HIGH SCHOOL BOY FIGHTS BANDITS IN SANTO DOMINGO

JOHN VANDER WOUDE IS
WOUNDED IN LEG AND IS NOW
IN HOSPITAL

Twenty Marines Fight 100 Bandits;
Killed Twenty and Wounded
Several

The Chicago paper a few weeks ago chronicled the news that the government was having trouble in Santo Domingo and that marines were fighting bandits that were planning a raid on American troops. The paper stated that in the skirmish that followed a score of bandits were killed. The man who was wounded was John Vander Woude, oldest son of Mr. and Mrs. Ed Vander Woude, 47 West 12th Street and in a most interesting letter he tells of the fight and how he was wounded and a great many facts that are interesting. It also goes to show that in this war a soldier need not be in France alone, to be in the danger zone. The letter follows below:

Care of Postmaster, N. Y.
Care of Postmaster, N. Y.
Thursday, Sept. 5, 1918

Dearest Parents,
At 10:30 A. M. sent me some of the things I had brought with me and I took myself and "bummed" some stationery and borrowed a pen and ink; I had the results, I can't remember when I last wrote you so I will answer all the letters I have on hand from you. At the present time I am at San Pedro de Macoris attached to and serving with the 113th Co. The same Co. that Leo Wood is in. I have met him by the way, although at the time we were unable to get very well acquainted. I shall undoubtedly see him again.

I am glad you were pleased with my promotion and it certainly does deserve another box of stars. Yes, I guess I would have enjoyed being home for the 4th of July and why not? I believe the change would do me good. As it is however I have been getting a few changes since then.

No doubt you have heard just enough through my mail and the newspapers to arouse your curiosity. I hardly think I should do it but I will explain and trust to luck and censors good nature. Up to July 21st at noon everything had been running smoothly. Then at 2:00 P. M. that day the detail of men going back to the states came in. Fate left me out again and I was destined to see more actual tropical service and trouble. (Since then I have received word from the fellows who left and find that they are in Texas so I guess I am to be and should be satisfied down here. So left.)

Recruits arrived in the Company on the afternoon of the 22nd. Then the job came of drilling them and making soldiers out of them. I might state however that from Sunday P. M. July 21 to the following Tuesday night I did not even get a chance to lie down on my cot let alone sleep. I was doing guard or patrol duty rather, three hours on and three hours off and while I was not on patrol I was working in the office either chasing out accounts or taking them in. Then some of the "Boots" were utilized and guard duty became slightly easier. At the same time or I think a few days later the job of making out the pay roll came up. Some job too! There were 238 names on it. 143 to be paid and 95 transfers. After that was over I was able to settle down to drill. We were (the old fellows left) no exceptions. We drilled with the rest. Reveille went at 4:55 a. m., bayonet exercises from 5 to 5:50. From 5:50 to 6:30 to eat breakfast and get in uniform for drill. From 6:30 to 11:30 a. m. we drilled. Chow at 12: school at 1:30 to 2:15 p. m. From 2:30 to 4 more drill. At 4 you were permitted to go on liberty. That routine with the sun of the Tropics sure took off the superfluous flesh and it made me hard and more durable. (Fate still worked with me preparing me for what was to come). August 14th found me on guard and I was guard from 3 to 5 p. m. I went on at 3 and about 4:30 one of the men who had been sent out after me found me and told me I was wanted at the barracks immediately. I came in not knowing what to expect. When I entered the barracks some one said hurry up Corporal and pack up. I went up in the office and was wondering where I was to be sent and why. The first sergeant said "Well Vander Woude, get all your stuff together and pack what things you are not going to take as we are to leave for Macoris at 8 p. m. That was some news believe me things flew right and left for awhile. What clothes I did not have out to the wash woman; I packed and with a heavy marching order pack on my back, left Santo Domingo City that night. We, four other men and myself took a little steam yacht to San Pedro de Macoris that night arriving at 7 a. m. the 15th. That p. m. I was pall-bearer at a military funeral given three marines here. The next day we went on truck to Consuela (7 miles) from Consuela to Consolida on a narrow gauge railway (6 miles) (first railway I seen or heard in 14 months) and from Consolida to Hato Mayor (17 miles) on ox-carts carrying supplies. We rode nearly all of the day on those ox-carts thru rocky, muddy and mountainous country. It was hot as H—-itself for awhile and then we were given to understand that it rained hard too. Well, it is putting it hours straight without the sign of a let-up and rained hard too. Well, it is putting it mild when I say I was soaked to the hide. Then just before we got in Hato Mayor there was a creek to cross and it had swollen so the bulls could not get through. Then we had to wade through. I got about half way across when I stepped into a little hole and lost my balance. In I went head first. My rifle dragged along the bottom for a second. (I had been carrying my rifle and ammunition over my head) and when I came up for air I found that I had drifted about 25 feet down stream. To make it short I got into camp at Hato Mayor finally and slept in wet clothes all that night. (All I had with me was the clothes I had on, one extra pair of socks, a blanket and a shelter half). We laid around at Hato Mayor for four or five days. On the morning of the 21st we started out, 20 of us on a (2) two-day hike. We hiked and hiked all day carrying our blanket roll and rifle and ammunition over or through mountains continually. At night we reached a likely camping place. We unsling our packs and had supper (corn beef hash and coffee). After supper we killed some chickens and smoked out some bees and gathered some honey. "Daddy" Walsh and I decided that we wanted to sleep out on the grass and we did until about 11 P. M. It began to rain

LOSES \$50,000.00 TO THE GERMANS

FORMER STOCKHOLDER OF THE
CAPPON-BERTSCH LEATHER
COMPANY NOW A POOR
MAN

Left His Happy Home in America To
Be Stripped in Germany.

John Hummel with his brother "Fritz" came to Holland many years ago. Both were tanners and started a tannery in the early pioneer days. In late years they joined forces with the late Isaac Cappon and John Bertsch who were the organizers of the Cappon Bertsch Leather company of this city. Through frugal living in the earlier days and by constantly working at the leather trade, and with a stock that he had retained in the Cappon-Bertsch Leather Company, he soon amassed a comfortable fortune.

When the Armour company bought out the stockholders of Holland's big leather institution, the stock of John Hummel was purchased with the others, at a comfortable margin, in fact friends say that old John Hummel could write his check for at least \$50,000, and then have money left.

John was a great believer in the old German customs. His home was one of the most hospital places in the city. His wine cellar and all things German were kept up according to the customs in the fatherland.

Mr. and Mrs. Hummel have lived for years in the large brick house on W. 8th street directly across from the tannery, where he spent the greater part of his life. His home was formerly surrounded by a vineyard, which in recent years has deteriorated because the old custodian was not on hand to give it his personal care.

Mr. Hummel was so imbued with all things German and German customs had become such a part of his being, that when he cashed in his check received from the Armour company for his stock in the local leather concern, his thoughts immediately went back to the fatherland, and his great desire was to spend his remaining days in the place of his birth, Renthgen many.

About eight years ago, Mr. and Mrs. Hummel, who have no children, converted everything into cash, except the old home, which he still owns, and sailed for Europe. Friends have been receiving letters from them continually until the war came.

At first only spasmodic news came from the Hummels, after which the letters from them ceased altogether.

Information has just been received in this city that Mr. and Mrs. Hummel are now penniless and in destitute circumstances in a war-ridden country. Their all has been taken, through the system of taxation to the needs the war-god required.

Those in Holland who knew Mr. and Mrs. Hummel cannot help but have a feeling of sympathy for them regardless of their German proclivities.

Their home was the essence of hospitality, and their acts and deeds were those of kindness, an element that seems so lamentably lacking in the European Germans.

HAMILTON NOT THE ONLY SUNDAY GAS TOWN

USE GAS IN GRAAFSCHAP TOO,
SAYS CORRESPONDENT

Holland, Mich., Sept. 24, 1918
Holland City News—
Holland, Mich.

