Republican Convention Is Harmonious

E. P. Stephan, Former Mayor,
Named Chairman; Many Hol-
land Delegates Named to
Go to the Flint Con-
vention Next
Thursday.

Nearly 200 delegates from different parts of Ottawa county, including a large delegation from Holland gathered at Grand Haven Thursday afternoon at 2 o'clock, called for the purpose of electing delegates to the state convention at Flint next week, Thursday.

William Hutton, who has been the faithful chairman of the Ottawa county Republican committee for more than a decade, surprised the convention in a rousing speech on "Republicanism" and at the close stated that he wished to be relieved of the burden of the office, and that the chairmanship go to a younger man. Mr. Hutton is well in the seventies and has given much time and money for the Republican party, and has never asked for a favor or reward. His talk brought great enthusiasm and a "thank you" from the delegates for his faithful service.

A second surprise came when E. P. Stephan, former mayor, was unanimously chosen chairman of the convention. The selection was suggested and supported by delegates from Zeeland, and their choice was unanimously concurred in by the entire delegation. Mr. Stephan stated that the choice was indeed a surprise and endeavored to delegate it to someone else. But it was no use, the delegation asked him to serve and he did so with quickness and dispatch much as he handled the gavel when he was mayor of the city. William Wilds was named secretary of the convention.

Following the organization, the different committees were voted on, and these are found elsewhere in this article.

While the committees were at work, Mr. Stephan called on Rev. Henry Ter Kuurst, pastor of Trinity church, Holland, who made a "rattling" good Republican speech, showing that he's a "spell binder," as well as a good "dominie."

State Representative Ed Brummer of Holland was also called upon, and he gave a very enlightening talk on the tax question, what would happen if certain things failed, and other intricacies that tax legislation had brought about.

Resolutions brought considerable argument on the floor over a passage in which the name of President Roosevelt was brought, which many of the delegates felt might be undignified to say in referring to the President of the United States. It wasn't of such grave importance that much offense could be taken, but several delegates thought the resolutions would carry more dignity if these lines were deleted.

Clarence Lokker made a very stirring address, asking for the omission of those lines, and Prosecution Attorney DeBenedictis did likewise, as did Rev. Henry Ter Kuurst. Attorney Arthur Van Duren made one of his best political speeches, asking that the lines remain in the resolution. Charles McBride, also a member of the resolutions committee, spoke in favor of allowing the resolutions to stand as drawn. He stated that the Democrats did not hesitate to smear Hoover from top to bottom, and that the line about President Roosevelt's smile was complimentary rather than otherwise. The convention was in doubt since nothing of that sort had occurred before. At last the convention was prevailed upon to go the more "dignified way," voting to have that paragraph referring to the President omitted.

The convention committees appointed were as follows:
Credentialed—Ben Mulder, H. F. Pargalen, Grand Haven; Dave McClene, Spring Lake; Mrs. Seavey, Holland.

Resolutions—John Dethmers, Zeeland; Charles McBride, Holland; Hunter Hering, Olive; Arthur Van Duren, Holland.

Permanent Order of Business—Fred Ehrmann, Grand Haven; William C. Vandenberg, Holland; Fred McEachron, Hudsonville; Ed Koevoering, Zeeland.

The convention adjourned shortly before the Holland City News went to press at 6 o'clock and we were able to give a few of the highlights. However, the resolutions will appear in full in the next issue of the News.

DEMOCRATS IN SESSION

No sooner had the Republican county convention adjourned than the Democrats started their county convention similar to that of the Republicans. The Republican delegates were very much on the outside of the hall when the Democrats met, but it was apparent from the sounds coming from the inside that they were having it "hot and heavy." Very little of the results could be attained at this late hour since they were still deliberating when the News went to press.

HOLLAND REPRESENTED AT REPUBLICAN STATE CONVENTION

The Ottawa county Republican convention named the following delegates to the state convention to be held in Flint next week, Thursday. The first name in the list of each precinct or ward is the delegate; the second is the alternate delegate:

Holland City:
First Ward—Henry Prins, Simon Hinkle.
Second and Fifth Wards—Archie VanderWall, Alex Van Zanten; Henry S. Bosch, Peter Huyser.

Third Ward—William C. Vandenberg, Ben A. Mulder.
Fourth Ward—Clarence A. Lokker, Vernon TenCate.

Sixth Ward—Peter Wierda, Preston Manting.
Zeeland City and Township—John R. Dethmers, A. Van Koevoering; Maynard Mohr, Nicholas Cook.

Holland Township—John Y. Huijenga, Charles Van Duren.
Wright and Chester—M. H. Lyburner, Dorris Garter.
Tallmadge and Allendale, Blendon—William Havedink, Justin Zylstra.

Georgetown and Jamestown—Fred McEachron, Carl Ohlman.
Polkton—James Scott, Howard Erwin.

Spring Lake—J. M. Sweeney, Ellis Nixon.
Crookery, Robinson and Olive—Hunter Hering, Maurice Luidens.
Grand Haven Township and Port Sheldon, Park—Geo. Borck, Geo. W. Straight.

Grand Haven City:
First Ward—Fred Ehrman, Peter Ryenga.
Second Ward—Herman Coster, Cora Vandewater.

Fourth and Fifth Ward—Peter Kammeraad, Dan F. Pagelsen.

Third Ward—Miss Anna Van Horsen, Frank Bottje.

Local Firemen Start Benefit Association

FUNDS COLLECTED WILL AID
NEEDY MEMBERS

The two Holland fire departments, namely Eagle No. 1, and Columbia No. 2, held a joint meeting recently, and an organization has been formed called the Holland Firemen's Benefit association.

Often these departments receive donations, added compensation for services well rendered and funds from appreciative people. This money is all deposited in a fund that in the future will be used to help sick and disabled members who are in need, helping them over the rough financial spots. It is understood that a sum of \$200 must always remain in the fund as a nucleus.

At the meeting another important matter was decided, and a committee was appointed to take even better precautions during public meetings, forestalling the loss of life and property. It was decided that Martin Vander Bie of company No. 1 and Bert Vandewater, Marinus Brandt and Andrew Klompars of company No. 2, constitute the committee who will see to it that special protection is given to our churches and places of amusement when these are filled, and when large audiences gather. These men will personally supervise or delegate the work to others of the department, preventing overcrowding, keeping aisles clear and watching that all exits are in proper condition and immediately available. The men will be ready at any time when an occasion arises when regulations are so necessary.

The firemen feel that this new department has added benefit to the citizens of Holland and it goes without saying that it is a very thoughtful undertaking and just another feature that stamps our "fire laddies" just about the best in the state.

Holland's fire department has been Holland's best insurance. The work of these boys, together with their able chief is not heralded from the housetops, but Holland is always safeguarded, and at least during the past score of years the department's smile has been complimentary rather than otherwise. The convention was in doubt since nothing of that sort had occurred before. At last the convention was prevailed upon to go the more "dignified way," voting to have that paragraph referring to the President omitted.

The convention committees appointed were as follows:
Credentialed—Ben Mulder, H. F. Pargalen, Grand Haven; Dave McClene, Spring Lake; Mrs. Seavey, Holland.

Alleged Bank Robber On Next Monday

APPEARS IN COURT HAND-
CUFFED; HOLLAND MAN
GOES UP FOR LIFE

Judge Fred T. Miles had a very eventful day today. He had to attend an Ottawa county Republican convention, then sentence a Holland man for life, and arraign the alleged Grand Haven bank robber, and what is more the delegates to the Republican convention took it all in for good measure.

Theodore Bentz, alias Craig, was brought in handcuffed and through his attorney, Louis Oosterhouse, pleaded not guilty to the charge of being one of the Grand Haven bank bandits. The man said when facing Judge Miles that his birth name was Theodore Bentz, but he had changed it later to Theodore Craig, and the judge would use either one or both of the names as he saw fit. He pleaded poverty and asked for legal aid.

At this juncture Attorney Oosterhouse, who defended him in the first stages of the case, withdrew, and Judge Miles appointed Attorney Elburn Parsons to defend the man. The defendant claimed that he had material witnesses in Earl Doyle, now in Jackson prison, and Mr. De Koster of Grand Rapids.

Judge Miles stated that the state would pay to bring these witnesses, but that no witnesses beyond the state border would be paid for. The state law holds that a man who pleads poverty can ask for a defense lawyer in order that he shall have a fair trial.

The man appeared jovial, and did not at all look like a bandit. His face was not vicious, but was wreathed in smiles.

A very pathetic case was the sentencing of Bert Franks, living on East Eighth street, outside of the city. Franks was convicted on a serious crime on charges brought by one of his daughters. His conviction brought life imprisonment and when sentence was pronounced the convicted man was visibly shaken. He will be taken to Jackson prison before the end of the week.

While Franks was convicted on the charge of the one daughter, Judge Miles took testimony from the other two daughters, which coincided with the testimony given at the trial.

BIG CEMENT BOAT AT DOCK IN GRAND HAVEN

The Oscar J. Lingeman, big cement boat that has made many trips into port this summer, arrived this morning and a cargo of cement is being unloaded at Grand Haven. This is the third big freighter in that port in 10 days.

Attorney Charles E. Misner of Grand Haven will deliver a paper on the "Constitutionality of NRA," at a regular meeting of the Ottawa County Bar association Friday evening.

Wants Police Board Made Appointive

PETITION OF 200 NAMES ASKS
THAT CHANGE BE MADE
IN CHARTER. PEOPLE
TO VOTE ON IT

A sizable petition was sent to the common council Wednesday evening, containing 153 names together with another petition that had not yet been filed, asking that the city charter be changed, making the police board appointive instead of elective. Undoubtedly the recent differences between the police department and the common council in which Chief Lievense was involved, led to this expression through the petition. There are many, however, who have long held the opinion that certain boards should be made appointive. Thus a selection could be made of the men best qualified for such positions, rather than through an election where the qualifications of a candidate are not known, but his election is generally assured through popularity.

Anyway, the petition was accepted and passed by the council and the matter will be left to a vote of the people in November. All the aldermen voted yes with the exception of Alderman Kalkman, Alderman Damsen being absent on a wedding tour. The petition follows below:

To the Hon. Mayor and Common Council:

Whereas there is now and has for some time past been considerable dissatisfaction with the conduct of affairs under the board of police and fire commissioners, and whereas,

There seems to be an absence of harmony between the board and the common council, and whereas, We believe that it would be for the better government in the city if the board were more directly subordinate to the council rather than a separate governing body.

