Schulling Again President Of S. S. Association

HAS SERVED 17 YEARS; GOLD-
EN ANNIVERSARY CONVEN-
TION ADJOURNED LAST
NIGHT; 1,450 ATTENDED

The final meeting of the Ottawa County Council of Christian Education convention was held last Wednesday evening in Hope Memorial Chapel, attended by 1,450. George Schulling, president of the Ottawa County Council for 17 years, and again elected at this year's session, presided at the meeting. The convention chorus, a group of 150 singers under the direction of John Vander Sluis, rendered several selections at the opening of the program.

Dr. Raymond B. Druker was in charge of the final devotional period. His address was entitled, "Altar of Sacrifice." "If Jesus had come down from the cross," the speaker stated, "He would have lost Himself and us. The only way to save the world was by staying on the cross. Only by giving up one's self, does one receive God. Then life is enhanced, and character is ennobled."

Music for the evening was furnished by a brass quartette, which was composed of Bob Bonthuis, Henry Vogt, John Orlert and Corrie Steketee. Corrie Steketee directed the quartette in the playing of "Deep River," "Day Is Dying in the West," and "Come and Worship." Following the music, the offering was taken, and announcements were made.

Dr. M. Stephen James, of the Historic First Reformed Church of Albany, New York, who spoke Tuesday evening on the topic, "Follow Me," addressed the final formal meeting of the convention with an inspirational topic, "Go Forward."

"Man must go forward if he chooses Christ," the speaker began. "There is no other way to go. We need, in this present day, an advance in the Christian church. Do you realize the difficulty and pessimism which is settling over Christendom? If we are to go forth as Christian leaders, we must follow Jesus Christ. When we interpret present trends, we must do so with the background of the last three centuries—freedom, democracy, liberation of personality, the sciences—these are new factors which must be taken into account. "Has the world outgrown the Christian Church? Can the Church

BURGARS ENTER ZEELAND STATION

The service station at the corner of W. Main St. and Franklin road, Zeeland, operated by Mr. George Van Eden, was entered by burglars Tuesday night, the culprits gaining access by breaking a panel in the back door. Several items of merchandise were missing including a five-gallon pail of oil, 9 cartons of cigarettes, some candy, and cigars, estimated value of about \$35.00. The case was investigated by Chief of Police Fred Bosma, and deputy sheriffs Martin Bareman and Marvin Smith. Some leads for detection were secured including several finger prints.

VERY HEAVY RUN OF BEETS EXPECTED BY LAKE SHORE SUGAR CO.

The first loads of sugar beets of the 1937 season will be received at the Lake Shore Sugar Co. of this city on Oct. 8, it was stated Wednesday by John Kelly, field superintendent.

The beet acreage this year will be above that of last year when 2,900 acres were under cultivation. This year a total of 3,500 acres have been placed in beets. The beet cutting will total more than 30,000 tons this year. The year has been good for beets and a very heavy run is expected. Local beets will be received by truck, wagons and railroad cars. The rail shipment will be between 35 and 40 per cent of all the beets received at the local plant.

The campaign this year is expected to be the largest of any in the last five years that the Lake Shore Co. has been in operation. B. J. Paschal, plant superintendent, has made several improvements in the plant. It is now in running condition and all the machines have been tested. It is expected that the run will begin about Friday. Beets will be received at the local plant until Nov. 20, as the six field men now in the territory anticipate that the harvest will be completed by that time. The plant will operate on a 24-hour shift until near Dec. 15.

The Church of God will hold a prayer meeting this evening at 7:30 o'clock at the home of Cliff Harrington, Lincoln Ave., and 37th St.

The third division of the American Legion auxiliary will hold a party in the club rooms tonight, at 8 o'clock.

Dr. Titus Van Halstema, local dentist, and Miss Ruth Althoff of Muskegon were united in marriage in that city, Thursday evening. The couple left on a ten-day motor trip through the East. They will be at home at 138 West 14th St. upon their return. Both Dr. Van Halstema and his bride are graduates of the University of Michigan. The latter has been a teacher in the Midland schools for the past two years.

A large gathering of teachers and officers of the Second Ref. Sunday school at Zeeland, was held in the church parlors last Friday evening and a supper was served at 6:30 o'clock. Business matters of the Sunday school were discussed and Rev. Wm. Van der Hoff of Third Ref. Church of Holland, was the guest speaker.

BROOMS BRING HAPPINESS TO THE BLIND

If you turn to page four of this section you will see a very interesting picture—scores of lions, and oodles of brooms. No, these lions are not from the jungles, but members of the Lions Club, and what these lions do with these brooms is shown in a large photograph on that page, where the lions as well as the brooms are depicted. Turn to page four.

On the next two pages will be found some interesting facts on Fire Prevention Week. All this week is set aside, by virtue of a mandate from the President, that from October 3 through October 9 is Fire Prevention Week throughout the nation. The governors of every state issue proclamations and Governor Murphy has one on this page. Mayor Henry Geerlings also gives a message on this all-important week. Turn over the page and see what the mayor and governor have to say on Fire Prevention Week.

The Holland City News is indebted to the Du Saar Photo Shop for these group pictures of the floats of the Ottawa County Sunday School convention parade. The camera man succeeded in getting everyone of them, with the exception of the Methodist Episcopal Church. That, in itself, is a marvelous record. However, the camera jammed at that moment and the film did not turn out right. The rest, however, were perfect. Anyone having a picture of the M. E. Church float—the Holland City News will be glad to have a cut made for the next issue. The News was only given a few hours, at best, to get the cuts that do appear.

COUNCIL AGAIN DEADLOCKED ON ALDERMANIC CHOICE

The Common Council took up the matter of appointing an alderman in the place of George Damson, of the fourth ward, who resigned. Three weeks ago there was a deadlock and after four votes at last night's meeting there was still a deadlock. Bert Habing, a former alderman, receiving 6 votes, and Joe White, receiving 5 votes. Since 7 votes are required there was no choice.

The Common Council was called at 5:15 instead of in the evening, since many aldermen and city officials wished to attend the Ottawa County Sunday School convention.

Ald. Kleis noticed that this balloting might go on indefinitely from all appearances, and moved that the matter be left for the next council meeting two weeks hence. The deadlock seems to be a strong one, as the aldermen are pretty well divided in favor of their respective candidates.

CITY HALL HAS ITS SMOKE NUISANCE

Factories are not the only smoke nuisances to be eliminated. Ald. Ed Brouwer reports that he received complaints relative to smoke nuisance caused by firing the city hall boiler, and recommended that the matter be referred to the Public Building committee for investigation. In this connection it was stated that the only way to eliminate the smoke, if soft coal is being burned, would be to install Stokers, and the committee was instructed to look into the Stoker matter also.

POLICE AND FIRE BOARD SEEK AID FOR POLICE OFFICER

Medical aid was requested for Lieut. Ben Kalkman, of the Holland police department, at a meeting of the board of police and fire commissioners at its regular meeting Monday afternoon. Kalkman sustained an injured knee in an accident about six weeks ago near 24th and State Sts. while pursuing a speeder.

It was brought out that Kalkman's injured knee is not responding properly to medical treatment and that it likely will be six weeks before he can be out of bed and possibly two months before he may be able to return to his duties.

A recent X-ray examination disclosed that there are no broken bones.

Chairman Cornelius Huizenga named Commissioners Cornelius Steketee and Fred Kamferbeek to confer with Kalkman's physician regarding the necessity of bringing a Grand Rapids physician here for consultation.

DR. WICHERS ON EASTERN TRIP

Dr. Wynand Wichers, president of Hope College left Holland Sunday night for the East where as a member of the Greater Things Committee of the Reformed Church in America for the Particular Synod of New York he is to work with other members of the committee in presiding over a series of conferences and inspirational meetings during a period of ten days. Other members of this committee are the Rev. Anthony Luidens of Rochester, N. Y., Mrs. Norman V. Pearle of New York City, and Dr. Charles H. Campbell of New York State.

