LIKE HOLLAND, BATHING IN LAKE MICHIGAN FINE IN GRAND HAVEN

LOCAL MERCHANT SELLS OVER COATS AND BATHING SUITS SAME DAY

The phenomenal feature of the present day unusual weather conditions have changed an otherwise bleak September into a regular resort season.

Holland's bathing houses have been opened continuously with fine patronage.

Sunday there were more bathers at Macatawa, Ottawa Beach and the resorts directly north than were seen at any time during the summer.

Grand Haven closed its bath houses with the closing of Highland Park hotel, but was forced to open them again because of the unusual demand for bathing privileges.

The temperature of the water of Lake Michigan has been ranging around the 72 mark which is warmer than at any time this summer.

Dick Boter of the P. S. Boter Co. stated this morning that Saturday he had a sale on bathing suits and overcoats at the same time, and while overcoats did not go as well as the bathing suits upon which he did a land office business one customer took time by the forelock and purchased both a bathing suit and an overcoat.

Mr. Boter stated that as a rule the sale on overcoats at this time of the year is very brisk.

E. S. Holkeboer underwent a serious operation for appendicitis at the Holland Hospital Saturday morning.

COWS DRINK PAINT; FOUR OF THEM DIE

SIGN PAINTERS LEAVE PAINT UNDER SIGN OVER SUNDAY

Thirteen Cows, All of Blooded Stock Become Violently Sick; Does It Pay to Advertise?

It does not pay to advertise, at least that will be the opinion of Ed Nagelkerk who owns a farm on the East Limits of Zeeland.

Sign painters on Friday and Saturday had been erecting large signs on the farmers' property for the reason that the State Highway department has forbidden to have them placed along the public highway.

The sign painters after knocking off work Saturday evening left their paint pails, still containing a small quantity of paint alongside the sign boards.

Ed Nagelkerk turned loose sixteen head of cattle of expensive Holstein breed into the field upon which the signs were placed. The inquisitive cows spied the paint pails and all went on a paint jamboree Sunday.

The result was that Monday morning three of the cows were found dead in the pasture and another one died this morning.

The remaining thirteen were violently ill, but are slowly recovering. The stock was a lot highly prized by the entire neighborhood as being of exceptionally fine high bred quality.

The record of some of the dead cows as milk givers was sixty pounds or thirty quarts a day.

DOLLAR DAY THIS WEEK THURSDAY, SEPTEMBER 30

HOLLAND BUSINESS MEN REALIZE VALUE OF A SQUARE DEAL AND WILL GIVE IT TO CUSTOMERS

Make Out Your List From the Advs. Appearing in The Local Press

There is going to be held in this city one of the largest Dollar Days ever pulled off in Holland, the date being Thursday, September 30. This means that the city folks and farmers, from far and near are going to attend a sale of good unheard of bargains in Holland since the war began or ended. For that reason they are doubly sure of coming—men, women and children—from Otsewa and Allegan counties who will take advantage of the wonderful dollar day bargains which will that day be offered by the merchants of the city. This will be the fifth semi-annual offering of special dollar bargains, and nearly every business institution in Holland is putting forth every effort to present articles of every description at specially low prices.

Business men of Holland realize the value of square dealing; they appreciate the fact that they enjoy the reputation of selling better goods at a lower price than is done in many of the surrounding places; they are endeavoring to make the people of the agricultural and urban districts alike feel there are mutual interests to be derived by promoting a healthy, congenial feeling between farmers and city men.

A survey of the advertising columns of the local papers this week will show the extent to which the Holland merchants are striving to make it worth while for you to come here to buy goods. The experiences of purchasers at past dollar day sales are sufficient to warrant a record-breaking attendance Sept. 30 of this week. Persons from Allegan, Fennville, West Olive, Saugatuck and Zeeland, and as far south as from South Haven have been known to come to Holland for the express purpose of availing themselves of dollar day offerings, and these people could not travel those distances without a good reason. It is the careful buyer who spends the most money at these sales. Folks from all the nearby places are always here on these dollar day events.

Look over the advertisements that are printed in the papers, make out an intelligent list for each store in which you expect to do your shopping, come early to the city, and cooperate with the clerks who wait upon you that you may save time for yourself and them. Competent help in all the branches of industry is one of the most serious problems of the present day, and while all the stores will have extra clerks Thursday it will be no easy matter to satisfy the desires of all visitors. Keep the date in mind Thursday Sept. 30, and COME TO HOLLAND.

SIX ARRESTED FOR RIDING ON RAILROAD RIGHT-OF-WAY

STATE LAW PROHIBITS BICYCLE RIDING ON RAILROAD PROPERTY

Yesterday Pere Marquette Detective Ben Haven arrested six Holland citizens for riding bicycles on the railroad right-of-way.

It has been customary to ride between the rails between the depot and Waverly.

"Bike" riders have become so thick and have become so troublesome around the depots and on the right of way that the company decided to put a stop to it under the state law.

For that reason the detective arrested Ida Pandonoris, John Pandonoris, Henry Pandonoris, John Van Nuil, Walter Kruithoff and Gerrit Hyboer, each paying \$5 in Justice Van Schelven's court.

The railroad company takes the position that they are protecting the bike riders against their own folly. They have no business on the right of way, an either being there is a clear case of trespass. Should any of them be run down, as a rule the company is forced to fight them for a damage suit for death or accident when in reality they were in a place where they had no business.

Either riding or walking on a railroad right of way is a violation of a state law enacted for the benefit of persons who are foolhardy enough to use it as a public highway.

James DeYoung of the Home Furnace Co. was in Chicago on business for the past few days.

John Vander Heide arrested for violation of the probation law drew a sentence of sixty days in jail and must pay a fine of \$200 and costs.

DROWNED COLORED MAN NOT PUT IN POTTERS' FIELD

EMPLOYEES OF THE G. & M. BOAT COMPANY RAISE FUNDS FOR BURIAL

A Negro Funeral Was Held in the City Last Saturday

The bodies of the two unfortunate colored boys who were drowned at Steep Point near King's dock on Thursday have received a decent burial. The body of Nathaniel Ranzo, was taken to Chicago, where relatives claimed it, but no one, even his mates seemed to know who R. Murray, is, who before his death was one of the mess boys on the boat. Not even his bunk mate would vouch for his exact name, and furthermore no one laid claim to the body, and consequently interment would have taken place in the Potters field in the local cemetery.

The colored colony on the boat got together and raised a purse so that another one of their number might be given a respectable funeral and enough funds were gotten together to make this possible.

Rev. Fleming of the M. E. church was in charge of the services which were held at the Nibelink undertaking parlors.

