It is sad to realize how many lose their sight in later life as the result of neglect in childhood. Defects may be easily corrected now which will grow into serious affliction in time to come if allowed to go uncorrected.

Come to us at the first indication you have that your child's eyes are defective and see what we can do to remedy the trouble.

Most men keep their money in their trousers pockets, but J. S. Wood, of Milford, Mich., is different. He keeps his in his coat pocket, and because he does so he is considerably richer than he might have been had he been like other men. A burglar entered his house the other night and went through his trousers pockets, but finding nothing decamped without even bothering to go through his coat which was hanging on a chair in the room. In the latter garment was a pocketbook containing \$60.

A man from Sunfield, Mich., discovered the cheekiest man in the world recently. He put his horse up in a livery barn at Charlotte when he drove into town for the day, and when he went after the animal in the afternoon the liveryman informed him that he had rented it to a fellow who wanted to drive to Potterville and wouldn't be back until evening. The liveryman kindly offered to divide with the horse owner the money he had received for the use of the horse, but the offer was declined. It cost the liveryman \$10 to settle the case without being arrested.

It was necessary for Hub Boone, one of the conductors on the G. R. H. & L. M. railway, to unload some of his passengers from the car bound from Grand Rapids to Holland at 3 o'clock Monday afternoon. Three young men partook of the contents of three suspicious looking bottles more than three times and when about three miles this side of Vriesland they were unable to tell the difference between good and bad conduct and their boisterous actions made it so unpleasant for the other passengers that the only way to maintain order was to invite the young men to get off the car. They refused at first but the plucky conductor backed by a muscular motorman gave them the necessary assistance towards the door and when they recovered from their surprise they were standing on the track looking wistfully at a car whirling towards Holland.

The first load of beets for the campaign of 1902-1903 was delivered at the Holland Sugar factory last Saturday and the factory will start up Monday with a good supply of beets in the shed. The yield per acre is not as large as that of last year but as the acreage contracted for is greater it is thought as many and probably more beets will be delivered at the factory this year than in any previous year. The beets are testing high thus giving the farmers an opportunity to realize a good profit.

J. H. Graham, president of the Graham & Morton Transportation company, is at the head of a movement of St. Joseph citizens which has for its object the building of one of the largest summer hotels in Michigan to take the place of Plank's tavern, which burned several years ago. At that time Plank's tavern was the largest hotel in Michigan. The citizens of St. Joseph have seen a large part of the resort business slip away from that section and the place has developed into an excursion center rather than a dignified resort. This will be mended it is thought when this new hotel is completed. Mr. Graham has offered the site of the old Plank tavern, owned by him and valued at \$17,000 and a cash bonus of \$10,000 to any individual or stock company building the hotel.

Relative to the motion of the defense asking to exclude Prosecuting Attorney Brown, Assistant Charles E. Ward and Attorney Wesley W. Diekema, three of the most influential politicians and leading lawyers in the county and believe their coup will win.

Six or seven that I know of, and they all seem to be doing well. I like your city myself and I believe that if your growth continues, that marked Mr. King, facetiously, 'that all roads will soon lead to Chattanooga instead of Rome.' Mr. King is a northern man, who has been living in the south for the past three years. He is permanently established at Rome, and is thoroughly imbued with the spirit of this section of the country."

For the Holland City News.

We are having very nice weather here and have not had any too much rain this summer. In fact it would be better if we had had a little more in haying and harvest time.

Crops are very good here this season. Hay was better than last season, and put up in good condition. Pears are good. Our neighbor had 365 bushels from 12 acres of land.

We had an immense crop of huckleberries on the plains east of here a red blackberries, say, they are about as large as plums. A person can pick from one to two bushels of them per day.

Business and work are good. Lumber is going clear out of sight. I have sold several loads of manufactured lumber that came to \$25 a load. I paid \$35 for one load of lumber last week. Hemlock logs are worth \$8 per M. at the mill this winter. Parties are offering that all ready.

I just finished hauling a bill of lumber for a house at Indiana River. The frame and shaling sized came to \$191.75.

Mr. Sien and wife of Plainwell and Wm. Ashley and wife of Dunningville are visiting here with the Ream people.

My sister, Mrs. L. Vickery of Kalamazoo is here visiting us.

Price of log cutting is 50 to 60 per M. for hemlock peeled logs and 90 to \$1.00 per M. for Maple. Stove wood 50 to 60 cents per cord and no one to cut any. There is too much work for anyone to come down to cutting stove wood. Some good hands could get a lot of wood to cut here.

A man came here from Plainwell having asthma very bad. He stayed four weeks and was not bothered in the least with it while here.

Threshing is nearly done and the hay balers are all busy.

NEGROES IN A STAMPEDE

Terrible Result of Panic in a Crowded Church at Birmingham, Alabama.

HUNDREDS WILDLY RUSH FOR SAFETY.

Men, Women and Children Trampled Upon—Seventy-Eight Dead Bodies Have Been Found—Over One Hundred Persons Are Badly Hurt—Cry of "Fire" Causes Catastrophe.

Birmingham, Ala., Sept. 20.—In an awful crush of humanity, caused by a stampede in the Shiloh Negro Baptist church, at Avenue G and Eighteenth street, Friday night, 78 persons were killed and over 100 seriously injured. The catastrophe occurred at nine o'clock, just as Booker T. Washington had concluded his address to the national convention of Baptists, and for three hours the scenes around the church were indescribable. Dead bodies were strewn in every direction, and the ambulance service of the city was utterly incapacitated to move them until after one o'clock. Dozens of dead bodies were arranged in rows on the ground outside of the house of worship awaiting removal to the various undertaking establishments, while more than a score were laid out on the benches inside.