Sirs:—
The last issue of your valuable paper published an article "Do Hamilton people observe gasless Sundays?" and I hereby respectfully ask if you will print an article something like that about the Graafschap people as only a few observe gasless Sundays. They will not be called slackers and I know something like that will do a lot of good as a lot read your paper and of course it will read.

Thanking you in advance, I am a citizen who does not use Uncle Sam's gas on Sundays.

Signed,
Gasless Graafschap.

BUSINESS MEN MAKE THURSDAY, OCT. 17 DOLLAR DAY

MERCHANTS DID NOT WANT DOLLAR DAY TO INTERFERE
WITH LOAN DRIVE

All Are Planning That Dollar Day
Shall Be a Bargain Day With
Out Profits

Holland is to have a dollar day with a vengeance and believe us it's going to be some bargain day for the customers. The date was first set for Saturday October 5, but the merchants had not thought of the Fourth Liberty Drive and like patriotic citizens they did not wish to have anything interfere with the Big Loan drive so they quickly had the date postponed until Thursday, Oct. 17.

A canvass of the business men was made and all but four of those that could be reached favored a Dollar day. A meeting was held in the Peoples State Bank and the date was set for one of the best bargain days that this city has ever seen.

Merchants have signified their intentions of putting on bargains that will help the customers pay for their Liberty bonds. They say that it will not be a day of profits for the merchants but rather bargain feasts for the buyers of Holland and vicinity.

Remember Dollar days are not planned altogether to make money but rather to show local and outside buyers that Holland can furnish all the wants of even the most exacting customer.

What the merchants want is the opportunity to show goods and prices and with these he can convince the most skeptical buyer that Holland and not Grand Rapids is the place to trade.

Give them a chance to show you on Dollar Day which comes on Thursday, Oct. 17, that this fact is true.

Trade in Holland and pay for your Liberty Bonds with the profits derived.

ECHOS OF MACATAWA LAKE FRONT ACCIDENT HEARD IN COURT

A suit has been brought in the U. S. District court that may prove very interesting and may determine what jurisdiction the Macatawa Resort Co. has over the Lake front and its highways within the resort proper. The suit is instituted by Sara E. Giffert and Eunice Steuffer vs. Macatawa Resort Co. and Swan A. Millor. This is an echo of the accident at Macatawa Park more than a year ago when the walk on the lake front fell in, killing William Steuffer and injuring Mrs. Giffert.

BUY A BOND FOR THESE BOYS

Aug. 25, 1918

Dear Father and Mother—

Having a few moments to spare will write a few lines to let you know I am in good health; have been moving from one camp to another since I arrived in England which gives us a chance to see the different parts of the country. Some very nice scenery and have visited a few old estates most all the buildings are of brick or stone, some with straw roofs, the roads are very good, but the country is so hilly that you are going up and down all the time. Some things are very odd all the wagons are of a two wheel type, something like a dump cart; farmers mostly use them. We had church services in the Y. tent this morning and the tent was jammed full of people. The preacher goes wherever we do, so we have services every Sunday. Some of the men get some kind of fleas and now we all have to take bath at 1 o'clock in the morning and have all over clothes steamed so as to be sure to get rid of them. There is nothing more I may write which would be news to you. Hoping you receive this in good health, I am your son, Lawrence De Witt.

Mrs. John De Witt, 26 W. 11th St. Holland, Michigan.

August 26, 1918

Dear friend—

I am now sitting under a shady tree, near a nice spring of water in a small village in France. I am healthy, everything is O. K. We had a very nice trip all the way down from Camp Mills. We went to the port of embarkation on the ocean about two weeks and landed and camped a short time in Liverpool, Eng.

From there went to a camp near Winchester. So far we have been riding in almost everything: big boats, small boats, passenger cars and box cars; at present I have a few French children sitting with me here. I have a book, French and English, here and I am trying to make them understand I am writing to you. So far I can say Hello and count to ten in French.

About 75 of us are living here in this French house and barn, as I suppose you know the house and barns are all in one.

We have been visiting a Frenchman. He was having dinner. If you could have seen how these generous people live. I am sure it would do you good. You would be better satisfied at home.

Their whole home isn't larger than your mother's kitchen. Dry bread and a big bowl of soup was all I could see to eat. If you are fond of wine, you ought to be with us—quart for 1 franc or 20c. Allies are getting everything in our favor. I am sure this will do us all some good because after what I have seen of this country I am sure we were all too wasteful back home. Just think these people have been in war four years. We don't see hardly a man between 18 and 25 years of age here. I will write again.

John Fransburg.

DAMAGING EVIDENCE IN BABY MURDER CASE

The preliminary examination of Frank DeBeek on the charge of murdering his illegitimate child was held in Prosecuting Attorney Fouch's office in the court house before Justice S. C. Brady at Allegan. The result of this examination was that DeBeek was bound over to circuit court for trial.

Only two witnesses were examined. The mother of the child, Hazel Brandt, and Sheriff Hillman, of Allegan county. Hazel Brandt told of her going to the DeBeek home to keep house for him and care for his children and of her relations with the defendant. She said she was 21 years old. Concerning the death of the child she said in part:

"The child was brot from Grand Rapids to the home of Frank DeBeek in this city and it was there about four hours when a cloth was saturated with chloroform and placed on the baby by DeBeek. She did not know what was done with the chloroform afterwards. She said Mrs. Fliteroft brot the chloroform there as far as she knew. She saw the bottle there after Mrs. Fliteroft left and missed it after the baby was gone. She said she saw the baby the last as Frank DeBeek was carrying it out of the house. When he returned he said it was in a good home and having good care. The next time she saw the baby was in the undertaking rooms. On cross-examination she told about Mrs. Fliteroft and Frank DeBeek securing a home for the baby.

Sheriff Hillman followed and told of a conversation had with Frank DeBeek in which the latter said Mrs. Fliteroft said the baby was a poor little thing and would be far better off dead. He said DeBeek told him Mrs. Fliteroft told him the latter's granddaughter went down to Baker's drug store and got some chloroform and that Hazel put some of it on a rag, and laid it beside the baby's head. Afterward Mrs. Fliteroft came and told of a place for the baby, a Mrs. Bush's home on the West Side. Mrs. Fliteroft then went home, got a pasteboard box and took it to the granary, and Frank took the baby to the granary. He said the child cried some and he teetered it. Then they put the child in the box and went home. Mrs. Fliteroft put some more chloroform on a cloth and put it over the baby's face. The baby started crying and he went to get it and Mrs. Fliteroft told him to come away and leave it alone. He said he knew it would kill the baby.

At the conclusion of the sheriff's testimony DeBeek was bound over to circuit court for trial.

Prosecutor Fouch evidently has more convincing testimony which he has not yet submitted but will do so when the case reaches circuit court.

The story was also told about the baby's birth in Grand Rapids, the search made by the sheriff of Kent county for another baby and how this tragedy was finally unearthed.

WELL KNOWN WOMAN WINS HER SUIT IN SUPREME COURT

The supreme court in a decision just handed down, grants Kate Verecke the right to continue to collect compensation from the city of Grand Rapids for the death of her son, formerly employed by the city, who was electrocuted when he came into contact with a live wire of the Consumers' Power company.

ginning at 7:30. The service flag holds 12 stars, representing 12 young men, now in service. Eight of these are overseas, with the 128th and 85th divisions; one is at Syracuse, N. Y., in training for limited service; three are at Camp Custer. None have as yet paid the supreme price.

They are Joe De Boer, Henry Bekius, Clarence Huyser, John De Jonge, Louis Jager, Jacob Hop, Martin De Boer, and Sam Hockstra, overseas; Ruben Bohl at Syracuse; and Albert Van Farowe, Arie Knap and Tony Sietsema at Camp Custer.

