### CITY AND VICINITY.

E. Frodin of Jenison park has returned to his home in Chicago after a successful season.

Louis Van Appledorn has purchased of John Weersing a lot on College avenue for \$300.

The Rev. N. F. Jenkins the pastor who will take charge of the M. E. church arrived here this week.

Isaac Kouw has moved into his office corner River and Eighth streets, where he will handle real estate and insurance.

M Van Patten, the real estate agent, has become the local agent for the Twin Lake Land and Water company of Colorado.

The Rev. H. M. Bruins of the Presbyterian church, Albert Lea, Minn., has accepted the call extended him by the Reformed church of Milwaukee, Wis.

Walter Dunkwater appeared in Justice McBride's court on the charge of being drunk Saturday. He pleaded guilty and paid a fine and costs amounting to \$16.

O. J. Claus, while working behind a big peeler at C. L. King's had his right foot sprained by being caught in a belt which had to be cut to release the foot.

The Ottawa county teachers' examinations will be held at the court house in Grand Haven October 17 and 18. Only second and third certificates will be issued.

Alle D. Zuidema, who is one of Holland's best known musicians, has taken a position on the faculty of the Detroit Conservatory of Music. Mr. Zuidema graduated from the Conservatory last June.

Lugers and Miles have sold for Mrs. H. Van Dyke on West Sixteenth street, her home, to Jete Mulder of Danforth, Ill., for \$3,300. The new owner will occupy the home in a short time.

Col. Cornelius Gardner, who has been stationed in the Philippine Islands has returned to this country and will now be stationed at Fort Crook, Neb. Col. Gardner is a graduate of Hope college and is well known here.

Notwithstanding the bad weather, the Allegan county fair society will pay all obligations in full, including premiums. This is a very satisfactory condition, and the officers are to be heartily congratulated. Their efforts to pay in full are worthy commendation when it is known that about \$400 was spent in permanent repairs on the grounds this year—for new wire fence, the platform in front of the grand stand, etc.,—which must come from the proceeds of this fair.—Allegan News.

### Gertrude Habing, Gertrude Boot, Hattie Arendson, Minnie Kerriness, Kate Steketee and Ella Van Putten, all of this city, will form the Holland contingent at the Ypsilanti Normal school this year. Holland has always had a good representation at the school and this year will prove no exception.

A large number of Holland people are attending the performances of "Sis Hopkins" at the Majestic this week. The quaint philosophy of this pastoral play has attracted the public of Holland as well as of other cities. There is a charm about "Sis Hopkins" which more pretentious plays lack, and which draws the crowd each year that it appears at the Majestic.

Mr. John VanDiest, who has secured the position as land agent for the Manhattan company of Montana, is in the city looking after the interests of the company. Mr. VanDiest will leave soon for a personal visit to Montana. An excursion has been arranged to Montana to leave Chicago October 17. In the absence of Mr. VanDiest information in regard to everything connected with the trip can be obtained at Albert Hidding's store on corner of River and Seventh street.

Efforts are on foot looking to the organization of a Holland-American Aid society in the city. Leading men are endorsing this movement and working men generally expect to join the new order. A constitution from a similar organization in Grand Rapids is being pursued and the Society will have a large initial membership.

Work is now progressing on the steamer Naomi in the yards at Manitowoc. It is estimated that the new boat when completed will have cost nearly two hundred thousand dollars. The boat will be lengthened and the entire work of rebuilding will be of steel. With the Naomi complete the Crosby line will have two fine boats for the Nyack only recently cost the line \$60,000 for a rebuild.

"Slick" Van Oort who has figured in several sensational cases was arrested Saturday on a charge of larceny from Tony Kieft and was bound over to the circuit court for trial. Tony Kieft recently befriended Van Oort with a small sum of money. While the two were in Blom's saloon "Slick" touched Kieft for about \$17. The deed was witnessed by a bystander and Chief Kamferbeek was notified and his arrest followed. He is held in default of \$5.00 bail.

H. G. Welch, deputy state inspector of orchards and nurseries, has procured samples of the live larvee and the fly that lays the eggs that are destroying our maple trees, what we call Ring Borers. He has sent these samples to Washington in order to get a report and we hope that our citizens will derive benefit from said report. As soon as he gets his reports he will publish it in the News.

Navigation of the Kalamazoo River continues to increase in popularity. Last week, H. B. Bartlett and M. A. Nelson launched the craft they have been rebuilding from the old Oregon, famous locally a few years ago. They have a new two-horsepower engine and can travel swiftly and safely on the bosom of the mighty river. S. P. Hudson and Harry Sacreiter also have the navigation fever and have bought a substantial craft of a gentleman living down the river. It is expected they will soon join the numerous pleasure fleet.

The old time Grand Haven schooner, Mary Ellen Cook has been sold by Milwaukee parties to Claus Weberg of Marinette. The consideration is given at \$1500. The Cook years ago was a Grand Haven lumber carrier. She was named after a well known Spring Lake girl. The schooner gained a reputation years ago. In a great gale in the eighties the Cook, light, was attempting to leave Chicago. She was abreast of the breakwater when a great sea lifted the schooner upon the pier. She rested there for several minutes when another breaker swept the breakwater and the schooner was carried into the lake on the other side. The boat was not injured in the least and the affair was heralded far and wide in those days. The Cook was built at Grand Haven in 1875. She is 118 feet long and is equipped with the famous Grand Haven rig that made the old time schooners of this port famous.

### In a conversation with a Zeeland merchant this week a remark about the bad weather was made. "Yes," was his reply, "even if you knew nothing about the date of the South Ottawa Fair you could tell by the weather that it was Holland Fair week." The association has often had the misfortune to strike bad weather during its fair week—Zeeland Record.

Deputy Sheriff Frank Salisbury left for Paw Paw today to arrest Arthur Clark, a prisoner in the Van Buren county jail who is wanted here on a larceny charge. It is alleged that Clark stole from Mrs. Goodwin of Holland, a watch, gold ring and about twelve dollars in money. Clark has been serving a thirty day sentence in the jail at Paw Paw and his sentence will expire tomorrow and the Ottawa county officer will take him then. Clark who is a painter by trade has lived and done business in both Holland and Grand Haven.

The Sheriff and county officials at Grand Haven are nonplussed and at sea as to the best method to pursue in the case of Henry Spohr who is in the county jail here. Spohr was arrested some time ago for drunkenness. Since that time his actions have been such that the officers believed that he was suffering with alcoholic insanity and today he was examined. The examining physicians however, were unable to find that the man had any delusions and do not believe that he is insane. Spohr will be held until Oct. 6 at which time some action will be taken.

Chief Kamferbeek was today notified by the Kalamazoo authorities that Mrs. Jennie Smith had escaped from the asylum and all efforts to locate her have been futile. Mrs. Smith was sent to the asylum last spring. Prior to her removal she created a sensation by trying to commit suicide in throwing her self head foremost down a flight of stairs in her home while in the custody of an officer. Mrs. Smith was first arrested on the charge of arson, at seven different times having attempted to burn her home in order to collect the insurance. Her trial was sensational and resulted in dismissal, but finally she was declared insane and sent to Kalamazoo.

Arend J. Neerken, who has lived in Graafschap for more than half a century, was surprised Friday by the consistory and their wives of the Reformed church on the occasion of his ninetieth birthday anniversary. The guests gave him a Morris chair and his wife a rocker. Mr. and Mrs. Neerken are among the pioneers who settled here in 1857, and have been prominently identified with civic and religious work in Graafschap. Mr. Neerken has held several offices and has served the church as elder for nearly 50 years.

The Hope College basketball team is getting ready for another pennant winning season. Several games have been scheduled and the season will be a busy one. Peter Pleune is captain of the team and A. J. Van Houten manager. The following have reported for practice: Rotschafer, Veenker, J. Vruwink, H. Vruwink, M. Ver Berg, Gebhard Dalenburg, Stegenga, Oggel, Heines, La Van, Oltmans, Muykens, Blekink, Weurding, Huisinkvelt, Schulding.

Francis Quigree, a member of the Cherokee Indian baseball team which was scheduled to play two games with the Holland Interurbans Friday, dropped a pocketbook containing \$73.80 in Japinga's saloon and William Verhey, a mason picked it up and pocketed it. When the Indian missed the money he was told by an eye witness who had it and the matter was reported to Chief Kamferbeek. Verhey denied having the purse, but when told that arrest stared him in the face he returned it to police headquarters and admitted his guilt.

Eight members of the crew of the United States dredging steamer General Gillespie arrived in Grand Haven Friday from Saugatuck where they had quit that boat claiming that the food they were receiving was not sufficient for their needs and that in other ways they were not being used as they thought proper. The men who quit were coal passers and firemen. They were Mountford Foster, Henry Cooper, Robert Selier, William Surratt, Charles Stoneberg, George Tupper John Lyons, Wilford. They have considerable of a grievance and say they will inform Col. Adams.

### ATTENTION.

Richard H. Post has started another of his famous lot sales. He calls this the "On the Hill" sale and it starts today. On page 7 in this paper his full page advertisement will be found giving full particulars about the sale. It is one of those popular lot sales in which every working man gets a chance to gradually get a piece of property that can form the nucleus for a home. Sales like these have done much in booming the real estate business of Holland and a city whose real estate business is flourishing is sure to come to the front.

Next Saturday the High School football team will meet the Grand Haven High School team at the Nineteenth street grounds. The local boys have been strengthened considerably lately and are confident of winning.

The Holland Daily Times launched a few weeks ago by R. H. Post and A. M. Galentine, has discontinued publication and has been absorbed by the Holland Sentinel Publishing company. The Ottawa County Times which was published as a weekly for 15 years, has also been discontinued. The reason ascribed for the consolidation of the two dailies is that the city is too small to support two evening publications.

Sheriff Wood took Harry Spohr to the asylum at Kalamazoo Monday. The officials were at sea in regard to the sanity of this man, but this morning at 5:30 the sheriff called up the doctors and requested them to come over and see the man. At that time he was engaged in trying to clean up the jail. He had the whole place flooded with water, and the doctors immediately decided that it was Kalamazoo for Spohr.

The boats of the Grand River line, the Grand and the Rapids and the other property of the company, are announced to be sold under chattel mortgage at Grand Rapids on Oct. 7. The boat line is now in charge of an attorney who represents the creditors of the line. The men who are represented by Mr. Heald advanced \$20,000 to the boat company this year and the company gave them a chattel mortgage. Nothing has been paid and the proceedings were begun, papers being filed in the circuit court at Grand Haven, Mr. Heald becoming trustee under the mortgage. The men who advanced the money are mostly directors in the company. It is said that while navigation was possible this season that the line did a big business and carried over seven million pounds of freight. It is expected that all the obligations of the company will be provided for in full. It is pretty generally conceded now, however that the days of river navigation on Grand River are over for a number of years at least. John Holcomb of this city is traffic manager for the company.

