HOLLAND MEN BUILD BEAUTIFUL THEATER IN NIAGARA FALLS

PAPER STATES: "IS GREATEST TRIUMPH IN ARCHITECTURE SPLENDOR."

The firm of Wright & Kremers, architects, engineers and contractors of Niagara Falls, New York, have just completed the new Strand Theater owned by the Cataract theater corporation, one of the leading theater buildings in the country.

Two Holland men, William Kremers, formerly with the Holland-St. Louis Sugar Co., and Ernest Kremers, a brother, who is a graduate of Hope College, and Chester W. Wright of Niagara Falls, were the men who not only planned but also constructed the beautiful pleasure house.

The Niagara Falls Gazette has the following to say relative to the efforts of the Holland boys:

"During the last few years Wright & Kremers have constructed many large buildings in Niagara Falls and vicinity but in the Strand this enterprising firm has eclipsed all its former efforts. Its accomplishments in completing this magnificent addition to the Falls street business section places the company in the front ranks of construction firms of New York state. The theater has been under the critical observation of the leading theatrical men of the country during the past few weeks and they have declared it a masterpiece of construction, taking into consideration, architectural grandeur, acoustic properties and safety to patrons.

The bureau paper devotes more than a page to the wonderful theater that will seat 2,200 and are unsparing in their comments of the above named firm with which the Holland folks are prominently connected.

After going into details about the wonderful lighting system some idea may be gained from this paragraph also clipped from the Niagara Falls paper:

"The auditorium is 146x100 feet. The entire seating capacity of the theater is 2,200. Of this number 1,785 are accommodated in the orchestra while the back balcony seats 319. The loges and boxes seat the remainder. Twelve boxes are ranged along the side walls and the six loges are located directly in front of the balcony. The seats in the auditorium are upholstered in velvet and are so arranged that no seat is directly behind another, thus insuring all patrons a complete view of the screen. Wicker chairs with spring air cushions and karpesque seats are installed in the boxes and loges.

"Manager Hayman has chartered a special train to bring the celebrated motion picture stars and dramatic critics together with some Follies Girls from New York City to attend the premier of the new Strand."

The Kremers boys are the sons of the late Dr. Henry Kremers of this city.

GIRL SUES FOR \$10,000.00 AFTER AUTO ACCIDENT

Suit for \$10,000 for injuries has been started in circuit court by Miss Ettrude Klooster as the result of an auto accident on the Grand Haven road, April 4. The suit charges Andrew Nevins was speeding when his car collided with the Henry Reiber car, in which the plaintiff was riding, and that Nevins failed to dim his lights.

CHICAGO TRIBUNE GIVES HOLLAND SOME FINE ADVERTISING

Holland through its Graham & Morton Steamer, "City of Holland," came in for some fine advertising in the Chicago Tribune Sunday in its illustrated magazine.

In a full page picture showing the beautiful Wrigley building on the water front, the opening up of a jack-knife bridge through which the morning Graham & Morton boat, "City of Holland" is passing.

Underneath the picture the Tribune has the following: John McCutcheon says that this picture is very picturesque, and so we print it—a steamboat on a summer morning opening Chicago's busiest boulevard in front of Chicago's best building."

HOLLAND CITIZENS SEE CURIOUS SIGHT IN OHIO TOWN

STORE SELLS WHITE BASS BY THE TON; WHY SO RESTRICTED IN LOCAL WATERS

While on a trip through the eastern states, a number of citizens of Holland stopped in a certain town in Ohio. Walking through the main streets they happened upon a large grocery and market and they happened upon something at which they were very much surprised. This store was selling white bass, the same as they are caught in our lake and upon investigation it was found that these fish were sold there the year round and were brought in by the ton. At times of the year they bring in so many of these white bass that they have large sales on them at a pound. Many local fishermen think that they should have at least a modified amount of privileges in catching these and other fish. They do not ask to have the privilege of catching white bass by the ton, but at least as many as they can catch with a hook and line any time of the year.

This is one of the reasons why the citizens of Holland should join the Holland Game and Fish Protective association so that with the co-operation of different game and fish protective associations of different localities they can have the defects in the present laws changed. Any member will receive your dollar and see that you get a membership card.

The state department of health reports that there were 557 births and 272 deaths in Ottawa county during the first six months of 1922. In Holland there were 155 births and 65 deaths; in Grand Haven 94 births and 44 deaths.

LOCAL CAPITAL BUYS INTO FURNITURE COMPANY

LIMBERT AND HOMILLER RE-TIRE FROM THE CHAS. P. LIMBERT COMPANY

A deal that has been pending for some weeks was closed yesterday when Chas. P. Limbert and Mr. Homiller of Grand Rapids, sold their stock in the Charles P. Limbert Co. to local men.

Those who purchased the stock are D. B. K. Van Raalte, Mr. and Mrs. A. H. Landwehr, V. L. Dibble, and W. J. Gohlke.

With the purchase of this stock, the entire plant is now owned by local people and as one of the new directors stated, the same high class furniture will be made that has always been paramount with the Chas. P. Limbert Co.

The deal involves in the neighborhood of \$700,000.00 and has been in the making for the past two months.

With the reorganization also came the election of officers: A. H. Landwehr being elected president, W. J. Gohlke, vice-president, V. L. Dibble, secretary, D. B. K. Van Raalte, treasurer and manager.

These officers together with Mrs. A. H. Landwehr constitute the board of directors.

JOHN HUMMEL DIES IN GERMANY IS THE REPORT

WAS AT ONE TIME PRESIDENT OF THE CAPPON-BERTSCH LEATHER COMPANY

John Frederick Hummel who for years has been closely identified with the Cappon-Bertsch Leather Co. of this city and who some years ago returned to Germany, the country of his birth died on August 29th, 1922.

Mr. Hummel was known throughout the city of Holland as a genial whole-hearted German American citizen. When he first came to Holland Mr. Hummel and his brother Fritz built a tannery on the corner of Pine and 8th street, which was later burned.

He then joined forces with the late Isaac Cappon and John Bertsch and was connected with the tannery until that concern was sold to Armour & Co. about 15 years ago.

On February 3, 1902 he was made president of the company.

He lived in Holland for 45 years and the old homestead is the large spacious brick house on West 8th Street directly across from the tannery.

Mr. and Mrs. Hummel in their days were wonderful entertainers and their guests practically included the whole city, as the latch string was always hanging out to everyone.

He was liberal in his giving to the poor and needy and the name Hummel was generally connected with kind and meritorious deeds.

Mr. Hummel was born on March 16, at Reutlingen, Wurttemberg, Germany.

He is survived by his wife Anna, and by one sister, Mrs. Annie Kuhne living at St. Gallen, Switzerland. Two nephews Alben and Deitlem Kuhne and one niece Kathryn Hummel Zylman who resides in the old homestead on West 8th street.

GRAND HAVEN ROOMERS LOSE EFFECTS WHEN ROBBERS WORK

POLICE STRIVE TO KEEP FAIR UNDER COVER BUT NEWS COMES OUT

Last Friday night at the rooming house of Thomas Trull, 514 Lafayette street, Grand Haven, a daring robbery took place in which two guests lost quite a number of valuable articles. The exact hour of the robbery is not known but in the morning two young men who roomed at the place were gone. The police are hot on the trail of these two whom they suspect. News was withheld Saturday by the police order but about noon it had gotten out through some source and had spread. There were various conflicting stories of the affair, however.

Miss Elnor Bittner, a teacher in the Grand Haven public schools, who rooms at the Trull place was the heaviest loser. Her loss consisted of a gold watch, a pearl crescent pin, a camera of some value and \$21 in bills. These articles aggregated quite a bit in combined value.

C. J. Mc Lain also had some wearing apparel taken. This loot consisted of a cap, a pair of trousers and a pair of oxforbs.

The police went immediately on the track of the two young men suspects who had disappeared the morning of the robbery. Their whereabouts are not known at present but their names and general description were available so that the Grand Haven police know pretty well who they are going after.

The News is compelled to come out on Tuesday in order to legalize the ordinance forms just compiled and gotten out by the city of Holland. The short form appears in this issue of the News and had to be issued within six days of its passing. In order to make good on this or undo a great deal of arduous work, done by the city officials, the paper is printed two days early, and dated accordingly.

FORMER NEWSBOY SEES MUCH OF WORLD AS A SAILOR

CORNIE DRONKERS TELLS OF HIS LIFE AT SEA ON BATTLESHIP

Cornie Dronkers, son of Mr. and Mrs. John Dronkers 10 West 18th street, and a former Holland Sentinel newsboy, is seeing more of the world than falls to the lot of most people. Mr. Dronkers is in the U. S. Navy, and until about a week ago he was stationed on the U. S. S. "Pyro," a vessel that carried cargo and ammunition all over the world for the various ships and stations. His vessel was liable to go almost anywhere at any time.

In a recent letter home, Mr. Dronkers described a trip from Hampton Roads, Va., to San Juan, Porto Rico, and then to Colon, Panama. He also gave an interesting description of a trip through the Panama Canal. About this last he said: "We were one day going through the canal, that is, just seven and a half hours from the time we left Colon, we docked at Balboa, and I will certainly say, that the Panama Canal is a wonderful piece of engineering. I could not find to describe it in detail, the workings of it, for it is beyond all description."

This sea trip, which was but one of many that the Holland boy took, was a matter of some 6,000 miles. There were many stop-offs when the men on the vessel had a chance to go ashore and explore the places they visited. In Panama, the letter states, the prohibition amendment is unknown, and in Porto Rico the sailors had a hard time to be understood because everyone was speaking Spanish.

Last week Mr. Dronkers was transferred from the "Pyro" to the "New Mexico." Describing the ship, he says, "This is a floating city in itself, and it is like going into a city and finding one's way around the streets to get the bearings here. This is the flagship of the battleship force, Pacific Fleet, and I am attached to the Admiral's staff. We have excellent quarters on the ship, player pianos, Victrolas, boys to wait on us at meals, and all the comforts of home."

278 PENNIES IN BAND COLLECTION

The band concert collection taken up in behalf of the American Legion Band who have been giving concerts all summer for the benefit of the general public is quite a unique assortment.

When the collection was gone over it was found that it contained 278 pennies, 365 nickels, making \$18.25; 257 dimes making \$25.70; 119 quarters totaling \$29.75; thirty 50-cent pieces or \$15; one check for \$5; two checks for \$10; one check for \$25; 3 \$5 bills and \$14 in ones. Since the band concert business men as usually have been coming in handsomely with liberal donations. These amounts will be published at a later date.

About every other boy in Holland these days is an amateur cowboy. The boys of Holland had their eyes with them at the Holland fair when the cowboys appeared, and now they are imitating these Wild Westerners. Almost every boy has a lasso now and is using it on almost anything that happens to be handy.

**NOT SPECTACULAR
BUT IMPORTANT, IS
MAYOR'S VIEW**

Holland's new ordinance, which contains all the ordinances combined in one, having 52 chapters, was unanimously passed by the common council at its meeting Wednesday evening and it will become effective as soon as it has been signed by the mayor and necessary number of days have elapsed.

The passing of the document, which when printed will contain from 150 to 200 pages, required only about twelve minutes. Ald Leappe, chairman of the ordinance committee, took the chair when the council went into committee of the whole, and read the headings of the chapters giving opportunity for objections. Not a single objection was raised, the aldermen at previous meetings having carefully gone into details of the various ordinances and having ironed out their differences.

When the ordinance had been passed Mayor Stephan made a little speech of appreciation. "The passing of this measure," he said, "does not make much of a stir publicly, but I can think of no more important work that has been done in this council than this. It has taken a good deal more than a year of hard work. Before this the aldermen never knew just what was what in the city ordinances. Now each one of them can have a copy always at his command and can tell people definitely what the ordinances specify. Moreover by having this information always at hand they can be on the alert to improve the ordinance. This piece of work will make you more of a legislative body in the true sense."

