The program will open with group singing by the audience to be followed by the invocation given by John Veltkamp, president of the Board of Trustees.

Mary Ellen Wolters, a sophomore in the high school, will then sing Mendelssohn's "But the Lord is Mindful of His Own."

Harold Vander Bie, chairman of the construction committee, will then present the building and the keys. The acceptance and dedication will take place with Veltkamp and Supt. Bert P. Bos taking part. A cornet quart, composed of Herschel Kuipers and Gary Vander Ark, will follow.

Brief greetings will be given by Jacob Van't Hof, president of the National Union of Christian Schools, and John T. Hietbrink, president of the Holland Christian High School Alumni Association.

Words of appreciation from the students will be given by David Vander Ploeg, president of the student council. The Rev. Jacob T. Hoogstra, pastor of the Prospect Park Christian Reformed Church will offer the dedicatory prayer. The school will be open for inspection following the brief ceremonies.

Construction of the building, including equipment, cost approximately \$200,000, school officials reported. The two-story building is of brick construction and includes the latest in educational facilities and equipment. It includes seven standard sized classrooms, one smaller classroom. It has a study hall with a capacity of 100 and a large instrumental room which can later be converted into an art and mechanical drawing room if necessary. One of the features of the new building is the completely modern library with a capacity of 85 pupils, complete with an adjoining librarian's work room.

Council Meets In Special Session

City council will meet in special session at 5 p.m. today to consider the water supply problem in Holland.

Up for approval are contracts with the Rainey Water Methods Inc. and Dr. Frank Heck. The contracts call for exploratory work to determine water supply sources by soil resistivity tests and test drillings in three areas.

The points are along the shores of Lakes Michigan and Macatawa and near the site of the present city wells east of the city.

The contracts have been approved by the Board of Public Works but must be okayed by city council before tests begin.

The proposed drillings are in accord with preliminary reports and recommendations from Black and Veatch, a consulting engineer firm from Kansas City, City Manager Harold C. McClintock said.

The special session was called as city fathers feel the need for immediate action now rather than waiting until council's next session.

Migratory Bird Season Opened At Noon Today

Hundreds of Holland area migratory bird hunters today began blasting away as the minute hand moved past high noon, opening Michigan's 1953 hunting season.

Hunting, although good in some areas, was expected to be generally slow for the estimated 100,000 sportsmen in the field because of high temperatures, lack of wind and general dryness.

Best hunting and especially for ducks and ruffed grouse, is when temperatures are in the low 40's with winds of 20 to 25 miles an hour and it's slightly damp.

Elmer Boerman, conservation officer for this area, issued a reminder to sportsmen that daily closing hour on all migratory birds will be one-half hour before sunrise. Hunting will close tonight at 6:28 p.m. and open Friday and Saturday at 6:12 a.m. closing at 6:28 p.m.

As hunters fired their first shots at noon, it became legal to take ducks, geese, and jacksnipes throughout the state. It also marked the first jacksnipe season in Michigan in 12 years. The special season for the small birds, about the size of a robin, ends Oct. 15.

Conservation department game experts said sportsmen would find fewer ducks and partridge this fall than a year ago. Grouse populations, which run in cycles, were believed slightly down, too.

The pheasant season in the Lower Peninsula opens Oct. 20 while deer season opens Nov. 15.

Golfer Seriously Hurt When Struck By Runaway Car

Mrs. Josephine Antas, 28, of 196 River Ave., was in fair condition today in St. Mary's Hospital in Grand Rapids following a freak accident Wednesday afternoon in which she was struck by a runaway car while playing golf at American Legion Park east of Holland.

Mrs. Antas, in company with Mrs. Irene Beelen of 131 Lakewood Blvd., had just begun to play. Mrs. Antas was in the process of taking a second shot when golfers nearby screamed to warn of the runaway car. She had her back to the car and when she turned, she had time to take only one step to get out of the way. She was dragged for 74 feet after which the car went another 165 feet before halting just a few feet from the river. In all, the car traveled 531 feet from its parked position under the canopy at the west entrance of the clubhouse.

The golfer received compound fractures of the left arm and right leg, and a few fractures in the right hand and wrist. Both arms are in casts and the leg in traction. She is expected to remain in the hospital several weeks and it may be three weeks before she can undergo surgery on the leg.

The car, a 1940 model, had been parked under the canopy about 4:30 p.m. by Phil Cobb, 19, who lives at the clubhouse with his parents, Mr. and Mrs. Elton Cobb, who manage the club. Phil, who works on the golf course, said he was in the kitchen when he heard screams and saw some one rush in with the cry, "Call an ambulance."

Young Cobb told Chief Deputy Clayton Fory that he believed he had put the car into reverse or first gear when he parked it. About 25 minutes elapsed before the car started rolling down the broad clubhouse hill, the favorite spot of toboggan fans in the winter.

No one apparently saw the car as it first started to move slowly, but several golfers saw it later and tried to warn the two women. Playing in one party were State Rep. George Van Peurssem of Zeeland, Andrew G. Sall of Holland and John Boonstra of Zeeland. In another foursome were Nick Halvinga, Phil Ragains, David Mulder and David Jalving.

Mrs. Antas remained conscious throughout. She was first taken to Holland Hospital and then immediately sent to St. Mary's Hospital.

Cobb told officers he and Nelson Riemersma had just purchased the 1940 coupe and had not yet received the car title.

Mrs. Antas had recently sold the Mary Jane Restaurant in Holland and had been scheduled to start work today at First National Bank. Her husband died about a year ago.

Need Parking Lot At Riverview Park

After receiving many comments, favorable and unfavorable, about issuing 32 parking tickets at the football game last week, Police Chief Jacob Van Hoff reported today the crying need for better parking facilities in the vicinity of Riverview Park.

"I don't blame the ticketed people for being disgusted, but the people who found the sidewalks full of cars were disgusted too. The tickets were written after some pedestrians complained to officers in the vicinity," he said.

He pointed out that he has repeatedly in his annual reports recommended to city officials that the city establish a parking lot in the area in view of the great demand during Tulip Time and for sports events.

"Perhaps the people who have voiced their opposition or written cards and letters on the subject will band together and work for better parking facilities. We certainly can use them in that area," the chief said.

He said the 32 tickets were issued to drivers who had parked their cars over the sidewalks on Sixth St., just west of Columbia in the vicinity of Elzinga and Volkers, and Scott's, Inc. The drivers, following the example of the one arrived just before, parked their cars at a sharp angle, blocking most of the sidewalk.

"I don't blame them for being mad, but let's all see what can be done to remedy the situation," the chief said.

