## Resmus Curses Judge Miles When Sentenced

PLANNED JAIL BREAK, OFFICERS CLAIM—BARS SAWED

Letter Indicates Attempt Made to Get Guns—Resmus Denies He Wrote Letter.

There has been considerable excitement in our neighboring city of Grand Haven within the last month—a bank robbery, a murder and now an attempt at jail breaking.

Officers claim that Joe Resmus of Grand Rapids, convicted of breaking and entering at Spring Lake and also has a list of alleged Holland crimes, chalked against him, attempted a jail delivery, it was revealed in circuit court as he was sentenced immediately following the verdict of the jury by Judge Fred T. Miles for 10 to 22½ years at Jackson prison, according to the Grand Haven Tribune.

The desperate plan of bringing guns to the jail, where a bar in one of the windows on the south side of the bull pen had been sawed, was revealed through a letter which was intercepted by Sheriff Ben Rosema as it was being taken to mail by one of the night lodgers. Judge Miles referred to the letter before sentencing the man but did not read it through as Resmus yelled out: "You can't prove that I wrote that letter."

A double armed guard has been placed on the county jail since Monday when it was discovered that the bar had been sawed through and a getaway was being planned which should have gone through on Monday night. This failed evidently and the letter was sent out Tuesday morning by Resmus in hopes that a break might be attempted by his pals on Tuesday night. Resmus declared in the letter that he "would not go to the big pen."

As Resmus left the courtroom he yelled out to the judge: "Why didn't you make it ten years longer," and then uttered several oaths. He was hustled back to the jail into a single cell and every precaution was taken to prevent a break.

The letter was written on tablet paper in pencil in poor handwriting and was addressed to a sister.

The letter read:

"What's the matter with Joe why in h— didn't he get those rods (guns), here last night. If he doesn't tackle it tell Miller I mean business. I'm going up for trial tomorrow and I'm not going to that big pen for I know if I do that I have another jolt waiting. Send those rods tonight and tell Miller that these damn Dutchmen sleep sound as snakes and not to be afraid."

"Wrap the rod in burlap sacks and soak them in water so they won't make any noise when they push them through the third window on the south side where the bars are cut."

"I've got to make an escape and I'm going to make it. So do not delay but get busy at once. Joe, your brother."

"P. S. If these rods are not here on time I deserve a break. If I don't get it I'm going to squak and squak till I die."

Sheriff Rosema was tipped off some time ago by one of the prisoners in the bull pen that Resmus was up to something. Resmus has had visitors during the several weeks he has been in prison. Resmus and his brother-in-law, Harry Miller, were heard talking in Polish about an escape. The other prisoner could not understand it all but he got enough to know that an escape was being planned. Later Sheriff Rosema discovered the cut bar through some shavings that Resmus had forgotten to brush away. It was done with a small saw, probably brought in by some of his friends.

Guards have been kept for two nights in the county clerk's room in the courthouse which overlooks the window and another armed guard was placed in the dining room of the jail which also overlooks the place. If any attempt had been made the jail breakers would have stood little chance, said the sheriff.

It was discovered that Resmus had given instructions to slide the guns through the window and to have a hook on the bag so that Resmus could drag them into the cell. If he had succeeded no man's life in the jail would have been worth anything, said Sheriff Rosema today, for the man was desperate and would have shot down anyone in his way.

Resmus has been a very disagreeable prisoner ever since he was picked up after the Spring Lake job. He boasted among the prisoners that no one would ever take him to Jackson. He also told the sheriff that he had had plenty of chance of going into the big racket using "rods," but he had stuck to the smaller game and had got by.

Resmus has a long police record and served at the Jackson prison in 1930 for larceny as Pete Resmus. He served as Joe Resmus at Jackson prison for burning and destroying personal property in Allegan county. He served six months and then was paroled.

He was charged with grand larceny at Detroit but was acquitted and released. He was sent back to Jackson from Grand Rapids that same year for the larceny of an automobile. He was later sent to Jackson in June, 1931, as a parole violator and in November, 1931, was discharged.

Then followed a series of arrests for minor offenses with several jail sentences in various parts of Michigan. Last June he was arrested for breaking and entering in the night time in a home in

## SPRING LAKE MAN TO TAKE OLD TOURING CAR TO LEGION MEET

Joe Donner of Spring Lake will drive his 1910 Ford touring car to Chicago where it will be entered in the American Legion parade next week. This car, a real antique, has oil and gas lamps, surrey top, old-fashioned high wheels and is one of the oldest models in this section of the state, it is believed.

The Grand Haven Chamber of Commerce has donated \$10 for the construction of a Tri-Cities sign which will be placed on top of this car and the name of Grand Haven, Spring Lake and Ferrysburg will be shown to the thousands who are expected to view the big procession as it winds down Michigan avenue on October 3.

The Michigan delegation headquarters will be at the Morrison hotel and the delegation will line up for the parade on Huron street just east of Michigan avenue at 2 p. m.

### OUR RESORT NEEDS

It may appear rather premature to speak of resorts just as the last stragglers are wending their way homeward with the approach of winter. Facts and figures show that the resort business is our largest industry and about the only one to keep up the pace through these trying years. The influx of millions from other states have meant millions in dollars to Michigan. The outside tourists have paid into the coffers of the state large sums in gas tax. They have spread money liberally in every community where a resort exists.

Holland, Ottawa and Allegan counties are favorably situated. It would be difficult to estimate the amount of money left in this vicinity because of the tourist trade—it must be a tremendous sum.

The traveling tourist is only a part of the benefits. Because this is a resort district folks from abroad have come to build permanent homes. Today these extend from Saugatuck nearly to Grand Haven along Lake Michigan and completely surround the inner bays or tributaries—Holland's Macatawa bay being a shining example.

Holland merchants and manufacturers indeed have been liberal the past year in helping to support the Tourist and Resort association, official sponsors who contact the out-of-state public through a program of advertising—selling to them the fact that western Michigan is the "summer playground of America."

We would also like to point out to the Ottawa and Allegan boards of supervisors that in their view economy program they should not lose sight of our resort possibilities and the tremendous tax revenues that the building up of the resorts have made possible. We admire the supervisors in prudently following the wishes of the people in making necessary and often drastic reductions, thus relieving the tax burden.

However, we also believe that a little help to the Tourist and Resort association at this time would be no more than fair. Any effort by that body is immediately reflected in resort development and such development cannot help but augment the volume of summer resort property tax and special taxes that the county will receive on newly developed properties. More new roofs and more improved property means a greater spread of taxes over a greater number of tax payers and this should bring a material reduction to the individual property owner.

The amount of money spent in the state of Michigan by tourists in 1932 was \$350,000,000. It is almost unbelievable but these figures have been verified and found to be correct. Compared to these figures the promoters have received but small remuneration for their efforts which have brought such outstanding results.

The Century of Progress has made some inroads during the past year but next year with purported better times ahead and the World's Fair closed should mean a banner year for this resort district.

May we ask that not only the board of supervisors, but every civic body, every organization and every individual become resort-minded from now on—for not alone are these resorts the playgrounds for those from afar but they are our own playgrounds although we do not realize it fully, having taken the resorts as a matter of course. Together with these recreational advantages, which you can have for the asking, this vicinity reaps annually a golden harvest that up to this time has been received with but little extra effort.

Holland township. He was released on \$1,000 bonds and was picked up in Spring Lake last August and has been held without bonds since. Resmus is 23 years old.

He was taken to Jackson early this morning handcuffed to William Boeve, chief deputy, and accompanied by Maurice Rosema and Tony Van Housen. The full information as to the attempted escape was sent to Jackson by Judge Miles.

## Sunday School Convention Next Tuesday

"COUNTY SEAT" IS MAKING ELABORATE PREPARATIONS TO RECEIVE 500 DELEGATES

Holland and Zeeland and lower Ottawa county are to send many delegates and visitors to the forty-sixth annual Ottawa County Sunday School association convention to be held in Grand Haven next week, Tuesday, morning, afternoon and evening.

Those interested are setting the day aside for that purpose and a veritable motorcade will be seen wending its way early Tuesday morning over US-31. Grand Haven is making elaborate preparations to receive these delegates and many accompanying guests and large local committees have taken the details in charge.

Holland has also repeatedly been host to the Ottawa County Sunday School association and annually the place of meeting is changed to different localities. The east part of the county is expected to be chosen for next year.

The morning session will be held in the First Reformed church of Grand Haven, beginning at 9 o'clock with registration of delegates, which has a 50c fee obligation. The song service will be conducted by Mr. John Vander Sluis beginning at 9:15 o'clock. This session will continue until noon, and will contain sessions by Rev. J. W. Leedy of Wheaton college; J. J. Bolt of Grand Haven; C. Poest of Zeeland; Rev. H. Dykhouse of Zeeland; Martin Nienhuis of Fillmore, and Rev. Raymond Druker of Grand Rapids.

The afternoon session will also be in the First church, beginning at 1 o'clock. This time will be devoted to a business session.

## FIND BODY IN LAKE MICHIGAN OFF GRAND HAVEN

The Grand Haven coast guard surf boat under Boatwain William Preston picked up a body about 40 miles off this shore last night. An identification card in the clothes gave the name of George Sabo. He looked to be about 45 years old.

Officers stated the body had been in the water for some time, but the writing on the card was legible. It gave an address, Lakeview hotel, Milwaukee, Wisconsin. He was well dressed in a brown suit, black shoes, white shirt with blue diamond spots. A small amount of change was found in the pockets, but there was no jewelry.

## Former Sheriff Steketee Case Is Dismissed

Jury Fails to Find Ex-Sheriff Guilty of False Imprisonment Charge

The case brought against Cornelius Steketee, former sheriff of Ottawa county, charging false imprisonment, was dismissed from circuit court when the jury brought in a verdict of no cause for action about 9 p. m. Tuesday night, being out only a short time.

Mrs. Leonora Baker, Grand Rapids, formerly of Wright township, charged the defendant with false imprisonment while he remained at the county jail pending a hearing in the probate court following a petition by her former husband, Frank Baker, for a mental examination. She was released by Judge Fred T. Miles who was acting in place of the late James J. Danhof, judge of probate.