The mayor paid a warm tribute to ex-alderman Ben Wiersma, who was on the original committee and who, although defeated, continued his work voluntarily until it was finished. Doing this as a good citizen and because it would have been difficult for another to pick it up where he should leave off. At the mayor's suggestion the council passed a formal vote of thanks to Mr. Wiersma.

**GRAND RAPIDS MAN
SECURED BY SCHOOL
OF MUSIC**

The Hope College School of Music has been fortunate in securing the services of Mr. Sherman Tuller of Grand Rapids as instructor in violin and director of the orchestra. Mr. Tuller is one of the finest violin teachers in Western Michigan, and he has also shown great ability in training orchestras. This is of special interest because he is to take the place of Prof. Bruno Meinecke in this capacity, and Mr. Meinecke was a man not easy to replace.

Mr. Tuller will be in Holland Friday, and persons wishing to arrange courses with him should meet him at the School of Music studios between 1:30 and 5 o'clock.

**HOSPITAL RESOLUTION
PASSED
BY COUNCIL**

The Holland Hospital resolution, provided for by a vote of the council at the meeting two weeks ago, was formally passed by a unanimous vote of the council Wednesday night. The resolution is almost identical with a similar resolution passed last year on which the people later voted the main difference being that the site for the new hospital is specified as the property on which the present hospital stands.

The resolution calls for a bond issue of \$175,000 and specified how money shall be paid. There was no debate on the subject but the resolution was passed as read by the city attorney. It will now be up to a vote of the people in November.

**WHOOPING COUGH IS
FAST GETTING
UNDER CONTROL**

While the whooping cough epidemic in Holland has not yet been stamped out, the situation is reported by the health department as being favorable and the number of cases is decreasing. There are still quite a few families affected but the situation is well in hand.

The co-operation between the school authorities and the health official has helped materially to curb the spread of the disease. Curiously enough, it was during the vacation time, when children did not congregate in large numbers, that the epidemic took its hold and spread more than it has since. In vacation there is little or no check on children except that imposed by parents, but during school time, when pupils can be barred from school when they are affected, better discipline is possible. The mere fact that a child is not admitted to his classes usually has the effect of making the parents and the child more careful and causing them to prevent the spread of the disease in so far as they are able.

The number of pupils barred from school was not as large as had been expected, but there were enough to make an impressive total.

There are a few cases of other kinds of contagious diseases in the city but none of them in an epidemic form. The city health board, thru their inspector, is making all possible efforts to safeguard the food of the people, and the regular inspections show that conditions are improving constantly.

All those who desire to take lessons on the cello are requested to send their applications to Prof. J. B. Nykerk. The Hope College School of Music will add a department in cello if there is sufficient demand for it.

**MEMBERS OF SAME
CHURCH FOR SEVENTY
FIVE YEARS**

Sunday and Monday, Sept. 24 and 25th, marked the dates when the 1st Reformed church of Zeeland celebrated the 75th anniversary of its organization.

On Sunday, September 24, the morning service was conducted by the pastor, who delivered the sermon after the usual preliminaries, with special music, a feature. A rally took place in the Sunday school following the morning service. In the afternoon at two o'clock, Rev. J. P. De Jonge, now of Alto, Iowa, delivered the sermon in the Holland language. The evening service was held at half past seven o'clock and the Second Reformed church, a daughter church, participated in the services with Rev. B. Hoffman delivering the sermon.

Monday afternoon at two o'clock, after the usual preliminaries a historical sketch was delivered by Dr. G. De Jonge, who was followed by Rev. J. P. De Jonge on the subject, "My Pastorate"; Rev. H. Harmelink on "The Church and Community." The services were in the Holland language, and singing of Psalms was a feature of the services. The evening service on Monday began at 7:30 o'clock, when Prof. W. Wichers of Hope College spoke on the subject "The Claims of the Church on Me."

Rev. P. P. Cheff of Holland delivered the closing address on the subject, "The Church and its Future." Since its organization, seventy-five years ago, this congregation has been served by ten pastors, beginning with Rev. Cornelius Vander Meulen, its leader when the pioneer settlers left the Netherlands and settled in Zeeland. Then following in their order, the Revs. Hermanus Stobbelaar, Seine Bolts, Wm. Moerdyk, Nicholas Steffens, John Kremer, Jacob P. De Jong, Paul P. Cheff, Henry Harmelink and Rev. John Van Peursem, the present pastor.

Although seventy-five years have elapsed since its organization, this organization still counts among its members nine who are of its charter members. They are J. J. Meuwesen, J. P. De Pree, John H. Hoffman, Mrs. D. Pree, Mrs. G. Keppel, Mrs. R. Ossewaarde, Mrs. P. Rookus, Mrs. D. Dekker and Mrs. Henry Krans. These nine have been continuously connected with the organization, to whom this anniversary contributes a great honor.

**DETAILS OF ZEELAND
CELEBRATION ARE
MADE PUBLIC**

Arrangements are complete for the big two day celebration to be held in Zeeland October 5th and 6th. The committee on celebration has set aside the first day as a day commemorative of the founding of Zeeland, seventy-five years ago. The major part of the programme for that day will be shaped to this end. In the morning of that first day, October 5th, at 10:00 o'clock a parade will be held which will try to picture some of the early history of the colony.

At 12 o'clock noon the committee proposes to hold a dinner in honor of the Old Settlers and with the Old Settlers as honor guests.

At 1:30 p. m. speaking and music in keeping with the day will take place. The location of this speaking will be published later. It is the aim of the committee to secure speakers of note related in some way to the settlers of the colony. The music for this occasion will be such as to conform with the rest of the programme.

After this programme it is the plan of the committee to have as many as are interested motor to the scene of the early history of the colony now marked by the stone tablet situated on the Zeeland-Holland Road where ceremonies of dedication of the marker will take place. Speakers are to be secured and music rendered fitted to this occasion.

At 3:30 o'clock a base-ball game will be played at the Colonial grounds on Colonial Avenue when some good team will be secured to compete with the Zeeland American Legion team.

The evening of the first day will be featured by street sports of an amusing and interesting nature and by a Band Concert.

As on the first day of the celebration, the morning hour of the second day will be devoted to viewing the farm exhibits. The place of this exhibition will be published later.

After the free attractions have amused the public, at 3:30 another parade will take place. This time the parade will be called an Industrial Parade and will be a portrayal of the industrial status of Zeeland. This parade is scheduled to take place at 10:00 o'clock and if reports tell the truth, it will be a parade well worth viewing.

At 12:00 o'clock the Zeeland firemen have promised to give a thrill, the nature of which is a secret.

At 12:30 o'clock the committee extends a cordial invitation to all mothers to present their babies at the reviewing stand and an impartial committee will decide which of these future citizens of Zeeland is deserving of the prize.

The hours from 1:00 o'clock to 3:00 o'clock will be taken care of by the sport committee aided by the free attractions. The sport committee have arranged for an attraction of unusual merit.

Three o'clock will again find the Zeeland Legion Ball Team engaged in a contest with some strong baseball team.

In the evening of this day two interesting and instructive events will take place. First the committee has gained the consent of the National Guards of Holland to stage a drill. Second, it is expected that the Press Boys Band of Grand Rapids will be secured to give a concert such as have before this on different occasions delighted the people of Zeeland.

**JAKE ZOERMAN
SELLS OUT HARDWARE
BUSINESS HERE**

Jake Zoerman who for the past 10 years has conducted a hardware store at 13 W. 16th street, has sold the place to Jacob E. Zwemer who was employed there for some time, and William Deur head salesman of the Van Ark Furniture store.

These young men took the active charge of the business Monday morning when Mr. Zoerman retired.

Mr. and Mrs. Zoerman are planning on an extended Western trip and may settle down in Colorado.

The two new proprietors are well known in the city of Holland and no doubt will continue to have a flourishing business built up by Mr. Zoerman within the past ten years.

The new proprietors are far from being superstitious. The number of their place of business is 13 and the transfer was made last Friday.

**DOMINIE SURPRISED ON HIS
THIRTY-SEVENTH BIRTHDAY**

Thursday evening there was an unusual surprise in store for Rev. J. W. Ghysels, pastor of the 9th St. Chr. Reformed church.

Members of the consistory and their friends gathered and made a raid on the parsonage, some 30 in number and Mr. Heeringa, the oldest elder in the congregation both in point of service and in age, in well chosen words presented the dominie with a beautiful leather rocking chair, and reminded the divine that it was his 37th birthday anniversary and that in October he will have served the 9th St. Christian Reformed church for three years.

Although considerably taken aback by this unlooked for demonstration of esteem, the dominie responded as best he could under the circumstances.

An enjoyable evening was spent at the home of Rev. and Mrs. Ghysels.

**BINNS FAMILY REUNION
HELD HERE FRIDAY**

A reunion of the Binns' family was held at the home of Mr. and Mrs. Thos. R. Binns, 34 East 16th street, on Friday. The out-of-town guests were: Mr. and Mrs. Lewis D. Post, Los Angeles, Cal.; Mrs. Mary Binns, Yosthen, Long Beach, Calif.; Mrs. Elizabeth D. Mac Neil, New York City; Mr. and Mrs. Frank Binns and Miss Annabelle Binns of West Olive; Mrs. M. A. Dresher and daughter Carol of Detroit.

A 6-course dinner was served, the table decoration being Pampas plumes from Los Angeles, dahlias and ferns. The last reunion was held 18 years ago at the old homestead near Niles, Mich. The next will be held at Los Angeles, Calif.

**WILLITE ENGINEER
TO MAKE HIS HOME
IN DETROIT**

Mr. K. B. Olson and family, for many months residents of Holland, have left this city and are to make their home in Detroit. Mr. Olson is with the Willite Construction Company, and during his residence in Holland has made many friends. During the coming winter he will have headquarters in Detroit and will make weekly visits to Holland, Benton Harbor, Sparta and other places where the Willite Company has paying under construction. Until now Mr. Olson has gone out to other places from here, but the main office of the company is in Detroit and that made it necessary for him to move.

"I hope to be back in Holland next summer," Mr. Olson declared. "I like Holland better than any place I have ever lived in, and I've lived in a good many, but road men can't be choosers. I hope that I can get back next summer to make this my home again."

Mr. Olson, who has been attending council meetings regularly, is familiarly known as "Alderman Olson of the seventh ward."

The primary Christian school board has been in the habit of holding a reception at the beginning of the school year for the teachers. This year Henry Haverman, sr. extended an invitation to the fifteen teachers of the school, the principal, Mr. J. VanderArk, and the members of the board and their wives, the high school instructors, the financial agent and the janitor to spend the evening at his home Wednesday and a delightful evening was spent. An informal program was given consisting of music, extemporaneous speeches, and other features.

The meeting was also in the nature of a reception for two of the instructors who became man and wife the past summer. Miss Kuipers of the primary school, became the wife during the summer of Mr. Van Andel, instructor in the high school. The newlyweds were presented with a complete silver set. Both responded with a few words of thanks. A three course supper was served.

**MAYNARD BOONE DIES
AFTER LONG ILLNESS**

After an illness of several months, Maynard Boone, son of Mr. and Mrs. Hub Boone, died at midnight Friday night as a result of a complication of diseases. Mr. Boone would have been 21 years old next month and his death is a shock to an unusually large number of people who admired him and looked forward to a life of great promise for him.

He finished his work in Holland High school last February and since then was a student at Hope College. He was taken down with appendicitis last June and was operated upon on the night when he was to have graduated. Since June he has been ill and death came Friday night as an end to months of suffering.

Mr. Boone was one of the city's most promising athletes. He was prominent in basket ball and football, and also in base ball and other sports.

The funeral was held Monday afternoon.