Great Crowd Present.
The church is the largest house of worship for negroes in Birmingham.

GLIDES INTO THE WATER.

Cruiser Des Moines Is Successfully Launched in the Presence of a Large Audience.

Quincy, Mass., Sept. 22.—The cruiser Des Moines was launched from the yards of the Fore River Ship & Engine company shortly after noon Saturday. Hundreds of people saw the ship plunge into the water, and for some time after their cheers echoed along the river banks. Miss Elsie Macomber, of Des Moines, with Gov. Cummins, of Iowa, and Mayor Brenton, of Des Moines, standing by her side, smashed the traditional bottle of champagne against the steel prow of the cruiser, while Miss Clara N. Carleton, of Haverhill, Mass., cut the ropes which held the last keel block and started the ship down the ways.

The plunge into the river was made gracefully and was hailed by a deafening roar of cheers from those in boats and on the shore. A number of tugs were ready to tow the vessel back to the pier. At the conclusion of the launching a lunch was served to the invited guests.

GRIEF FOR THEIR QUEEN.

Belgians Bowed in Sorrow Over the Sudden Death of Marie Henrietta.

Spa, Belgium, Sept. 20.—Marie Henrietta, queen of the Belgians, died here suddenly Friday night at ten minutes before eight o'clock. Neither her husband, members of her family nor her majesty's doctors were present at the time of her death. She was seated at a table eating a light dinner, when she was seized with an attack of syncope. Dr. Guillaume,

CRUISER DES MOINES.

and the pastor says there were at least 2,000 persons in the edifice when the stampede began. Instructions had been issued to allow no more to enter, but the negroes forced their way inside the building and were standing in every aisle. Even the entrance to the church was literally packed. Just as Booker T. Washington concluded his address Judge Billou, a negro lawyer from Baltimore, engaged in an altercation with the choir leader concerning an unoccupied seat, and it is said a blow was struck. Some one in the choir cried: "They're fighting."

Stampede Begins.

Mistaking the word "fighting" for "fire," the congregation rose en masse and started for the door. Men and women crawled over benches, fought their way into the aisles, and those who had fallen were trampled upon like cattle. The ministers tried again and again to stop the stampede, but no power on earth could stay the struggling, fighting mass of humanity. The screams of women and children added to the horror of the scene, and through mere fright many persons fainted, and as they fell to the floor were crushed to death.

A Terrible Sight.

In an hour the church had been practically cleared and the sight which greeted the eyes of those who had come to aid the injured was sickening. Down the aisles and along the outside of the pews the dead bodies of men and women were strewn and the cries of the maimed and crippled were heartrending. In a few minutes the work of removing the bodies was begun.

Counting the Dead.

Birmingham, Ala., Sept. 22.—Sunday was a day of funerals in Birmingham, the remains of 38 victims of the panic in Shiloh church being interred in the various cemeteries for negroes around the city. All of the negro churches were crowded, and the naturally excitable nature of the southern negro was wrought to a high pitch by the eulogistic sermons over the dead bodies at the various churches. The death list is now known to number 105, and 100 of these have been identified. The police assert that in addition at least five bodies were taken to private houses. This would swell the number to 110.

Asks Withdrawal of Troops.

Washington, Sept. 23.—President Palma requests the withdrawal of the remaining United States troops from Cuba, and the matter has been referred to Secretary Root by the state department.

Rain Puts Out the Fires.

Encampment, Wyo., Sept. 22.—Heavy rain has extinguished the forest fires in southern Wyoming and northern Colorado.

who, in the course of the day, had remarked upon certain disquieting symptoms in the queen's condition, was summoned immediately, but her majesty was dead before he arrived. Two members of her suite were with the queen during her last moments.

ILLINOIS TRAGEDY.

Springfield Man Shoots His Baby Boy and Then Kills Himself.

Springfield, Ill., Sept. 22.—His wife having refused to live with him again, Henry O. Williams, of Springfield, an agent for the Franklin Life Insurance company, kidnapped their two-year-old son and then, driving to Loami, the home of his mother, he shot the baby in the head, after which he sent a bullet into his own brain, ending his life. The child, although not dead, is in a precarious condition. The tragedy was the climax of a disagreement between Mr. and Mrs. Williams.

Frees a Big Sum.

Washington, Sept. 20.—Secretary Shaw announced before leaving Washington Friday afternoon for the west that during the week he had authorized the distribution in round numbers of \$10,000,000 in public funds among banks throughout the country which have bonds available for security. The money will be released and deposits will all be completed within a few days and just as rapidly as the bonds are received at the treasury.

Petition for Annexation.

New York, Sept. 22.—More than 1,000 of the leading residents of these islands, including merchants, planters and householders, have petitioned the "Danish ministry to expedite the transfer of the islands to the United States, cables a correspondent at St. Thomas, D. W. I.

Want Further Investigation.

Washington, Sept. 23.—Anti-imperialists again ask President Roosevelt to investigate the alleged brutality of soldiers in the Philippines, asserting that the former appeal was ignored, giving a specific case of murder by torture and offer to furnish proof.

To Found a Home.

Denver, Col., Sept. 22.—The will of W. S. Stratton, the late Colorado millionaire, provides that nearly his entire fortune, estimated at \$20,000,000 shall go to a home for old and disabled persons. A son is given \$50,000 on condition that he does not contest the will.

Last Stone Is Set.