Mrs. Baker and several witnesses declared that she was not allowed to go out of the jail during the three days she remained there and was accompanied to and from the courthouse by an officer. She complained that she was kept in a cell that was locked during her stay. She admitted that she entered the jail voluntarily but expected to be allowed to come and go freely.

Sheriff Steketee took the stand and said he knew very little about the case as he was away most of the time on an important case. His deputies took care of the woman at the time, he testified. Several witnesses for the plaintiff testified that they were not allowed to take Mrs. Baker out of the jail and that the sheriff had stated to them that a court order would be necessary before he could release her. Sheriff Steketee denied the testimony.

In the opening statement the defendant's attorney claimed she was brought to this city to appear before probate court and it was her desire to remain in the county jail until the date of the hearing. The defendant claims that her doors were not locked in the day time although they were fastened at night.

Mrs. Baker was the first witness this morning and told the court she is the former wife of Frank Baker, from whom she was divorced in the spring of 1932. She has four children and formerly lived in Wright township.

The plaintiff was represented by Thomas B. Anderson and George C. Brown, Grand Rapids. The defendant's attorneys are Shields, Silsbee, Ballard, Jennings, Alexander, McCaslin and Choletier, John R. Dethmers and Louis H. Osterhouse.

## Inception of Holland's Coast Guard Station 50 Years Ago

REVENUE CUTTER "THE ANDY" JOHNSON

The above picture was taken 50 years ago when the "Andy Johnson," United States revenue cutter, made this port rather unexpectedly. The steamer came here for the purpose of locating a life saving station. In those days, as now, pressure was brought on the congressmen for a station and, as now, the government went through a great deal of red tape before anything materialized. It was not until three years after the "Andy Johnson" made its first visit that it came in again with engineers and apparatus to make a beginning on the building of the station and to equip it with boats and to provide the crew.

It was in July, 1886, when Captain Charles Morton, who was to have charge of the station, came to supervise the construction of the building on the site where it is now located. It was also the captain's duty to select the crew, which was done by August 1st of that year. There was some hard drilling, according to the schedule as it appears in the Holland City News of that date.

Monday and Thursday the crew practiced "short-line" Tuesday was "boat drill," Wednesday was "flag drill," Friday was "resuscitation day" or rather practice for reviving drowning persons. Saturday was clean-up day when the brass nickel

"man jack" of his crew fairly worshipped him. The Holland of those days and the resorters of yesterday had the same high regard for Charles Morton, who years later became head of the Coast Guard district embracing all the ports on Lake Michigan.

The Coast Guard drilling ashore as well as the boat drill was often featured. Shooting the line from mortars over a yard arm or a spar to a supposed wreck was one of the thrilling features but the saving of a man after the line was shot was a man after the ship in distress to shore over this line was the climax of Captain Morton's crew in these programs given for the edification of those visiting the resorts. These drills were part of the life saving station work and have come into active play often during these 50 years.

Referring to the "Andy Johnson" again the picture conveys something else. This large side-wheeler, owned by Uncle Sam, is tied up at Harrington's dock. The dock was owned by the late E. J. Harrington, a prominent merchant of the general store type. He also dealt in lumber, staves, railroad ties and other commodities brought in by sailing vessel to a locality that was still in its

TAKEN 35 YEARS AGO

was shined up so you could see in it as fine as a mirror.

On Sept. 25 of that year Captain Morton selected his crew and these were as follows: First man, August Morrison of St. Joseph; second man, Adam Weckler of St. Joseph; third man, Andrew Miller of St. Joseph; fourth man, William Robinson of White Lake; fifth man, William Baker of Holland; sixth man, Charles Paget of St. Joseph; seventh man, John Smith of Holland.

The life saving station salary was not so "hot" when it was considered that the captain got \$700 and the crew received \$400 each for eight months work, seven days and nights a week.

The Holland City News devoted a column to the details about drilling, outfitting and installing of apparatus. One outstanding feature, a high light to resorters and Holland folks as well, was the self-righter, self bailer boat. An exhibition by the life saving crew with that boat was usually a part of the program with church picnics or on a Fourth of July celebration. It was a clumsy looking craft, but the crew would tip her over, holding themselves in the bottom of the boat by devices for that purpose, and the turning turtle, "bottoms up" was the thriller but she would right herself and then the water scooped up would flow out through little port holes for that purpose.

Folks would come for miles to see this stunt put on by the coast guards or rather life savers as they were called in those days.

The boat was still in commission 25 years ago when the breakwater disaster took place and three men were beaten to pieces and one was drowned, swept off the cribs.

Captain Charles Morton, the first skipper, was a much beloved man. He was the essence of honesty and although strict for discipline, every

infancy of development.

There are only a few spiles of this old dock left at the foot of Fifth street. The upper structure has long since rotted away. It was evident with this steamer making this dock easily that there was plenty of water and a natural turning basin there. The fact is that not only this steamer but all our pleasure steamers as well as the early Chicago docks docked at the head of the bay such as the Macatawa, the Barker, the Queen of the Lakes, the Post Boy, the Fanny Schriver, Twilight, the Lizzy Walsh and the Mable Bradshaw.

Even our sailing vessels anchored in mid stream off the Harrington docks. Among them the "R. Kanders" with Baas Van Ry as captain, and "The Wollen" the "Three Master" and Jan Bergman as skipper.

Today it would not only be impossible to float a ship in that pocket of the lake but it is scarcely navigable for a gas yacht. It has been the dumping grounds for part of our sewer system for years and that with dead vegetable matter from Black river and refuse from old Tannery creek has made it a pool of stench and gradually land is being formed, especially on the north side that is filling in these once navigable waters of Black lake.

It was for that reason that docks were built later on further up the bay. One reason was to avoid the fill-in that was gradually evident and secondly that the bay was wider where the present Goodrich docks are located, making more room for a turning basin.

Your editor, however, remembers the day when the head of Black lake was the mooring place for all our sailing vessels and there were at least 25 of them as well as all our steam crafts and surely North River avenue was a busy thoroughfare at that time. Even the C. &

## Two Officers In Coast Guard Are Retired

Samuel Toft, Holland, S. W. Anderson, Port Austin, Retired from Coast Guard.

Two retirements in the United States coast guard, Tenth district, were announced today at the local office. They are Samuel J. Toft, officer in charge of the Holland station, and Charles W. Anderson, officer in charge of Port Austin station.

Both men applied for retirement due to physical disability and length of service.

Samuel Toft, well known in this section, has been in service for 32 years. He enlisted at Milwaukee in August, 1901, and then went to Plum Island November 1, 1902. He was transferred to Kennebec station in 1912 and remained there until 1916 when he was transferred to Michigan City and made No. 1 surman.

He remained at Michigan City until May, 1918, when he was made officer in charge of Sleeping Bear Point station for two years. He was assigned to Holland station in 1920 and has remained at Holland ever since.

Charles Anderson's record is not on file due to the station having recently been included in this district. He has been in the service for 42 years.

Holland citizens think a lot of the unassuming Sam Toft and is sorry he is leaving.

## WINTER TO COME LATE

If the leaves on the trees are any criterion winter should be late in arriving. In city, in parks or in the woodlands of the rural districts the foliage is about as it has been all summer. There are no falling leaves up to this time nor has Jack Frost used his artistic brush. This is unusual with October starting Sunday. Autumn leaves are slow in coming this year and we surely hope it presages a short winter.

## NEW SCHOOL FLAG WILL BE DEDICATED

A special program will be held at Holland High school this Friday morning when a 65-foot steel flagpole and flag, donated by the American Legion for Riverview park, will be dedicated.

Marinus De Fouw, commander of the American Legion, will make the presentation. Andrew Klomprens will accept the gift on behalf of the high school and the city playground commission, and Glenn Bonnette, high school mayor, will accept on behalf of the high school.

Dedicatory exercises will also be held at Riverview park Saturday afternoon at 2:45 o'clock, immediately preceding the Muskegon-Holland football game, which will begin at 3 o'clock. The Holland high band will escort the American Legion members to Riverview park. The parade will leave the city hall at 2:15 o'clock.

The program at Riverview park will be in charge of Legion members, who will participate in the exercises. The flag will be raised on the new pole for the first time directly after a salute is fired by the Legion color guard. While the flag is being raised the combined Holland high and Muskegon high bands, numbering about 135 pieces, will play "The Star Spangled Banner." Dr. A. Leenhouts will read the American Legion "Flag Dedication." City officials and the playground commission will participate in the exercises.

Mrs. William Hoek's division of the Trinity Reformed Church Aid society will meet tonight, Friday, at the home of Mrs. G. Dalman, 539 College avenue.

W. M., now the Pere Marquette, had a passenger switch right up to the docks, where excursionists were transferred to the steamers for the resorts. First the coming of the interurbans and then the advent of the automobile brought about such evolution in transportation that the romantic pleasure steamer and its moonlight excursions which were common went into the discard.

During these many years life savers have come and gone. There have been many skippers since that time, there have been many changes in rules; the names of the departments have been changed from life saving stations to coast guard stations but aside from that everything is pretty well the same and a Coast Guard station near a resort always proves rather romantic.

There is something about a coast guard crew which carries with it a halo of bravery, sturdy qualities of storms and things with a nautical complex that is always of interest to nearly everyone and especially to the resorters.

Black Lake is a harbor of refuge and the coast guard station is snugly nestled at the foot of Baldhead. The background consists of piers, fishing paraphernalia and life saving apparatus which cannot help but appeal to everyone.

The crew of today are sturdy men who are well drilled under Captain Toft and visitors on visitors' days are shown every courtesy and the intricacies of a coast guard station.

The names of the crew are found below:

Boatswain (L) S. J. Toft.  
B. M. 1c (L) George W. Ackley.  
Surman Herbert Van Oort.  
Surman Louis Van Slooten.  
Surman George J. Wendell.  
Surman John W. Van Ingen.  
Surman August W. Twiest.  
Surman Gerald W. Fisher.

## WORK ALREADY BEGUN OUR NEXT TULIP TIME

A very important meeting was held at Warm Friend Tavern at the Chamber of Commerce headquarters, presided over by Mrs. John Telling, who is general chairman of the Tulip Festival.

It was decided with the co-operation of the city of Holland to add 215,000 bulbs to the array of tulips we already have with 7,000 fancy tulips extra to be grouped in the centennial park, which will be a new feature.

