mendenhall glacier for pictures, but the sun just would not co-operate...however, we made a few pictures and came back to town, refreshed, but disappointed.

WE WENT forth to get more information on a side-trip back into the bush via boat or plane. You can't just "jump on a boat" any time and it's expensive to ride planes unless it's a short hop and you have a reason for it. Planes and boats are everywhere for special charter...but boats cost from \$40 to \$100 a day and planes \$60 an hour, \$45 at Ketchikan, so it's best to see if you can plan trips with others—get on a mail boat, fish tug, forestry service boat, Coast Guard, wildlife service boat or some other such arrangement unless you have unlimited means and want to go places and spend your money fast or must meet a schedule.

Some do just like Don Harter, who has movie, radio and magazine connections. Says he has fished all over the world. We met Don in Juneau through Rod Darnell. A nice chap and he helped us with our plans. He has been over in Germany covering the war crimes trial and dashed home and right up here. He's been here some 30 days and has flown about 25,000 miles. I expect some of his stuff will appear in picture magazines. But the point is that when he wants to go some place he just hires a plane.

SO WHEN on the 15th, we saw that beautiful sunshine, we went to work. I got a taxi to take me out to Mendenhall glacier, which is one of the most accessible and perhaps most photographed and I got there in time to get what should be some dandy reflection pictures.

We spent three hours making film recordings of this and the salmon run in Salmon creek, came back near noon for "brunch," arranged for a plane and at 1:20 were off for Pack creek back in the hills where "brownies" were reported fishing.

By 2 o'clock we were on our way up the beach trail to cache our packs under a tree on the beach.

Our trunk with most of the film is still "on the way" and our laundry we hope to get back some day. Two things you cannot depend on up here are laundry — and shipping.

Calvin Alanni to Hear South Africa Professor

Dr. H. Stoker, professor at Potchefstroom university, South Africa, will speak at the meeting of the Holland-Zeeland chapter, Calvin Alanni association, to be held Thursday at 7:45 p.m. in Prospect Park church.

Dr. Stoker was a delegate to the ecumenical synod held at Grand Rapids in August, and also was speaker at the Calvinistic conference in Grand Rapids. He is professor of philosophy at the university in Potchefstroom and is a lecturer and writer.

Henry Kuiper, teacher of history at Holland Christian High school, will lead the song service.

Local Fishermen Land Muskie on Light Line

A 47-inch muskellunge weighing 24 pounds is quite a catch.

Landing such a catch is all the more remarkable when the fish is hooked lightly on light tackle and landed without aid of a gaff.

Such was the experience of Sipp H. Houtman, veteran fisherman and superintendent of mails at the Holland post office, and Orle A. Bishop, advertising and circulation manager of the Sentinel, who went fishing for perch Saturday afternoon, accompanied by Houtman's son, David, and his friend, Tommy Antles, both 7.

Perch weren't biting in Lake Macatwa off Chippewa point and so the two adults tried their luck at trolling for muskies with a spoon bucket and light tackle. It was the third year these two have engaged in this sport together, and their first success after 54 hours of trolling.

Houtman, an old hand at landing a muskie on a light line, knew

how to proceed at playing the "monster" and Houtman instructed the other fishers to pull in their lines, clear the boat and had the youngsters sit down in the bow, and then played the fish for 20 minutes until he got it near the boat. Since the men had no gaff, Bishop hit the fish with an oar to stun it.

The fish tore off after the first blow and when it neared the boat again, Bishop gave it a mighty wallop knocking it free from the bait. The fish floated belly up and Houtman reached in to land the fish with his hands. Once landed, Houtman rendered it "permanently unconscious" with the use of a jackknife.

Houtman's hands today bore scars of gill teeth marks received when he pulled in the fish. Some years ago Houtman won the muskie prize of the Holland Fish and Game club eight out of 10 years.

Volleys From Ambush - -

A DENTIST friend tells this one on himself:

A patient had several abscessed teeth that needed pulling. When this was communicated to the patient, he demanded to know what an abscess was. The dentist explained it was an area containing pus.

"What is pus?" the patient demanded.

Believing the man who was paying the fee was entitled to an explanation, the dentist explained about white blood cells that were capable of eating harmful bacteria and so on. The dentist used the simplest possible lay language.

"Oh, you mean phagocytosis," the patient said.

Our dentist friend said he was stunned, but recovered enough to demand of the patient how much he knew about the subject. It developed the patient had just been granted a doctor of philosophy degree in bacteriology!

The dentist did the only thing possible under these circumstances. He weakly asked, "How'd I do?"

Cooks who pride themselves on dishes of Dutch origin will probably enjoy knowing that during several years imprisonment in a filthy Japanese prison camp for civilians, an American, hungry all the time, amused himself by planning menus he would order when he was finally released. Each imaginary meal always began with a pot of Dutch pea soup. "The kind that has lots of sausage floating around in it."

When Nick Hoffman takes a group for a ride on his cabin cruiser again, he'll probably dicker first with the Weather Man. Nick took his daughter, his brother-in-law and sister out for a week's cruise to Charlevoix not so long ago. Everything went fine until the return trip, when the boat ran into the same storm that sank the Verona. With difficulty, Nick made the Grand Haven harbor, where his passengers deserted

him to come home by bus, Nick following with the boat after dirty weather had cleared, but alone.

Mrs. George Becker has sent us a clipping from an Arizona newspaper containing a story about the friendship of an American soldier who died in service and a boy in the Dutch air force who was sentenced to die for smuggling American pilots to safety. The Dutch boy was B. Le Jonste, Bas, as they called him, escaped death and finally located the grave of his friend A. B. Angle Jr., after he had learned of the death through Angle's mother. The young men had become acquainted as "pen pals" before the war.

The story makes interesting reading as one of those coincidences "stronger than fiction."

The minds of children are logical, if nothing else. Consider the answer a 6-year-old gave his teacher to the question, "what use is spelling?" The urchin replied "Spelling is good when a husband talks to his wife and they don't want boys to repeat."

Mrs. Emma Moll, 68 Dies in Grand Haven

Grand Haven, Sept. 12 (Special) — Mrs. Emma Moll, 68, of 1245 Franklin St., died at 1:15 a.m. Saturday in Municipal hospital after a four year's illness. She had been seriously ill for two years and had been in the hospital a few days before she died.

She was born Aug. 13, 1878 in Grand Rapids and lived in Grand Haven 40 years. Her husband, Roland, whom she married in 1906, died Oct. 23, 1942. She was a member of St. John's Lutheran church and Copeland society.

Vandals Tear up Bridge in County

These vandals were at least original. They tore up a bridge instead of stealing melons.

Sheriff's officers today continued their investigation into the case of a "dismantled" bridge over Pigeon creek two miles northwest of Olive Center which caused the car of Joe Pimlott of Grand Rapids to fall partly through on Labor Day. Wrecker was needed to extricate the car in which Pimlott and his wife and another passenger, all of Grand Rapids, were traveling.

Officers found a scribbled note on a stick in the middle of the bridge saying "Kilroy Done This." The paper was part of a agriculture book.

About a dozen planks were removed from the 20-foot bridge known as Mulder's bridge. The bridge is 14 to 16 feet wide. Most of the planks were recovered from the crew and officers made temporary repairs.
