## SUPERVISED PLAY GROUND BODY IS TO BE APPOINTED

COUNCIL GIVES MAYOR AUTHORITY TO NAME A COMMITTEE FOR THIS PURPOSE

To Be Composed of Five Aldermen and Four Other Citizens

By a unanimous vote, the common council Wednesday night authorized Mayor Kammeraad to appoint a committee composed of five aldermen and four other citizens to investigate the question of supervised playgrounds for Holland. This action was taken when Mayor Kammeraad read a communication from a committee of citizens setting forth what has been done and what the committee hopes will be done further. There was no discussion. The communication reads:

To the Honorable, the Mayor of the City of Holland, City Hall, Holland, Michigan.

Dear Sir:—A few weeks ago some thirty representative citizens of our city met in Warm Friend Tavern to consider the playground situation in Holland.

To this meeting had been invited all who were interested in the youth of the city and a special invitation was extended to the civic and educational organizations. The response was very satisfactory and delegates were present from practically every section of the city.

During the discussion it was brought out that Holland is fortunate in being provided with a fairly adequate supply of parks and playgrounds. These had come into existence thru several agencies but chiefly through the action of our common council and board of education.

It was also learned that some of these playgrounds are well equipped with apparatus for the use of the children. Thousands of dollars worth of equipment have been placed by the various Parent-Teacher clubs of the city.

It was agreed, however, that much greater use could be made of these fine playgrounds and much greater benefit would be derived by the children of Holland upon whom the future of our city will ultimately depend, if arrangements could be made to direct the play and to supervise the activities of the children during their leisure time. Many cities have proved the value of the playground directors. The undersigned have been appointed a committee to petition you to appoint an official commission to investigate the need in Holland of a playground director and also the scope of the work. It is urged that this matter be given immediate attention so that a report may be made by your commission in ample time for the common council to provide for this work in the next annual budget.

Various groups of citizens such as the civic organizations and several parent-teacher clubs have already gone on record in favor of this proposition and in behalf of all the children of Holland we ask your earnest consideration and favorable action upon our request.

F. M. LIEVENSE,  
MRS. GERRIT WIERDA,  
MRS. J. C. RHEA,  
C. McLEAN,  
GEO. A. PELGRIM,  
Chairman.

## WOMEN GUEST WELL TAKEN CARE OF IN HOLLAND

VISITING OPTOMETRISTS' LADIES ARE ALSO ENTERTAINED

Many ladies also came with the men delegates of the Michigan society of Optometrists and the entertainment committee has also provided well for their entertainment during the convention.

A Dutch lunch was served on Tuesday evening at Warm Friend Tavern. The ladies were also taken thru the De Pree Co. plant Tuesday.

The women of the Holland Country club entertained with a luncheon at 12 o'clock Wednesday while the men were at lunch at the Exchange club. At 2:30 yesterday the Lakewood farm was thrown open to the visiting women.

The ladies and gentlemen who are guests here jointly enjoyed the banquet and dance last evening in the ball room at Warm Friend Tavern.

## LITTLE TOT GOES TO SEE HER DADDY

POLICE PICK UP CHILD TWO MILES FROM HOME

Officer D. O'Connor a few days ago might have been seen on North River avenue, carrying a child on his arm. The little tot was in the arms of the law, but only as a matter of protection.

The young child of John Harrison, 51 East 20th street, who has a little tricycle wanted to meet her daddy at the Northside Tannery to give him a kiss which he had hastily overlooked the morning.

The little 3 year old, left home from 20th street, peddled the little wheel in and out of much congested River avenue and got as far as the Northside grocery where the road divided one going to Beechwood and the other to Grand Haven.

The little tot seemed to be in a quandary which road to take, and then became confused and childlike tears began to flow.

A small crowd gathered when the little one whimpered that she was going to meet her papa in the tannery.

In the meantime there was confusion on 20th street when the mother noticed the absence of her young offspring. The police were called up from the Northside grocery telling of the lost child, and Officer O'Connor restored the little one to the arms of an anxious mother and it went without saying that daddy didn't forget the kiss in the evening or the next morning.

## WAS TO BE BRIDESMAID AT WEDDING; BUT GOES TO THE HOSPITAL

Miss Helene Dyke, daughter of Mr. and Mrs. Frank Dyke of Holland was to have been bridesmaid at her brother's wedding at Galena, Illinois, when Mr. Dyke was wed to Miss Martha Evans.

At the last moment, however, she was unable to attend because of illness. She is now in the hospital.

## ROMANCE STARTED AT CHICAGO UNIVERSITY WHERE BOTH WERE GRADUATES

James Dyke Son of Mr. and Mrs. Frank Dyke Married to Miss Westwick

Reports have come to Holland that James Dyke, oldest son of Mr. and Mrs. Frank Dyke of Holland was wed to Miss Martha Evans Westwick at Galena, Illinois. This is said to be a culmination of a romance that started at the University of Chicago some years ago, and both graduated from this college during the same year.

In giving an account of the wedding the Galena Daily Gazette prints the following:

"At high noon today, Saturday, Oct. 2nd, Miss Martha Evans Westwick, youngest daughter of Mr. and Mrs. J. W. Westwick, became the bride of James Andrew Dyke, son of Mr. and Mrs. Frank Dyke of Holland, Mich.

The ring ceremony of the First Methodist Episcopal church was read by Dr. T. Alky Brewster at the home of the bride's parents at 308 Elk street in the presence of one hundred relatives and close friends of the young couple.

"Proceeding the service Miss Florence Coatsworth sang, 'Blessed is the man who has a wife'; her sister, Mrs. H. Barrett playing the accompaniment, and Mrs. Miriam Morrison Thompson sang, 'With a Breath of Roses,' Harry Hall Pike's.

"As the bride party took its place before an altar banked with ferns at the east corner of the veranda, Lohengrin's Bridal strain was played by Miss Mildred Graham of Freeport.

"In the bridal march, Rev. Dr. Brewster preceded the bridegroom and his best man, Herbert Dyke, followed by Elizabeth Ann Heron, sister flower girl, the bridesmaid, Miss Alberta Morrison, then the bride.

"The bride's gown was of white satin trimmed with real lace, her veil being caught by a spray of orange blossoms. Her shower bouquet was of bridal roses and daisies. The bride's maid was gown in peach georgette, lace trimmed. The bride's attendants carried a bouquet of Orphelia roses. The flower girl's dainty little frock of peach crepe, she carrying an armful of seasonal flowers.

"Immediately following congratulations a two course luncheon was served in the dining room which was decorated with roses and garden flowers. Those assisting with the serving courtesies were: Mrs. W. G. Grove, the Misses Maude Weinchen, Velma Allen and Irene Bergman.

"Mr. and Mrs. Dyke left on an afternoon Burlington train for Chicago, Mrs. Dyke wearing a powder blue ensemble suit. After a visit in Lansing, Mich., where Mr. Dyke is employed in the Advertising department of the Geo. Motor Co., Mr. and Mrs. Dyke will return to Holland.

Mr. and Mrs. Dyke and son Herbert were numbered among a score of out-of-town guests.

**Fifty Years Ago Today**

Dr. Gee and lady have arrived home from their Centennial trip. The meat market of Mr. George Van Duren is finished and looks well. He is now ready to show as neat and clean a market as any. Go and see it.

We had the pleasure to meet vice president Ferry at the Chicago depot en route to Saugatuck for campaign. The Senator looks hale and hearty.

ZeeLand is progressing. The people are getting more Americanized, and their business is augmenting. Their grist mill is doing a good business, and every store in the village partakes of the American spirit.

The gale of Monday last, reminded this city of the fiery ordeal we passed thru in 1871. A couple of chimneys burning out increased the danger, and the fires in the woods south and southwest of the town caused our authorities to take precautionary measures. The fire bell was rung, which brought the people out and a squad of men were stationed on the outskirts of the city, to meet the fire if necessary, and a patrol for the principal streets to watch the city. The ground being damp, prevented the sparks from doing any damage and the fire from spreading very fast toward the city. At one o'clock next morning the gale subsided and the damage was minor.

**Twenty-five Years Ago Today**

There was joy to burn at the fair grounds Friday afternoon. There were horse races, side shows, running races and spelling contests, but the greatest feature of all was a fat man's race in which Dr. Bush of Filmore, Dr. Baker, Ben Van Raalte Sr., John Meusen, John Van Putten, J. Kuite Sr., of Holland and Dr. Beuker of Gratiot, entered. At the word "Go," the sprinters began to cleave the atmosphere like lightning express. Dr. Baker jumped to the front with a mighty leap and looked like a sure winner. The others, with meteoric swiftness, attempted to overtake him but all failed but nimble slender (?) Dr. Knoolhuizen, who passed him by a desperate jump of 18 feet and won the race by a hair. The others finished fast and strong, excepting J. Kuite and Ben Van Raalte declared that

George Steninger is laid up with a broken ankle received in football practice on the college campus. Steninger was quarterback of this year's team and his loss will be felt throughout the season. Several shifts will now be necessary in the line up that will meet the St. Alphonse team of Grand Rapids on the 19th street grounds Saturday afternoon.

Is your horse hitched? If not run out for Chief Kamferbeek and let it steady. They were in the highways and byways and found some 20 odd teams that were not tied to something. The offenders were given a warning to digress no more. But no doubt the next lot will receive a few half hitches from the big chief.

## BOTER'S CELEBRATE THEIR 20TH ANNIVERSARY

THE PRESENT MANAGER HAS BEEN IN CHARGE FOR EIGHTEEN YEARS

The store was established by the late Peter S. Boter who conducted the establishment for two years when he passed away and the management of the store was taken up by his brother Dick Boter, who has been the manager and proprietor for 18 years.

The P. S. Boter company, dealers in clothing, shoes and gentlemen's furnishings goods is celebrating its twentieth anniversary.

In 1906 Mr. Boter started off with one single clerk and today the P. S. Boter company has a beautiful two story building, double stores and occupying all floors.

From one clerk twenty years ago the force has been augmented by a sales force of 14 during the busy time of the week. Besides Mr. Boter has a competent costume tailor working constantly on alterations and made-to-order suits.

During these 20 years an exclusive shoe department has also been added. Naturally and as is the custom generally the 20th anniversary is accompanied by an anniversary sale.

The new directory instead of covering all of Ottawa county will take in the lower half of Ottawa county and the upper half of Allegan county, tributary to Holland.

The directory, it was decided upon, would be very much improved, one, as far as information goes.

Mr. Blodgett told of his plans in some length at the Merchants' meeting Tuesday night, and a committee was appointed consisting of Wm. Deur and B. A. Mulder who are to confer with the officials of the Chamber of Commerce in order to take up this directory matter jointly.

## FIND TWO FIVE POUND PUFF BALLS IN ALLEGAN COUNTY

Allegan Gazette—Another nature specimen this week is a big puff ball which Dr. A. L. Robinson brought in from a country roadside. Its greatest diameter is thirteen inches and it weighs five pounds. "Did you ever see a larger one?" asked the doctor. "Yes, one fully twice as big which was found in Monterey some years ago." The huge thing looked good enough to eat but we found that it is not an edible variety. Some puffballs are excellent eating, almost as good as mushrooms.

The paving jobs on east 16th and west 20th street have been completed and were accepted by the council Wednesday evening.

## REQUEST FOR BUILDING GRANTED BY COUNCIL

The special committee appointed some time ago to take up the petition of William Brusse for the right to erect a garage on Lincoln avenue reported to common council Wednesday night that the committee felt the request should be granted in accordance with the city ordinance. This report was adopted by the council without discussion.

## SPECTACLE MEN ENTERTAINED BY EXCHANGEITES

G. H. OHLSSON TELLS THE HISTORY OF THE LENS

Glasses As Eye Aids Is Not A New Thing

One hundred delegates attending the Optometrist convention at Warm Friend Tavern, were entertained by the Exchange club at noon yesterday.

There was a musical program furnished by John Van Vyven and also by Mr. Van Dyke and Ungerama of the Western Theological seminary who gave accordian and piano solos.

Mr. Neal Vander Muelen was to have spoken but the meal consumed so much time, and the musical program was also quite extended that chairman Boter asked G. H. Ohlsson of Detroit head of the organization in convention assembled, to tell the members of the Exchange the object of their meeting in Holland.

He said that optometry is surely not a new thing, it can be traced back as far as a man's mind goes. In the 13th century the old monks used the lens and in the 11th and 12th centuries the Chinese used glasses to help along vision. Even your ancestors, the ancients of the Netherlands in the 16th century practiced with the fundamental laws of light rays and lenses said Mr. Ohlsson and Spence, a Jew, who fled to Holland, was a lens grinder of note. Our own Benjamin Franklin was the inventor of the by-focus lens. Very crude no doubt, but he was responsible for bringing into being the modern eye aid.

In Bible times the telescope and the microscope were already in use by the wise men of ancient kingdoms. Years ago the glasses or eyes were sold at corner stores, the customers picking their own glasses. This was a dangerous procedure, so much so that states everywhere passed laws demanding certain requirement and optometry became a valuable asset under state rule. Now a person who enters the business under the Michigan laws to live up to the standard must have four years of high school training. He must spend considerable time in a standard opto school, must attend many clinics and study the value of prisms, lenses and their uses and finally must take a normal and written examination before a state board and must pass all requirements.