Colored gentlemen from the boat acted as pall bearers and the ladies also colored, furnished the solemn music on this occasion.

The body was interred in Pilgrim Home cemetery and a suitable marker will head the grave.

A peculiar incident connected with the funeral services at the burial ground was the negro song service participated in by the men and women which apparently is a southern custom.

Rev. Fleming had pronounced the last rites over the departed and was about to leave the grave, when unexpectedly a song service was started and the Holland divine, besides some spectators bowed their heads in reverence until this unusual departure from the Holland way of doing things was over.

After all was over the colored crew again went to the Chicago boat and things are going on again as if nothing had happened.

HOLLAND FURNACE CO. OPENS NEW FOUNDRY AT HOLLAND

The new addition to the Holland Furnace Co's plants, which is to increase the production of the factories 60 per cent, is now near completion and it is expected, according to A. H. Landwehr, treasurer and general manager of the company that it will be in operation about Nov. 1.

The addition is to be a foundry. The additional labor requirements will be large.

FORMER HOLLAND MAN LIGHTS ON 8TH STREET LIGHTING

SAYS HOLLAND HAS EVERYTHING ELSE TO BOAST OF BUT 8TH STREET'S A DARK HOLE

Fred Yonkman, formerly a Holland boy, now a big business man in Minneapolis, returned Sunday after a week's visit with his father. Mr. Yonkman states that during his absence many substantial changes have been made in the city, and Holland looks mighty good to him as a substantial growing business town.

Said Mr. Yonkman, "There is one thing I noticed in your city, however, that is giving you a black eye, and that is the lighting of your business streets. Actually River and 8th street are the most poorly illuminated streets that it has been my privilege to find, in all my travels thru the United States and that has been from coast to coast."

"Your back streets are much better lighted than your principal streets and it really seems a shame that the nice wide and long street from the depot to the boat dock is not a white way instead of a dark hole. Surely from the depot one wouldn't know there was a city."

"The depot and surroundings are surely not very prepossessing."

Aside from the lighting Holland has about everything to boast for and nothing to be ashamed of. I am proud of my birthplace."

Incidentally while Mr. Yonkman was here a family reunion was held Sunday at the home of Mr. and Mrs. Cecil Huntley, West 14th-st., where the birthday anniversary of Martinus Yonkman, who is 82 years old was celebrated. Those present were

Mr. and Mrs. J. P. Wall of Kalamazoo, Fred Yonkman of Minneapolis, Mr. and Mrs. A. H. Meyer of Holland, Mr. and Mrs. William Clock of Otsego, Mr. and Mrs. Cecil Huntley and Mr. Martinus Yonkman in whose honor the gathering was held.

You Make No Mistake When You Try BOTER'S First

BOTH BODIES OF DROWNED BOYS ARE LOCATED

Both bodies of the two colored lads who lost their lives at Steep Point near King's dock have been found. George Bender and Arnold Newsen recovered the first body, within three quarters of an hour, and Deputy Game Warden Homkes and Jack Wagner found the second body an hour and a half later. It had lodged in a hole not far from where the boy went down.

Acting Coroner J. Den Herder did not consider an inquest necessary, but he told the employees of the Graham & Morton Co., where the two young men were employed, to make every effort possible to locate the parents of the two young men. In the meantime the bodies are being held in the Nibbelink morgue, awaiting the return of the boat Saturday, when it will be known whether the parents live in Chicago or not.

If relatives cannot be found, no doubt the bodies will be buried in the Potters' field in Pilgrim Home cemetery.

The coroner had considerable difficulty in finding out the names of the two young men. The names finally given, which the members of the ship's crew say are not certain of being correct are Nathaniel Ranzo, 18 years, and R. Murray, 17 years.

One was a pantry boy and the other was a mess waiter on the Steamer "City of Grand Rapids."

Bud Thomas, another colored boy, said that he, together with the unfortunate lads and several other negroes, had gone in swimming and that while he could swim and was in advance of the others the other two were following him, and he told them to stay back if they could not swim.

The warning came too late, however, as Murray had gone beyond the "steppoff" at that point and Ranzo endeavored to save him and in the struggle both went down together before Bud Thomas could reach them to give aid. The two unfortunate boys did not come to the surface until brought up by the dragging crew under the supervision of the Holland police.

"HE KEPT US OUT OF WAR" DOES NOT GO WITH ALBERS

The Grand Rapids Herald of Friday contains a cut of B. J. Albers of Holland, formerly of Overisel, who came to re-register with City Clerk Overweg at the city hall as is required by law.

Said Mr. Albers, according to the Herald: "I voted for the fellow who was going to keep us out of war last time, but never again."

"I was a republican but I voted for Wilson because he said he was going to keep us out of war," exclaimed Mr. Albers. "But this time I don't take any chances. I vote for Harding."

Mr. Albers is 71 years old. He owns two farms in Allegan county and operates warehouses at Fillmore.

SAUGATUCK CAR WAS SMASHED AT ZEELAND

While Mr. and Mrs. Edward Lawn of Saugatuck were on their way to the West Michigan State Fair at Grand Rapids, Thursday morning, driving a Ford touring car, they were struck by an east-bound interurban car on the Colonial avenue crossing in Zeeland. They had approached the crossing when they saw the car coming toward them but could not stop quickly enough to avoid the collision. The Ford was struck by the interurban "amid-ship" and dragged several feet before it was disengaged. The damage done was a busted radiator, busted lamps and fender, and bent chassis. Neither Mr. nor Mrs. Lawn were hurt. In the mistaken idea that Wentzel's hill was still closed they meant to go by the way of Boreylo but turned north on Colonial avenue instead of State street.

PROPOSE TO MAKE THE FRESHIES TOE MARK

Freshmen at Hope college will be forced to toe the mark if the code of rules drafted by the student council and sanctioned by the president are adopted by the student body.

The rules forbid any member of the class to be out after 11 o'clock at night; no member will be permitted to take out upper classmen or women; the athletic field must be kept clean; smoking is forbidden; the men must wear bow ties and each woman must wear green ribbon in her hair every Monday when she appears on the street. If the rules are adopted they will be effective until the Thanksgiving recess.

THE UNIVERSAL CAR

REDUCTION IN PRICES OF FORD CARS

THE WAR IS OVER AND WAR PRICES MUST GO

Effective at once, Ford cars, trucks and tractors will be sold F. O. B. Holland at the following prices:

Touring Car with starter	\$559.24
Runabout with starter	512.38
Coupe with starter and demountable rims	803.93
Sedan with starter and demountable rims	856.00
Ton Truck with pneumatic tires	586.69

The Ford Motor Company makes this reduction in the face of the fact that they have on hand immediate orders for 146,065 cars and tractors. The Company will suffer a temporary loss while using up the material bought at high prices.