Chicago, Sept. 23.—The last stone in the new post office building was put in place Monday. The first stone was set June 8, 1900, and the masonry should have been finished January 1 last. Completion is expected in 1904.

CALLED OUT THE TROOPS.

Gov. Stone Sends a Regiment to Keep Order Among Strikers in the Vicinity of Scranton.

MANY NONUNION MEN ARE ASSAULTED.

A Mob Ransacks Quarters of Workers and Shots Are Fired—A Deputy Sheriff Wounded—Lynching Threatened—Strike Breakers Start a Riot and Citizens Are in Fear.

Scranton, Pa., Sept. 23.—Sheriff Schadt, of Lackawanna county, Monday night at 7:30 o'clock telegraphed Gov. Stone to send troops to his assistance.

A dispatch from Harrisburg says the Thirteenth regiment, headquarters of which are in this city, has been ordered out in response to the sheriff's request.

Ransack Quarters.

The worst of Monday night's outbreaks occurred at Archbald. A crowd of 200 strikers, mostly foreigners, ransacked the quarters occupied by the 40 men employed at the Raymond washery of the Ontario & Western company, while the men were at work, and their meeting with the men as they were returning drove them back to the refuge of the washery. The mob then returned to the colliery proper, drove out the engineers, firemen, pumpmen and guards and took possession of the breaker. The plant of the Crescent Electric Light company, which is supplied with steam from the breaker, had to shut down and the whole region around was left in darkness. In the attack on the breaker two men were shot, one a striker and the other a workman. Their names or condition could not be learned.

Chief Deputy Sheriff Miles McAndrew was attacked and shot at by a mob at Olyphant. The steam pipes of the Pennsylvania Coal company's colliery at Old Forge were blown up with dynamite. Two colored cooks at the William A. colliery were rescued by deputy sheriffs from a crowd that was threatening to lynch them.

A Day of Excitement.

Shenandoah, Pa., Sept. 23.—This town was in a state of excitement for several hours Monday afternoon. Sheriff Beddall and half a dozen deputies arrived in town about one o'clock and attempted to arrest the strikers who have been taking coal from the mine breaches on the Girard estate. The men resisted arrest, and the sheriff appealed to Gen. Gobin for assistance. The general ordered the Second city troop to the scene to protect the presence of the troops afforded the sheriff's men arrested three coal pickers, but the rest succeeded in escaping. The prisoners were taken to the Pennsylvania railroad station surrounded by troops and followed by the mob hissing and jeering.

Strike Breakers Start Riot.

Lebanon, Pa., Sept. 23.—The arrival here of 40 negro strike breakers at the American Iron & Steel company was the cause of a riot, in which William Hoy, aged 23, and David Mengel, aged 45, were shot. A thousand shots were fired and the residences in the neighborhood of the works were riddled with bullets. The strike breakers are heavily armed and peaceful citizens fear for their lives.

Can Hold Out for Months.

Wilkesbarre, Pa., Sept. 23.—The opening of the twentieth week of the coal strike shows very little change in the situation. If anything the lines are more tightly drawn. At the offices of the coal companies it is claimed that the output of coal at the collieries and washeries in operation is growing all the time, but no figures are given out. The three largest producers in the Wyoming region are the Lehigh Valley, the Delaware, Lackawanna & Western and the Delaware & Hudson. At strike headquarters it is claimed that the striking miners have spies at all the mines where work is now carried on, and that they are not the least bit alarmed over the amount of coal being sent to market.

Two Shot by Strikers.

Scranton, Pa., Sept. 24.—Charles and Bert London were waylaid by a crowd near Thorpe, Pa., Tuesday. The Londons have been employed in the Lackawanna colliery in Olyphant, and they thus aroused the anger of the strikers, who assailed them with stones first and afterward began shooting. Bert was shot twice in the thigh and Charles once in the right leg. They were brought to the Lackawanna hospital here. Both will recover.

Culvert Blown Up.

Scranton, Pa., Sept. 24.—A culvert on the Bloom division of the Delaware, Lackawanna & Western road near Lackawanna station was blown up by dynamite Tuesday night. Considerable coal had been going over this road of late.

Coal at \$14 a Ton.

Philadelphia, Sept. 20.—Anthracite coal brought \$14 a ton in the open market Friday when the board of inspectors of the county prison contracted for 75 tons of the ordinary stove size at that figure.

Hotel Man Dies.

New York, Sept. 23.—Q. A. Graves, a well-known hotel man and former proprietor of the Cadillac hotels of Detroit and New York, died here Monday night.

Tammany's New Leader.

New York, Sept. 20.—Charles F. Murphy has been elected leader of Tammany Hall by a vote of 23 to 8.

Republican Principles Mean Prosperity.

Senator Jacob H. Gallinger of New Hampshire in a speech showing the great benefits resulting to this country from an adherence to republican principles closes with the following eloquent words:

"But I have by no means told the whole story. We can estimate the production and consumption of the necessities and luxuries of life, but the comforts and contentment and happiness of the American home is incalculable. How can we calculate the joy of the farmer or mechanic in being able to give his sons a college education? How can we calculate the pleasure of taking home the latest book; of taking the wife or sweetheart to the play or concert; of buying the piano for the daughter; of filling the vase with flowers; of taking home the candy and toys for the little ones? Why, it is Christmas the year round in millions of American homes. The birthdays are joyful days. The summer trips to the mountains and seashore and country in vacation time are not to be measured by dollars and cents in the happiness and health they give to millions of wives and children.

