Signal Honors  
Come To Wichers  
And CollegeQUEEN WILHELMINA OF THE  
NETHERLANDS CONFERS  
KNIGHTHOOD ON  
PRESIDENT OF  
HOPEHistory Repeats Itself. The Late  
Dr. G. J. Kollen, President of  
the Local Institution for  
Nearly Twenty Years,  
Knighthood in 1906.

Holland was indeed pleased to hear the news that Dr. Wynand Wichers, president of Hope college, had been made a Knight in the Order of Orange-Nassau by Queen Wilhelmina of The Netherlands. It was announced Friday by Jacob Steketee of Grand Rapids, consul for The Netherlands.

This is indeed a signal honor for Mr. Wichers, but also redounds to the glory of our much-beloved Hope college, an institution of which this city is justly proud and the same feeling prevails in many communities throughout the nation having been identified in some manner with this institution of learning.

Dr. Wichers' appointment was made August 31, but notification came within the week through Consul Steketee from Jonkheer De With, minister from The Netherlands in Washington.

The communications received by Dr. Wichers, with royal imbellishments, read as follows:

Washington, D. C.  
August 31, 1935.

Professor Wichers:

Het heeft H. M. De Koningin bevestigd U tot Ridder te benoemen in de orde van O. N. S. V. P. De gelukwensen van Minister De Graeff alsmede mijnen aanvaarden.

HAERESMA DE WITH.

San Francisco, Cal.  
September 17, 1935.

Dear Dr. Wichers:

On my return to the office from a few weeks' vacation, I find a communication from you regarding the appointment of a Knight of the Order of Orange-Nassau. I am extremely gratified to learn this, for I know only too well how worthy you are of this honor.

I therefore, hasten to welcome you to this Order.

Yours sincerely,  
Dr. H. A. van Coenen Torchianna,  
Consul General of The Netherlands

The appointment of Mr. Wichers brings to mind a similar incident which occurred when the late Dr. G. J. Kollen, president of Hope college three decades ago, was similarly knighted, and the affair was recognized through public demonstration and a banquet to Jonkheer de Mares van Swinderen, who at that time was ambassador of The Netherlands.

The file copy of the Holland City News of November 22, 1906, 29 years ago, chronicles this happy event at which time Jonkheer de Mares van Swinderen, ambassador of The Netherlands to our country and "plenipotentiary extraordinary," and also the Hon. George J. Birkhoff of Chicago, vice consul of The Netherlands, were there.

The affair was held in Hope chapel and the entire student body and the many visitors arose when the distinguished trio, which included Dr. Kollen, ascended the steps to the rostrum. The chapel rang with college bells and after the regular devotion, President Kollen in a few words, paid high tribute to "Wilhelmina, the great and noble queen of The Netherlands."

Said he: "She is not only great as a woman, but she is great as a queen."

In speaking of The Netherlands, Dr. Kollen continued, saying that The Netherlands had always been great, not only within her bounds but great beyond her immediate border line.

Ambassador van Swinderen arose and thanked Dr. Kollen for his words and tokens of welcome. The distinguished guest then in the name of Queen Wilhelmina, thanked the president of Hope for his deep interest in and loyal service to these "wien Neerlanden bloed door de aderen vloeit." The great moment came when the ambassador said that he had a special message to Dr. Kollen from the queen herself, which message he himself had been requested to convey to President Kollen.

The Holland City News continues: "In the name of his queen, Mr. van Swinderen conferred upon Hope's president, the honor of knight of the Great Cross of the order of Orange of Nassau. This is the highest honor that the queen can bestow. Indeed, that such honors are not frequent attaches all the more significance to it."

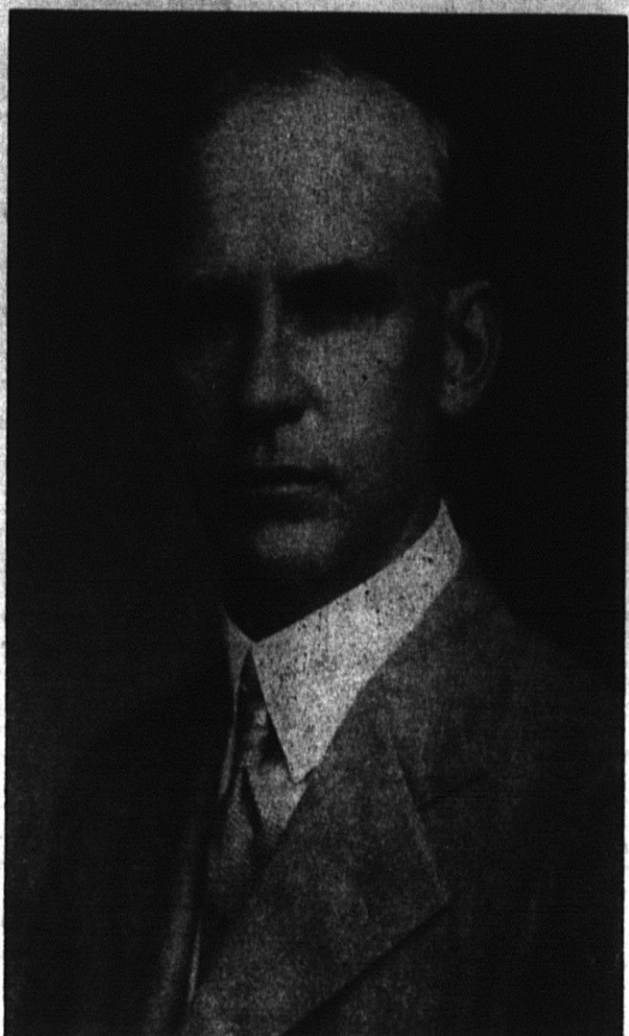

President Kollen was so surprised and so visibly affected that he was unable to say even a few words. After some delay, he said: "I can but say what the immortal Grant said, 'I thank you from the bottom of my heart.'"

The Holland City News continues to give several columns on this event which included a banquet. The campus was thrown open to the public and soon the singing of the national hymn pervaded the entire college grounds, the throng being accompanied by the Holland band. The singing brought the ambassador on the veranda of the home of Dr. Kollen and a public reception followed.

In the receiving line together with the ambassador, was the knighted Dr. Kollen and his daughter, Miss Estelle M. Kollen, Mayor and Mrs. Jacob Van Putte and Mr. and Mrs. H. Uden Masman. Mr. Masman was the editor of De Groendwet at the time.

Miss Kollen was assisted at the punch bowl by the Misses Lena Kollen, Lois Kleinhekel, Grace Browning, Lois M. Bowman, and Mae Van Drezer.

Ambassador van Swinderen and Consul Birkhoff were also entertained at the home of Mr. and Mrs.

DR. WYNAND WICHERS, President of Hope College, who was signally honored when Queen Wilhelmina knighted him with the highest honor in her power to bestow—"Knight of the Great Cross of the Royal Order of Orange Nassau."

G. J. Diekema and were guests at dinner at the home of Attorney and Mrs. George E. Kollen. Zeeland also wanted to see the ambassador so arrangements were made for a reception at Zeeland. That in part, is what the News gave 29 years ago.

Today history repeated itself. Dr. Wynand Wichers, who during the last Tulip Festival, was a prominent figure as a speaker and as an entertainer when Jonkheer De With was the guest of Holland, made a wonderful impression upon the Dutch envoy. The ambassador found here a man of tact, a man of ability as an orator and a man who knew his Netherlands history thoroughly.

He knew what immigration from the fatherland had meant to this nation. The immigrants of yesterday had left the mark of good citizenship on this, their adopted country. The ambassador was shown that the Hollanders of yesterday augmented with the Hollanders of today, left the stamp of thrift and honesty and religious

fervor wherever they settled or migrated.