Last year Holland had about 24 miles of tulip lanes. This year College avenue, Columbia avenue and East Tenth street are to be added to the lanes. These well defined lanes prevented a great deal of traffic congestion for most of the time the motorcade from abroad was spread over these lanes and people were taking in the tulip show on wheels along these highways.

It was decided that there would be three large parades and at least thirty bands in the band content. A new feature was brought out by Mrs. Telling when she proposed a tulip pageant, which will tell the story of the tulip from its inception in the land of Sultans, via The Netherlands to Holland, Michigan. There will be much pantomime, tableaux features and some acting in this flower story. Few realize that the tulip originated in Turkey, the land of harems.

There will also be a governors' day and an ambassadors' day and Governor Comstock and the ambassador from The Netherlands are to be invited.

Mrs. J. E. Telling, chairman, Wednesday announced as chairman: Flower show, Harry Nelis, John VanBracht, Henry Ebelink, Peter Weller, John Vander Ploeg and Mrs. Sears McLean; building arrangements, A. W. Wrieden; program, Mrs. Telling, Mrs. Arthur Visscher, Mrs. Roy Champion, Mr. Eugene F. Heeter, Prof. W. Curtis Snow and Harold Karsten; publicity, Vaudie Vandenberg; school, Gertrude Steketee, Miss Minnie K. Smith, Miss Carolyn Hawes, Leon Moody and Joseph Moran; costumes, Miss Steketee; show window, Ray Hoek; movie publicity, John G. Eaton; conservation, Lyda Rogers and E. E. Fell; band, E. F. Heeter.

## A DESERVING ROAD PROJECT

Work on the rebuilding of the present road to connect Jamestown with M-21 started Tuesday. The route runs directly north of Jamestown. It will require about three miles of grading in order to make it ready.

The order of the board of supervisors to build the road already has given employment to nearly 50 men in the near vicinity of Jamestown and Hudsonville. This project is a very deserving one and has been advocated by the folks of that vicinity.

## BLUEBIRD EXCEPTION AMONG SONG BIRDS

Although it is a matter of common knowledge that most of our migratory song birds do very little singing during the winter time, which they spend in the south, the bluebird seems to be an exception among them. The song of these birds has frequently been noted in the winter in southern Mississippi and at other southern points.

Postmaster A. J. Westveer reports that 432 employees of Holland are under the Blue Eagle.

## Veto of Mayor Over-ridden By Common Council

VOTE OF 10 TO 2 SUSTAINING "KLEIN NEDERLAND" PROJECT

At a previous meeting of the common council, as has already been stated in the Holland City News, the aldermen voted 11 to 1 in reviving the "Klein Nederland" project, to be built in the swamps north of Holland. This was done in spite of the mayor's message printed in full in last week's issue. The action of the common council brought a veto from the mayor, filed in the city clerk's office 24 hours after the action was taken by the council.

The mayor's veto as filed follows: "No member of the common council should commit himself in writing on any city matter before the merits thereof come before him in an official manner in open council meeting. I regret that 11 of our 12 aldermen were either imposed upon or fell into a trap on the Klein Nederland project.

"According to my judgment I believe the filing of an application for a loan of \$350,000 to exploit the so-called 'Klein Nederland' project would prove futile unless the full faith and credit of the city of Holland were pledged for the repayment of the loan. I believe the filing of that application would jeopardize our prospects of obtaining loans for the other worthy projects to be submitted.

"For these reasons and other reasons stated in my message to the common council, I hereby veto the action taken by the common council at its last regular meeting held, Sept. 20, 1933."

It required a two-thirds vote to override the mayor's veto. Consequently a special meeting was called for Tuesday night when this matter was again taken up and with the exception of a communication from the Ministers' association of Holland, signed by Daniel Zwiers and James Martin, asking information and another communication sent in by William C. Vandenberg, Dick Boter and Andrew Klomprens, a committee of three, explaining several questions put by the Ministers' association, there was no discussion on the matter.

The aldermen were all present and upon a resolution by Alderman Kleis, seconded by Alderman Prins, approving the \$350,000 "Klein Nederland" project, a vote was taken and Alderman De Cook of the second ward stood as he did before against the project and Alderman Huyser of the fifth ward changed his vote of the meeting before, joining Mr. De Cook against the resolution.

For the project were Alderman Prins, Kleis, Wolman, Brieve, Van Zoeren, Habing, Steffens, Jonkman, Van Lente and Thomson, 10 to 2, which annulled the veto of Mayor Bosch.

The mayor took his defeat gracefully, stating that this was his opinion still, but that he knew when he was licked and that there were no more spots.

The ministers' communication contained five paramount questions as related to "Little Netherlands," and apparently the committee of three knew the answers, and these are conveyed in the following communication to the common council:

Holland, Michigan, September 26, 1933.  
To the Honorable Mayor and the Common Council, City of Holland, Holland, Michigan.  
Gentlemen:

We are pleased to note from Saturday's Sentinel (September 23), that the ministers of our city recently met and discussed the "Klein Nederland" project. We are sorry that we were not asked to be present so that they might have both sides of the question to consider in their deliberations and conclusions. That the resolution adopted expressed open-mindedness to conviction is very gratifying.

## Veto of Mayor Over-ridden By Common Council

(Continued from Page One)

tation for this project, we, who are in favor of it, have voiced our reasons and have done so openly. There is nothing in our position which should not have full publicity. During times such as we are now experiencing, there is no argument about the necessity of maintaining a fine equilibrium; on the other hand—comes a time when distress has almost overwhelmed us—when opportunity seems to be at hand showing us a possible way out, ought we not come forward with courage and even daring to show that we are ready to do our part in an effort toward recovery?

It seems to us that the facts are quite simple. Saturday's Sentinel told the public about the apprehensions of the Ministers' association concerning Klein Nederland; in the same issue, on the same page it also told us that during the past ten days over 900 jobless men from Holland alone have registered with Ottawa county as needing work. This list includes not only common laborers but artisans generally—carpenters, painters, plumbers, electricians, masons, roofers, etc.

The president of the United States himself and also Secretary of the Interior Howard L. Ickes, are urging communities to come forward and secure help under the NRA—the federal government under this act having appropriated \$3,300,000,000 dollars for public works.

We sincerely believe that the Klein Nederland project offers quick and general relief to our unemployed.

The Ministers' association raises some questions; we are glad they did and we are pleased to answer them in the order in which they are set up in the resolution adopted:

1. Question: "Is it part of the noblest citizenship to tempt public funds into an amusement project when the money is needed for the noblest and most beneficial project?"

Answer: Klein Nederland is an educational project and it would ever be up to this community through its city government to protect it against any temptation or effort to convert the project into an amusement park.

2. Question: "What will be the amusements and program at Klein Nederland to attract visitors?"

Answer: There will be no amusements in the commonly accepted interpretation of that term. With the God-given setting of the location of this Klein Nederland project, it is planned to reproduce a bit of the Netherlands, reclaiming the land to be used, erect a Dutch chapel, a museum for the display of Dutch antiques, a choral and band stand where fine musical programs may be rendered, a number of Dutch dwellings to be occupied by natives who are to cultivate small plots of the land in the raising of bulbs, roses and other suitable pursuits, a number of characteristic Dutch wind mills—in all, making it a dignified and high-grade project in every way.

3. Question: "Would the city be morally responsible for the financial success?"

Answer: While President Roosevelt has made a plea for communities to come to the federal government and seek financial aid on projects that will put men back to work, before any grants are made it will be necessary to show two things: First, that the project will provide jobs for men in keeping with the size of the grant, and second, that the project is feasible. If the federal government is satisfied on these two points, there would be no further moral responsibility on the part of the city so far as its financial success is concerned.

4. Question: "Would not the city be strongly prevailed on to allow the place to be open on Sundays?"

Answer: It is up to the people of this city to take sufficient interest in affairs of the city to always make it their business to elect the type of officials who may be depended upon to carry out their wishes in the administration of this project—as they should be interested in all affairs of the city.

5. Question: "Must not all amusement parks be open on Sunday to be profitable?"

Answer: While Klein Nederland is not an amusement park, it is our firm conviction that the project operated six days a week will easily liquidate itself over a period of years.

We repeat, in our opinion the Klein Nederland project will quickly do for this community all that President Roosevelt is seeking in his program to put men back to work—and if the money can be secured under the proposed plan, without pledging city funds in any manner whatsoever, we believe Holland will soon be on its way to better things.

Respectfully yours,  
WM. C. VANDENBERG,  
DICK BOTER,  
ANDREW KLOMPARENS,  
Committee.

## NEW BUSINESS TO OPEN

IN ZEELAND SOON

(Zeeland Record)

After fifteen years in his present location, Ed K. Dykema, Zeeland's tailor for the past thirty years, is busy moving his equipment to the second floor of the Van Eenennaam building directly across the street, where he will continue his business.

Three and a half years ago, Mr. Dykema built himself an entirely new store in which to conduct his clothing shop. Now he has leased the entire property to Cornelius Ooms of Holland, who is installing a modern cake baking over for the retail pastry and baked goods store which he expects to establish in the street end of the store. Mr. Ooms and his family will occupy the second floor apartment as their residence.

## CHANNEL PIERS ON BLACK LAKE ARE COMPLETED

Completion of improvements on the pier at Black lake channel leading into Lake Michigan, carried on for the last two summers, makes the local harbor among the best on this side of Lake Michigan. The work included the replacement of the wooden piers and breakwaters with cement, from Lookout Inn to the mouth of the channel in Black lake, and the installation of two new lights on the south side of the pier.

Dredging of an 18-foot channel and turning basin in Black lake makes it possible for big freighters to reach the local docks easily. With the work here completed, the tug Cumberland yesterday towed the ship Muskegon and her crew out of the harbor to Grand Haven. The work was in charge of Isaac Vandenberg.

Capt. S. J. Toft, coast guard commander for 32 years, has been given leave of absence for a visit to Wisconsin and is being temporarily replaced by George Ackley, surfman.

## HUNTING LICENSES ARE ON SALE; DUCK SEASON IN STATE OPENS OCT. 1

The hunting season is at hand and licenses are being issued through the various dealers in this community as an accommodation to the public. Maurice Kuite, conservation officer, urges hunters to secure their licenses as soon as possible to avoid any possible rush as one season and another opens up.

