NEW AUTOMOBILE FACTORY FOR HOLLAND.

The Bonus Committee of Holland has closed negotiations with the Spenny Motor Car Company of Arizona, by which they take over the factory built for the Dearborn Corporation for the manufacture of high grade automobiles. They will start in with fifteen or twenty men but expect to employ from 75 to 100 before the end of the first year, and as far as possible, local labor will be given the preference.

Machinery has been ordered and they expect to take possession and begin work early in October as soon as the machinery arrives. The regular stock car will be a car selling at \$3,500. They also expect to build during the coming winter a racing car to take part in the Annual National Automobile race at Indianapolis, on May 30, 1914.

The material and presses of the Dearborn Corporation will be sold under the hammer next week Tuesday, to the highest bidder.

SAUGATUCK MAN PICKS UP \$100 NUGGET

Harry Olson is home in Saugatuck from Utah where he has been for the greater part of the last five years. He will leave again Saturday to work his mining claims in the southern part of that state. He tells some interesting tales of his experiences while mining. He never made any very large strikes, although he did find one nugget worth \$190.00. One time he got lost in the desert and was unconscious from thirst when a cow boy happened along and took him to where he could get water, thus saving his life.

DID YOU EVER STOP TO THINK?

Did you ever stop to think that municipal ownership carries, which seems doubtful at this time, we must still go through another election for the purpose of issuing Two Hundred Fifty Thousand Dollar bonds, with which to buy the old, or build a new plant?

There might be such a thing as municipal ownership carrying, but after sleeping over it, the voter at the bond issuing election would turn around and vote against bonding, putting the gas situation exactly where it was before, with all its expensive litigations and no extensions. Worse things than this have happened in Holland before. We have seen elections turn over night.

FIFTH WARDER AND THE GAS QUESTION

A peculiar situation exists in the fifth ward, and has existed since the last gas election two years ago. On one side of the block the residents have been paying the gas company from seventy-five cents to One Dollar Thirty-five cents a month for the gas they use, with no fire to build, no ashes to throw out, no excessive heat in the summer for the housewife and no expensive kitchen range to buy or keep polished up; while on the other side of the block conditions are just the reverse. Loads of wood at the rate of Four Dollars a month are scattered around the yard, there is wood to split and carry out, and excessive heat in the hot summer months. Is it a wonder that the Fifth Warder on the wrong side of the street is so anxious for gas extensions?

MAYOR HAS ANOTHER MESSAGE Van Drezer Resigns From Committee on Streets and Crosswalks

The special meeting of the Common Council held last night was a tame affair, everything seemingly having been arranged ahead of time and so that it passed off smoothly at the meeting. The appropriation bill was finally passed with a twenty five hundred dollar reduction and the resolutions presented by the Trinity church Bible class were taken care of without discussion or dispute. Practically the only discussion of the evening was in connection with moving a house which finally ended when the Mayor accepted Ald. Van Drezer's resignation from the Committee on Streets and Crosswalks of which he was the chairman.

Appropriation Bill Passed

Shortly after the meeting was called to order the council went into a committee of the whole with Ald. Vander Hill in the chair to consider the passage of an ordinance pertaining to the appropriation of money for the use of the various city boards and committees during the fiscal year beginning in March and ending the March of the next year.

Upon motion of Ald. King, the bill was read section by section. Alderman Harrington then recommended the passage of the ordinance. The appropriation for the general fund had been placed at \$11,774 which was a cut of \$1000 dollars on the original amount and the appropriation for the committee on Streets and Crosswalks was set at \$20,200 which was a cut of \$15,000 on the original amount appropriated.

Ald. Prins said he would like to see these amounts cut still lower as the taxes were too high already and it was not right to burden the people any more than was absolutely necessary.

Ald. King by way of explanation said that he also believed that the bill could safely be cut a great deal more, but owing to the fact that the bill must be passed before the last of September and that the council was hopelessly divided as to the amounts of appropriation he felt as if he ought to concede some and get the bill through in the best way possible. Ald. Hansen said that he had met with the committee that examined the bill and said that with the cut made he did not think the bill excessive and felt it his duty to vote in favor of it.

The bill finally passed after going through the regular order. Ald. Prins voted against it.

Alderman Dyke made a motion to adjourn and his motion was seconded by Ald. Harrington but it was not carried.

Alderman Van Drezer Resigns From Street Committee

A petition was presented to the council by property owners on Twenty-fifth Street near First Ave., against the placing of the building formerly occupied by Dick Nibbelink on West Ninth street in that neighborhood. Complaint was also made against the moving of such a wide building through the street. It was claimed that branches of the maple shade trees along the street had been destroyed. Drinkwater said that the common council had been negligent in granting permission to the moving of this house without consulting the property owners in the neighborhood where it was to be placed. The city attorney was asked his view on the subject and he informed the aldermen that as long as the street committee had given the contractor permission to move the building they could not stop them now. The question was referred to the committee on streets and crosswalks and the City Attorney with power to act.

Mayor Bosch said it was an imposition on the people of a neighborhood to make them accept a building in their neighborhood that they did not want and said he had trusted the street committee to take care of anything like that. Ald. Van Drezer, chairman of this committee then demanded the floor and said that as the Mayor had questioned the action of the street committee several times he had sent in his resignation from that committee about a week ago and asked the Mayor why he had not accepted it. Mayor Bosch said he was not aware of the fact that his resignation had been sent in but would accept it.

Support Commissioner Kulzenga

The following resolutions were presented to the council by the Adult Bible Class of the Trinity Reformed church in defense of an article submitted to the Council at the meeting of a week ago by police commissioner Prof. J. E. Kulzenga in regards to a meeting between some aldermen and the Wholesale Liquor dealers of the city:

"Whereas, Some well defined charges have been made against certain aldermen and members of the police board to the effect that they have been guilty of holding a private conference with men engaged in the liquor business for the avowed purpose of nullifying and circumventing the purpose and spirit of an ordinance governing the sale of liquor in this city, and

We are against Municipal Ownership of Gas—the Reasons Why

The Holland City News is unequivocally against the municipal ownership of a gas plant at this time, for the following reasons:

I. Taxes last year were \$23.23 per Thousand Dollars and this year they will go still higher, possibly as high as \$30.00 per Thousand; therefore we have no business to burden ourselves with a debt of nearly a quarter of a million to experiment with the making of gas.

II. We are NOW guaranteed by the present Gas Company, under bond, that we will retain our present rate of ninety cents and also have the necessary extensions made. The City with a municipal plant would make no guarantee that a ninety cent rate would be maintained, nor that funds would be available to make the necessary extensions. If after running the plant for six months, it was found that ninety cent gas would not pay the running expenses of a city plant, what redress would the consumer have? A good example of this can be seen in a statement made by one of the members of the Board of Public Works, who told the News that the water rates to consumers this Fall would be raised one third for the reason that the revenues were inadequate to pay the running expenses. No consumer will be pleased at this state of affairs, but there is no franchise governing what rate each water consumer will pay. The rates are raised and must be paid or the consumer's water supply is cut off, forthwith. What guarantee have you that this would not be the case with gas?

3. Holland is getting cheaper gas at the ninety cent rate than any city of its size in the United States or Canada. If this is the case, there seems no crying need for the city to go into the gas making business at this time.

4. What Holland needs before it needs a gas plant is an adequate and sanitary water supply, and we may be called upon at any time to furnish this, either by putting in a double water works system, or by connecting with Lake Michigan. Either project would cost in the neighborhood of Three Hundred Thousand Dollars according to the engineers' reports. Holland would be in "great business" shouldering these two propositions at the same time.

5. It stands to reason that the Holland City Gas Company is not making a munificent sum of money at the ninety cent rate, and that the project cannot be a large bonanza financially, when they are willing to leave to the voters of Holland the buying of their plant at the price they paid for it. Concerns do not sell their business on such terms when they are making money.

6. This same gas company has fifteen other gas plants in different parts of the country, consequently in buying material for all these plants such as coal, iron, machinery, etc., all their supplies can be procured at greatly reduced rates. Owing to their many plants they also have the

best of markets for their by-products, while all these advantages this city would be lacking, and this coupled with the possibility of politics creeping into a city municipal plant which is not possible in a private plant, the probabilities of Holland furnishing its customers with gas at ninety cents and coke at prevailing prices, are very remote.

Should the plant not pay, the cries of municipal gas ownership will not come forward to make up the deficit in rates to the consumer where the shortage really belongs but does not generally go; neither will they aid the taxpayers, nor in any way help to alleviate the extra tax burden brought about by a bond issue for a quarter of a million dollars to either build a new, or buy out the present plant, as the case may be.

7. There are at present very few municipal gas plants in the country, in fact when the "News" asked one of the most enthusiastic "municipalites" in the city to point out a few plants and their rates, he was unable to do so. The reason for this is largely due to the fact that cities going in for the municipal electric plants, are generally the heaviest users of electricity themselves for street lighting, etc., and as this is also the case with water, these plants are joined together in a municipal institution of which the city is its own largest customer. This would not be likely with a municipal gas plant.

This city at the present time is not in shape financially, to invest in a gas plant. What we need more is a quarter of a million dollars in new factories, bringing with them new homes, new stores, new buildings, etc., which would give us more assessable property, consequently aiding our city treasury, and lowering our tax rate accordingly.

