CORNELIUS VANDER MEULEN, Holland's municipal judge, was one of 169 "senior citizens" to receive the "50-year award" at a luncheon meeting of the State Bar of Michigan Wednesday in Grand Rapids. Judge Vander Meulen was graduated 51 years ago from the University of Michigan law school. Fifty-two of the 169 Michigan long-timers were present for the awards.

Muriel Hopkins is a pretty happy girl these days.

The former girl athlete who lost both legs through amputation because of a circulatory ailment received word Wednesday that she had passed her exams as registered occupational therapist. The notification came from Western Michigan College in Kalamazoo.

A degree in occupational therapy represents a long, hard course of study, fully 45 credits after completing a B.S. degree. Along with her studies for the new degree, she had nine months of affiliation work in Kalamazoo State Hospital, studying mental work; Indianapolis Sunnyside Sanitarium, TB work; Mayo clinic, general medicine, surgery and pediatrics; Minneapolis Veterans Hospital, physical disabilities and surgery.

Last June 25 she took the six hour exam in Kalamazoo. A month later she entered Holland Hospital to have her right leg amputated. The left leg was

amputated four years ago. Muriel currently is full of plans for two artificial legs, a costly program but she feels it will be accomplished somehow. Meanwhile, she often goes around the block in her new wheel chair.

"Sure, people stare at me, but I don't mind. I think I'd look at a girl who has only one leg or no legs too. Just wait," she said.

It was during her sophomore year at Western Michigan College that she was injured playing soccer and it led to other troubles. She has been in and out of hospitals ever since. But today, she's on top. She lives with her parents, Mr. and Mrs. Clifford Hopkins at 17 West Ninth St.

Three persons were injured and two cars were just about demolished in a head-on collision at Fillmore St. and 86th Ave. near Zeeland at 7:40 Tuesday.

Deputies who investigated estimated damage to the '51 and '50 model cars at close to \$1,200. They said Miss Klynstra, going south on 86th Ave., attempted to make a left turn at the dead end onto Fillmore. The Elzinga car was going west on Fillmore.

Accident Occurs At Lincoln and 24th St. Crossing

Trio Going to Work At Local Factory; Leave 11 Children

Eleven children were without mothers today because of a violent train-car collision which killed three Fennville women Tuesday afternoon.

Dead are: Mrs. Harold Smith, 32, of 128 Second Ave., Fennville. Mrs. Sam Robinson Jr., 32, Fennville.

Mrs. Clarence Liewehr, 40, route 1, Fennville.

The three were riding in a car which was struck broadside by a C and O freight train at the 24th St. and Lincoln Ave. crossing at 3:15 p.m. Tuesday. Mrs. Smith died enroute to Holland Hospital. Mrs. Robinson and Mrs. Liewehr died at the hospital a few hours later.

The impact knocked the car 150 feet down the right of way from the crossing. Pieces of the car were scattered for hundreds of feet along the tracks and right of way.

The 1954 model car which had been driven for less than 600 miles was virtually torn apart. The car was registered to Mr. and Mrs. Harold Smith and was only a few weeks old.

When Holland police and Ottawa County deputies arrived shortly after the accident they found Mrs. Liewehr on the ground near the driver's side of the car.

Mrs. Smith was lying on the floorboards and Mrs. Robinson was pinned between the front and back seats. Police said that they will probably never know who was driving the car because it is easy for persons to be scrambled around in a collision.

Engineer Roy Walters of 218 East 16th St., Holland, said he made a routine approach to the crossing, blowing his whistle at least 600 feet back. Walters said he saw the car driving north on Lincoln Ave. and turn east across the tracks.

Walters said he threw on the emergency brakes 300 feet from the crossing but was unable to stop in time. The train consisted of a diesel engine, two cars, and a caboose.

Firemen Ernest Boyle, also of Holland, sitting on the side nearest Lincoln Ave., said he saw the car driving along and come to a stop at Lincoln Ave. and 24th St. before turning left.

Boyle said the car started across the tracks and apparently stalled. Before the impact, Boyle said he covered his eyes knowing the train was going to strike the car broadside. Walters said he was traveling at about 25 miles per hour.

Ambulances rushed the dying women to the hospital. Needed plasma was given the women but to no avail.

Ironically a routine request for plasma Tuesday evening to Lansing to fill out the depleted supply at Holland Hospital set off a flurry of excitement across the state.

Hospital authorities asked the State Police in Lansing to relay the plasma here in case additional accident cases were brought in. Newspapers and wire service calls flooded the police station asking what had occurred to call for so much plasma.

Hospital officials said ample quantities of whole blood were on hand but the supply of plasma was low because of the quantity given to the Fennville women.

The women all worked at Davis Die Casting Co. and had left home early to purchase some seat covers. The women were to have reported for work at 4:30 p.m. Tuesday.

Former Resident Killed in Accident

Word has been received here of the accidental death Wednesday of Roy C. White of Victorville, Calif., formerly of Holland, Mr. White was accidentally shot while target practicing on a rifle range near his home. Further details of the accident were not learned.

Mr. White was a former partner in White Bros. Electric Co. Born in Tower City, he lived in Holland many years before moving to California about 12 years ago. He was 60 years old.

Surviving are the wife, Julia; a son, Jerry; three sisters, Mrs. Charles Furney of Elmira, Mrs. Etta Blink and Mrs. Walter Dunaway of Holland; five brothers, Jerry of Lansing, Harry of Aurora, Arthur of Holland, Charley of Detroit and Cecil of California.

Funeral services were not completed.

