CITY AND VICINITY.

Merely a glance will tell that this is the Fair issue of the Holland City News.

Jacob C. Pelgrim, son of Mr. and Mrs. Henry Pelgrim of this city, has entered the theological seminary at New Brunswick. Henry Pelgrim, jr., will re-enter the U. of M.

Rev. A. R. Merrill, pastor of the Wesleyan church, attended the annual convention of the Michigan Anti-sect societies at Kalamazoo this week.

Seven new students applied for admission to the Western Theological Seminary at the opening last Thursday. Dr. G. H. Dubbink delivered the first of the series of lectures last Tuesday evening. He spoke on "The Church and the Seminary."

Wm. Harkema says that while he and his son Cornelius were walking on West Tenth street on their way home last Friday night, they were held up by two bold bad men and the father was relieved of \$30. The officers do not place much credence in his story.

Roy Toren, son of Mr. and Mrs. John Toren of this city, led the pitchers of the northwestern league of the Pacific Coast in percentage of games won. He was a member of the Spokane team and after the Northwestern season closed he was recalled to the Los Angeles club where he will finish the season.

Rev. Wm. Wolvius, pastor of the Fourth Reformed church, is one of a trio placed in nomination by the vacant Seventh Reformed church at Grand Rapids and Rev. A. Keizer, pastor of the Ninth street Christian Reformed church, is one of a trio placed in nomination by the Commerce street church of that city.

Mr. Bailey was in the city last week arranging for the opening of the office of the United States Express company Nov. 1, when the company's contract with the Pere Marquette goes into effect. In the smaller places the United States will simply take over the present offices and men of the American. The only important points in which the American will discontinue its offices are Holland, Big Rapids, Petoskey and Ludington.

The board of public works last Friday evening awarded contracts for the new material for water works extensions as follows, all material to be delivered within two weeks: On pipe and specials, to the American Car & Foundry Co., Detroit, \$26.85 per ton. On hydrants, valves and valve boxes, to the Darling Pump Manufacturing Co., Williams port, Pa. On lead and jute, to A. M. Ozburn, Chicago, \$5.25 per cwt. for lead and \$4.25 per cwt. for jute.

Klaas Zuidewind and Adrian VanPutten have commenced suit against Tiemen Slagh, all of Holland, asking that their co-partnership in the Dutch Rusk Co. of Holland be dissolved and that the defendant be enjoined from using the firm name. The three were in a co-partnership in the Dutch Rusk Co. at Holland and the complainants allege that Slagh has not carried out his agreement, refusing to work for the interest of the company and doing things of an unbecoming character. Judge Padgham has appointed Adrian VanPutten as receiver while the suit is pending.

Parents should realize the importance of protecting the eyes of their children and attending to it promptly if anything, however trifling, goes wrong. The eyes which they see with in infancy must last them until old age, therefore you can't afford to neglect them. If you have a child whose vision has the slightest indication of being defective, or who complains of headache or pains over the eyes (especially after reading or at school) by taking them to W. R. Stevensen, the optical specialist, for a free examination of their eyes you will learn just what the trouble is, and if glasses are needed Mr. Stevensen can fit them correctly with the proper ones that will remedy the trouble and give them every comfort due to perfect vision.

Henry J. Conkright has moved in to his new residence on 15th street between River and Pine streets.

Ground was broken this week for Wm. Brusse's new residence on Tenth street.

S. A. Wilson and family have moved from Grand Haven to 137 East Ninth street this city.

Prof H. R. Brush, of Hope College, and family are occupying the residence vacated by F. A. Miller at 41 East Tenth street.

Henry Hall was arrested by Officer Zanting on Sixteenth street last Friday evening and was assessed \$4 fine and costs for the offence by Justice Devries. He hails from Saugatuck.

Governor Fred M. Warner has appointed Henry Kiekentveld of this city to a clerkship in the dairy and food department at Lansing. The salary is \$1,000 a year.

Besides the regular purse given by the association a pair of shoes will be given to the winner of the young ladies horseback race by Jacob Lokker.

While working at the Bay View Furniture factory last Friday, E. Mulder ran a splinter into the back of one of his hands and painfully lacerated it. He was attended by Dr. J. J. Mersen.

Marinus Mulder celebrated his 65th birthday anniversary last Wednesday. Mr. Mulder, who is one of Holland's early pioneers, having lived here fifty years, is a veteran of the civil war.

The board of supervisors will open their regular fall session one week from Monday. At this fall session the bills are usually audited and the session is a long one as a rule.

The Rev. and Mrs. John M. Van der Meulen have returned from their work in the mission at Kalamazoo and are in Zeeland for a short time before their removal to their new home in Holland.—Zeeland Record.

Officer Zanting was called to Ottawa Beach Sunday evening to arrest Joseph Norlette, an 18-year-old, boy who was charged with striking in the face his step-sister, Adelaide Benedict. Norlette was sentenced by Justice McBride to a 15 day stint in the county jail.

The Gildner Hotel of Grand Haven will probably change hands about October 1. The furniture and the lease of the property has been purchased by Milwaukee parties who have been in charge of a number of good hotels. Mr. Gildner still owns the building but will not be connected with the house after the first of the month. Mr. Gildner purchased the hotel about four years ago and remodeled it into one of the handsomest hostleries in this part of the state.

The practice game Saturday afternoon between the High School and Holland Jr. Independents resulted in a tie, neither side scoring. It was expected by many that the Independents would easily defeat the High School boys because of their experience and greater weight. But good team work and speed, results of Prof. Helmer's coaching, told in the end and the high school boys kept them from scoring. The Independents however put up a good scrappy game and held the high school boys well at all stages. Both teams have scheduled outside games and many exciting gridiron contests are expected this fall. Another practice game will probably be played next Saturday.

The soliciting committee composed of officers and ex-officers and ex-members of Company F, which has been soliciting for an increase to the armory fund have succeeded in raising an amount nearly sufficient to complete the new armory. There were several very large donations and the business men generally contributed liberally. This is the first time that Company F has ever asked the citizens to help them in the new armory work and as a rule the citizens appreciated that fact. Company F while it is building a home for itself is putting up a building which will be a credit to the city and the citizens have a feeling of pride in every good substantial building that is going up. It is true that the merchants and citizens have been touched up pretty frequently by subscription lists, but there never was a better cause for which the citizens were asked for money.—G. H. Tribune

Prof. Narrator, who so successfully ran the dance hall at Jenison Electric Park this summer, will open a dancing school in Holland this winter and will give dances once a week.

The one-year old daughter of Mr. and Mrs. Peter Vanden Bosch died last Thursday at the home, 241 East Eleventh street. The funeral was held at 2 o'clock Friday afternoon, Rev. R. L. Haan conducting the services.

J. W. Boynton, president of the new proposed electric railroad to come into Grand Haven from the Rapids on the south side of Grand River, is sending out circulars in which it is stated that it is up to the citizens to decide whether or not the proposed road shall come through Allendale or Blenden Center. The circular says that the road will be built on the line giving the most aid in cash, right of way and donation notes.

Look out for the patent medicine fakir. He has been working the farmers in the vicinity of Spring Lake. He sold many bottles of a cureall for fifty cents stating that if the goods were not satisfactory they could be returned to Spring Lake druggists and the money would be refunded. None of the Spring Lake druggists had heard of any such deal and the sheriff's officers are now looking for the oily tongued medicine man.

Reports to this paper are to the effect that the beet crop in Michigan got a rather late start this season and will, therefore, mature later than in former years. For this reason the factories will not probably order deliveries until some time between the 1st and 15th of October, when slicing will begin. It is believed now that an average crop will be harvested, and the beets show up well in the preliminary tests that have been made.—Beet Sugar Gazette.

Coopersville celebrated Saturday over the lifting of the last cent of debt on the Coopersville co-operative creamery. Gov. Warner and ex-Gov. Hoard, of Wisconsin, were present, as well as other state politicians. Warner and Hoard spoke Saturday night. A free dinner was served at noon to over a thousand farmers and their wives, patrons and friends of the creamery. The institution has paid over \$100,000 for milk this year. Colon C. Lillie, deputy dairy commissioner, is president of the company.

For Old People

Con DePree Has a Guaranteed Strength Creator.

Mr. Con DePree, our well-known druggist, says "hundreds of old people right here in Holland need just such a strength-maker and body-builder as our delicious cod liver oil preparation, Vinol, and we simply cannot understand why they will continue to drag out a half dead and half-alive existence, when we guarantee Vinol will strengthen and invigorate every organ in the body, stop the natural decline and make them well, strong and active."

This is because Vinol contains in a highly concentrated form all of the strength-creating and body-building elements of cod liver oil, actually taken from fresh cods' livers, but without a drop of the system-clogging oil to upset the stomach and retard its work.

Vinol creates renewed vitality in the most natural manner, making rich, red blood, and building up and strengthening every organ in the body to do its work as nature intended. Many old people have written that they would not take \$1,000 for the good Vinol has done them.

In the strongest manner we endorse and guarantee Vinol to increase the appetite, give strength and renewed vitality to the aged, build up the run down, tired and debilitated, make the weak strong, or return to the purchaser every dollar paid for it." Con DePree, druggist.

Every Heart-Ache

Every pain in the breast, difficult breathing, palpitation, fluttering or dizzy spell means that your heart is straining itself in its effort to keep in motion. This is dangerous.