We are already making a great many public improvements. The Mayor and Common Council are wrangling even now over the fact that the annual appropriation bill is too high. With no new assessable property in sight to help reduce our tax burdens, must we then add one more public improvement for which there is no crying need? Must we add still another pack upon the back of the weary taxpayer who already has a cumbersome burden to carry?

Under the present gas franchise we have the privilege of buying this plant every five years. Considering the tight money conditions and the rate of taxes we are already paying would it not be wise business judgment to wait at least five years, and if we are so inclined, and prospects look brighter, then start a municipal gas plant?

Would it not be more safe and sane to abide a more auspicious period? Bear in mind always that Holland is getting cheaper gas now, than any city of its size in the United States or Canada.

"Whereas, We hold that the consorting of men in private and for that avowed purpose is a menace to good government and contrary to the ideas of justice, be it therefore

"Resolved, that this Men's Adult Bible class of Trinity church, organized for the purpose of uplifting the moral and spiritual welfare of this community hereby express our condemnation of such practices and beg the Mayor and Common Council to investigate these charges and bring the guilty parties to justice. And be it furthermore resolved, that the secretary be instructed to send a copy of these resolutions to the Mayor and Common Council of this city."

The resolutions were probably hastily drawn up and that may account for the fact that in one and the same sentence the request is made that the Mayor and council "investigate these charges" and "bring the guilty parties to justice." The one request assumed however that phraseology will not stand in the way of the resolutions but that they will serve to open again the question that was temporarily closed by the action of the council in filing Mr. Kulzenga's communication.

Ald. King moved that the resolution be received and that the clerk be instructed to communicate with the framers of the resolutions and

tell them to send preferred charges in writing against certain men giving dates, places, etc. Then he said the aldermen would taken action. The motion was adopted.

Another motion by Ald. King that all similar letters received by the clerk be handled in the same way was also passed.

Received Mayor's Veto

The Mayor's veto on the grading of Twenty Second Street which is printed in another part of this paper was received and concurred in by the council.

Mayor's Message

The following message from the Mayor was read at the meeting last night.

Holland, Mich., Sept., 24, 1913. To the Honorable the Common Council of the City of Holland, Gentlemen:

In as much as the Council has seen fit to call a special election at the instance of the Holland City Gas Company, which election is to be held on October 6, 1913, and at which time the voters of the city of Holland will be asked to vote on two propositions, namely, the one on the question of the amendment of the Company's franchise, and the other on the question of the purchase of the property and business of the Company, by the City, I take this opportunity, by the City, I take this opportunity, through a message to you, of certain features, which seem to be puzzling some people, and to stand corrected, if I am misinformed of the proposition. I do not wish to be understood at this time, or by this message of asking the people

SAUGATUCK

The 8:30 car Saturday evening ran off the track just as it crossed the road at Riverside coming south. It struck a trolley pole wire across the Holland copper wire of the telephone company which burned out most of the 'phones in town. The wheels on the east side of the car were off so far that they struck the rail on the other side of the track and bent it so badly that it had to be replaced. It is thought that a stone near the track caused the trouble.

EAST SAUGATUCK

East Saugatuck people met an old timer at the Fair, driving a team of oxen. This was Mr. Everett Allen who was at one time head sawer at the Johnson and Stockbridge Mills at Saugatuck, when Mat Notler and Abbe Brink had a store on the corner of Oxbow and Wallegon St., now Lake Street.

The Kalamazoo River is so low that a man can wade across it. While hauling fertilizer from the Depot, John Lubbers' horses ran away spilling off Mr. Boerman, who broke his hip in the fall.

Mrs. J. Tukker shipped from her range while she was wiping the stove pipes, and fell, breaking a blood vein. Dr. Reigherink was summoned.

Mr. C. P. Zwemer who bought a house and lot in Holland, on Sixteenth Street, between Central and River, from Johannes Tubbergen, will soon go to that city to live. Mr. Zwemer will hold an auction sale on Thursday, October 16. Mr. Tubbergen will go to California with Messrs. Piers and Lubbers.

The Misses Sena and Anna Alofs entertained a few of their friends Friday evening. Those present were the Misses Jennie Roteman, Jennie Struiker Thillie Franzburg, Jennie Bredweg, Effie Last, Johanna Schrottenboer, and Martha Post. Prizes were won by Jennie Bredweg, Jennie Roteman and Effie Last.

HUDSONVILLE

Hudsonville, Sept. 20.—On account of the disastrous drouth which has held this part of the country during the entire summer, the Heinz Salting works was compelled to close down Friday night. This is the shortest season they have ever had in this part of the country, and the manager says that the average has amounted to but little more than one hundred bushels a day, while on former years the average amount of pickles received has gone about eight hundred bushels daily.

Hudsonville, Mich., Sept. 25.—The most important business transfer that Hudsonville has witnessed for some years was consummated last week when Gerrit Mulder sold his stock of groceries to Messrs. De Weerd and Vanderlain, and his drugs to Mott McEachron. Ben Sterkens expects to get the real estate owned by J. N. Waite and occupied by Mulder. The money consideration has not been made public.

Mr. Mulder has purchased the stock of goods in the store of Mr. Martin Harrington, this county, and will move his family to that place in the near future. In this later transaction Mr. Mulder becomes agent for the express company at that point and postmaster as well as the only merchant.

WEST OLIVE

Cliff Binns has returned from his auto-vacation trip in the South. Our deputy sheriff John Leland, has returned to his winter home in Holland.

Compared with previous years the grape crop is small. Henry Maatman, manager of the local H. J. Heinz pickle plant, leaves for Hamilton, where he is engaged as teacher in School District Number 1. This will be Mr. Maatman's first year in that profession, but we are sure that he will make good. He is a graduate of the class of 1912 Preparatory Dept. Hope College, and also of the Rural Dept. of the W. S. N. S. Kalamazoo.

Joe Peck's daughter, Ada, is here on a visit.

Our pastor is moving from the corner of Church and Main Streets to McKinley Ave.

MAN GIVEN JOB OUT OF CHARITY AND NOW MUST PAY HIM DAMAGES

The City of Niles is placed in the peculiar position of having to pay compensation to a man who the city officials declare was given a position out of charity. Orrin Wise, the man whom the city is trying to get out of paying compensation under the workingman's compensation act, according to letters sent to the board was given a job with the city at a salary of \$10.50 per week. Employed but a short time, he was injured and under the provisions of the new law, the city will have to pay him compensation at the rate of \$5.25 per week and his injuries are said to be such as to indicate that the compensation will continue for several years. The city desires that the state board see to it that the compensation granted is not more than \$3 per week claiming the act of charity in furnishing the man a job in the first place should not bind them to pay full compensation. The board will take the matter up at its next meeting.

HUDSONVILLE CELERY FARMERS ARE ORGANIZED FOR OWN PROTECTION.

Tuesday night an important meeting of the Celery Growers association of Hudsonville was held in that place for the purpose of deciding on a uniform celery box to be used this year in shipping the crop to market. The association, after looking over various makes, decided on what is known as the "Muskegon Box." A representative of the Muskegon firm was on hand to show his wares, and it was found the most appropriate box to use. Because of the fact however, that hundreds of thousands of them will be needed it is doubtful whether the Muskegon firm can supply the demand.

The project of using a uniform box is in line with the whole purpose of the association. This organization was formed last fall for the purpose of giving the celery producer around Hudsonville the best possible chance in the market. Before last fall each farmer has been doing his own marketing, and often the result was far from satisfactory. The celery was often not graded and frequently the farmer did not get what he could have had if the right methods of marketing had been pursued. But the new association is to give standing to the celery in the markets of the country. After this the trade mark on this celery will mean absolutely guaranteed and that it can be depended on. The uniform box is another step in this direction. It is for the purpose of having the people of the cities recognize it immediately and thus know exactly what they are buying.

The association has a membership of from 150 to 200 farmers, practically every celery grower of that place. At present they are putting up a building on the south side of the P. M. track, from which the celery will be shipped this fall. This building is 36x80 feet. It is a one-story frame building with cement basement and a sheet iron roof. It is very substantial and is being erected at a cost of about \$3,500.00. To this building all the members of the association will bring their celery instead of sorting and boxing it in their own individual shacks on the different farms. Here they will have all possible conveniences. Experts will be on hand to grade and stamp the crop and each stamp will be a positive guarantee of quality. It will mean that the celery in the box has been properly graded and inspected. Here also the celery can be stored until the market is ready for it.

One fine point about the new system is that the farmer will know before hand what he is going to receive for his celery. Hitherto the farmer has been sending his celery crop to market and later the returns came, and sometimes the returns were very disappointing. Under the new system he will know the exact amount of the check that will come from market in due time.

The officers of the new association are:

President—N. De Weerd.
Secretary—Henry Geerlis.
Treasurer—Otto Dykema.

The new building will be ready in about two weeks, in time for this year's crops. The basement will be used for onions and potatoes so that the farmers can also get the best possible results in marketing them.

It is not unlikely that the celery farmers around Zeeland will imitate the example of the Hudsonville growers and start a similar association. No definite move has yet been made but the project has often been informally talked over.