The duck season opens Oct. 1 and unless the hunters secure their licenses before Saturday there is liable to be a rush which inconveniences the merchants greatly. The placing of the licenses at the various stores is an accommodation to the hunters and Mr. Kuite requests they reciprocate by early application for licenses.

## SAY NICE THINGS ABOUT HOLLAND ORCHESTRA

Grand Haven Tribune:—R. O. Roberts, well known local man, will assume the management of the Southern Chicken Inn at the Hotel Wm. M. Ferry. He will start tonight. The new manager is well known as he has lived in the city for the past 30 years. He was associated with the National Utilities Co. for 12 years and a former Coast Guard man and an ex-service man. Herb Van Duren's orchestra, now playing at the Ferry six nights a week, is drawing increased patronage each week. Mr. Van Duren is a unique leader and a whole entertainment in himself. Admirers come as far as 50 miles away to attend the dances at the Ferry, and listen to the music.

## New Freshman Faces Grace Hope Campus

With the opening of school this year came the annual rush of new arrivals better known on and about the campus as Freshmen. New faces are seen in all the college buildings, and there has been some question as to how many new arrivals have actually arrived.

According to statistics, obtained after much labor on the part of the college president, we find that we have 120 of them, only 14 less than last year and new ones are still coming so that perhaps we shall yet have last year's number.

Of these Freshmen, 79 are boys and 41 are girls, so certainly no Freshman girl should be lonely.

During the past week the Freshmen have been busy becoming "orientated." The girls were entertained Wednesday afternoon at a tea given at Voorhees Hall by the Y. W. C. A. girls. A beach party given jointly by the Y. W. C. A. and Y. M. C. A. at Ottawa Beach, did much to acquaint the new members with each other.

Already the new class has organized and elected its officers. The event took place Friday noon at a meeting held in the chapel. Henry Kruijsing, president and the following were elected:

President, Calvin Vander Werf of Holland.

Vice-President, Katherine Eldridge of Chicago.

Secretary, John Wyngarden of Zeeland.

Treasurer for the girls, Wilma De Young of Kalamazoo, Treasurer for the boys, Ek Buys of Grand Rapids.

Student Council Representative, Jane Eldridge of Chicago.

## Frosh Answer Coach's Call To Gridiron

The Freshman class started its college career enthusiastically by answering the call of the Freshman coach, Jack Schouten, for football men on the opening day of school with 24 candidates. Most of the aspirants have had some previous experience in "prep" school and a few of them have won state wide recognition in high school circles.

Among those who have already made a name for themselves are Fred Jappinga, halfback, and Ek Buys, tackle. Jappinga, former Holland high school star, has twice received honorable mention on Remington's All-State team. He is a punter and passer of rare ability. Buys, who is from Grand Rapids Central, state champs of last year, plays tackle and made the all-city second team in that city.

Others who reported are Poppink, Visser, De Weerd, Ver Schure, Winter, Clause, De Poo, Roberts, Boter, Wyngarden, Vandenberg, Davis, Anderson, Heyboer, Klomprens, and Van Taten-hove.

Because of financial difficulties the M. I. A. A. has discontinued Freshmen athletics. Therefore, the Hope Frosh have only one game this season, with the Western State Freshmen.

## NEW FORD DRIVEN 10,000 MILES IN 15 DAY TRIAL

The Ford V-8 stock car which recently completed a 10,000 mile economy run, average 21.98 miles per gallon on Mobilgas will be on the streets of this town and on display at the Ford garage next October 5, 1933, according to M. D. Langerveld, local Ford dealer. The run which the car made was one of the most unusual ever undertaken. The car was driven at average speeds and under ordinary driving conditions over a 330-mile course from Detroit to Grand Rapids, to Kalamazoo and back to Detroit by way of Battle Creek and Jackson. For fifteen days and nights the car averaged 660 miles

every 24 hours, regardless of weather—hot, cold, rain or shine, crawling through city traffic and speeding over the open road. Covering exactly 10,011 miles, a year's driving in 15 days—the car averaged 21.98 miles per gallon on Mobilgas for the entire distance. At the end of its 10,000 mile trip, the car was in excellent mechanical condition and engineers expressed the opinion that should the car start immediately upon another 10,000-mile test over the same course under the same condition and without any adjustments to the car, mileage per gallon figures would be materially improved. This is explained by the fact that the car has been nicely "broken in" by its 10,000-mile jaunt.

president of the Welfare association, made remarks regarding the celebration and stated that it was a splendid success not only in financial returns but even more in the spirit manifested by the committees and people in general. The crowd was one of the largest that has attended festivities. Everybody was kept busy all the time, but there wasn't a kick in the whole crowd. The following officers were elected: President, Henry H. Nyenhuys; vice president, Herman Nyhoff; secretary, D. L. Brink; treasurer, H. D. Strabbing; Richard Hackma and Ben Rankens were chosen as members of the board of trustees. The proceeds were given to the community grounds committees. A beautiful hall and gymnasium has been built and is proving of great service to the community and schools. The Community Players have started their work and intend to present several plays. The admission price of the plays has been reduced to 25 cents in order that as many folks as possible may be able to join in these community programs.

It's Smart TO BUY TIRES NOW...

Now... is the time to buy tires. Prices may go higher. If they do, it will actually cost you money to use old tires. And with fall and winter weather and wet and slippery roads just around the corner, it's a good idea to have the protection of safe new tires all around. And remember this—tire wear is slower in winter than it is in summer—the tires you buy now will give you full protection all winter and you will still have good tires for next spring and summer to withstand the ravages of hot summer roads. FORMER MAYOR OUTLINES NRA EFFORTS TO THE EXCHANGE CLUB

Former Mayor E. P. Stephan was invited by the program committee of the Exchange club to give a discourse on the NRA and the duties Uncle Sam had saddled upon him and the rest of the committee, who will deal with the Blue Eagle violations and the complaints that may arise from time to time. Mr. Stephan realizes that this undertaking is a duty and not a popular position to put oneself in. The work is gratuitous and not an enviable position to occupy. Mr. Stephan did not paint a very reassuring picture of world conditions and showed rather conclusively that Biblical prophecies were rapidly being fulfilled, and that with uncanny preciseness and regularity.

Mr. Stephan pointed out that countries were going to dictatorship, that nations were using insignias beginning with Russia and the Soviet government, followed by Italy and its Fascism, and now in Germany Hitler and the Swastika. Thinking men are deeply troubled for America, too, has adopted an insignia in the NRA and the Blue Eagle. Educated men are wondering whether the glories of the "land of the free" are to be dimmed. Bible students believe it is ominous of dark days and dire distress.

The discourse of Mr. Stephan was not only an eye opener but gave much new light on conditions as they really are. Mr. Stephan stated that it was only fair to President Roosevelt that he recognize the gigantic problem with which he is grappling. Having the data at hand, he must be cognizant of the extreme needs of the NRA and it is our duty to back him up and aid those he has delegated to handle this trade recovery problem, which has already shown signs of alleviating stressful business conditions at least in a small measure.

"Boards are appointed in every city, town and hamlet," Mr. Stephan stated, "and it is going to all for sacrifices and much unselfishness. It is taken for granted that everyone wishes to comply with their respective codes and undoubtedly most of the violations will be caused by misunderstandings, which will gladly be corrected when understood."

"The committee in Holland only acts as a mediator. They do not settle violations in the final analysis. All complaints should be made in writing and signed by the persons making the complaint," Mr. Stephan says, "and in no case will the names be divulged."

"It is the duty of the board to contact the party, but no one can be forced to appear before the board."

"Upon refusal to comply," Mr. Stephan added, "the facts will be sent to NRA headquarters in Washington and recommendation will be made that federal authorities remove the Blue Eagle. If a second complaint is filed, the person is not given a hearing, but the report is made directly to Washington. The board will serve for 45 days."

The compliance board met last evening to organize for the local campaign.

A meeting of the Beechwood Boosters was held Wednesday evening with 61 members present. Mrs. Anna Wojohn, vice president, presided at the meeting in the absence of the president. Refreshments were served by Mrs. Clarence De Boer, Mrs. Grace Dekker, Mrs. Clara Decker, Mrs. Maud Dick, Mrs. Louise Duer and Mrs. Thelma Van Ark.

AT PRESENT 1353 MALES ON RE-EMPLOYMENT LISTS, 382 AT GRAND HAVEN OFFICE

Grand Haven Tribune—Registration at the National Re-employment office in Ottawa county continues strong. Up to last night there were 1353 males over 18 years of age who had registered as unemployed. Of this number there were 382 at Grand Haven, 872 at Holland.

Through the courtesy of Fred McEachron at Hudsonville, the bank there was turned over as temporary office and 39 were registered. At Zeeland Gerrit Rooks turned over the city offices for this purpose and 60 were registered within a short time.

An office is being established today in Coopersville and other places throughout the county to be provided as the need indicates.

Thus far 20 men have been given jobs, 15 of them as workers and five men as truck drivers on the Jenison road project. Employers are cooperating with the reemployment office and in the future have assured the manager that they will draw on these files for future employment in factories and business places. An extensive history of each individual is taken which requires from 10 to 15 minutes to compile. The Ottawa county offices have been opened but one week and the number of registrations is considered good.

Time Is To Be Extended On Old Age Pensions

COUNTY CLERK GIVES INFORMATION ON OLD AGE PENSION LAW

Inquiries regarding the old age pension are coming to the county clerk's office at the county courthouse, Grand Haven, regarding registration and payment of the pension and William Wilds, county clerk, points to a few facts that he has received from state headquarters at Lansing.

The time for the registration has been extended from October 1 to November 15, 1933. Prospective applicants who desire to be recipients of the act passed by the last state legislature are informed that the application blanks will not be available until the middle of November. All persons desiring the same may apply to the county old age pension board, the formation of which has not yet been completed due to the appointment of supervisors at the October session.

This board is composed of Judge Cora Vandewater, Mrs. Anna Poppen, Holland; the county welfare agent of the board of charities and corrections, and one woman to be appointed by the board of supervisors. The county agent is the chairman of the board. An office will be established in the county building. All members of the board serve without recompense but the necessary office and traveling expenses are to be paid from the county.

