R. E. Overweg Killed in Viet

One Injured In Fire At Small Home

A mother carried her two young daughters from their smoke filled home Friday and then collapsed after returning from another entry into the home.

Mrs. Robert De LaLuz, 24, of 145 Burke Ave., was treated at Holland Hospital for first degree burns of the right hand and released.

The fire was believed to have started in a rear bedroom near an electric heater, Holland Township fire chief Andrew Westenbroek said.

Relatives of Mrs. De LaLuz said the woman carried the daughters, aged 6 months and about 3 years, from the small three-room house to her brother's home next door and then returned into her smoked filled home.

Moments later she came from the burning house and collapsed. She was taken to Holland Hospital.

Mrs. De LaLuz' husband was summoned from work at Holland Chemtron Corp.

The interior of the one-floor home was extensively damaged by heat and smoke, Ottawa County sheriff's deputies assisted Holland Township No. 1 firemen who were at the scene about 45 minutes.

Money Taken In School Brekin

Thieves broke into the Sheldon Woods school, 1550 Blair St. overnight and pried open a wall safe that contained a quantity of money, Ottawa County sheriff's deputies said Friday.

The amount of money missing was not disclosed.

The breakin and theft were discovered at 6:30 a.m. today by a building custodian.

Deputies said entry to the school was gained by breaking glass in a door and reaching in to unlock the door. The same method was used to enter the office where the 20 inch by 15 inch safe was located.

Deputies said nothing else appeared missing from the office.

Lighthouse Status Now Clarified

Capt. E. F. Walsh, chief of the operations division of the 9th Coast Guard district at Cleveland, Ohio, today clarified the status of the Coast Guard station at Holland.

He made it clear that discontinuance of the Holland Harbor south pier head light is part of an approved plan to improve the aids to navigation at the harbor, but that no decision has been made on removing the structure.

He wrote: "Specifically the plan calls for the discontinuance of the light and fog horn at the light structure on the south pierhead. The north breakwater light will be equipped with a light more than triple the intensity of the present south pierhead light. A fog signal also will be established at the north breakwater light, some 900 feet lakeward of the present signal.

"Hopefully, this will somewhat reduce the noise pollution caused by the present fog horn. In addition, a minor light structure will be located lakeward of the south pierhead light, thereby eliminating the Coast Guard's need for the four-story structure. Further, the north and south pierhead lights and the north breakwater light will be converted from battery operation to commercial power, thereby increasing the reliability of the aids.

"At the present time the Coast Guard has no plans for the removal or destruction of the Holland Harbor south pierhead lighthouse. The structure will be the subject of a Board of Survey and if found to be excess to the needs of the Coast Guard by the commandant, U.S. Coast Guard in Washington, D.C., it will be turned over to the General Services Administration for disposal."

He said persons interested in preserving the old lighthouse as a National Historic Landmark should write Ralph MacMullan, director of the Michigan Department of Conservation, Stevens T. Mason Building, Lansing, Mich. 48926. MacMullan is the state's liaison officer to the Secretary of the Interior concerned with the preservation of National Historic Properties.

If you don't do it, it won't get done GIVE THE UNITED

KICKOFF SPEAKER — Richard G. Cotton (left), past president of the Michigan United Fund and speaker at the Greater Holland United Fund kickoff dinner Wednesday night, accepts a pair of Wooden Shoes from Roger Mac Leod, co-chairman of the Holland drive. Cotton, senior vice

president of Wickes Corp., challenged Holland residents to give their fair share to the campaign which seeks \$195,693 to help support 46 local, state and national health and welfare agencies. The Holland United Fund campaign opens Monday and continues through Oct. 10. (Sentinel photo)

Dinner Launches United Fund Drive

Complimenting those attending a United Fund kickoff dinner for getting involved, Richard G. Cotton, past president of the Michigan United Fund, urged Holland residents to pledge their fair share to the United Fund campaign.

