CITY AND VICINITY.

Prof. J. T. Bergh, of Hope College, conducted the evening services at the Reformed church of Zeeland last Sunday.

The 15-month-old child of Mr. and Mrs. Haklander died last Friday at Ottawa Beach. The funeral took place at Ottawa Station Monday afternoon.

H. Van der Linde, of Muskegon, has taken a position with the Stern Goldman Clothing company. He has moved his family here and resides in Ex-Postmaster DeKeyser's residence, corner of Pine and Twelfth streets.

Last Saturday A. J. Oxner, clerk of the Holland camp of Modern Woodmen of America presented to Mrs. Will Lamoreaux a check of \$1000, the full amount of insurance carried by the deceased neighbor, Will Lamoreaux.

A great deal of interest prevails throughout this section over the outcome of the game to be played at 2:30 next Wednesday afternoon at the Fair Grounds between the Farmers of this locality and the Business men of Holland. The farmers are in training and will be represented by a strong nine of ball tossers.

A reception was held last Wednesday evening at the M. E. church in honor of Rev. and Mrs. Adam Clarke. It was a very pleasant affair and was attended by a large number of the M. E. church members. Appropriate remarks were made by Rev. East, pastor of the M. E. church at Ludington, and Rev. Clarke.

The library board has shown very good judgement in selecting the 200 new volumes recently added to the library. In binding, workmanship and finish the books are the finest ever purchased for the city. Among them will be found the best works of the leading authors in fiction, history, biography, travel, science, sociology, the arts, religion, general literature, poetry and drama. The total number of volumes now in the library is 3,000.

Last Friday night about 8 o'clock fire broke out in the home of Mrs. J. Fileman, 49 River street. The firemen responded quickly to the alarm and succeeded in getting the flames under control before serious damage was done. The house is occupied by Mr. Bliss and family, and the owner Mrs. Fileman. The Bliss family suffered no loss as the fire was extinguished before the flames went beyond the kitchen. Mrs. Fileman's loss is about \$75, fully insured.

The Board of supervisors will meet the second Monday in October.

Word was received here today of the death of W. J. Boom, at Alto, Wis. He was one of the early settlers of that locality.

Miss Reka Werkman entertained about 20 of her friends at her home W. 11th street, Wednesday evening. A pleasant time is reported.

The Ladies of the M. E. church society will serve meals and sell sandwiches and hot coffee under the grand stand on the fair grounds during the meeting.

Last Tuesday night Electric car No. 9, ran over and killed a cow that broke from an enclosure and attempted to cross the track between Central Park and the Power house. The cow was owned by Mr. Cramer.

The fact that the City of Holland was damaged in the harbor yesterday morning, emphasizes the argument that an increased appropriation is necessary in order to extend the piers out in the Lake, widen the channel, and thus render it possible for deep draught steamers to enter port in safety.

Instead of giving employees one day for the fair, most of the Furniture companies have arranged to give their men two days, thus giving them a chance to see two days attractions and sports. This is a good plan as the men can work in the forenoon and enjoy the afternoon, which is the best part of the fair day as far as amusements are concerned.

Dr. F. S. Ledebor has received an invitation to the regular meeting of the Association of Military Surgeons of the United States which will be held in Kansas City, Missouri, Sept. 27, 28 and 29. A fine program has been arranged and the meeting will close with a reception and banquet to be given in honor of the Surgeons by the Kansas City Club.

The Holland Base Ball club will have to play their best game Tuesday afternoon at 1:30 o'clock at the Fair Grounds, for they will cross bats with the Evening Press giants, the strongest amateur nine in the city of Grand Rapids. The boys are on their metal and will undoubtedly give a good account of themselves. The game will be close and exciting and every fan in the city will see a "game for your life" as the boys say.

The trial of the suit brought by Peter Boyer to recover insurance for the loss of his stock of boots and shoes which was destroyed by fire some time ago, will take place October 10th at Grand Rapids. Attorney Stone, of the firm of Chamlin and Stone, representing the insurance companies, was in the city this week and subpoenaed the following witnesses: George Ford, Adrian Glerum, John Benjamin, Henry Baumgartel, Richard Vanden Berg, Jacob Lokker, Harry Doesburg, J. D. Kappers, L. Fris and Lillian Stuart.

As the steamer City of Holland was entering the harbor at 3:15 yesterday morning she struck the bar and before recovering her headway was dashed against the north pier with such force that her bulwarks were damaged. As repairs are necessary and the end of the season is near at hand she will be taken off the run for this year, and the tri-weekly, end-of-the-season schedule will go into effect, beginning tonight. The company has cancelled the excursions advertised for Sept. 30 and Oct. 3. The Soo City will make special trips to Chicago October 1 and October 8.

Now the football cranks will have an excellent opportunity to get a line on the Holland eleven, for they will play the College boys, 4:00 this afternoon. It will be good practice for the big game of next Wednesday when they will meet the crack punters of Allegan at the Fair Grounds. Following is the line up for tomorrow's game: Van Putten, left end; Hynik, left tackle; Greeb, left guard; Howell, center; Bosman, right guard; Damson, right end; Davidson, quarterback; Van Houte, left halfback; Stokette, right halfback; De Pree, fullback.

Thursday 18 employees of the furniture factory against the desire of the directors, laid off and enjoyed the farmers' picnic. Friday morning the directors enjoyed a picnic by discharging the delinquents. Later nine acknowledged their error, promised not to leave in that manner again and were re-instated. Eight new hands were also employed. We are very sorry to lose four of our most respectable young men, Geo. Van Der Meer, William Witvliet, James Faber and Robert Van Noord. The first two have accepted responsible positions with the Holland Sugar Co., and the last two will go to Grand Rapids. —Zeeland News.

John Kramer, B. Van Raalte and Postmaster Van Schelven expect to attend the Twenty-fifth Infantry reunion at Three Rivers, October 4 and 5.

Dana Ten Cate has entered the law department of the University of Michigan, at Ann Arbor. His position in the office of Geo. E. Kollen has been taken by Melvin Meengs.

Gus Krause has bought the barber shop in Hotel Holland, formerly run by Bolhuis and Eastman. He intends to add many improvements and will undoubtedly succeed in his new place of business.

John E. Holquist, West Eleventh street, accompanied by his two children will leave to-day for Trelleborg, Sweden where he will live in the future. He intends to engage in the tannery business in his native country.

P. H. McBride has received a check from the New York Mutual Life Insurance company. The check is payable to Mrs. Julia Huntley, and is for \$2,500, the amount of insurance carried in that company by the late James Huntley.

Come to the dance to-night. There will be a good crowd, all will have a good time, and the money paid will be devoted to a good cause, the building up of a base ball club that will be worthy of the name it bears, "The Holland Base Ball Club."

All sailors hailing from this port are pleased with the announcement that the Lake carriers association have decided to raise the wages of all employees 20 per cent. This benefits 2,000 engineers as well as seamen in general, and indicates that confidence and prosperity has struck the old salt.

At a meeting of the Hope college glee club held last Monday evening a number of persons signified a desire to become members. The club will meet this evening to perfect the organization and arrange the work for the coming year. The club made an enviable record last year and furnished delightful music at all college entertainments.

At a meeting of the Holland Light Guard held last Friday evening, Hans Dykhuis was elected first lieutenant and Will Damson second lieutenant in the place of Messrs. Eastman and Van Houte, who resigned. The hall on the third floor of the Harrington Block has been rented and will be used for an armory. Quartermaster General White has written that he is able to procure arms and uniforms and that the same will arrive here in a few weeks.

The contractors are confident that they will have the Holland Sugar factory completed in time for the coming campaign. This is welcome news, as it indicates that the Beet Sugar industry will be given a good trial. Thanks to the enterprising men at the head of the company, the chances for success are exceedingly bright. The Lake street matter was settled at last Wednesday night's special council meeting. A full account of the conditions under which the company was granted the right to the exclusive use of the street for 30 years will be found in the official report of the council proceedings, which appear in another column.