Miss Sarah Lacey, a member of the Hope college school of music who was granted a leave of absence to attend the University of Michigan, has been placed on the staff there. She has been appointed to teach theory and composition of music and history of music and piano.

Dr. M. Stephen James of Albany, N.Y., principal speaker at the evening sessions of the Sunday school convention, addressed the student body of Holland high school Wednesday morning on the subject, "What About Your Future?" Dr. James was introduced by Mayor Henry Geerlings.

SETTLEMENT TO BE MADE FOR INJURIES

The board of public works has decided to make a settlement of \$1,000 for injuries sustained last Dec. 12 by Dena Spykman, 9-year-old daughter of Albert Spykman, 372 West 21st St., when her hand caught in a sewer-cleaning machine. City Attorney Elbert Parsons presented a contract to the common council Wednesday afternoon for council approval which has been approved by the works board.

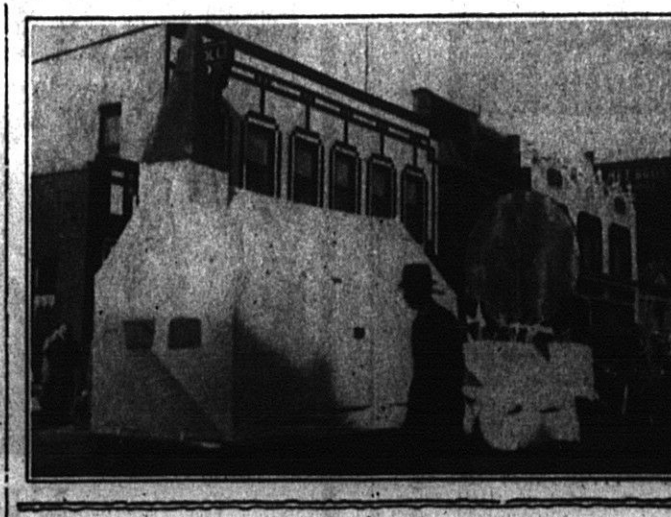

Upon the city attorney's recommendation, the contract was referred to the ways and means committee which is to report at the next meeting after a study of the case.

The board, Mr. Parsons explained, proposes to pay for actual expenses for doctor and hospital fees and for costs of an operation, if necessary within the next 6 years. This operation would cost about \$350. The entire expense would be about \$1,000. In addition, the board wishes to make some direct

contribution to the child whose arm was fractured in several places when her mitten caught and dragged her hand into the gears of the windlass device. The amount for the direct contribution has not been specified.

On the motion of Peter Huyser, seconded by Ald. John Vogelzang, the contract was referred to the ways and means committee and the city attorney.

Miss Ruth Keppel has been engaged to present the program for the opening meeting of the Traverse City Women's Club, which will be held Friday, October 15th. Miss Keppel will give one of her musical lectures, illustrated with appropriate violin compositions. These programs of Miss Keppel have become popular with many Women's Clubs and Music Clubs throughout the state. Especially well known is her paper entitled, "Music in The Netherlands." For this program she appears in costume and plays old Dutch violin music.

Mr. and Mrs. Evert De Groot of 75 East 15th St. are the parents of a daughter born Wednesday noon in Holland hospital. She has been named Lois Mae.

Born Tuesday night in Holland hospital to Mr. and Mrs. Leslie T. McCarthy, 481 College Ave., a son.

Council Notes

The Council meeting was called at 5:15 instead of at 7:30 in order to allow many of the members to attend the Sunday School Convention.

Mrs. Margaret Hallet asked for a license for an eating place at 47 East 18th St. Her sureties were Mrs. A. B. Bosman and Mrs. H. Johnson.

Elizabeth Kirches asked for a restaurant license at 17 West 9th St. Her sureties were Chester Hop and Dick Vander Haar. Both licenses were granted.

A request was made to supply one truck with air pressure lifters, which can lower or elevate a snow plow. Two of the trucks with snow plow attachment are already provided, but the third truck will be made available and will cost \$160. The request of City Engineer Zuidema was granted.

Ald. Art Drinkwater, head of the building committee, stated that the exterior of Holland hospital needed re-painting. The ledges are looking bad and the window sills and other parts of the wood work are sorely in need of paint. Art has been a faithful member of this building committee and when he asks, the council knows it is an imperative need; and they heeded his request, and the hospital will be painted.

Ald. Kalkman made a request that a city garage in dilapidated condition on city property at 12th St. and River Ave. be repaired. Ald. Brouwer laughingly said, "What for? For the rats? The garage isn't worth repairing and no one is using it." The aldermen thought it best to raze the building and use the lumber.

Members of the ordinance committee gave notice that there would be a revision in the ordinance regulating billiard halls and bowling alleys. Undoubtedly this was brought about when a request was made to have the hours extended from 11:00 o'clock to midnight—and why not? Both are healthy sports and a great deal of skill is displayed in these games. Often, when there is a bowling tournament, the contestants have been embarrassed because of the early closing, and often contests had to be cut short.

Ald. Brouwer, to whom was given the matter of looking into the case of officer Dick Homkes, injured some time ago, stated the committee was making progress and arrangements for an X-ray were made and he would have more to report later.

Mayor Geerlings stated that he had met with the Board of Public Works to see whether the lights promised by the state and not materializing, could be installed by the board. It seems that the board looked favorably upon putting in lights and only wanted the word to go ahead. At Parsons pointed out that even though Holland was willing to install lights, we would have to get the consent of the Highway Department first, before we ourselves could install these lights. Ald. Brouwer pointed out that in spite of this, the mayor should go ahead, appoint a committee to take up this matter with the Board of Public Works, and agree upon a plan, and then take up this plan further with the Highway Department. Before anything is done everything pertaining to these traffic lights will be gone into, and this should be done on River Ave., Michigan Ave., and State St. are tremendously busy thoroughfares and all precautions should be taken to safeguard auto drivers and pedestrians as well.

City Clerk Peterson stated that November 3 was the time to notify delinquent light and water users that their bills have not been paid. After a stipulated date these names are published and if they still, for one reason or another, do not pay, the delinquency will be spread upon the tax roll against the property after public notice of hearing is given.

Alderman Bultman pointed out that the Park Board should be notified that at Maple Ave. at 17th and 18th Sts., shrubbery was so high in places that it is dangerous to traffic because the view is cut off. Ald. Brouwer stated that not only were these corners dangerous for shrubbery, but the Park Board should make a survey of different corners and prune shrubbery that is too high. Ald. Kleis stated that shrubbery should be of a standard height as in other cities. Ald. Drinkwater protested that the Park Board should have taken care of this long ago. Ald. Bultman stated that they were taking care of it, that Chairman Ben Brower and he, had made a survey less than a year ago, and the Park Board has taken care of many bad corners, but shrubbery keeps on growing and constant vigilance is necessary.

Ald. Vogelzang made a request that although the police board has its examination of weights and measures, that now, with winter around the corner, and much de-livering of coal, the police should be empowered to weigh a truck load of coal from any dealer at any time, not so much because he thought there was anything wrong with the weight, but more to satisfy the people, who must pay for the expensive coal. The police department has been rigid in their inspecting of weights and measures, and for many years few merchants or coal dealers' scales have been found wrong. The Council, however, supported Vogelzang's request by unanimous vote.

State Senator Earnest C. Brooks of Holland is the principal speaker today at a noon luncheon meeting of the Women's club of Muskegon. He will talk on the labor situation in Michigan.

Large Parade Highlight Of Convention

The opening of the convention of the Ottawa County Sunday School Association in Holland was marked by a tremendous parade, at least two miles long. Altogether 1,723 persons were in line, according to Andrew Steketee, head of the parade committee, not including the many floats that interspersed the divisions. The day turned out beautifully after a night of downpour—in fact, the afternoon was clear and refreshing.

