Fred, Who Was Injured

Mrs. Mary Stam, 74, of 144 Fairbanks Ave., was killed at 12:20 a.m. Sunday when a car driven by her son, Fred, 40, same address, crashed into a tree on Sixth St. near the city water standpipe.

Medical Examiner Warren Westra said death was caused by head injuries and multiple fractures.

Stam suffered head injuries including a severely lacerated tongue which made questioning difficult. His condition was listed as good today in Holland Hospital.

Open House Set At New Rectory Of Grace Church

The Rev. and Mrs. William C. Warner have invited members and friends of Grace Episcopal Church to an open house in the new rectory at 552 Elmdale Ct. from 2 to 4 p.m. and from 7 to 9 p.m. Wednesday, Sept. 30.

The open house will provide members and friends of the parish with an opportunity to inspect the new rectory which, with the adjacent residence at 554 Elmdale Ct., was acquired by action of the annual parish meeting last January.

The Warners moved from the old rectory at 274 Maple Ave. into the new house in June. The former rectory, which has been sold, was purchased by Grace Church in 1943 when Fr. Warner became rector.

The residence at 554 Elmdale Ct. will be rented until such time as the full-time services of an assistant priest are engaged by the congregation. The house will then become his residence.

The purchase of the two residences by Grace Church is a great step toward the consolidation of one of the finest church properties in Western Michigan. About 1947 the church acquired the land on which the present church building stands. The laying of the cornerstone took place Sept. 20, 1953, and the new church was dedicated Oct. 19, 1954. It was consecrated Nov. 25, 1958.

The two new properties are adjacent to the church and to two additional lots which are church owned. The whole church property comprises the major part of the block bounded by Michigan Ave., Cherry St., Elmdale Ct. and West 25th St.

Fire Levels Tubbergen Rural Home

Lightning Believed
To Have Started Blaze;
Loss Exceeds \$12,000

Fire, believed to have been started by lightning, completely destroyed the home of Roger Tubbergen on New Holland Rd. near 144th St. Monday night.

Holland Township Fire Chief John Vande Burg said the two-story frame home was burned to the ground and its entire contents destroyed with loss estimated at \$12,000.

Tubbergen, his wife and five children were not home at the time of the fire. They lost everything.

The fire, reported by a neighbor at 9:30 p.m., already had a good start before the call was received by the fire department. Nearly all the phones in the area had been knocked out by lightning.

This makes the second time in less than two years that Tubbergen and his family have been burned out of their home. On November 4, 1957 their home near West Olive was destroyed by fire, Tubbergen said.

Township firemen, who were at the scene of the fire for more than three hours, had difficulty getting to the blaze because of crowds of curious onlookers, Ottawa County deputies said.

The Tubbergens are now living in Holland with relatives.

Special music was again provided by the all-church choir under the direction of Mrs. Jacob Westerhoff. They sang "In Heavenly Love Abiding" and "My Faith Looks Up to Thee."

The Rev. Ed Veenning conducted the song service.

The offering will be used for the Temple Time broadcast.

Special music at tonight's rally will be by the Forest Grove Christian Endeavor choir of 40 voices.

Blom who found it among his father's papers. At left is Guy E. Bell, BPW superintendent, and at right, Harold J. Karsten, assistant superintendent. Old 1892 Stock Certificate Is Turned Over to BPW

An old document, a stock certificate for 20 shares of Wolverine Electric Light Co., the forerunner of the Board of Public Works, has been turned over to the BPW by Cornelius W. Blom who found it among old papers of his father.

The old stock certificate will be framed and placed permanently in the board room in City Hall. The Wolverine Electric Light Co. was Holland's first electric light plant. It was housed in a little one-floor hip roofed machine shop called Huntley Bros. Machine Shop on the site of the present VFW building on Seventh St.

The stock certificate was made out to Cornelius Blom, Sr., father of Holland's former fire chief, Cornelius Blom, Jr., who was chief for 50 years. It was dated March 29, 1892, and signed by James Huntley, president, and A. McNab, secretary. This company was purchased by the city of Holland in 1895.

Blom said the little light plant had a little boiler and a steam engine to run the machinery. When the stock company was formed, a dynamo was put in. Service at first ran to just a few stores in the neighborhood which had been using kerosene lamps.

Blom said his grandfather, Cornelius Blom, Sr., operated a general store on River Ave. in the vicinity of Vancos' just around the corner of the Huntley shop. The elder Blom was one of the first customers. In those days, electric lights in buildings were a rare novelty.

Blom believes the stock was worth about \$25 a share back in 1892. The entire business was probably incorporated for \$25,000.

City Studying Oil and Gas Procedures

City Manager Herb Holt said today that studies are being made on oil and gas drilling procedures and he expects a report will be presented to City Council at its next meeting.

Deputy City Attorney Gordon Cunningham is studying oil and gas procedures in other cities. The action was prompted by a well which came in recently in Holland Township just east of the city limits near 32nd St. Since then the city manager's office has had many calls on leases, permits, procedures and the like.

The study involves planning and zoning, public safety, nuisance hazards, public liability, protection of streets and alleys, spacing, and policies determining leasing of such public properties as parks, playgrounds, cemeteries, public owned properties and the like.

