## HOLLAND IS A GOOD TOWN TO LIVE IN

### FLOOD OF LABOR COMING BACK TO HOLLAND

Vans from Grand Rapids and Grand Haven Bring in Loads of Furniture

For a long time the Holland moving vans made weekly trip with household goods to different cities about the state where employees were seeking better locations, and what on the surface appeared to be better wages.

Some are known to have moved from Holland to Flint and from Flint to Battle Creek and so on, trying to pick the best jobs offered, not becoming settled on any particular one.

Many of these men have been put to a great deal of expense for moving, not figuring the transportation of the families and many other incidentals connected with breaking up house-keeping.

Many found that altho the wage figure looked good, these expenses, exorbitant rents, and profiteering on nearly everything purchased cut a big hole in the so-called war-time wages.

What appeared to be a coming back to the old town, where rent is cheap compared to other towns, where living is considerably cheaper, and where the wages are much higher than have ever been paid in this city before, seem to be an incentive for many to return.

During the past week the Helmers moving company of Grand Rapids made two trips to Holland. The Vinn transfer company of Grand Haven has also been seen upon our streets with loads of furniture.

The Harris & Co. van of Grand Rapids also brought a load during the week.

Besides some of our local transfer companies brought some of the families back to their old home town.

Judging from the comments of some of those who have returned, living conditions in this city must be ideal compared with the crowded cosmopolitan get-rich-quick aspects of some of the other cities in Michigan.

Many find that after all Holland is a pretty good town to live in.

### ALLEGAN MINISTER PREACHES ON GAS

In speaking of the conservation of gasoline as an excuse for staying away from church, Rev. B. J. Adecock says there are three good substitutes: First if you are rich, use horse-drawn; if you are poor, use wheel-drawn; and if you are very poor, use walk-drawn—Paul was very successful with the latter—Allegan Gazette.

## DONATES COTTAGE TO COLLEGE WOMEN

### C. E. WESTERVELT MAKES HAND- SOME GIFT TO HOPE Y. W. C. A.

The Young Women's Christian Association of Hope College Thursday received a handsome donation from an admirer of the institution. The girls of the college are now owners of a valuable piece of resort property located at Macatawa Park. C. E. Westervelt, a long time resident of Macatawa Park and one of the well known members of the summer colony there, Thursday made the announcement that he has donated to the Y. W. C. A. of Hope College the "Nayhe Cottage" on the lake front. The property is worth about \$3,000 it is estimated, and it was donated for the perpetual use of the Y. W. C. A.

No details about the donation were given and the society has not had time to decide how to use the property. But it is likely that house parties will become popular among the Hope Co-eds.

## GRAVE DIGGER IS A SWEET TOOTH

### LOSES JOB BECAUSE HE HOLDS TOO MANY SUGAR CARDS

The city council passed a resolution at their session last Monday evening requesting the cemetery board to ask for the immediate resignation of Fred Brown, sexton of Oakwood cemetery, because, the council's resolution stated he is known to have, by himself or members of his family, three sugar cards upon which purchases of sugar have been made. This the council deems unpatriotic. The cemetery board held a meeting and summoned Mr. Brown to appear before them Friday evening to make whatever statement of the matter he may wish to present.

## CITY GRANTS FIRST BUILDING LICENSE

### GEORGE HUNTLY CANNOT BUILD COAL OFFICE IN YARD

A \$3,500 coal office and yard is now under construction this morning, when after a week's wrestling between the new special committee appointed by the council, headed by Mayor Bosch, at last reported favorable on the license.

The office is to be built on 12th St. but the committee insisted that the yard be built not nearer than 126 feet due north on 11th street, so as not to bring any hardships upon the neighbors in that vicinity. Mr. Huntly has been having some time getting his coal office built. It was formerly located on ground belonging to the Holland Sugar company, leased for that purpose, but the Sugar Co. needed it for side track purposes, and the Holland Fuel Co. was compelled to vacate and for that reason purchased ground across the street.

## LAKE IS TRYING TO RUN DRY

### RESORTERS FEAR; WATER SEEPS THROUGH BOTTOM

Resort property owners at Gun Lake Allegan county are much concerned because of the low water which they think is caused by the dredging of Gun river, and they have suggested building a dam near the outlet of the lake to maintain a higher level than has prevailed this summer. They may find some obstacles in way of this scheme. The low water in the lake this season is quite probably due to the protracted drought. A dam near the lake would no doubt preserve the normal height of water but there may be question of their right to interfere with the natural flow of the stream to any great extent. The theory some persons entertain that water seeps thru the ground two miles, to the beginning of the drain, and so gets out of the lake faster than it did before the drain was constructed seems entirely untenable.

Mrs. Frank Kuite, 275 West 13th St. left Wednesday for a two week's visit with relatives and friends in Trenton, Toronto, Canada.

A tornado of terrific force tore thru a portion of Grand Haven township Wednesday and completely demolished the barn of Leo Kunkel. The barn was carried half a mile from the site and is a total wreck. Vehicles in the barn yard were demolished. The tornado cut a path thru the woods, uprooting and breaking trees. Further damage is not known as country telephone lines are down.

City Clerk Overweg, City Treasurer Appledorn, City Assessor C. H. Nibbelink and City Inspector VandenBerg went to Grand Rapids today to attend the West Michigan State fair.

## OTTAWA MAN IS PRISONER IN GERMANY

### SON OF COUNTY'S DRAIN COM- MISSIONER CAPTURED BY THE HUNS

Is a Cousin of Former Alderman Kammeraad of This City; Little Information About Boy

Leonard Kammeraad of the U. S. Marine corps is a prisoner of war in Germany, according to the information received by his parents, Mr. and Mrs. Barend Kammeraad. The soldier is a son of the Ottawa county drain commissioner, a brother of Frank Kammeraad in this city and a cousin of former Alderman Nick Kammeraad. His parents have been without word from him for a long time. The last letter received from the young man was dated May 26 of this year, in which he merely stated that he was in action against the Germans. Since that time no word has come from him, and relatives had grown very anxious. No official notice of his fate has been received from the department up to yesterday's notification.

No particulars were included in the notification received by Mr. Kammeraad. The dispatch merely stated that according to the official report of the U. S. military attaché at Berne, Switzerland, Leonard Kammeraad was a prisoner of war in Germany. The location of the prison camp in which he is held was not given.

Desiring to get over seas and into action in the shortest possible time, young Kammeraad joined the U. S. Marine corps early in the war, being assigned to Company No. 55, Fifth regiment. He saw active service almost from the time his organization arrived in France, and his parents here believe that he participated in the battles around Chateau Thierry, where the Marines added glory to their illustrious record.

Until particulars are received further, however, there will be no information available as to time or circumstances of his capture by the enemy.

As far as has been ascertained as yet, however, the young soldier is the first Grand Haven man to be taken prisoner by the Germans. Every possible effort is being made by America thru the agency of the Red Cross to assure all the comfort possible for the men held prisoners in Germany. Thru an arrangement with the German government and the German Red Cross, certain articles of food and clothing may be sent to the American prisoners.

## MISS HATTIE WENTZEL MAR- RIES MR. JOHN PIEPER

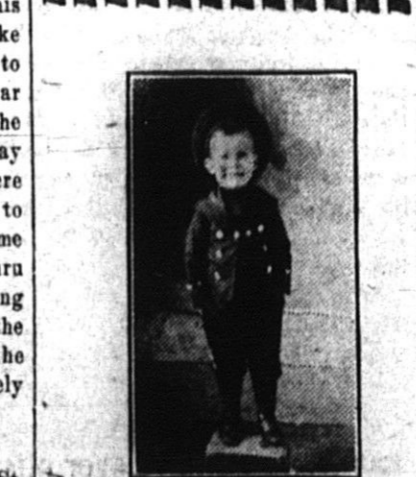

Announcement is made of the marriage of Miss Hattie Wentzel, daughter of Mr. and Mrs. A. Wentzel, 64 West Fifteenth street and Mr. John Pieper, local jeweler and optician. The marriage was performed last evening by the Rev. H. Hoeksema, pastor of the Fourteenth street Christian Reformed church, at the church parsonage.

Miss Wentzel is a popular young lady and an accomplished musician and at present is the organist of the Fourteenth Street church.

After a short wedding trip, Mr. and Mrs. Pieper will reside in this city.

Mrs. Frank Boda is in Grand Rapids today.

## LOOK AT THIS LITTLE "YANK"

Who is this cocky little guy? He is a graduate from the Holland High school, was one of the crack basketball players in the league, always roughing it, and always mixing it with his opponents, never giving an inch, but always trying to win.

He is now mixing it over in France, musing up the Huns.

He was gassed once, but he doesn't care for a little thing like that. He is up and at 'em again, and has been for several months.

He was amongst the first volunteers to leave Holland to join the colors in April, 1917.

He was three years old when this picture was taken, but he is just as cocky now at 21, as he was at 3, and his first name is Marshall.

## GAME WARDEN IS NEAR SHIP-WRECKED ON LAKE MICHIGAN

### DICK HOMPKEK IS ASSISTED BY GRAND HAVEN COAST GUARDS

Dick Hompkes of Holland, deputy state game warden, had an exciting experience in Lake Michigan when he attempted to make the run between Grand Haven and Holland in his open launch. Mr. Hompkes left that port with his row boat in tow headed for Holland. He had gone but a short distance in the lumpy seas which were running, when the row boat broke away and began drifting off with the sea.