They are willing to make the sacrifice in order to bring business back to a going condition.

Henry Ford says. "The war is over and it is time war prices are over. There is no sense or wisdom in trying to maintain an artificial standard of value. For the best interest of all it is time a real practical effort was made to bring the business of the country and the life of the country down to a regular pre-war standard.

"We are at your command with readiness and eagerness to fill your orders."

Zeeland has again discovered two new water wells that will supply the city with an abundance that will last for many years to come if Zeeland don't grow any faster than it has in the past few years. The Zeeland Record editor is in the seventh heaven of delight because of the new discovery and cannot refrain from twitting this paper on the strength of it, mildly admonishing us for backing up Holland's water supply, which the editor of the Zeeland sheet has repeatedly dubbed as "surface water" wells. We are satisfied with the Holland brand, however.

City Clerk Overweg received word from his son who is a private in the U. S. Army at Camp Custer that his company will sail from New York City to the Panama Canal Zone on October 5.

Mr. and Mrs. William Jeffers of Kalamazoo announce the birth of a son, Clarence Irvin on Sept. 2, 1920. Mr. and Mrs. Jeffers were formerly of Holland.

Capt. Henry Geerds of the American Legion left Saturday for Cleveland, Ohio, where he will be a delegate to the National convention. City Treasurer Geerds was chosen a delegate at the state convention held at Saginaw a few weeks ago.

Farmers in the vicinity of Hamilton have started to pull and ship their large onion crop. Record yields are being reported and large profits are being made. The celery crop also is in excellent condition and a bumper crop is expected.

On behalf of the Hollanders and their schools on the West side of the state, the law firm of Diekema, Kollen & Ten Cate, of Holland, have filed a brief supplemental to that of the attorney general's department, in the mandamus case, now pending in the supreme court, which involves the proposed amendment to the state constitution which would go away with all private and parochial schools.

A farm tractor saved the day for the Fennville Canning Co. last week. With everything going at breakneck speed and \$12,000 worth of peaches in the process of canning something went wrong in the engine room and everything stopped. Aware of what a shutdown for 24 hours would mean at such a critical moment Superintendent Dan Junker hurried to an agency and secured a tractor. An approach was built to the building and the tractor entered and was squared away for business. Blocks, tackles and pulleys were speedily constructed and the tractor hooked on.

The machinery of the whole plant started at work and now three lines of belts are operating and the 200 employees of the factory are preparing more peaches for canning with a prospect of the tractor furnishing power for a few more days. The Western Michigan conference of the Methodist Episcopal church closed the first of last week after the appointment of ministers had been made. Rev. H. L. Potter was returned to Allegan where he has done excellent work during the past two years. Other appointments in Allegan county are, Sidney Catherman, Bloomingdale; Selkirk Sprague at Bradley and Salem Indian mission; R. E. Yost, Fennville; C. W. Miller, Ganges and Glenn; M. D. Carrel, Gobleville; C. J. Kendall, Hopkins; W. T. Hill, Lacota; N. P. Brown, Martin; G. E. Wright, Otsego and Trowbridge; C. S. Risley, at Plainwell; C. B. Millar, Saugatuck; J. B. Peatling, Casco; W. M. Puffer, superintendent.

The W. C. T. U. entertained the teachers of Holland Friday from 3 to 5 in the parlors of the First Reformed church. After a short business session, delightful refreshments were served. It is the desire of this organization to co-operate with the teachers in every way possible for the betterment of the boys and girls of Holland.

The teachers of the city were entertained Friday evening by the Epworth League of the Methodist church. A program of fun was provided and enjoyed by all. Participants in politics as an organization but it feels very strongly that the individual members should take an active part in politics as American citizens. It is believed that the national organization will take some such stand as that.

The question of the Americanization of immigrants will also be discussed. The local Post has taken a considerable interest in this, and so has many another Post. It is proposed to form a strong bureau whose duty it shall be to meet all immigrants and direct them into the right channels on their arrival in America with a view of helping them to become good American citizens.

It is expected that the American Legion will also take a definitely anti-militaristic stand, declaring in favor of small standing army and also some form of citizen army, like the National Guard, which will not withdraw the men from industry.

FORMER HOLLAND MAN IN BAD AT GRAND RAPIDS

Grand Rapids Press—William Van Oort was arraigned Monday before United States Commissioner O. E. Waer for alleged violation of the federal prohibition act. He denied having sold liquor to federal agents, but was bound over to the grand jury under \$200 bail. Two empty mail sacks found on Van Oort's premises at the time the raid was made were ordered returned to Superintendent of Mails Harry Hadsell.

HOLLAND MAN WEDS ZEELAND GIRL

The news has just been made public of the marriage of Adrian Bernard Bosman, Jr., better known as "Bunk", son of Mr. and Mrs. A. B. Bosman, and Miss Gertrude Boone of Zeeland. The marriage took place last Monday at the parsonage of the Episcopal church at Grand Haven, the ceremony being performed by Rev. du Demayer, rector of the church. It was a surprise marriage, so far as friends of the couple were concerned, only the immediate relatives being in the secret.

The couple will be at home to their friends after October 1 at 111 East 9th street. The groom served in the artillery in France for nearly two years, and is now employed by the De Pree company. The bride is a very popular Zeeland girl.

CRAP SHOOTING ALL TOO COMMON IN HOLLAND

Joe Marrott and Wm. Ross were arrested by Speed Cop Bontekoe for speeding too fast with the "bones." The two men were encircled by a group of admirers and the "sevens come eevens" were distinctly audible to the passersby.

The crap shooters were busy on the Cappon-Bertsch Leather Company scales on West Eighth-st. The next play however was on the scales of Justice before Weighmaster Van Schelven who weighed the evidence and meted out fines of \$5 and costs of \$3.70 or \$8.70 for each. Crap shooting has been the craze in Holland for sometime but offenders are hard to catch.

RESTAURANT ENTERED DURING THE NIGHT

It is a long time since Holland has had a burglary but one occurred between Friday night and Saturday morning. Someone broke into the Van Asselt restaurant on East 8th street located just across from the Pere Marquette tracks.

Thieves broke in at the rear by raising a window with a "jimmy" and Saturday morning the proprietor found several cartons of cigarettes and a quantity of candy missing.

Chief Van Ry thinks that it is a kid job as real "yeggs" would not stop at such loot as candy.