The Eagle Tanning Co. at Grand Haven is now preparing to install at its great fourth ward part one of the finest and most modern electric equipments to be found in a Michigan factory. Most of the outfit is now here and the work of installing same will be commenced Wednesday. Contractor Wm. H. Mead of this city has the contract for the installation of the equipment. The plant has been equipped with a three hundred horse power engine and a two hundred K. W. generator. Induction motors of from fifteen to fifty horse power will also be installed. The work of putting up this system, installing the switch board and getting the plant ready to operate will take more than two months. The Eagle Tanning Co. is making all preparation possible to locate in Grand Haven one of the greatest and best equipped tanning plants in the middle west. Everything that the company is doing here in the way of improvements is on a large scale and there is now no reason to believe that the work of enlarging plant will be delayed. The plans for the new brick buildings to constitute the main tannery have been out for some time and work of construction will be commenced just as soon as the frost is out of the ground in the spring.

## CORRESPONDENCE

**Zeeland.**  
Gerrit Veneklassen was in Grand Rapids this week.

Mrs. A. DeKruif was in Grand Rapids Wednesday afternoon.

Mr. and Mrs. John Brower left for Grand Rapids Wednesday.

A number of Zeeland people saw "George Washington, Jr." at Powers' theatre Wednesday night.

James DePree was in Grand Rapids on business Wednesday afternoon.

William Poost the real estate dealer was in Holland Wednesday afternoon.

Miss Lulu De Kruif is visiting her sister, Mrs. H. F. Underhill, at Grand Rapids.

Gerrit Wissing and H. Hoffman have contracted to do the excavation and hauling away of the sand for B. Berghorst's new building.

Gerrit and John Veneklassen were among those who attended the funeral of H. Weurding, who was killed at Forest Grove by an inter-urban car.

Miss Jennie Rigterink, who has spent part of her vacation with Dr. and Mrs. Rigterink, returned to Lansing to resume her studies at the Agricultural college.

A. DeKruif drove down to the fair grounds Wednesday afternoon. He tried to enter his horse in the farmers' race, but come to find out there was no class fast enough for his big pacer.

After the services at the Second Reformed church Sunday evening a reception will be given for the Rev. and Mrs. Henry De Pree to give their many friends an opportunity to bid them goodbye.

Henry Weurding, who was killed Wednesday afternoon at Forest Grove, was buried Saturday afternoon. The funeral services were held at the home of Van Ommen at Gregory Crossing at 12 o'clock, and 1 o'clock at the church.

The basketball team will start their winter training this week. With Vegter, the star center, back in the game, Zeeland will be as strong as it was two years ago.

## East Holland.

Mrs. Rusker from Kalamazoo has been the guest of Mr. and Mrs. Terpstra the past week.

Mr. and Mrs. Jake Weersing of Grand Rapids spent Sunday with Mr. and Mrs. H. Terpstra.

Miss Lyda Hartigh left for Holland Tuesday. She has been working for Mr. Prins the last year and a half.

The first meeting of our singing school will be held Thursday evening. This will be merely a business meeting.

Our Bible class, for the young people, has commenced again. Rev. Homan from Nykerk is again the instructor.

Cornelius Herdis is at present working for his brother-in-law, Mr. Walter Veerink. He will soon leave for Borculo.

Quite a few people from here attended the Holland Fair last week. Thursday the school was closed so as to give all the children a chance to attend.

A public auction will be held Oct. 8 at Mrs. Huisjen's place. They intend to leave for Holland the same week where her oldest son, Fred, will attend the Business College.

The Misses Lyda Hartigh, Allie Nykamp, Clara Nykamp, Hattie Masselink and the Messrs. Simon Sluyter, Peter Prins and George Haan spent Saturday evening with Mr. and Mrs. Baron.

## Allendale

The L. O. T. M. M. are invited to hold their next meeting Oct. 2 at the home of Mrs. Kishman of Tallmadge.

Geo. Thompson of Grand Rapids who was seriously ill of pneumonia is on a fair way to recovery.

Mr. Vonk, the enterprising merchant of Pearlina is building a fine barn.

The Cong'l Church will hold communion services next Sunday at regular hour.

Chas. T. Bachman who was confined to his home last week on account of illness is able to be out again.

## Borculo.

Born to Mr. and Mrs. Albert Overweg; a son.

Miss Johanna Overweg becomes the bride of Bert Habers, on Wednesday the 25th.

Our schools have an attendance of 125 pupils. This taxes the seating capacity to the limit, and is in itself the most eloquent plea that can be made for a larger and more modern building.

## Gibson.

G. M. Gillet is about to leave for Oregon to live. His brother is there and has secured 320 acres of good timberland by homesteading and taking a tree claim and he figures on doing the same.

## Saugatuck.

Richard Roda and Fred Davis had a narrow escape with their lives Monday night during the hard wind storm which blew over one of the maple trees that stood in front of the former's store. The tree came down without warning but a guy wire to a telephone pole saved them from being hurt.

We are pleased to report the success of Judge Whitney, son-in-law of W. P. Sutton. He was made a district judge in the Hawaii Islands only a short time ago and now he has been appointed as first Deputy Judge with an increased salary so that his pay is now \$250 a month. He has also appointed E. White Sutton to a position in his court that if worth \$200 a month. Our friend White probably now thinks of Saugatuck what George Ade thinks of Indiana, "It's a good place to come from."

The 10:30 car out of Saugatuck Monday night struck and killed Hugh Haub's cow valued at \$75. All four of the animals legs were broken and her horns knocked off. Considerable damage was also done to the track and the car was knocked from the rails showing that the battle was not all one sided.

## Drenthe.

One of the largest weddings ever witnessed here was solemnized last Wednesday, when Alice, oldest daughter of Mr. and Mrs. R. Wiggers was united in marriage to Marinus L. De Kliene.

The bridal couple led by Rev. Van Vessem, who performed the ceremony, marched to an arch of flowers while the wedding march was played by Miss Jean Van Dam. After the ceremony a supper was served on the lawn to the two hundred guests who were present.

Many beautiful and costly presents were received. The bride wore a dress of white batiste and carried no flowers. The bride is one of the most popular young ladies here and the groom one of our progressive young farmers. They will live on the Wiggers homestead as Mr. Ann Mrs. Wiggers and family have moved to Holland.

Friday evening a reception was given the young people. There were three hundred present. Music was furnished both Wednesday and Friday by the Drenthe Orchestra, and Dr. H. J. Poppen's family orchestra. Guests from out of town were: Prof. J. A. Wiggers, Montague; Mr. and Mrs. Albert Poppen, Sioux Center; Mr. and Mrs. Henry De Kliene, Albert and Fred Zagerod, Nicholas De DeKline, James-town Center; Dr. and Dr. H. J. Poppen, Mr. and Mrs. J. Mulder, Holland; Miss Josephine and Lena Pomp, Anna Spryker, Grand Rapids. The best wishes of the community follow the couple.

The Misses Susie and Henrietta Hunderman have been calling on relatives the last two weeks.

Many of our young people have left for their various schools to resume their studies. Theodore De Vries, Bert Roelofs, Ann Arbor, Miss Alyda Van Vessem and Bert Van Hattena to Grand Rapids; Miss Anna Kamps and Dick A. Roelofs, Zeeland; Miss Margaret De Vries, George DeVries, Anthony Verhulst, Henry Moes, Bert D. Roelofs, Edward Hunderman and Jacob Wiggers, to Holland to enter Hope College.

## His Dear Old Mother.

"My dear old mother, who is now eighty three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by Walsh Drug Co., Druggists, Soc.

## Rooms for Students.

Parties desiring to rent rooms to students will please notify Prof. A. Raap, 20 E. 24th street. State number of rooms, whether furnished or unfurnished, whether heat or light is included and the price.

1906-4 cly. Touring Car, seats five, full equipment, top, lamps, speedometer, searchlight. Want summer cottage or good lot.

Inquire News.

## Make This According To The Direction.

What will appear very interesting to many people here is the article taken from a New York daily paper giving a simple prescription, as formulated by a noted authority, who claims that he has found a positive remedy to cure almost any case of backache or kidney or bladder derangements, in the following simple prescription, if taken before the stage of Bright's disease:

Fluid extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in tea spoonful doses after each meal and again at bedtime.

A well known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic affections with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

The pain in Ma's head has gone, She's as happy as can be. Her health is right, her temper bright,

Since taking Hollister's Rocky Mountain Tea at night. Haan Bros.

## Hard Times in Kansas.

The old days of grasshoppers and drought are almost forgotten in the prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold remedy and throat healer ever discovered. Guaranteed by Walsh Drug Co.'s drug store 50c and \$1. Trial bottle free.

## DOWNWARD COURSE.

Fast Being Realized By Holland People.

A little backache at first. Daily increasing till the back is lame and weak. Urinary disorder quickly follows; Diabetes and finally Bright's disease.

This is the downward course of kidney ills. Don't take this course. Follow the advice of a Holland citizen.

Mrs. W. Lawrence, of 258 Van Raalte Ave., Holland, Mich., says: "I can conscientiously say that Doan's Kidney Pills have proved to be the best remedy, giving the most satisfactory results of anything that has ever been tried in our family. My brother suffered quite a little from backache brought on by hard work. He gradually grew worse, had dull heavy pains across the loins and kidneys and was very weak. He read a great deal about Doan's Kidney Pills and decided to try them, himself, procuring a box at George Lag's store. He received very great relief after using them only a short time. He continued taking them carefully and as a result received a positive cure. Others have used Doan's Kidney Pills in our family and the results have been just as satisfactory. We recommend them very highly.

For sale by all Dealers Price 50 cents. Foster Milburn Co., New York, Sole Agents for the United States.

Remember the name Doan's and take no other.

Accidents will happen, but the best regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and helps the hurts.

If taken patiently and persistently will relieve the most obstinate cases of indigestion, constipation, bad blood, bad liver no matter how long standing. That's what Hollister's Rocky Mountain Tea will do. 35 cents, Tea or Tablets. Haan Bros.

A healthy man is a king in his own right; an unhealthy man an unhappy slave. Burdock Blood Bitters builds up sound health—keeps you well.

## VALUABLE INFORMATION

Something Every Person in Holland Should Know.

Nearly three hundred years have passed since the medicinal, curative elements known to exist in the cod's liver were first discovered and recognized by physicians as a specific in the treatment of pulmonary and wasting diseases, and as a body builder and strength creator; but how to extract those medicinal elements from the oil in which they were enveloped, has been the stult of the most expert chemists in the world.

Now, the process discovered by two eminent French chemists, Morgues and Gautier, should interest every person in Holland. By an extractive concentrating process they discovered a way to separate the tonic, blood building and curative elements contained in fish cod's livers from the useless oil. By this process Vinol is made.

Because Vinol contains no oil, but embodies all of the medicinal value of cod liver oil with tonic iron added, it is fast superseding old fashioned cod liver oil and emulsions. As a body builder and strength creator for old people, weak women, delicate children, after sickness, and for all pulmonary troubles, nothing has ever been known to excel Vinol. We ask Holland people to try Vinol on our offer to return their money if it does not give satisfaction. R. M. DePree and Co. Druggists, Holland, Mich.