**MAN 93 YEARS OLD DIES AT
COUNTY POOR FARM.**

Gysbert Overhuil, 93 years of age, passed away Wednesday at the County Infirmary, where he had long been an inmate. He went to the infirmary at Eastmanville from Grand Haven nearly twenty years ago. No known relatives of the deceased were known to be living. The remains were brought to Kiehl Undertaking rooms in this city, and funeral services were held there Friday morning at ten o'clock, with Rev. H. A. Vruwink in charge. Burial was in Lake Forest—G. H. Tribune.

**SCULPTOR HERE TO
DISCUSS PROPOSED
VAN RAALE STATUE**

Shall the city of Holland erect a statue of Dr. A. C. VanRaalte, the founder of this settlement? That question is as yet unanswered, but some preliminary steps are being taken to determine what is to be done to mark the 75th anniversary of the coming of the Hollanders to Michigan under Dr. Van Raalte's guidance.

Some months ago a committee was appointed to go into this matter, which committee is composed of G. Van Schelven, Dr. J. B. Nykerk, and Anthony Rosbach. These men have done a good deal of work in the intervening time in the nature of interviewing Chicago Art Institute officials and getting into communication with a possible sculptor for such a commission.

They believe that they have found the right man in Mr. Leonard Crunelle, of Chicago, one of the foremost sculptors in America. Mr. Crunelle has for years had as patron the internationally famous Chicago sculptor, Lorado Taft, who discovered him years ago while Crunelle was a coal miner in Illinois. Crunelle was born in Lens, France, and came to this country as a youth, working at manual jobs until his talent was discovered. He is now in middle life and at the height of his powers. He has executed a number of important statues, among them statues of Governors Yates and Oglesby, of Illinois.

Mr. Crunelle was in Holland Friday and Saturday and held a conference with the committee at the home Mr. Van Schelven Friday night. He has absorbed all the local color he could get while here and will go back to Chicago loaded with historical material. He will soon execute a miniature suggestion for a statue in clay and will then also give an estimate of cost of the proposed work. As soon as these definite facts are available the committee will make further plans.

**From Kidney Trouble
to Dropsy is next Step**

Health Talk No. 39

By JOHN DE JONGE, D. C.

Dropsy is listed as among the incurable diseases, but in most such cases, chiropractic is successful, particularly in this true when the case is taken before the condition becomes too far advanced. In dropsy there is under elimination of the fluid wastes of the body, and though other organs may be involved the principle cause always is kidney weakness.

The cause of this under elimination of fluid wastes, of course, is weakened mental impulses over spinal nerve lines, due to displacement of spinal bones. Where there is displacement of spinal joints there is narrowing of the spinal nerve opening. The spinal nerves emitting through this opening are pinched, and the normal flow of mental impulses over these nerve lines is impeded. When the organs affected are the liver and kidneys there is under elimination, and a gradual poisoning of the system results. Chiropractic spinal adjustments are necessary to restore the perfect mechanical condition of the spine, and thus remove the cause of disease.

Dropsical Condition Goes After Adjustments

"This is to certify that for two years I suffered from chronic appendicitis and kidney trouble until I was in a dropsical condition. I then turned to chiropractic and during a course of twenty adjustments I lost fourteen pounds. The adjustments were continued and today I am feeling better in every way. The appendicitis has not troubled me since the first adjustment. I cannot recommend chiropractic too highly to those who may be sufferers such as I was."—C. N. Welch, Chiropractic Research Bureau, Statement No. 1341W.

STEPHAN ELECTED CHAIRMAN AT REPUB- LICAN CO. CONVENTION

Nearly two hundred delegates from Ottawa county from the different cities and townships gathered at Grand Haven in the court house for the purpose of electing 21 delegates to the state convention to be held in Muskegon this week Wednesday on September 27.

Mayor E. P. Stephan of Holland was unanimously selected chairman while John Van Anrooy of Grand Haven was made the secretary.

On the committee of credentials was Mrs. Martha D. Kollen, chairman of Holland, Claude VanderVeen of Grand Haven and Dan Chamberlain of Coopersville.

Committee on permanent organization and order of business was William M. Connelly of Spring Lake, Fred McEachron of Hudsonville, and J. B. Mulder of Holland.

Committee on Resolutions was C. Van Loo of Zeeland, Joe O'Brien of Grand Haven, and S. L. Henkle of Holland.

The committee on permanent organization and business asked that a committee of five be appointed to select the delegates who are to go to Muskegon, subject to the approval of the convention at large.

Chairman Stephan then selected the following committee: Orrie J. Sluiter of Grand Haven, Attorney Arthur Van Duren of Holland, Attorney Jarrod N. Clark of Zeeland, David M. Cline of Spring Lake, and Henry Harrington of Olive.

After due deliberation the committee selected the following delegates to go to Muskegon and the list was approved by entire convention:

1. G. J. Diekema.....Holland
2. August Busman.....Polkton
3. Fred F. McEachron.....Hudsonville
4. John Y. Huizenga.....Holland Twp.
5. P. H. Vinkemulder.....Olive
6. A. C. Van Zoeren.....Zeeland
7. B. Kammeraad.....Robinson
8. Wm. M. Connelly.....Sp. Lake
9. A. La Huis.....Zeeland
10. C. Van Loo.....Zeeland
11. Arthur Van Duren.....Holland
12. Ben Mulder.....Holland
13. Ben Wiersema.....Holland
14. C. H. McBride.....Holland
15. Frank Brieve.....Holland
16. Martha D. Kollen.....Holland
17. C. F. VanderVeen.....Gr. Haven
18. Geo. L. Olsen.....Gr. Haven
19. John F. VanAnrooy.....Gr. Haven
20. E. P. Stephan.....Holland
21. Herman F. Harbeck.....Gr. Haven

MANY SEE FIRST CONTEST IN POOL TOURNAMENT.

A large crowd was well pleased with the exhibition at Post's Billiard Academy Thurs. night when E. Johnson defeated Otis Bredeweg by a score 100 to 76. That many exceptionally good shots were made by both players could be easily told by the repeated applause. Also many laughs were caused by the ready wit of the Referee, Henry Mulder the Dutch comedian.

UNITED CIGAR CO. TO OC- CUPY WHOLE BUILDING

The United Cigar Co. is now occupying the entire room formerly occupied by the Holland Candy Kitchen. The firm will handle a complete United Cigar Co. line, together with a full line of smokers' articles and has taken the exclusive sale of the Fuerst & Kramer New Orleans chocolates. The firm will also install a score board and will get the returns by ticker, the only one in the city that gets them in this way. Coxy Smith, Holland base ball star, will act as store manager.

NINE CITIZENS.

A curious and highly interesting story came out of Zeeland a day or two ago to the effect that nine citizens of that place have been members of the same church for seventy-five years continuously. This item is more important than may appear at first glance. The way one reacts to such a bit of local history will determine to some extent whether one has any knack for seeing the important in the trivial or not. It would be easy to meet the item with levity, or as merely curious, or as unimportant.

But whether curious or not, it tells us something about American life that we need very much to know in these days of social turmoil. These nine persons who showed their devotion to one organization during three quarters of a century are one side of American life in microcosm. The other side is very much in the consciousness of us all and on the front pages of the newspaper, the revolutionary and restless side; but the stabilizing part of the American people is little heard of. Like these nine Zeelanders, that element of the population is quiet and makes no ado about itself, so that it is often forgotten that it exists at all. But the fact is that a much larger part of the American people is made up of such persons than most of us realize. Whether the institution that holds the steadfast loyalty of citizens is a church or another organization is not the important point in this connection; the fact that American citizens ride out the social storms that are continually sweeping over us and hold their anchors firm to fundamental Americanism is highly reassuring. Some show this in one way, others in other ways, but the net result of all these ways is stability. And when it is remembered further that these nine Zeelanders were at one time immigrants or the children of immigrants, then the fact becomes still more reassuring. The immigrant is not by any means always a liability as so many orators seem to assume.

The Misses "Betty" Nibbelink and Ruth Mulder and B. A. Mulder motored to Grand Rapids Friday afternoon.

NO MORE PRIMARIES FOR OTTAWA COUN- TY REPUBLICANS

The veteran wheel horse of the Republican party in Zeeland has always been disgusted with the primary system, stating that much better officials were nominated at a convention than at a primary.

He with Joe O'Brien of Grand Haven and S. L. Henkle of Holland drafted resolutions asking that the state Legislature change this law, and go to the old fashioned convention system.

When the resolution came up for a vote there was considerable division in the eye and nay vote, and chairman E. P. Stephan asked for a rising vote on the question for passing the resolution, and about two-thirds of the delegates present voted to have the resolution passed.

The resolution follows below: The Republicans of Ottawa County in Convention assembled do declare as follows:

RESOLVED, that the operation of our State Primary Law since its inception has been utterly unsatisfactory and destructive of proper, effective and strong party action and we hereby ask the coming Legislature at its next session to reject the same and pass a Caucus and Convention system for all nominations that will bring united action by the several parties and proper protection of each against interference by the others and prevent candidates from running on any ticket except that of their own party.

SPEAKERS OUTSPOKEN ABOUT PRIMARY SYSTEM.

During the recess at the Republican County convention, Mayor Stephan didn't select the regular wheel horses of the party to make their usual brand of political speeches, but instead called upon a few hard headed business men to give their views of conditions within the party.

Fred McEachron, a banker from Hudsonville who was recently nominated to the Legislature, was very outspoken in favor of abolishing the primary system in favor of the convention system, and stated that he would do his best to have the old law repealed.

He stated that we are not getting the kind of men in public office today that we had before. Said Mr. McEachron: "What self-respecting man well qualified for office wants to gum-shoe for votes in order to get into that office, even tho' that office needs the best kind of a man?"

"The result is that the cheap politician snoopers up among the people, pats them on the back, and slips into office; not for the efficient service that he can render, but rather for a snap salary that he can pull down during his term in office and until he can pick off the next job."

"Talk about a poor man having a chance at the primaries. It cost me \$99.10 to mail one little circular letter in my small district. What would it cost a good man who may not be known about the state but still make an excellent servant if he was to run for any state office, that needed a good man?"

"What show would such an unknown but well qualified man have against a man like Henry Ford, who by virtue of his Lizzies and his service stations is known at every cross-road?"

"Under the primary system the well advertised Lydia Pinkhams would have all the show and the popularity which would take thousands and thousands of dollars to overcome by reason of the fact that the unknown man, while making one of the very best officials could not enlighten the voters by reason of the fact that it takes money in a state like Michigan to put over a campaign of education, and in a convention system, the real worth of good men, who may not have a large acquaintance in the State are brought to light to the delegates, and the pick of the state can be had while in the primary system the back patters and the good fellows well advertised have the inside track."

The next speaker called upon by Mr. Stephan was A. Lahuis of Zeeland. He also came out strongly against the primary system, stating that a self-respecting man will not go around and hound the voters for votes.

Relative to Senator Townsend, Mr. Lahuis said the following: "The Republicans of the State of Michigan showed by their votes that they wanted Newberry for Senator, and even after a recount by the opposition party who did everything to defeat Newberry, the result was not changed. Later, the United States Senate who has power to seat or unseat its own members, seated Mr. Newberry. Had Mr. Townsend gone contrary to the vote of the State of Michigan who elected Mr. Newberry after the bitterest fight he would have been a traitor not alone to his party but to the people of the State of Michigan who elected him."

"Had he gone back on his fellow seatmate in Congress to gain popular favor, to sail to success on a popular cry, then he would have been called a false friend but his position in the Newberry case, was nothing more than what a self-respecting man would do, even tho' it would harm him politically and before election more republicans will appreciate Mr. Townsend."

"Had Mr. Townsend done what some Republicans and the opposition wanted him to do, the opposition forces would have been the first to bring around the cry, 'False Friend.'"

Herman Bekker and Al Oelen of the Holland Fresh Egg Co. were in Grand Rapids on business Friday.

Just 187 Cuck hunters took out licenses in Allegan county.

TO BUILD NEW SCHOOL IN HOLLAND TOWNSHIP

A new school house will be built on east 8th street opposite the town hall. The school is to be of brick construction, a two room building, 41 by 48, with full basement.

