City Boards Air Water Policies

Viewpoints of various boards and agencies to proposed changes in water policies were aired at a meeting Monday afternoon called by the Board of Public Works. Attending were representatives of City Council, the Board of Education, Planning Commission, Chamber of Commerce and the Ottawa County Road Commission.

Three separate water issues face the Board of Public Works. One is a proposal of Zeeland City to purchase water from Holland City. Another is a recommendation of Holland Chamber of Commerce asking that water be sold to industrial plants north of the city. The third involves immediate requests of Conrad, Inc., and Holland Color and Chemical Co. for water. The BPW is studying all issues and expects to submit a recommendation along with rates, etc., on the Conrad and Holland County requests to Council for its Oct. 4 meeting. Other issues will receive more thorough study.

A new viewpoint came from Henrik Stafseth, engineer-manager of the Ottawa County Road Commission which has been designated by the Ottawa County Board of Supervisors as agent for water and sanitation programs in the county.

Stafseth said Zeeland holds a key position in water problems. With a potential peak load of 5,000,000 gallons a day, he felt it would be possible for Zeeland to join Holland Township in a new pipeline to Lake Michigan for water at rates comparable to those quoted in the Ken-Owa program considered a few years ago. This rate structure, however, would be dependent on an intake system similar to those in use in Grand Haven and Bridgman which he described as somewhat akin to Ranney wells.

Stafseth said his department has received requests and inquiries for water from four townships, Georgetown, Holland, Park and Allendale, and two communities, Coopersville and Hudsonville. He said any solution to the water problem particularly in the eastern part of the county would have to involve some system like the Ken-Owa program, but it would be necessary to know Holland's intentions before proceeding with plans.

He added that Zeeland would be better off getting water from Holland than laying its own pipeline since it is always simpler and less time consuming to work with an existing program.

Stafseth said the county is working on plans to provide water and sanitation for the new Grand Valley College near Allendale and he has been working with Grand Rapids officials, although it is not known which route the new pipeline will follow.

In ensuing discussion, Holland's annexation program and the no-water-to-outside policy which was a part of the annexation concept was thoroughly aired. In general, the Chamber of Commerce favored providing water to outside industries to encourage a strong economical picture. The Planning Commission and Board of Education was less enthusiastic, feeling that the enlarged city had plenty of room for industrial development.

It was pointed out that Holland's plant with a total daily capacity of 14,000,000 gallons of water could easily provide water to Zeeland and to outside industries. Holland's peak use on a summer day was 7.2 million. Zeeland's potential capacity in 30 years is 5 million a day.

BPW President Randall Bosch pointed out that the Holland plant was designed to provide water to the larger area and had promised northside firms water at the time the pipeline route was determined, but that City Council had reversed the policy.

School Supt. Walter W. Scott said the school is concerned with the economic status of the community and on the tax base of the school district. Under the 15-mill limitation, the local system for the first time last summer had to borrow money before the end of the school year and was obliged to make substantial cuts in its school budget for this year, rather than call an election to vote special operating millage. He said the school annexation program has not been completed and felt current policies should continue.

Henry S. Maentz of the BPW felt the school policy has served its purpose and rather than see new industry go elsewhere, new policies should be considered.

Planning Commission Chairman Willard C. Wichers said sometimes new policies can be self-defeating in the long run and recommended solid study. He invited all present to attend the next meeting of the Planning Commission Oct. 3. The meeting lasted two hours and 20 minutes.

Arrest Man In Robbery

A 37-year-old Chicago man was in custody in Ottawa County jail today after biting the hand that fed him.

Veio Miller was being held awaiting arraignment in Grand Haven Municipal Court on charges of armed robbery and auto theft after he allegedly held up the man he worked for and fled in his employer's car.

Miller was arrested in Berrien County shortly before midnight about 1 1/2 hours after he allegedly robbed Urvan Thomas Smith, 69, of 3371 136th Ave., north of Holland.

Ottawa County Sheriff's officers said Smith had just returned to his home about 10 p.m. when Miller demanded money at gunpoint. Deputies said Miller took \$3 to \$4, a ring, the shotgun used in the holdup, a box of shotgun shells, and then fled in Smith's 1959 model car.

Miller tied Smith to his bed and pulled telephone wires loose. Smith freed himself and notified deputies at 10:50 p.m. Miller was picked up by Berrien County Sheriff's deputies at 11:42 p.m.

Miller was returned to Ottawa County by Sheriff Bernard Gysen and Undersheriff Forrest Salisbury at 5 a.m. today and was lodged in the county jail.

Smith told officers he had met Miller in Chicago last Saturday and that Miller told him he needed a job. Smith told Miller back to Holland to work for him. He said Miller had given him no trouble.

Fire Destroys Barn, Cattle Near Borculo

BORCULO — Fire Wednesday night leveled a large barn on the Gerald Westfield farm on Bingham St., near Borculo, killing several head of cattle.

The cause of the blaze, which caused an undetermined amount of damage, was not known. Officials speculated, however, that electrical wiring may have become wet due to heavy rain recently, and caused a short.

Westfield told officials that he had 11 head of cattle in the barn and that two or three head had escaped the blaze. In addition to the cattle, over 4,000 bales of hay were destroyed.

Blenden and Olive Township firemen, joined by firemen from Zeeland city and Holland Township, concentrated their efforts on saving the Westfield home and other farm buildings from the blaze.

Zeeland Assistant Fire Chief Louis Vis said the two additional fire departments arrived at the scene "just in time." He said the home was almost ready to begin burning when Zeeland and Holland Township firemen arrived at the scene.

The barn was located approximately 200 feet from the home, but winds were fanning the flames toward the house. Henry Geerts, Blenden and Olive Township assistant fire chief, said that some shingles on the house had been charred but that no serious damage was done to the house or other nearby buildings.

Westfield was gone, but his family was at home when the fire broke out shortly before 10 p.m. The blaze was discovered by neighbors who summoned the Blenden and Olive Township Fire Department.

Geerts said help was summoned from Zeeland and Holland Township departments immediately.

Officials declined to estimate the loss, but said it would be heavy. Geerts said Westfield had recently made several improvements on the barn. The loss was partially covered by insurance.

The barn was approximately 60 by 100 feet and had a large 50-by-50 foot wing attached.

Westfield's farm is located one-half mile south and one-half mile east of Borculo.

Frost Forecast For Local Area

Frost warnings are in effect for this section of western Michigan tonight.

The Grand Rapids weather bureau said tender vegetables and flowers may be touched in various inland areas, although the tempering temperatures of Lake Michigan would probably protect vegetation along the lakeshore.