TOO GENEROUS WITH PRECIOUS BOTTLE

MAN GOES TO JAIL

It looks like George Smallwood, said to have come in from Milwaukee, on a ferry to Grand Haven Wednesday morning, felt sorry for the boys over here in dry Michigan and wanted to bring in a little sunshine to a boozeless land. When officer Klemple of the city police found him, he had a quart bottle of regular liquor in his hand, and is alleged to have offered everybody in sight a drink. He had just begun his big day, when he landed in jail. He will probably be held for having liquor in possession within and on his person, contrary to the state law.

CURTAINS CATCH FIRE FROM CANDLE; BODY IS BURNED

Robert M. Fitzgibbons, 41 years old, one of the best known and popular business men of Grand Rapids, died suddenly at his home 100 Division Ave. N., at ten o'clock Sunday morning, after an illness of only a few hours. Heart trouble was the cause of death. Mr. Fitzgibbons had been in apparently good health, working all day Saturday and until 11 at night. He had worked for W. C. Chinnek of Pearl Street for 17 years and last May took a position with the G. E. Ellis banks. During his long residence in Grand Rapids he became exceptionally popular among a wide acquaintance of athletes and was an ardent follower of all things athletic, supporting the various base ball teams with an ever open purse. He was prominent among the labor organizations of the city.

Mr. Fitzgibbons is known in Holland by many people both in lodge and business circles who will be surprised at his sudden demise.

A tragic incident connected with the death of Mr. Fitzgibbons appears in the Grand Rapids morning paper which follows: "While the relatives and family of Robert M. Fitzgibbons 100 Division avenue, N., who dropped dead Sunday morning, were in the kitchen eating a light lunch at 10 o'clock Sunday night, the blaze from the candles around the body caught the curtains of the window and burned the house nearly to the ground.

"A fire alarm was sent in and altho the flames had gained considerable headway they were soon extinguished. The head and shoulders of the body burned before the firemen could get to it. The body was removed to the O'Brien undertaking parlors."

SENT TO LOCK-UP FOR TEN DAYS

Richard Stykstra some three weeks ago appeared before Justice Kooyers on a charge of assault and battery preferred against him by his parents. At the time Justice Kooyers let him off with a payment of the costs, amounting to ten dollars, and ten days in the county jail. The jail sentence however was suspended on condition that Stykstra find himself a job and also that he observe certain regulations about behaving himself.

He promised faithfully at the time but his good intentions did not stay with him long. Wednesday morning on instructions from Justice Kooyers the young man was re-arrested by Officer Lew Bouwman and taken to Grand Haven to serve his ten days' sentence. He did not live up to his promises and hence the sentence automatically went into effect without further ado.

HOLLAND MEN MAKE HIT WITH MUSIC

Three Holland men made an unusual hit at a school house Liberty Loan meeting by introducing a song service and entertaining the people of the community with music. The meeting was at Shack Huddle and proved to be one of the best in the whole series. For more than an hour and a half the singing was kept up and then the people clamored for more.

The men taking part in the singing were J. Vandersluis, Al Vegter and D. Van Kolken. In addition to the music addresses were delivered by W. O. Van Eyck and J. Vandersluis. The children of the school also gave a short program. The school house was crowded and there was much interest in the meeting.

Robt. Downey of Detroit called upon A. M. Galentine for a few hours Wednesday.

Mrs. J. E. Smitter of Zeeland spent Friday with Mrs. J. Mellema of this city.

PUTTEE TRIED TO END LIFE IN HOLLAND

Albert H. Puttee, who disturbed and threw the neighborhood on East Thirtieth street into a panic by shooting things up at his home one night two weeks ago, is dead at Grand Rapids. His body was found in one of the rooms at Hotel Mertens Thursday morning, by one of the chamber-maids.

He had registered at the hotel Saturday, as F. M. Davis, of Plainwell, Michigan. He went up to his room from which he did not re-appear until his body was taken out on Thursday morning.

The chamber-maid noticed a peculiar odor emanating from the room, and not having been able to straighten out the room, which was supposed to be occupied, for several days, as often happens, when guests do not wish to be disturbed, the maid called the attention of the management to the odor of chloroform.

The room was soon entered and Mr. Puttee's body was found fully dressed, upon the bed, with a large vial that had contained chloroform lying near where the body was found. Several letters addressed to relatives were also some of the effects found in his room.

Puttee, who attempted to kill his wife and child while in a drunken craze was to have had his trial last week Friday, but his attorney, Thos. N. Robinson, was called away on an eastern trip, and the trial was postponed until the attorney's return.

Before leaving however, Mr. Robinson called up police headquarters, advising them to keep an eye on Puttee, as he was very despondent and gave evidence of wishing to end it all.

The police immediately went to Puttee's home at 25 East 13th St., where they found the man very despondent, and stating that he wished to kill himself, and asked the police to lock him up.

The police searched the house and found large quantities of poison purchased in Grand Rapids. When the police were about to leave taking the poison with them, Puttee seemed more cheerful and did not want to be locked up, as he had at first suggested.

That same night he went to the home of an employee of the Cappon-Bertsch Leather Co., for the night. In the morning the wife of the employee told her husband that she did not want the man around anymore, because she was afraid he would commit suicide. She said that upon straightening Puttee's room, she had found a revolver, supposedly purchased in Grand Rapids and a quantity of chloroform with a Reed's Lake Drug Store Label in the bureau drawer.

Puttee left Holland for Grand Rapids late Friday afternoon, and registered at the hotel Saturday where he finally died the deed, that he had apparently been contemplating for a week.

The police say that Mrs. Puttee had started proceedings for divorce against her husband through Attorney Lindsey of Grand Rapids. This suit of course will be dropped as death clears up all matrimonial tangles.

Born to Mr. and Mrs. John Koster, Lugers Crossing—twins—two eight pound boys.

Financial Report

Forward!

With no thought of bursting shrapnel and poisonous gases into which they plunge—with every muscle tense, with every faculty of mind alert, with one thought only—TO FIGHT AND WIN.

That is the way our men are going into battle. When the shrill whistle sounds the advance, out they go—their whole heart in the task before them. No power on earth can hold them back.

Forward!

The same sharp challenge to battle is sounding for us. We must answer in the same proud way—the way of our fighting men—the American way. We must lend the way they fight.

We must show the war-maddened Hun a united American people moving forward shoulder to shoulder, irresistibly, to Victory.

Our task is to supply the money, the ships, the guns, the shells that we must have to win. It is a tremendous task. We must do it as our fighting men do theirs—with the indomitable spirit of Victory.

We must work, and save, and lend with one thought only—TO FIGHT AND WIN.

Get into the fight—with your whole heart. Buy Bonds—to the utmost!