In Michigan we have an optical inspector, thus heading off quacks and fake advertisers said Mr. Ohlsson.

Mr. Ohlsson then gave several methods how eyes could be saved. He told the causes for squinting and cross eyes in children, but he failed to give the reason of winking by flappers.

Testing of the eyes should begin in the schools. Backward students are not always dull, but their eyesight is impaired. Heights of desks, size of type in school books and other causes bring this about. A driver with an incorrect vision should not be allowed to drive a car, for his own protection and the protection of others. Engineers on railroads have their eyes examined before they are allowed on an engine. This rule should apply to drivers of machines also said Mr. Ohlsson.

Today in well regulated shops the eyes of employees are examined and corrected, thus avoiding accidents, better work, greater production which means higher wages for the employee, said Mr. Ohlsson.

## HOSPITAL PLANS ARE APPROVED BY THE COUNCIL

THE STEPS SO FAR TAKEN BY THE HOLLAND HOSPITAL COMMISSION IN THE MATTER OF PLANS AND SPECIFICATIONS FOR THE PROPOSED NEW HOSPITAL WERE UNANIMOUSLY APPROVED BY THE COMMON COUNCIL AT ITS MEETING WEDNESDAY NIGHT.

The commission made a full report to the council setting forth what has been done and that the plans have been approved by the commission. It was stated in the report that the plans have also been approved by the national association of hospitals and that they have received the approval of hospital building specialists. The new hospital judging from plans will be a credit to the city and will take care of the city's hospital need for some time to come.

Bids for the job of building the hospital will be taken by the city clerk's office until two o'clock on Monday afternoon, Oct. 18.

## NEW MARKET TO BE BUILT ON RIVER AVE.

De Kraker & De Koster was given permission Wednesday night by the common council to move their meat market on River Avenue to the vacant space north of the building. This request was made by the firm so that they might be able to erect a fine new brick building on the site where the market has been doing business for many years. The request was granted with enthusiasm as the removal of the old building and its replacement by a fine new two story brick structure will remove the last one of the old wooden buildings in the block on River avenue between eighth and seventh streets. Only a few years ago that block was principally made up of old wooden buildings; very soon it will be composed all along of modern structures.

The contract for the new market was scheduled to be let today and work on moving the old building and erecting the new will be begun very soon.

## RELATIVES SETTLED FOR DEATH OF TWO—\$8,000

CASE OF YOUNG MAN WHO KILLED MR. AND MRS. SIDNEY BRAAK IN THE SUPREME COURT

Hearing of this Case Comes Up Oct. 14th; Local Attorney Is Defending

Settlement has been made through the probate court of a civil suit matter brought by plaintiffs, Frank Scholten administrators of the estates of Roslin Braak and Sidney Braak of Spring Lake who came to their death through an accident on the highway when Kenneth Campbell of Grand Haven driver ran into them killing them almost instantly.

The settlement was made by Archibald Campbell, father of the boy for \$1,500 in the estate of Mrs. Roslin Braak and \$6,500 in the estate of Sidney Braak. The civil case, however, does not effect the present prosecution.

Campbell now pending in the Supreme court under the negligence homicide act.

The hearing of Campbell in the Supreme court will be held at Lansing on Oct. 14th. G. J. Dieckman of Holland and Louis Osterhouse of Grand Haven appeared for Campbell, and Prosecutor Fred T. Miles for the people.

Campbell, it will be remembered, was convicted in circuit court, the jury charging negligence when he ran down Mr. and Mrs. Sidney Braak on the bridge on Ferry road as they were going to their home in Spring Lake from church about eight months ago.

Campbell is a high school student and is a son of Archibald Campbell a prominent manufacturer of Grand Haven.

## OTTAWA CO. BOYS STOPPED AT ST. JOSEPH

THREE YOUNGSTERS FROM OTTAWA COUNTY ARE BROUGHT BACK HOME

The state police were notified by Sheriff Francis of St. Joseph, that three boys wanted in Ottawa county and would hold them pending the arrival of an officer. They are Charles Rose aged 13, Leonard Rose aged 12, and Lester Rose aged 9 of Spring Lake.

These boys were alleged to have taken a letter from the mail box of J. M. Bennett, of Spring Lake, that contained a check of about \$35. This check was endorsed by one of the boys and later cashed. Due to the fact that these boys are on probation, the parents were very anxious to handle the matter themselves. They paid the money to Mr. Bennett expecting to punish the boys some way. However, the boys decided to take things in their own hands and Sunday night, October 3rd, disappeared. The officers were notified and immediately tried to get hold of the boys. The message from St. Joseph allayed the fears of the parents in a way. The boys were found in a train evidently headed for Chicago.

The state police will bring them back today, when they will be brought before Judge James Danhof, present judge at Grand Haven. These boys are now on probation, implicated in the burglary of the Bertchey store in Villa Park last summer, it is alleged. Just what will be the disposition of the court in this case cannot be determined.

## PLACE CHARGES AGAINST GRAND HAVEN FACTORY MAN

John Strockreef, who has been employed at Kellers factory at Grand Haven was arrested Tuesday afternoon at the Keller plant on two charges by the sheriff's department.

Sheriff Kamferbeek charges him with possession of and furnishing liquor to the boys who later took a car from the Potter garage and drove to Chicago.

Strockreef admitted having the liquor and being drunk but said he did not know what he was doing and would not admit having given liquor to these high school boys. He appeared in Justice court waived examination and was bound over to the circuit court.

Bail was fixed at \$500.

# MANY CITIZENS EXPRESS THEMSELVES AGAINST SALE OF SO-CALLED ARMORY LOT

In view of the fact that there is a public hearing at the session of the common council in regard to the proposed sale of the so-called armory lot, a Sentinel reporter was instructed to secure statements from persons he thought might be getting from them brief opinions on this question, either for or against. Below are printed the opinions as secured. Anyone wishing to express his opinion on this question, either for or against, will be given opportunity to do so in the Sentinel. It was announced today that the hearing has been postponed from Wednesday night of this week until Oct. 26. This was done because a legal time limit requires it. The statements follow:

Dr. A. Leenhouts: In the matter of the sale of the lot located on a corner of 9th and Central, by the city, it is my judgment that it would not be to the best interest of the city to sell that property at the present time for the price offered. I do not believe that the city needs that money so badly that it should accept anything less for it than its real value, which is considerably more than \$10,000. Now, if the property were mine would not sell it for that price. Furthermore, I believe the city could retain that lot for its own use, located centrally as it is. With the present and prospective growth of the city, it is not going to be just such a location for a public library or a community building. It will cost us twice or three times the price offered for it to acquire suitable site a few years later. The best interests of the city demand that this lot be sold at the present price for the price offered.

E. P. Stephan: This is not the time to sell that lot, for the individual getting it would hold it at a higher price. Property on 8th street is rising rapidly in price and is valuable corner, being in high prices. It will bring a high price. It was originally held for by Y. M. C. A. building and in my opinion it is much better suited for that purpose than the lot on 12th and River. Business men want a handy downtown place.

Mrs. W. J. Olive: This entire corner seems so well suited for public buildings that I think it a mistake to sell such a valuable corner as the city holds there. I could say retain it by all means and buy more if possible.

Wm. Brumm: I would not be in favor of the city buying property to hold for speculation, but in the case of the city having the title, it can well afford to hold the property in view of the rising tide of land.

John Vanderhaeghe: It is my personal opinion that the city should hold the lot next to the armory, a valuable site.

Mrs. G. H. Hulsenga: This site is the only really available one at the city has for a downtown Y. M. C. A. When we go ready to build a Y. M. C. A. which I will be soon, the city might like to pay a big price for some suitable location if this is so.

Dr. J. B. Nykerk: The better place for the Y. M. C. A. is at the corner of 12th street and River. The city is building toward the southwest and really I should like to see sporadic building of public institutions. I stand behind a council in their decision.

Dick Schaefgen: I disapprove the sale of this property as I think the city should hold same. It seems an ideal spot for a Y. M. C. A.

C. M. McLean: My first thought would be not to sell that lot. The city could well afford to hold it and could well afford to hold it.

J. Koolker: I think that inasmuch as this was originally promised by a Y. M. C. A. site, the city could hold it for that purpose. I see nothing but a public building on this corner would be a detriment to the city.

Dick Boter: I think city officials should think twice before they dispose of any city property for public or semi public purposes.

O. W. Kooyers: I prefer to see the lot used for a public building. It is in the proximity to other public buildings such as the Y. M. C. A. Literary club, First Reformed church and the Masonic temple.

The opening day for the new Taylor's lunch on the corner of 11th and Central, it was announced by Mr. Taylor, the former Wytheville home has been converted into a lunch room, new glass front having been put on. The interior has been completely remodeled and redecorated and has been put into first class shape for a lunch room.

Mr. Taylor will move from his old place to the new location on 11th and Central, and to his winter home in Holland and will discontinue his famous hamburger sandwiches and all kinds of other delicacies. The place will be open from eleven in the forenoon until one o'clock at night, Sunday and Monday.

Mr. Taylor will conduct both his lunch room in Holland and on the park side.

Miss Martha Rich returned Saturday from Traverse City where she has held the position as director of occupational therapy at the state hospital. Her engagement to Dr. L. B. Wilhelm of Traverse City was announced by her parents, Mr. and Mrs. E. B. Rich, on Saturday. The date of the wedding is the 14th of Oct.

Postmaster George L. Olson Saturday received plans and detailed bills for the addition to the Grand Haven post office. Bids are being asked for the construction of a new building which will probably be completed in time for occupancy in the spring and that city will then have postoffice facilities which will not only meet the requirements of the rapidly increasing postal

## ADVISES PUPILS TO VISIT CONVICT SHIP

After visiting the convict ship, "Success," which is here for its last week, Supt. E. E. Fell stated Monday that he was going to advise all the pupils in the public schools who have not yet visited the ship to do so. Mr. Fell was greatly interested in the ship from a historical point of view and he believes that the pupils cannot afford to miss this opportunity to secure a practical lesson in history.

## GRAND HAVEN MAN IS BURNED BY GAS

Harvey De Witt, aged 39, employed at the William H. Keller, Inc., company of Grand Haven was severely burned about the face and arms Friday. A heating furnace used to heat the building was filled with gas which Mr. De Witt did not realize and when he lit the heated torch the gas exploded in his face burning that portion of his body and arms. His sleeves were rolled up so there was no protection to his arms. His clothing did not catch fire and the first flash was the flash that did the injury.

He was immediately rushed to Dr. DeWitt's office, where he was taken care of. He is expected to be at his place in the shop within a few weeks.

The testator had filled the furnace with gas during the morning and this remained in the furnace unknown to Mr. De Witt.

James DenHerd, a son of Mr. and Mrs. John DenHerd formerly of Holland now Grand Haven had the misfortune to break his arm while on the practice field with the G. H. H. S. football squad a few days ago. The break occurred during a scrimmage of after-school practice breaking cleanly just above the wrist. He was not aware of it at the time but later trying to use the arm realized that something was wrong. He was taken immediately to a physician and the arm bandaged and put in splints. The son of the county treasurer will be handicapped for some time and out of the running for football season this year without doubt.

The Michigan state board of examiners in optometry are holding an examination today at the Warm Friend Tavern. Five applicants, all college graduates from Ohio State University, Penn State College, Rochester University, and Northern Illinois college, are taking the examination. The subjects of the examination are given in the following subjects: anatomy, pathology, physiology and hygiene, theoretic and physiologic optics, theoretic and practical optometry and practical optics. Each applicant must also give a demonstration in eye examinations embracing internal eye examination, recognition of diseased eyes, determination of muscular functions, together with practical lens fitting. The state board has an extensive array of equipment which the applicants must be conversant with, the optical principles involved in their construction and the practical use of and proper interpretation of the findings.

The progress of optometry in recent years has developed into a science, the field is ever widening and the requirements of this important work are such that several universities have established courses in their regular curricula. As one of the members of the board stated, "Research work has proven that over 50 per cent of eye disturbances are not purely visual defects but are due to improper co-ordination of the eyes due to muscular disturbances. Such cases must be examined to determine the powers of the muscles; the nerve enervation and handled on the basis of law of supply and demand.

"These conditions cannot be ascertained in the usual method of allowing the patient to determine the lenses required or in the method of paralyzing of the muscles by drops but require a careful analysis of all factors entering into comfortable vision such as structural defects, and muscular strengths, and nerve distribution."

The members of the board are Dr. E. E. Henshaw, Dr. W. P. Scheller of Hammond, Mich., Hipp of Detroit, W. A. Springfield, of Lansing, and E. H. Arnold, of Ann Arbor, Mich.

Fred Yeakey of Grand Haven township who, it is believed, shot himself with suicidal intent Thursday night, was taken to Muskegon Thursday night after it was learned that his injuries demanded the service of a plastic surgeon. He was taken in an ambulance to Hackley hospital, Muskegon.

Yeakey was not conscious when taken to the hospital Thursday, and he was kept under opiates continually. His face was terribly mutilated, with the underjaw, upper lip and nose being shot away. Mrs. Yeakey accompanied her husband to the hospital and remained with him until taken to Muskegon. His parents living in West Olive, are greatly shocked over the affair and all are anxiously awaiting the outcome as his condition was regarded as critical.