YOUNG MAN GETS TAFT'S SIGNATURE AT LAST

Louis Kamhout of Grand Haven anxiously awaited the coming of former president William Howard Taft. Louis has a collection of autographs of distinguished men, including those of Hayes, Garfield, Cleveland, McKinley and Roosevelt and others of men active in American public life. He has never been able to secure the signature of Mr. Taft, however, and intended to be on hand when the special train bearing the ex-president should appear in the Grand Trunk yards where Mr. Taft was called to appraise the road incident to the selling of the same.

Kamhout corralled the former president, stated his mission and the former chief executive smiling very broadly and patting the young man on the shoulder, wrote his name down below the other men who had gained fame in public life.

JUDGE CROSS HAS SENTENCE DAY IN CIRCUIT COURT

Monday was very blue for some of the Ottawa county offenders, many coming from Holland.

Henry Alderink, Claude O'Connor, Barend Achterhof, and Clarence Olin who were sentenced for stealing muskrat skins of Mr. Kleis of Holland, and selling them to J. W. Fiehlman, the furrier, last February were given \$25 fine and \$5.85 costs each and were put on probation for two years with instructions to report at intervals to Chief of Police Van Ry.

Andrew Regenerus who pleaded guilty to statutory rape was given from one to five years in Ionia, the judge recommending one year. Regenerus inveigled two little girls of 12 years of age into a corn field east of the city and when he attempted to accost one of them the other one cried for help and the man escaped, and was later caught by the Holland police department.

Nick Fitzgerald of Conklin was given \$100 fine besides thirty days in the county jail for violating the liquor law.

Albert Scholten of Holland pleaded guilty to indecent exposure and was fined \$50 and costs and was placed on probation for two years.

Louis Hill and Ester Avink who lived on East Eighth street who pleaded guilty to an adultery charge were fined respectively as follows: Hill \$50 and costs; Mrs. Avink \$25 and costs. Both were put on probation for two years.

John Velthuis who was convicted on a charge of felonious assault was compelled to pay the costs of \$51.60 and languish sixty days in the county jail. Velthuis had struck John Maat, a neighboring farmer over the head with a club. The quarrel began because some cattle had strayed in the field of one of the men, and had done some minor damages. Both parties live in Grand Haven township.

Earle Addison, a colored waiter, at Highland Park hotel, was sentenced to 6 months in Ionia. Addison had stolen from a room-mate's wallet some \$150 and had wired the money to his best girl in Mobile, Ala. At the time Deputy Sheriff De Witt had intercepted the telegram and prevented the money from going to the woman. In the meantime, Addison was arrested, pleaded guilty and will serve six months in Ionia.

BOULEVARD LIGHTS WERE BURNED FOR THE FIRST FRIDAY NIGHT

The Winstrom Electric Co. has installed six large standards around the First State Bank of Holland, and the lights in these were turned on for the first time Friday evening.

There are five large white globes on each standard, which would make 30 lights in all circling this banking institution.

The new Holland-City State bank has also left an order with this same local company for six standards to surround that bank. These will be installed in the very near future.

The Strand theater will also install two shortly and when these are all installed and in commission our citizens will appreciate what they have missed when they turned down the boulevard lighting system some eight years ago.

This beginning, however may plant the seed for a general electrification of Holland's principal streets very soon.

Let us hope so, for in this particular thing this city is way behind

Gibson, the beautiful resort located about eight miles southwest of Holland is booming. Within the past few years Chicago capitalists have purchased fruit farms, built homes and are making their permanent residence there. Two new houses are being built by C. B. Bolles and the schoolhouse soon will be enlarged as many of the pupils are obliged to sit on drygoods boxes owing to the congested condition.

Tentative plans have been laid for the erection of a playhouse, two stories and basement, 24x28 for social gatherings and amusements. D. E. Felt, who recently purchased a large tract of land, has started the building of a new road from the West Michigan Pike through his property to Lake Michigan. The township supports an interdenominational church and a general store keeps the people in supplies.

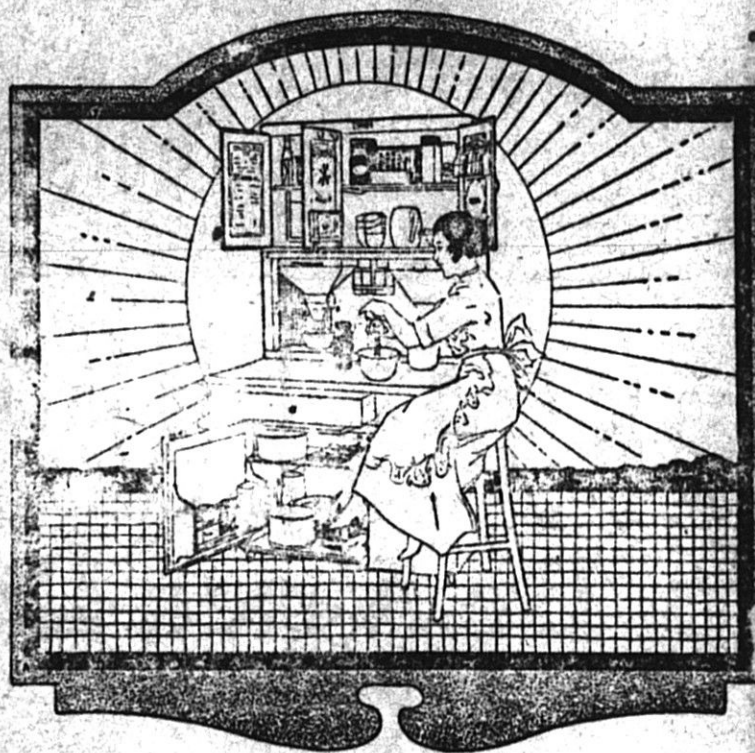

Mrs. George Kamps, 29, Zeeland, received a fracture of the rib and is believed to have suffered internal injuries and her husband was severely cut about the left arm by flying glass, while Mrs. Jacob Kamps was bruised when an automobile driven by M. H. Friedrich of the Fredrick Music House collided with the Kamps car at Crescent-st. and Ionia avenue in Grand Rapids.

PUBLIC MISTAKEN ABOUT THE PRICES OF NEW HOUSES

There is a mistaken impression in Holland about the price of the new homes that the Holland Home Building Association is erecting. A great many rumors have been going the rounds that the houses will sell at prices that are out of all proportion. The prices have been gradually assuming larger figures so that soon they will be away out of reach if they keep on growing.

The Home Building Association Monday issued a statement of fact to meet these vague rumors. The prices of the fifteen houses now being built range from \$4,200 to \$6,000. Some houses are \$4,200 others \$5,200, \$5,500, \$5,800 and \$6,000. The difference in cost is because of difference in size and location.