On Friday, Sept. 22, after a lingering sickness of nearly six months another young man, John Andree, succumbed to that dreaded disease, consumption. Deceased was a strong, healthy and robust young man of about 30 years, exemplary in his habits an earnest and devoted christian and a leader in church work. He bore his sickness nobly and was perfectly resigned to the Divine will. Mr. Andree had been in the employ of Hope Roller Mills of Hamilton for nearly 14 years and won the confidence and respect of the farming community for many miles around. In his demise Hope Mills lose a faithful and reliable man, his parents a generous and dutiful son, and the community a worthy and respected citizen. The funeral took place on Tuesday afternoon from the 4th Reformed church. Mr. and Mrs. Andree lost their oldest daughter three years ago by a gasoline explosion and now they are called to mourn the loss of their eldest son. They have the sympathy of their many friends in their sad loss.

Theodore Van Der Veen, of Grand Rapids, has taken a position in J. A. Van der Veen's hardware store.

The Epworth League of the M. E. church will be led on Sunday evening, Oct. 1st by Rev. A. Clarke, the topic being "Denominational Work in our Church." Meeting opens at 6:30 p. m. All are invited to be present.

The W. L. C. will hold their first meeting of this year next Tuesday, Oct. 3. They will devote four months to the study of the Netherlands, and four months to Russia. The meetings will be held every Tuesday, from 3 to 5 o'clock p. m. at the residence of Mrs. H. Kremers.

Dr. G. J. Kollen, President of Hope College, and Dr. J. W. Beardslee, President of the faculty of the Western Theological seminary left Monday for Washington to attend the Evangelical Alliance to be held there from Sept. 27 to Oct. 6. They were accompanied by their wives and Miss Estelle Kollen and intend to be in New York during the Dewey celebration. Dr. Beardslee and wife will return next Wednesday or Thursday but Dr. Kollen and family will remain a week or two longer to attend to financial affairs connected with Hope College.

Seats for the College lecture course can be secured at Breyman & Hardie's on and after Monday next. It will be good news to all such as buy second choice seats to learn that the seats in the Y. M. C. A. annex will be raised theatre fashion the same way as they are in the chapel. This change will remove all objections to these seats. First choice seats sell at \$2.00, second choice for \$1.75 for the course. Wallace Bruce, the poet orator of Brooklyn, New York, will open the course on the 10th of October. Seats will be reserved at the usual place on the 7th and 9th of October.

Dr. Van Antwerp has resigned as pastor of Grace Episcopal church. His resignation will take effect Oct. 15. He is undecided regarding his future plans but has under consideration a call received from St. John's Episcopal church of Grand Haven. The Bishop of the diocese has urged him to accept this call but Dr. Van Antwerp may decide to go to New York. His career as pastor of Grace Episcopal church has been marked with the highest success and the congregation are sorry to be deprived of his kindly counsel and wise leadership. Dr. Van Antwerp is a man of rare ability and Grand Haven will be fortunate indeed if he decides to go to that city.

At the meeting of the Political Economy Club held last Monday evening at the Y. M. C. A. hall the plans of the organization were perfected and considerable routine business was transacted. President J. T. Bergh was presiding officer and Mrs. Thurbur was secretary pro tem. The next meeting will be held October 9, the program to consist of twelve short talks by different members. Prof. Bergh will deliver a lecture pertaining to the work of the club, October 23. Miss Candace Reynolds was elected permanent secretary of the league and leaders for the remainder of the season were appointed as follows: November and December, Prof. J. H. Kleinheksel; January and February, Prof. P. A. Latta; March and April, Mrs. Geo. E. Kollen.

Guy Wise, one of the well-known young men of this city, met with a very serious accident at Grand Haven last Saturday. He was employed as brakeman on the C. & W. M. Ry. While making a coupling on a freight his right arm was caught between the bumpers and frightfully crushed. Drs. Van der Veen and Walkley were summoned and found that no bones were broken, but that the muscles and cords were terribly mangled and crushed, and that amputation might be necessary. Mr. Wise came to Holland on the noon train and his injuries were attended to by Dr. Mabbs. An examination of the arm disclosed that it was so badly crushed that it could not be saved and that the recovery of the young man depended upon its amputation. Last Sunday night, the arm was amputated by Dr. Mabbs assisted by Drs. Kremers and Yates. Mr. Wise bore the operation with great fortitude, and at present is resting quite easily.

Sure Cure for Colds

When the children get their feet wet and take cold give them a hot foot bath, a bowl of hot drink, a dose of Ayer's Cherry Pectoral, and put them to bed. The chances are they will be all right in the morning. Continue the Cherry Pectoral a few days, until all cough has disappeared.

Old coughs are also cured; we mean the coughs of bronchitis, weak throats and irritable lungs. Even the hard coughs of consumption are always made easy and frequently cured by the continued use of

Ayer's Cherry Pectoral

Every doctor knows that wild cherry bark is the best remedy known to medical science for soothing and healing inflamed throats and lungs.

Holland City News.

FRIDAY, Sept. 29.

Do Not Fail to Go to the Fair.

The fair officials have been very busy the past few months getting everything in readiness for next week's meeting. They have done their share in the work of preparation and are confident that one of the most successful fairs ever held in Holland will open next Tuesday, October 3. The following program shows that they mean business.

FIRST DAY, TUESDAY, OCTOBER 3.

Entries may be made at the Secretary's office on the Fair Grounds until 3 p. m. Exhibitors living in vicinity of Fair are requested to make entries earlier if possible.

In addition to other attractions the main feature of the day will be a base ball game between Holland and Grand Rapids Evening Press Giants. This will be far better than any game played this year.

Balloon ascension.

Trapeze performers, etc.

SECOND DAY, WEDNESDAY, OCTOBER 4.

At 9:00 a. m., Judges will report to Superintendents of their respective departments.

At 9:30 o'clock a. m., Judges will begin examining exhibits.

At 1:00 p. m., exhibition of Standard Bred Class. Two years old or over, will be exhibited to harness on track, but Judges are to understand that speed shall not be considered the only test of merit.

their stocks of cattle, horses, and anything they have to sell.

Every day will be full of interest.

The old rule of this society that no gambling will be allowed on the grounds will be strictly adhered to.

Lake and Marine.

The Graham & Morton company announces that a sidewheel steamer will be chartered for the run next year. Their business this year surpasses all previous seasons and another boat is needed. Owing to the scarcity of material it will be impossible to build in time for the summer trade in 1900.

The movement to extend the time of service of the crews of the life-saving stations to 10 months out of the year and to raise their pay \$10 month to a total of \$70 a month is fast taking form. Prominent marine men of Chicago have already formulated a petition to congress to help the surfmen and will enlist the aid of Mayor Harrison. Incidental to an advance in the wages and time of service of the surfmen on the chain of lakes, a similar advance will be asked for the Atlantic surfmen.

The Iron Trade Review closes an article on the existing conditions in the iron trade as follows: "In brief, the outlook at this moment, as far as the coming year in the ore trade is concerned, is for high ore prices, big lake freights, larger ownership of mines and larger ownership by the great steel companies of the middle west.

T. J. Elderkin, of Chicago, an acknowledged marine expert, says: "The sinking of the Douglas Houghton calls to mind one lack in the government inspection requirements, viz., a compulsory carrying of an extra steering wheel aft, to be used in case the main steering gear breaks.

When the steamer Darius Cole reached the South Haven docks last Sunday morning and was formally accepted as in good condition another vessel was added to Chicago's passenger fleet for 1900. The Cole reached Chicago Sunday afternoon after a quick trip down from Milwaukee, where she had laid by overnight. With the exception of having some of the planking of the main deck loosened by the heavy seas through which she passed since she left Detroit, the boat arrived in apparently good condition. The loosening of the planking was natural and expected in view of the wide shear of the vessel and the fact that she lies close to the water and passed through a stiff sea.

During a severe wind and rain storm last Sunday evening the steam barge Cleveland, lumber laden, sunk in Chicago river. Capt. Henry Davis and a crew of eleven men were rescued by tugs with considerable difficulty. The Cleveland left Frankfort, Mich., Saturday, bound for Chicago with 200,000 feet of lumber. The life saving crews of Jackson Park, Chicago and Evanston were summoned on a dozen different errands to rescue pleasure seekers.

When the lake storm of last Sunday night was at its height the tug J. G. Dorr, bound from Michigan City to Chicago, was abandoned by its crew, who, by a desperate effort, succeeded in transferring themselves to one of the scows in tow of the tug. The Dorr filled with water, which sank over her deck in huge waves, and sank about eight miles off South Chicago, leaving Capt. Peterson and the crew of three to toss about, drenched to the skin and in momentary danger of being washed from the scow. They drifted shoreward steadily, and at midnight jumped into the surf near shore and landed twenty-two miles west of Michigan City. They spent the night in the woods. The tug was owned by the Green Dredging Co.