Therefore, the undersigned citizens and electors of said city respectfully petition your honorable body to draft suitable amendments to the charter to abolish said board of police and fire commissioners as now constituted and provide for a board to be appointed by the common council, as many of the other boards in the city are appointed, and that such amendments be prepared to be submitted to the electors of the city at the next November general election.

men are connected with the two fire companies.

Blom and his men have fought many big fires, notably two furniture factories, the steamer South American, Hotel Ottawa at Ottawa Beach at a loss of \$500,000, and nearly 100 cottages and a hotel in two conflagrations at Macatawa Beach.

News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

FIFTY YEARS AGO TODAY

The thermometer registered 94 this week and then dropped 29 degrees within a few hours. Note: Michigan weather hasn't changed a bit in 50 years. That's just what took place between Saturday and Sunday last week.

Maine went Republican by 16,000 plurality. Note: The article did not say, "As goes Maine, so goes the nation."

A crying cat—the babies next door. Note: This, too, has not changed within a half century.

General John A. Logan, Republican vice president, will be in Grand Rapids for a political speech at Hartman's hall, Holland Republicans will take the early train.

The little hooker, Oda May, better known as the "Catfish," owned by Ed Clark of Holland, left for Muskegon with a load of apples and potatoes. When eight miles north of this port a heavy squall struck and swamped and would have sunk the craft but the captain had the load overboard, thus righting the small boat. After four hours' battling with the sea the hooker was beached near Pigeon river, Port Sheldon, and the sailors were rescued, completely exhausted. The boat went to pieces and the men lost all their clothing and money and had to borrow articles of clothing from farmers nearby. The farmers were rewarded with plenty of apples, hundreds of bushels bobbing on the waves for a time were washed ashore.

TWENTY-FIVE YEARS AGO TODAY

Jerrit N. Clark, a young attorney from Saugatuck, has purchased the law practice and library of Attorney Joy E. Heck of Zeeland and will succeed the latter as Zeeland's "expulser" of the law. Mr. Clark is 27 years of age and a 1907 graduate of the U. of M. He practiced law at Saugatuck for two years and comes to Zeeland well recommended. He has rented the house of the late John Van Eenennaam, where he will make his home. Note: Mr. Clark is still at Zeeland and has played an important part in that city's civic activities. He is city attorney, has just been re-nominated a circuit court commissioner and even belongs to the fire department. He is now 52 years old and has a fine family. He is one of Zeeland's leading citizens.

Dr. William De Kleine, health officer at Grand Haven, will give up his practice there and come to Holland and take up the practice of Dr. Ed D. Kremers, his cousin, and will be associated with his uncle, Dr. H. Kremers, pioneer physician of Holland. Young Dr. Kremers was recently appointed to the medical corps of the U. S. army. Note: Mr. De Kleine is now head of the National Red Cross at Washington, D. C. He was the father of "good roads" in Ottawa county and held many health officer positions in different cities in Michigan, promoting always coming "thick and fast." In 1906 he married Miss Lotie Hoyt, who, with her mother, lived on River Ave. in the home now owned by Principal of Schools John Riemersma.

The News devotes a column to the death of John Boda, partner of Nicodemus Bosch, in the Western Machine Tool Works. He has been associated with Mr. Bosch for 24 years, founding what is now the Valley City Machine Works. In 1901 they came to Holland and founded the Western Machine Tool Works.

Saugatuck is stirred up, hearing that a colored colony will buy a large block of resort property. Wealthy negroes, it is stated, have visited this section for the purpose of locating there during the summer. Note: This did not occur and the efforts to stop the colored folks from coming was unnecessary.

Mr. and Mrs. J. J. Firestone of Allegan had a narrow escape from serious injury Wednesday afternoon when a tire on their car evidently blew out and the vehicle crashed into two parked cars. Firestone has a sprained right knee and left arm. Mrs. Firestone was bruised.

Rev. J. Laning, pastor of the Immanuel church, has returned from Collinsville, Illinois, where he has been conducting a Bible conference. Next week Mr. Laning will speak at an eight-day conference in the Church of the Open Door, Grand Rapids, which will speak in the local church Sunday.

Bird's-eye View of Holland Furnace Co.

The Holland Furnace Company is showing old-time activity and the signs of better days ahead seem to be in the offing. The Warm Friend establishment, together with similar plants and building institutions, has suffered tremendously during this economic cyclone. But the Holland Furnace company has weathered the gale and is steering for the beacon light of better business, into the harbor of a reawakening prosperity.

According to Manager Chaffey, the production at these plants has increased at least 50 per cent for the first eight months of the year as compared with the same period in 1933. With this increase of production, by the same token wages have increased to over \$40,000 more for the past four months than the same period last year.

Pat Fabiano, who conducts his fruit and candy store in a wooden building, got the building fever since the Pieper Jewelry store was built to the east of his place. Pat found that sandwiched between two fine store buildings did not set his place of business off to advantage, so he has plans and specifications made for a fine structure to take the place of his frame store. Note: Well, Pat got his building built and it added much to the attractiveness of the street. The old wooden building had quite a history. It was owned for years by Peter Brown, where he conducted his saloon. Of course the "drys" will not admit that there were any "good saloon keepers" anyway. "Dikke Pete," as he was called by the Hollanders, was considered a good saloon keeper. He was never arrested for violation; a man in "his cups" was not allowed to remain in his place. He allowed no dice or gambling devices nor was singing, music or loud talking permitted, and cursing never. If a man appeared the least intoxicated Peter would draw out, "I tank you got plenty!" with rising inflection on "plenty." Insisting for more drinks after that meant "bouncing."

A man of many enterprises is Evert Pruijm of Zeeland. He graduated from Hope college, entered the furniture business at Zeeland. He opened up a large music house in the H. De Krul building. He also associated himself with the DeFree Hardware at Zeeland, then bought out an undertaking business at Hamilton and is associated there with Mrs. B. Voorhorst. He is also interested in the Van Ark Furniture Co., Holland. Quite some enterprises for an enterprising young man.

The Citizens Transfer Co. will build an \$8,000 building on West Eighth St. Storage will be a new departure and the building will be large enough for that purpose.

Henry Tien has sold the well known general store at Graafschap for years called the Rutgers & Tien store to William Van Vliet of Lansing. The store was founded by Gern Mokka 50 years ago, who sold it to Rutgers & Tien when he became cashier of the First State bank.

Senator Couzens To Speak Here Next Tuesday

IS GUEST SPEAKER OF TRINITY MEN'S LEAGUE

The Trinity Men's League, an organization identified with Trinity Reformed church, is an organization that has put on some real worthwhile programs in the past. It will be remembered that nine years ago this organization brought the late William Jennings Bryan to this city. The Great Commoner, the one-time expounder of "16 to 1" in the demonization of silver, was a big drawing card in those days, for it was right in the midst of the question of evolution of man, and when Bryan was much in the limelight, that he came to Holland. On that Sunday afternoon Carnegie Hall was filled to the fire escapes and an overflow meeting had to be held to satisfy the crowd. The late Gerrit J. Diekmann, it will be remembered, presided.

Now next Tuesday at the Armory, the celebrated senior Senator Couzens of Detroit has consented to come, and he surely will have a message. Mr. Couzens cannot help but be interesting. He always says and always does the unexpected, and those who come to listen will spend an interesting evening. The public is cordially invited.

Attorney Nelson Miles is to preside and Mr. Nick Jonker, head of the league, will introduce the speaker.

Preceding the speech in the evening, which by the way, begins at 7:45, a church supper is to be given by the Men's League in Trinity church parlors, beginning at 6 o'clock. This will be for the members only, and the ladies will take care of the feast.

Senator Couzens will also speak to the men of Trinity and the meeting will be in charge of Rev. Henry Ter Kuurst. Afterward the meeting will adjourn and the participants will go in a body to the Holland Armory where a suitable program has been arranged.

Dr. John R. Mulder of the Western Theological seminary will give the invocation at the Armory.

Remember the place is the Holland Armory. The time is next Tuesday evening at 7:45 o'clock, and the entire public is welcome, including the ladies. There is no charge.

AUTUMN RIGHT ON OUR DOORSTEP

The autumnal equinox comes due next Sunday 46 minutes after 12 o'clock noon, eastern standard time. Then official autumn will arrive. The weather prophet says, as the wind blows, at that time, such will be the prevailing wind for three months to come. Let us hope it's southwest by south.

PASTOR ORDAINED AT LOCAL CHURCH

Victor Maxam, graduate of Western Theological seminary and acting pastor of Third Reformed church for some time, was ordained as assistant pastor of the local church at public services held in the church auditorium Tuesday evening. The sermon was preached by Rev. Edward Tanis of Grand Rapids.

Prof. J. R. Mulder of Western Theological seminary gave the charge to the pastor and Rev. S. C. Nettinga, president of the seminary, gave the charge to the church. Rev. Selk Vander Werf presided and Rev. T. W. Davidson conducted devotions.

At a meeting of the welfare commission it was reported that a total of \$2,929.61 has been paid in wages to welfare employees by the county road commission on road projects over a four-week period.

Bird's-eye View of Holland Furnace Co.

Mr. Chaffey stated: "More than \$40,000 in wage increases alone, beyond the basic salaries and irrespective of new help hired during that period, has been paid out during May, June, July and August."

During the month of August over a million dollars in sales turnover was reported, the largest month on record covering a period of two years. The local company has sixty more employees than it had at the opening of the year's business, and this, indeed, is an extraordinary showing and gratifying since the building business and its auxiliaries has been about as hard hit as any other line.

In interviewing Mr. Tehaney, prominent in the Warm Friend organization as secretary and office manager, he seemed very satis-

COUNCIL NOTES

The mayor and common council were all present with the exception of Alderman George Damsen, who is on a wedding tour.

Alderman Steffens opened the meeting with prayer.

Henry P. Zwemer asked for permission to build a \$2,000 service station on East Eighth street which will be a commodious building, replacing some old shacks. The building will be occupied by the Sun Oil company, who build certain types of stations wherever they are. The matter was left to the city engineer and Chief Blom with the understanding that the building ordinance and fire zones be strictly complied with.

John A. Van Blous of Fennville asked for a permit to wreck the old Dr. Godfrey home on College avenue and Tenth street. The mayor and common council gave their approval with a loud yes. This at one time was a beautiful structure, built by the late Mayor John Van Landeghe before the fire of '71. For many years it was occupied by Dr. N. M. Steffens of Western Theological seminary and his family. Later years the late Dr. Godfrey occupied the home. Up to very recently it was turned into a college inn.

