VIRTUOUS INDIGNATION

The schooner *Spray*, of Grand Haven, lost her foresail when off our harbor, during the gale of Monday last, and went ashore near the north pier. No lives lost.

The first grand victory of the people over the railroads has been gained in California, where, at their election last week, the entire anti-railroad ticket was elected. This result, while hoped for was hardly expected, as that State has been so long under the iron heel of

DION.

THE REPUBLIC.—The following is the table of contents of the September number of the *Republic Magazine*: The Living Political Issues of the Day; The Salary Question; A Leaf from History; The Cheap Transport Question; Benjamin Franklin Wade; The Penal System of Michigan; The Future of the Blind; Abraham Lincoln and Jefferson Davis; Caesarism; Our North Pacific States; The Electric Telegraph; The Month; The Farmers and Protection; Departmental—Attorney General's Decision in the Vogt Case—Redemption of United States Currency &c. Terms—\$3 per annum in advance. Single copies, 25 cents.

and twelve passengers coaches, all filled so full that standing room was at a premium. The train was running slowly, due caution being exercised, when some cattle ran through a break in the fence, on to the track, directly in front of the locomotive. One of the animals was picked up by the cow-catcher and thrown from the track, while the other was thrown under the wheels, throwing the tender and three cars off the track. Two men were instantly killed, William L. Beaman, and Calvin Winchell, of Ingham Co., Michigan. Fifteen or twenty are wounded, and among them are several who it is feared are dangerously

Holland City Lodge, No. 192, meets every Tuesday evening, at 7 1/2 o'clock, in Odd Fellow's Hall, on Eighth street. Visiting brothers are cordially invited.

Holland, September 20, 1873.

Local News.

An extra train will be run from Grand Rapids this afternoon, for the purpose of accommodating those who may wish to visit the State Fair to-day.

REDUCTION OF FARE.—We learn that the fare between this city and Big Rapids, on the Chicago & Mich. Lake Shore Railroad, via Muskegon, has lately been reduced from \$2.80 to \$2.40.

Hope College opens for instruction next week. The list of students will be fully as large as last year, with a probability that it will be increased. We have not learned of any change in the faculty.

We call the attention of our readers to the new advertisement of W. Vorst. He has removed his shop to the large and commodious room under the Grondwet office, where he may be found ready and willing to give a fit for any article in the line of clothing you may desire, at prices to suit the times.

We learn that Messrs. Cappon & Bertsch's store, at Grand Rapids, was entered a day or two since by burglars. It is supposed that during the temporary absence of proprietors and clerks, some one, probably acquainted with the situation of affairs, stepped in and opened the safe and relieved it of about \$400 in money.

Although we have not received a list of premiums awarded by the State Pomological Society, at Grand Rapids, we noticed that Hon. John Roost, of this city, was awarded the first premium for "Late Crawford" peaches; Grand Traverse, first premium for "Coolidge's Favorite," and South Haven Pomological Society for a large number of varieties.

We learn that W. D. Foster, Congressman from this District is dangerously ill at his home, in Grand Rapids, and that fatal results are only too probable. He has bade farewell to his family and his death is hourly expected. The decease of Mr. Foster will painfully affect a large number of friends in this part of the State.

Trains on the Chicago & Michigan Lake Shore Railroad have been running to Grand Rapids so full this week that standing room has commanded a premium, and a seat on the top of a car considered a luxury. Conductor Fifield, however, is equal to the emergency, and we baffle the dodger who attempts to "dead head" it on his train.

A Grand Mass State Convention of the Patrons of Husbandry will be held at National Park, Kalamazoo, Friday, October 24, 1873, under the direction of the Michigan State Grange. An address by an eminent speaker will be given at 3 o'clock p. m., upon the subject of the farmers' movement. The Kalamazoo Agricultural Society will hold their Fair the same week, at Kalamazoo.