Taking the gaff hook, the deputy game warden made an attempt to recover the tow, but the launch swung around into the trough of the seas, and he lost his grip on the hook as well as the row boat. About that time the U. S. coast guard lookout at that harbor discovered the trouble and members of the crew put out from the station. The coast guards recovered the boat and towed it into the port. Mr. Hompkes decided that the sea was making too fast for the small launch, and he put about and returned to the Grand Haven harbor.

The deputy game warden tied his boat up at the wharf in that city and boarded the train for the return trip to Holland.

## LEVEL YOUR SIDE- WALK BEFORE WINTER

### ALL SIDEWALKS IN THE CITY MUST BE FIXED BEFORE WINTER

Many complaints have been coming in to the common council asking that certain sidewalks in the city be fixed. There seems to be a great many walks in the city where one slab is higher than another, due to the settling of the foundation, and also places when the roots of trees have raised the walks in places.

This unevenness is not on the back streets so much but is found to a great extent on our principal streets.

These defects must be taken care of and remedied by the property owner immediately, otherwise the city will do the work and charge it up to the property owner on the taxes levied against the property.

## COUNCIL ALLOWS \$300.00 TO ROAD COMMISSION

The council met last evening was of short duration, lasting just a quarter of an hour.

One of the matters that came up was the allowing of a \$300 bill presented by the Ottawa County Road Commission, Holland's share toward widening the new concrete road, built east on 8th street, connecting with the cement drive to Zealand.

The road built is now 18 instead of 16 feet, extending from 8th street to Vander Haar's Crossing.

## ALL STATEMENTS WILL HAVE BEEN SENT OUT WITHIN A WEEK

Subscribers to the Holland City News who are in arrears have either received or will receive within a week his indebtedness to this paper.

The News has been very fair to delinquent subscribers as the notices will show.

The United States government asks this paper and every other papers to cut down its list 15%. We are compelled to make this sacrifice to win the war.

Uncle Sam demands that pay-up subscribers shall receive first consideration, and urges every newspaper man to instruct their subscribers to pay up with all possible speed.

The reduction that we will have to make will not be done by cutting off subscribers who pay promptly.

After a reasonable time the Holland City News will cut off those subscribers who do not seem inclined to heed these urgent notices.

Should the statement call for more than he is able to pay at once, he can at least show his good intentions, by paying something on account. There is not one penny in what a subscriber pays for his paper these days. The print paper has gone up more than 200 per cent and is a mighty hard thing to get.

If you believe in supporting a paper that has bent its every energy to help all war activities, who has not profited through price-raising, kindly come across promptly by paying for your subscription at "before the war prices."

ZEELAND HONORS  
RETURNED HERO  
FROM FRANCE

The city park at Zeeland was crowded with people Wednesday evening when Sergeant Gerrit De Haan, Zeeland's first returned hero from the battlefields of France, addressed the people of that city. Rev. J. H. Geerlings, pastor of the North-st. Christian Reformed church, opened the meeting with prayer. Then chairman, E. Pruim, made a few appropriate remarks. Mayor Isaac VanDyke introduced Sergt. De Haan who gave the people of Zeeland a most interesting address.

Sergt. De Haan is the son of Mr. and Mrs. A. De Haan of Zeeland. In July 1915, he enlisted in the United States Marines and was placed in the 47th Co., 5th Regiment and received his training at Norfolk, Va. From there he was transferred to the 5th company of the 1st regiment for expeditionary service in Haiti where he was stationed eight months; and then to Santo Domingo where he was 12 months. In May, 1917, he was transferred from the West Indies to Philadelphia where they were just a week before going to active overseas service, landing in France in June 1917. He was one of the marines who helped stem the tide of the Hun invasion at Chateau Thierry, and he related many of his harrowing experiences in his fourteen months of service against the Hun.

He called the Red Cross the greatest organization in the world. Without gloves he handled the pro-Germans in this part of the state. He said that while the boys were making the supreme sacrifice over there, there were still a few people at home who were thrusting the sword in their backs.

The Ottawa band of Zeeland and a male quartet furnished music for the occasion. The foundation of a fund for a permanent memorial for the boys who die in service was started at the meeting.

GIVE FAREWELL  
SURPRISE AT CENTRAL PARK

Thursday evening the neighbors of Mr. and Mrs. Paul Van Vulpen surprised them at their home at Central Park. Mr. Van Vulpen has accepted a position with Mr. Rice on the west side of Pine Creek bay and he will soon move his family over there.

Thursday evening he went out fishing with his family and while they were gone the neighborhood took possession of the home place. Wires were strung from which were suspended many a Chinese lantern. Eats were arranged on the lawn and refreshments were on hand. Then word was sent to Mr. and Mrs. Van Vulpen on the lake that there was a telephone message for them. When they arrived at home, a chorus of forty voices greeted them with the message, "surprise." A short program was rendered, consisting of singing America, a solo by Mrs. H. Helmink, and "Blest be the Tie That Binds," speeches by the chairman, G. St. John, E. St. John, Rev. P. J. Maris, G. E. Fletcher, Dick Miles, and Mr. Van Lierop, all of whom expressed the high esteem in which Mr. and Mrs. Van Vulpen are held by their neighbors. And although all regretted to see them leaving Central Park, they united in congratulating them on their better position and in wishing them godspeed. Responses were made by Mr. and Mrs. Van Vulpen. Refreshments of ice cream and cake were served.

FARMERS' CLUBS  
GIVE MONEY TO  
THE RED CROSS

A splendid exhibit collected by the various farmers' clubs of Ottawa county was displayed at the fair last week. It was in charge of Mr. Hagerman, the county agricultural agent. The North Shore Club won the first prize of \$15; Harlem Club won second prize of \$10; and Forest Grove Club took the third money of \$5. At the close of the fair the different clubs donated their produce which was auctioned off for the Red Cross.

After paying expenses and giving the Allendale Club \$4 for their own chapter, the proceeds amounted to \$153.30, which was turned in to the local Red Cross headquarters.

MISSION SOCIETY  
RESUMES MEETINGS

After a two months' vacation the Home Missionary society of the M. E. church held a regular meeting at the home of Mrs. Guy Moody. More than 40 were present. Mrs. Burin has charge of the program which was as follows: "We Follow the Flag," a new mission song; piano solo, Florence Striker; Seventy-five miles from a Railway, Lucy Moody; "Christmas Frontier Life," Miss McClellan; "Among the Jackies," Mrs. Rich; "Soul Winning" and "Now," Mrs. Burin. Plans were made to send a barrel of fruit to the Denconness Home and clothing to a needy Indian mission.

FOR SALE—Belgian hare rabbits; \$1 a pair. Call after 6 p. m. at 480 Pine Avenue.

OPTION GIVEN  
FOR SALE OF  
PARK STOCK

Declaring that he is getting too old to continue carrying the burdens of the Macatawa Resort Company, Swan A. Miller, for many years manager of the company, has opened negotiations for the sale of a majority of the stock. Mr. Miller declared Friday that reports in the Grand Rapids papers that the stock had already changed hands were erroneous. He has given the prospective buyers an option on the stock for sixty days, but it seems quite likely that the change will be made.

The stock will go to D. B. Perry Fitzgerald, a newspaper man of Flint, and a number of Chicago men who have plenty of funds behind them and who are all interested in Macatawa Park for sentimental reasons as well as for business reasons. Macatawa Park is the summer home of these men and has been home to them for many years. They are interested in the resort and propose to make that interest count if the deal goes through.

Mr. Miller, altho disposing of some his stock, will not pull out of the Resort Association entirely. He will retain a considerable block of stock but will relinquish control.

Mr. Miller was unwilling to predict today what changes would be made. He declared however that all the new men who will be in control are full of pluck and have plenty of money. They are the kind of men who do things, said Miller, and the future of Macatawa park will be in very good hands he believes.

The present season has been a rather poor one, with the exception of about five weeks, covering part of July and all of August, which have been very satisfactory.

GRAVEL SCOW TURNS  
TURTLE TWO MILES  
OFF GRAND HAVEN

A big gravel scow owner by Walsma & Van Toll of Grand Haven rolled over in Lake Michigan Sunday and dumped about 100 yards of perfectly good gravel into the bottom of the lake. The big scow was in tow of the company's tug, Robert Johnson and when about to miles off the Grand Haven harbor it was discovered that the scow was leaking. The danger to the tow was seen immediately and the tug signalled to the U. S. Coast guard station for assistance.

Members of the Grand Haven coast guard crew went out to the tug immediately. Upon reaching the scene the members of the crew boarded the scow and began cutting away the rails to allow the gravel to roll off the scow into the lake, thus preventing the two from filling and sinking.

While aboard the scow the craft began to roll over very suddenly and the coast guards aboard were compelled to get into the lake in pretty rapid time. Aside from the wetting to which they are accustomed the members of the crew escaped injury and were soon safely in their boat. In the meantime the scow began rolling completely over and within a very few minutes was bottomside up. The heavy towline was not damaged and the tug still held to her tow. When the scow was at last floating safely bottom-up and in no immediate danger of sinking, the tug started for the harbor with her tow.