## Real Estate Transfers.

## Out Of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Backlen's Arnica Salve. Its out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by Walsh Drug Co., Druggist, 25c.

## HE ATE IT, AFTER ALL.

Grouchy Bridegroom Got Away with  
Despised Lamb Stew.

"What! Lamb stew for dinner?" hissed the bridegroom, looking aghast at the large platterful which the bride had proudly set before him. "I always hated it!"

The bride knew that the stew was good, for she could cook, having learned of her mother and never having been inside the doors of a cooking school. But she said nothing; she had seen her mother manage her father.

The next day the bride considered the stew problem.

"I cannot afford to give it to charity," she murmured (meaning the garbage pail, which covers a multitude of the cook's sins), "so now I'll put to use my college education." She knew that things could be separated into their component parts; she also knew all about the doctrine of reclamation.

When the bridegroom sat down to dinner that evening a happy smile overspread his face as he tasted the renovated soup, made from stew gravy, the rescued fried potatoes, the rejuvenated carrots and the converted curried lamb.

"Now, this is something like!" he exclaimed.

The bride smiled.

## IN THE CHILDISH MIND.

Little Girl's Answer Left Questioner  
Still Wondering.

Several little tots in Sunday regalia were having the time of their life with a skipping rope made from a pair of worsted horse lines. One little belle of the future was jumping energetically, but being an amateur her small feet always came down the wrong time. The lines would invariably catch in her hat much to the little lady's disgust and the general disfigurement of silky flowers and finely woven straw.

At several repetitions of this an on-looker went to her assistance. After a second's grave consideration she agreed that it would be better for the hat if it were allowed to rest on the stoop. Her companions caught the idea at once. With shrieks of laughter an avalanche of sweet flushed childhood bore down upon the custodian of the millinery.

Two hats were identical in every particular, and when the owners came to claim these, they, too, were duplicates.

"You are twins, aren't you?" exclaimed the woman. Whereupon one of the dainty bundles of scented linen disdainfully replied: "No, ma'am, we're oris."

## NOW THE PORCELAIN HOUSE.

New Invention May Make It a Building Material—Advantages.

The use of porcelain has long been known in China, but is now likely to make its appearance in western countries, and we are assured that the porcelain house is one of the possibilities of the near future. It is made practicable by the invention of a method of making large sheets of porcelain about an inch thick, which has the strength without the bulk of an ordinary brick built wall. Among its advantages is rapidity in building. With sheets of porcelain a good sized house can be constructed in a few days. It is damp proof, too, and is, of course, kept clean at the cost of very little labor. Colored glazes take the place of wallpaper, and pictures can be painted instead of being hung on the walls. Again, it is easily portable. A porcelain house can be taken down when the owner desires to move and re-erected on another site. When it comes, these advantages, combined with its cheapness, are bound to make it popular.—Montreal Standard.

## EIGHT DIE IN TRAIN WRECK

BALTIMORE &amp; OHIO PASSENGER RUNS INTO A FREIGHT.

Several Persons Fatally Injured—Musical Director of Carle's Opera Company Loses Right Arm.

Bellaire, O., Sept. 30.—Eight men were killed and a score injured, four fatally, when the Chicago & Wheeling express on the Baltimore & Ohio railroad crashed into a freight train at a siding near here Saturday.

Failure of an operator to throw the switch and give a clear track to the express train, which was speeding to make up three hours' lost time, is said to have been the cause of the accident.

The dead are: Carl Bererian, Milwaukee; I. N. Galbraith, engineer, Newark, N. J.; Michael Heinze, Wheeling, W. Va.; H. A. Lipscomb, engineer, Newark, N. J.; F. E. Motz, conductor, Newark, N. J.; F. L. Rose, Cleveland, O.; Harry Seitz, Massillon, O.; William Shaw, Wheeling, W. Va.

The fatally injured: E. J. Blubaugh, mail clerk, Newark, N. J.; Ben Daley, Pittsburgh, Pa.; W. C. Doan, mail clerk, Newark, N. J.; D. E. Kneer, mail clerk, Newark, N. J.

Among the passengers on the express were the members of Richard Carle's "Spring Chicken" Comic Opera company. All of them, with the exception of Alfred Dalby, the musical director, escaped serious injury, however. It was found necessary to amputate Mr. Dalby's right arm, thus ending his musical career.

Several other members of the company, including Mr. Carle himself, had narrow escapes from serious injuries. They owe their escape to the fact that their private car was last on the train.

Engineer H. A. Lipscomb underwent a heroic surgical operation to save his life. Caught beneath his engine, it was impossible to remove the broken iron from his body. Escaping steam across his face made it impossible to administer any anesthetic and the physicians amputated his leg as he lay there conscious. The effort was in vain, however, as Lipscomb died later.

## SIX HUNDRED DEAD IN JAPAN.

Terrible Disaster Due to Overflow of River Near Kyoto.

Victoria, B. C., Sept. 28.—Advices of a terrible disaster due to great floods prevailing in Japan have been received.

The overflow of the river Otonashigawa, running through the town of Fukuchiyama, near Kyoto, caused the loss of more than 600 lives in the river, which rose more than 50 feet.

The barracks of the Twentieth regiment and the Tenth engineers' battalion, situated on the heights near the town, escaped damage when the town was overwhelmed and the troops were hurried out to render what assistance could be given to the survivors and to rescue drowning people. The population of the town was over 12,000. Hurriedly 50 or more sailing junks were served and despatched to the scene, soldiers manning the junks and saving many persons. The police have recovered 600 bodies and others are believed to have been lost. Gen. Kuroki and Gov. Omori, of Kyotofue, were in the city, the former being engaged in inspecting the troops, and are said to have narrowly escaped drowning.

## JAPANESE PIRATES IN ALASKA.

Looting of Village on Litak Bay Is Reported.

Seattle, Wash., Sept. 30.—A report was made to United States Consul Smith, of Vancouver, Saturday by Capt. Munro, of the schooner Casco, of the pirating of the Alaskan village on Litak bay on Southwest Kodiak island, by the crew of a Japanese sailing schooner operating in Behring sea this season. The Casco called at Litak by for water, and the Russian priests asked Capt. Munro to inform the United States authorities of the outrage. The Japanese landed from the schooner and broke open the houses and looted right and left. All manner of things were dragged from the houses.

Another report was received that the Japanese sealers had landed on Shelikoff island and killed cattle running on ranges there.

## SAYS HIS TRIAL IS UNFAIR.

Rev. W. P. Ferguson Resigns from the Nebraska Methodist Conference.

Lincoln, Neb., Sept. 28.—Rev. Wilbert P. Ferguson of University place Friday resigned from the state Methodist conference rather than proceed with the church trial in which he was being tried for unbecoming conduct with Mrs. E. A. Cross, a member of his congregation. His counsel declared the withdrawal took place because of the prejudiced rulings of Rev. J. T. Roberts, the minister presiding at the trial. Mr. Ferguson's counsel asserted that the ruling preventing depositions in favor of Mr. Ferguson or reflecting on Mrs. Cross was highly unfair.

## Former Archduke to Wed Humble Girl.

Vienna, Sept. 30.—Herr Woelfling, formerly Archduke Leopold Salvatore of Austria, is engaged to marry Maria Ritter, the daughter of a humble Silesian. Herr Woelfling has telegraphed confirmation of this fact from Zurich. He adds in the dispatch that he tried to dissuade his sister, Countess Montignoso, from marrying Enrico Toselli, the singer, on account of the disparity in their ages.

## ROOSEVELT IN PLEA FOR HOME MAKERS

MAKES NOTABLE SPEECH AT KEOKUK ON BEGINNING MISSISSIPPI RIVER TRIP.

PRAISE FOR OWNER OF MEDIUM SIZED FARM

President Favors Revision of School and Land Laws—Would Prevent Speculation and Gobbling Up of Vast Areas by Rich Men.

Keokuk, Iowa, Oct. 2.—President Roosevelt delivered a notable address here Monday to an immense crowd. This is the starting point for his trip down the Mississippi river, which began after the speechmaking was over, amid the tumultuous cheers of thousands.

The president discussed the policy of the government to corporations, reiterating his determination to enforce the law against wrongdoers, rich and poor alike. He pleaded for rigid land laws in the interest of genuine home makers on the farms, as against land speculators. He also urged the importance of deep waterways for commerce.

## Cheered Along the Route.

From 6 o'clock in the morning, when the president was awakened at the small Illinois town of Meredosia by the strains of a village band, he was seldom out of hearing of a cheer of some kind, for the country people as well as the villagers lined the roadway and all were in a demonstrative mood. The president did not, however, respond to any of the many calls for an informal speech, and thus allowed the forenoon run, which ended here on schedule time, to proceed without noteworthy incident. Secretary Loeb left the party here and started for Wyoming for a month's hunt. The president passed the early morning reading, and when he stepped off the train here he appeared in the highest spirits. This was reflected when he made his address.

In his speech, President Roosevelt said:

"Men and Women of Iowa: I am glad indeed to see you and to speak to you in this thriving city of your great and prosperous state. I believe with all my heart in the people of Iowa, for I think that you are good, typical Americans and that among you there has been developed to a very high degree that body of characteristics which we like to regard as distinctly American."

"During the last few years we of the United States have been forced to consider very seriously certain economic problems. We have made a beginning in the attempt to deal with the relations of the national government—that is, with the relations of the people of the country—to the huge and wealthy corporations, controlled for the most part by a few very rich men, which are engaged in interstate business—especially the great railway corporations. You know my views on this matter. You know that I believe that the national government, in the interests of the people, should assume much the same supervision and control over the management of the interstate common carriers that it now exercises over the national banks. You know furthermore that I believe that this supervision and control should be exercised in a spirit of rigid fairness toward the corporations, exacting justice from them on behalf of the people, but giving them justice in return."

"At different intervals during the last few months the appeal has been made to me not to enforce the law against certain wrongdoers of great wealth because to do so would interfere with the business prosperity of the country. Under the effects of that kind of fright, which when sufficient acute we call panic, this appeal has been made to me even by men who ordinarily behave as decent citizens. One newspaper which has itself strongly advanced this view gave prominence to the statement of a certain man of great wealth to the effect that the so-called financial weakness was due entirely to the admitted intention of President Roosevelt to punish the large moneyed interests which had transgressed the laws."

"We need good laws and we need above all things the hearty aid of good citizens in supporting and enforcing the laws. You here are the sons and daughters of the pioneers. I preach to you no life of ease. I preach to you the life of effort, the life that finds its highest satisfaction in doing well some work that is well worth doing."