The Volunteers of America of Benton Harbor were turned down by the Chamber of Commerce when they asked that they be permitted to solicit funds here. Mr. Connelly wrote that there were plenty of local needs here that should receive first consideration. The common council sustained Mr. Connelly's contention, and turned the request down.

Mayor Bosch presented a report of the Lansing trip, stating that Alderman Bultman, City Engineer Zuidema and City Attorney Parsons and John H. DePree had gone to Lansing and were told by those in authority to go ahead with the sidewalk work that had been stirred up by Alderman Kalkman. The authorities stated that the city was absolutely in the right.

Alderman Bultman wants to abolish some of the lights on West Eighth street, using these in places where they are more needed throughout the city. It seems that this should be given careful consideration. The long stretch of lights have made Eighth street beautiful for its full length. From Lake Macatawa these lights create an alluring picture at night, and furthermore it is assumed by some that at least some of the property owners have donated toward these lights. Let us think twice before we break into our main street lighting system which has taken us years to acquire.

The men's rest room on the third floor of the city hall is to be improved. Bids for the improvement are to be asked.

Alderman Huyser brought in a report on the stoker system for the heating plants to be installed at the city hall, and at the greenhouses, if a saving can be shown. The figure for those stokers range from \$1,800 to \$2,000. The possible saving, it was pointed out would be about \$600 in both buildings annually. The mayor and common council asked for a more thorough investigation and bids on either one or two stokers.

Alderman De Cook stated that four of the Holland houses are now repaired for the winter and the work is going on as rapidly as possible.

City Assessor Van Ark asked that the rooms formerly occupied by the city engineer be annexed to his room by way of a door. He stated that he needed larger quarters and since the room was available the council sanctioned his request and the extra door will be put in.

Arie Tool asked for a permit to collect junk which is to be taken out of the city. The request was presented by Alderman Drinkwater who added laughingly "that should go for all junk dealers." Mayor Bosch injected "that's fine; let's put the junk beyond the city limits." The man got his permit.

The new milk ordinance is still in a coma state. Alderman Huyser brought a great laugh when he said: "One of the members of this committee without my permission committed matrimony, and I must report progress."

New lights are to be placed on Nineteenth street between Washington and Van Raalte; at Thirtieth street and Columbia avenue and at Twenty-third street and Van Raalte avenue. These requests were made by Aldermen Kleis and Bultman.

Alderman Van Zoeren of the playground committee brought in a report that six swings for the Second ward playground would cost \$160. He suggested that the buying be deferred until spring because of the lateness of the season. Mr. Bosch suggested that in the meantime we pick out a better playground for the children than the one they now have.

Alderman Huyser seemed enthused about changing the name of Black Lake to Lake Macatawa. He said Michigan was filled with Black lakes and tourists could not help but be directed wrong sometimes. There is, however, but one Macatawa. Alderman De Cook created a laugh when he said "how about Black river, and there was a chorus, "that river will always be black." Your editor suggested that you weren't really changing the name, that Macatawa means black water in Indian.

The "sky scraper" near the depot used for an ice cream stand, may be sold. The Holland American Legion has put in a bid for it, and a committee was authorized to go ahead, and the mayor injected "and sell it to the city."

Ask That Black Lake Be Named Macatawa

WOULD ALSO LIKE TO ESTABLISH FERRY BETWEEN SOUTH AND NORTH SIDE AT LOCAL RESORTS

William M. Connelly, director of the Chamber of Commerce, presented two resolutions to the common council last evening, the one asking that the name of Black Lake be changed, and the other that a ferry be established across the channel from Macatawa to Ottawa Beach.

Mr. Connelly states in a letter that the term Black Lake has no particular appeal to a tourist, that there were scores of Black lakes in Michigan and neighboring states while the poetical term, Lake Macatawa was appealing to the tourist. A petition must be filed with the board of supervisors so sanction can be had at the October session. The resolution was unanimously passed by the common council.

The second resolution presented, pointed out the need of an automobile ferry near the mouth of the harbor. It would be a matter of great convenience to resorters and to business houses making deliveries at Macatawa and Ottawa Beach, and Mr. Connelly believed that such service should be provided by the county road commission.

Alderman Kleis asked that this resolution be tabled for a future meeting in order to study the project a little more thoroughly. It was noticeable that the aldermen were afraid of the old bugaboo, "a bridge across the channel," which, of course, would never be allowed by the United States government, and a bridge from Ottawa Beach to Jensen park would cost millions.

Mr. Connelly's reaction was that a ferry would stop the agitation to build a bridge, rather than encourage it. The service would be largely local since travelers who go beyond this resort would have no advantage in ferrying across, but it would be a great advantage to those staying at Ottawa Beach and at Macatawa. Those going beyond could drive through quicker than wait for a ferry, without the expense.

Be that as it may, the council unanimously passed the first resolution, and unanimously tabled the second resolution for further consideration.

RESOLUTION NO. 1

WHEREAS, there has been more or less demand that the term Black Lake, situated in Park and Holland Townships, be changed to Lake Macatawa because of the numerous

cies.

The distribution of wealth, it will
be seen, is pretty broad. There is
neither point nor truth to the claim
that accumulations rest in the
hands of a few, or that property
owners form a distinct class of so-
ciety.

The wealth of the United States
is distributed among millions of
people, people who for the most
part value what they own because
they have earned it.

To Save Eyes

With the opening of school the
Better Vision Institute of New
York gives this practical advice to
parents who want to see their chil-
dren's eyesight preserved, as far as
possible, unimpaired.

Always read with a clear, color-
less light of ample intensity
(amount) coming from above over
the shoulder. Never permit the
light to shine directly into the eyes.

Always read with the head up.
Children should not be permitted
to read while lying on the floor or
divan.

Hold the book or paper about
fourteen inches from the eyes. If
the child cannot see properly at
this distance he needs better light-
ing, or eyeglasses, or both.

Avoid reading blurred or other-
wise indistinct written or printed
matter.

Rest the eyes frequently.

If the eyes ache, or if there is
trouble in seeing objects clearly
and distinctly, the eyes should be
examined without delay.

There is nothing really new in
this, but it is all good hard com-
mon sense. And if you think the
matter is unimportant, consider the
statistic that 2,650 children enter-
ing school this year have blindness
and more than 26,000,000 others are
threatened with defective sight be-
cause they are going to over-use
and abuse their eyes.

Excessive use cannot be avoided
in these days. Ruthless ideas about
education demand it. But absolute,
devastating abuse can be prevent-
ed. And the institute tells how.

HOLLAND CREDIT SURVEY BEGUN BY U. S. AGENT

A four-day investigation of lo-
cal credit conditions was begun
here today by Arthur M. Weimer,
representing the federal reserve
board, the Reconstruction Finance
corporation and the Federal De-
posits Insurance corporation.

The purpose of the survey, ac-
cording to Mr. Weimer, is to gather
information regarding the avail-
ability of bank credit to small and
moderate-sized industrial and com-
mercial establishments, and where
such bank credit is not available,
to determine whether this is due to
the impaired credit status of the
borrowers, the desire of the banks
for liquidity, the inadequacy of
bank resources, or the general state
of business conditions.

Mr. Weimer said all information
received would be considered con-
fidential. Mr. Weimer is one of
54 investigators making a survey
of the seventh federal reserve dis-
trict, as an experimental measure.
If the survey is successful, it was
said, it will be extended to other
federal reserve districts.

SAUGATUCK COUPLE MARRIED 58 YEARS

Mr. and Mrs. Charles E. Bird of
Saugatuck Monday celebrated their
fifty-eighth wedding anniversary at
the home of their son, Cary Han-
cett Bird and Mrs. Bird, whose
fourteenth wedding anniversary
was celebrated at the same time.
Three generations of the family
were present at dinner. The sen-
ior Birds were married in Sauga-
tuck where their families settled
87 years ago. They have lived
here since. Mr. Bird having been
in the drug business for many
years. Both have been active in
church and civic affairs.

PRETTY HOME WEDDING TAKES PLACE AT HAMILTON

The home of Mrs. P. H. Fisher
was the scene of a pretty wedding
Tuesday afternoon at 4 o'clock
when her daughter, Hazel, was
united in marriage to Jess Kole
from Free Soil. Rev. J. A. Roggen
officiated, using the ring ceremony.
The bride and groom were attend-
ed by Miss Mildred Fisher from Hol-
land, a cousin of the bride, and Mr.
John Fisher from New Richmond,
cousin of the groom. Mrs. A. Cal-
lahan played Lohengrin's wedding
march while the bridal party took
their places under an arch of ferns
and beautifully arranged garden
flowers.

The bride was lovely in a gown
of royal blue chiffon velvet with
rhinestone buckle and clasps, also
wearing a string of pearls, a gift
of the groom. Her corsage was
of roses, gardenia and swansonia.
The bridesmaid wore a beautiful
dark green chiffon velvet gown
and carried a corsage of mixed
flowers.

After congratulations and a so-
cial half hour the guests were se-
ated to the wedding supper, served
by Aileen and Edna Dagremond.
Evelyn Schutmaat and Gladys Lub-
bers also served.

The table decorations were green
and white, also the waitresses'
dresses, aprons and caps. Autumn
leaves and branches, decorating the
walls added to the pleasing color
scheme.

Those present were Mrs. P. H.
Fisher, Mr. and Mrs. J. Kole, Mr.
and Mrs. Hans Fisher from Zeel-
and, Dr. and Mrs. C. Fisher and
daughter Mildred from Green-
ville, Coral Stillwell from Lansing,
Mr. and Mrs. A. Klomprens from
Hamilton, Mrs. H. J. Fisher and
Mrs. George Hewitt from Holland,
Mr. and Mrs. W. Fisher from Fenn-
ville, Mr. and Mrs. Albert Fisher
from New Richmond; Rev. and Mrs.
J. Roggen, Mr. and Mrs. C. Bill-
ings, Mr. and Mrs. J. Kolvoord,
Mr. and Mrs. H. Dagremond and
Mrs. Sarah Billings. Mr. Kole's
mother and brother could not be
present because of illness. Other
guests who were absent were Mr.
and Mrs. Beerbroover from New
Richmond, Mr. George Howitt, Al-
an Callahan and Margaret Went-
zel. Mr. and Mrs. Kole are taking
a trip to Niagara Falls and will
live in Hamilton.

HOLLAND MAN GUILTY OF SERIOUS CHARGE

Bert Franks of Holland was
found guilty of rape by a jury in
circuit court Monday night fol-
lowing a trial in the opening day of
the September term of Ottawa
county circuit court. The jury was
excused until Wednesday morning.
Sentence will be imposed later in
the court term.