Heading the parade was the Holland high school in full regalia, followed by the executive committee of the Golden Anniversary, including George Schulling, president of the organization for 17 years. Mayor Henry Geerlings was also among the marchers. Traffic officer Jay Dalman, on motorcycle, acted as vanguard to the oncoming parade.

Following the executives, the executives' float appeared embellished with flags of all nations, an empire torch, a large Bible, and a young girl raising wonderingly at a beautiful cross.

Next came the Hudsonville float, preceded by the Hudsonville girl and boy band, directed by Bert Brandt of Holland. This float was very original, consisting of a family altar, with a family group around the fireside, where devotions were said. The float was embellished with these words—"Rebuild the Family Altar."

This float was followed by the float of the City Mission, comprising a vehicle simply filled with little children, who receive their religious instruction every Sunday in the Mission Sunday School. It represented the results of Sunday School work in our Mission.

Then came the Harlem float, Harlem being located north of Holland, an outstanding creation embellished with the wording, "Lines of Influence." The float had a circle of adults and children holding a religious meeting.

Coopersville, from the 5th district, sent a colorful float, giving a replica of their church, which was enshrined in a large rainbow, beautifully colored, representing the "Rainbow of Promise."

In the second division the Grand Haven high school band, a fine organization of young folk, headed the Grand Haven float. On this float there was a reproduction of a lighthouse, well-lighted, and the motto on this float was, "Jesus, the Light of the World." It reminded one of the very familiar gospel hymn, "Let the Lower Lights Be Burning."

Zeeland, our neighbor, was also well represented. The Zeeland high school band, a splendid musical organization, headed the float division, followed by the First Reformed Church marchers, carrying flags of all nations. The Second Reformed Church float is seen in this group picture containing the wording, "The Call to Worship." Young folk are being taught by a teacher and a bell at the rear of the float rang out at intervals, emphasizing that this is the means through which worshippers are called.

In the third division, the float of the First Methodist Church emphasized effects of liquor upon humanity. The float was very unique, showing that a large spider had spun its web in a clump of trees. The web was well-defined, and the spider in the center of the web represented a bottle of rum, from which spider legs protruded. The theme was from the well-known poem, "Come Into My Parlor; Said the Spider." The reference, however, applied to mankind rather than to the thousand fly.

The Wesleyan Methodist Church depicted a Sunday School class taught by a young lady, and the theme contained the Bible verse, John 8:36. Youthful representatives of the Sunday School class were depicted with shackles and chains, indicating that they were chained to the sins of the world. There was a large Bible, to which was attached a key. The teacher pointed out that it was through this key, the Bible, that the shackles could be struck from the sinful, and they could be set free.

Maple Avenue Christian Reformed Church was represented by a float, with pillar effect, drawn by members of the church. The wording on the float were these, "Suffer little children to come unto Me" and "Remember Thy Creator In The Days of Thy Youth." On the float was a Sunday School class of young children.

Leading the fourth division the First Reformed Church of Holland had an impressive float, a replica of their first church. Even this church had an audience. Members were inside and to the soft strains of the organ the worshippers were singing, "Come to the church in the wilderness." It was very realistic and impressive.

Hope Church had a float designating fifty years of Sunday School service from 1887 to 1937. On a trailer, following the church, could be seen a class of young folk taught by Mrs. Martha Kollen, who has taken a deep interest in Sabbath School work for a number of years. Overhanging the little group was a large shield with cross and crown.

In the fifth division Trinity Church led. This was a beautiful creation representing the "Old Rugged Cross." Angels were protecting little children who grouped at the foot of the cross, and spears, in the hands of the angelic figures, retarded the progress of the different "tams" that have been a

GOLDEN JUBILEE

Last night, after a two-day's program, the Ottawa County Council of Christian Education adjourned, and this adjournment marked the closing of the Fiftieth Anniversary of an organization that has worked untiringly, unselfishly and very successfully over a period of a half century. The news two weeks ago gave a historic review of the Ottawa County Sunday School Association, listing the personnel responsible for its wonderful success—the reason for its Golden Anniversary, and the golden harvest, which is self-evident.

There are 20,000 who are members of the Sunday School in Ottawa County, as this relates to this organization. That constitutes nearly one half of the population of this county. That figure surely emphasizes success. Prominent names appeared in that historic review—men and women who have long since passed to their reward. However, when their work was finished others, younger in years, stepped in and carried on. Men and women of prominence and those in the more humble walks of life work side by side with the same zeal, and with the same aims and purposes.

There is something wholesome about Sunday School. A Sunday School has the respect of even the non-church-going people. In many instances, parents neglect their church obligations, but despite their neglect they insist that their children shall go to Sabbath School, indicative that they have not strayed away entirely from religious influence.

The Sunday School is a beautiful institution since the fundamentals begin with the infant. What is more inspiring than to see a large group of little ones receiving religious instruction in a simple manner from a tactful, able teacher, often a loving motherly woman, who is, by all means, best fitted to instruct the infant? Today, of course, the older folk also take a part in the Sunday School as pupils, but principally the Sunday School is for the youth.

There must be a cause for great satisfaction to those who have fostered Sunday School work for so many years, as is evident in looking over the program of this Golden Anniversary. These men and women did their full share in building the foundation of the Christian Church, and the building material of this foundation was Youth. Many take the Church as a matter of course. They fail to realize that the Church means much in these hours of stress, turmoil, discord, and strife.

The fact is, the Christian Church today stands as a bulwark against all the "isms" that seem to be so rampant throughout the world, plotting always to destroy—never to build up. It is sincerely hoped that these irresponsible, lawless hordes fail to gain a footing in this nation. But, should such a thing be possible, the Christian Church would be the first to stay them.

The convention of the Ottawa County Council of Christian Education, marking the Fiftieth Anniversary, has adjourned. The delegates, who were our guests, have come to their respective homes. The resolutions indicate that the Holland convention was a "red letter day" in the annals of Ottawa County Sunday School work. They stress strongly their praises of Holland's hospitality, and Holland is happy in the thought that, through local committees of men and women and churches, it was able to contribute to the success of this Golden Anniversary. It is our sincere hope that this fountain of religious education may continue to flow with even more success during the next half century—in fact, that it may endure for all time.

move forward into this kind of world?"

The moralizing of the order in which we live, the personalizing of the individual, socializing our order of life, and spiritualizing the order of present-day affairs, were recounted by Dr. James as the prime signs of the Christian Church in the present day.

"We must get hold of the old gospel, if we are to achieve our purpose of going forward. This is the key to the answers of our problems. We are going, however, not as individuals. We are going as the Church of God, 'like a mighty army.' It is His Church—not ours. Can we make men see His face, turned with pity and redemptive love to His children? He has promised: 'I will not leave you.'—You will doubtless come again with rejoicing bearing your sheaves with you."

After the singing of a hymn by the audience, the pillow text and prayer were pronounced by the Rev. William Van't Hof, pastor of the Third Reformed Church of this city. The pillow text was taken from Acts 20:32. Following the prayer, the golden anniversary convention of the Ottawa County Council of Christian Education adjourned, leaving with all happy memories and joyous experiences from the two-day session.

MANY SPEAKERS TAKE PART IN MORNING AND AFTER-NOON SESSIONS OF SUNDAY SCHOOL CONVENTION

Morning and afternoon sessions of the Ottawa County Sunday School Association Convention were held in Trinity Reformed Church. The morning session was presided over by Prof. Garret Vander Borgh of the education department of Hope College. The meeting was called for 9:00 a. m., and opened with an inspirational song service, led by Director John Vander Sluis.