OUR NEIGHBORS.

Ottawa County.

Port Sheldon, as well as being the oldest settlement of Ottawa county, is the home of the oldest person in the county, if not in Michigan. The person referred to is Mrs. Katherine Ostrosen, who has reached the ripe old age of 108 years. Very few, if any, of that age in the country, and Mrs. Ostrosen can undoubtedly claim the distinction of being the oldest person in the state. She is well and hearty. She lives with her daughter, Mrs. Goodin, in Port Sheldon. Mrs. Goodin is 70 years old. Recently the oldest daughter died, aged 85 years. Mrs. Calkins, owner of the Spring Lake Hotel property, takes exceptions somewhat to the article stating that the Spring Lake Hotel had been unfortunate in having for a number of seasons, dead beat proprietors. Mrs. Calkins alleges that there were only two. Last year Spellman & Foreman paid all accounts. Hastings, who operated the house in 1897 was a failure and left unpaid debts. Clark, however was the biggest swindler of the crowd.—Grand Haven Tribune.

Hon. George W. McBride, of Grand Haven, will deliver the oration before the surviving members of the Fiftieth Michigan Infantry, who will hold an annual reunion at Belleville, Wayne county, Friday, September 29. The Ottawa and West Kent Fair will be held at Berlin October 3, 4, 5, and 6. A good list of attractions has been secured and the officials are sure of a successful meeting.

Of the class of twenty who graduated from Grand Haven High school

last June, ten have entered or will enter college this fall.

The highest temperature ever recorded in October at the Grand Haven weather bureau was 81 degrees on October 2, 1891. The lowest temperature was 20 degrees on October 26, 1897.

At about two o'clock Sunday afternoon the farm house of Mike Luloff, near Ferrysburg, was struck by lightning. The house was rendered nearly a complete wreck and the entire family suffered shocks more or less severe.

Rev. Slee, the new M. E. pastor at Spring Lake comes from Newaygo.

Allegan County.

Work on the Perryman hotel at Saugatuck is progressing finely. The material is furnished by Griffin & Henry, and the work is being done by Hancock & Pfaff contractors and builders.

The association of Probate Judges of Michigan will hold a meeting at Saginaw, Oct. 3 and 4, next week Tuesday and Wednesday. Judge Frank H. Williams, of Allegan, is president of the association and he will deliver the opening address.

At the Plainwell fair last week, Mrs. E. B. Bailey, of Allegan, received 49 premiums on needle-work and painting—25 first and 24 second.

Amos Black—serving 90 days for larceny—ran away Saturday—while working on the court house lawn—an exciting foot race—captured at Will White's Sunday morning.—This is the story in brief.—Allegan Chronicle.

Allegan county will contribute \$62.258.11 as its share of the state tax levy this year.

Great preparations have been made for the Allegan County Fair which will be held October 4, 5, and 6. A long list of first class attractions has been secured and the fair officials are confident that the meeting will be successful.

Overisel.

Born, to Mrs. and Mr. John Brink, on Thursday of last week, a daughter.

Rain is plentiful out here, wheat is nearly all sowed and what is above looks well; corn is all out and husking well under way; sugar beets look very promising.

Died at home on Sunday of last week Hendrik Klekentveld in the 65th year of his age. The deceased may be called a "young pioneer" because he migrated here from the Netherlands in 1847, then a boy of 13 summers. Interment took place from the Reformed church on Wednesday. He leaves a wife and two children to mourn his loss.

John Vander Wal and wife returned to Fremont last week.

The wind storm of last Sunday caused our flag pole to lose its balance and fall. No damage, only Sunday peace a little disturbed. We hope to see a new one by July 4 to show that our citizens are patriotic and liberty loving.

General Items.

One of the features of the fair of Reed City, Mich., was the work of a hypnotist, who placed an assistant under his influence and buried him. The man was under ground for forty-eight hours. While he was in the grave some miscreant dropped a stone down the 8 inch air flue and the man's nose was broken.

The Decatur Republican says pepper mint growers are disappointed in the yield this year. The hard winter and heavy spring rains killed out a large part of the crop, and that which remains only yields 30 per cent of the crop when distilled. The acreage this year is one-third that of last season, with a prospect that next year it will be even less.

The Chicago & West Michigan Railroad will build a new passenger station at Benton Harbor this fall and there is a suggestion made that a viaduct be constructed in connection with the station, which shall cross the entire system of tracks, the latter running under the viaduct and through the station, with stairways leading above. The plan, as proposed would make the crossing safe and at the same time might be made very attractive to the eye.

Berrien county has a new species of girl kind says the Benton Harbor News. She is the direct product of the People's Institute of Socialism at Berrian Springs. She is entirely a populist in action and at heart. She isn't aristocratic, of course, and likewise is not sentimental. She allows young men to talk to her without having first had an introduction, but when she tires of their conversation she frankly says so and adds "Now trot along." She won't tell a social lie. If she's pleased to see you leave she tells you so and doesn't make you believe your departure breaks her heart. She is never sad for says she: "What's the use of being worried or grieved? Why care? It's only false pride that makes people sad and diverts their attention from the blessings of nature; and we don't have pride." Strange to say this new brand of young ladies is very popular with the young men.

The same belts of copper bearing ore which traverse northern Michigan and make the copper district of the state what it is, undoubtedly extend many miles under Lake Superior and also run through other states, although the outcrop is not in evidence in many places. The recent discoveries of copper-bearing rock in the vicinity of Superior and also on Isle Royale, in both places the character of the rock greatly resembling that of the northern peninsula of Michigan, have fully convinced mining men that this formation extends for miles through the northern states, and that the outcrop may possibly be found in other sections of the country.

The spectacle of a western ranch and game preserve, rare in Michigan, is afforded in Joshua Hill's elk farm, six miles north of Franklin. The owner lives in Pontiac and started this novel farm about six years ago. It now contains about 800 acres, including all of one lake and a part of another, and is the haunt of buffalo, elk, squirrels, rabbits, pheasants, quail, partridge, and other game, and has a large supply of fish.

Probate Order.

STATE OF MICHIGAN, ss. COUNTY OF OTTAWA.

At a session of the Probate Court for the County of Ottawa, holden at the Probate Office, in the city of Grand Haven, in said county, on Monday, the Eleventh day of September, in the year one thousand eight hundred and ninety-nine.

Present, JOHN V. B. GOODRICH, Judge of Probate.

In the matter of the estate of Jan A. Peyser, deceased.

On reading and filing the petition, duly verified, of Helen La Barbe, one of the heirs of said deceased, praying for the probate of an instrument in writing, filed in this court, purporting to be the last will and testament of said deceased, and for the appointment of John Van Landegard, as the executor thereof.

Thereupon it is ordered, That Monday, the Ninth day of October next,

at 10 o'clock in the forenoon, be assigned for the hearing of said petition, and that the heirs at law of said deceased, and all other persons interested in said estate are required to appear at a session of said Court, then to be holden at the Probate Office in the city of Grand Haven, in said county, and show cause, if any there be, why the prayer of the petitioner should not be granted: And it is further ordered, That said petitioner give notice to the persons interested in said estate, of the pendency of said petition, and the hearing thereof by causing a copy of this order to be published in the HOLLAND CITY NEWS, a newspaper printed and circulated in said county of Ottawa for three successive weeks previous to said day of hearing. Add Another Victory to the List.

