The Weaver

The old rug maker creates a beautiful pattern by weaving single threads at a time.

Any person may weave pattern for success and independence, and have money to take advantage of opportunities, if he will save his dollars with us—even one at a time.

Some wise fellow is saving other men's wasted dollars.

A SCORE FROM HOLLAND ARE GOING TO SEE RED GRANGE PLAY

Jim De Pree has been very considerate of the Holland fans who love to see a game of football. He is a mighty close friend of Coach Yost, and was well supplied with tickets, although the pastebards are hard to get, and not one half of those who want to see Michigan and Illinois play at Urbana will be able to go.

But Holland is especially well taken care of and for the reason a motorcade will leave Holland tomorrow in order to arrive at Urbana in time for the game. Those who are to go are James DePree, Neal Vander Meulen, Edgar Landwehr, Charles Landwehr, Harold De Pree, Jacob Van Zanten, Jake Fria, Earl Van Lente, Paul Landwehr, Nat Robbins, Stanley Kleinhessel, Mr. and Mrs. William Vandenberg and son William Jr., Herman Vandenberg, Vaudie Vandenberg and son Vaudie Jr., Ed Jeoman, Martin Linderman, John S. FURNITURE

EMPORIUM IS NOW COMPLETE

DE VRIES AND DORNBOSS INVITE PUBLIC TO THEIR NEW STORE

Is Considered Most Beautiful and Artistic Furniture Mart On Entire West Michigan Pike

The enterprising firm of De Vries and Dornbos, who have as their slogan "The Home of Good Furniture," have indeed provided an extraordinary home for this furniture, and they are about to open this new home, now that all the details are complete. It is for that reason that they welcome the citizens of Holland and vicinity. In fact the general public, no matter where from is invited to this opening of their.

The proprietors of this beautiful new store on East Eighth street are extending this welcome to the public on Wednesday, next week from the hours of nine in the morning until 10 o'clock at night. The management will hold open house on that day and while no purchasers will be turned down, no attempt will be made to sell goods and if sales are made it will only be by special request.

The store will be beautifully decorated on that occasion, and an orchestra will play constantly in the music room on the second floor, during the hours of the opening.

The management has made special provision for souvenirs and not alone are these little tokens unique, but they have a money value and are really worth while.

There are three separate souvenirs, one suitable for the man, one pleasing to the lady, and another one that will delight the child. Every visitor is to receive a souvenir particularly suitable for that patron.

The local firm was first established in 1914, under the firm name of De Vries and Lokker, then located in the Steketee building now occupied by the City Mission.

In 1917 the steady expansion of the business made a change for larger quarters imperative, and the furniture company moved to the Rink building on East 8th street, near College avenue, occupying the first and second floors.

Shortly after Mr. William Lokker retired from the business, Cornelius W. Dornbos purchasing the Lokker interest. This brought two experienced men together, since Milo De Vries had been selling furniture for a number of years, and Mr. Dornbos has been dealing in musical instruments and was well equipped to handle this department in the enterprise.

Under the firm name of De Vries and Dornbos the Rink building was purchased, and the entire building three floors and a basement, was remodeled into an up to date furniture store. However the steady growth of this furniture firm was so rapid, that in 1924, the large Visscher block on East Eighth street was purchased from the A. Visscher estate, and shortly after the tenants had vacated, contractor Abel Postma and Sam Habbing proceeded to remodel the building, and the

The Gullbransen registering piano and the phonograph department with the accompanying records, take up a large part of this floor. A convenient and well arranged rest room for ladies is also found on this second floor.

The third floor contains a large dining room and a breakfast room. In fact this floor is set apart exclusively for this department.

The toys, nursery goods, brass beds and metal ware are found on the fourth floor, and this floor will be a mecca for the youngsters. The fifth floor is filled with miscellaneous articles. It serves the purpose of a surplus stock, or in other words a replenishing room.

The basement all done in white, is stocked with dining room sets and other crockery, together with oil stoves, refrigerators, kitchen cabinets and washing machines. By the way a vacuuming machine demonstration will be a continuing performance in the basement.

It is estimated that on the five floors there is space enough for a show window trim of 310 feet with a lighting arrangement of 136 reflectors.

The entrance to this double store also with double entrance is unusually beautiful and well arranged, with a steel canopy overhead ornamentally lighted. The approach to the store not only beautifies it but the patrons are protected in stormy weather.