Essenkay
A TIRE FILLER

Positively Prevents Punctures

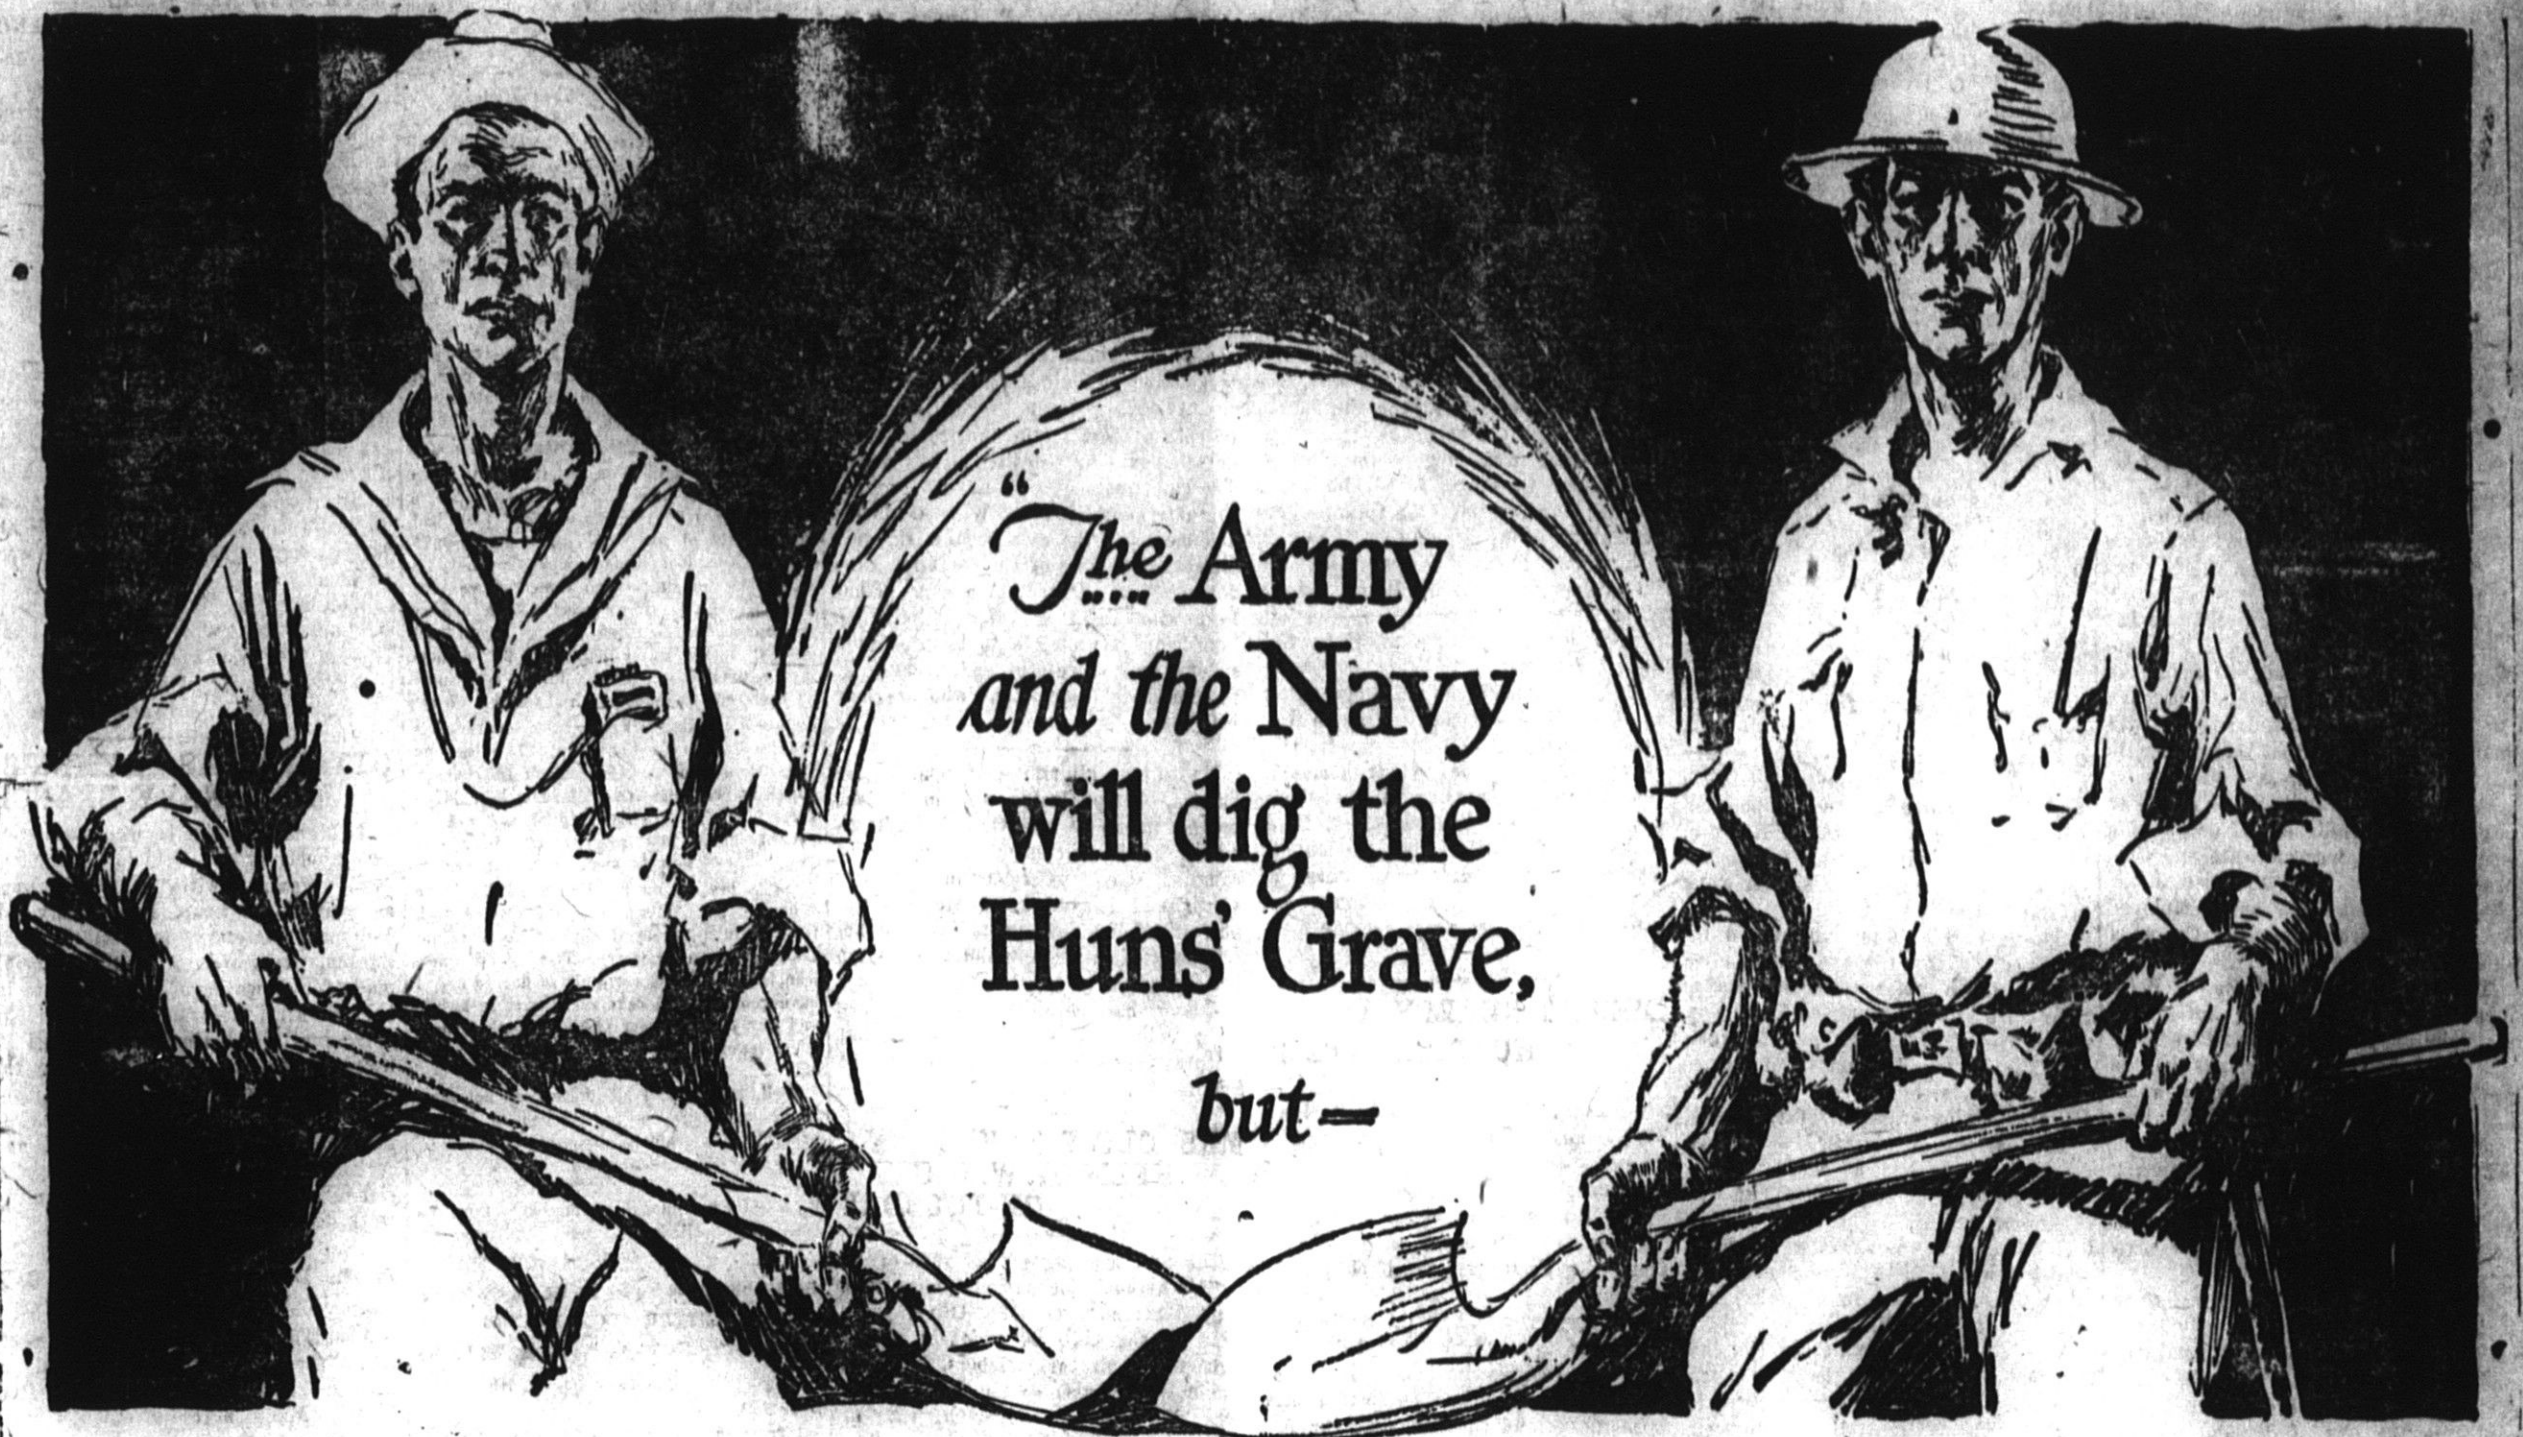

NOW, please don't say, "Oh, just another one of those tire fillers," and let it go at that! ESSENKAY is a tire filler, but not the kind you probably have in mind. It is nothing like the ones that have been tried and found wanting, but is a wonderful discovery that has at last solved the problem of a real substitute for air.

Cuts Your Tire Cost in Half

ESSENKAY not only positively prevents punctures and "blowouts," (there is no air to puncture or "blowout"), but also doubles life of your castings and saves half your tire cost. First cost of ESSENKAY is your last cost, as it lasts for many years and is transferable from one set of castings to another indefinitely.

We Must Furnish the Spade" — Billy Sunday

By REV. WILLIAM A. SUNDAY

Uncle Sam's Liberty war chest needs filling again!

We have the cash to fill it as many times as he lifts the lid.

There are only two horns to this dilemma—you are either a patriot or a traitor.

The men on the firing line and on the battle-ships have turned from business, home, mother, wife, children, and they stand ready to give *their* lives and shield with *their* bodies us who remain at home.

We are unworthy to be thus protected, if we do not do our utmost to sustain them.

We must be one in our determination to win this war. We are traitors to the cause for which they are giving their lives, if we do things here that make their efforts harder.

Life is not worth living unless there is something to live for. *Life would not be worth living if that bunch of Heinies should win.*

That is why they cannot win. That is why we cannot lose.

What a mountain of crime God has on his books against that horde of Hellish Huns. What grave is deep enough for this thousand-armed, thousand-footed,

thousand-headed, thousand-horned, thousand-fanged pirate of the air, assassin of the seas, despoiler of the earth and ambassador of Hell!

The army and navy will dig the grave, but we must furnish the spade.

Our boys will soon hang crape on the door of the Potsdam Palace, and the bands will play Yankee-Doodle and Dixie along the Rhine.

Uncle Sam is the cactus in the Kaiser's pillow.

Our Boys have gone over to clean up on that fool bunch of Huns and it is up to us to supply them with whatever they need to finish the job. It takes money to keep the riveters riveting—the sawyers sawing—the machine guns spitting bullets and the grub wagon always on hand with the eats. There is nothing too good for our brave defenders.

Our vocabulary contains no words adequate to express our approval of the achievements of our government since we threw our hat in the ring. We are rich on top of the ground; we are rich under the ground and our rivers creep like silver serpents to the seas, bearing our products.