The game of base ball played on the Jenison diamond last Saturday afternoon between the Holland and Jenison clubs was one of the best of the season. The Holland boys atoned for the errors made in the game with the McLachlin business university club, by giving the fans one of the best exhibitions ever furnished by a local team. For seven innings they kept the Jenison's from scoring, while they added to their batting average by hitting the opposing pitcher hard and often. Every member of the nine deserves the highest praise, for all showed that with a little preliminary warming up they are capable of holding their own with the best in their class. In fact the prediction is freely made that they can outplay any nine of their age in the state. That Ver Schure is a stayer, was proved during the game, when with no one out and three men on bases he retired the side by striking out two men and stopping a slow grounder which he threw to first in time to catch the third man out. His pitching was very good and should encourage him to practice until he ranks with the best among the amateurs. He struck out 15 men. A good record, when the batting ability of the husky Jenison boys is taken into consideration. Not an error was made by the boys until the eighth inning when Kulte missed a high fly to right. The rest of the boys accepted every chance, were not afraid to go after the hard ones, and played without an error. A number of Holland's patriotic rooters were present and they showed their appreciation of the fine work by giving the best samples of their power in that line. As the crowd was coming home they looked through the car window and saw the disconsolate Jenison fans hauling back to town a large section of smokestack which was on the grounds during the game. Whether it was brought there for the purpose of celebrating an expected victory or to make the visiting team nervous is a matter of conjecture, but judging from the noise made on it by the small boys it was brought there for the latter purpose. The Jenison boys probably remembered the time they scored six runs in the first inning of the game played here and thought that if the boys lost their nerve the trick would be repeated. The Holland boys yelled with fiendish delight when they saw the forlorn procession dragging the "shew of war" back to the village.

A young gentleman from the McLachlin university upmired the game and showed his lack of good taste by attempting to taunt the Holland boys after the game. The score was 20 to 5 in favor of Holland.

Addition To Ottawa Furniture Factory.

Owing to the rapid increase of business a large addition to the Ottawa Furniture factory will be built. The new structure will join the main building on the west side and will be constructed of red brick. The building will be 30 by 60 feet, three stories high with basement, and will be fitted up with the most improved machinery used in manufacturing the line of furniture turned out by that company. They are rapidly preparing for the erection of the building and expect to have it completed in about 40 days. When ready for business it will be necessary to add about 40 workmen to the present force and the out-put of the factory will be increased one third. This is the second system of improvements undertaken by this company within a year and speaks well for the business ability and enterprise of the men in charge. They have succeeded in making it one of the best business industries in Holland and are entitled to the greatest of praise.

A Talented Trio.

Musical matters are prospering in Holland, as is evidenced by the appearance in this city yesterday of Henry C. Post, of Grand Rapids, to resume his lessons in the art of piano playing. Mr. Post has a deservedly high reputation in Michigan for the many fine musicians he has turned out and Holland is to be congratulated upon his reappearance here. Those who attended his recitals last season, will remember the astonishing proficiency of those who played. Mr. Post is planning a similar series of musicals here for this season.

Francis Campbell has also resumed his chorus drill as well as private lessons in singing and will conduct a concert in the near future.

Paul Pennington Davis, the old time actor and noted elocutionist, will put in an appearance next Thursday and gladden the hearts of a large number of his pupils who are eagerly awaiting his genial lessons in the art of recitation and clear enunciation of speech.

A Last Word.

As we are going to have a fair next week we wish to say a few last words in regard to the same and renew the invitation to attend.

Don't forget to make a lot of entries so that the thousands who come to see the attractions shall not be disappointed, don't forget to tell all your friends to come to the fair, don't forget to tell them to bring in their exhibits, don't forget to tell them to look at the list of attractions already secured, don't forget to tell them that we are adding attractions every day, and don't forget to swell the crowd by attending the fair yourself, and you will find that all the attractions are proper and amusing sights for yourselves and your children to see.

Their tone will be good morally. They will be instructive and elevating and you will go away feeling that you have been benefitted as well as amused by attending our fair.

So come and by your presence and material assistance help us to make a fair that shall eclipse all the previous fairs of this society, and we feel assured that all things being in harmony we shall outdo all previous records.

Again extending a cordial invitation we remain with great expectations.

Prof. Deer, one of the most daring aeronauts in the country, has been engaged by the board of directors and will make a balloon ascension and parachute drop at 3:30 o'clock every afternoon of the fair. The following from the Chicago Times Herald shows that Prof. Deer's performance will be worth going to see: "Daring aeronaut makes an ascension from the whale-back, falls into the water and doesn't injure himself in the least. Clinging by his toes to a parachute "Skyscraper," Deer made a jump of 3,000 feet from the clouds into Lake Michigan yesterday afternoon. He performed the feat successfully and was rescued from his sudden bath twenty seconds after he struck the water. Four thousand passengers on board the Christopher Columbus witnessed the sensational ascent and descent. "Skyscraper" Deer is known among aeronauts by the dignified title of Professor Deer. For the last ten years he has been making aerial trips from the land. Now he has a new pace for parachute jumpers by starting from the deck of a vessel. The feat was performed without accident, but twice the professor was in great danger. When he made the ascent his balloon carried him directly upward and preparations for the jump were made directly overhead the excursion steamer. The aeronaut could be seen through the glass making frantic motions toward the boat, his meaning was guessed and the boat began to move. In an instant Prof. Deer launched from the balloon and with his toes fastened in the hoop of the parachute he started toward the water with his head downward. A thousand feet were passed before the parachute opened, when it did there was a cheer from the crowd as the daring aeronaut came more slowly toward the water. This makes 254 times Professor Deer has been on aerial trips, and he claims the credit of having introduced a new feature into aeronautic circles.

Dr. McOmber is Reliable. Because he visits Holland every month in the year. He remains from 3 days to a week each visit giving patients full benefit of his long stay. He gives plenty of medicines from the large stock he carries which are of the choicest varieties and selections. His reputation from cures made in this vicinity have constantly increased his practice and each time finds him more busily engaged than the previous visit. His fees are always moderate and within easy reach of people in limited circumstances. His wonderful skill and abilities as a physician and surgeon are widely known and the afflicted go to him from all directions to be healed. He will be here next week, read his advertisement.

Prince Cantacuzene and Miss Grant Married by Russian and American Ceremonies.

BRILLIANT SOCIAL EVENT AT NEWPORT.

Bishop Potter Officiates at the Wedding in All Saints' Chapel—Reception Follows the Marriage—Many Distinguished Persons Witness the Nuptial Vows.

Newport, R. I., Sept. 26.—The Episcopal marriage service, supplementing that of the Russian orthodox church that was observed Sunday, which made Prince Cantacuzene, Count Speransky, of Russia, and Julia Dent Grant, daughter of Brig. Gen. Frederick D. Grant, and granddaughter of Gen. U. S. Grant, husband and wife, was celebrated at All Saints' chapel here at noon Monday. The assembly of invited guests, notable

PRINCESS CANTACUZENE.

for social and military distinction, made the ceremony one of the most brilliant ever witnessed at Newport.

The family and social connections of the bride gave to the wedding a military as well as diplomatic character and the little church in which it took place was bright with blue and gold, the bridegroom's uniform easily outshining those of the home guard.

Rt. Rev. H. C. Potter, Protestant Episcopal bishop of New York, officiated, assisted by Rev. Dr. Nevins, of the American church of Rome, but, in accordance with the laws of the state of Rhode Island, Rev. Dr. Porter, of the Emanuel church of this city, read that portion of the service which legally united the distinguished pair.

Distinguished Guests Present.
Among the congregation, besides the immediate family, were Mrs. Ulysses S. Grant, the grandmother of the bride; H. H. Honore, Edwin C. Honore, Mr. and Mrs. Harry Honore, Jr., Mrs. Sartoris,

PRINCE CANTACUZENE.

wife of Capt. Sartoris; Maj. Gen. Nelson A. Miles, Mrs. Miles and Miss Miles, and Lieut. Col. Michener, of Gen. Miles' staff; Gen. Merritt and Maj. Mott, of his staff; Adjt. Gen. Corbin, Col. and Mrs. Hein, of West Point; former United States Minister Samuel Thayer, of Wisconsin; Assistant Secretary of War Meiklejohn, Chancey M. Depew and many others.

The reception at the Potter Palmer residence was one of the largest ever held in Newport. The bridal couple received under an immense floral arch, with Mrs. Grant and Mr. and Mrs. Palmer standing on the right, while seated near by was Mrs. U. S. Grant.

The prince and princess started for New York on board the steam yacht Narada.

Trains Collide.

Oskaloosa, Ia., Sept. 27.—A head-end collision occurred yesterday on the Belle Plaine & Muchakino extension, seven miles southeast of this city and Engineer Oren Allen, Engineer Douglas, Fireman Prentiss and Conductor Dave Butterfield, all of Belle Plaine, were killed, and Firemen Baxter and Culp were seriously injured.

Six Persons Killed.

