## Meat License Is Necessary Requirement

MEAT CASE OCCUPIES  
ATTENTION OF COUNCIL  
WEDNESDAY NIGHT

A little "bad blood" was created recently since City Inspector Bosch had three men arrested for handling meat without a license. Alderman Kleis brought the matter up, asking the inspector why these men refused to take out a license. He stated he had no means of knowing but that they were repeatedly notified and still refused. City Attorney McBride then entered the discussion, stating the health board of these men had requested the refusal of these men to comply with them and there was only one course to pursue, namely the law.

The story back of the whole affair, it seems, that the men arrested claimed that another man by the name of De Witt, who is not a string butcher, had sold one beef to a local business house and did so without having a license.

Mr. Bosch notified him of his error. He claimed he did not know this was required but since he did not deal in meat regularly he did not ask for a license.

It appears also, according to City Attorney Charles McBride, that this same Mr. De Witt had helped the board of health clean up a very bad violation a few years ago and that the intent of the man was not to violate the law, and for that reason he was excused.

It is held by the city inspector, however, that John Kleis, Kuitte and De Koster knew of the De Witt case and felt that if this man was excused they also should be. City Attorney McBride and City Inspector Bosch, however, state that De Witt only needed one warning and that the three men were repeatedly warned but still refused to comply, which brought about the action in question.

The common council wished, however, to do the right thing by the three men already fined, on the promise, however, that they would conform with the law in the future and for that reason city attorney McBride was instructed to draw a warrant upon the city treasury for the money with which to pay back the costs in the cases.

HOLLAND BOAT ENGINEER  
TAKES BLAME OF KILLING

A hearing was held by the inspectors Bernard J. Gellick and Hugh P. Mulligan at which Frank A. Williams of Hart, Mich., assistant engineer of the steamer St. Joe, plying between Holland and Chicago, pleaded guilty to a charge of negligence.

The hearing followed an investigation which the officers made in the matter of the death of Nelson Bergmark, on the City of St. Joseph, docked at Holland, Aug. 16, when he squeezed to death in the paddle wheel box while he was repairing one of the blades.

Williams was on watch at the time when the engine moved and caused the paddles to move, catching the ship carpenter, whose body was later found crushed in the box.

The penalty is suspension of license or complete revocation. It has not been determined which. It is stated that a sign in the engine room, conclusively showed that there was a man in the wheel, but in spite of this fact Williams allowed steam to enter the machine, giving the paddle wheel a half turn, only but enough to crush the man in it.

HOPPE COLLEGE ELEVEN TO  
OPEN GAME AT HILLSDALE

Hoppe college will open the grid schedule next Saturday with Hillsdale. The game originally was scheduled for the home field, but will be played at Hillsdale, Coaches Schouten and Japina have pushed the squad to the limit to prime it for the battle. No definite lineup has been announced, but it is anticipated the seven veterans of last year will be given places in this opening game. Tentative positions will be assigned to Capt. Cook, Japina, Dalman and Becker in the backfield with Scudder in reserve; Winter and Van Lente at end; Brunson, Wynngaarden at tackles; Beaver and Vandeweer at guards and Steffens at center. Hoppe's first home game will be with Detroit City college on Oct. 12.

The Holland police department is redoubling its efforts to apprehend the vandals who have a mania for crippling automobiles by cutting the tires. Reports were sent to headquarters Friday that between 20 and 25 tires were punctured on machines parked on the lot in the rear of Warm Friend Tavern. These were cut by a sharp instrument. Some of the tires held nails.

"The Finest Christian in Holland" is the subject of the sermon which Rev. C. P. Dame of Trinity church will preach Sunday evening. This sermon follows the sermon of last Sunday evening, the title of which was, "The Greatest Sinner in Holland."

Grand Rapids street cars are taking on a standard color scheme. The change from the distinctive coloring for each line has been made so gradually that the public has failed to take note. Now that the secret is out our guess is that the public will approve. The experimenting with a variety of hues which followed the introduction of new cars locally served its purpose in advertising. But on second thought a street car line isn't a rainbow. The public may talk about cars which are painted liver-red, gull-bladder green, orange, blue and pink; but it would rather ride in vehicles of more harmonious coloring. This standard paint now adopted is a pigskin brown with maroon and cream trim. It is better than the old tan and yellow, or the merry medley of later days.

## TRUCK BUSINESS DIVERTED FROM EIGHTH STREET

The common council went on record to get the heavy trucking from 8th street. Signs will be put up having all trucks detour over 7th street with the exception of those who have business of unloading for merchants on the street. These will be permitted but the others must detour, thus relieving the congestion.

Eight street will be called a boulevard in the future and such regulations can be made on boulevards.

The Goodrich Transit company and the Associated Truck company have already been notified.

VAN KAMPEN MUST FACE  
"FIRE BUG" CHARGE

Both Henry Van Kampen, 23, and his wife, Myrtle, of Holland, were arraigned before Justice Fides E. Flah at Allegan, charged with setting fire to the home of Henry Timmer in Filmore township, which they were renting. They waived examination and each gave bond for \$1,500 for their appearance in circuit court.

Holland firemen saved the house from destruction and assistant chief Lane Kammerling when entering the basement found a red hot flat-iron in the coal bin near which a can of gasoline had been placed. The couple who had locked up, drove to northern Michigan, but were taken back by state fire marshal Merser, sheriff Teed of Allegan county and deputy Rufus Kramer of Holland. Van Kampen is due for a liquor sentence in Ottawa county shortly and another liquor case is hanging over his head in Allegan county, since maul and a still were dug up in the cellar of the home burned.

Michigan Plates  
To Be Black  
and Yellow

THIRTY-ONE STATES WILL CHANGE  
THE COLOR COMBINATION FOR AUTOMOBILE  
LICENSE PLATES IN 1930 AND 16 DIFFERENT  
MOTIFS WILL BE USED THROUGHOUT  
THE COUNTRY, INDICATING THAT THERE IS  
A TENDENCY ON THE PART OF THE STATES  
TO STANDARDIZE THE COLOR SCHEMES,  
ACCORDING TO A SURVEY BY THE AMERICAN  
AUTOMOBILE ASSOCIATION.

This is true in many particulars except in the case of Michigan. This state will have black letters on a yellow background, the same as South Dakota. Last year, we all know, Michigan had deep yellow letters on a black background.

There were 39 states to change the color combinations in 1929 and a total of 23 different color motifs were used. The national motoring body pointed out that 13 states and the District of Columbia will retain the 1929 color combinations, reversing them as to background and lettering.

Only nine states and the District of Columbia retained the 1928 combinations last year. At the same time the changes are marked by a desire for darker combinations.

The A. A. A. survey reveals that first rank will be divided between three color combinations, with black on orange, white on black and yellow on black, each being adopted by six states. These color schemes will therefore predominate in 1930, dividing honors with yellow letters and numerals on a black background, which led last year.

Second honor will go to the white on red and black on gray combinations which will each be used in five states. Beyond these more standard schemes will be found a variety of other hues represented in identifying the units in the nation's rubber-tired transportation system.

Following are the 1930 color combinations for passenger cars for all states, with the exception of Missouri and Oregon, which have not yet selected new colors:

Alabama—Black on gray.

A judgment of \$7,400.00 was given to the Spring Lake State Bank to cover a mortgage loan, interest, taxes and insurance on property owned by Mrs. Harriet L. Davidson. ## Five Ballots Necessary to Fill Vacancy

MRS. BOTER NOW ON  
HOSPITAL BOARD; TWO  
WOMEN ALREADY SERVING

There was rather a spirited contest at the common council meeting Wednesday night when it came to selecting a new member of the hospital board in place of Mr. G. J. Diekema, who is to go to The Netherlands as minister.

The Holland hospital board recommended the name of Charles Kirchen, manager of the West Michigan Furniture company, but it appears that the council did not take kindly to this selection and it took five ballots to place Mrs. Dick Boter in the position. Another name voted for was former city assessor Chris Nibbelink.

The board now is composed of three women and two men, namely: Mrs. Frances Browning, Mrs. Wm. J. Olive, Mrs. Dick Boter, Mr. C. M. McLean and Isaac Kow. Mayor Brooks and City Attorney McBride act in an ex officio capacity.

Austin Harrington was unanimously elected as a member of the harbor board in place of Mr. Diekema. Mr. Harrington has had considerable experience in harbor work and is well acquainted with facts and figures having to do with this port and his choice will meet with general approval.