"Can't Have Too Many Highways. "Since I have been president I have traveled in every state in this union, but my traveling has been almost entirely on railroads, save now and then by wagon or on horseback. Now I have the chance to try traveling by river; to go down the greatest of our rivers, the father of waters. A good many years ago when I lived in the northwest I traveled occasionally on the upper Missouri and its tributaries; but then we went in a flatboat and did our own rowing and paddling and poling. Now I am to try a steamboat. I am a great believer in our railway system, and the fact that I am very firm in my belief as to the necessity of the government exercising a proper supervision and control over the railroads does not in the least interfere with the other fact that I greatly

admire the large majority of the men in all positions, from the top to the bottom, who build and run them. Yet, while, of course, I am anxious to see these men, and therefore the corporations they represent or serve, achieve the fullest measure of legitimate prosperity, nevertheless as this country grows I feel that we cannot have too many highroads, and that in addition to the iron highroads of our railway system we should also utilize the great river highways which have been given us by nature. From a variety of causes these highways have in many parts of the country been almost abandoned. This is not healthy. Our people, and especially the representatives of the people in the national congress, should give their most careful attention to this subject. We should be prepared to put the nation collectively back of the movement to improve them for the nation's use."

"Great Rivers National Assets. "Our knowledge at this time is not such as to permit me to go into details or to say definitely just what the nation should do; but most assuredly our great navigable rivers are national assets just as much as our great seacoast harbors."

"Good Word for Farm Life. "Nothing is more important to this country than the perpetuation of our system of medium-sized farms worked by their owners. We do not want to see our farmers sink to the condition of peasants of the old world, barely able to live on their small holdings, nor do we want to see their places taken by wealthy men owning enormous estates which they work purely by tenants and hired servants."

"Exactly as it is for the interest of all the country that our great harbors should be fitted to receive in safety the largest vessels of the merchant fleets of the world, so by deepening and otherwise our rivers should be fitted to bear their part in the movement of our merchandise; and this is especially true of the Mississippi and its tributaries, which drain the immense and prosperous region which makes in very fact the heart of our nation; the basin of the great lakes being already united with the basin of the Mississippi, and both regions being identical in their products and interests. Waterways are peculiarly fitted for the transportation of bulky commodities which come from the soil or under the soil, and no other part of our country is as fruitful as is this in such commodities."

"From the standpoint of the nation as a whole it is pre-eminently desirable to keep as one of our chief American types the farmer, the farm home maker, of the medium-sized farm. This type of farm home is one of our strongest political and social bulwarks."

"Such a farm worked by the owner has proved by experience the best place in which to breed vigorous leaders alike for country and city. It is a matter of prime economic and civic importance to encourage this type of home-owning farmer."

"Schools Should Aid Farmers. "Therefore, we should strive in every way to aid in the education of the farmer for the farm, and should shape our school system with this end in view; and so vitally important is this that, in my opinion, the federal government should cooperate with the state governments to secure the needed change and improvement in our schools. But the colleges cannot reach the masses, and it is essential that the masses should be reached. Such agricultural high schools as those in Minnesota and Nebraska for farm boys and girls, such technical high schools as are to be found, for instance, in both St. Louis and Washington, have by their success shown that it is entirely feasible to carry in practical fashion the fundamentals of industrial training into the realms of our secondary schools."

"Changes Needed in Land Laws. "The states of the high plains and of the mountains have a peculiar claim upon me, because for a number of years I lived and worked in them, and I have that intimate knowledge of their people that comes under such conditions. In those states there is need of a modification of the land laws that have worked so well in the well-watered fertile regions to the eastward, such as those in which you here dwell."

"The one object in all our land laws should be always to favor the actual settler, the actual home maker, who comes to dwell on the land and there to bring up his children to inherit it after him."

"Home Maker Should Be Preferred. "The government should part with its title to the land only to the actual home maker—not to the profit maker, who does not care to make a home. The land should be sold outright only in quantities sufficient for decent homes—not in huge areas to be held for speculative purposes or used as ranches, where those who do the actual work are merely tenants or hired hands."

"No temporary prosperity of any class of men could in the slightest degree atone for failure on our part to shape the laws so that they may work for the permanent good of the home maker."

"It is Keokuk's Greatest Day. Keokuk, Ia., Oct. 2.—The president arrived here at 9:10 a. m. Tuesday and was met at the station by the governors of Iowa, Florida, Louisiana, Minnesota, Nebraska, both Dakotas, Oregon, Wyoming and Illinois. Three companies of militia were there."

The early morning was fair, but it began to sprinkle shortly after the presidential party started in carriages to Rand park, where the speeches were delivered."

## Society and x x Personal.

Mr. and Mrs. John Jappinga left Tuesday for Grand Haven to visit the latter's father, who is very ill.

Mr. and Mrs. A. Vegter were the guests of friends in Grand Rapids yesterday.

Mrs. W. Dornbos was a Grand Rapids visitor yesterday.

Mr. and Mrs. L. Fris, who have been spending the week in Chicago, have returned home.

Miss Jennie Van der Houte of Grand Rapids who has been the guest of friends here for a week, has returned home.

Mr. and Mrs. George Farnsworth will leave in a few days for an extended trip through Colorado. Mr. and Mrs. Thomas Tasker will occupy their residence at Montello Park while they are gone.

Wm. Tromp of Atlanta, Ga., is the guest of his brother, M. Tromp.

Miss Laverne Paul has left for an extended trip to Buffalo, N. Y., and other eastern cities.

Mrs. William Olive is visiting friends and relatives in Grand Rapids.

J. B. Mulder and daughter Bernice were Grand Rapids visitors yesterday.

Miss Geneva Mulder left Tuesday night for a visit with relatives and friends in Chicago.

Mrs. Vander Veen has returned from Chicago. She was accompanied home by her mother, Mrs. John Alberti.

The Rev. John J. Banninga returned Friday from a two week's trip to Boston. The Rev. and Mrs. Banninga left Monday for Oberlin, O., where they will become students in the college.

Miss Gertrude Beckman has returned from a from a four month's trip to Lake Placid, N. Y.

Arie Zanting was in Grand Rapids Saturday on business.

### Dole-Peterson.

Yesterday afternoon at 2:30 o'clock the wedding of Winifred May Dole and Oscar Peterson was solemnized by the Rev. F. D. White at the residence of the bride's father James K. Dole, Saultuck, Mich., in the presence of the immediate relatives of the contracting parties.

After congratulations the company adjourned to the dining room where a dainty two course luncheon was served. The bride and groom then took their departure amid a shower of rice and old shoes, for a week's outing in Northern Mich., after which they will make their home in Holland.

The presents received were many and useful, including two showers, a miscellaneous shower given by Mrs. Joseph Zwemer and a kitchen shower given by the Congregational choir at the home of Mrs. John Huff.

They are followed by the best wishes of many friends.

### First Meeting of Woman's Literary Club.

The Women's Literary club held their first meeting of the year Tuesday afternoon at the home of Mrs. A. J. Goodrich, 78 East Ninth street. The meeting was particularly interesting because it was the first meeting of the year, and also because the productions rendered were excellent.

Mrs. Geo. E. Kollen, president of the club, first made a few remarks of welcome, and made all feel comfortable and at home. Then she introduced Dr. G. J. Kollen, who gave a very interesting talk spiced with flashes of keen wit, on "My Impressions of Germany."

Mrs. G. J. Van Duren read a very able paper on "Napoleon in Germany." It was one of the best papers ever read before the club, and gave a clear insight into the character and actions of the "Man of Destiny."

The president announced that the Federation of Women's Clubs will be held at Flint, October 17, 18 and 19. The club chose as delegates to that convention Mrs. L. M. Thurber and Mrs. J. C. Post.

The club is looking forward to a prosperous year, and has a membership of about a hundred.

### STATUE OF PRESIDENT M'KINLEY.

A Bronze masterpiece that is a feature of the monument erected to the martyr president at Canton.

## GREAT CATHEDRAL BEGUN AT CAPITAL

FOUNDATION STONE IS LAID OF EPISCOPAL EDIFICE IN WASHINGTON.

Bishop Satterlee Wields the Trowel—Address is Made by President Roosevelt and the Bishop of London Delivers the Salutation.

Washington, Sept. 30.—Sunday witnessed two events here of general interest to the religious world at large, and especially to the Episcopal church. The first and chief of these events was the laying of the foundation stone of the Cathedral of Saints Peter and Paul at Mount St. Alban, Wisconsin avenue. The other was the great open air service on the same grounds, under the auspices of the international convention of the Brotherhood of St. Andrew, which brought to a close the convention which has been in session here for the past week.

The corner stone laying was under the guidance of the Episcopal church in America. It was a notable occasion, made more so by the presence of the president of the United States, the bishop of London and other distinguished people.

Corner Stone is Laid. After Scripture readings and prayers by the bishops, interspersed with selections by the Marine band, Bishop Satterlee performed the ceremony of laying the foundation stone. The trowel was the one used in laying the foundation stone of the capitol building and the gavel was used by George Washington.

The ceremony of laying the foundation stone completed, Bishop Satterlee introduced President Roosevelt, who spoke as follows:

"I have to say but one word of greeting to you to-day, and to wish you godspeed in the work begun this noon. The salutation is to be delivered by our guest, the bishop of London, who has a right to speak to us, because he has shown in his life that he treats high office as high office should be treated, either in church or state, and above all, in a democracy such as ours, simply as giving a chance to render service. If office is accepted by any man for his own sake and because of the honor it is to confer, he accepts it to his own harm and to the infinite harm of those whom he ought to serve. Its sole value comes in the state, but above all its sole value comes in the church, if it is seized by the man who holds it as giving the chance to do yet more useful work for the people whom he serves."

Bishop of London Speaks. Following the address of the president, the bishop of London delivered the salutation.

Turning towards the president, the bishop thanked him for his presence "amidst all his multitudinous duties." He also expressed his thanks for the "burning words of encouragement and inspiration of the president," which he said, would send him back across the seas inspired for his work. The bishop then referred to the Canterbury ambon, or pulpit, which he brought over as a gift to the cathedral. "I come," he said, "as the successor of St. Augustine's champion, Milotus, to bring you from the old diocese of London, of which you one day were a part, a real message of love and godspeed."

### Actress Found Dead in Bed.

Washington, Sept. 28.—Mrs. Marguerite Bower, the leading lady in the "Broadway After Dark" company, playing at a local theater this week, was found dead in bed at a hotel Friday. The coroner expresses the opinion that death resulted from natural causes, but an investigation is being made to determine the exact cause. Mrs. Bower's husband lives at Mineral City, O., and has been notified.

## ILLINOIS FAIR IS OPENED

POLITICIANS GATHER AT SPRINGFIELD FOR LOVE FEASTS.

Republicans and Democrats Preparing for Next Campaign—May Settle Waterway Legislation.

Springfield, Ill., Oct. 1.—Politicians from all sections of the state are flocking here to attend the annual state fair love feast and political round-up. The Leland hotel in which so many political deals have been hatched is the scene of activity in the heart of the city where the various candidates have headquarters. The Sangamon club on the state fair grounds and within a stone's throw of the big grand stand facing the race-track is the attractive spot for the political chiefs. It is just outside the southern limits of the city.