ENTERS INTO TIRES

Michigan's importance in the
manufacturing activities of the U.
S. Rubber Company was empha-
sized today in the company's an-
nouncement that over and above the
hundreds of thousands of dollars
paid to employees in its tire plant
in Detroit, it spent nearly \$2,000,
000 for materials in this state last
year. More than 100 different
items comprised this expenditure.
The major ones included auto
trucks and parts, bead wire tape,
machinery, pigments, chemicals,
dies, rubber solvent, tools, lamps
and electrical equipment and paper
containers. More than 5,000 per-
sons shared the payroll of the tire
factory in Detroit where the com-
pany builds U. S. Royal tires.

Christian Reformed Retired Preachers Served 893 Years

The Christian Reformed Church in
America lists 30 emeritus min-
isters among 256 ministers enrolled
in the denomination, according to
figures tabulated from the annual
yearbook for 1934. These min-
isters have rendered active service
aggregating 893 years, equivalent
to nearly a 30-year average.

Rev. J. A. Westervelt of Paterson,
N. J., who retired in 1927, heads
the list with 47 years and Rev.
Peter Steen of Paterson, who re-
tired in 1930, rendered only 2 years
of active service as pastor of the
church at Decatur, Mich. Rev. B.

ZEELAND HAS MANY STU- DENTS ENROLL AS FRESH- MEN AT HOPE

Zeeland has an unusually large
number of students enrolled in
the freshman class at Hope col-
lege this year. They are as fol-
lows: Marie De Pree, Laura Van
Kley, Gladys Moordyk, June Cook,
Mildred Baron, Dorothy Plewes,
Evelyn De Hann, Laura Berghorst,
Stella De Jonge, Donald De Pree,
Charles Waldo, Donald Van Eck,
Willis Welling, Edward Van Lier,
Paul Wolterink and Clarence Shoe-
maker. All of these excepting
Mildred Baron, graduated from the
local high school last June. Those
of the same class to attend differ-
ent institutions are Jean Wierenga
at Western State college, Kalamazoo;
Gladys Van Hattma, Calvin
college; Josephine Bouwens and
Eather Vanden Bosch, Heaney's
Business college, Grand Rapids;
and Josephine De Vries, Holland
Business school.

DUCK HUNTING DATES SET FOR OCT. 3-NOV. 11

Despite water fowl hunting recom-
mendations of Michigan's con-
servation commission the United
States Biological Survey has given
this state two "rest days" during
each week of the duck hunting
season which as a result will ex-
tend from October 3 to November
11.

Hunting will be permitted only
on Wednesdays, Thursdays, Fri-
days, Saturdays and Sundays.
Mondays and Tuesdays during the
season are designated as "rest
days." The commission had recom-
mended a thirty-day continuous
season from October 15 to No-
vember 14.

The decision of the survey came
as a distinct surprise to Michigan's
conservation department since cor-
respondence with Chief J. N. Dar-
ling, dated July 24, definitely stat-
ed that "the recommendation of
the state game department shall be
considered final and conclusive as
representing the wishes of the
majority of the sportsmen of a
given state." The season assigned
to Michigan is identical with that
given Wisconsin.

The selection of two rest days
each week will spread the water-
fowl season over a greater length
of time. This is the plan that was
favored by the Hardware Dealers'
association as well as the Detroit
branch of the More Game Birds
association.

Free lance duck hunters as well
as the guides in such areas as
Houghton lake favor a continuous
season since they point out that a
big duck flight may just as well
occur on a rest day as on a shoot-
ing day.

Also every big flight may come
on the shooting days, which would
make the rest days ineffective but
would serve to lengthen the actual
season for shooting. It is believed
that President Roosevelt will con-
firm the dates set by the Bureau
of Biological Survey, which will
make them final for this season in
Michigan.

SHOULD MEAN GOOD PRICES

According to reports from the
state department of agriculture
the prospects for the Michigan bean
crop this year is fifty-two per cent
of an average crop. The total crop
of this state, according to present
indications, will be about twenty-
five per cent of the nation's bean
crop. As the country's total yield
of beans this year will be far less
than average, the price ought to
be good for those fortunate enough
to get a reasonable yield.

CHRISTIAN HIGH "C" CLUB TO SPONSOR HONOR AWARDS

The "C" club, an organization
fostering athletics at the local
Christian High school, held its first
regular meeting of the season on
Tuesday evening. Among other
business the club made plans to
sponsor an honor award to be pre-
sented to the best all-round player
on this year's basketball team.
The decision will be based on the
following: Most integral part in
team play, sportsmanship on or off
playing floor, scholarship mark on
basis of ability and accomplish-
ment, attitude toward game, most

consistent player and one who im-
proves most during the season.
The player judged the most val-
uable from the above viewpoint
will be given a medal and his name
will be inscribed on a plaque in the
school corridors.

Plans for volleyball were also
discussed. Coach Muyskens gave a
short talk on athletics for the com-
ing school year.

Officers elected were Adrian Jac-
cobusse, president; Julius Bonte-
koe, vice president; Henry Karsten,
secretary; Alfred Bulthuis, treas-
urer, and A. H. Muyskens, athletic
coach, sponsor.

The next regular meeting will be
held on October 16.

WHICH

a Postal Money Order or YOUR PERSONAL CHECK?

Are postal money orders better than checks? Let's
see. . . To buy a money order, you must go to the
post office. You must fill out an application blank for
each order. A \$1.00 money order costs 6 cents, and
if it is for \$65.00 the fee is 20 cents. Then, too, the
largest money order you can buy is for \$100. Money
order receipts are small, confusing, easily mislaid—
in which case it may take time and trouble to prove
payment of a disputed bill.

Contrast this with the advantages of paying your
bills "by check" . . . make them out anywhere . . .
they become the best receipt . . .
they give you "business standing"
... and when you keep a reason-
able balance in your account in
keeping with the checks you draw,
they don't cost you anything.

BOARD OF EDUCATION

Holland, Mich., Sept. 10, '34

The Board of Education met in regular session and was called to order by the President.

Members all present except Trustees Kollen and Brooks. Trustee De Koster opened with prayer.

The minutes of the previous meeting were read and approved. The committee on teachers made the following recommendations:

That Miss Leona Zimmerman, English teacher in Senior High School be granted a leave of absence for one year and that Miss Myra Ten Cate be engaged to fill her place. Graduate of Hope College and master's degree from Cornell University. Major in English and Speech. Salary \$800.

That Miss Ruth Geerlings be engaged to teach classes in Junior High School due to increased enrollment. Graduate Hope College, and additional year of graduate work in Hope College. Major in History and Government. Salary \$700.

That the resignation of Miss Edith Shackson, assistant teacher in the crippled children's department, who has been offered the principalship in the crippled children's department in Benton Harbor, be accepted.

That the salaries of Miss Helen Sprietsma, Miss Leonora Zonnebelt and Miss Margaret Schurman be advanced from \$600 to \$650 in consideration of one year's experience in our schools and attendance at Teachers' College during past summer term.

Moved by Trustee Arendshorst supported by Trustee De Koster that the recommendations be approved. Carried, all members voting aye.

The committee on School to whom was referred the communication relative to the policing of the intersections recommended that since the protection of Holland's children is the service of the police department of the City of Holland, the responsibility and payment for such service rests with the City of Holland and the Secretary be instructed to so inform the City authorities. Police service is necessary on River Ave. near Junior High School to protect the children from that school and the children from the Christian Elementary school; on Maple Avenue for the children from Washington School and St. Francis School; at State and 24th St. for children of Longfellow School; and such other intersections as may require policing.

Moved by Trustee Lampen supported by Trustee Olet that the report be adopted. Carried.

The committee on Ways recommended the sale of \$6,000.00 Township of Portland bonds and \$4,000.00 Campbell Town bonds at 98 cents and accrued interest. Moved by Trustee Arendshorst supported by Trustee De Koster that the recommendation be approved. Carried, all members voting aye.

Local News

Born to Mr. and Mrs. Herman Spoor, 347 East Sixth street, a son.

Miss Ila Ruth Harris, daughter of Mr. and Mrs. Benjamin Harris, 288 West Seventeenth street, enrolled Monday as a student in the Grand Rapids College of Beauty Culture.

The Western Theological seminary faculty will be hosts to the seminary students and their friends at an informal reception in the parlors of Hope church on Friday evening of this week. Arrangements have been made for a program and social hour by a committee consisting of Rev. and Mrs. Henry Hoppers and Rev. and Mrs. E. J. Blekkink. The division of the church, aid society in charge of Mrs. W. C. Kools and R. D. Esten, will serve refreshments.

The regular monthly meeting of the Federal Boosters' club was held Monday evening in the school auditorium, George Tubergen, president of the club, presiding. A feature of the evening's program was a talk on "Socialism and the Worker," by Mr. Van Doesburg, who has for the past 35 years taken a keen interest in Socialism and is now a candidate for congress from the Fifth district on the Socialist ticket. The club also made plans to install a new heating system in the auditorium of the school. The next regular meeting will be held October 15 at which time it is planned to organize a Boostersette club.

HEAT SLOWS UP EATING; COLD STIMULATES APPETITE

Cincinnati, O., Sept. 20.—Although sales of groceries and meats slumped slightly during the summer months, the advent of cooler weather has evidently whetted the appetites of everyone and has caused a sharp increase in business of the Kroger Grocery and Baking company, according to figures released at the general offices of the company here today.

For the ninth four-week period, which ended September 8, sales of the Kroger company reached \$16,892,057, an increase of \$1,732,716 over the same four-week period of 1933, or 11 per cent.

The increase is attributed to the seasonal upturn in the consumption of food and the growing popularity of Kroger products in the 4,348 stores now operated by the company.

With the increase, the cumulative sales of the company for the first nine periods of 1934 jumped to \$151,224,577, an increase of \$10,899,098 over the same nine periods of 1933 when the cumulative sales totaled \$140,325,479.

VAN VLECK HALL ON HOPE CAMPUS STANDS AS HOLLAND LANDMARK

All is activity again at old Van Vleck with the return of the students after a long vacation and the old halls of this quaint structure, dear to the hearts of every Hopeite who attended school, is ringing with college yells, songs and chatter.

Historic Van Vleck hall on Hope campus is Holland's landmark, its construction dating back to 1856. The building is three stories with basement, was named after Rev. John Van Vleck, principal of Holland academy from 1855 to 1859, and for years was the home of

Rev. Philip Phelps, Hope's first president.