The recent rains have improved the celery crop in an amazing manner, and instead of half a crop that was predicted a few days ago, the celery growers now feel certain of nearly an average crop. This means much to Hudsonville as from 300,000 to 400,000 crates of celery are shipped from there every fall, averaging about 85 cents a crate profit for the grower.

CORONER'S JURY AGAIN MEETS IN REGARD TO CASTLE PARK CASE.

The identity of the young girl whose body was found near the water's edge on Lake Michigan, between Castle Park and Macatawa Park about a month ago, will probably never be known, and the mystery is no nearer a solution.

Tuesday afternoon Coroner Lovall's jury, impaneled shortly after the girl's body was found, met in Graafschap for the purpose of investigating any possible clue which might have come to the surface.

The story that the girl might have been Mrs. Emmons of Cadillac, who was reported missing at that time, proved untrue. The jury was dismissed and the case was dropped.

Hope Sophomores Hold Their Annual Business Meeting.

The Sophomore class of Hope College met Monday for their annual election of officers:
Pres.—George Palgrim;
Vice-Pres.—Christine Van Putten
Sec.—Treas.—Theodore Zwemer.
George Steininger was elected captain of the tug-of-war team and like the Freshmen a few days ago, they bound themselves to pull their rivals through the drink. Both classes have also made plans for a party to either celebrate their victory or for the purposes of consolation.

SHOW IN DECEMBER THIS YEAR TO BE A BIG ONE

The Holland Poultry and Pet Stock association is planning to make its thirteenth annual exhibition, scheduled for December 22 to 26, inclusive, the banner event in its history. T. M. Campbell of Indiana has been secured as judge and it is expected that more than 1,000 birds will be entered by poultrymen from Grand Rapids, Grand Haven, Muskegon, Zeeland, Saugatuck and other towns.

Besides numerous sweepstakes the association will offer several silver cups ranging in value from \$10 to \$50.

The officers are G. A. Wanrooy, president; James De Koster, treasurer; William Dinkeloo, secretary.

STEAMER "HENNEPIN" UNLOADS TONS OF IT AT LOCAL DOCK TUESDAY

Work on That Highway Will Begin Within a Few Days If the Weather is Favorable.

Tuesday the steamer "Hennepin" unloaded at the dock here many tons of crushed stone that will be used in the construction of the park road. Now that the Ottawa County Road Commission has money at its disposal again the work of constructing the park road will be begun almost immediately. The road has been in very bad shape all summer but in a day or two, if pleasant weather continues, the work of improving it will be commenced in earnest and it is expected that a long stretch of it will be completed this fall. Early next spring the work will be resumed so that before the next summer season there will be an ideal highway between Holland and the park, so that drivers need no longer reach the resorts via Graafschap.

Roads in other parts of the county are also being improved and the work is going along at a rushing rate, so much so that much will be accomplished during the few weeks remaining before the weather will prevent further activities along that line.

Although the roads that had been begun would have been completed anyway, the decision of Judge Cross in regard to the injunction has not been without its effect. It is very likely that road building will be continued next summer without interruption, unless the supreme court should reverse the decision of the circuit court judge. This being the case, the commissioners are on the job very much these days, believing that the completion of the roads already begun will not end their activities but will be but the beginning of further road building next summer.

THE REV. M. VAN VESSEM AND THE REV. J. B. HOEKSTRA IN SAME CLASS

The Rev. M. Van Vessum, pastor of the Christian Reformed church in Graafschap and the Rev. J. B. Hoekstra, pastor of a church of that denomination in Midland Park, N. J., will simultaneously figure in a unique anniversary next month when both will have completed their 26th year in the gospel ministry.

The two clergymen were members of the same class graduated at the same time from the theological seminary in Grand Rapids and were ordained as ministers on the same day their first pastorates being respectively Clymer, N. Y., and Pella, Ia. They were the only members of the class of 1887 in the Grand Rapids seminary.

Former Owners Once More In Charge of White's Market.

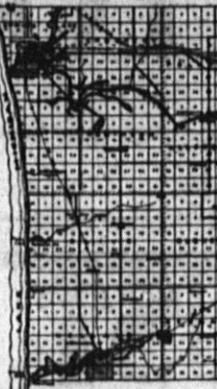

White Bros. have again taken possession of the meat market at 236 River Avenue. They occupied this market some time ago and did a good business there. Later it was transferred to Charles Larson, but now it has been transferred back to the White Bros. They will continue the business along the old lines and expect to develop it into one of the finest markets in the city.

RED CROSS BARBER SHOP IS BOOSTING FOR STEFFENS.

Harry Steffens who is making the race in the popularity contest is still holding a good position. It is hoped by the fans to put him in fourth place very soon. The Red Cross Barber shop has offered two prizes in this contest. The one who brings in the largest number of Steffens coupons will receive a prize of 75c worth of work, and the one who delivers the next highest number will be given fifty cents worth.

The contest closes on the thirtieth of September. The coupons of that date will be the last accepted. The fans will be given until October 2 however to turn them in.

PRESIDENT EMERITUS OF HOPE COLLEGE WAS PRESENTED TO THE QUEEN OF HOLLAND.

Washington, Sept. 24—Dr. G. J. Kollen, president emeritus of Hope college and delegate to the opium conference at The Hague, has returned from Europe, where he spent the summer and is now in Washington. He will stay here a few days and then visit his daughter in Jersey City before returning to his home in Holland. While abroad Dr. Kollen was presented to the queen of the Netherlands.

FANS BELIEVE THEY CAN LAND HONOR FOR HIM.

Harry Steffens, the Holland base ball player, who is making the race here for the Press Base Ball popularity contest, is again in fifth place and his friends are redoubling their efforts to keep him there or to make his chances even better. They are handing in the coupons at the various stores designated and there is a good deal of interest in the affair. Mr. Steffens is a modest kind of a fellow, who does not put himself forward very much. For this reason perhaps his friends are working all the harder to land the honor for him. He has for three years played with the Holland Independents and is a favorite with the Holland Independents and is a favorite with the fans. He is a printer by trade, being employed at Poole's and is a brother of the members of the firm of Steffens Bros. By keeping up the work for him the Holland fans believe that they can land the honor for him and for Holland. They are anxious that Holland shall not be beaten by a smaller town where there is more base ball enthusiasm, and the only way to prevent this is to keep up the work till the very last day of the contest.

Coupons can be handed in at the following places: H. Van Tongeren, H. Vander Warf, Superior Cigar Co., George Lage, Westing & Warner, and Steffens Bros.

JOHN WARNSHUIS STARTED ON HIS LONG JOURNEY TO INDIA.

Many Friends Saw Him Off and Bade Him a Hearty Goodspeed

The platform at the Pere Marquette station in this city has already become prominent in the history of missions. Practically all the Hopeites and native sons who have gone to the foreign field have made their departure from this same platform. Monday it was again the scene of a departure when John H. Warnshuis left for Chicago en-route for India. About fifty Hopeites and friends were at the station and yells and songs served to assure Warnshuis that Old Hope was behind him as he started on his long trip to the scene of his life's work.

Warnshuis is the son of Mrs. Anna Warnshuis of East 13th street of this city. He received his education at Hope College and graduated in the class of 1910. He took his theological course at New Brunswick Seminary and graduated there last May. While in school he was actively associated with the work of the Y. M. C. A. and the Student Volunteer band.

Mr. Warnshuis will stop at Colony, Okla., on his way to San Francisco to visit Mrs. W. Roc and Henry Roc Cloud with whom he was associated in Indian work a few years ago. Leaving San Francisco, he will stop at Amoy, China, to visit his brother who is at work on the field there. He will arrive at his field in India early in November.

Mr. Warnshuis takes with him the best wishes of a host of friends who will follow his work with interest and expect great success from him. He goes out as the missionary of the Second Reformed church of Grand Rapids.

GAS QUESTION WILL BE DISCUSSED IN CITY HALL

All Citizens Invited to Be Present To Talk and To Listen.

Next Monday evening a public meeting will be held in the courtroom in the city hall for the purpose of discussing the gas question, the special election in regard to which will be held the Saturday following. It is likely that this will be the only mass meeting held before the election and for that reason all are urged to be on hand to take part in the discussion and to listen to the arguments. The meeting of next Monday night is not for any particular faction. Adherents of all factions on this question are expected to be on hand and all will be given full opportunity to have their say.

ENGLEHART FURDA AND STELLA F. DE VRIES MARRIED HERE.

Englehart Furda and Miss Stella F. De Vries, were united in holy matrimony Tuesday evening, at the home of Mr. and Mrs. M. De Boer, 303 Pine avenue, the Rev. Dr. J. F. Zwemer officiating. The hostess and host acted as witnesses. The Bridal Chorus of Lohengrin was played by Miss Hattie Laman. An enjoyable evening was spent.

Mr. Furda, who is a member of the Middle class of the Western Theological Seminary, came from the Netherlands about five years ago, and was soon followed by his sweetheart, both leaving their parents and relatives in the old fatherland to make this country their new home. The newly-weds will reside at corner of Columbia avenue and 12th street, upstairs.

MUST BECOME CITIZENS BEFORE SEPTEMBER 27 OR WAIT.