There are large show windows on every side, with a well arranged island display window in the center. There are also miniature show windows overhead.

The floor of the entrance is done in tile. Artistic designs blend in the floor, and in the center there is a drinking fountain for public use.

One of the representatives of the firm states that the growth of the business is reflected in the number of delivery trucks used. Today the firm has a battery of three automobile trucks, while not so many years ago, it hired a ten cent delivery service to make a deliveries of goods to customers.

The personnel of the firm are Milo De Vries and C. W. Dornbos. The sales force is composed of the following members: Charles Rozema, Corrie Westendorp, William Ver Lere, Ed Vander Hoop, Jack Vandenberg, Leonard Overbeek and Donald Stoepker, while Miss Anna Barkema can be found in the accounting department on the first floor.

The firm of De Vries and Dornbos has surely made remarkable strides, have shown wonderful enterprise, have something worth while to invite the public to, and Holland no doubt will avail itself of the opportunity extended thus the welcome to the opening next Wednesday.

The membership of the Holland chamber of commerce has been increased to 430 by dint of a membership contest now in progress. It is hoped to swell the roster to 500 names.

"The territory north of 5th St. has never been sewered, except for 4th-st. east of River Ave. I believe it would be a good plan to lay a sewer in 3rd-st. from a point near the lake to the disposal plant which would receive the flow from a future sewer to be laid on River Ave. This sewer, immediately available to the Ottawa Furn. \$50,000 GIFT FOR NEW HOPE COLLEGE CHAPEL ANNOUNCED WEDNESDAY

For some time past plans have been on foot at Hope College for a new chapel to be erected on the college campus. The need for such a building has been greatly felt as each new year finds the student enrollment increasing rapidly. Dr. E. D. Dinnert finally launched a campaign to raise the necessary funds and at the meeting of the synodical conference last night at Third Reformed church it was formally announced the chapel will be built.

A gift of \$50,000 made the erection of this chapel an assured fact. The total cost of the building is about one-half of the money is pledged. Pledge cards are available for all who wish to give and the smallest contribution will be welcomed by the committee. The plans for this building are completed and a large picture of it was shown yesterday to all those who attended the synodical meetings. The cost is estimated to be about \$250,000.

According to the plans, the architecture of the new chapel will be Gothic and it will be erected on the corner of College Avenue and Twelfth street, in the place now occupied by the tennis courts. The seating capacity in the auditorium will be about 1400, with many smaller rooms downstairs. These downstairs rooms will be used for classrooms and gym for Y. M. C. A. Y. W. C. A., Student Volunteers, Life Service Union, and Religious Education club.

The auditorium will also be available for meetings of the general synod of the Reformed Church in America and the Chicago synodical conference. The Chicago synodical conference and other local religious organizations will also hold a home in this building. In most colleges and universities a regular church is maintained for the students and this new building will give the Hope students this splendid opportunity of having their own services. The college is growing steadily and this new building is one that will soon be needed to afford proper facilities for the students.

HUNTERS MUST NOT USE AUTOS TO TAKE DEER OUT OF STATE

Hunters will not be allowed to take deer out of the state in automobiles this year, John Baird, director of conservation, announced at Lansing Friday. Fifty wardens are to be stationed at strategic points to prevent motorists from crossing the state line with their bags. Many Michigan hunters who have gone north by way of Illinois and Wisconsin as well as non-resident hunters will be compelled to ship their deer by express.

According to Baird the law provides that deer must be shipped, not transported in automobile.

RELIEF CORPS GIVES \$10 TO RED CROSS

The Woman's Relief Corps was again the first organization in Holland to make a contribution to the Red Cross roll call that is to start on Armistice day. The Relief Corps is in the habit of donating \$10 to this cause. This was again done this year without solicitation on the part of the Red Cross.

HOPE STUDENTS CELEBRATE BIG VICTORY

Hope won two victories Friday, one over Ferris Institute's team while the other was over a final that has followed the school for a long time. For years back the pep for football seemed to be fixed at the local college but Friday something broke and the students following their splendid band worked up such an amount of enthusiasm that the town people found out that Hope had a football team. Decorations were placed on some of the buildings and students gathered in different places, wild about Hope's chances for victory. The team could only do one thing with such splendid backing and they swamped Ferris, 12-0.