Democrats as well as Republicans are facing toward the state fair this week to lay fences for the presidential canvass of next year.

Between discussions of political expediency at the state fair and of the lakes to the gulf deep waterway movement at the Memphis convention at the end of the week, it is believed that the fate of Illinois water way legislation will be decided before the general assembly reconvenes in a week.

Gov. Deneen left Monday for Keokuk where he met President Roosevelt and proceeded to Memphis, leaving the political round-up at the state fair to proceed without his immediate surveillance. The governor is said to plan to make the water way question a campaign issue.

Next spring the governor will be at Springfield again, keeping a critical eye on the legislation. His friends expect that so much public sentiment will be stirred up by the president's river trip and his four speeches, and by the governor's speech, that the legislative leaders who are planning to adjourn sine die a few hours after convening will find the subject a little too warm to handle so carelessly. Illinois, they point out, is the keystone of the water way situation. Unless this state takes action to promote the water way through the valley of the Illinois and the Des Plaines there will be little chance that the federal government will appropriate the huge sums needed to complete the work.

### FEDERAL COURTS NEED CURB.

So Think Attorneys General in Convention at St. Louis.

St. Louis, Oct. 1.—A strong desire to do away with the conflict of jurisdiction between state and federal courts, and as one of the phases of that, to restrict the power of federal courts in their dealings with matters pertaining wholly to a state, seemed to be the prevailing sentiment at a convention of attorneys general from 15 states of the union at the Southern hotel Monday.

Most of the trouble was traced to the fourteenth amendment to the constitution. Attorney General R. V. Fletcher of Mississippi said he did not see why it should not be repealed, as it did no good for the negroes for whom it was originally passed, and succeeded only in embarrassing the state courts.

The meeting was called on August 12 by a committee, of which Attorney General Herbert S. Hadley of Missouri was chairman, and Mr. Hadley acted as chairman at the convention. The purpose was announced to be the general discussion of anti-trust laws, railroad rate regulation and state rights, and the papers read bore out that idea.

### Regiment Starts for Philippines.

Leavenworth, Kan., Sept. 30.—The Eighteenth United States Infantry started Sunday afternoon for the Philippines, where they will have station three years. The regiment is commanded by Col. E. F. Davis. The present trip of the regiment is its third in nine years to the islands.

## THE NEWS IN BRIEF.

Grand Duke Frederick of Baden died at Constance of intestinal inflammation.

James E. Tromer, aged 17, of Revere, Mass., was choked to death on grapes that he stole.

Elias Hornbeck, a wealthy New Yorker, was mistaken for a burglar and shot dead in Tacoma, Wash.

Mrs. H. G. Munsell and Mrs. Henry Holmes, both of Springfield, Mass., were killed by a car in Norfolk, Va.

Sir John Charles Bell, ex-sheriff of London and head of a brewery company, was elected lord mayor of London.

Taniemo Hitachiya, champion wrestler of Japan, presented a jeweled Japanese sword to President Roosevelt.

Col. Leopold Markbreit, a prominent German editor, was nominated for mayor of Cincinnati by the Republicans.

John Smith, the centenarian of St. Croix county, and the second settler in northern Wisconsin, is dead at the age of 103.

Joseph Crews, a farmer, shot and mortally wounded Mrs. Sallie Sutherland and then committed suicide at Glasgow, Mo.

Miss May Sipp, 25 years old, was found dead in the back yard of her parents' home in Lorain, Kan., with her throat cut.

Five hundred longshoremen and teamsters went on strike at New Orleans, and the strike is expected to involve 8,000 men along the water front.

Frederick Dahlinger, engineer at the Sharon (Pa.) plant of the American Steel Foundry company, was murdered by being shot in the head with a rifle.

Two mail clerks were injured and two locomotives demolished in a head-on collision near Anaconda, Mo., between a south-bound passenger train and a freight train.

Clayton F. McMichael, secretary of the board of trustees of the University of Pennsylvania, died at a hospital in Philadelphia, following an operation for appendicitis.

One man, an ambulance attendant, was killed and three, including "Bobby" Walther, the American rider, were seriously injured during a race on the Spandau bicycle track at Berlin.

Funeral services for Caroline May Sappa at Moran, Kan., were halted by the authorities, who declared they had "startling information" bearing on the alleged murder of the girl by an unknown assailant.

The De Beers Diamond company, commonly called the trust, and its principal independent competitors, including the Premier company, have formed a pool, according to cable advice received by New York dealers.

A combination has been made between two powerful American-Canadian and British groups of capitalists for the construction and operation of electric lighting, traction and power systems in Mexico, which will represent an initial investment of fully \$15,000,000.

## SUES PLATT FOR DIVORCE.

Miss Catherine Wood Takes New Tack in Her Litigation.

New York, Oct. 1.—Mae Catherine Wood, the former government clerk who has been suing United States Senator Thomas C. Platt for several years, Monday brought action in the supreme court for absolute divorce from the senator, alleging that she had been married to him in the Fifth Avenue hotel, New York, in 1901.

John B. Stanchfield, who appeared for Senator Platt, asked that the matter be heard in private by a referee. He said Senator Platt was never married to Miss Wood, and therefore there was no ground for divorce. Justice Seabury reserved decision.

BOTH PHONES.

## Good Roads.

By ANTHON YROSBACH.

Reviewing the provisions of the Cash Road Tax law, a digest of which was presented last week, we find that a number of radical changes are made from the old law.

The first of the changes is that all road taxes shall be paid in cash. This abolishes the old statute labor law, or in other words, marks the passing of the road working holidays.

If the law is strictly followed all labor on the highways will be paid for in cash, and labor actually performed only. No longer will the statement be true that the work is often done, not with an eye toward doing the greatest amount of benefit to the road in the time allotted, but how to perform the least amount of labor to fill in the time.

The time is past that every one working on the road performed it according to his own notion. The work will now be laid out according to a fixed plan, and the labor performed pursuant to that plan.

Such, at least, is the purpose of the law, and without question it will accrue to the benefit of our highways.

But One Overseer.  
Another change from the old law is the matter of overseers. Instead of a dozen or more overseers in a township, there will be only one in each township or fraction. Whether this provision is an improvement over the old law remains to be seen.

The objection can be made that a local overseer is better enabled to study the needs of the roads in his district than a general overseer for a whole township. But the whole intent of the law is to systematize the road work in the township, and this can better be done by bringing it under one head, an overseer working directly under the highway commissioner, than by a division of authority.

One thing is certain, the offices of highway commissioner and of overseer become more responsible than ever before. More care becomes necessary in selecting men to fill these offices. They should be men of sound judgment, strict impartiality and above all, deep students of the best methods of road building. They should seek the office, not for the money there is in it, but with an eye single to the advancement of the highways of their township. When such men are found they should be supported, regardless of political or other considerations.

The Most Important Change.  
The third change, and in my estimation the most important one of all, is found in Sec. 16 of the law. This section provides that before any permanent work is done to any of the highways, a survey of the highway to

be improved shall be made by a competent surveyor, and a profile of the survey placed on file with the township clerk. All the grading and the improvements made to such highway shall be made in accordance with the profile, and the materials used for improvement placed in accordance with the provisions of the law.

Is this not a radical departure from the old order of things? Who ever heard of a surveyor in our community surveying a road bed? And yet this is the only way in which our highways will ever become permanently improved. The old slip shod practice of dumping good gravel into holes in the roads must cease. If ever our highways are to become our pride instead of a by-word, we must build them up from the bottom according to a fixed system, and improve them according to the best known methods. Whatever else is done there should be no deviation from this provision of the law.

On the whole, the law is far in advance of anything before placed on the statute books touching the road question, with the exception of the State Roadway Road law. It should be given a fair trial and with competent men administering it will prove a boon to our highways.

## A Chocolate Affair.

Chocolate now is served at afternoon functions where tea once was considered the only proper beverage. At a charming afternoon affair given by a girl who had become tired of the beaten track of the usual "teas" the refreshments served were composed almost entirely of the chocolate variety. There were cups of hot chocolate with whipped cream, thin bread and butter sandwiches, with olives for a relish; this of course was followed by a chocolate ice, fancy chocolate cakes and chocolate bonbons.

## To Remove Medicine Stains.

Stains made by medicine and liniment are often obstinate to remove in the hands of an amateur. Iodine marks may be removed by washing the spots with strong ammonia until it fades, after which wash with tepid water and strong soap.

Ammonia is equally good for removing cod liver oil stains. Fuller's earth made into a paste and thickly applied to the spots will also remove them.

## Fairy Pudding.

One pint boiling water, stir into this three tablespoons of cornstarch, mixed smooth with a little cold water, the juice of a lemon, piece of butter the size of a walnut and one beaten egg. It will thicken up nicely in three or four minutes. Then turn into mold. To be eaten with sugar and cream or rich milk.

## Snow Pudding.

Soak one-fourth box of gelatine in one-fourth cup of cold water until soft, then add one-half cup boiling water, one cup sugar, juice of two lemons, whites of three eggs beaten stiff. Set in cold place to harden and when ready to serve pour around it the following sauce, also cold. Yolks of three eggs beaten until light, three teaspoonfuls of sugar, one-half spoonful salt, one pint hot milk, one-half teaspoonful vanilla. Cook together until slightly thickened—about five minutes.

## Cooking Cocoa.

According to a cooking school theory cocoa is never done until it has cooked long enough to coat the spoon. It is boiled, of course, in water, the scalding milk being added just before serving. It is said the cocoa should boil from half an hour to an hour. Persons who have found cocoa indigestible often find it harmless when it is thoroughly cooked. Undercooking is said to be the trouble when it proves indigestible.

## Lyonnais Potatoes.

One tablespoonful of butter, one onion chopped fine, 12 cold potatoes cut into dice; parsley, salt and pepper. To the butter and onions add the potatoes and stir quickly over the open flame for five minutes, taking care that they do not stick to the pan. Season with salt and pepper, add chopped parsley. Serve while hot.

## Vanilla Cream Cookies.

Cream together one cupful of butter and one and one-half cupfuls of fine granulated sugar; add one beaten egg, one-half cupful of sweet milk, one teaspoonful of baking powder, and just enough flour to roll without sticking. Flavor with vanilla. Cut into fancy shapes, sprinkle with granulated sugar, and bake a delicate brown.

## Drugged, Robbed, Injured for Life

Nothing more truthful can be said of an afflicted with Piles who is induced to buy an use any pile medicine, (relief of dark ages) containing opium or other narcotic poisons, ergot, lead, mercury or cocaine.—Dr. L. G. Griffin, Chicago, Ill.

Dr. L. G. Griffin: I know you in all you assert in your pamphlet relative to the prevailing treatment of piles with ergot, lead, cocaine, mercury or any narcotic poison. Yours, etc., A. W. Wilson, M. D., 108 West Madison St., Chicago. Prof. Wilson is one of the faculty and a trustee of the leading medical college of Chicago.