Devotions were in charge of the Rev. C. W. Meredith, pastor of the Wesleyan Methodist church of this city. His topic, a subdivision of the general theme, was "Altars of Meditation." Rev. Meredith pleaded for the revival of the family prayer altar, whereon, he believed, the revival of religion depends at the present time.

The message of welcome was given by the Hon. Mayor Henry Geerlings. He referred in his speech to Tuesday's parade as "giving evidence of the power and lofty ideals of the Church." Mayor Geerlings stressed the need for service in the community through the channels of the Church. The important duty of the Sunday School was emphasized in dealing with immortal souls, "and the reaching of one soul is worthwhile."

The Mayor's welcome address was responded to by Mr. Corey Poest, a member of the County Executive Committee.

Mr. R. Stanley Kendig gave a short address at this point. Mr. Kendig is executive secretary of the Michigan State Council of Churches and Christian Education. He explained the co-operation existing between the Kellogg Foundation and the state council, which a short time ago sent forty ministers to Chicago for purposes of studying social and industrial conditions there. A similar party of fifty-six pastors will soon go to Chicago to make a similar study of conditions. Special courses for ministers are being planned at the University of Chicago for preachers, in an effort to equip them better for work in their communities.

"Followers of Christ, Facing Today's Problems" was the title of the main address of the morning session, given by the Rev. W. G. Flowerday, pastor of the First Methodist Church.

"The men who write the nation's songs, the men who control the nation's motion pictures, the men who write the nation's novels—these are the men who have the greatest influence on the character of our youth," the pastor stated. Advertisements were read by the speaker, announcing new movie releases. Some were severely branded by him. The moving picture industry must revise their methods for the youth of the nation, on whom it has a potent influence. Mr. Flowerday pointed out. Youth is worth saving and what is especial-

ty needed is a soul-cleansing revival of the gospel of Jesus Christ, the pastor said.

Following Rev. Flowerday's address, Mrs. K. C. Kalkman rendered a vocal selection, "How Lovely Are Thy Dwellings." The offering was taken following the song, and announcements were made.

"A Changeless Christ for a Changing World" was the concluding address, given by Dr. Edward Masselink of Grand Rapids.

"One of the last sayings of Christ was, 'Feed my Lambs.' He also said, 'Go into the world and preach the gospel,' but we often forget the former statement. In this changing and confused world in which we are living—in this age when youth is pressed in from every side by changing and disintegrating forces, we must have something to point to some ultimate reality. This we find in Jesus Christ. Jesus Christ is the same—yesterday, today and forever."

The ultimate finality of Christ was contrasted by the speaker with the constantly changing universe, the constantly changing people on the earth, and the constantly changing Church.

Following the pronouncement of the benediction by the Rev. Fred J. Van Dyke, pastor of the Central Park Reformed church, the convention adjourned for the noonday meal in the church basement.

The afternoon session was presided over by Mr. Peter Vander Velde, superintendent of the Reformed Sunday School of Jamestown. Following a song period, under the direction of Director Vander Sluis, the Rev. J. V. Roth, pastor of the Presbyterian church of Grand Haven, led the devotional period on the subject, "Altars of Obedience."

The main address of the afternoon was given by Dr. Simon Blocker of the Western Theological Seminary faculty. Mr. Blocker's address, entitled "The Sunday School a Partner with God," stressed the importance of the Sunday School in the life of a child, and emphasized the relationship between the Sunday School and the Heavenly Father.

While the offering was being taken, a Ladies' double quartette under the direction of Mrs. C. Trapp, choir director at Trinity Reformed church, entertained with several selections.

Mr. George Schuling presided at the business meeting, at which Rev. H. Dykhuys of Jamestown conveyed the greetings of the Christian Reformed Church to the convention. The Christian Reformed convention was held in Grand Haven last week.

The president's, secretary's, and treasurer's reports were dispensed with. The auditing committee and the resolutions committee, as well as the nominating committee, rendered reports of their activities. Simultaneous conferences concluded the afternoon's session of the convention. Children's Division Work was presided over by Mrs. Wm. Hietje, with Mrs. Edith Walwood as leader in discussion. Topics discussed were: God, Jesus Christ, Prayer, Christian Church, and Bible. Young People's Work division was presided over by Mr. H. K. Goodwin, Dr. Raymond B. Druker being leader in the discussion. The theme for this group was "A Church-Centered Program for Young People." Sub-topics were: Reason, Principles, Objectives, Content and Youth Adviser.

Rev. H. Dykhuys presided over Adult Division work, while Rev. Wm. J. Hilbert was leader of the discussion. Topics relating to the adult and Christian life were listed for examination by the group.

Administration Division Work was presided over by Rev. C. Roos, in the absence of Mr. David Damstra, who had been scheduled to preside, but serious illness prevented him. Dr. Bernard J. Mulder was in charge of the discussion period of this group.

At 5:30 p. m., the convention adjourned to supper at Trinity Reformed Church. Up to mid-afternoon approximately 225 people were listed as paid delegates to the convention. Everyone who had an official program, however, was admitted to the discussion. Trinity Church was well-filled throughout the day. The convention passed a motion to send a large bouquet of flowers to Mr. David Damstra, who is confined to Holland hospital by illness, and who was to have presided over the Administration Division Work Group. The Netherlands Museum was open all afternoon for the benefit of convention guests, who were allowed free admission upon presentation of their official programs.

NUPTIAL VOWS EXCHANGED IN KEMPER HOME

The home of Mr. and Mrs. Fred Kemper, 28 West 12th St., was the setting Saturday evening for the ceremony uniting in marriage their daughter, Hazel Helene Kemper, to Nelson Vernon Plagenhoef, son of Mr. and Mrs. Sam Plagenhoef of 79 East 16th St. The marriage took place at 5:00 p. m. The Rev. John Vanderbeek, pastor of Sixth Reformed Church, read the service, using the single ring ceremony, in the presence of about 35 guests.

Mrs. Sam Plagenhoef, mother of the groom, played the Lohengrin Wedding March as the bridal party assembled before an arch, from which a wedding bell was suspended. The lattice work in the background was intertwined with flowers and was banked with ferns and bouquets of gladioli.

The bride, who approached the altar on the arm of her father, was gown in white satin, princess style, and wore gardenias in her hair. Her long sleeves were full at the shoulders and tight from elbow to wrist. She wore white satin slippers and carried a bouquet of chrysanthemums.

As bridesmaid, Miss Edna Plagenhoef, sister of the groom, wore a floor-length gown of light blue lace with ruffled collar and carried a bouquet of gladioli. Russell Kemper, brother of the bride, attended as best man.

For her daughter's wedding, Mrs. Kemper wore blue crepe with embroidered trim, while Mrs. Plagenhoef wore black crepe trimmed with black lace.

Immediately following the ceremony a wedding supper was served by aunts of the bride, Mrs. John Van Nul and Mrs. Martin Plockmeyer. The bride's table was centered with a three-tiered wedding cake, miniature bride and groom, and candles.

Both bride and groom were born in Holland. Mr. Plagenhoef is a graduate of Holland high school and is a city fireman. Both are employed at Hart and Cooley Co. They are at home to their friends at 288 East 11th St.

Edwin Luideus of Rochester, N. Y., Hope College sophomore, has received \$50 from an unknown benefactor in the East. The money was transmitted to the student by Dr. Wynond Wichers, who had been instructed not to reveal the name of the donor. The money is to be used to further Mr. Luideus' education and it was indicated that another gift may follow.

Application for building permits have been filed with City Clerk Oscar Peterson by the following persons: Lamber Tinhoft, 117 East 23rd St., place cement floor in garage already erected and construct concrete driveway to Prospect Ave.; \$90; John Grevenhoe, 18 West 15th St., remodel kitchen; \$200.