County clerks throughout the state are calling the attention of aliens to the fact that those who declared their intentions of becoming American citizens prior to September 27, 1906, must apply for their second papers before September 27 this year. The revised laws which went into effect on the earlier date, provided that "Not less than two years nor more than seven years after he has made such declaration or intention" he shall make application for his second papers. The law applies to all aliens who made their declarations prior to June 29, 1906. Failure to comply with this law will mean a wait of at least two years and three months.

WAS IN HONOR OF THE REV. AND MRS. H. J. VELDMAN AND MISS NELLIE ZWEMER

A reception was held Thursday in the First Reformed church in honor of the Rev. and Mrs. H. J. Veldman, who recently returned from the Netherlands and in honor of Miss Nellie Zwemer, missionary to China, who recently returned from the field to spend a year here.

B. Steketee made an address of welcome in behalf of the consistory and the congregation; Anthony Nienhuis in behalf of the Christian Endeavor society.

Mr. Witterdink presided over the meeting. In addition to the talks given there was music, and refreshments were served. Both Mr. Veldman and Miss Zwemer responded to the addresses of welcome that were made.

There was a large attendance at the meeting and all spent an enjoyable evening.

RALPH VOS WAS ARRESTED THURSDAY NIGHT ON CHARGE OF BEATING HIS WIFE

Deputy Sheriff H. Harrington was called to the home of Ralph Vos at Jenison Park Thursday by neighbors who informed him that Mr. Vos was beating his wife. When the deputy arrived on the scene he found Mrs. Vos unconscious and she had bruises on her body that showed she had been maltreated. With the help of the neighbors she was revived and everything was settled satisfactorily for the time being.

Friday morning Vos was arrested charged with assault and battery on Mrs. Vos, with intent to do great bodily harm, less than murder. Arraigned before Justice Sooy, he waived examination and was bound over to the circuit court for trial. Unable to furnish bonds for one thousand dollars he was lodged in the county jail to await trial.

This is not the first time that the neighbors have made complaint against him but Mrs. Vos would never make complaint against him for beating her. About a year ago Vos was arrested in Hamilton charged with having threatened to kill Mrs. Vos but was released.

Ray Nixon Will Again Appear Before Holland Audiences.

Ray Nixon, has been engaged as singer at the Royal Theater and will mend his work Saturday. Mr. Nixon is a Holland boy having graduated from Holland High school. For the past few years he has been singing in some of the best theaters in the country. Until lately he sang in a theater in Battle Creek, but when he received an offer from Mr. Himebaugh he resigned his position and accepted Mr. Himebaugh's offer as he is at home here and has many friends in this city.

He was known as an excellent singer while here and has appeared in public in this city on several occasions.

PETER HEIMINGA TOOK THREE MILE TWIN CYLINDER EVENT—LOUITS OF GRAND RAPIDS WON WITH SINGLE

Although the motorcycle races at the Fair grounds Friday were not pulled off until late, there were still many people around the track and the races too were enjoyed so much that they may be made a permanent feature of the fair.

The feature race was a three-mile go between Peter Heiminga on an Indian and Vereeke on an Excelsior. Both men let out their machines and kept the crowd on tip toe as they swung around the curves. Vereeke started fast and gained a good lead on Heiminga which he held until the last lap when Heiminga passed him and won the event.

Although the single cylinder event wasn't so fast as the twin cylinder, there were six entrants and they made things lively. Jim Louits a Grand Rapids boy riding an Indian and the only outsider in the race, took first place covering the three mile course at top speed all the time. Bill Slotts captured second place with a Harley Davidson machine. Peter Heiminga with an Indian got third place and Dick Schaftenaar with an Excelsior 4th place.

THE PLACE PICTURE OF FORMER PRESIDENT ON CHAPEL WALL

A handsome steel engraving of the former president of Alma college, Dr. Arthur F. Bruske now pastor of Hope church was dedicated in the Alma college chapel with strange ceremonies. Scores of students dressed in all kinds and manner of strange garbs, carrying candles and torches, escorted the likeness of the former beloved Presbyterian leader to its resting place on the chapel wall.

The picture was procured and framed appropriately by the graduating class of 1912, and presented to the college trustees as a token of their appreciation of Dr. Bruske's 25 years of activity in the upbuilding of the Presbyterian college. The picture was stored in an old attic until resurrected by the college students.

WIFE ALLEGES HE REFUSED TO AMUSE OR PLEASE HER

George P. Hummer, furniture manufacturer and politician, has been made defendant in a suit for divorce brought by his wife, Maggie Hummer. The couple were married in 1884. She charges cruelty in that the defendant refuses to associate with her or do anything to please or amuse her. The case was given a hearing Friday in the private office of Judge Perkins in Grand Rapids.

Has Hudsonville Found the Same

The Answer is Found in the Straight Forward Statement of a Hudsonville Resident.

We have been reading week after week in the local press of Holland citizens who have been rid of distressing kidney and bladder troubles by Doan's Kidney Pills, and we have often wondered whether the same high opinion of this medicine is to be found in our neighboring towns. This frank and earnest statement by a well-known respected resident of Hudsonville will set this doubt at rest.

Michigan, says: "I had been doctoring with a physician for gall stones and acute attacks of Bright's disease. After a course of his treatment, I was advised to try Doan's Kidney Pills. I had backache and trouble with the kidney secretions. I found such good results from the first box I got another. Now, the trouble has been greatly relieved."

The Secret

The secret of heating your home for less money—with less trouble—more comfort—and less dirt is found in burning genuine gas coke and burning it the right way.

If you will fill your fire pot full of genuine gas coke, leaving the front draft closed, the door damper partly open, the draft in the pipe nearly closed and the check draft open in your furnace and will leave about 2" of ashes on the grate bar, you will find that genuine gas coke will prove the most economical and satisfactory fuel you have ever burned.

The Saving

With Hard Coal (WINTER PRICE) at \$8.00 per ton.

And Genuine Gas Coke at \$6.25 per ton.

There's a saving to you of \$1.75 per ton.

That is—a saving of one-fourth of your fuel bill.

Pretty well worth while, isn't it?

And, yes, Genuine Gas Coke will go just as far as hard coal. Some of our customers say farther. It's all in remembering the secret of "Big Fire—Little cDraft". Remember that you get twice the volume of fuel when you buy Genuine Gas Coke that you do when you use coal; and - that ton for ton, genuine gas coke actually contains more heat units than coal. Try a ton.—Follow our directions.—Convince yourself.—Save the Money.

The Convenience

The convenience of burning Genuine Gas Coke is found in the quickness with which it responds to draft, (Gets the whole house heated before a coal fire is hardly under way)—the ease with which it is handled (only half as heavy as coal)—and in cleanliness in the cellar and throughout the house (all the dirt, dust and soot having been removed at the Gas Works.)

Genuine Gas Coke is the pure carbon that remains after the gas, tar, smoke and soot have been removed from the highest grade soft coal. It therefore gives off no odors or soot and is clean to handle.

Genuine Gas Coke will not injure or burn out your grates any more than any other fuel. The ashes from Genuine Gas Coke are fine, and, in fact, protect the grates even better than the ashes from coal.

It is of the greatest convenience to be able to warm your home quickly in the morning or when returning after the house has been allowed to grow chilly. Genuine Gas Coke holds fire longer than coal and you can have your fire burning in a few minutes

The Getz Exhibit a Wonder Receives Praise From Everyone

The Fair could not go to Mohammed so Mohammed went to the Fair. This probably cannot be taken literally, notwithstanding the fact that in the early morning, one of Mohammed's subjects was daily seen in all his glory bowing towards the rising sun. George Mansour was his name and he came from Damascus in Palestine, bringing with him the two ships of the desert, Hammid and Said. Mansour had been engaged by George Getz to bring the two camels from the Bible Lands to his zoological gardens installed at Lakewood Farm, and that he did his task well is shown by the appearance of these animals of many angles; sleek, well fed and healthy, even after the stormy ocean voyage and the hurried trip on the express train in order that they might be on time at Holland's annual show. And every day of the show, with turban headgear, baggy trousers, flaring bolero and lowheeled slippers with upturned toes, Mansour was seen leading the camels in all their trappings between the bazaars, making the Fair look for all the world, like a street scene from Cairo. Generally seated upon the backs of these two camels and swaying back and forth in unison with their awkward, swinging gait, were the two sons of Mr. Getz, George Jr., and James, five and three years of age respectively, of whom he is very fond. He told the News that there were two reasons for his installing this menagerie on his Farm. One was, that he loves animals, and the other that he wanted his two sons to grow up in whole some surroundings with all the pleasures he himself so much enjoys.