Some oil men believe there is a large oil basin in the local area and are lining up leases accordingly, Holt said.

United Fund Goal Set At \$87,050

Red Cross Included
In Campaign; Total
Is Boost Over 1958

A goal of \$87,050 was established for the first joint Greater Holland United Fund-Red Cross campaign at Monday's meeting of the United Fund executive committee and representatives of the Ottawa County Chapter of the American Red Cross.

In a joint statement, David C. Hanson, president of the United Fund, and Arthur Read, chairman of the Ottawa County Red Cross Chapter, said: "The goal of \$87,050 was established following meetings with all agencies concerned. The goal represents the minimum financial requirements of these agencies in providing vital health, welfare, and youth guidance services to individuals and families in our community."

The goal represents an increase of 17.4 per cent over the \$74,123, raised last year in the Community Chest and Single Solicitation Plan campaigns.

Hanson said the increase in this year's campaign goal reflects both increased costs and increased demands for services in a growing and expanding business community.

The Greater Holland United Fund, a consolidation of the Holland Community Chest and the Single Solicitation Plan, along with Red Cross, will conduct the campaign for funds in the industrial and business firms previously associated with SSP as well as in all other campaign areas, Hanson said.

Appropriations to participating United Fund agencies for 1960 plus campaign and administration costs are: Boy Scouts, \$10,400; Camp Fire Girls, \$13,040; Muskegon Area Child Guidance Clinic, \$3,774; Social Planning Committee, \$676; Michigan United Fund, \$15,320; Prestalite Huis, \$4,450; Salvation Army, \$8,400; Visiting Nurse's Association, \$1,500; Administration, \$1,200 and campaign expense, \$6,400.

The budget of the Ottawa County Chapter of the Red Cross, Holland Branch, is \$21,600 for a total joint United Fund-Red Cross campaign goal of \$87,050.

Fire Destroys Barn, Cattle

Fire at 9:45 a.m. today destroyed an auxiliary barn on the farm of Paul Unger, four miles north of Holland on old U.S. 31.

Six calves, tools, and 120 bales of hay were destroyed in the blaze, which started as a result of defective wiring in an electrical power tool which Unger had been using, according to Holland Township Fire Chief John Vande Burg.

Unger, who had been working in the combination barn and workshop, left briefly, he said, and when he returned the entire building was in flames. He called the Holland Township Fire Department immediately, but when firemen arrived, the building had already started to collapse, Vande Burg said.

Firemen, according to Vande Burg, concentrated their efforts on saving a nearby corn crib and grainary.

The loss was estimated at \$2,500, and was partially covered by insurance, according to firemen who were at the scene of the fire for an hour.

Children Cheer Matinee Performance of Famed U.S. Marine Band

U.S. Marine Band Concerts Enthusiastically Received

Civic Center was filled twice on Tuesday for gala performances by the famed United States Marine Band paying its second visit to Holland in two years.

The evening program as well as the matinee performance for school children were stellar demonstrations of virtuosity and technique.

Band members were high in their praise of the well behaved afternoon audience of 2,100 children who gave their undivided attention to all selections whether bouncy marches with a beat or fine concert numbers demonstrating all the nuances from the pianissimo to brass fanfares. Such is not always the case in all cities. Holland people were told.

The evening program opened with the spirited "National Fencibles" march by John Phillip Sousa, the march king who directed the Marine Band back in 1891 when the band made its first concert tour with permission of President Harrison. Sousa's marches, favorites of any martial band, are particular favorites of the U. S. Marine Band, perhaps because of the early associations. Two more Sousa marches were included as encores.

Col. Albert Schoepfer maintained a fine easy control of the 63-piece band which he has directed just over two years. Some musicians in the audience felt that the band had improved, if possible, from two years ago, particularly in the time symphonic arrangements in which effects at times resembled orchestral strings, at other times a mighty pipe organ. This treatment was particularly appreciated in

an afternoon encore, "Flight of a Bumble Bee."

The evening's well paced program listed marches, a lilt, waltz, a Cole Porter medley, gypsy airs, operatic overtures and a Morton Gould rhapsody in which the band demonstrated chords and dissonances not usually associated with martial music.

Highlights were cornet and trombone solos by a brother team, Fredric and James A. Erdman, and vocal solos by William Jones, gifted baritone who appeared as the personable master of ceremonies. Jones sang the amusing aria, "Non Più Andrai" from Mozart's "The Marriage of Figaro" and graciously complied with two more encores, and again in the finale by singing, of course, "The Marine Hymn."

The band made a colorful appearance in full dress uniforms consisting of gold-striped trousers and the traditional scarlet coats with ornamentation across the front. Although the night was warm and humid, the large audience was most enthusiastic in its applause and only a very few persons left the large auditorium before the final encore was given, probably setting a record in decorum for Civic Center concert crowds.

The Holland visit is the band's only appearance in Michigan on the current tour involving 126 concerts in 63 cities. Emcee Jones said Holland was the unanimous choice of the band following the warm welcome here two years ago. The concerts were sponsored by the Holland Christian Band and Orchestra Parents Association for the benefit of school musical organizations.