Newspaper Week Opens All Over Country Today

Today marks the opening of National Newspaper Week, and the Holland Evening Sentinel is inviting its readers and others interested to visit the plant during the coming week to see firsthand how news is received, edited and printed.

Actually, there is no great significance to week's "open house" since The Sentinel takes pride in inviting people to visit every day or any day that it is in operation.

National Newspaper Week Oct. 1 to 8 this year follows the theme, "Freedom of Information," and the slogan, "An Informed Press Means an Informed People."

President Eisenhower in sending his greetings to reporters, editors and publishers of the nation's newspapers, pointed out they are "custodians of a majestic trust, a solemn responsibility; to help arm our people with the knowledge and understanding without which free choice, free government, free men could not be."

National Newspaper Week is sponsored annually by Newspaper Association Managers, Inc. It is the 14th year that the week has been observed. Stan Smith of the American Newspaper Publishers Association in New York City is president this year.

Few people can visualize the scope of publishing a newspaper. Publishing a newspaper is big business whether it be in Podunk Hollow or New York City. The day of the bedroom print shop passed long ago and any newspaper regardless of its size represents as great an investment as almost any business in its town.

Hope Tug-of-War Slated Friday

Hope College freshmen and sophomores will renew a half-century old rivalry Friday when the strong men of each class compete in the annual Tug-of-War. The classic contest will take place at 4 p.m. at the old Black River site back of the C and O railroad yards east of the city.

William A. Kiskien of Tarrytown, N. Y., chairman of the event, announced that the contest, which has been a feature of Homecoming since 1928, has been advanced to the Oct. 2 date for two reasons. He said that, inasmuch as the event's purpose is to determine in finality which class is superior, it should be held during freshman hazing period. Secondly, the earlier date provides more comfort for the losers, who must wade the chest high river to meet their conquerors; it is assumed the water will be less chilly two weeks earlier in the season.

Both teams have been holding two practices a day with enthusiastic crews. Each man out for practice is eager for one of the 18 berths on his team's bank of the river.

The Tug-of-War has developed since its beginnings in the early 1900's in which two teams merely stood, lay or sat until one of them was dragged through the stream, to its present form. Now it's an organized sport in which team members are trained in digging, entrenchments with bare hands or sticks, anchor men are taught how and when to take up slack in the rope and pretty coeds on the "morale" team give constant attention to aching muscles and backs.

Coaches for the sophomore team are Jack Kalee, Grand Rapids, and Earl Laman, Muskegon, both seniors. John Mulder, Ridgewood, N. J., Don Bussies, Whiting, Ind., John De Pree, Zeeland, and Jerry Gieblink, Waupun, Wis., all juniors, are training the frosh.

Junior High Band Elects New Officers for Year

Gary Vandenberg was elected president of the Junior High School band at its last practice session. Other officers are Tom Bos, vice president; John Winter, secretary; Pat Hower, treasurer.

Appointive officers are Roxanne Rudolph, attendance secretary; Lynda Nyhoff, Mary Bosch, Carolyn Griep and Sharon Bird, librarians.

The Junior High band will appear at a Holland High football game in the near future and currently is assisting the senior band in its drive for new uniforms. The band is directed by Granville Cutler.

Zoning Administrator Resigns in Township

\$39,500 Figure Represents Drop From Last Year

The quota for Holland's Community Chest drive Oct. 19 to 24 will be \$39,500, a reduction of \$2,656 from last year's quota of \$42,156, it was announced Friday by Campaign Director Riemer Van Til.

The reduction was the result of careful screening of the many agencies included in the Chest, with slight cuts in most entries. The board of directors earlier had delayed setting the quota for a few weeks to give careful consideration to all requests.

Appointments also were announced Friday by Chairman Van Til and his co-chairman, Bernard P. Donnelly, Jr. Willis Welling will take charge of publicity and Dr. Wynand Koning is in charge of window displays.

The industrial solicitation will be conducted by Gerald Vande Vusse, assisted by Gordon Van Putten.

The business and professional solicitation will be directed by Jack Smith, assisted by Robert Wolbrink.

Mayor Harry Harrington will take charge of national gift solicitation which involves letters to businesses and corporations which maintain branches in Holland.

Dr. E. E. Brand of Hope College will serve as chairman for the schools and colleges division and Ray Reidema, clerk of the Board of Public Works, will solicit public employees.

Mrs. John H. Tiesenga, assisted by Mrs. Dale Shearer, will direct the individual gift solicitation in Holland city, involving appointment of some 200 women in the residential canvass.

The residential solicitation north and east of the city will be in charge of Gary Jalving, William Aldrich, Gordon De Vries and William G. Oonk. Residential solicitation for suburbs south and west of the city will be headed by Mrs. William J. De Haan, Mrs. Herbert T. Stanaway and Victor Van Fleet.

Ministerial contacts are in charge of the Rev. C. G. Reynen of Bethel Church.

Mrs. J. Vander Werf again will serve as Community Chest secretary at headquarters in the Chamber of Commerce building. All correspondence should be sent to the Community Chest office at 31 West Eighth St.

Attending a special meeting of the board of directors Thursday afternoon were Donald Crawford, president; Mrs. John Tiesenga, secretary; Russell Klaasen, treasurer; Riemer Van Til, general chairman; Bernard P. Donnelly, Jr., co-chairman; Willis Welling, publicity chairman, and Trustees Robert Kouw and Gary Jalving.

Spring Lake Youth Fined For Reckless Driving

Justice Husted has forfeited \$15 bonds of two East Lansing boys who were issued summons by city police last May 31 for being drunk and disorderly. Both failed to respond to the summons issued.

Hollback Ron Van Dyke (39) rolls off a long gain against Grand Rapids Union in Saturday's game at Riverview Park. Hail, Rainstorm Pelt 3,800 Fans At Riverview Park

Just two yards separated Holland High School's football team from its second victory of the season Saturday night in a game that was bogged down by a blinding second-half sleet and rainstorm.

The Dutch bowed to Grand Rapids Union 18-14 in the second game of the season at Riverview Park. With the score standing at 13-14, Holland had a golden opportunity to tie up the victory late in the fourth quarter. The Dutch took over on their own 47 after a Union punt rolled out of bounds at that point.

And Holland started to roll. The Dutch advanced it all the way down to the Redhawk five with the minutes ticking away. At that point Holland was penalized five yards to its 10 where it was third down. On the next play, Halfback Ron Van Dyke passed the soggy pigskin to his brother, Quarterback Bob Van Dyke, on the two where he was piled up. With 15 seconds to go in the game Holland had the ball on Union's 2, and it was third down.