Fred Yeakey had been in poor health for some time and had continually made threats against his own life and that of his wife. Knives and things of that sort had to be kept away from him for some time. How he got hold of the shot gun was not known. In fact it had been Mrs. Yeakey's greatest care to see that he did not have access to anything of this sort.

Newspapermen handling the municipal beat in various Michigan cities are to be invited to attend the annual meeting of the League of Michigan Municipalities to be held at Flint, Oct. 5 and 6. The announcement was made today by J. Arthur Dratz, president of the league, and the invitations urging that the newspapermen send municipal beat reporters to the convention are being mailed by Paul Taylor, of Grand Haven, secretary.

Mr. Dratz expressed the belief that newspaper reporters from the various cities having representation in the league should attend to hear the discussions and become familiar with the problems of the municipalities.

The idea is in accordance with plans discussed at the convention in Muskegon one year ago,

## BIG RAPIDS MAN PLEADS FOR DEMS SATURDAY NIGHT

Though not large, the audience at the first Democratic meeting in Holland during the present campaign Saturday night was an enthusiastic one. The meeting was held in the Masonic temple and was attended by well known local Democrats and a few Republicans. Ernest C. Brooks presided over the meeting and he opened the program with an interesting talk on the state of affairs. Mr. Brooks is an effective speaker and he held the attention of the audience while he went into the question of Ottawa county politics.

He introduced Gerrit Masselink, of Big Rapids, vice president of Ferris Institute and candidate for lieutenant governor on the Democratic ticket. Mr. Masselink devoted himself almost exclusively to state issues and he stressed corruption in the Republican ranks, devoting much time to conditions in Detroit and to state leaders in the Republican party.

He put up a strong plea for support for the Democratic ticket in the November election and his address was full of fire and vim making it interesting even to those who are traditionally on the other side of the political fence.

In addition to its political aspects the candidate's visit to Holland was the occasion of a reunion between him and former Ferris students. Graduates of that institution are located in every town in the state and Holland was also the scene of the visit was also in the nature of a kind of home coming for the candidate. He was born only a few miles from Holland in Allegan county and he looks upon this section as his home country.

Mr. Masselink is looked upon as one of the foremost educators in the state. He made a fine impression on his audience on Saturday night, irrespective of party.

Captain R. T. Rogers, one of the veteran Lake Michigan captains followed the lake most of his life. He died at the home of his wife, Mrs. Rogers, in Saugatuck. His body was brought there for burial. The funeral was held Sunday afternoon at 2 o'clock in the Congregational church, Rev. Mr. Skidmore officiating. The funeral was under Masonic auspices.

Mr. C. W. Dornbos of DeVries & Dornbos has just returned from Boston where he attended a convention at the factory of the Maytag company, world's largest Maytag dealers in the United States, greeted at the factory by Mr. F. L. Maytag, founder and chairman of the board of directors. It was the largest gathering of washing machine dealers ever assembled in the world. The trip was by far the most interesting one he had ever taken, and told at length about some of the operations in their mammoth manufacturing plant.

Mr. Dornbos reported that the factory is turning out over 1,250 machines per day, and that the Maytag company has just recently moved into their large six story factory addition, which is capable of handling an output of 2,000 machines per day. A new grey iron foundry has just been completed which, in addition to their previous equipment, will be the most modern and complete equipped foundry of its kind in the United States. Modern machinery is used throughout practically all the heavy work being handled by automatic equipment. The entire factory has a floor space of over thirteen acres.

F. L. Maytag of Newton, Ia., chairman of the board of directors of the Maytag company, is now the proud possessor of the world's largest medalion, presented to him by Governor Hammill. The medalion is the gift of the Home Appliance Merchants of America as a token of recognition of his outstanding position as manufacturer and merchandiser of electrical home appliances. The medalion is valued at \$50,000. Mr. Dornbos witnessed the presentation of the medalion.

O'clock on Monday afternoon.

A week or two ago representatives of the Chicago Tribune came to Holland to look it over and Secretary Peter Pritts of the chamber of commerce requested a representative of the Sentinel to show these writers the city and the surrounding resorts. Since that time, on Tuesday, Wednesday and Thursday last week, the Tribune has been publishing two columns a day from the pen of James O'Donnell Bennett.

The first article on Tuesday tells of the "Dutch Delirium" home of Holland. On Wednesday the writer gives some very interesting sidelights on historic events, comparing these with Holland at the present time. On Thursday the Getz farm is described. Mr. Bennett stated, "that making crowds happy is the hobby of George Getz."

These articles have been valuable publicity for this city and the heads of the chamber of commerce felt that they could do no better than to order a supply of the Tribune carrying these articles, but how to place the copies properly was matter of importance. Con. De Free, president of the chamber, suggested that these copies be given free to anyone (not children), who might be interested.

There are 1000 copies of each of the issues and these can be secured at the Erie news stand free of charge, one set to a person while they last. It is also suggested that the person receiving these copies, clip out the Holland articles and send them to friends in other cities, thus giving Holland further favorable publicity. Many a credit will keep the clippings for their scrap books.

Mr. Jake Fris is now ready to dispose of the copies he has on hand.

Mrs. Laura Winstrom, Clara McClellan, and Mrs. Etta Whitman left Saturday for Bear Lake. They were accompanied by Mrs. Daisy Turner, who has been the guest of her sister, Mrs. Whitman, for the past week.

Born to Mr. and Mrs. Bernard Kammerling, 23rd street, a daughter, Ruth Eleanor.

## ATTEND MEETING IN GRAND RAPIDS

Quite a number of the members of the First Orthodox Baptist church of Holland attended the Michigan Orthodox Baptist association in session at Grand Rapids, of which the First Orthodox Baptist church in Holland is a member. Dr. T. T. Shields of Toronto, Can., was the speaker.

## CHANGE MADE IN MANAGEMENT OF THE TAVERN

Manager L. M. Tyson of Warm Friend Tavern surprised the directors of the company when he announced that he wished to resign as manager of this popular hotel that has gained a nationwide reputation during the year and a half that he was at the head.

E. L. Leland of Saugatuck has taken the management starting Monday morning. He will be assisted by Mrs. Leland, who has also had considerable experience in hotel management. The Leland are best known to the Holland people as the owners of the Leland Tea House that has gained much popularity among the resorters.

Citizens of Holland naturally are surprised at Mr. Tyson's leaving, for he has made a host of friends during his two years stay in Holland. He has always taken a live interest in all civic affairs, jumping in anywhere and any place where his services were needed.

Mrs. Tyson also immediately won her way into the good graces of the Holland people and it goes without saying that many in this city will regret the leaving of Mr. Tyson.

Mr. Tyson has not made any plans for the future but expects to be on his way the latter part of the week making an extensive trip south and west. Mr. Tyson states that he has been tied down so long for the last two years with hotel duties, practically night and day, that an absolute rest was imperative.

The American Legion band has chartered a special Pullman car to take the members to Philadelphia to attend the national convention. But after all the band members have been accommodated, there are still five or six seats left in the car and the band is anxious to fill these up. By filling them the price for the whole organization will be materially reduced.

The band therefore made an appeal today to all service men who intend to go to the convention or who may wish at some time or other to see the sesquicentennial to take advantage of this opportunity. The band would like to have from five or six persons who would like to go. The rates are very reasonable and the accommodations are first class in every respect.

The car will leave Holland on October 9th and will leave Philadelphia for the return trip the Friday following. Anyone wishing to take advantage of this opportunity should apply to Ray Knoppluzen or to Al Van Lente.

In letters to relatives in Zealand Edward De Free tells of the storm experiences at Moorhaven, Fla. When the first gusts struck the home of Mr. De Free, they noticed that the roof had been loosened and forthwith undertook to nail it down. Shortly after that the roof left the house and a pine tree, careering over the front, fell down on the house and helped it to remain where it was. At six-thirty in the morning, they essayed to make inquiry as to the other friends, and as their own car was pinned beneath the wrecked garage they hurriedly made a hasty escape. That Mr. De Free's partner in the market they were conducting, had been pinned under his car for hours, being on the way to see how they had fared. With difficulty did they manage to get back home by two-thirty, all the time have been able to re-open their market in Moorhaven and conduct business after a fashion.

Mrs. G. E. Kollen and daughter Miss Helena have returned home from Europe after a three and a half months tour and Mrs. James Casewade who also made the trip is expected home from New York the latter part of the week. The local party conducted their own tour and mapped out their own route, desiring to be free to go where they pleased instead of being confined to a prearranged trip.

They sailed from New York direct to Norway and saw and interesting country from end to end. They crossed the arctic circle and visited Hammerfest, the most northerly city on the European continent a city that is ice locked most of the year.

From Norway they went to Sweden and took the famous Gota Canal trip to Gothenburg. They traveled all thru Denmark and crossing into Germany visited Berlin and many of the other famous cities of that country. They returned to Germany by the beautiful Rhine river trip to Belgium, visiting Brussels known as "the little Paris." Crossing over into France they visited the historic battle fields and saw France from end to end and they went to Italy to visit the last country on their itinerary. They spent some time in Rome, Naples, Venice and saw the art treasures that have made those cities famous for thousands of years. From Italy they sailed to America, spending 13 days on the ocean, the captain having gone out of his course to avoid a storm. They arrived in New York the latter part of last week.

The trip was unusually enjoyable because of the fact that the travelers could visit the countries they most desired to see and spend their time in places that were most interesting to them personally and did not have to visit countries they did not want to see, as is often the case on conducted tours.

A new record has been set by fruit dealers in Benton Harbor in the volume of fruit handled in one day.

On Sept. 29, 150,000 packages of fruit passed through the Benton Harbor fruit market, which was exceeded the following day.

Shipping facilities were unable to handle the greatly increased volume of traffic and much fruit had to remain on the wharves.

Frank Bos of Holland has purchased the residence of Mrs. Hoeve on Lincoln street, Zealand, and has already taken possession. Mr. Bos has been employed at the Wichers lumber mills for the past three years.

## STANLEY SHOOT HIMSELF; NOW NEAR DEATH

Fred Yeakey, Jr., about 30 years old, shot himself Thursday about noon, while he was alone at his home in Grand Haven township. It is believed with suicidal intent. The wound was in his head, his face being badly injured.

Dr. Presley of Grand Haven, was called and he rushed the man in the Beer ambulance to Hatton hospital, where he said the man had an even chance for life.

Yeakey, a son of Fred Yeakey, is a farmer living near Agnew. He has been ill all summer and is said to have become very despondent. His wife left him Thursday at noon to do an errand and came back to the house to find her husband had shot himself. She immediately rushed to the nearest neighbor, Wm. Behm, and they called Dr. Presley. He was then rushed to the hospital where he is at the present. Little could be learned about the man at noon to do an errand and came back to the house to find her husband had shot himself. She immediately rushed to the nearest neighbor, Wm. ## GETS CONFESSION FROM THIEVES WHO TOOK TIRES

Fred T. Miles, prosecutor, Thursday morning succeeded in obtaining a full confession from Fred Williams and Harry Hyde, arrested by the Grand Haven city police for stealing tires and automobile tools from several individuals during the summer.

The substance of their written confessions is this: On September 11, between 1 and 2 o'clock in the morning they broke into the garage belonging to Joseph Bessinger and stole the spare tire off of his Ford touring car. During the summer they confessed to having taken a battery from the Chevrolet truck of Del Smith, tires from a Buick of Wm. Coster, one or two tires from a car parked in the rear of the Brak bakery in Spring Lake which later proved to be the property of G. A. Ringold, two tires from a Dr. Johnson, a veterinary in Robinson, and two tires from Mr. Zimmerman in Grand Haven living on Madison street.

The parties losing their property have claimed the things lost, thus proving conclusively that the confession is bona fide, officers say.

Walter Hyde was arraigned before Justice Cook and bound over to circuit court with bail fixed at \$1,000. This was not produced and the two boys are awaiting their trials which will come in the November term of court.

The prosecutor talked with the boys for some time Thursday morning. At first Hyde absolutely denied knowledge of the affair. Williams seemed to be afraid of Hyde when

questioning him of being an accomplice and would change his testimony when glared at by Hyde. Later the two concluded they had better make a clean breast of the whole affair so told the above story.

Hyde, who is about 23 years old, has been boarding with Williams, aged 20, in Grand Haven township. They have been working together all summer, burying the tires in the woods near where they are residing.

Officer Klumpe of Grand Haven took Hyde to the place where they assured the officers the tires were hid. Test this was a ruse to get away, the officer had Hyde firmly handcuffed to him and there was no chance of slipping the officer in the thick woods and underbrush to which Hyde led him.

A short time ago a Nash roadster was taken to a garage in South Bend, Indiana, after it had been in a wreck. The owner of the car asked that the damages be repaired and that he would return and get the roadster. When he failed to make his appearance, the garage men grew suspicious, and looking up the number found that the car bore a license issued to a Holland man. However, J. Dannenberg of this city, whose license 633-616 corresponds with the one on the Nash car, claims that he never had a Nash and has his plates on his Ford. Either the South Bend men are off on the number or the state issued the same license number to different cars. Local police have written to the authorities and further investigation will go on, as Dannenberg evidently has nothing to do with the South Bend wreck.

A Grand Haven delegation will be invited to attend the launching of the new Grand Trunk ferry, which will be in active service, plying between Grand Haven and Milwaukee, a Grand Rapids delegation will be invited to attend the launching, it is understood.