"No, Mr. President, there is no computing the blessings and benefits of protection. We cannot measure happiness by the yard or pound or quart or dollars's worth, but we can produce it and enhance it and continue it by continuing protection and prosperity. I met an old farmer recently, a sterling old man who has voted for Franklin Pierce and who has voted for every Democratic candidate for President and Congress since. I asked him, 'Well, how is the farm?' Without answering, he said, 'Senator, I want to tell you something. I am going to vote the Republican ticket next fall and in 1904 and as long as I live.' 'Why, how is that?' I asked. He replied: 'Simply because I am tired of voting against prosperity.'

"There is the whole thing in a nutshell. Not only the truck farmer of New England, but the wheat grower of Minnesota, the corn grower of Kansas, the sugar grower of Louisiana, the cotton planter of Georgia, back to the wool grower of Ohio, and the tobacco planter of Virginia and Connecticut, way to the fruit grower of California—the capitalist, the millworker, the railroad hand, the merchant and clerk, the professional man—every one, from the most elevated position to the humblest—must vote for or against prosperity.

And right here let me quote again from Mr. Cowley's address:

A wise wag once said in response to the toast, 'Here's to your prosperity. May you stand it like a man.' 'That's a better sentiment than you think it is,' said he. 'It takes a clever man to stand prosperity. Any fool can stand adversity; he has to.'

Our friends on the other side are looking for an issue. They need not worry, the issue is looking for them. Prosperity is the issue, and all other questions are secondary. The American standard of living, American manhood and American homes are but the resultants of Republican legislation, the sequences of a protective tariff which brought to us and will continue to give us an unprecedented age of luxury, an unparalleled era of prosperity.

Compare the prosperous conditions that prevail today with conditions that existed a few years prior to the election of McKinley as president and then be candid with yourself in deciding which you prefer and would rather sustain.—Valentine (Neb) Republican.

Get Your Citizenship Papers.

Those desiring to take out citizenship papers will have an opportunity to do so Tuesday October 14, when Judge Padgham will hold a session of circuit court in Prosecuting Attorney McBride's office.

At this session chancery cases will be disposed of and the county clerk will be present to issue licenses to those who intend to take a trip north after deer.

Money in Fruit Farming.

The productiveness of Michigan fruit lands this year is well shown by the little tea-acre farm of George Fritz, near St. Joseph, which will net its owner \$1,000 on pears, cherries and grapes. Fritz formerly belonged to the Chicago board of trade. Some years ago he purchased ten acres of good fruit land and began work in the orchard and vineyard for healthful exercise as much as for fruit. He is aided by one man, who is paid \$300 a year. With spraying, fertilizing, cultivating, teaming and all farm expenses taken into consideration, his profits on the "patch" will be about \$1,000. The gross receipts are figured as follows:

1,000 bushels of pears.....	\$1,000
150 cases of cherries.....	175
Grapes.....	400
Total.....	\$1,575
Expenses.....	575

Net proceeds.....\$1,000

The value of the grape crop is estimated; the pears and cherries have been marketed.

This farm is only one of many which are equally profitable. Mr. Fritz has no peaches, and peaches are paying big money this year, so that in many instances peach farmers will clear \$100 to the acre and some more than that.

Rev. Arthur Trott, New M. E. Pastor.

The Methodist conference held in Traverse City assigned Rev. Arthur Trott to this city to take the place of Rev. Adam Clarke as pastor of the M. E. church. Rev. Trott has been in charge of a church at Grand Ledge the last four years and is an able man and a popular pastor. He has seen fifteen years service in the ministry and has always met with great success. He is a married man and his age is 40 years.

Rev. Clarke, who for the last five years has ministered faithfully and successfully to the M. E. congregation in this city, has been assigned to Marshall, Calhoun county.

This is a very desirable charge. Marshall is the county seat of Calhoun county and has a population of nearly 7,000. The salary paid the pastor there is \$1,000 per year with parsonage provided. Rev. Clark will preach his first sermon in the Marshall church Sunday. He and Mrs. Clarke will leave for their new home Tuesday and tonight a reception will be given in their honor in the M. E. church parlors.

Attorney Visscher's Law Office Is Fine.

Attorney Arend Visscher is now established in the handsomest law-offices in this city. Twenty-six years ago on the morning following the night of the ninth of October his office furniture and fixtures consisted of but an armful of law books. The smallness of his stock in trade was due to the fact that the night previous fire destroyed the offices occupied by him and his partners Attorney James Ten Eyck in the Kenyon block and all he saved from the conflagration was several books.

Kenyon's hall was situated on the site now occupied by the McBride block when it was destroyed by a fierce fire that brought hardship to more than one of Holland's business men. Attorney Visscher had his office in the building a little over a year when the fire drove him to the offices in the Van Landegend block on Eighth street. These rooms he occupied for 25 years and vacated them a few days ago to move to his present location in the Visscher block which was recently built by him.

The new block is one of the best in the city and the new offices are not excelled by any in the state. The office furniture is all finished in quarter sawed oak manufactured by the Ottawa Furniture company of which Attorney Visscher is president and is very rich in effect.

Tangled In A Habeus Corpus.

The proprietor of St. Charles hotel has had considerable trouble this week trying to enforce the collection of a board bill.