Some sudden strain from over-exertion or excitement will completely exhaust the nerves, or rupture the walls or arteries of the heart, and it will stop.

Relieve this terrible strain at once with Dr. Miles' Heart Cure. It invigorates and strengthens the heart nerves and muscles, stimulates the heart action, and relieves the pain and misery.

Take no chances; make your heart strong and vigorous with Dr. Miles' Heart Cure.

"I suffered terribly with heart disease. I have been treated by different physicians for my trouble without results. I went to a physician in Memphis, who claimed that I had dropsy of the heart. He put the X-ray on me, and in connection with his medicine he came near making a finish of me. Some time before this a Mr. Young, of St. Louis, was in our town. He saw my condition, and recommended Dr. Miles' Heart Cure to me. I gave it little attention until my return from Memphis, when I concluded to try it, and am pleased to say three bottles cured me."

CHARLES GOODRICH, Caruthersville, Mo.
Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

COLLIE RECOVERS THE CAT

Smart Dog Takes Long Journey to Find the Friend of His Youth.

A family living in Vermont removed from their long-time residence to another village, some 40 miles away. They took with them a Scotch collie of unusual intelligence, but left behind the family cat, says the New York Times. The collie and the cat had been warm friends for several years and had fought each other's battles with courage and impartiality.

After the family reached their new home the collie was evidently lonesome. One evening as the family was gathered about the open fire some remarks were made about this, and the man of the house, patting the collie on the head, said: "I am sorry that we did not bring George with us. You miss your old playmate, don't you?" The next morning the collie had disappeared. Three days afterward he came into the yard in a state of great enjoyment, indicated in the usual dog way, followed by George, the cat. Both seemed somewhat excited, and the collie showed marks of battle. Each seemed greatly delighted in the company of the other, and the old-time status quo was at once resumed.

Out of curiosity inquiry was made by the family, both at their old residence and along the line of the main highway between the two places, which developed the fact that the dog appeared at the old home, very deliberately and very distinctly induced the cat to start on the journey with him and had protected him en route, with a clash of arms for nearly every mile. Of course, the question arose as to the language by which he told George his wants and what inducements were offered to go with him on the hazardous journey.

GROWING JET-BLACK ROSES

Secret Long Sought by Florists Has Been Discovered by an Englishman.

Florists in New York were greatly interested in the recent announcement that an Englishman has discovered how to grow jet black roses, a feat which has been vainly attempted for many years. If a dozen of them could be offered for sale to-day in the city, says the Baltimore Sun, leading florists agreed that there would be no difficulty in obtaining \$1,200 for the bunch.

On a few estates along the Rhine practically black roses have been grown for the last ten years, but all efforts to eliminate a reddish tint in the center of the bud have so far failed. No secret has been more closely guarded by the German gardeners than this one of developing even a comparatively black flower. Visitors are allowed to look at the bushes and buds on special occasions, but what ingredient has been put into the soil to bring about the abnormal color has not been told even to close friends.

In California a specialist has also been partly successful in producing roses practically black, but, according to announcement in London, it remained for a peddler of shoelaces to attain perfection. It was said to-day by New York florists that undoubtedly the color is the result of a chemical introduced in the soil.

The same principle, however, is said to be involved as in the development of blue hydrangeas, which are produced by putting iron into the soil in which the plants are grown.

The black blossoms would be most popular as indications of mourning, but it was agreed by florists that the day is yet distant when any one of the freaks will be seen in their windows.

WERE NOT DESIRABLE LOTS

Man Put in Extra One in Trade and Was Afraid of Getting It Back.

"There is a little town up the coast that bears the name of Ocoosa," remarked Jere T. Burke, of the Southern Pacific law department, while in a reminiscent mood, relates the San Francisco Chronicle. "It lies just back of Gray's harbor and is the largest town in that neighborhood. However, that does not mean very much. I visited Ocoosa a little while back, and while I was in town a certain fellow traded a town lot for a horse. After closing the deal the fellow that had acquired the horse hurriedly took the animal to a blacksmith shop and asked the blacksmith to shoe him in a hurry. The blacksmith seemed in no hurry, however, and the owner of the horse made two or three trips outside of the shop, looking nervously up the road. "Can't you hurry that job?" he said to the blacksmith. "I never was in such a hurry in my life." "Say," declared the blacksmith, "did you steal this horse?" "No, I didn't steal the horse," replied the owner reassuringly. "I traded a lot for the horse, and by mistake I put two lots on the deed instead of one. Now I am afraid the other fellow will discover the mistake and come back to demand the horse."

Arkansas River.

The Arkansas river is the only water course in Oklahoma ever navigated by steam. It has diminished year after year by pouring its waters into the irrigating ditches of arid and western plains, until now often in the summer solstice it is possible for a pony to pass from bank to bank without wetting a saddle girth.

India's Foreign Trade.

India has three and one-third times as much foreign trade as Japan; three times as much as China, easily beating Italy and Austria, also Belgium, and surpassing the Russian empire by 20 per cent.

The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored

LION COFFEE, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

HOW TO MAKE GOOD COFFEE.

Use LION COFFEE, because to get best results you must use the best coffee. Grind your LION COFFEE rather fine. Use 1/2 tablespoonful to each cup, and one extra for the pot. First mix it with a little cold water, enough to make a thick paste, and add while of an egg (if egg is to be used as a settler), then follow one of the following rules:

1st. **WITH BOILING WATER.** Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve promptly.

2d. **WITH COLD WATER.** Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.

3. **DON'T** (Don't boil it too long. Don't let it stand more than ten minutes before serving. Don't use water that has been boiled before.)

TWO WAYS TO SETTLE COFFEE.

1st. **With Eggs.** Use part of the white of an egg, mixing it with the ground LION COFFEE before boiling.

2d. **With Cold Water instead of eggs.** After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine LION COFFEE, prepare it according to this recipe and you will only use LION COFFEE in future. (Sold only in 1 lb. sealed packages.) (Lion-head on every package.) (Save these Lion-heads for valuable premiums.)

HEALTH is the Most Important

In buying food-products, several things are to be thought of—i. e., Economy, Results, Easy Handling, Reliability, but the most important is Health.

Health means everything. In buying clothes, shoes, hats, furniture, etc., if the buyer is deceived and gets an imitation the only harm is loss of money. In buying food-products, if imitations are supplied, there is not only a loss of money, but perhaps an injury to health—which is beyond price.

Remember these facts when buying baking powder.

RAILWAY TRAINS MEET ON CURVE

COLLISION AT MOUNT HOLLY SPRINGS, PA.—FIVE MEN ARE KILLED.

Open Switch Causes a Smash-Up on Pennsylvania Road at Paoli Station, Pa. — Loss of Five Lives.

Harrisburg, Pa., Sept. 22.—Five men were killed and eight others seriously injured in a collision between a pay train and a combination passenger and milk train on the Philadelphia, Harrisburg and Pittsburgh branch of the Philadelphia & Reading railroad at Roush's curve, at Mount Holly Springs Thursday afternoon. None of the passengers was injured. The dead are: Ephraim McCleary, engineer of milk train of Harrisburg; C. J. Shearer, fireman of milk train, of Harrisburg; John Hill, fireman of pay train, of Reading; Edward Lauchs, paymaster's clerk, of Reading; Thomas Marjoni, conductor of pay train, of Pottsville.

Open Switch Causes Wreck. Philadelphia, Sept. 22.—A rear-end collision Monday between the east-bound New York limited express from St. Louis and a local passenger train which was standing at the Paoli station of the Pennsylvania railroad, 19 miles west of the city, resulted in the death of five men and the injuring of more than 20 others. All those who met death were in the private car of General Manager Atterbury, which was attached to the rear of the local train. In the car at the time of the collision were about a dozen men who had been engaged in overhauling the car. Those who were not killed were injured. The local train was made up in the yard on the north side of the railroad and switched across to the east-bound track No. 1 on the south side, and came to a stop at the station. Before the switches could be set the New York limited came along at moderate speed on the No. 2 east-bound track, took the cross-over switch and crashed into the local train. The force of the collision was so great that the engine of the limited ploughed ten feet into the private car, and the latter was forced half way through the day coach ahead.

EX-GOV. HAMILTON DEAD.

Former Chief Executive of Illinois Dies Suddenly at His Residence in Chicago.

Chicago, Sept. 22.—John Marshall Hamilton, governor of Illinois from February 6, 1883, to January 30, 1885, died early Saturday morning at his residence, No. 4720 Madison avenue. His wife and children were at his side at the time. His death, which resulted from congestion of various organs of the body, was unexpected. Mr. Hamilton having considered himself on the road to recovery from an illness which came upon him early in July. Mr. Hamilton was 58 years old. In 1880 he was elected lieutenant governor, and when in February, 1883, Gov. Cullom was sent to the United States senate, Hamilton was duly inaugurated as governor of the state. In 1884, however, hearing that Oglesby was a candidate, he gave up his intention of attempting to be his own successor. In recent years Mr. Hamilton had practiced law in Chicago, and, for a brief time, in Phoenix, Ariz.

Assets Under the Hammer.