On the last play, Bob Van Dyke pitched the ball to Ron who tried the weak side, but was smeared back to the five. The game ended on that heart-breaking note for some 3,500 eager fans who braved the torrents of rain and hailstones to see the two teams battle.

Thunder and lightning started late in the second quarter and by halftime hailstones had fallen and forced the bands to the sidelines. Then came blinding sheets of rain that drove many fans home and many others to the covered grandstand. A few covered up and stayed right on in the open stands on the south side of the field.

It rained intermittently throughout the last half and at one time officials stopped the game for about five minutes because of the hail.

Union didn't waste much time getting a lead. Holland's game-opening kickoff rolled out of bounds and the Hawks took over on their own 40. Ten plays—including a 35-yard left end run by Halfback Gordon Carlson—put the ball over. Quarterback Ray Heidenga sneaked it over from the six-inch line for the clincher. Carlson's kick was good and it was 7-0.

The game was three minutes and 15 seconds old.

Midway in the second quarter Holland started a drive on its own 47 after a short punt return by Ennis Gonzales. Bob Van Dyke on keeps, Ron Van Dyke and Erwin Ter Haar alternated to get the ball down to Union's 14. On the next play Bob Van Dyke lateraled out to Ron who skirted right end to score. Ron booted the point and the score was tied, 7-7.

The second half opened with puddles all over the field and especially in the middle section where it was one muddy mess.

Holland's red and white jerseys soon were almost obliterated by mud.

Midway through the third quarter the ball was on Union's 39 and it was third down and seven to go. Carlson took a handoff from Heidenga and broke through a gap at left tackle, cut to the north side and easily outraced the Holland secondary to score standing up. There was five minutes and 45 seconds gone in the quarter. Fullback Dick Green tried to run the point but was spilled and the score stood at 13-7.

Union's ensuing kickoff went out of bounds and Holland took over on its own 40. Ron and Bob Van Dyke started to roll goalward. Eleven plays later Ron crashed over left tackle from the three for another Holland score. Big play of the series was a pass from Bob to brother Ron who took it on his own 49 and ran all the way to the Union 11 where he was stopped by Green, the last man. Bob kept the ball on the next play and swept wide around right end for the point and Holland had a 14-13 lead.

Union came right back on a sustained drive and scored early in the final quarter. Carlson applied the clincher again on the same type of off-left-tackle play that he had scored on earlier. Al Shaeffer was spilled in an attempt to run

the point and that was all the scoring for the evening.

Holland played good, sound football and showed local fans that the Dutch are going to give a good account of themselves this season. Again Ron Van Dyke and brother Bob were the backfield sparks.

Holland plays Muskegon Heights Friday at Riverview Park.

Coach Carroll Norlin's Holland High Reserves stamped the Grand Rapids Union Reserves 44-0 in a football contest played at Riverview Park Saturday afternoon.

Holland rolled up 20 points in the first half. A 48-yard pass play from Bill Japenga to Tom Overbeek accounted for the initial Dutch TD the first time Holland had the ball.

Norm Witteveen took a handoff and went 29 yards for the second score and a Japenga to Overbeek pitch-out accounted for the third tally. A Japenga to Bob Van Wieren aerial covered eight yards for the next score and Japenga plunged over from the one-foot line for another. Paul Bouman intercepted a Union pass and raced 7 yards to make it 38-0 and a Bouman to Bill Kraai pass play accounted for the final touchdown.

Bill Buis, Dick Den Uyl and Bob Thompson were outstanding in the line while Tom Overbeek, Norman Witteveen, Bill Japenga and Tom Klomprens were the backfield standouts. Ray Arenas was good at linebacking and Jim Vander Poel did a good job on offense.

Norlin used his entire 28-man squad.

The Reserves play Muskegon Heights this Friday at 4 p.m. at Riverview.

Many Penalties Delay Contest; Runs Spectacular

Hope College's explosive backfield accounted for a crushing 25-0 defeat of Olivet in a penalty-marred MIAA football counter at Riverview Park Friday night.

But it's doubtful if the three spectacular touchdown runs and equally thrilling pass play for six points could take the sting out of the many game-delaying penalties. Hope was penalized a total of 186 yards believed to be a record for the local school—and Olivet was set back 65 yards. The game was delayed several times during the fourth quarter with red handkerchiefs on the ground.

However, the Dutch proved they have one of the most potent trio of backs seen at the local school in a number of years. Any one of three—Dave Kempker, John Adams or Frank Talarico—are capable of going all the way at any time. And they certainly proved that in Friday's game.

Hope's scores came on runs of 88, 55 and 15 yards and a 20-yard pass play to the end zone.

The first thrill of the game came just before the end of the first quarter when Talarico took a pitchout on the Hope 17 and raced 83 yards down the north sidelines to the end zone. However, officials detected clipping on the Hope 39 and the play was called back and the Dutch penalized 15 back to their own 24.

But the Dutch were dominating play throughout the second quarter and should have scored a couple of more times, but were thwarted by fumbles and mostly penalties at vital junctions.

Kempker provided the first crowd pleaser with five and a half minutes to go before the half.

After an exchange of punts Hope had the ball on its own 37. Two plays brought it up to the 45 and made the count third down and two to go. Kempker smashed off right tackle, cut, changed pace and sidestepped beautifully through the entire Olivet team to go all the way. A key block was thrown by Jim Van Hoeven on the last man that had a chance to get Kempker. Bud Prins' try for point was wide and it was 6-0 when the half ended.

The most spectacular play of the game came on the opening kickoff of the second half. Big Ken Carothers kicked off for the Comets and the ball was taken by Talarico on his own 12. He dropped it, picked it up and started up the middle. His blockers had cleared a wide path and the Herkimer, N. Y., flash was on his way. He cut toward the south sidelines and raced all the way for 88 yards. His cohort, Adams, threw a key block on Comet Guard William Jones on the Olivet 48 to clear the last man out of the way. Kempker's kick was wide and the score stood at 12-0. Just 23 seconds had elapsed in the third quarter.

Olivet started to move on some nifty pass plays and advanced all the way to the Hope 27. But a jump pass over the center by burlly Comet Fullback Charles Twitty backfired as Guard Herm Nienhuis, grabbed the ball and raced all the way to the Olivet 30 from the Hope 24. A penalty and a couple of running plays brought the ball to the Olivet 20. At this point Quarterback Harry Voss tried his first pass of the game and it was a dilly, coming down into the waiting arms of Adams who stepped over the goal for the third Hope touchdown. Kempker's kick was good and Hope was ahead 19-0 with six and a half minutes gone in the third quarter.