The hall is located on the highest plot and occupies a conspicuous position in the center of the campus. For years part of the building was used for recreation rooms and library, with rooms for students on the second and third floors. It was transformed into a men's dormitory several years ago and now has accommodations for 54 students.

The hall was built the same year the old colonial church was dedicated and both sites were donated by Rev. A. C. VanRaalte, founder of the Holland colony.

Old Van Vleck surely is the heart of Hope as it still proudly stands as the "hub" of the campus.

Continue to Serve American Legion

The household is calm; the telephone stilled; the family bus stays in the garage, and slumber is the sole aim. Another Legion year is behind us; yes, sir, another state convention must be past.

Our chief delegate and commander-elect, Heinie Cook, came very near to being left at home. No one knew what a chore it was for him to arise in the morning, especially at 5:30.

And from all reports no one thought of retiring at all while at Traverse City.

A fishing party made up of the Westraes, Spauldings, Van Tongens and Geerds, furnished quite a story. Heinie Geerds was quite sick to think he did not catch the first fish, and Doc was sick for a better reason. One good way to avoid that illness is to remain on land. But in spite of it Doc landed a ten-pounder.

"Chet" nearly upset his car on the way back, becoming mired in a mud hole. As far as we can learn

this was the only tragedy of the week.

The auxiliary delegates "came home with the bacon"—three state citations and one national citation for their year's work.

If you would like to see how our state finance officer would look with a pompadour, just talk hotel rates and see his hair stand on end.

Remember next Wednesday we meet at the city hall at 7:15 and proceed up US-31 to M-50. There we will meet with the other four posts of the county for a joint installation of officers. If it should rain we will do just as we did when it rained wild: we were in the service.

Reminiscing on the convention makes pleasant conversation. Our main fear is that we may hear an echo of it in the divorce courts.

TOURISTS PAY GAS TAX; WHY KICK IT OVER?

A meeting attended by school board members and superintendents from Holland, Zealand, Coopersville, Spring Lake, Grand Haven, Marne and Hudsonville, was held in the local Junior High school building Wednesday evening for the purpose of planning a campaign to defeat the proposed gas and weight tax amendment which will be submitted to the voters of the state in the November general election, which, it is said, if passed, would wipe out approximately \$8,000,000 of state

revenues and seriously cripple state aid for schools.

Following a luncheon, business of the evening included the appointment of a committee of five to formulate a program to carry the campaign through minute men into every school in the county with Henry Geerlings named chairman. Other members are: Dr. Stickler of Coopersville, H. DeWeerd of Hudsonville, Carl Bowen and Mr. Elliott of Grand Haven. The committee will meet here Monday evening with William M. Connelly of Holland, E. H. Babcock of Grand Haven and E. E. Fell of this city for final details. Speakers included William M.

Convocation Service Opens Hope College

REV. BENJAMIN J. BUSH, DETROIT PASTOR, DELIVERS ADDRESS

The annual convocation service of Hope college was held Wednesday morning at 9 o'clock in the Memorial chapel with the Rev. Benjamin J. Bush, D.D., pastor of the Westminster Presbyterian church, Detroit, delivering the address.

Dr. Wynand Wichers, president of the college, who has recently returned from a European tour, took charge of the service, which was opened by the singing of the convocation hymn, "Come Thou Almighty King." The chapel choir, under the direction of Prof. W. Curtis Snow, sang "Sing We All." This was followed with the reading of the traditional convocation scripture, from the first chapter of Joshua, by the Rev. M. Boer of Grand Rapids, president of the board of trustees. Dr. G. C. Nettinga, president of Western Theological seminary, offered the convocation prayer.

Mr. Gerrit Ter Beek, tenor soloist, sang, accompanied by Prof. Snow at the organ.

Preceding the introduction of the principal speaker, Dr. Wichers stated that the recently matriculated freshman class ranked higher in scholarship than any other freshman class ever entered at Hope because of the outstanding number of high school honor students composing it.

Although Dr. Benjamin J. Bush of the class of 1906 delivered his address from a thought found in the parable of the talents, he had no text. In the past it has been his speaking at Hope. Rev. Bush emphasized point after point in his address by selected illustrations and proved an inspiration to the many visitors and students present.

His subject was "The Power of the Unforgotten." Drawing his text from the parable of the talents, Rev. Bush declared that one-talented men often help produce the best in two- or five-talented men.

At the close of the address the chapel choir sang "Glorious God." By Wood.

Announcements followed by Dr. Wichers, after which the service was closed by all singing the closing convocation hymn, "Faith of Our Fathers." Dr. Boer pronounced the benediction.

Dr. John M. Vander Meulen, former member of the college faculty, and now professor of theology in the Louisville Presbyterian Theological seminary, was among the many alumni and visitors present.

MAYOR BOSCH EXTENDS WELCOME TO DELEGATES

The convention of the American Federation of Reformed Young Men's societies, being held in Holland yesterday and today is being attended by more than 300 delegates from Michigan and many other states in the union.

The complete program of the two-day convention, published in last week's issue of The News, was carried out as per schedule with few exceptions.

Mayor Nicodemus Bosch, in officially welcoming the delegates and guests to the city, stated as follows:

"Delegates and visitors of the A.F.R.Y.M.S.: 'As mayor of Holland it is my hearty desire to extend a cordial welcome to all representatives at this convention. May the warm hospitality of the people of our city linger long in your memory. May your two days of convention further the advancement of the youth of tomorrow.'"

LOCAL CITIZENS SHOW MUCH INTEREST IN HOUSING PROGRAM

Holland has always been called "the city of homes," and the name is well applied, since the percentage of home owners in the city is as high as in any other in the state and nation, and the homes are for the most part kept in such condition that the owners can have a legitimate pride in the appearance of their homes and home surroundings.

In many instances, however, in the past few years, the incomes of many have been diminished to so small an amount, and in many cases there has been no income whatever, that as a result owners have been forced to allow their homes to go unrepaired, since the necessary funds were not available.

It is conditions such as these and also for such as wish to remodel and improve their homes, that the housing program has been launched in the nation-at-large and also in Holland.

At the housing meeting at the Armory last Friday evening, attended by approximately 350, the housing program was explained in detail by Louis Porter of Detroit, a representative of the NHA in Michigan, and matters such as how to negotiate a loan, plan renovations or repairs and safeguard the investment were discussed in a talking picture on "Better Homes for Americans," presented here for the first time in the state by Mr. Porter.

Mr. John Good, chairman of the local committee, who presided over the meeting, also called on William M. Connelly, manager and secretary of the Chamber of Commerce, and Arthur W. Wrieden, president of the local Chamber, for short talks.

Mr. Connelly stated that the necessity of stimulating the building industry is apparent, since there are hundreds of homes which need repairs and improvements, and that there is also room for many new homes.

Until the industry is under way, we cannot hope for the return of prosperity," said Mr. Connelly. Mr. Wrieden stated that he felt that the city, through the housing program, was given a tremendous opportunity to do things it has been talking about for a long time and that we should not be slow to take advantage of this opportunity.

FOUR ARE INJURED IN AUTOMOBILE ACCIDENT SUNDAY EVENING

A serious accident occurred near the Sherbourne schoolhouse one mile north of the old Vriesland station site, Sunday evening when a large Hudson car belonging to Ben Veldhuis of North Blendon, and driven by a son, Egbert Veldhuis, 18, left the road and plunged down the embankment of the roadside ditch. Occupants of the car were the driver, Miss Gertrude Schrotenboer, 18; Benjamin Kuyers, 18, and Henry Dys, 19, all of North Blendon.

Veldhuis states that as they were

traveling south on the county road running from the Beaverdam Christian Reformed church to the main highway, M-21, at Vriesland station, he failed to notice the jog in the road at the township line, and before realizing the condition he had shot across the short space of grass, where his brakes refused to hold, and plunged headon through a high wire fence into a three-foot ditch that ran at right angle to the road, burying the front of the car deeply into the embankment.

The occupants were thrown into a heap against the windshield and front top of the car, resulting in serious damage to both occupants and the car. In the process the steering wheel was demolished and the steering wheel post bent forward against the windshield, while the body of the car was bulged out from the impact. Other damage to the car were a doubled-up radiator, lamps, fenders and broken glass.

The four, although not uncon-

sious were not able to take care of themselves. They were found by Joe Huijsenga living near the scene of the accident who notified Police Officer Lester De Pree of Zealand, and he together with Zealand and Chief of Police Fred Bosma took matters in hand. The injured were taken to the Huisenga Memorial hospital, Zealand, where examination revealed that Miss Schrotenboer's lower jaw had been fractured and that she also had sustained severe head bruises. She is a daughter of Mr. and Mrs. A. Kuyers of North Blendon.

Veldhuis, son of Mr. and Mrs. Ben Veldhuis sustained a dislocated hip; Kuyers, son of Mr. and Mrs. A. Kuyers of Borelio, suffered a severely wrenched back, while Dys, son of Mr. and Mrs. Peter Dys of North Blendon, sustained a fractured pelvis. Mr. Dys will have to remain in a cast for several weeks, it is stated. All four suffered from shock, body bruises and lacerations.

I Appreciate Your Confidence

I wish to take this opportunity to thank the voters of Ottawa County for their continued loyalty in supporting me for state senator. My birth place was in this vicinity, my fundamental education was received in Zeeland and Hope College and I feel in receiving your support that you are thinking of a former home man for this position. I have endeavored to give you my best at Lansing and if elected in November will continue to merit the trust you have placed in me.

Again thanking you for your kind consideration of my candidacy, I am

Sincerely,
GORDON VAN EENENAM.

THE BIG THING IN BUYING FIRE INSURANCE!

How Much Will You Receive In Case of Fire?

It is natural to assume that in case of fire you will be reimbursed for everything that is burned. But will you? In case you have what is called a "classified" policy on personal property, split up in several parts, there may be many things that it does not cover. To be safe you should have a blanket policy on personal. Our policy contains many broad and liberal features and is so written that it covers property insured under any reasonable condition.

Insure in Michigan's Largest Farm Mutual Fire Insurance Company. Our policies accepted by the Federal Land Bank of St. Paul. The Home Owners' Loan Corporation and other Loan Agencies.

I THANK YOU

I am very grateful to the voters of Ottawa County for so loyally supporting me as a candidate for County Drain Commissioner. I had hoped to get your support but not to the extent that I have received. I want to thank you again from the bottom of my heart for the confidence you have placed in me. I will surely do my best should I be elected to that position in November.