Driver Issued Ticket Following Accident

Charles Brinklow, Jr., 25, route 2, was issued a ticket for failure to stop at a stop street following an accident at 17th St. and Ottawa Ave. at 9:15 a.m. today. Brinklow was driving south on Ottawa Ave. when he collided with a car driven by John Muller, 63, of 693 South Shore Dr. Damage to Muller's '51 model car was estimated at \$400 and to Brinklow's

Normal Scores on Fluke Pass Play; Hope Frosh 'Good'

Although Hope College hit the last 19-0 in the season opener against powerful Michigan Normal at Riverview Park Saturday night, Coach Al Vanderbush was able to detect several bright spots in his freshman studded squad that should prove interesting when the Dutch settle back into their MIAA schedule beginning this week.

The Hurons, runnersup in the recent IIAA league last year and from the same school that beat Hope 21-6 in the opener for both outfits just one year ago, presented a talented array of hard-running backs and some husky linemen who can block and tackle with the best of 'em.

Some 2,500 fans saw the visitors from Ypsilanti score on fluke maneuver just before the half, once again early in the third quarter and again in the waning minutes of the fourth quarter.

Although the Hope backs—Don York, John Adams, Tom Carey and Dave Kuyers—brought cheers with a few long runs, they didn't get any closer than the Normal 28 yard line.

The visitors, directed by able, veteran quarterback Bob Middlekauff, controlled play most of the way and kept piling up yardage and those precious first downs.

First score came in the second quarter, just 17 seconds before halftime. It was Normal's ball on the Hope 15 with second down and 10 yards for a first down. Middlekauff flipped a pass into the middle of the end zone where three Hope and two Michigan Normal men were swarmed together. It slipped through the intended receiver's hands and was missed by a Hope defender. It hit a Hope man who was flat on the ground, bounced up and again hit the man on the ground—this time on the helmet. Again the ball bounced up and was snagged by halfback Doug Wilkins for the Normal touchdown.

The score climaxed a six-play drive from the Normal 45 to a punt return by shifty little Wilkins. Middlekauff missed his boot for the point and time ran out with the halftime count 6-0.

A 69-yard march in six plays resulted in the second Huron TD with just four minutes and 15 seconds gone in the third quarter.

Featuring the scoring march was a 49-yard broken field run off left tackle by Wilkins all the way to the Hope 20.

This time Middlekauff made good his kick and it was 13-0.

Hope snapped to life and with home York to Adams pichtouts sandwiched between a few bucks by Carey, advanced to the Normal 33 where the attack stalled and the locals had to punt on fourth down.

A pass backfired on sophomore quarterback John Holmlund in the fourth quarter and set the stage for Normal's third and final TD. Big "Jawn" faded back from the Normal 40 and let go. Speedy Normal halfback Virgil Windom saw a chance to grab it off and that he did on his own 30. He made it all the way to his 48 before he was hauled down. Misters Wilkins and Windom combined their talents with Fullback Bill Williams and a couple of Middlekauff passes to bring the ball down to the Hope 30 where it was first and 10. It took freshman halfback Jerry Miller of Flint just three more plays to hit pay dirt the clincher being a wide sweep around right end for the last three yards. Middlekauff missed the bars and with five and a half minutes to go it was 19-0 and all over but the cheering.

Coach Vanderbush used a total of 30 men, including 12 freshman who he wanted to get a line on while under fire. And in most cases the excitable Dutch mentor was pretty satisfied. Among the standouts were Mert Vander Lind, all-city quarterback last season at Grand Rapids Ottawa Hills and Paul Wiegierink, also from Ottawa Hills and son of Gerrit "Curley" Wiegierink, Hope grad and former director of the Adult Evening School at Holland High. Paul, by the way, is a top-notch hurdler, having won the highs at the state high school meet in East Lansing last spring.

Halfback Ron Weatherbee of Zeeland, another freshman, also impressed during his few appearances. But it was the old "reliables" such as Adams and York who showed the most promise in the offensive department along with Carey and Kuyers. Up forward it was the standout play of the left side of the line, notably Don Van Hoeven, big John Hollander and Don DeGraw. Normal had a hard time, even with Wilkins and Windom, denting the left side of the Dutch line. And during the second half the "weak" right side was able to stop the visiting speedsters in their tracks.

Holmlund heaved some nifty passes, but when he first came into the game as a sub for York, he clearly showed the tension as he fumbled a couple of hand-backs from the center. However, his passes were for the most part right on target and especially one in the second quarter that barely missed Vander Lind who had wormed his way beyond the last Ypsi defender.

But don't take the plaudits away from 5'8" Wilkins, who packs a lot of football savvy in his 160 pounds. The shifty Owosso sophomore can punt, catch a pass and run like a deer. His mate at the other half, Windom, is equally good and together they should give Coach Fred Troost a lot of scoring punch this season.

Up forward the visitors are loaded, having lost just two regulars from last year's team. Theirs is a big 220 pound Barry Basel at one tackle, and 205 Bob Biddle at the other tackle. All-in-all, new Normal line coach Phil Yenoschik isn't losing too much sleep these nights worrying about his end of the job. Now Coach Vanderbush and his aides, Ken Weller as backfield tutor and Larry Green on the line-men, must get the squad ready for the MIAA opener at Olivet come Saturday.

Van Dyke, Boeve Lead Second Half Holland Comeback

GRAND RAPIDS (Special) — A sub tackle, Dave De Lano, blocked a Holland extra point attempt late in the fourth quarter Saturday, causing the Dutch to settle for a 13-13 opening game tie with Grand Rapids Creston. The game was played before 2,000 fans on soggy South Field.

The tie-making touchdown came with four minutes and 50 seconds left in the game. With the ball on the Creston 31, Henry Visscher quarterback started through center on a split T sneak. He moved to the 24 yard line and was surrounded. He lateraled to left half Ron Van Dyke who carried the ball through the Creston secondary to score. The touchdown was the second scored by Holland in the fourth quarter in a drive covering 74 yards.