Square Dance Contest to Be Emphasized at Round-up

MUSKEGON (Special) — Plans are taking shape for the big Round-Up of the West Michigan Farm-to-Prosper Contest to be staged on Tuesday, Dec. 29 in Muskegon Senior High School.

Decision as to the time and place of the popular annual event was made last spring by the five-county board of trustees.

The board last spring also decided on a change in format of the event. This year the head of one of the state's rural and school organizations will present awards to winning organizations, and a prominent national figure will deliver the address.

In past years, it has been customary for the governor of Michigan to bestow awards and to make a speech. The change is in accord with a policy adopted last spring to "rotate" insofar as possible the speaking and presentation features of the program.

An effort will be made this year to develop the square dance contest which closes the Round-Up activities. Gerald Porter, Muskegon accounting service specialist and square dance enthusiast, has been added to the entertainment committee to advise on the square dance.

Organizations enrolled in the Farm-to-Prosper Contest will be invited to enter sets in the square dance. Mr. Porter suggested a point system for judging the square dance competition. One point would be given for efficiency in executing the calls. One point would be given for styling — all going through the dance in unison, graceful handling of hands, courtesy to partner, and so on. A half point would be given for dress.

The dance will be divided in three divisions — teen-agers, adults, and older adults. There will be first and second cash prizes in each division of \$10 and \$5, with duplicate second prizes in case of a tie.

It also was decided to engage a professional square dance caller, who will provide his own music.

Besides the cash prizes to winning sets in the square dance, a novelty trophy will be provided. Suggested as a trophy was a stainless steel milk pail, carrying a plate on which would be inscribed the name of the winning organization each year.

The Round-Up again will be held in Muskegon Senior High School, beginning at 1 p.m.

A general meeting of the five-county board of trustees will be held prior to the Round-Up to go over plans for the event as formulated by the program committee.

Efforts are being put forth to make this an outstanding Round-Up, in view of the fact this is the 20th year of the contest.

work on other features of the afternoon of entertainment and fellowship.

Ford Urges More Research

More intensive research in the control of Dutch elm disease was urged by Rep. Gerald R. Ford, Jr. in a recent letter to Secretary of Agriculture Benson.

Ford told the Secretary that the Kent County Road Commission alone had removed 4,560 diseased trees in 1958 and that many more trees are being removed this year.

"I am seriously disturbed by the fact," Ford wrote, "that thousands of elm trees in Michigan are threatened with destruction by Dutch elm disease." The Congressman went on to urge that "a maximum research program in the control of this disease be undertaken by both the Forest Service and the Agricultural Research Service."

These agencies are presently engaged in experimentation to control the insect carriers of the disease and to develop a chemical means of eliminating the fungus and thus curing an infected tree.

Ford said that the \$92,000 budgeted for Dutch elm disease research this year should be at least doubled in fiscal 1961. The Department of Agriculture has acknowledged that "much more research is needed," and as a member of the House Committee on Appropriations, Ford agreed to support vigorously a substantial increase in next year's budget.

EXPORT DEFICITS

Balance of payments deficits have for years been something to plague other nations, but seldom the United States. These deficits occur when a country is forced to import more than it exports - in other words, buy more than it sells. It is a costly process which can deplete savings (i.e. gold supply) and therefore cannot be sustained indefinitely.

The 1958 deficit of 3.5 billion dollars was the first of this nature the United States had experienced since 1936. Department of Commerce officials predict another payments deficit for 1959, only larger - 4.5 billion dollars. The steel strike will play a considerable part in this larger figure. Hundreds of products of steel, as well as raw steel itself, will not be sold overseas because of this shutdown.

The American Iron and Steel Institute reports that imports of steel mill products from foreign countries totaled 410,000 net tons during June 1959, and exceeded exports for the seventh consecutive month, on the basis of U.S. Department of Commerce statistics.

With pre-strike buying a factor, the June import total was up 25,218 tons as compared to the figure for the preceding month, and up 283,597 tons in comparison to the total for June 1958.

Meanwhile, exports of steel mill products totaled 191,355 tons, compared with 165,856 tons in May 1959 and 163,309 tons in June 1958.

During the first half of 1959, imports amounted to 1,911,797 tons, compared with 589,640 tons during the comparable part of last year. The first half total for 1959 was greater than in any full year between 1954 and 1957.

Imports topped exports by more than 83.5 percent in the first half of this year. The 1959 six-month export total was 1,042,102 tons, a decline of 44.7 percent as compared to the first half of last year.

The trends in imports and exports of steel mill products in recent months, are shown in this table

	Imports	Exports
June 1958	126,408	163,309
July	171,179*	168,345
Aug	156,666	171,120
Sept	179,555	160,685
Oct	200,559	251,410
Nov.	174,611	238,998
Dec	229,594*	169,508
Jan. 1959	229,368*	161,375
Feb	240,759*	167,386
Mar	287,417*	177,901
Apr	359,450*	178,029
May	384,787*	165,856
June	410,005*	191,355

* Months in which steel mill product imports exceeded exports.

Imports of pig iron (not included in the figures above) in the first half of 1959 totaled 209,664 net tons, an increase of 168,332 tons or 410.0 percent over the corresponding part of last year. Exports of pig iron in the first half of 1959 totaled 3,409 net tons as compared to 93,879 tons during the same part of last year.