Denver, Col., Sept. 25.—Six passengers were killed and five injured, one perhaps fatally, in a collision on the Denver & Rio Grande railroad at Reno siding, near Florence, late Saturday afternoon. The trains in collision were the Phillips-Judson excursion from the east and the east-bound fast freight.

Montejo Punished.

Madrid, Sept. 22.—Rear Admiral Montejó, who commanded the Spanish naval forces in the battle of Manila bay and who has been on trial before the supreme court, has been condemned to retirement without the right of promotion.

Off for Manila.

San Francisco, Sept. 25.—The Thirtieth regiment, United States volunteers, composed of men from Illinois, Missouri, Michigan and other states around the lakes, has sailed for Manila on the Sherman.

The Flagship Olympia Anchors Inside Sandy Hook Two Days Ahead of Time.

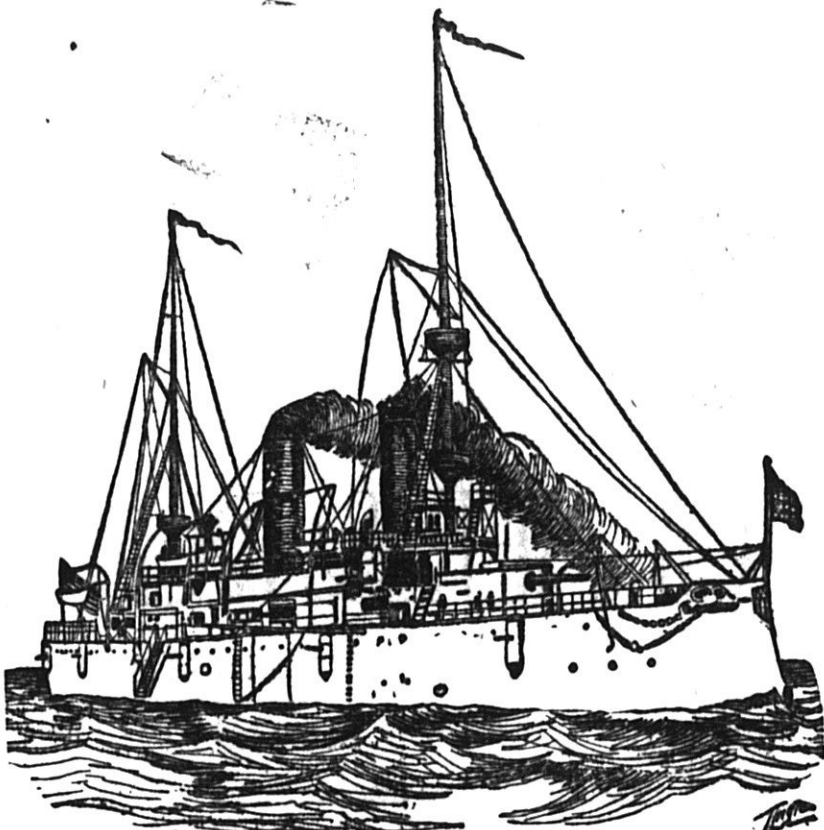

FAMOUS ADMIRAL IS WELL AND HAPPY.

Shore Forts Boom Out a Salute to the Warship and Her Brave Commander—Naval Officers and Others Join in the Welcome—Navy Department Sends Greeting.

New York, Sept. 27.—Admiral George Dewey arrived off New York at dawn and the Olympia is now anchored in American waters in the light of Sandy Hook. The first shout of welcome was from the pilots and crew of pilot boat No. 7, 15 miles south of the Hook lightship. It happened to be Pilot John Peterson's turn, and at 5:30 a. m. he was put aboard the Olympia and brought her around the Hook and into the lower bay. The marine observers along the coast had sighted the Olympia in the first light of the morning. The shore batteries of Fort Hancock, manned by gunners called from breakfast, let loose 17 guns. The flagship replied with 21 and let go her anchors not far from where the cup challenger Shamrock is moored.

Home Again.

The admiral was in his own country again, after 23 months' absence. He had returned "great with the arduous greatness of things done," and he scarcely seemed to realize it. The pilot had brought aboard the Sunday papers, and a reporter was received by the admiral in a cabin littered by the illus-

THE OLYMPIA, ADMIRAL DEWEY'S FLAGSHIP.

trated Dewey editions, which together made hundreds of pages in black and white and in colors, all concerning the great admiral and the preparations made to receive him.

"It almost saddens me," he said, "to see what my people are doing for me. The pride and gratification is immense, and I cannot express the appreciation I feel. I didn't know, I didn't really perceive until this morning the splendid welcome that my countrymen are giving me. The governors of many states are coming to see me, and troops from Florida, Georgia and other far-away states are on their way to take part in receiving me."

His Early Arrival.

Alluding to his arrival two days ahead of the time he was expected, Admiral Dewey said:

"I am sorry that I am ahead of the schedule. The Olympia has been steaming at the uniform rate of ten knots an hour since we left Gibraltar. Several days ago we knew that we would arrive before Thursday unless we moderated our speed or went somewhere out of our course. Capt. Lambertson, Lieut. Brumby and I held a consultation. The propriety of running into Hampton Roads or some other port in the south was spoken of, but we concluded that we ought not to touch land first anywhere except at New York. It was suggested that we cruise some distance outside New York harbor until Thursday, but we knew that if we did that we would be discovered and reported. The weather looked a little squally, and it seemed better to be inside the Hook than outside. But the consideration that really decided us to come into port was to give Capt. Lambertson a chance to clean up the ship before our voyage up the harbor. Capt. Lambertson and I are very proud of the Olympia, and we wanted enough time at our anchorage to rub her down and make her look spick and span."

Dewey and Sampson Meet.

Admiral Dewey then had a succession of notable callers. Rear Admiral Sampson, with Capt. Chadwick, his chief of staff, and Lieutenant Commander Winslow, his flag lieutenant, came on the Dolphin. When the dispatch boat was a mile away it began firing an admiral's salute, and the Olympia replied with a rear admiral's salute of 13 guns. The Dolphin anchored near the Olympia, and Rear Admiral Sampson and his staff went on board. They were received by Admiral Dewey, Capt. Lambertson, Lieut. Brumby and the officer of the deck, the full marine guard and band being paraded. The officers went to the admiral's cabin. Rear Admiral Sampson said that he was delighted with the evident good health of Admiral Dewey, and he told the admiral that he looked much younger than most of the portraits made him out to be. Rear Admiral Sampson remained on board for more than an hour, and after returning to the Dolphin, he said:

"Admiral Dewey is delighted, as is everyone aboard, to reach his native shores again. He is much moved by the great kindness and enthusiasm of the people and, though shrinking from too much ceremony and public display, feels deeply the regard of which these are the outcome. In fact, he feels and expresses himself precisely as a man of his fine and modest temperament

may be expected to do. The country honors in him these fine qualities as well as those sterner ones which have given him his fame."

All day tugs, sailboats and excursion steamers came up near the Olympia and took a look at her. Everybody who

ADMIRAL DEWEY.

asked was permitted to come on board. Some of the parties of sightseers on launches and steamers were invited by the officer of the deck to come up the gangway.

Dispatch to Navy Department.

Washington, Sept. 27.—The following has been received at the navy department:

"Sandy Hook, N. J., Sept. 26.—Secretary Navy, Washington: Olympia will go to Tompkinsville to-morrow.

"DEWEY"

Tompkinsville is the anchorage for naval vessels off Staten Island.

A Message of Welcome.

Washington, Sept. 27.—The navy department has sent the following formal message of welcome to Admiral Dewey: "Navy Department, Washington, Sept.

26.—Admiral George Dewey, Sandy Hook: The department is happy to learn of your safe arrival, and extends to you and your officers and crew the most cordial welcome. (Signed) "JOHN D. LONG."

THE ADMIRAL TALKS.

Gives His Views of Aguinaldo and Thinks War Should Soon Be Ended.