Cotton, senior vice president of Saginaw's Wickes Corp., addressed about 150 campaign officials, workers and interested citizens at the Dutch Treat dinner Wednesday night at the Holiday Inn.

The campaign, which seeks \$195,693 to help support the work of 46 local, state and national health and welfare agencies, opens Monday and continues through Oct. 10.

Despite what he called current social critics which label as squares persons willing to get involved Cotton said he was glad to be a square . . . "interested in the community, interested in others. And willing to

do something about it."

Claiming the only reason for our existence on this planet called Earth is so we can help others, Cotton said that was the real reason to pledge a fair share to the United Fund.

Cotton then challenged the campaign workers to pledge their fair share before asking others to do the same.

He ended his address with a quotation from Emerson: "The reward of a thing well done is to have done it."

Cotton was scheduled to address the Holland Rotary club at its noon meeting today.

Following the address it was announced that pledges totaling about 20 per cent of the campaign goal had been received.

Campaign co-chairman Roger Mac Leod said the traditional house to house canvass was not being used in the campaign this year.

"If this sort of giving can be

reached on a purely voluntary basis because people want to get the job done then we should have no trouble in meeting the goal without the house to house campaign," he added.

Mac Leod, who introduced guests and Cotton, presented the speaker with a pair of Wooden Shoes.

Local Doctor Is Wounded By Gunfire

Police Seek Wife Of Dr. Warren Westrate In Shooting of Husband

A warrant charging attempted murder was authorized against the wife of a prominent physician, Dr. Warren K. Westrate, 49, who was shot and wounded at his home at 568 Central Ave., early today.

Sought by police was Bonnie Westrate, 36, who was believed driving an ivory colored 1968 model Chevrolet station wagon. She was believed armed with a .38-caliber revolver, similar to one allegedly used in the shooting, police said.

Dr. Westrate was listed in satisfactory condition today at Holland Hospital with gunshot wounds of the back and upper right arm. Police said he was struck at least twice by four slugs fired from a .38-caliber revolver.

Police said Dr. Westrate drove himself to the hospital for treatment and that the hospital notified police of the shooting at 12:53 a.m. today.

Police immediately set up road blocks which were terminated about one hour later without apprehending Mrs. Westrate.

Holland police said it appeared three shots were fired in the front living room of the Westrate's spacious English styled home. One slug was removed from the east wall where it was embedded after piercing draperies.

Two other slugs were believed fired into a light blue sofa where Dr. Westrate had been sitting. Metal fragments were found beneath the sofa after one slug apparently went through the back of the sofa and shattered on impact with a metal radiator. Another slug was believed lodged in the frame of the sofa.

One of the slugs that damaged the sofa was believed to have struck Dr. Westrate in the back. Police said a slug entered his right side and continued through a fleshy part of the lower back, exiting on the left side.

Police said Dr. Westrate then apparently made his way into the kitchen west of the living room and down a back stairway to the garage at the rear of the home. Blood was found on a telephone in a breakfast nook.

Officers said he was attempting to leave the driveway along the north side of the house in his 1969 model car when a fourth slug shattered the window on the passenger side and entered his upper right arm.

Dr. Westrate drove himself to Holland Hospital where he left the car near the emergency entrance to the hospital.

Police said the six Westrate children, ranging in age from 5 years to about 16 years, were upstairs at the time of the shootings and were not injured. Five of the children were by previous marriages of both Dr. Westrate and his wife.

Holland police said Mrs. Westrate had obtained a permit to purchase a gun Aug. 30 and that she bought a .38-caliber revolver in Grand Rapids' Wyoming Wednesday afternoon, hours before the shooting incident occurred.

A statewide police broadcast was issued for the apprehension of Mrs. Westrate.

Franklin Routs Dutchmen, 60-6

FRANKLIN, Ind. — Franklin College handed Hope College's football team one of its worst beatings ever Saturday as they took a 60-6 decision.