Other factors must share responsibility. High wage costs are said to have priced some United States products out of the international market. Worldwide grain production has risen to a point of surplus obviating need for American grain.

Still, placing blame is not the object. The important thing is to reverse the trend. As within a family, the nation must scrutinize its spending pattern and learn to live on its income. While the U.S. gold supply is still large, incursions against these savings should be avoided. We must learn that the only way to buy from abroad is to be able to pay out of the income received from exports.

God's Call to Faithfulness
(The Book of Malachi)
Malachi 2:17 to 3:4
By C. P. Dame

(Based on copyrighted outlines produced by the Division of Christian Education, National Council of the Churches of Christ in the U.S.A. and used by permission.)

In every church there are two kinds of people—the faithful and the faithless. The call to faithfulness is always timely and in order. The Christian Church needs faithful people very much in these times.

1. Some people weary the Lord. In the days of Malachi there were religious people who had but little love for God and his church and we have people like that today. The name Malachi means "the messenger of Jehovah." Some scholars think that the name is only a title. He was the last authentic prophet until the coming of John the Baptist. His book portrays a people who had a little religion because they had little love. They were the descendants of the Jews who left Babylon in 539 B. C. about one hundred years before the time of Malachi. These descendants were not as devoted as the people who returned from the exile.

The prophet told the people that they wearily the Lord. In reply they asked, "Wherein have we wearily thee?" The word "wherein" has been called the keyword of this book. It is found seven times in seven questions people asked God. Their religious life revealed a lukewarmness but he did not realize it. When love is absent concern is also absent. They were unresponsive to God and his love. These people were trying to get along with a minimum of giving, sacrifice and service. They were like the nominal church members of today—not wholly committed to the Lord. And a person who is not wholly committed to God is not living a joyful Christian life.

2. Some people always complain. When people fail to see their own shortcomings they are usually ready to make complaints. The people in Malachi's time complained about God—he did not please God answered the complaint by saying that he would swiftly. Malachi predicted the coming of John the Baptist the words "my messenger" refer to him. It is interesting to note that the last prophet of the Old Testament should speak both of the Baptist who was much like the Old Testament prophets, and of Jesus Christ whose coming John foretold. The words, "even the messenger of the covenant" refer to our Lord, Malachi said that the coming Christ would cleanse and purify human hearts and the purpose of it would be "that they may offer unto the Lord, an offering in righteousness." The Lord is pleased with the offerings of people whose hearts have been cleansed from sin.

3. God will honor people who are loyal to him. Malachi beautifully describes the Lord's people—people that feared him. These people talked with each other and shared each other's religious experiences. In addition, these people also "thought upon his name"—God's—and had regard for it. Christians need each other. God took note of these people—"He hearkened and heard it."

The word "hearkened" means "to prick the ear"—God wanted to hear everything his people were saying. The word "heard" suggests the idea that God "bent over them in order that he might miss no syllable of their conversation" so eager God was God also kept a book of remembrance "of those who feared the Lord and thought upon his name." The Lord has his own and in his own time he will gather them together as his special treasure—they will be his jewels. The prophet told the doubters of his day that the time would come when the people would discern "between the righteous and the wicked, between him that serveth God and him that serveth him not." And God knows how we serve him—whether joyfully or complainingly.

Dutch Parliament Member Pays Quick Visit to Holland

The Netherlands economy is in good shape at present, Hendrik Jan Hofstra, a member of Netherlands Parliament and a former minister of finance in Her Majesty's cabinet, said during a brief visit to Holland, Mich.

The Dutch legislator is in the United States to present a Friesian flag Wednesday to Hofstra College in Hempstead, Long Island, and he squeezed in a quick trip to Holland and Grand Rapids and to visit the Netherlands Information Service here.

The visitor said so far he has not been able to determine any personal relationship with Hofstra College, nor with Peter Hofstra, Netherlands vice consul at Pater-son, N.J., who arranged the local trip. But the Hofstra-Hofstra combination so far has been most pleasant.

Hofstra has been a member of the Dutch parliament since 1945 except for three years, 1956 to last spring, when he served as minister of finance, a position equal to that of Secretary of the Treasurer in this country.

When he took over as minister of finance in 1956, the little country faced a serious overspending crisis with heavy losses of currency, and Hofstra invoked stern measures to check inflation and loss of resources. He expressed gratitude for the European Recovery Program and the valuable aid from the United States, without which the recovery program would not have been so effective as it was.

"We made good use of the \$1 billion in Marshall aid which set the tone for an economy which has boosted our productive capacity and helped make Rotterdam the second greatest port in the world. Perhaps overcrowding is our most serious problem now. We have more than 900 persons per square mile, putting 11.3 million people into 1,300 square miles, which is less than a quarter the size of Michigan," he said. The United States has 53 persons to the square mile.

"We are fighting inflation as hard as we can," he said, "and we're working to keep a strong economy, a strong currency and hope to make many new business contacts with the United States."

Dog Aids Police In Capture of 4

ALLEGAN (Special) — A combination of footprints, fingerprint and paw prints led Allegan County Sheriff's Deputies right to the home of four Allegan youngsters Tuesday.