The children of England, France, Italy and Belgium are laughing once more because they are being fed from Uncle Sam's bakeshop. One earload of meat every two minutes, one hog out of every four, nine million pounds of meat a day—all going over to feed our boys. We are in this scrap to the last dollar, the last grain of wheat, the last day.

We will never stop until Germany dips her dirty blood-stained rag to the Stars and Stripes. It's a whale of a job we've tackled, but we can and must put it over.

But you must help.

Don't whine. Don't knock. You can't saw wood with a hammer. Don't turn the hose on the fire; add fuel.

DIES AT NEARLY A HUNDRED YEARS

Johannes Huyser Sr. of Zeeland died Sunday afternoon at the age of 99 years and ten months, lacking just two months of being 100 years old. The funeral services were held on Wednesday afternoon at 1 o'clock from the First Reformed church at Zeeland.

Mr. Huyser was born in South Holland, the Netherlands, in 1818, and came to America in 1847. He spent a year in New York, then settled on a farm in Zeeland township in 1848. After farming a number of years he then moved to Zeeland with his family on what is now Central avenue. Mr. Huyser played an important part in the upbuilding of Zeeland. When the Vander Meulen-Vande Luyster colony came here he helped build the first log church. He always has showed an active interest in church work. Mr. Huyser's wife died in 1912 at the age of ninety-seven. They were married in The Netherlands in 1841 and came to America together.

He is survived by the following children: Johannes, of Zeeland, K. Huyser, John Huyser, and L. Huyser, all of Zeeland, Mrs. D. C. De Pree of Zeeland; Cornelius Huyser and Mrs. J. De Jonge, of Grand Rapids; Mrs. Wm. Westhoek, Holland.

WAR STORY OF PAT MCCOY OUT IN BOOK FORM

"Kittie McCoy" is the title of a book just off the presses of the Bobbs-Merrill Company of Indianapolis. The volume has been placed on sale in the local book stores and is attracting a good deal of attention. It is by "Patrick Terrance McCoy," alias Cornelius Van Putten. The book is bound in light green cloth with a jacket on which is printed a strip in imitation of Kittie cloth. It is a volume of 246 pages and is profusely illustrated.

"Kittie McCoy," ran for the most part serially in the Grand Rapids Herald. The manuscript was taken by the Bobbs-Merrill Company and the present volume is the result. While many Holland readers are already familiar with much of the subject matter from reading the story in its newspaper form, the book will doubtless create a great deal of interest here. Many will want it so as to have it in more permanent form than is possible in the shape of newspaper clippings.