FARMER PAYS  
HIGH FOR ATTEMPT-  
ED FRAUD

State Fruit Inspector Robt. F. Brown has adopted a novel method of punishing violators of the fruit law. A farmer residing near Benton Harbor sold five bushels of peaches to a Holland man which were marked "Fancy Elbertas." On arriving home with the fruit the buyer invited his friends in to see his fine peaches which he had bought direct from the grower for \$3.10 per bushel, stating that finding them exceptionally fine he bought a few extra for his friends.

Imagine his surprise when he emptied his fruit out to find that two-thirds of the lower part of each basket to be small, inferior and unripe seedlings.

This was more than he could stand so he called up the inspector, told him of the fraud and deception, gave him the farmer's name and address. The inspector soon located the farmer who denied at first the charge but when told that he would be arrested and brought into court he soon pleaded guilty and begged to be allowed to settle the matter out of court so that he would not have his name put in the newspapers.

The inspector let him off by paying the buyer his damages of \$8 and donating \$15 to the Red Cross.

The W. O. T. U. met Friday at the home of Mrs. Biksen. Mrs. DeMerrell gave a report of the county convention at Lamont. Mrs. Whitman had charge of the program. She also read a paper by Mrs. Holcomb, state secretary of the L. C. L. work, read at the district convention. Mrs. Van Ark sang "The Fight Is On." It was decided to use the money collected for the Mother's Council for Belgium Refugee work thru the Red Cross.

PUTTEE SHOOT  
FOUR TIMES AT  
WIFE AND BABY

Alfred H. Puttee, 25 East 13th-st., who is employed at the Cappon-Bertsch Leather Co. as bookkeeper at the South Side plant, created a commotion in the neighborhood of his home at 10:20 on last Wednesday night.

It seems that Puttee is a periodical drinker, and had a jug of whiskey hidden at home that he started to sample during the day Wednesday.

At night Mrs. Puttee and child had been visiting at the home of Mr. and Mrs. Julius Brusse for the evening, and during his wife's absence, Puttee and a few other friends did some more sampling of the contents of the little brown jug.

When Mrs. Puttee returned home she found her husband in a drunken stupor and she immediately put him to bed.

He apparently objected to this after he had been in bed for a few moments, for he jumped out, made for the bureau drawer, grabbed one of three revolvers found there, and with the remark, "Now I'll get you," started firing at her as she was leaving the room. She made for a closet, screamed to Mr. and Mrs. Brusse who had accompanied Mrs. Puttee home, to get the children out of the house quick or they would be shot.

Mrs. Brusse grabbed their own child and Mr. Brusse seized the Puttee child and made for the outside door. But before they could gain the exit Puttee fired at Mr. Brusse and the child and the shot barely grazed the little one's head. When Mrs. Puttee heard that shooting was going on again she left the closet thinking only of the children and sprang on her husband's back. He fought her like a wild man, firing the revolver in an attempt to get loose. In desperation she threw the enraged man on his back, succeeded in prying loose the revolver in which there was only one shot left and by that time Mr. Brusse had reentered the house and between the two they had subdued Mr. Puttee.

Then Mrs. Puttee quickly ran to the bureau drawer where another revolver and also an automatic gun, both loaded, were still hidden. With these she left the house and immediately went to the telephone and called up the police.

Patrolmen O'Connor and Stetekee hastened to the place, found Puttee in a chair, apparently in a stupor.

They took Puttee and locked him up and he has been the most penitent man ever since, telling the police that he has no excuse to make and that he does not remember a thing that transpired since some friends brought him home in an automobile until he was locked in a cell in the city hall.

He told Chief of Police Van Ry, "Booze is what did it. It's my own funeral, no one else is to blame but myself. We always lived happily together, but for the booze, but never again."

Late Thursday afternoon Puttee was arraigned before Justice Kooyers, who charged the man on three counts: attempt to kill, felonious assault and assault to do great bodily harm less than the crime of murder.

Puttee gave bonds in the sum of \$2000 for his appearance in circuit court. He retained Att. Thos. N. Robinson, of the firm of Visseger & Robinson to defend him.

REV. J. P. BOWERMAN TO  
TO RETURN TO HOLLAND

According to lists sent from Jackson Tuesday where the annual conference of the M. E. church of Michigan is being held, Rev. J. P. Bowerman will be returned to Holland as pastor of the local church. This is good news to the congregation and the people of Holland. Mr. Bowerman has taken a big part not only in the work of his own congregation but in general patriotic and civic work in the city.

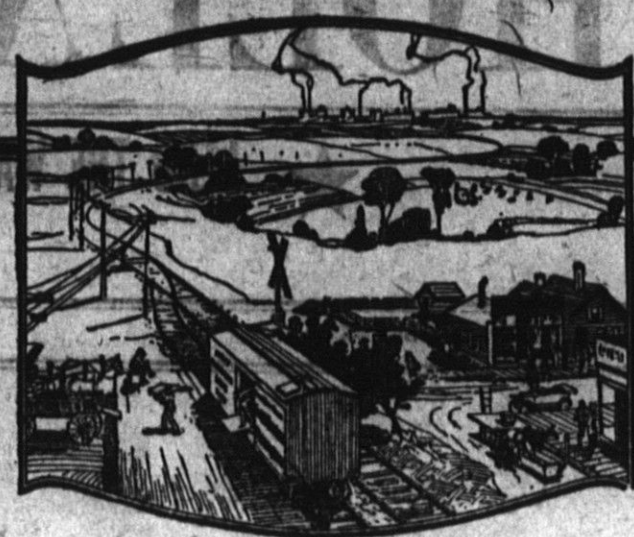

FORWARD MOVE-  
MENT CLUB RE-  
SUMES MEETINGS

The Forward Movement Club resumed its meetings Friday evening after the summer vacation. As usual the first meeting was devoted to the election of officers. The following were named: President, J. Oosterbaan; vice president, George Schuurman; secretary, N. J. Jonker; assistant secretary, Anthony Van Ry; treasurer, John Hamfield.

The meeting was held at the home of Mr. and Mrs. George Schuurman, E. Sixteenth street. A very interesting paper was read by Mr. Schuurman on "A Brief History of the Last Four Years of War." It was in the main a synopsis of the famous war articles of Mr. Frank Simons and was a very illuminating account of the great world struggle. The paper was followed by a lively discussion. About half a dozen new members were added to the club Friday night. The next meeting is to be held October 4 at the home of Dick Miles, Central Park. The hostess, Mrs. Schuurman, served dainty refreshments.

Miss Sarah Van Dyke of North River Avenue spent Saturday in Grand Rapids.

Miss Florence Bendershorst of the Peoples State bank and her friend Miss Grace Vander Schaaf are spending a few days at Muskegon.

You Can't Eat Meat  
100 Miles Away

Preparing meat is only a part of Swift & Company's usefulness.

The finest meat in the world wouldn't do you any good one hundred miles away from your table.

Swift & Company efficiency has made it possible to place complete lines of products in the smallest and most remote communities.

To be sure the work is done well Swift & Company, through its branch houses and car routes, brings the meat to the retail dealer for you.

Swift & Company lays out car routes covering towns—big, little, medium size—which are not served by a Swift branch house.

Salesmen find out in advance what is wanted by the dealers in every town.

They are followed by refrigerator cars loaded with retailers' orders, which are delivered at each town—fresh, clean, and sweet—once or twice each week.

Swift & Company operates a large number of car routes like this, from fourteen distributing plants.

This is a necessary and natural part of the packers' usefulness. It fits into the industry in an orderly, effective way. It makes better meat cheaper from one end of the land to the other.

Swift & Company, U. S. A.

## Positively Prevents Punctures

NOW, please don't say, "Oh, just another one of those tire-fillers," and let it go at that! ESSENKAY is a tire-filler, but not the kind you probably have in mind. It is nothing like the ones that have been tried and found wanting, but is a wonderful discovery that has at last solved the problem of a real substitute for air.

## Cuts Your Tire Cost in Half

ESSENKAY not only positively prevents punctures and "blowouts," (there is no air to puncture or "blowout"), but also doubles life of your castings and saves half your tire cost. First cost of ESSENKAY is your last cost, as it lasts for many years and is transferable from one set of castings to another indefinitely.

# “Yanks”

By WILBUR D. NESBIT

**There were 62 names in a recent casualty list.**

Twenty-two of those names were of men who were obviously of foreign blood.

Joseph Maciejewski and George Verkoulas and Eggi Ganski and Thomas Villotto and Wesley Knutson and Toras Maximovitch were among them.

So it went—Greek, Italian, Swede, Dane, Russian, Jew, Pole, German—you could find as many nationalities as you knew.

Yet they were all "Yanks."

The casualty lists keep coming; the names keep pouring over the cable. Oh, yes, the Smiths, and Joneses and Browns are all there.

All the boys whose great-great-grandfathers and great-grandfathers and grandfathers and fathers have fought for liberty right here—their names are in the lists.

Yet, somehow, one's hand involuntarily goes up in salute to Szysperski and Mente and Schwarz—to these "Yanks" whose fathers and mothers just a few years back stepped from deck to dock and blinked their eyes in the knowledge that at last their dreams of freedom had come true.

Why, we folks who have lived here all our lives and who can't remember when our folks weren't native Americans—here's a rich blessing for us!

These people who came to our shores believing in us are *proving* their belief. Their boys are fighting for our common country and for our common beliefs and principles.

**They are "Yanks"—God bless them!**

And every time you buy a Liberty Bond you put a newer and higher courage in the hearts of all our boys, but especially of those boys whose parents came here so that their sons might be free to fight for liberty if liberty had to be defended.