The contract has been let to De Weerd Bros. & Steggerda, of Holland, this being that firm's first big job. Work on the new building was begun Friday morning. The building complete will cost in the neighborhood of \$10,000. It is expected to have the building finished before Christmas so that the school's Christmas entertainment can be held in it. John Kleis is chairman of the building committee.

HICKORY FOR GOLF SHAFTS GETTING SCARCE

A supply of hickory adequate to meet the demands both for internal consumption and for export from a golf standpoint, depends on two things; cutting so as to insure reproduction and the reduction of waste in lumbering and manufacture. The waste in hickory is placed at forty per cent of the yearly cut of merchantable material. The best hickory for golf shaft is heavy, has a clear ring when dropped and presents a glossy oily surface when sanded smooth. It is commonly held that "white" hickory is better than "red," by red and white meaning respectively the sapwood and heartwood. The formation in a growing tree takes place on the inner side of a bark, and each year a new growth ring is added, consisting of a hard and softer layer. The sapwood is constantly being added to the outside and constantly turning into heartwood on the inside.

The problem as to what will be done when the supply of hickory is "no mo'" is one that has long troubled those who have the best interests of golf at heart. To be sure hickory reproduces easily, and given a reasonable chance a new crop will start up promptly after a cutting operation. The demand of late years has, however, so far exceeded the supply, that the reserve of large hickory is being exhausted, and it will in time be necessary to depend largely on second growth from small holdings, such as farmers' woodlands.

The question as to just what wood was utilized in making golf shafts in the early days before golfers were acquainted with the virtues of hickory is one that has often been discussed. It is evident that when hickory was first introduced in the game and tested as a shaft material, it was such an improvement over the material then in use that its adoption was prompt and sweeping. Until the last few years, it has been practically the only shaft material and it is only lately that steel has appeared as a competitor. With steel as a substitute, the scarcity of good hickory is not such a calamity as some would have us believe.

MICHIGAN BANKERS' CONVENTION HELD IN HOLLAND

Holland was host to 160 bankers Thursday, who came here to participate in the 9th annual convention. The guests began to arrive at 11 o'clock and at 2 o'clock a registration was made of the delegates and a short business session held at the city hall.

An automobile trip was made to Hazelbank, the summer home of A.

H. Landwehr, and also to Lake-wood Farm.

A tea was also served to the guests at the home of Mrs. Arend Visscher on State Street. Mrs. G. J. Diekema being chairman of this event was ably assisted by Mrs. Charles McBride, Mrs. Martha Kollen, and Mrs. John Telling.

An elaborate banquet was held in the evening at the Warm Friend Hall at the Holland Furnace company.

At the convention it was decided that Muskegon would be the next place of meeting and as the delegates stated the sawdust city would have to go some to beat out Holland in entertainment.

When the business meeting at the City Hall was opened at 2 o'clock, Mr. Diekema was chairman of the meeting.

The following is the program of the business meeting:—

LOCALS

Steamer City of Saugatuck had a little accident half an hour out of Holland breakwater last night. The steamer left Holland dock at 10:30 P. M. and about eight miles outside the pin to high pressure piston broke and the steamer necessarily became disabled. The steamer Grand Rapids was hailed early Thursday morning while on her way to Benton Harbor and Holland and this steamer towed the Saugatuck to the Michigan R. R. Pier. The steamer Saugatuck had 56 passengers aboard some of whom slept all through the ordeal, knowing nothing about the trouble until they awoke this morning, expecting to step out on the Chicago pier.

The Grand Rapids left Mich. R'y pier at 11 a. m. with the Saugatuck in tow and will reach Chicago late this afternoon. Service will not be crippled as the Str. St. Joe which was laying up in Benton Harbor was gotten out today to replace the Str. Holland, and this latter steamer will replace the Saugatuck on the Holland division.

Rev. Nathaniel Skidmore, new pastor of the Congregational Church at Saugatuck with his family came Monday and have been busy all the week getting settled in their new surroundings. Mr. Skidmore will preach his opening sermon at the church Sunday morning at 10:30. The parsonage has been greatly improved during the past two months; the north wing moved to the rear, a fine large porch in front, new hardwood floors, the interior newly decorated and painted throughout.

With its trip last Friday the steamer City of St. Joseph closed the navigation season. Under present conditions the company could not be expected to continue the run beyond that time. Even the smallest of the G. & M. fleet is a large side wheeler, necessitating the aid of a tug in the river, and with high fuel prices its operation is costly. It is to be regretted the company size and accommodations for the spring and fall trade here. In the meantime the Holland line is still running daily and caring for our local traffic.

—Saugatuck Comm. Record.
A letter was received from Mrs. Elda Van Putten Haken, former Allegan high school teacher, written on board the S. S. Kaiser-i-hind and mailed at Marseilles. The Rev. and Mrs. Haken expect to arrive at their mission post in Bahrien, Persian Gulf, Arabia, about Oct. 1. When the letter was written, they had already visited London and Gibraltar; after Marseilles their next stop will be Port Said.—Allegan News.

The Daughters of the King class of the Ninth Street Christian Reformed church was entertained on Friday night at the home of Mrs. Andrew Rutgers at Jensen Park. A very busy business session was followed by a dainty two course luncheon, and a much enjoyed social hour, after which the 14 young ladies present returned to their respective homes via automobile.

An automobile passed through the city Saturday coming from California that had painted on the side curtains the following inscription:—"Eternity where?" and in the rear painted in large letters, "The Wages of Sin is Death." "The Gift of God is Eternal Life." We will bet our bottom dollar that the driver is not a joy rider.

The Graham & Morton Company steamers are now operating on Central Standard time instead of on "daylight saving" time. The change is made because Chicago went back to Central Standard time on Sunday which compels the G. & M. company to do likewise.

A miscellaneous shower was given at the home of Mrs. Tom Hulst at East Saugatuck in honor of Miss Dena Brink. The shower was in the nature of a surprise party and the bride-to-be received many useful gifts. There were twenty present. Refreshments were served.

A Holland Interurban car collided with a Ford car driven by a man from Grand Haven. The man claimed that his motor stalled on the track and he could not get out of the way of the oncoming car. The damage was not great. The accident took place at River avenue and 8th street.

Miss Gertrude Van Vyven and Miss Ruby Moomey, both graduates of Holland high school, enrolled as students at the Western State Normal School at Kalamazoo, Friday.

Mrs. George P. Hummer left Holland Saturday for Grand Rapids, and next Saturday she will sail for England. She will be accompanied by Miss Ter Haar Van Romeny, of Los Angeles. The two will make an indefinite stay in Europe.

Mrs. C. Rooks left Friday for her home in Los Angeles, Calif., after spending several weeks visiting friends in Holland and vicinity. She however is returning by a round-about route, and will visit several places of interest on her return home.

Miss Maxine McBride of 280 College avenue, formerly a student at Hope College, is entering the junior class at Mount Holyoke College, So. Hadley, Mass., which opened Friday with an enrollment of about 770 students. Thirty-five states, also Canada, the Canal Zone, Ceylon, China, Japan, Siam, Hawaii, France, and Czechoslovakia are represented in the list of students. Two new buildings, a science building and a residence hall are under construction to meet the demand for increased accommodations for students.

Mrs. F. J. Meyer, aged 52, died at her home at 15 East 19th street. She is survived by her husband, one son Henry, of Greenville, and four daughters, Mrs. E. Snugerink, Mrs. Jane Veltman, Mrs. John Ver Schure and Mrs. John Brunink of Holland. The funeral was held Saturday at 3 o'clock at the home. Interment was at P. M. home cemetery.

Sunday, Oct. 22, has been designated as a day of prayer for the ministerial pension fund in the churches affiliated with the particular synod of Chicago in the Reformed denomination and pastors will explain the movement in all its details to their respective congregations. The proposed plan is to raise an endowment of \$1,000,000 in five years, the income to be used toward supporting supernannated and disabled ministers. Thus far tabulated show that \$40,975.39 has been raised toward this fund.

Next Sunday evening the Third Reformed church will have a special service of welcome to the students of Hope college. All new and returning students are cordially invited to attend. The pastor, the Rev. James M. Martin, will give a message to them, taking for his subject "Does It Make Any Difference What a Man Believes?"

Among those attending the West Michigan State fair at Grand Rapids Thursday were Mr. and Mrs. Dick Van Tatenhove, William Brouwer, Henry Cook, Dick Overweg, Mrs. J. Boone, Mr. and Mrs. Al Jolderama, Mr. and Mrs. Edward Stephan, and City Clerk Richard Overweg.

The Twelfth St. Floral Shop will open a branch shop at the Pruim Music store at 19 E. 8th St. The new place will be managed by Henry Huizenga. A complete line of plants cut flowers and baskets will be shown. The shop will be called "Heinies' Place."

John Boone of Holland won three straight heats with Banjo in the free for all trot at Grand Rapids. He won second money in the 2:17 trot for \$400 with Volia Chimes.

In circuit court yesterday, Judge Dunham of Grand Rapids handed down a decision awarding Freeman Hillman of Coopersville \$804.55 in his suit against Adrian Hirdes of Coopersville.

Hope College will open the football season with Junior college on Oct. 7 in Grand Rapids. Other games scheduled are: Ferris at Holland Oct. 14; Hope at Big Rapids Oct. 28; and Hope at Adrian on November 11. Negotiations are pending with Olivet, Hildesdale and Mt. Pleasant for open dates. 28 Hopeites answered the call of the coach. From present indications Coach J. Schouten will be able to form a fairly strong squad. With the exception of Hidding, Van Lente, Doeksin, Vander Meer and Van Zanten, players of one year's experience, and Vandenbrink, Damson and Van Verst, former high school players, as a nucleus, the team will be filled with green material.

The Allegan county board of road commissioners have completed or will complete this year, all the work under construction except on road 89 between Fennville and Smith's mill pond, which will all be gaveled before July 1 next. During the coming year it is intended by the state and county to construct with concrete in Allegan on road 89 from the city limits on Grand-st. to the present pavement on Main street and from the pavement at the corner of Cedar and Trowbridge-sts. up Cedar and DeLano to the city limits, also to construct with gravel from there west to Smith's mill pond. In general other work planned is aimed at connecting open ends of the present road system.

Mrs. T. F. Bayles, wife of the Rev. Mr. Bayles of Walden, Orange county, N. Y., who has been the guest of the College at Voorhees hall for the week-end left for the East Monday morning. Mrs. Bayles came to Holland to chaperone her daughter Martha of Walden, Miss Mary Waldron of Yonkers, and Miss Dorothy Burt, of Peekskill, N. Y., all of whom have entered the Freshman class of Hope. These young ladies are among a score or more of young people that have become Hopeites. This is indeed a fine compliment that the East pays to her Western institution.

An afternoon tea in honor of Miss Ruth Smallegan was given Saturday afternoon by Miss Amy Ruth Zwemer. Miss Smallegan, a former student of Hope College, will leave this week for Chicago where she will enter the Presbyterian Hospital for training. Dainty refreshments were served and an enjoyable afternoon was spent. Those present were: Misses Alice Brower, Mary and Esther Boer, Marian Van Vessem, Adelaide Borgman, Grace DeWolfe, Jane Welling, Janet Albers, Martha Gahbar, Ethel Luidens, Anna Iben and Jean Ruigh.

Mrs. Sara E. Smith for 40 years a resident of Grand Haven, died Saturday night at Elizabeth Hatton hospital. She was stricken with paralysis six weeks ago. She was born in Rome, N. Y., in 1839 and came to Grand Haven in 1882. She has been prominent in club work and the social life of the community.

A farmer of Overisel delivered a half a crate of raspberries to the local market last Saturday. The berries are still bearing well, he says and expects to deliver some more in the immediate future unless the frost sets in. Raspberries at this time of the year furnish an unusual treat, but they have a good flavor as if they were grown during the month of July.