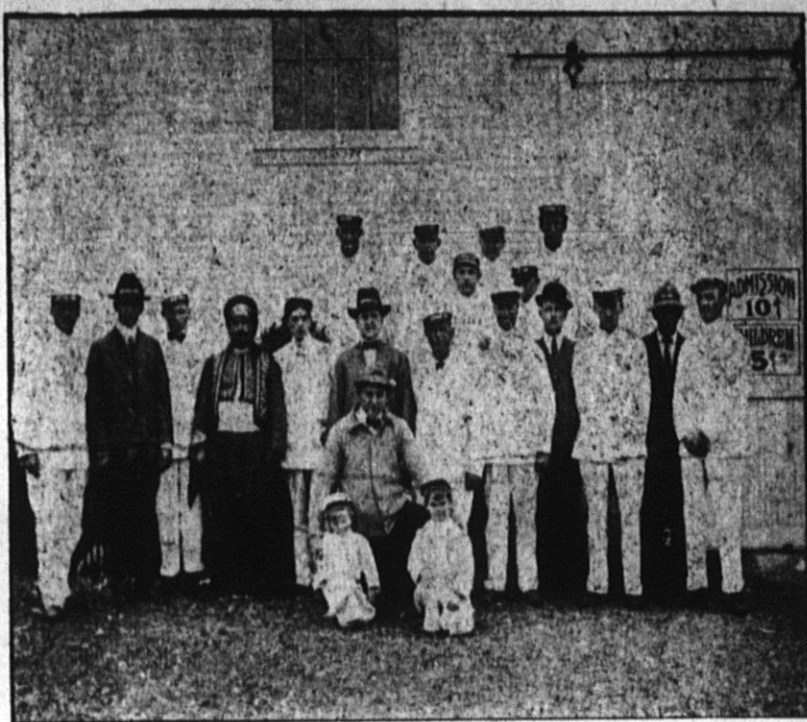

The show that Mr. Getz has given to our city free, could not be surpassed in selection and arrangement. The display was most unique; so different from a zoological collection seen at a circus or public park. While it contained a smattering of the wild, it also had a flavoring of the domesticated animal. In fact the biblical expression, "And the lion herded with the lamb," could well be used here. There were camels and bulls, eagles and guinea pigs, hawks and chickens, fox and geese, and the two extremes were everywhere in evidence.

A story is told by Mr. Getz, of Darwech the big donkey, who comes from the confines of Jerusalem. This emblem of the Democratic party, who was one of the passengers on board ship during the stormy ocean voyage, became refractory and in some manner succeeded in jumping overboard, while in mid-ocean. One of the sailors attending the animals immediately went after him with a hauser, and swimming to the animal managed to fasten an improvised sling around its body. In that manner, both man and monkey were hoisted back on board, little the worse for their briny ducking.

Another unique feature was the horticultural display in charge of J. R. Clarke, who Mr. Getz secured in England as his landscape gardener. Mr. Getz gave the information that Clarke had been employed in a similar capacity in England, at Windsor Castle during King Edward's reign; at the manor of Lady Elizabeth Hamilton and at the summer home of the Rothschilds, England's great money kings, of whom it is said, that tho' Christ was the King of the Jews, the Rothschilds were the Jews of kings, because they loaned more money to kings and emperors of the old world, than any other banking institution in existence. When approaching Mr. Clarke about his former employers, he modestly refused to say anything beyond the fact that he had been in their employment.

That the Getz display surpasses anything that has been on exhibition at any fair in the state of Michigan not barring the West Michigan State Fair or Detroit, is shown by the praise given it by officers of those fairs, in fact Mr. Getz has been deluged with requests from other fairs in this and other states asking him to show at their exhibits but of course he refused to do so.

He has taken personal pride in his farm in this vicinity, and has also taken pride in Holland and its fair; and it is with a deep feeling of gratitude that Holland and this paper extends to him a vote of thanks. He has been unstinting in his efforts, and lavish in his expenditures of money, for which he

could in no way expect remuneration or returns.

He has been unobtrusive and modest in all that he has done and the "News" cannot speak too highly of a man who so unselfishly is doing something for the public good. This trait has been so lamentably lacking in our vicinity that it comes like a wholesome benediction.

That some people of Holland are not accustomed to the Getz way of doing things for others is shown by a remark dropped by one of our citizens in the hearing of Mr. Getz. "I wonder what this man's game is anyway. There's something back of this." Such remarks are unworthy of any man, but in a way this one may be pardoned on the grounds that he has probably lived his life in such an atmosphere.

The example set by George Getz might be emulated in lesser degree by all of us and if such were the case, Holland would soon be some town, just as the Holland Fair was some Fair.

him to exhibit at their fairs. In the case of three of them no building could be furnished so that the exhibit was out of the question. One fair had sent four representatives and they were very earnest in their endeavor to secure the exhibit. Mr. Getz asked them if they could give him a building like the one on the local fair grounds. They promised to do that. Then he asked them if they would pay the expenses connected with making the exhibit. For although as a matter of loyalty to the local fair, he paid all the expenses himself, he did not feel that he cared to do something for an outside fair. When they asked what the figure would be that would cover the expense of the exhibit they were told that it would amount to from five thousand to eight thousand dollars. That of course settled the matter. The fair officials could not foot that bill. Neither would the Holland Fair association have been able to foot the bill and the exhibit

To Become Permanent Feature of Local Fair; Building to Be Enlarged

Few persons realize how much money was invested in the exhibit made by Mr. Getz at the Holland fair the past week. Some of the directors who roughly added up the items came to the conclusion that the value of the animals, plants, etc., was in the neighborhood of from forty to fifty thousand dollars. This is not so big a figure as would appear at first, when it is remembered that one bull in the building is worth ten thousand dollars, and that that was only one of many valuable animals.

Officials of four different fairs came to the Holland fair this week to see Mr. Getz and to try to induce

would not have been made if it had not been for the liberality of Mr. Getz.

The Getz exhibit will be a feature of the fairs here in coming years. He has promised to make them each year free of charge until the association is out of debt. After that of course the admission fee will be used to cover part of the expenses. Mr. Getz is already planning to enlarge the building so that next year he can make a larger exhibit.

Those who attended the Holland fair last week had the opportunity to see "Jerry", champion grade cow of the world, owned by George Getz of the Lakewood farm. The cow is famed the world over and it has taken a large number of prizes.

TWENTY NINTH ANNUAL FAIR— THE BEST IN HISTORY

What can be styled as the finest fair that has ever exhibited in Holland, the 29th annual, the best in history, took place last week, and to the management is due a great deal of the credit which spells success. The weather man dealt kindly with the Fair, giving rain on Monday and Tuesday, to lay the dust and clarify the atmosphere after the long drought. It was ideal fair weather, and an ideal Fair.

Many improvements had been made in the line of buildings and fences. Through the annual bee, at which citizens in all walks of life come together, with saw, rake and hammer, the Association was enabled to put the grounds in such shape as never before; and the painters, with brush and white paint, transformed the otherwise gloomy buildings into a veritable White City.

The exhibition started off with a blif-bang, and there was something doing every minute of the time until the gates closed on Friday evening. The officers of the Fair were O. C. Scaap, president, H. Koolker, vice president, A. B. Bosman, Secretary and Ben Brouwer, Treasurer. On the Board of Directors were: E. P. Stephan, H. Van Tongeren, J. H. Boone, H. E. Van Kampen, J. Y. Vanden Berg, Ch. Floyd, H. Bouws, G. J. Deur, Arthur Wiggers, Henry Koolker, C. Andre, M. Van Zoeren, K. Koster, D. Boter, H. Siersema, and J. Emmink. On the Finance Committee were: E. P. Stephan, M. Van Zoeren and H. E. Van Kampen.

Thursday was the biggest day in the history of the Holland fair, according to the figures in the office on the grounds. Never in all the 29 years that the fair has been held have so many people visited the grounds in a single day.

The Getz exhibit is the big attraction of the fair this year. All day long the building was crowded and to the number of five thousand paid admission to it. The exact amount collected at the door was \$499.35. That means that many more than that saw the exhibit, since numerous children were given the privilege of seeing the exhibit free of charge. The way the crowd patronized this exhibit shows that the sentiment before the fair started that no charge should be made for this by the directors was merely manufactured by a few. The crowd at the fair Thursday freely paid the small admission and all declared they saw more than their money's worth.

In spite of the enormous crowd there was no disturbance of any kind Thursday. No arrest was made and no arrest was necessary. The crowd was very orderly and they went home at night well pleased with the splendid showing that was made this year. There was no kicking on the price of admission or on the price of admission to the big Getz exhibit, and perhaps never before in the history of the fair have the farmers been so well pleased with the showing made. There were over 900 admissions paid for rigs and automobiles.

Because of the splendid showing made Thursday with the Getz exhibit the association directors believe they can repay for that building inside of three years.

Following are the summaries of the races held at the fair grounds Wednesday afternoon in the order in which the money was divided:

SPECIAL CLASS A

Thirteen hundred people paid admission to the fair Wednesday. The figures for the same day a year ago were only 200.

The total number of entries recorded is 1,664. These figures are far in excess of the total number of a year ago. The entries in the cattle department alone are 408.

The number of concessions are larger, the attractions greater and more numerous, and the displays in the various departments are more beautiful and complete. Taken altogether, the 29th annual fair surpasses all previous exhibitions.

Thousands of persons watched the races at the fair Thursday which were exceptionally good. Following are the summaries:

During the four days fair that closed Friday night 7171 adults paid admission at the gate, 1752 children and 967 rigs. This means that for tickets sold at the gate only for adults, children and rigs the amount of \$3014.65 was collected. Last year the total amount was \$1882.55, or a net gain in gate receipts over last year of \$1132.10. The record for the four days is as follows:

Tuesday—four adults; one rig total collected, \$1.65.