OVERISEL

Monday evening of this week, Oct. the 8th, was a gala time for the people of the Reformed church. The entire congregation came together and almost completely filled the spacious auditorium. The occasion for this happy gathering was to commemorate the tenth anniversary of the coming into their midst of their pastor and family, the Rev. and Mrs. Wm. Fyle. The prevailing note was one of thanksgiving and joy. To help bear the financial burden during the days of the depression the pastor, of his own accord, had dropped \$200 from his salary, and as a token of gratitude for this willing sacrifice as also for the faithful services of both the pastor and his wife during these years, this was now restored to him. Mr. Joe Schipper presided and Mrs. George Koopman, Mr. Mannes Folkert voiced the sentiments of the congregation to which the pastor fittingly responded. The choir and a male quartet each rendered two appropriate selections. After the program refreshments were served and a social time enjoyed.

Mrs. John Kaper and Mrs. Maurice Nienhuis gave a miscellaneous shower at the Nienhuis home last Friday evening for their sister, Miss Janet Kaper, an autumn bride-to-be. Gifts were received by hook and line from an improvised fishing pond. Bunc was the game of the evening. A two-course luncheon was served to about twenty guests.

FIRE PREVENTION WEEK

Mayor Geerling's Message on "Fire Prevention"

The nation from coast to coast is, this week, observing "Fire Prevention Week." The entire seven days are devoted to how we can minimize or prevent fires which cause so much loss of life and property throughout the country. It is well known that 80% of the fires that leave devastation in its wake could be prevented by being more careful and more thoughtful. Carelessness is the best ally of the "fire brand."

Holland has been blessed, since it has not been visited by any disastrous fires during the last few years. This, in a measure, can be attributed to the painstaking nature of our citizenry. Cleanliness is also one of our attributes. Our home surroundings show that we are a "clean up, spruce up" community.

It is known far and wide that

HON. HENRY GEERLINGS

Holland is one of the cleanest cities in the nation. There is no better preventative from fires than that fact. If we keep up our reputation, remember that our efficient fire department, with its fine personnel and able chief and good equipment,

will do the rest when emergencies arise. They have never failed and will not fail if our citizens continue to take seriously not alone "Fire Prevention Week," but "Fire Prevention Year," for we must be constantly vigilant in order that fire will not find us unawares and unprepared.

Fire in nearly every case is a waste, in which there is no salvage; and if we can prevent them, we are rendering a real service to the community and setting an example to our neighbors as well. I would like to impress upon the mind of every citizen the need of constant vigilance.

HENRY GEERLINGS,
Mayor.

FIRE PREVENTION WEEK

Fire Prevention week is here. What are the citizens of the nation going to do about it?

If careless folks are short-sighted, they will do nothing. If they have any interest in protecting their property and their families' lives, they will use Fire Prevention Week as an occasion for taking the simple, essential measures that usually suffice to make homes and places of business safe from the common and dangerous fire hazards.

Fire Prevention Week is not designed to sell anything. It is designed to serve—to conserve—to protect. During the Week insurance companies, civic bodies, fire experts and public officials will use the radio, newspapers, displays and printed literature in an effort to make you think and to make you act.

In the average home grave hazards exist of which the owner knows nothing. Ignorance, as well as carelessness, is a prolific source of destructive fire.

The simplest and most easily corrected causes are responsible for the great bulk of fires in dwellings. A slight fault in a heating plant may devastate a home. Accumulations of papers, clothes, furniture and other odds and ends require only a spark to burst into flame. Improperly stored fluids such as gasoline, kerosene and oil are a constant menace. Amateur repairs of electric appliances and light cords cause millions of dollars' loss annually. Paint or oil-soaked rags are often the cause of spontaneous combustion. An improperly protected hot electric iron, or cigarette ashes invite fires.

It costs you nothing to eliminate these hazards, and takes little time. That small effort may save you thousands of dollars—and infinitely more important, save a life. Fire Prevention Week is inaugurated to serve you. Make the most of it.

Mrs. Vera Meyer, 110 East 8th St., who underwent a recent operation in Holland hospital was reported improving.

PROCLAMATION!

WHEREAS each year fire destroys countless lives and properties and causes other great economic loss, and

WHEREAS, this great waste can be curtailed by observing various well defined precautions relating to fire safety, and

WHEREAS the President of the United States, for the benefit of the whole American people has proclaimed the week of October 3-8 to be

FIRE PREVENTION WEEK Therefore, I, Frank Murphy, Governor of the State of Michigan, do hereby proclaim the week of October 3-8 to be

FIRE PREVENTION WEEK in order that the people of this State in every community shall individually and through various organizations discover and correct existing fire hazards, promote measures of public and private fire protection, extend instruction in fire prevention among adults, as well as school children, and arouse the people generally to the need for habits of greater care.

Given under my hand and seal this 29th day of September, in the year of our Lord, nineteen hundred and thirty-seven, in the City of Lansing, Michigan.

FRANK MURPHY.

Word was received in Holland, Monday of the birth of twins, a boy and a girl, to Dr. and Mrs. George A. Fell of Warrenton, Va. Monday in Johnson Willis hospital in Richmond, Va. The babies have been named Elizabeth Ann and Paul Irvin. Dr. Fell, who is practicing dentistry in Warrenton, is a son of Supt. and Mrs. E. E. Fell of this city. Mrs. Fell was formerly Miss Gertrude Hanson, a graduate of Hope College with the 1931 class.

Henry Hungerford, 82, prominent Saugatuck resident, was struck while crossing the main street by a hit-and-run driver. Hungerford was severely injured, suffering a double fracture of the ankle and head lacerations. He was taken to Community hospital.

Fire caused between \$400 and \$500 damages to the home of Albert Bonzeleer, 165 West 17th St., early Sunday morning. The fire was discovered at about 4:45 a. m. and is believed to have originated from defective electrical wiring. The loss was said to be covered by insurance.

The Holland Furnace Co.

We are in full accord with the inauguration of Fire Prevention Week throughout the nation. Holland, noted for its cleanliness, which carries with it careflessness, has been blessed for many years because of the few fires which the records show. A well-directed fire department, two loyal, able crews well-equipped, together with a careful citizenry, have made this wonderful record possible.

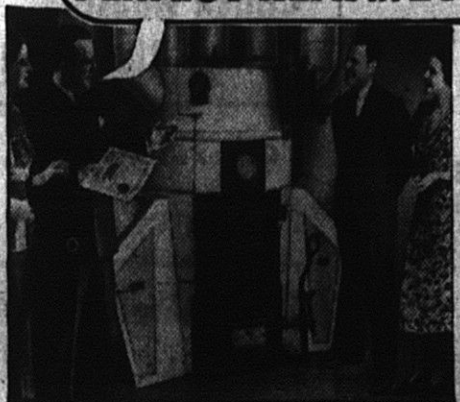

The Holland Furnace Co. does its share towards safety measures where fire is concerned. Its product, the Holland Furnace, is "fool-proof," taking in consideration fire hazards. Put in a Holland Furnace for economy, durability, safety and satisfaction. If you have a Furnace, have it cleaned the Holland Furnace way. Put your furnace in condition for the coming winter. That spells "safety first" and that emphasizes Fire Prevention Week.

Police Chief Frank Van Ry has made the request that care be taken in parking bicycles and carts in order that they will not be a handicap to blind persons. Chief Van Ry said that the new traffic ordinance grants blind persons with white canes the right-of-way over vehicles in crossing street, but contains no provisions for their safety on the sidewalks. The request was made after the chief received numerous complaints.

Brooms Sweep Away The Troubles Of A Blind Man

The Holland Lions Club, together with other clubs in the city, have done many meritorious things; but the Lions Club has taken upon itself to make the path more smooth for the blind. Recently they inaugurated and had passed by the Council a resolution that traffic be stayed when a blind person with a white cane crosses at intersections. There are many things that the Lions have done, along these lines. Just now they have taken a deep interest in Fred Ten Cate, a fine gentleman, who despite his sightlessness, has for years made his way in the world, with the aid of his estimable wife, who is also blind.