It was the second straight defeat for new Coach Ray Smith of the young season and a shocked Smith said after the game, "I don't know what we are going to have to do to get these boys to play like they are capable of because I know that the potential is there."

Smith concluded, "Our next opponent, Lakeland College may be the toughest team that we have played so far." If that's the case, Hope will have to improve its pass defense as sophomore quarterback Phil Powell of Franklin rattled the Dutchmen defense for 18 completions out of 32 attempts for 338 yards and four touchdowns.

Hope had a chance to take the lead as they took the opening kickoff but were forced to punt and Franklin wasted little time in scoring on its first series of downs as Powell's 30-yard pass to Bruce Hickman put the ball on Hope's 20. A five yard penalty moved the ball back to the 25 where Powell went to the air on the next play to toss a perfect 25-yard TD pass to Evan Williams. Tom Hauswald's kick was true and the Grizzlies were off and running.

A high school player from Michigan, Brad Albutus scored the second Franklin six-pointer on a one-yard power play and the extra point pass from Powell to Hickman was good to increase the winners margin to 15-0.

Freshmen Mark Meyer's great catch of a Groy Kaper pass of 31 yards gave Hope something to cheer about in the second period but it was all for waste as Franklin forced the Dutchmen to punt on a fourth down play.

Co-Captain Karl Nadolsky of Grand Rapids set up Hope's only score by recovering a Franklin fumble on the enemies five yard line.

Bob Haveman went two yards to the three, Bob Lamer of Zeeland was held for no gain before Hope's co-captain Haveman tallied the Dutchmen first touchdown of the year with 11:07

left in the second stanza on a three-yard burst. The extra point failed and the Dutchmen didn't know it but the game was over at that point as Powell took complete control of the situation.

Albutus made a circus catch of Powell's 32-yard pass for Franklin's third score of the afternoon. Charles Allen ran in the conversion to increase Franklin's lead to 23-6.

On the next series of downs for Hope, big Bill Unsworth, 6'2", 230-pound tackle intercepted Kaper's pass on Hope's 12 and barreled his way into the end zone for another Franklin tally.

With 0:52 left on the clock before the half, Powell was at it again as he rifled a three-yard TD pass to Hickman. It seemed from the pressbox that anytime that Hickman wanted to catch a pass that all he would have to do is run down 10 or 15 yards and put his hands out because Powell's passes were like money in the bank.

Powell hit Hickman for the two-point conversion and Franklin enjoyed a 39-6 cushion at the intermission.

Mike "Boom Boom Bailey", 215-pound fullback for Franklin scored at the outset of the third period on a two-yard run and Powell's extra point kick was good to raise Hope's deficit to 46-6.

Smith went to his freshmen backs in the second half and Barry Brugger of Grand Haven showed some power by fighting for 15-yards on a second down play in the third period to give Hope a first down.

Dan Wagner hauled in Powell's 37-yard pass for another Franklin score early in the final quarter as the assault continued. Powell's kick upped the margin to 53-6.

With everything going right for Franklin and Powell still directing the team late in the final quarter, Mike Hinga's punt from deep in his own territory was taken by Ron Doyle on Hope's 34 and returned for the final score of the game. The PAT was good and the final score stood at 60-6.

Franklin's win was the second most points ever scored in its

HAMILTON — Coach Wayne Tanis' Hamilton Hawkeyes rallied to tie Zeeland, 20-20 Friday night in the season's opening football game for both schools.

The Hawkeyes were faced with a fourth and 11 situation with 2:14 left in the contest when junior quarterback Ted Yoak hit senior back Randy Busscher for a 30-yard touchdown pass. Hamilton had a chance to win the game on the conversion but Zeeland's defense was equal to the task as they held the Hawks.

Zeeland scored the games first TD in the opening quarter on a three yard run by Joe Ratterink while Hamilton tied up the game in the second period as defensive end Carl Slotman picked up a fumble and rumbled 35 yards for the score.