ALL FISHING EXCEPT FOR  
TROUT, LEGAL

As some doubt seems to exist with reference to fishing for bass, pike, suckers, etc., after the season for taking trout closed in those portions of trout streams that are actually non-trout or nearly so, namely the ponds or backwaters created by the building of dams on such streams, the director of conservation rules that such waters shall be open to fishing after September 1 for such other species of fish as may be legally taken, other than trout. This ruling refers particularly to the backwaters of dams located on the Au Sable and Manistee rivers.

The Zealand Literary Club will hold its first meeting of the year on Tuesday afternoon, October 8, at 3:30 o'clock. Mrs. Corey Post has graciously offered her home for the meeting which is to be a reception for the officers.

This year's calendar will be of special interest, as several new features are to be carried out. The program committee has worked diligently to prepare programs that will appeal. One new feature is the picture study that is to be a part of many of the programs. These will take the place of one or more art programs, where hitherto much material had to be crammed into a little time. The committee has also secured the services of some very good outside speakers and musical talent.

At the Tuesday meeting Mrs. Jas. S. Van Volkenburg will give a group of piano solos and the social committee will be in charge.

## News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

FIFTY YEARS AGO TODAY

At seven o'clock Wednesday morning the fire bell rang in the engine house on "public square" calling Holland folks to help fight the fire instead of going to work. A fire broke out in the engine room of the butter tub factory. The large hand pumps were on the ground quickly and the suction hose were let down in two street wells near by but those were found to be almost dry. A change was quickly made to Black river about 1100 feet from the fire. The loss to the factory is \$5000 with \$2000 insurance. Note: This factory was located where the Donnelly and Kelly Glass Co. is located. Holland had no water works but instead deep street wells, built of brick were placed at intervals near factories, the public school and the most populated districts. Some street wells were covered with wooden trap doors, while others had iron suction pipes leading to them. One of these pipes was still on East Tenth street at Froebel school until the street was paved this summer. When the water works system was installed the wells were filled in as streets were improved. The hand pumps spoken of were long affairs with pump handles on each side long enough to accommodate 15 men on a side, pumps were picked from the crowd and men were placed in relays pumping 5 minutes to a stretch. Firemen depended on the sound of the fire bell, stationed at the northwest corner of the present Centennial Park meant: "Go to the fire" and Holland folks haven't gotten over it yet.

Mayor Isaac Cappon had charge of the laying of the corner stone of the new Union school (Froebel). The address was made by Rev. H. Uiterwyk of Third Church. The stone was laid at the north east corner of the building. Placed in the metal box in the stone was a copy of the Holland City News, De Groendwet De Hollander, De Hoped, De Wachter, a program of the exercises, also a picture of Dr. A. C. Van Raalte, the founder of Holland. A list of the pupils and instructors of the school and the names of the Board of Education. A delegation from Washington Square was present at the council meeting Wednesday asking for information as to the fair rate of assessment on four blocks of new paving put down this summer and the method arrived at in fixing the rate. Mayor Brooks explained that he had met with the street committee and due to the number of alley approaches and short blocks in this assessment district the committee was in favor of making a compromise and reduced the actual cost 25c per running foot. ## Geo. Schuiling Again Named President

OTTAWA COUNTY SUNDAY  
SCHOOL ASSN. HONORS  
OTHERS FROM HOLLAND

Holland was well represented by 50 delegates at Grand Haven where the 42nd annual convention of the Ottawa County Sunday School association was held. More than 250 delegates were registered and a meeting in the evening at the Grand Haven high school auditorium showed an attendance of delegates and visitors of more than one thousand.

Geo. Schuiling, the president of the association, was in charge and he stated that the aim of the convention is to bring a larger vision, more practical methods, greater enthusiasm and a new purpose of service in the various denominations represented. Delegates from Marne, Coopersville, Spring Lake, Holland, Forest Grove, Zealand and Grand Haven came for the morning meeting at 9 a.m. with more for the last two sessions.

The delegates were entertained for both luncheon and dinner at the First Reformed Church parlors by members of the various Grand Haven churches.

The chorus gave a half hour concert preceding the main session Tuesday night well worth hearing. The 100 voices were recruited from the local choir and Sunday Schools and were under the direction of John Vander Sluis, veteran choral leader. The offering of these singers was indeed excellent.

The business meeting was held in the afternoon where the list of nominees were presented by the committee. Following the general meeting, three divisional meetings were held, the children's division, young people's conference and adult administration conference. Of particular interest was the subject of Prof. Paul McLean on building character in the lives of young people, which included the application of the golden rule in business, politics, social life, religion; causes for lawlessness and what can the church and Sunday School do to create a better spirit of law observance; character building, spiritual vision and practical suggestions for teaching.

The adult conference was headed by Prof. Egbert Winter of Holland, who dwelt on religion in everyday life as applied to the present, the Bible interpretation of life, duties demanded for the present life, enjoyment of religion as to the present and future, partnership with God and Jesus Christ as implied in religion, the model superintendent and the relation of teachers, lessons and training of future leaders.

The children's conference, presided over by Mrs. E. Walvoord of Holland, county superintendent, has unusual merit. Some expressed themselves that this conference alone was well worth any effort. Mrs. Wm. Hietje of Zealand conducted the conference devotionals and Miss I. Cotton, Mrs. Ralph Gun, Miss H. Warnshuis and Mrs. E. Walvoord took part in the discussions. They laid great emphasis upon the central truths of Scripture to help the child to live the Christian life while young.

The Grand Haven ladies entertained royally and at the evening meal the county president expressed the thought of those present when they attestedly thanked them for their part in making the convention a wonderful success. Thoughtfully she presented them with a large box of candy.

Mr. J. W. Verhoeks, president of the Grand Haven committee, also was presented to the delegates as the pivot man, through whose efforts the convention was such a merited success.

Those taking part included: D. Damstra of Holland, J. Vander Sluis of Holland, Rev. J. Prins of Calvary Reformed church, Grand Rapids; A. H. Ringelberg of Grand Haven; Corey Post of Zealand, Miss I. Cotton, secretary of the state council; Rev. J. Dolfin of Muskegon, J. J. Bolt, Rev. R. J. White, George Schuiling, A. A. Nienhuis, Mrs. E. Walvoord, Prof. E. Winter of Holland.

The new Christian hymnal, edited by Rev. H. J. Kulp, was donated to the convention by William B. Eerdman's Co. of Grand Rapids.

Geo. Schuiling of Holland was again elected president of the association and Anthony Nienhuis was again named secretary. The officers named at the business meeting were the following:

President, George Schuiling, Holland; Vice, J. C. Lehman, Grand Haven; 2nd Vice, Ed J. Kolbring, Coopersville, Secretary and Treasurer, A. A. Nienhuis, Holland.

Divisional Superintendents: Children's division, Mrs. E. Walvoord, Holland; Young People's division, Prof. E. P. McLean, Holland; Educational division, Prof. E. Winter, Holland; Home dept. and adults division, Rev. H. Dykhuys, Jamestown; Administration, Mr. D. Damstra, Holland; Missionary, Mrs. H. Warnshuis, Holland; Music, John Vander Sluis, Holland.

Mayor Earnest C. Brooks and City Engineer Jacob Zuidema were business visitors in Lansing on Wednesday.

A judgment of \$6,602.25 was rendered by the jury in the case of Madeline Van Duren of Grand Rapids against George Laug and his son, Forrest, of Coopersville, in Ottawa Circuit Court Thursday, following a two-day trial in which the testimony showed the accident to have been caused by the Laug car getting tangled with the Van Duren car, causing the woman to be thrown upon the pavement so that she will retain permanent injuries. It is said more suits may follow.

Vandie Vandenberg, William Vandenberg, R. W. Tardiff and secretary of the Chamber of Commerce, Charles Gross, attended the conference of the West Michigan Tourist and Resort association held in Grand Rapids Thursday.

## ZEELAND IS THAWING OUT - IS TO HAVE A BOWLING ALLEY

Well, look here! Zealand is to have a bowling alley for the Common Council of our neighboring city has so decreed.

Picture shows and pool-rooms are still taboo, but a bowling alley that is different again.

The application was made by Mr. Martin Nagelkerk of Moline to whom the license was also granted, and the place will be conducted by his son, John Nagelkerk, on the second floor of the Bareman & Wagnear building on Main street. Entrance to the upstairs will be made at the side of the building facing Church street.