The Lions Club has long ago seen the efforts of Fred Ten Cate and have taken upon themselves to make the road for this man and woman, for many years citizens of Holland, more smooth. The Lions have interested several merchants to co-operate with them in selling the product made by Mr.

and Mrs. Ten Cate, which is brooms. In the picture you will see broom racks with a display of brooms at different prices. Many merchants have consented to place these broom racks in their respective places of business, and to push these brooms in behalf of this less fortunate couple. Four racks have also gone to Zeeland for the same cause, also fostered by the Zeeland Lions Club. The racks have all been made and donated by the Lions. In order to further aid, a committee of Lions will make the rounds of the different merchants who have racks, checking up the merchandise purchased, and replenish the racks.

The picture above was taken at Warm Friend Tavern and shows what the Lions, together with the racks, look like. (They surely are not the roaring kind.) It appears that the path will be swept more clean of difficulties for Mr. and Mrs. Ten Cate via the brooms which they

themselves make—and what is more—they are wonderful brooms. The merchants who have taken charge of these broom racks are the following:—Brouwer Furniture Co., Corner Hardware, Central Park Grocery, J. & H. De Jonge, Doezema's Grocery, John Hulst, H. Faber Grocery, Ben Du Mez I.G.A., Down Town I.G.A., Knoll's Market, 13th Street I.G.A., Dick Meengs, Montgomery Ward, Nies Hardware Co., Service Market, Steffens Bros., Van Putten's Grocery, Van Den Berg Grocery, and Zoernman Hardware. Undoubtedly there will be more to follow.

The blind committee is composed of the following:—Don Zwemer, Chairman; Burt Post, Rein Vischer, John D. Kelly and Dr. James Cook.

This group represents the Lions Club of Holland. Back row left to right:—Lloyd Reed, Everett Spaulding, Geo. Damson, Herb Dyke, Roland

Shackson, Stoddard Hamilton Jr., Elmer Scheepers, Marvin Lambers, Ernest Post, Burt Post, Bernard Arendshorst, Carl Harrington, Harold Vander Bie, Russell Rutgers, Dr. James Cook, Russell Barnard, Middle row:—Rein Vischer, Wal-ly Stoltz, Bernard De Pree, Pete Elzinga, John Kelly, Henry Ter Haar, Russell Vander Pool, Gerald Bolhuis, Vernon Klomprens, Delbert Vaupell, Harold De Fouw, Harry Wiesamp, Dr. Harold De Vries, Neil Wiersma, Ed Van Dyke, Russell Haight, Bruce Graham, Neil Houtman, Paul Felker.

Front row:—Bill Nies, Pres., Fred Ten Cate, Don Zwemer, chairman blind committee.

Other members unable to be present when picture was taken are:—Jerry Houting, Wm. Bos, Wm. Connelly, John Eaton, Ray Lamb, Charles Sligh Jr., Raymond L. Smith, Rev. Wm. Van't Hoff, Dr. T. Van Haisma, Duffell Wade, James Warner, Cecil White, P. Vickair.

LIONS CLUB TO SPONSOR "MOVIE QUEEN" FOR BENEFIT OF THE BLIND

The Holland Lions Club is going to sponsor the production of "Movie Queen," a four-act musical comedy on October 21 and 22 in the Masonic Temple auditorium for the benefit of the blind. Three acts of "Movie Queen" are on the stage and the fourth act is in the movies. The stage show includes a style show and dancing choruses—the cast comprising over sixty local people.

In connection with the fourth act, a real moving picture will be made in Holland and thousands will be featured in the movies. Rehearsals will be held every evening in the Masonic Temple at 4 p. m. and 7:30 p. m. beginning Thursday afternoon. The dancing choruses will be in charge of the Rainbow Girls. The direction of the stage show, dancing choruses and movie is in charge of Miss Margaret Showalter, representative of the Amateur Theatre Guild of Boston, Mass.

The feminine lead and title role, that of the movie queen, will not be announced until next Tuesday. At this time she will be brought in, supposedly from Hollywood, and will be honored by a parade in her honor. A group of the Lions Club will form a welcoming committee. The mayor will present the key to the city and a bouquet of flowers, after which she will ride at the head of the parade. The parade will include bands and entries from the various business houses. Entry will be absolutely free and everyone is welcome. Moving pictures will be taken of the entire celebration and shown in "Movie Queen." The parade is a promotional project for the business men and is designed to bring extra business to town that day. Details have not yet been decided. The exact time and line of march will be announced later.

message to society and a deterrent of religion. The sinister figures, hooded and crouching, have the aspect of characters in a well-known play of yesteryear, "Black Crook." The Women's Adult Bible class of that church were marchers with the float.

Following came the Central Park Reformed Church float, with a cross of white, upon which was inscribed a crown of thorns. Gazing at the cross was a beautiful young lady in white, with a white Bible in her hand. The inscription on the float was, "Peace on Earth."

Bethel Reformed Church had for its float a beacon of light, a safeguard against the rock of sin and dangerous shoals that infest the troubled waters. The float was embellished with a rough wave effect and a pier, upon which the light was standing. The harbor complex was well-defined in this float.

The sixth division was led by four trumpeters, of all nations, dressed in the garb of the Chinese, Russians, Turks and Arabians, undoubtedly representing the missionary field. Following was the impressive float of the Third Reformed Church. The float contained a large cross, to which a young lady was clinging, a reproduction of the beautiful painting, "Rock of Ages." A large globe of the world with continents well-defined, occupied the rear of the float. The theme was "Christ is the only Hope of the World." "Go into all the World and Preach the Gospel."

Sixth Reformed Church had rep-

lica made, first of the humble beginning from 1898 to 1916 when they worshipped in Town Hall, and from 1916 to 1919 when they worshipped on the present site in a sectional church, and the present church, 1920 to 1937. It surely showed the trend of progress from a modest beginning. The theme was "The Eastern Light of Holland."

The Fourth Reformed Church, the last float, showed a shepherd herding his sheep, and they were real sheep too. Because of its uniqueness, the float caused considerable comment. The motto on the float was, "He Loveth His Sheep."

This, in substance, gives an idea of what the parade contained. These floats were distributed throughout the parade in different divisions. Many marchers with American and Service flags, together with the bands, participated in the parade, and at intervals sang "Onward, Christian Soldiers." It was a pageant not soon to be forgotten.

The course taken by the marchers follows: From Tenth and College north to Eighth Street, west on Eighth to River Avenue, south on River Avenue to Thirteenth Street, east on Thirteenth Street to Central Avenue, north on Central Avenue to Tenth, west on Tenth to River Avenue.

CHEST CLINIC NEXT TUESDAY

The monthly free chest clinic will be held on Tuesday, October 12, from 1 to 4 o'clock in the old hospital annex on 12th street and Central Ave. Dr. J. H. Bartlett of Muskegon and Miss Alma Koertge, local city nurse, will be in charge. Children should be accompanied by their parents or guardians.

BODY OF MAN IS FOUND IN RIVER BY COAST GUARD

The body of J. M. Love, colored, of Muskegon, was found in Grand River by the Grand Haven coast guard crew in command of Fred Wendel, Jr., formerly of Holland, after they had been notified by the state police that a report had come to them that a body was floating in the river opposite the Sag.

The man disappeared a week ago last Saturday. As a coat, hat and shoes were found near the Grand Trunk bridge it was believed that he had disappeared in the river. Search was begun by the coast guard crew. The men dragged for three days with no results.

Love appeared here Saturday, Sept. 25, asking for protection by the city police. He said a Muskegon man was out to get him. Later in the evening the police were called to Mulder's Fulton street drug store, where the peculiar actions of the negro excited suspicion. He was asked by the police to return to his home in Muskegon and they accompanied him as far as the city limits. Later the state police were notified clothes were found by Arthur Huls on the bridge.