All the houses are now so far advanced that a good idea can be formed

of what they will be like. Within 30 days it is expected that all will be completed. The Home-Building Association estimates that not one of these houses could have been built by an individual builder for less than \$700 more than is being asked for them now.

The construction of the houses is of the best, it is stated. All have full basements, are equipped with a Holland furnace, have complete plumbing systems and all conveniences.

Most of them have Kellystone exteriors, and all the two-story homes have oak floors. The houses are built in the most desirable locations that were available at the time, the association having selected the locations with extreme care.

The houses will be sold to the general public and opportunity is now given to purchasers to secure them. The Home Building Association is offering terms to suit the convenience of the purchasers.

A. J. Klompars of Hamilton, claims to be the champion tomato grower of that vicinity. Klompars claims that he had a record crop of tomatoes, some of which weighed two and a half pounds and are capable of filling an ordinary quart fruit jar.

Rev. R. Bolt of Graafschap has received a call to the pastorate of the Christian Reformed church at Bigelow, Minn. Rev. W. D. Vanderwerp of Drenthe has declined a call to Spring Lake.

The fruit can famine that hit Holland and all the surrounding places the latter part of last week was somewhat relieved on Saturday afternoon when a carload of fruit jars arrived at the Standard Grocer and Milling Co. plant. This concern lost no time distributing the precious fruit jars to their customers, since people all over the city were clamoring for them to save the fruit they had purchased.

FRESHMEN WIN TUG OF WAR ACROSS RIVER

The annual "tug of war" which is the center of interest at Hope at the beginning of the school year, was waged across Black river, Friday afternoon at the usual time and place. A big crowd was present to witness the event. Both classes were well matched and felt equally confident of victory.

Exactly at 4:44, Athletic Director Schouten gave the signal for one of the most interesting "pulls" that Hope students have ever seen. Expert coaching, and practice on the part of the boys, made it a hard-fought battle from beginning to end. After thirty minutes had elapsed, the pistol sounded the signal for the draw, with neither side showing a preference as to the outcome. Fully four minutes passed, after the boys had left their dug-outs, before the superior weight of the Freshies finally showed any advantage over their opponents. The Sophs then took to the water, and enjoyed the bath like good sports.

Both sides displayed wonderful spirit and pep. The Sophomore girls surprising their classmates, when they appeared in neat little eton jackets.

Martin De Wolf, Bert Van Ark and Evert Flikkens members of the Senior class, coached the Sophomores, while the Freshmen were coached by Gerrit De Jongh, Dyke Van Putten and Mike Schuurmans, members of the Junior class.

MEDIATOR GETS WORST OF DEAL FROM JUDGE

Because he interfered in a "kid" fight and chastised both fighters by a couple of healthy spanks, Ferdinand Berg of Grand Haven, paid a fine to Justice Wachs on an assault and battery charge.

Berg explained to the officers that he found his son and a son of John Martin, a neighbor, engaged in a fight. He stepped in, he says, and gave both boys a spank or two. Martin's father made a complaint and the affair ended when Berg paid \$5.

BEANS CAUSE SUIT IN ZEELAND COURT

In a law suit between John De Groot formerly of Zeeland and Mrs. Minnie Hunderman of Drenthe, the jury found there was no cause for action. The suit was brought by Mr. De Groot to recover on a contract, a sum of money which he paid as part payment for a lot of beans which he purchased from Mrs. Hunderman. When the beans were received by De Groot he claims to have found they were of an inferior quality and that he had not received all the beans he had contracted for, but instead just the money's worth that he had paid for. DeGroot returned the beans, which Mrs. Hunderman would not accept, and demanded his money back which she refused to deliver. The beans were left in the highway near the Hunderman farm and went to waste. Mrs. Hunderman denied De Groot's claims which he failed to substantiate to the satisfaction of the jury. De Groot will appeal to circuit court.

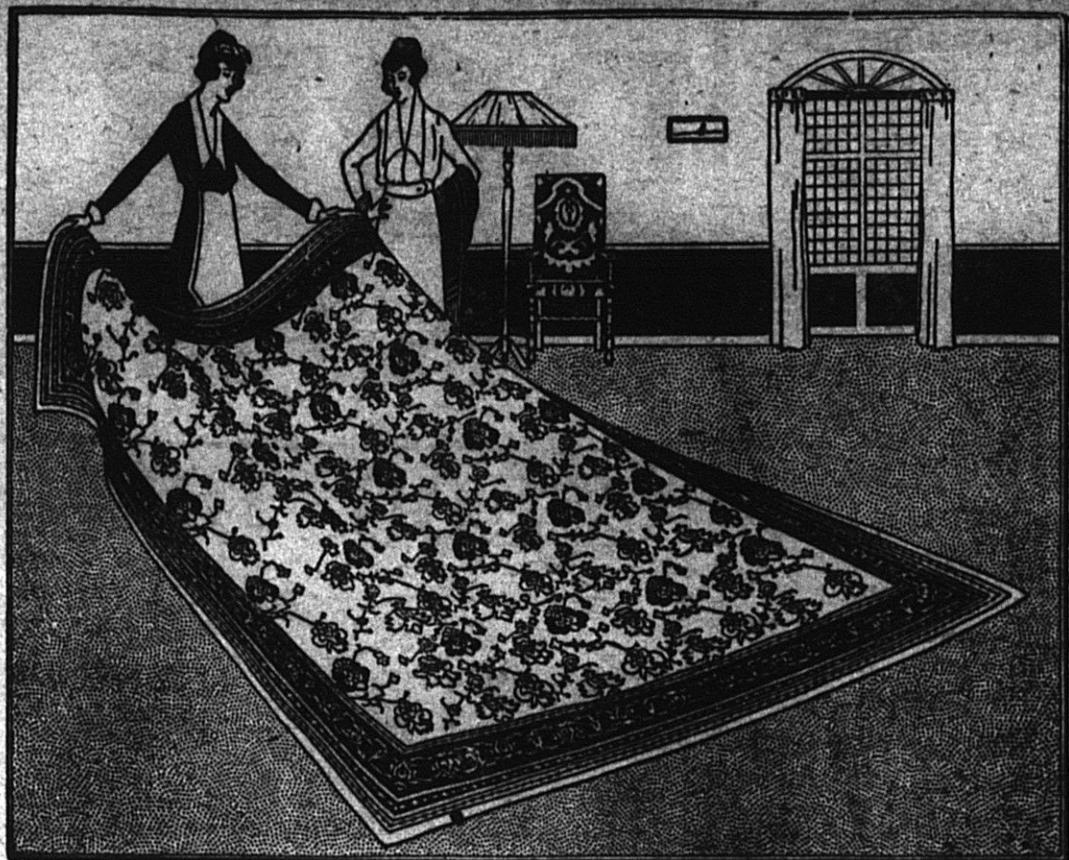

HOLLAND HIT BY FAMINE IN FRUIT JARS

And now with the price of sugar coming down and the price of peaches within reach of everybody, there is a fruit jar famine in Holland and in fact all through this section. As the saying used to have it, "Life is just one thing after another!"