According to reports the Grand Trunk railway will build another ferry slip at Grand Haven and the government will install a radio compass station as the new vessel will be radio equipped.

Dredging was started today at the end of the Goodrich dock at Muskegon in preparation for the wintering there of the British convict ship now anchored at Holland which plans to move to Muskegon, Monday, Oct. 11.

The dredging, which will take about a day, according to Roy Love of Robert Love and Sons, is necessary in order to allow the old British ship to stick her nose right up against the shore where she will lie throughout the winter months.

The "Success" will be taken to Muskegon by the tug "Lou Ella," formerly the "Industry" which has just been completely overhauled and put into the water. The tug, on this side of Lake Michigan by Robert Love and Sons. She was formerly a government tug but now becomes the only tug of her size operating on this side of the lake.

William H. Loutit, president of Hattin hospital, Grand Haven, announced today that Miss Ada Miller of Chicago of the Frances Willard Hospital, Chicago, has been engaged to be the superintendent of the hospital following the resignation of Miss Smithwick, who will be married very soon.

Miss Miller was in the city Tuesday looking over the field and after seeing the plant decided to accept the offer made by the president and board.

Miss Miller comes very highly recommended having had much experience with small hospitals and large ones as well. She has for the last two years been supervisor at the Frances Willard, having charge of a number of nurses. She will assume charge of things there November 1st, having to wait in Chicago until relieved by another nurse.

The Woman's Christian Temperance Union will hold its regular meeting on Friday afternoon, Oct. 5, at three o'clock. Mrs. Gertrude Boer will be in charge of the devotion. Mrs. E. J. Lendick will give a resume of recent legislation that is of interest to W. C. T. U. workers. Mrs. D. G. Cook will give a talk on "Medical Temperance." A white ribbon drill will be given by the Junior high school girls. All women are invited to attend.

Taking the strong Kalamazoo aggregation by surprise Saturday afternoon, the light Holland high eleven grabbed a victory which showed, 20-0. Coach Strome and his cohorts simply had a bad afternoon.

## GRAND RAPIDS RAILWAY MAY TAKE HOLLAND LINE

An inventory of the Grand Rapids, Holland & Chicago R. Y. properties has been made in preparation for the mortgage foreclosure sale on October 20 under the direction of Kirk E. Wicks, master in chancery.

The property will at first be offered in its entirety and if there are no bidders it will be divided into parcels to suit bidders. The adoption of the last plan means the abandonment of a large part of the track, although it has been intimated that the Grand Rapids Railway company may bid on a part of the line for suburban service which no doubt would include Grandville and Jensen and Wyoming Park.

## CORNERSTONE OF BUILDING LAID

The ceremonies connected with the laying of the cornerstone for a new building for female patients were held Thursday afternoon from 2:30 to 4:30 at Cutterville, where the Christian Psychopathic hospital is located. The ceremonies were attended by about 400. The speakers were Dr. Wm. Masselink, Rev. J. F. Heemstra, and Mr. A. Pieters of Holland, and Dr. Y. P. De Jong of Grand Rapids. The Cutterville quartet furnished the music. In the evening services were held in the Oakdale Park Christian Reformed church in Grand Rapids.

## TWO LOCAL MEN IN ALLEGAN CO. JAIL

Allegan authorities came to Holland Sunday and arrested George Green and Cameron Crammer, both of Holland, in connection with the injury of two persons near Fennville. The young men, it was stated, were going to a dance and claim that while they did have in possession a few bottles of cider, it was not intoxicating and they were not drunk.

The injured persons were taken to a South Haven hospital but will be in Allegan on Friday, the date set by Justice Fish when Green and Crammer will be arraigned in the Allegan court.

Crammer lives at 400 Columbia Ave., and Green at 141 Columbia Ave. Both men are in the Allegan county jail until the examinations takes place.

## EX-ALDERMAN SUDDENLY DROPS DEAD IN ALTONA

Former Alderman Henry Wickerink, for about 15 years an employee in the Lokker-Rutgers store in Holland and who has an unusually large number of friends and acquaintances in and around this city, suddenly dropped dead Tuesday night in his home at Altona, in the northern part of the state. Mr. Wickerink had been cranking his automobile and complaining of feeling ill he went into the house and dropped dead. He was 63 years old.

Mr. Wickerink left Holland two years ago the last September to go into business for himself with a partner under the firm name of Wickerink & Allen. The firm had been very successful and the business was in a strong position in Altona. A week ago Sunday Mr. Wickerink spent the whole day in Holland as the guests of Mr. and Mrs. John Lampen, 79 West 17 street, and he was in the best of health.

The deceased is survived by his wife, one son and one daughter; also by three brothers and one sister. He was born in the Netherlands and came to America as a boy. He lived for some time in the northern part of the state but has for many years been a resident of Holland. When he left Holland two years ago he was serving as an alderman of the fifth ward for the second term, leaving a vacancy which was filled by the council by the appointment of Alex Van Zanten.

Up to noon today intimate friends of the Wickerinks had received no direct message in regard to his death, the information received here being contained in a newspaper dispatch. No announcements have as yet been made in regard to the funeral.

John Vielhaber, North Branch township farmer, already has received more than \$800 for potatoes from a small patch containing a little more than three acres of land. One hill contained 22 potatoes, the combined weight of which was 61-2 pounds. Potatoes in Michigan seem to be a profitable crop this year reports state.

Dr. William R. Van of Grand Rapids, president of the Michigan Trudeau society, will give the president's address at the joint meeting of the Michigan Tuberculosis association and the Trudeau society to be held in Detroit Oct. 12 and 13, and will also act as chairman at the banquet which the two societies will give in the Book-Cadillac hotel on Tuesday evening Oct. 12.

Gilbert D. Karsten post, American Legion, Zeeland, at its annual meeting elected: Commander, H. Boes; vice commanders, H. Derks and M. Hoffman; adjutant, G. Meender; finance officer, E. De Heer; chaplain H. A. Andrews; directors, J. Boonstra, three years; and L. Eelhart for one year; sergeant at arms, C. Schermer; historian, H. Holstege.

John Vanderluis has been to New Buffalo where he had a rehearsal with a large chorus choir and orchestra for the Berrien Co. Sunday school convention to be held in New Buffalo Oct. 26 and 27.

Next week he goes to Cadillac to take charge of the music at the state convention to be held in Cadillac Oct. 13, 14 and 15.

Mr. and Mrs. John Van Landegend of Muskegon were the weekend guests of Mr. and Mrs. Joe Borgman, 429 Central Ave.

Attorneys Thomas N. Robinson and Elbert Parsons motored to Milwaukee on legal business Tuesday.

## AMPUTATE LEG OF ZEELAND MAN

Hermannus Ensing has been compelled to submit to the amputation of his right leg at the hip at his home near Zeeland.

It is nearly a year ago that Mr. Ensing began to suffer from an ailment in his leg, and it gradually became worse until last summer when an operation was performed for relief. For a time it seemed as though there was improvement but later it again became necessary to operate. Finally it was decided that the removal of the member was the only means of saving his life.

Mr. Ensing has met other personal injury that came near costing his life. Some years ago when he returned to the house from attending his chores in the barn he found the house in flames and, in order to save his son from burning, he rushed into the flaming building, becoming severely burned about the head and hands.

## MISSIONARY UNION HOLDS SESSION IN GRAND HAVEN CITY

The second annual meeting of the Missionary Union of the Christian Reformed churches was held in Grand Haven which attracted numbers from ten cities and towns included in the district and proved to be one of the most inspirational and helpful church gatherings held in this city in some time.

The sessions were held during the day in the Second Christian Reformed church and a church packed to the doors listened to the interesting discourses of missionaries from China, India and nearby Chicago.

Rev. and Mrs. H. Dykstra, who are home on a furlough from the Mission of Zeeland where he has been to the Indian field and Mr. Hulsjen from the Hebrew mission in Chicago were among the speakers that brought tales of interest, covered the duties of these foreign peoples, their beliefs their social, educational and ethical problems that held their audiences in rapt attention.

Dr. Henry Beets of Grand Rapids and director of missions for the church's organization had charge of the First Christian Reformed church and Miss Veenstra gave the big talk of the evening.

Supper and dinner were served in the Second Christian Reformed church by the ladies of the church in their parlors which were beautifully trimmed with fall flowers and where a social time was enjoyed by all.

The organization was completed last year for the purpose of creating more interest in foreign missions among the women of the congregations and to organize funds for the undertaking of projects which will be sponsored entirely by the women. Mrs. John Dolfin of Muskegon is president of the organization and the section includes the members from churches in Fremont, Reeman, New Era, Muskegon, Grand Haven and Spring Lake. The next meeting will be held in April at Muskegon.

The whole affair was considered a huge success with about 250 in attendance besides numbers from other congregations in Grand Haven. It was most inspiring to see such a group of women working for one purpose and great results are looked for from this comparatively young organization.

Rev. R. Pousma, a medical missionary, is supported by the two Christian Refd churches in that city and Monday arrived in Chicago where he will remain for a number of years.

## VIRGINIA PARK MAN MARRIES HOLLAND GIRL

A simple wedding took place Oct. 2nd at 6:30 P. M. at the home of Mr. and Mrs. Marcus Brower, 126 W. 10th St., when their daughter Rhodanna Brower was united in marriage to Frank M. Mattison, son of Mrs. A. Mattison of Virginia Park.

The bride party descended the stairs to the strains of "Lohengrin" played by Miss Gladys Keek, and the ceremony was performed by Elder E. G. Jacklin of Grand Rapids, under a bridal arch of white entwined with ferns and garden flowers at either side.

The bride wore a gown of empire blue flat crepe trimmed with silver lace. She wore silver slippers and carried a bouquet of pink rose buds and white snap dragons.

Her only attendant was her sister, Miss Hannah Brower, whose gown was dark blue satin faced canton crepe and her bouquet was made up of various colored asters. Mr. Wm Mattison, also of Holland, attended his brother as groomsmen. A double ring ceremony was used.

The guests included members of the immediate families and Mr. and Mrs. Joseph Ripma and daughter Ruth and the Misses Tidwell and Clerk, all of Grand Rapids.

Mr. and Mrs. Mattison will be at home after Feb. 1, 1927, at 32nd St., Holland, Mich.

The women's aid society of Hope church will be hostesses at a reception on Thursday evening at eight o'clock to meet new members and enjoy an evening with Dr. and Mrs. Davidson who have been with Hope church one year.

A program has been planned and refreshments will be served. Members and friends are cordially invited.

HIGHER COAL PRICES ARE EFFECTIVE FRIDAY

Grand Rapids Herald—A new schedule of coal prices was in force Friday by leading Gr. Rapids coal dealers raises Pocahontas coal 75 cents, Solvay coke, Kentucky, West Virginia and Ohio coal 50c per ton.

Mr. and Mrs. M. Simpson, Mr. and Mrs. L. Badger and daughter Miss Ada, motored to Fremont where they will spend the weekend.

## STATE DEMOCRATS ARE FULL OF FIGHT AT CONVENTION THURSDAY AT MUSKEGON

TO HOLD DUTCH TREAT DANCE IN MASONIC TEMPLE

The Masons of Holland will conduct a unique dance in the Masonic Temple Friday insofar as "paying the shot" goes. No admission will be charged. When all the dancers are present the total expense of the event will be figured and each man there will be asked to pay his share of the sum total. A sort of dance as it were an evening's dancing for 49 cents possibly.

The hon will also have a few of the old time features, the same as last year, Henry Kraker says.

YOUNG COUPLE TO LIVE ON A FARM

Edward Wolbert and Minnie Markvliet were united in marriage at the parsonage of the 14th street Christian Reformed church by Dr. Wm. Masselink. The witnesses were Mr. and Mrs. Markvliet parents of the bride.

The couple will make their home on the farm of Mr. Wolbert, father of the groom. They both have a host of friends in Holland and vicinity.

## ZEELAND CITY BUYS A SITE FOR A PARK

The Zeeland city council has purchased from the Shoemaker estate some five acres of ground for park purposes. The grounds are located on the south side of Lawrence street, extending from a point some three hundred feet west from south street, west to Pine st., and south from Lawrence street to the edge of the hill, including a fine strip of wooded ground along its southern edge.

The city is now improving the property by plowing and leveling the ground and seeding it to grass. It seems the purpose is to plant trees and shrubbery on a part of it and to devote another part to base ball grounds, foot ball field and tennis court. Then a part will be allotted for a tourists' camp.

## FOUR S. S. CONFERENCES TO BE HELD IN STATE

During this month Edward D. Dimmet, president of Hope college, and W. Halpenny of Lansing, general superintendent of Michigan council of Religious Education, will conduct conferences in three or four Michigan cities, centrally located in their respective districts. One in Alpena is now being held. The one in Port Huron will be held from October 6-8; in Jackson, Oct. 11-13; in Cadillac, Oct. 14-16.

The work of this council will especially interest Sunday school teachers as the program deals with the religious training and education among the youth.

Secretary Anthony Nienhuis, of the Ottawa County S. S. association, is also especially interested and states that many from Holland will go to Jackson, the nearest conference place, and registration can also be obtained from him, as well as information on railroad and interurban fares, which will be reduced to a fare and a half during the conference.