Some time ago C. J. Grant, apparently a prosperous ranchman from the West, accompanied by his wife took lodgings at the hotel. About four weeks ago Mr. Grant left presumably for a little trip. He failed to return in a reasonable time and Mr. Japping's faith in his ability to collect the board bill grew weak. This weakness was

intensified last Saturday night when it was discovered that Mrs. Grant had left without saying good bye and was on the train bound for Allegan. Marshal Kamferbeek was notified and immediately telegraphed to Sheriff Bensley to watch for the woman at Allegan. The sheriff did so and arrested her. Marshal Kamferbeek went to Allegan to serve his warrant on the woman but her attorneys Pope & Cross thwarted him by applying to Judge Padgham for a writ of habeus corpus returnable within 24 hours. Arguments were made and the case was put over until Wednesday when it was settled by Mr. Grant executing a mortgage for \$75 the amount of the board bill.

Since he left this city Mr. Grant has worked at the carpenter trade in Allegan.

Miss Kerkford Will Return To This City.

Holland was treated to an innovation in revival work this summer when Miss Nellie Kerkford came here and conducted services in a tent back of Wm. Brusse's clothing store. The innovation proved to be so decided a success that the closing of the tent services does not mark the closing of Miss Kerkford's religious work in this city. Such remarkable success has crowned her efforts that a number of influential citizens have arranged to have her continue the work here.

Miss Kerkford came here in June and from that time until the closing meeting last Monday night every meeting conducted under the tent has been largely attended and as a result eighty people have signified their intention of joining the ranks of the church and leading consistent christian lives.

Miss Kerkford was not paid a stated salary but depended upon the sums contributed by those who attended the meetings. She has had considerable experience in revival work and proved capable in every way of the great task of imparting instruction and awakening religious enthusiasm.

The last meeting was held last Monday night and was especially interesting. Prof. J. T. Bergen gave a brief review of the work accomplished and advanced ideas regarding the efforts to be made in the future. Musical selections were rendered by a quartette composed of Mrs. John VanderSluis and the Misses Elenbaas, Marie Karsten and Maud Elferdink.

Miss Kerkford has gone to Grand Rapids to take a short vacation which she will spend with her mother. It is expected that she will return here in about six weeks to conduct meetings in one of the churches. The following committee has been appointed to look after the finances and make all necessary arrangements:

Prof. J. T. Bergen, G. J. VanSchelven, J. E. Elferdink, B. Riksen, John Kramer, J. Fielemann, Peter Gunst, Dr. Geo. Baker, Miss Mary Karsten, Mrs. B. Riksen, Miss Mary Elenbaas, Miss Maud Elferdink, Mrs. Smith, Mrs. H. H. Dekker.

Art For Schools.

An exhibition of pictures is shortly to be held in this city for the purpose of raising funds for the purchase of pictures for the walls of the public schools.

It is hoped that every one will endeavor to attend—not only for the assistance that will be given to the movement in a financial and social way by their presence, but also for the reason that a more intimate knowledge may be gained by every one of the work that is being done in and for the schools. The exhibition is worthy of the careful study of even those most familiar with art history, and every one will find that much can be learned from it.

The exhibition will be the best ever seen here and many of the great masterpieces will be shown.

President Will Not Visit Grand Rapids Oct. 4.

Those who intended to go to Grand Rapids next week to see President Roosevelt will be disappointed as the trip west has been discontinued.

The injuries that the President suffered in the recent accident at Pittsfield, Mass., were more serious than he first thought and he was obliged to submit to an operation for abscess of the knee last Tuesday at Indianapolis. His condition is not in any way serious and it is likely that he will be in excellent health in a week or ten days but the physicians told him that he must remain perfectly quiet and not use the leg until it was well and on their advice he returned to Washington. He has promised to visit Grand Rapids some time in the future.

The great record breaker "Sporting Life," whose long run at McVicker's theatre, Chicago, will be remembered by many, will be the attraction at the Lyceum opera house next week Wednesday, Oct. 1st.

Didn't Know Ping Pong.

The Oak Park girl had just come home from her first ping pong party. She had never played the game before that evening. When she entered the library her father was folding up his newspaper, preparatory to going to bed.

"Do you know, papa, I discovered tonight that I never really cared about anything before in my life," she said by way of introduction. "I want to tell you about it."

"Yes?" said the old man, with a rising inflection on the word. He was interested, perhaps even a little startled. His daughter's face was serious.

"I have fallen in love with ping pong."

"What?" exclaimed pater familias. His dismay now was unmistakable. Just then his wife entered the room. He turned indignant eyes upon her.

"You are a nice woman!" he shouted at her. "What do you mean, madam, by bringing up your daughter the way you have done? No, don't interrupt—it's matter enough! Owing to your skillful management our little girl has lost what sense she was born with. She has fallen in love with a Chinaman!"

Five minutes later the old gentleman was apologizing both to his wife and his daughter. As he went off to bed, however, he muttered under his breath:

"Ping pong, ping pong! That's a nice name for a game!"—Inter Ocean.

Charles Doesburg has done the right thing. He has arranged for the appearance of the great play "Sporting Life" at the Lyceum opera house next Wednesday night Oct. 1. To secure the company that produces this great play it was necessary to promise the advance agent that every bit of the regular scenery would be removed from the stage to make room for the scenery carried by the company. Before promising to do this Mr. Doesburg required the agent to sign a guarantee that the play would be produced just as it was given at McVicker's theatre in Chicago and that all of the scenery of the company would be used. The play is one of the best on the road. The company is one of the best, and if it was not for the fact that it had an open date while waiting for an assignment in a larger city it would not come here.

Meeting of Reformed Church Classis.