Milwaukee, Sept. 26.—A large portion of the remaining assets of the estate of Frank G. Bigelow, the defaulting bank president, were disposed of at public auction Monday to the highest bidder by the Wisconsin Trust company, trustee. The assets, which consist of stocks and bonds in mining and industrial companies, brought approximately about 30 per cent. of their appraised value. With about three-fourths of the list disposed of Monday approximately \$156,000 was realized.

Two Drowned.

Indianapolis, Ind., Sept. 26.—William H. Bonham, 19 years old, at present residing in this city, but whose father is the publisher of the Daily Pioneer of Deadwood, S. D., and Lucy D. Miles, aged 16 years, of this city, were drowned at Broad Ripple park, eight miles northeast of this city, while out canoeing. The boat upset and before assistance could be rendered both were beyond help.

CHINA PROTESTS.

Demands Removal of Troops and Early Evacuation of Manchuria.

Washington, Sept. 26.—China has protested formally to Japan and Russia against two provisions in the treaty signed at Portsmouth. Strong objection has been made to the slowness with which the evacuation of Manchuria will be carried out. Equally earnest opposition has been offered to the provision by which the two signatory governments authorize each other to maintain 15 soldiers as a guard along every kilometer of the railroad line in their respective possessions.

The Chinese protest is of considerable importance to the commerce of this country, and President Roosevelt may consider it expedient to support it. Under the treaty of Portsmouth the evacuation is to occur gradually and is to be finished within 18 months. In that time the Japanese and Russian influences will be entrenched so strongly in the portions of Manchuria occupied by their troops that it will be extremely difficult for American or other neutral traders to reestablish themselves there.

WORKING ON MESSAGE.

President Busily Engaged—Will Return to Washington in a Few Days.

Oyster Bay, N. Y., Sept. 25.—President Roosevelt will complete his summer sojourn at Sagamore Hill and return to Washington next Saturday. The president is devoting considerable time each day now to work on his annual message to congress. Three topics, highly important at this time to the American people, will be discussed by the president in his message. They are the federal regulation and supervision of life insurance, the relations between this country and Venezuela and America's interest in the fiscal affairs of Santo Domingo. Other important subjects naturally will be considered, among them the scandals disclosed in the departments of agriculture and the interior; the work of the department of justice in the beef trust cases; the regulation of railroad freight rates; the progress made in the construction of the Panama canal, and the conclusion of peace between Russia and Japan.

Suffering in Italy.

Rome, Sept. 22.—The autumn rains have begun in Calabria, the scene of the recent earthquakes, adding new miseries to the already long list caused by typhoid, malaria, hunger and cold. The fields which until now have been used as camping grounds by the earthquake sufferers are rendered perfect death traps by the rains, causing fever and pneumonia. The suffering all over Calabria is intense.

Killed by a Train.

Winamac, Ind., Sept. 23.—Fast mail train No. 19 on the Pennsylvania lines, west-bound, late Friday afternoon struck a buggy, instantly killing Miss Minnie Enyart, 14 years old, and slightly injuring her sister, Miss Blanch Enyart. A house near the track obstructed their view and the train struck them squarely, killing the horse and smashing the buggy.

Readville, Mass., Sept. 23.—Audubon Boy equaled the world's record for pacing, held by Star Pointer, at the Readville trotting park Friday afternoon, traveling an exhibition mile in 1:59 3/4.

KEEP OUT OF JAIL.

Four Members of Packing Firm plead Guilty of Accepting Rebates—Fined \$25,000.

Chicago, Sept. 22.—Four officials of Schwarzschild & Sulzberger, the packing firm, Thursday pleaded guilty to indictments charging them with conspiracy to accept railroad rebates. The plea was entered before Judge J. O'Connell in the United States district court, by Attorney I. K. Boyesen, of counsel for the company. It was declared that unless at least one of the cases was immediately settled, the life of Samuel Weil, 65 years old, vice president of the company, one defendant, was in jeopardy. He is said to be a nervous wreck, and it was feared he would attempt to harm himself if allowed to continue to live under the stigma of an indictment.

This marked the first victory of the government in its prosecution of the packing companies in what are known as the "beef trust cases."

The four men who pleaded guilty, and the fines imposed upon them, are as follows:

Samuel Weil, vice president of the concern, living in New York; fined \$10,000. Beth S. Cubey, traffic manager, formerly indicted for interfering with government witnesses; fined \$5,000. Vance D. Skipworth, assistant traffic manager; fined \$5,000. Chess E. Todd, assistant traffic manager, fined \$5,000.

A certified check for \$25,000 was handed the clerk of the court, and the four defendants were released.

Weil and his business associates were indicted by the famous "beef" grand jury that returned indictments against the other packers, in addition to departmental heads in the packing houses.

WAR IS AVERTED.

Agreement Reached in Settlement of Dispute Between Norway and Sweden.

Stockholm, Sept. 26.—The text of the protocol signed at Karlstad Saturday by the Norwegian-Swedish delegates appointed to arrange the terms of the dissolution of the union of Norway and Sweden subject to the ratification of the riksdag and storting has been secured. The historic document, which will become a treaty when ratified by the two parliaments, consists of five main articles and 35 subclauses. The first article deals with arbitration; the second with the neutral zone and the demolition of the fortifications; the third with reindeer pastures, etc.; the fourth with intertraffic, and the fifth with common waterways. The agreement provides for the compulsory arbitration before the Hague court of all disputes except matters of vital interest for the period of a decade with extensions for other periods of ten years unless two years' previous notice is given of an intention to abrogate it. The treaty provides for a zone on either side of the frontier which shall forever be neutral and for the demolition of the fortresses within that zone with the exception of the old portions of the fortifications of Fredriksten, Gyldenloewe and Overbjerg, which may remain but which are not to be used as fortifications.

BOTH WERE KILLED.

Two Linemen Meet Death Near St. Paul in a Peculiar Manner.

St. Paul, Minn., Sept. 25.—Jesse Donahue, of Minneapolis, and Harry Ripson, of Cuba, Mo., members of a gang of telephone linemen constructing a line between St. Paul and Stillwater, were electrocuted Sunday. Ripson was at the top of a cable pole holding one end of a measuring tape, while Donahue, on the ground, held the other. The tape-line was of linen, but had running through it two slender wires. It came in contact with a heavily charged power cable and both men received the full force of the current, killing them instantly. Ripson fell from the top of the pole and his neck was broken.

BOMB KILLS FIVE.

Outrage Committed in Peking—Wu Ting Fang Among the Wounded.

Peking, Sept. 25.—At the Peking railway station Sunday, as a train carrying one of the four missions ordered abroad to study foreign political methods was leaving, a bomb was exploded inside a private car, killing four minor officials and wounding over 20 other persons. The perpetrator of the outrage, who was in the car, was blown to pieces. The wounded included Prince Tsai Tche, who heads the most important of the missions, and Wu Ting Fang, former minister to the United States, both of whom received slight injuries. The affair has created a profound sensation.

Named for Congress.

Norwich, Conn., Sept. 26.—Mayor Charles F. Thayer, of this city, was nominated for congress at the Third district democratic convention held here Monday. The election will be held October 22, to fill the vacancy caused by the resignation of Frank B. Brandegee, recently chosen United States senator to succeed the late Orville H. Platt. Edwin W. Higgins, of this city, is the republican nominee.

Grief Causes Suicide.

Durand, Mich., Sept. 26.—Totally discouraged over the death of her fiancé, Wesley Shepard, whose funeral she attended Sunday at Gaines, Mich., Bertha Kooner, aged 18, employed at the Junction hotel, died in her room Monday night, having taken a fatal dose of carbolic acid.

CORN CROP MATURING FINE

MOST OF THIS CEREAL ALREADY SAFE FROM FROST.

Temperature for Past Week Generally Favorable—Thrashing Interrupted by Rains.

Washington, Sept. 26.—The weather bureau in its weekly bulletin summarizes crop conditions as follows:

The temperature during the week ending September 25 was favorable throughout the country, being nearly everywhere above the normal. Rains caused some damage in portions of the Mississippi and upper Mississippi valleys, while a considerable part of the south Atlantic and gulf states is in need of rain. Damaging frosts occurred in the middle Rocky mountain regions and light frosts, with little or no injury, in portions of the lower lake region and interior of the middle Atlantic states.

Except in limited portions of the Missouri valley, corn has experienced a week of conditions highly favorable for maturing the crop, from 75 to 90 per cent. of which is now safe from frost, the remainder will require only about a week of favorable weather. In Nebraska considerable corn has been blown down by high winds, but this will only make harvesting more difficult, without reducing the yield. Some corn in shock in Missouri and Kansas has been damaged by moisture, due largely to rains of the previous week.

The thrashing of spring wheat in the Dakotas and Minnesota was interrupted by rains during the first half of the week, but shock thrashing and stacking are not yet finished. In the Dakotas the yield and quality are variable, and generally disappointing. Some injury to housed tobacco by moist weather is reported from portions of the middle Atlantic states and New England, but elsewhere the reports respecting this crop are favorable.

No improvement in the apple outlook is indicated, an inferior crop being reported from practically all the important apple producing states. A poor crop of potatoes is generally indicated. Except in the east gulf states where the soil is too dry for plowing, this work is unusually well advanced. Much seeding has been done, and early sown is coming up to good stands throughout the central valleys and middle Atlantic states.

TO RETIRE FEBRUARY 1.

Secretary of the Treasury Shaw Plans to Quit Cabinet Then and Begin Presidential Campaign.