The new students' eating place, the Colonial Inn, proved to be a regular fraternity house last night as it was well decorated and the seat of many a conflict about the game.

Hope has long lacked this college spirit but now that it is aroused it is hoped it will continue as it will help boom Holland and draw crowds to the city. One of the biggest games of the local schedule will be Kalamazoo college which plays here Armistice day, November 11th. With the caliber of this year's team shown Friday, Hope can now step out into fast company and hold her own.

FIRE DESTROYS CARS AT WOLVERINE GARAGE

Alarm of fire was turned in at 4 o'clock Saturday morning from box 32, which proved to be a blaze in the storage part of the Wolverine garage on River Ave. and Ninth-st. The origin of the fire is unknown.

The local fire departments responded quickly and put the fire out in short order, but found that two cars had been totally destroyed and a second hand sedan was badly damaged.

Chief Blom states that the safety of a fire proof building was well demonstrated for the fire was confined only to the cars, and could not damage the building; had the structure not been a fire proof one there would have been a different story to tell.

The loss is only partially covered by insurance. Born to Mr. and Mrs. Ralph Van Spyker—a son.

BOARD MEMBERS OF WELFARE CLUB ELECTED

The employees of the Holland Mail Co. having formed a Welfare Club, the following members have been elected on the board to serve the best interests of the club: Mr. Carl E. Gschwind, honorary member; Mr. A. H. Hornung, chairman; Mr. Walter Van Bemmelen, vice-chairman; Mr. Bert Taylor, secretary and treasurer; Mr. Wm. Fris, press agent; Mr. B. Vleschers, manager of hall team.

Entertainment Committee—Mr. George Gunther, Mr. Al Farr, Mr. Nick Ver Her, Mr. Gus Huesling; Mr. H. Weyshede.

Membership Committee: Mr. T. Siefen, Mr. James Franks, Mr. R. M. Bosworth.

The board at their meeting Friday night decided to hold a halloeven party Oct. 30 at their new club rooms located on the third floor of the office building which the Holland Mail has furnished for their use.

After the meeting the committee and several members of the club adjourned to the Green Mill Cafe, where they surprised the latest benedict of the company Mr. Ed Michmershuizen, who was quietly enjoying his wedding supper together with Mr. and Mrs. Al Farr. After a rather noisy charivari with the usual throwing of rice, etc., the husbands and wives were separated and the grooms taken for an automobile ride to give them an opportunity of seriously considering their added responsibilities. The intentions were to allow the two benedicts a chance to walk back from Grand Haven, but on account of the inclement weather they were brought back in the machines and turned over to their wives for safekeeping. It looked very much as though the fellow workmen of Mr. Michmershuizen and Mr. Farr really enjoyed the occasion as much as did the grooms themselves.

Surprise Held For Newly Weds

A very pleasant surprise was held at the home of Mr. H. Scheur in honor of Mr. and Mrs. William Kole who were recently married. Those present were Messrs and Mesdames Harry Brouwer, Edmond Brouwer, Nicholas Brouwer of Zeeland, John Kleinjans, George Kleinjans, Eli Karsten, Will Staal, and Mr. George and John Schruer and Able Van Langen. A two course lunch was served by Miss Johann Schruer and Miss Alberta Kole. Psalter songs were sung. They wished the young couple God's blessings and presented them with a nice silver set. Mr. and Mrs. Kole are very popular among the young people of Central Ave. church. They are now living in their new home on the North Side and will be glad to receive their many friends.

DAMAGE SUIT AGAINST PENNSYLVANIA STANDS

Because the Pennsylvania Railroad company was named the Pennsylvania Railroad system in a crossing death circuit court suit started by Aaron Fayton, as administrator of the estate of Beverly B. Fayton, is not grounds for dismissing the suit, Circuit Judge John Vanderwerf ruled at Muskegon Friday. Had the suit been dismissed another suit could not have been started as the time limit expired. Beverly B. Fayton was killed in crossing the Pennsylvania tracks at Forest Ave., Muskegon. His wife was seriously injured.

FINE TALENT TO BE BROUGHT TO HOLLAND

The Young Men's Alliance of Holland is making arrangements for a splendid lecture course during the coming season and announcements of the talent were made today. This organization has in the past brought many speakers and musicians to Holland and it is anticipated that this year's course will surpass anything that has been attempted so far.