Wednesday—832 adults; 469 children; 43 rigs, total collected, \$372.30.

Thursday—5395 adults; 1155 children; 759 rigs; total collected \$2215.25.

Friday—940 adults; 128 children 165 rigs; total collected, \$389.45.

Total for the four days 7171 adults; 1752 children; 967 rigs; total collected \$3014.65.

It must be remembered in connection with the above figures that they do not in any way show the attendance of the fair. Nor yet do they represent the total revenue received from the admission fees. Each year hundreds of tickets are sold in connection with the entries, etc., that are not included in the above tabulation. The figures given above are merely for the tickets sold at the gate.

The total amount collected in the Getz building was \$711.15, which means that between eight thousand and nine thousand persons saw the exhibit. The exact number cannot be given because of the fact that part of the time children were admitted for five cents.

WHAT YOU SAW IN THIS PAPER THIRTY FIVE YEARS AGO

....Grand Rapids, Michigan has the finest and liveliest Business College in the country" says the "Western Rural," of Chicago.

On Wednesday last, Hope College was opened under very favorable auspices, contrary to the expectation of a good many. Additional tutors have been added the corps of professors, and the number of students present at the opening of the new term was larger than ever before. Dr. Mandeville made a few eloquent remarks, which seemed to be echoed by all those present, and grouping the proceedings of the opening and company them with the immediate past, may we not hope for a brighter future for Hope College?

Vander Veen's new store is nearing completion.

The weather is very stormy and changeable, and the rain, looked for so long by our farmers, has come down in good quantities.

Again the cry is raised by some of our citizens—ho! for Kansas. A large colony is forming in Pella, Iowa, to start a new settlement in that fertile state, and some of our citizens have placed themselves in communication with the Pella people, and are making preparations to join them "go West."

Last Saturday morning Minnie, youngest daughter of Mr. C. Braam died of typhoid fever. She was seventeen years of age and was a great favorite of her many friends and acquaintances in this city. The funeral services were held in First Church, last Monday afternoon, conducted by Revs. Bos, Broek, and Steffens.

TWENTY FIVE YEARS AGO

A Pleasant Surprise Party

Shortly after nine o'clock last week Friday evening, when our friend, Mr. Ed. Harrington, Jr., was enjoying with his worthy wife, the celebration of his thirty-fourth birthday, the stirring music of a brass band was heard, headed in the direction of Ninth Street. Surrounded by a multitude of friends, it halted in front of the Harrington residence. It was the Zeeland Band, an excellent organization, which had been engaged for the occasion and together with friends, from this city and neighboring villages, made a complete surprise party. If it had been generally known that it was "Ed's" birthday the number present would have been much greater. The doors were thrown open and a couple of pleasant hours spent in hearty congratulations, etc. Speeches by a number of friends present, interspersed by fine music from the band, made the occasion one long to be remembered. The party broke up about midnight or later, with hearty cheers for "Ed" and his wife.

This month is the Fair month. Every citizen owes it to himself, and to his wife and children, to "take in at least one fair. They need some sort of an outing, and the local fair is a good place to go. Not alone for the little rest and freedom from everyday cares, is it beneficial to attend, but in many instances some new idea will be picked up, which may prove of value in the future.

FISH ROD COMPANY TO BE TRANSFERRED TO THAT CITY

The Holland Rod plant is to go to St. Joseph, according to a story in the St. Joseph Press. That paper's account of the transfer follows:

"St. Joseph has secured a new factory.

"Announcement was made today that Frank P. Graves and I. W. Allen had taken over the operation of the business of the Holland Rod Company of Holland, and will remove the plant to this city to be run in connection with the American Tool Works.

"The company manufactures a high class line of telescopic fish rods and the project is favorably known throughout the country.

Mr. Allen will go to Holland during the coming week to make arrangements for the removal of the plant to this city, and it is expected that operations will be started in this city within the next month or six weeks.

"The new factory at the outset will employ 15 to 20 adults and the force will be gradually increased as prospective business warrants. The busiest manufacturing season for this line of goods extends from December until June.

"The business of the Holland Rod company has been in operation for about five years and the trade in its line has been gradually extending through these years. The fish rods are made from English steel tubing and are adjustable to desired lengths. The line embraces about 30 sizes and styles and they retail from \$5 to \$10.

"The American Tool Works with its line of Sterling air rifles does business with sporting goods dealers throughout the country, and the addition of the fish rod line will no doubt prove desirable. The same sales force can be utilized in the disposal of both lines."

BOTH JOHN VRUWINK AND HERMAN STEGEMAN CUT A FIGURE IN CHICAGO ATHLETICS.

John Vruwink and Herman Stegeman, the two former Hope College boys who have figured prominently in athletics at the University of Chicago the past couple of years, bid fair to make another big hit the coming season. Vruwink is practically sure of an end position of Coach Stagg's foot ball team and Stegeman is also trying for a place on the team. Vruwink was the sensation of last year's football eleven, and Coach Stagg again expects great things of the young Hollander.

Both Vruwink and Stegeman are expected to make places on the basket ball team of the University this winter.

REAR AND UPSTAIRS OF MEYERS CAFE BADLY BURNED SAT- URDAY NIGHT.

Fire supposedly started through a leak in the gas pipe, the rear of Meyer's Cafe on the corner of Central avenue and Eighth street was almost totally destroyed at about 10:30 Saturday evening. The loss on the building and furniture amounts to approximately \$1,000. The building is owned by J. W. Bosman, sr., and is fully covered by insurance. The furniture was also insured.

When Glen Goldring, the night clerk, was in the front of the building, he was greatly surprised when a passerby turned in a fire alarm in the box on the corner near the restaurant and told him the restaurant was on fire. He rushed to the back of the building but when he opened the door to the kitchen he was greeted by smoke and flames, so he quickly closed the door to keep the draft from getting at the fire.

Both fire departments responded promptly but the building is an old wooden one and the fire was climbing up the back of the building and breaking out through the roof when they arrived. In spite of this they attacked the blaze at the base and within half an hour had completely extinguished it, saving the building. Steps will probably be taken to condemn the building if it can be legally done.

THIRD CHURCH CONGREGATION MET FOR THIS PURPOSE

WEDNESDAY NIGHT

A congregational reception for the Rev. and Mrs. M. Flipse was held in the 3rd. Reformed church Wednesday. About 700 took part in the reception. Refreshments were served. J. P. MISS JESSIE BOMERS BECOMES BRIDE OF GERRIT AALDERING.

Miss Jessie Bomers and Mr. Gerrit Aaldering were married Thursday by the Rev. R. L. Haan in their new home in the presence of about fifty relatives and friends. The ring service was used.

The bride wore a white satin gown trimmed with shadow lace and pearls, carried a bouquet of carnations. Miss Tilda Bomers sister of the bride was bridesmaid and she wore a gown of pink silk mull. Mr. Joq Aaldering, brother of the groom, was best man. Mr. Henry Beukeman nephew of the groom, played "The Bridal Chorus" of Longheningrin, as the bridal party entered. Elaborate refreshments were served by the Misses Henrietta Trippie, Jennie Bowman Anna Breen, Minnie Van der Water, Jennie and Lucy Zoet, Tena Brink, Clara Bowman.

The couple received many beautiful gifts.

Among the out-of-town guests were Mr. and Mrs. Peter Beukeman of Grand Haven; Mr. and Mrs. G. J. Goorman and family of Zeeland; Mr. Geo. Ball and daughter Angle of Mus Kegen; the Misses Marguerite, May and Lena Bomers, Anna Holleboom, Jessie Ragtering, Joe Aaldering, Jas. Block, Albert Van Tuinen, Jerry Bomers, all of Grand Rapids. A reception was given in the evening. The newly married couple are popular young people of this city; the groom is employed at the Model laundry. They left on a short wedding trip and will be at their new home at 35 East 20th street, after September 23.

CLIFFORD KEIZER'S MOTTO
Clifford Allen Kaiser, who was laid to rest Tuesday afternoon, was born in Fennville, Michigan, August 16, 1895. His child life was passed in the place of his birth. His education up to the time of his beginning work in the seventh grade, was guided by his mother at home. Eight years ago the family came to this city, where Clifford entered the public schools. He was graduated from the high school in June 1913. He died in a great effort to rescue a fellow-citizen from drowning in Black lake on Sept. 13, 1913.

During the funeral sermon Dr. A. F. Bruske told of the finding of a bit of paper pinned to the wall of Clifford's bed chamber on which he had written.

"Rules of Life"

1. "Bathe regularly.
 2. "Eat only one piece of delicacy at a meal.
 3. "Eat only three meals a day—no lunches.
 4. "Combat bad thoughts.
 5. "Prayer every night.
- "Until the first Monday in October, I promise to keep these rules to the best of my ability."

"Clifford Kaiser." The preacher earnestly commended the rules as containing the essentials of religion—"a clean, strong and healthy body—a pure mind determined upon driving and keeping out evil and a spiritual prayerful toward God." He hoped that all the young people would make them their own.

Official COMMON COUNCIL

Following is the fifth veto issued by Mayor Bosch during the present administration. It was filed with the city clerk late Thursday afternoon, Holland, Mich., Sept. 18, 1913.