Predictions call for partly cloudy and cool this afternoon with temperatures 50 to 55 degrees, clearing and cold tonight with scattered frost and temperatures ranging from 34 to 38.

Officials explained the official temperatures are taken five feet above the ground, and it often is colder close to the ground, particularly at times when the weather is clear and cold with little wind. In such cases frost can be reported at an official 40-degree reading.

2nd Degree Charge Could Bring Life

ALLEGAN — An Allegan County Circuit Court jury late Thursday afternoon found James Scott Stephen, 18, guilty of second degree murder in the shooting death last April of 11-year-old Carol Gee of Holland.

The jury brought in the verdict against the 16-year-old Holland youth after deliberating about 6 1/2 hours.

Stephen was remanded to the Allegan County jail and ordered held without bond. Circuit Judge Raymond Smith deferred sentence pending a pre-sentence examination.

Conviction of second degree murder carries a penalty of any number of years up to life imprisonment. Smith had ruled out the possibility of a first degree murder verdict in his charge to the jury, stating that no evidence of premeditation had been shown.

Smith said the jury had three possible verdicts to consider in the case: second degree murder, manslaughter and not guilty by reason of insanity.

After the jury returned the verdict, defense attorney Gordon Cunningham asked for a poll of the seven-man, five-woman jury. The poll showed the verdict to be a true verdict.

Stephen appeared impassive while waiting for the jury to return its verdict. Mrs. Kenneth Kerbs, Stephen's mother, was nervous as the jury filed into the courtroom.

Mrs. Kerbs broke into tears as the foreman read the verdict. In about his only show of emotion during the entire trial, Stephen put his arm around his mother's shoulder after the verdict was delivered.

Cunningham said he was "very surprised" at the verdict. He said he did not know at this time whether he would appeal the case.

Asked by reporters if he had any comment, Cunningham said, "What can I say? The jury has already said it."

The jury went into the jury room at 9:50 a.m. Thursday. They announced they had reached a verdict at 6:02 p.m. They had taken 1 1/2 hours for lunch Thursday noon.

At 1:50 p.m. the jury returned to the courtroom to ask questions of Judge Smith.

They asked Smith to redefine "reasonable doubt." He told the jury that if they had a doubt which was "fair, based on reason and common sense" then they could say they had a reasonable doubt.

The jury asked if one of the psychiatrists or psychologists had said the defendant needed psychiatric help, but not confinement. The judge recalled that all three expert defense witnesses had said that the state the youth was in was of a nature requiring confinement.

The judge was asked if Dr. Clare Grosenbaugh, a Grand Rapids psychiatrist, had said Stephen was mentally ill. Smith said it was the opinion of the psychiatrist that Stephen "was and is mentally ill."

At 1:58 p.m. the jury again retired to the jury room. At 3:55 p.m. the foreman requested that the air conditioner in the jury room be turned on.

Stephen was charged with the murder of Carol Gee, who along with her companion, 12-year-old Margaret Chambers, was shot to death last April 29 while they were picking flowers in the Macatawa Hills near their homes.

A psychiatrist and two clinical psychologists had testified that Stephen was mentally ill. A second psychiatrist said that, although the youth suffered emotional tension and had a compulsive personality, there was no definite evidence of mental illness.

Storm Dumps Three Inches Of Rain on City in 24 Hours

City Street Department and Michigan Bell Telephone Co. repair crews Tuesday were working hard to clear up by Tuesday the mess caused by Monday's heavy rains.

City Engineer Laverne Serne said Tuesday that the all-day rain, which dumped 3.02 inches of water on Holland from 3 p.m. Sunday through Monday night caused a few washouts of roads in the southwest portion of the city.

Washouts were reported on Graafschap Rd. south of 32nd St. on 32nd St. west of Graafschap Rd., and on South Shore Dr. east of Myrtle Ave.

Serne said the washouts were not serious and that the greatest problems would be corrected by tonight. He said most of the repair work on the roads was of a more or less routine nature.

The deluge taxed the city's sewer system, Serne said, and in several areas water "ponded" in the streets. However, he said nothing serious had been brought to his attention.

Wind and rain knocked some 250 to 300 telephones in the area out of order, according to Carl Marcus, local Telephone Co. manager. The area affected, Marcus said, extended from the south limits of Holland, north to West Olive, and included the Zeeland area.

Most of the trouble was caused by wind, Marcus said, which caused limbs and branches to fall across telephone lines.

He said orders due Tuesday were being delayed while crewmen work first at correcting trouble caused by Monday's storm.

Pressurized cables, utilizing internal air pressure, help to keep out most water, Marcus said, or the toll of phones reported out of order might have risen to as high as 1,000.

The telephone repair work is being done by local crewmen. Marcus said it was not necessary to bring in outside crews.

Superintendent of the Board of Public Works, Guy E. Bell, said that the city's water and electrical systems were unaffected by the heavy rain.

Tigers Score 13-6 Victory Over Dutch

MUSKEGON HEIGHTS—Beating Holland at its own game, the Muskegon Heights football team ground out a 13-6 decision over the Dutch in the Lake Michigan Athletic Conference opener here Friday night before 2,500 fans at Phillips Field.

The Tigers used the passing game effectively and then punched out the needed yardage on the ground to score two touchdowns. Holland tried to use the same tactic but couldn't get a scoring drive going after scoring a touchdown the first time they touched the ball.

"They beat us at our own game," Coach Bill Hinga said. "We were slow on blocking and getting to the holes." The Tigers, with their faster backs, managed to swing clear a couple of times to catch a pass or to run and these times set up touchdowns.

Holland scored with 6:26 left in the first quarter. Carl Walters pitched a seven-yard pass to Chuck De Witt who caught the ball on the edge of the end zone on the goal line. Walters missed the conversion.

The Tigers had received the opening kickoff and couldn't move. On fourth down, a bad pass from center gave Holland the ball on the Tiger 17 and in four running plays the Dutch were to the one-yard line.

A yard lost and a penalty put Holland on the seven where Walters completed his pass. The quarter ended 6-0.

In the second quarter Holland took a kick on its own 22 and drove to the Tigers 29. But the attack bogged and Muskegon Heights took over on its 31.

Quarterback Don Wade fired a long aerial to halfback Leroy Smith on the first scrimmage play and Smith dashed to the Dutch 29. The 40-yard gain sparked the Tigers.

Operating the pass play out of the modified Notre Dame box formation, the Dutch defense reacted slowly and the Tigers continued to use the offense.