The ambassador found that the Hollanders of the Van Raalte type were the "pious fathers" of the west. Mr. Wichers brought this reaction very forcibly to the guest of honor. With Tulip events over, Ambassador De With, having come and gone, Holland's activities continued in the regular channels and no one had the least inkling that Holland's queen was conversant with the activities here, that portrayed so vividly certain unique parts of her domain. Undoubtedly

President Kollen.

The Holland City News continues: "In the name of his queen, Mr. van Swinderen conferred upon Hope's president, the honor of knight of the Great Cross of the order of Orange of Nassau. This is the highest honor that the queen can bestow. Indeed, that such honors are not frequent attaches all the more significance to it."

President Kollen was so surprised and so visibly affected that he was unable to say even a few words. After some delay, he said: "I can but say what the immortal Grant said, 'I thank you from the bottom of my heart.'"

The Holland City News continues to give several columns on this event which included a banquet. The campus was thrown open to the public and soon the singing of the national hymn pervaded the entire college grounds, the throng being accompanied by the Holland band. The singing brought the ambassador on the veranda of the home of Dr. Kollen and a public reception followed.

In the receiving line together with the ambassador, was the knighted Dr. Kollen and his daughter, Miss Estelle M. Kollen, Mayor and Mrs. Jacob Van Putte and Mr. and Mrs. H. Uden Masman. Mr. Masman was the editor of De Groendwet at the time.

Miss Kollen was assisted at the punch bowl by the Misses Lena Kollen, Lois Kleinhekel, Grace Browning, Lois M. Bowman, and Mae Van Drezer.

Ambassador van Swinderen and Consul Birkhoff were also entertained at the home of Mr. and Mrs.

REMEMBER DATE OF SUN-  
DAY SCHOOL CONVENTION

Through a misunderstanding which got into print, there was some confusion on the Ottawa county Sunday school convention date. Remember, the convention is next week, Wednesday, October 2, at Jamestown in the morning and afternoon, and at Hudsonville at night.

A large delegation from Holland and from all over the county will be present. These East Ottawa folk are making great preparations and the whole countryside is ready to entertain the delegates. The entire official program is found complete on the next page.

THE FIFTY-YEARS-AGO  
COLUMN HELD OVER

The feature "Fifty Years Ago," that has always proven very popular, was held over until next week. The knighting of President Wichers, together with other historic data on a similar occasion, will have to suffice until our next issue when the feature will find its accustomed place on page one.

ANCHOR PRINTED BY THE  
NEWS FOR FOUR DECADES

The Hope College Anchor, official organ of our splendid institution headed by President Wynand Wichers, made its first appearance with the opening of the school year.

The Holland City News has had considerable to do with this publication, since this is the fortieth year that the News printing plant has printed this college paper. That is a long time and what a story could be told of the different persons who edited that publication.

There is scarcely a week goes by that the News doesn't have a visitor from abroad, pastor, professional man or business man, who does not say, "Ben, do you remember the time I was on the Anchor staff?" They all consider it a red letter period of their lives, giving them experience that has aided them in life.

The Hope College Anchor has had its ups and downs but today it is still Hope's clean and helpful booster, chronicling the news of Holland culturally, morally, religiously and financially.

The editor-in-chief is Calvin Vander Werf, a fine, clean young man and he is receiving the support of the following staff:

Associate editor, Bob Willmeier; make-up editor, Willard Veltman; headline editor, Willard Vander Laan. The departmental editors are Mary Jane Vaupeil, Ethel Vander Zalm, Christine Verhoef, John Vander Meulen, Angelyn Van Lente, Jay Bush, Catherine Haig, Kathleen Donahue, Peter Vandenberg, Ruth Burkett, Renier Papegaay, Peter Veltman and Mabel Vaughan.

Special reporters are Andrew Lampen, William Poppink, Cornelius Hoeszee, Russel Van Tatenhove.

New Road Brings  
Hamilton It's  
Traffic RulesHIGHWAY TO OUR NEIGHBOR  
IS COMPLETE; NEW SIDE-  
WALKS ARE TO BE  
LAID

A regular meeting of the Hamilton Welfare association was held Monday evening at the Community hall with a large crowd of men in attendance. H. D. Strabbing, treasurer, gave the final report of the Labor Day celebration. The report showed that this year's celebration was one of the most successful ever held. Mr. Strabbing reported that all expenses were paid and that a balance of nearly \$700 was on hand. The association also received about \$200 from the Community Players. Every stand reported a substantial profit. John Brink, Jr., Harry J. Lampen and Ray Maatman were appointed as a committee to plan ways for larger prizes and other improvements for the next celebration and to call a special meeting on the first Monday of May. The following officers were elected: President, John Brink, Jr.; vice president, Herman Nieuwenhuis; secretary, Rev. J. A. Roggen; treasurer, H. D. Strabbing; trustees, Richard Haakma and George Kaper. At the close of the regular business matters pertaining to safety and traffic on the new road were discussed. John Brink, Sr., and Ray Maatman were chosen as a committee to see that a sidewalk shall be laid from Hubbard street to the school house. Bernard Voorhorst and William Ten Brink were appointed to co-operate with the state in the placing of signs and lights in the village and also the observation of the speed laws so that the state may receive full co-operation by local folks. Arrangements have also been made by the school authorities for the safety of the school children. There was a great deal of interest and it is evident that Hamilton is determined to give the authorities and tourists every help they are able to give to enforce the traffic laws and make it safe for everybody. The paving now is complete between Hamilton and Holland. In town also the pavement is complete through the entire length of town in as much as the first 18-foot strip is opened to traffic. However, another 18 foot strip is being laid this week and curbing is also still to be placed.

Word has been received here that John Eaton and Mrs. W. L. Eaton landed at Havana Thursday on their trip from California to New York.

The Rev. E. E. Heeren of Vriesland was in the city on business Wednesday and reported that Mrs. Heeren, who submitted to a major operation at Huisings Memorial hospital, Zeeland, is showing marked improvement.

Holland Helps  
Allegan With  
Road And BridgeALLEGAN DELEGATION ASKS  
HOLLAND TO TAKE PART  
CHAMBER OF COMMERCE  
RESPONDS IMMEDI-  
ATELY

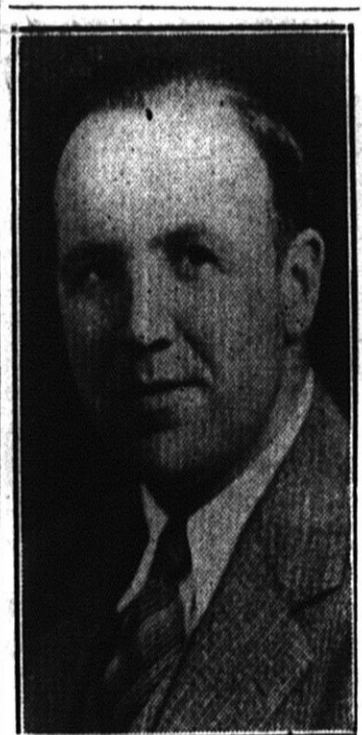

A large Allegan delegation Monday morning called up William M. Connelly of the Holland Chamber of Commerce, asking if this city could also send a delegation to Lansing to aid them in a conference with the heads of the state highway department in putting through a large bridge over the Kalamazoo river, over the proposed new M-40.

Mr. Connelly hurriedly got some of the men together who have played a large part in bringing pressure to bear that started the building of M-40 from Holland, the terminal, via Hamilton to Allegan and diagonally across the state to Toledo, Ohio, connecting up with the great trunk lines that go from coast to coast. The tentative name is to be the Michigan-Erie road, connecting the two large lakes.