To Richard Overweg, City Clerk of the City of Holland,

I hereby
I herewith file with you my reasons why the resolution adopted by the Common Council of the City of Holland, approving the contract and bonds of John Ver Hoef, for the grading of 22nd street, in the City of Holland, should not go into effect.

In the first place, I am firmly convinced that the grading of 22nd street as contemplated, and as is intended by the contract and bonds approved by the Council at its meeting of September 17, 1913, is not a necessary public improvement, and one which should not be ordered by the Common Council, unless petitioned for by a majority of the frontage to be assessed for the improvement.

In the second place, it does not seem that it would be wise to contract as proposed, and bind the City for the payment of moneys for an improvement, after the Council has refused to confirm the assessment roll as presented by the Board of Assessors, for the improvement contemplated. If the assessment is not proper or legal, then certainly the City should not go on and make the improvement, where the expense can not be collected by assessment of the abutting property, as is done with all street improvements in the City of Holland.

Lastly, since there is no way at the present time to make an assessment against the abutting property for the improvement, and no provision has been made for the payment for said improvement out of any general funds of the City of Holland, I feel constrained to veto the action of the Council in the approval of said contract, and creating a liability of the City thereunder.

Respectfully submitted,

Nicodemus Bosch, Mayor.

TWENTY-EIGHT MEN APPEAR- ED FRIDAY AT THE FIRST TRYOUT.

What promises to be one of the most successful football seasons in the history of Hope college opened Friday afternoon with a stiff practice. Twenty-eight men appeared on the field and half a dozen more are coming out Monday, so there will be several men trying for each position. Prof. Eldson will have general charge of the coaching while Mr. Van Putten will directly coach the varsity squad. Van Putten has had a good deal of experience in coaching athletics and ought to be able to obtain some good results from the material which has so far appeared. He predicts some hard work but is very enthusiastic and says prospects are good for a winning team this year.

Mgr. Steininger has already scheduled games with Kalamazoo College and Kalamazoo Normal and negotiations are pending with a number of other schools. Holland football fans are sure of some good contests this fall.

George Damson Studying in Chicago; Here Saturdays and Mondays

George Damson of this city is taking a course in violin in the American Conservatory of Music in Chicago under the well known instructor, Herbert Butler. Mr. Damson spends Saturdays, Sundays and Mondays in Holland and he will give lessons in violin on Saturdays and Mondays. Pupils can make arrangements for classes at Meyer's Music store.

Melphone Society Begins Year's Work Friday Evening

The Melphone Society of Hope college started its year's work with arousing program Friday evening and elected the following officers:

Pres.—Edw. Koster;
Vice-Pres.—Carl Staplecamp;
Sec'y.—W. Koolman;
Treas.—C. De Vries;
K. of A.—J. Ter Borg;
Marshall.—Fred Vos;
Janitor.—Stuart Yntema.

Wm. Damson Looks In At The Chat- tanooga Encampment.

William Damson who left Holland last week on his way to Florida where he will take up a homestead, stopped off at Chattanooga where an encampment was being held. On a card to a friend here he writes: "Am addressing this on Missionary Ridge. Ascended Lookout Mountain and visited battlefield of Chickamauga this a. m. Chattanooga is swamped with old Vets, and is gay with flags and bunting. One has only to ascend Lookout Mountain and Missionary Ridge to fully appreciate the valor displayed by the boys of '61."

POSTOFFICE EMPLOYEES FIND THEIR WHEELS AFTER SHORT SEARCH

The bicycles of Clarence Fairbanks and Richard Van Kolken were stolen from the back of the postoffice Saturday. The police department was notified and two hoboos were taken in tow on suspicion of having committed the theft. But nothing could be proved against them and they were released. Later on Van Kolken found his wheel back of the Woman's Literary club building, corner of Tenth and Central avenue, and Fairbanks found his wheel back of the Ninth Street Christian Reformed church.

SIX MEN APPEAR ON ONE EVEN- ING ON CHARGE OF DRUNKENNESS

One Pleads Not Guilty; But the Others Are Given Sentences

By Justice

Six men were brought before Justice Robinson Saturday evening on charges of drunkenness. Three were given jail sentences without being given a chance to pay a fine; one paid a \$5 fine and costs of \$3.45, and the other pleaded not guilty. Some looked respectable enough although plainly showing the excessive use of liquor while two had their faces battered and eyes blackened.

They were as follows: Henry Kiekentveld, pleaded not guilty; trial was set for Oct. 1. He furnished bonds of \$100 and was released pending trial; Edward Taglier, employee on a G. & M. boat paid a fine of \$5 and costs and was released. Chubb Newcomb, a barber, pleaded guilty and was sentenced to spend thirty days in the county jail without being given a chance to pay a fine.

Bert Vanden Berg got 15 days without being given a chance to pay a fine; and Cornelius Bontekoe got ten days without being given an opportunity to pay a fine.

DR. BELL'S ANTI-PAIN

For Internal and External Pains.

THE REV. M. J. MARCUSSE WILL BE LAID TO REST IN EAST SAUGATUCK CEMETERY

The Rev. M. J. Marcusse, pastor of the Christian Reformed church of Arline, Mich., who died at the home of Mr. Hendricks of McBain, Mich., where Mr. Marcusse was visiting was born in the Netherlands fifty-two years ago, and it was there that he received his early education and later finished his education in the seminary at Grand Rapids.

He leaves a family of seven children to mourn his death, his wife having died about seven months ago. The children are Mr. Jacob Marcusse of Kalamazoo; Gerrit Marcusse of Holland, and John, Peter, Edward, Cornell and Miss Lena of Arline, Mich.

Besides his family he is survived by his parents, Mr. and Mrs. G. Van den Berg and brothers and sisters, Mr. and Mrs. J. Glupker, Mr. and Mrs. R. A. Vos, Mr. and Mrs. Fred Vanden Belt, Mr. and Mrs. Bert Gebben, Mr. and Mrs. Edw. Vanden Berg, Mr. and Mrs. Peter Vanden Berg, and Mr. and Mrs. A. Siersma of Holland and vicinity, and Mr. and Mrs. L. Kleinhesselink of Cadillac, Michigan.

The funeral services were held at Lucas Mich., at 12 o'clock Monday noon from the Christian Reformed church, and from there the remains were taken to Holland to the home of Mr. and Mrs. John Gluker, 142 West 14th street from which place services were held at 1 o'clock Tuesday, the Rev. E. J. Tuuk, officiating, and at 2 o'clock at the 9th Street Christian Reformed church, Prof. De Young of Grand Rapids and the Rev. M. Van Vessem of Graafschap officiating. Interment took place at the East Saugatuck cemetery and the Rev. A. Keiser of Beaverdam, officiated here.

The Rev. John Warnshuis Conduct- ed Services Sunday Night In First Church

Sunday evening the Rev. John Warnshuis delivered his last sermon before leaving for his field of work in India where he went as missionary. Mr. Warnshuis will conduct the services in the First Reformed church. On Monday he began his long journey to India. Mr. Warnshuis was educated at Hope College and the New Brunswick Theological Seminary.

RALPH VOS SECURES BONDS, BUT LATER BONDSMAN BACKS OUT.

On his way to the county jail Friday Ralph Vos charged with assault and battery on his wife with intent to do great bodily harm, less than murder, secured the necessary bonds which saved him from being locked up until the time of his trial in November. The seriousness of the charge against Vos can be inferred from the fact that he was required to give bonds to the amount of one thousand dollars.

There is much indignation on the part of the neighbors about the way Vos is said to have treated his wife and there was much talk to the effect that the institution of the whipping post should be brought into use again.

Saturday Vos' bondsmen with drew his bonds and a warrant for Vos' arrest was immediately made out.

MUCH TALKED OF CASE TO BE TRIED TODAY

This forenoon at nine o'clock in the court room in the City Hall the case of the City vs. Wm. Wentworth will be tried. Because of the sensational council meeting of last Wednesday there will probably be more interest in this case than in most court trials, and it is likely that the court room will be crowded.

Coming as it does almost immediately after the council meeting at which the matter was publicly aired, the public will probably draw the conclusion that it is to be tried because of that meeting. However, some ten days ago, even before the police board meeting of last Monday night, Justice Miles sent notice to City Attorney Van Duren and to the attorneys for the defendant, Diekema, Kollen & Ten Cate, stating that he would not allow any further postponement and fixing the date of trial on Sept. 25.

FRESHMEN AND SOPHOMORES WILL HOLD ANNUAL TUG OF WAR TREN.

The Freshman Class of Hope college met Friday for organization and elected the following officers:

Pres.—J. S. Moore;
Vice-Pres.—G. Stoketee;
Sec'y.—C. R. Wierenga.

They also elected "Putty" as captain of the tug-war team and bound themselves under a solemn oath to pull the Sophs through Black River. The pull is to take place next Friday afternoon under the auspices of the Students' Council.

SATURDAY, SEPTEMBER 27TH MISS CLARA COLEMAN TO MEET IS DATE SET FOR THIS CHARITY WORK

The Local Charity Committee Will Co-operate With National Welfare League

Saturday, September 27, is the day set for charity work in Holland and pencils will be sold for what ever gifts friends wish to give for the same. A large committee will sell the pencils at stations all over the city, the day will be conducted under the auspices of the local charity committee and the net proceeds divided between the local charity committee for local work and the Michigan auxiliary of the national child welfare League for child welfare work in the State.