The Chix' fine halfback Terry Hop took the ensuing kickoff back 80 yards for Zeeland's second touchdown to give Coach Fen Postma's team a 12-6 advantage. The Chix added the conversion to make the score 14-6.

Hamilton came back to notch a score as Yoak passed 89-yards to Busscher. Roger Boerigter's extra point run tied the game at 14-14.

With only 1:45 left in the half, Zeeland scored its final TD on a 51 yard run by Hop to set the stage for Busscher's catch with time running out in the game.

The Hawkeyes defense was at its best in the second half as they held Zeeland to minus five yards rushing and no first downs and a happy Tanis commented, "I'm proud of our boys and especially tackle Dan Dubbink, and Busscher and Yoak."

Postma said, "Rick Cook, Ron Poole and Hop were outstanding on defense for us."

Hamilton will be looking for its first win of the season next Friday when they play Byron Center at Lee while Zeeland will host Jenison.

NOTHING NEW

The following words of Daniel Webster uttered in a U.S. Senate Speech on March 12, 1835, should deflate the ego of those who think they have originated something new in their crusade against "the establishment."

Said the incomparable Mr. Webster, "There are persons who constantly clamor. They complain of oppression, speculation, and pernicious influence of wealth. They cry out loudly against all banks and corporations, and a means by which small capitalists become united in order to produce important and beneficial results. They carry on mad hostility against all established institutions. They would choke the fountain of industry and dry all streams."

Regardless of what they were called in Mr. Webster's day, they had the equivalent of the counterpart of today's campus radicals, communist inciters of violence, and all the rest of the unpalatable breed whose chief aim in life is to create turmoil, rather than constructive dissent.

A Great Love

Genesis 44:18-34

By C. P. Dame

The Bible contains great literature. Our lesson text is a plea given by one brother for another brother who was in danger of being put in prison. Back of the plea was a deep love which reminds us of the love of one of Judah's descendants—Jesus Christ, our Saviour and Lord.

I. It is possible for a person to change. If Christians do not believe this then they might as well stop preaching the gospel. "Then Judah came near unto him, and said"—Judah, who was he? He was the fourth son of Jacob, the patriarch, a son of Leah. The twelve sons of Jacob were from four mothers. Joseph was the son of Jacob's favorite wife, Rachel, and hence he was his father's favorite, and therefore he was hated by his brothers. Joseph added to their hatred by telling them of his dreams which predicted his great future.

One day Jacob sent Joseph to look for his brothers. They, at the suggestion of Judah, took Joseph and sold him to some travelling merchants who sold him in Egypt to an official named Potiphar whose wife tried to seduce Joseph and when she failed lied about him and he was put in prison where he explained the dreams of two fellow prisoners. When Pharaoh dreamed, the freed butler spoke of Joseph who was called and interpreted the dreams and was given a high position.

A famine in Canaan caused the brothers to go to Egypt for food. Joseph recognized his brothers and was rough on them. He kept Simeon as hostage, sent the others home telling them if they came again to bring Benjamin. Necessity compelled them to go again and this time Benjamin went along and was charged with theft and all went back with him. Judah who had sold Joseph now pleaded and offered to take his place as a slave. A great change had come to him.

II. Love inspires to give self. The more often you read the plea of Judah the more you will be impressed by it. Note his concern for his father. He had none when he suggested selling Joseph. Observe his concern for Benjamin whom he described as "a child of his old age"—his father, Judah told the official to whom he was making his plea that he had promised to become surety for Benjamin and therefore he asked to be a bondsman to the official. This meant that he would be a foreigner and a slave in a strange land.

The plea deeply touched the official, who then revealed himself as Joseph whom the brothers had sold. His dreams were fulfilled, the brothers all gave him honor. The Bible tells of the love of Jacob for Rachel, but it speaks of a greater love than these—the love of God for sinful people. This love He expressed in the crucifixion and resurrection of Jesus from the dead. Do you respond to that love?

Brink Heads City Computer Center

Long before the first equipment for Holland's municipal Computer Services Center arrived recently, necessary preparations were underway by a staff for the center.