Des Moines, Ia., Sept. 26.—Secretary of the Treasury Leslie M. Shaw will leave the cabinet February 1, 1906. He makes the definite announcement in a letter to the Polk County Republican club.

In his letter answering a request for a date for an address, Secretary Shaw

SECRETARY SHAW.

stated that he would be busy preparing for the coming session of congress, and will be unable to return to Iowa until February 1, upon which date he expected to retire from the cabinet. Shaw will then begin his presidential campaign among his friends.

Mr. Shaw entered the cabinet on the retirement of Secretary Gage, and when he retires he will have completed four years' service.

Children Must Keep Off Streets. Peoria, Ill., Sept. 26.—The board of health of Farmington, Ill., has issued a proclamation forbidding children the use of the streets day or night until an epidemic of diphtheria now raging at that place is checked. The proclamation is signed by Mayor Stearns, A. P. Rollo, president of the board of education, and two physicians. It provides a heavy fine for all children found on the streets, either on foot or in a vehicle. All cats in the village are ordered exterminated, and dogs must be tied up.

Auto Causes Fatal Accident.

Hammond, Ind., Sept. 26.—Asa Bullock, a prominent attorney of northern Indiana, is dead at his home in Hobart, and his daughter, Jessie Bullock, is seriously injured as the result of an automobile accident. While driving on a country road, near here, Monday afternoon the horse became frightened at a passing automobile, and plunged down a steep embankment. Bullock was extricated from beneath the horse and lived only a short time. The girl's body was badly crushed.

Heavy Fire Loss.

Spokane, Wash., Sept. 26.—A disastrous fire broke out in the heart of the wholesale and shipping section of the city early Tuesday morning, which completely gutted three brick buildings. The total fire loss will approximate \$200,000.

Fair Best Ever. Benefits Every body. Boost It

The weather certainly has a great deal to do with the Holland fair. Fair weather means a great deal but there is something that should mean more than the weather. What is this something? It is hard to describe it, but roughly speaking it is "public obligations."

Not many stop to think that the public is under obligations to make the fair a success; but the public is obligated in a thousand different ways.

Do you work in shop or factory every day? If so you should be interested in the fair on the broad theory that the fair helps the general public, and that what helps the general public helps you.

But it is not to you that the fair appeals with greatest force. It appeals strongly to the farming community, for it means improvement of farming conditions. It means that the exchanging of confidences and the comparing of notes with friends and neighbors, the practical education and the education brought about by observation, the competition and the rivalry engendered, will improve your live stock, your fruit, your vegetables, your everything that enters into your life as a tiller of the soil. When you see what your neighbor is doing in the line of excelling you, it is an incentive that "thou shalt do and likewise." Thus are you benefitted. But you are also indirectly benefitted in that the mere fact that there is a big fair in your locality in which you can take part, and which serves to distinguish your community from the ordinary, adds to the importance of your community—and anything that adds to the importance of your community, adds to the value of your land.

Strongly, however, as the fair appeals to the farmer, still stronger does it appeal to the business men of Holland. Business men, you need not think that just because during the week the fair is held your sugar sales, your clothes sales, your dress goods sales, your harness sales, your meat sales, your drug sales, your hardware sales, your notion sales or your furniture sales, do not increase alarmingly, that therefore the fair does not benefit you.

Why, it benefits you inestimably. It gets people in the habit of coming to Holland; it increases your yearly sales; it puts the city on the right level; it saves the city from drifting into the ranks of the hasbeens; it proves that Holland has a right to a place on the map; it proves the foregoing and 995 other things and still some of you don't raise a hand when it comes to trying to make the fair a success. On the contrary you raise your voice in a discouraging sort of way and say the fair is all right but—

Of course it is all right. It is far in advance of most of the county fairs. But it would be much better if all would put a shoulder to the wheel and boost instead of buck. Boost then everybody, and make the fair next week the best ever.

It will be the best anyway. So get in the band wagon.

Sheriffs Force To Force Ob-servance Of Truancy Law

Sheriff Woodbury has appointed Deputy Sheriff Salisbury as county truant officer and he is preparing to get on the trail of both the children who do not go to school and the parents who do not send the children.

The state law in effect this year provides that all children between the ages of 7 and 15 years inclusive, shall attend the public schools during the entire school year for the number of years designated by the law. The law, however, exempts children who are attending parochial or private schools, providing the standard of studies is equal to that followed from the first to the eighth grade in the public school. It does not include children who are physically unfit to attend school, neither does it compel any child over fourteen years of age to attend school, whose services are essential to the support of a family. Children under nine years who live a distance of two and a half miles from the nearest school house will not be compelled to attend unless transportation has been provided.

According to the law, taken briefly, the teachers will be fur-

nished with a school census list by the county school commissioner. From this list the teacher will check the names of the pupils and report those who are not in attendance from the district to the county truant officer.

The truant officer then begins his investigations, which he concludes by sending a written notice to the parent or guardian of the absent pupil. Should the parent or guardian not comply with the officer's notice and the pupil still remain away from school, the officer will begin more serious proceedings.

Disregard for the truant law on the part of the parent or guardians, will be regarded as a misdemeanor and they may be brought to trial, and if they are convicted they are liable to a fine of from \$5 to \$50 or from two to ninety days in the county or city jail. Both fine and sentence may be imposed at the discretion of the court.

Mayor Vetoes Measure Calling For Laying Of Track On Sixth Street

Mayor Geerlings has filed with city clerk his veto of the measure passed by the council at its meeting last week calling for the laying of a sidewalk on West Sixth street between Central and College avenues. The veto, which is self-explanatory, reads as follows:

"Every citizen in the community has certain rights and infringement on those rights is wrong. Property owners in that street are opposed to this track. They have built their homes on said street and the sidewalk would materially depreciate the value of their property."

"I question very much if any of you had a residence on the street if you would favor this move. To be fair in this matter the city should purchase the property which would be affected by this track and then no fault could be found with the laying of the track. I am still of the opinion that there is a better way."

Ready For Holland's Greatest Fair

Now for the big fair. The race track is in shape, the finishing touches have been given the buildings, the last details have been arranged and the gates will open Tuesday on the greatest exhibition of this nature ever given in Holland.

Indications point to the largest display of the fair's history. Entries for everything imaginable are pouring in fast and the art hall, the pomological hall, the floral hall and the agricultural hall will be crowded with all that is best from the home, the work shop, and the farm. The stock exhibit will be unusually good as competition is keen among the horse men and the cattle men.

Up to last Friday Con DePree had received entries enough to insure the largest field of horses that ever faced the flag on the Holland track. And now comes the news that on last Friday he completed arrangements to have two car loads of horses come over from the Lake Odessa fair, which will be held this week. The races take, and Holland will have the banner ones next week. E. Adams, the well known starter, has been secured to handle the flag.

The young ladies bareback horseback ride is attracting considerable attention. Two of the contestants, the Misses Van den Belt, hail from Filmore, and are noted the country round for their skill as horsewomen. They will give a race that will be worth going miles to see.

FREE ATTRACTIONS

One of the free attractions will be Aumann, known in showdom as the world's greatest novelty athlete. He is with Pilmores Street Carnival company at present, but has obtained a weeks lay off to come to Holland. Aumann furnishes sensational amusement. Balanced on a slack wire and with eyes blindfolded he punches three punching bags at one time. Then balanced on his knees on the wire he punches two bags attached to the floor. He does other spectacular stunts on the slack wire and with the punching bags including some juggling feats and also does a straight punching bag act.

Lander, the noted juggler, will appear in his fancy juggling in which he does feats rivaling those of the best artists in the business. He is a baton and gun twirling expert and juggles with everything from shot-guns to lamps.

TENT SHOWS

There will be tent shows galore. The Laughing Gallery which has been at Reeds Lake all summer will be one of them. This Laughing Gallery with the aid of mirrors produces the most ludicrous effects. It is a crowd winner every time.

The Moonshiners showing this week in Windsor, Canada, will be here. In this show is depicted the stirring drama of illicit distillers of the Kentucky back woods. It is a thrilling tragedy and has scored a big hit. Besides the border tragedy

illustrated songs will be given, and music will be furnished by the Zila-phone and the chimes.

Another tent show portrays plantation scenes of the old south. Old southern melodies will be sung and buck and wing and fancy dances will be given.

This is not all. There are two other tent shows whose managers are figuring with the secretary and they or others will be secured.

OTHER THINGS TO PASS THE TIME

More than the usual contingent of doll racks, cane racks, shooting galleries, striking machines, novelty games and other concessions will be on the grounds and there will be fun every minute.

The merry-go round will be near the art hall instead of near the grandstand as in previous years.

Peter T. McCarthy, proprietor of the Olympia Pavilion, will bring some of his picture machines and all of his punching bag machines and will have them under a big tent.

IMPLEMENT EXHIBIT

Farming implements and farming machinery will be shown under new and better conditions than heretofore. Power to run machines of every description will be furnished by engines. Some of the exhibitors will bring their own and others will use engines contributed by B. Van Raalte for use during the fair. There will be a whizz and a buzz every minute of the day.