Coach Al Vanderbush substituted freely and the game bogged down into a stalemate with frequent penalties.

With four minutes to go in the last quarter, Vanderbush sent his regulars back into the fray and they really went to town. Hope took the ball on its own 10 after Olivet's scoring threat was stymied on fourth down. Seven plays later the ball rested on Olivet's 15 with the Dutch on the march again. Outstanding runs by Kempker and Adams put it there. With second and 10, Voss handed off to Talarico who went wide, cut back through the entire Olivet team and scored standing up. The kick was wide and the game ended a few moments later with the final score 25-0.

Olivet fielded a good defensive team that played some rugged football and the Comet backfield of Twitty, Rolland Wahl, Ed

Carothers (51) and Reid Silvers (35). The victory was Hope's first of the young season and counts toward MIAA standings.

Mrs. Harding Found Innocent

ALLEGAN (Special) — Circuit Judge Raymond L. Smith Friday gave a verdict of not guilty in the case of Mrs. Helen M. Harding who was charged with violation of the bottle club section of the state liquor law in connection with operations at Harding's Resort in Douglas.

Judge Smith ruled that Mrs. Harding operated a bona fide hotel and therefore was exempt from the so-called bottle club section of the law. The case was heard Monday and Tuesday without a jury.

Among the 14 witnesses called were Detective William Menzies of Paw Paw who participated in the raid which resulted in Mrs. Harding's arrest Aug. 8, and Allegan Sheriff Louis Johnson who testified he had requested the resignation of the Douglas police chief as a deputy sheriff because of the man's failure to act on complaints against activities at the resort.

The defense waived its right to trial by jury.

Two Cars Damaged

Two cars were damaged Saturday night in a collision near 113 River Ave. Involved was a car driven by Nelson Koning, 27, of 144 Vander Veen Ave. and a car owned by Violet Dekker, 24, of 97½ East Eighth St. Damage to the '49 model Koning car was estimated at \$300 and at \$250 to the Dekker '42 model car, police said.

Bryant, and Ed Spala gave a good account for the Comets. However, they just couldn't match the Dutch.

Outstanding defensive and offensive jobs were turned in by line men Don Vander Toll, Herm Nienhuis, Jim Van Hoeven and Prins for Hope. Kempker played a whale of a game backing up the Dutch line on defense. Everyone on the Hope 39-man squad saw action.

Hope now gets ready to host Carroll College at Riverview Park next Saturday night.

Fire Conveniently Staged For Crowds at Church

An overstuffed chair was considerably damaged in a fire at the Con Slager home at 325 Lincoln Ave. at 11 a.m. Sunday. Damage was confined to the chair and possibly minor smoke damage in the home which adjoins Slager's Home Market.

The alarm was given at a time when people attending Sixth Reformed Church were just taking a breather between church service and Sunday School. The fire was only a block or so away, and it quickly had a ready-made group of spectators.

The fire was of short duration, and most people returned to church in time for Sunday School.

The Slagers were not home at the time. The alarm was turned in by Mrs. Andrew Slager who lives in an apartment above the store.

Driver Fined, Jailed On Reckless Charge

GRAND HAVEN (Special) — Leonard C. Minix, 21, Grand Rapids, who was charged by State Police with reckless driving, after rolling over a car he was driving on US-116 in Crockery Township Thursday, was sentenced to pay \$75 fine, \$5.40 costs and serve five days in the county jail, by Justice Frederick J. Workman of Spring Lake. If the fine and costs are not paid he will be required to serve an additional 40 days.

It is reported the car was owned by a cousin, with whom he was living at 837 Scribner St., Grand Rapids, and that Minix was on his way to St. Louis to get some clothing, and took the car without permission of the owner. The 1947 model car was damaged to the extent of about \$800.

Grandstanding...

Its still a question whether the football game or the hail storm created the most excitement Saturday night at the Holland-Union football game.

Certainly the fighting goal line stand displayed by Holland High in almost stopping Union from scoring its last TD and then Union's tremendous stand in the closing minute of play gave the fans something to talk about.

In the former Holland High held Union to only two yards in three downs as the Redhawk gridders tried to crash through the stout Holland line. Finally on the fourth down they made it, but even then it was a matter of inches.

Union's stand on the one yard line with 15 seconds remaining in the contest is the kind that gives coaches gray hair and jumpy nerves.

With their backs to the wall and the ticking points just one yard out the Redhawk bottled up the middle so effectively Holland elected to go around the outside. But the right side of the Union line crashed through putting Van Dyke on the ground and Holland's hopes out the window.

The storm that finally hit the field just before the end of the first half bore no relation whatsoever to the "lighter showers" predicted by the weather bureau.

Preceded by a half-hour electric storm, the rains and hail came rather suddenly, sending fans in the bleachers scurrying for cover. In five minutes the grandstand was so full it was impossible to walk in the aisles.

Fortunately the half ended shortly after the storm hit, and the players could sit out part of it. But when they returned to the field there was about 10 minutes when all they could do was huddle in a group for protection.

Holland line coach Ned Stuitts was so soaked that he gave up trying to keep dry and took off his shoes. He said walking around in stocking feet was no colder than keeping his shoes on and his feet wouldn't shrink.

For a time the local mentor also wore a football helmet. "You needed it with the size of some of that hail," he said afterward.

Union Coach Milo Sukop was rather quiet when interviewed in the dressing rooms following the game. "We almost lost that one," the ex-university of Michigan ace guard said.

What was he thinking about in those last few minutes of the game? "A possible repeat performance of last week's 7-6 loss to Muskegon Heights." "One point ball games are hard to lose," Sukop said.

Union was playing without the services of two of its starting backfield men, Co-captain Gerald Takas has missed both opening games this season because of a broken bone in his wrist. The speedy halfback is expected to be back in action in this week's contest.

Halfback John Johnson was also unable to make the game because of his mother's illness.

Sukop is taking no chances on the quality of the 1953 Union football squad. He's already preparing a secret weapon. It's his young son who travels with the

squad and attends most of the workouts. The young lad has a uniform, complete with pads and all the trimmings.

Union End Donald Van Setters was taken to Holland Hospital following the game for treatment of a laceration above his left eye. The Union team physician accompanied him and said a few stitches would fix him up like new.

About the only comment Holland Coach Dale Shearer could make afterward was, "We just did not have it when we needed it."