The quarter was only 40 seconds old when Dick Den Uyl, right half, pitching from the Creston 28, hit Gerald Boeve, right end, on the three. He stepped into the end zone climaxing a 58 yard drive. Ron Van Dyke's point attempt was good. He had quarterbacked the Dutch during the first march.

Holland did not "come to life" until the second half. The Dutch were not aggressive in the first two quarters and the offense never got moving. Defensively, only once, did they click. Seconds before the first quarter ended, after Creston had moved the ball 46 yards to the Holland three, the Dutch team "fired up" holding one play and throwing Creston quarterback Bill Anderson for a four yard loss. The quarter ended here and the walk up field cooled Holland. They left left half Dave Milling slip behind the secondary and take an Anderson pass on the one yard line. Bucky Ash's extra point attempt was wide.

After receiving the kickoff, Holland "sparked" offensively on one play. Ron Van Dyke, behind the blocking of Visscher and Tom Klompars, fullback, went 21 yards around end to midfield from his own 29. Holland bogged down in the next series and the Crestonites began their second touchdown march.

Two running plays put the ball on the Holland 49, where Milling knifed off left tackle to the Holland eight yard line. He was caught from behind by Van Dyke. The next play, Jim Emery, right half, swept right end for the remaining distance. Ash's kick split the uprights.

Holland was a "new" team in the second half. They were full of spirit and pep and twice their eagerness hurt. Two offside penalties were called against them in the third period, once on a touchdown pass play and another on a recovered blocked punt.

Van Dyke grabbed the second half kickoff on the Holland 12 and raced to the Dutch 46. Visscher hit Gerry Boeve with a pass to the Creston 42. After an incomplete aerial, Visscher connected with Boeve again. He took the ball on the 10 yard line and outran the Creston defense. An offside penalty nullified the play.

The next play Visscher passed another 15 yards to Paul Northuis who was downed on the Creston 32. Holland moved along the ground to the Creston 11, where Visscher had a short pass deflected. The ball went straight into the air and into the arms of Creston's Al Marlowe.

With Holland's line charging, the Polar Bears went nowhere and punted. Klompars smashed through and blocked the punt and end Northuis pounced on the slippery ball on the Creston nine. The play was called back because Holland was offside.

The rain early Saturday hindered both teams. Holland backs fumbled seven times and the Polar Bears three times. Both teams had rough going on the South Field baseball diamond.

Used by the Grand Rapids Chicks, girls baseball team during the summer, the base paths have been filled in with sod which loosened easily with the rain.

Holland gained only 12 yards rushing in the opening quarter as compared with 72 in the final canto. Creston netted only two yards in the fourth quarter on the ground.

No serious injuries were reported in the contest. Co-captain Carl VerBeek, Holland guard, received a knee injury in the third quarter, but returned briefly in the final canto.

Van Dyke lived up to expectations and gave a creditable performance. His real spark was brought out when he quarterbacked the team to the first score. Dick Den Uyl, right half, looked good offensively along with the ends Northuis and Boeve.

When they got rolling in the second half, the middle of the Dutch line turned in some good defensive work. "Woody" Bos was in on several tackles along with Co-Captain Chuck Gouloze.

Creston's Anderson, Emery, Milling and John De Blaay, played well in the backfield. Rex Dyer was a line standout.

Holland gained 172 yards rushing, 117 in the second half. Creston picked up 176 yards on the ground, 129 in the first half.

Five homes were used for the elaborately beautiful displays which interpreted the exciting and sentimental wedding story from the engagement announcement through the honeymoon.

Arrangements in companion containers told the engagement story at the home of Mrs. Verne Norquist, under the theme "Now It Can Be Told." Winners in this class were Miss Dena Muller, first; Mrs. Nelson Clark, second; Miss Gertrude Steketee, third. Mrs. L. E. Towde was given honorable mention.

At the home of Mrs. Marvin Lindeman, a kitchen shower theme displayed the "Joy of Cooking." Mrs. Walter Wrigley was first-place winner. Mrs. Edward Heuvelhorst, second, and Mrs. James Lugers, third. A "Toast to the Groom" theme set the masculine mood at the home of Mrs. H. G. De Vries, where Mrs. Jay H. Petter won first, Mrs. Don Winter second, Mrs. Paul Fredrickson third and Mrs. Petter fourth. Mrs. Petter also did the "Bachelor Game Dinner" invitational arrangement.

Highlight of the show was the home of Mrs. E. J. Vandenberg. The entire home was charmingly done and truly caught the mood of the gala "wedding reception." The living room was enhanced by a number of rose arrangements, done by the hostess.

An upstairs bedroom—the bride's room—told the entire romantic story, with the groom's picture, an empty pearl box, a rehearsal bouquet of ribbons, the bridal veil and delicate flower arrangements. This room was done by Mrs. Fred Pickel and Mrs. Harold Van Tongeren.

Guests remained at the Vandenberg home for tea, arranged by Mrs. J. F. Donnelly, assisted by Mrs. Stuart Padnos and Mrs. Joseph Lang. Mrs. R. B. Champion arranged the lovely centerpiece, and beautiful silver service and dainty refreshments contributed to the overall perfection of the tea table.

Winners in two classes were as follows: "Something Old," Mrs. Stallkamp, first; Mrs. James Lugers, second; Mrs. William Schrier, third; Mrs. Lugers, honorable mention; "Something New," Mrs. A. J. Tazelaar first; Mrs. Herbert Childress, second, and Mrs. William Schrier, third.

Mrs. Lugers' prize-winning arrangement is pictured above. Invitations here were done by Mrs. Stallkamp, who arranged the dining room table for a reception, and Mrs. Wrigley and Mrs. Champion.

Horticulturists of the club showed off their talent with fall flower specimens in the Vandenberg summer house and joined in an exchange of perennials.