The Reformed church classis opened Tuesday at Muskegon with the Rev. D. Broek presiding in the absence of President Hoekje. The Rev. E. Hofman of Grand Rapids was made recording secretary. A communication from S. R. Vennema of Lucas was read, in which he desired to lay down the active work of the ministry after

November 1. The Rev. R. H. Joldersma of Grand Rapids, educational agent of Hope college, sent a letter asking the classis to assist financially toward the expense still due on the A. C. Van Raalte Memorial hall at Holland.

The Rev. P. DePree, classical agent of the board of education, gave a lengthy report, in which he showed there was a dearth of candidates for the ministry. During the past four years, 56 ministers in the denomination had died, and the number of candidates graduating from the theological seminaries was inadequate to fill the ranks. He asked the pastors to make it a subject of prayer and preaching. Of the 25 churches in the classis 13 had contributed to the funds for carrying on the work. He recommended that each family in the classis contribute 15 cents to the fund.

The call extended to Student B. Van Heuvelen by the congregation at Atwood was accepted by him and approved by the classis. Van Heuvelen, who was graduated from the Western Theological seminary at Holland last May, and who was received from the classis of Holland was examined in a number of branches pertaining to the profession which he is about to enter. The first portion of the examination was in Hebrew. Mr. Van Heuvelen read a few verses from the third chapter of Zachariah and, after translating the same, gave an exegesis of it. The examination was conducted by the Rev. T. W. Mulienburg, of Grand Haven and lasted 15 minutes. The Rev. B. Hoffman, of Grand Rapids, conducted the examination in Greek and the subject of Biblical criticism was taken up, with the Rev. M. Kolyn of Grand Rapids as examiner. The Rev. D. Broek of Grandville preached the annual sermon Tuesday night his topic being "The Day of Small Things Not to Be Despised."

For Justice—W. L. Carpenter.

Judge W. L. Carpenter of Detroit at the republican state convention held in Grand Rapids yesterday was nominated for justice of the supreme court to fill the vacancy caused by the death of Justice Charles D. Long.

The convention was called to order in the Auditorium at 11:30 by State Chairman Gerrit J. Diekema of Holland, who invited the Rev. J. W. Beardslee of Western Theol. Sem. to offer prayer. It was one of the most representative conventions ever held in the state and many of the old Republican wheel horses of the state who have been seen in the heat of battle in conventions of the past had seats among the delegates.

Chairman Diekema presented Congressman E. L. Hamilton of Niles who was selected as temporary chairman. Congressman Hamilton made a most eloquent speech accepting the honor and at its completion an adjournment was taken until 2 o'clock in the afternoon.

The afternoon session was one of the liveliest gatherings of republicans witnessed in recent years. The liveliness was all due to the fact that resolutions were introduced indorsing Russell A. Alger for United States senator. After a beautiful display of oratorical fireworks the resolution of indorsement was carried by a vote of 588 to 427.

Those from Holland who were delegates to the convention were D. B. K. Van Raalte, B. A. Mulder, G. Van Schelven, Arthur Van Duren.

President Reaches Washington in Splendid Condition After Operation at Indianapolis.

MRS. ROOSEVELT WAS AWAITING HIM.

She Hastens to Washington on Receiving News of President's Illness—Accident at Pittsfield, Mass., Causes Abscess, Which Requires Surgical Treatment.

Washington, Sept. 24.—The train bearing President Roosevelt reached this city at 6:30 o'clock Wednesday evening. Arrangements had been made in advance and a carriage was in waiting to remove him to 22 Jackson place, the temporary executive offices.

Mrs. Roosevelt and two of the children hastened from Oyster Bay to Washington and were awaiting the arrival of the president when his train pulled in.

The president will have to remain quiet for about ten days, and it has been decided that he shall stay in Washington during that period.

The president enjoyed the most refreshing sleep Tuesday night that he has had since starting on the trip, and

PRESIDENT ROOSEVELT.

felt so well Wednesday morning that he wanted to get out of bed and sit in the parlor of his car. He, however, followed the advice of his doctors, and did not arise.

His physical condition is all that the doctors could ask, barring the wound on his leg. He has suffered but little pain from this, and Dr. Lung has not found it necessary to apply a new dressing. It has been decided to issue no bulletins as to the president's condition for fear that too much importance would be attached to his disability, which the doctors say is in no sense dangerous, though temporarily disabling.

Forced to Abandon Trip.

Indianapolis, Ind., Sept. 24.—President Roosevelt Tuesday afternoon was forced to abandon the remainder of his trip to the northwest and to undergo a surgical operation. Secretary Cortelyou issued the following statement to the press late in the afternoon:

Statement to the Public

"As a result of the trolley accident at Pittsfield, Mass., the president received several serious bruises. One of these, on the left leg, between the knee and the ankle, has developed into a small abscess. The president is entirely well otherwise and has continued to meet the several engagements of his itinerary, but in view of the continuance of the abscess and out of an abundance of caution, Drs. Oliver and Cook of Indianapolis, were requested to meet Dr. Lung, the president's surgeon, at Indianapolis, Dr. Richardson, of Washington, D. C., being also one of the number. In the opinion of the doctors the trouble necessitates an operation, which they think should be performed at once at St. Vincent's hospital in this city. As after the operation the president will require entire rest, probably for at least ten days or two weeks, it has been necessary to cancel all the remaining engagements of his trip and he will go directly from Indianapolis to Washington. The physicians say that the case is not in any sense serious and that there is no danger whatever. This statement is made so that no false rumors may disturb the people and that they may be authoritatively advised of the exact nature of the case.

(Signed) "GEORGE B. CORTELYOU, Secretary to the President."