It is claimed to be a fact that not a fruit jar can be bought in Holland, Zeeland, Graafschap, or any of the surrounding towns or hamlets where there is a grocery store. It is further claimed by those who have tried it that fruit jars are not to be purchased in Grand Rapids either, at least not at the places where those who tell the story tried. There are people in Holland who are said to have motored to every store within a radius of 25 miles for the sole purpose of securing a supply of fruit jars but have come home empty-handed.

SHOWER IS STAGED FOR OCTOBER BRIDE

A surprise was successfully carried out in honor of Anna Vander West, by Mrs. C. Hoeland and Mrs. B. Diekema at the home of Mrs. C. Hoeland, 208 Columbia avenue. The evening was delightfully spent with various games. Prizes were won by Mrs. E. Schrottenboer, Miss Julia Mulder and Miss Jennie Kolk. Consolations were won by the Misses Sena Miedema, Catherine Vinkemulder and Elizabeth Van Dornick. Dainty refreshments were served and the prospective bride was the recipient of many beautiful and useful gifts.

**ZEELAND PIONEER
PASSES AWAY**

After an illness of some years duration, Titus C. Van Hattama, one of Zeeland's highly respected citizens died at his home on East Central avenue, Zeeland, at the age of sixty-one years.

Mr. Van Hattama was born and brought up in Vriesland and at the age of 22 was united in marriage with Miss Anna De Vries, when they located on a farm one and one-half miles southwest of Zeeland, where they lived until two years ago when they sold the place and moved to Zeeland.

He is survived by his widow, two daughters, Mrs. Anna Karsten and Mrs. Bertha Derks both of Zeeland; and four sons, Walter Van Hattama of

Lansing; Henry, Charles and Lawrence of Zeeland; and three sisters, Mrs. Simon Lieveense, Holland, Mrs. D. Plasman and Mrs. F. M. Crocker of Grand Rapids.

Funeral services will be held on Saturday afternoon at 2 o'clock, fast time, at the home.

**SHOWS HIS WORK
IN LOCAL STORE**

John Vegter, formerly of Zeeland, now of Grand Haven is displaying in the window of the J. J. Rutgers clothing store a rug that has been partly cleaned by his new process of electric carpet and rug washing. Half of the rug is clean, showing the re-appearance of the original colors, and half is in its uncleared state. Mr. Vegter conducts a carpet cleaning agency in Grand Haven, and he has now established a branch in Hol-

land, being located for the present, at 93 East 14th street.

**FORMER PRESIDENT
VISITS OTTAWA CO.**

William Howard Taft, former president of the United States, and one of the greatest living Americans came to Grand Haven Thursday afternoon and spent an hour or more there. Few people saw the former president during his stay because his coming had not been announced before hand, and his business was rather private than public.

Ex-President Taft did not come

in connection with any affairs of state. In fact the nature of his visit did not seriously touch his native land. He came as a member of the appraisal arbitration party, which is journeying over the entire Grand Trunk Railway system to determine if possible a fair price which the Canadian government should pay the stockholders for taking over the system. Mr. Taft is representing the Grand Trunk stockholders, most of whom reside in England.

The party which was scheduled to arrive there Thursday afternoon at shortly after 3 o'clock travels in a special train of nine cars, sleepers, private cars, diners and offices. The stop in Grand Haven was long enough to permit an inspection of the terminal and the car ferry Milwaukee, which was held in the harbor for that purpose. The party included representatives of the stockholders of the railway system and the Canadian government.

The Misses Esther Fairbanks and Marie Damson left Friday morning for Kalamazoo to attend the Western State Normal.

**HOLLAND POULTRY
MEN WIN PRIZES**

James J. De Kraker exhibited 8 birds at the poultry exhibit at the Grand Rapids fair and he received a prize on every single one. It was a pen of Buff Rocks and DeKraker's winnings were as follows: 1st hen, 2nd hen, 1st pullet, 2nd pullet, 1st cockerel, 3rd cockerel, 2nd cock, 4th cock.

Another Holland man who won prizes with his birds at the Grand Rapids fair was P. Havenga. He received 1st cockerel, first hen, and 5th cock with a pen of White Wyandottes.

Among those from Holland who attended the Republican State Convention at Saginaw are Mr. and Mrs. G. J. Diekema, Mr. and Mrs. Charles H. McBride and Mrs. Martha Kollen.

The total resources of Holland's three banks according to the statements published has reach \$6,039,754.56, the biggest on record. The capital stock of the banks is listed at \$250,000.

Mayor Stephan is in Grand Rapids on business today.

John S. Evans, editor of the Coldwater Sun and Star, called upon the News and Sentinel. Mr. Evans has been the guest of his son Prof. Robt. Evans of Hope College.

John Koning returned from a visit of several days in Chicago.

W. J. Olive was in Grand Rapids today on business.

Blinded by the spot light of an approaching automobile Herman Hartsecker of Pennville drove his machine too near the edge of the road and skidded into the ditch. Hartsecker and two friends escaped uninjured, but the machine was badly damaged.

According to Zeeland's annual appropriation bill \$10,000 is to be expended the coming year for a city hall.

Zeeland is to do some paving the coming season. The sum of \$15,000 has been appropriated by the city to pave Central avenue, and part of the funds will have to be levied by special assessment upon abutting property owners.

Zeeland's city of the dead is assuming larger proportions as Father Time makes inroads upon the populace. The common council has appropriated \$1000 more for the purpose of buying more land near the present cemetery.

Fred Vander Wagon of Grand Haven, charged with violation of the liquor law furnished \$100 bail to Justice Wachs for his appearance on October 11. His examination is set for that date.

Miss Beulah Du Saar, daughter of Mr. and Mrs. D. J. Du Saar of this city left for Kalamazoo where she is taking a course in English at the Michigan State Normal.