These plans were really first started more than a dozen years ago. At that time the late G. J. Diekema, John Arendhorst, Austin Harrington, your editor, and William M. Connelly attended a meeting at Battle Creek called by John I. Gibson, prominent Scotchman, and well known in this city, who before his death was the secretary of the Battle Creek Chamber of Commerce. While Mr. Connelly was not directly interested in the road at that time, he came over to help. Although part of the highway was built, it never was really completed and the Holland end got none of the building.

About two years ago the road project was revived through the Holland Chamber of Commerce and the plans were well laid for practically the same road over a little different route. Mr. Connelly gathered around him about a dozen men and then made dates for meetings, after first laying the plans before the state highway department, to see whether such a highway was feasible. Then meetings were held in several of the cities along the prospective route, clear into Toledo.

Little Hamilton always sent a fine delegation, in fact the response all over was very gratifying. The route has been accepted and the first link has been laid from Holland to Hamilton. From the reaction received by the Holland delegation, who with the Allegan delegation conferred with Murray D.

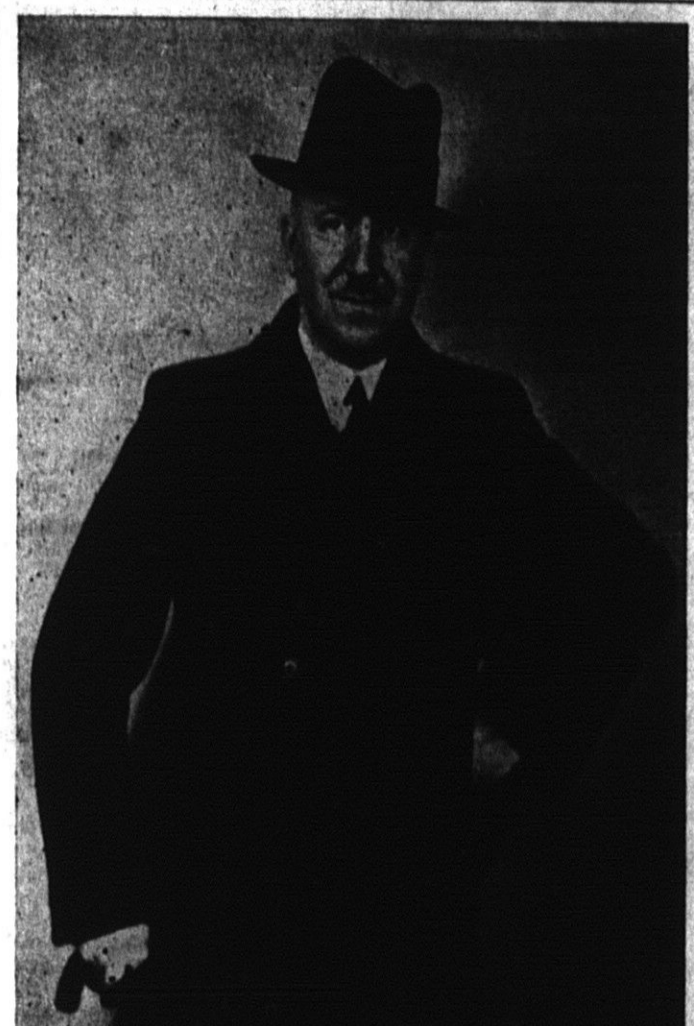

MURRAY D. VAN WAGNER  
Head of State Highway Dept.

Van Wagoner, head of the state highway department, the building of the road is to be continued next to Allegan. Mr. Van Wagoner gave his entire attention to the delegation and was most cordial in his reception and gave those who had spent a great deal of time on these road projects, and especially the Holland delegation, real promising news, in fact the probability for more roads in this vicinity aside from M-40 and 31-A to Saugatuck which is now in the building, was very reassuring. He seemed to be very kindly disposed towards this vicinity.

That M-40 will be continued soon from Hamilton to Allegan is made sure from the fact that the Allegan delegation first brought up a bridge project. The city of Allegan, as everyone knows, is building a large municipal dam and its building has gone to such a stage that soon there will be a large lake formed behind the dam. The relocated bridge which will be a few miles west of the present bridge should be built immediately, at least the abutments should be placed before the lake forms behind the dam. The forming of the lake of dammed water, will bring a depth near the site of the proposed bridge of from 10 to 15 feet, and it is ever so much more practical to build this bridge or the abutments while the water is still low. It will not only save tremendous expense but a great deal of time since bridge building in deep water is an expensive operation.

The engineers of the dam as well as the public spirited citizens felt that the state should be advised of this matter and asked the Holland delegation to present this feature. However, strange to say, Murray Van Wagoner and his engineers had already recognized this fact and had data covering this bridge proposal. It is almost sure that with the proper allotment of funds, either from state or federal departments, this bridge will be built soon, in fact, it will be pushed ahead of any other project.

It goes without saying that with the building of the bridge M-40 is assured. This was also evident when the fine structure was built at Hamilton. The state or government is not building fine bridges at tremendous cost unless a high-

WILL HOLD MEETING  
ON PROPOSED CANAL

A public symposium on the proposed waterway from Grand Rapids to Lake Michigan, suggested as a PWA project to be paid with federal funds, will be held in the city commission chamber in city hall, it was announced Friday by Peter A. Kammeraad, public service director.

Lieut. Col. H. M. Trippe of the corps of engineers at Milwaukee has requested the meeting be held here. Date for the hearing has not been set.

See U. S. government legal notice elsewhere in this issue relative to this project.

FLOODLIGHTS ON ZEELAND  
CITY HALL EXCELLENT

On Monday and Tuesday of this week men were employed at installing the flood lights for the new Zealand city hall, which work was completed Tuesday, and the lights were turned on Tuesday evening, flooding the front and sides of the building with a bright white light.

In the darkness of the evening and its surroundings the hall stands out in full relief, its light-colored brick walls making an imposing spectacle.

The flood light is certainly a very desirable facility which may be turned on at any time and especially on special occasions, when the hall will stand out in relief.

4-H CLUB LEADER  
NOW SPECIALIST

Mrs. Mary S. Thompson, home demonstration agent for Kent and Ottawa counties the past few years since Ottawa county supervisors discontinued a paid agent for this county, is to leave October 1 to become extension specialist at Michigan State college. Mrs. Thompson met for the last time with the 4-H club council last Friday. She was directly in charge of girl's 4-H club work and women's extension work in Ottawa county the past two years.

way worthy of the same, is built to it.

One can practically say that the building of this bridge, soon, is an assured fact, for building it later, meeting the high water obstacles, would pyramid the cost.

Mr. Van Wagoner, before he dismissed the delegation, said he was very receptive to the idea, and he called in Deputy Commissioner Harry Coons and Bridge Engineer L. W. Millard for further conference. The result was that they decided that they would endeavor to co-ordinate their plans with the city of Allegan, and stated that the surveys were now being made for the relocation of the bridge and the roads adjacent to the new bridge site, some distance west of the present bridge, which by the way, is a one-way affair on a curve, with the approaches hidden.

The delegation from Holland included John Arendhorst, Mr. Connelly, Charles McBride and Ben Mulder. Those from Allegan were Mayor Mosier, Grover Cook, Attorney Leo Hoffman, municipal dam engineers and half a dozen other prominent citizens whose names we do not recollect at this time. The Allegan delegation was especially pleased because the Holland delegation was present, since practically all the spokesmen who knew more about this highway project came from this city.

Holland has taken a broad view of this enterprise. We are naturally pleased that the link between Hamilton and Holland has been completed. It has been a crying need for a quarter of a century but Holland is not going to stop there. Being favored in the beginning the men who have fostered this project are going to continue to help extend this ribbon of concrete until the city of Toledo is reached.