Every penny you lend our government in your investment in Liberty Bonds goes to give us a better army and navy.

**There isn't a soul living who owns bonds of the first, second or third Liberty Loans who isn't proud of what he has helped to do for our country.**

Now it is the Fourth Liberty Loan—bigger than was ever known before, and backed by greater resources than any investment you ever made.

Don't wait for the final "spurt;" don't wait for the fire of enthusiasm; don't wait for speeches and parades and bands.

Buy your Liberty Bonds now, for you *know* you are going to buy them.

**You are not sacrificing a penny; you are not *giving* a cent.**

You are lending your money; you get good interest for it; you get your money back.

Best of all, you are saying to Gerondo and Norwich and Nowatny and all the other boys who are fighting shoulder to shoulder with Smith and Jones and Brown:

"We Yanks are standing together! The old flag that our forefathers worshiped means more today than it ever did!"

## DEMOCRATS IN CONVENTION AT HAVEN MONDAY

The democratic county convention which was called to order in Grand Haven Monday by Chairman C. E. Misner, was well attended by delegates from various parts of the county. The convention elected L. J. Vandenberg as secretary to fill vacancy caused by Nelson Pyle's departure from the county. Both temporary chairman and secretary were later elected as permanent officials by vote of delegates.

Delegates to state's convention to be held in Detroit, Sept. 25th were elected as follows: Chas. E. Misner, L. J. Vandenberg, Herman Van Tongeren, Wm. H. Loutit, Cornelius Struik, Lionel Heap, Bert Slaght, Nick Hoffman, C. A. Bigge, E. M. Cook, Henry Bouwens, J. Nelson Pyle, J. G. Damstra, W. J. Hanan, Peter Vandenberg, Jacop Nienhuis, Richard Bolt, John N. Haan.

Committee on resolutions appointed by Chairman consists of Lionel Heap, John Dykema and George Christman.

During a recess to allow the different committees time to make reports to convention, Peter J. Danhof, candidate for congress, addressed the convention, discussing national affairs and eulogizing President Wilson by terming him America's greatest president and the world's greatest statesman. He also dwelt considerably on the recent republican senatorial campaign and that money was lavishly spent to nominate their candidate.

The following resolutions were presented to the convention, which were adopted with only one dissenting vote: "In time of war long resolutions are unnecessary. There is but one thing before us—the war. Yet to win the war we may address our minds to the following salient factors and enumerate them as the resolutions to which this convention commits itself.

First. Be it resolved that during the war party lines be given their proper subservient place and that in each case that candidate be selected whose fitness and loyalty mark him as the correct choice.

Second. Be it resolved as carrying out the intent of the first resolution, that Henry Ford be elected United States Senator from Michigan because he embodies not only enormous business ability which should be placed at the service of the President in the senate for the duration of the war; but because he has evinced in his dealings with his own employees that high social sense and vision which will be necessary after the war in that reconstruction period when labor and capital shall try and find a new modus vivendi for the new day dawning.

Third. Be it resolved that in as much as in the person of John F. Bailey, democratic candidate for governor and of Peter J. Danhof, democratic candidate for congressman, this county and congressional district possess unusually strong and able candidates, therefore they are recommended to the kind consideration and full support of the voters of all parties.

Fourth. Be it resolved that as the war is shattering all outgrown and unworthy conceptions and customs so it should overturn that brutal and narrow and so-called unwieldy idea that the hand that rocks the cradle is unworthy to write the ballot.

Fifth. Be it resolved that the blessings of the total suppression of the liquor traffic having been made evident to every one through actual experience, therefore it is our belief that the democratic party of Michigan should commit itself to the support of the constitutional amendment which looks toward national prohibition."

THE WHITE HOUSE  
WASHINGTON

Again the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes the appeal with the greatest confidence because it knows that every day it is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential investment. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America, besides, have from the first and are now dedicated both their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.

## CUSTER OFFICER SKEPTICAL CAMP IS CONVINCED

E. P. Stephan Monday evening received a telegram announcing that Herman Brouwer of Camp Custer would be in Holland Wednesday to conduct the patriotic singing exercises at the Holland fair. Back of the telegram lies quite a dramatic little story which dressed up properly, would make pretty good fiction material.

The local people in charge of the exercises at the fair Wednesday made a request of Brouwer's commanding officer to release him for Wednesday so that he might take part in the patriotic services here. This was done by letter and the request was eloquently expressed. But commanding officers have become used to a thousand and one different "dodges" that are used by relatives and friends of soldiers to secure for them a furlough from camp, and they are naturally a suspicious bunch. Moreover to a commanding officer at Camp Custer, engaged in the job of whipping an army in shape, the Holland fair does not look quite as important as it naturally looks to the people here.

So the request was turned down cold and the local committee was up against finding some other way out. It was then that E. P. Stephan came to the rescue. Mr. Stephan, through long training in politics and business, understood that there might be "more ways than one to skin a cat." So he took it upon himself to make a personal trip to Camp Custer to see what could be done.

Instead of going to Mr. Brouwer's immediate superior who had refused the request of the committee he went to a "higher-up." What he said to that officer or what he did to him has not leaked out, but results speak for themselves. Apparently Stephan was very convincing for the request was granted. For a number of years Mr. Stephan was at the head of the Holland fair activities and it seems likely that he made the best of his native eloquence to convince the officer that this fair was important and that Mr. Brouwer's presence was of value to the cause of patriotism.

## CONSERVATION COMMITTEE DOES GOOD WORK

One of the finest displays of canned fruits and "substitute" articles ever seen at the Holland fair is on display this year. It can be seen in the Getz building and thousands of people Thursday and Friday paused before this display to admire it.

The success of this display is due to the untiring efforts of the conservation committee of which Mrs. Dick Vander Haar is the chairman. This committee has been working extremely hard but the result has been such that all efforts have been worth while. Following are the members of the committee besides Mrs. Vander Haar: Mrs. J. S. Dykstra, Mrs. J. J. Mersen, Mrs. Henry DeVries, Miss Lavina Cappen, Mrs. Con De Pree and Mrs. John Bosman.

## FOUR MEN TO GO TO M. A. C.

The local draft board has made arrangements for sending four more men from this district to M. A. C. to take a course in mechanics there preparatory to taking up military service. These boys will leave Holland on September 19. They are Marvin Steffens of Zeeland, J. R. Brinks and James L. Shoemaker of Jamestown and Andrew Du Mez of Holland. They will enjoy two months' training at M. A. C. after which they will be sent where the government may require their services.

On Saturday of last week the local draft board conducted the physical examinations of the young men who were registered on August 24. The total registration of twenty-one year old boys was forty, but about thirty of these were examined Saturday, that number having been classified as Class One men.

## PAY LAST TRIBUTE TO LOVED WOMAN

A very large number of friends paid a tribute to Mrs. L. S. Markley whose funeral was held at the home at 225 W. 9th street. By reason of his connections with the local sugar company for which he visits many parts of the state Mr. Markley's circle of close friends is very large and many expressed their sympathy in beautiful floral offerings.

Besides a large number of friends from Holland the out-of-town relatives at the funeral were: Mr. and Mrs. Wm. Woodfield, Grayling, parents of Mrs. Markley; Mr. and Mrs. Wm. Finley, Boyne City; Mrs. W. H. Shoemaker, Mr. and Mrs. Archie Markley, Mr. and Mrs. N. K. Preston, William G. Woodfield, all of Flint; Mr. and Mrs. Thos. Woodfield and daughter of Jackson; also several from Grand Rapids.

Attorney Thos. N. Robinson was in Grand Haven Saturday in behalf of the War Board.

## PIONEER COUPLE WEDDED HALF CENTURY AGO

Drenthe correspondent send in the following account of a celebration of the 50th wedding anniversary of Mr. and Mrs. Rinke De Vries, who are well known in this city.

Mr. and Mrs. Rinke De Vries commemorated the 50th wedding anniversary of their marriage at their home in Drenthe, Michigan, Tuesday. With his parents, Mr. DeVries came to America in 1847, when he was four years old and was left an orphan when he reached the age of seven years. When he was old enough to seek employment he engaged in the blacksmith trade. In 1862, at the age of 19 he enlisted in Co. I, 25th Michigan Infantry, and was in the army for three years. Some of the important engagements in which he took part during these years of service are the battles of Kingston, Tenn., Atlanta, Ga., Lost Mountain, Gettysburg, Mountain, Ga., Chattanooga River, Ga., Utoy, Ga., and Jonesboro, Ga. Mr. DeVries is 75 years of age and is enjoying good health. Six years ago he retired from business in which he had been very active for 45 years.

Mrs. De Vries came to America in 1859 with her parents, Mr. and Mrs. D. Mielema, when she was two years old. She was 12 years old when her father enlisted in the army and can relate the war stories and hardships the family had to contend with during her father's absence.

Mr. and Mrs. De Vries were married in the old Ogel building on the College Campus at Holland by Rev. Christian Ogel. Mrs. De Vries is 68 years old and is still hale and hearty. Those of the family who were present to participate in the celebration were their eight children and eleven grandchildren. The second oldest grandson who was not able to be present was Sgt. Marvin De Vries, son of Dr. and Mrs. I. R. DeVries of Overisel who enlisted in the Marine Aviation Corps a few weeks ago and is stationed at Boston, Mass. Those present from outside of the village were: Mr. and Mrs. U. De Vries and daughter, Mrs. Frank Pifer of Holland; Mr. and Mrs. J. Ter Beek and family, Mr. and Mrs. J. Dogger of Holland; Mr. and Mrs. J. P. Redding, of Honor, Mich.; and Mrs. R. Henry of Battle Creek.