On Nov. 26, Thanksgiving evening, a miscellaneous program will be given by the Calvin college seminary quartet. There will be many musical numbers with readings and sketches interspersed.

January 1, New Year's night, Van Wyk's instrumental quartet of Grand Rapids will be brought here to give a program featuring the xylophone and marimbaphone as the main instruments. He also opened the eyes of many present when he said that at a recent manufacturers' convention held at Detroit, which he attended, 1300 representatives were present demonstrating that many different types of oil burners for home heating.

PRaises CITY FOR HOSPITAL BUILDING PLAN

Dr. D. T. Vail, of Cincinnati, who spends his summers at Waukazo and who has always shown a deep interest in Holland's growth, today sent a letter of congratulation on the hospital building plan that has been adopted in Holland. Dr. Vail writes:

"Your issue of the Sentinel dated Oct. 7, 1925, came to hand announcing the plans for a new Holland city hospital to be built and financed from funds derived from earnings from public utilities. This is glorious news! It speaks volumes in a few words. In the first place it proves that those who have had control of the light and water supply of Holland are not only successful business men who apply the principles of good business, namely furnishing needed commodities at low cost and a fair profit, but also exercising thoughtful care in expenditures, upkeep and overhead, but far better than that it proves that those men are not grafters or money-leeches, but true public citizens, honest and upright to the heart. And they are building with foresight and wisdom for the glory of Holland, and if they did not know it, for the glory of a good name for themselves.

"There is no other one thing that is so much needed in Holland as a modern city hospital and coming at this time there is a singular value, a far-reaching value in this move."

"I rejoice with the good citizens of Holland. The spirit of a public hospital as the concrete expression of sympathy for the sick and wounded in most Christ-like—but that is the sentiment of the proposition. A modern city hospital as a business proposition is an asset, not so much in dollars and cents (although it will be found to be self-sustaining) but as a needed help to home-builders, taxpayers, laborers and all who represent the life and thrift of a growing city; for hospitals conserve and restore brain and brawn, the energies that produce marketable commodities and conservation of energies begets prosperity, and prosperity begets happiness, and happiness begets success, and success begets fame, and fame is enduring and glorious.

"There is no better index to the thrift of a city than its hospitals and its hospitals are a true index of a city's progress. When we look for it there may we find the little circle growing larger and larger and the face of the type heavier!"

STATE HAS BIGGEST CROP IN HISTORY

Michigan farms produced the largest corn crop in the history of the state this year, according to a report issued today by Verne L. Church, federal statistician and L. W. Whitney Watkins, commissioner of agriculture.

The yield was good in virtually every section except some northern counties, where extreme droughts occurred. The condition of 93 per cent is equivalent to a crop of 681,736,000 bushels, more than 50% greater than the yield of 1924.

The average yield of spring wheat is reported to be 18 bushels an acre, for a total production of 144,000,000 bushels as compared with 126,000,000 last year.

The out crop is short. The yield is placed at 32 bushels an acre for a total yield of 57,224,000 bushels as compared with 67,200,000 last year.

Potato prospects did not improve in September. The condition is 76 per cent indicating a yield of 24,384,000 bushels as compared with 28,252,000 in 1924.

The barley crop will be less than last year's although a greater acreage was planted. The buckwheat yield is about the same as in 1924. The hay crop has improved with indications of a total crop of 3,104,000 tons as compared with 2,610,000 last year. The bean crop is forecasted at 7,354,000 bushels as compared with 5,348,000 last year. The sugar beet yield probably will be somewhat above the average.

The apple crop is 60 per cent normal with an indicated yield of 10,756,000 bushels. Pear and peach crops are shorter than in 1924.

The grape yield was disappointing, amounting to only 28 per cent of a crop of 23,157 tons. They matured and were harvested much earlier than in 1924, the yield being very light in Berrien and Van Buren, the two principal commercial counties.

He is also engaged in a land case that involves \$125,000 worth of lake shore property that is almost certain to be carried up to the Wisconsin supreme court.

TWO KILLED, TWO HURT, AT CROSSING

Coroner Gill Vandewater was called to Grand Haven shortly after seven o'clock Sunday night when he was informed by phone that a terrible accident had taken place near Spring Lake an hour before.