Between Sunday and Monday night a white frost was evident on roofs and in low places. Not much damage was done for it is about the season when the frost comes on the pumpkin.

As has often been stated weather prophets hold that the way the wind blows when seasons change, that will be the prevailing wind until the next change of season. Saturday at 3:10 (standard time) fall was ushered in, and the wind was southwest by south, and the zephyrs were warm—so draw your own conclusions.

Mrs. John Kuipers and baby and little son of four years, while riding in a buggy was struck by the 5:15 Pere Marquette train coming from Grand Rapids. The buggy was completely smashed, the occupants thrown several feet, but none were injured. The horse ran away, but was later caught. That Mrs. Kuipers and children were not killed was surely a miracle.

Zeeland is in the midst of a building boom. Twenty-five new homes will be erected this year and building along other lines is proceeding at a rapid rate. Many new hatcheries are being constructed and others enlarged. The new home of the 3rd Christian Reformed church is well under way.

A score or more of western Michigan bankers, many accompanied by their wives will attend the convention of the American Bankers' association at New York, Oct. 2-6. A special train will leave Detroit over the New York Central lines at 3:55 p. m. Sept. 30.

Harlan Hungerford has left for Oberlin College, O., where he will resume his studies at Oberlin College.

BAND BOYS NEED \$300.00 MORE FOR NEW ORLEANS TRIP

The final band concert of the season drew a large crowd Thursday evening in Centennial Park. As usual the park was black with people, and the streets around the park were lined with automobiles. The American Legion band put in its best efforts and a very delightful program was given.

When the hats were passed a total sum of \$170 was collected. This sum includes a number of checks, one of \$25, several of \$10 and some of five dollars, contributed by business men. When these large amounts are subtracted, the total taken in the collection is not as large as had been anticipated. One of the reasons given is that there was a big banquet in progress which kept many persons away who would have been likely to contribute liberally.

In order to give everybody a chance to contribute, the fund will be held open until Saturday, Sept. 30. Anyone who wishes to contribute can do so by making the check payable to "The American Legion Band Fund" and sending it to anyone of the three banks, or they can leave the money at any of the banks.

The band boys need \$300 more before they have enough to cover the expense of going to New Orleans. The total expense in railroad fare and lodging will be \$1700. The band boys during the year have saved up more than \$1200 by giving concerts and in other ways and the people of Holland are asked to contribute the relatively small balance. Some of this was donated Thursday evening and it is confidently expected that the full amount will be secured during the coming week by voluntary contributions.

BAND CONCERT PROGRAM WAS THE BEST YET GIVEN

Director Van Vyven surely gave his best in an entertaining program Thursday evening. The band never played better and the special numbers were unusually good.

Jake Vander Meulen and Frank Van Ry ably rendered a cornet duet "Elena Polka."

Arthur Smith was repeatedly called back for vocal solos and the especially popular ones were "Nobody Lied" and "Greet Me With a Smile."

Herbert Steinway gave "Love's Old Sweet Song" as a trombone solo, and Bert Brand rendered xylophone solos with the band accompanying him.

Centennial Park was as crowded as usual for the last concert of the season.

DISCUSSES AMERICA'S SHARE IN WORLD PEACE

The W. C. T. U. held their second regular meeting at the home of Mrs. J. P. Huyser, 228 W. 9th St., on Friday afternoon. Several guests were present and the well-filled rooms showed the interest in the timely subject: America's Opportunity as a Leader in World Peace, on which Prof. W. Wichers delivered a most interesting address. Said he, "As democracies grow, peace sentiment will grow. A few of the things that America has done leading toward World Peace are as follows: America has gone farther in the way of peace than any other nation, then the attitude that she has taken to nations politically inferior, such as the Philippines, Hawaii and Samoa, where the people have been educated and uplifted, also the better feeling that has been brot about between the two Americas because of right dealing. A few things which can help to create a peace sentiment in the future are: to change the way history is taught in the schools; instead of stressing war, give positive peace teaching; then the aid of the press—a journalistic press has been the cause of many wars. Also the church is beginning to recognize her obligation more to teach "peace on earth." Organized labor is another factor that can help much in the future, and lastly, womanhood, which has now come into its own, talking peace and thinking peace, is bound to have a great influence in the future of the world."

Mrs. Etta Whitman followed in the same line of thought "Our Part as Local Members" in which she gave some practical points in creating good Americans in our schools, who shall love liberty and honor the U. S. Ignorance is the greatest enemy of nations. Our children should be taught thrift and thoroughness, loyalty and patriotism and a wholesome respect for law and authority.

Parents and teachers should strive to develop in our boys and girls a feeling of brotherhood for the human race. The music of the afternoon in charge of Mrs. S. C. Nettinga was selections by Miss Janet Prakken, who sang "Down in the Forest" and the "Banjo Song." The devotions were in charge of Mrs. G. H. Huizenga and tea was served by Mrs. H. W. Smith, Mrs. C. St. Clair, Mrs. B. Riksen and Mrs. Carl Shaw.

Neile Bontekoe is seriously ill at his home, 196 West 14th street.

Mr. and Mrs. H. P. Zwemer have left for Detroit for a visit. They expect to return the latter part of the week.

The recital gives in a long succession of lightning flashes the vivid pictures of the mind of the crowned war lord who at a great moment of crisis spoke the fateful words that set his perfectly appointed armies marching against Russia and against France. To read this recital covering the years of his rule is to watch the tension grow and grow until that word was spoken. Thus is gained an intimate picture of the mentality of the ruler who precipitated the conflict that involved the whole world in its perils and losses and that ended in his own abdication and flight.

The story of that abdication as told by William constitutes a narrative of peculiar interest. The most powerful of the rulers of earth is seen standing dumfounded, abashed, alone, as if without a friend. The hesitations, the sudden rages, the crushing illusionment of the imperial sacrifice, sternly warned by his chancellor to stay away from his armies, to stay away from the country over which he had ruled so many years, an Ishmaelite invited to flee for his life before the irresistible advance of his enemies—here is an ironic picture not easily matched in the pages of history, the defeated and fugitive monarchs are plentiful in those pages.

Why did this deposed war lord fallen like Lucifer, driven by his foes, rejected by his people, fall to commit suicide? William solemnly sets forth his reasons for choosing to remain alive. And then he goes on to tell what he thinks of the peace and of the present plight of Germany and he gives his views of Woodrow Wilson and the fourteen points and of the American people. He tells, in short, practically everything that you want to have him tell you. Some of his judgments are keen and sure. Some of them are bizarre. Some of them are ludicrous. It is a most revealing story. Its hero is William the ex-God. Yet all its unique chapters, all its sketches of the characters and the motives of men in places of power, all its grandiose recitals of things achieved or attempted recall Shakespeare's lines: "For God's sake, let us sit upon the ground" And tell sad stories of the death of kings."

It is a somber recession all the close of the day of kaisers and emperors, of royal dukes and serene highnesses of every degree. It is in iron chancellor, whose services he so soon dispensed with after he succeeded to the royal and imperial eternal rightness of democracy.

THREE YOUNG MEN PLAY WOMAN SUES FOR POKER ON THE DOCK MONEY SPENT ON BOY SWEETHEART

Three young men from the G. & M. boat got a table from somewhere and placed it on Harrington's dock out of the reach of the sharp cold north wind and began a friendly game of poker.

Chief Van Ry dressed in his Sunday best, and no brass buttons, happened to stroll along and saw the men, the table, the cards, and the table stakes. He approached the table and stated that he would take a hand in the game to, but the next game would be at police headquarters. He took the young fellows up to the city hall, where they gave a cash bond for their appearance, and Monday morning Justice Jay Den Herder fined each man \$5.

They told the chief that it was so dull in town that they simply played a friendly little game for amusement to pass away the time.

The men are Fred Forsberg, Richard Bouwman and Frank Gentile.

TO HOLD TUG-O-WAR FRIDAY AFTERNOON

The annual tug of war between the Freshmen and Sophomore classes of Hope College will be held across Black River Friday afternoon, September 29.

The tug-of-war is an annual affair to decide the supremacy of the two classes, which many people attend each year.

An equal number of men are selected according to height and weight, which makes the two teams evenly matched and the contest a lively one. A member of the Junior class coaches the Freshmen, and the second year men are tutored by a Senior.

Joseph W. O'Brien of Grand Haven has been honored by the appointment as district deputy of the Elks' Grand Lodge. The appointment was made by Grand Exalted Ruler Masters of Charlevoix, Pa., and Mr. O'Brien's jurisdiction will cover one of the three districts in Michigan, where he acts as personal representative of the Grand Exalted Ruler. Mr. O'Brien has been an Elk for many years, having first entered the order as a member of Daisy lodge of Grand Rapids. Upon the organization of No. 1200 of Grand Haven, he became the first Exalted Ruler of the Grand Haven lodge.

On two occasions recently the Dutch government has shown a stingy disposition much criticized in the press. Last month the government of Portugal invited Holland to attend the observance of the 4th centenary of the death of Magellan, the famous navigator who with the Dutch seamen led many bold exploring expeditions. The Dutch government replied that no Dutch warship would be available at the time of the celebration.

This excuse made an unfavorable impression, as did the action of the Amsterdam chief of police in declining an invitation to attend the international police congress in New York City where concerted action against international criminals is to be discussed. His excuse was that economy of administration in the Dutch metropolis made it impossible for him to accept the invitation. New York thereupon sent a cable asking that a substitute be sent, but this request was also declined.

The newspapers point out that this exhibition of excessive economy will be detrimental to the good name of Holland abroad.—Detroit News.

George Carpentier the idol of France and of Europe got the surprise of his life when he was knocked out in the sixth round by Battling Siki, a colored man, Sunday.

The fight was staged in Paris and was to have been a 20-round bout. In the melee the French idol had his nose broken, and his right eye completely closed.

In the sixth round the negro fighter sent several terrific rights to Carpentier's head, and the Frenchman crumpled to the floor a badly beaten man.

The referee endeavored to disqualify the negro for "tripping" but the crowd wouldn't have it that way considering that Carpentier had been beaten fairly.

The referee then declared the colored man the winner of the bout. It will be remembered that Jack Dempsey, the world's champion also knocked out Carpentier in short order, more than a year ago.

The first Michigan Chick Hatchers' association annual auto tour of southwestern Michigan gives every indication of being a huge success.

The number of inquiries and demand for tour routings has been much greater than expected, Secretary C. J. De Koster said.

Just how many cars will be in line when the tourists leave the Michigan Agricultural college at East Lansing the trip starting point, Wednesday, De Koster could not say also he is making an effort to get everyone who will take part to notify him at once. Some 30 or 40 are expected in at the start with the number swelled to much larger figures when the tourists near the hatchery section of western Michigan.

The tour will end Friday afternoon with the annual business meeting of the association at the Lakewood Farm. The Ottawa County Hatchers' association will furnish entertainment at the final stop.

PAY TRIBUTE TO THE MEMORY OF RIX ROBINSON

There are no direct descendants of Rix Robinson, but 60 of his collateral people gathered Saturday afternoon at North Park, Grand Rapids, to honor the memory of the runaway lawyer from New York state who became western Michigan's premier pioneer and leading fur trader. Rix's only son born of an Indian mother was the gilded daredevil of this section in his time, but married a daughter of Judge Solomon Withey, settled down and became an evangelist.

Nora Miller, during the course of her true love, claimed that she had spent \$97.05 on Roy M. Keech of Jenison, according to testimony in a suit to recover expenditures in justice court before Justice J. C. Lockes recently. Justice Lockes' verdict in the case was to the effect that there was no cause for action.

Two years ago according to the testimony, a courtship began, and Keech was staked to several items by Miller. He received \$10 to purchase a ticket to Holland to cause the arrest of his father, who, he said, had struck him in a quarrel regarding the woman's intentions.

Other expenditures by the young man were \$5 for first payment on a clothes, \$7.50 to redeem his watch, \$2 for a shirt, \$25 to meet a note on an automobile and several minor items.