A bountiful supper was served at 5 o'clock, covers being laid for 45 guests. Music was furnished by Ter Beek's quartet of Holland, and Mrs. Theo. De Vries of Detroit and Mrs. Roy Henry of Battle Creek. The happy wedded couple received many useful gifts.

## HOLLAND BOY IS SENT TO NORTHERN ASIA

Mrs. V. Zoet, 45 East Ninth street, has received a letter from her son Henry Zoet in which he tells of being about to sail on a 3,000 mile trip to northern Asia. The letter follows:

Aug. 23, 1918.  
25 miles from London.  
Dear Mother and Sisters—I thought I would drop you a few lines to let you know that I am in the usual good health, and conditions here are the same as usual. I am sending this to let you know that you will not be able to hear from me again until next March or April. We are going to leave England and we are going to some part of northern Asia. That is all I dare tell you about this. We are going by boat in about two or three days. It's about 3,000 miles from here. That sure will be some trip. We are not going to France or Italy—and fight but we are going to do some work over there of some kind. I do not know just what it will be. But don't worry about me and don't write until you hear from me again. I think there are about 3,000 of us boys going. The boats do not run there in winter time, is the reason you will not hear from me until next spring. There was 40 of us boys down to the London docks, two days this week helping to get ready to go, and after supper we went down town and soldiers told that the Germans were coming in airplanes and there was going to be an air raid, but about 30 minutes later it was all over and they did not get far enough over here to do any damage. Well, I can not think of any more to write, so I'll close for this time hoping I may be able to write again next spring. And please do not worry about me. I also wish one and all at home and all inquiring friends a merry Christmas and a Happy New Year. Good bye, with love to all and hoping that I may come back home in 1919.

Lovingly,  
HENRY ZOET.

## SUCCESSFUL RIFLE SHOOT IS HE'

With the weather fine and a new supply of ammunition the Holland Rifle club enjoyed the best shoot of the season. After shooting ten shots slow fire at 200 yds, each member was allowed two strings of 5 shots in thirty seconds making thirty shots altogether. The six best scores out of a possible 150 were: Wm. Woldering, 119; Dick Homkes, 107; Peter Dulyen, 101; Arthur Kronmeyer, 112; E. Ekeblad, 109; and Chas. Van Zyl, 122. The next shoot will be held Wednesday, Sept. 18, weather permitting, otherwise the next day. As many new members as possible are expected to attend. Membership fee is only \$1 for one year.

## STUDENT FROM CHINA WILL COME TO HOPE

When Hope College opens next week there will be a Chinese student in the enrollment. This is the first time in the history of Hope that a citizen of the Celestial Empire has come here for his education.

The name of the new Chinese student is Hai Yuan Chen. He is the son of Dr. T. U. Chen, a graduate of Hope hospital, Amoy, China. Dr. Chen was the chief assistant of Dr. Otte and so much confidence did the famous missionary physician have in his Chinese pupil and friend that he frequently left that important hospital in his sole charge while he went on extended trips. Dr. Chen was moreover a graduate of Talmadge College in China and is at present a member of the Board of Trustees of Hope hospital. He is one of the leading Christians in the Amoy church.

Mr. Hai Yuan Chen comes to Hope College carrying enthusiastic recommendations from Rev. Warnshuis, Rev. Veeneshoten, Dr. Strick and others who respect him not only for his distinguished father's sake but for his own sake. The boy has been a student at Fukien Univ. College where he did work of high quality so that he is far enough advanced to enter the Junior class at Hope College.

He is the oldest of 7 brothers. His next younger brother Chang Hwa last year received an "indemnity fund," which means a scholarship in China and he may come to Hope College later for his education.

Hsi Yuan Chen will prepare himself at Hope College for a career as medical missionary in China. China is now one of our allies and for some time past now it has been recognized that there is no such thing as the "Yellow Peril." Hence the welcome to the new Chinese student will be all the more cordial.

Although Hope has never before had a Chinese student, it has had a number of Japanese students, among them Mr. Oghimi, Mr. Kimura, Mr. Matsuda and Yama Moto Togo.

## FAMILY HAS BIG PART IN THE WAR

It is likely that few families are better represented in this and other wars in which American has taken part than that of Mr. E. F. Hiler, 208 East 12th street. Mr. Hiler himself is a veteran of the civil war having just reached the age toward the close of that war when he could get into service for a short time. Two of his sons Wm. K. Hiler and Charles F. Hiler were in Spanish-American war. They served in Cuba in Co. F, 33rd Michigan Volunteers. The new draft of this week has taken three of Mr. Hiler's sons, Wm. K. Ogas, F. Edgar P. and Leroy E. Hiler.

A grandson, Pvt. Harold Ackerman, is in Company L, 126th Inf. He has just written his grandfather that he is in the hospital for shell shock. He was shell-shocked twice in the battle in which his cousin Edward M. Hiler was killed. Mr. Ackerman saw his cousin fall and later helped to bury him.

Edward Hiler is the first one of the Hiler family to give his life for his country in this war. His father, First Sergeant Giles P. Hiler died a few years ago from malaria fever contracted during the Spanish war in 1898.

## JOSEPH P. SHASHAGUAY IS NOT A GAMBLER

An item in the Sentinel of last Friday, quoted from the Buffalo Express, in which it is told how Mr. Shashaguay of Holland was fleeced by Buffalo sharpers in a gambling game proves to be without foundation.

The facts of the case are that Mr. Shashaguay had just left the Pullman car when reaching Buffalo and on his way to the hotel through a rather dark street met two "stick-up" men, one pressing a gun against his breast, the other pointing one over his shoulder. They demanded what money he had and the Holland man shelled out \$70, all the bills he possessed.

He notified the first policeman he came to and the cop told him without investigating to run along because he had been gambling.

From there he went to police headquarters and was given the same dope by the sergeant on the job.

Shashaguay could not understand how the police on the street and the sergeant in the office could possibly accuse him of gambling when he had arrived in the city not over twenty minutes before.

He was unable to explain the situation until it dawned upon him that he had his Pullman ticket in his pocket for the train which had just arrived in Buffalo.

When he presented this ticket to the police they began to take notice and a detective force got busy, but apparently did not find the robbers; as nothing further has been heard about the matter from the Buffalo end of the case.

Mr. Shashaguay had wired B. P. Donnelly of the Holland Aniline Co., where he is employed for the necessary funds upon which to return home.

Miss Helene De Pree of Holland is the guest of Mr. and Mrs. Nathaniel Robbins. G. H. Tribune.

## MAYOR WIRES PRESIDENT ON PEACE NOTE

Mayor Bosch does not believe that there is much peace sentiment in Holland. He thinks that not many in this city will "fall for" the Austrian peace proposals made in the newspapers of yesterday. So confident is he that the people of this community are a unit for the prosecution of the war to its logical conclusion that early Monday morning, as soon as he had read in the morning papers the full text of the peace note he sent the following telegram to President Wilson on behalf of the people of Holland:

Holland, Mich., Sept. 16, 1918  
President Woodrow Wilson,  
Washington, D. C.

In view of the Austrian peace note, I am giving expression to what I believe to be the sentiment of the people of Holland, Mich., when I say that it is the sincere belief of this community that the United States government will continue to prosecute the war as vigorously as it has hitherto been doing until such time as the objects shall have been gained which we have hitherto been fighting for and for which at least two boys from this city have given their lives. This city is absolutely confident that there will be no letting up until the fundamental principles enunciated by you as a basis for the re-establishment of peace shall have been firmly established. To this end this city again pledges its material resources and its manpower to the utmost.

Respectfully,  
Nicodemus Mosch, Mayor  
of Holland, Mich.

It is presumed that there will be a flood of similar telegrams from all parts of the country to the President and the wire from Holland will probably be only one of thousands. But Mayor Bosch believes that it was worth while to place this city on record in the matter and so far as public sentiment is ascertainable, the telegram doubtless expresses it correctly.

## ANOTHER BRAVE BOY LAYS DOWN HIS LIFE FOR COUNTRY

Henry Walters is the second Holland boy to give his life in the service of his country overseas. Advice received by his parents state that he died from wounds in a hospital on July 15. Walters was shot through both knees while in action on the western front. He was at one time substitute carrier in the local postoffice.

## PLACE FLAG AT HALF MAST FOR FALLEN HERO

Mayor Bosch ordered the flag on the City hall placed at half mast all day Saturday in honor of the second Holland boy who gave his life that his country might live. Henry Walters who was shot while in action and later died in the hospital in France will be represented in Holland's Service flag by a second gold star. The first star represents Private Willard Leenhouts, also of this city.

## THE FLAG AT HALF MAST

Again Holland's flag was at half mast. The city was called to mourn the death of one of its men on the field of honor in France. Henry Walters, a report of whose death came Friday, was perhaps not as closely associated with the life of the city as some of the soldiers who are now doing battle for democracy in the fighting zone, but his death should not go unregarded by the people here. He was at one time substitute carrier in the local postoffice, and the government which he served in a peaceful capacity has now asked of him all that he has in the bitter job of war. The need of honor or that we accord to our war heroes is due him in full measure, and the placing of the flag at half mast on the city hall is but a symbol of the city's appreciation of the young man's sacrifice. It is for us he died and the deep-seated feeling of personal appreciation we can show is but small return for the sacrifice.