New York, Sept. 27.—The Evening Post prints an interview with Admiral Dewey. Speaking of Aguinaldo and his generals, the admiral said:

"These fellows are a queer lot. They were simply servants and stablemen, and Aguinaldo was a junior clerk in the navy yard. He is a pretty smart fellow. I know him pretty well. In fact, we were great friends, and are, for the matter of fact, but he has not the brains. There are people behind him, some of them lawyers and able fellows, who make a tool of Aguinaldo. I thought that this thing in the Philippines would be over long before this, as it should have been. I can't imagine how they have stood out until now. Of course, there was the rainy season, and I suppose little was done. One great trouble out there has been that Gen. Otis has tried to do too much. I told him so. He wants to be general, governor, judge and everything else, to have hold of all the reins. No man can do this. This is the great trouble. It is enough for a man to do one thing, to be one thing, but when a man tries to do everything and to be everything it is easy to imagine the result."

"The fight in the Philippines should be easily ended. The people had been so badly spoiled for such a length of time by the Spaniards that they are distrustful. This is the great difficulty in dealing with them. Where we have met them and they have been in such contact with us as to learn that we mean to treat them well; where they have seen that we mean what we say, there is no trouble. They stand by us all the time. All of them will learn this in time. They will get from under the influence of Aguinaldo, or rather those people who are behind Aguinaldo, who, as I said before, is a mere tool."

"Do I think the Filipinos are fit for self-government? Well, no, not just now. They probably will be in a little time. They are a very queer people—a very queer mixture. Many of them are quite civilized and good people, but I do not think they are fit for self-government just yet. But when I say that, I must add at the same time that it is my candid opinion that they are more fitted for it than the Cubans; that they are a better people than the Cubans in every way. I do wish, however, that the whole business was settled, and I think that after a little the Filipinos will take kindly to us."

It was suggested to the admiral that the democratic slate had been settled with Admiral Dewey for the presidency and Gen. Wheeler for the vice presidency.

"Well," said the admiral, "we should make a pretty mess of it. Gen. Wheeler, of course, has had some training in the political school, but then he is a West Pointer. I had forgotten that. He would want to run everything as he would a regiment and, of course, would make a splendid mess of it. You cannot run a government as you would a regiment."

"Well, admiral," suggested the reporter, "it would not be such a change from the ship Olympia to the ship of state."

"Yes," said the admiral, "it would be a very great change. I am not a politician. I am a sailor. My training has been all that way. I am at home on board my ship. I know my business, or at least should know it, and I do not want to mix up in the affairs of government. I am perfectly satisfied to live and die a simple sailor, who tried to do his duty. I am not a politician. I cannot make a speech even. I wish I could, but I have to be content with my lot."

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. C. Trial bottles 10 cents at Heber Walsh, Holland, and Van Bree & Son Zeeland, Druggists. Dr. McDonald has for years made a study and specialty of chronic and lingering diseases that require skillful medical treatment for their cure. Such cases as family physicians fail to help and pronounce incurable are particularly solicited, especially those overgrown with strong mineral drugs and poisons. Dr. McDonald uses only the purest medicines from the vegetable kingdom. He pays special attention to the cause of the disease and instructs his patients, the way to health and happiness. Dr. McDonald can show hundreds of testimonials in the hand writing of grateful patients who have been cured by him when others failed. He is so familiar with the human system that he is able to read all diseases of the mind or body correctly at a glance without asking any questions. Thousands of invalids are being treated daily for diseases which they do not have, while a few drops of medicine directed to the seat of the disease would give speedy relief, and permanent cure in a short time. Good health is the most precious jewel in our crown of happiness. With it the world is bright; without it, misery claims us for her own. If you are a sufferer you should weigh these words. A person who neglects his health is guilty of a great wrong to himself and a grave injury to humanity. The name of Dr. McDonald, the well-known specialist in the cure of chronic and lingering diseases, has become a household word in thousands of homes which his skill and wonderful remedies have made happy by restoring dear ones to health after all hopes were lost. The doctor is a graduate of the highest and best medical college, and his advanced theories in the treatment of chronic diseases surprise the most skeptical. All chronic diseases of the

BAR-BEN

THE GREAT RESTORATIVE

It's not a "patent" medicine, but is prepared direct from the formula of E. R. Barton, M. D., Cleveland's most eminent specialist, by Hjalmer O. Benson, Ph.D., R. S. BAR-BEN is the greatest known restorative and invigorator for men and women. It creates solid flesh, muscle and strength, clears the brain, makes the blood pure and rich and causes a general feeling of health, strength and renewed vitality, while the generative organs are helped to regain their normal powers and the sufferer is quickly made conscious of direct benefit. One box will work wonders, six should perfect cure. Prepared in small sugar coated tablets easy to swallow. The days of celery compounds, nervines, sarsaparillas and vile liquid tonics are over. BAR-BEN is for sale at all drug stores, a 60-dose box for 50 cents, or we will mail it securely sealed on receipt of price. DR. BARTON AND BENSON, Bar-Ben Block, Cleveland, O.

THE INFORMATION CONTAINED IN THIS CITIZEN'S STATEMENT IS UNAVAILABLE TO HOLLAND PEOPLE.

When a resident of Holland, whose statement appears below, who has no monetary or other interest in the article he endorses, who is anxious to do his acquaintances and fellow residents a good turn who publishes in this paper his experience with Doan's Kidney Pills that citizen must have good and sufficient reason for doing so. The following should dispel any doubts which may have existed in the reader's mind on this subject:

Mr. J. H. Streur, farmer, three miles south of the city, says, "I was bothered more or less for years with pain through my loins, never sufficiently severe to lay me up, but it was distressing and annoying. If I overexerted myself or had been driving long, my back became so tired and ached so much that I could not rest nights. I had often heard Doan's Kidney Pills so highly recommended that I got a box at J. O. Doesburg's drug store and used them. They relieved me immediately, soon banished all my aches and pains and rendered the kidney secretions healthy and natural."

THEIR PROMISE BROKEN

Filipinos Do Not Send Officer to Confer with Otis About Release of Americans.

NOTHING FURTHER HAS BEEN HEARD.

Gen. Otis Reports Insurgent Attack on a Railway Train—Rebel Steamers Captured—American Warships Attack and Destroy a Battery—Other War News.

Manila, Sept. 25.—The Filipinos have not made good their offer to surrender the American prisoners, and they have not sent an officer to meet Maj. Gen. Otis as promised. Nothing further has been heard from the rebel officers who conferred with Gen. MacArthur recently and returned to their own lines.

The Attack on Train.

Washington, Sept. 25.—Gen. Otis has cabled the following account of the insurgent attack on the railway train near Angeles:

"Manila, Sept. 23.—Adjutant General, Washington: Insurgents succeeded in derailing section of train yesterday a short distance from Angeles. Then made attack on railway guards. Result: Capt. Perry, quartermaster, slightly wounded in arm; Private Charles Ziemans, hospital corps, killed; Private Sam Steele, Seventeenth Infantry, severely wounded; Civilian Charles S. Price, slightly wounded and unknown civilian killed. Insurgents driven, leaving six dead in their tracks and troops immediately sent in pursuit.

(Signed) "OTIS."

Capture Rebel Steamers.

Acting Secretary Allen has received this dispatch from Rear Admiral Watson:

"Panay, Lining commanding, captured steamer Mundaia, illicitly trading; Mariaveles, Omani commanding, captured steamer Taaleno, aiding and abetting insurgents. Taaleno will make good gunboat; 100 tons. Will fit out and man her."

Silenced the Guns.

Manila, Sept. 25.—The United States cruiser Charleston, the monitor Monterey and the gunboats Concord and Zafiro, with marines and bluejackets from the cruiser Baltimore, left Cavite September 18 and proceeded to Subig bay to destroy an insurgent cannon there. Owing to the bad weather the operation was postponed until Saturday, when the warships for three hours bombarded the town of Olangapo and the intrenchments where the gun was situated. Men from the Charleston, Concord and Zafiro were then landed under a heavy insurgent fire, proceeding to the cannon, which was utterly destroyed by guncock, and then returning to the warships. The Americans had one man wounded during the engagement.

In the Hands of Rebels.

Manila, Sept. 25.—The gunboat Urdaneta, belonging to the mosquito fleet, which has been patrolling the shore on the north of Manila bay, has not been heard of for ten days. As her coal supply was by this time necessarily exhausted, a search for her was made. Natives who were interrogated by the gunboat Laguna de Bay, told that officer that the Urdaneta had been captured by the town of Orani Sunday. The crew landed to take possession, whereupon they were seized by a large body of natives, who had set a trap for them. The prisoners were removed to Porac, and the gunboat was looted and scuttled. The gunboats Petrel, Callao and Basco are now searching for the sunken vessel.