Keech has returned \$49.66 of the "loans," and Miss Miller is holding the bag for the other \$47.39 for the court held that she could not sue Keech a minor for anything except necessities if there were any.—G. R. News.

FORMER HOLLAND WOMAN DIES IN MINNESOTA

Word has been received by Mrs. John Stephan announcing the death at St. Paul, Minn., of Mrs. Gertrude Neimeyer. Mrs. Neimeyer was formerly Miss Gertrude Werkman of Holland. The family left Holland about 25 years ago. The deceased is survived by five children: John of Cedar Rapids, Ia.; Bert, Grandville, Mich.; Gertrude, Johanna, and Reinder of St. Paul, Minn.; five sisters and one brother; Mrs. P. Hoffman of Muskegon; Mrs. Anna Deger, Miss Jennie Werkman, Miss Hattie Werkman, and Mrs. John Stephan of Holland, and Rein Werkman of Crookston, Minn. The body will be brought to Holland for burial.

HOLLAND WINS HARD TEN INNING BATTLE SAT- URDAY AFTERNOON

Holland wound up the season in a blaze of glory by defeating Allegan for the western Michigan championship by the score of 4 to 3 in a ten inning game.

Billy Moore was the big noise of the game holding the visitors to 8 hits, half of them being of scratch variety and whiffing 14 of the hard-hitting batsmen.

When in tight places, Moore worked like a trojan, striking out the batters when a hit would have meant a run.

The visitors scored all of their runs in the seventh after two were out. Pennington singled, Ferris tapped a slow one to B. Batema, and was safe when G. Batema dropped the ball on a close and difficult play at first. Miedema waited out four wide ones, filling the sacks. Myers, who had struck out twice before with men on base, connected this time for a double over first sending in a two scorer. Ashley poked one thru the infield sending in their final run. From this on to the finish Allegan did not have a look in and not a hit was registered off Moore who seemed to be getting better. The locals however were first to draw blood. B. Batema led off in the 5th with a single; went to second on Shaw's sacrifice; G. Batema crossed up the infield by laying a perfect bunt down the third base line, leaving runners safe on third and first. Moore then wielded a wicked club and cracked out a fast one thru short scoring B. Batema with the first run of the game. The fans simply went daffy but showed more signs of insanity the next inning when Holland slipped across with two more tallies.

Anderson who was pitching a masterly game seemed to weaken this inning. Hoover singled; Woldring doubled and both scored when Japping placed a beautiful drive down the right field foul line for 2 sacks. The bleachers went wild with enthusiasm and felt quite satisfied that the game was won but as said before Allegan scored three in the next and with neither team able to score in the eighth and ninth the game went into an extra inning.

Allegan failed to do anything in their half of the tenth, but the locals came to bat with a vengeance. The crowd again went wild when Smith hit safely to short center, went to second on Spriggs' sacrifice. Hoover waited out four wild ones and the stage was set for a dramatic ending.

"Babe Ruth" Woldring no doubt the most reliable hitter this year stepped to the platter with a championship tied to his bat. Woldring swung heavy on the second ball pitched and Mr. Center Fielder turned to chase a line drive which he reached. Smith on second started with the crack of the bat and raced in with the winning run thus ending the most bitter and important struggle of the year. What better ending could one expect for the finish of a season? The 1200 fans surged on the field to heap loads of praise on the local players and Billy Moore who twirled in big league fashion. The Vandenberg Bros. offered a \$5 coupon for the most timely hit and was won by Woldring and a five gallon can of oil for the best batting average won by B. Batema. Both of these players anticipate buying cars to use up these newly acquired automobile supplies. The ball team wishes to thank publicly the fans who so generously donated to make it possible for Moore to pitch.

Score by innings—

MORE OTTAWA CO. CANDIDATES FILE CAM- PAIGN EXPENSES

Most of the candidates for county and state offices in the recent election primaries held on Sept. 12th, have been submitted to the county clerk, Orrie Sluiter a list of their campaign totals for the campaign.

Some of the candidates for nomination failed to have any expenses incident to the campaign and it is of course seen that they had no strong opposition. This was true of Orrie J. Sluiter, present county clerk and republican nominee for re-election and of Peter Rycenga, register of deeds for Ottawa county and nominee for re-election to that office on the Republican ticket. On the Democratic ballot, Earnest C. Brooks reported nothing.

The law requires that all candidates for the different offices file a list of their campaign expenses with a sworn statement signed by a notary that they are correct.

Orrie J. Sluiter, candidate for re-election to the office of county clerk, had no campaign expenses and the same was true of Peter Rycenga, a nominee for re-election to the office of register of deeds. Both of these men are running on the Republican ticket.

Hugh E. Lillie, who was a Republican candidate for nomination to the office of county prosecutor, listed his expenses at \$96. Jay Den Herder also candidate for this office filed a statement that his expenses had amounted to \$101.05 and Fred T. Miles, nominee for re-election spent \$173.99 in the campaign. In the race for the nomination of sheriff on the Republican ballot, Delbert Fortney, candidate for re-election, spent \$47.85, Hans Dykhus spent \$51.75 and Oscar Johnson listed \$61.85.

Henry J. Boer of Grand Haven, a nominee for coroner on the Republican ticket listed \$4.25 campaign expenses.

William M. Connelly, Republican nominee for state senator from the 23rd district listed \$161.70 for his campaign expenses.

In the race for state representative on the Republican ballot, H. H. Averill listed \$1.46, Fred McEachron spent \$99.10 and Gerrit Kooyers spent \$23.75.

HOLLAND MAN HITS FREIGHT CAR WITH VERY SERIOUS RESULTS.

Ed Bontius, living at 311 W. 22nd street while going down the Waverly road endeavored to bunt a freight train off the track.

Bontius went through the windshield and when found was lying over the radiator, weak from loss of blood.

Louis Shriver happened along at that point and took Bontius to the office of Dr. Westrate, who took 9 stitches to put the young man in presentable condition.

Bontius stated that he did not see the freight train until he was right on top of it.

SERIES OF MASS MEETINGS BEING HELD IN HOLLAND

A series of great mass meetings of church workers and of all those interested in the problems of the church is being held in Holland on Tuesday and Wednesday of this week, when a synodical conference of the Reformed churches of the Synod of Chicago is to take place here. The meetings are being held in Winants chapel and in Carnegie hall. Delegates from 5 states: Michigan, Wisconsin, Illinois, Indiana, and Ohio, are here, and the six classes of the synod of Chicago are represented. There are delegates from 127 churches, each church being represented by the pastor and one lay delegate.

The Tuesday morning meeting began at 10 o'clock in Winants chapel and the Wednesday morning meeting at 9 o'clock. The afternoon meetings, also at Winants Chapel, will begin at 2. The evening meetings will be held at Carnegie Hall and will begin at 7:30. The meetings during the day are slightly more restricted in general interest than those at night, which are to be inspirational meetings and to which the general public is cordially invited. All church workers are also invited to attend the conferences during the day.

While a great many subjects will be discussed at the various gatherings and opportunity will be given for general and informal discussion, the main themes of the gatherings and their speakers are as follows: Tuesday forenoon: "The Need of Such a Conference," Rev. G. J. Hekhuis, Alto, Wis.; "Problems of the Local Congregation," Rev. H. J. Veldman, D. D., Detroit; Tuesday afternoon, "Development of the Denomination," Rev. S. VanderWerf, Holland; Tuesday evening: "Divine Resources," Rev. Meulenburg, South Holland, Ill.; "What Are the Secrets of a Powerful Pulpit?" Prof. George L. Robinson, L.L.D., professor of Old Testament Literature at McCormick Seminary, Chicago; Wednesday morning: "The Educational Program of the Reformed Church," Dr. J. E. Kuisenga, Holland; afternoon, "The Great Commission," Rev. John Lamar, Roseland, Ill.; evening: "The Leader and His Spiritual Life," Rev. James M. Martin, Holland; "Catching Christ's Vision of the World," Dr. Howard A. Johnson, president of the Chicago Ministerial Conference.

Miss Esther Ming and Miss Mary Vischer have left for Ypsilanti where they will attend the Michigan State Normal School.

SEVERE AUTO WRECK ON WEST MICH- GAN PIKE

Saturday evening Mr. and Mrs. Pat Nordhoff, 263 W. 10th St. and child, David Harold, together with Mr. and Mrs. Vern Chapman, motorist to Grand Haven with Mr. Chapman driving and Mrs. Chapman in the front seat holding the child of the Nordhoffs.

When near the city limits at Grand Haven the car of Mrs. Shelly and daughter living on the West Michigan Pike ten miles south of Grand Haven came bowling along south. The flash of headlights seemed to confuse Mrs. Shelly and a head-on collision was the result.

Mrs. Shelly was badly hurt and was taken to Grand Haven for first aid.

Mrs. Verne Chapman had her collar bone broken and the child of Mr. and Mrs. Pat Nordhoff was cut about the chin. The woman and child from Holland were immediately taken to Grand Haven where they were given medical aid, and afterwards taken to Holland in another car.

Both Ford cars turned turtle and the Shellys were pinned under their car, as were the Nordhoffs and Chappmans. Several cars passed that way and soon the cry of help brot aid and the passengers were rescued from under their respective cars.

The Chapman Ford touring car was only three weeks old, but surely looks older today with a broken wheel, windshield, axle and fender. The Shelly car was wrecked about the same way, except that the top was completely broken up.

LIST GIVEN OF THOSE WHO CONTRIBUTED TO BAND FUND

The report of the committee in charge of collecting funds for the American Legion band Monday showed that the sum of \$218.98 has been collected, including the amount received at the public collection at the band concert. Thursday night. The opportunity is left open all this week to contribute to this cause, checks or cash to be mailed or handed to any one of the three banks. The checks are to be made payable to the "American Legion Band Fund." A total of \$1700 is needed, of which the band boys themselves are furnishing about \$1300, which means that approximately \$200.00 more is needed for the trip to New Orleans.

Following is the amount collected so far:

Martha D. Kollen, \$5; Willite Road Const. Co., \$10; A. Van Ry, \$5; D. J. Du Saar, \$10; Wolverine Adv. \$5; Meyer Music House, \$10; J. P. Kolla \$25; Edgar Landwehr \$10; French Cloak \$3; Sentinel \$3; City News \$3; Bos, 24th St. \$1; Ed Evert, \$1; A. Van Putten \$2.50; Collection, \$120.48. Total \$218.98.

KENT COUNTY MAY PLACE EMBARGO ON OTTAWA MILK

In case a proposed measure goes through in Kent county or if action on the subject is taken by the state or federal governments, Ottawa Co. is likely to be seriously inconvenienced in the sale of its dairy products unless measures for tuberculosis eradication among cattle are taken. This important subject has come up and the board of supervisors defeated the measure to appropriate funds for work of eradicating tuberculosis. The following article was printed in a Grand Rapids paper and shows clearly the sentiment there.

"Ottawa county in refusing to appropriate funds for bovine tuberculosis eradication work among its herds in co-operation with the state and federal departments of agriculture, faces the possibility of having the sale of milk from its cattle barred from Grand Rapids, in the opinion of Kent county dairymen.

"A large quantity of milk from Ottawa county herds is now being shipped or trucked into Grand Rapids, from Ottawa county herds and should the state and federal governments decide to place an embargo on milk going from an untested county into a tested one, Ottawa county dairymen would be forced to find a market elsewhere for their milk.

"An embargo or quarantine of this nature is said to be under consideration owing to the rapidity with which the bovine tuberculosis work is progressing in Kent county.

"A city ordinance in Grand Rapids also requires that milk sold be from animals which have passed the tuberculosis tests."

The measure proposed for the protection of Kent county citizens is only just and if Ottawa county loses the trade into Grand Rapids, nothing can be blamed except the negligent attitude which is assumed in dealing with this proposition would result in great gains to the county itself. The health of citizens should also be considered.