The wedding "tour" was climaxed at the home of Mrs. Fred Pickel, which told the honeymoon story of a cruise to South America. The "Breakfast for Two" class was won by Mrs. James Brooks, first; Mrs. William Beebe,

second, and Mrs. Larry Towe, third. In the "Tea for Two" division, Mrs. A. J. Tazelaar won first, Mrs. Henry Morse second and Mrs. Edward Brolin third.

"A COLLEGE TOWN"

Holland is often described in dispatches from the outside as "a college town." Now that another college year is opening, the phrase takes on renewed significance.

The home people are so used to an institution that has been here for the greater part of a century that they are likely to take it for granted. It may be wholesome to let the imagination dwell for a moment on what Holland would be if it were not, and had never been, "a college town."

On a plane lower than the one on which the college was founded, the economic level, Hope College holds an importance for this community that is not to be taken lightly. Each year it brings in several hundred young men and women from the outside, some of them from foreign countries, and it keeps here at home several hundred more who would be residents of other college communities if Holland were not "a college town."

That means the addition of several hundreds of thousands of dollars worth of business for Holland annually. Holland merchants and the community in general would be appreciably poorer if Holland had never been "a college town."

But the economic advantage of being "a college town" is not the chief consideration. The enrichment of the intellectual and cultural atmosphere that is generated in a community by the presence of an institution of higher learning is obvious. Hope College makes Holland a better place to live in and work in than it would be without the college.

There is a special advantage in a small community's being "a college town," especially when the size of the town more or less balances the size of the college. A college or university in a large city is lost. Most of Chicago's people, for instance, hardly are aware of the University of Chicago or Northwestern University; and New York is but slightly affected by its Columbia and the other institutions located there.

On the other hand, when a university dwells the community, as is the case with the University of Michigan at Ann Arbor or Yale at New Haven, the imbalance between town and gown is equally obvious.

A small campus in a small town makes for conditions that strike a happy balance between industry and learning.

These facts are so obvious that they are usually overlooked. It may be worthwhile, at the opening of a college year in Holland, to mention them and even to underline them.

Sunday School Lesson

September 26, 1954
Living Witnesses
Matthew 5:13-16; Acts 8:4-6
By Henry Geerlings

It is fitting to close the studies of this quarter with a lesson on Christian witnessing. We can do that by the lives we live. This is important and properly comes first.

Jesus uses two figures to set forth this responsibility. First He spoke of His followers as salt. Salt is a long known preservative. Our forefathers knew it as much and salted their meat in order to preserve it. Salt is also used to give the right flavor to a great many of the things we eat. No doubt Christ had both of these things in mind when He used the figure.

The Scriptures reveal that there is corruption all around us in the world. That is why it is doomed to destruction. There is one great reason why the judgment of God has not yet fallen upon it, and that is because of the preservative quality of the Christians who are still in the world.

Then Jesus also spoke of His followers as light. The world lies in spiritual darkness. There is intellectual illumination along many lines, but it has no effect on the spiritual condition. The world lies in the darkness of sin. It is totally ignorant of the nature of God and His requirements of man. Someone is needed to dispel the darkness. Jesus came as the Light of the world when He was here in Person, but men loved darkness rather than light. Since the Lord has returned to the Father, He has committed the light to us. He wants us to let our light shine wherever we are. It may possibly reach only a few individuals, but we have no right to hide it in a bushel.

We witness by the message we preach. We usually think that preaching is a job that belongs only to pastors and evangelists. In the inauguration of the first missionary work the Lord did just the opposite. The persecution which followed after the stoning of Stephen scattered the large Jerusalem church. These scattered believers all became missionaries. They had received no special training for this work. They could not preach elaborate and homiletically correct sermons, but they could tell that they had left Jerusalem because they were persecuted for their faith and they could also give a reason for the hope that was within them. Their testimony was blessed and many souls were saved.

It is often more effective when a Christian who holds no official position in the organized church, witnesses for Christ to an unbeliever than for a recognized gospel minister to deliver an evangelistic message.

Then there followed the ministry of Philip in Samaria. This was not Philip the apostle, but Philip the deacon, who had been chosen for that office in Jerusalem. Like Stephen, he did not merely minister to the physical needs of the poor but also began to preach.

The Lord has not limited the gift nor the right of preaching to those who have been publicly inducted into ministerial work by a service of ordination. Sometimes unordained men who are wholly yielded to the Lord are better preachers than some ordained preachers who move so stiffly that they give no room for the Spirit of God to work. Moody was never ordained by the laying on of hands and yet God used him mightily in his work. The important thing is that we let God direct us in his service.

We witness by what we say. This is possible because of the new life we have in Christ with which has come the urge to make Christ known to others. The love of Christ constrains us when we see how much He loved us. We also have a new appreciation of others, for henceforth, we do not know men by their human names and characteristics, but as members of the Body of Christ. We have become a new creation in Christ and we have been reconciled to God by the death of Christ.

As a result of all this there has been given to us a new ministry, namely, that of making known the message of reconciliation to others. There are some direct and some indirect ways in which we can fulfill this service.

Verbal testimony is the simplest and perhaps the most direct way. Some do it in part by preaching and teaching, others by the personal word spoken here and there to someone to lead him to Christ. We can witness by the kind of life we lead. If men can live by our side for weeks and months and never know whether or not we make any Christian profession then we are not fulfilling the ministry to which we were called when we became new creatures in Christ. If men do not hear us say anything for Christ they should be able to see by the way we live that we belong to Him.

Claims Official Addresses ASWA

Hendrick Noble of Detroit, former Holland resident who is chief of the benefit claims sections of the Michigan Employment Security Commission, explained changes in the unemployment securities act at a meeting of the Holland chapter of the American Society of Women Accountants Tuesday night in the Warm Friend Tavern.