Frank Pauch, a farmer of Fruitport township, his wife and daughter Virginia, aged 7, and an infant child three months old, were on their way home and when they had reached cemetery hill north-east of Spring Lake, the supposition is that, when Pauch heard a train coming and in his anxiety to get over in time he stalled his engine and it came to a stop directly on the track and in the way of the oncoming passenger train.

The engine coming at a high rate of speed struck the automobile squarely and, according to Mr. Vander Water, the machine was a total mess of wreckage. It seems miraculous, judging from the condition of the car, that any one came out of the collision alive.

When aid arrived it was found that Frank Pauch, who is 45, was dead and that his daughter Virginia, aged 7, was so severely injured that she died shortly afterwards.

Mrs. Pauch, it was found, sustained a broken hip and ankle and her arms were fractured, according to the physician, she is now at Hutton hospital where she is in a serious condition as doctors fear she has suffered internal injuries besides the other injuries received.

The child of three months, although slightly bruised, escaped almost without a scratch and is also being cared for at the Grand Haven hospital.

About five years ago this crossing was the scene of another terrible accident. This was when John Vyn, prominent business-man of Grand Haven, was run over by a Grand Trunk train. Vyn, who was in the trucking business, crossed the track with one of his large trucks just as a passenger train was coming thru. The result was the death of Mr. Vyn of the well known Vyn Bros. Co. of Grand Haven and the complete demolition of the truck that he was driving.

Mr. Vandewater has called an inquest at 2 o'clock Tuesday afternoon, fast time, at the coroner's house in Grand Haven. The jurors are: Frank Scholten, Geo. Schwab and Frank Fox of Spring Lake; Arie Kosman, John Van Woerkom and Henry Van Woerkom of Grand Haven.

Sheriff Kamferbeek and Deputy Sheriff Egbert Beckman visited the scene of the wreck and made an investigation. They found by actual measurement that the locomotive had carried the automobile side of the right of way.

Mr. and Mrs. Harry Beckman are planning to celebrate their golden wedding anniversary Tuesday with a family reunion. They are parents of 12 children, 7 living. Their marriage was solemnized in Holland in 1875 and they have resided here ever since. He left the seas 25 years ago and since has worked in local factories.

GRAND RIVER VICTIM'S BODY IS RECOVERED

Grand Haven harbor has given up its dead. As predicted by the members of the coastguards, the body of Charles Balfow of Muskegon was found one mile down the river from the piers at the foot of Washington street, Grand Haven.

Two weeks ago last Saturday Leonard Adams and Charles Balfow, who were working at Muskegon and stopping at a boarding house on Sanford-st., Muskegon, disappeared and no trace of them could be found. Not until Frank Kelley, a fireman on a Grand Trunk switch engine, discovered a body floating in Grand Haven harbor did the authorities realize that a tragedy had taken place. Later the Ford coupe, owned jointly by the two men, was found Sunday morning at 9 o'clock the body of Balfow, in bad condition, was found and is now at the Boer Morque, Grand Haven. Coroner Boer considered that an inquest was not necessary.

NO PERSON QUARANTINED IN SIX WEEKS

There has been no person under quarantine in Holland for six weeks, the department of health announced today. The last card was taken from a home more than six weeks ago by the city inspector and since then it has not been necessary to put up another. There are a few cases of whooping cough however.

The health department is all the more gratified by this record because the fall is usually the time for trouble in the contagious disease line. It is common enough to be free from contagious disease in mid-summer when children play in the open air all the time, but often trouble begins when children are congregated in the schools.

STARTS CON- STRUCTIVE WORK IN OTTAWA

Mrs. E. Walvoord, superintendent of the children's division of the Ottawa county Sunday school association, has begun constructive work along Sunday school lines in the county. The work is to begin in Holland where the district has secured the services of Prof. E. Winter of Hope college for a series of six lectures on "The Child." While these lectures will be given at the First Reformed church in this city, they are open not only to the teachers of the church but are intended for teachers from all churches and for all those who are interested in the training of children, whether teachers or not.

The first meeting is to be held next Monday night in the First Reformed church at 7:30. At that time it is to be decided how often meetings are to be held and which evening is to be chosen.