Upon investigating a report that the old prisoner of war camp currently used by civic organizations for meetings, had been broken into, sheriff's deputies found a number of footprints, fingerprints and evidence that a dog had been on the scene with the boys.

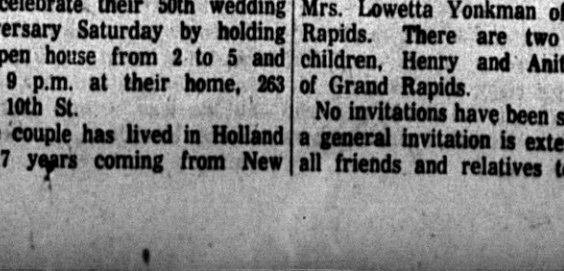

The boys broke into three of the buildings, one used by the Civil Defense, one used by the Boy Scouts and a third which was used by the Conservation Department.

Damages to the three buildings included broken windows, knocked down doors and just a "genera mess" totaled about \$100.

Sheriff's deputies said that the boys must have left the dog out side while they entered the building. Muddy dogprints and shreds of fur were left on the doorway of one of the buildings.

Both pawprints and fingerprints matched and there are four area youngsters who will very hotly dispute the fact that a dog is a man's best friend.

Hope College Crowd Shows Tulip Queen Real Hospitality

Tulip Queen Saskia de Lange of the Netherlands emerged as belle of the ball at a Hope College variety program and dance Friday night in connection with the opening of college.

The pretty blonde Dutch girl thoroughly enjoyed her brief visit to Holland which proved to be quite a contrast to the official visits to 10 American cities where she mostly is greeted by mayors and helps them plant tulip bulbs in town squares, courtesy of the Associated Bulb Growers of Holland.

But in Holland, Mich., she mixed with young people her own age. The 19-year-old student at the University of Utrecht was met in Grand Rapids by Ardith Brower and Marshall Elzinga of Hope College and was taken on a tour of the Netherlands Museum where she found many interesting things of the homeland. Of particular interest was the Indonesian room in the basement since she had lived seven years in Jakarta while her father taught school there. She also found the Dutch jewelry display of special interest since she needed just the pin and chain she spotted for a certain outfit.

Her visit to Durfee hall was a revelation since Dutch colleges and universities do not have stu-

dent dormitories. Dutch students usually live with families in the college city. Saskia is missing a good share of the term at Utrecht through the American tour. The University of Utrecht opened Sept. 1 and Saskia will reenter as a student in October.

The variety program in Carnegie gymnasium was something new. Dutch universities do not share the light American touch on college programs. Hence, the beatnik band, the trumpet trio, Louis Bonema's imitation of the dean and Kerry Shaffer's "I Can't Say No" were really something new. Queen Saskia was introduced by Master of Ceremonies Jim Evers who interviewed her, asking about herself, her family and the university back home.

Mel Ver Steeg, president of the senior class, was the queen's escort at the dance afterwards in Holland Armory. He complained so many classmates cut in that he did very little dancing with Her Majesty. As for Saskia, she danced almost continuously, and even made her first attempt at American jitterbugging — successfully too.

For her appearance here, the queen wore a simple frock with scoop neck and short full skirt. Her manager on the American tour is Ronald Vance.

Mr. and Mrs. Leon J. Jousma

Miss Joyce Coffey exchanged wedding vows with Leon J. Jousma before the altar decorated with white gladioli in the Hope Reformed Church Sept. 5 at 7 p.m. The Rev. Marion De Velder read the rites for the double ring ceremony.

Miss Coffey is the daughter of Mrs. Arthur Coffey, 394 West 20th St., and the groom's parents are Mr. and Mrs. John Jousma, 114 East 38th St.

The bride was given in marriage by her uncle, Horace Lee of Jackson, as she wore a ballerina-length gown with a fitted lace bodice set over taffeta. Her bouffant skirt of lace revealed a front panel of pleated tulle. Style features were the scalloped sabrina neckline and short shirred sleeves. A large lace bow complemented the back waistline. Miss Coffey wore a crown trimmed with seed pearls which held the veil which gracefully fell to her shoulders. She carried a colonial bouquet of white roses.

Miss Luanne Klomprens, as the maid of honor, carried a bouquet of blue and white carnations as

she walked down the aisle in a sky blue ballerina length gown of taffeta. It had a bouffant skirt and was worn with a small matching jacket which had a modified sabrina neckline ending with a V in the back with a bow and streamers. Her circular veil fell from a matching blue crown.

The groom chose Earl Van Lier to be his best man. Anthony Kooiker was the organist.

Fifty guests attended the reception held at the groom's parents' home. Miss Jane Hansen cut the cake. Miss Mary De Velder served punch and Miss Phyllis De Pree poured the coffee.

West Ottawa School District Enrollment Reaches 2,213

Total enrollment for the West Ottawa school district is 2,213, Sept. Lloyd Van Raalte announced today.

The breakdown follows: kindergarten, 274; first, 230; second, 249; third, 220; fourth, 192; fifth, 202; sixth, 184; seventh, 218; eighth, 166; ninth, 158; 10th, 126.