Any well informed druggist who deals honestly with the public will say that ALL of the 9 pile medicines contain 1 or more of the poisons, ergot, lead or mercury.—E. W. Lloyd, Ph. G. and druggist, Denver, Colo.

## E-R-U-S-A is the only Non-Narcotic Pile Cure

**E-R-U-S-A CURES PILES** or \$50 paid Worst cases cured with one box of E-R-U-S-A. Hundreds of competent and reliable doctors and druggists endorse above statements and I challenge denial.—Dr. L. G. Griffin, Chicago, Ill.

Ask following leading Druggists for addition at proof a hundred fold. Only reliable and up-to-date druggists of Holland Sell E-R-U-S-A Pile Cure—Nancy Chas. D. Smith, John W. Kramer and J. O. Doesburg.

**TRADE MARK**  
**A PROMPT, EFFECTIVE REMEDY FOR ALL FORMS OF RHEUMATISM**  
Lumbago, Sciatica, Neuralgia, Kidney Trouble and Kindred Diseases.

**GIVES QUICK RELIEF**  
Applied externally it affords almost instant relief from pain, while permanent results are being effected by taking it internally, purifying the blood, dissolving the poisonous substance and removing it from the system.

**DR. S. D. BLAND**  
Of Brewton, Ga., writes:  
"I had been a sufferer for a number of years with Lumbago and Rheumatism in my arms and legs, and tried all the remedies that I could gather from medical works, and also consulted with a number of the best physicians, but found nothing that gave the relief obtained from E-R-U-S-A. I shall prescribe it in my practice for rheumatism and kindred diseases."

**DR. C. L. GATES**  
Hancock, Minn., writes:  
"A little girl here had such a weak backbone by Rheumatism and Kidney Trouble that she could not stand on her feet. The moment they put her down on the floor she would scream with pain. I treated her with E-R-U-S-A and today she runs around as well and happy as can be. I prescribe E-R-U-S-A for my patients and use it in my practice."

**FREE**  
If you are suffering with Rheumatism, Lumbago, Sciatica, Neuralgia, Kidney Trouble or any kindred disease, write to us for a trial bottle of "E-R-U-S-A".

**PURELY VEGETABLE**  
"E-R-U-S-A" is entirely free from opium, cocaine, morphine, alcohol, laudanum, and other similar ingredients.  
Large Size Bottle "E-R-U-S-A" (500 Doses) \$1.00. For Sale by Druggists.

## FRISCO WELCOMES CRUISER SQUADRON

FOUR VESSELS JUST FROM THE ASIATIC STATION ARRIVE IN PORT.

Greeted by Big Crowds—Rear Admiral Dayton Brings in Fighting Ships That Have Made a Cruise of 36,000 Miles.

San Francisco, Sept. 28.—The first division of the Pacific fleet, the fore guard of the American navy which is to assemble in Pacific coast waters Thursday or Friday, steamed through the Golden Gate at sunrise Friday morning.

The four armored cruisers passed the heads in file formation, led by the flagship West Virginia flying at her masthead the two-starred flag of the commander of the fleet, Rear Admiral James H. Dayton. Five hundred yards to the rear came the Colorado, followed at a like distance by the Maryland, and that by the Pennsylvania. The arrival of the four big sister ships marked the end of a 36,000-mile cruise, which began at Newport, R. I., last September.

Greeted by Big Crowds.  
The squadron was sighted outside the head at daybreak, steaming at half speed out of a coast fog. By bringing his ships to anchor off the city front a few minutes before eight o'clock Admiral Dayton fulfilled his promise by wireless the night before to "Arrive some time in the early forenoon." Thousands of people, anticipating the event, were gathered along the water front and on the hills commanding a view of the bay. Oblivious of the fact that they could not be distinguished from the decks, they signalled a welcome to the huge fighting machines by waving hats and handkerchiefs, and as fleecy puffs of smoke rose and drifted from the muzzles of the six-pounder saluting guns of the West Virginia they cheered.

Admiral Swinburne Calls.  
Opposite North Beach the cruisers slowed down to allow Chief Quarantine Officer Bobby to come aboard. In quick succession the West Virginia, Colorado and Maryland submitted their health certificates and were given clean bills and allowed to proceed to their anchorages a mile further on, passing some of the other cruisers of the fleet on the way. Admiral Swinburne put off with his flagship, the cruiser Charleston, as soon as the latter the yards were manned and the band struck up a lively air as Admiral Swinburne stepped onto the quarterdeck to greet the commander-in-chief of the fleet.

At one o'clock in the afternoon a joint committee of 100 men prominent in political, business and social life of San Francisco and near-by cities boarded the West Virginia to greet and welcome Admiral Dayton and the other officers of the fleet. United States Senator Perkins made a brief formal address of welcome.

## SOUTH DAKOTA PIONEER SLAIN.

John O'Grady Murdered Near Sioux Falls—Widow Is Held.

Sioux Falls, S. D., Oct. 1.—A mysterious murder was committed late Sunday night at a point six miles north of Sioux Falls, the victim being John O'Grady, one of the oldest pioneers in this section. His widow is being held under restraint, pending the result of the coroner's inquest. He declares that a hunter ate supper with them and wanted to remain all night, but was refused, and that he afterward returned to the house and found a shot through the window, killing her husband.

## MINING MAN ARRESTED.

Maj. C. M. Wilson, of Joplin, Mo., Is Accused of Fraud.

Joplin, Mo., Sept. 30.—Maj. C. H. Wilson, a well-known mine operator, who for 15 years has been engaged in the formation of mining enterprises in the Missouri-Kansas lead and zinc district, was arrested Sunday, charged with having obtained money in connection with fraudulent companies here.

## Fatal Storm Hits Warships.

Boston, Oct. 1.—Wireless dispatches received at the Charleston navy yard from the Atlantic squadron in Cape Cod bay tell of two fatalities in the fleet due to the storm that raged Sunday. Lieut. John M. Furse of the battleship Illinois was thrown against a hatch and so badly injured internally that he died. On board the Minnesota a seaman, name unknown, was washed overboard and drowned.

## Eddy Suit Is Ended.

Concord, N. H., Oct. 1.—At a special session of the superior court for Merrimack county Monday Judge Chamberlain granted the motion to dismiss the suit of Eddy vs. Frye, filed August 21. This was the "next friends" suit by George W. Glover, son of Mary Baker Glover Eddy, for an accounting of the affairs of the head of the Christian Science church, and its dismissal sends the litigation.

## Toselli to Sing in America.

Florence, Sept. 30.—Enrico Toselli, who last week married Countess Montignoso in London, in an interview Sunday confirmed the reports that it was his intention to make an American tour as a singer.

## STATUE OF PRESIDENT M'KINLEY.

A Bronze masterpiece that is a feature of the monument erected to the martyr president at Canton.

## GREAT CATHEDRAL BEGUN AT CAPITAL

FOUNDATION STONE IS LAID OF EPISCOPAL EDIFICE IN WASHINGTON.

Bishop Satterlee Wields the Trowel—Address Is Made by President Roosevelt and the Bishop of London Delivers the Salutation.

Washington, Sept. 30.—Sunday witnessed two events here of general interest to the religious world at large, and especially to the Episcopal church. The first and chief of these events was the laying of the foundation stone of the Cathedral of Saints Peter and Paul at Mount St. Alban, Wisconsin avenue. The other was the great open air service on the same grounds, under the auspices of the international convention of the Brotherhood of St. Andrew, which brought to a close the convention which has been in session here for the past week.

The corner stone laying was under the guidance of the Episcopal church in America. It was a notable occasion, made more so by the presence of the president of the United States, the bishop of London and other distinguished people.

## Corner Stone Is Laid.

After Scripture readings and prayers by the bishops, interspersed with selections by the Marine band, Bishop Satterlee performed the ceremony of laying the foundation stone. The trowel was the one used in laying the foundation stone of the capitol building and the gavel was used by George Washington.

The ceremony of laying the foundation stone completed, Bishop Satterlee introduced President Roosevelt, who spoke as follows:

"I have to say but one word of greeting to you to-day, and to wish you godspeed in the work begun this noon. The salutation is to be delivered by our guest, the bishop of London, who has a right to speak to us, because he has shown in his life that he treats high office as high office should be treated, either in church or state, and above all, in a democracy such as ours, simply as giving a chance to render service. If office is accepted by any man for its own sake and because of the honor it is to confer, he accepts it to his own harm and to the infinite harm of those whom he ought to serve. Its sole value comes in the state, but above all its sole value comes in the church, if it is seized by the man who holds it as giving the chance to do yet more useful work for the people whom he serves."

## Bishop of London Speaks.

Following the address of the president, the bishop of London delivered the salutation.

Turning towards the president, the bishop thanked him for his presence "amidst all his multitudinous duties." He also expressed his thanks for the "burning words of encouragement and inspiration of the president," which he said, would send him back across the seas inspired for his work. The bishop then referred to the Canterbury ambition, or pulpit, which he brought over as a gift to the cathedral. "I come," he said, "as the successor of St. Augustine's champion, Milotus, to bring you from the old diocese of London, of which you one day were a part, a real message of love and godspeed."

## Actress Found Dead in Bed.

Washington, Sept. 28.—Mrs. Marguerite Bower, the leading lady in the "Broadway After Dark" company, playing at a local theater this week, was found dead in bed at a hotel Friday. The coroner expresses the opinion that death resulted from natural causes, but an investigation is being made to determine the exact cause. Mrs. Bower's husband lives at Mineral City, O., and has been notified.

## TRIBUTE OF NATION PAID TO M'KINLEY

MONUMENT OF MARTYRED PRESIDENT IS DEDICATED AT CANTON.

Fifty Thousand There—President Roosevelt Delivers Eulogy of His Predecessor Before the Stately Mausoleum That Holds Remains.

Canton, O., Oct. 1.—The nation paid homage Monday to the memory of William McKinley when the splendid monument which marks his last resting place was unveiled in the presence of an assembled throng such as Canton never saw before, and with the president of the United States as the principal speaker.

It was the tribute of a grateful nation, both in word and in deed, to "a good citizen, a brave soldier, a wise executive," and more than 50,000 persons, representing all walks of life and every part of the country, participated in the ceremonies of dedicating the monument, the loving gift of a million Americans whose contributions, aggregating \$600,000, provided the splendid tomb in which rests the bodies of the third of the martyred presidents, his wife and their two children.

## Noted Men in Gathering.

Distinguished men from all parts of the country and many representatives of foreign countries made the pilgrimage here to participate in the dedication of the mausoleum and made the event a notable one.

The president arrived in Canton on a special train over the Pennsylvania railroad at 10:15 in the morning. The train was met by a reception committee. The president was escorted to the Central high school building, where he and his escort passed in review before 1,700 school children grouped and dressed to represent the national flag. The president immediately drove to the reviewing stand, where he witnessed the magnificent military and civic parade which took nearly an hour and a half in passing. At the close of the parade Mr. Roosevelt took luncheon at the Auditorium, and at one o'clock was taken to Monument Hill.