We call the attention of our taxpaying citizens to the gratifying intelligence given in the report from a committee of the Board of Education. It would seem from this report that a great saving has been made to the taxpayers in this city, which very conclusively shows that the new mode of management is peculiarly, greatly in its favor. To give the subject its full force, it should be born in mind that the same number of teachers are engaged this season as last season, and that contingencies are provided for; but the large amount for "other purposes" is left out of their estimate; also that the aid from the township is not calculated upon, which amounted to some \$700, and yet without this aid the Board estimate their expenses for the year, to be raised entirely by the city, at a much less cost than the city has had to pay for many years past, under the old supervision of our schools. We hope the taxpayers of this city will digest this matter thoroughly, that they may become satisfied that the change in our school system has not been effected without its beneficial results.

Chicago has again been visited by the fire fiend; loss, \$250,000; seventy-five families are left without homes. The fire is supposed to have originated from the sparks of a locomotive, which entered a car loaded with hay. The flames at once communicated with a warehouse near by, which was soon enveloped in flames. The wind being favorable, a large amount of property was destroyed before the firemen could subdue it.

Five hundred persons are down with the yellow fever at Shreveport; so far 246 have died. The mortality Sunday was twenty-four. Nurses and physicians have been sent from New Orleans, and the deplorable situation of the sick, who for days could get no medical attendance, is somewhat alleviated. The dread disease has reached Memphis, where eleven deaths occurred on Sunday.

The Ladies Union Aid Society will meet at the house of Miss Kate McGeorge, on Tuesday, the 23d inst. Not having a very large house, she expects to see it full. We hope her neighbors and friends who enjoy the sound of our Church Organ, and appreciate the energy of the ladies who are trying to pay for it, and also a nice subscription on the church, will remember that the presence of every one with a dime counts a little. Miss McGeorge being neither old nor young, will try and make it pleasant for all. Come and see, and if you get twenty-five cents worth of enjoyment for a dime, don't complain.

A HINT TO HOUSEWIVES.—How to KEEP KITCHEN WARE CLEAN AND BRIGHT.—Every housewife of neat and tidy habits takes especial delight in keeping all the tin, copper and iron ware of her kitchen as clean and bright as painstaking labor can make them. A pride in this direction is commendable, and always meets the smiling approval of the "tyrant man" who pays the household bills. Remember that SAPOLIO is the only thing on earth that will make an old tarnished tin pan or rusty kettle shine as bright as new. And by the use of Sapolio it is the quickest and easiest thing in the world to keep every utensil in a high state of polish.

We notice that our neighbors of the Grondwet are publishing a long advertisement, setting forth the beauties of a FIVE DOLLAR sewing machine. We happen to have learned that the whole thing is a fraud. Several parties in this city, and elsewhere, have already been victimized by this swindle, and we caution all not to be humbugged by any such concern. The machine, if you get it, is perfectly worthless, and cannot be used for any purpose whatever. They also advertise the Universal Microscope, for one dollar, which has been shown to be a humbug. These advertisers attempted to get into our paper, but believing them to be humbugs, we would not be the medium of fleecing our own citizens, as we presume the Grondwet will not after learning their character.

The State Fair.

We are expected to say something about the State Fair, which has engrossed every other subject during the week. We went, we saw, we conquered. That is to say, we got out of the great crowd there congregated, without accident of any kind, with which we are well satisfied. The Fair opened on Monday under favorable auspices; there has been a very large number of entries. Pomological Hall shows that there is no abatement of interest among fruit growers. Perhaps the number of varieties of peaches may be less than last season, owing to the severity of the past winter, yet enough were shown to satisfy the most prejudiced that the peach belt of Michigan was not seriously affected last winter. All other varieties of fruit are on exhibition in abundance, equaling in size and quality any previous year.

The Agricultural Department is full of specimens of Michigan produce, and a careful examination of all the varieties exhibited, will tend only to convince us that our own State is not only the great lumber, copper, and iron producing State of the Union, but that we are also behind none in our agricultural resources.

The Fine Art Hall also shows that our people are not behind the older States in taste and refinement.