GRAND HAVEN MAN FALLS DEAD

John Maziak, a resident in Grand Haven, about 40 or 45 years old, dropped dead about 2 p. m. at Penoyer avenue and Friant streets while on his way to visit some friends in that section of the city. He was found by Miss Florence Dykhuis, city nurse who happened to be in that section.

Coroner W. B. Bloemendal was called and rendered a verdict of death from heart trouble.

Mrs. J. C. Gregersen returned Friday from Douglas hospital where she was taken the Sunday previous for rest and treatment. Although improved, she will be confined to her bed some time. Her son, Everett, was also real sick the fore part of the week, but is improving.

Sunday School Meet Gets Off To A Good Start

FIRST GATHERING OF OTTAWA COUNTY SUNDAY SCHOOL ASSOCIATION TAKES CAPACITY OF HOPE CHAPEL

Services at beautiful Hope Memorial Chapel last Tuesday evening, as part of the program observing the Golden Anniversary of the Ottawa County Council of Christian Education, were opened by a half-hour concert by the Melody Men from Zeeland, under the capable direction of Mr. John Vander Sluis.

The meeting was delayed a little more than a half hour, because of the Youth Banquet at the Armory, many of those in attendance there, also desiring to attend the Chapel services in full. While the audience sang "Onward, Christian Soldiers," the delegates to the Young People's Banquet filed in, and took seats on the platform and in reserved seats just below the rostrum. It was an impressive sight. Altogether, some 1200 people attended the evening meeting.

General theme for devotions was announced as "Rebuilding Our Altars." The Rev. John R. Mulder of the faculty of Western Theological Seminary, read selected passages from Scripture, and spoke briefly on the subject, "Altar of Consecration."

"It is impossible to keep our spiritual lives vital and alert, unless we develop for ourselves contacts with the Spiritual world. We cannot live on our fathers' faith. The God of our fathers must become real to us. To that we are being called. In most homes of our fathers, there was a family altar, around which the family gathered at some time during the day. In the homes of the children of our fathers, there must also be an altar. As we rather around it, we see, with our fathers, the vision of our possibilities. When the Lord calls, it is for us to say—Here am I, Lord. Send me." Dr. Mulder concluded with a fervent prayer.

Greetings from the Michigan State Council of Churches and Christian Education were then received. Mr. R. Stanley Kendig, its representative, was introduced by George Schulling, president of the Ottawa County Association. Mr. Kendig laid before the audience the plight of many families in Michigan today. In a recent poll in one of the leading cities in central Michigan it was shown that 50% of the people in that city were not identified with any religious institution. Much the same holds true for another city in the southwestern part of the state. In the northeastern part of the southern peninsula only 40% have identification with a religious institution. In the upper Peninsula hardly 25% are thus affiliated.

In place of Prof. Clarence De Graaf, who was unable to attend because of the recent death of his father in Grand Rapids, Prof. E. E. Winter, head of Hope College education department, responded to Mr. Kendig's speech.

Several announcements were made, after which Prof. Kenneth Osborne and Mr. Clarence Dykema played a delightful organ and piano duet, "Jesus, Lover of My Soul." The Rev. M. Stephen James, D.D., pastor of the second oldest Reformed Church in America, the First Reformed Church of Albany, New York, rendered the main address of the evening entitled, "Christ's Challenge—Follow Me." Dr. James spoke at a Hope College baccalaureate service a year ago last spring. "Never would we have a New Testament, if the syllables, 'Follow Me,' hadn't rung out. They compose the note of the whole Book. Unless this word rings out with unrelenting imperativeness, the Church will not long exist. This is a word of validity even in the modern day—a message to the deepest corridors of our souls.

"We often hear of a 'glowing church,' but which way are they going—near the heart of Christ? 'My sheen know My voice' awakened an echo in our souls."

Summarizing the meaning of the Christian experience in conjunction with his topic, the speaker asserted that a sense of discipleship and subordination was one of the prime requisites. Greater devotion is required. The distinctiveness of the Christian religion must be recognized. Christianity gives a sense of direction in these days of turmoil. It gives us a sense of destiny—both for the here and the hereafter. "Suffer little children, and forbid them not to come unto me, for of such is the Kingdom of Heaven," after all, is His promise.

Rev. Paul E. Hinkamp, Hope College pastor, pronounced the pillow text and the concluding prayer.

An amplifying system was used in the chapel services, and the entire program was distinctly heard. Ushers were representatives from various churches in the Council. The beautiful gladioli and ferns, which decorated the platform, were gifts "in loving memory of a father and mother"—Mr. and Mrs. J. J. Bolt, given by Angie and Theodore Bolt of Grand Haven.

FUTURE FARMERS PLANNING FRUIT AND FLOWER SHOW
Thursday, Friday and Saturday, October 21, 22 and 23, are the dates set for Pennville's annual fruit and flower show. This is sponsored by the Future Farmers of America and will be held in the auditorium.

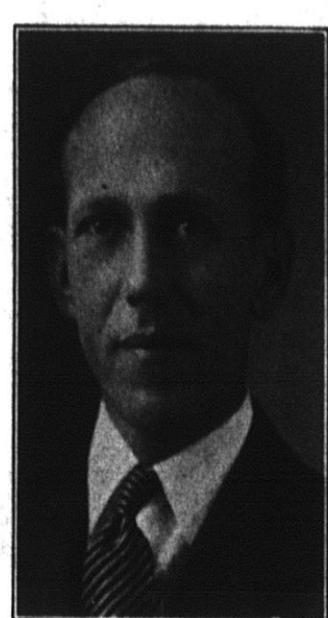

George Berdan, high school instructor in agriculture, says the plans promise as successful a show as has been held here for a number of years under the direction of Keith Landsburg and Earl Bjornseth, former instructors in that branch.

Mrs. J. E. Ruscher entertained last Thursday evening at her home on 18th st. with a farewell dinner party and shower in honor of Miss Dean Ann Van Harm of Baldwin st., Grand Rapids, whose marriage to Jacob Hopper of Chicago will take place in October.

Light House A Feature At S. S. Banquet

BANQUET OF YOUNG FOLK PRESENTS SOME VERY IMPRESSIVE MOMENTS

Approximately four hundred and fifty young people of Ottawa County attended the Youth Banquet, staged by the Ottawa County Council of Christian Education at the Holland Armory Tuesday, October 5, at 5:45 p. m. The occasion marked the fiftieth anniversary of the Council, and the theme for the evening was "Horizon." A large paper sun with rays of yellow-orange crepe paper radiating from it, and yellow lights playing on it, completely covered the back wall of the Armory. A huge, white lighthouse, standing off to the left of the speakers' table, added much to the effectiveness of the scene.

An elaborate dinner, featuring creamed chicken, was served to all present by the Ladies' Society of the First Methodist Church. The Grand Haven high school band attended the dinner in a body, tickets having been purchased for the complete band by interested townspeople of our neighboring city.

Banquet programs were printed on robin egg blue paper, and were embellished with a gold star, from which flowed two white crepe streamers. Officers of the Council, as listed on the program, were George Schulling, president; Luella Nykerk, banquet chairman; Irene Plakke, program chairman; Cornelia Van Voorst in charge of menu and decorations; and Henry Derksen, ticket chairman.

The program opened with the playing of the Processional by John Swearingen on the piano. Miss Luella Nykerk presided at the meeting, and introduced Mr. Heath Goodwin, who said prayer. Following the repast, a "Song Sing" was conducted by Garry Reterink, who demonstrated well his capacity as song leader by means of the greater number of variations in his song scheme. Julia Poelakker accompanied the group singing on the piano.