The fledgling center was born in 1968 when Holland City Council appointed a study committee to look into a municipal computer system.

Now, nearly two years later, Terry Brink, 30, a 1957 Holland High graduate with 10 years experience in data processing is administrator of the center housed on the first floor of the original Holland Hospital building. His salary is \$16,000 a year.

Brink, married to the former Karen Hertz and father of two daughters and one son, is working to convert present governmental unit records for computer use and hopes to have six applications ready for use when the computer itself is installed next June.

Applications now under preparation include tax and special assessment billings and payroll and personnel records.

Holland entered the computer age when Council established a data processing study committee and contracted with a firm to provide a feasibility study for a proposed shared computer system.

Last April the consulting firm of Alexander Grant Co. was awarded a contract to design and implement the first phase of its original plan for a computer system and Brink was

Terry Brink

hired to head the new department.

The computer, a GE model 115 disc system, will be shared by the hospital, the Board of Public Works, Herrick Library and general city offices.

A computer services committee, including one member from each of the four units, will govern the new department and determine priorities of computer applications.

As a general city department the computer facility reports administratively to the city manager.

While the city's computer is being installed, Brink said arrangements have been made

for use of compatible equipment at the Holland General Electric plant as applications of the city are completed.

Brink has had data processing experience at Herman Miller Inc., Zeeland; Associated Truck Lines and Bissell Inc., both of Grand Rapids.

Brink, his wife and three children, Tamela, 8, Kristi, 7, and Tommy, 2, now live in Jenison but plan to move to Holland.

Brink said Univac keypunch machines have been installed in the auditors office and the BPW in City Hall and the computer equipment is due in June.

Brink envisions eventual computer use to keep tabs on bed availability and patient billing in the hospital, inventory control and prediction and crime analysis systems for the police department.

Dutch Hand West Ottawa 14-0 Defeat

Holland High's football team won the battle of the city Friday night as they turned back rival West Ottawa, 14-0 in the opening football game for both schools at Riverview Park before a packed house of 5,000 fans.

The victory was the second straight for Coach Dave Kempker's Dutch over the Panthers. Last year Holland took a 28-14 decision and Coach Ron Wetherbee's team had upset on their minds Friday as they gave the favored Dutch nothing but trouble throughout the entire night.

West Ottawa dominated the first half as they ran 38 plays to only 27 for Holland while the Dutch were in complete control in the second half as they controlled the ball on the ground, consuming plenty of time which really decked the Panthers bid for a win.

The Panthers had a great opportunity to score the game's first touchdown in their second series of downs as they recovered a Holland fumble on Holland's nine-yard line.

Holland's defense led by Rick Van Tongeren stopped the Panthers cold on the one-yard line on a fourth down play.

Doug Morse, Holland's aggressive middle guard, scored the game's first touchdown with 10:11 left to play in the second quarter by picking up a West Ottawa fumble on the three-yard-line and running into the end zone untouched.

Tom Van Dokkumburg set up the Holland score by booming a punt 51 yards to the Panthers nine yard line. The extra point failed as Holland took a 6-0 margin.

With the fired up Panthers moving the ball with ease Kempker's chargers seemed concerned on the sidelines in this important clash but when the chips were down Holland rose to the occasion.

The Dutch came roaring out of the dressing room at halftime to dominate play in the second half as they took the second half kickoff on their own 25 and marched right down to the Panthers eight behind the powerful running of Randy Kuipers and Craig Kuipers and the fine play calling of quarterback Tim Matchinsky who completed two passes in the drive to Bill Wood for 12 yards.

West Ottawa's defense led by tough Rick Hamstra stopped Holland cold on the eight and Van Dokkumburg's field goal from the 16 was wide to the left.

Holland's offensive team ate up 10 minutes and five seconds of the ball in that drive which according to Wetherbee "really hurt."