Will Tell of  
New Industry  
For Holland

DINNER IN ALL MEMBERS OF  
THE CHAMBER OF  
COMMERCE

There has been much activity in the Holland Chamber of Commerce the past year and this activity is gaining in strength as the year advances.

Secretary Charles Gross reported that the American Eagle Airplane Co. of Kansas City Kan., had placed Holland on its stop schedule tomorrow for this week Saturday morning at 11 o'clock. Five good will planes will land on the Seelye airport and give exhibitions in the afternoon. The directorate of the commerce body with Attorney Thomas N. Robinson as chairman will be host to the party of 14 at a noon luncheon in Warm, Friend Tavern.

Mr. Gross also reported favorably on two industrial prospects for Holland. Full details will no doubt be given at a proposed dinner to be given shortly.

The feed for the winning and losing teams in the recent membership drive will be held this Friday noon at Warm Friend Tavern, with Rev. Thomas W. Davidson as the principal speaker. The winners will feast on chicken and the losers on pancakes.

The directorate recorded a negative vote on the proposed world change in calendar from a 12 to a 13-month year.

Secretary Charles A. Gross was commissioned a delegate to the National Association of Commerce Organization Secretaries at Milwaukee, Oct. 20 to 23 and President Dick Boter was delegated to the National United States Chamber of Commerce convention at Columbus, O., Oct. 12 to 15.

Plans were completed Tuesday for the first fall meeting of the members of the Holland Chamber of Commerce to be held Thursday, Oct. 17 in Masonic temple. The program will feature a luncheon, smoker, social and an address on taxation by Morris Edwards of the United States Chamber of Commerce, Washington, D.C. The membership roll has reached 302 and still is climbing.

The new members recently added to the G. C. are: Postal Telegraph Co.; E. E. Fell; Service Oil Co.; G. H. Kouker; A. J. Westervelt; H. W. Hardie; Dr. Carl Van Raalte; Service Machine & Supply Co.; Wade Drug Store; Lake View Vault Plant; Ottawa Furniture Co. (Increase); Lee's Place; Auto Trim & Upholstery Co.; R. B. Christian; Royal Bakery; Klaas Buurma; Dr. W. C. Kool; J. J. Riemersma; Dick Plaggenmeyer; Holland Cabinet

THIS FRENCHMAN NOT SO  
BRIGHT

A dispatch from Paris, France,  
is purported to quote the views of  
one Pierre Benoit, a noted French  
novelist, giving his opinion of Am-  
erican men.

The dispatch states that Pierre  
Benoit, French novelist, back from a  
trip to Canada and Mexico, ex-  
plained that the reason he did not  
visit the United States was because  
of a word picture left him by H. L.  
Mencken, of the United States be-  
ing a country run by "third rate  
men." Another was a story told of  
Calvin Coolidge.

According to the novelist he had  
heard that Mr. Coolidge on his re-  
turn from church was asked by his  
wife what the preacher's theme was.

"Sin," said the former president.

"What did he say about sin?" his  
wife asked.

"He said he was against it," was  
the reply.

The novelist declared any coun-  
try where men are as terse as this  
story indicates has no attraction  
for him.

If Benoit did say such a thing,  
which may be quite as improbable  
as the Coolidge story, he then ap-  
parently does not keep up with  
world affairs. The story of the  
"Dawes payment plan" of a half  
dozen years ago, and vital to  
France, hasn't dawned upon him  
yet. Kellogg's Peace plan may  
never come to his notice. He ap-  
parently never came in contact with  
the late Mr. Herrick, loved and re-  
spected and honored by France—  
nor does he seem to hold his head  
so high that a squirt at "Lindy"  
over Paris was possible.

We hope that our own Mr. Dic-  
kema can run across this chap  
while on the other side and Benoit  
will find ample reasons to remem-  
ber that he was three points low  
in his judgment of American abil-  
ity, American efficiency, and Amer-  
ican manhood.

#### WINTER SCHEDULE ADOPTED BY POLICE BOARD

A meeting was held at the city  
hall Monday afternoon of the board  
of police and fire commissioners, at  
which time the winter schedule was  
adopted, which will be effective un-  
til April 1.

The schedule provides for a day  
off each week for each of the men  
and it also provides that each man  
will have at least eight hours sleep  
between beats at all times. More  
men will be relieved from Sunday  
duty than in the past. Another new  
feature is that of the night patrol  
which will be conducted from 10  
o'clock at night until 4 o'clock each  
morning in the police car. The  
night patrol will keep in touch with  
the night desk sergeant and any  
emergency calls received will be  
answered in that way.

#### TO GET OUT OF THE FURNITURE BUSINESS

The Citizens Transfer and Stor-  
age Co. at 68-70 West 8th street,  
Holland, has decided to discontinue  
the new furniture department in-  
stalled some two years ago. This  
company intends to clean out the  
entire stock at public auction with  
John Raven as the auctioneer. The  
sale now in progress begins every  
afternoon at 2:30 p.m. and again  
at night at 7:30 until the large  
stock of furniture of every descrip-  
tion has been disposed of.

The Citizens Transfer and Stor-  
age company is giving details in a  
half-page announcement in this  
issue of the Holland City News.

brated their golden wedding anni-  
versary at the Robinson cottage at

Chicago Theological seminary and  
Dr. Willard Haskell Robinson, Jr.,  
sons, were present at a reunion  
which was held at Waukegan dur-  
ing the week-end in honor of the  
occasion. Among the gifts the cou-  
ple received were: a great bouquet  
of golden flowers and an engraved  
gold-lined loving cup from their  
children. Dr. Willard Haskell Rob-  
inson is pastor emeritus of the  
Englewood Presbyterian church in  
Chicago, which he has served since  
1893.

Mrs. Bert Breuker, age 63, of

dropped dead at 4 o'clock Wednes-  
day afternoon while attending a  
beach picnic of the ladies' aid soci-  
ety of the Sixteenth Street Chris-  
tian Reformed church. Apoplexy is  
believed to have been the cause of  
death, said Coroner Gilbert Vande  
Water. Mrs. Breuker is survived by  
her husband, one son, Rev. John  
Breuker of Muskegon, and two  
daughters, Mrs. John De Boe and  
Mrs. Dos Sloepker of Holland. Fu-  
neral services will be held at 2  
o'clock Saturday afternoon at the

#### Six Cylinder Sentences

#### WILL ASK OTTAWA SUPERVISOR FOR MONEY TO CHILD LIFE

Miss Esther Nash of the State  
Health Department has been  
throughout Ottawa county ap-  
proaching the several supervisors  
on an appropriation to secure the  
services of Miss Caroline Holle-  
beck, state welfare nurse, for an-  
other year. For the past year Miss  
Hollebeck has been stationed in  
Ottawa county, her salary and ex-  
penses paid by state funds. The  
state is willing to contribute one-  
half to her support the coming year  
providing the county will assume  
the remaining portion.

The supervisors were inclined to  
be favorable to the proposition, she  
said, and it is expected the item of  
\$1,500 will be included in the bud-  
get at the next session, which  
opens Oct. 14. The nurse's services  
will end here about the middle of  
December, should the board dis-  
card the offer. After a year's trial  
the state usually requires the coun-  
ty to assume the entire expense but  
due to the large program here and  
the need for such a nurse, the state  
is willing to make the concession.  
The work is confined almost entire-  
ly to prenatal care and care of the  
child for the first six weeks. There  
is little publicity possible but the  
reports have been so satisfactory the  
state is urging the supervisors to  
continue on the program which is  
doing much to reduce the high in-  
fant death rate of Ottawa county.

Last year there were 204 moth-  
ers enrolled. There were 1,229 calls  
made upon expectant mothers.  
There were 1,086 births. Miss Hol-  
lebeck works in conjunction with  
local physicians and the county  
nurse.

#### YOUNG CLINK SAYS QUILTY TO AUTO THEFT

Although the officers announced  
Arthur Clink would be arraigned  
Thursday morning, Judge O. S.  
Cross found it convenient to hear  
the plea Wednesday and the young  
man was brought before him this  
morning to face the charge of stealing  
an automobile. Clink was unmoved  
as he pleaded guilty to the specific  
charge of unlawfully taking an au-  
tomobile belonging to William  
Schroeder. Judge Cross dismissed  
the young man, telling him he  
would dispose of his case later and  
a deputy clerk took him back to  
the county jail. The penalty is up to  
10 years in state prison.

The case of William Eakew has  
not been decided yet. He was with  
Clink in an extensive series of  
thefts. The story of their doings is  
found on page 1, section 2.