Van Raalte said the average per capita cost in the district last year was \$243.65. From school taxes collected the district paid \$151 for each child attending high school outside of the district, leaving \$108.17 per child in the school system which included transportation costs and purchasing new equipment.

Van Raalte paid tribute to the fine cooperation of all boards of education of the previous 13 districts which had arranged adequate funds to operate the school system as originally planned. The reorganization became effective Oct. 8.

An average 10 1/2 mills was levied for school operation last year in the 13 districts. Since millage allowed townships this year leaves less than what is needed for school operations under the 15-mill limitation, the West Olive Board of Education is scheduling a special election late in September for an additional 2.75 mills, bringing the total operating levy for the coming year to 10.83 mills. Most districts have voted additional millage for several years.

Van Raalte said there are 296 children more this year than last year involving an increase of 10 classrooms. Three temporary classrooms are currently under construction at the school on Lakewood Blvd. next to Roamer Boat Co. This building later will be used as an administrative office when the new high school is ready. It was decided construction of a temporary building, is economically more practical than renting and remodeling North Shore Community Hall.

The superintendent has compiled a bulletin with information on these school issues which is available at the superintendent's office.

The report also reviews the transportation program which is operating successfully even though most of the 10 buses are loaded to capacity and several make three runs in the morning and three in the afternoon.

Dutch Strong On Defense In 12-0 Win

Displaying aggressiveness throughout, Holland High's football team turned two South fumbles into touchdowns Friday night to record a 12-0 opening game win before 3,000 fans in Riverview Park.

The junior-studded Dutch showed lots of fight and became stronger as the game progressed, holding the Trojans to negative yardage in the fourth quarter. Eight Holland starters were juniors.

Flashes of offensive power also were seen but it was the Dutch defense in the opener which came in for the most play. Alert defensive play set up both touchdowns.

Chuck Kuiper fell on a South fumble by Jack Britten on the Holland 37 in the first quarter and in the longest Holland drive of the night the Dutch were home in 12 plays.

Rog Buurma led Ben Farabee with a 16-yard pass right down the middle of the field and Farabee caught the ball in the end zone with 7.49 of the second quarter gone for the touchdown. Scott Brouwer failed in his run for the extra point.

Then, early in the fourth quarter, Jim De Vries pounced on a fumbled punt return by Ira Ward on the South 23. It took Holland five plays to score and Bruce Van Dyke dived through guard for the final three yards. Buurma's pass attempt for the extra point was not good.

South had one long drive in the game late in the first half to the Holland seven-yard-line. But the Dutch stopped the threat and in so doing bolstered their spirit for a strong second half defensive showing which didn't allow the Trojans to penetrate past the Holland 34, a point reached midway in the third quarter.

The Trojans, with Ira Ward running wide most of the time, picked up 103 yards rushing in the first half. But the improved end play in the second half by Dennis Adams and Farabee stopped South's wide game. Jim De Weerd and De Vries, other Dutch ends, also did a good job on defense in the second half.

South threatened right at the start of the game, and after recovering a Van Dyke fumble on the Holland 37, marched to the Holland 22 in three plays but Adams recovered a bobble to end the move.

Six of Holland's starting line-men were juniors and Capt. Bob Klaver and Gary Smith showed up well on defense in plugging the center, while Garry Klaasen, bothered with an injured wrist, John Stam and Kuipers also made many tackles. Joe Wiggers, senior center, showed up well.

Holland's pass defense also was strong and the Dutch were able to intercept two of South's six passes. Corner man Buurma and deep man Chuck Klomparsen were especially adept against the aerials.

The Dutch showed they will need to polish their offensive game, but also indicated that Holland will have a concentrated passing attack for the first time in several years. Buurma, given good protection, threw accurate passes and he has receivers in Farabee, De Vries, Bruce Van Dyke and Bob Marshall. Although only completing four of 13, two of his passes were caught just out of bounds.

South's defense was geared to stop the power running of full-back Scott Brouwer and this gave an opportunity to the backfields to slant the tackles and run the ends Van Dyke and Rich Woltman found running room frequently along with Marshall in the first half.

Marshall, who wrenched his knee and didn't play the last three quarters, sparked Holland in the first quarter with some shifty running. He also snagged a 16-yard pass play prior to being hurt.

Holland picked up 56 yards passing, 54 in the first half and 10 yards rushing, 36 in the first half. Buurma punted four times for a 34.2 average.

ZEELAND (Special)—Grandville High's football team handed Zeeland a 28-18 setback here Friday night at the Zeeland Athletic Field for the first loss for Coach Jarold Groeters in a home season's opener in the six years he has been at Zeeland.

Both teams were effective in their ground games with the Chix picking up 233 yards and the Bulldogs, 201 yards.

Grandville scored midway in the first quarter when John Lilley went over from the three-yard-line to climax a 67-yard drive. Zeeland had moved to the Grandville 33 where the Bulldogs held and took over. Ed Follie ran the extra point.

Zeeland came back strong in the second quarter and scored two touchdowns to take the lead. Bob Elenbaas, junior fullback, romped around end for 50 yards for the first touchdown.

Later in the period, tackle Curt De Jonge, Zeeland captain, fell on a Grandville fumble on the Bulldogs 21. Ron Glass, junior halfback, swept the end for the 21 yards and the score.