Persons 70 years or over are eligible to apply providing they have no property exceeding \$3,500. They must have been citizens of this country for at least 15 years and a resident of the state for 10 years.

Applications will not be considered until January 1, 1934, according to information received from the state welfare department.

Hope College President Says Christian Principles Important

Muskegon Chronicle—Christian education allied to academic and professional instruction in colleges and other higher institutions of learning, was advocated by Dr. Wynand Wichers, president of Hope College at Holland, speaking before an audience in the Central Reformed church last night.

In discussing the topic, "Christian Education," Dr. Wichers pointed out academic efficiency should be of foremost importance in any college, but Christian principles also are important.

"I would not desire to work with an institution which did not try to maintain a high academic standing, but there is a great need for Christianity in education as the two are closely associated," he said.

Education and religion can be correlated without having a religious of the offensive type which would dominate or unbalance the educational program, it was pointed out. The speaker also declared society today sorely needs teachers who are influenced by Christian principles, and that Christian doctors and lawyers also are desired. Likewise, the graduate going out of college to enter into business will be a still more useful and better citizen if his business ambitions are tempered with Christian ethics, Dr. Wichers believes.

He said at Hope College the size of the graduating classes has increased in recent years to such a point it no longer can be expected a majority of the students will enter the ministry, but are seeking other callings.

Mrs. Gordon F. Van Eenennaam, a graduate of Hope College, sang a solo for which the accompaniment was played by Henry Klooster.

Joe Rasmus, Grand Rapids, on trial today for breaking and entering in the night time, was found guilty by a jury in circuit court on Tuesday afternoon and sentenced immediately to 10 to 22 years in Jackson state prison by Judge Fred T. Miles.

He was picked up following the robbery of several homes in Spring Lake in August, and at that time was out on bail awaiting trial in the present term of court on a charge of entering a home in Holland township. He will be taken to prison tomorrow morning by sheriff's officers.

Ray Romeyn, Holland, pleaded guilty to a charge of breaking and entering a filling station in Holland before Judge Miles. Romeyn received some publicity when he failed to appear for trial when scheduled Sept. 18. About an hour after the appointed time a telegram was received by Judge Miles from Romeyn stating he would be unable to appear that day as his attorneys and witnesses were not ready. He was picked up a few days later by the officers and held in the county jail for trial. Sentence will be imposed later.

Milk Income Drops As Feed Costs Ascend

Michigan dairymen are not sure whether they should celebrate the better prices received by other farmers or to grieve because feed prices have increased faster than those for dairy products, according to the dairy department at Michigan State College.

Records from the 10,000 cows in dairy herd improvement associations in this State prove that the herd owners' net incomes were less last month than previously. There has been a slight increase in the price of milk and of butter but the costs of feeds rose so rapidly that the dairymen's chance for profit decreased.

Members of these associations nearly all fed grain to their cows when they were on pasture. When the pasture failed during the dry weather, both roughages and grains had to be supplied. Both classes of feeds have increased in price faster than milk or its products.

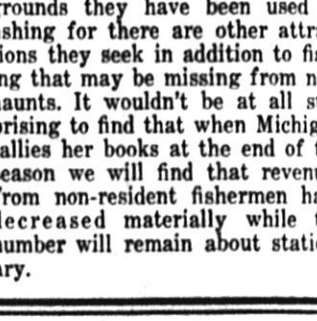

Dairymen tried to meet this condition by culling out their poorest cows and more than 100 were discarded from the herds for which records are kept. Most of the cows sold were better producers than the average cows on Michigan farms, so it is not hard to tell what is happening to dairymen who have no record of their cows' production.

One item of optimism shown by the herd reports is the news that several owners built safety bull pens during the past month. These pens enable dairymen to retain aged bulls without any danger of anyone being injured by the animal. State papers have reported two farmers killed in Michigan during the past week by bulls, so the importance of safety measures cannot be overemphasized.

Hard to Coax Tourists

Thirteen states, including Michigan, have all adopted a short term fishing license for non-resident fishermen running from \$1 for one day in West Virginia up to \$3.15 for 30 days in Maine. Michigan's is \$1 for 10 days or \$2 for the entire season. This move has been made to attract the short time vacationist who would pass up a state where fishing became too costly owing to high non-resident fees. It is doubtful if these reductions will coax many tourists away from the grounds they have been used to fishing for there are other attractions they seek in addition to fishing that may be missing from new haunts. It wouldn't be at all surprising to find that when Michigan tallies her books at the end of the season we will find that revenues from non-resident fishermen have decreased materially while the number will remain about stationary.

THE SAFE DRIVERS' CODE

There is one badly needed code which will not have to await an official signature. It affects every person in the country, and its adoption should be unanimous. It is "The Safe Drivers' Code."

Accident statistics reported to June 30, 1933, according to the National Bureau of Casualty and Surety Underwriters, showed that 12,920 persons had been killed by automobiles this year. The indications, judging from unofficial reports in July and August, are that final results may show a decided increase in deaths and accidents for 1933. This is doubly significant, because there are nearly 10 per cent fewer automobiles registered in the United States this year than in 1931.

To motorists, therefore, and to pedestrians and all users of our streets and highways, the following code is directed:

1. Regulate your speed to fit traffic conditions; keep your car under control at all times.
  2. Slow down for intersections, and obey traffic signals.
  3. Use better judgment in passing, waiting until there is at least 500 feet of clear distance ahead.
  4. Pedestrians: Cross at crosswalks; walk on the left side facing traffic; obey traffic signals.
  5. Remember that automobile accidents constitute an economic waste totaling billions, through property damage, high insurance costs, increased taxes, etc.
- Every motorist should feel that it is his duty and privilege to pledge himself to this code.

Black Ducks Are Numerous

Although flights of Canada geese and brant are reported to have been smaller than usual along the north coast of the Gulf of St. Lawrence last spring, black ducks were observed in phenomenal numbers in the same areas. This fact, coupled with unusually favorable weather conditions during the breeding season for this species, is expected to result in an abundance of black ducks in the district this autumn.

## Exciting Events Will Feature Homecoming

October 13 is the date for the Hope college homecoming game this year. But that's not all that's going to happen that week. Students are going to find plenty of outlets for all that pent-up energy accumulated during vacation.

Thursday, the 12th, the Frosh-Soph fights are to be staged and, of course, everyone will want to be out to see what the newcomers have to offer in the way of competition for the Dimmett silver cup. The pull is going to be on Friday, October 13. We wonder which side is the more superstitious, for we'd be willing to bet that they'll get it soaked out of them. The struggle to evade Old Man River should be a keen one, because the sophomores, who won the cup last year, are going to do their best to keep the trophy another year. The freshmen, however, feel that the sophs aren't going to have the cup just because they have a "pull" already. The contest is one that will bear watching.

The homecoming parade is Friday evening, and that will lead us home to the gym, where a big pep meeting and a bonfire are scheduled to be held.

Henry Kuizenga is general chairman of the homecoming, and his committees have been working

## Just a Jay-Walking Bear

When Bruin demanded the right of way on a Stonington, Michigan, road recently, three terrified women motorists fled the scene. The three, Mrs. John Hugo Mrs. Hugo Jacobson and Mrs. Anna Olson, were driving home when they suddenly saw a large black bear in the middle of the road. The animal showed no disposition to get out of the way so Mrs. Hugo, who was driving the car, applied the brakes to avoid hitting it.

Apparently undisturbed by the encounter, the bear stood his ground for a minute, looking over the car with his frightened occupants. Then, with great deliberation, it ambled off the road and allowed the party to continue.

## FORMER HOLLAND MAN DIES OF SLEEPING SICKNESS

A well-known Holland man, Henry Kamperman, who up to a few years ago lived in this city, where he had spent at least 40 years, died in Grand Rapids, at the age of 70, after an illness of ten days.

Mr. Kamperman had many friends in Holland and was a woodworker by trade. He was foreman at the old Reindert Workman factory, known as the Phoenix, then a large red mill on the post office site. It later became the Scott-Lugers Lumber Co.

For the last decade Mr. Kamperman has been living in Grand Rapids. After leaving the Scott-Lugers Lumber Co. he was employed at the West Michigan Furniture Co. for a number of years and after the death of Mrs. Kamperman some thirteen years ago he lived with his son, Richard, until moving to Grand Rapids, where he lived on Burr Oak street.

Mr. Kamperman was born in Zeeland on July 3, 1863, but spent most of his life in Holland.

The funeral took place at Dykstra's Funeral home, which was largely attended with Rev. John Van Pusem, pastor of the First Reformed church of Zeeland officiating. Interment took place in Pilgrim Home cemetery where Mrs. Kamperman is also buried.

Mr. Kamperman's death from sleeping sickness is the second in Grand Rapids.

Surviving besides the son are two brothers, William Kamperman of Zeeland and Dr. George Kamperman of Detroit; three sisters, Mrs. Anthony Steketee of Grand Rapids, Mrs. Isaac Van Dyke of Zeeland and Mrs. Albert Sybow of Haverhill, Mass.

## HOLLAND WANTS SELF-DEFENSE MEN FOR STUNTING

Warrants charging Lieuts. Everett L. Senter and N. A. Crumley, Selfridge field army pilots, with disturbing the peace of Holland, will be served on them by Macon county authorities, if they venture out of the government property, it was revealed today.

The warrants, issued on a complaint of Chief of Police Peter A. Lievesse, charges the officers, attached to the 27th pursuit squadron, with stunting their planes above the city on Sept. 17.

Lieut. Col. Frank M. Andrews, commandant at Selfridge field, today said the two officers will not be turned over to civil officials until he has ascertained whether army regulations were broken. He said the officers were on a prescribed service flight when the alleged disturbance occurred.

The Holland police are launching a campaign against motorists who fail to observe stop signs at through traffic streets. Many motorists are becoming careless at intersections where stop signs are erected. Chief Peter A. Lievesse stated that all violators will be arrested and subject to a fine of \$1 with no exceptions.

Miss Della Lisman is spending a few weeks' vacation at her home near Benheim.