The announcement came as a thunder clap out of a clear sky. The president is in such good health otherwise that it was hard to believe he was about to submit to an operation. He had delivered an address earlier in the day before the Spanish-American war veterans and also had addressed the citizens of Indianapolis from the balcony of the Columbia club.

Taken to the Hospital.

The president was driven from the clubhouse to St. Vincent hospital, where he was taken to a private operating room. He was accompanied by Secretary Cortelyou, Assistant Secretaries Loebe and Barnes, Gov. Durbin and Senators Beveridge and Fairbanks. It was about 4:15 o'clock when the doctors began the operation. It was performed by Dr. John Oliver, assisted by Dr. Henry Jameson and Dr. Cook. The operation was finished and the president was removed to his room. He did not take anesthetics. The president is cheerful. Secretary Cortelyou, after the operation, issued the following statement:

Trouble Not Serious.

"As a result of the traumatism (bruise) received in the trolley acci-

dent at Pittsfield, Mass., there was found to be a circumscribed collection of perfectly pure serum in the middle third of the left anterior tibial region, the sac containing about two ounces, which was removed. The indications are that the president should make speedy recovery. It is absolutely imperative, however, that he should remain quiet and refrain from using the leg. The trouble is not serious, but temporarily disabling.

(Signed) "GEORGE B. CORTELYOU, Secretary to the President."

Off for Washington.

At 7:40 p. m. a white blanket was thrown around him, and he was placed on the hospital stretcher and escorted by a company of infantry was carried to the car a block away by four negro porters from the train. He bade good-by to the nurses as he was being carried out of the hall to the elevator and thanked them for their kindness. He did not talk during his trip to the car. Senator Fairbanks, Gov. Durbin and other prominent citizens were at the train to bid him good-by.

North Sydney, C. B., Sept. 19.—Lieut. Robert E. Peary arrived here Thursday on the steamer Windward from the frozen north. He did not discover the north pole during his trip of four years, but he says that in his last dash with that object in view, he made important discoveries. He says he feels certain that the pole can be reached, and furthermore, that if he were a man of independent means he would persevere until he succeeded. The most northerly point reached was 84 degrees 17 minutes, in latitude northwest of Cape Hecla. Lieut. Peary says that the pole can be reached from Franz Josef Land and from Grant Land in latitude 83 degrees, if the winter quarters are established as far north as possible. He says that he would just as soon winter at Cape Hecla as at Sabine or Etah.

ABANDONS THE PLAN.

Opposition to Trusts Checks Consolidation Scheme of Big Packing Houses.

Chicago, Sept. 24.—The combination of the great packing houses of the country, which has been under consideration and in process of actual formation for the last six months, has been finally abandoned, at least for the present. The decision not to complete the combination is due in a large degree to the attitude of the national administration toward trusts as outlined by President Roosevelt in his recent speeches, and to the chance that in the event of the consolidation congress would remove the tariff on cattle. It is learned that a final meeting of the heads of the firms known as the Big Four has been held, at which it was agreed to end all negotiations at once.

NO POUND WEIGHTS IN TROY.

The Measure Exists Only in the School Books and Not in the Jewelers' Shops.

"Did it ever occur to you," said a college professor to a Chicago goldsmith, "that you have no such thing as a pound weight?"

It had; but the professor is willing to bet that not one graduate of a high school out of twenty has an idea that there is not a metal weight of 12 ounces to represent the Troy pound.

But there is no such thing. Twelve Troy ounces make a pound, but there is no such material unit of measurement. There are the grain, the scruple, the drachm, and the ounce weights, but nothing more. The man who has ten pounds of gold in reality has only 220 ounces, and for him to go into the gold market and speak of gold as by the pound would be for him to be laughed at.

Incidentally these units of measurement in the Troy scale look a good deal more like Greek or Chinese coins than they look like weights, says the Chicago Tribune. For the average high school graduate to pick up a set of these weights would be to bewilder him.

It is the contemplation of such absurdities of the English tables of weights and measurements that bring the student to the metric system as the sane solution of it all.

WOMEN VOTERS.

Are More Conscientious Regarding Their Franchise Privileges Than Men.

An Australian newspaper tells of some curious facts shown by the new electoral rolls of South Australia. The number of men on the rolls has shrunk in a little over three years from 83,640 to 76,767. On the other hand the women voters have increased during the same period from 68,375 to 71,682. In the three chief metropolitan districts the men voters have dropped from 36,587 to 30,484, a reduction of nearly 16 per cent. Women voters in the same district have slightly increased their numbers, and now count no less than 32,801. The women seem to be growing more conscientious in the fulfillment of their political duties and the men more careless.

When equal suffrage was granted in New Zealand the estimated number of adult women in the country was 139,015. Of these, 109,461 registered to vote. Of the women who registered, 83 per cent. voted; of the men who registered, only 67 per cent.

According to the report of the Wyoming secretary of state, 90 per cent. of the women vote. In Denver, at the election last November, 31,780 men voted and 23,449 women.

HUMAN BEINGS NOT IMMUNE

Records Show That Contagious Diseases Frequently Attack People a Second Time.

It is a fallacy, widespread but nevertheless a fallacy, for anyone to suppose that a person who has once had smallpox, measles, scarlet fever or other contagious disease is thereby made immune to that particular disease for the rest of his life. A Swiss physician has been examining the records of such diseases, and in the statistics at his disposal—which are very defective, as comparatively few physicians take the trouble to report such observations to the medical journals—he finds no less than 628 persons who have had smallpox twice, nine who have had it three times and one who has had it seven times. For scarlet fever he finds 144 double and seven triple attacks. A hundred and three persons had two and three had seven attacks of measles; 203 had typhus twice, five thrice, one four times, and even cholera shows 29 second and three third attacks. The natural inference is that during the prevalence of an epidemic one should not rashly expose himself to contagion even if he has already had the disease.