Noble sketched the history of the employment (or unemployment) program since Social Security was passed in 1935. He said job security is nothing new, that people have been trying to do something about it since 1500. Until the last two decades, however, churches, charitable organizations, immigrant societies and other groups had engaged in such programs. He said the economy of the country had progressed to such a point that a social security program was inevitable, regardless of what party was in power.

He explained the benefits act under the Michigan program which became law late in 1936 and went into effect in July, 1938, and the hectic days before the program operated with any degree of efficiency.

He explained the two major changes in the securities act designed to reduce some rates of the employers and yet keep funds soluble. He said more than a billion dollars had been collected from employers since the program had begun and \$740,000,000 was paid out leaving a current fund of \$410,000,000. The latter includes interest drawn on funds. The old rate for employers was 1 to 4 percent, and the new rate may be as low as 1/10 percent, although to qualify for a lower rate the employer must have three years of experience, and meet some new requirements. If there is less than \$25 million in the fund, an additional 1/10 to 5/10 percent will be added to all employers' rates.

Noble said claims paid out in Holland last year totaled \$328,000. Holland also covers the Fennville area. He emphasized that the main purpose of the commission is to find people jobs, and while the commission has a lot of trouble with fringe cases, he believes the greater percentage of claimants would never report for claims if they could readily find a job.

Before dinner, H. Frans gave the first of a series of five talks on the history of money. His first talk covered the origin of coins dating from 700 years before Christ to the time of the crucifixion. He displayed some old rare coins.

Table decorations called attention to the national ASWA convention in New York next month. There was a cardboard model of Astor hotel and small planes and trains for transportation.

Verne Dagen Submits Resignation After 10 Years in Polio Work

An 11-member board of directors for Ottawa county polio chapter was elected at a special annual meeting of the county chapter Thursday night in Allendale town hall.

The election, which was conducted by Paul B. Bagwell, Michigan March of Dimes chairman, immediately followed an announcement by Verne C. Dagen of Spring Lake that he was resigning as county chairman after 10 years in polio work.

Dagen was given a rising vote of thanks for his efforts on behalf of polio throughout the years.

Elected were Wilbur Cobb, Arthur Coffee and Mrs. Loretta De Weerd, representing Holland city, Holland township and Park township; Dr. Robert Michmerhuizen; Robert Marsh and Charles Bugielski, representing Grand Haven, Spring Lake and Crocker; George Van Koeveering, Zeeland; Bob Andre, Blendon, Georgetown and Jamestown; Mrs. Jack Nieboer, Olive, Port Sheldon and Robinson; Mrs. Don Lemmen, Polkton and Allendale; Earl Rhodes, Chester, Wright and Tallmadge.

Dagen, who presided, called attention to the three principal campaigns during 1954, the January fund campaign which netted \$64,007.43, the polio vaccine program in which first, second and third graders in Ottawa county were among the 10 counties in Michigan participating in the program and the emergency campaign during August which has netted to date \$13,471.41.

Amounts raised in the emergency drive follow: Chester, \$162; Wright, \$306; Tallmadge, \$613; Polkton, \$460; Allendale, more than \$100 (incomplete); Crocker, \$516; Robinson, \$176; Grand Haven township, \$277; Grand Haven, \$2,200 (incomplete); Blendon, \$435.24; Georgetown, \$1,093.33; Jamestown, \$579.84; Port Sheldon, \$64.02; Holland area, \$6,498.53.

Treasurer Charles K. Bugielski reported 17 polio cases so far in 1954 in Ottawa county and eight suspected cases. Deposited locally from the January drive was \$20,209.13, plus two national foundation grants of \$3,500 and \$9,450. So far \$33,231.14 has been spent leaving a balance of \$368.19. The emergency drive to date made \$4,281.35 the local balance.

Dagen read a tribute for Mrs. Robert Parks, long-time polio worker in Wright township who died a few months ago.

Ernest L. Bates, state polio representative, introduced Bagwell, state chairman for the past three years, who announced that next year's slogan will be "Prelude to Victory" for the January March

of Dimes. Bagwell commended Ottawa county for its efforts on the polio front, adding it is one of the top two or three counties in Michigan and in the upper 5 or 10 percent in the nation.

Since 1946, Ottawa county has grossed \$268,000 with approximately half going to the national foundation. Yet in that time, the county has spent \$269,000 on patient care alone.

"Ottawa county has been spending \$1.18 for every dollar raised, and this same shortage was reflected all over the country, necessitating the emergency drive," Bagwell explained.

He said Michigan has raised \$3,155,000 in the two drives, a comfortable balance over the original \$3,000,000 quota, but he pointed to 67,000 holdover cases throughout the nation which will continue to run up a big bill in patient care. He paid tribute to the great American spirit in which people band together to meet needs without going to the government.

Classis Opposes Gambling, Liquor In Coming Election

Zeeland Reformed Group to Support State Church Council

The Zeeland Classis of the Reformed Church in America, comprising some 17 churches in the Zeeland-Hudsonville area, went on record this week in support of the Michigan Council of Churches in its fight against legalizing lotteries in Michigan for the purpose of charity.

Zeeland Classis concurred in the opinion of the Michigan Council that if the public approves lotteries for charitable purposes, this might well lead to a dangerous penetration of Michigan by gangster gambling syndicates.

Defending this view is Virgil Peterson, operating director of the Chicago Crime commission, who says in regard to the experience of Massachusetts, "Gambling czars took advantage of the law by establishing dummy charities and engaged in large-scale commercial activities. And wherever any form of gambling is legalized the illegitimate offspring of legalized gambling increased by leaps and bounds."

For this reason the Zeeland Classis voiced its disapproval of the legalization of lotteries in this state, according to the Rev. Jay R. Weener of Beavertown, agent of public morals of Zeeland Classis.