The Dutch added the game's final TD on R. Kuiper's eight yard burst up the middle with 7:45 to go in the game. Kuipers broke three tackles on his TD jaunt and showed Holland fans that they got one whale of a runner. Matchinsky tossed a pass to Wood for the conversion.

West Ottawa didn't roll over and die as they marched right down into Holland territory on the fine running of Jon Helder who was running with real determination to try and get the Panthers on the board but it was all in vain as Holland's Wood intercepted Denny Oosterbaan's pass in the end zone to kill off any chances the Panthers had in scoring to wrap up the contest for the Dutch.

In this hard hitting contest between rivals, both schools displayed tremendous sportsmanship and after the game they showed it by congratulating each other on the field.

It was a tough loss for Wetherbee's club but the Panthers are known to bounce back and they probably will this time too.

West Ottawa will host East Grand Rapids next Friday while the Dutch will journey to Niles.

Pat Paulsen Entertains For Students

Comedian Pat Paulsen came to Holland and entertained a crowd of more than 1,500 persons, mostly Hope College students, Saturday night in the Holland Civic Center.

The stoic-faced comic provided an hour and 15 minutes of chuckles with a series of "lectures" that have made him a television favorite.

Paulsen has put together the show and will perform at 40 colleges and universities this school year. He opened at Texas Christian and this was his second tour stop.

Called "Pat Paulsen Looks at the 70s" he opens with "the Paulsen Papers" followed by four lectures entitled "How to Survive the Next Ten Years," "Astrology, Zen, Occult and Things That Go Bump in the Night," "The Sexual Revolution — Is S-E-X a Four Letter Word?" and "The Spaceship Earth Is Getting Fuller, Buckminster."

This is interspersed by the "The National Mediocrity Test," conducted with film clips. Gaining national popularity with his "presidential" campaign in 1968, the veteran

comedian admitted he was surprised at the reaction received when he first presented the idea on the Smothers Brothers television show.

He doesn't consider himself politically astute and won't run for public office. He believes the Smothers Brothers court suit will be settled out of court.

Editing his show as he goes along, Paulsen said he received the same reactions to jokes at both schools.

His appearance was presented by the Hope College cultural affairs committee. Paulsen lauded the art work of Phil Frank, formerly of Holland, who did the drawings for his "campaign" and was impressed with Holland as a "pretty, clean" city.

De Cormier Concert Date Changed Here

A change has been made in the schedule of concerts for the Holland Community Concert Association for the 1970-71 season.

The appearance of the Robert De Cormier Singers, originally scheduled Saturday, Jan. 16, has been changed to Monday, Jan. 18, and the performance will be in Civic Center, not D'Amant Memorial Chapel on Hope College campus.

The change was made primarily because the Hope-Calvin basketball game is slated Saturday, Jan. 16. This had shifted the concert to the chapel. The change puts the concert in Civic Center which is equipped with better lighting for the De Cormier performance.

Enrollment Of Schools Up Slightly

Preliminary enrollment figures for Holland public schools place total attendance at 5,476 after the first week of school, a net gain of 42 over last year's figures.

This information was revealed at the monthly meeting of the Board of Education Monday night by Supt. Donald L. Ihman who said the official membership will be taken Friday, the fourth Friday in September.

Part of the increase is accounted for in an expanded special education curriculum, listing 204, compared with 174 last year.

Enrollment in the 12 elementary schools totals 3,022, just one more than the 3,021 last year. Junior High enrollment totals 1,318, or 27 more than last year's 1,291. High school enrollment is listed at 1,134, compared with 1,120 last year. Special education students are included in the school figures.

Kindergarten enrollment took a dip this year listing 418 or 47 less than last year's total of 465. Eighth graders dipped from 451 last year to 395 this year but ninth graders rose from 400 last year to 449 this year. Other grade changes were less dramatic.

The board approved six staff appointments for the current year. Miss Mary Miller, a 1970 graduate of Western Michigan University, will teach strings in the instrumental music department.