The backs lined up in a T-formation and then shifted to the modified single wing. With Joe Parham and Willie Griffin carrying, they drove to the goal line. Griffin went the final yard through the middle with 26 seconds remaining in the half and then missed the extra point to tie the game at half, 6-6.

Holland got the second half kickoff and couldn't advance. Les Cornelissen dropped the ball as he was about to punt and Rog Anderson downed the football on the Dutch 37.

In seven plays the Tigers were home. Parham raced around end for the final nine yards after Smith had gone 11 around the other end to the nine-yard line for a first down. John Scott converted.

Rain started in the second half and for the rest of the game, following the second Heights touchdown, the contest was played in a driving downpour.

Despite the rain, Holland's offense was disappointing. The Dutch didn't have enough punch to pick up key yardage and the passing game, although completing seven of 14, didn't get the needed long aerial at the right time.

The Heights was able with its faster receivers to get their men downfield although they completed only three of 10 passes while in the running game, the shifter Tiger backs were able to manipulate effectively for needed yardage.

Both teams ended with almost identical statistical charts, pointing out the difference of speed. Holland and the Tigers had 99 yards each rushing while the Tigers had 87 yards in the air and Holland, 53.

Penalties hurt the Dutch. They were assessed 75 yards, including two 15 yard holding penalties that stopped potential Holland drives. Center Ron Conklin was bothered with the flu in the game and fullback De Witt had an injured shoulder and hand that hampered his play.

Coach Okie Johnson of Muskegon Heights continued to hold his strange jinx over the Dutch. Holland has never been able to beat

the Tigers two years in a row while Johnson has been coaching. The Dutch won last year, 32-0.

It marked Holland's return to conference football action after a lapse of nine years. The Dutch jump out of the conference to play at Niles next Friday night.

Martin Clips Fennville
MARTIN—It was too much Ron Zeinstra here Friday night as the Martin Clippers shutout Fennville, 21-0 in the opening Al-Van League football game for both teams.

The Blackhawks, defending Al-Van League champions, saw Martin score in the first, second and fourth quarter and Zeinstra figured in every score.

Zeinstra passed 25 yards to Jim Thomas for the first touchdown in the opening quarter and then he ran 68 yards around end for the second touchdown in the second period.

The third touchdown came on a 49-yard rollout by Zeinstra. Martin passed for the first extra point, ran for the second PAT and kicked for the third extra point.

Fennville drove to the Martin two-yard line when the game ended. The drive started on the Blackhawks 40. Coach Bob Alman singled out the running of freshman halfback Richie Jordan as the highlight of the Fennville offense.

Fennville plays an Al-Van League game at Bloomingdale next Friday night.

West Ottawa Seconds Lose
The West Ottawa reserve football team lost its first football game of the season 13-7 in a hard-fought game with the Grandville reserves in Riverview Park Thursday.

After a scoreless first quarter, Grandville scored on a "break" in the second quarter. West Ottawa went into punt formation deep in their own territory with the punter Garry Lamberts standing on the two-yard line. The pass from center was high and Lamberts deflected, but could not hold the ball, and Grandville's center Howard Dickman fell on the ball in the end zone. Reynolds ran around end for the extra point.

Early in the fourth quarter, a Grandville freshman J. De Ridder shook off three different tackles and raced 60 yards on a punt return. The run for the extra point was unsuccessful.

The Panthers broke into the scoring midway in the fourth quarter when freshman halfback Dave Farabee broke off tackle for 54 yards. Dale Cramer kicked the extra point.

Grandville controlled the ball for the major part of the game, but were hampered from scoring by more than 100 yards in penalties. The Panthers were forced to play in their own territory most of the time and couldn't sustain a drive. The little Panthers will be playing East Grand Rapids Thursday at Riverview Park.

Penalties hurt the Dutch. They were assessed 75 yards, including two 15 yard holding penalties that stopped potential Holland drives. Center Ron Conklin was bothered with the flu in the game and fullback De Witt had an injured shoulder and hand that hampered his play.

Coach Okie Johnson of Muskegon Heights continued to hold his strange jinx over the Dutch. Holland has never been able to beat

Hudsonville Scores 26-7 Win Over Lee

HUDSONVILLE — Scoring in every quarter, Hudsonville's football team opened Ottawa-Kent League action here Friday night with a 26-7 win over Grand Rapids Lee.

Fullback Bruce Elenbaas raced seven yards to culminate a long drive the second time the Eagles had the ball, Larry Huyser ran the extra point.

In the second period, a nine-yard pass play from Bob Nyenhuis to Howard Tigelaar resulted in a touchdown while a five-yard run by Elenbaas gave Hudsonville its third touchdown—in the third period. A fumble on the extra point try stopped the attempt.

Don McCloy ran seven yards for the final touchdown in the fourth quarter. A fumble again stopped the extra point. Hudsonville scored two other touchdowns, one on a run and another on a pass, which were called back because of penalties.

Lee scored in the third quarter when the Rebels scored on Maynard's five-yard run. Lee recovered a fumble on the Eagle 40 and drove in for the touchdown. Maynard ran the extra point.

Lee didn't threaten again in the game. Coach Dave Kemper reported the Eagles were "sporadic." "We looked good at times," he said.

Kemper reported the Hudsonville overall defense improved and the pass defense "looked better" of the backs and was able to use his entire 30-man team in the game.

Sophomore guard Ron Ludema was lauded for his work along with the play of the entire line. Ludema replaced Ozzie Alyworth who broke his leg in practice earlier in the week.

The Eagles rushed for 180 yards and passed for 79. Six of 17 passes were completed and one was intercepted.

Grandville Takes 20-13 League Win

GRANDVILLE — West Ottawa's football team absorbed its second straight defeat 20-13 from an explosive Grandville team in a hard-fought contest here Friday night, in the opening Grand Valley League game for both teams.

The game was closer than the score indicated as the Panthers suffered a lapse in defense in the fourth quarter. After the Panthers had battled back in the fourth quarter to within one point 14-13 with seven minutes remaining, Bud Starks, the speedy Grandville halfback, swept around end for 58 yards for a touchdown. Bulldog end Larry Vander Wall threw a good block to allow him to turn around the end. Bill Smith tried to kick the point but failed.

The Panthers had the ball in their own territory with 2:41 remaining, but their offense sputtered and they had to punt. The winners then ran the clock out to end the game.

The Panthers jumped off to a 7-0 second quarter lead on a sustained drive of 74 yards. Quarterback Bill De Graaf hit George Donze with a 32 yard pass to the Bulldog 44-yard line and a penalty moved the ball down to the 20. Larry Schaftenaar, senior halfback, fought five yards to the 15-yard line where De Graaf hit G. Donze with an eight-yard pass to the seven-yard line.