Hamilton Couple Married 66 Years

Western Mich. numbers among its people a real pioneer couple in Mr. and Mrs. Benjamin La Barge of Hamilton, who recently celebrated their 66th wedding anniversary. They were married at Caladonia in 1859 and have lived at Hamilton for 40 years. Mr. La Barge served in the Civil war and took part in Sherman's "march to the sea." He will be 89 years old Nov. 16 and Mrs. La Barge will be 84 in December. Their anniversary was celebrated with a gift of 66 beautiful roses.

The Detroit News of Sunday printed a picture on the woman's page of Mrs. J. C. Post of Holland. The story accompanying the cut told of the work that has been done by the Woman's Literary club of Holland in providing scholarships for deserving girls who otherwise might find it impossible to secure an education.

This work has given the Holland Woman's Literary club a great deal of distinction throughout the state. It is often commented upon at state meetings and suggestions have often been made that a piece of public service that many other clubs might imitate.

The Educational Fund originated in the fall of 1915 with a collection of \$150.00 from the club members, the same amount to be collected each year for four years, the time required to firmly establish such a fund. This money, which now amounts to about \$1,200.00, is being loaned to worthy young women to assist in securing an education, and it is hoped to increase this amount by voluntary subscriptions and efforts of the club.

TIRE MYSTERY IS SOLVED BY ARREST

The Knapp Tire Shop robbery in Zeeland, which has been baffling officers since last May, was cleared up Monday morning in the court of Justice Wm. Brusse when Charles Van Heitsma and Cornelius Kamps of Zeeland confessed to the job and returned to Mr. Knapp the tires that were still unsold while they paid for those that had been disposed of. Arrested on the charge of entering and robbing a place of business, they waived examination and will come up for trial in circuit court on November 2nd.

The mystery was solved through the efforts of Deputy Sheriff C. J. Bornbos. About a week ago Bornbos caught Van Heitsma with tires in his possession that he could not account for. No confession could however be secured and so Van Heitsma was charged with having stolen goods in his possession. But Mr. Bornbos kept his eyes open and city marshal Hietje and Deputy Bornbos of Zeeland became associated with him in the case and worked hard in hand with him.

Saturday night Van Heitsma tried to return the tires to Mr. Knapp at his home on 22nd street in Holland. Mr. Bornbos allowed the young man to return the tires and tubes and pay for those that had been sold and it appears that in his case the old saying "possession is nine points of the law" holds good, for the "stormy petrel" of the Christian Reformed denomination has held the church for the greater part of a year now.

But his foes are not giving up during the winter season of the Eastern Ave. church was argued before the Michigan supreme court.

Judge Major L. Dunham in the Kent circuit court after a long hearing of religious controversy which has split the congregation held with these seeking to oust Mr. Hoeksema and the case came to the supreme court on appeal.

Jay Lindsey, representing the petitioners, contended Mr. Hoeksema had been suspended properly by the classis and the injunction issued by the Kent court should be dissolved.

"The petitioners in this action have no right with Mr. Hoeksema and his followers," said Mr. Lindsey. "All we ask this court to do is to sustain the decision of Judge Dunham and give us possession of the church."

The New York world of Monday of this week contained the report of a sermon preached at the Community Church at Douglaston, Long Island, by Rev. Mr. Eugene Elipse, the pastor. Accompanying the report of the sermon was a cut of Mr. Elipse and the following under it: "The Rev. Mr. Eugene Elipse, the first regular pastor of the Community Church, Douglaston, L. I., is a graduate of Hope college, Holland, Mich., and the Theological Seminary at New Brunswick, N. J."

The report of Mr. Elipse's sermon is one in a series about sermons preached by New York pastors. One sermon is reviewed each week.

Dozens of violations were found in examining automobiles returning from the upper peninsula to southern Michigan cities during the deer season last year. If the warden saw a small deer on the running board or inside a car, he would probably be justified in removing any wrapping to see if it was a doe. But if the deer or other game is completely concealed within the car, the warden could not undertake to force an investigation unless he had a report of probable violation from the territory in which the hunters were operating.

COMMENTS ON DEPOT AND HOTEL

John N. Vander Vries, former Holland man who spoke before a joint meeting of the Rotary and Exchange clubs, gave rather an interesting definition of a hotel and depot. He said that a depot reflects what the world thinks of the city where the depot is located. A poor and an unsightly depot, no doubt means that the outside world does not consider the city very much, and constantly gives the town the "go by," but a good depot indicates that the demand of the city in their relations with the outside world required a good depot and a presentable one.