Toastmaster Bernard Arendshorst next introduced a delegate from each of the county centers represented. Each delegate responded with a brief talk, conveying the greetings from his division. Mr. Claude Van Coevering was the Grand Haven speaker, and Mr. Donald Van Liere was the speaker from the "Chick City"—Zeeland, while Miss Garrietta Tigelaar responded for the Hudsonville delegation. Mr. Herman Luben of Coopersville, and Mr. Paul Holleman of Holland, were the other two speakers.

Two cornet selections were played by Mr. John Swearingen—"The Holy City" and "The Old Ragged Cross." Miss Poelakker accompanied at the piano.

The business session was presided over by Miss Luella Nykerk. The motion was made and passed almost unanimously that the convention delegates assembled should organize and send a member to meet with the Teachers' Organization of Ottawa County. Miss Luella Nykerk was unanimously awarded the position as this year's representative.

The main speaker of the evening was the Rev. Dr. R. B. Drukker, now of New York City. Dr. Drukker was Prayer Week speaker at Hope College three years ago. He has just completed a trip of 11,000 miles in the interests of carrying on the educational part of the program of the Reformed Church. His companion was Dr. Frederick Zimmerman, who will lead this year's Week of Prayer at Hope College. Altogether, Dr. Drukker spoke to some 20,000 people on his tour, and his speech at Tuesday's banquet was his fifty-eighth since the 1st of September.

Dr. Drukker chose as the guiding verses from Scripture, the closing verses of Luke 9. He summarized first examples of negative Christian disciples. "A mere enthusiast," he stated, "is not a disciple of Christ. In Christianity there is a severity involved which knows no end. There is no room for a spiritual 'Charley-horse' in Christianity."

"There is no room for a coward in Christianity. Christian discipleship is the dedication of a great affection. A consecrated concentration is what is wanted today to establish the Kingdom of God on earth."

The speaker pointed out that today there are several calls to save the Sabbath Day. The first call is to surrender ourselves, to show "liberality, vitality, and deep spirituality. In this connection, there are three levels of life. The first is the minimum level. We stay out of jail for instance. The second is the level of mediocrity—we tend to our business duties. The third level is the maximum level—the place God means for us to occupy, and for which He has redeemed us."

The third demand of the Kingdom is willingness to share strength and service, and the fourth point, willingness to use the technique of the cross. The fifth requirement is willingness to share one's witness for Christ. "The ministry of the Church School in your town and your Church," the speaker said in conclusion, "must go out into the world, so that the world may become the Kingdom of the Son of His Love, and our love too."

While all the lights were dimmed, and only the flickering lighthouse light sent forth its timed flare, Miss Poelakker played, "Let the Lower Lights Be Burning," and Garry Reterink, responded with a vocal solo. It was an impressive moment at this gathering of young people. After the Missal benediction had been pronounced by the group, the convention members marched in a body to Hope Memorial Chapel to attend the services there.

Mr. and Mrs. Wm. De Vries are the proud parents of a daughter born Sept. 25.

WHAT KIND of a WIFE ARE YOU?

Hers is a life of quickly completed work. Her domain a cool, clean kitchen. Her servant... electricity. Her looks belie her years. There is no kitchen drudgery to mar her freshness. Plenty of leisure gives her the chance to live a pleasant life. Her vitality undulled by fatigue, she is always 'tops' with friends and family.

Hers is a life of unnecessary toil. Her domain a hot, stuffy kitchen. Her master... an outmoded kitchen range. Fast fading, there is little to remind one of her attractive youth. The end of the day finds her bedraggled, sagging with fatigue. She must, before too late, free herself from kitchen drudgery. It is for her that electric cooking can work its greatest miracle.

GET RID of that WILTED "KITCHEN LOOK" DO YOUR COOKING ELECTRICALLY

Smart housewives, with no intention of getting that wilted "kitchen look," have turned to electric cooking. They know that cooking without a burning flame is the way to keep their kitchen clean and cool—and to keep the air they breathe pure and fresh. They like this easier way of cooking. They

know that it gives them greater leisure—and that it makes the food tastier and healthier. Why don't you join their ranks? Electricity is cheap—and especially so when used to do your cooking. Give yourself this pleasure and economy—now!

The three-tenths mile of relocated pavement and a new bridge near Saugatuck will be open to traffic about the end of this month, John Wallen, official of the United States Re-employment service announced this week. Work on the project was discontinued for a few days this week because of a change in grading recommended by the state department, which calls for approximately two feet cut down in various places. The bridge, which spans the Kalamazoo river, parallel with the old bridge, has been completed and the project now awaits paving and bridge approaches. One of the biggest engineering problems will be several approaches to the bridge, which will be constructed in such a way that the surrounding property will not be disturbed and the present highway will be blind street for local use. The bridge now in use will be torn down. The paving job has been under construction during the past summer months and is designed to cut out the village of Saugatuck entirely, making through traffic because of no stoplights and local traffic.

Wm. Hamlin of Glenn sustained two fractured ribs and bruised knuckles when he fell against an automobile last week. The Fennville 4-H Jersey club winners at the county fair were Norris Northrup, who won first prize in the A class and the open class; Crosby Johnson, who won second in these two classes; and Raymond Gregerson, who won first prize in Achievement class.

SUNDAY SCHOOL LESSON

October 10, 1937

The Christian in God's Keeping:
Jude 1-4, 17-25

Henry Geerlings

Our lesson is from a short letter. The author of it was the brother of James, head of the church at Jerusalem, who was a brother of Jesus; but he does not identify himself as Jesus' brother. He wrote to Christians of the Jewish race and religious training to encourage obedience and usefulness in Christian living. Though an old letter now, it has a note of timeliness.

The exhortations, warning and advice are valuable for our times. There is as much need now as ever for Christians to learn how to avoid the errors and dangers that are quite common to all believers. It should be emphasized that in what we call the primitive age of the church there were the same dangers to Christian faith and life as we face now. The way prescribed against these dangers then is still the best way for us to take. Old warnings still apply.

Jude faced an emergency that induced him to write a letter, brief was to write a discourse on the matter of salvation. That had to wait for immediate needs must be met. These Christians were in danger of losing their grip on the body of Christian truth which they had been taught by the apostles. Against this they must be warned at once. Obligation was laid upon them to defend their belief, to promote it, and to support it. Through them the gospel was to be extended to others. This faith of theirs was to be held intact. The foes who had crept into their group, the church, were to be withstood. Such foes of the gospel are hardest to eradicate. They got so firmly fixed that many are too ready to heed them and follow them. It would be interesting and not difficult to present a modern picture in which would be made clear the necessity for defending and promoting the true gospel to the ends of the earth and also in the body of believers. There are errors in teaching at times that must be corrected.

Now Christians have ample instruction. They know the rules for Christian living. The folly of disobedience is often pointed out to them. They have far and sufficient warnings. Yet their attention must often be called to what they are neglecting. Jude had this in mind when he wrote. This led to his citing a striking contrast between what some were doing and what they were supposed to do. Mocking men who surrendered to lusts were pretending to be true Christians, though giving no credit to the Spirit for what they posed as being. Jude insisted that true Christians stand in contrast with such persons. Nevertheless when there were such unholy persons in the church they must be dealt with. Though opponents of the course of the gospel were not to be cast out, but to be led to a change of attitude and life. The Christian outlook was for a united body of believers, all of whom practiced obedience and were useful Christians. Pertinent deductions may be made with reference to conditions

as you know them in your church. Jude's conclusion was that all ascriptions of praise should be given to God in Christ, who is the sure guardian of believers. If they let him have his way, Jude commends all believers to God's care. All this is done because of the urge to safety which influences every sincere believer. After all, this lesson drives home to the individual his responsibility for fulfilling the requirements in the Golden Text, a responsibility that offers encouragement because of the mercy of Christ which makes possible the gift of eternal life.