Senior fullback Marty Vande Water plunged to the six-yard line and De Graaf threw a six-yard pass to end Marinus Donze for the touchdown. Rodger Borgman, a left-footed specialist, kicked the extra point.

Later in the second quarter Grandville tied the game on a sustained drive of more than 50 yards as the hard-driving fullback Dave Tuttle and Starks took turns carrying the ball and quarterback Bill Qualls went the final two yards on a sneak between guard and tackle. Don Tuttle, fullback, and brother of Dave Tuttle, ran for the extra point.

The turning point of the game may have been in the third quarter when the Panthers marched 45 yards down to the enemy 4-yard line. Featured in the drive were runs of 13 and 12 yards by G. Donze, a run of 12 yards by Larry Schaftenaar and two penalties. With the ball on the four-yard line and fourth down, Borgman attempted a field goal but the ball slied off to the left to end this threat.

After an exchange of punts, the winners connected on their only pass of the evening but it was an important one as Qualls hit Dave Tuttle in the right flat and the big fullback outraced the West Ottawa secondary 55 yards for the score. The lone defenseman that had a shot at Tuttle was Llewellyn De Vries but he was removed by a beautiful block by the offensive end Dave Rinkovich. Tuttle ran for the extra point to make the score 14-7 but the Panthers were not to be denied.

The Panthers recovered an enemy fumble on the 23-yard line in the fourth quarter. Schaftenaar moved the ball to the 17-yard line and the Panthers used the same power play left four times in a row with Vande Water doing most of the carrying to move the ball down to the one foot line. Vande Water plunged the one foot for the touchdown and Dave Tuttle blocked the all important extra point attempt.

Coaches Ron Wetherbee and Peter Roon had nothing but praise for the game played by their team. They felt it would be unfair to try to pick out standout players as all the boys ran, blocked, and tackled hard.

West Ottawa Panthers will now begin preparing for their next Grand Valley Conference game with East Grand Rapids next Friday in Grand Rapids. The Panthers' season record is now 0-2 and their conference record is 0-1.

East Slams Chix, 38-0 In Loop Tilt

EAST GRAND RAPIDS — Zealand High's football team saw a nine-game winning streak abruptly smashed here Friday night as East Grand Rapids crushed the Chix, 38-0 in the opening Grand Valley League game for both clubs.

It also marked the first game for the Chix in the Grand Valley League. Zealand played as an independent last year and was unbeaten with eight straight wins. The Chix opened with a 25-8 win over Coopersville last week.

The Pioneers struck with the game less than three minutes old and Dan Dennis cracked over on a one-yard plunge to climax a 70-yard drive. A pass for extra point was completed and East led, 7-0.

Still in the first quarter, East started another drive and Dirk Butth ended it with a three-yard run. The extra point was missed and the Pioneers concluded the period with a 13-0 lead.

Two more touchdowns crossed in the second quarter. Dennis scored his second tally of the night on a seven-yard run following another drive and Bob Payne raced 10 yards for the fourth touchdown. An extra point was kicked after the fourth score and the Pioneers led 26-0 at half.

Neither team scored in the third quarter but the Chix got a drive going and moved to the East 15-yard line but a fumble squelched any scoring plans.

Dennis Van Stee ran eight yards in the fourth quarter for the fifth East touchdown and the final six points was run up on a two yard plunge by Bob Paup.

This was the first time Zealand has been shutout in three years. The Chix continue Grand Valley action next Friday night when they entertain Godwin in the annual Homecoming game at 7:30 p.m. at the Zealand Athletic Field.

The tea-room of the Woman's Literary Club was filled with more than 100 women for the occasion.

Among the slides were those of small garden bridges that never go straight. They are built on angles with a different view from every spot. The gardens have a purpose, she

said, mainly for people to stroll through or just sit and reflect.

CAMERAS IN COURT

For years newspapers and courts have been in disagreement as to the propriety of permitting the use of cameras at trials. Judges usually maintain that cameras interrupt proceedings, work hardships on attorneys and lessen the dignity of the court. Newspapers take the position that cameras are another method of communicating news and that the public has a right to see as well as read about what happens at a trial.

J. R. Wiggins, who is managing editor of the Washington Post and Times Herald, recently made a suggestion that seems to make sense. He said the press should demonstrate to judges that cameras need not be noisy, with crashing holders and exploding lights. He urges that photographers work at public functions with modern, quiet equipment so that judges can see that there has been a real improvement in technique.

Arguing with judges seldom accomplishes anything. Demonstrating to them that cameras can perform a public service in the court without in any way disturbing the dignified progress of a trial is a better way of resolving the differences.

Locally, cameras have been permitted in courtrooms, but their use has generally been restricted to recesses in trial proceedings.

Occasionally, pictures have been taken during court sessions using miniature cameras with high-speed lenses and fast film. This has proved to be an unobtrusive means of pictorially communicating courtroom action.

Sunday School Lesson

Sunday, October 1
How Jesus Grew
Luke 2:39-52
By C. P. Dame

During the new quarter we shall study the important subject of Christian growth. Some Christians grow, while others, far too many, show no signs of growth at all. May this series of lessons stimulate many Christians to grow spiritually and intellectually.

I. Parental influences are important. Jesus was born in a godly home. Joseph and Mary were dedicated believers. The first verse of the lesson text says that after the parents "had performed all things according to the law of the Lord, they returned into Galilee, to their own city Nazareth." These words refer to the ritual of the Jewish religion—the circumcision of the boy, the purification of the mother and the payment of the ransom for the son. For centuries Jewish parents had observed the religious ritual. When Christian parents today present their children for baptism they do what millions of parents have done for centuries. God saw to it that His Son should be reared by believing parents who honor God's laws by obeying them.

Jesus grew in the home in Nazareth "and waxed strong in spirit, filled with wisdom; and the grace of God was upon Him." Jesus was a normal boy and had the capacity to grow in an all-around fashion. It is not enough for a boy to grow physically—he must also grow mentally and spiritually. When parents set a fine example in godly living children usually follow. Today we take about juvenile delinquency but we should study parental delinquency.

II. Youth likes to ask questions. The Old Testament teaches that all male Jews of twelve years and over should go to the Temple three times a year. Due to the dispersion this was impossible in the days of Jesus but many tried at least to attend the Passover feast. It was the practice of the parents of Jesus to go to Jerusalem to attend the Passover feast every year—it was a "must" for the family. What godly practices does your family have? Is church attendance put first or last?