Mr. B. J. Albers, West 18th

anniversary Saturday. The children

friends gathered at the home to  
spend the evening. A two-course  
luncheon was served and all present  
reported an enjoyable evening.

#### Arnold Mulder Takes Position at Kalamazoo

LEAVES HOLLAND SENTINEL  
TO GO ON FACULTY OF  
KALAMAZOO COLLEGE

Arnold Mulder who has been a  
newspaper editor in Holland for a  
score of years, has severed his con-  
nections with the Holland Evening  
Sentinel, he having been tendered  
the chair in English at Kalamazoo  
College.

Mr. Mulder has been offered  
many such positions during the past  
few years, one being extended to  
him some five years ago by the  
University of Michigan. At that  
time he was urged to remain on the  
Holland Sentinel since he was  
particularly fitted to head the edi-  
torial staff in a college and literary  
town.

The position at Kalamazoo was  
tendered Mr. Mulder after the  
school year had begun, a vacancy  
having occurred through the death  
of Prof. Harvey Miller.

Mr. Mulder is a graduate of Hope  
college and received his master's  
degree from the University of Chi-  
cago. Hope college a few years ago  
conferred on him the honorary de-  
gree of doctor of letters.

Arnold Mulder began his news-  
paper career on the old Holland  
City News when he was still a stu-  
dent at Hope. At that time he con-  
tributed many articles to the Hope  
College Anchor and from time to

time contributions from his pen  
have appeared in that paper. He be-  
came the editor of the Holland  
Daily Sentinel nearly twenty years  
ago and he has been identified with  
that paper ever since. His articles  
and stories have appeared in many  
of the leading magazines and his  
well known contribution, daily un-  
der the caption "Adventures in the  
Library," appear in most of the  
Scripps-Booth papers of Michigan  
including the Grand Rapids Press  
and the Muskegon Chronicle. In  
these articles he shows a rare  
knowledge as a book critic, pointing  
out in plain, understandable lan-  
guage the merits or demerits of a  
story or where authors excel or  
what their shortcomings are. Mr.  
Mulder has indeed become an au-  
thority as a critic.

Arnold Mulder has also written  
several books that have had an  
extensive sale. Most of the subject  
matter was taken from Holland and  
vicinity. Some of these narratives  
were tied up with pioneer days, had  
a Dutch background and were en-  
tirely off from the beaten path as  
stories go. The resorts and sand  
dunes also found a place in some of  
his offerings. Among the books  
written by Mr. Mulder were "The  
Dominie of Harlem," "Bram of the  
Five Corners," "The Outbound  
Road," and "The Sand Doctor."

Mr. Mulder has been prominent  
in club life in Holland and for a  
time was president of the Century  
Club, the oldest and most exclusive  
organization in this city.

He has also been a member and  
an official in the Social Progress  
club for many years. He was a  
member of the Chamber of Com-  
merce, also the Knickerbocker  
club of Hope college as well as  
other organizations with which the  
alumni of that institution are af-  
filiated. He served for two years as  
the president of the Michigan  
Authors' association.

Mrs. Mulder has also been closely  
identified with the social life of  
Holland and has taken a very active  
part in the Woman's Literary club.  
Mr. Mulder will mark "30" on  
his copy at the Holland Sentinel  
next week Saturday night and will  
then go to Kalamazoo to arrange  
for a home when he will be shortly  
followed by Mrs. Mulder.

Holland cannot help but regret  
the leaving of Mr. Mulder who has  
been so closely identified with the  
newspaper interests of Western  
Michigan and especially of Holland.  
Being an editor is a very respon-  
sible position to hold. The moulding  
of public opinion, if one means to  
be conscientious, can not help but  
be a great responsibility.

During the past two decades Ar-  
nold Mulder has been instrumental  
in moulding constructive public  
opinion that has meant much to  
Holland. His work in behalf of pub-  
lic health will not soon be  
forgotten in the state of Michigan.  
He was an outstanding figure in  
the state, fighting against the most  
dangerous of all diseases, namely tu-  
berculosis and for this work alone  
he deserves the commendation of  
every one.

The Holland City News extends  
to Mr. and Mrs. Mulder its hearty  
felicitations and hopes that they  
may find much joy in their new  
environments.

#### STUDENT COUNCIL IS FORMED BY HOLLAND CHRISTIAN HIGH

Students in Holland Christian  
High school have launched a Stu-  
dent council with Principal J. A.  
Swets as faculty advisor and Miss  
Anna Teigenhof as assistant.  
Plans have been adopted for a re-  
sumption of the annual publication,  
which failed to function last year.  
Gerald Klaassen, president of the  
senior class, will be the editor and  
Margaret Vandewoude is business  
manager.

#### GRAVEL PLANT MAN DROWNED NEAR GRAND HAVEN

Louis Sytma, age 23 years old,  
drowned at the Bass River gravel  
pit of the Construction Materials  
Co. about 9:30 p.m. Monday. Ac-  
cording to the story of the men who  
were there at the time, Sytma  
jumped from the tug Liberty to a  
gravel scow which was being load-  
ed to be towed to Ferrysburg. He  
failed to negotiate the distance and  
fell between the tug and scow. As  
his body did not rise, it is thought  
possibly death was caused by hit-  
ting an obstacle. Coroner Goveert  
Van Zantwijk pronounced the case  
one of accidental drowning and will  
hold an inquest. The Grand Haven  
Coast Guard here was notified to  
aid in search for the body. They re-  
sponded immediately and after two  
hours' dragging recovered the body.

#### GRAND RAPIDS TELLS EXCHANGE CLUB OF UNJUST TAXATION

The members of the Exchange  
club held their noon luncheon at  
Warm Friend Tavern yesterday  
and were privileged to hear city  
attorney Ganson Taggart of Grand  
Rapids speak on unjust taxation.  
City Attorney Charles McBride sit-  
tingly introduced the guest as his  
classmate at U. of M. and a co-  
worker in the Michigan League of  
Municipalities. Mr. McBride stated  
that it was through Mr. Taggart  
that Holland and other cities re-  
ceived annually \$2,000 a mile from  
the state for trunk line mainte-  
nance through the city.

Mr. Taggart in his talk spoke  
largely on taxation but incidentally  
stated that he was the president of  
the Municipal League when it met  
in Holland some years ago and he  
withdrew in favor of Mayor E. P.  
Stephan at the time, feeling that  
the chairmanship was left in good  
hands with the Holland man.

Mr. Taggart stated that citizens  
take too little interest in govern-  
ment affairs and this especially  
applies in things pertaining to their  
city. They are so taken up making  
money for themselves and are so  
engrossed in their own business  
that they keep putting off doing  
something for their own town until  
when they retire, and then nothing  
exists of it. When such a condition  
exists incompetency often creeps in  
bringing about an expensive govern-  
ment and an unjust taxation.

Mr. Taggart pointed out that one  
would be surprised to find even in  
the city of Holland how much prop-  
erty was exempted from taxation  
that should be taxed. What is true  
of Holland and Grand Rapids is  
true everywhere. This unfair tax-  
ation brings the whole thing out of  
balance and in the end it cannot  
help but reflect on all of us. A city  
that goes to decay is a city where  
its citizens are apathetic. A na-  
tion that goes to decay is where its  
people will live in ease and luxury  
and where selfishness destroys the  
foundation of government.

#### HOLLAND HIGH SCHOOL FACULTY MAN CHANGES POSITIONS

Mr. Ernest V. Hartman, who for  
several years has been physical  
director at Holland High school, is  
to go into the insurance game.  
Two weeks ago he resigned his  
position and has cast his future lot  
with the Northwestern National  
Life Insurance Co. with headquar-  
ters in Minneapolis. This company

has for many years been a strong  
favorite in Michigan, being first in-  
troduced when life insurance was  
rather a new thing in Western  
Michigan, and especially in Hol-  
land.

Mr. Hartman has an intimate  
acquaintance in Holland, since he  
has been in touch with the  
younger class in his school work  
here, where he has always been  
popular.

Mr. Hartman has also done much  
Y.M.C.A. work, especially amongst  
college students. He was Y.M.C.A.  
secretary at Michigan State Col-  
lege at East Lansing. He was also  
drill master there before and dur-  
ing the war.

During 1928-29 he was command-  
er of the Willard G. Leenhouts  
Post, American Legion, and has  
filled other positions of trust in  
the Holland Post. Mr. Hartman is  
affiliated with the Detroit head  
office of the Northwestern National  
Life at Detroit in charge of  
able insurance experts.