It was obviously a big disappointment to come so close and then miss winning, but as must be done in this business Shearer pointed to the schedule on the wall and said, "Now we have to get to work for Muskegon Heights."

New Tax Goes on Used Auto Sales By Non-Dealers

If you're planning to buy a used car after Oct. 2 from anyone who is not a licensed dealer, you will have to pay a three per cent use tax figured at three per cent of the amount you pay for the car. It's a new law passed by the 1953 state legislature.

However, if you buy a used car after Oct. 2 from a dealer, you will pay the usual three per cent sales tax as in the past.

Al Dyk, manager of the local Secretary of State's license bureau, said both taxes are collected by him at the time transfer of title is applied for. He reminds all persons contemplating purchase of a used car from anyone who is not a dealer, that the use tax is new and under the law transfer of title and license plate cannot be made until the tax is paid.

The only exemptions from the new use tax are:

1. Gifts that may prove as bona fide.
2. Gifts to a beneficiary in the administration of an estate.
3. On titles issued to a license holder upon repossession of an automobile.

4. Sales by a public official in the administration of law.

Automobiles involved in a trade when no actual money is exchanged are sales under the new law and the three per cent use tax must be paid on each automobile involved in a trade. The tax in such cases is based on the fair cash value and persons acquiring an automobile in this manner who do not know the fair cash value should ask a licensed automobile dealer.

County Budget Being Studied

GRAND HAVEN (Special) — The Ways and Means Committee of the Ottawa County Board of Supervisors met Tuesday afternoon to make a complete study of the county budget for 1954, which is to be presented to the board at its October session, which opens at 1:30 p.m. Oct. 12.

The committee also went over certain recommendations made by the Municipal Personnel Service of Ann Arbor in regard to classification. Each employee still has time to protest his classification, to the service before the end of the week. After the first classification was presented to the department heads, some changes were made as some of the county officers felt the employees in their department were under-classified.

Members of the Ways and Means Committee are C. Slaught, chairman, Gerrit Bottema of Spring Lake, Mayor Claude Ver Duin of Grand Haven, who was appointed to succeed the late Dick Smallegan of Jamestown, John Ter Avest of Polkton and James E. Townsend of Holland. The county officers committee consists of Maynard Mohr of Zeeland Township, chairman, Albert Stegenga of Olive Township and Mayor Ver Duin.

FIFTEEN HOLLAND TOWNSHIP FIREMEN battled for more than two hours Tuesday as they sought to contain a blaze that swept through two new summer cottages at Port Sheldon. B. H. Anderson, 46, of Grand Rapids was badly burned when he returned to his blazing cottage to rescue the family dog, which later died. His wife, and Mr. and Mrs. J. E. Fehsenfeld, escaped without injury. The two couples occupied neighboring cottages when fire, of undetermined origin, broke out in the Anderson cottage. Aided by strong winds, the fire soon consumed both cottages owned by Fred De Vries of Grand Rapids. At 3 a.m., when the above picture was taken, firemen were still pouring gallons of water on the smoldering ruins. (Sentinel photo)

Grand Rapids Resident Burned in Cottage Fire

A Grand Rapids man was badly burned when he attempted to rescue his dog from a blazing cottage that was completely destroyed along with another one at Port Sheldon early Tuesday.

B. H. Anderson, 46, of Grand Rapids, was treated for first, second and third degree facial burns and burns to both hands at Holland Hospital and later removed by ambulance to Blodgett Hospital in Grand Rapids.

His wife, and Mr. and Mrs. J. E. Fehsenfeld of Indianapolis, Ind., the latter two occupants of the second cottage, escaped without injury.

Anderson received the severe burns when he ran back into the flaming cottage to bring out his Scotty dog. The dog later died.

According to reports, the two couples were asleep when the blaze started about 1:30 a.m. in the cottage occupied by the Andersons. The two men attempted to put out the fire with a garden hose, but the fire, aided by strong winds soon swept out of control.

The two cottages, both constructed within the last two years, were located on the north side of Pigeon River just to the left of the wooden bridge.

Walter Pezet, also of Grand Rapids, said he was awakened by a woman's screams around 1:40 a.m. He looked out the window of his cottage, located just across the bridge on the south bank, and saw the cottages ablaze.

"It looked like the entire Point was going up," Pezet said. He sprinted several hundred yards through wet sand to the nearest telephone and asked the operator to call the fire department.

Twelve volunteer firemen from Holland Township No. 1 and three from station No. 2 responded. Fire Chief John Vandenburg said when they arrived on the scene the two cottages were completely ablaze as well as trees and shrubs on the hillside.

All the firemen could do was prevent the blaze from jumping to the Gerald Moore cottage, atop the hill, and one to the right of the fire, he said.

Fehsenfeld said he had no idea how the fire started. When he awoke flames had already broken

through the walls of the Anderson cottage. He said he and his wife lost all their personal belongings. They were unable to save anything as they ran from the fire in their pajamas.

Fehsenfeld later returned from the hospital and gathered up his fishing tackle which had been left on a dock in front of the cottage. As he stood shoeless on the windswept dock in his pajamas, he pulled in a line he had set earlier in the evening.

At the end was a three-inch fish. Fehsenfeld shrugged his shoulders and said, "Looks like all I'm going to catch now is a cold. Well, at least I have my fishing equipment."

Mr. and Mrs. Pezet provided firemen with hot coffee and doughnuts as the men continued to pour gallons of water on the still smoldering ruins and trees more than two hours after the fire first started.

The firemen were forced to lay more than 500 feet of hose to reach the blaze. The two trucks were parked on the south side of the bridge as firemen feared the weight of the vehicles would crack the bridge. Powerful emergency lights aboard the firetrucks were used to light up the area.

Upon arrival at the blaze, firemen were forced to cut down several high tension wires that had been burned through dropping on a car owned by the Andersons. The late model car was also damaged by the fire.

The cottages were owned by Fred De Vries of Grand Rapids. Fire Chief Vandenburg placed the loss at between \$15,000 to \$18,000 to both buildings and contents.

Two cars were damaged when they collided at the intersection of North River and Douglas Ave. early Wednesday night.

Damage to the Van Wieren '47 model car was estimated at \$100 and at \$75 to the Fonger '48 model car, police said. Fonger was issued a ticket for going through a red light, Ottawa County Deputy Nelson Lucas investigated.

THE MAP OF MICHIGAN

The Michigan Historical Society has put upon the market a new "historical map" of this state. This notice of the project is not an advertisement, but a notice of a non-profit project, the funds derived from it going to the collection of further information about Michigan. Since we can never have too much information about the state we call home, the project is in line with charitable activities.