Surely this super highway cannot help but be of direct benefit to this vicinity connecting up with the large trunk lines of the nation. It would seem to be a very desirable route for the tourists from the south and east who make western Michigan the playground of America. And don't forget that Holland's resort district is quite a sizeable part of this playground.

HOLLAND LAD BEGINS  
HIS NAVAL CAREER

Jason Woldring, 22 years of age, son of Mr. and Mrs. William Woldring of 180 East Fifteenth street, Holland, decided that he wanted a career in the navy several months ago, so he applied at the navy recruiting station in Detroit for enlistment. He was in perfect health and passed the mental tests, which the navy recruiters give to all applicants who apply for enlistment. He was thoroughly investigated in accordance with the naval regulations and found to be acceptable material for the navy.

On the 16th of this month he was enlisted, and was transferred to the naval training station at Great Lakes, Ill., where he will be given instruction in the various subjects that a first-class man-of-warman must know.

He will be at the training station for about 12 weeks, after which he will be transferred to sea one of the ships in the United States fleet. In the fleet in which he will get his real training, as the course at the training station barely scratches the surface of what he will be required to know for advancement.

He will be granted a leave of absence before being sent to sea, so he can visit his folks and friends in Holland.

HOLLAND GAME WARDEN  
HELPS IN FIRE

A picnicers' camp fire, carelessly left burning, was blamed by Deputy State Game Warden V. A. Antles of Holland for destruction of 12 acres of valuable game cover in northwestern Spring Lake township.

The game warden, called by farmers whose homes lay in the path of the flames fanned by a southeast wind Tuesday, took charge of fire fighting operations about 2 p. m. and it was not until three of the fire fighters, with three portable pumps and a crew of men with shovels, had the fire under control.

Mr. Antles placed the blame for the fire on picnicers who had a fire in the vicinity Sunday. He emphasized the danger, especially at this time of the year, and pointed to the loss of pasture and game cover with the danger to farm homes. The locality burned over furnished cover for many pheasants. Had the fire gained as good a start, it might have spread into a heavily wooded game reserve between the road and Lake Michigan near Black lake.

## SUES FOR \$5,000—GETS \$425

Damages of \$5,000 were being sought in circuit court here today by George Furda, Fremont, against Henry Bazaan, Port Sheldon, for alleged injuries received by horses that Furda had purchased from Bazaan.

The case has attracted considerable attention in the localities where the principles live as the court room was fairly well filled with spectators.

Furda claims that he was kicked by one horse in a pasture to such an extent that he was obliged to be in a hospital for 11 days. Also that the team he had purchased ran away with him on March 21, 1935, which broke the wagon and caused him injury.

Bazaan and Furda, so the testimony showed, had done business for years. The horses were purchased by Bazaan from Lemmen Bros. in Holland. They were five and six years old. At the time Furda claims he was kicked, the horses were in the pasture together with several others.

The verdict of the jury was that instead of receiving \$5,000 the Fremont man should receive \$425. As the horses were purchased from Gerrit and John Lemmen of Holland, Bazaan was released from the case. Counsel for the Holland men presented witnesses and performance. Judge Fred T. Miles presided.

A new home is being built on the south shore of Lake Macatawa for George Arritis of Chicago. The building will cost between \$7,000 and \$9,000.

Auto Drivers  
Slaughter Many  
Fine Squirrels"VAUDIE" VANDEN BERG  
STOPS CAR TO LET GOLDEN  
PHEASANT GO BY

In their haste to garner the winter's supply of nuts and seeds, fox squirrels are believed to be dying by the hundreds each week in Michigan under the wheels of automobiles.

Since the coming of the first frosts, these bushy-tailed rodents seem to have doubled their foraging activity and motorists in Michigan are commenting on the numbers of them being seen along the highway. Many of the squirrels are being run over by cars while attempting to cross the concrete and the News believes in many instances willfully so.

Gus Fuehr, district supervisor for the Department of Conservation, at Gladwin, reports counting 17 fox squirrels that apparently had been killed by automobiles within a six-mile stretch of US-23 in Bay county. In the same afternoon he saw another dead fox squirrel on M-61 in Gladwin county.

Another conservation officer counted nine fox squirrels that ran across the road ahead of his car on a 24-mile stretch of M-55 west of Cadillac. In addition he noted four dead squirrels on the road.

Fox squirrels in Michigan are legally from Oct. 1 to Oct. 10, inclusive, in the upper peninsula and from Oct. 15 to Oct. 24, inclusive, in the lower peninsula, but we believe the game laws do not intend that hunting should be done by automobile.

Some people always have an urge to kill or hurt. Your editor has on two occasions seen a car driver go out of his way to kill a bewildered squirrel crossing Central av. from Centennial park and in one instance succeeded, then continued to drive on. He has also seen them drive over mud turtles that come from their winter dugouts in the spring to make for the stream and swamp. Often these must cross the highway, and the highway is often littered with the squashed remains of these slow going turtles.

Quail and pheasant also "get theirs" on the highway, but how a driver can excuse himself for running down a deer which often happens, is out of line with the times.

Sunday morning "Vaudie" Vanden Berg drove your editor over the scenic road through Waukegon to Ottawa Beach, over and back. On the open road a hen pheasant walked leisurely on the highway and "Vaudie" had to stop his car in order not to run over the bird standing there unafraid.

It was an interesting 15 minutes to watch the pheasant slowly making its way back to cover and joining her mate, a bird of more colorful plumage. Had "Vaudie" insisted on the "right-of-way" there would be a mamma pheasant less for the hunter and a sorrowing papa pheasant lonely and pining in the bird cover near Waukegon. But "Vaudie" loves life as well as he does his fellow man.

HOLLAND PREPARES  
(Grand Rapids Press)

Encouraged with Holland's 18-0 victory over Grand Rapids Creston in the first game of the schedule, Coach Gerald Breen of Holland High school has put his team through hard scrimmages for Saturday's game with Ottawa Hills at Grand Rapids. Breen anticipates a hard battle. His line is better than last season, but he has a light backfield. Breen has three regulars in Pluin, Flanagan and Klomparsen, and six other lettermen in Poppema, Raffenaud, Rideout, VanLente, Cooper and Bekken. Wagereid, also letterman, is out due to injuries suffered in a motorcycle accident Labor Day.

WIFE OF DRENTHE PASTOR  
WRITES SONG COMMEMORATING  
TENTH ANNIVERSARY  
OF MISSIONARY  
UNION

The third annual conference of the Woman's Missionary Union of Reformed churches in classic Holland, which includes women's societies from Reformed churches of Holland, Zeeland and outlying districts, will be held on Friday, October 4, in the Central Avenue Christian Reformed church in Holland. The afternoon session will begin at 2 o'clock and the evening session begins at 7:30 o'clock.

At the afternoon session, special music will be furnished by a delegation from the Drenthe Christian Reformed church and the Berentschot family of Holland will furnish music on the evening program. These special numbers are in commemoration of the tenth anniversary of the Union. A song, written by Mrs. B. J. Danhof of Drenthe in celebration of this anniversary, will also be sung.

Speakers who have been engaged for the day are Rev. H. A. Dykstra of China, who will speak on "China—Missionary," Mr. J. C. Kobes, missionary to the Indians, who is stationed at Tondana, N. Mex., whose subject will be "Open Doors and Opened Hearts in Navaho Land," Miss Helen Noorderwies, missionary to Egypt, who has chosen as her topic "Work Among Mohammedans," and Mr. A. Huisjen of the Christian Jewish Mission, who has chosen as his subject, "Our Work Day By Day Among the Jews."