Mr. and Mrs. D. J. Du Saar of this city are motoring the Loop in Michigan. They left Saturday for Gr. Rapids and are making Michigan towns in the following order: Kalamazoo, Battle Creek, Jackson, Ann Arbor, Detroit, Mt. Clemens, St. Clair, Port Huron, Saginaw, Bay City, St. Louis, Howard City, Grand Rapids. They will be away the greater part of a week.

James Keefe who left Holland in 1904, and who before that worked in one of the local flour mills and later conducted a coal yard came to Holland from Flint with his son for a short visit. Having been away 16 years he says he saw a great many substantial changes in the city and Holland looks like a different city than when he and his family left some time ago.

HOPE COLLEGE MAY BUILD EATING HOUSE

"Tourist prices" for board charged by Holland boarding house operators may force Hope College to care for its students by the building of a suitable eating house.

Dr. E. D. Dimment, president of the college states that the problem is a serious one as the restaurants cannot adequately handle the question and students who are earning their way are thrown on the mercy of the boarding house proprietors who ask the same prices that tourists were willing to pay.

"Should the college determine to care for its students as other colleges and universities have done, it finds itself facing a second problem, that of help," he says. "It is impossible to hire women for domestic work at a reasonable wage. Still we may be forced to follow this path."

While roads remain passable many students will continue to live at their rural homes. This winter they will be forced to obtain room and board in Holland. Prof. A. E. Lampen of the faculty has been delegated by Pres. Dimment to investigate the conditions.

MOTORISTS ARE TRAVELING 225 MILES A DAY

A postal card has been received from Dr. J. O. Scott and Herman Prins, who left Holland for Seattle more than a week ago which says the following:

Friday Night, Three Forks, Mont. Dear Ben—We left Holland last Friday at 7 P. M. the 17th. Landed in Livingston, Mont., at noon today (Friday) over 225 miles per day. First snow storm today; trip fine; no trouble except one puncture and tire discarded. All well. J. O. Scott and H. Prins.

ALLEGAN MAN FINDS BEAUTIFUL "ANTIQUE"

WAS CONCEALED UNDER PAINT BUT IS GENUINE

Not everyone has yet learned that all is not gold that glitters and that the choicest gems are sometimes concealed by rough coverings. Now and then a rare piece of furniture finds its way to the wood pile because its owner does not appreciate real value. Not long ago Wm. Vander Vere, finisher in the Baker & Co. factory at Allegan found a painted dresser in a secondhand store and was attracted by a little crack in the front of one of the drawers. He made an investigation and discovered the piece to be hand-made of black walnut. He purchased the dresser, scraped off the paint, refinished it, and now has one of the most beautiful pieces of furniture to be found in the city. The drawer fronts are veneered with walnut of unusual grain and the workmanship is marvelous. Another man in Allegan has a sideboard which he prizes very highly and this piece of furniture was found in a chicken coop where it had been placed to get it out of the way. Of course there are plenty of people who have paid fancy prices for "antique furniture" made in "Grand Rapids" but these have more money than judgment (See Eugene W. W. "In Amsterdam.")

LAKE CAPTAIN IS FIGHTING FOR SAFE PORT

Grim Reaper Threatens To Split Ship of Love, But Holland Veteran Sure He'll Weather Storm

The Sunday Grand Rapids Herald contains a cut of Captain and Mrs. John Borgman who are to celebrate their 60th wedding anniversary, and besides the Herald also gives the following writeup:

John Borgman, one of the oldest living captains who has commanded vessels on the Great Lakes, is about to make his last voyage, and he is putting the same determination in his fight against the Grim Reaper as years ago he put into his many battles with the angry waves of Lake Michigan when they beat against the prow of his schooner "Wollen" seeking to send her and her crew and gallant captain to the bottom.

On December 12, Captain Borgman wants to celebrate his 60th wedding anniversary with the little lady with silver hair who watches at his bedside. For this event he has been gallantly fighting a battle with death. The doctor, when he made his last visit to the little home of Capt. Borgman at 99 West Tenth street, shook his head.

Capt. Borgman is 87 years of age. He came to America when he was 21. For several years he cooked on lake vessels, and carefully saved his money for some day he wanted to be the owner and captain of a vessel.

About 50 years ago he bought the schooner "Wollen," an 85 foot, two master; a small boat but as neat and speedy a rig as ever cut Lake Michigan's waves. With this boat he began to make regular trips from Holland to Chicago.

For 15 years the "Wollen" continued this course and at the end of that period, Capt. Borgman rebuilt her, adding 15 feet to her length and putting in another spar. She continued to run for several years and unable to cope with the new steam driven freighters, was put on a run between Charlevoix and Pine Lake. Several years at this work completed the old schooner's task and she was dropped from active service.

Although Capt. Borgman is now very weak from the effects of a fall a month ago, which, with complications, make death hover near, he can still recall the many times he faced destruction in the seething froth of Michigan's anger.

But those fights are in the past. The battle he now fights is the important one. Both he and the little lady with silver hair believe he will win.

GETS FINE CROP FROM A LONE PEACH TREE

Bert W. Welton who lives on E. 24th street has a peach tree on his premises that bears fruit of an extraordinary kind so far as size goes. The tree was not planted there. It came up of itself, presumably from a peach stone that had been carelessly thrown there. It was allowed to grow, altho the owner of the property had little hope for it, believing that it would be an inferior kind of peach.

Last year it bore for the first time, the crop consisting of 28 exceptionally large peaches of a very fine flavor. This year it bore again, but this time the yield consisted of two bushels of peaches. The peaches were so large that one of them weighed seven ounces, and 97 peaches filled a bushel basket to overflowing.

SCHOOLS TO BE CLOSED WEDNESDAY

Next week Wednesday will be a holiday not found on the school calendar and the pupils will not be sorry especially if this weather continues; nevertheless all the Holland and the rural schools will be closed for the reason that County School Commissioner Stanton has called a teachers' institute to be held in the Holland High school auditorium and which every teacher in the city and in the rural districts is expected to attend.

ALPENA ROAD BOY RETURNED TO HIS FAMILY

A story printed one day last week was very instrumental Wednesday in finding a young boy who had been lost for twelve days and reuniting him with his family. The lost boy is Frank Nelis, whose home is on the Alpena road, a few miles northwest of Holland. As set forth in the story last week, the young man left home after having been reprimanded in connection with a trivial matter, and ever since then the family anxiously searched for him, calling in the aid of police and sheriff's departments.