The report of the Holland boy's death came at an hour of the day when it was impossible for the Sentinel to give more than a bare statement of the fact in Friday's issue. The Sentinel therefore takes this opportunity to call attention to the placing of the city's flag at half mast Saturday. The death of any Holland soldier at the front should never go unregarded. The greatest honor that may come to any one else is small in meaning compared with the honor that attaches to the death of even the least of those who die heroically in France for the cause of democracy.

Miss Ruth Walsh, Miss Dorothy Doll and Mr. and Mrs. W. H. Walsh were Grand Rapids visitors Friday.

The big day of the fair was a very peaceful one. Not a disorderly arrest for drunk was made by the police.

Mr. and Mrs. E. R. Nyland of Detroit are visiting at the home of their mother, 13 E. 9th street.

## REPUBLICANS WANT PRIMARY LAW CHANGED

A very enthusiastic Republican county convention was held at Grand Haven Monday afternoon, called for the purpose of electing 23 delegates to the State Convention to be held at Grand Rapids on Thursday September 26.

Dan F. Pagelsen of Grand Haven, acted as chairman and John F. Van Anrooy, formerly of Holland, was the secretary of the convention.

The committee on permanent organization and order of business was Wm. Bilz of Spring Lake and Claude Vander Veen of Grand Haven and Richard Overweg of Holland.

Committee on credentials were Jas. J. Danhof, Grand Haven, Chas. H. Mc Bride, Holland, and Albert Bosch of Jamestown.

The committee on resolutions were B. A. Mulder of Holland, Wm. Connolly of Spring Lake, and C. VanLoos of Zeeland.

The delegates to the State Convention selected were as follows: W. H. Beach, Holland delegate at large. Regular delegates, J. B. Mulder, Chas. Mc Bride, Arthur Van Duren, Nick Kammeraad, and B. A. Mulder of Holland; Maurice Euidens, Olive; George Heneveld, Spring Lake; George De Young, Dan F. Pagelsen, J. J. Danhof, Claude Vander Veen, Grand Haven; Fred Mc Eachron, Hudsonville; Gerrit Yntema, Jamestown; Wm. F. Connelly, Wm. Bilz and E. G. Pruit, Spring Lake; C. Van Loos, Zeeland; M. F. Walling, Georgetown; John F. Van Anrooy, Grand Haven; Dan Wells, Polkton; Dowe Bekuis, Zeeland; John Mooney, Chester.

The committee on resolutions condemned the present primary law and wanted it either abolished altogether or revised so that it will become a more just and less expensive and a more patriotic law. The committee felt that the members of one party have no business to help nominate candidates on another party's ticket.

There is a time to settle these scores on election day after the nominations have been made, the committee on resolutions contend.

The convention also backs up the government in all of its war activities and goes on record for a peace settlement with victory and unconditional surrender as the only avenues for a peace proposal.

The members of the republican county committee chosen from Holland are: 1st ward, J. B. Mulder; 2nd ward, F. Brieve; 3rd ward, B. A. Mulder; 4th ward, Wm. Vander Ven; 5th ward, H. Vander Warf; 6th ward, Ben Wiersma; Park township, D. H. Christophel was nominated. No member was selected in Holland township for the reason that not a delegate was present at the convention, which is the first time this has happened in Ottawa county republican politics. Zeeland township was also without representation.

After the convention had adjourned, the new republican county committee met, levied assessments upon the county candidates, and appointed an executive committee consisting of B. A. Mulder and Frank Brieve of Holland, and Claude Vander Veen of Grand Haven. It is the duty of this committee to work in conjunction with the secretary of the county committee and to pass upon all bills and expenses incurred relating to the coming campaign.

The following are the resolutions unanimously adopted by the convention. We the republicans of Ottawa county, in convention assembled on this 16th day of September, 1918, held in the court house of Grand Haven, do declare as follows:

"We endorse the prudent, patriotic and business-like administration of Governor Sleeper and pledge to him our support in the coming campaign," and

"We pledge our enthusiastic and unstinted support to our candidate for United States Senator, Commander Truman H. Newberry, who is now wearing the uniform of war, rendering important and distinguished service for his country; whose sons stand by their father's side as soldiers of the Republic."

"We favor the repeal of the present primary law, or the repeal or amendment of that section of the primary law which would prevent the encroachment of one party upon the rights of any other party in the selection of party candidates for any office. For that purpose the old law should be re-enacted and improved upon, which provided for the registration of voters under their own party name, enabling them to vote their party ticket only."

"The law should also include a clause that would prevent the name of a candidate to appear on any other than his party ticket."

"Resolved further that we as a republican party unreservedly stand by our country and its allies in this world's great struggle against autocracy, and we pledge to bend over every effort to aid through every avenue working to this end."

Mrs. L. A. Halley and Mrs. Schiveley of Pennville called on friends in Holland Monday.

Stephen G. Oudemolen and his son Fred were in Gibson Monday buying junk.

Mrs. William Harper of Grand Haven died Tuesday. Mrs. Harper was one of Gr. Haven's pioneer residents. Her husband is at Ann Arbor, where he underwent an operation.

## HOPE COLLEGE TO BEGIN WORK ON WEDNESDAY

The opening of the fifty-sixth year of collegiate work at Hope College was signaled by appropriate exercises in Wiaanta Chapel on Wednesday morning at 9 a. m. In 1862, the second year of the Civil War, the first freshman class was enrolled under war-time conditions. In 1918, the second year of this world-war for democracy, the educational interests of the country face somewhat similar conditions. A program appropriate to the occasion had been prepared with Editor A. P. Johnson, of the Grand Rapids News, as the orator of the day. Mr. Johnson's address carried the theme, "Your Duty to To-day." Mr. Johnson ranks among the most forceful and influential orators and newspaper men in the central states. His message carried the ring of true Americanism. Rev. E. J. Bleckink, D. D., President of the General Synod of the Reformed Church in America, will also take part in the exercises. The public was invited to attend these exercises.

Government had very little to do with the shaping of the institutions of learning during our Civil War. To-day it has taken control of the colleges and universities of the country. A committee of the best trained educators in the United States has mapped out the educational program for the schools. It specifies seven main subjects, English, German, French, History, Chemistry, Physics, and Mathematics. It proposes the mastery of the situation, both during the war and after the war, and in selecting these seven subjects, it proposes to equip the young men and young women of the country for every phase of military and technical work during the war and for the great amount of reconstructive work that will follow the close of the war. These are the courses which the soldiers of the Students' Army Training Corps are required by the War Department to take. In addition to these seven, a War Aims Course in the History of Middle and Modern Europe and of our American nation, with all the tendencies and causes which brought on the present world war, will be required.

The only modern languages which the government requires are English, French and German. Our present relations with Europe demand a large group of men and women trained to think in these three languages. Doubtless, after the war is over our diplomatic and commercial relations will demand a large corps of young men and women able to handle public and private business in every country of continental Europe. With these facts in mind government intends that the American youth whom it is training in the colleges shall be able to "carry on" in the countries of our allies and co-belligerents and in the lands of our enemy. Every nation now engaged in war will attempt to build up its foreign trade and our own government is compelled to face the same situation. South American trade will demand the use of French, German and English. Germany, through its associations of commerce and its national bank, has had its agents scouring these countries during each of the four years of the war. Our government intends to be amongst the foremost in this struggle.

It must take this course or lose all its foreign trade.

All student soldiers who are detailed to engineering work will be expected to handle the modern languages in the work of the technical work. For this reason also the government is training in the seven subjects specified.

Recent rulings forbid the enrollment of any boys who have not completed the regular high school course of four years or its equivalent. No more technical units of the Students Army Training Corps will be established. The technical schools of Michigan are The University of Michigan, The Michigan Agricultural College, and the Houghton School of Mines. None other will be established for the present.

All details of inductment into the Student Army Training Corps will be arranged by the Military Commander at Hope College as soon as he arrives. Full lecture and recitation work will begin on Thursday morning and will continue regularly until the War Department takes over the courses. The regular work will then proceed as usual but on war basis schedules.

## G. H. CHIEF OF POLICE RESIGNS TO TAKE A NEW POSITION

Delbert Fortney, formerly deputy sheriff of Ottawa county and for the past two years Chief of Police of the city of Grand Haven, tendered his resignation to City Manager Ellison to take effect September 15.

Mr. Fortney will act in the capacity of assistant employment manager and other affiliated duties with the Keller Pneumatic Tool Company.

Since becoming chief of police of the city of Grand Haven, he has assisted in establishing a system of records of police work, plumbing inspection department, weights and measures, testing of all scales, made it possible to have a police on duty at all times, and established a precedent of turning all fees collected over to the city.

Judge of Probate, James Danhof of Grand Haven was a Holland visitor Thursday.

Dr. and Mrs. A. Vander Veen are in Holland visiting relatives.

## 3000 SEE THE HOLLAND FAIR ON THURSDAY

The opening of the Holland fair on Wednesday morning was not very auspicious and a heavy gloom pervaded the meeting of the directors held late in the evening who were discussing the advisability of continuing the fair on Saturday should the rain be prolonged. This in the end was considered not advisable.