Other speakers will be Dr. Harry Beets of Grand Rapids, secretary of missions, and Mrs. William Stuart of Grand Rapids, former president of the Union.

Mrs. Stuart will give an address during the supper hour, and the conference members will indeed be pleased to hear this prominent worker give her discourse. She will also have charge of the devotion at the closing of the day.

All those desiring to stay for the supper hour which is to be in the Fourteenth Street Christian Reformed church, are asked to bring their own lunch. Coffee will be served by the entertaining church.

## Do Your Part!

Fire Prevention Week is to be  
observed from October 6 to 12. And  
here is a thought worth consider-  
ing in the meantime:Friendly fire — fire under con-  
trol — is one of man's greatest  
boons. It keeps us warm, cooks  
our foods, motivates our industries,  
and serves us in countless other  
ways.Unfriendly fire — fire out of con-  
trol — is one of man's greatest  
enemies. It destroys property,  
causing irreparable economic loss.  
It menaces life. It hampers pro-  
gress. It threatens community de-  
velopment, and industrial activity  
and employment.A building for example, repre-  
sents something beside money. It  
represents energy, achievement, la-  
bor. If it is a factory building, it  
represents creative, productive  
wealth. When fire destroys that  
building, insurance will give back  
part of the money it cost, but  
nothing can give back the energy  
that was wasted. Nothing can  
make up for the work lost, the  
jobs destroyed, the diminished pur-  
chasing power the fire caused. The  
indirect costs of fire — costs which  
cannot be put into a balance sheet  
— are the real measure of our na-  
tional fire waste. Those indirect  
costs are many times the direct  
costs.Somewhere, as you read this, a  
home is being burned to the  
ground. A factory building is a  
smoldering ruin. A man is scream-  
ing in pain from a burn that will  
prove fatal. All this is the result  
of someone's oversight, someone's  
carelessness, someone's stupidity.  
Are you willing to do your part to  
minimize such happenings in the  
future?Holland's efficient chief of the  
fire department and his able "fire  
laddies," have done a great deal  
to lower fire losses. He is calling at-  
tention to "Fire Prevention Week."  
We can help him by being careful  
with fire instead of careless.For Holland, this is not a reprimand  
for Holland folk are by na-  
ture not sloven but neat and care-  
ful — but then we cannot be too  
careful.HOLLAND BUSY MEN  
PLAN FALL SPORTS PROGRAMThe Holland Busy Men's club  
met last evening in the city hall  
and arrangements for the coming  
season were made.The club will start Tuesday eve-  
ning, October 8, at 5 o'clock at the  
Holland Armory for volleyball.The club will be limited to 48  
men this year and all last year's  
members will be given an opportu-  
nity to join until October 15,  
after which time new members will  
be accepted in their places. Mem-  
bership cards can be secured at the  
First State bank and each member  
must have a card.The same officers were re-elected  
last evening as follows:President, Henry Venhuizen;

HOLLAND, MICH. PHONE 3551Ottawa Sunday School Convention  
Next Week Wednesday, Oct. 2, at  
Hudsonville and JamestownGeorge Schuiling of Holland, for  
15 years president of the Ottawa  
County Sunday School association,  
announces the official program to  
be held next week, Wednesday,  
when the meeting will convene at  
Jamestown in the forenoon and  
afternoon and at Hudsonville in  
the evening of Wednesday.A large delegation from Hol-  
land is to attend, aside from the  
delegates chosen. Grand Haven  
and north Ottawa have promised  
large delegations, and naturally  
Zeeland, Jamestown and Hudson-  
ville, in close proximity of where  
the convention is to be held, will  
be well represented.The delegation will be in good  
hands, for the folk out there are  
happy over the fact that they have  
been honored with this convention  
and they have made all prepara-tions to serve this large body of  
men and women. Hospitality is  
the watchword.The morning session will con-  
vene in the Jamestown Reformed  
church, following the registration,  
at 9:15 o'clock with inspirational  
singing under the direction of Mr.  
John Vander Sluis. Prof. C. Kleis  
will preside. The afternoon session  
will convene at 1:15 with inspira-  
tional singing, and will be pre-  
sided over by Mr. Corey Poest. The eve-  
ning session will be held at Hud-  
sonville High school auditorium  
and will convene at 6:30 o'clock.Remember that the day is next  
week, Wednesday, October 2. We  
emphasize this fact for the reason  
that there have been some mix-up  
in dates, which were errors. Re-  
member, next week, Wednesday!

The official program follows:

BEGUN IN CITYThe city department of health is  
beginning its annual immunization  
campaign. "Consent" cards are in  
the hands of the parents and they  
are asked to return them as soon  
as possible, so that there will be  
no delay in the program.The program consists of the  
usual vaccination against smallpox  
and the single injection of the riph-  
theria toxoid."Science has progressed to the  
point where only one injection of  
the highly effective toxoid prepa-  
ration is necessary to protect the  
individual against diphtheria,"  
Dr. William Westrate, city health  
officer, explained."It is hardly conceivable," the  
doctor stated further, "that anyone  
in this enlightened age should fail  
to properly protect his or her chil-  
dren. Health authorities urge that  
children be properly protected  
from the age of six months on.""Since this cannot be done in  
the schools, parents can at least  
co-operate to the extent of proper  
immunization of school age chil-  
dren."HIGHWAY PAVING JOBS  
MOVING FAST; GOOD START  
ON SAUGATUCK ROADPaving of US-31, the second ma-  
jor highway project south of Hol-  
land, was started Tuesday by the  
Grace Construction Co., with four  
blocks of Michigan avenue in Hol-  
land city first on the program.The paving crew returned to the  
job Tuesday after the M-40 project  
had been completed Saturday.  
Equipment was moved to the new  
location Monday.Providing weather conditions  
permit, the company hopes to get  
several miles of the relocation to  
Saugatuck paved this fall. The  
job will be completed in spring  
and will be open before the heavy  
rush of tourist traffic.Crews of men are busy on the  
M-40 job grading the shoulders  
and getting the stretch ready for  
opening next week.The Chalmers Construction Co.,  
contractor of the paving job in  
the village of Hamilton, has re-  
sumed pouring concrete, but this  
job will be completed this week.  
The "Bee Line" will be ready for  
travel by October 1.

a former employee of the B. Wier-  
sma grocery store of this city. He  
is now employed at White's Mar-  
ket in Holland and the couple will  
make their home in this city.OTTAWA TOWNSHIPS  
LOSE STATE RELIEFOlive and Blendon townships of  
Ottawa county have been refused  
relief because they have not con-  
tributed their share of money to  
the state, it was learned today.Olive township is six months in  
arrears, and Blendon is four  
months behind, relief officials said.  
The action was taken September  
14 when state officials formally  
announced that payments had to  
be made, and was approved by the  
county relief commission last  
week.There are 30 families in the two  
townships on relief, the former  
having 23 while the latter only  
seven. Their share of relief money  
is about one-third of the cost of  
administering welfare in the com-  
munities.NOTICE OF PUBLIC HEARING

OF BASSA live snapping turtle, four  
inches in length, was found by  
Frank Snyder of Elberta, Mich., in  
the stomach of a four-pound black  
bass which he caught. Snyder did  
not discover the turtle until he had  
taken his catch home and dressed  
it out.STREETS OF CONCRETE  
ARE BEST

... safety, beauty, long life, low cost!