In further action the Zeeland Classis voted to support the program of the Ottawa Christian League in its effort to "dry up" Ottawa county.

It was felt that the social problem of alcoholism and problem drinking, coupled together with the menace of drunken driving, should induce residents of the county to see the seriousness of the problem.

Both gambling and liquor issues will come to a vote in the Nov. 2 election.

Voters Approve School Addition

Residents in the Harrington school district voted overwhelmingly Friday night to bond the district for \$175,000 to provide a new school addition. A total of 188 voters visited the polls in the school from 7 to 9 p.m.

The program calls for a tax increase of 9 mills for a period of 15 years, although the proposed annual collection of \$23,380 will retire the program in 10 years.

Plans call for adding three class rooms, an all-purpose room which will serve as an auditorium-gymnasium, kitchen facilities and toilets. An existing fund of \$30,000 will be used to purchase more property and provide improvements in the present school.

Ministers Hear Rev. Kamphouse

The Rev. H. J. Kamphouse, pastor-director of Holland City Mission, addressed ministers of Holland at the Ministerial association's first monthly meeting in Durfee Hall Monday.

After a business meeting conducted by the Rev. C. Walvoord, Rev. Kamphouse presented an interesting picture of the work of the mission and challenged the ministers to renewed emphasis of ministering to the needs of mankind.

He gave a brief history of the mission which was established in 1903 by Nellie Churchford and flourished under her guidance until her illness and death. Despite financial difficulties and loss of the building, the mission continued and in 1939 the present building was purchased. The late Rev. George Trotter preceded Rev. Kamphouse as director.

The mission works in cooperation with all churches in Holland, and feeds these churches with new members, Rev. Kamphouse said.

A large project is reaching the unchurched people and ministering to their needs by helping them solve domestic problems, helping to provide food and clothing and meeting spiritual needs. Last year, 22 baskets were prepared at Christmas time for the needy.

Rev. Kamphouse expressed thanks to all those who contributed clothing, blankets and other items. So far this year, 2,987 pieces of clothing have been distributed and 733 household items.

In August, 25 transients were fed, clothed and housed in the mission.

Each Sunday, a bus brings children and adults to the Sunday School, which has an enrollment of 150. Sunday school collections and service offerings are the only regular source of income toward the \$7,500 operating budget. Offerings last Sunday were \$28 in Sunday School and \$5 at the service, he said. Rev. Kamphouse urged that pastors emphasize the need for financial aid to the mission.

Stork An Easy Winner In Race With Deputies

A dramatic race with the stork Thursday afternoon ended with the stork an easy winner.

Mrs. Neliese Jackson, of 49 West Ninth St., gave birth to a seven-pound, one-ounce baby girl at her home while an ambulance and Ottawa County sheriff's car raced to an incorrect address near Waverly Rd.

A few minutes later another address was relayed by radio to the sheriff's department car and a Holland police cruiser. With an ambulance the three vehicles drove back to another address—this time on East Ninth St.

A flabbergasted housewife came to the door as the vehicles, sirens screaming, screeched to a halt in front of her home. She told the officers that there was no one there having a baby.

Finally the emergency crew, now extremely frustrated, was given the correct West Ninth St. address.

The parade of vehicles, which now included a doctor's car, pulled up in front of the right house. As the men dashed through the door the cries of the squalling infant reached their ears. Two neighbor ladies and a 12-year-old child were on hand when the car arrived.

While the doctor attended to Mrs. Jackson, a deputy sheriff hastily wrapped the baby in several blankets and took the infant to the hospital.

Holland hospital authorities Friday reported both mother and daughter, Nora Jean, "doing fine." Police were very happy the episode ended on a happy note, but they pointed out how important it is to give a correct address. In this case, police said, the information was incorrectly given to a telephone operator and relayed to officers.

In all cases, persons should try and calm themselves in cases of emergency, speak clearly when giving an address and also give a telephone number, police said.

Dutchmen to Work On Defense Today; List No Injuries

A battle-royal is shaping up for the starting Hope College quarterback spot, vacated this week when Don York, first-string signal-caller, dropped from the squad because of an injury recurrence.

Three candidates are in the thick of the battle. They are John Holmud, sophomore, Mert Vander Lind and Del Grissen, freshmen.

Holmud has the inside track at present because of his strong passing arm. In the Hope attack, the quarterback does most of the passing. Holmud completed 18 out of 51 aerials last year for a total of 414 yards.

A baseball pitcher in the summer, Holmud has a strong arm and is especially good at throwing long passes.

His signal-calling is coming along, according to Hope Coach Al Vanderbush, but the 25-year-old quarterback needs experience.

Holmud's ball-handling is being worked on and is improving. Vander Lind, an all-city quarterback in Grand Rapids last season, has to pick up college experience. His running was one of the bright spots in the Michigan Normal game.

The ex-Grand Rapids Ottawa Hills athlete has displayed good "faking" ability and ball handling. He has turned in some fine passes.

Del Grissen, Holland High graduate, is the third man fighting for the job. Another freshman, Grissen lacks college experience but has been working hard learning the mechanics used by a Hope quarterback.

Hope will be operating out of the T-formation against Olivet and quarterback is the key position. He must handle the ball on every play.

It's a good bet that Vanderbush will use all three at the signal-calling spot against Olivet there Saturday night.

In Wednesday's drills, the backfield worked on ball handling and the line on blocking. A short scrimmage was held. Today the Dutchmen will again work on defense and continue to polish the offense.

First stringers were at their posts Wednesday. No injuries were reported this week. Lynn Post, bothered with a leg injury that kept him out of part of the Michigan Normal game, is taking it easy this week but will be ready to go Saturday.

Windmill Chorus To Sing Again

Holland Windmill Chorus, district champion chorus of Michigan, is making preparations to defend its championship at the District Chorus Contest in Muskegon Oct. 9.