With deepest appreciation,

I am,
Sincerely,

Athletes at School May Be TB Tested

DEATH OF ALLEGAN BOY BRINGS UP THE QUESTION OF TUBERCULAR TEST FOR ALL SCHOOL AND COLLEGIATE CONTESTANTS

Tuberculin testing of all athletes who enter high school or collegiate competitive sports in the state and annual x-ray examination thereafter, may result from the story of Leo Schuler, Allegan high school track man, who died of tuberculosis last year.

"We are considering such a proposal to be made to the school authorities throughout the state," Dr. Bruce H. Douglas, president of the Michigan Tuberculosis association, announced this week. "If Leo had been examined by tuberculin test and x-ray when he first went out for the track team at Allegan, he, like 'Lefty' Lefevre, basketball star of Monroe, would most likely be alive today."

"Instead, he had just a physical examination, given him in 1932. This examination was made without tuberculin test or x-ray—only nine months before his death, but it did not show the incipient form of tuberculosis waiting within his body to attack him when his resistance was low. Only the x-ray would have discovered that."

Leo's story was uncovered in the survey of the deaths of 1000 of the 1,031 Michigan young people, sacrificed to tuberculosis last year. His mother, Mrs. Leo Schuler, Sr., of Dunningville, absolved the coaching staff of Allegan high school and the school from any knowledge of Leo's disease, in an interview with the special investigator of the Michigan Tuberculosis association. "Schuler was a mile runner. Of course, he did a lot of running, both in meets and in practice and every time he ran, he raised blood. I don't think his coach knew it at the time. Neither did I," she said. Mrs. Schuler hesitated for a moment.

"Leo thought so much of his school," she went on, "at his death Coach A. J. Damoth, Mr. Walter Kyes and Mr. Kachele got together the football team, the basketball team and the track team and they all attended his funeral together."

Schuler started for Allegan for three years before his death. In 1932, he placed second in the mile in the Grand Rapids regional meet and was sent to the state meet at Lansing. He did not place there, however. According to his mother this temporary defeat made him all the more determined to win in 1933, but his death came too soon. Officials of the Michigan Tuberculosis association were agreed that it was surprising he could run at all in his condition.

Besides track, Leo also went in for football, basketball, dramatics and public speaking. Every day he walked nine miles to go to school and in his spare time he worked to help pay for his education, Mrs. Schuler said.

"Leo, like a lot of other lads his age, was trying to do too much," commented Dr. Douglas. "This extraordinary activity was probably a contributing factor to his breakdown and death. A tuberculin test and x-ray of all young athletes would have eliminated Leo from the line-up, but it would have saved his life."

Schuler's death was one of 30 already investigated, and summarized this week by the Michigan Tuberculosis association. Among this group, it was found that ten were the parents of young children.

The investigation to determine contributing factors in the tuberculosis deaths of young people, will be continued by the Tuberculosis association, assisted by its local affiliated societies. Where there are no local groups, county health officers and children's fund units will help in doing the work.

City Nurse and Dr. Ten Have to Check Children's Health

A thorough check on malnutrition, defective teeth, vision and protection against small pox and diphtheria will be made by the city nurse, Miss Florence Dykhouse, and Dr. Ralph Ten Have, city physician, in the kindergarten and the elementary grades of the local schools.

Notice has been sent to the parents that a rapid health inspection will begin next Monday in the Central kindergarten and Perry schools and parents are urged to be present. Cases that need medical care will be turned over to Dr. Ten Have for further examination and he will then report the condition to the parents and advise further treatment.

Malnutrition is a danger that is constantly menacing children, especially those from families on welfare lists. Teeth, eyes and general health are dependent upon nutrition. Children found underweight and poorly nourished will be given care. Prevention of future disease lies in checking children that are undernourished and supplying them with proper food.

Miss Dykhouse has been assured by city officials that this work will receive attention from welfare sources. Weight charts will be accurately kept in the kindergarten and lower grades throughout the year.

A check will also be made to determine how many children have neither been vaccinated or protected by toxin-anti-toxin from diphtheria. A casual survey has shown that there are many in the schools who have not been treated. Parents will be urged to allow their children to be vaccinated and receive the toxin treatment.

Publicizing St. Petersburg, Fla., Locally

St. Petersburg, Fla., is already busy calling to the north to come south through its chamber of commerce. They call it the "Sunshine City" and give in a circular letter, sent to the News desk, several facts about Florida and reviews the list of Ottawa county residents who wintered there last year and who they expect again this year. Undoubtedly every northern locality receives such publicity, only the names are changed according to where these folks came from. Here are the Ottawa county list—good publicity, we say:

Among the Holland tourists here last season were Dr. and Mrs. E. Blekkink, Capt. and Mrs. J. M. Crawford, Herbert E. Harrington, Miss Lulu Harrington, Mr. and Mrs. George Merrill, Mrs. Annie S. Perkins, E. Schmalfeld and A. M. Witteveen.

Others from Ottawa county were Mr. and Mrs. Samuel Falls, Mr. and Mrs. J. T. Hiller, Mr. and Mrs. W. C. Wells and Gordon Wilkison of Spring Lake; Mr. and Mrs. E. Mackey and Mr. and Mrs. H. Vander Linden of Coopersville; Mrs. Mary VanHemert, Mrs. Martha Rice and Mr. and Mrs. J. VanWes-son of Grand Haven.

60 HOPE STUDENTS WILL GET FERA AID

Approximately 60 Hope college students will participate in the FERA program to aid college students, it was announced today by President Wynand Wichers. The college quota is 52 students, earning an average wage of \$15 per month, but in view of the fact the application list for such work is at the 200 mark, President Wichers stated that jobs may be given to 65 students at \$12 per month, which is permitted under the act.

The college will hold its opening convocation Wednesday morning at 9 o'clock. Rev. Benjamin J. Bush, graduate of the college and pastor of Westminster Presbyterian church of Detroit, will deliver the address at the opening exercises. President Wichers will preside.

Advance enrollment is indicative of a large student body, it was stated. Registration is in charge of Prof. Thomas E. Welmers. The only faculty change is that of Prof. Clarence DeGraaf of the college high school, who will succeed Miss Shirley Payne as instructor in English.

Hope high school is not enrolling first-year students this year as under present plans the school will be discontinued after three years when the present sophomores are graduated.

25,000 POUNDS OF COTTON ARRIVES AT ALLEGAN

Twenty-five thousand pounds of cotton, with which mattresses will FERA officials announced this arrived and has been unloaded, be manufactured in Allegan, has week.

Out of the 25,000 pounds of cotton it is expected that approximately 500 mattresses can be made and after manufacture they will be distributed by the FERA to various individuals in the county.

The mattress factory will start operations in the near future but no immediate steps are contemplated by FERA officials. It will be located in a portion of the old Baker Furniture factory and will employ a number of women.

\$10,000 PAID BEET GROWERS IN OTTAWA

A successful sugar campaign for the local sugar mill was predicted today by officials of the Lake Shore Sugar company as growers in last season's campaign received their final cash payments for 1933 beets under the 50-50 plan. Checks totaling \$10,000 were mailed to growers this week, bringing the total payment at the mill to \$546 per ton.

Acreage for the local mill is about the same as last year's, but a better yield is expected. The local company received 26,000 tons of beets last year.

SPRING LAKE PAVING CONTRACT AWARDED

Within a few weeks work will begin on the Spring Lake main street paving and the relocation of US-16 between Spring Lake and the bridge to Grand Haven. The contract for the paving was let yesterday, according to advice from Lansing, to the West Michigan Construction company of South Haven. The project will entail an expenditure of \$120,000.

It is expected that about 120 men will be put to work on the project. The job is scheduled to be finished by winter.

A building permit for the erection of a garage to cost \$150 has been granted to A. J. Goetz, 290 West Twentieth street.

Mrs. Martha De Vries and the Misses Marian and Evelyn De Vries, Elynn Vander Meer and Ella Karsten visited the world's fair over the week-end.

An informal reception was held in Voorhees hall Monday evening for faculty members of Hope college and of Western Theological seminary, Mrs. Winifred Durfee being hostess to the 75 guests present. A feature of the evening's program was the account by Dr. Wynand Wichers, president of Hope college, of his recent European trip.

Miss Jennie A. Pieters has reached Holland on furlough from Japan, where she has served the Reformed Church in America as a missionary for 20 years. She is a sister of Dr. Albertus Pieters of Western Theological seminary.

Born to Mr. and Mrs. M. Velez, 242 West Seventeenth street, on Monday, September 17, a daughter, Mrs. Velez.

SIX AGED GET HELP IN OTTAWA

The first meeting of the Old Age Pension Board of Ottawa county was held in the court house at Grand Haven September 8. This board consists of three members, Mrs. Anna Popen, chairman, Judge of Probate, Cora Vander Water, and Mrs. Martha Van Coevering of Jamestown. At this meeting six applications were approved by the local board and recommendations for pensions of these applicants have been sent to the Old Age Pension Bureau at Lansing. No applications were rejected by the local board. Several applications could not be acted upon at this time as the investigations were incomplete. The state requires every applicant to give evidence of age, citizenship and length of residence. If foreign born evidence of naturalization must be inspected by the investigator, who shall fully describe evidence furnished with dates of records.

Five Lettermen Return to Hope College Eleven

Thirteen Hope college football candidates were out on the practice field of the college in uniforms today for the first time this season as Coach M. L. Hinga set the boys through their paces for the game with the Ferris team on Sept. 20.

Five lettermen were among the group that reported today, Korstanje, Bonnette, Boven, Klompars and J. Good, all of whom are linemen. A. Van Zanten, another lettermen and linemen, may report later, Coach Hinga stated. The Hope mentor is frankly worried about the loss of his entire backfield, which included such stellar performers on the gridiron as Japings and Nettings, and will be compelled to shift linemen to backfield positions.

Those who reported today in addition to the five lettermen were Leetsma, De Weerd, Japings, Van Tatenhove, Vander Velde, Buys, Tyse and Scrawny Klompars. Several of this number have had considerable football experience and are heavy enough to give the Hope squad a powerful line.

Hope has a seven-game schedule, five of which will be at home. The schedule is:

Sept. 27—Ferris at Holland.

Oct. 6—Hope at Alma.

Oct. 13—G. R. Junior at Holland.

Oct. 20—Albion at Holland (home-coming).

Oct. 27—Kalamazoo at Holland.

Nov. 3—Hope at Hillsdale.

Nov. 10—Wayne U. at Holland.