The speakers are: Bishop Willard Brewing, Toronto; Rev. J. O. Randall, Traverse City; Thos. S. Evans, New York City; Dr. J. E. Wright, Detroit; Rev. Frank King-Kuizenga, Holland; Clarence N. don, Lansing; Rev. Paul H. Yound, Benton Harbor; E. K. Mohrs, New Buffalo; Rev. Carl Stackman, Lansing; Rev. M. L. Williams, Lansing; Dr. Peter P. ## HOLDS UP THE HOLLAND HOTEL AS A EXAMPLE

A. P. Johnson, in his talk at the meeting of the Michigan Tourist & Travelers' association at Manistee Tuesday night stressing the need for better hotels for the accommodation of tourists, said:

"The question immediately arises Who is going to provide them? Your communities must build them, your chambers of commerce or boards of trade, your business and resort interests. It must be so to it that a good hotel is there, right in your town, and then get a good manager to run it."

"There is no better example of this than the hotel in which we are now assembled. Fremont has such a hotel and it is making money. There is the richest example of far-seeing thought that I have found. Holland is another example. This must be done if you ever hope to compete favorably with other localities who bid for summer business. It must be done, if we have to let these hotels go tax free until they are financially on their feet."

"What this association should do is to make a survey of hotel accommodations in our resort territories. Your chambers of commerce should get together and map out a hotel program and stick to it. You must sell your communities on the inevitable fact that if you don't take care of this business it will cease coming to you."

"The first thing you must do is to take care of the business you have, even if you have to start a school for your hotel keepers in what constitutes a modern hotel, what a guest wants and what must be done to perpetuate his patronage and good will."

G. J. Diekmans was in Grand Rapids on legal business Friday.

Muskegon, Oct. 1.—Michigan Democrats with their faces turned hopefully toward victory at the polls, Nov. 2, Thursday afternoon nominated a state ticket, adopted resolutions, and left for home ready to stage the most militant campaign since the days when Woodbridge N. Ferris was sent to the capitol, more through his personal popularity than the strength of the party itself.

The following ticket was nominated: Secretary of State—Catherine Doran, Detroit.

State Treasurer—Cornelius Gerber, Fremont.

Auditor General—John F. Cross, Three Rivers.

Attorney General—Alvah M. Gurnee, Lansing.

Justice of the Supreme Court—George J. Burke, Ann Arbor.

"A mighty strong ticket," was the comment of William A. Comstock, Democratic candidate for governor, as the choices were discussed.

Gerrit Masselink, nominee for lieutenant governor, made one of his usual rapid fire speeches in which he urged, especial attention to idealism rather than to strictly material things. He pointed out that citizenship and the higher things of life were enduring, while money and property were only transitory.

Edward Frensdorff of Hudson, who was the gubernatorial candidate two years ago, and one of his usual torrid speeches in which he declared: "The Republicans managed to split the underworld of Detroit so as to give victory to one of their candidates. As a result the bootlegging business is all demoralized and the market badly shot. It will be interesting information to some of my Democratic friends to know that the price of liquor is going to go down."

Mr. Frensdorff also declared that if Comstock is elected the first thing he should do is to build penitentiaries, "because there will be use for them."

The platform of the Democrats as adopted is a most extended one. It covers about everything and some of it is most startlingly radical. It declares the centralization of power a menace to free government, advocates the abolition of the administrative board, demands the return to constitutional government and pledges:

Legalization of the pre-primary convention idea.

Prohibit public officials and employees from accepting any free transportation or admission to any entertainment of any sort.

Prohibit public officials from entering into any business transaction with the state.

Prohibition of bribery in any form by lobby in the legislature.

Prohibit business connection by state officials with any firm doing business with the state or with state boards or commissions.

Accounting department to be transferred to the auditor general.

The conservation department out of politics.

Open accounting in the highway department.

Abolition of the state police.

Pay the counties what is due them.

Discontinue state interference with county officials.

Cut operating expense of the state at least one-third.

Grant paroles and pardons only on recommendation of the sentencing judges.

Living wage for all employees.

An eight-hour day.

Limitation of the injunction in labor disputes.

State insurance similar to that in Ohio.

Increase allowance for compensation to at least 75 per cent of the average weekly wage.

Compensation to cover occupational diseases.

Organization of the workers.

Abolition of convict contract labor system.

Rigid enforcement of drastic child labor laws.

Assessment of farm lands on basis of present reasonable cash values.

Abolition of all property taxes for highway construction and maintenance.

Better school facilities for farmers' children.

Improved marketing system for farm products.

Removal of taxes from real property for state purposes.

Development and regulation of aeronautics.

Give to women share in public responsibilities.

Enforcement of all laws.

## CIGARETS STOLEN WHEN POOL ROOM IS ROBBED HERE

The Palace billiard hall, owned by Jack Post, was entered between Sunday and Monday and 1500 cigarettes and an automatic gun were taken. The thief entered by raising a window in the rear of the building and apparently had little difficulty getting in. Police believe the thief was done by one who frequents the place and was intent mostly on stealing the smokes.

Officer O'Connor picked up Frank Kent Clark, aged 17, whom he found wandering near the Goodrich docks. The lad seemed to be slightly deranged and told Chief Van Ry that he had run away from home. The boy was reluctant to tell what his mother's address was but this was secured after much questioning. The mother, when advised by wire, hastened to Holland and took her son back home. She said that the boy had wandered away and the family was searching for him.

Niel Landman of Macatawa Park was picked up by officer Cramer in a drunken condition. He pleaded guilty in Justice Charles Van Duren's court and paid a fine of \$13.70. Landman was the principal in the Edna Bauer case throwing case about two years ago.

G. J. Diekmans was in Grand Rapids on legal business Friday.

When Glen Chamberlin was ho-  
leing in the Saugatuck, his  
hoe struck something metallic,  
and it shone out brightly. Exam-  
ining it he found it to be a plain  
gold band wedding ring, unturned  
and close inspection showed  
that there was some engraving up-  
on it. On the inside of the band  
the name of M. F. Morrison was  
found. This person at one time  
owned the property.

Chamberlin took the ring to a  
granddaughter, Mrs. Heth, who  
recognized it as her grandmother's  
wedding ring, long lost. The  
grandmother's maiden name was  
Mary Elizabeth Beckham before  
marrying Mr. Morrison.

The ring was buried many years  
as Mrs. Morrison died in 1880. The  
loss of the ring had been a sorrow  
to her and Mrs. Heth feels it not  
only is a cherished heirloom, but  
it is of historic value. Her grand-  
mother was the first school teacher  
in the once thriving but now buried  
lumbering village of Singapore,  
where she and Mr. Morrison were  
married in the town hall in 1843.  
They rode on horseback to their  
small frame house in Saugatuck,  
where Mrs. Morrison conducted a

The thirtieth annual optometric  
congress of the Michigan Society  
of Optometrists opened Tuesday  
in the Warm Friend Tavern and  
the convention will be in session  
until Thursday night. Ninety-one  
delegates and their wives are reg-  
istered at the convention, which  
is proving a very successful one.  
The local entertainment committee  
is composed of John Pieper, Glenn  
F. Smith and Charles Van Stuy-  
ter, and the ladies reception com-  
mittee is composed of Mrs. Roy  
Stevenson, Mrs. Joseph Kooker,  
Mrs. John Pieper, Mrs. Arle  
Van Kersen. The members were  
entertained at luncheon this noon  
by the Exchange club.

The meeting Tuesday forenoon  
was called to order by the pres-  
ident, Chauncey J. Howe and the  
invocation was pronounced by Rev.  
Daniel Zwiler. The president deliv-  
ered an address, and the rest of  
the day's meeting was devoted to  
business, reports, appointment of  
committees, and to an open forum.  
Wednesday A. M. Dr. E. H. Arn-  
old gave an address on "Practical  
Eye Examination." In the after-  
noon Dr. J. W. Gould was sched-  
uled to speak on the subject "The  
Ophthalmoscope in Optometric  
Practice." There was a banquet  
and dance at 7:30 and a business  
session Thursday forenoon.

Neither of the men were in con-  
dition to tell of anything but Gol-  
dstein said Driese wanted to borrow  
the car earlier in the morning. He  
refused to let them take it. He iden-  
tified the Studebaker. The officers  
took both men to the county jail.

Every year Hope College turns  
out a fair crowd of runners who  
go into the state meets and rank  
high in the competition. Many  
times has some Hope star needed  
out veteran tracksters from the  
larger schools and the Orange and  
Blue colors are highly respected.  
This season, the men are out in  
larger number than ever. Run-  
ning daily they appear to be get-  
ting in fair condition and several  
elimination races will be run off to  
decide who will go to the big test  
at East Lansing, during November.  
Captain Cliequenoel is taking  
charge of the men at present, but  
Schouten will put the touches on  
these hargies before they enter in  
to stiff competition. Six men will  
go to the East Lansing meet which  
is to be held November 2nd. The  
elimination races will be announc-  
ed soon and these will be over the  
four mile course. The following  
men are trying for position at  
present: Captain Cliequenoel, Kik  
a veteran of three years, Hatch-  
man, Berkompas, veteran, Paul  
Van Ess, Doak, three year veter-  
an, Dunnevel, two year experi-  
ence, Ritchie, two years experi-  
ence, Wiersema, two years experi-  
ence, Hunter, Boot, To Winkie, Ray  
Smith, Van Raalte, and Diepen-  
house.

The Horace Mann P. T. club held  
its first meeting of the new school  
year Tuesday evening. Inspiring  
talks on community recreation  
were given by James McLean, G.

club went unanimously on record  
as favoring supervised playground  
recreation. The usual number  
on the program were also greatly  
enjoyed. Dainty refreshments were

## HOLLAND MERCHANTS ARE ELATED OVER THE PUBLICITY THAT IS GIVEN THIS CITY

At the opening meeting of the  
Merchants' association Tuesday  
night the different committees  
were asked to report and one of  
these committees was the public-  
ity committee. B. A. Mulder stated  
that the publicity given Holland  
this year far surpassed any other  
year in the city's history. Public-  
ity really first started at Lake-  
wood farm when Mr. Gets brought  
his manager over from India,  
and the story was published far  
and wide in the New York, De-  
troit and Chicago papers, and also  
in the smaller papers throughout  
the nation.

Then came the Getz barbecue  
visited by 30,000 people, and prac-  
tically every paper in Michigan  
carried a full account and cuts.  
Detroit and Chicago newspapers  
sent representatives to Holland as  
moving picture corporations.  
Then the matter was taken up by  
the N. E. A. service, this news dis-  
tributing corporation compiling a  
page with cuts of Holland and  
Lakewood Farm, and in plate form  
it was sent to all the papers in this  
nation and Canada, served by this  
feature in the concern. The result  
was that 3000 half pages went to  
many newspapers throughout the  
United States.

Mention was also made of the  
publicity received thru the western  
Michigan Tourist and Resort as-  
sociation, which added materially  
to the publicity which this locality  
received.

Then followed the coming of the  
convict ship. A representative of  
the Sentinel endeavored to induce  
Captain Smith to come to this port  
during Venetian week and while  
almost successful, business was so  
good in St. Ignace that Captain  
Smith had to defer his coming. The  
convict ship has been advertised  
throughout Michigan and incident-  
ally Holland reaped the benefits.  
The result has been that on some  
days nine and ten thousand have  
passed thru this historic vessel,  
most of them at the docks and  
the publicity chairman then  
brought out the fact that E. A.  
Stowe, of the Michigan Tradesman,  
has written a wonderful ar-  
ticle on Holland, which has al-  
ready been published in the local  
press.

And finally the publishing of  
three articles on different days in  
the Chicago Tribune, by James O'  
Donnell Bennett, was commented  
on in the report, and brought con-  
siderable discussion, the speaker  
of the evening referring to it in  
connection with his speech, and as  
an aside said that he had lived in  
Holland for many years and that  
the Tribune was slow in giving  
publicity and especially in sending  
a man over of Bennett's calibre,  
and if the Tribune saw fit to do  
this while he must have a history  
worth writing about and of inter-  
est to people beyond the city lim-  
its, or there would have been noth-  
ing doing. Mr. Chindblom said that  
Holland was to be congratulated  
as it received three days of public-  
ity in succession, when as a rule  
it is difficult to get one issue in  
the Tribune.

Chairman Van Tatenhove said  
that he was greatly surprised  
when he went to Chicago a few  
days ago, and when he went to  
hotel Morrison to register, the  
manager congratulated him upon  
the publicity received. The Hol-  
land man stated he went to 10  
wholesale houses immediately af-  
terwards and the first question  
asked was, "How did you get to  
your town next season to look her  
over?"

Other merchants pointed out  
that the publicity in general must  
have been good for Holland who  
a million people visit Lakewood  
Farm alone, and thousands more  
come to our Venetian evening,  
Holland fair, convict ship and other  
kindred attractions.

Leaving, 100 merchants  
each took with him three copies  
of the Chicago Tribune and also  
a copy of the Michigan Trades-  
man of Grand Rapids containing  
this publicity, and it was unani-  
mously decided to have the sec-  
retary write the Tribune and Mr.  
Stowe of the Tradesman a letter  
of appreciation.

The state police and Grand Ha-  
ven city officer Emil Klumpe took  
two men, H. Collins and Wm.  
Driese of Perryburg, to the county  
jail, where they are now being  
detained while driving a car and  
they are now replying in the coun-  
ty jail.