Safe, long-lasting streets of  
concrete mean more than better  
driving conditions. Concrete  
costs less than any other pave-  
ment of comparable durability  
and carrying capacity. It cuts  
skid : : : increases property  
values : : : and reduces driving  
cost by saving on gas, oil, tires  
and car repairs.Concrete pavements give a clean,  
spick and span appearance to the  
community. Concrete's pleasing  
gray color reflects light, makes it  
easier to see—reduces accidents,  
in every kind of weather.Insist on concrete—the ideal  
material for building new streets  
or resurfacing old ones.Write for free copy of

## Grand Haven Coast Guards Get New Boat

Boatswain Preston in Charge of  
Bringing New Boat to Local  
Station.

(Grand Haven Tribune)  
A new power surf boat for the local coast guard station arrived today from the shipyard at Curtis, Md., via the Pere Marquette railroad. The boat was unloaded by members of the crew and it is now at the coast guard station for trial.

The boat weighs 3,700 pounds. It is 25 feet, 10 inches long, carries a 20 horse power gasoline engine and will hold 20 people. The boat was loaded onto a wagon and then taken to the south channel where it was placed in the water. The engine worked well and to all appearances the boat is in readiness for duty, said William E. Preston, boatswain.

The old boat was shipped to Kewanau Point, U. P., last winter to the relief commission where it is being used by the few fishermen there, who are on relief, for fishing purposes.

The station has two fine power boats, the largest is 36 feet long and is used in heavy work. The smaller boat is adaptable for emergency calls and nearby points.

William E. Preston was in charge of the work of unloading the boat today and those who saw the activities followed the boat until it was driven down the river to the home base.

OTTAWA CO. MAY SEND 51;  
REQUIREMENTS FOR AP-  
PLICANTS ANNOUNCED

Ottawa county has been allowed 51 for enrollment for CCC camps which will start October 1. All selectees must come from relief families. This information was given out today by Miss Deborah Veneklasen, county welfare administrator.

No border line cases will be accepted and allotments must be assigned to some member of the family. The allotments may not be saved for the selectee as the money is designated and must be used for welfare support, she stated.

The age limit has been fixed at from 17 to 28 years, inclusive, and only those unmarried are eligible. Anyone having had previous service in CCC camps, and has obtained an honorable discharge, who has served four consecutive months is eligible for re-enrollment. Also anyone who has had thirteen months' service is eligible.

Those who have been in camps must bring discharge papers, showing an honorable discharge, upon application for re-entry. These papers will be returned as soon as the enrollment has been completed. If the applicant is rejected, they will be returned.

COOPERSVILLE ALSO HAS  
RALLY

Republicans of the fifth district announce a big rally in Coopersville this Friday at 8:30 a.m. will appear nine Republican members of congress and Gov. Fitzgerald will be principal speaker. It will be an afternoon meeting with various entertainment including a barbecue dinner with everything free to partake. There will be ball games and hand concerts. Congressman Clare Hoffman of Allegan will be one of the speakers.

Sun-up Hours for  
Pheasants Is Set

Better check your alarm clock and consult your almanac as to when the hour of sunrise arrives if you intend to hunt pheasants this season in the early hours.

One of the changes in the small-game hunting laws effective this fall forbids the pheasant hunter to begin hunting before the "hour of sunrise."

Leaving this to private interpretation might lead to confusion and error, and for that reason the department of conservation has announced a definite schedule of the official hours of sunrise for each day of the open season, Oct. 15 to 27 inclusive, as a guide for hunters and conservation officers in enforcing the law.

According to their notes, old Sol officially gets up at 6:50 a.m. on Oct. 15 and 16, Oct. 17 to 21 inclusive, he will make his official appearance at 7 a.m., and from Oct. 22 to 27 inclusive, hunters must wait until at 7:10 a.m. All above mentioned time is eastern standard.

By consulting this table and his watch, the pheasant hunter may easily conform with the law even though weather conditions are cloudy and the true time of sunrise questionable.

Under the new interpretation of the federal regulations governing the shooting of woodcock and rails, both woodcock and rails may be hunted from 7 o'clock in the morning, EST, until sunset. Previous announcements, based on reports from Washington, were to the effect that these species of birds could be hunted only from 7 o'clock in the morning until 4 o'clock in the afternoon.

BUILDING 100 YEARS OLD  
RAZED AT SAUGATUCK

The old Wilson building at Saugatuck, better known to the older inhabitants as the Schaberg building, on Butler street, has been razed during the last week. This building was an old landmark, being at least 100 years old and was of the old timber construction, with mortise and tenon drawn together with wooden pins. A new modern brick building will soon be constructed on the same site to house the Wilson ice cream factory. This structure will have a store in the front.

Tomorrow, Saturday, a tremendous rally is to be held at Johnson Park at Grandville when several roasted oxen will be served. Governor Fitzgerald will also be present.

## Hope Opens Season With Ferris Team First Game Sept. 28

With the opening game with Ferris only three days distant, Hope college football fans sit back to contemplate the prospects of its co-championship eleven. Although the outlook seems brighter because of a wealth of backfield material and a more experienced line, Coach Hinga labels the prospects as fair.

The most difficult schedule in several years faces the blue and orange gridgers. Eight games have been scheduled, four of them with conference foes. A new team will make its appearance this season in the person of Ypsilanti Normal, a team that ranks with Western State. The high light, of course, is the homecoming scrap with Hillsdale.

CIRCUS VISITS FENNIVILLE;  
PEOPLE DROWNED OUT

Tiger Bill's Circus and Wild West gave two performances Monday at the Fenniville city park to good-sized crowds who found the show very entertaining. The show appeared at the County Fair in Allegan. The night show at Fenniville was cut short by a heavy downpour of rain that drenched the performers in the unprotected arena and sent spectators scurrying for home all wet. A circus callopie made a tour of the town during the forenoon calling attention to the arrival of the show which had an open date. The otherwise quiet neighbor of ours soon woke up to the fact that there was something out of the ordinary doing in town.

SHERIFF CLEANS UP GANG;  
JUDGE SENTENCES THEM

Judge Fred T. Miles issued prison sentences to four Grand Rapids youths, alleged members of a gang that had raided several places in southeastern Ottawa county.

Kenneth Harwood was given 4 to 15 years in Ionia for breaking and entering; Charles VanderZee was given 5 to 15 years in Ionia for the same offense.

Samuel Stremmer, former Grand Rapids patrolman on an entering without breaking charge was given 2 1/2 to 5 years in the southern Michigan prison and James Chamberlain was given the same term in the same prison for carrying concealed weapons.

Harwood, Stremmer and VanderZee pleaded guilty last Friday to the offenses, and Chamberlain pleaded guilty two weeks ago. Jerry Hulst, Ray Ford and John Jenkins, also of Grand Rapids and implicated in the same affairs, are now serving time in Ionia. The Ottawa county sheriff's department did a good job of cleaning up this burglar gang who kept northeastern Ottawa in hot water constantly.

ALICE LEE HEADS

Alice Lee was elected president of the Grand Haven high school orchestra. George Christman, of Spring Lake, was elected vice-president; Rodney Sharp, secretary; Marjorie Mulder, treasurer; Jean Cameron, librarian; and Roman Wolniakowski, student director. There are 21 instruments in the orchestra this year, 10 violins, two each of cellos, trumpets, clarinets and drums, and a string bass, horn and piano.

M40 STRETCH MAY BE OPEN  
BY OCT. 1

M40, the new concrete highway between Holland and Hamilton, has been completed and probably will be open for traffic Oct. 1. Shoulders along the highway will be laid before next July, the date for completion of the contract. The new highway replaces one of the worst roads of dust and mire in the state and that Holland and Hamilton are greatly pleased is putting it mildly.