The parents of Jesus remained for the eight days of the Passover feast and then began the journey home, but "Jesus tarried behind in Jerusalem." This indicates that Jesus enjoyed a considerable amount of liberty. Some boys and girls are trustworthy and some are not. When Jesus was missed at the end of the first day's journey the parents returned to Jerusalem and found to their great amazement the boy Jesus in the temple listening and asking questions. Youth still asks questions about life and religion and God and we owe them answers. The question Mary asked the boy of twelve, "Son, why hast thou thus dealt with us? Behold, Thy father and I sought Thee sorrowing" received the meaningful answer from Jesus, "How is it that ye sought Me? Wist ye not that I must be about My Father's business?" They understood not this answer.

III. Growth indicates life—a stone does not grow. Little is known of the childhood and youth of Jesus. We are told that Jesus was subject to His parents and that He "increased in wisdom and stature, and in favor with God and man." Observe that wisdom is mentioned first. The physical is cited after the intellectual and following that, the spiritual, which is most important of all, and then the social. This is a model way for boys and girls to grow. Let us stress the truth that growing is a life-long affair and is tremendously important.

Fund Group Opens Drive

Solicitation plans were finalized at a kickoff meeting of section majors and workers in the commercial division of October's Greater Holland United Fund-Red Cross campaign Monday night at Hotel Warm Friend.

Division Chairman Henry S. Maentz Jr., outlined the work and emphasized the importance of having all employees listed contribute at their place of employment.

Maentz said over 7,500 employees in local industries, as well as city, school and college divisions, are solicited at their place of employment. While many commercial places do provide for employee solicitation, a review of past records indicates that employee participation in the commercial division falls far below the 70 to 95 per cent participation of employees in other divisions.

Donald G. Cochran, United Fund president, referred to the volunteer campaign worker as a salesman. "You have in the many vital services provided by 43 agencies participating in the campaign a product that cannot be equalled. Point out the values inherent in this health and welfare program and work to reach the division quota of \$12,600," he said.

Dutch Score In 4th Period Of First Tilt

VALPARAISO, Ind.—Hope College's football team lost its season's opener to Valparaiso University, 14-6 here Saturday night in the mud and rain in Boucher Bowl.

The field was a mass of mud and turned the contest into a punting game. A total of 16 punts were made, eight by each team, and neither team had a punt return in the game.

It rained during most of the game and the downpour started here about 3 p.m. Saturday. It had also rained Friday night and the field had been torn up by a high school game.

Any chance to run an offense was impossible as the backs slipped in their tracks. "Our offense just couldn't get going," Coach Russ De Vette said.

Hope's shifty halfbacks, Jim Bultman and Jim Shuck, were unable to get started and their maneuverability was stymied.

John Knight, 5'11", 186-pound senior from Saginaw, Mich., was the Valparaiso backfield chief worker and scored both touchdowns.

Knight's first touchdown came in the second quarter on a 19-yard run over the center. He started the play as a flanker on the left side, cut back, took the handoff and moved through the middle. He converted to give the Crusaders a 7-0 halftime lead.

With seven minutes remaining in the game, Knight scored on a six-yard double reverse. He also kicked the extra point to put Valparaiso in front, 14-0.

Hope scored with four minutes left. Rog Abel, Hudsonville freshman, set up the touchdown with a 68-yard run to the Valparaiso two-yard line with 4:40 remaining. Quarterback Sherwood (Sharky) Vander Woude prepared to pitch out, but slipped and the ball flipped out of his hands and was deflected into Abel's arms. Abel was off down the sidelines. Abel's run was Hope's initial first down in the game. They made a total of two.

Hillsdale freshman Cal Poppink drove to the one-yard line and Paul Hyink, Kohler, Wis., junior plunged over. Vander Woude was tackled before he could attempt a pass on the extra point try.

Most of the game was played between the 30-yard lines as the teams punted, hoping for a "break." Frequently the teams punted on third down and on one play Valparaiso booted on second down.

Knight was the Valparaiso running attack. He picked up almost as much yardage in rushing as the entire Hope ground game. Knight gained 123 yards in 19 carries while Hope had 132 yards in the game. The Crusaders rushed for 199 yards.

On the first Valparaiso touchdown, Knight carried three straight times, picking up yards, 11 yards and then 19 yards for the score.

Senior fullback Steve Slag led Hope with 24 yards in six carries while Shuck had 20 yards in 11 tries. Bultman made nine yards in four attempts and Vander Woude had eight yards in eight carries. The Hope captain completed one of eight passes for five yards. He received an arm injury but is expected to play Saturday.

Vander Woude did the Hope punting and booted a total of 268

yards in eight kicks. Dick Pohlman kicked for Valparaiso and was credited with 294 yards.

Senior Rich Buckley did the Hope centering on the punts and turned in an outstanding job. His snap backs were accurate and on the lie, despite the muddy ball, and the punter was able to get the ball away.

The Hope freshmen stood out on defense and were lauded for their first game work. John Stam of Holland did a strong job at tackle while Andy Zwemer of St. Louis, Mo., and Jon Norton of Tucson, Ariz., were tough at defensive guard and tackle. Fremont freshman Jim Bekkering impressed in the backfield.

It was the first football game in history between the two schools. Hope opens its home schedule Saturday night at 7:30 p.m. in Riverview Park against Wheaton College. Wheaton stopped Northern Illinois, 7-2 Saturday and won over Valparaiso, 35-13 last week.

During the game, a total of \$420 was stolen from the locker rooms of the two teams. The lock on the door was broken and the money stolen, including \$213 in cash belonging to Hope players. A check for the amount to reimburse the players was sent to Hope College today by Valparaiso officials.

It went without special notice, but one employee of the Board of Public Works marked 35 years of service with the department this week.

It was on Sept. 21, 1926, that Harold J. Karsten started work with the BPW and through the years has worked in all departments, electric, water and sewer. In more recent years he concentrated on distribution work for the electrical and water departments, and for about four years now has served as assistant superintendent under Supt. Guy E. Bell.

Harold's hobby is running the band reviews and variety shows for Tulip Time, a time-consuming endeavor which involves an almost endless amount of planning and communication in the mails.

The Board of Public Works carries another distinction too. Supt. Guy E. He is serving out the unexpired term of Roger Westenbroek of Lowell who resigned because of ill health. The organization is for municipalities having their own electric generating facilities or distribution systems.

Bontekoe-Van Iwaarden Rites Read

Mr. and Mrs. Preston N. Bontekoe (Prince photo)

A double ring candlelight ceremony solemnized Sept. 8 in Christ Memorial Reformed Church united in marriage Miss Mary Lou Van Iwaarden and Preston N. Bontekoe.