Through the News and other newspapers here and in Grand Rapids, the family made an appeal to the boy to return home, hoping that he would read it and let bygones be bygones. It was assumed that he had left in a huff and that as a matter of consistency he was continuing to stay away but that perhaps the appeals in the newspapers would

The Oldsmobile Truck

—and the World's Most Important Truck Hauled Commodity

A GREATER tonnage of milk than of any other farm product is hauled to market by motor truck. In this important work, in which speed and dependability are so absolutely essential, the Oldsmobile Economy Truck has long been a leader. On many farms this truck of unlimited usefulness pays its way on milk hauling alone; everything else it does is surplus profit.

Let us demonstrate its adaptability to your work

ONLY FIVE HUNDRED VOTERS HAVE REGIS- TERED SO FAR

Holland will have to do some registering if the full quota of voters is to cast a ballot for president of the United States. There are only 16 registration days left in which to go to the city clerk's office and sign your name as a full blooded American citizen who wants to use his God given prerogative and privilege of having a voice in the governing of this great nation.

Thus far just 500 citizens are privileged to vote. Of this number 108 are women and 392 are men.

Four years ago Holland had on its registration books 2555 men and no women for the reason that the ladies were not yet given the ballot at that time.

It is said that at least 2,000 women are eligible to vote in this city and even if the male voting population had not grown within the last four years, which cannot be conceded considering the rapid growth Holland has had, then 4055 persons will have to call upon the city clerk within 16 registration days still remaining and sign as a good American should.

Holland voters have had this privilege now for the past three weeks but thus far only 500 have complied with the privilege.

If Holland's full quota is to be reached at least 240 different voters a day will have to see Richard Overweg at the city hall before October 16.

Between the present date and Saturday, October 16, every citizen in Holland eligible to exercise his right of franchise will be obliged to register. This obligation rests on everyone, regardless of how often he has voted before, how many times he has been registered or how long he has lived in the voting precinct in which he now resides. Between now and October 16 every voter man and woman must appear at city clerk's office for registration if he or she wishes to cast a vote in the general election of November, meaning of course the voting for president of the United States.

The necessity for this re-registration is brought about by state law which requires that once every four years all voters shall follow such a procedure. It has been said that previously the law has not been as strictly regarded generally as it was meant to be, and many who had not registered as required were permitted to vote nevertheless. This year City Clerk Overweg warns that no such procedure will be permitted and if a voter fails to register as required by law he or she will not be allowed to exercise their right of franchise.

The office of the city clerk will be open every day from 8 to 5 from now on until the 16th of next month, Sundays excluded. On Saturday, the city clerk has placed the hours from 8 a. m. to 8 p. m.

Now understand thoroughly you must register by October 16 if you want to vote for president this fall.

On October 16 a final chance will be given to register in the respective wards of the city if you have failed to register with the city clerk at the city hall during that time. But what is the object of waiting that long when you may be accommodated by running into the City Hall as you go by on your regular duties?

Anyway if you must wait until the last day or happen to forget it, here are the places in the different wards where you will be able to register on Saturday, October 16 from 8 o'clock a. m. until 8 o'clock p. m. one day only. If you have not registered by 8 o'clock p. m. of the last day or happen to forget it, you will not be able to vote on the presidential election.

COMMON COUNCIL

Holland, Michigan, Sept. 16, 1920

The common council met in regular session and was called to order by the Mayor.

Present—Mayor Stephan, Alds. Blue, Brive, Kammeraad, Lepple, Lawrence, Brinkman Dykstra, Damstra, Vanderlist and Wiersma and the clerk.

The minutes of the last two meetings were read and approved.

Petitions and Accounts

The Chas. P. Limbert Co. petitioned for a storm sewer to take care of the surface water of their factory on Sixth street and Columbia Avenue.

Referred to the committee on Sewers, drains and water courses with power to act.

G. Blom complained of the nuisance caused by the high evergreens on the premises of his neighbor immediately adjoining his property on East Fourteenth-st. and requested that the council take some action regarding same.

Referred to the City Attorney.

The clerk reported that G. J. Steggers requested the council to appoint a committee to investigate his premises on East Ninth street relative to the connection of said premises with the said sanitary sewer.

Referred to the Committee on Sewers, Drains and Water Courses.

Reports of Standing Committees

The committee on streets and crosswalks reported as follows:

Your committee on streets and crosswalks has had under consideration the plans for grading west Twentieth street from First avenue to Van Raalte avenue.

We find that a grade line was established for this block a few years ago, said line to be straight from First avenue to Van Raalte.

We believe that it would be advisable to adopt a new grade line which shall conform somewhat to existing conditions.

We believe that by so doing a grade can be secured which will make a neat appearing street when ever it is improved at far less expense than could be secured if the old grade line had been followed.

We therefore recommend that the grade line as now established by the city engineer be approved.

We also believe that if this grade line is approved it is not necessary to grade the street as planned, since the sidewalks can be laid with very little exaction.

We therefore recommend that the grading of Twentieth street be dropped for the present.

Adopted, all voting aye.

The committee on streets and crosswalks reported relative to the purchase of additional road grader, recommending that the matter be referred to the committee on streets and crosswalks.

On motion of Ald. Dykstra,

The matter was referred to the committee on streets and crosswalks with power to act.

On motion of Ald. Kammeraad,

Resolved that the West Michigan Pike shall be routed through the city south over River avenue to Seventeenth street and west on Seventeenth street to the Park road, so called in Holland township, and that said portions of said streets shall be and hereby are turned over to the State highway department for improvement in accordance with plans and specifications to be presented to the Common Council for their approval.

Carried.

The Committee on Streets and Crosswalks to whom was referred the proposition of playgrounds and swimming pool at Fairbanks avenue and Thirteenth street reported having received a proposition of W. H. Vander Water to sell—same for the sum of \$1200 with a deduction of \$200 as a donation from the said W. H. Vander Water.

The committee made no recommendation relative to the purchase of same but recommended that the matter be referred back to the said committee for further investigation and to report on same at the next regular meeting of the common council.

Adopted.

On motion of Ald. Kammeraad

Resolved that the matter of opening East Twentieth street from the Pere Marquette railroad to Lincoln Avenue be referred to the committee on Streets and Crosswalks.

ENTERTAIN MEMBERS
OF "CHU CHIN" CAST

Dr. and Mrs. W. Preston Scott were host and hostess Friday to two members of the cast of "Chu Chin, Chow," the big New York success that has been appearing at Powers Theater all this week. The guests of the Scotts were Miss Hattie Carmontel, who takes the character of Zatelemarke of Calumet, and Miss Volga Melville, also a member of the cast. Miss Carmontel has for many years been a favorite with the Grand Rapids audiences. The last time she appeared in Grand Rapids was in "Graustark" in the character of "Yvone."

The Scotts gave a luncheon in honor of the two histrionic artists and took them to Grand Rapids in time for the evening performance.