For the past month Mr. Hartman  
has made a close study of life in-  
surance and especially of the  
Northwestern plans.

#### ODD FELLOWS WILL HOLD MEETING AT HOLLAND

More than 200 members of the  
Odd Fellows will meet in Holland

campment, which embraces the ter-  
ritory from Benton Harbor to

#### AMERICAN TREE ON EARTH BEFORE CHRIST

A juniper tree calculated to be  
more than 3,000 years old grows  
from a cliff in Logan canyon, Utah.  
It has a circumference of 26 feet  
8 inches and is 44 1/2 feet high.

#### Mrs. Diekema Remembered With Fine Purse

W.L.C. SAYS FAREWELL TO  
PROMINENT CLUB MEMBER  
LEAVING FOR NETHERLANDS

The opening meeting of the Wo-  
man's Literary club was rather a  
significant one. An excellent pro-  
gram had been arranged, fitting the  
occasion, and this meeting had also  
been set aside to honor Mrs. G. J.  
Diekema, who is soon to leave with  
her husband, who is to represent  
this nation as minister to the  
Netherlands.

Mrs. Joseph C. Rheu; the newly-  
elected president, opened the  
program after the luncheon at Warm  
Friend Tavern. She set forth the  
aims and purpose of the club,  
stressing especially the fact that  
it was an organization intended to  
render public service and further  
that what one heard and saw at  
these meetings was intended to  
quicken and stimulate the inner  
life of the members. Mrs. Rheu  
called attention to the fact that a  
loyal worker was soon to leave and  
at least a part of the meeting was  
to be given over in saying farewell  
to Mrs. Diekema. Mrs. Martha  
Kollen, sister of the new minister,  
voiced the sentiment that all loved  
Mrs. Diekema and deeply appre-  
ciated her untiring efforts in behalf  
of the local club. Mrs. Kollen stated  
that the absence of Mrs. Diekema  
would be keenly felt. In closing,  
Mrs. Kollen presented the former  
president of the club with a beau-  
tiful purse as coming from the club  
members. Mrs. Diekema responded  
with her usual charm and grace  
and stated that she hoped to meet  
them all again, since this was not  
goodbye but rather an revoir. The  
speaker for the afternoon was Dr.  
Chester B. Emerson, pastor of the  
North Woodward Congregational  
church, Detroit, who had as his sub-  
ject, "That Blessed Bluebird." He  
said in part: "Search is constantly  
being made for that which will per-  
petuate happiness, whether it be  
the quest for money, desire for  
power, or striving for position.  
Maeterlinck, the Belgian author,  
voiced that thing representative of  
the souls of the world, when he  
wrote the 'Bluebird.'"

The prescription offered by Dr.  
Emerson for finding happiness is  
as follows: first, rid one's self of  
prejudices, since the mind is never  
free until it can look at any fact  
judicially; second, rid one's heart  
of grudges. Lincoln's heart was as  
large as the world, but too small to  
harbor a grudge. After the sur-  
render of Lee at Appomattox,  
crowds of enthusiasts stormed  
about the White House crying,  
"Down with the rebels!" Lincoln  
stepped out on the balcony,  
stretched out his bony hands and  
said, "Let us sing 'Dixie!' We are all  
one now!" For eleven years we  
have been suffering, for no such  
voice has been raised. Third, learn  
the lesson of unselfishness. Were  
we able to give everything and  
ask nothing, we should be absolute  
conquerors of the world.

The program for the year at the  
W. L. C. has unusual merit and will  
be featured by several special  
events. Prof. R. D. T. Hollister of  
the University of Michigan is  
booked for a lecture recital Oct. 15,  
and federation reports will be pre-  
sented Oct. 22 by Mrs. J. C. Rheu  
and Mrs. A. W. Wrieden, respect-  
ively, present and vice president.

The St. Cecilia chorus of Grand  
Rapids is booked for a musicale  
Oct. 29, Miss Anne Visscher for a  
book review Nov. 5, and Dr. A.  
Franklin Shull of University of  
Michigan for an address Nov. 12.

The meeting Nov. 19 will be fea-  
tured with a play and gifts will  
be received for the county home.

Other dates, speakers and enter-  
tainment follow: Dec. 3, lecture,  
Abraham Mendenhall; Dec. 10,  
Christmas cantata by Holland High  
School girls' glee club under direc-  
tion of Miss Trixie Moore; Jan. 7,  
open forum, Mrs. J. P. Garlough;

#### STRANGE CASE OF CITIZEN- SHIP FACES OTTAWA COUNTY

Mrs. Marie Albright of Agnew  
will have to go through naturaliza-  
tion again to regain her citizenship  
which she forfeited when married to  
John Albright in 1921 prior to the  
enactment of the naturalization  
law of Sept. 22, 1922, which pro-  
vides that a man's or woman's  
status as regards citizenship is no  
longer affected by marriage. Mr.  
Albright came to this country from  
Bohemia and had not yet obtained  
his second papers, when he died  
three years ago. As a result, Mrs.  
Albright, who had been naturalized  
five years before after coming to  
the United States from Bohemia,  
lost her citizenship. The woman  
was greatly disappointed when told  
by county clerk William Wilds that  
resuming her maiden name would  
not affect her status and she will  
have to take the same steps as if  
she had never enjoyed citizenship  
in Ottawa county.

The Christian Reformed Church  
at Nieuwerkerk, located about three  
miles southeast of Holland, has ex-  
tended a call to Rev. Albert Van  
Dyken of East Paris to succeed Rev.  
M. Gelderloo, who died a few  
months ago.

#### BENTON HARBOR AT HOLLAND SATURDAY AT RIVERVIEW PARK

Holland High school will clash  
with Benton Harbor next Saturday  
in the third home game of the grid-  
iron schedule. Holland won over  
Greenville in the opener but was  
swamped by Kalamazoo Central 34  
to 0 in the second. Coach Bud Hin-  
ga hopes to retrieve some of the  
reverses of the Kalamazoo clash  
at the expense of the Harborites.  
Holland was badly crippled for the  
Kalamazoo game and was no match  
for Kato's superiority in almost  
every department of the game.

#### HOLLAND MOTOR CO. HARD PRESSED, IT SEEMS

C. E. McCleary Tuesday assumed  
management of the Holland Motor  
and Hayden Realty Co. on West  
7th street, Holland, which volun-  
tarily asked for receivership. Henry  
Winter, cashier of the Peoples  
Bank, Wynand Wichers, cashier of  
the First State bank, and C. E. Mc-  
Cleary are the receivers. Ralph T.  
Hayden, Charles E. Drew and Carl  
Shaw have severed connections.  
Just how far the firm is involved  
cannot be said at this time. The  
business, it appears, was really  
two enterprises, one dealing in  
resort property north of Macatawa  
and the other selling of automo-  
biles. The Holland Motor Co. re-  
cently enlarged their building on  
West 7th street.

The annual Dalman reunion was held Saturday at the home of T. Dalman of Zeeland. About 35 guests were present. The oldest brother, Marinus Dalman, 74, came the greatest distance to be present, coming from Maple Lake, Minn. Others were present from Hastings, Holland and Hudsonville.

Word was received at Zeeland this week by relatives that Mr. and Mrs. John Vande Vusse have located at Dallas, Oregon, where Mr. Vande Vusse is employed in a planing mill owned by Richard Vanden Bosch, a son of the late Peter M. Vanden Bosch, formerly of Zeeland. Mrs. Delia De Pree returned to her home in Colbert, Washington, Thursday, after spending about six weeks here. She was called here by the sudden critical illness of her mother, the late Mrs. Mary Fox.

He will, however, continue to make his home at Central Park. The Central Park Grocery was built 17 years ago by George Heneveld, who conducted it for three years. Then it was sold to Mr. Miles. The new proprietors are already on the job.

## DRENTHE

The contract has been made with Consumers Power Co. to extend its power lines south and east of the village of Drenthe, thus serving many more farmers. With completion of the Euphene line all the farmers to the east of Zeeland are using electrical appliances. Plans are being worked out by several other small communities within a radius of six miles of this city to have power line connections.

Closing one of the most successful years in its history the Drenthe Creamery Co. will continue to operate under the management of E. Van Haistma. Although 76, Mr. Van Haistma has taken a very active interest in the business. Other officers in the company are Dr. De Kline, treasurer, Nick Handuman, secretary, P. Kiel, directors.