The laden sky sent a heavy downpour of rain beginning early in the morning and lasting until 4 o'clock in the afternoon, causing the attendance to be nil, casting gloom upon the concession men, who were open for business and converting the race course into a slimy quagmire. On Thursday morning this was all changed however, the weather man promising fair and cooler weather and true to his promise, the day was ideal, gloom was lifted, and joy took its place.

Early in the morning the roads leading to Holland from the rural districts were black with vehicles. The Camp Custer band stopped off at Zeeland before striking Holland, played a couple of times, entrained again, leaving for Holland and shortly afterward an outpouring from the citizens of Zeeland swelled the crowd headed for the Holland fair.

The Holland Interurban from both directions and the Pere Marquette from all points brought in large delegations to visit Ottawa and Allegan counties' exhibition.

Sixteenth street to the gate of the fair was a veritable parade and the men at four ticket windows had all they could do to handle the crowd.

When the fair closed up business on Thursday night it was found that 8,130 cash tickets had been purchased, of those 6,666 were adult tickets and 1,467 were children's tickets. There were 765 paid entrances for vehicles while the grandstand showed admissions paid of 801 persons.

It is estimated that at least 1,000 vehicles entered the ground, including those entering on passes, because of their business relations with the fair.

The regular program of races for Thursday were pulled off on schedule time, while the program for Wednesday was called off. Every department of the fair was up to its high standard of other years; the business men out-doing themselves in the art hall and while a few were missing with displays others jumped in to take their places.

Patriotism was the keynote of the fair. All organizations played their war activities, and the Red Cross and thrift stamp committees did a land office business. The former taking in \$300 alone on Thursday.

Mrs. G. J. Van Duren handled the squad of Red Cross ladies to perfection, while Misses Slema Landwehr, Beatrice Sketete, Helene DePree, Mrs. Oscar Nystrom, Mrs. Frank Kleinhackel made enviable records with thrift and war saving stamps.

Principal Drew, Frank Kiehnkehl, Andrew Klompars, Andrew Hyma, Edgar Landwehr, and Al Riehrink, did a wonderful business in whirling out stamps on the paddy wheel. Nearly everyone took a chance on the paddles, in fact the willing ones could not be accommodated, so quickly were the paddles purchased in order to gamble on democracy. In all \$437 worth of thrift stamps were sold.

Altho the Getz exhibit was missing, an unusually fine exhibit from the high school in the form of manual training work, drawing, etc., occupied the greater part of the Getz building.

County Agent Hagerman was busy in his department every minute and the patrons from the rural districts seemed to be especially interested in his work.

Farm machinery was more in evidence this year than ever before, with farm tractors in operation being a new and predominating feature.

The directors of the Holland fair are jubilant over the success of a fair year which at first looked dubious and disastrous to say the least.

While no money is liable to be made this year, there will be enough funds on hand after the big show to meet obligations and to have a balance left in the treasury.

## REGISTRATION WAS 3002 IN THIS DISTRICT

That General Crowder and his department in charge of the draft are highly good guessers was shown in the case of the draft registration in the second district of Ottawa County Thursday. A few days ago the prediction was made that a total of 3,036 would be registered in this district. Friday morning the local draft board totaled up the figures brought in by the chief registrars from the various precincts in the district and it was found that the total was 3,002.

This figure includes returns from all precincts with the exception of Blenden which had not yet arrived. But Blenden was included in the last as an estimate, basing the figure on last

year's draft. The board expects to receive a number of registration cards by mail within the next two or three days and it is believed that the total will about reach 3,036, the estimate made by the government.

Following are the figures from the various places where registration was conducted Thursday:

Holland City—First ward, 232; second ward 111; third ward 183; fourth ward 216; fifth ward 275; sixth ward, 170; Holland township 279; Zeeland City, 234; Zeeland township, 231; Blenden 180 (estimated); Jamestown 233; Georgetown 271; Olive 205; Park 104; number registered by the local draft board before registration day 112; total 3002.

The registration was conducted in Holland and throughout the district without the slightest trouble. A considerable number of registrars were on the job at each voting place so that there was little delay. Most of the registrars came early in the morning, so that the task later in the day was comparatively light. In some instances there was a line of men waiting when the polling places were opened at 7 o'clock.

Miss Anna Kiviet, aged 19 years, a daughter of Mr. and Mrs. W. Kiviet, died at her home at 270 East Ninth-st.

The deceased is survived by her parents and four brothers and two sisters. The funeral was held Wednesday at 2 o'clock from the home.

Mr. and Mrs. Corneli Dornbos motored to the Holland fair Thursday.

## FOOT BALL PLAYER IS A GOOD SOLDIER

### RAN PLUMP INTO MACHINE GUN NEST AND BRINGS IN HUNS

Bud Vyn of Grand Haven in First Wave of Storm Troops

Bud Vyn, well known in this city as a crack foot ball player, having bumped up against Holland High school team on many occasions, shows that he can play soldier just as efficiently as he can play ball.

John Vyn, Jr., of Grand Haven, a member of Company L 126th infantry recently went through his greatest adventure on the battle front when the American troops drove the Germans out of the Rheims-Soissons sector. His letter to his father John Vyn tells the story in an interesting manner.

My Dear Dad—I have not been able to write a single letter the past few weeks. So think I had better do so at once. When we came out of the sector we had been occupying since last May we all thought we were going out for a divisional rest. We soon found out that the place we were being sent to meant a long rest at that.

Well they shoved us in during one of the closing days of July. The Germans were putting over an awful artillery fire and it was night before we were able to get to the front lines, just a few hundred feet away. We laid in the valley all night under a hail of bullets. Just at daybreak we were ordered to drive the Germans off the hill top. It was the prettiest sight, Dad, I ever saw. Wave after wave of the bravest men that ever lived went up that hill under one of the worst machine gun fires and artillery shelling that was ever thrown on troops. I was in the first wave, and on reaching the top of the hill ran plump into a machine gun nest.

I took two prisoners and brot them to regimental headquarters. They were the only ones we took after that. We took the hill but the Huns' counter attack drove us out. We did not have enough machine gun ammunition to hold it. When it did come up we went after them again and kept after them. We drove them 35 kilos in five days and nights with hardly any fighting. All that time about five days, our kitchen couldn't catch us. We had little to eat and as we had thrown off our packs we suffered quite a bit from the rain and cold nights. We did not care because we were beating them back. I got to the river on the 8th day and here they were trying to make a stand. They shot over gas and everything they had. A big one landed right close to me and I guess it upset my nerves. I also got a little gas and am now in one of those fine base hospitals we have over here.

They sure do treat us right. We couldn't get better care if we were in our own homes. So don't worry. I will be better in a few weeks and get back at them. I have not received my mail for over a month. Neither have I received any paper for three months. Write to me at my old address and Mike will forward it to me here. Best to all.

BUD VYN.

Fortunate is the farmer this fall who did not cut down his apple orchard but rejuvenated it or planted a new one a few years ago; for the crop is well toward an average one and the price is well up in proportion to other prices while the cost of production was not materially increased.

## BEST LAND IN MICHIGAN SELLS FOR A SONG

The list of Allegan County real estate transfers chronicles the selling of a 240 acre farm with buildings in Overisel township for the sum of \$1,000. The sale is made by Gerrit Van Peters and wife to James and Gustavus Van Peters. In all Michigan no better farm land is found than that lying in Overisel township.

As a proof of this we need only point to a score of retired Holland citizens who made their pile on a fertile Overisel farm.

Henry Van Ark and Jacob Dekker attended the Grand Rapids fair today. General Foch might well say to the worried Hun "We'll fight it out on this line if it takes all winter."

## BIG "PROGRESS CAMPAIGN" TO BE LAUNCHED

### DEPUTATION OF SPEAKERS TO ADDRESS REFORMED CHURCH ES TOMORROW

Will Explain How Five Year Program Made By Synod Can Be Achieved

A big "Progress Campaign" is to be launched in Holland and vicinity including Zeeland and the surrounding communities, tomorrow when a conference will be held in Third Reformed church in the afternoon and closing with an inspirational meeting in the evening. The meeting is in response to a plan made by the general synod of the Reformed church at its last meeting, known as the "five year progress campaign." The aims of the five year campaign are placed under ten heads: to double the church membership, to secure one candidate for the ministry in each church, to provide efficient training for S. S. teachers, to organize young peoples' societies into training classes for Christian service, to get every member to become a subscriber or reader of one of the Reformed church publications, to organize a men's missionary committee in each church, to enlist every woman in a woman's missionary organization, to adopt systematic and proportional giving, to contribute pro rata to all denominational boards, to render efficient community, national and world service.

How all this is to be brought about in the Reformed churches in Holland, Zeeland and the surrounding communities will be explained by a deputation of speakers who are making the rounds of Reformed churches in America. They are: Miss E. P. Cobb, corresponding secretary of the Woman's Board of Foreign Missions; Mrs. J. S. Allee, corresponding secretary of the Women's Board of Domestic Missions; Mr. F. M. Potter, associate secretary of the Board of Domestic Missions; Mr. W. T. Demarest, office secretary of the Board of Domestic Missions; Rev. J. G. Gebhard, D. D., secretary of the Board of Education; Rev. E. G. Meury, D. D., pastor Knox Memorial church, New York City; Rev. Abraham Durjee, educational secretary with the Board of Publications and Bible School work; Rev. W. S. Noble, pastor in Jersey City.