Ready to Yield.

Washington, Sept. 26.—Two important dispatches from Gen. Otis at Manila were made public by the war department yesterday. The first indicates that the insurgents on the island of Negros are about to recognize the authority of the United States. The second dispatch says the American flag will be raised in Sululand.

Insurgents Routed.

Washington, Sept. 27.—A dispatch had been received from Manila by the war department stating that Gen. Snyder attacked the position of the insurgents five miles west of Cebu and destroyed seven forts and quite a number of smooth bore cannon. The insurgents were utterly routed and Snyder returned with his force to Cebu. The Tennessee regiment was already aboard transport to come home, but disembarked to take part in the engagement.

Revenge the Motive.

Chicago, Sept. 22.—Walter Lawton, the assailant of Cashier Filbert, of the Palatine bank, died Thursday morning at the Alexian Brothers' hospital. He maintained to the last that the assault was made in revenge and not for the purpose of robbery, as is generally believed by the citizens of Palatine.

Diaz Cannot Come.

City of Mexico, Sept. 26.—President Diaz has decided to abandon his contemplated trip to the United States. The reasons for this decision are simply and solely the enfeebled condition of Mrs. Diaz, the wife of the president, who has been for some time confined to her bed.

Nearly a Score Injured.

Pittsburgh, Pa., Sept. 25.—Two trains on the Allegheny Valley railroad collided head-on at Parker, Pa., totally wrecking both engines, demolishing eight freight cars and injuring nearly a score of people.

Given Warning.

Havana, Sept. 26.—The Cuban agitators in this city have been warned by Gen. Ludlow that any violence that may attend the threatened strike will be promptly crushed by the United States.

Slain by Robbers.

Cumberland, Md., Sept. 23.—Robbers murdered Absalom Kesler, a wealthy farmer, aged 80, his housekeeper, Anna Dorman, and Albert Gears, the hired man, near Pawpaw, stole \$200 and escaped.

TEST THE KIDNEYS

And If They are Diseased Use the World's Greatest Kidney Cure

DR. A. W. CHASE'S KIDNEY-LIVER PILLS.

It's a simple matter to test the kidneys. You need not consult a doctor. By asking yourself three questions you can determine whether or not your kidneys are deranged.

First: "Have you backache or weak, lame back?"

Second: "Do you have difficulty in urinating or a too frequent desire to urinate?"

Third: "Are there deposits like brick dust in the urine after it has stood for twenty-four hours?"

In its early stages kidney disease is readily cured by a few boxes of Dr. Chase's Kidney-Liver Pills, a preparation which has made Dr. Chase famous throughout the world for his wonderful cures of diseases of the kidneys.

Mr. Isaiah Manigold, painter, Watertown, N. Y., writes: "I have had a very bad case of kidney affection for some time, and doctored in vain until Dr. A. W. Chase's Kidney-Liver Pills were brought to my notice, and they have completely cured me. I cannot say enough in praise of their wonderful merits."

If you have kidney disease, you can take Dr. Chase's Kidney-Liver Pills with perfect confidence that what has proved an absolute cure in so many thousands of cases will not fail you.

So long as the cells of the kidneys are not completely wasted away, as in the last stages of Bright's disease, Dr. Chase's Kidney-Liver Pills will give them new vigor and strength, and make them strong, healthy and active. One pill a dose; 25c a box; at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

New York, Sept. 25.—The exports of gold and silver from this port to all countries for last week aggregated \$865,210 silver bars and coin and \$5,000 gold, a total of \$870,210. The imports were \$193,898 gold and \$79,190 silver.

Navy Adopts New Rifle.

Washington, Sept. 25.—The navy department has concluded to make a change in the small arms used in the service and will adopt the army rifle, or what is known as the krag-jorgensen.

Statue Unveiled.

Washington, Sept. 26.—The life-size white marble statue of former Gov. Oliver P. Morton, of Indiana, was unveiled in Statuary hall at the capitol.

Sent to Prison.

Kansas City, Mo., Sept. 27.—Leonard B. Imboden, president of the Planters' bank in this city, was sentenced to ten years in the penitentiary for forgery.

Find a Counterfeit.

Washington, Sept. 27.—The treasury secret service has found a new issue of an old counterfeit two-dollar treasury note, portrait of McPherson.

Victim of Football.

Meriden, Conn., Sept. 26.—Thomas Kell, aged 17, died at his home here from injuries received in a football game.

Stung to Death.

Newton Falls, O., Sept. 26.—John Carson, a farmer, aged 65, was stung to death by bees.

Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great sufferings for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion builds up the strength. Only 50 cents. Sold by Heber Walsh, Holland, and Van Bree & Son, Zeeland.

Why Do You Commit Suicide.

The man who lets a cold "run on" until he finds himself in consumption's grasp is guilty of self-murder. There is no cure for Death and consumption is Death. Coughs and colds are nothing more nor less than Death in disguise. There is one sure infallible cure—Cleveland's Lung Healer. Don't trifle—get a free trial bottle from Heber Walsh and be cured before it is too late. It is the greatest lung medicine in the world. Large bottles cost but 25 cents, and you can get your money back if it doesn't cure you.

Old wheat Flour is best: Sunlight and Daisy are still made from old wheat entirely.

Baby Eczema.

Mr. S. F. Rose, of 133 Sixteenth St., Buffalo, N. Y., says: "Our baby boy suffered greatly with itching eczema. A few applications of Dr. A. W. Chase's Ointment stopped the itching and healed the sores and a bright natural skin now takes their place." Dr. Chase's Ointment is an absolute cure for all itching, burning skin diseases, and is the world's greatest skin beautifier.

It's folly to suffer from that horrible disease of the night, itching piles. Doan's Ointment cures, quickly and permanently. At any drug store 50 cents.

He Fooled The Surgeons.

All doctors told Benick Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with five boxes of Bucklen's Arnica Salve, the surest Pile cure on earth, and the best Salve in the World. 25 cents a box. Sold by Heber Walsh, Holland, and Van Bree & Son, Zeeland.

W. T. Hess Says that Electric Road to Grand Rapids will be in Running Order next Spring.

The electric road from Grand Rapids to Holland which was the subject of so much discussion last spring, says the Grand Rapids Herald has been recalled to public notice by the emphatic announcement of its chief promoter, William T. Hess, that the road will be in running order next spring. This announcement comes authoritatively from Mr. Hess, who has just returned from the east, where he has been on business connected with the enterprise. The chief occasion for delay has been the inability to get iron for the tracks. Railroad iron just now is unobtainable at any price, and orders will not be taken by any concern for delivery short of next spring. Since the beginning of the agitation concerning the road the price of railroad iron has gone up from \$16 a ton to \$36 and Mr. Hess is of the opinion that it will reach the high mark of \$50 a ton before the rush of orders is over. Another difficulty which has made progress in the project very slow is a technical difficulty over the printing of the bonds. It has been developed that the brokers and money men of the east where it was expected to float the bonds, look with suspicion upon any papers of that character that are not printed by one of a few special concerns in the east. These concerns are so rushed with orders that it is only after a long delay that bonds can be secured from them. For instance, the bonds of the school fund trust, which was organized last spring, were only delivered last month. This obstacle will be overcome in a short time however, and Mr. Hess states that he anticipates no difficulty in placing the bonds when once they are placed upon the market. In fact he is positive that he knows from just what source to expect the money which will be invested in the enterprise.

The other difficulty, which is a serious one, is the failure of the city to grant the company a satisfactory franchise, the one offered by the council last spring being entirely objectionable. In speaking of this feature, Mr. Hess said "If the people of Grand Rapids could only see what real benefits have been reaped by every little town in the east, as well as by the larger cities, by the construction of just such roads as the one we propose, they would withdraw all their opposition and become its strongest supporters. In Boston, for instance, its great benefits can be seen readily. Every little town is connected with the metropolis by an electric line which makes communication easy, and the good accruing both to Boston and to the suburban towns cannot be overestimated. The people of all classes are enthusiastic in its praise. The road, if built, cannot but be a great help to the citizens of the community at large and all that we ask of the city is fair treatment."

The new law providing for the licensing of barbers went into effect last Friday. The new commission is ready to proceed to business. The law provides that all barbers now engaged in the business will be entitled to a license upon making application to the commission and paying a fee of \$1. Hereafter all who desire to engage in the business must pass a satisfactory examination before the state commission as to their proficiency and their knowledge of disinfecting tools to prevent the spread of disease.