Mrs. Nick De Witt of Drenthe is in the local hospital as the result of falling and fracturing her leg.

The old Fords have been replaced by the new models. It will be a long time, however, before the old ones will be forgotten. In certain ways it is believed by those who have had experience the good old Ford will never again be equalled. Henry D. Strabbing, one of Hamilton's mail men, a few years ago found that bigger cars were rather disappointing as well as expensive, so he secured a used Ford and converted it into a first-class mail bus. Since that time Mr. Strabbing never failed to make his route. When the roads were impassable for others, Henry looked on the snow-mobile and away he would go. Last week when he drove into town he found that he had lost the engine. Henry returned to his place, put the engine in again, and all is well with the Ford.

## SWAN MILLER STARTS FORECLOSURE AGAINST MACATAWA RESORT CO.

Foreclosure on a mortgage lien of \$90,000 which he held on the property has been started by Swan A. Miller against the Macatawa Resort company, it was announced the fore part of the week.

A second mortgage of \$30,000 is held by the Central Trust company of Lansing, which likely will figure in the proceedings. Papers were filed Saturday and a hearing may be provided for in the November term of circuit court.

Macatawa has been hard hit in recent years by fires that raved about 100 cottages and by the destruction by water of large sections of the shore line and board walk. Many improvements have been made however, and other projects were contemplated for the near future.

Desperate attempts have been made by those in charge of the resort to overcome these setbacks. Many summer residents are loyal to Macatawa and regard it as one of the finest beauty spots in Michigan.

The action was begun by Mr. Miller through Attorney Charles H. McBride, who will represent Mr. Miller in the procedure.

Plans for a Hope College Orchestra for this year are being made, and it is hoped that all the old members and a number of new ones will join in the venture. Last year the orchestra was forced to disband because of the moving away of both the conductors that had been in charge for a few months each. This year, however, Dr. Nykerk has promised to provide us with a director if enough people will show their interest. Now, let's all come out and help make a name for Hope in instrumental music as well as in vocal. Those wishing to join may sign up with Roy Mooi or Rudolph Nichols as was announced.

## DIAL SYSTEM TO BE USED IN THE COUNTRY

The new Bell Telephone building will be completed by about January 1st instead of November 1st, as was first announced because of the delay which occurred in making the foundation. Work has been started on the laying of granite on the outside of the building, this being the finish which will be used for a large part of the exterior.

It was announced by Mr. C. E. Ripley, manager, that the entire plant will be of the automatic type, the dial system being extended into the country to all of the rural lines. The country subscribers can then get the same quick service as the city subscribers by dialing direct.

## EXPENSIVE LIGHT PLANT NOT NEEDED

Consumers Power Co. Offers Grand Haven Cheaper Juice Than City Can Make It

Grand Haven Tribune.—Grand Haven can get all the added capacity at the lighting plant which it needs without one cent of installation cost and at a price cheaper than the plant made juice last year. This offer, in contrast with the city engineer's report for spending \$237,000, was made by W. M. Lewis of Muskegon, district manager of Consumers Power Co. He would cut in emergency service in a month thus letting the city job all needed current to the Construction Materials Co. plant this fall as well as next spring, when added consumption otherwise will force still greater expansion of the municipal plant than the \$237,000 originally planned if this big customer is to be served adequately.

In view of the fact that the tax payers recently had to saddle big bond issues for the Ferry School and filtration plant and the further fact that a third bond issue looms behind the state order to erect a sewage disposal plant at once, it is anticipated the administration, elected on a light taxes pledge, will not impose a light plant debt at this time. Mayor Bruno Peter last night asked Manager Lewis to present his proposal in writing with a contract for the stipulated five years during which the city would buy from the company all the excess juice it needed over the capacity of the present city plant.

Asked by the mayor where he expected to make any money the utility man said he was willing to gamble on the future of Grand Haven to the extent of waiving a minimum bill, service or installation charges. The city engineering report reveals, Manager Lewis said, that the \$237,000 expenditure would only keep the plant up to consumption for five years, granting no replacements were also needed in the meantime.

The Grand Haven juice cost the city 1.53 cents per K.W.H. on the number sold but it cost 2.02 cents per K.W.H. on the basis of juice actually sold. The Consumers Power Co. offers to sell the city the first 100,000 K.W.H. in any one month at 1.5 cents. The next 400,000 K.W.H. in a month would be 1.5 cents while all over 500,000 would be at 1 cent. No better rate is enjoyed in Michigan, Mr. Lewis declared. If the city used no excess, it would not pay a cent that particular month. But all the time, day and night, the city would have instantly available more current than Grand Rapids and Muskegon combined in case of breakdown or other emergency in city machinery.

Manager Lewis said he had analyzed the city engineering report and offered his proposal as the best solution for the corner in which the city finds itself, with a plant sorely pressed for immediate additional capacity.

## WANT TO LET FARMER PARK AS LONG AS HE DESIRES

A petition, which has been generally signed by the business men of Allegan, is to be presented to the city council protesting against the ordinance passed this week limiting the parking of cars in the business section to two hours Saturdays from noon to 10 p. m. The business men take the position that Allegan is essentially a farmers' town and that the farmers should be permitted to park their cars as long as they wish.

## Holland Women Prominent At Methodist Meet

National Conference of Women's Society to Open in Grand Rapids

More than 1,000 members of the Women's Home Missionary Society of the Methodist Episcopal Church, representing a total membership of 462,000, will attend the national conference of the organization, which opens for a week at First Methodist Church, Grand Rapids, beginning October 9. A program providing missionary education and inspiration has been arranged for the entire week beginning Wednesday morning and closing the following Tuesday night. Convention headquarters will be in Hotel Pabst and speakers of prominent leaders in the nation will be guests at that time.

Business sessions will be confined generally to the morning sessions and in the afternoon department and bureau secretaries and others who bear responsibility for the society will report on the conditions and needs of their particular fields.

Stories from missionaries will occupy the program from 4 to 5 o'clock each afternoon, and in the evening speakers of national prominence will give addresses on issues of public importance. Mrs. W. H. C. Goode of Sidney, O., will preside at the conference and Mrs. May Leonard Woodruff of Ocean Grove, N. J., is corresponding secretary. Departmental conferences lasting until 4 o'clock will open the program and will be followed by a general discussion on the reports of the committee findings.

Wednesday evening, October 9, the welcome of the convention will be extended for the conference by Mrs. J. C. Willis of Holland, conference president; for the city by Mayor Swarthout; and for the sister society, the Women's Foreign Missionary Society, by Mrs. Thomas Nicholson of Detroit, president. Before the opening of the conference, Mrs. David Shipley of Arkansas City, Kan. The annual address of the president, Mrs. Goode, will complete the evening's program.

During the one Sunday that the convention meets at Grand Rapids, the various Methodist Church pulpits of that city will be filled with women of national prominence who will be attending this convention at the time.

There will also be several Negro guests from the southland attending and a special program has been arranged in their honor. The Fluke Jubilee Singers will furnish a program at the large Grand Rapids Armory along the jubilee plan of song and worship—a feature of the banquet program.

The last evening of the convention will be devoted to hearing delegates from afar including Japanese and Korean, Florida and Georgia, North and South Carolina, west southern states, rest homes, southern mountaineers, Spanish work and Porto Rico. This will be the last evening of the convention. Bishop Thirkield will be the speaker, the newly elected officers will be installed and the convention will close with a consecration service.

At this convention the plans will be completed for the jubilee meeting, which will be held in Cincinnati in October next year, celebrating the fiftieth anniversary of its founding. This is, therefore, the fifth and last year of the special program leading up to the jubilee. The goals for this meeting are: Five hundred thousand members, \$5,000,000 income for the year, five new buildings erected and paid for within the five years. To attain this goal, an extensive and intensive program has been carried on covering a five-year period, which will culminate in the achievements of the society during the year upon which it is about to enter.

Holland women who are to be prominent at this convention are Mrs. J. C. Willis, wife of the local pastor who heads the committee on "Hospitality," Mrs. E. B. Rich, who is found on two committees, namely, "Finance" and "Railroad Transportation."

Without doubt a large number of Methodists from Holland will visit Grand Rapids at different times during the week and some will attend the banquet to be given in the Armory on Friday.

## LARGEST TIRE IN WORLD MAY COME TO HOLLAND

Charles Van Zyl of the Holland Vulcanizing company has returned from a week's visit in Akron, Ohio, made possible since he was a winner in what was known as the Zeppelin Sales contest. This entitled him to a trip to Akron, Ohio, where the Goodyear plant is located.