Men who like to harmonize are encouraged to join the local barbershoppers, who sing under direction of Francis Hodgeboom. The ability to read music is not necessary because the director teaches each section its part.

Chorus rehearsal is held each Monday at 8 p.m. at the Odd Fellows Hall on East Eighth St. New members or applicants are welcome to attend next Monday evening or any other meeting night.

Men who sing in church choirs form a good part of the local membership. As in choir singing, barbershopping includes four parts—tenor, lead, baritone and bass. Barbershop harmony differs from usual male quartet singing in that the tenor is always above the lead (second tenor) voice. The "bar" given great harmony effects and can be under or above the lead, and the bass forms the foundation of the harmony.

During its year as district champions, the Windmill Chorus has appeared at a number of civic and social functions. They performed in Washington, D.C., at the International Chorus Contest and hope to compete in Miami, Fla., next June.

The chorus sang at the unofficial opening of the Civic Center last Tuesday and will sing at the official opening Oct. 12. Oct. 9 the group will sing at the South Haven Parade of Quartets, wearing Dutch costumes and wooden shoes.

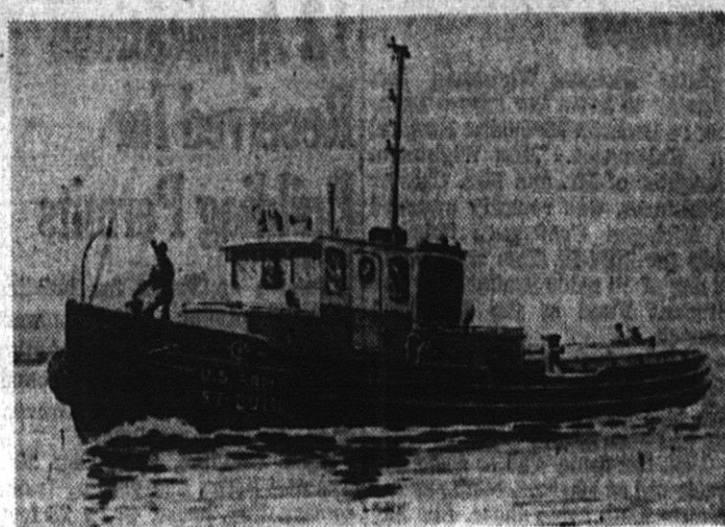

During the summer, the group has had three picnics; a Ladies Night is planned annually; the chapter has sung at veterans hospitals, and has visited and had guests from neighboring chapters.

Hope college will open MIAA play Saturday night against Olivet at Olivet. This was originally listed as an afternoon contest, but the Comments installed a lighting plant this summer and the game was rescheduled. Game time will be 8 p.m.

Against Adrian, Olivet started the game with three freshmen, five sophomores and three seniors. Of this group, five played here last year.

Leaving numbers and mentioning names, Lewis, 212-pound senior tackle and Axford, 180-pound sophomore guard started against Hope in 1953 and are listed as first-line men again. In the backfield, Wahl, 190-pound sophomore quarterback, Spala, 175-pound sophomore fullback and Bryant, 175-pound senior halfback, are all starters.

Others listed in the Comets starting lineup are Seith, 230-pound senior end, and Mitchell, 194-pound sophomore center. Freshmen in the starting group are Pomeroy, 155-pound end, Carey, 220-pound tackle and Lingren, 155-pound guard.

When Muskegon Heights met Grand Rapids Union last Friday night it was a battle of coach and pupil. The coach being Oscar (Oldie) Johnson, now in his 28th year at the Tiger school and the pupil Milo Sukup. Sukup played for Johnson in the late '30's and was one of the best spinning fullbacks developed at the Heights.

Sukup went to the University of Michigan where he played guard on the same team with Tom Harmon and Forest Evashevski. Now the dean of Grand Rapids prep coaches, Sukup knows single-wing football well after learning it from Johnson and Fritz Crisler, former Michigan coach and top exponent of single wing spinners and buck laterals.

Only All-City fullback Dick Green and regular left halfback John Johnson are the returnees for Union. Jerry Hendricks, 140-pound minor letterwinner, is at quarterback.

Dick Droski, 150 pounds, Ron Gerrard, 155, Tim Lipman, 145, Irv Miller and Bob Imper are the leading backfield candidates. Art Van Setter has been trained for either end or fullback.

Ray Feringa, another minor letterman, is the center. He weighs in at 165, while Bob Kelley and six foot, four inch Tom Tweedale are

leading ends. Bruce Read and Yarnell Driver are other ends, while Dale Sayles, John Topping, Bert Henry and Earl Bills are tackles.

Lettermen Rog De Boer and Jim Van Ess, guards are back. Behind them are Gary Hoff, Terry Ross and Ron Brott. Fred Smoes and Dave Vander Laan are reserves centers.

Midget football is underway at Muskegon Heights. Boys 12 years old and under are participating under the direction of three high school coaches. Players must furnish their own headgear and shoulder pads. No football shoes are allowed and all boys must weigh less than 100 pounds. The Heights recreation department hopes that older boys and fathers will help sponsor teams. Before boys are placed on teams they must have signed permission from parents approving their playing.

Local press and radio representatives talked over the Holland High sports publicity setup the other night at a dinner given by the Dutch athletic department. Several ideas and gripes were aired and ironed out. It was the first time the knife and fork idea has been used here and was appreciated.