Common Council.

HOLLAND, MICH., Sept. 27, 1900. The common council met in regular session and was called to order by the Mayor. Present: Mayor Mokma, Ald. Kanters, Ward, De Merell, Schoon, Spruietma, Habermann, Van Putten, Kooyers, Takken and Riksen and the clerk. The reading of minutes and the regular order of business was suspended. The city surveyor reported diagram and estimate of cost of the grading and graveling of West Fourteenth street, between the west line

of Hope College addition and the centre of Harrison avenue, and also profile of the grade to be established, as follows:
385 yards of cut at 12c..... \$ 46 20
192 yards of fill..... 187 30
312 yards of gravel at 60c per cu. yd..... 50 00
Incidentals..... 50 00
Total..... \$283 40
Length of street to be improved 491 feet.
Graveling 9x24x491.

Resolved, that it be and is hereby determined by the common council to improve West Fourteenth street from the west line of Hope College addition to the centre of Harrison avenue, said improvement to be in the manner following, to wit:—that said part of said West Fourteenth street be graded the entire width thereof pursuant to grade and profile to be accepted by the common council in connection with the proposed improvement; that after the grade work is completed, a road-bed 24 feet wide through the centre and whole length of said part of said West Fourteenth street be covered with gravel of the kind used on Fifteenth street or of a quality equally as good, to an average thickness of nine inches so spread that when finished it will be twelve inches thick in the centre and six inches thick on the sides; that the whole of the cost and expense of said work and improvement be defrayed by special assessment upon the lots, lands and premises or parts of lots and lands abutting upon said part of said West Fourteenth street, provided, however, that the cost of improving the street intersection on said part of said West Fourteenth street be assessed against the city of Holland and paid from the general fund of the city; that the lots, lands and premises upon which said special assessment shall be levied all include—lots thirty-five, thirty-eight, thirty-nine, forty, forty-one, forty-two, forty-three, forty-four, forty-five, sixty-seven, sixty-eight, sixty-nine, seventy, seventy-one, seventy-two, seventy-three, seventy-four, and seventy-five Bay View addition to the city of Holland, also street intersection where said West Fourteenth street intersects Harrison avenue; all of which said lots, lands and premises to be designated and declared to constitute a special street assessment district for the purpose of special assessment to defray the cost and expense of grading and graveling of said part of said West Fourteenth street in the manner heretofore set forth, said district to be known and designated as the "West Fourteenth street, special street assessment district" in the city of Holland.

Resolved, further, that the profile, diagram and estimate of the proposed grading and graveling of West Fourteenth street between the west line of Hope College addition and the centre of Harrison avenue, as prepared by the city surveyor and now submitted to the common council, be deposited with the city clerk, for public examination and that the clerk be instructed to give notice thereof and of the proposed improvement and of the district to be assessed hereof, as determined by resolution of the common council, by publishing the same two weeks in the Ottawa County Times, one of the newspapers of the city of Holland, and that Tuesday the 17th day of October 1899, at 7:30 o'clock p. m., be and is hereby determined as the time when the common council will meet at the common council rooms to consider any suggestions or objections that may be made to said assessment district, diagram profile and estimate.

Said resolution prevailed all voting aye.
By Ald. Van Putten.

Resolved, that the matter of purchasing horses for the fire department be referred to the committee on fire department, with power to act. Carried.

By Ald. Van Putten.
Resolved, that the following agreement, in substance, be entered into by the city of Holland and the Holland Sugar Company:

In consideration of the common council of the city of Holland granting to the Holland Sugar Company the full and exclusive use for the period of thirty years, of that part of Lake street in Bay View addition, lying east of a line running parallel with the main siding of the Chicago and West Michigan Railroad and forty-one feet east and distant from centre thereof, the Holland Sugar Company agrees to grant to the City of Holland, for the term of thirty years, a use of its grounds as lies between the Chicago and West Michigan Railway siding and the line parallel therewith and forty-one feet east from the centre thereof; and the said Holland Sugar Company further agrees to grade said street at its own expense, according to the grade hereafter to be established by the common council, and to forthwith gravel the same at a width of sixteen feet, said gravel to be of a quality equal to that used on Tenth street in said city, and to be of a depth not less than twelve inches in the houses in the centre, and nine inches on the sides;

Said privileges and rights to be null and void at the end of said term of thirty years, and it is hereby distinctly understood that the said Holland Sugar Company shall by this lease obtain no rights whatever in said Lake street at the end of said term of years, and that the said company shall remove all obstructions from said street without any expense to said city if so ordered. Resolved, further, that the city attorney be instructed to draw up the necessary papers in conformity with above agreement between the City and said Holland Sugar Company.

Said resolution prevailed by yeas and nays as follows:

It is the condition, not the years you have been deaf, that renders a cure possible or impossible, and Dr. McOmber can tell you in five minutes whether your case is curable or not.

Ringing Noises in the Ears

are alarm bells announcing the certain approach of deafness. A constant buzzing, ringing, singing noise in the head and ears is a positive indication that a disease has been making progress that may, eventually, destroy the delicate and intricate parts of the organ, and place it beyond repair. Heed the warning and take action before it is too late. Dr. McOmber cures every case not totally destroyed.

Foul Smelling Discharges

Insidiously, but with positive certainty, the destruction of the ear and deafness follows chronic discharges of foul-smelling corruption that feeds from the internal parts of the ear. These tender and delicate parts, once bathed in this foul matter, soon ulcerate, slough and run out. Go to Dr. McOmber, a specialist with great skill and ability, who always cures this loathsome and dangerous malady.

Cross Eyes—Strabismus—

does more to mar the expression, distort the features and make a countenance homely than can hardly be realized. The sight of one eye becomes deficient if not nearly blind. If both eyes are crossed the vision is weak or near-sighted, become inflamed and irritated easily, eye-lids contract, eye-balls converge. By his painless, lightning method Dr. McOmber straightens them in one minute. No chloroform, no pain, no bandage.

EXPERIENCE GIVES ABILITY.

For thirty years Dr. McOmber has been actively engaged in special work. From day to day his enormous experience with patients from every state in this country, and many from other countries, and with every variety of chronic maladies has constantly added to his wonderful skill in determining the nature and cause of diseases, as well as increasing his vast knowledge of methods, means, agents, remedies and new discoveries for their alleviation and cure.

That he cures the most obstinate and obscure diseases seemingly with the greatest ease, and especially after patients had spent large sums of money with physicians of fame, is too apparent to be questioned.

Ladies in this city and adjoining towns and country, whose afflictions had baffled the skill of good doctors for years, and when their conditions were worse than ever before, cannot understand why their cases should have been found by Dr. McOmber so different than they had always supposed they were, and after so long a struggle with other doctors, were so readily and quickly cured by his advanced methods of treatment.

The same can be said of diseases of men; young, middle-aged and old. No matter of how long standing or with how many bitter disappointments you have met in the past, go and have a talk with Dr. McOmber.

He is equally successful in the treatment of Chronic Diseases of Children. Girls, entering womanhood, who from abnormal conditions grow pale and thin, and sometimes with but little warning are firmly in the clutches of the dreaded disease consumption, find in Dr. McOmber's system of treatments a quick and happy cure.

Delays are dangerous. Do not say: "I will wait until he comes again," but go now and get his opinion free of charge before it is too late. He has cured thousands who had suffered exactly as you do.

Strength is Health, Weakness is Disease.

If in poor health you are weak, and the reason you are weak is because you are losing strength. If half your strength is gone you are half dead, if three-fourths gone you are three-fourths dead, if all gone you are all dead. If you have a little strength, that is your foundation on which to build, and to regain strength, vigor, vitality, vital force and healing energy, is it not wise that you choose the best methods or treatments at any cost to regain that which means a return to health?

To increase strength, give tone, vigor and vitality once more to the system, the cause of your depletion and weakness must be determined and removed, and if this is not done and the proper treatment employed to rebuild, enrich the blood, nourish, feed the nerves and repair damage to diseased organs and tissues then all is given over to the chances of life. Act wisely, go to one who has had immense experience in the treatment of those who have suffered as you do and who now bless the name of Dr. McOmber.