PETITIONERS CLAIM OLD  
HIGHWAY AND BRIDGE  
ARE NOT SAFE

Judge Fred T. Miles has set Oct. 26 at 10:00 a.m. as the date of hearing for the petition filed in circuit court asking that a bridge and road in Port Sheldon be discontinued as a public highway. The petition, signed by many in that locality, points out that a new bridge and road has been constructed paralleling the old road and bridge and that, if it were allowed to remain as a public highway, loss might be sustained to those traveling upon it as the Ottawa County Road commission will no longer maintain it.

The new bridge and road is a part of the lake shore road project which has been under way for some time, and originated by the board of supervisors to supply welfare with labor. The highway has been re-routed to straighten out curves and to touch the fine resort areas along Lake Michigan which will be tapped by the road when it is completed. The road has been gravelled out Sheldon Road about six miles south.

VITAL STATISTICS FROM  
COUNTY CLERK'S OFFICE

Vital statistics for 1935, complete to Sept. 1, were released by the Allegan county clerk's office this week. To date this year there have been 329 deaths and 411 births, which figures would indicate that slight variation of the ratio of deaths to births in 1934, when deaths totaled 471 to 679 births.

GRANDSON OF HOLLAND'S  
FOUNDER WEDS  
ZEELAND GIRL

Mrs. William Osseward of Zeeland announces the marriage of her daughter, Delia Ann, to Frank Demoon Kleinhessel, of Flint, formerly of Holland, which took place in Chicago. The couple will reside in Flint.

Miss Osseward is a graduate of the University of Michigan and has taught in the English department of South high school, Grand Rapids, for the past 10 years.

Mr. Kleinhessel is a graduate of Hope College and was the son of the late Prof. John H. Kleinhessel, for years in the faculty of Hope; in fact he was a pioneer as an instructor in mathematics. The mother of Mr. Kleinhessel was a daughter of Dr. A. C. Van Raalte, founder of Holland. Mr. Kleinhessel has been with the Holland Furnace Co. for more than 15 years.

## Allegan County Man Shoots Him- self Two Times

SENDS TWO BULLETS INTO  
LEFT BREAST FROM  
SINGLE SHOT GUN

Two shots from a twenty-two rifle, both of which plowed into his body just under the heart and about an inch apart caused the death of Herbert Snyder, 37, of near Dor, Allegan County, who, according to Dr. E. D. Osmon, coroner, committed suicide. Snyder used a single shot rifle and despite the fact that one bullet had already been fired into his body, managed to reload the single shooter and fire another one. One empty shell was found between his legs and several loaded ones were found beside his body. The gun also contained an empty cartridge.

Snyder, according to his wife, had been in a highly nervous condition for many weeks and recently had suffered a nervous breakdown. It is reported that he left the farm house early in the morning in company with his wife and his hired man and that after the wife and employee left him, he committed suicide in the milk house. The shooting occurred at about 6:30.

His body was discovered shortly after by Mrs. Snyder who had returned from some farm duties.

Snyder is survived by his widow and three children, two boys, one age seven and another age five, and a baby girl two years old. Apparently Snyder wanted to make a thorough job of it when he survived the first shot and put another ball in his body to make sure. The funeral was held at Dor, Allegan County, where he is often attended as is often the case under such circumstances.

WOOD CARRIER NOW HEAD  
OF TEACHERS' CLUB

The worm has turned, as the saying goes, in the Grand Haven Teachers' Club and O. Frank Sanders, science instructor in the high school who has served with patience if not distinction on the wood committee the past five years, was elevated to the office of president last night. Mr. Sanders is the first president in some years who really has coveted the office and his strength in the ballot surprised everyone at the special election called to name a successor to Miss Luella Pelton who went to Wyandotte to teach this year. This wood committee is charged with wood gathering at teachers' club Lake Michigan beach resorts. Mr. Sanders said he took satisfaction in the fact that wood was becoming a scarcer article on the beach than five years ago when Mr. Olsen first inflicted the job on him.

WANT TO "LIVE AND DIE" IN  
ALLEGAN

Reports that Congressman Clare E. Hoffman is moving his law office to St. Joseph, Michigan, have been circulating due to the announcement that Mr. Hoffman was opening an office there but it is purely a congressional office headquarters for that part of the district. All law business and the Hoffman home will be maintained in Allegan. Congressman Hoffman today declared he had found no other city in which he wished to "live and die" and that Allegan has been and will be his perpetual home.

HOTEL SAUGATUCK MAKING  
IMPROVEMENTS

The old porch on the south and east sides of the Hotel Saugatuck have been torn down and on the south side the grounds will be landscaped up to the building proper and on the east side a new concrete porch and entrance will be erected. This will give this hotel a much better appearance from the street. The old ice house in the rear will also be torn down and the present large room will be extended out toward the river with pavilion construction which will give the hotel much needed space to accommodate their steadily growing clientele.

ANOTHER EXTENSION CLASS

John C. Hoekje, director of extension work at Western State Teachers college, has announced that an extension class will be offered again in Allegan this year. The work offered will cover a study of modern Europe and will be in charge of Dr. Nancy Scott of the college faculty. The first meeting of the class is scheduled to be held in the Dawson building Tuesday evening, Sept. 24. Dr. Scott is unusually well fitted to instruct history classes in study of Europe because of observations gathered during several trips to that continent and of information obtained at the League of Nations assemblies in Geneva.

Members of the Hope church Women's Aid society entertained at a luncheon given by Mrs. George A. Pelgrim of West Eleventh street. The meeting was called for the purpose of planning the annual Christmas time church fair and supper, of which Mrs. Pelgrim is general chairman. In charge of preparations for the affair are Mrs. Sidney Hooper and Mrs. Cornelius Vander Meulen, Spring, season Mrs. R. D. Esten and Mrs. Peter Van Domelen, Jr., summer; Mrs. Kenneth De Pree and Mrs. C. J. McLean, fall; Mrs. C. M. McLean and Mrs. Arthur Wrieden, winter. Mrs. Willis Diekema, Mrs. Lloyd Heasley and Mrs. Ernest Salkers were placed in charge of the supper. Other guests were Mrs. Milton Hinga, Mrs. W. G. Winter and Mrs. N. Dykhuizen.

Al Arens has returned from a trip to the Soo in northern Michigan.

Gerald Timbott has returned from a week's visit to Iowa.

ZEELAND MAN HEADS  
CALVIN FORUM TEAM

Lester De Koster, Zeeland, a junior at Calvin college, was recently appointed to the position of coach at Central high school. De Koster has a record as a debater in the Zeeland high school and two years of service on Calvin debating teams. He also held various class offices and was editor of the Calvin college newspaper.

Peter H. Eldersveld, graduate of the University of Michigan school of speech, is in charge of Calvin forensic activities.

## BORCULO

Recently Mrs. John Bosch celebrated her 84th birthday at the home of her children, Mr. and Mrs. Jacob Bosch where the aged mother is staying at the present time. The following were present: Mr. and Mrs. John Bosch, Mr. and Mrs. Albert Bosch, Mrs. Grace Raterink, Mr. and Mrs. H. Rozema of Borculo and Mr. and Mrs. Peter De Pree, Mr. and Mrs. George Petroelje of Zeeland and Mr. and Mrs. George Bosch of Allendale, and several grandchildren.

Mr. and Mrs. J. T. W. Stewart of Washington College, Tennessee, Miss Mattie Dekker and Mr. Paul Stewart of Holland and Henry D. Dekker and son, Randall, of Zeeland were guests of Mr. and Mrs. G. Ten Broeke of Borculo recently.

The school bell is ringing for Borculo pupils with a good attendance and Dick Van Vliet has charge of the 9th and 10th grades, Mr. Medendorp the 6th, 7th and 8th grades. Miss Vander Poll teaches the 3rd, 4th and 5th grades and Miss Rink has charge of the primary grades.