The name "Van Putten" does not appear on the title page, but in the first chapter of the book the writer tells the story of the change of name and how he was transformed from a Dutchman with a "Van" tacked on to his name to an Irishman, in Scotch dress, with a "Mc" to take the place of the Dutch "Van." The book is necessarily written for a general audience and the local interest is properly overshadowed by its general interest. But nevertheless, in view of the fact that "Pat McCoy" has become very well known throughout Michigan, the interest of the home people in the book will probably be great.

The publishers in their "notice" of the book, say "The book bears in every word the stamp of authenticity. It is a human document of amazing interest."

The Club now has a membership of 23 over 200 and is only excelled in number by 11 out of the 325 clubs in the State Federation.

The program consisted of readings by Miss Mitz, one from *Burke* and the other two war poems by Robert Service. Mrs. R. M. Waltz, accompanied by Mr. Dok, pleased her audience with two solos from Opera—the first "I dreamt that I dwelt in Marble Halls," from the Opera "Bohemian Girl," and the other, "Thou art a Mystery" from *Rigoletto*.

The State Federation has asked all clubs to encourage community singing of war and wartime songs. Printed pamphlets were given to the members and several songs were sung, led by Miss Anthony, who is in charge of this. It is expected the singing of these songs will have an Americanizing effect, especially in communities of several mixed nationalities.

At the close of the meeting, the members adjourned to the dining room which was in charge of Mrs. A. L. Cappon. Tea was served and a social time was enjoyed.

STUDENT ARMY INDUCTED AT HOPE COLLEGE

A large audience gathered on the Hope College campus Tuesday forenoon to witness the ceremonies in connection with the induction of the members of the Student Army Training Corps at that institution. Ranged in two lines on the athletic field, the 62 men who have signed up in the corps took the oath of allegiance. The Order of the Day was read by Lieutenant Jacobson, as well as a letter from President Wilson and letters from other government officials.

President E. D. Dimment presided. He introduced Mayor Bosch who spoke a few words to the members of the corps. Mayor Bosch was on the program as the representative of the city of Holland. Like all the addresses, it was brief but eloquent.

No less eloquent and fitting was the address by Dr. J. E. Kuizenga of the Seminary. He declared that Germany had made its bet on the power of guns and on the adequacy of physical might. But America has put its trust in the power of righteousness and that power is going to crush the unrighteous into the dust. America will not be defeated, said the speaker, because "God knows no defeat."

Pat McCoy was not on the program but he was in the audience, and President Dimment called upon him to say a few words. He told of some of his experiences in the trenches and on No Man's Land, and he predicted a comparatively speedy victory if the boys in the S. A. T. C. and all other soldiers of the Union would play the game as splendidly as the Americans now in France are doing.—Rev. H. J. Veldman offered prayer.

The military system at Hope College is getting into the war stride rapidly. Lieutenant Vander Voort, government inspector, has inspected the local barracks and has expressed himself as highly pleased. Altogether 62 men have signed up, more are expected and the number may reach a hundred soon. The barracks are in Carnegie gymnasium and the mess hall is on the third floor of Van Realte hall.

HIGH SCHOOL BOY FIGHTS BANDITS IN SANTO DOMINGO

(Continued from 1st Page)

to beat the band and after we had got a good soaking (blankets and all) we decided to move inside the shack. I went on guard at 3:00 to 5:00 a. m. around the camp. At 5:1 I awakened the camp and in a short time breakfast was ready. We had chickens and good chicken broth, sweet rice, plantains and honey and coffee. Then we started back intending to take another way back and visiting an old camp to have dinner. We hiked along until about 10:30. Then we fell out for a short rest. We were just peeling some sugar cane when the sentry we had posted up the road turned and shouted "Hare they are, fellows, come on!"

We rushed up there and before I had fired a shot they got me in the leg. I felt just as though some one had rapped me over the leg with a tiny twig and I thought I had dropped a cartridge in it. I looked down and saw two holes through my trousers and the thought of their ruining a good pair of trousers for me made me mad. Believe me the lead flew thick and fast. I fired about twenty shots. I guess after the machine gun got into action we quieted them down as well as shot them down for a while. There were between 80 and 100 of them (bandits) and twenty of us. One other marine was slightly wounded besides myself. They attacked us for the second time but we beat them off again. I was put up on one of the horses we captured and we again proceeded. We had killed about 20 of them. It is estimated and nobody knows how many of them we wounded. I rode in all of the distance to Hato Mayor. The next day I rode on horse to Sonolito, 17 miles and from Sonolito to Consuelo on the narrow gauge railway and from Consuelo here in a auto. I am here in the hospital now and am getting along just great. Dr. Glen certainly knows how to treat ugly shot wounds. Mine is healing up fine and I hardly know I have got it. I expect that I will be back to duty in a couple of days so there is not the least cause for worry. There is an American lady here who certainly is fine to us. I have good pie and cake every once in awhile and our food is great and all together there is no reason in the world why I am not well off.

Well, mother and all, there does not seem to be anything else to tell you so I shall bring this to a close. Excuse writing.

Your loving son,
"JUAN"
P. S.—I hope enough of this gets thru the mail so you will know I wrote anyway.

A LETTER FROM FRANCE

France, Sept. 11, 1918

Dear folks:—
I received your letter a few days ago, and was very glad to hear from you. I would have written before but have been unable to. I am feeling fine and hope that all of you are too.

We have had fine weather until a few days ago, when it started to rain and has rained about half the time, but that does not worry us because we are in barracks and a nice place to sleep and plenty of blankets to keep us warm and plenty to eat.

Had a nice trip over here and saw a lot of interesting places. Where we are now they have the Y. M. C. A. tent. Here on Sunday they hold church and I have been there as often as I could and during the week they hold mid-week meetings which I go to, and enjoy going to. They have good sermons.

Well as my time is up, I will have to close hoping to hear from you soon.

As ever your son,
EDWARD ATMAN.

LETTER FROM SOLDIER

Augusta, Sept. 27

My dear friend—
I thought I would drop you a few lines to let you know I haven't forgotten a good friend. Well, Mr. Vanderhuis, how are you? Fine I hope. I would have written before to you but have been rather busy lately writing. I am getting along first rate and hope to do still better and like my work first rate, but it will be very much more interesting over in France. I expect to leave soon as there are a great many of them being wounded and the call has come for the base hospitals at once to handle the wounded. But we are not exactly ready just yet and expect to leave anyway with the other six hospital companies as they are ready to go over. I see in the paper that some of our Holland boys were severely wounded which is too bad. Our company is just anxious to go to France and do their share and so am I. This place is quite different than the good old state of Michigan, the climate especially in the daytime as it is so terribly hot and the nights are very cold. As this is Friday our religious day, we generally come down and attend it. This choir is nothing compared to the one you have charge of in Holland. How is everything in the city of Holland? I suppose there are a great many of our boys leaving for camps. I will have to close for a while at least as our services start in a few minutes and will write to you soon. Again hoping I shall hear from you in return as you have been a mighty good friend to me, Sir, and shall not forget you, so good bye and wishing you the very best luck, I will close.

Sincerely yours,
Private Roy R. Fox,
Base Hospital No. 124,
Camp Hancock, Augusta, Ga.