In defining the relations of a poor or a good hotel to a city, he said that a poor hotel indicates that there is lack of city pride, lack of hospitality, lack of those attributes that make for a growing, prosperous, hospitable city.

Mr. Vander Vries said that he understood Holland was to get an excellent depot, so that would square it with the outside world, and he stated that the Warm Friend Tavern, in which he was speaking, immediately reflected the pride, the hospitality and the spirit of progress of the citizens of Holland, and that the new hotel was a business barometer for the rest of the city; and judging from the building that was going on all over Holland and the many projects that are now afoot, Warm Friend Tavern surely was the main spring that kept the clock of progress going here.

REV. HOEKSEMA IS AGAIN IN LIME LIGHT

Rev. Herman Hoeksema, the pastor who at one time was in charge of the Fourteenth street Christian Reformed church of Holland is again in the limelight thru court action. Hoeksema is still in possession of the Eastern Ave. Christian Reformed church in Grand Rapids and it appears that in his case the old saying "possession is nine points of the law" holds good, for the "stormy petrel" of the Christian Reformed denomination has held the church for the greater part of a year now.

But his foes are not giving up during the winter season of the Eastern Ave. church was argued before the Michigan supreme court.

OTTAWA WOMEN ATTEND TRI-CO. FRATERNAL MEET

The Oak Leaf Tri-county association, Royal Neighbors of America, held its sixth semi-annual convention Thursday, Oct. 15th, at Whitehall, Mich. Large delegations were present from Ottawa, Kent and Muskegon counties. Visitors from Newago and Oceana counties helped to make the meeting one to be remembered. Later in the day Oceana

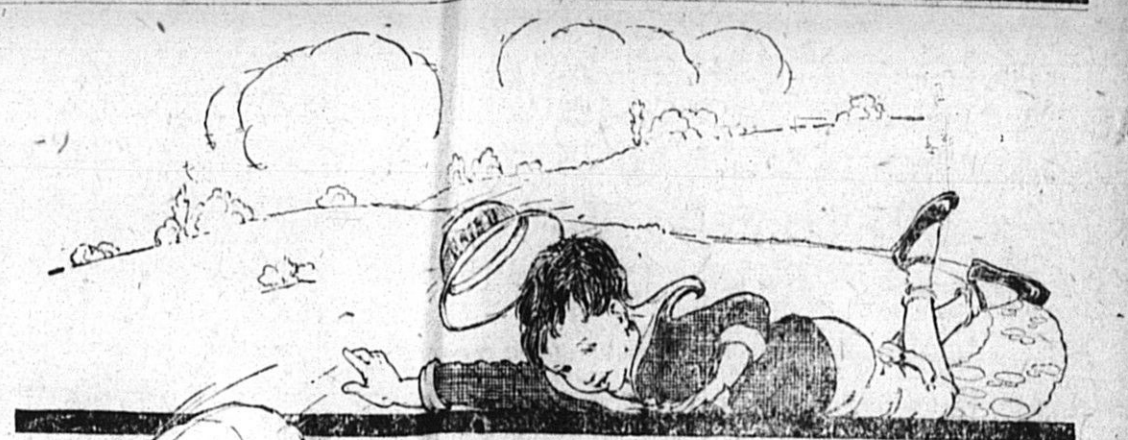

county was taken into the association and the name changed to the "Oak Leaf District Association", comprising the counties of Ottawa, Kent, Muskegon and Oceana.

The degree team from Whitehall conferred the initiatory degree upon a class of candidates in a beautiful and impressive manner. Mrs. A. B. C. Smith, state supervising deputy, gave the secret work. Mrs. Smith as the main speaker of the day gave an inspiring address. District Deputies Leona Nolin of Holland and Mary Molitor of Muskegon, in their addresses, gave many suggestions and instructions for better organization and team work.

The officers for the next meeting are: president, Mrs. Ella Stepien of Grand Haven; vice president, Mrs. Herron of Grand Rapids; Sec'y, Mrs. Stockie of Muskegon; Treas'r, Mrs. McDonald of Muskegon.

A short musical program was thoroughly enjoyed by all. The meeting closed with a question box under the direction of Deputy Smith and the decision to meet with Grand Haven camp next May.

These meetings, which are being held all over the state, are forwarding by leaps and bounds the work of the largest beneficiary fraternal society in the world managed and conducted entirely by women.