## Miss Marie Kleis Daughter Of Alderman Weds

POPULAR YOUNG HOLLAND  
GIRL IS WED IN CHICAGO  
TO FORMER HOLLAND MAN

An outstanding fall social event was the marriage of Miss Marie Kleis, daughter of Alderman and Mrs. Albert P. Kleis of Holland, and Mr. Herman Paul Harms, now of Chicago, son of Mr. Herman Harms of Archer, Iowa. The impressive ceremony took place on the evening of Saturday, September 23, at the Klise Memorial chapel, Grand Rapids, with Rev. James Weyer, pastor of the First Reformed church of Holland, officiating, the single ring marriage service featuring the ceremony.

Miss Gene Van Kolken, a cousin of the bride, beautifully rendered a short program of organ music while the guests were arriving. Miss Jean Herman, well known artist, sang "I Love You Truly," by Carrie Jacobs Bond, while following Miss Van Kolken softly played Lohengrin's wedding march as the bridal party rhythmically proceeded to the altar, the bride being escorted on the arm of her father.

Russell and Guy Kleis, brothers of the bride, were the ushers.

The bride was charming in a gown of white satin made in period style, with long sleeves tight below, emphasizing the puff above the elbow. The long skirt was fashioned with a train which added class to the outfit. The costume was completed with a veil of tulle, caught up with orange blossoms at the back of the head, and the bride carried a beautiful bouquet of calla lilies and sweethearts roses.

Miss Adella Beuwkes, maid of honor, was becoming in a dinner dress of hyacinth blue crepe, carrying tea roses and scabiosa. The sisters of the bride, Miss Irene Kleis and Miss Dorothy Mae Kleis, were bridesmaids. The former was daintily gowned in a gold colored triple sheer dinner dress and carried yellow roses and snapdragons, while Miss Dorothy Mae Kleis attractively wore a gown of light blue heavy crepe, carrying tea roses and asters.

The bridegroom in conventional black, was attended by his brother, Mr. Henry Harms of Sheldon, Ia.

The bride's mother, Mrs. Albert Kleis, was gowned in wine-colored chiffon velvet with a shoulder corsage. The whole gave a semi-formal complex with pleasing effect.

The bride and groom motored to Holland where they were honored with a reception at 8 o'clock at Warm Friend Tavern. The beautiful private dining room on the second floor was set aside for this festive occasion. Those in the receiving line were the bride and bridegroom, Mr. and Mrs. Albert Kleis, Mr. Herman D. Harms, and Mr. and Mrs. Gerrit Geerds.

After the reception more than one hundred guests repaired to the main dining hall where a buffet luncheon was served. During the repast Miss Lois Geerds entertained the guests with an outstanding program of piano numbers and this treat was augmented by vocal selections ably rendered by Mr. James Nettinga and Mr. Preston Van Kolken. Miss Jean Herman also sang several fine selections. After the reception and luncheon the guests who so desired could trip the light fantastic in the Tavern ballroom on the sixth floor, where an orchestra, led by Mr. Montie Emmons, rendered a suitable repertoire of dance music.

Throughout the afternoon and evening Mr. and Mrs. Gerrit Geerds of Holland were master and mistress of ceremonies in which they showed a great deal of tact that was indeed pleasing to the guests. Mrs. Geerds was charming in a gown of navy blue triple sheer crepe.

Mrs. Harms is popularly known among the younger set and is not only a graduate of Holland high school but of Hope college as well. Mr. Harms is also a graduate of Hope college and in reality this is a college romance. He recently completed his medical course at the University of Chicago and will begin a surgical internship at Billings hospital, University of Chicago, the first of next year.

The happy couple will live at 5636 Drexel boulevard, Chicago, after they return from a short honeymoon trip by motor car.

The out-of-town guests who attended the wedding were Mr. Herman D. Harms, the bridegroom's father, of Archer, Iowa; Mr. and Mrs. Henry Harms of Sheldon, Iowa; Mr. and Mrs. Herbert Saupé of Sheldon, Iowa; Mr. and Mrs. J. Tubergen, Mrs. Mary Boer, Miss Evelyn Van Bree, Mr. and Mrs. John Klise and Mr. and Mrs. Albert B. Klise, all of Grand Rapids; Mr. and Mrs. Hume Dice of Evanson; Mr. and Mrs. R. Van Houten and son, Norman, of Lansing; Mr. and Mrs. John Harmsen of Muskegon; Dr. and Mrs. K. L. Burt of Chicago; Dr. and Mrs. William Tuttle of St. Louis, Mo., and Miss Virginia Coster of Battle Creek.

Miss Sadie Madders spend several days in northern Michigan.

Among those from Holland who recently visited the Century of Progress Exposition in Chicago are Mr. and Mrs. J. Welling and Mr. and Mrs. B. Boes; Harry Baker and Raymond Ryssen; Mr. and Mrs. John Harmsen and Mr. and Mrs. Neil De Jongh and son, Leon; Mrs. Gerrit Neuhoff; Ralph Marlinus and Warren Hensing; Mrs. Nella Elston; Mrs. Peter De Kraker and sons, John and Donald; and Mrs. Gerit Bredeweg; Mr. and Mrs. Ed Cook, Henry Raymond Snelk, Mrs. Klaas and Alvin Koers, Cecil Hill, Mr. and Mrs. L. ## JUDGE MILES PASSES SENTENCES ON TERPSTRAS AND VAN KAMPENS, HOLLAND TWP.

Sentence was passed on Cecil Terpstra and his wife, Ella, and John Van Kampen and his wife, Elizabeth, sister of Ella Terpstra, all of Holland township for the breaking and entering a cottage belonging to Harold Steketee, Grand Rapids, and having in their possession several hundred dollars worth of house furnishings.

Terpstra was sentenced to Jackson prison for 18 months and his wife was returned to the county jail for 60 days and placed on probation to officer Jack Spangler for two months at a cost of a dollar per month.

Van Kampen was given 14 months at the Michigan State Reformatory at Ionia and his wife must spend 30 in the county jail following the release of her sister. She was also placed on probation for two years and must pay costs of \$1.00 per month.

Judge Miles impressed upon the men that he had given them the minimum sentence for such an offense. If they were ever returned to this court it would be necessary to sentence to at least seven and a half years. He warned the women to cease any liquor practices which they and their husbands admitted when the raid for the stolen goods was made.

He explained that the Van Kampens had been given lighter sentences as they had come clean with the officers and assisted them in finding out the true facts concerning the robbery.

The discovery of an automobile containing equipment for draining gasoline from cars may lead to the arrest of thieves who have been stealing gasoline from autos in Holland. Officer Neal Plagenhoff discovered the car and drove it to headquarters.

## Hope College After Crown

Detroit Times: Can Bud Hinga's Hope College football team show as much improvement this year over last as it did last year over the previous season?

If so, Hope College may win its first Michigan Intercollegiate football championship. Until two years ago, when Hinga was made coach at Hope, the local team had been near the bottom of the league.

His first season saw Hope out of last place and last year he had a fighting team that finished second. This year fans expect him to surmount the final barrier and win the championship.

He has nine veteran players around which he is building his 1933 team and a squad of promising material.

Daling came into court and at first pleaded guilty. Questioned by Judge Miles, he said he did not know Wiersma was an officer or he would not have struck him when he was interfering. The judge advised him to change his plea which he did. Trial will be held later. Daling's bond of \$200 was furnished by his father.

## Cheese Plant Is Built Near Fennville

BUILDING AND LAND PURCHASED AT COST OF \$10,000;  
START PRODUCTION

A cheese manufacturing company, one of a limited number in the United States, is to open near Bravo, three miles from Fennville on the Pere Marquette road, in the near future, and when production starts will make and store approximately 350 pounds of cheese each day. The building recently has been completed at a cost of \$10,000 and a daily expenditure of \$85 is to be used in payroll and for the purchase of milk.

The new structure is 30 by 50 feet, has a full storage basement and is made of cement blocks. It is to be operated by T. Pope and P. E. Ponte, recently of Chicago, and will produce Romano cheese, a hard grated product used exclusively for spaghetti and soups. The cheese is a blend of goat and cows' milk and before being sold must be cured for a one year period.

The only other factories of this kind are located in Wisconsin, and is said to be a paying enterprise.

A truck has been purchased and the company will make regular trips through the country-side to pick up and purchase milk. Only the highest grade of milk will be bought, but the factory will pay a higher premium than is customary, it is said. It is estimated that the plant will use 3,500 pounds of milk per day, and possibly more. According to the plan now being advanced the new manufacturing company will use its milk checks every two weeks, which will be handy to the farmer.

The Fennville district is naturally elated for it means another manufacturing plant for that district. Bravo is only a small place on the railroad.

# Open Rushing Rejected By Hope Co-eds

The past week has been one of hushed excitement for the older girls of the campus, and there have been many secret conferences and whispered plans. For rumor had it that the girls' societies were going to indulge this year in a wild two-weeks' period of open rushing. The rumor became widespread because of the fact that Mrs. Durfee had called a meeting on Tuesday afternoon of the five society presidents. At this meeting, Dean Durfee, after condemning the old way of taking in new members, offered several new plans, among them the one of open rushing. The presidents recognized the defects in the old system, and agreed to take up the proposed changes with their various societies.

All week the girls gathered in little groups and hashed and rehashed the situation. Finally, at the regular society meetings on Friday evening, each society took a vote to determine where they stood. Immediately afterward, the five presidents again met with Mrs. Durfee, and, after some discussion, it was decided that the girls would keep to their usual system, except that the time limit should be shortened to a four weeks period.

Now that this nerve-straining excitement is over, ardent co-eds are once more settling down to prepare for their society "new girls" teas, and rushing is still a prohibited exercise.

During the summer months the administration of Hope College made the campus an even more pleasant place to which to return by bringing about many improvements in the buildings and grounds. The new steps in Van Raalte Hall, are, of course, the most noticeable of these changes. As one co-ed remarked, "Goody, now I

## Faculty Relates Experiences of Vacation

"How do you do, Professor, and how did you spend your long vacation?" was the question which was put to several of Hope's faculty last week. They sighed regretfully at the memories the question aroused, for all of them testified to a very pleasant summer.

The East seems to have had a particular allure for the women of our faculty. Both Miss Meyer, who was studying piano in New York, and Miss Payne who was visiting a college room-mate in Connecticut after her summer course at the University of Michigan, mentioned enjoying swimming in the ocean. Miss Ross also spent the greater part of the summer in the coast states. Miss Tyssie superintended the cleaning of the stacks—for which we will be extremely grateful when term paper time comes.