Louis Gloskain of Perryburg  
called the state police about 11:30  
today saying his car had been  
taken from his garage. The car a  
Studebaker was found in the  
Fruitport road just out of the vil-  
lage with Collins asleep in the  
rear and the other man evidently  
trying to get away when he found  
himself in trouble. The car was on  
one side of the road with one wheel  
crushed, windows broken in and  
the winter top looking as though  
there had been a smash-up.

Neither of the men were in con-  
dition to tell of anything but Gol-  
dstein said Driese wanted to borrow  
the car earlier in the morning. He  
refused to let them take it. He iden-  
tified the Studebaker. The officers  
took both men to the county jail.

## TELLS MERCHANTS THAT SIMPLICITY IS MUCH NEEDED

The Holland Merchants' associa-  
tion held its first fall meeting Tues-  
day evening, with Chairman John  
Van Tatenhove presiding. There  
were at least one hundred mer-  
chants present and they were agree-  
ably surprised when D. P. Chind-  
blom, vice-president of the Muller  
Bakery company of Grand Rapids,  
gave one of the most eloquent ad-  
dresses ever heard at a merchants'  
meeting.

Vice-president Warner was re-  
sponsible for Mr. Chindblom's ap-  
pearance, he having heard this  
speaker before, and he stated the  
Grand Rapids man was a find,  
which proved to be the case as  
merchants will vouch for.

Mr. Chindblom claimed not to be  
a public speaker, but only a baker  
by trade. But he baked as well  
as he speaks, his baked goods must  
be a popular product.  
Mr. Chindblom chose as his sub-  
ject "Simplicity and simplicity." He  
stated the simplest things often  
proved the most complicated, and  
the most involved matters turn out  
to be simple, if gone at right. We  
make a lot out of small things. We  
often agitate our minds unnecessarily  
over trivial matters that would  
be solved in the right frame of  
mind. All business is alike said  
Mr. Chindblom. Whether that be  
the nation's business, a big enter-  
prise or a small business just  
around the corner, the fundamen-  
tals are all the same. Some handle  
business along simplified lines,  
others make it a tremendous task  
by complicating matters. A giantic  
industry conducted along simpli-  
fied lines is easier to manage than a  
small business with involved meth-  
ods.

Said Mr. Chindblom, "We are  
dealing too much in mass in our  
business methods. That is true of  
government of states and of cities.  
The men in control do not get to  
the individual in the right way.  
That is evident in the Volstead law,  
for example.  
"I believe in prohibition but that  
act is not working out as favorably  
as might be expected. We can't  
force the masses to be good by a  
law that does not bring them to  
law. The trouble with the prohibi-  
tion act is that it is too involved. It  
is not being handled along simpli-  
fied lines. There is not enough mis-  
sionary work in its behalf being  
done. The wide citizenship  
should be appealed to. Obeyed, the  
law is a fundamental factor and  
the good that may be accomplished  
thru it should be impressed more  
upon the people generally, rather  
than the threat to use the law to  
secure obedience.

"Simplicity in business makes  
business more pleasant, and easier  
to conduct. We should use more  
humane methods, our employees  
should be our associates, we should  
talk to them in terms of Jack,  
James and John and not deal with  
them in terms of the law and in the terms  
of our employees.

"Even big corporations that  
some years ago said, 'The public be  
damned,' today are taking the pub-  
lic into their confidence and are  
working with the public through  
their public relations bureaus.  
"I still have great faith in the  
old town hall meetings, where the  
methods of business and politics  
were discussed along simple lines.  
We have gotten away from that  
method and the result is that we  
have lost touch, in a measure, with  
our national, state, and city political  
life. I have watched Holland for a  
long time. I believe that Holland's  
prosperity is largely due to its sim-  
ple methods of doing business, its  
old town meeting style, and its  
closely interwoven community spir-  
it, that is so soon lost when a city  
grows larger. Here neighbors know  
one another because of this rare  
community spirit.

"Believe me, I have lived in Chi-  
cago. I was reared there and I have  
moved from there some years ago  
to a smaller place, to a simpler way  
of living and I find I have done  
more for my family and myself, I  
was able to do more for my associ-  
ates, I got more out of life than I  
could have gotten had I stayed  
in that tremendously larger city  
with all its complications. I might  
even make a comparison of this in  
nations. See the utter failure of  
Russia dealing in mass formation,  
building from the top down. Com-  
pare it with America founded upon  
a constitution that is simplicity itself  
and constructed by simple men  
with town hall ideas, such as Ben-  
jamin Franklin and others.

"What I mean to say is that civic and  
political life is also true in the church.  
I think the pastors in our churches  
are working largely along simplified  
lines, and are closer to the indi-  
vidual; that is why their work counts  
and the christian church is a domi-  
nant factor for good in this nation.  
God grant that these men may con-  
tinue along the simplified lines and  
thru these methods may bring about  
greater influences that will advance  
this nation's well being."

tice Bruze Tuesday after waiting

### L. C. BURNS ITS MORTGAGE

The Woman's Literary club opened the year 1926-27 with a luncheon at the Warm Friend Tavern, most two hundred members and guests sat down to the artistically decorated tables. The walls window glass and chandeliers were hung with autumn leaves. The invocation was pronounced by Mrs. S. C. Nettles.

The president, Mrs. Rhea, gave a word of hearty greeting and then thanked the members who had planned the luncheon meeting. She announced that a \$6,000 fire would cur. As Mrs. Ogden was president of the club when the club home was erected, she was given the honor of

C. J. Dregman Mrs. J. C. Post, Mrs. W. J. Garrod, Mrs. L. M. Thurber, Mrs. E. J. Blekkink, Mrs. F. O. Granis and Mrs. G. J. Van Duren. Mrs. Granis later moved from the city and Mrs. Pifer was elected to fill her office. Very few changes were made in my official family during my years of office except the recording secretary. I had a new one every year. Mrs. Winter is away from the city today but Mrs. H. Harrington, who served as recording secretary the last year I was in office, is present today.

The rooms we were occupying at that time were becoming inadequate to house our rapidly growing membership and the daring idea was conceived that we might build a club house. We owned a lot which made the plan seem more feasible. The officers and board of directors were called together to discuss the project early in the spring of 1913. It looked like a gigantic undertaking and almost too heavy a burden to tax ourselves with, but after many meetings and much discussion we decided to make the effort.

"I have often been asked by outside clubs how we financed the project. We had in our house building fund about \$850, and we were the proud possessors of two lots, the lot our club house was built on and a lot on 9th street. Later we sold the lot on 9th street for \$1200, which was applied on the club debt. We asked each member how much she would subscribe and every one was given five years to pay it in. Many gave notes on the bank paying the interest on them which saved the club many dollars and gave us capital to begin our building with. It will always be a most pleasant memory that with very few exceptions our members responded generously not only with money but with expressions of interest and encouragement which we sorely needed at times. Many outside our membership also gave very generously toward the club building.

"Of course, the heaviest burden fell upon the board and more especially upon the building committee. Mrs. L. M. Thurber, Mrs. George E. Kollen, Mrs. W. J. Garrod, Dr. A. Knothuisen and the president, Henry Van Dyke, had said that 'the glow of life comes from friction with difficulties', and I am sure we had glow enough to make good-sized holes for every board member, for we had our share of difficulties as all builders do, but we were relieved of many of the worries and saved many dollars by the two men on our building committee Mr. W. J. Garrod and Dr. A. Knothuisen. They personally supervised the work and the material used, were at the building several times a day to keep close watch over everything.

"We also owed a debt of gratitude to Mr. G. E. Kollen. His ways took a keen interest in the club and in the building of the club house, met with the building committee many times and we went to him for all legal advice which he gave gratefully. And when this club was incorporated he did all the legal work.

"Our chairman, Mrs. L. M. Thurber (most of you know what a splendid business woman she was), put her whole heart into the building of the club house. We can never

estimate nor repay what she has done for our club.

"To the building of the club house went high ideals for its use and usefulness, not only for its members but for the whole city and those ideals have been realized in the humanitarian work done by our civic health, educational, charity, legislative and all departments of our organization.

"After months of untiring effort the club house was finished and was dedicated Friday evening, February 7, 1914, a gala and festive occasion for us all. Speeches were made by Mrs. G. E. Kollen, Mrs. L. M. Thurber, Dr. J. W. Beardslee, Mr. Henry Geerlings, Dr. A. Leenhouts, Dr. J. J. Mersen, and Mr. C. M. McLean, and just a year later we celebrated with an evening meeting our first anniversary and every year since we have observed our anniversary day.

"The day is observed fittingly dedicated of late years to Kate Garrod and the amount ran to \$13,500. We owed considerable on it, and felt we could not expend anything on furnishing, but there's always a way and I think it was Mrs. Pifer who suggested the plan that each member buy her own chair, pail, cup, saucer, knife, fork, spoon, and glass, which was done, costing us just \$1.25 each. Some gave a little extra to buy kitchen utensils and that was the extent of the furniture except for a piano. Some years later we were given many beautiful pieces of furniture but we began our home life very simply.

"It has always been the desire of those that began the building that they would see the debt liquidated and today we have the honor and privilege of burning the mortgage.

"To one of our members especially has this been the desire of her heart—Mrs. J. C. Post—and I regret very much that Mrs. Post is out of the city and cannot be with us, for she gave long and faithful service for many years that this end might be accomplished. The officers and the members of 1913-14 built the club house and bore the heavier part of the burden, but it has taken every succeeding president and all the members to make the fulfillment of this day possible. May the flame of this burning mortgage kindle anew our zeal for the duties and interests of our club life. For thou shalt be served thyself, with every sense of service which thou render-

est."

At the close of her talk, two telegrams of congratulation were read, one from Mrs. J. C. Post and one from Mrs. Thurber.

Mrs. George E. Kollen, president of the Michigan state federation of woman's clubs, was the guest of honor and speaker. She told of the founder of the first woman's club, Madame Anne Hutchinson, who announced the subject of the meeting would be "The Nature of Faith" and the Duties of Life. These subjects are the main ones today. The woman should be in the home, looking out. The club has progressed through the pink tea and embroidery stage to the stage, Mrs. Hunter then mentioned some of the evils which the women looking out of the home would see and ought to help correct, the vile magazines which are being sold to children, the lack of uniform marriage and divorce laws, the narcotic evil, the eighty-four thousand murders in the last seventy-four thousand of whom help us to elect our candidates; and the poor law enforcement. She told of the ambition of the state federation to have a traveling library in every county by 1930. In order that the club women of the state may be better informed of these evils and their cures and corrections the state dues have been raised to forty-five cents per capita. This will include a subscription to the state club bulletin. She closed by urging the women to keep on in fact finding a way to use these facts to better conditions.

The club members who worked so hard to make the annual luncheon a success are to be highly congratulated. The committee on arrangements consisted of Mrs. Otto Kramer, Mrs. Daniel Ten Cate, and Mrs. S. C. Henkle; the committee on decoration, Mrs. Oscar Nystrom, Mrs. M. S. Hinga, Mrs. J. G. Van Leuwen; and the committee on tickets, Mrs. John Olet, Mrs. E. A. Tansey, Mrs. Frank Lieveense and Mrs. M. H. Pellegrom.

### EDITOR MARVELS AT THE BEAUTIES OF HOLLAND CITY

The September edition of "The Michigan Tradesman," of Grand Rapids, a weekly trades paper, is off the press and Editor E. A. Stowe has some interesting things to say about Holland and vicinity. The magazine is extensively read by retail and wholesale merchants and turns. Especially is this true of manufacturers thruout the United States. "Things Seen and Heard on a Week-End Trip," is the title of the article. Mr. Stowe writes in part as follows:

"If there is a thirty mile sketch anywhere in Michigan that presents more evidence of prosperity and contentment than the drive to Holland, I have yet to discover it. New homes and business buildings are in evidence from Grand Rapids to Grandville, which has virtually become a suburb of the Valley City. They understand how to till the soil so as to produce generous returns. Especially is this true of the low lands which were originally swamps. No race of men know better how to handle muck than the Holland people. They possess the skill and patient industry required to wrest the land from idleness to productiveness of a high order. No more beautiful sight is afforded anywhere than the wonderful onion and celery fields in the Great Black swamp between Hudsonville and Zeeland. One of the best things the road builders ever did was to reroute M-51 so as to afford a fine view of this productive land. The old route was wonderfully attractive with its fine farms, wide stretches of fertile fields and beautiful hills, but the new route thru the swamp cannot be surpassed.

"The road from Zeeland to Holland is about as picturesque as it is possible to make it, with frequent sharp turns in the road and an undulating landscape which surpasses anything I now recall except the wonderful alternation of hills, valleys and ravines in Lelandau county.

"Zeeland becomes more beautiful every year. She has made many changes for the better during the summer now drawing to a close and her people evidently intend to maintain the reputation she has long enjoyed as a desirable residence town. Few places the size of Zeeland can show such a large proportion of fine homes, ample lawns carefully kept up to a high standard of beauty and wonderful flower bed in nearly every door yard.