Plans For River Street Paving

Mayor Geerlings, Aldermen Kerkhof, Stephan, and Member of Board of Public Works R. H. Habermann, the members of the special committee appointed to arrange preliminaries for the paving of River street at a recent meeting decided that it would be advisable to pave from Fifth to Thirteenth streets, and probably as far north as Fourth street. It is the intention to pave the full width as far as Tenth street and to leave room for an eight-foot curb on the Centennial Park side of the street from Tenth to Thirteenth streets. On the West side of River from Eleventh to Thirteenth room for an 8-foot curb will be left on account of new city hall. This will leave a 34-foot street from Eleventh to 13th. The remainder of the distance will be the full width of street.

Those who wish to make sewer or water connections should do so this fall. If they do not do it this fall no chance will be given for five years. Property owners should heed this precaution.

Hotel Holland Under New Management

A. L. Burke and H. A. Beach of Jamestown, New York, have purchased of Martin Howard and Jay H. Wilbraham the furniture and the lease of Hotel Holland and Sunday morning at breakfast they took possession of the hotel.

The new proprietors have had ample experience in the hotel business and will continue the practice of running the hotel in a first class and up-to-date manner.

J. A. Wilbraham, the retiring manager, will continue in the hotel business, and will be in charge of other properties of this nature acquired by Mr. Howard. During the time he was here he was alive to the possibilities of the hotel's interests and contemplated making necessary improvements. For instance, he realized that more rooms were needed in the hotel. Also he realized not only that Holland needed an opera house, but that an opera house would be a paying investment. Realizing both these things he planned that both conditions should be met and was not content until plans were completed for the building of 35 rooms and for the building of an opera house in connection with the same plans. These plans just reached maturity when the deal was made; whereby Messrs. Burke & Beach took possession. It is only justice to say that the new proprietors feel as keenly as does Mr. Wilbraham the need of more rooms and the desirability of a new opera house and that they took those matters into consideration when the deal was under way. They are alive to the situation and are in favor of making the desired improvements. They are considering the opera house project and it is thought that the plans inaugurated by Messrs. Howard and Wilbraham will be followed. That the new proprietors are fully able to cope with the situation goes without saying. They are experienced in the business and understand the requirements of a successful business, and in addition they have the inclination and the wherewith to attain success. They are desirable acquisitions to the business world of the city and their presence undoubtedly will add to its development.

Since Messrs. Howard and Wilbraham acquired possession of the hotel about 4 months ago many changes

have been made. The office has been re-arranged and re-furnished; bath tubs have been put in a number of the rooms; and improvements aggregating nearly \$1,500 have been made.

Mr. Burke and his wife will live at the hotel. Mr. Beach will rent or purchase a house and will live there instead of at the hotel.

Governor Warner Visits Holland. Reception In His Honor

Governor Fred M. Warner was the guest of honor last Friday night at a reception given by Attorney and Mrs. G. J. Diekema at their home on Twelfth street. Over one hundred and fifty guests attended the function which was a brilliant affair. The rooms were beautifully decorated, while the lawn was illuminated brightly.

Mr. and Mrs. Diekema, Governor Warner, Senator Doherty of Clare, Dennis E. Alward of Clare, and Charles H. Chapman, of Sault Ste. Marie, State Game Warden, were in the receiving line. Breyman's orchestra furnished music. The Misses Marguerite Diekema and Grace Browning presided at the punch bowl.

Governor Warner arrived in the city Thursday night and was the guest of Hon. and Mrs. G. J. Diekema. He had a most enjoyable time here. Friday afternoon a trip to Saugatuck was taken and an excursion up the Kalamazoo river was made on the steamer Gladys and the time was spent very pleasantly. On the return trip a short stay was made at Macatawa and the governor declared that he was delighted with the days outing. Among those who took the trip to Saugatuck in the afternoon were Geo. W. Browning, W. H. Wing, C. Floyd, J. Busby, G. Van Hess, J. B. Mulder, E. B. Standard, Prof. G. J. Kollen, Prof. J. H. Kleinheksel, Prot. H. Boers, G. J. Diekema, Geo. E. Kollen, C. C. Wheeler, D. B. K. VanRaalte, Jacob Lokker, E. P. Stephan, W. Garrod, D. B. Keppel, A. J. Ward, P. H. McBride, G. VanSchelven.

From this city the governor went to Coopersville.

Relatives Alarmed Over Mysterious Disappearance Of Jack Gorman

Jack Gorman, a sole leather cutter employed at the Guthman, Carpenter & Telling Shoe company since last February, mysteriously disappeared Wednesday evening August 16 and his disappearance has just come to the notice of his friends and relatives in Chicago, who are greatly alarmed.

About August 12, Gorman's shop-mates noticed that he began to act peculiarly. He appeared to be slightly deranged due to nervousness apparently. August 14 he quit the factory and was around town a couple of days. Gerrit Houting, West Ninth street, one of his shopmates, saw him Wednesday morning, August 16, and Fred Charter saw him the same night about the time the Chicago boat went out and he asked Fred the way to the Chicago boat. He appeared to be lost.

That was the last time any one here saw him, but his friends were not concerned as they thought he had gone to his home in Chicago. Relatives and friends in Chicago thought he was here. Last Wednesday two of his friends came over on the Chicago boat and went to the shoe factory to ask him to go to the Grand Rapids fair with them. They were astonished when Gerrit Houting told them Jack was not there, but had gone to Chicago.

On their return to Chicago they learned that Jack was not there nor had not been there for some months, and now they are trying to locate him. They fear, either that he has met with foul play or has met with accidental death owing to his deranged condition.

George Peters, a friend of Jack's, and now working at the shoe factory received a letter Monday from Fred Wilson asking for information. Mr. Houting received a postal from Mrs. David Heelan, Jack's sister saying that they had no trace of her brother in Chicago and asking for information.

Gorman was well liked by his fellow employees and they are worried over his mysterious disappearance.

The committee appointed to ascertain the advisability of making Friday Holland Day at the fair has met with great success and it is thought that the business and factory portion of the city will rest from their labors Friday as well as Thursday in order to give all employees a chance to take in the fair. Seeing that Friday will be as big a day as Thursday and that the biggest race the free-for-all trot or pace will be given that day it is thought that it will be easy for all concerned to see their way clear to the closing of stores and shops.

There will be a Queen of the Holland Fair. By popular vote of all who wish to exercise the right of suffrage the lady will be chosen. To the lady who gets the majority of the votes, thus proving that she is the most popular in Holland, a diamond ring will be presented. The one receiving the second highest number will receive a chain and locket; and the third in the list will receive a pretty marquise ring.

The balloting is being conducted under the auspices of the fair officials, who have secured Messrs. Ben Williams and Chas. Morgan, both of Chicago, to look after the affair. The balloting will close Thursday night, October 5, at nine o'clock and the person having the highest number of votes then will be declared queen. On Friday afternoon the queen will be taken to the fair grounds in a carriage of state and in front of the grand stand will be presented with the diamond ring. The winners of the second and of the third prize will also be taken to the grounds in a carriage and given their presents at the same time and place the presentation is made to the queen.

Votes are sold for five cents each and any person may cast as many ballots as desired. Since last Monday evening at 6 o'clock the balloting has been in progress and lively interest is being shown. Some were so eager to vote for their favorites that there was money at the booths before the ballots were ready. Polling places are at the stores of A. B. Bosman, Con De Pree, Lokker & Rutgers, VanDyke & Sprietsma, W. H. Hardie, L. Fris, Martins, J. A. VanderVeen, and E. B. Standard, and any person wishing to cast a ballot for their choice may purchase ballots there and put them in the polling boxes.

The votes will be counted by Mayor Geerlings, Charles A. Floyd and John B. Mulder.

The standing of contestants at 10 o'clock this morning appears above.

The monthly meeting of Mrs. Van Ark's Sunday school class of the Third Reformed church was held Tuesday night at the home of Miss Grace Astra, Ninth street. The members present beside the hostess, were: Grace Nibbelink, Mamie Van Lente, Kate Palmer, Jennie Van den Berg, Eva St. Clair, Johanna Boda and Jessie Vick. There were present also a number of visitors. Refreshments were served, followed by music and games and a very pleasant evening was enjoyed by all.

Here is some before and after advice. You will find it in Jas. A. Brouwer's advertisement. The sum and substance of it all is that before and after the fair it will be money in your pocket to go to Brouwer's for furniture, carpets, desks, tables, bed room suits, etc. The fair association gives \$1,200 in purses for races. Mr. Brouwer gives you fair, courteous treatment and bargains that mean a favor to your pocket book. Call at the big River street store and be convinced.

Some words and phrases become household words, because of the sentiment they represent. There is one word that is becoming the most familiar of all, wherever ladies and gentlemen use fancy stationary. Every magazine tells you about its qualities. Every user extols its virtues. It is "Autocrat." Call at Vanderploeg's and get it.

Visitors to the Fair should not fail to visit the dry goods store of John Vandersluys as his store is loaded with new fall goods of every description. Lots of good bargains for every one. Be sure and visit his cloak department.

Gov. LaFollette Will Open Lecture Course.

The management of the Hope College Lecture course has been fortunate in arranging a series of entertainments more expensive and more excellent than even last years attractions which were so appreciatively received by the patrons of the course. This year there will be eight numbers. Each number will be strictly new to Holland audiences and is the best talent of it's kind on the American platform today. The management will remain in the hands of Prof. Nykerk and the patrons can rest assured that the course will maintain its high standard of excellence.