Sept. 8, 1918

Dear Father and Mother:—

Just a few lines to let you know I'm in France and am feeling fine; the weather has been very nice, it is raining today, the first it rained in four months. We have been having a treat since we are in France, there are black berry bushes all along the road and we have been having berry pie and it sure was good. There are berries enough here to feed an army. The French people are very good to us but it is hard to understand them, but we will learn it in time. We are located in a small village just an old country place. Some of the barns are built onto the house all stone or plaster of some kind or other. Our drinks are doped with some kind of medicine to be sure it is pure and is kept in water bags with faucets near the bottom. We are also allowed to buy light wine and beer. I don't care for the wine as it is too sour, I'd rather have a cup of coffee. Our first mail came Friday from the U. S. A.

but did not get any myself, but we are all looking for some. How is everything at home? I wrote a letter to Jen today. I have been wondering how Anna is getting along since her operation? Have you been to Chicago? Wowsof. This will be all for this time, best regards to Lena and Len and everybody else.

Lawrence De Witt.

SAYS BOYS ARE WELL CARED FOR IN FRANCE

Somewhere in France, Aug. 20—Dear Folks—Well, I am somewhere in France, and feeling fine, and hope that all of you are too. We had a nice little trip on the boat across, and traveled quite a bit here. I saw some of England, but have been in France most of the time I have been here.

We are in good quarters now, a good place to sleep, and sleep good and warm. Things are a lot different here than over there. The houses and buildings are all made out of stone and brick, and the trains look a lot like toys to what ours are.

I like it here very well and we are all taken good care of, so do not worry about me because I am all right and do not worry about anything. We are just as well off here as what we were at home.

Well my time is up and I have to get busy, but will write later and hope to hear from you soon.

With love to all, I am
Edward Atman.

OTTAWA HAS LAYMEN'S MISSIONARY BRANCH

A branch of the laymen's missionary movement for Ottawa county has been organized with Henry Geelings as general chairman, Rev. Henry J. Veldman, secretary, and Alek Van Zanten, treasurer. Plans are being made for a two days' conference to be held in First Reformed church in November at which time Rev. Samuel M. Zwemer of Cairo, Egypt, will be the leading speaker. Six other prominent men will be listed for addresses. The movement is interdenominational and seeks to arouse enthusiasm in missions, educational and community work.

Present Departing Member of W. C. T. U. With Thermos Bottle

About 50 ladies attended the meeting of the W. C. T. U. at the Third Reformed church parlors Friday afternoon. Many notes of thanks were read from teachers who were presented with bouquets on the opening day of school, as the union has sent flowers to each teacher in our public schools. The program was in honor of Frances Willards' birthday and Mrs. Durin read a paper giving a short sketch of her life and also of other noted women of history. Mrs. De Merrill read a sketch of reminiscences of the Holland W. C. T. U. Mrs. Whitman expressed the feeling of all present when in a few well chosen words, she told how the Union will miss the inspiration of their president Mrs. Dutton, who expects to leave in a short time to spend the winter in California, and in the name of the society, presented her with a thermos bottle and lunch kit. Tea was served by Mrs. Praken, Mrs. Albers and Mrs. Van Ark.

N. C. KNOOIHUIZEN TO BE PRINCIPAL OF FERRYBURG SCHOOL

The Ferrysburg trustees have engaged N. C. Knooihuizen of Holland to fill the vacancy and the new principal took charge last Monday morning. Mr. Knooihuizen was formerly county school commissioner of Livingston county, and is an experienced instructor.

HOW IS THIS FOR LOAN RECORD?

Alderman Dick Jellema, who is the manager of the Auto-bow Company, and employs twelve men was at the factory bright and early at 7 o'clock Saturday morning.

Every one of his men had purchased bonds at 7:15, with the exception of a young chap who is supporting a widowed mother. The twelve men chipped in equally and purchased a \$50 bond for the young man.

Manager Jellema says, our men have really gone better than 100%.

Mr. Jellema has two boys already in the service and the youngest one will leave soon.

H. A. Schmar also a proprietor has three sons in the service. It certainly seems that those connected with the Auto-bow Co. have gone over the top with a vengeance.

RECEPTION HELD FOR SEMINARY STUDENTS

There were some 75 present, including the students, faculty members and the clergy of the Reformed churches of Holland.

Zwemer, sang two selections, Dainty refreshments were served by Mrs. Kuizenga, Misses Mabelle, Esther and Janet Mulder, Katherine Vander Veer and Bessie Zwemer. Every Acre Is an Arsenal

Every acre of land that you farm grows more than the crops you harvest.

It grows actual dollars and cents which represent big guns and high explosives, swords and rifles, machine guns and bombs, food and clothing, everything that our brave soldiers and sailors

need to drive the brutal Hun back to Berlin and force him to his knees.

Therefore, every one of your acres is an arsenal which can turn out weapons and supplies for our men *if—*

And only *if—*

**You put as large a part as possible of the dollars you get for your crops into
LIBERTY BONDS**

A Liberty Bond is a loan to protect yourself, to protect your home and your farm, your wife and your children—all that you value and hold dear, all that makes your life worth living.

American boys are giving their lives in your cause on the fields of France.

They are giving all for you and yours, and they need help.

Have *you* done *your* full share?

How many guns and rifles and other supplies are your acres furnishing?

Think it over!

"After Germany Has Won"

Listen to the words of the Hun, spoken by his duly authorized Imperial Chancellor:

"After Germany has won, the United States will find herself confronted with an indemnity which will about equal the entire amount expended by Germany in the whole war. For every loan to the Allies, for every bullet, shell, every gun, every conceivable item of war material shipped by America to the Allies, there will be an accounting in gold."

How do you like it?

How do you like the idea of footing Germany's war bill after she has won the war?

Whether you like it or not, you *know* that what the Imperial Chancellor says is absolutely true

if Germany wins the war.

Therefore it is up to you right now to do

your share to see that Germany does not win the war, so that your money will not be given to pay the expenses of the Hun.

Would you rather lend your dollars to America or give them to the Hun?

Choose now. The amount of LIBERTY BONDS you buy is your answer to the impudent boasting of the Hun.

A Soldier Facing Death For You

Somewhere in France today, at this very minute, there is a soldier looking straight into the face of death.

He is doing this for you.

By night and day, in storm, in rain, in cold and gloom, facing a hundred deaths he never hesitates a minute but does his duty without a thought of hesitation and without a thought of reward.

What are you doing for him today?

When you think of that man don't you want to do something to prove that you appreciate what he is doing for you?

Of course you do. Then act on your desire and buy Liberty Bonds which will help to safeguard him and to bring him back home.

After you have bought all you can tell your friends to do the same.

TANNERY ALIENS TO BECOME CITIZENS

The necessity of taking out naturalization papers, as a demonstration of patriotism was shown this week among the alien employees of the Cappel-Berish Leather Co., when 14 men went to Grand Haven for that purpose. It is quite an assured fact that there will be nearly 100% of Tannery employees to become volunteers in the next Liberty Loan drive.

The spirit of "Yours to win the war" in some way, is spreading fast. The men feel better, when they realize what they have done and it is fair to presume that the men who went to Grand Haven to become citizens of the greatest country on earth will have no cause to complain of the better feeling that will prevail among their co-workers at the tannery.

The example set by these men may well be considered in other industries where aliens are employed.

RECEIVES ANSWER FROM WHITE HOUSE

When Austria sent its peace note to the Allied countries about two weeks ago Mayor Bosch wired President Wilson to the effect that the people of Holland were against inconclusive peace negotiations now and that the people here would stand back of the president in a firm attitude by this government. Mr. Bosch has received the following letter in reply:

The White House, Wash.
Sept. 17, 1918

My dear Mr. Mayor:—
Allow me to acknowledge the receipt of your telegram of Sept. 16 and to say that it will be brought to the attention of the President, in whose behalf I beg to thank you for your heartening assurance.

Sincerely Yours,
J. P. Tumulty,
Sec'y to the President.