Salesmen from all parts of the United States, winners in their respective districts, formed a parade on one of the days of their visit, and Mr. Van Zyl was one of the participants. The big drum major of this parade was a mammoth Zeppelin that sailed slowly at the head of the line of march.

There were many unique features, one being a gigantic tire, 12 feet high, 4 feet wide, weighing 600 pounds. This tire was fastened to the back of a greyhound bus, and this large vehicle really looked small with the big tire towering above it.

Mr. Van Zyl also saw the large airplane factory and dock which is turning out Zeppelins for Uncle Sam. This building, shaped like a large flower conservatory, is big enough to contain the Woolworth building with the Washington monument thrown in for good measure.

Charlie said he had a wonderful time on his trip with all expenses paid.

Mr. Van Zyl says that plans are to send this large tire on a tour through Michigan and he is endeavoring to bring it to Holland.

## Young Thieves Steal Autos Worth \$10,000

ONE OF THIEVES PULLED OUT OF CHICKEN COOP BY SHERIFF STEKETEE'S MEN

The two boy motor thieves, Arthur Clink, 16 years old, and William Eskew, 14 years old, who dodged the officers for the past two weeks and drove to West Virginia, are now in the Ottawa county jail. Edward Ryenga and Fred Bosman, deputies in Zeeland, rounded up the two boys Thursday noon on a farm just outside of the town where they had run from the officers. Fired, they rested under a tree for a time, when they saw the officers coming again. Clink jumped into a chicken coop and almost eluded the officers as he concealed himself under crating. The deputies left the coop once, feeling sure he was not there. A woman was certain she had seen him go in and a second search succeeded.

Sheriff Steketee returned to Grand Haven with the boys Thursday afternoon. They recounted to him their series of rides in nearly a dozen cars which they took indiscriminately.

They left Grand Haven nearly two weeks ago, getting into Kalamazoo where they stole a car belonging to J. P. O. deMaurice, East 12th Street, Holland. They drove in first one car and then another as far as Jacktown, West Virginia, where Sunday and Monday they visited an aunt and grandmother of the Eskew boy. They then went to Newark, O., stole a Chrysler and a Pontiac, working their way back to Kalamazoo, where they found a Chrysler to their liking and then a Buick.

Homesickness drew them back to Grand Haven but they were afraid so lurked in the outskirts, camping in cottages and driving into town at night. Funds were getting low and they were getting hungry, when they got the little girl to get them some crackers at the Smith & Williams Store, Grand Haven, on Thursday morning.

In the chase through Ottawa County they successfully eluded the state, county and city officers driving the Buick car they had at 75 miles an hour.

The parents and guardians of the boys are prostrated over the escape. It is a problem for the officers to know how to dispose of the case, said the sheriff, and yet something must be done to safeguard the public from such acts. It is roughly estimated the two had taken over \$10,000 worth of cars in the past week.

Emil and Edward Justian, 11 and 13 years old, respectively, from Spring Lake, were placed on two years probation by Judge O. S. Cross Monday afternoon sitting in Juvenile Court in the absence of Judge James J. Danhof. They were found guilty of breaking into cottages. Under the probation they are to report twice a month to Serg. Guy Baugh of the state police. They must attend school regularly and be in the house for the night by 6:00 p. m. They must attend Sunday School and give good reports from both schools. They must obey to the letter the restrictions or they will be placed in the Industrial School at Lansing, Mich., the judge warned them, for the balance of the minor years.

Contrary to outside reports the sentences of Arthur Clink and William Eskew have not been imposed by Judge O. S. Cross, who is acting in both Circuit and Juvenile court matters. Clink will be arraigned Thursday. Eskew was brought before Judge Cross Monday afternoon but due to the circumstances the judge has withheld sentence until he is thoroughly satisfied as to conditions. Employees of the Western Union office appeared for the lad telling of his efficient work there this summer. Probate officer John Van Anrooy recommended he be sent to the Industrial School at Lansing.

## Fire Fighting History In The City Of Holland

CHIEF BLOM HAS A FORTY-FIVE-YEAR RECORD TO BE PROUD OF

Holland is proud of its fire chief. He is the best insurance this city could possibly secure. At the same time Chief Cornelius Blom has reasons to feel proud of 45 years of faithful service as a fire fighter in the city of Holland, serving 22 years as its chief.

Mr. Blom joined Holland's volunteer fire department in 1884 when the equipment consisted of a fire wagon, drawn by man power. During his fireman career fire team equipment was installed and later horses were replaced by a thoroughly modern motorized department.

Chief Blom was a young fireman when the fire bell was at the corner of 10th street and River avenue and the hand pump was in a wooden shack located at that corner in Centennial Park. It was called Eagle Hose company. The other department called the Columbia Hose company had their two-wheel hose cart under the old Kanter's home directly east of the Holland theatre. Those were the days of street walks vividly described in an item this week under "Fifty Years Ago."

Chief Blom's first boss was Frank O. Nye, a prominent railroad man, and later L. T. Kanter, who also was chief after Mr. Nye.

When the water works came and Holland had direct pressure the city received its first real protection and when complete it called for demonstration and a try was made to throw four streams from two hydrants over the City Hotel. If this could be done over the highest building in Holland the try-out was considered satisfactory. It was done easily.

Among the early day fires remembered by Chief Blom was the Bar's wagon shop on River avenue, located where Huyser's meat market now is, the blacksmith shop of Ed Stephan's father, located on 9th street just west of the Nibbelink-Notter undertaking rooms, the C. F. Becker mills, a high four-story wooden structure located on a hill on the site now occupied by the Holland Co-operative association on East 8th street, also the Deming foundry, a three-story wooden building on West 10th street, where Klomparsen Paint shop and Hall's Auto repair shop are located.

Other big fires vividly remembered by Mr. Blom are the West Michigan Furniture factory fire, the Holland Furniture factory fire, the burning of De Groendwet, which, by the way, was discovered by a farmer whose name was Moloch, who was bringing a load of wheat to town at 8 o'clock in the morning. Rather a coincidence that a man named after the "God of Fire" should have discovered this blaze. Anyway it was the hardest fire ever fought in this city, taking nearly a day to subdue the flames.

The building was veneered brick and the ground floor was filled with stored furniture from a local furniture factory where there had been a strike and every evidence pointed to the fact that an enemy of the company kindled a fire in its basement, where no fire ever existed. This building was rebuilt on the corner of River avenue and 7th street 42 years ago.

Fifteen years ago Chief Blom advocated motorized equipment. His proposal was hard fought in the board of police and fire commissioners, the majority of the board going against the chief's recommendations. The minority membership also brought in a report, recommending the type of equipment the chief demanded, namely a motor truck made by a company who specialized in this sort of equipment. The minority members at the time were former Mayor Henry Bruse and Ben Mulder. After a long battle the common council adopted the wishes of the Chief and Holland's first American-La France was purchased. It is needless to say that the city has been well satisfied, for this type of equipment has been purchased during all these intervening years and Holland has one of the finest fire fighting forces of any city of its size in the United States.

Holland has a partially paid fire department, and it is a question if, after all, this is not the best thing. The boys are right on their toes, and plenty of night men are at each station, with drivers constantly on the job. The boys are constantly in trim, surely not slow and sluggish because of lack of work which is so often found in paid fire departments in the larger cities.

Mr. Blom is now asking for another fire station in the south or southwestern part of the city, and it is hoped that this request will not be denied for very long. The necessity is imperative and if this matter was put up to a vote should it be necessary, it would pass by an overwhelming majority. The tax-payers never begrudged one penny spent on its fire department and this is reasonable to expect, since it is a well-known fact that its fire department ladders, together with an exceptional equipment, are the best insurance that a city could possibly have.

## OTTAWA COUNTY RESIDENT HURT AS AUTO TURTLES

Carl Lemieux, 21, of R. F. D. No. 3, Coopersville, found about 1 o'clock Saturday morning in his automobile that had overturned in a ditch on M50, about 15 miles west of the city, was taken in the second precinct police ambulance to St. Mary's hospital. Hospital attendants reported the young man had suffered a fracture of the leg.

Ever Sheffield of Grand Haven, en route to the city wholesale produce market here, found Lemieux in his automobile and took him to police headquarters.