Robert M. LaFollette, the gifted and eloquent Governor of Wisconsin will open the course October 17. Surely the Governor needs no introduction to an American audience. He is the type of the live, the aggressive and persistent man whom it is pleasure to see rapidly rising to the top in American politics whose record has shown him to be a champion of pure politics and an enemy of graft.

An illustrated lecture by Prof. Herbert G. Keppel, Ph. D. of the Northwestern University will be the next number on the course. The Professor has lectured in Chicago, Rochester and New York with great success; his lecture and illustrations represent his personal experiences when abroad.

December 6 Isabel Garghill Beecher, the well known reader and impersonator will appear. Mrs. Beecher has no superior on the platform today. She has a genius alike for the interpretation of the liveliest humor and deepest pathos.

Emphyrean entertainers will present a novel and pleasing program on Jan. 18. The company consists of Jeannette Kling, the well known reader and monologist, Marie Ludwig, harpist and pianist and William Wellington Morton basso and violinist. These artists promise a beautiful and popular combination.

February 26 Dewitt Miller will appear. He is a master of wit, humor and pathos and one of the most popular lecturers on the platform.

The Jackson Sammis company will visit Holland March 2. This is a \$400 attraction and will be a rare treat for music lovers. Leonora Jackson is too well known in Holland to need an introduction. After three years of study in Europe she returned to America this fall for her third trans-continental tour. Such is her power and her marvelous mastery of the violin that she has taken Europe and America by storm; often appearing with Paderewski and other celebrities. Another member of the company is the famous Prima Donna Soprano Sibyl Sammis who is the possessor of a highly cultivated voice of wide range and power. Miss Sammis won her laurels at the Madison Square Garden New York City, and at one bound she became an operatic favorite. The other members of the company are Alexander McFadyen, pianist and Charles E. Clarke the well known Canadian baritone.

March 14, Dr. Driver will appear. He is undoubtedly the first pulpit orator in Chicago today. The vast audiences that throng McVickers theater every Sunday morning testify to this fact.

An extra number will be given under the auspices of the Hope College Music Dept. when the Rev. Benjamin Dickhout will deliver a course

of two or three lectures on the "History of Sacred Music." This series of lectures will be free to those holding course tickets.

Season tickets will sell at \$3.00, \$2.50 and \$2.00. Seats will be reserved in the same satisfactory manner as last year there being one line for business men and one for students.

The ticket sale will be in charge of Benj. Judson Kolyn and A. J. VanHouten.

Prosecuting Attorney Pagel-son Weds

Dan F. Pagelson, prosecuting attorney of Ottawa county, was wedded in St. John's Episcopal church at Grand Haven yesterday afternoon to Mrs. Nancy M. Rouser, widow of the late William Houser, secretary of the St. Louis Globe Democrat Publishing company, St. Louis. Arch-Deacon Dodson of Grand Rapids officiated. The wedding was private, intimate friends of the bridal couple not knowing of the nuptials until several hours had elapsed.

Mr. Pagelson is also a resident consul for the Scandinavian government and during the agitation for a separation of Norway and Sweden his duties have been of a technical character, but he has disposed of all questions satisfactory to the resident subjects of both countries.

"The Mayor Has Not Got Wheels"

Mayor Geerlings has no wheels. He had two, one on each end of his bicycle, until last evening at 5 o'clock when somebody stole his bicycle. It was standing in front of John Nies's hardware store and was stolen while the mayor went inside to see the alderman.

It is a Cleveland wheel.

Championship Base Ball at Holland Fair Friday, Oct. 6

A championship game of base ball will be played at the Holland fair grounds Friday afternoon, October 6. The Holland Juniors, who by their snappy, consistent playing have won the title of champions of Holland have issued challenges to Zeeland, Douglas and Fennville for a game at the fair. It is expected that Zeeland will take up the gauntlet, but if they do not Douglas will be certain to do so. There will be a game upon that day you can bet, and it will be a hummer. Here is the line up of the Holland team: Van Lente, 1 f; Scheerhorn, 1 b; Lievensse, 2 b; Fik, catcher; Woldering or Becker, pitcher; Westerhof, 3 b; Beekman, s s; Frank Van Ry, c f; Kameraad, r f; Ben Wagen and Will Osegnac, substitutes.

Captain Damsen and Manager Sprietama of the Independent Foot Ball team are strengthening the team in anticipation of the bruising contests this fall and the outlook is hopeful for a winner. The back field has been changed, Bosman has taken a halves position and Reigaud will go back on the line. Kanters, Damsen and Dyke will fill the other positions on the backfield. "Fritz" Pfansiehl will coach. With this assistance and the boy's earnest practice it is sure a winning team will be developed.

Bulletins will be issued every day announcing the standing of the Queen Contest of the Holland Fair. The standings will also appear in The Grand Rapids Herald.

Are you going to the fair. If so then make Du Mez Bros. store your headquarters. Their store will be open every day during the fair and you can have your wraps and things in their care and call for it before six o'clock, when stores close. At the same time you will have a fine opportunity to inspect their large new stocks of cloaks, dress goods and furs, the largest assortment in the city.

It is rumored that John Fox whose case comes up in the supreme court next month has left the city, and nothing has been heard from him for the past two days.

CALLS ON McCALL FOR EXPLANATION

ATTORNEY HUGHES CLOSELY QUESTIONS PRESIDENT OF NEW YORK LIFE.

Witness Tells Why Contributions Were Made to Campaign Funds, and Takes Shot at Judge Parker—The Latter Enters Denial.

New York, Sept. 21.—That \$235,000 has been paid by the New York Life Insurance company to Andrew A. Hamilton, of Albany; that no accounting for this money has been made, except to President McCall verbally, and that Hamilton attends sessions of the legislature at Albany in the interest of the New York Life Insurance company, was brought out Wednesday by testimony given by Mr. McCall before the legislative insurance investigating committee. Mr. McCall said that the various sums making up the \$235,000 paid to Hamilton had been given him in connection with different real estate deals, but Mr. Hughes, after considerable questioning, developed the fact that none of the money had been actually applied to such deals. Mr. McCall denied that he gave Mr. Hamilton money to influence any member of the legislature, or that he advised any such course.

Money to Support Gold Standard. On the subject of the New York Life Insurance company's campaign contributions in recent presidential years, Mr. McCall said they were given for the purpose of defeating the silver platform, and for the support of the gold standard, rather than of the republican party.

As to the contribution to the republican campaign fund in 1904, Mr. McCall said he did not care how many of the policyholders agreed with his action. He made the contribution honestly believing it was justified, and for the interest of the policyholders.

Takes Shot at Parker. The climax was reached when Mr. McCall declared that the soliciting of funds for campaign purposes was not confined to the republican party in the campaign of 1904 and announced:

"My life was made weary by the democratic candidates chasing me for money in that campaign. Some of the very men who to-day are being interviewed in the papers and denouncing men who contribute to campaigns were crossing my path every step I took, looking for money. One, the candidate himself, Parker, if he would show up his books when he was chairman of the democratic state committee, it would give you a fit. He never rejected a dollar in the world. He would take every dollar that was paid to him."

Judge Parker was chairman of the democratic state executive committee in 1885.

Parker Enters Denial.

Judge Alton B. Parker, democratic candidate for president in 1904, Wednesday night gave out a statement concerning President McCall's testimony relative to the soliciting of funds from the New York Life Insurance company by democrats in 1904. The statement follows:

"My attention has been called to certain testimony said to have been given by Mr. John A. McCall, while a witness before the insurance investigating committee, in reply to Mr. Hughes' question whether he thought 'that in 1904 the interests of the policyholders were so seriously endangered that the company ought to contribute.' It is evident that Mr. McCall was laboring under great excitement in making his reply. It is very incoherent. But if his answer is intended to convey the impression that in the campaign of 1904 I, either directly or indirectly, solicited from him or his corporation, or any other corporation, any money or valuable thing, his statement is absolutely false. On the contrary, I repeat now what I said before the election, that I expressly notified the chairman of the executive committee of the national committee that no money should be received from corporations."

McCall Explains.

John A. McCall, president of the New York Life Insurance company, referring to his testimony before the legislative committee in relation to contributions to the democratic party, said Wednesday night: "The meaning I intended to convey when I mentioned Judge Parker was this: Judge Parker, when a candidate for the presidency last year, did not personally ask me for campaign funds, but friends of his did so repeatedly. Judge Parker, as chairman of the state democratic committee several years ago, did, however, accept proffered contributions to the campaign fund."

Hamilton Denies It.

New York, Sept. 23.—A cable dispatch from Andrew Hamilton, of Albany, who is in France, to the effect that the \$100,000 received by him from the New York Life Insurance company, in March, 1904, was not for influencing state legislation, was received here. Mr. Hamilton reached Biarritz Thursday, after completing an automobile tour through the south of France. He was met at Biarritz by a telegraphic inquiry relative to the \$100,000 check made out to him by the New York Life Insurance company in March, 1904, to which he replied by wire as follows: "You can deny for me that the check for \$100,000 to me from the New York Life, in March, 1904, was, as asserted in New York for purposes of influencing state legislation or that it was so used."

Will Meet in Peoria. Indianapolis, Ind., Sept. 23.—Peoria, Ill., has been selected as the meeting place of the National Rural Mail Carriers in 1906.

A Way Open

Many a Holland Reader Knows It Well.