OTTAWA COUNTY NEWS

Funeral services were conducted Friday noon for Nicholas Koning, 45, of Route 1, Coopersville, who died at Ann Arbor Wednesday. Services were conducted by Rev. M. R. De Haan of Calvary Undenominational church, Grand Rapids. Mr. Koning, who lived near Coopersville 31 years, leaves the widow, four sons, John, Wendell, Orin and Forest; two daughters, Anna and Jean, all at home; three sisters, Mrs. Jake Bennink of Coopersville, Mrs. Ernest Franks of Grand Haven and Fannie Koning of Oleria, O.; five brothers, Tom of Marne, Robert of Oberlin, O., and Carl, Creil and Junior of Mason, O.

The Grand Haven chamber of commerce drive for membership and funds to carry out the program of the organization is nearly completed, nearly \$5,000 of the required \$6,000 having been subscribed.

Amendments to the Grand Haven city charter, providing for the creation of a harbor commission and a board of commerce and industry, were proposed to the city council at its meeting tonight by Mayor Lionel Heap. The council took the amendments under consideration and is expected to decide within two weeks whether to place them on the November ballot. The only action taken by the council was to approve payment of bills totaling \$17,300.

Mr. and Mrs. Nicholas Plaggenhoef of Holland recently celebrated their golden wedding anniversary with a family reunion. They were born in The Netherlands and were married in Holland. Plaggenhoef has been a farmer and teamster, retiring a few days ago. They are 74 and 71, respectively. Their children are Jacob, Samuel, Jennie and Neal, all of Holland.

The fall women's missionary conference of the Reformed Church of America, synod of Chicago, will be held at Forest Grove Reformed church October 5. Speakers will include Miss Tena Holkeboer, missionary on furlough from China; Mrs. S. Schimizu, wife of a Japanese pastor working among the Japanese in New York City, and Dr. Mary V. Bruins of Wisconsin, recently appointed to do hospitalization work in Arabia. Miss Bruins has had her sailing postponed until October 16.

Wilbur Baldus, two months old son of Mr. and Mrs. Charles Baldus of Spring Lake township, passed away last night at St. Mary's hospital.

Haven Loses Plant It Once Had Secured

TOO MUCH KICK ABOUT ODOR PUTS STOP TO REFINERY MOVING TO THAT CITY

Grand Haven thought they had a new enterprise "cinched" when the Kent County Refining Co. had decided to move to Grand Haven, but it appears that somebody threw a "monkey wrench" in the machinery at the County Seat just when the plant was beginning to move.

It seems that the refining company is rather an odorous enterprise, especially in the refining of oils. According to the newspapers there was also complaint in Grand Rapids, which in the beginning started the negotiations. A site has already been secured in Grand Haven.

A railroad had given side tracks and promised to build a warehouse, but a few in the neighborhood had their noses offended even before the plant had made a move from Grand Rapids. The Grand Haven Tribune was rather incensed about the loss of the new business establishment, and blames a few citizens who seem to be troubled with a refined smell.

It appears now that Grand Rapids got busy and has furnished the refining company with a new site where no one can be offended by the smell. The management states that they prefer to stay in Grand Rapids since they are established there and are spending \$7,500 more in order that the change may not be made. They state that \$25,000 will be invested in the firm's new plant.

We quote the following from the Grand Haven Tribune:

"Loss of the Kent Refining Co., because of protests of some citizens of this city, means a direct loss of thousands of dollars to this community and seriously handicaps the revival of tonnage into this port."

It means the loss of: \$30,000 for a modern refinery, \$3,000 to the municipal light and power company for electricity per year.

\$2,400 in freight charges for fuel oil to the light plant.

Employment of 20 men in the plant.

A switching crew on the Grand Trunk yards.

Potential return of a car ferry to this port.

Several tank farms already investigated by several of the largest oil companies in the country.

Tank freighters in and out of the port.

Income of tonnage here which now is very important.

\$100,000 in freight charges for inbound and outbound tonnage.

Rental of two fine homes in this city which had already been arranged for the officials.

\$30,000 in taxable property.

Employment of many men in the construction of the plant.

Benefits which would have accrued to local gas and oil dealers."

VANDERBERG STAND ON NEW DEAL WINS PRAISE OF N. Y. PAPER

The New York Herald Tribune, leading Republican newspaper in the east, carried a political analysis in its columns Sunday to show that out of 12 Republican senators for re-election, 11 insist the new deal is a total failure and that only Senator Vandenberg of Michigan takes the broader viewpoint that each problem must be settled on its own merits, frankly saving the good and frankly discarding the bad.

He was reported also as the only one demanding a liberal Republicanism as opposed both to old reactionism and new radicalism. Today, the Sunday Herald Tribune in its lead editorial says:

"Vandenberg charts the course" and unqualifiedly lines up with Vandenberg against his Republican colleagues.

It points out that Vandenberg is specific in identifying "good" and "bad" and that he is equally candid with both praise and blame and that he is always sound on fundamentals, while also insisting upon the acceptance of new social responsibilities by government.

ARE WE ON THE WAY O A "ROMAN DOWN FALL" SPIRITUAL REVIVAL WILL SAVE US

(Held Over)

The Holland division of the Christian Labor association held its meeting in the Seventh Reformed church Monday evening. Marinus Mulder, president of the local unit, presiding. After conducting the devotionals, Rev. Veltman introduced Rev. D. Veltman, pastor of the local Berean church, as the speaker of the evening.

Rev. Veltman spoke on Article I "Program of Action," which deals with the present economic system. He stated that our economic system suffers from abuse and this abuse can be traced back all through the nineteenth century. Quoting from several authors of the nineteenth century, he pointed out how the abuse of the economic system has been going on for more than a century. It was the result of a theory that brought to the foreground the "survival of the fittest."

The speaker paralleled the present day situation with that existing at the time of the downfall of the Roman Empire. He stated also that while traveling in Russia 30 years ago when the czar still held sway, he noted the "dead" church co-operating with a conscienceless aristocracy and he felt at that time that a terrible upheaval would soon take place there.

Rev. Veltman emphasized the need of a spiritual revival so that the system of rugged individualism which General Booth of the Salvation Army once described as "One Big I. I. I." may be supplanted.

Redistribution of wealth must also take place, Mr. Veltman stated, but not by a new system of Communism as some would have it, for that is but a soulless heathen omnipotent state; nor by fascism or the one-party rule; "Hitlerism" with its "anti-semitism" and a paganized German national church. "But the principals of the infallible Word of God must be applied to our economic system so that all society will be benefited," said Mr. Veltman. To this end he urged that propaganda be made so that employers and employees may all realize their duties as well as privileges and rights.

The speaker concluded by quoting Henry George, great political American economist, who said: "There is enough and to spare. The trouble is that in this mad struggle we trample in the mire what has been provided in sufficiency for us all—trample it in the mire, while we tear and rend each other."

A discussion followed the discourse which proved helpful. The meeting was closed with prayer.

Supervisors Hold Busy One Day Session

ROAD COMMISSION WILL NOT TAKE ITS FUNDS TO BE USED TO MAKE UP COUNTY RELIEF DEFICIT OF \$9,000 (Held Over)

The Ottawa county board of supervisors completed a very busy one-day session at Grand Haven Tuesday and failed to come to the aid of the county FERA by taking no action to supply a deficit of \$19,165.13 which exists in the FERA August accounts. The vote was 14 to 13.

Austin Harrington and Carl Bowen, county engineer, stated that funds were not available by the road commission to be used to purchase groceries, pay for house rent, and clothing for welfare purposes.

The road commission has co-operated as far as possible in supplying labor to the welfare workers of this county, starting long before the state and federal government took over the work. At the present time labor is being given for roadside work, road construction and building construction to the amount of \$10,000, which was requested by the FERA board.

George Heneveld, chairman of the board, suggested the deficit be prorated throughout the township and city units and met in that way. He explained that merchants and business men had advanced the money for welfare needs and they were now left "holding the bag" as the state has refused to make up the deficit.

Mayor Heap stated that in his idea the county administrator, had overlooked certain features in making up a budget for \$24,000 for August when she was aware that case loads were increasing. He stated, however, that in justice to her, she had expected to get \$10,000 in cash from the road commission.

He pointed to the low rate of welfare in this county compared

with other counties. A little less than \$9 per week is allowed for a family of five. In Muskegon county the rate is about \$12, and in Illinois, he said, \$11.95. The rate in this county is not sufficient to support families of five for food alone, he said.

15 Per Cent On Lists. Fifteen per cent of the population of Ottawa county is on the welfare rolls, he said. He believes the road commission is in the best position to solve the problem and pointed to many commissions in the state that were refunding loans in order to raise money for welfare. "It is the prime objective in the state today and the unemployed must be taken care of," he concluded.

He stated that administrative costs in this county totaled 12 1/2 per cent. He cited other counties, one in particular, where the administrative costs were 23 per cent, but welfare costs had been greatly lowered because of intensive investigation.

Other supervisors called attention to the fact that the state had taken the welfare work over and there was no reason why the county should jump into the breach and supply the deficit because someone had blundered, or there had been waste of some kind. Mr. Heap pointed out that the road commission had profited by welfare labor; Carl Bowen entirely disagreed and said that much higher road costs had been incurred due to green labor and money could have been saved on the work had the regular organization been on the job.

The consensus of opinions appeared to be that the road commission has done its share to relieve the situation and was acting in good faith with the FERA commission.

A report was submitted by the finance committee showing that the county was approximately \$250,000 in the red. Money being used belongs to the road commission as it is included in the one cash fund of the county, as is the case of municipalities, states, counties and federal government.

It is estimated there is a tax delinquency of \$157,000; impounded cash on deposit in banks totals \$53,172.53; monies due the county Resolution Passed.

A resolution was passed request-

ing the finance committee to prepare a statement showing the actual financial condition of the county with separate accounts for the road commission and the county.

Hunter Hering moved that a budget committee of three members of the board be appointed to act in conjunction with the finance committee, which has heretofore prepared the budget. He believes that expenditures of the county should be cut to the bone and that the board members should be acquainted continually with the amounts in the various budgets and stay within the limits of the budget regardless of whatever calls may come to the board throughout the year. He deplored the haphazard methods of allowing expenditures for one thing and another without regard for the money which the county raises through taxation. The resolution was passed by 23 to 4.

The chairman announced he would make his appointments next week. The committee must report at the October session, when the annual budget is adopted.

A resolution was passed requesting the liquor control commission to close places where spirituous liquors are sold at midnight instead of the present closing hour at 2 a. m. This will be sent to the liquor control commission at Lansing.