The Rev. Edwin G. Mulder read the rites as the wedding party assembled before an altar decorated with bouquets of white gladioli, mums and pompons, palms, ferns and candelabra.

Parents of the couple are Mr. and Mrs. Peter A. Van Iwaarden of 661 Washington Ave.; and Mr. and Mrs. George Bontekoe of 194 West 16th St.

Appropriate wedding music was played by Mrs. Harold Molenaar and the soloist, Mrs. Raymond Bush, sister of the groom, sang "Through the Years," "The Lord's Prayer" and "Ich Liebe Dich."

As the bride approached the altar with her father she was wearing a floor-length gown of silk organza over taffeta, featuring a sabrina neckline edged in jeweled chantilly medallions. The bouffant skirt ending in a chapel train formed by lace-tipped petals, had chantilly lace medallions scattered over the front panels. A two layer crown of sequins and pearls held a bouffant veil of imported illusion. Her bouquet was of white carnations and pink sweetheart roses.

Miss Sena Havinga, as maid of honor, wore a ballerina-length dress in pastel pink fashioned of sheer nylon. The bodice had a scooped neckline and brief sleeves. A satin band with braid and rhinestones circled the midriff. Her headpiece was a clip hat with a circular veil to match the dress and her bouquet consisted of white carnations tipped in pink.

In identical attire were the bridesmaid, Mrs. Paul De Boer, and the junior bridesmaid, Miss Nancy Van Iwaarden, sister of the bride.</

EX BASEBALL PLAYERS — This quartet of baseball players were members of Holland's entry in the Michigan State League in 1910-11. They are (left to right) the late Benny (Gooch) Batema, third base; Carl (Hawk) Shaw, pitcher; the late "Doc" Lavan, shortstop; "Spriggs" TeRoller, catcher. Shaw is now retired and living in Lansing but spends his summers at his lake Michigan home just north of Buchanan Beach. TeRoller is in his 51st year with the De Pree Co., in Holland, longest of the present employees in continuous employment. The photo belongs to TeRoller.

TeRoller Recalls Former Holland Baseball Teams

Spriggs TeRoller, one of Holland's fine baseball players several years ago, has compiled some baseball information from yesterday and passed it along to The Sentinel.

Five local players, the late "Gooch" Batema, third base; "Hawk" Shaw, pitcher; the late "Doc" Lavan, shortstop; "Spriggs" TeRoller, catcher and the late "Babe" Woldring, pitcher formed the nucleus of the Holland baseball team in the Michigan State League in 1910-11.

Other cities competing were Muskegon, Manistee, Cadillac, Traverse City and Boyne City. Holland dropped out of the league in 1911 and these players joined other teams.

Batema went to Boyne City while Shaw went to Cadillac, Lavan to Muskegon. TeRoller to Ludington and Woldring was drafted by the White Sox (Chicago) and farmed to St. Joseph in the Western League.

After league play, a few years later, the Holland Independents baseball team was again organized in 1916. Batema, Shaw, Te

Roller and Woldring were on the team but Lavan was now gaining a reputation in the National and American Leagues. He played with Connie Mack's Philadelphia Athletics.

The Holland Independents were the first team to play on the Riverview Baseball Park in 1920 and they were instrumental in the building of the park.

This team, entirely independent of financial aid, depending only on gate receipts, gave the Holland fans the best baseball ever displayed for about 10 years, TeRoller said.

TeRoller acted as business manager and shared the captaincy with Woldring. During those years, besides the players previously mentioned, the team was composed of more local players including Gary Batema, Dick Japina, Coxey Smith, Verne Hoover, "Hick" Hoover, "Doc" Walsh, Ben Riemersma, Marv Steggerda, Jim Poppo, Roy Ashley, Russel Woldring and a few outsiders as Fred De Young, "Lefty" Anderson, "Lefty" Vander Bunte and Harry Bisonette.

Drop Hospital As Defendant

GRAND HAVEN — Judge Raymond L. Smith Tuesday filed an opinion in Ottawa Circuit Court dismissing Zeeland Community Hospital as defendant in suits brought by Mr. and Mrs. Adrian De Pree of Zeeland. The De Prees had sought \$20,000 and \$5,000 in the two suits, naming the hospital, two nurses and a doctor.

No reference to the other defendants was made in the opinion. Judge Smith heard motions to dismiss the two suits last July 13 and gave attorneys 60 days in which to file briefs.

The suits resulted from what plaintiffs claim was negligence at the hospital in treatment for a broken hip Mrs. De Pree received in a fall Jan. 31, 1959. She underwent surgery Feb. 2, 1959, for placement of a pin in the fracture site by a Grand Rapids specialist, followed by a second operation Feb. 19. The declaration claimed the second operation was necessary after the pin slipped while two nurses were transferring the patient to a bed from a wheel chair Feb. 8, 1959.

Named besides the hospital were Alma Scheele and Vesta Danielson, nurses, and Dr. John Yff of Zeeland.

At the business meeting following the dinner, Mrs. Gertrude Frans and Miss Anne Brower were elected as delegates, with Bonnie Stoltz and Esther Baereman as alternates, to attend the National Convention of the American Society of Women Accountants to be held at Milwaukee on Oct. 25 through Oct. 28.

He pointed out the fallacies in the various commonly accepted hedges against inflation such as, gold, art, diamonds, real estate, common stocks. He stressed the fact that the fight against inflation is not protection but courage and sacrifice for each individual in the nation.

Roof Ripped Off Home; \$7,000 Loss

Much of Ottawa County Lashed by Winds, Rain, Damaging Hailstones

MARNE — A tornado touched down near Marne late Friday afternoon, damaging several buildings and injuring a 13-year-old youth as severe weather which included thunderstorms, rain, hail and damaging winds, raked Ottawa County.

The injured youth was identified as John Fritz, son of Mr. and Mrs. Robert Fritz of 16352 Eighth Ave. He was cut on the right arm by flying glass. He was treated by a local physician.

Authorities said he was driving a tractor when he spotted a funnel cloud about 5:20 p.m. and bolted for the safety of his home. He warned his brother Carl, 18, of the tornado, and both took refuge in the basement of the home. Carl was unhurt.

The Lyle Lothschutz home at 16460 18th Ave. suffered extensive damage. Half the roof was ripped off and the south end of the attached garage was knocked down. Officials placed damage to the Lothschutz home at \$7,000.

Mrs. Lothschutz was in the house with her four children, ranging from five years to 4 1/2 months. She said she saw the funnel-shaped cloud approaching the house from the west and took refuge with her children in a crawl space under the house.