The new map is a lithographed four-color affair, and it will doubtless have considerable appeal for all persons interested in Michigan history. It represents three years' work by a group of specialists on Michigan's history and institutions, and it is meant to contain at a glance many of the facts that would be found in a history of Michigan.

Pictorial notes are lettered on the map near the scenes where important historical events took place. Since space is necessarily limited on any map, only the more important events can be noted. The map can in no sense be considered a substitute for a well written history of the state, but as a kind of illustration of such a history it can be of considerable value.

Pictorial maps have been more common in the field of literature than in that of history, probably because there is too much history for the space available. Maps of America indicating where important writers were born have become standard equipment in many schools and libraries. Their appeal to the eye is great enough to justify their inevitable slightness of detail.

As another aid to the dissemination of knowledge of the history of Michigan the new map will serve its purpose, especially in libraries and schools. It is notorious that the average citizen of Michigan knows far less about the history of this state than he should know. Newspapers (the Sentinel among them) from time to time publish pictorial representations of what our state contains and what it has done, but such projects usually cannot hope to compete with comic strips for public attention. The schools are beginning to give a little more attention to the history of their own state, but such courses only scratch the surface. The Michigan Historical Society, as do its local branches, works hard to keep up interest in the history of the state, but it reaches only a limited audience.

The new "historical map" will not fill the gap that is left, but it may be expected to help at least a little.

God's Design for a Better World

Isaiah 42:5-15; Revelation 21:1-5

By Henry Geerlings

The prophets of the old dispensation represented the most advanced spiritual vision. At their best they knew that the mission of the chosen people in the world was not merely to identify themselves as the elect of God, but to become a channel through which heavenly influences might be conducted to all nations and families of the human race in the interests of a new world.

It is fashionable in our age for scholarship to speak of a better world which is a legitimate aim for the church, but our understanding will be more Scriptural if we are realistic enough to recognize that evil men and seducers will wax worse and worse, deceiving and being deceived, if we recognize that the better world is to be the kingdom of Christ made up of regenerate people gathered out of all nations. How the final climax is to be brought about may be a problem on which Biblical interpreters are not agreed. But the kingdom is coming.

The messages and conversations of Jesus were spoken either in the Greek vernacular or in the colloquial Hebrew of His day. A record of these was kept by the New Testament writers and rendered first in Greek; hence they were all translations from the beginning, unless we make an exception of Matthew and the spistle to the Hebrews.

A few scholars believe that Matthew may have written the first gospel in Hebrew although the original copy was not preserved, and some believe that Paul wrote the epistle to the Hebrews in the Hebrew of that day and that it was translated by Clement of Rome, or some one else. This will account for the fact that Matthew more often refers to Christ's kingdom as the kingdom of heaven, whereas Mark and some of the others as the kingdom of God.

The kingdom of heaven might be conceived as having boundaries, but the kingdom of God is bound to be universal as it comes. This is probably why Mark used the expression in writing his biography of Christ to read by the Romans. Jesus taught us to pray that God's kingdom might come, and the petition is followed by what is seemingly a detail of that kingdom; thy will be done in earth as it is in heaven. The believer must therefore nail this standard to his masthead and contend for it. The how and when may not be entirely clear to all of us, but if our faith is Scriptural we feel within, the constant thrill of hope that there will be a reign of righteousness; that good will be stronger than evil.

One cannot read, with understanding, very far in the Bible—whether in the Old Testament or the New Testament—without the realization that God's plan for the world finds its glorious consummation in the mission of His Son. The nature of His mission is obviously that of redemption. Jesus Himself defined His mission when, following the imprisonment of John He came into Galilee preaching the gospel of the kingdom of God and saying that the kingdom of God is at hand; to repent and believe the gospel.

Two words found in His definite statement summarize the meaning of His mission for the world. They are repentance and faith. Prior to the birth of the Messiah, the angel had said unto Joseph that His name was Jesus for He shall save His people from their sins.

The scope of the mission of Christ as the prophet Isaiah foretold it is to open the blind eyes, to bring out the prisoners from the prison. All of the resources of the omnipotent God are forever at the command of His Son. A picture of the divine program was given John on Patmos from the fall of man to the time of the restitution of all things. If we study the various versions and figures with this in view we shall find that the panorama was repeated several times changing the details in the interest of instructing the church.

Hence that great book presents more than one climax. We may say that the one in the opening of the 21st chapter is next to the last symbol in picture; the last being in the opening of the 22nd chapter. The eloquent words tell us that sin and sorrow and suffering are destined to become history. There is a similar climax in the 7th chapter. It may be that one meaning of the reference of the Holy City coming down from God out of heaven, should consist in revival through which there shall be prepared a great number of new citizens for that holy city.

One Owner Says 750 Glass Panes Broken in Storm

Spectators at Game
See Blinding Rain
And Large Hailstones

A severe wind and rain storm, accompanied by hailstones ranging in size from moth balls to golf balls, swept Holland Saturday night but in spite of the fury of the storm the damage was considerably less than could normally be expected.

The largest number of spectators for Nature's great spectacle were at Riverview Park where more than half of the 3,800 game spectators were protected in the big covered stands on the north end of the field. And it was here that Nature staged its greatest show, first sweeping the broad field with lashing rainstorms and then sending hailstones, the size of which challenged the imagination of most persons present.

Radio announcers were hard put to describe the storm, and to many listeners in more protected areas of the city the reports sounded wild and exaggerated. One spectator was knocked out by a large hailstone. He recovered in a short time.

Greatest damage in this area was done to greenhouses, and even here Nature was tricky in choosing the path of the storm, hitting some with destructive fury, and completely by-passing others.

Greatest damage was at the Simon Harkema farm just south of Jenison Park on the Castle Park road where 700 to 800 windows were knocked out in the storm. The hailstones piled up in crevices and even this morning there were traces of ice. The Harkemas carried no insurance for such damage since such rates run particularly high. Flowers were being raised in the greenhouses.

A total of 585 windows were broken in two greenhouses at Marigold lodge at Waukazoo. A third greenhouse had recently been sold to Dick Zwip who fortunately had just completed removing the glass from the structure.

Zwip was particularly lucky. The storm completely by-passed his greenhouses at 26th St. and Washington Ave.