Mr. Ritter enjoyed New York's music and drama while he worked for his doctor's degree at his Alma Mater, the New York University. The urge to study also prompted Mr. Snow, as ambitious as ever, to spend eight weeks at the U. of M. The majority of the faculty "stayed in Holland and took a trip

# ZEELAND

Dr. W. G. Heasley, 216 East Main street, Zeeland, sustained cuts and bruises as the result of an automobile accident Friday evening on M-21, one mile west of Zeeland. Heasley's car collided with another machine and then skidded out of control on the wet pavement and overturned at the side of the road. Thomas Cain, who was an occupant in the Heasley car, escaped without injuries.

Miss Anne Neerken of Zeeland is visiting at the home of Dr. and Mrs. Willis Potts in Oak Park, Ill. She will also attend the Century of Progress Exposition in Chicago for a few days.

has been named custodian for the government as regards acquiring of property for the proposed new post-office building here, supplanting Fred Klumper, former mayor, who had charge of the negotiations to date.

More than 2,000 persons Thursday attended meetings of the Women's Missionary Union of the Christian Reformed Churches of Zeeland, Holland and rural vicinities. The principal speaker was Rev. C. Dekorne, missionary to China, supported by the Zeeland classis. Others on the program were Miss Gertrude Holkeboer, Grand Rapids; Mark Bouma, missionary at Zuni, N. M.; Miss Marie Gezon, Grand Rapids; Miss Johanna Timmer, dean of women of Calvin college; James DeJonghe, Grand Rapids. Quarterly meeting services will be held in the Free Methodist Church in Zeeland September 29 to October 1. Rev. Q. Smith of Grand Rapids will have charge of these services. Special meetings will be held continuing from the quarterly meeting for some time. Rev. P. H. Skanes, conference evangelist, will be present and assist in these meetings for three weeks. Let us pray for these meetings and attend when possible. All will receive a cordial welcome.

Work on the erection of a new well for the city has been halted because of the lack of funds. After a conference it was found that in the past the time substance of the soil was responsible for much of the previous well troubles of the city. The council is attempting to obtain funds to continue construction.

Gerrit Gebben of this city, Mr. and Mrs. J. H. Morsink of Borculo and Mrs. Harry Risselada and son of Holland attended the funeral services for their aunt, Mrs. G. H. Derks, at Reeman, Michigan, last Monday.

## NORTH HOLLAND

## MAKE YOUR OWN MARKET!

**Markets -- that's what we've been needing to bring back prosperity.**

The farmer needs a market for his crops, the manufacturer needs a market for the things he makes, the retailer needs a market for the things he sells.

But what's a market after all? People with money to spend.

And the only way to create that market is to give people work so they can earn that money.

**And that spells Good Times Ahead for us all!**

YOU can help to make your own market if you will sign the President's Reemployment Agreement—agree to a shorter work hour, a higher minimum hourly or weekly wage, in your business.

And fast! For if every employer cooperates with this National Recovery campaign right away, then we'll have new markets—people with money to spend—for the things we grow and the things we make RIGHT NOW!

Sept. 20, 1933.

The Common Council met in regular session and was called to order by the Mayor.

Present: Mayor Bosch, Alds. Prins, Kleis, Woltman, Brieve, Van Zoeren, De Cook, Habing, Steffens, Jonkman, Huyser, Van Lente and Thomason.

In the absence of the City Clerk, Attorney Lokker acted as clerk pro tem.

Devotions by Ald. A. P. Kleis.

Minutes of the last regular and special meetings considered read and are approved.

PETITIONS AND ACCOUNTS

Clerk presented:

Communication from the Great Lakes Harbor Association calling attention to the conference in De-

troit on Oct. 19-20. At this conference plans will be made for the fight to have the U.S. Senate ratify the Great Lakes St. Lawrence Seaway Treaty which will come up for disposition at their next session. The City of Holland is urged to send delegates to this convention.

Mayor Bosch suggested that the communication be referred to the Harbor Board.

Adopted.

Clerk presented communication from H. Vander Warf endorsing the revised Klein Nederland project.

Ordered filed.

Clerk presented communication from Property Owners League endorsing the proposed building project, viz. remodeling and repairing of homes, etc., to be financed by a loan of \$200,000 from the N.R.A.

Ordered filed.

REPORTS OF COMMITTEES

Committee on Ways and Means reported recommending that the City Treasurer be instructed to accept 1933 City and School taxes without penalty up to Oct. 1, 1933.

On motion of Ald. VanZoeren, 2nd by Kleis.

Adopted.

The complaints of residents on W. 10th St., near the Baker Transfer Co. headquarters, on which action had previously been deferred, was brought up at this time. Both Mr. Olie Baker, who operates the transfer business, and Mr. Harry Klomparsen, owner of the building, addressed the Council in the interest of their business. It was moved by Ald. Kleis, 2nd by Van Lente, that the matter be dropped. Attorney Arthur Van Duren then addressed the Council, and contended that the business that was being conducted by Mr. Baker was not a commercial business, but was more in the order of a freight terminal and should be permitted only in an industrial district. Mr. Van Duren contended that under our Zoning ordinance the business of conducting a freight terminal was not permitted in a commercial district. A substitute motion that the zoning ordinance be lived up to was adopted. After some further discussion it was moved by Ald. Jonkman, supported by Ald. Huyser, that Mr. Baker be requested to discontinue operations as a truck terminal, and if this request is not complied with, the City Attorney should proceed to file a bill in equity to enjoin further operations.

Carried 10 to 2.

Committee on Claims and Accounts reported having examined claims in the amount of \$3,480.27 for the past two weeks and recommended that they be paid.

On motion by Ald. Van Lente, 2nd by Huyser.

Adopted.

Welfare Committee reported claims for the past two weeks as follows: Work relief, \$709.20; Direct relief, \$3,737.42.

On motion of Ald. Woltman, 2nd by Van Zoeren.

Ordered paid.

On motion of Ald. Jonkman, 2nd by Huyser, the committee on Public Lighting were authorized to erect additional lights at the Longfellow School home-shoe courts.

On motion of Ald. Kleis, 2nd by Jonkman, the committee on Public Buildings and Property were authorized to have the oil paintings in the City Hall cleaned and touched up where necessary.

REPORTS OF SPECIAL COMMITTEES

Under this heading the Klein Nederland project was brought up for reconsideration. Two separate petitions were presented requesting the reconsideration of this project which had previously been turned down by the Common Council.

One petition from citizens and taxpayers contained approximately 200 signatures, and the other, termed a Citizens' committee, contained approximately 80 signatures. Eleven of the aldermen had signed the citizens committee petition. The petition from the Citizens' Committee recommended the expenditures of approximately \$350,000.00 instead of \$600,000.00 as originally proposed as follows:

Earth work, including land and right-of-way.....\$ 70,000

30 buildings, including windmills and piling..... 180,000

Landscaping, utilities and drives..... 50,000

Equipment, engineering and supervision..... 50,000

\$350,000

Mr. Jas. De Young, Chairman of the Special committee to look up work projects, then presented a resolution recommending the revised Klein-Nederland project as presented with the distinct understanding that it in no wise be construed as being an obligation of the City of Holland.

Ald. Kleis then presented a resolution approving of said project at an estimated cost of \$350,000.00, and instructing the City Clerk to file application for a loan with the Federal Emergency Administration of Public Works for above said amount. The security for such loan being the revenue derived from the operation of the project. An open discussion on the proposition then followed and Mayor Bosch presented a message to the Common Council in opposition to the project.

Sept. 20, 1933.

TO THE HONORABLE.

The Common Council of the City of Holland:

Gentlemen:

In my message, presented before your honorable body on Monday evening, August 28, I said that at no other time in the history of our municipality have the citizens of Holland needed leadership in civic affairs more than at the present time. I am sure that every man here knows this serious fact and also knows down in his heart that upon his keen judgment depends the happiness of the people of our city.

On that night of August 28 we carefully and mindfully considered the huge project called the "Klein Nederland." It was further brought out that evening that on information gathered from our city engineer, whose chief purpose and function has been to keep our citizens at work as much as possible, that except for skilled labor, approximately only 3 per cent of our welfare would receive employment through this project from its beginning to its completion, thus defeating its very purpose and the purpose of the National Industrial Recovery Act, which our federal government is so diligently speeding into operation.

Carefully weighing the facts of the tremendous sum of money to be expended and the very limited amount of labor which it would

provide for our welfare, you very patriotically turned the project down and immediately thereto directed me to appoint a committee of five, composed of aldermen and citizens, to plan projects for relief work, on N.R.A. funds, where the greatest good could be accomplished for our city, and the largest possible number of welfare workers given labor.

On September 6, just nine days later, you voted to seek one hundred eighty thousand dollars, and on September 15 voted to seek an additional seventy-six thousand dollars, works loans. These projects will provide a great amount of work, on permanent improvements which will prove of great worth to our city and at the same time provide labor for our men. Here the very purpose of the N.R.A. was fulfilled—give our men jobs.

Tonight the "Klein Nederland" project has been again brought before you for your action, but this time in a new form. It is not clear to me at this moment just what is being requested by the group of citizens making petition. According to petition submitted to the N.R.A. project committee, City of Holland, a request is made by the citizens above mentioned that the N.R.A. project committee recommend to the city council that the city clerk be authorized to make application for a loan of \$350,000 from the federal emergency administration, and set up a suitable board for handling the project in the event the loan is granted. The annual interest and principal requirements will be \$17,960 per year. The petition further states that this project requires no pledge of earnings of the city's utilities nor of its taxes.

Gentlemen, we are again facing practically the identical proposition that was voted down on August 28, with the exception that this time the amount of money to be expended is \$350,000 instead of \$600,000, and with the other exception, according to the petition, that the City of Holland will not have to pledge earnings or taxes. I ask you, do you believe that if this project were completed, and the principal and interest of \$17,960 for the year was not earned by income from the project, that then our city would not be liable for this debt? If we, as a corporate body, borrow money from the federal government and agree to pay back that sum plus interest, we are bound, and whether or not we have to actually pledge our taxes or the earnings of the city's utilities, that money plus interest has to be paid back, and that money has to be paid back by the City of Holland.