There was no basement. The twister caused extensive damage to the Gabe Carmody farm, directly across 18th Ave. from the Lothschutz home. Several windows in the home were broken, and a house trailer behind the house was knocked off its cement block foundation. Damage to the trailer, occupied by Mrs. Leo Carmody and her 1 1/2-year-old son David, was estimated at about \$2,000.

Mrs. Carmody said she saw the funnel approaching, and she and her son got down on the floor of the trailer before it struck. The trailer was moved about 10 feet and came to rest against two large trees. An outside entrance to the trailer was torn away.

Several small frame buildings on the Carmody farm, used by migrant workers, were flattened by the tornado. None were occupied at the time.

Court Orders Alley Opened

GRAND HAVEN—Circuit Judge Raymond L. Smith Monday filed an opinion in Circuit Court ordering the alley at the rear of the Tower Building at Eighth St. and River Ave. in Holland to remain open for moving traffic.

The opinion further stated that barriers and fences should not be allowed to interfere with such use.

The opinion came after a two-day trial July 24 and 25 in a case brought by Harold and Chrystal Gee and John and Janet Bremer of Holland seeking perpetual rights to the alley from Unity Lodge F and A. M. which owns the Tower building.

Last Feb. 1, the court gave plaintiffs prescriptive easement rights to the alley but rescinded the action two days later exercising what the court termed discretionary rights to reopen the case.

The opinion states: "Nothing in the record indicates to the court that defendants suffered any detriment by reason of any delay or action of plaintiffs. When the barriers were erected the plaintiffs acted promptly. The court is of the opinion that the parcel in question should be considered as open to the mutual use of plaintiffs, defendants and their tenants. Such use is of such a nature as to preclude the parking of vehicles so as to deprive the parties of easy access to and exit from the rear of all property involved. This is business property. Such use should dictate the extent of the rights of the parties."

Spanish-American Veterans Came Home Sept. 23, 1898

It was just 63 years ago Saturday that a group of Holland men returned from service in the Spanish-American war.

An account of the joyous return appeared in the Sept. 23, 1898, issue of the Holland Daily Sentinel, a copy of which has been treasured through the years by one of the group, Harry E. Nies, now 82 years old and living with his wife, the former Jeanette Helmers, at 289 Norwood Ave., Waukegan.

Nies has four children, Carl of Ottawa Beach, Mrs. Carol Arnold of Holland, Mrs. Bud Brink of Zeeland and Eugene Nies of Lakeview Blvd.

The account is published in 1898 follows:

At about 8 o'clock this morning a telegram was received here announcing that the Holland soldier boys would arrive at 8:30. In a short time the city was decorated with flags and a large crowd assembled at the depot. Although the boys were not exactly hobnobbed they felt that their welcome home was a hearty and sincere one. A great cheer arose as the train pulled in and the city whistles proclaimed a welcome while fireworks added to the noise of the greeting.

From appearances of the soldiers they have earned all in the way of honor and welcome that Holland or any other city can give them. Hearty, healthy boys who left a few months ago at their country's call return emaciated and yellow, showing plainly the marks of suffering. In some respects the return of the soldiers was attended with as much solemnity as was their going away. Not the sturdiest of the boys returns without the mark of army life upon their constitutions that will require many weeks of home care before the boys will present anything like their former appearance.

Too much cannot be said in praise of the boys who have sacrificed, perhaps for life, the blessings of a healthy body in order to serve their country.

Equal praise should be given the boys who waited in the south and those who stood in battle. All went for the same cause and each served where duty called him.

The effects of the southern climate upon our soldiers cannot be estimated. While some in a measure throw off all tendency to disease others will carry an undermined constitution with them through life.

The following were the boys who returned this morning:

Company G, Grand Rapids, Harry Nies, William Wood, Anthony Seif, John A. Roost, and Charles Mulder.

Company F, Grand Haven, Herman Wolman, Thomas Eastman, Henry Van Lente, Gerrit Van Houtte, James De Bos, Ernest De Feyter and Gerrit Dykhus.

Company E, Grand Rapids, Han Dykhus.

Company H, Grand Rapids, Marine Danies, Will Damson, John Roos, Tom Eastman, and Han Dykhus arrived during the night, having left Grand Rapids on the midnight train. The other boys left Island Lake yesterday afternoon arriving in Grand Rapids last night. They all remained at Kent Hotel.

James D. Pree of Co. F did not return with the boys, having gone to Detroit to visit his brother. He is expected home this evening.

Tennis Vander Water and Louis Hadden were also left behind. Tennis is lying sick in the division hospital at Huntsville, while Louis is at Fort McPherson, in Atlanta. Both boys are quite ill.

The report of the death of Louis Hadden, circulated this morning, was without foundation. A Sentinel reporter called at the home of Mr. and Mrs. George Hadden this morning and found that no word had been received by them in regard to the condition of their son since Monday, when the post chaplain stated in a letter that Louis was critically ill.

One of the boys says he has grown ten pounds heavier since leaving Huntsville; others rejoice because they have left hard task behind and can eat the good things provided at home. In fact, all of the boys are glad to get back to Michigan.

It was not expected that the boys would arrive in Holland this morning and the arrangements for a formal public reception upon their arrival were not completed. Late last night a telegram was received by Secretary Van Schelven stating that the boys had left Island Lake and would reach Holland at 8:25 this morning.

Everybody went to the depot — fathers and mothers, brothers and sisters, friends and neighbors and sweethearts — everybody went to welcome the returned soldier boys.

The students cheered as they stepped upon the platform one of the class of 1901. Will Damson. He was lifted on the shoulders of his classmates and borne away from the depot amid shouts and cheers of other students.

No public reception will be given the boys this week, the time being too short to arrange for it in a satisfactory manner.

A meeting of the various committees will be held on Monday evening at which time the day for the reception will be set, and arrangements for the boys will be allowed to enjoy the first few days in quiet and rest at their homes and among their friends.

The soldiers are home only on a thirty-day furlough not yet having been mustered out.

Gerrit Klaassen is very much emaciated and very weak. He

stay in the south has made a great change in his appearance. Thomas Eastman is also used up by the hot weather.

Gerrit Van Houtte is suffering from an eye ailment. Harry Nies brought home with him a complete soldier's outfit, gun, bayonet, canteen, etc. Some of the other boys brought all or part of their camp outfit.

Company G has the distinction of having in its ranks both the tallest and the shortest man in the army. The man who boasts of being the tallest is named Combs and the shortest is Fred Wiersma of Zeeland.