## City Decorated and Guarded.

The city of Canton was elaborately decorated for the occasion. Along the streets, in the downtown section, columns were erected, between which the president passed. The streets were roped off and no one was allowed on the pavement. This was done for the double purpose of protecting the president and handling the crowd to a better advantage. Thousands of soldiers manned the ropes, and every spot was guarded.

Both in the city and at the monument there, were private grandstands to which admission was charged at a high figure. Some of these were authorized by the Memorial committee upon the condition that a percentage of the proceeds be devoted to the National McKinley Memorial association, to be used toward meeting the expenses of the day.

## Cheers Greet Roosevelt.

The arrival of President Roosevelt upon the stand was awaited anxiously and greeted with cheers. The audience arose. The president was the last to enter the stand. He was accompanied by Justice Day and Vice President Fairbanks. At 2:24 Justice Day called the assemblage to order, and in a few words introduced Gov. Harris, president of the day.

Gov. Harris introduced Rev. Dr. Bristol, of Washington, D. C., whose church President McKinley attended when in Washington. Dr. Bristol offered prayer. Gov. Harris then delivered the opening address of the ceremony.

Justice Day arose to tell the story of the history of the building of the mausoleum, which arose majestically in the background, after singing of "The Star Spangled Banner" by the assemblage.

## Unveiled by Miss McKinley.

President Harris then asked the audience to rise while Miss Helen McKinley, the only sister of the late president, drew aside the flag disclosing the bronze figure of McKinley in the attitude of delivering his last speech on the day of his assassination at Buffalo, September 5, 1901. The flag was removed slowly and impressively. This was followed by the reading of the poem entitled "William McKinley," by James Whitcomb Riley.

President Harris then introduced President Roosevelt. The president stepped to the front of the platform and was greeted with applause. He delivered an eloquent eulogy of William McKinley, and the exercises closed with another song.

Immediately upon the close of the program President Roosevelt and party visited the interior of the tomb. This was followed by a visit by the invited guests, and then the general public was admitted. Thousands passed through the tomb.

## Four Burned to Death.

New Haven, Ill., Sept. 28.—Children playing with matches in a hay shed on the Trafford farm, four miles west of here, started a fire that resulted in the loss of four lives. Charles and Ethel Ellison and Leonard Sargeant set the shed ablaze and when Mrs. Marshall Ellison, mother of the former two children, rushed in to rescue them the roof collapsed and all four were caught under the debris and burned to death.

## ILLINOIS FAIR IS OPENED

POLITICIANS GATHER AT SPRINGFIELD FOR LOVE FEASTS.

Republicans and Democrats Preparing for Next Campaign—May Settle Waterway Legislation.

Springfield, Ill., Oct. 1.—Politicians from all sections of the state are flocking here to attend the annual state fair love feast and political round-up. The Leland hotel in which so many political deals have been hatched is the scene of activity in the heart of the city where the various candidates have headquarters. The Sangamon club on the state fair grounds and within a stone's throw of the big grand stand facing the race track is the attractive spot for the political chiefs. It is just outside the southern limits of the city.

Democrats as well as Republicans are facing toward the state fair this week to lay fences for the presidential canvass of next year.

Between discussions of political expediency at the state fair and of the lakes to the gulf deep waterway movement at the Memphis convention at the end of the week, it is believed that the fate of Illinois water way legislation will be decided before the general assembly reconvenes in a week.

Gov. Deneen left Monday for Keokuk where he met President Roosevelt and proceeded to Memphis, leaving the political round-up at the state fair to proceed without his immediate surveillance. The governor is said to plan to make the water way question a campaign issue.

Next spring the governor will be at Springfield again, keeping a critical eye on the legislation. His friends expect that so much public sentiment will be stirred up by the president's river trip and his four speeches, and by the governor's speech, that the legislative leaders who are planning to adjourn since die a few hours after convening will find the subject a little too warm to handle so carefully. Illinois, they point out, is the keystone of the water way situation. Unless this state takes action to promote the water way through the valley of the Illinois and the Des Plaines there will be little chance that the federal government will appropriate the huge sums needed to complete the work.

## FEDERAL COURTS NEED CURB.

So Think Attorneys General in Convention at St. Louis.

St. Louis, Oct. 1.—A strong desire to do away with the conflict of jurisdiction between state and federal courts, and, as one of the phases of that, to restrict the power of federal courts in their dealings with matters pertaining wholly to a state, seemed to be the prevailing sentiment at a convention of attorneys general from 15 states of the union at the Southern hotel Monday.

Most of the trouble was traced to the fourteenth amendment to the constitution. Attorney General R. V. Fletcher of Mississippi said he did not see why it should not be repealed, as it did no good for the negroes for whom it was originally passed, and succeeded only in embarrassing the state courts.

The meeting was called on August 12 by a committee, of which Attorney General Herbert S. Hadley of Missouri was chairman, and Mr. Hadley acted as chairman at the convention. The purpose was announced to be the general discussion of anti-trust laws, railroad rate regulation and state rights, and the papers read bore out that idea.

## Regiment Starts for Philippines.

Leavenworth, Kan., Sept. 30.—The Eighteenth United States Infantry started Sunday afternoon for the Philippines, where they will have station three years. The regiment is commanded by Col. E. F. Davis. The present trip of the regiment is its third in nine years to the islands.

## Locals.

The Ladies Aid Society of the M. E. church will give a social at the residence of Mr. L. H. Fairbanks, 37 W. 8th Street Friday evening. A cordial invitation is extended to all and a pleasant time is assured.

The Graham & Morton Transportation Co. announces that at the close of the daily service the steamer Puritan will be sent to Manitowoc where she will be cut in two and fifty feet added to her length giving one hundred more state room.

Bernie D. Vries, one of the best known of Holland's nimrods at the U. of M., cannot be reconciled to the sight of some fifteen or twenty squirrels waving their tails at him every time he goes from his room to school. He says that it is a shame not to be able to take his gun along and bag them all.

The old boat landing known as the Fruit Pier at Virginia Park, owned by the Graham and Morton Transportation company, has been sold to A. H. Mathison and Case Jones. Mr. Mathison bought the west 70 feet, and Mr. Jones the east 30. Both parties will build boat houses on their new property. Mr. Mathison will build a boat house to carry on his lively business the coming season.

## Farle Will de Here Oct. 21.

The following letter has been received from State Highway Commissioner Earle by E. B. Standart: "Your favor of the 1st instant at hand, and in reply would say that I will be pleased to meet with your association on Oct. 21 as you suggest, but will be unable to reach there before 2:15 in the afternoon. This will undoubtedly give us time enough however, as it will not be necessary to go over the district. You thoroughly understand conditions there, and we can talk it over without covering the ground."

"All right, I think myself perhaps it would be more satisfactory to your people to just take in the four townships of Olive, Blendon, Holland and Zeeland with the city of Holland and the village of Zeeland and any other incorporated villages that may lie within this district. What do you think of this plan, or have you something different in mind? I would suggest that you go ahead and get your petitions signed so as to present them to the board of supervisors, taking in the townships, villages and cities you desire, else a special meeting of the board would have to be called to submit the matter before it could be voted on next April. If Ottawa county has a January meeting of the board it could be taken up at that time."

## Went to Jail

Charles Wilkinson, the young Chicago jewelry salesman, who has been in the Ottawa county jail several weeks charged with obtaining money under false pretense from a local jeweler, was Monday morning in Justice Wach's court sentenced to pay a fine of \$50 and costs amounting in all to \$82.20. In default of the fine Wilkinson will have to serve ninety days in the Detroit workhouse. Wilkinson was represented by Dan F. Pagelson Monday morning and the attorney made a plea for his client. Wilkinson's attorney stated that Wilkinson did not know that the checks were bogus and a party named Kohn living in Chicago, has been brought into the case as the real author of the checks in question. Wilkinson, it is said, is wanted in Chicago and several other places for like offenses. Since he has been in jail here his wife and some of his friends have been working in his behalf and it is believed that he will be able to get out of his difficulties now without serving a long prison term. Wilkinson is well known by the jewelry people of Michigan. He has been traveling through this territory for several years for a large Chicago house and he attributes his troubles to the flowing bowl and too fast a gait. It is understood that in all the cases Wilkinson has been mixed up in full restitution has been made.

The man, Charles Wilkinson, now confined in the county jail is a queer character and the authorities are rather of the opinion that he will go to the Detroit Works in lieu of a fine. Wilkinson has been receiving a number of letters. The handwriting appears the same but the signatures are always different. Some of the letters are signed "Harry" others purport to be from his wife. One of the letters addressed to him as F. F. Kelley, Battle Creek, dated Sept. 5 ran as a love letter and was very gushy.

Repairing and upholstering neatly done of all furniture. Furniture packing a specialty. C. B. Dalman, 133 North River street. City. Phone 1157. 2w-28

## CHAINED TO STAKE.

Woman Rescued From Starvation in Dupont, Pa.

Chained to a stake in the yard of their home and exposed all day to the broiling sun without a mouthful of water or food, Mrs. Michael Sabinsky of Dupont, near Wilkesbarre, Pa., was rescued by a party of miners on their way home from work and subsequently caused the arrest of her husband by the state constabulary.

She said he overpowered her, tied her arms and legs and chained her to the stake because she would not tell him where she had hidden her savings, which she did not want him to have. Then to increase his cruelty, she said, he placed just beyond her reach a pail of water and some food and left her.

The house is far from the nearest neighbor, and not until evening were the woman's cries heard and she was rescued. The husband is in jail.

## TEETH IN HER LUNGS.

Woman Inhaled Them After Dentist Had Etherized Her.

Mrs. Lelah A. Wheeler inhaled into her lungs fragments of her teeth. Pneumonia developed, and she died at her home in Oakville, Conn. She was twenty-five years old.

Mrs. Wheeler went to have some teeth pulled several weeks ago. The dentist etherized her, it is said, and while she was unconscious portions broken from her teeth during the operation dropped down her windpipe and into her lungs.

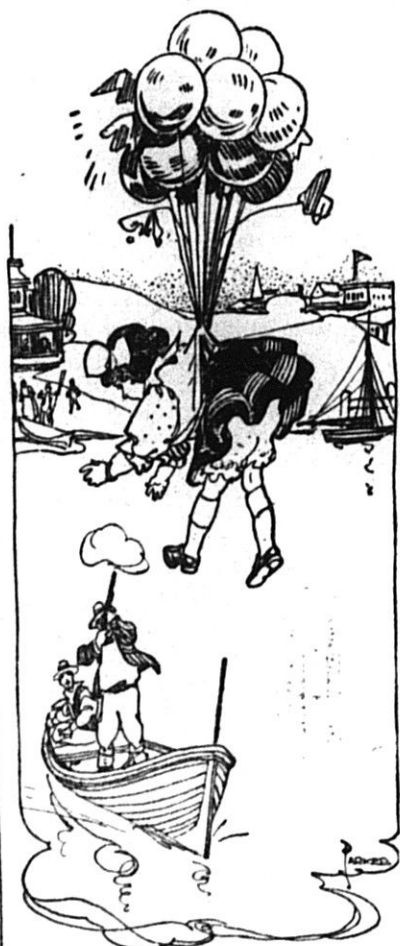

On her way home she caught cold and in a severe coughing spell coughed up the crown of a tooth. The pneumonia that followed was complicated by an abscess of the lungs. Physicians after a consultation tapped her lungs, but could not save her life.