SPLINTERS: A total of 100 boys reported for eighth and ninth grade football at Holland High, athletic director Joe Moran reported. The group includes 60 ninth graders and 40 eighth graders. They are coached by Ed Damsen and Ted Boeve of the high school faculty. . . . Richter was a 1951 All-American at California. . . . Lee Kleis scored eight birdies for 18 holes recently at the American Legion golf course. This is a new course record. . . . Holland area football officials registered this season are Ed Damsen, Norm Japina, Lee Kleis, Del Koop, Ray Lokers, Ned Stuits and John Visser. . . . Visser, Hope College basketball coach, was an official at the Flint Northern-Grand Rapids Catholic Central football game last week. . . . Jim Emery, Creston halfback, is the son of Wendell Emery, Grand Rapids Recreation director. AAUW Branch and Guests Hear National Chairman

The American Association of University Women Fellowship program was illustrated by Dr. Margaret E. Tracy, national Fellowship chairman, at a meeting of Holland Branch, AAUW, Thursday night.

Dr. Tracy, who lives in Ann Arbor, addressed the large audience of local AAUW members and a number of out-of-town guests at the Holland Branch's first meeting of the season Thursday evening in Durfee Hall.

Entitling her address "Fellowships—Yesterday, Today and Tomorrow," Dr. Tracy related the history, present status, problems and recent developments of the far-reaching fellowship program.

AAUW annually awards national and international fellowships and international fellowships to women scholars who have completed or are near completion of work on doctorates.

National fellowships are those awarded to American women and international fellowships are awarded to foreign women who study in any country except their own. These fellowships are financed by income from endowments, current gifts and memorials.

International Grants, which are financed completely by current gifts, are awarded to foreign women for study in the United States. Last year AAUW branches raised more than \$130,000 for this project.

Four committees function in the fellowship program — the funds committee, two awards committees and a committee on fellowship program. Dr. Tracy said that the awards committee job is the most difficult, as the number of worthy candidates far exceeds the number of grants which can be given.

Currently, about 25 to 30 national fellowships and eight international fellowships are awarded. The number of international grants depends on the funds available.

Dr. Tracy suggested the

Dutch Co-Captain May Be Sidelined

Carl (Froggy) Ver Beek, first string guard, may be lost for the Grand Rapids Union game, Coach Dale Shearer announced today.

The Holland co-captain received a pulled cord in the knee in the Creston game and has been ordered to "take it easy." If the leg responds to whirlpool bath treatment, Ver Beek will see some action.

"Playing running guard in the Holland attack, Froggy has the quickest charge of anyone on the team," Shearer said. If Ver Beek can't go against Union, Carl Kemme, 160-pound senior, will start.

After two days of contact work, the Dutch will go through warm-up drills this afternoon along with kicking and returning kickoffs. They will also pose for yearbook photographs.

Shearer gave the Dutch two new running plays and three new passes in Wednesday's drills as part of the plan to polish the Dutch offense.

Care of Clothing Will Be Discussed

Do new fabrics and finishes require new methods of care? Do they make our work easier, or add to our problems?

Home Demonstration Groups of Ottawa County are looking forward to finding some answers to these questions.

Mrs. Grace Vander Kolk, Home Demonstration Agent, announces that Miss Marjorie Eastman, clothing specialist from Michigan State College will meet with the leaders of these groups on Thursday, Sept. 30, for a lesson on Modern Methods of Clothing Care.

The meeting will be held at the Zeeland City Hall at 9:30 a.m. and at the Allendale town hall at 1:30 p.m.

Miss Eastman will give practical suggestions for keeping white nylons white, removing stubborn salted spots from the newer types of fabrics, and preventing the wrinkles that are so hard to remove.

The use and care of blends will also be discussed. The present trend toward materials made of a combination of fibers makes this an important item in clothing care.

Need for more grants to give many deserving scholars that "last push" in completing work for their degrees. Many would not be able to complete their work if it weren't for the financial assistance of AAUW, she said.

Dr. Tracy said the significance of the fellowship program is its role as a basic element of unity in the organization, and its demonstration of AAUW's faith in what women can accomplish.

Mrs. O. A. Bishop, who presided at the meeting, welcomed out-of-town guests and introduced the speaker.

Dessert was served following the program.

In the afternoon, the AAUW Board entertained at a tea for Dr. Tracy at Mrs. Bishop's home. Mrs. J. D. French and Miss Laura Boyd poured at the attractive tea table.

Drive Appointments Listed by Campaign Director Donnelly

Holland's annual Community Chest campaign will be staged here Oct. 11 through 24, it was announced Saturday by Campaign Director Bernard B. Donnelly.

Quota for this year's drive is \$37,900, a reduction of \$1,600 from last year's quota of \$39,500, marking the second year in succession that the quota has been reduced.

Careful study and screening of the requests of participating agencies were done by the chest board before approving this year's quota at a meeting last week. Most agency allotments remain the same as last year. A few minor changes and the withdrawal of the Holland Youth Center due to inactivity resulted in the reduction of the quota.

The following agencies are sharing in the Community Chest this year: Boy Scouts of America, \$7,500; Camp Fire Girls, \$7,000; Cancer, \$3,500; Goodfellows (Exchange Club), \$750; Muskegon Area Children Guidance Clinic, \$2,500; Salvation Army, \$5,000; Social Service Exchange, \$500; United Health and Welfare, \$8,350; Visiting Nurse Association, \$2,900; total, \$37,900.

Campaign Director Donnelly and his co-chairman, Edwin Raphael, are organizing this year's campaign which will be spearheaded earlier in October by the Single Solicitation Plan drive.

The SSP is a program for local industries in which payroll deductions are made periodically for Community Chest and other charities. The SSP board will meet soon to plan for this year's roll call in plants and will terminate its work before the Community Chest drive opens Oct. 11. At present 55 local plants are participating. Joseph C. Rhea is SSP president.

During the Community Chest campaign, Dale Fris will head the business and professional division, Edward Donovan the civic and education, and Mrs. John Tiesenga the home solicitations. Co-Chairman Raphael, in charge of publicity, advertising, speakers, bureau and signs, has appointed Lester Deridder as publicity chairman.