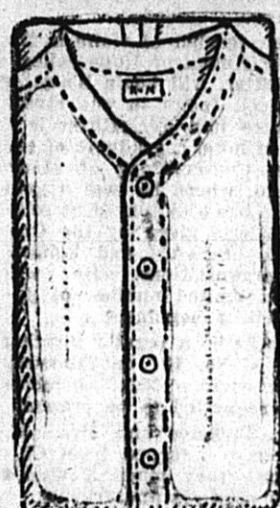

"Holland is a continual marvel to me. No matter what paved street I cover, the houses are all well painted, the lawns carefully attended to and the surroundings devoid of any unpleasant features. I have traveled the streets of Holland many times during the present season and I have yet to discover an unpainted home. If any other town in Michigan can present such a record, I should like to know about it. I do not believe there is another commercial city of 15,000 people anywhere in the United States that gives evidence of so much thrift and so little indication of poverty; in fact, I sometimes wonder whether the word poverty can be found in any Dutch dictionary. An im-provident Dutchman would be an anomaly in any locality, much more so in Holland where every man woman and child has a bank account and most of the male citizens own security boxes in bank vaults.

"Because it is hard to find a Dutch merchant who does not anticipate my calls by paying in advance for the Tradesman, my business calls in Holland were soon exhausted. So I devoted an hour or more to an inspection of the convict ship, Success, now located at the Goodrich dock. This vessel is 136 years old and is in a good state of preservation because it was built of Burness teak wood, which appears to be impervious to the effect of time and the elements. The ship was sunk in the harbor at Sydney, Australia, and remained at the bottom of the sea for five years. She was then acquired by a party of American capitalists, who raised her to the surface and are reaping a rich harvest on their investment. It does not seem possible that a Christian nation like England could resort to such methods of cruelty as the ship discloses, but Americans must forget that the punishments meted out to convicts by England were no more than the Southern people were employing at the same time in their dealings with their colored slaves. If any one wishes

evidence that the world is improving, all he has to do is to consider the changes which have occurred in both England and America during the past hundred years in our dealings with both convicts and slaves. The ship is an object lesson which will never be forgotten by those who inspect it.

"The drive from Holland to Macatawa Park discloses much activity in building operations and gives evidence of many improvements in prospect for another year. Most of the summer cottages are now closed for the season, but trees, vines, shrubbery and lawns are even more beautiful than they were during the summer. Grasses reds and yellows are creeping into the foliage to keep company with the different shades of green."

## SHERIFF ARRESTS SCHOOL BOYS FOR STEALING AN AUTO

For the second time this year the Grand Haven high school was thrown into the limelight and involved by the hand of youthful offenders against the law, as four more boys were arrested Monday morning on two serious charges, breaking and entering into the Schoroder & Lundgren garage and also taking of a big six Overland coupe from the Potter garage on Franklin st. without permission.

Ernest Thompson, aged 15, Stuart Boyink, 15, Donald Lyndon, aged 15, Richard Boyink, aged 15, are in the county jail awaiting arraignment in the juvenile court before Judge James J. Danhof.

Monday morning about 8 o'clock the boys were arrested by the sheriff's department at the corner of Seventh and Jackson street. Grand Haven, as they were huddled together, apparently trying to avoid what they knew was a pretty bad mess. At first they flatly denied they had anything to do with the auto, but after a few minutes of questioning they admitted they had taken the auto to Chicago for a day and had brought them back.

The boys are confined in the jail and will be given some time to consider their escape. Two of the boys, Richard and Stuart Boyink, are on probation from the juvenile court for participating in a robbery about a year ago at the Wm. Van Dongen home.

Word was received at Pennville Wednesday by Mrs. Annie M. Roberts of Pennville that one of her Yorkshire cows, Yorkshire Fern, had won first prize over all breeds in the Illinois state milk contest. The herd was shown in various Illinois cities in the past three weeks. There were four cows exhibited. The last showing of the herd was at the Nebraska state fair. They now will be taken to Detroit for the national exposition. Yorkshire Ferns is 2 years old and was raised on Ayhurst farm, owned by Mrs. Roberts, two miles north of Pennville.

The proposed gymnasium project at Hamilton now seems assured. The welfare association has taken the initiative in authorizing the building of a structure, containing upon raising the necessary funds, approximately \$5,000.

Title recently was obtained to 20 acres of land adjoining the schoolhouse and the bee line, which, it is planned, will be developed into a tennis court, playground and used for public celebrations.

The proposed gymnasium will be a frame structure, 30x60 feet, with regulation floor for a basketball court. The ground will be leveled and beautified with trees and shrubs.

Committees have been appointed to solicit funds for the building and to investigate the costs for transforming the grounds into a beauty spot.

Johannes Hoplink, aged 76, died Wednesday evening at his home at 67 West 17th street after a lingering illness. The deceased is survived by his wife and the following children: Mrs. Stevie Oude-niolen, Mrs. Henry Bowman, of Graefschap, Mo.; Fred Lemmen, George, Harri, J. J. Fred, and Mrs. Len Van Zanten.

The funeral was held Saturday afternoon at 2 o'clock at the home and at two o'clock at the Central Ave. Christian Reformed church, Rev. L. Veltkamp officiating. Interment was in the Graefschap cemetery. Please omit flowers.

John Fitzgibbon, special writer for the Detroit News, in his G. O. P. convention notes, says:

"Dean of the House of Representatives, who is chairman of the committee on credentials, presented to the convention verbally the committee's report to bar both Wayne delegations. He recounted the committee's findings in words that enlightened as well as amused many outside of Wayne County unfamiliar with the tricks of metropolitan politics. Forty years ago he was elected a member of the Legislature from Ottawa county; was four times re-elected, and, at the 1889 session, was speaker. After that he was twice a member of Congress and for more than a decade chairman of the Republican State Central Committee."

A miscellaneous shower was given Friday evening at the home of Mrs. Len De Loof, 51 West 17th st., in honor of Miss Heleke, Vande Linde, who is to be a November bride. The shower was given by Mrs. De Loof, Mrs. John Westrate and Mrs. Frank Levens. Several neighbors were present and a three course luncheon was served. Miss Vande Linde received many beautiful gifts.

Those present were: Mesdames Peter Schoon, Peter Notter, Gertrud Van Dyke, John Olet, Fred Frank, John Lampen, Nick Toppen, Frank Levens, Peter Levens, John Kramer, Lester Kramer, Abel Postma, John Westrate, Len De Loof, Gus De Vries, H. Vander Linde. Games were played and prizes were won by Mrs. Peter Notter and Mrs. H. Vander Linde.

Raymond Whelan, who has been visiting his mother, Mrs. Mary Whelan, in this city, left Thursday for San Francisco. Miss Anna Whelan left Thursday for Berkeley, California, where she will spend the winter with Lieut. and Mrs. John N. Whelan and attend the University of California.

Both Grand Haven and Muskegon were a week behind in turning the clock back to standard time. The neighboring cities made the change Saturday night.

It will be of interest to Holland people to know that a former local man is making extensive improvements in his business place at Grand Haven.

E. J. Prulm of the Fruit Music House is arranging the rooms above his music store for an up-to-date music auditorium and studio. He has already secured for his teaching staff, three excellent teachers from Grand Rapids: Jessie Veatch, voice; Lloyd R. Parnell, piano; and orchestra and Clayton Campbell, guitar, tenor, baritone and ukulele.

Other teachers will be added in time and teachers who wish to teach may obtain particulars at the

## HOLLAND MAN TRADES HIS RESORT PROPERTY FOR CHICAGO PROPERTY

H. C. Redmond of Holland has exchanged with Chicago parties 40 acres of Lake Michigan frontage in Ottawa county, near Holland, for an apartment house in Chicago, the transaction involving about \$30,000. The deal was handled by the Holland office of Kinsey & Buys Co.

## CONVICT SHIP PLANS TO GO TO MUSKEGON

Negotiations are practically complete for taking the British convict ship "Success," to Muskegon from Holland, where she has been lying at the docks for several weeks. If the famous old ship is taken to Muskegon she will be tied at the Goodrich docks and will remain in all probability throughout the winter, according to Mr. Hastings.

During the past few months the "Success," which is claimed to be the oldest ship afloat, has attracted thousands of people at Holland, South Haven and St. Joseph, at which cities she has been tied for varying lengths of time. Figures show that at St. Joseph, 84,000 people visited the ship and at South Haven 64,000 went aboard.

Last Sunday at Holland she drew a crowd of 7,400 persons and a week ago Sunday, it was stated, 3,200 persons paid admission to go through the ship.

An unusual treat is in store for the people of Holland and vicinity on November 1st. On that night they will have the privilege of attending a lecture, accompanied by moving pictures, dealing with the holy land. To be able to become more familiar with the land where Jesus walked and talked is in itself a pleasure, but when, as in this case, it is given by a man who was born and reared in that country it becomes doubly so. Mr. Stephen A. Haboush, who will give this lecture, is known as a very pleasant and interesting speaker and will enable the listeners to bring before their minds a clearer and more distinct picture of the land of their Bibles.

Delbert Scott of Spring Lake, who was terribly injured while at work in the plant of the Shaw-Walker Co., of Muskegon on July 28th is now able to be around. A steel beam weighing several thousand pounds fell from a traveling crane striking Mr. Scott a glancing blow on the head. For several weeks it was feared he could not survive the injuries and he was unconscious much of the time. Mr. Scott left the hospital, however, about two weeks ago.

The Christian Reformed church of America is planning many meetings at different points. The first will be held in Holland tomorrow afternoon and evening at the Fourteenth street church. The second will be at Reeland, Chicago, Ill., and a third at Kalamazoo. The speakers for these meetings are: Rev. Mr. Harry A. Dykstra, China; Mr. J. Dolfin of Muskegon, also Miss Johanna Veenstra, Africa; Rev. J. R. Brink, home missionary, and Rev. Henry Betts, missionary secretary of the denomination.

Prof. John Hoekse, registrar of Western Normal, Kalamazoo, will meet those interested in Western Normal extension work in the girls' gymnasium at Junior College Tuesday, Oct. 5, at 4 o'clock. G. A. Fisher, assistant director of the University of Michigan Extension department, will hold a similar meeting for those interested in university extension work Wednesday afternoon at 4 o'clock in the same place.

Burglaries are getting to be as common in Grand Haven as in larger centers which puts the county seat in the metropolitan class, at least in this respect. Several churches have been entered and mite boxes and other savings piled by a pretty poor type of thief. The Beren church on Columbus street, recently lost \$60 which was taken from a safe in the church. The Second Christian Reformed church lost about \$6 from missionary boxes and the First Christian Reformed church was entered but nothing taken.

The largest financial merger in the history of Grand Rapids was effected Friday afternoon when the Michigan Trust company and the Grand Rapids Trust company completed arrangements for joining together as the Grand Rapids-Michigan Trust company.

This will give Grand Rapids the biggest trust company in the state, its capital and surplus will exceed three million dollars.

It will occupy the magnificent new offices and building which the Grand Rapids Trust company has just completed at the southwest corner of Monroe and Ionia aves.

Initial steps have been taken for the formation of a gun club at Hudsonville. The first meet was at the Hughes park and club house. Those present were Thomas Hughes, Lee Edson, Glenn Edson, Gerrit Gryzen, Harley Vander Boegh, Lloyd Ohler, Cress Johnson, Donn Alward, Martin Vander Meulen and Henry De Groet. They have a first class trap and the best records were made by Lloyd Ohler and Lee Edson.

PROPOSED IMPROVEMENT OF WEST NINETEENTH STREET

Notice is hereby given that at a meeting of the Common Council, of the City of Holland, held Wednesday, Sept. 1, 1926, the following resolutions were adopted:

RESOLVED, That Nineteenth street from the east line of Van Raalte Avenue to the east line of Harrison Avenue be paved with sheet asphalt, on a six inch water bound macadam base and otherwise improved and that such improvement shall include the grading, draining, construction of the necessary curbing, gutters, manholes, catch basins and approaches in said portion of said street, said improvements being considered a necessary public improvement; that such improvement be made in accordance with the plans, diagrams and profile of the work prepared by the city engineer and now on file in the office of the city clerk, that the cost and expense of constructing such improvements with the necessary grading, draining, curbing, gutters, manholes, catch basins and approaches as aforesaid be paid partly from the General street fund of the city and partly by special assessment upon the lands, lots and premises abutting upon that part of Nineteenth Street from the east line of Van Raalte Avenue to the east line of Harrison Avenue as follows:

Total estimated cost of paving with sheet asphalt on a 6 inch water bound macadam base and otherwise improving, including cost of surveys, plans, assessment and cost of construction, \$11,146.36; that the entire amount of \$11,146.36 be levied by special assessment upon the lots and lands or part of lots and lands abutting upon said part of Nineteenth street, according to the city charter; provided however, that the cost of improving the street intersections where said part of the Nineteenth street intersects other streets be paid from the General street fund of the city; that the lands, lots and premises upon which said special assessment shall be levied shall include all the lands, lots and premises abutting on said part of said street in the city of Holland; all of which lots, lands and premises as herein set forth, to be designated and declared to constitute a special assessment district to defray that part of the cost of paving and otherwise improving part of Nineteenth St. in the manner hereinbefore set forth, said district to be known and designated as the "West Nineteenth-st. Paving Special Assessment District in the City of Holland."