Three hundred fifty thousand dollars is a staggering sum of money for a city the size of Holland to invest in any project, and yet I am of the opinion that a far greater sum will be required to complete the project in the manner proposed. An expenditure of this size spent on such a highly speculative project might very well be contemplated to start the City of Holland on its way to financial insolvency. The large amount of net returns that has been claimed for this project, thus making it self-supporting, and self-liquidating, is a pure conjecture, and highly speculative to say the least. It is equally within the realm of conjecture that this project might continually drain the treasury of the taxpayers' hard-earned money for years to come. Do not forget, that after all, Holland is obligated, and Holland will have to pay, and the burden upon its citizens is very serious to contemplate, if this project should fail.

As I stated previously to you, the mere fact that the federal government is expected to pay 30 per cent of its cost, furnishes no common sense basis for us to spend 70 per cent. I ask you again, gentlemen, is there a present or future justification for the city of Holland with an inhabitation of approximately only 15,000 people, to incur a debt of this proportion? Is the case of borrowing money any excuse for our city to plunge into debt for anything other than public improvements of a permanent and lasting nature? I do not favor this project either in my official capacity nor as an individual taxpayer and citizen of Holland.

It is further my understanding that you are laboring under another impression of this proposal in its new form, in that instead of the City of Holland having to invest its money in the project, it is now proposed to have the federal government invest the entire sum and thus also to be the recipient of any and all receipts.

Not by a stroke of a pen has it been proven to me where the federal government would enter into such a proposition, and I wonder if any of you gentlemen or the sponsors of this movement actually believe that the government would enter into such an arrangement. I cannot myself believe that our United States would ever go into the amusement business in this manner. It is my honest conviction, speaking as a business man, that if this project as proposed, were passed by you and presented to the federal government, along with the other works projects which have already passed and which have great merit, that it would weaken our whole position and endanger our chance of securing favorable action from those in authority on those projects already passed by you. If ever there was a time when unity of purpose was absolutely paramount, that time is now. However, not taking into consideration my personal ideas and thoughts in this matter, the duty that lies before me is clear.

You as aldermen of our city should never for one moment forget to follow the traditional Dutch characteristics handed down to you by your Dutch ancestors, of carefully analyzing and scrutinizing every proposition that confronts you. Projects are facing you which upon your action will ultimately mean either the tearing down or the building up of Holland, not only financially, but morally and spiritually. You as a council should continue to show an attitude of painstaking investigation and not make any "leaps in the dark," which always cause the deepest regrets and sorrows. You have shown by your past action that you practice conservative

restraint in every course of action, so that the problems settled by your body are correct and truly right beyond any question of a doubt.

We have said previously that an exceptionally small amount of labor enters into the "Klein Nederland" project. What then, is the purpose of again trying to get your body to pass on this proposition? Surely the motive back of the sponsors of this movement cannot be to give our welfare work, because you have already courageously voted \$256,000 for public works projects. Surely the motive cannot be to fill the city's coffers since under the latter plan the federal government would take any profits that might follow. What then, I ask with you, is the motive? Is it the Chamber of Commerce, or the Committee of Five sponsoring this move?

We have come to the cross in the road—one road leads to the upward path, where the spiritual life of our community will be sacredly guarded, and the other road leads to the lower path where the faith of our fathers—holy faith—will be in danger of being eternally crushed out of the life of the folk of Holland—faith-loving folk.

No project as huge as "Klein Nederland" could function if it were not operated on the Sabbath. If the gates be kept closed on Sunday and a quiet Sunday is maintained, all manner of pressure will be brought to bear upon the management to have them opened. The fact will be deplored that a host of out-of-town people will not come to see "Klein Nederland" because the only time they have to come is on Sunday. The management of "Klein Nederland" will have to be men of exceptionally strong religious convictions and moral courage to keep the gates closed on that day.

Holland is a city of churches—of church-going people. It is a city of God-fearing citizens—people who put the faith above all. It was this simple faith that brought the first pioneers to the shores of Black Lake where they could have a place of peace and quiet to worship God, according to the dictates of their conscience. Down through the years this faith has followed the children and children's children of these great pioneers of Holland. They expected with the deepest of faith the Sabbath and kept it holy. Down through the years Holland has kept the Sabbath—kept it holy—just as those strong pioneers did. Our homes—our families—our clear living—is but a reflection of this Christian inheritance. Are you willing to sacrifice this—the very foundation of our city? Are you willing to change a city of churches and devotion into an amusement center for tourists? Are you willing to have on your conscience that you helped to destroy the sanctity of the Sabbath in Holland? If you are, gentlemen, just vote for this project, for the moment it is passed just that moment begins the downfall of the Sabbath in our city.

The sanctity of the Sabbath must be upheld by the conscience and the religious ideals of the community. A city government should defer to what is the religious sentiment of the city, in these matters because of the extraneous interferences through crowds, motoring and amusements, which naturally must follow in the wake of such a venture, and jeopardize the quiet and the reverence which is the atmosphere of Holland on the Sabbath, and this atmosphere must protect and maintain.

The fate of Holland lies in your hands. "Lord God of Hosts, Be with Us Yet, Lest We Forget—Lest We Forget."

Respectfully submitted,

NICODEMUS BOSCH,  
Mayor.

The Mayor's main objections were that this proposed project would not furnish sufficient labor to our unemployed to warrant such large expenditure; and, secondly, the application of such a large loan on a questionable project of this nature would jeopardize the city's chances for securing the other loans previously approved for more worthwhile projects. The further objection presented by the Mayor was that such a project as proposed in order to realize anywhere near the revenue contemplated would have to remain open as an attraction on Sundays, when most of the visitors could come, and this was not in keeping with the wishes of a large percentage of the citizens of Holland. After a very lengthy discussion by the Mayor and Aldermen and citizens present, the Motion of Ald. Kleis, 2nd by Ald. Prins that the project be approved was carried by a 11 to 1 vote. Ald. DeCook being the only member to vote against the project.

Mr. Henry Geerts, a member of the Special committee to look up work projects, then presented to the Council a proposition calling for a loan of \$200,000.00 in order to finance a building program that would permit home owners to secure a loan for repairing and or remodeling their homes. The proposition contemplated that the City of Holland pledge its credit for the repayment of the loan and that the necessary agencies be set up by the Common Council to supervise and safeguard the loaning of this money to individuals. After considerable discussion and, on motion of Ald. Jonkman, supported by Ald. Van Lente, the project was approved by a vote of 11 to 1. Alderman Brieve casting the opposing vote.

## Veteran Squad Seeks Victory In Home Game

GAME WILL BE PLAYED AT RIVERVIEW PARK

With a nucleus of eleven veterans of the thirty-two candidates for the varsity team, Coach Hinga is drilling the football team for the

Milton Hinga

coming season, which starts this Friday at Riverview Park against Ferris Institute of Big Rapids.

Five of the experienced men are linemen while six of them have backfield positions. The problem with this year's team is the lack of experienced tackles, which is caused by the graduation of Jim Zwemer, Al-M. I. A. man, and his partner, Carroll Norlin; however, an attempt to remedy that is being made by shifting Vern Klomparsen from his guard position to tackle and George Good may be the answer for the vacant guard job. Van Zanten and Boven are being tried at the other tackle and perform quite capably.

The outstanding feature of this year's team is the fine spirit of all the fellows. They are working hard in practice sessions and have a fighting spirit which will make tough opposition for all opponents.

The returning veterans are: Linemen—Damsen and Korstanje, ends, Klomparsen and Freeman, guards, Slaght, center; Backfield—Nettinga, quarterback, Van Zanden, Japinga, and TeRoller, halfbacks, Bonnette and Seekamp, fullbacks.

## EIGHT INCHES IN TWO YEARS

Two years ago a 14-inch lake trout was tagged by a Wisconsin fisherman and liberated in Lake Michigan. Last week this fish was taken in a net off of Port Washington, Wis., and it measured 22 inches, showing a growth of eight inches over the two-year period. The rate of growth of fish is one of the things our scientists believe they can definitely determine through tagging operation.

## Annual Event Takes Place Fri., Sept. 29

FOOTBALL SEASON OPENS WITH PEP MEETING ON THURSDAY EVENING

By Marie Verduin  
You will notice, if you have looked at the calendar, that Friday is going to be a big day. First of all there's that football game in the afternoon with Ferris Institute. You certainly don't want to miss that, not only because it's the first game of the season, but rumors are that the Hope team is going to demonstrate some very nice playing this fall, so you don't want to miss out on that.

Speaking of the football game, some of the freshmen (and one or two of the other classes) don't know all the Hope songs and yells, and so there's going to be a big pep meeting in the gym (Carnegie Hall to you) on Thursday evening at 7:30. I'm not sure just what's going to happen there—you never can tell about those pep meetings, you know—but Marv Kruizenga, as head yell master, will be in evidence leading the yells and songs, and as speakers for the occasion, President Wichers and Coach Hinga have been secured.

So much for the game and the pep meeting. There's more to happen on Friday, however. In the evening is to be held in the gym that all-college mixer, reception, or what have you, sponsored by the Student Council. If you don't get acquainted that evening with anyone you have already met, then the faculty will be entirely yours. The committee is getting up a very entertaining program too. Betty Goehner is in charge of a short skit, Jim Nettinga and Pres. Van Kolken are going to sing, there'll be a marimba solo, a piano duet, etc., etc. You'll have to wait until Friday night to hear more about that.

Now to bring both the evening and this article to a fitting close—there are going to be refreshments. There's nothing more you could ask to assure you of a perfect evening, so we'll expect to see you at the gym Friday evening.

## SUNDAY DINNER SUGGESTIONS

By ANN FACS

THE newcomers to the market this week are Idaho baking potatoes, cranberries, and Canadian rutabagas, those sweet yellow turnips. Several of the summer vegetables are all lingering though their season is growing short. Cauliflower is a popular vegetable as the weather grows cooler and is quickly prepared. A favorite sauce for this vegetable is Mock Hollandaise, a rich white sauce to which the yolk of an egg and some lemon juice has been added. Onions, sweet and white potatoes are economical and of excellent quality.

The early fall fruits include Concord, Malaga and Tokay grapes, Italian plums and pears. Most of these are good for preserving as well as for eating. Honeydew melons are the best of their family at this season. Small Valencia oranges are economical and are a satisfying addition to fruit gelatins.