Great Game. Holland Vs. All-Americans.

The Holland base ball club by its excellent record this year has gained enviable recognition. It has been selected as the club that will represent Michigan in a game against the All-American team at Grand Rapids next Monday afternoon. The All-American club is composed of the star players of the American league and is headed by the mighty batsman Lajoie, the highest priced player in the league. Without a doubt it is the best aggregation of ball players that ever appeared on any diamond and the chance to see them is a treat that not a base ball player in this section of Michigan will miss.

Holland, representing as it does the best in the ball playing line in Michigan, will undoubtedly make a good showing against the world beaters. Neil Ball is in better condition now than at any time this season and when he is right no club in the country has any license to get more than a fair number of hits off him.

The fare to Grand Rapids on the interurban will be but 50 cents for the round trip as this is the rate that is in effect every Monday and Friday. It is expected that 500 tried and true fans who have faithfully rooted for the local club this season will attend the game from this city and cheer the boys in a manner to bring out their best efforts. Emerson Dickerson, lessee of the Grand Rapids base ball park, under whose auspices the All-Americans will appear is confident that over 5000 people will attend the game. Several hundred more chairs will be placed in the grandstand to accommodate the crowd. An admission of 50 cents will be charged and the small boy will have his fence-climbing aspirations nipped in the bud by 20 policemen, who will patrol the outside of the grounds and keep the kids away from the fence.

Thirteen An Unlucky Number

Thirteen is an unlucky number for the Battle Creek base ball players. They were defeated last Saturday afternoon on the Holland diamond by a score of 13 to 2.

Killien, the man who has been touted as the star of the state league, was in the box and he proved to be the easiest proposition encountered by the Holland boys this summer, not barring Cyclone Garver of Breeds-ville. He was touched up for fourteen hits, four of them being home runs by Gleason, Hale, Havel and Ball.

Hale pitched for Holland and kept the visitors down to seven scattered hits. Vander Hill's hand was in bad condition and his place behind the bat was taken by Fox who did excellent work.

Base Ball Season Will Close Thursday.

The base ball season will close in a blaze of glory next Thursday with a game on the Holland grounds between Holland and one of the best clubs in Michigan. It is expected that every rooter in the city will turn out to see the boys make their farewell bow for the season.

Come and see the game. You will not only see a fast contest but you will show your appreciation of the best baseball club in Michigan now that the Detroit American league team has gone out of business.

The club that will play against Holland will be composed of men from the Three-I, Western and American league and will rival the All-Americans in strength. Special tickets will be sold for this game by some of the fans who are interested in seeing the finances of the club placed in good shape, and it is expected that liberal responses will greet their efforts.

Monday the Holland club will play at Grand Rapids.

Tuesday and Wednesday it will meet Greenville in this city and as both teams are anxious to get the best of the argument the contests will be exciting. Buckner will pitch one of the games for Greenville and Page of Paw Paw, the man who pitched Holland to victory several times this season, will pitch the other.

These contests should all be well attended as no more chances to see the great national game will be given this season.

Sporting News

The Holland Hoodoo has been found. It is Dickerson of Grand Rapids. Twice has he made arrangements to pit his team of All Stars against the Holland team and twice has bad weather caused a postponement of the game. Both teams are anxious to get at each other in order that they may dispute the long standing question of supremacy.

The ball game to be played at Greenville yesterday was called off on account of the rain.

The Monarchs of Holland went to Zeeland last Saturday and defeated the Zeeland Cyclones by a score of 13 to 1. Batteries: Holland, Westveld and Dyke; Zeeland, Vegter and Van Eenam.

Otsego and Holland are playing at the Holland grounds this afternoon. They will play another game here tomorrow. Foster and Patterson, two of the best colored players in the country are with the Otsegoites.

After "Sporting Life" is produced at the Lyceum opera house the stage will be turned over to two expert scenic artists and will be completely changed in all its appointments. All of the old scenery will be taken out and the following five new scenes will be painted and placed in position: parlor, bed chamber, street, woods and kitchen. The stage will be arranged so that there will be much more room and it will be possible to accommodate the high class plays. No shows will be given for two weeks while the stage is in the care of carpenters, decorators, and scene painters. Then some of the best troupes on the road will appear.

"Sporting life" is said to possess all the elements of excitement, all the heart throbs, all the loves and hates indigenous to plays of its character, in addition to some entirely novel methods of stirring the human emotions. It is given in four acts and no less than ten scenes, and among them it is claimed will be found some of the most beautiful stage pictures ever seen. The spirited boxing bout and the exciting race course scene are two of the chief features of the piece, and the first at least, is an innovation. To the uninitiated the interior of a boxing club during the progress of a glove contest, with all its attendant features, will come as a genuine surprise, and the manner in which the affairs are conducted is strictly followed out in the mimic bout in "Sporting Life." There are a number of people employed in the production and among these, several are familiar to our theatre-goers.

We are not so foolish as to say that there is no other clothing that is as good as ours, or that there is no other clothing that fits as well as ours.

We do say that our clothing is good clothing, and good well made, perfect fitting clothing can be bought here for less money than elsewhere.

The best argument we can use is "see the goods."

You can only judge bargains by comparison. The comparison will be a good ad, for us.

We want to show you our stock whether you buy or not.