RESOLVED, That the profile, diagram, plans, and estimate of cost of the proposed paving and otherwise improving of Nineteenth Street from the east line of Van Raalte Avenue to the east line of Harrison Avenue be deposited in the office of the clerk for public examination and that the clerk be instructed to give notice thereof of the proposed improvement and of the district to be assessed therefore by publishing notice of the same for two weeks and that Wednesday the 6th day of October A. D. 1926, at 7:30 o'clock P. M. be and is hereby determined as the time when the council will meet at the council rooms to consider any suggestions or objections that may be made to said assessment district, improvement, diagram, profile and estimate of cost.

Proposed Vacating of Lot 1 Except W. 1/2, ft. Block 40, City of Holland, Michigan

Holland, Mich., Sept. 4, 1926

WHEREAS, the City of Holland owns and is in possession of a certain parcel of land situated in the City of Holland, County of Ottawa, State of Michigan, described as Lot numbered One (1), except the West 1/2 and one-half (7 1/2) Feet thereof in Block numbered Forty (40) of the original plat of said City (formerly village) of Holland, according to the record plat thereof on record in the Office of the Register of Deeds for the said County of Ottawa, Michigan, and

WHEREAS, the said parcel of land is not used or useful for the general public and the said city of Holland has received a bona fide offer to-wit the sum of Ten Thousand (\$10,000) Dollars, for the disposal thereof at private sale, and it does not appear to the Common Council of the City of Holland that there is any present public need or future public demand for the use of the said described parcel of land for public purposes, and sufficient income cannot be derived therefrom to justify the City in continuing the ownership thereof. Therefore, in order to consummate the proposed sale of said parcel of land:

RESOLVED, that the Common Council of the City of Holland deems it advisable to vacate, discontinue and abolish the use of said described parcel of land for public purposes, and hereby appoints Wednesday, the 20th day of October, A. The Allegan Gazette prides itself on being in possession of the largest apple shown so far this season. It is a Wagner and weighs a pound. The apple was sent in by S. L. Hicks of Allegan county and was picked from a young tree containing but five apples. The weight of the five was so great that the limbs touched the ground.

Mud hens are mighty scarce this season says Max Snyder. Cold weather up north will soon bring them down to this neck of the woods, however. The only mud hen reported around here is in the marshes near Grand Haven.

Word was received by Mr. and Mrs. Arthur Gile of Allegan, from their son, Euseb Theon, and wife, Miami, stating that both escaped injury during the recent disaster. Their home and all their furniture, as well as their restaurant, were completely ruined.

Muskegon Elks have made Buster Eklund, of this vicinity, a life member of that order. Eklund, a life member of that order, was a former member of the actor's colony at Lake Michigan Park and has made many friends in that city among the B. P. O. E. members there.

Mr. and Mrs. Frank Dyke and Mrs. Herbert have just returned from a trip through Illinois and Iowa by automobile. They visited Dubuque and also Galena, Illinois, where Abraham Lincoln once lived. They visited many spots of historic interest.

Among the Allegan county jurors from this vicinity are Henry Van Hule, Laketown; Gerrit J. Schuman, Fillmore; Henry De Vries, Henry Kori, Manlius; John Schaap, Overland; A. C. Campbell, Saugatuck.

When the Ionia common council was presented with petitions bearing 1,257 names of people who want to retain daylight saving time and 353 signatures for central standard, it was decided to submit the problem to the voters on Nov. 2. The council voted to provide an ice skating rink on the high school athletic grounds this winter.

Anton Self, Sr., who has been a resident of Holland for 47 years continuously, will celebrate his 80th birthday anniversary next Sunday. Mr. Self is still hale and hearty.

Floyd C. Williams, Grand Rapids, field representative of the Oakland Motor Car company of Pontiac, was instantly killed last night when his automobile was hit by a Michigan electric railway interurban car at Holt, a village 4 miles south of Lansing. He was 40 years of age.

The Republican candidate for attorney general, William W. Potter, chairman of the public utilities commission, will be in Allegan tonight to confer on his campaign with Republican County Chairman C. E. Hoffman and other members of the committee.

Alderman Clay Benson, chairman of the street committee, reported to the Allegan common council meeting that the city had saved \$1,500 on the estimate for paving River st.

Wm. H. Vande Water of Holland who last year taught in Fremont is now teaching in Hammond, Ind., and also coaching a foot ball team at the school.

Patrick Kelley veteran railroad man of Grand Rapids who has many friends in Holland died at the age of 79 years. Mr. Kelley ran an engine for 40 years making daily runs thru Holland to Chicago. He piloted the fire Pere Marquette train from Grand Rapids into Chicago.

The funeral services of Henry Wickerink who died Tuesday night at his home will be held Saturday at 1 o'clock from the home at 410 tons in the northern part of the state with Rev. P. Dame of Trinity church, Holland, officiating.

Dr. Lane of London will preach in Trinity church on Sunday evening.

On the suggestion of Alderman Drinkwater, Mayor Kammerling was instructed by the common council to send a message of sympathy to the family of former Alderman Henry Wickerink.

# DUCK HUNTING RULES

Here are a few little rules for you to observe when you are out after ducks this season.

You can't hunt ducks or other wild fowl from a motor boat, airplane or automobile.

You can't have more than one gun in your boat or blind and you can't be capable of holding more than six shells in the chamber and magazine.

No hunting can take place before sunrise or after sunset.

You can't ship your kill out of the state and it must be transported as open hand baggage.

Residents must have a \$5 hunting license before starting out after game, aliens and nonresidents must pay \$10. Only persons under 17 years of age are exempted from this.

Black-bellied and golden plover are now protected by Federal law. The state game laws don't show this, so watch your step on these birds.

Although the Federal limit on ducks is 25 in one day, in Michigan waters this is cut down to 15 in one day.

# AGED BUILDER OF SHIPS DIES AT ALMA HOME

CAPT. R. T. ROGERS AGED SHIPMASTER IS BURIED AT SAUGATUCK

A large Masonic funeral was held Monday afternoon from the Congregational church, Saugatuck, for Capt. R. T. Rogers who died at theasonic Home at Alma. Capt. Rogers came to Saugatuck when a young man and resided there sixty years, he being one of the charter members of the Masonic order and a past master. For many years he was well known lake captain. He built the steamer "Bon Voyage," taking her on many trips from Saugatuck through the Great Lakes to the Thousand Islands and other eastern resorts.

Capt. Rogers was 87 years of age and leaves a widow, one son and two grandchildren.

The "Bon Voyage" for a short time was a passenger steamer on the first Holland and Chicago line when it was still owned by Holland captain.

# MEMORIAL PILLARS TO ADORN PARK ENTRANCE

GRAND HAVEN MANAGER AND DR. HOFMA ARRANGE FOR FOUNDATION

Grand Haven Tribune.—Paul R. Taylor and Dr. Hofma, members of the park board are in conference arranging for the location of the bases for the pillars that are to be erected by the Women's club in honor of Mr. and Mrs. R. W. Duncan of this city in whose memory it was given. Beautiful stone tablets, to be placed in the field stone pillars at either entrance to the park have been made and the sentiments of a grateful public expressed. Mrs. Duncan gave this beautiful property in memory of her husband, R. W. Duncan and she and her husband are buried in that part of the cemetery nearest to this beautiful wood which they both loved so well.

The pillars will be very fitting in that they are to be made from Michigan field stone and in every way conform to the very natural park which Mrs. Duncan stipulated should remain in its natural state. Now that the paving has been completed and the pillars with the Sheldon Road side and the Lake avenue side, it is possible to place these pillars permanently and although it has taken a long time to carry out this idea of the Women's club still it was necessary to wait until these street improvements were completed this fall and the road into the park fixed up so that driving through will be pleasurable to motorists this fall.

# CAPTIVE CARP THRIVE IN SUMMER AT G. H. HOLDING THEM IN LIVE PEN FOR HIGHER PRICES

Keeping carp in captivity is a new venture that has proven successful and profitable for the firm of H. J. Dornbos & Bro. at Grand Haven.

Carp sells for high prices in the autumn in the eastern markets, and early in the summer Dornbos conceived the idea of catching carp and keeping them for the higher market. A small bayou in Grand river was walled off with plank and netting and the carp were put into the live pen. The Grand is full of carp near the mouth of the river and in the bayou several tons were caught. The carp were kept in the live pen until a week or so ago when they were prepared for market.

"It was fun to feed the carp," says Gerrit Dornbos. "We would feed them on corn about 5 o'clock in the evening, and they would come for it like chickens." The carp were sleek and fat after being corned for a couple of months, and averaged from 26 to 30 pounds each.

"The Man Everybody Ought to Know," is the subject of the series of Sunday evening services Rev. C. P. Dame is presenting in Trinity church. Next Sunday evening's subject will be "His Friends."

The committee on claims and accounts reported \$8,877.44 in claims against the city Wednesday night. The committee on poor reported \$177 for temporary aid.

The proposal to pave a block between Van Raalte and Harrison avenue on West 19th street was accepted by the council Wednesday night and the improvement ordered. It is expected that the job will be completed this year, if the weather is favorable.

# H. H. CLIPPED FOR THE UNION GO SATURDAY

ELENBAS AND TANIS MAY BE ON SIDELINES WITH STAR END PAULUS

While Tuesday is congratulating himself on the fact that all of his men are in fine shape for the game with Holland Saturday, Grand Rapids coach Hinga is looking longingly for substitutes to take the place of Paulus, and possibly Tanis and Lewie. Elenbas. Certainly Paulus will be out and the team, taking the majority with the ball carrying job, Brown will have to punt also. Paulus has a bad leg and the doctors forbid him playing on Saturday against Union. Tanis and Elenbas did not enter the scrimmage session with Zeeland Wednesday night, the big fullback, nursing a knee injury, while Elenbas also has a bad side. With these two men on the sidelines, things look anything but rosy for Holland. Decker is ineligible for the next fracas, so that Spencer, Tyse and Breen will have to run with some new mates. However, Hinga has three days in which to doctor these men along and they may be in shape for the opening whistle. Sandy continues to show his wares at right end. With De Weerd, this Sandy man looks very well placed and he may force some one out of his job if he continues to play as he has done in the last games. Tibbits, Brown, Exo and Wassenaar are gaining daily on the line, with Allan Brown going great guns at the center job. Exo will find rough going against this Union club, however, always known to wear down the opposing linemen. Rocky Parsaca will be at the helm for the Grand Rapids crowd and Rocky is about due to uncover some football ability as he has been slumping considerable this season. Last year he was famous for his passing and drop kicking, heading G. R. Central 9-9 with three successful boots. The Hollanders will be out-weighted but that counts very little if Hinga's crew fights like it did last week against Kalamazoo.

Against Zeeland, Wednesday night the boys lost badly and were outplayed some of the time. However many of the regulars were missing. Going against Union on a new field, before a hostile crowd may be too much for the green men, but they have no fear if they run true to form. One thing the victory over Kalamazoo has set the other coaches to thinking about this local squad and no doubt Union will be well supplied so that if necessary, the pilot can uncork some tricks. With all men in shape, Holland will go into the game with much to win and little to lose, as a green team cannot be expected to cope with the Tuesdays veterans. Upset the dope is the cry and Holland can do it as the Grand Rapids crowd is anything but confident for a victory. The game is scheduled for 2:30 at Island Park located on the city market at the Furniture City.

# ARMORY FLOOR TO BE HOME FOR LOCAL HIGH

COACH HINGA AND PRINCIPAL RIEMERSMA ARRANGE FOR ALL-HOME GAMES ON NEW FLOOR

Holland high's 1926-7 court team will have the court armory as its home floor for this next season. A contract was closed Wednesday morning calling for play of all games on this new court. Besides affording splendid seating arrangements, the armory has a high ceiling which will prove a boon to many visiting teams. This new court is being entirely resurfaced and Sergeant Rowan gives out the information that it will be the finest floor in the state. Last year Holland high played many games at the armory and the boys using the high wing shot were very successful. Most of the new gymnasium now have the high ceiling and the Hinga crowd was at a decided disadvantage when playing away from home as they were not used to the long pucks. Muskegon high school red aggregation will open the season here on Dec. 23rd. The pucks will be a blinger for the start and the local schedule will be anything but easy this season.

Coach Chapman will take his squad of reserves to Grand Rapids Saturday to meet the Knutson crowd. Chapman has a handy looking crowd, with several stars. Young Japans will call the signals again Saturday and this midget is bound to carry the famous name to glory once more. In the Kalamazoo setto, Eddie Wendell showed that he will be first string material if he continues to show class.

Many fans will follow the local teams to Grand Rapids. Encouragement will help, from the stands and the green team will be away from their own back-yard for the first time. Island Park is easy to reach, being just west of Grandville avenue the one that the Holland pike runs into. In Grand Rapids, the park is a downtown affair and is very popular with the fans.

# JUSTICE HAS FARM RELIC IN OLD HEIRLOOM

JUSTICE DICKINSON IS EXHIBITING SICKLE USED BY FAMILY FOR YEARS

C. N. Dickinson, veteran justice of the peace of Grand Haven, has placed in the Tribune office an ancient sickle, which has been in continuous use in his family for about one hundred years.

This old farming tool is a relic belonging originally to Mr. Dickinson's grandfather, Nathan Dickinson of St. Lawrence county, N. Y., and in his prime he could cut one acre of grain a day. This would be a task for any modern farmer who depends upon the horse drawn or motor drawn knife to cut his grain, binding it in bundles for hauling to the barns.

Mr. Dickinson has used this old implement himself, many times, and it is to lift up heavy and fallen grain.