The Manufacturing Department is complete with all the labor saving appliances that Yankee ingenuity can invent.

The Stock Pens are all full; and, in fact, we may say that every department at the Fair is complete, and only needs to be seen to be appreciated.

And aside from the thought there is to the Fair, there is enough on exhibition that will entitle Michigan to rank among the first in the Union as a manufacturing, agricultural, and fruit growing State.

We are proud of the State that can not be excelled, and proud that we have men with interest and energy enough to get up such an exhibition of Michigan products.

With our unlimited resources, characteristic energy, and inventive skill, it cannot be many years before "Michigan, my Michigan," will occupy the front rank in the Union.

The Ironsides.

GRAND HAVEN, Mich., Sept. 17. Special Correspondence.

The Ironsides left Milwaukee on time Sunday night, O. K. It commenced to blow when one hour out, but she got along all right till land was sighted, when there being too much sea to enter port, she held off to southward and laid hove to for some time. Both midship gang-ways got stove in, and she shipped heavy seas which went below. She also shipped water fore and aft over her bulwarks. The coal soon got wet and steam got low; water kept rushing in, the fires were put out, and, in spite of all efforts to get her before the wind, she would not come, but laid in the trough of the sea and took water rapidly. No evidence has been adduced at the inquest as yet, to prove that the boat was in a bad condition.

She settled down stern first, her bow remaining in sight a full minute. All took to the life-boats in good order, and with no crowding. Capt. Sweetman was among the last to leave the ship. The 1st mate mounted the rigging and remained there until the boat went down, when he got on top of the pilot house and was picked up by a boat. Eight boats were launched. One of these, containing sixteen persons, capsized almost immediately upon leaving the ship. All hurry on, however, until chilled and weak, they fell away one by one, until only six remained. Every one who left the ship, except perhaps those on the captain's boat, had on life preservers.

Crowds scattered along the shore and rendered all the aid possible to those in the boats. Much of the loss of life occurred in the surf, near the shore, and many perished from cold and exhaustion. All the boats have been found, but there are some bodies not yet recovered.

All the bodies have been taken care of by friends and removed for burial. The ladies of Grand Haven took charge of the bodies of the dead ladies, and saw them properly laid out and encoffined.

The Engemann Transportation Co. furnished cases for all the bodies not provided for by friends, and shipped bodies as directed by friends.

The disaster has cast a deep gloom over the city.

MANHOOD: NOW LOST, NOW RESTORED.

Just published, a new edition of Dr. Oliver's "Colossal Essay on the radical cure (without medicine) of SPERMATORRHOEA or Seminal Weakness, Involuntary Seminal Losses, Nervousness, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagance.

Price in a sealed envelope only six cents. The celebrated author, in this admirable essay, clearly demonstrates from a thirty years successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically. This lecture should be in the hands of every youth and every man in the land. Sent under seal, in a plain envelope, to any address, post-paid, on receipt of six cents, or two post stamps. PLEASURE EXCURSIONS

ON

Black Lake & Lake Michigan

We wish to inform our citizens and the public generally, that the steamer Fanny Shriver of Holland, is to be chartered any day or evening during the summer season of 1873, to run excursions on Black Lake and Lake Michigan, for the small sum of FIVE DOLLARS. We put the price down at the lowest figure, so that any one family, or a single person, can take pleasure trips during the season, and enjoy a cool and refreshing air of Lake Michigan. We wish to have it fully understood that on trips when the boat is chartered, no person will be allowed to go, only those parties that chartered the boat.

JOSLIN & BREYMAN,

Cor. 8th and Market St., Holland, Mich 1-

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poisons or other means, and the vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion. Headache, Pain in the Shoulders, Congestions of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms are the offspring of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints. In young or old, laudanum or opium, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout. Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by vitiated Blood, which is produced by derangement of the Digestive Organs.

For Skin Diseases. Eruptions, Itch, Tetter, Salt Rheum, Boils, Scabs, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Throat, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of whatever nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.