**THREE HOLLAND MEN TO CLIMB THE ROCK OF GIBRALTAR**

There have been many insurance contests, but there is one, rather unique, going on now in the Prudential Life Insurance company in the district in which Holland is located. The contest goes under the slogan, "Climbing the Rock of Gibraltar."

This Western Michigan district has taken it upon itself to write one million dollars worth of insurance within ten days. The company has as its trade-mark the Rock of Gibraltar, and in the contest the rock is used pictured on a large plaque, and as the different agents clinch insurance policies from prospective customers, the climb up the rock goes by points, according to the amount of insurance written.

It is stated that the force of the Holland agency, with offices in the Waverly building, are right on their toes doing the human fly stunt up the side of the huge rock, purported to guard the entrance to the Mediterranean.

Every policy written signifies a crevice in the rock, a foothold to climb still higher. The goal naturally is the top, and John Wiersma, the assistant superintendent, and Henry Zweringa and Neal Voorst with added encouragement from Miss Nelle Breen give promise of success in the contest.

The local agency embraces Holland, Allegan, and Grand Haven and their respective vicinities.

# Unequaled at its price for power, pick-up and speed

Among all the low-priced sixes there is not one with Pontiac's ability to perform its way into your favor. Its big, 200-cubic-inch L-head engine develops 60 horsepower at the moderate engine speed of 3000 r. p. m. It provides faster acceleration and higher top speed than any other low-priced six, as proved by the "fifth wheel," most accurate of all speed measuring devices. And it offers greater smoothness as well because of many important engineering advancements such as the G-M-R cylinder head which eliminates spark

knock and roughness using ordinary gasoline—and the Harmonic Balancer which smooths out torsional vibration in the sturdy, fully counter-weighted crankshaft.

Let us tell you about the many other exceptional qualities of the Pontiac Big Six... and prove its performance superiority with a demonstration. And bring in your present car for our appraisal. This will probably cover the entire down payment on a new Pontiac leaving only a small monthly amount to pay.

## HOLLAND MAN LIKELY CHOICE ON M.S.C. TEAM

Holland is likely to supply a regular on the Michigan State college football team this season if the performance of Breen in the practice game between Coach Jim Crowley's Spartan varsity and a freshman team Saturday is any indication. The varsity romped away with the frosh to the tune of 49 to 7 in the practice tilt. Coach Crowley gave all members of his squad a chance to show their worth under fire. Breen, of Holland, made a brilliant dash of 50 yards for a touchdown in this game and seems to look good to the coach.

## STATE IS GIVEN OVER TO CORN BORER

According to some experts the corn borer controls the corn situation in Michigan for it has at last crossed the state, Ottawa and Allegan counties were the only counties not infested up to this year. The borer was found for the first time this year in Ottawa, Allegan and Van Buren counties, Inspector Carlton's report revealed today. Thus the march across the state has been completed. The only virgin corn fields are in the northwestern section and they are soon to succumb. Other counties in which the pest was found for the first time this season are Kent, Montcalm, Ionia, Isabella, Chippewa, Clare and Mecosta.

## IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

Dean, Moody Bible Institute of Chicago (L. 1919, Western Newspaper Union)

## Lesson for October 6

GOLDEN TEXT—Look not every man on his own things, but every man also on the things of others.

LESSON TEXT—Mark 12:21-34; James 3:14-17.

PRIMARY TOPIC—Helping One Another.

JUNIOR TOPIC—Helping One Another.

INTERMEDIATE AND SENIOR TOPIC—What Do We Owe to Others?

YOUNG PEOPLE AND ADULT TOPIC—Fulfilling Our Obligation to Others.

The sum total of human duty as set forth by Christ in Matthew 22:34-40 is love to God and one's neighbor. This comprehends every conceivable relationship and responsibility of life. The measure of love to God is the whole capacity of man to love. The measure of love to one's neighbor is one's love for himself.

1. Loving God (Mark 12:28-30). Man's first duty is to God. The word which sums up his duty to God is love. By loving is meant a sincere desire for and a delight in the welfare of the one loved, and a willingness to do everything possible to further it. Love is not a sentimental emotion, but an ardent passion which absolutely sways the one who loves. When one is swayed by the passion to please, honor and glorify God, he is loving Him with his whole heart, strength and mind. To fail to render full obedience to this, the first and greatest commandment, is to be guilty of committing the greatest sin. By this test we can readily estimate our freedom from sin. Determined by this standard, all are guilty before God. We should put God first in business, recreations and relationships in life.

2. Loving Our Neighbor (Mark 12:31-34). This obligation is like unto the obligation to God in that it centers in love. The measure of love is not the same. The measure of love to God is the absolute limit of human capacity. That unto our neighbor is "as thyself." Our neighbor is a finite being, therefore the love is not absolute. Who is my neighbor? This is answered by the story of the good Samaritan in Luke 10:30-37. Our neighbor is one who is in need of our help. It is not a question of where he lives, but of his need of help. Some of the ways we can love our neighbor, as suggested by the texts selected by the lesson committee, are:

1. By co-operation (Neh. 4:15-23). The walls of Jerusalem needed to be rebuilt. The task was great and the enemies strong. Nehemiah could not have done it alone, though working all the days of his life, but "everyone unto his work" made the walls a reality in a short time. "No man liveth unto himself," therefore human life is lived at its best in co-operation with another. This is not only taught in Scripture, but is illustrated in the habits of ants. They are small insects, very weak, yet by joining together their forces they accomplish great tasks.

2. By the strong bearing the infirmities of the weak (Rom. 15:1-7). By this means we build up one another. We are given strength, not to use for ourselves, but that we may help sustain the weak. We are not to please ourselves. Our supreme example in this is Jesus Christ. If He had pleased Himself, he never would have come down to earth, taken our nature and suffered the shame of the cross. The rich are to help the poor. Indeed, some are made rich in order that they may intelligently and sympathetically render helpful service to the poor.

3. By rendering lowly service (Phil. 2:1-9). The supreme business of life is to serve, not to be served. Christ came not to be ministered unto, but to minister (Mark 10:45). Christ, though equal with God, humbled himself to become the servant of men. The human mind is naturally selfish, therefore the only way man can possibly render lowly service to others is to have the mind of Christ. The only way this mind can be in us is as Christ is in us, the Lord of our lives. This kind of service must spring out of the life of the one who is in Christ and in whom Christ dwells.

4. By rendering justice to everyone (Col. 3:12; 4:1). All our fellows have rights which must be recognized to accomplish which the elect of God must put on a mind of mercy and kindness (Col. 3:12). This kind of treatment finds illustration in our home relationships—wives and husbands, parents and children, masters and servants. Failure to render justice is a source of discord and confusion.

5. By giving to others (Jas. 2:14-17). Christianity shows itself in practical living and charitable giving. To profess to have faith and to be destitute of practical deeds is to give the lie to our profession.

## Spring Lake Lads Confess To Stealing

### JUVENILE JESSE JAMES UNDERSTODGES BRANDISH GUN AT COTTAGE OWNER

Edward Justian, 13 years old, and Emil Justian, 11 sons of Mr. and Mrs. James Justian of Spring Lake, are being held by the state police for breaking and entering cottages in West Spring Lake, near Smith's Bridge, brandishing a gun at one owner and being mixed up with the theft of a boat, to which they confessed to the officers.

They will be brought before the probate court this week. Meanwhile the officers are permitting them to attend school in Spring Lake.

Edward Kate, owner of one of the pillaged cottages, came down from his home in Grand Rapids to spend Sunday. He noticed a window open and cautiously advanced. Two boys were inside and when they saw the man, brandished a gun while they made for an opposite door. The owner, having a quick wit, told the boys it was useless to try to escape as the officers were nearby. They were persuaded to drop the gun and Mr. Kate soon had them in charge.

A plausible story followed in which they claimed three boys had robbed three other cottages eight different times, stealing two gold watches, two rings, a kodak and two revolvers. Some of the plunder was taken from cottages owned by Edward Kohlback and F. E. Dennis. It had been hidden in the woods near the boys' home and was produced for the officers.

Previous complaint from Walter Robinson on losing a green duck boat, led the officers to think the boys knew something about that. They later confessed to having taken it and brought it from the hiding place.

The boys are a pair of prevaricators that would do credit to the actions of much older boys or men. They told stories with great glibness and were quick to think up all sorts of excuses. They could not keep up the pace, however, and broke down, telling all of their actions for the past several weeks. Had the owner not found them much more damage would probably have resulted, Serg. Baugh said today.