Mrs. Marilyn Darby, a 1969 Western Michigan University graduate with eight years of experience, will teach half-day kindergarten at Holland Heights.

Mrs. Lenora Ridder, a Hope College graduate with seven years of teaching experience will teach in Lakeview School. Mrs. Marilyn Slikkers, a 1962 graduate of Hope College with 10 years experience, will teach in Van Raalte School.

Mrs. Sally Jo Zuthoff, a 1969 Hope College graduate with a year's experience, will teach in Lincoln School.

Mrs. Marjorie Inman who received degrees from Eastern Michigan University and Michigan State University will teach business education in the high school. She has had seven years experience.

Gardner Wierenga, in charge of curriculum, said with approval of these teachers, the staff is now complete with 301 professional people, 26 of them in administration.

Tom Carey presented a counselor's report for the past year, stating counselors had visited five colleges or business schools and found freshman students pleased with their academic preparation. They again were unanimous, he said, in feeling that the block system was of greatest importance in adjusting to college environment.

His report also listed average grades for Holland High college freshmen after the first semester. He said first semester grades usually are a full grade lower than the high school averages. In six colleges, grades dipped slightly and in two cases were even higher than in high school. Michigan State University informed counselors that nine HHS graduates have a 3.5 grade average or better.

The high school dropout rate increased about 1 per cent from 1969 to 1970. Of the 61 students who quit, 31 were for lack of interest, 10 suspended, 12 for marriage, three in detention homes, and six entering the service. But 16 reenrolled this year, Carey said.

He spoke of greater emphasis on Spanish-American opportunity meetings, the Upward Bound program to prepare students from low-income families to attend college, the growing concern with drug abuse. He also said for a third year counselors toured various local industries in an attempt to keep informed of skills and education necessary for various occupations. He also spoke of a highly successful senior-parent informational meeting with 180 parents attending. He said plans call for a special meeting for Spanish-American parents in the fall.

A communication from Donnelly Mirrors expressed appreciation for the efforts of John Dyksterhouse in assisting in apprenticeship programs with adult education classes.

Attention was called to a meeting of school boards in Ottawa county Oct. 5, arranged by the Ottawa Area Intermediate School District to be held at Holiday Inn in Muskegon. After the meeting, board members will visit the data processing center nearby.

The buildings and grounds committee reported mobile units on West 15th St. between the two schools are awaiting final inspection, and said a new bus has been placed in operation.

Speaking for President James O. Lamb who was absent, Charles Bradford said the board has prepared a complete proposal for the Holland Education Association on negotiating its 1970-71 teaching contract, and he expected the measure would be considered at a meeting of the

Passion Play Coming To Holland in October

The English spoken version of the Oberammergau Passion Play is coming to Holland in October.

One of the most famous dramas in the world, the Passion Play will have six performances, three matinees and three in the evening, on Monday, Tuesday and Wednesday, Oct. 12, 13, and 14, sponsored by the Holland Rotary Club.

The 2 1/2-hour production features Val Balfour as the Christus in a drama which opens with the Sermon on the Mount and goes through the Last Supper, the Agony in the Garden, the trials before King Herod and Pontius Pilate, the Crucifixion and the Resurrection.

It was 350 years ago that Bavaria was plagued with an epidemic of the Black Death, following the 30-year war, and the village of Oberammergau, a tiny hamlet in the Bavarian Alps, placed a strict quarantine hoping to escape this disaster. One man broke through and carried the dread disease which took the lives of many people there.

A vow was made with God that if they would be delivered from this pestilence, they would periodically render a Passion Play. That vow has been kept, and the Passion Play has been presented every 10 years with the exception of two great World Wars.

First performed in 1634, the present text was written from the years 1810 to 1815 by one Peter Ottmar Weiss, and the final revision was made by the Good Angel of the Village, Father Alois Daisenberger.

The Passion Play has toured the United States and Canada and has been acclaimed by press, educators and clergy of all denominations.