Were the tuberculin tests a doubtful benefit, the idea of holding over any action would not seem so bad but when experts have proved to the satisfaction of farmers of other counties that tuberculin tested cattle give them actual gain in the long run and when boards of health in many cases require peddled milk to come from cows so tested, it would seem that Ottawa county with its usual vigor in adopting progressive measures would get behind the proposition with sufficient funds to put the thing over.

The measure asking for a fund appropriation has failed once when before the Ottawa county board of supervisors and County Farm Agent C. P. Milham plans to resurrect the issue again. It is hoped to get the farmers interested enough in the affair so that sentiment will compel action even if it is not planned for. Provision for the tuberculin testing of Ottawa county's cattle is vital.

OTTAWA DEMOCRATS HOLD CONVENTION SAT- URDAY AFTERNOON

The Ottawa County Democratic convention was held Saturday afternoon in the court house in Grand Haven and there was a good representation of Ottawa county democrats present.

In the absence of County Chairman Charles E. Misner, Secretary L. J. Vandenberg called the convention to order and read the official call. He then called on George S. Christman of Spring Lake to act as temporary chairman.

Mr. Christman appointed 3 on each committee as follows. Committee on permanent organization and order of business—John Hamm of Zeeland, Nicholas Hoffman of Holland township and Leonard Vissers of Holland; committee on credentials—E. C. Brooks, of Holland, T. F. Fox of Spring Lake, Willis Buck, of Marne; committee on resolutions—Lionel Heap, of Grand Haven, A. C. Vander Bough, of Hudsonville, and Adam Mergener, of Spring Lake.

While the committees were preparing their reports, Claude O. Taylor, of Grand Rapids, who is a candidate for congress, livened things up by giving a stirring address on the platform that he intends to make his campaign on.

The following delegates were elected to the state convention at Bay City, September 28: Charles E. Misner and Lionel Heap, of Grand Haven; John Kamps and Ben Kamps of Zeeland; Nicholas Hoffman of Holland township; Jacob Niehuis, of Jamestown; L. J. Vandenberg, E. C. Brooks, Leonard Vissers, C. Hop, C. A. Biggs and Edw. Evenhuis of Holland.

ALLEGAN COUNTY RUNS SHORT OF BAL- LOTS AT PRIMARY

The Allegan county clerk was at his wits' end, when several townships in that county telephoned they would be primary ballots short.

As luck would have it, Edwy Reid of the Allegan Gazette, had the ballots partially up in type and by putting his entire force on managed to get the ballots printed in time for distribution.

Several automobiles were hastily requisitioned and the hurry up calls for more ballots were soon answered and no voter was prevented because of the shortage, from casting his vote.

The law fixes the number of ballots to be printed at 25 per cent more than the number of votes cast for the Secretary of State at the previous election.

It has been found that there is less cutting on the secretary of state's office than on any other on the ticket and the secretary of state's vote shows more nearly the normal vote of the different parties in the different counties.

The correct number of ballots in Allegan county had been printed, however, but there was such a tremendous squabble and so many candidates out for places on the republican ticket that the normal republican vote was far in excess of the usual primary vote.

COMMON COUNCIL

Holland, Mich., Sept. 20, 1922. The Common Council met in regular session and was called to order by the Mayor.

Present: Mayor Stephan, Alds. Blue, Brieve, Drinkwater, Kammeraad, Laepple, Lawrence, Brinkman, Dykstra, Wicherink, Vander Hill and Sprang, and the Clerk.

The minutes of the last meeting were read and approved.

At this stage of the proceedings, the Council suspended the regular order of business, and the Committee on Ordinances reported having completed the revision of all the Ordinances of the City of Holland, and that under "Notices and Introduction of Bills" they would introduce an Ordinance "To Revise, Amend, Re-enact, Consolidate and Compile the General Ordinances of the City of Holland, to Provide Penalties for Violations thereof, and to Repeal all Ordinances and Parts of Ordinances in Conflict Herewith."

Whereupon, the Council proceeded to the order of "Notices and Introduction of Bills."

The Committee on Ordinances reported for introduction and ordinance entitled "An Ordinance, to Revise, Amend, Re-enact, Consolidate and Compile the General Ordinances of the City of Holland, to Provide Penalties for Violations thereof, and to Repeal all Ordinances and Parts of Ordinances in Conflict Herewith." The Ordinance was read a first and second time by its title, and

On motion of Ald. Laepple, The Ordinance was referred to the Committee of the Whole, whereupon

On motion of Ald. Laepple.

(Continued from page 5)

The Council went into the Committee of the Whole on the General Order of the Day and the Mayor called on Ald. Laepple to preside.

After sometime spent therein, the Committee arose, and through its Chairman reported having had under consideration an Ordinance entitled "An Ordinance to Amend, Re-enact, Consolidate and Compromise the General Ordinances of the City of Holland."

Penalties for Violations thereof, Parts of Ordinances in Conflict Herewith. Asked concurrence therein and recommended its passage.

On motion of Ald. Laepple, The report of the Committee was adopted and the Ordinance was placed on the order of "Third Reading of the Bills."

Third Reading of Bills. An Ordinance entitled "An Ordinance to Amend, Re-enact, Consolidate and Compromise the General Ordinances of the City of Holland, to Provide Penalties for Violations thereof, and to Repeal all Ordinances and Parts of Ordinances in Conflict Herewith," was read a third time, and.

On motion of Ald. Laepple, Resolved that said Ordinance do now pass.

Said resolution prevailed all voting Aye.

Mayor Stephan stated that Ex-Ald. B. Wiersma, although defeated for office last spring, continued faithfully to serve with the Committee on Ordinances in the work of revising the Ordinances of the City and should receive recognition for same.

Whereupon, on motion of Ald. Laepple,

The Council extended a unanimous vote of thanks to Ex-Ald. Wiersma for his faithful work with the Committee on Ordinances in revising the several Ordinances of the City.

The Council here resumed the regular order of business.

PETITIONS AND ACCOUNTS.

Thos. Smeenge petitioned to come under the Compulsory Sewer Ordinance, being Ordinance No. 308, and to have his premises described as Lot 51 of Slag's Addition, connected with the sanitary sewer.

Granted.

J. H. Oosting petitioned for license to engage in the business of constructing side walks, and presented bond as required with H. Oosting and Egbert Kas as sureties.

Bond and sureties approved and license granted.

The Holland Rusk Co. called the attention of the Council to the fact that the surface drainage pipes on Ninth St. between Columbia and Lincoln Aves. were not large enough to take care of the surface water in case of a sudden down-pour or steady rain, and that they have sustained great loss to stock being damaged in their basement, and requested the Council to take some action to remedy such conditions.

Referred to the Committee on Streets, Drains and Water Courses.

Henry Kievit petitioned to come under the Compulsory Sewer Ordinance, being Ordinance No. 308, and to have his premises described as W. 1/2 E. 1/2 Lot 8, Block 23, connected with the sanitary sewer.

Granted.

Holland Gas Works submitted their operating report for the month of July, 1922.

Filed.

J. Vogelzang applied for a permit to construct a store building at the southeast corner of First Avenue and 16th St., at an estimated cost of \$4,000.

Referred to the Aldermen of the 6th Ward with power to act.

Mrs. M. Nagelkerke and others reported as follows:

"We, the undersigned, do hereby withdraw our support and signatures from the petition of J. Vogelzang in granting him the privilege to build a hardware store on the south east corner of First Ave. and 16th St. After careful consultation we came to these conclusions: that it lowers the valuation of property and increases the insurance policies considerably for those living in the immediate vicinity, that it destroys our residential district."

Referred to the Aldermen of the 6th Ward.

Mrs. May Ingham and others petitioned the Council to investigate the critical condition of E. 6th St. directly opposite the C. P. Lambert Co. property, stating that a surface sewer is in use at the C. P. Lambert Co. that throws waste water on the street which is not only unsanitary in every respect, but owing to the bad condition of the street in general, has cut gulleys in the street to the depth of from 8 to 12 inches making travel precarious.

Referred to the Committee on Streets and Crosswalks.

REPORTS OF STANDING COMMITTEE.

The Committee on Ways and Means reported as follows:

"The Committee on Ways and Means have taken up the question of negotiation of the Special Improvement and Fire Truck Bonds with the Board of Public Works. The Committee recommends that the River Avenue and 17th St. Improvement bonds and the 19th St. Improvement bonds be sold to the Board of Public Works, and regular bonds be issued therefor at 6%, and that the Fire Truck Bonds be sold to the Board of Public Works, and Certificates of Indebtedness, payable to the Board of Public Works, be issued by the City of Holland payable in the sum of Two Thousand (\$2000) Dollars annually beginning 1924. These Certificates of Indebtedness to bear interest at the rate of 2% per annum.

It is understood between the Board and Committee on Ways and Means that the interest now being received by the City on daily balance shall remain the same for the balance of the fiscal year."

Adopted.

The Committee on Streets and Cross Walks to whom was referred the petition of B. Vander Ploeg to

install a gasoline pump in the Street abutting his premises on E. 16th St., reported having investigated the matter and that the petitioner was anxious to install same so as to take advantage of Fair Week, and permitted such a pump to be installed and asked the Council to approve of their action in so doing. Approved.

The said Committee to whom was referred the petition of the Holland Auto Co. to install a gasoline pump on the River Ave. side of their premises at the southeast corner of 16th St., reported having investigated the matter, and that because of the culvert under the side walk immediately west of their premises, recommended that permission be granted to install a tank under the ground between the side walk and curb at said location, under the supervision of the City Engineer. Adopted.

Said Committee also reported recommending that the horse trough located at the southeast corner of River and 16th be removed. Adopted.

The Committee on Claims and Accounts reported having examined the following claims and recommended payment thereof:

PETER PRINS, IN THE WAR ZONE, WIRES THAT HE IS SAFE

When Peter Prins, Hope College graduate and a son of Mrs. T. Prins, 361 Central Avenue, comes home he will probably have a thrilling story to tell of experiences in the present war zone where the Turks and the Greeks are threatening to drag the larger nations of Europe into a general conflict. Mr. Prins was in Thrace during the hostilities and his family here has passed through some anxious days waiting to hear from him. They are beginning to fear that he might have fallen a victim to the new war until on Friday a cablegram came through at last giving the information that he had arrived in Constantinople and that he was safe.

This wire, which gave no further details, has greatly relieved the family. Word has been expected from him for some time because he was about to sail for home, and when the present war broke out the family naturally became anxious. Instead of seeing him come home after an absence of more than three years they were beginning to fear that he might not come at all.

And even now it is uncertain when he will be able to get away from that storm center of the world. His term of service in the Near East was up the first of June as he had made a contract for a period of three years, but so far he has not been able to break away. But the family hopes to get definite news soon of his date of sailing.

On his graduation from Hope College Mr. Prins went to Constantinople to engage in teaching. After a year of that he took a position with the Near East organization and in that capacity he has had a most interesting career, introducing American methods of farming to the refugees and helping to place them on the land as self supporting citizens. If the war fever spreads in that section it is possible that most of his work may be undone, but it has more than once been described in newspaper dispatches as one of the most hopeful features of the Near East Relief work.

ISSUE 75,000 OVER RECORD NUMBER OF AUTO LICENSES.

A new high record exceeding, according to estimates, any previous mark by approximately 75,000, will be set this year in the number of motor vehicles registered in Michigan. Up to the middle of Sept. the department of state had issued between 540,000 and 500,000 sets of license plates. Before the end of the calendar year it is believed the total will be well over the 550,000 mark. The greatest previous number of licenses issued was last year with a total of 407,037 for pleasure and commercial vehicles.

FRIENDS THINK HOLLAND MAN HAS A CHANCE TO WIN

Friends of Fred Kamferbeek in Holland and in other parts of the county are making the claim that the former Holland chief of police has a chance to win the election as sheriff of Ottawa county in November. These claims are said by some of those who make them to be based on more than the mere wish that he will and are the result of careful political calculations.