There is a way open to convince the greatest skeptic. Scores of Holland people have made it possible. The public statement of their experience is proof of the like of which has never been produced before in Holland. Read this case of it given by a citizen:

Mrs. B. Volmarei, of 85 West 13th street, says: "My kidneys bothered me for years until the dull aching pains through my loins became almost constant. I easily tired and became stiff from sitting or lying in one position for any length of time and I rose in the morning feeling thoroughly unrested and devoid of energy. Often I could hardly stand up straight and I walked about in a stooped position. There was also a stiffness and numbness in my limbs. I had seen Doan's Kidney Pills highly recommended and I got a box at J. O. Doesburg's drug store and commenced the use. The result was most gratifying, and in spite of my advanced age, I soon began to feel better. Aside from the natural stiffness of joints in a person of my age, I feel splendid."

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo New York, sole agents for the United States. Remember the name Doan's and take no other.

When doctors fail, try Burdock Blood Bitters. Cures dyspepsia, constipation; invigorates the whole system.

Takes the burn out; heals the wound; cures the pain. Dr. Thomas' Electric Oil, the household remedy.

It's folly to suffer from that horrible plague of the night, itching piles. Doan's Ointment cures, quickly and permanently. At any drug store, 50 cents.

One of nature's remedies; cannot harm the weakest constitution; never fails to cure summer complaints of young or old. Dr. Fowler's Extract of Wild Strawberry.

Lost: In this city. 1/2 carat diamond ring, band broken at bottom, diamond and setting intact. Liberal reward to finder. Leave at office of Holland City News.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." W. C. Walsh druggist, sells and guarantees them, at 50c a bottle.

Drugged, Robbed, Injured for Life

Nothing more truthful can be said of one afflicted with Piles who is induced to buy and use any pile medicine, (relieve of dark ages) containing opium or other narcotic poisons, ergot, lead or mercury.—E. W. Lloyd, Ph. G. and druggist, Denver, Colo.

Dr. L. Griffin: I know you are right in all you assert in your pamphlet relative to the prevailing treatment of piles with ergot, lead, cocaine, mercury or any narcotic poison. Yours, etc. A. W. Wilson, M. D., 128 West Madison St. Chicago. Prof. Wilson is one of the faculty and a trustee of the leading medical college of Chicago.

"Any well informed druggist who deals honestly with the public will say that ALL of the old pile medicines contain narcotic poisons, ergot, lead or mercury.—E. W. Lloyd, Ph. G. and druggist, Denver, Colo."

GIRL WANTED—123 East Tenth street. Sundays free.

Is booming!

The dairy business cannot be learned in one day, one month or one year, even if one does read all he can about the business. Reading about the dairy and running the dairy are two different things. There are things we must practice before we will learn them. Milking is one of the things; we become expert only by practice. One who can start and milk a steady gait will have better results than the one that milks fast, then slow, then fast again. We must learn to milk a steady gait and as fast as it is possible for us to keep it up till the cow is milked dry. Feeding is another thing we must experience before we can feed successfully. What each cow wants and the quantity she wants we must learn by actual practice.

It is almost impossible to buy a No. 1 dairy cow. She is seldom if ever for sale, and if she is for sale a friend or neighbor will get her. We cannot tell the value of a dairy cow until we have milked her through one period of lactation and used the scales and tester in determining the quantity and quality of her milk. She may have a perfect shaped body and udder and yet be defective in some way. She may have the self milking habit, be a kicker, a breachy cow or hold her milk and not let it come down as she should or some other habit that would make her an unprofitable cow. The safest way is to raise the dairy herd by careful selection of dam and sire, and using only the very best milk strain to be had.—From Address by A. H. Harris Before Nebraska Dairymen.

Object of Pure Breeds.

The highest object of pure breeds is to improve the common stock. The faster it can be done the greater the benefit. The dairy tests disclose to the practical dairymen the best blood for their use. The show ring only indicates where typical members of the breed, not necessarily those of greatest dairy capacity, can be found. But when people go into the dairy business for the sake of profits, and not for the sake of simply going into dairying, then there is no longer an alternative. You have but one course to follow. You must have a specialized dairy animal and accord her that treatment which is part of and inseparable from her make-up. You must feed her liberally of suitable feeds, give her kind and generous treatment, place her in warm, well ventilated stables and never expose her to any conditions that would excite or discomfort the animal.—John Mitchells in Michigan Farmer.

MARVELOUS FRUIT GROWER

Work of Plant Breeder Who Has Been Experimenting for Thirty-Five Years.

In the Country Calendar W. S. Harwood gives the following summary of the work of the marvelous California plant breeder:

"For 35 years Mr. Burbank has been at work creating new forms of plant life and improving old ones. In that time he has created by breeding and selection more than 2,500 distinct species of plants.

"Some of his 'creations' are:

"The primus berry, a fruit unknown before, made by the union of a blackberry and a raspberry, which union scientific men said was impossible.

"The white blackberry, very beautiful, with a delicate flavor.

"The 'phenomenal berry,' a similar creation, a cross between a raspberry and a California dewberry, having the color of a raspberry and the shape of a blackberry, but larger than either, far more productive and with a flavor surpassing both.

"The plumcot (result of the union of the apricot and the plum), of rare flavor and richness, again disproving the dictum of the scientists.

"A plum with no pit and one with the flavor of the Bartlett pear.

"A walnut first so thin of shell that the birds could peck through it, afterward bred backward along the path it had come until a shell of the required thickness was secured.

"He has produced a new thornless cactus, a combination of many other varieties, which bears a fruit, too, for man and beast, and which will redeem the desert places of the earth; he has done all these, and many other marvelous things."

What the World Owe to Doctors.

It would be commonplace to point out the advances made in both medicine and surgery during the last half century, for in that time medicine has come to be a real science and surgery both an art and a science. Sanitation, hygiene, the broad principles which underlie the health of communities and states, are now well understood and the individual is made safe because the public may be thoroughly safeguarded against pestilence of any kind. The doctors have conquered smallpox, diphtheria, yellow fever, the bubonic plague and all but one of the dreadful scourges that devastated the homes of our fathers, and they seem now on the right track in the systematic, relentless, intelligent and heroic war they are waging against tuberculosis. Typhoid fever, pneumonia, and scarlet fever are robbed of much of their terrors, for where either was once likely to prove fatal now they are very likely not to. Who, then, has done so much for his fellow man as the doctor? Who else has lived for him so self-sacrificingly and died for him so uncompromisingly?—Portland Oregonian.

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, ovarian troubles, ulceration, falling and displacements of the womb, leucorrhoea, or perhaps irregularity or suppression of "monthly periods," causing backache, nervousness, irritability and lassitude.

Women who stand on their feet all day are more susceptible to these troubles than others.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Miss F. Orser of 14 Warrenton Street, Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

MOVE TO CHANGE INAUGURATION DAY

PLANNED TO SUBMIT QUESTION TO A VOTE OF THE PEOPLE.

CONGRESS TO RECEIVE A JOINT RESOLUTION

Life-Saving the Motive—Date in April or May When Weather Is Less Cold and Stormy Proposed—Obstacles to Be Overcome.

Washington, Sept. 26.—Immediately after the assembling of the Fifty-ninth congress a joint resolution will be introduced in house and senate providing for the submission to the people of an amendment to the constitution which will fix a later day than March 4 for the inauguration of the president of the United States.

Inauguration day almost invariably is cold or stormy, or both, and the list of deaths due to colds contracted on that day is nothing short of appalling. As a rule, the public hears only of the deaths of prominent men, but the records show that many people in the humbler walks die as the result of exposure March 4.

National Move for Change.

There is a national movement for the change in the day when the president takes office. It has been gathering momentum for months, and November 8 a committee of prominent men will meet in Washington to give the movement life, and prepare the form of the joint resolution on the matter to be submitted to congress at the opening of the session.

The chairman of the committee is Henry B. F. McFarland, of the District of Columbia, and there are 15 other members who make their homes in Washington, including Former Secretary of State John W. Foster, Admiral Dewey and Justice Harlan. The governors of 39 states also have membership in the committee, and it is believed that many of them will attend the November meeting in this city.

Preservation of health and life is virtually the only reason assigned for the proposed change. President Roosevelt was inducted into office on one of the fairest days ever granted for the ceremony, but the deaths of Senator Bate, of Tennessee; Senator Aspiroz, ambassador from Mexico, and Judge Weldon, of the court of claims, were traced directly to exposure during the outdoor ceremonies on that day.

Obstacles in Congress.

The almost inseparable connection between the inauguration and the close of congress creates the most perplexing obstacle to the proposed change in the date of the ceremony. It is said by some persons claiming authority that the two events need not necessarily be simultaneous. Others say that the date of the ending of a congress must be changed to coincide with any new inauguration date which may be set.

There is a divergence of opinion about the matter of the new date to be selected. If one is to be fixed by legislation. The last day of April is favored by some members of the committee, while others wish it to be the last Thursday in April, so that inauguration day never will fall on Sunday. April is a showery month in Washington, and the members of the committee who wish fair weather to be assured desire that the date be set forward well into the month of May.

Nearly every governor in the country has written a letter to Committee Chairman McFarland expressing sympathy with the movement for a change.

MISSOURI MURDER MYSTERY

Mutilated Remains of a Young Man Found in a Corn Field Near Paris.