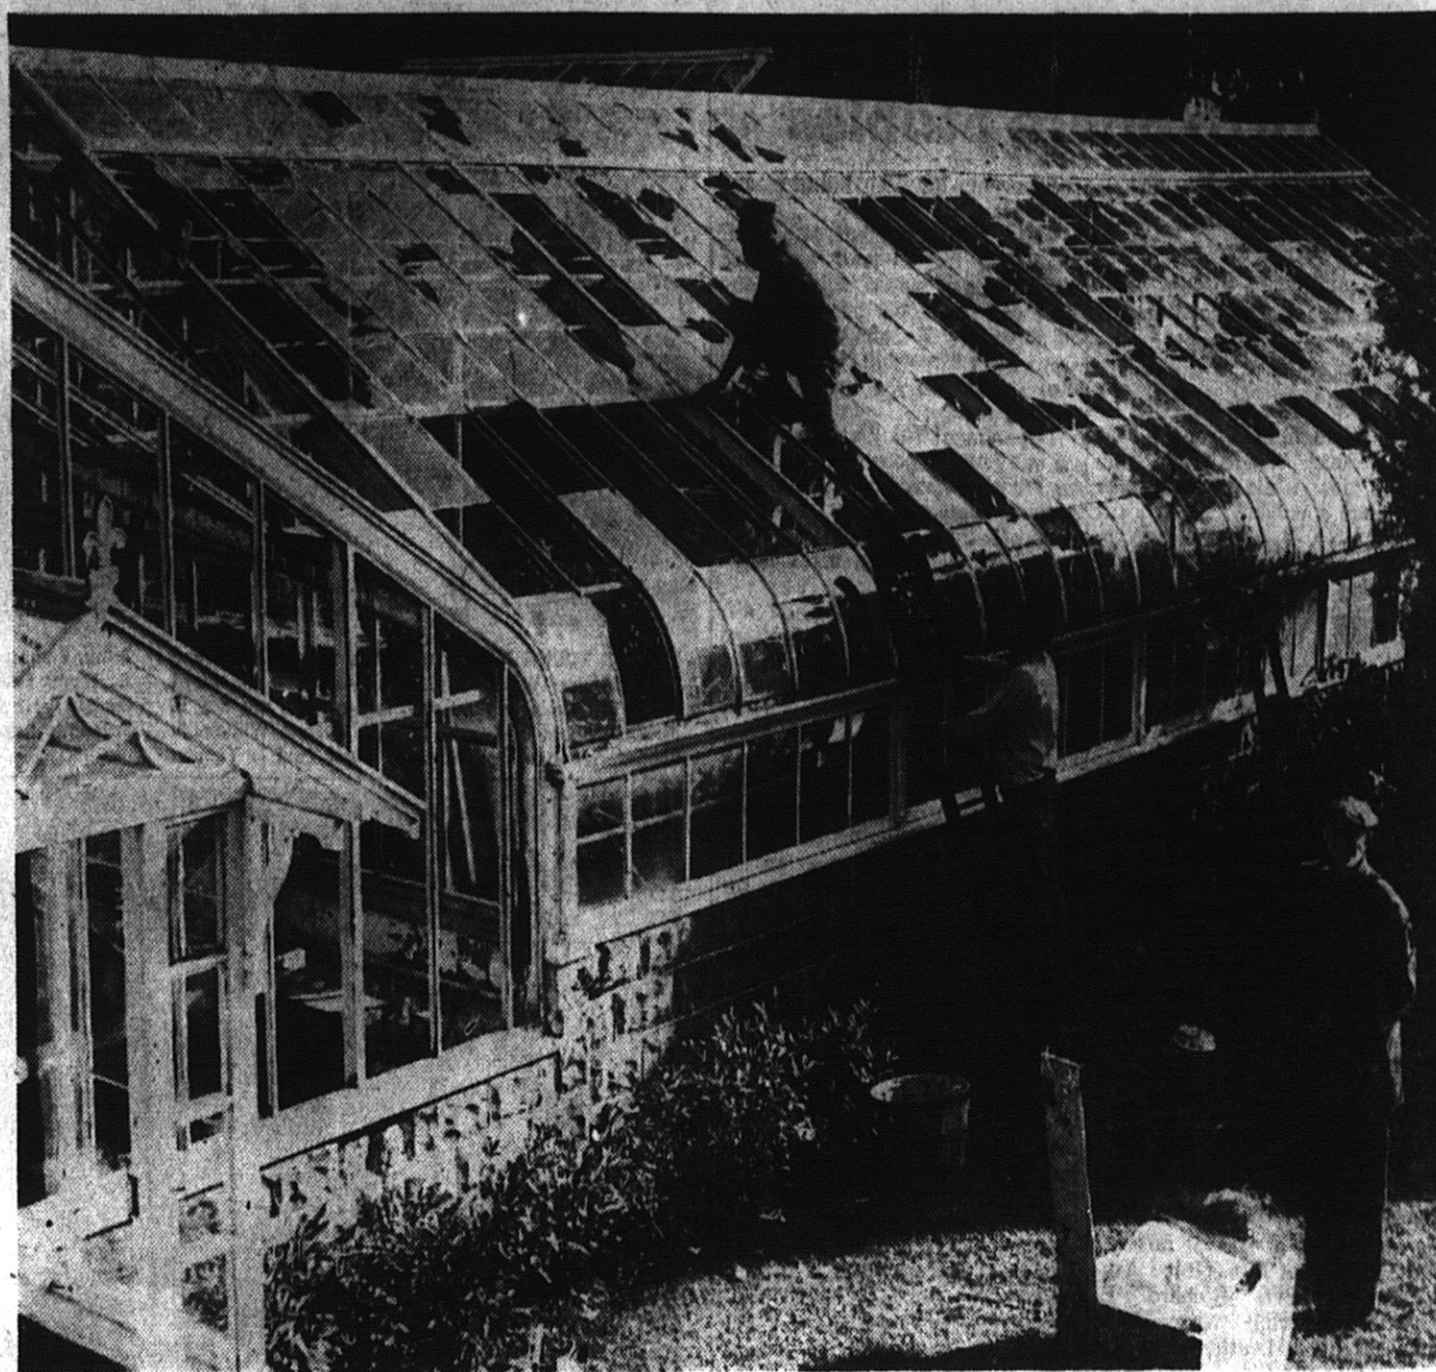

The Henry Ebelink greenhouses at Central Park had about 200 panes broken or damaged. The greenhouses are located just a block south of the Central Park store.

Only a small amount of hail fell in the more centralized portions of the city. Only 12 panes were to be replaced at the city-owned greenhouses at 20th St. and Central Ave. At Shady Lawn Greenhouses on East 16th St. only 12 to 15 panes were broken. Fred Stanton's greenhouses at Lakewood Farm received storm damage for the first time since he has been in operation. But even so, only 24 panes were broken.