## BABY SAILS IN SKY.

Carried Out Over Ocean by Bunch of Toy Balloons.

With a huge stack of toy balloons tied to her waist, Minna Moody, two years old, daughter of J. H. Moody of Waco, Tex., was carried out over the sea from the veranda of a hotel at Rockport and only rescued by George Munafee of Denver exploding enough of the balloons with bullets to permit an easy descent. The tot came down St. Joseph's island, half a mile away.

The Moodys went to Rockport recently on a vacation. Mrs. Moody was with her daughter on the veranda when a peddler came up with the balloons. Minna clasped her hands in delight, and when she was seated in her mother's lap the man tied the bundle around her waist. "Oh, what fun, Minna!" said Mrs. Moody, putting the child on the floor. Minna tried to take a step forward, but almost instantly she was caught off her feet by the straining of the balloons, which, driven by a fresh breeze, headed straight for the sea. Mrs. Moody and the ped-

HE EXPLODED SIX BALLOONS.

dler were so overcome with astonishment that they did not make a move until the child was beyond reach.

The screams of the mother attracted the attention of many hundreds of persons, but nothing was done to save the little one until Munafee followed her in a launch. She was almost a quarter of a mile from land and fifty feet in the air when Munafee began shooting with a rifle. He shot straight to the mark and had exploded six balloons when Minna began to sink downward. Another shot increased her speed, and, wafted by the wind, she was carried to the beach of the island, where she was dropped as lightly as a feather. The child was crying and laughing when placed again in her mother's arms. Mrs. Moody and four other women fainted from excitement when Munafee began shooting, but they recovered quickly to join in rejoicing at Minna's escape.

## Baby Falls Five Stories, but Isn't Hurt.

Though only twenty months old, Sarafina Sandrella of New York city recently broke a world's record. She fell five stories and landed in the arms of a woman who had not seen her coming, escaping without so much as a scratch. Mrs. Sandrella left her baby in a cradle, which had been drawn close to a front window of the Sandrella home on the fifth floor of the tenement at 28 Chrystie street. Jumping up and down for several minutes, the youngster finally plunged through the window.

## GHOST MAKES SIGNS.

From His Grave Chinaman Appeals For Help.

## SCARES HORSE GRAZER STIFF

Rescued at Last From Living Tomb, Unfortunate Son of Tzi Lung Is Confined in Temple Until He Proves He Is Not a Spirit.

A "ghost" that eats has thrown the towns of the Slangfu district, in China, into a commotion. The facts are remarkable. The thirty-year-old son of Tzi Lung, a schoolteacher, was thought to have died of typhus fever. His family being very poor, the body was placed in a frail wood coffin and buried

HE SAW A GAUNT WHITE ARM THRUST UP, only a few inches under the soil outside the western gate of the town of Slangyang.

A week later a man put his horse to graze on the spot. The beast found good grass near the grave and brought its foot down on the soil above the coffin, the lid of which was broken. In a little while the owner of the horse saw a gaunt white arm thrust up through the hole made by the horse's hoof.

Thinking the dead man's "ghost" was about to rise to avenge the insult offered in the breaking of the coffin, the watcher hurried up and began shoveling earth into the hole to keep the "ghost" down. A muffled voice expostulated and begged to be freed, claiming to be the living son of Tzi Lung. The watcher fled in terror to the town, where he told every one he met of what had happened. The "ghost's" father urged that the "ghost" should be left alone and not further disturbed.

A large crowd, however, went out of the city to view the wonder. The "ghost" kept begging most piteously to be let out. One man had courage enough to unearth the cover of the coffin completely and open it, allowing the "resurrected" man to sit up. Rice soup and wine were brought and ravenously devoured by the "ghost," still sitting upright in his coffin, imbedded in the earth.

Finally the unhappy "ghost" was released and confined in a temple until he could prove himself to be a living man.

## Set Robin's Broken Leg.

About six weeks ago Hugh McGill of Lock Haven, Pa., noticed an old robin fluttering in the grass in front of his home. After some effort he caught it with his hands and discovered that one of the robin's legs was broken. Taking redbreast into the house, he washed the bones, applied splints and carefully bandaged the leg. To his surprise the bones knitted, and soon the leg was found to be as good as ever. The robin was given its freedom, but in appreciation of the kind act it comes about the house many times every day and has become so tame that it will eat crumbs from McGill's hand. The bird has a nest in a nearby tree and on being called by McGill invariably flies to him.

## Held Horses While Wives Fought.

A feud which has been existing between the wives of two prominent Frederick county (Va.) farmers for a number of years was settled, at least in part, on the public highway near Winchester when the women, driving with their husbands, met, leaped from their carriages and engaged in a fist fight. Both rolled over and over in the road and fought desperately, while their husbands stood in the shade and held the horses. The women fought until both were completely exhausted. The men then shook hands cordially, each taking possession of his respective spouse, and drove on.

## Despondent Dog Hangs Himself.

A valuable bulldog belonging to John C. Reed of 27 Isbell street, Binghamton, N. Y., committed suicide by jumping up against a picket fence until he hooked his collar over one of the pickets. He then swung himself around until the weight of his body on the leather strap shut off his wind and he strangled. The dog had made a previous attempt to hang himself, but was found in time and taken from the fence, although he fought savagely while his owner unhooked his collar from the picket.

## HIGH SCHOOL RESERVES.

Line Up Is Given Out and One Game Is Played.

The following is the line up of the second football team of the high school:

F. B.—Carl Van Raalte.  
L. H.—Lloyd Conkright.  
R. H.—Frank Gull.  
L. B.—Mayo Hadden.  
L. E.—Stanley Curtis.  
L. T.—Babe DeYoung.  
L. G.—Harry Michmershuizen.  
Center—Edward Stephen.  
R. G.—Louis Schoon.  
R. T.—Albert DeHaan.  
R. E.—Ben Williams.

The second high school football team played the Crescent team of the Central school building last evening, the latter team winning by a score of 20 to 0.

## HOLD CONFERENCE HERE

PROGRAM FOR THE WOMEN'S MISSIONARY UNION CLASSIS WILL BE GIVEN TOMORROW.

The ninth annual conference of the Women's Missionary Union Classis of Grand River, Holland and Michigan will meet in Hope church this city Thursday, October 10.

The program consists of the following:

Forenoon, 10 o'clock—Devotional exercises, Mrs. J. S. Bussing, New York; Welcome address, Mrs. C. H. Howell, Holland; response by the president, Mrs. C. V. R. Gilmore; address, Miss Minnie Riksen, Holland; address (Holland language), Rev. James Moerdyk, Bahrain, Arabia.

Afternoon, 2 o'clock—Devotional exercises (Holland language), Mrs. J. H. Karsten, Holland; music solo, Miss Estelle Kollen; address, Mrs. J. S. Bussing, New York; address, Miss Ida M. Scudder, M. D., Vellore, India; music, duet, Misses Kollen and Van Drezer.

Evening, 7 o'clock—Music, anthem, Hope church choir; prayer, Rev. J. M. Van der Meulen; music; address, Rev. D. J. Burrell, D. D., New York.

## YOUR OPPORTUNITY.

There is a golden opportunity awaiting you in the famous Rea Valley of Faulk county, South Dakota, the land of sunshine and good crops. Where you can buy beautiful farm lands at one third their actual value. Go with us the 30th and investigate for yourself and be convinced. We guarantee satisfaction or money refunded. Come and see us at Lugers & Miles' office. E. A. Damer, Benj. Wolters and John C. Viissers.

## ANNUAL LOW RATE EXCURSION TO CHICAGO.

Saturday, October 5th.

Tickets good to return on regular trains leaving Chicago until 11:55 p. m. Monday October 7th inclusive. Train will leave Holland at 8:50 a. m. Rate \$2.50. H. F. Moeller, G. P. A. 2w-38

## Artisan's Drawing School

For Carpenters, Mason, Blacksmiths, Plumbers and Furniture Designers.

On Monday, September 30, 1907 the undersigned G. J. Roozee, architect, living at 277 Pine street, west of Twelfth street, will open an artisans drawing school in one of the rooms of Van Raalte Hall of Hope College, on the second floor. This room was gladly given for this purpose by the authorities of the college.

The course of study will commence with a series of lessons given to carpenters, masons, blacksmiths, plumbers and furniture designers. It will be a course in straight hand and free hand drawing; and if the number of students warrant it a course for decorators and mechanics will be added later.

The course of study which will be given in this school is arranged in such a way that each artisan receives that drawing instruction which he will need for his particular business.

The lessons will be given in the room mentioned above on Monday, Tuesday, Thursday and Friday evenings, from 7:30 to 9 o'clock.

In order to give everybody an opportunity to take advantage of this course, the tuition fee has been made as low as possible. The rates are 25 cents per evening or \$1 a week.

It is required that the student make a contract to take the whole course from September 30, 1907 to May 1, 1908.

Opportunity for the matriculation of students will be given Friday evening, September 20 1908 between 7 and 8 o'clock at 277 Pine street and on Friday evening Sept. 27, 1907 between 7 and 8 o'clock in the above mentioned room in Van Raalte Hall of Hope college.

Adults as well as school boys can take advantage of this course.

The tuition must be paid each week in advance. The first weekly payment must be made when the student matriculates.

G. J. Roozee, Architect, 277 West Pine St. Holland, Mich., September 1907

## ARE YOUR HANDS TIED

By lack of Education?

We Teach By Mail You Study At Home

The International Correspondence Schools teach men and women how to do things that the world wants done.

The instruction consists of practical, up-to-date working knowledge, not useless theories. It will qualify you to do some one thing and do it well.

WHAT POSITION DO YOU WANT?

For a few days an exhibit of text books, student's work, outfits, etc., will be on exhibit at

R. M. DE PREE & COMPANY'S Drug Store

A club of students is being formed in Holland and vicinity and all enrolling will be given a discount of 20 per cent [one fifth off.]

Ask for Mr. Bemrod or Mr. Skinner at De Pree's Drug Store.

WHAT MAKES THIS LADY LOVE HER HUSBAND?

Because he has bought her a Perfect Rotary Washing Machine.

We have two kinds  
**National Boss**  
AND  
**White Lily**

We let you try them before you buy.

**E. B. STANDART**  
HOLLAND, MICH.

Two Cent Rates ON THE Pere Marquette

After 12 o'clock, midnight, of September 27, 1907, the rate of passenger fares between all points on the Pere Marquette Railroad, west of the St. Clair and Detroit Rivers, will be two cents per mile. Passengers are requested to purchase tickets before boarding a train.