Zeeland failed to convert on running plays after both touchdowns. But the lead was short-lived as Grandville turned a 36-yard drive into its second touchdown and Lilley went over from the one. Larry Nixon ran the extra point to give the winners a 14-12 halftime lead.

Grandville scored again in the third quarter on a 62-yard drive, punctuated by some fine passing by Follie. Nixon went over from the one and Follie ran the extra point.

The Bulldogs scored their final touchdown in the fourth quarter. Don Yerrick fell on Ron Glass' fumble of a punt return and set up the drive which covered 49 yards. Nixon went over from the one and Follie ran the extra point.

Elenbaas ran 25 yards around end late in the fourth quarter to climax a 61-yard drive for Zeeland final score. The extra point try was missed. Elenbaas led the Chix runners with 134 yards in eight carries while Glass picked up 70 yards in 10 carries. Ed Hall looked good passing with five completions in 10 attempts.

Elenbaas also led the Zeeland tacklers with 14 stops from his linebacker post while Bob Schrottenboer made 10 tackles and Curt De Jonge and Dave Schaap, seven each.

Officials: Dell Koop, referee; James Brown, umpire; Norm Japizna, head linesman. All are from Holland.

New Service Links Holland And Hamilton

Telephone users in Holland and Macatawa will be able to call Hamilton without a long distance charge starting about the middle of October, it was announced today by Michigan Bell Telephone Company.

Inauguration of "extended area" service between the communities will coincide with the introduction of new telephone numbers for customers in Hamilton, an exchange operated by General Telephone Company.

"This new service will eliminate all long distance charges between the two Michigan Bell communities and Hamilton," Andrew G. Sall, Holland manager for the Bell Company said. "However, expansion of the local calling area does not affect other charges for telephone service in Holland and Macatawa."

About 43,000 calls a year are made by Holland customers to Hamilton. It is expected that calls between the two points will increase three to four times over the old calling rate when "extended area" service is in operation.

The present four-digit telephone numbers in Hamilton will be changed to numbers consisting of the prefix "SKYline" and five numerals. Holland and Macatawa customers may obtain new Hamilton telephone numbers by dialing "O", operator, and asking for Hamilton information.

Michigan Bell's part of the "extended area" project cost \$49,300 and included placing aerial cable along the Chesapeake and Ohio Railroad from Seventy St. to 14th Ave. Underground cable was placed from 14th along M-40 to 143rd Ave. Junction was made with facilities provided by General Telephone at 143rd.

In addition, intricate telephone switching equipment was installed in the Holland telephone building at 13 West 10th St., by the Western Electric Company, the manufacturing and supply unit of the Bell System.

There are 15,500 telephones in the Holland exchange which includes 2,650 telephones in Macatawa. Hamilton has about 950 phones.

Fox Shines In Opening 20-7 Victory

GREENCASTLE, Ind. (Special) — Scoring on a pass, pass interception and a run, Hope College's football team opened the season here Saturday with a decisive 20-7 win over De Pauw University.

Monday the Flying Dutchmen quickly turned their thoughts to the MIAA campaign and to avenging the one blemish on the 1958 grid slate when Hope takes on Albion College Saturday at 8 p.m. in Riverview Park.

With the strong victory over De Pauw serving as the firing pin and the 18-13 Albion setback providing the driving force, Hope should be keyed for its home opener. Albion opened Saturday with a 27-6 win over Ohio Northern.

Saturday's win was the first in three games over De Pauw. The last time Hope played the Tigers was in 1952 and lost a 32-0 decision. They were also defeated in 1951 in a 25-23 thriller.

Hope spotted De Pauw a 7-0 first quarter lead when Jerry Hendrickson, back to punt on his own eight-yard-line, received a bad pass from center and De Pauw took over with the game only 1:31 old.

Three plays later Dick Mace scored from the five. Les Dillman kicked the extra point to give the Tigers a 7-0 first quarter lead.

The rest of the game belonged to Hope. But two first period Hope drives were stopped on the De Pauw 28 and 39 when Hope backs fumbled and the Tigers recovered. The Tigers then drove to the Hope 11 where the quarterback fumbled and Hope recovered back on their own 23, and moved to its first score.

Quarterback Jim Fox, Ann Arbor junior and making his first start, hurled a 29-yard pass to Hendrickson which the slender halfback snagged and raced the final 30 yards. A 13-yard Fox pass to Jon Schoon had also helped in the drive. Co-Capt. Bill Huijbregt converted to tie the score with three minutes left in the half.

Huijbregt then saw a lineman's dream come true. On the second De Pauw play following the kickoff, Huijbregt intercepted a De Pauw hook pass and raced 30 yards down the sidelines to put Hope out in front 13-7 with 1:07 left. A fumbled pass from center prevented the extra point try.

In the second half, Hope's strong defense was displayed continually. De Pauw made only one first down and never penetrated any further than the Dutch 45-yard line.

Hope's fine offensive line was doing a good job of opening holes and throughout the third and fourth quarters the Dutchmen spent most of the time in De Pauw territory. Huijbregt was short on a 23-yard field goal attempt late in the third period.