Silos are being filled at several places as some corn fields were partly touched by the recent frost but there was little damage. All is activity on the farm to garner the crop.

Mr. and Mrs. Peter Diepenhorst returned after a very pleasant trip of several days. They accompanied their children, Mr. and Mrs. Frank Diepenhorst, of Holland and stopped in Milwaukee to visit two brothers of P. Diepenhorst. They also visited the Wisconsin Dells. A night was spent at the home of Rev. and Mrs. K. W. Fortuin formerly of Borculo now of Alto. Then it was interesting they say, to see tremendous fields of alfalfa being mowed and numerous silos were filled and others were being filled. The west has a bumper crop in alfalfa fields in the sections through which they motored were remarkable.

The first regular monthly meeting of the XL class of Third Reformed church was held Friday night at the home of Mrs. Edward P. Slooter, 206 W. 11th St. A program was presented.

"THE MINISTER AND HIS PEOPLE"  
(III John)

Henry Geerlings.

Next to the names of Jesus and Paul, no name is more familiar to the readers of the New Testament than that of John. The five writings attributed to a person or to persons, of that name are a gospel, the Apocalypse, and three letters.

The three letters, familiarly known as the Epistles of John, are all anonymous. They do not bear the name of their author. But, from early times, they have been attributed to the Apostle John. That theory is still held by some modern scholars, and there is evidence that supports it, in the style and contents of these writings. In any case, they were written near the end of the first century, and they originated in the Ephesian group of Christians in the churches of that time. This third letter is addressed to an individual named Gaius. No doubt he was a prominent member of the church. This brief writing is of a personal and private character. Only incidentally, it touches on principles and conditions that are of general interest and of permanent value. We know nothing of the recipient, save that his name was Gaius, and that he enjoyed the full confidence of the writer, as a prominent and worthy member of a Christian community.

After the salutation, the letter expresses the writer's love for Gaius, his interest in his spiritual welfare, and his joy in hearing good reports of his Christian life. It praises him especially for the kindness he has shown to certain traveling evangelists and commends these fellow-workers for the truth.

The brief analysis of the letter shows clearly that it deals with personal matters of local interest. It was occasioned by the unbrotherly treatment of itinerant teachers who were dependent upon the hospitality of their brethren. Gaius had welcomed and entertained them, but Diotrephes, an ambitious and self-assertive member, had treated them rudely. The aim of the letter was to rebuke Diotrephes and to commend and encourage Gaius.

It is commonly agreed that this

note was sent to Gaius near the end of the first century. We realize that we are still near the beginning of Christianity. The movement had spread with marvelous rapidity. There were numerous Christian communities throughout Asia Minor and in Europe and northern Africa; but there were no organized churches, then, in our sense of the word. There were separate, independent brotherhoods, under the supervisory care of elders.

Moreover, we realize that these early brotherhoods were very far from perfection. Distance lends enchantment to the view. We idealize the past. So we hear men talk about the early church as the bride of Christ, without spot or wrinkle. But such fanciful pictures are not true to fact. There was a Judas in the apostolate. In the mother church at Jerusalem, there was an Ananias, as well as a Barnabas. In this letter we meet Gaius the beloved and Diotrephes, who loved preeminence.

The members of these early churches were saints indeed. But the New Testament saints are penitent sinners, not perfect men. They may have been blameless before God because of their penitence and faith, but they were not flawless and faultless.

They were men of like passions with us. They had their excellences and their defects. Among them were the meek and the lowly, martyrs and apostates. There were dangerous heresies that had to be refuted, like the denial of Jesus' true and full humanity. There were gross immoralities that had to be rebuked.

There is much for us to learn from this picture of the life of early Christian communities. To follow Christ is never an easy matter. His yoke is easy and his burden light compared with the bondage of sin. Yet, he does put his yoke upon mind, heart and will. His religion is truth that we must think out, a work that we must love, and a way that we must learn to walk in.

Especially the latter. And that is not an easy matter. They found it difficult in the Ephesian group. We still find it difficult if we are sincerely trying to live in the spirit of the Master. We shall need every help that God and man can give us.

Referred to License Committee. Clerk presented petition signed by property owners to have 28th St., between Washington and Michigan Aves., sprinkled.

Referred to Street Committee, together with City Engineer.

Reports of Standing Committees  
Claims and Accounts Committee reported having examined claims in the amount of \$7,630.65.

Allowed.

Ordinance Committee gave notice that they have an amendment to the present Sidewalk Ordinance which they wished to present.

Tabled for two weeks.

Ald. Van Zoeren, Chairman of the Welfare Committee, reported recommending that the City Attorney be authorized to prepare the necessary legal documents for those cases where it is necessary to furnish medical and hospital care at a state institution. This is in order to safeguard the interests of the city.

Adopted.

Sewer Committee reported for the information of the Council that they have been checking up on those who have been served with notices to connect up with the sanitary sewers. In many cases people have complied but there are some who have not. After some discussion on the matter, it was moved by Ald. Vogelzang, seconded by Van Lente,

Resolved, that the matter of having

all comply with the requirements of the Council be referred to the City Attorney and City Inspector with instructions to take such action as may be necessary to have these homes connected up with sanitary sewers.

Reports of Select Committees  
Ald. Steffens brought up the matter relative to the claim of Mr. Egbert Beekman for damages to his home on North River Ave., on account of it being located in such close proximity to the Sewage Disposal Plant. This matter had previously been referred to a committee of which Ald. Huyser was chairman. This committee, together with the City Attorney, was to confer with Mr. Beekman and his attorneys for a settlement. Mayor Bosch contended that while Mr. Beekman may not have a legal claim, he should be given some consideration. There was a division of opinion on the part of the Aldermen, however. City Attorney Parsons suggested that it might be advisable to have Mr. Beekman's house painted. Ald. Huyser contended, however, if this were done, several other houses in this vicinity would also be entitled to painting at the city's expense. Ald. Van Zoeren stated that Mr. Beekman has already been given considerable consideration by the City Assessor and Board of Review who have reduced his assessment to such an extent that he pays very small taxes. After debating the matter for some time, the matter was dropped.

Street Committee reported that together with the Ways and Means Committee, the Mayor and City Engineer, they had met with Capt. A. Harrington in regard to a request from him that he be permitted to use Dock St. The committee further reported recommending that Mr. Harrington be authorized to have the use of this property for a five-year period without cost to him. It was reported that Mr. Harrington wished to fill in a part of the slip, level with the adjoining property. Committee further reported that in case it was necessary to protect the outlet of the storm sewer, Mr. Harrington would have to extend the lines beyond the point of filling. This brought up considerable discussion on the part of some Aldermen who were not acquainted with the facts and asked for a delay in order that they might look into the matter. Mr. Herman De Neut, who was present, also stated that in his opinion it would not be wise for the city to close any street. Ald. Van Zoeren, contended, however, that it was not a matter of closing the street or giving away any property, but merely to let Mr. Harrington use it and by having it filled in, it would also be of an advantage to the city.

After quite some discussion, however, it was moved by Ald. Van Lente, seconded by Huyser,

That no action be taken on the matter until the next meeting of the Council.

Adopted unanimously.

Communications from Boards and City Officers  
The claims approved by the Library Board in the sum of \$224.70; Park and Cemetery Board, \$1,065.71; Police and Fire Board, \$2,645.65; B.P.W., \$28,150.95.

Allowed.

B.P.W. reported collection of \$27,768.95; City Treasurer, \$20,375.07 for miscellaneous collections.

Resolved, that the matter of hav-

ing all comply with the requirements of the Council be referred to the City Attorney and City Inspector with instructions to take such action as may be necessary to have these homes connected up with sanitary sewers.