SUNDAY SCHOOL CLASS VOLUNTEERS SERVICES

The Sunday School class of John Vanderhulst of the Third Reformed church has volunteered its services to the Ottawa County Red Cross. The class has a membership of ten girls, and these young ladies have offered to do such work as the Red Cross may direct. The class was entertained at the home of their teacher. The members are: Dorothy Doan, Flora Helmer's, Hazel Kraai, Edna Oosting, Elizabeth Vander Veer, Irene Dangremont, Gertrude Stephan, Evelyn Huyzer and Leona Van Anrooy.

FORMER HOLLAND MILKMAN WOUNDED

Word was received by his parents in this city that Arthur J. Schaap, son of Mr. and Mrs. Otto J. Schaap formerly of East Holland, was wounded in France on August 28. The letter was written by the young man himself at a base hospital. He has been wounded in his left leg and left shoulder, was doing well, and receiving the best of care and attention at the hands of physicians and nurses.

IS CORPORAL NOW

Howard Kilgore, son of U. S. Light-keeper Joseph Kilgore of Grand Haven is a corporal in the army now. The young man is a member of Squadron C. Aviation section stationed at Hampton, Va. He enlisted in the service several months ago.

REFUSES YALE JOB; WANTS TO GO ACROSS

A position as military instructor in Yale university was offered Peter N. Prins, a former Hope student and Holland boy, but he declined the offer because it likely would spoil his chances for going across the ocean to fight boches. His brother, Travis W. Prins, likewise is anxiously awaiting an opportunity to get into real action in Europe.

The Prins brothers recently were promoted to the rank of second lieutenant. Peter left Holland soon after his country entered the war and joined the cavalry at Eagle Pass, Tex. He was in the fight with the Mexicans on the border. He now has charge of the officers instructing cavalrymen at Camp Jackson, South Carolina.

Tennis Prins first served at Camp Custer, then joined his brother and now has been transferred to the artillery school at Fort Sill, Okla. He is gifted vocalist and during his spare moments drills the colored men in singing patriotic songs which have become immensely popular with them.

The Prins boys were among the best athletes ever enrolled at Hope. Basketball was their favorite game and in this they were stars, Tennis holding the captaincy for several years. They also were members of the Prins-Baker quartet which made a hit in musical circles at Hope for several seasons.

LOCAL PASTOR IS MUCH IN DEMAND

When the congregation of the Fourth Reformed church surprised their pastor, Rev. M. E. Brockstra, Thursday evening in celebration of the fact that he had declined a call to New York state which had been extended to him some weeks ago, they were met with the information that that same church in the East had extended another call to him immediately on receiving the announcement that their first call had been declined. This was a considerable disappointment to the congregation, all the more so since Rev. Brockstra is also considering a call from the First Reformed church of Chicago.

The congregation presented their pastor with a purse of \$152. A fine program was rendered and light refreshments were served.

O. Groot of Chicago was in Holland Thursday on business and visiting with friends.

Mrs. B. Altana, of Crisp called on Mrs. G. DeWeerd Monday.
E. P. Stephan attended the Republican state convention at Grand Rapids Thursday.

George Getz and family left Lakewood farm for Chicago for the winter this week.

MORTGAGE SALE NOTICE

If You Have Not Yet Bought Your Liberty Bond

Suppose an attack was planned by General Pershing in the St. Mihiel sector in France. Suppose he passed along the word for the "jump off" at 4 o'clock in the morning. The superior officers had passed it on to the lower officers and they in turn to the privates—"Four o'clock in the morning and be on your toes!" Then suppose, after all the preparations had been made, one out of each five men in the line should refuse to "jump off." Suppose they should say, "We don't feel like attacking today. It isn't convenient for us just now. Some other time perhaps, but this morning—nothing doing."

Suppose all this were possible, what do you think the result would be? Would the other four out of each five men make much of an attack? If they attacked at all, do you suppose they would carry any of the enemy's positions? Would they go at it with the "Hell, Heaven or Hoboken by Christ-mas" spirit?

They would not. Their morale would be shattered. If they could be got to attack at all, with one out of five of their men flunking out, the attack would be listless and would be doomed beforehand to failure. Instead of an attack it would be a frost, and the

whole American nation would have to hang its head in shame.

And yet that is just about what has been done right here at home in the first three Liberty Loans. Those loans were our attacks on Germany. In each case the word for the "jump off" came to us from the superior officers at Washington. But all down the line there were members in the attacking party who have been saying, "It isn't convenient just now; some other time perhaps, but now—nothing doing!" That has caused bitterness and discontent among others who have faithfully come forward with their subscriptions. When they saw people who could well afford it, flunking out with a small subscription or with none at all, their morale has been lowered.

The Volunteer Period has now closed in the Fourth Loan and Holland has splendidly shown that it wants to back up the boys. But there may be still some in the city who have not done their part or who have not done their full share. Do not wait for a committee to call on you. If you did not volunteer when it was time to volunteer do the next best thing and volunteer now. Turn in your subscription at one of the three banks, at Liberty Loan headquarters or at the Hope College Booth on Eighth street.

CHILDREN'S YEAR CAR TO BE HERE NEXT SUNDAY

IS TO BE STATIONED ON INTER-URBAN TRACK ON WEST EIGHT STREET

The children's car in charge of the Woman's Com. of Council of National Defense will be in Holland from five o'clock Sunday afternoon until eleven o'clock Monday morning. It will be parked on Eighth street at the Inter-urban freight station. The car will be open for inspection as soon as it arrives and men as well as women are invited to inspect the car, and visit the exhibit. Mothers whose babies have not yet been weighed or measured are urged to bring them Monday morning between the hours of 8 and 11.

The car will contain a most interesting collection of posters and educational exhibits in addition to equipment for weighing and measuring children under six years of age. In one section are shown the proper layette, made and donated by the Little Folks' Welfare society of Grand Rapids, proper and harmful toys and a table of "don'ts" as a warning for the feeding of young children, which includes pie, bologna sausage and pickles, articles of food which actually have been fed to children.

In the well-heated room where the children are weighed and measured Miss Hannah Ackerman, the nurse in charge, will examine and weigh all babies brought to the car, and will give valuable information as to the care of children and prenatal care. The project has so favorably attracted the attention of the state board of health that Mrs. B. Perkins, who has had charge of the organization of the trip has received word that the board was prepared to send a woman physician and child specialist, Dr. H. M. Carbaugh, on the entire six weeks' tour of the towns in southern Michigan. Some requests have been received for stops at points not on the schedule, and the advance of cold weather is the only thing which will cut short the trip.

"V" PERIOD IN LIBERTY LOAN IS ENDED

HOLLAND CLOSING THAT PART OF CAMPAIGN WITH MORE THAN \$520,000

The time limit in the Volunteer Liberty Loan Drive closed in Holland Tuesday evening. While, because of the fact that so many subscriptions make it difficult to be exact, the detailed figures cannot be given by the committee in charge at Liberty Loan headquarters, a fairly accurate estimate shows that the amount subscribed in Holland during the Volunteer period is considerably over \$520,000. The quota for Holland was \$508,000, so that the city more than did its share. The Volunteer Plan has proved itself to be a splendid success and it has done all that was expected of it by those who inaugurated it in Holland and Ottawa county.

This does not mean, however, that the Liberty Loan drive is ended in Holland. Not only is it not ended but it is to be continued up to the last day set by the government with unusual vigor. All that is ended is the Volunteer period.

Scattering reports that have been coming from the rural sections and many of these show that a number of the school districts in southern Ottawa county have failed to come up to their quota in the Volunteer period. Of course work is to be continued vigorously in these districts themselves in order to have each unit bear its own burden. But in addition to that the work will be continued in Holland so as to make it absolutely sure that southern Ottawa will reach its required amount. It would be something of a disgrace for this section of the county if the mark were not reached and some vigorous work will be done to reach it.

Almost everybody in Holland is wearing a "V" tag but there are still a few who have not come across. All those in the card index, and that includes everybody, will have a chance to subscribe before the close of the campaign.