In the afternoon tomorrow there will be a general conference at two o'clock in the Third Reformed church, with separate meetings for men and women. This will be followed by a conference in Bible School work at 3:30, and at 4:30 there will be a conference on young peoples' work. In the evening there will be a general inspirational meeting in Hope church.

## CHOIR ENTERTAINED BY CONSISTORY

### MEMBERS ARE GIVEN A FISH SUPPER AT GRAND HAVEN

The members of the choir of the 3rd Reformed church had the time of their lives Tuesday night when they were entertained with a fish supper at the Hotel Gildner by the consistory of the church on behalf of the congregation. A company of 35 persons made the trip in seven automobiles. At the Gildner they were royally entertained. The usual speech making was dispensed with and all indulged in a general good time.

The entertainment was partly in honor of the recent entry upon his 25th year of service by John Vandersluis as choir leader of this choir and partly in recognition of the good work that this choir has done. The entertainment was provided under the personal direction of Wm. Vander Ven and W. E. Vander Hart of the consistory.

## LIBERTY LOAN PLAN IN OTTAWA IS PRESENTED

### DETAILS ARE GIVEN BY WAR BOARD AS TO WHAT IS EX- PECTED OF EACH PERSON

All Subscriptions From True Americans Will Be Volunteered This Time

Following are the details of the Volunteer Liberty Loan Plan adopted at the War Board meeting in Grand Haven for the whole of Ottawa County. Every American in South-eastern Ottawa is asked to read this plan carefully so that he may know what his duty is in the Fourth Liberty Loan. Voluntary Plan as Adopted By Ottawa County War Board

At a meeting of the School District, Ward, and Township War Boards held at Grand Haven September 14th, the following Voluntary Plan of making subscriptions to the Fourth Liberty Loan was adopted. This plan is based upon the theory that it is the absolute duty of every man and woman who is able to do so, to not only subscribe voluntarily and without being solicited but to subscribe to the limit of their ability. Whoever does less than this is a slacker and not supporting the Boys "over there" who are giving their lives.

### Publicity

Beginning Sept. 16 and up to Sept. 28th the date upon which the taking of subscriptions will begin, a thorough publicity campaign will be carried on in the way of public meetings, circulating literature, etc. Let everybody assist this publicity by taking the plan to their neighbors and friends.

### Subscriptions

On Saturday afternoon and evening September 28th the War Board in every School District, Ward and City will be at the School House in the rural districts and at conveniently located booths in the cities for the purpose of receiving these voluntary subscriptions. Every school district and city will be allotted an amount of the bonds which must be subscribed for in that district or city. Everyone who voluntarily makes his or her subscription at this time, will be given in addition to their Liberty Loan button, a tag or emblem which they are requested to wear throughout the campaign indicating that they have voluntarily made their subscription and performed their duty as American citizens. War boards however are warned not to give the voluntary emblem to those who subscribe for less than they should. After Tuesday, October 1st, no voluntary emblems will be given to subscribers. Supplies and subscription blanks will be mailed to each chairman of the school district boards together with instructions. An honor roll containing the names of those who have volunteered their subscriptions will also be posted in every school house.

### Checking Up

Not later than Tuesday, Oct. 1, all voluntary subscriptions must be forwarded to Liberty Loan headquarters either at Holland for the southern half of the county or Grand Haven for the northern half. These subscriptions will be credited to the various school districts and entered upon the cards of the persons making the subscriptions. The headquarters have a card for every business man, farmer and wage earner in the county together with their residence, some definite information as to their worth and earning ability. On this card they are keeping a record of what each individual is subscribing to these various loans and also their subscriptions to the other war activities.

### Slackers

After checking up these subscriptions a list will be made of those in each school district and city who have not subscribed and they will be visited by a committee to find out why they have not done so. A list will also be made of those who have subscribed for less than they should and they will be visited. Pressure of all kinds will be brought to bear upon these slackers to do their duty as American citizens even if necessary, to the publishing of their names as slackers.

### Speakers and Workers

Speakers are urged to submit this plan in detail at all the meetings which they address. Present to them in an emphatic way the honor that it is to voluntarily do their duty, and the disgrace of having to be forced to do so. Workers are urged to use no opportunity to spread the gospel of the plan. Urge everybody to be 100% American by voluntarily doing their duty.

### KNICKERBOCKER HAS NEW PLAY

Manager Ogden says this is surely a Knickerbocker year, as every attraction has done record business—even pictures alone getting their share. He thinks he has hit upon a combination now that is going to please every one—both lovers of the spoken drama and the photo fan. Starting Friday, Leona Fendell and her players will open a repertoire of high class Royalty plays, starting with "Bought and Paid For." In addition to the stock company, a big feature will be run. The prices will be 10, 20 and 30 cents. Matinees every Wednesday and Saturday. The Fendell stock company comes directly from the Majestic at Boston where they have been for 37 weeks. This combination ought to give the Knickerbocker a full house every night.

Mr. and Mrs. John Van Nuil are visiting at the State Fair today.

## You May Buy Pure Wheat Flour

Some have attempted to interpret the Food Administration Regulations as forbidding the use of pure wheat flour by the housewife. No such interpretation was intended.

If you will write the State Food Administrator at Lansing and inquire about this he will tell you it is just as proper and just as patriotic to buy and use your wheat flour and your wheat flour substitutes separately as it is to buy the mixed flour.

Certainly no true American would so unfit himself or herself for American citizenship as to use the wheat flour and not use the substitutes.

That would be treason and the very lightest penalty should be expulsion from this blessed Land of Liberty.

We have faith in the loyalty and patriotism of the American people, and so has the Food Administration, so that we have permission to continue to make

## Lily White

"The Flour the Best Cooks Use"

A pure 100% wheat flour without any adulteration of any kind, and you have permission to buy it.

The Government has required all mills to make a higher extraction of flour from the wheat which is a wise and conservative measure.

But the quality really has not been impaired. The color of the flour is a little darker than that made from the lower extraction or pre-war flour.

However, every atom of LILY WHITE is splendid flour, and bakes deliciously flavored, light, flaky biscuits, pastries and bread. You will be delighted with it.

By all means use all your substitutes; every ounce, and economize in the use of wheat flour.

If you are not going to live up to the Food Administration Regulations don't buy LILY WHITE. It's too good for slackers. It's made for Americans.

## Splendid Chance for Young Men High School Graduates 18 to 21

Winning the war is our most important business. With this end in view the government is drafting all young men between the ages of 18 and 21. By next summer we shall have an army of from four to five million men. To command these men 15,000 additional officers will be needed.

## YOU ARE OFFERED \$30 PER MONTH, BOARD, UNIFORM, AND A YEAR OF MILITARY and ACADEMIC INSTRUCTION

The government offers high school graduates (boys) \$30 per month in cash, free board and lodging, free uniform and equipment, free tuition, free medical attention, drill under an army officer, a running start toward leadership or selected service.

## WESTERN NORMAL AT KALAMAZOO IS ONE OF THE SELECTED SCHOOLS

which has been chosen by the authorities for the training of boys enrolled in the Students' Army Training Corps. Any young man between 18 and 21, who is a graduate of a high school, is eligible to this training and if he passes the physical examination, is at once inducted into the S. A. T. C. and is under the control of a military officer of the government. He must live at the place designated by the government and is at all times subject to military command like soldiers in U. S. military camps. He will receive eleven hours of military training, two hours of military theory, and fourteen hours of recitation work per week. Of this recitation work, a three-hour course in War Aims and purposes is required. The remaining eleven hours will be elected from the following list: Accounting, Astronomy, Bacteriology, Biology, Chemistry, English, Geography, Geology, Government, History, Hygiene, International Law, Mathematics, Mechanical and Free Hand Drawing, Meteorology, Military Law, Modern Languages, Physics, Psychology, Sanitation.

## RUMOR OF LOCAL MAN'S DEATH IS UNFOUNDED

A rumor spread about the city Tuesday that Henry Woodstra, better known in Holland as "Dutch Hank" had fallen in action in France. It was said that a message to this effect had been received here by friends. Careful investigation has not substantiated the rumor. "Dutch Hank" while still in civilian life boarded with the family of Mrs. B. Vander Meulen on Michigan avenue but that family has received no notice. Hon. L. Lucius who has power of attorney for Woodstra also has received no information of an official nature. Where the rumor started is impossible to say. So far as known officially the report is without foundation.

Similar wild rumors have been circulated about other Holland boys during the last few days. Last Saturday the report spread that a certain well known young man from Holland had been killed in action. It was repeated by many persons who of course accepted it as the truth, since they had no reason to believe that it could be faked. In a short time it gained considerable currency, but the most careful investigation failed to show any truth in it.

Because of these and similar cases brought to light recently it is beginning to look as if someone is engaging in rumor mongering for the sake of keeping the people on edge and thus lowering their morale. It is barely possible that the cases cited are the result of innocent misunderstandings,

but if much more of this kind of thing develops in Holland it is likely that some action to stop it will be brot forward.

### FIGHTS TUBERCULOSIS

#### WITH HIS PEN

Arnold Mulder has been appointed editor-in-chief of the official magazine of the Michigan Anti-Tuberculosis association. W. B. Cooper, executive secretary of the association, will be associated with him in the work. Radical changes are to be made in the character of the publication. The magazine is to be popularized and is to become the organ of all health workers in the state. The name will be changed from Official Bulletin to something that will better describe its character. The name tentatively adopted is Michigan Out of Doors.