It is admitted even by those of the Holland man's friends who are the most hopeful of his success that he will have to work hard in order to win. It is no easy matter for any Democrat to win office in Ottawa county, and there has been no Democratic sheriff for so long that the present generation of younger voters do not remember the time. To overcome the normal Republican majority is a trick that few aspirants for the office of sheriff on the Democratic ticket have turned, and if it is done this year it will have to be by the hardest kind of campaigning.

But granting this, Mr. Kamferbeek's friends declare that it can be done this year, and all Ottawa county plans of the Democrats are made with this contingency in mind. It is freely admitted by the most ardent Democrats that there is no real chance for capturing any of the other offices in the county. It is believed by members of that party that in the state contest W. N. Ferris has a slight chance to be elected U. S. Senator, and the Ottawa Democrats will, as a matter of course, try their best to roll up as big a vote for Ferris as possible in this county. The Big Rapids man has always had many friends in Ottawa, some of whom are former pupils of his.

But Ferris and Kamferbeek are the only two men who are believed to have a chance to carry Ottawa county. Much water will still flow under the bridge before the November election comes, but that is about the way it stacks up just now.

DON'T SELL "MOON" IN IN YOUR HOME OR LAW HAS SEARCH RIGHT

According to a decision by Circuit Judge Parkinson in Jackson, officers have a legal right to enter a man's home or place of business in the future and arrest him if they see him in the act of selling "what appears to be moonshine whiskey." Judge Parkinson denied a motion to quash a case against Peter Semo, alleged prohibition law violator, in which several bottles of so-called questionable "thirst quencher" were found when Semo's place was raided by the police.—G. H. Tribune.

The boat will leave Holland on time tonight and the Steamer Grand Rapids leaves Chicago on time tonight. There was no disorder among the passengers as the lake was perfectly calm. Practically all the passengers transferred to the Grand Rapids this morning and these were given rooms and also their dinners. All were happy.

MICHIGAN VOTERS TO DECIDE ON THREE AMENDMENTS

At an election to be held in this state on Tuesday, November 7, there will be submitted to the electors three proposed amendments to the Constitution of the State, as follows:

A proposed amendment to the Constitution providing that Article XIII be amended by adding a section to be known as section 5, to read as follows:

Sec. 5. Subject to this Constitution the legislature may authorize municipalities, subject to reasonable limitations, to condemn and to take the fee of more land and property than is needed in the acquiring, opening and widening of parks, boulevards, public places, streets, alleys, or for any public use, and after so much land and property has been appropriated for any public purpose, the remainder may be sold or leased with or without such restrictions as may be appropriated to the improvement made. Bonds may be issued to supply the funds to pay in whole or in part for the excess property so appropriated, but such bonds shall be a lien only on the property so acquired and they shall not be included in any limitation of the bonded indebtedness of such municipality.

This proposed amendment, if adopted, will empower the legislature to authorize municipalities to acquire land and property in excess of that needed for parks, boulevards, streets, etc., and issue bonds for the payment of same.

A proposed amendment to Section 3 of Article X, to read as follows:

Sec. 3. The legislature shall provide by law a uniform rule of taxation, except on property paying specific taxes, and taxes shall be levied on such property as shall be prescribed by law. Provision may be made by law for a tax of not to exceed four per centum upon or with respect to the net gains, profits and incomes from whatever source derived, which tax may be graduated and progressive and which may provide for reasonable exemptions. For the purposes of such tax, property and persons, firms and corporations, upon which such tax may operate may be classified; provided, That the legislature shall provide by law a uniform rule of taxation for such property as shall be assessed by the state board of assessors, and the rate of taxation on such property shall be the rate which the state board of assessors shall ascertain and determine is the average rate levied upon other property upon which ad valorem taxes are assessed for state, county, township, school and municipal purposes.

This proposed amendment, if adopted, will authorize the enactment of an income tax law providing for a tax of not to exceed four per centum upon net gains, profits and incomes, and providing for a classification of property and persons upon which such tax may operate.

A proposed amendment to Article VIII, by adding section 30, to read as follows:

Sec. 30. The legislature may provide for the incorporation of ports and port districts, and confer power and authority upon them to engage in work of internal improvements in connection therewith.

This proposed amendment, if adopted, will authorize the legislature to provide for the incorporation of ports and port districts with power to engage in work of internal improvements in connection therewith.

Proposed Improvement of Part of Seventeenth Street

Notice is hereby given that at a meeting of the Common Council of the City of Holland, held September 6, 1922, the following resolutions were adopted:

Resolved that Seventeenth street from the east line of River Avenue to the west line of Central Avenue be improved and paved with a two inch sheet asphalt wearing course on the present gravel road bed built up and widened to a thickness of six inches with crushed limestone, and that such paving and improvement shall include the construction of the necessary curbing, gutters, manholes, catch basins and approaches in said portion of said street and said improvement being considered a necessary public improvement; that such paving and improving be done in accordance with the plans, diagrams and profile of the work prepared by the City Engineer and now on file in the office of the City Clerk; that the cost and expense of constructing such pavement and improvement with the necessary curbing, gutters, manholes, catch basins and approaches as aforesaid be partly paid from the General Street Fund of the City, and partly by special assessment upon the lands, lots and premises abutting upon that part of 17th street between the east line of River Avenue and the west line of Central Avenue, as follows:

Total estimated cost of paving and improvement including cost of surveys, plans, assessment and cost of construction, \$4,464.70; that the entire amount of \$4,464.70 be defrayed by special assessment upon the lots and lands or parts of lots and lands abutting upon said part of 17th street according to the provisions of the city charter; that the lands, lots and premises upon which said special assessment shall be levied shall include all the lands lots and premises abutting on said part of said street in the city of Holland; all of which lots, lands and premises as herein set forth to be designated and declared to constitute a special assessment district to defray that part of the cost of paving and improving part of 17th street in the manner hereinbefore set forth, said district to be known and designated as the "17th Street Paving Special Assessment District" in the City of Holland.

Resolved that the profile, diagram, plans, and estimate of cost of the proposed paving of 17th street from the east line of River Avenue to the west line of Central Avenue be deposited in the office of the clerk for public examination and that the clerk be instructed to give notice thereof of the proposed improvement and of the district to be assessed therefor, by publishing notice of the same for two weeks and that Wednesday, the 4th day of October A. D. 1922 at 7:30 o'clock p. m. be and is hereby determined as the time when the council will meet at the council rooms to consider any suggestions or objections that may be made to said assessment district, improvement, diagram, profile and estimate of cost.

LIVE LONGER BY LIVING RIGHT!

If we would live longer, we must employ the very thing that we would live longer for—Happiness. An old grouch dries up pretty fast—the faster the better, no doubt.

Let's live in homes that make us truly contented. Let's not fool ourselves as so many have done, hunting for pleasure. If we can be happy at all it will be right where we live. Let's make our homes cozy, cheery and wholesome.

To thousands of folks just like ourselves, it means a great deal to know that

George W. Mc Bride of Holland has spoken several times during the week for Grant and Wilson clubs. No need of it Mac, the jig is up. Come and let us get ready for the burial. Late dispatches—Great rejoicing in Republican camp. Pennsylvania 30,000 republican majority; Ohio, 20,000; Indiana, close to 1,000; Nebraska, 5,000; Michigan, 40,000. Glory enough for one day. Grant and Wilson are elected president and vice president.

Attention farmer readers. Those subscribers who have wood to spare can fetch it right along. One cord for one year's subscription. Note—Later it is evident that the News received plenty of wood at that price and the editor called a halt on the "fetching" of any more.

FORTY YEARS AGO

Rokus Kanter and his son L. T. Kanter, left for New Orleans, La., and Galveston, Texas last Thursday. There \$500,000 worth of U. S. harbor contracts are to be let next week and it is believed that the local man will be able to get some of this work. Note—Mr. Kanter did land one of the big contracts at Galveston, Tex. amounting to several hundred thousand dollars. The Kanter method of building harbors was along the line followed in the Netherlands in dyke construction, namely by cutting of brush and tying these in bundles and lining the harbor piers with these bundles of brush. In the early days Holland Harbor was constructed in that way and it was the most efficient method in harbor building in those days. The old gentleman Kanter also landed contracts at Lincolnpark and Buffalo, N. Y., and this harbor construction work in the early days was the foundation of the Kanter's fortunes at that time.

We have been shown a copy of an architect's draughts of the new block which H. Boone proposes to erect on the corner of Eighth street and Market avenue next spring. The building is to be of brick, three stories high with basement and will contain three good stores when complete cost \$15,000. Note—Apparently when spring came the plans were slightly changed, as only two stores were built, one occupied by the First State Bank and the other by the U. S. Postoffice. The building is now owned by A. Peters, proprietor of the 5 & 10 cent store. Note—The difference in building prices. The large brick block cost no more than a substantial home does today.

Editor Isaac Verwey of De Grondwet addressed a large republican meeting of Hollanders in Muskegon and Isaac is some spellbinder. The Wolverine Electric Light plant commenced this week with running all night. The increased use for domestic purposes made it incumbent upon them to do so. Note—This was the first electric light company in Holland. It was located in the Huntley Machine shops on 7th street and the late Al Huntley and A. Mc Nabb of the Pere Marquette were prominently interested. Mrs. McNabb at that time collected the electric light bills. The municipal plant made possible by the vote of the people put the private plant out of business. These folks however were the pioneer electricians of Holland.

The German Kaiser's Own Story

The long-awaited autobiography of Germany's deposed emperor will be published in The Chicago Daily News, beginning Tuesday, September 26, continuing in daily installments until completed.

The story is well told, and will command the attention of readers everywhere. Many of the author's opinions and statements are fantastic from the American point of view, but interest in the narrative is increased, rather than lessened, by this fact. Old controversies are sure to be revived, old discussions renewed, by the former kaiser's defense of Germany and his attacks on the leaders of other nations. For instance, he takes seriously the old absurd canard about a secret treaty against Germany and Austria, in 1897, by the United States, Great Britain and France. This is only one of his declarations that will amaze—and amuse—the American reader.

Beginning with a chapter on Bismarck, the ex-emperor traces history through four decades. In a general way the story is chronological, although in the opening chapters the writer often diverges into events long past, or into the remote future. But from the time he reaches the period immediately preceding the world war the story moves in rapid action and is in many respects informative, notwithstanding the author's prejudice, eccentricity, and, in many instances, his surprising misinformation.

It is a story of absorbing interest to the reader of history and of current events alike, and is bound to create a world of discussion. It deals not only with the direct events of the war, but covers a mass of most important collateral matter intimately or remotely related to the war.

Here are some of the significant "high spots" in a topical analysis of the story:

Why Bismarck Went Out
Diplomacy With England
Tangier Visit and Moroccan Crisis
Germany's Denial of War Aims
Propaganda Before War
Germans and Art Treasures
"The Wrong of Versailles"
Secret Talks with the Czar
Visit to Victoria's Deathbed
King Edward's "Encirclement"
Failure of German Diplomacy
Attitude of Sir Edward Gray

Emperor Karl of Austria
Swapping Zanzibar for Heligoland
Chamberlain Offer of Alliance
Russians as Asiatics
Germany's Naval Plans
Charges of Atrocities
Wilson and the 14 Points
Germany When Defeat Came
Fatherland and World's Opinion
The Flight to Holland
Why Kaiser Avoided Suicide
Germany of the Future

Publication of this remarkable autobiography began this week in The Chicago Daily News—the first installment on Tuesday, September 26. Newsdealers throughout the northwest have increased their usual supply of the paper, and can give new readers either back numbers beginning with Tuesday, or an advance "reprint" of all the chapters printed in the paper from Tuesday, September 26, to Saturday, September 30, thus insuring to every new reader "The German Kaiser's Own Story" from the beginning.

Readers who find it more convenient to get the paper by mail may send \$1.00 to The Chicago Daily News, 15 North Wells street, Chicago, and get it, postage paid, daily for two months.