The child welfare League is working in co-operation with organized charity throughout the state. Very often a local charity will call upon the League to do work for a handicapped child in their community which they are unable to find special treatment for locally. In turn the local organization assists the League in making investigations that saves a great deal of time in labor and expense. The Child Welfare League is organizing local Leagues in all communities when there is no charity organization and is doing a great work in organizing the rural districts to care for all phases of child neglect.

It is often the impression that most of the social problems of the day are confined to the larger cities but investigation has proven that there is just as much poverty, destitution and neglect in the rural districts according to the population as there is in the larger cities. The larger cities are very well equipped to care for all phases of social work but the rural districts are neglected. There has been no organization to look after the welfare of needy families in a sympathetic way and to see that handicapped children in poor families receive treatment that might cure their ailments. The child welfare work is organizing local leagues in the rural districts. To systematically care for all cases of need and neglect that may come to their notice through the local organization.

Organized charity has done much to better living conditions in families in the larger centers and it has been of untold value to the smaller communities. There is something wrong when sixty per cent of the children who are sent to orphan asylums and child placing institutions come from the rural districts of the state. The trouble is that there has not been organized charity or trained social workers to look into circumstances of the families in distress to know what might be done to keep the families together. Mrs. Cora Lamping is General Director of the National child welfare League and is well known in Holland. She has been coming to this city in child welfare work for the past eighteen years. Mrs. Lamping was called to the National Child Welfare League and accepted the call in March as she believes in the broad scope of this work which has as its key note "prevention."

The Holland charity committee has for many years accomplished a great deal of the city and especially have they put forth great effort at the Holiday time in finding out who the deserving poor families were and giving supplies and remembering the children with Christmas gifts. Mr. Geerlings and Mrs. C. V. R. Gilmore and many others have been especially active in this work. The gifts from the sale of pencils will help this local work as the local committee wish to broaden the scope of their work through co-operation with the Child Welfare League which a small sum will be charged for the pencil, all will be at liberty to give as much as they are able to help the worthy cause.

The Pencil Day Committee Are Mrs. C. V. R. Gilmore, Chairman; Mrs. George W. Browning, Vice Chairman; Mrs. Wm H. Wing; Mrs. George Kollen; Mrs. L. Thurber, secretary; Mrs. Cora Lamping.

Finance Committee Mr. Wm. Wing; Mr. George Kollen; Mr. O. P. Kramers; Mr. Con De Pree; Mr. C. M. McLean.

Treasurer Mr. Henry Geerling.

AMOUNT NOW IN HOLLAND'S BANKS FOR THIS PURPOSE.

Forty-seven dollars has so far been collected in the three banks for the fund for which a monument will be bought to place on the grave of Clifford who lost his life in Black lake a week Saturday. Mrs. O. E. Byrnes, widow of the man whose life Kaiser tried to save, heads the list with \$20. Others who contributed a dollar or more are: G. T. Haan, \$5; Austin Harrington, \$5; Du Mez Bros, \$5; Masons, balance of money collected for flowers, etc., \$6.50; Henry Lulden, \$1.00; Henry Geerlings, \$1; smaller amounts, \$3.50.

PUPILS MONDAY

Monday afternoon from 2:30 o'clock to 4:30 o'clock Miss Clara Coleman, former pupil of Miss Coleman and graduate of the Chicago School of Music, will make appointments in Voorhees Dormitory for a class in violin. Miss Coleman is a fine artist and a teacher of excellent reputation. Any who desire to consult her in regard to violin lessons can do so Monday afternoon.

The departments in piano and voice, the former in charge of Miss Hazel Wing, the latter in charge of Miss Grace Browning, opened this week with a large number of pupils. The School of Music is looking forward to a very prosperous year.

Within a few days Mr. Hartley, organist and choir master of the Pro-Cathedral of Grand Rapids, will organize a class in pipe organ and harmony.

ple to vote either way on either of the two proposals.

The question of the franchise amendments it seems to me are perfectly clear, and that all can readily understand what is intended. But with reference to the question of the purchase of the company's plant, and thus gain a municipal ownership and control of the gas business I want to say the amount of \$200,000.00 as expressed in the proposition, is merely an arbitrary figure, and in no way represents the amount that the City of Holland will pay, except as an outside maximum figure, and the real price can, and undoubtedly will be very much less than the amount stated. The price to be paid will be determined by a committee of three arbitrators, one to be selected by the Company, one by the city, and that one will be selected by the committee heretofore named by the Council, and these two will choose the third, and if they are unable to agree the third will be selected by the Circuit Judge of Ottawa County. There is no good reason why the appraisal of the plant thus made should not be fair and equitable to both the Company and the City of Holland.

In the next place, the vote taken at this coming election is not conclusive on the matter of the bond issue, since, if the proposition for the purchase (municipal ownership) carries, then after the appraisal has been had, another election will have to be held solely and only for the purpose of issuing the bonds for the payment, and if the people feel that they have not been fairly dealt with they can yet turn down the issuing of the bonds, which will prevent the deal from going through, if it is not fair and right. Thus properly safeguarded, every elector should be able to express his opinion by his ballot, without fear, with the knowledge that he will not entirely place the matter beyond his control at the coming election, by voting for municipal ownership, but that he will yet have one more referendum vote on the proposition.

I trust that this message will be received in the spirit in which it is intended, merely for the purpose of setting some phases of the question fairly before the people, reaching them through the Council.

Respectfully submitted,
Nicodemus Bosch,
Mayor.

Upon motion of Ald. King the message was received and concurred in.

Will Use Court Room.

Alderman Hansen requested the use of the court room for next Monday night for the purpose of holding a meeting of citizens there to discuss the Gas question. It was granted. The court room will also be used Saturday night for the same purpose.

City Attorney A. Van Duren explained to the council that in the near future a prominent speaker will be here in connection with the Building and Loan Association of this city and asked that the use of the court room be granted them. The matter was referred to the committee on buildings and public properties.

Want Buildings Torn Down

Ald. Drinkwater introduced a resolution last night that the council examine the building at 1 and 3 West Eighth Street recently damaged by fire in view of having it torn down. This building was occupied by Meyers Cafe. Ald. Van Drezer requested him to add the old Joe Brower place on E. 8th street and that was done.

Want Repair Sewers

Ald. Drinkwater introduced another resolution to the effect that the Board of Public Works and the City Engineer be instructed to look after the outlet to the sewer on the North End of Central Avenue and have it repaired.

Ald. King brought to the notice of the council that the changing of the sewer outlet on Pine Street from the Tannery Creek to the lake has not been done yet and so steps will be taken to have it done soon.

Gas Company Deposits \$200.

The Gas Co., has sent \$200 to the proper city officials to be used to pay the expenses of the special election to be held Saturday.

Alderman Van Drezer has been appointed to act as caterer at the Election. He explained to the council that the election would cost more than the amount given by the Gas Co., from figures carefully estimated.

ZELAND MAN IS BURNED

While starting a fire in his stove this morning, Jacob Van Gelderen poured gasoline on the wood, mistaking the can for the kerosene can. An explosion took place when he lighted a match and his clothing caught fire. Both his hands were badly burned and a serious burn was inflicted on his side.

Van Gelderen succeeded in putting the fire out before the department arrived. Little damage was done to the house.

A MAIL ORDER HOUSE IN HOLLAND AND THEY ARE MAKING GOOD

Holland has a mail order house. In a recent "adv." which appeared in the "News" Zoerman and Vereeke, who do business at Thirteenth West Sixteenth St., advertised that they would go into the mail order business. Since that time they have been very successful in that line throughout the surrounding country.

What put them wise to the mail order game was the fact that farmers would continually come in and inquire about prices and then mention that they intended sending to a Chicago Mail Order House for the desired articles, and by buying in large quantities and bunching their orders, they were enabled to save the freight rate.

So Zoerman and Vereeke did a little figuring of their own. They

procured catalogs from two of the largest houses in Chicago and made it a point to have them on hand when one of the mail order customers came in. When this farmer sprung "mail order house" the manager of this enterprising little firm on Sixteenth St., said, "Now if we give you the same goods that the mail order houses can and you pay us cash as you do the mail order houses, will you give us the mail order business and pay us their prices?" The farmer agreed to this and after he had purchased a bill of goods amounting to \$23.00 and paid the cash for it, Zoerman and Vereeke told him that he had paid \$3.00 more because of the mail order idea than if he had bought the article according to the prices on goods in their Holland store.

Upon this the farmer asked for the return of part of his money, but it was denied him, as an iron-clad agreement had been entered into, that mail order house prices should prevail.

Another customer was going to send in for a washing machine, but this same firm sold this farmer one for \$7.75 with no freight to pay, when the catalog house had the same identical thing listed at \$9.25.

That is why Zoerman and Vereeke are advertising mail order business, and always have mail order house catalogs handy to verify prices. It would be a sensible thing for others of our merchants to follow suit and go into the mail order business. It is needless to say that these two mail order customers are ardent advocates of that little hardware store of Zoerman and Vereeke.