But with 5:30 left to play Hope took over on its own 32 and in 10 plays scored its third touchdown. John Andenberg skinned end on the 20-yard line on a wide reverse for the score with 1:08 left. Duane Voskuil, Fox and Vandenberg had stayed on the ground for the 68-yard drive.

Fox highlighted the move with two quarterback sneaks of eight and six yards behind the blocking of Co-Capt. and center Gene Van Dongen. Fox did a fine job of running the Hope winged-T, completed five of eight passes for 120 yards, and also looked good on the options.

Voskuil and Vandenberg led the Hope ground gainers with 51 yards each. Voskuil carried 12 times and Vandenberg eight times.

Coach Russ De Vette was able to use his entire 31-man traveling squad with the exception of center Rich Buckley, who was bothered with a sprained ankle. Starting halfback Jim Mohr sprained his ankle early in the first quarter and didn't return but De Vette said today he expected Mohr would be ready for the Albion game.

Ex-Maryland coach Tommy Mont, making his De Pauw debut, used straight-T most of the time and centered his offense around dives and quarterback options.

Comets Beat Hotspurs, 3-2

GRAND RAPIDS (Special) — The Holland Hotspurs lost to the Grand Rapids Comets, 3-2 Saturday in a Western Michigan Soccer League game at John Ball Park.

Holland rolled the Comets defense to take a 2-1 halftime lead. Right inside Max Winta scored the first Holland goal on a distance shot sharp in the upper right corner of the goal while Jake Visser, left outside, scored the second goal in the full run after a nice pass from Winta with a hard shot in the left corner.

The Hotspurs played with 10 men because of injuries while the Comets had 11 men. A misunderstanding between the Holland defense and the referee about the off-side position of a Comets player resulted in the winning goal. The linesman had signaled for offside but the referee didn't react to the signal, and the Comet player scored the goal without any resistance from Holland.

In the second half, the Hotspurs had good defense from Harold Kronmeyer and Ike Rusticus and a good supporting half line of Adrian Vander Vliet, Capt. John Amso and Walter Francke.

Clarence De Boer, John De Jong, Visser and Winta made up the forward line. Holland will play at Kalamazoo against the Kalamazoo Kickers Saturday.

Night harness racing will be held four nights next year instead of three from Tuesday through Friday with a special attraction planned Saturday.

Profits from the Fair will be used for improvements and Fair officials said the future needs of the Fair will total \$100,000. Improvements will be made annually as fast as possible. All bills for the 1959 Fair have been paid and the balance on hand will be used for improvements.

A committee on track fencing was named and includes Ed Zuidema, Terpestra and Roger Brouwer. Plans call for a six-foot high metal fence enclosing the track.

Mrs. Taft Entertains Quarters Chapter

Mrs. Thaddeus Taft opened her Saugatuck home Monday evening to the Christine Van Raalte chapter of the Quarters, an organization of persons interested in antiquities.

The evening's program was on onaga glass, also known as milk glass, and Mrs. Taft told of the history and development of this art, delving into its types, composition, availability and collectibility. The group then gathered in her kitchen where her outstanding collection is displayed.

Mrs. Taft first started with two plates belonging to her mother. Her collection includes a Waffle Centre plate of double hands with grapes, many unusual Slaccus covered dishes, a beautiful Atterbury cat with amber eyes on a lace edged base, flanked by a dated Atterbury duck and a large hen on a blue base.

The hostess then took the Quarters on a tour of her home with its antiques of many lands. These include figurines, Staffordshire dogs, oriental rugs, furniture, lovely Currier and Ives prints and many other pieces.

After a brief business meeting, lunch was served from a beautifully appointed table. Mrs. Taft poured, assisted by Mrs. Harold Peerbolt and Mrs. Robert Long.

Allegan Fair May Set New Record

ALLEGAN (Special) —The 1959 edition of the Allegan County Fair came to an end in the early hours of Sunday morning. The big 92-foot Sky Wheel came to a halt, the merry-go-round gave a final wheeze and the last weary merry-maker trudged to his car for the trip home at about 1:30.

In spite of the chilly weather, it was the finest fair that has ever been put on. In every department, the key word was "bigger."

The midway was almost a third larger than ever. Livestock competition attracted entries from all over the state with many of them coming directly from the State Fair in Detroit, and the grandstand revue was adjudged to be the finest of any in the history of the fair by virtually everyone who saw it.

Although the report is not official, for they still have a lot of figuring to do, President Jim Snow announced that there is a very good chance that final, official attendance figures will top last year's record breaking 107,000.

Allegan County deputies are investigating an outbreak of vandalism which occurred over the weekend at the Gibson Cemetery at 65th St. and 138th Ave., in Lake-town Township, and in the Goshorn Lake area.

Deputies said the vandals upset five tombstones at the cemetery, damaging two of them, and took one three-foot-high stone monument and placed it in the middle of the road on 65th St. just over a hill, creating a serious hazard for motorists.

A log blockade was set up by the vandals across the road in the area, just around a turn, deputies said, again creating a danger to motorists.

In addition, nine mailboxes were knocked down and damaged in the Goshorn Lake area, making a total of 19 boxes damaged in the last three weeks. Deputies said all of the vandalism is believed to have been done by the same group.