Company G, Grand Rapids, Harry Nies, William Wood, Anthony Seif, John A. Roost, and Charles Mulder.

Company F, Grand Haven, Herman Wolman, Thomas Eastman, Henry Van Lente, Gerrit Van Houtte, James De Bos, Ernest De Feyter and Gerrit Dykhus.

Company H, Grand Rapids, Marine Danies, Will Damson, John Roos, Tom Eastman, and Han Dykhus arrived during the night, having left Grand Rapids on the midnight train. The other boys left Island Lake yesterday afternoon arriving in Grand Rapids last night. They all remained at Kent Hotel.

James D. Pree of Co. F did not return with the boys, having gone to Detroit to visit his brother. He is expected home this evening.

Tennis Vander Water and Louis Hadden were also left behind. Tennis is lying sick in the division hospital at Huntsville, while Louis is at Fort McPherson, in Atlanta. Both boys are quite ill.

The report of the death of Louis Hadden, circulated this morning, was without foundation. A Sentinel reporter called at the home of Mr. and Mrs. George Hadden this morning and found that no word had been received by them in regard to the condition of their son since Monday, when the post chaplain stated in a letter that Louis was critically ill.

One of the boys says he has grown ten pounds heavier since leaving Huntsville; others rejoice because they have left hard task behind and can eat the good things provided at home. In fact, all of the boys are glad to get back to Michigan.

It was not expected that the boys would arrive in Holland this morning and the arrangements for a formal public reception upon their arrival were not completed. Late last night a telegram was received by Secretary Van Schelven stating that the boys had left Island Lake and would reach Holland at 8:25 this morning.

Everybody went to the depot — fathers and mothers, brothers and sisters, friends and neighbors and sweethearts — everybody went to welcome the returned soldier boys.

The students cheered as they stepped upon the platform one of the class of 1901. Will Damson. He was lifted on the shoulders of his classmates and borne away from the depot amid shouts and cheers of other students.

No public reception will be given the boys this week, the time being too short to arrange for it in a satisfactory manner.

A meeting of the various committees will be held on Monday evening at which time the day for the reception will be set, and arrangements for the boys will be allowed to enjoy the first few days in quiet and rest at their homes and among their friends.

The soldiers are home only on a thirty-day furlough not yet having been mustered out.

Gerrit Klaassen is very much emaciated and very weak. He

stay in the south has made a great change in his appearance. Thomas Eastman is also used up by the hot weather.

Gerrit Van Houtte is suffering from an eye ailment. Harry Nies brought home with him a complete soldier's outfit, gun, bayonet, canteen, etc. Some of the other boys brought all or part of their camp outfit.

Company G has the distinction of having in its ranks both the tallest and the shortest man in the army. The man who boasts of being the tallest is named Combs and the shortest is Fred Wiersma of Zeeland.

School Board Discusses System's Austerity Plan

The Board of Education in a special meeting Monday night approved procedures for a special Lakeview school election, discussed the system's austerity program in which \$35,000 was cut from the present budget, and its views on city water policies and the possible effect changes might have on the tax base.

A good share of the 2½-hour meeting was spent in discussing the school's austerity program in which the most vocal reactions came from the athletic department, particularly in cutting out meals for athletes after games and providing no transportation for the band for practice sessions. The band now practices on the 22nd St. athletic field instead of Riverview Park.

Supt. Walter W. Scott said budgets of all schools and all departments in those schools were subjected to a close look. He said pupil count is about the same as last year, but the staff has three fewer members. He said personnel was not cut in the athletic department, nor were there any drastic cuts there.

He said such items as \$400 for tape were eliminated in favor of ankle wraps, etc. He proposed a survey and inventory of all athletic equipment as well as a serious look at the scheme of organization from a business management view, stating that estimates of gate receipts should be more realistic in setting up athletic budgets. He proposed moving some games from Civic Center to the school fieldhouse when it is completed.

Scott said gymnastics and wrestling are still in the athletic program. In general, he said cuts of \$4,300 from the athletic budget resulted in no complaints from the staff, and some items for which commitments already had been made were restored. He added that all athletic purchases go through the business office like purchases from all other departments.

The board adopted a resolution approving procedures in the Lakeview school election involving a \$240,000 bond issue for a school addition Oct. 24. Plans eventually call for the Lakeview district to annex to the Holland district, each paying their own bonds until such a time as a debt is merged.

Water policies and the possible effect changes may make on the tax base of the school district were aired, and a committee was appointed to draft a letter to City Council reviewing the school board's view.

President John D. Plewes proposed reactivating a series of informal meetings on aspects of the school program in which board members would be informed on programs of the athletic, music, science and other departments. Informal meetings on curriculum had been held monthly some years ago but were discontinued when annexation and building new schools became more time consuming.

Absent from the meeting were James Hallan, A. J. Cook and Wendell Miles. Harry Frissel served as temporary clerk.

\$800 Grant To Red Cross

A grant of \$800 from the Greater Holland United Fund in lieu of a special Red Cross Hurricane Carla disaster campaign has been presented to the local Red Cross chapter.

A joint statement by Donald G. Cochran, United Fund president, and Arthur Read, Red Cross county chairman, follows: "We thank contributors to the joint campaigns in 1959 and 1960 for their generosity which makes it possible to provide a 'fair share' allocation from the Greater Holland community, in behalf of the many victims of the recent Texas disaster, without having to resort to a special campaign."

Individuals or companies desiring to make a contribution in addition to the \$800 grant may do so by mailing gifts directly to the Red Cross office at 1 West 10th St. Cochran said one of the major purposes of the United Fund is to eliminate as many individual campaigns of qualifying agencies as possible. This arrangement with the Red Cross is an illustration of advantages accruing from giving the United Way.

Members of the Holland Exchange Club and their guests were given an insight into the nation's defense preparations Monday noon when they heard an address by Ken De Boer of the Michigan Bell Telephone Co. of Grand Rapids.

Speaking on the subject "Communications and National Defense," De Boer told about the operation of Norad — the North American Air Defense Command, and by means of a flannel-graph he visualized the lines of radar defense built and maintained by the United States and Canada. Their purpose is the early detection, identification and ultimate destruction of enemy craft or missiles. The speaker said information gathered by these stations can be transmitted to the chief nerve center for defense in the United States in less than 10 seconds. This chief center is located at Colorado Springs, Colo.

The speaker was introduced by Ken Hewitt, Vern Schipper, president.

Vice President Ed Lindgren announced that the speaker for the annual football banquet will be Edward (Moose) Krause, Athletic Director at Notre Dame University.