Paris, Mo., Sept. 26.—The mutilated body of a young man, who had probably been dead for several weeks, was found Monday, in a corn field, six miles west of here, and nine knife wounds indicated murder. The body had been mutilated by hogs. A card on which was written "Concordia, Ill.," was found in the torn clothing, and is the only clue that may lead to identification. Measurements taken by the coroner indicate the young man was about 20 years old. The case is one of the most mysterious tragedies enacted in Monroe county in many years.

Train Derailed.
St. Louis, Sept. 26.—The general offices of the St. Louis & San Francisco railroad received a message Tuesday that the fast east-bound passenger train, known as the Meteor, was derailed near Claremore, I. T., Monday night, but nobody was hurt beyond a shaking up. The engine, tender, mail car, baggage car and two chair cars left the track, while running at 40 miles, but they remained upright.

Two More Victims.
New York, Sept. 26.—Two employees of the Spazio fireworks factory, in Brooklyn, which was blown up Monday, died Tuesday. This makes three dead out of the five persons who were working in the factory at the time of the explosion.

"Cranberry King" Dead.
Mt. Holly, N. J., Sept. 26.—Capt. Martin L. Haines, who was known as the "cranberry king" of New Jersey, died late Monday night at his home in Vincentown. He was a member of the bar and a civil war veteran.

A TRAGIC EVENT IN CIENFUEGOS

CLASH BETWEEN POLITICAL FACTIONS RESULTS IN FIGHT WITH FATAL RESULTS.

Villuendas, Leader of Liberal Party, Is Killed—Chief of Police and Three or Four Others Also Slain—Great Excitement Exists—Troops Sent.

Havana, Sept. 23.—Official dispatches received from Cienfuegos announce the killing of Congressman Enrique Villuendas, leader of the liberal party, and the most able orator in the lower house, and the chief of police of Cienfuegos, during a conflict between the two political parties, the liberals and moderates. The government advises say the police had information that within the hotel in which Villuendas resided a quantity of arms had been deposited, and they went to the hotel to investigate the matter. As the police ascended the stairs they were met by a party of liberals, who fired on them, killing Chief of Police Illance. The police returned the fire, killing Villuendas and wounding several others. A later dispatch says that besides Congressman Villuendas and Chief of Police Illance, two policemen were killed and a number of policemen and civilians wounded. Rural guards are around the entire block in which the Hotel Suizo, the scene of the affair, is situated. One telegram says that Villuendas fired the shot which killed the chief of police, while according to another telegram the shot was fired by Jose Fernandez, a liberal, who has been arrested.

Acting on the advice of Senator Frías, the government sent a train of five cars loaded with rural guards, the largest number of whom are destined for Cienfuegos, while the others will be distributed in Matanzas and Santa Clara, where advices received by the government indicate serious trouble may occur at any time. The train also carries artillery and the troops are supplied with 13,000 rounds of ammunition.

A Quiet Election.

Havana, Sept. 25.—Cuba has held her first election, the moderates have won a victory and the fears which have been expressed for several weeks that the day would be fraught with great disorder were not realized, though they seemed justified on the occurrence at Cienfuegos of the affair in which Representative Villuendas, Chief of Police Illance and four others were killed. The result of the primaries is that President Palma seems certain of reelection on December 1.

BANK FAILS.

Institution in Kansas City Goes into Voluntary Liquidation—The Cause.

Kansas City, Mo., Sept. 26.—The Kansas City state bank, Wiley O. Cox, president, failed to open its doors Monday, having gone into voluntary liquidation. The bank had loaned \$168,000 to the bank of Salmon & Salmon at Clinton, Mo., which failed last July, catching depositors for several hundred thousand dollars. The Kansas City state bank was organized in 1883 and had a capital of \$200,000. The last statement showed loans of \$1,000,000; deposits, \$4,750,000; surplus, \$14,000. Ever since the failure of the Salmon & Salmon bank at Clinton, Mo., the bank's business has been on a decline. Many large depositors withdrew their accounts because of the fact that the bank had advanced the Salmons more than \$200,000 on collateral that is now said by bankers to be gilt-edged. At that time the value of the collateral was problematical and timid depositors hastened to close their accounts. This caused a heavy drain on the resources of the bank, and in order to avert trouble, the officers of the institution decided upon liquidation as the easiest way out of a perplexing financial tangle. The Kansas City state bank holds \$367,000 of the city's money. Wiley O. Cox, president of the Kansas City state bank, is one of the oldest and best-known men in Missouri. The Fidelity Trust company volunteered to pay the city treasury the amount of the city's funds on deposit in the Kansas City state bank, but the money was not withdrawn.

The Earthquakes in Italy.

Rome, Sept. 25.—Another cyclone Sunday caused enormous damage in Calabria. A gradual clearance of the buildings ruined by the recent earthquakes shows that the number of persons who perished was greater than given in the first estimates. Large numbers of bodies are being discovered daily. According to statistics 20,000 cattle perished during the earthquakes.

Courthouse Burned.

New Madrid, Mo., Sept. 25.—The courthouse here was burned at an early hour Sunday morning. The fire is thought to have been incendiary. Many tax and drainage records were destroyed, but the other records were saved. Six murder trials are pending, but all indictments returned at this term were burned, which may make continuances necessary.

A Peculiar Accident.

Gravel Switch, Ky., Sept. 23.—Jason Chumbley, a resident of this county, returned home to visit his wife and child. Upon his arrival he grasped his six-year-old daughter by the chin to kiss her, lifting her head back. The little one sank to the ground dead. A physician found that her neck had been broken by her father.

The Detroit Free Press publishes a portrait of the eccentric old wanderer Ole Olson, who recently completed a sentence at the county jail, showing him as he appeared while a prisoner in the St. Clair county jail about two years ago. He wore at that time six coats, three pairs of pants and other garments in proportionate quantity. Among the articles in the strange kit that was suspended from the hickory hoop on his shoulders, the old man carried a small Bible carefully wrapped in several thicknesses of burlap. He had a mania for wrapping and tying things and all of his belongings had many coverings.

Clever detective work by Sheriff Whitbeck of Allegan county has resulted in the arrest of one L. R. Giddings who had obtained money under false pretenses. Giddings had boarded at Saugatuck a great deal this summer, passing himself as a man of means. Sept. 9 the fellow gave Mrs. J. L. Barnes of Ottawa Beach a check for \$35 on the State Bank of Chicago. The check was cashed by the Holland City State bank which sent the paper to Chicago, receiving notice in return that Giddings had no account there. Mrs. Barnes swore out a warrant in Justice Gill's court in Saugatuck and the sheriff tracked the man to Grand Rapids. In the meantime it transpired that Giddings had given his Saugatuck landlord, Edward J. Lefrader, a check for \$40 on the Fourth National bank of New York in which he had no account. Giddings had been boarding at the Pantlind in Grand Rapids but the sheriff found him at the Eagle hotel. When arrested another check was found drawn in favor of L. R. Giddings and signed by "M. L. Dudley."

These three counties bear one-third of the tax burden of the state. Ottawa county pays \$52,721.04; Allegan \$51,494.97; and Muskegon \$35,556.05.

"People may laugh at the old superstition that a dog's howl at the window foretells the death of a sick person in the house, but I have seen one instance which has made me a firm believer in the old statement," said George Schulte of Holland, Mich., recently interviewed by a Milwaukee Sentinel reporter. "A friend of mine had been seriously ill at his home and for days his life had been despaired of. Finally, however, he took a turn for the better and in a short time he was well enough to sit up for a few minutes. A chair was prepared at the window and my friend was lifted into it. He leaned over to take a first glimpse of the outside world he had had for weeks, and sat looking into the street. Suddenly a stray dog which had been burying a bone in the yard, lifted his muzzle, into the air and set up a lugubrious howl. My friend was seized with a spell of nervous depression, holding that the howling of the dog foretold his death. The members of the family made light of his fears, but were unable to cheer him up. And that night he was seized with a relapse from the effects of which he died the next day. Of course you will laugh at the superstition and say that the man would have died anyway, but I firmly believe that the poor dog was voicing an instinctive prophecy of his death."

SPECIAL CLOAK SALE

Our annual sale of cloaks for ladies, Misses and children will commence on Tuesday, Oct. 3rd and will continue until Saturday, Oct. 14th. Encouraged by the liberal patronage extended to us in former years on these sales. We have made extraordinary efforts for this season and have been successful in securing very large consignments from two of the most prominent manufacturers of these lines in the country, embracing everything new in outer garments for the coming seasons wear. The goods are splendidly tailored trimmed and made up in the best possible manner. Handling cloaks in this way we are enabled to submit for your inspection a much larger variety of styles of garments than can be found in any regular stock in Grand Rapids or elsewhere, not taking any risk of having left over garments we can afford to sell in this way at a much lower price than if we owned them outright. We will positively guarantee that prices during this sale will be from 25 to 10 percent lower than same style and quality of cloaks can be purchased for from any reputable house in Western Michigan. This is a very unusual opportunity for the ladies of Holland and vicinity to purchase winter garments at moderate prices.

During this sale we will make specially reduced prices on all lines of winter Mdse it will be to your advantage to make us a call as you know by past experience that when we advertise a reduction in price we make it on a very liberal scale. We hope to see you at our place of business, whether you want to purchase or not you will receive courteous treatment.