A three-year contract with the Muskegon sanatorium was signed, whereby the cost of tubercular patients will be lowered 45 cents per day. The new rate is \$3.15 per day over the old rate of \$3.50. Added service will also be given to the patients. A bill for \$1,341.70 for the care of an Ottawa county patient at the sanatorium was passed and is to be charged back to the sections in which the patient lived.

the regular routine. A resident of Zeeland recently brought to the office of Dr. D. C. Bloemendaal not only the fees for services rendered, but in addition presented the doctor with a gorgeous bouquet of lilacs in full bloom.

Mr. and Mrs. Fred Veldhuis of Zeeland and Mr. and Mrs. William Vollink of Holland spent the week-end with relatives in Decatur and Dowagiac.

Mr. and Mrs. L. Hendricks of Zeeland announce the engagement of their daughter, Caroline, to Marvin De Jonge. The marriage is to take place in the near future.

Marvin Hoffman has returned to Atlanta, Georgia, after spending a short visit with his parents north of Zeeland.

Judge Stratton's dahlia exhibit, entered as part of the Allegan Garden group display, but shown with the exceptionally fine general floral entries, was remarkable in many ways. Its center, and entered for display, each in a separate container with only the bloom, unornamented by its foliage in view (the accepted mode of exhibit at the famous horticultural shows) Mr. Stratton displayed twenty-four wonderful dahlia specimens, the largest nine inches in diameter. In color they ranged from an absolutely pure white through the shades of pink, lavender and yellow to the dark reds, purples, and browns. Some were variegated, others of solid color. Those of the cactus variety were shaggy with pointed and curled petals, resembling huge chrysanthemums. One smaller light-yellow specimen looked almost exactly like the chrysanthemum Raonant, grown a great many years ago in the old country. Flanking this set arrangement at either side were two bouquets, each containing blooms and foliage of one choice variety; and, on the wall above the whole, hung a great, solid blanket of the same beautiful blossoms, geometrically arranged as to color. It was a strikingly handsome exhibit.

Harry Hemwall, nephew of Geo. Hemwall of Gibson, southwest of Holland, was struck by an auto near his uncle's home recently. More than 30 stitches were required to close his wounds.

Despite rain which caused postponement of the program Saturday, attendance records at Allegan County fair were broken today. Officials estimated Saturday evening the adult tickets would number close to 25,000.

Miss Bernice Bauhahn has returned to her home in Gibson and will attend Hope college at Holland this fall. She feels that Hope is a fine school.

With a crew of about 40 men at work the Saugatuck Fruit exchange has begun the winter pack of apples, which will be a large crop of excellent quality. The McIntosh variety are the first to be packed, to be followed by Rhode Island Greenings. Only Baldwin, usually a large crop, will be missing from the winter varieties. There was a large crop of summer and fall apples and Bartlett pears, but no peaches, owing to the severe winter.

Early fall fruit crops are moving well in Allegan county. Plums and pears have brought satisfactory returns. Plum prices have been higher than in recent years. The short peach crop has stimulated demand for pears. George Race, farmer living three miles northwest of here, reports a flowering currant in full bloom for the second time this year.

The Sunday School Lesson

SEPTEMBER 23, 1934
"Isaiah Counsels Rulers"
(Isaiah 31:1-9; 37: 36, 37)
HENRY GEERLINGS

The lesson falls in the reign of Sennacherib who was prosecuting his work, uprooting idolatry and establishing the worship of Jehovah. It sets before us the instructions of the prophet regarding the relations Judah sustains to other nations and to Jehovah.

At the time that Sennacherib invaded Judah Egypt was independent and strong. When Israel forsook Jehovah, she remembered Egypt or some other power. The prophet notes the elements of her strength—they have many horses, chariots and men, and they are strong.

But God is not dependent upon human strength. When Gideon, in the time of the Judges, won his noble victory over the Midianites, the Lord did not permit him to depend upon the great number that followed his call, 32,000, and the army was reduced to 300 men. It is no much easier for those who see things from the worldly and human standpoint, and not from that of the divine, to estimate, measure and judge what they can see and count. Their question is, how many, how strong? To the man of the worldly vision God is not very

real. To sinful Israel and Judah Egypt was much nearer and more tangible than Jehovah.

But the Egyptians without God are weak. When hard pressed or outnumbered they are subject to the same fears as are the Israelites. They are men and horses, frail material things, and not spiritual. They can do only within their limited physical power, and when that is exhausted, what then?

Against this human power the prophet places the might of Jehovah. When the Lord stretches forth his hand Egypt will be crushed and Israel will share her fate when God strikes. How much better then to be allied with him, to be under his protection. He is greater than the nations.

Beside this picture of human frailty Isaiah sets God in his infinite strength. He uses the figure of a lion, the king of beasts, and the shepherds. What is man when Jehovah enters the conflict to fight for Zion? We look with dismay upon the great human struggles, nation against nation, and we believe the issue to be according to the strength and weakness of the contestants. We watch the human factors involved and leave out of it the God of nations.

Isaiah is turning the eye of Judah away from Egypt to Jehovah, from weak man to the infinite God. At the moment of the fall of Judah their hope was in Egypt. When

the Babylonians, who were besieging Jerusalem, heard that the Egyptians were coming they withdrew for a time. How the Jews must have been heartened. But the Egyptians did not come. There was one man in the city who knew the futility of depending upon Egypt, and who tried to get them to hear the message of Jehovah. He was Jeremiah, the prophet.

There is another deliverance of which they are in the greatest need. It is one thing to be delivered from others, from enemies without, but another thing to be delivered from their sinful selves. It is this that is separating them from Jehovah their strength, and leaving them a prey to other nations.

The time is coming when they shall cast away the idols they have made. Their weakness is spiritual, not physical. It is this and not their power compared with the might of Assyria that should cause anxiety. If they will be true to Jehovah he will take care of Assyria. How untiringly the prophets labored to bring to Israel and Judah this supremely vital truth, that their greatest weakness was not in man power, but in heart power, spiritual power, spiritual purity.

This is the truth for every age, for our time. We, too, have our idols and they take the place of God in our devotion to them, and our ignoring the claims of God.

SOCIETY NEWS

Miss Faye Kalmink, daughter of Mr. and Mrs. George Kalmink, and Robert Evenhuis, son of Mr. and Mrs. Ed Evenhuis, were united in marriage on the afternoon of Wednesday, September 12, Rev. N. J. Monma, pastor of Ninth Street Christian Reformed church, performing the single ring ceremony. The marriage took place at the Ninth Street church parsonage in the presence of the parents of both the bride and the bridegroom. The bride wore a becoming brown outfit and carried a bouquet made up of white roses, baby breath and swainsons. Following the ceremony immediate relatives motored to Grand Rapids for a wedding dinner in the Pantlin hotel. After a wedding trip to Detroit, the new-laws will be at home at 250 West Nineteenth street.

Little Miss Shirley Mae Bedell celebrated her sixth birthday on Friday afternoon and in honor of the occasion several little friends were invited to her home. Refreshments, served at a table prettily decorated in pink and green, were a feature of the party. Guests included Denise Redmond, Barbara Kraai, Ione Meeuwse, Norma De Vries, Betty Visscher, Evelyn Cook and Mavis Riemersma.

A birthday party was given on Thursday evening at the home of Mr. and Mrs. Jack Essenburg of West Twenty-second street in honor of Miss Margaret Topp. In the games played prizes were awarded to the Misses Florence Essenburg and Miss Helene Dykman. Guests included the Misses heresa Schuite-man, Ellen Steffens, Florence Essenburg, Helene Dykman and Mrs. Donald Topp and son, Donald, and Mrs. William Topp.

Miss Grace G. Lummen, daughter of Mrs. William Lummen of 185 East Sixth street, and Lewis Johnson, son of Mr. and Mrs. Henry Johnson of Hamilton were married Friday at the home of the bride's mother, Rev. J. A. Roggen of Hamilton performing the ceremony in the presence of the immediate relatives. Immediately after the ceremony a wedding dinner was served at the home of the newlyweds to approximately forty guests. Following a wedding trip to Chicago, Mr. and Mrs. Johnson will make their home at Hamilton.

DOUBLE FEATURE PROGRAM
No. 1—Glenda Farrell in "Merry Wives of Reno."
No. 2—Edw. G. Robinson in "Man With Two Faces"

The days of the "3 R's" have returned for 1,382,630 of Michigan's school children . . .

Railroad taxes—\$7,829,198 in 1933-34—go directly toward the education of those youngsters.

Railroad taxes are the bulwark of our primary school fund. But now those tax payments are in danger.

Unfair, inequitable competition, particularly from unregulated trucks, has so cut into the railroads' income that their tax payments have become a problem. If this situation continues those tax payments inevitably must stop.

To the extent that the railroads are destroyed as a source of tax revenue the payments they now make will have to fall upon the citizen.*

Can he afford, then, to permit the job of transportation to be shifted largely from a tax-yielding agency—the railroad—to a tax-consuming form of transport? Is he ready to take on this added tax burden?

The railroad problem is deplorable, but not beyond remedy. It can be solved within our legislatures.

Our next Michigan legislature should see that motor trucks and buses are taxed to meet fully the costs to the public which their operation entails; that they submit to regulations comparable with those governing the railroads, and, in addition, that they contribute equitably to the general expense of government.

Michigan and the "3R's" need the railroads. And the railroads need constructive legislation. It is only fair that they be given at least an equal chance.

SUNDAY DINNER SUGGESTIONS

By ANN PAGE

PEOPLE who like pork chops or a roast loin of pork will be able to satisfy their appetites this week as the price is now within reason. Lamb chops, too, are moderate. Butter and cheese are still attractively priced, though butter prices may change at any time.

Apples, grapes and melons in variety are the outstanding fruits though pears, plums and prunes are fairly plentiful.

Potatoes are even cheaper than a week ago. Sweet potatoes and yams are also lower. Lima beans and peas are less expensive but string beans and spinach are the outstanding green vegetables. Cabbage, cauliflower, broccoli and Brussels sprouts are all in market at reasonable prices. The following menus are made up from the latest market news available.

Low Cost Dinner
Boiled Picnic Ham
Mashed Potatoes Creamed Cabbage
Bread and Butter
Apple Pie
Tea or Coffee
Medium Cost Dinner
Roast Loin of Pork
Scalloped Potatoes
Bread and Butter
Jellied Fruits
Coffee
Very Special Dinner
Tomato Soup