There was very little damage to telephone lines, according to Telephone Manager A. G. Sall, and trouble calls were kept to a minimum. BPW officials reported only one transformer fuse blown in the south part of town.

Robert Horner measured one of the largest round hailstones he could find and found it was 5 1/4 inches in circumference. That is about the size of a golf ball. He believes some of the irregular shaped stones were even larger.

Some imaginative youngsters recovered a few of the larger hail-

Owners of convertibles or station wagons with canvas tops also had their troubles. One garage said it had received calls from six to 10 owners of such cars asking the rates on new tops.

No storm damage was reported at Holland State Park. People in trailers took refuge in the wash room. Only a few trailers are currently staying at the park.

Kiwanians Hear Of School Plans

Austin Buchanan, assistant principal of Holland High School, and Daniel Vander Werf, Jr., publicity chairman of the Citizens School Committee, explained the proposed new elementary school building program to the Kiwanis Club Monday night at the Warm Friend Tavern.

Buchanan pointed out that today's crowded elementary schools will be unable to take care of the increased enrollments anticipated in the near future. He stated that by 1963 there will be approximately 800 more children enrolled in the four elementary schools than there are today.

Vander Werf explained the makeup of the \$900,000 bond issue which will be voted on at the special school election to be held on Oct. 14. He emphasized there would be no increase in taxes but simply a continuation of the present tax rate over a longer period of time. When sufficient money is collected to pay off the new bond issue the tax rate will be dropped.

An illustrated pamphlet explaining the proposed school building program was distributed to the club members.

Appeal Board Tables Crampton Warehouse

The Board of Appeals at a meeting Monday night tabled an application from Crampton Manufacturing Co. for further consideration following a public hearing in which several neighbors expressed their sentiments.

The application called for erecting a warehouse 38 by 102 feet at the rear of property at 337 West 12th St. The warehouse would be erected at the rear of an existing storage building previously used by a coal company. The new structure would parallel the C and O spur which serves industries in the western part of the city.

Another public hearing was held for the application of Jacob Klompars to erect an electric sign and construct a parking lot on the northeast corner of 17th and Cleveland to adjoin the B and G drive-in at 16th and Cleveland. The lot is 88 by 132 feet. The board granted the appeal. Klompars expects to erect a residence on the lot immediately east of the property.

Lightning Strikes Barn At North Shore Stables

During Saturday night's furious electrical storm, lightning struck one of the barns at the North Shore Community Stables near the local airport. The barn caught fire and a three-year-old racing colt perished.

The fire was discovered by Charles Windemuller, son of Fire Chief Herman Windemuller, who saw the glow while watching the storm from a window. When Park Township No. 2 firemen arrived, the flames had broken through to the outside and the inside was a mass of flames and dense smoke. The fire was brought under control in about five minutes with water fog.

The colt was dead by the time firemen were able to enter the building. It is believed he was either struck by lightning or suffocated by heavy smoke. The stall he occupied was not touched by the fire.

The colt was owned jointly by Hub Boone and Dick Schlecht and was being trained for harness racing. A new racing sulky and a set of harnesses also were destroyed.

Loss was estimated at \$2,000.

Old 'Duck Case' Back in Court

GRAND HAVEN (Special) — Ottawa County's famous "duck case" has come back to life.

Mr. and Mrs. Roy H. Barker, route 2, Spring Lake, have petitioned Circuit Court for an injunction requiring John A. Prawdzik to cease operation of his duck farm on Spring Lake. The Barkers originally brought action protesting operations there and now are seeking further relief, charging Prawdzik has not complied with terms of a decree set forth by the court last April, following a trial which lasted several days.

The new petition charges that Prawdzik failed to erect the fence ordered by the court, that the farm did not take the ducks off the hill slopes, that there was only partial compliance with the order requiring ducks to be penned all night, that the grounds were not plowed, that brooder houses have not been cleaned and manure not removed from the farm as specified. The complaint further states fathers continue to be found on the water, that odors and noise continue.

Grand Haven City has been operating with only one justice, Truman A. Husted, since the death of George V. Hoffer last February.

Brilliant Hurlers Receive Applause From Large Crowd

ZEELAND (Special)—A world series like atmosphere hung over Zeeland Legion field Wednesday night as the final games of the 1953 softball tournament were played off.

Holland City Softball League champion VFW added another trophy to its growing collection by edging West Hudsonville, 2-1, in a brilliant pitchers' duel for the class B crown.

And in the class C finale, First Reformed Church of Grandville topped Eighth Reformed Church of Grand Rapids, 4-1. That game also featured some outstanding pitching by Al Schut who worked for the winners and allowed just three hits.

One of the better crowds of the season sat tensely through the two games in ideal weather.

Roger Schut was on the mound for the Vets against West Hudsonville ace, Perik Hamming, and it was a tight duel between the two right down to the last out.

West Hudsonville broke the ice in the first inning with a run. Sawyer walked and advanced to second on an infield out. He scored on Hoezee's single.

VFW scored its two decisive runs in the second inning when Al Glupker tripped to right center and came home on Larry Tibbets' single. Tibbets went to second on a wild pitch and scored what proved to be the winning run on a single to right field by John Wolters.

Aside from those two scoring outbreaks, the two hurlers dominated play throughout the game. West Hudsonville entertained hopes of pulling into a tie in the seventh when a hit and an error put two men on base. However, the last out was a pop foul to Third Baseman Glupker and that was the ball game.

In the sixth inning the vets bunched two hits to put men on second and third, but Hamming put the fire out by striking out Tibbets.

Schut allowed four hits, two by Hamming, struck out eight, including the side in the second inning. Hamming allowed just six hits and struck out four.

Bob Schut, Jay Hoffman, Glupker, Rog Schut, Tibbets and Wolters had the VFW hits. Hamming with two, Hoezee and Nagelkirk were the hitters for the losers.

Al Schut's brilliant pitching in that first game limited the losers to just three hits. He retired the last 15 men in order and struck out eight.

Eighth Reformed bunched three hits in the second inning for the one run and from then on Schut was simply invincible. The winning Grandville team scored one in the first on two hits and a sacrifice and sewed up the victory in the fourth on three hits, including a homer by Roger Ver Sluis.

Ivan Kole was the losing pitcher and allowed eight hits while striking out seven.

Injuries Plague Hope College Team Before Big Game

Hope College's football squad has been dealt some serious blows this week as the Dutch get ready for their all-important game with Carroll College at Riverview Park Saturday night.

No less than six key men are riding the injury list this week and Coach Al Vanderbush is scratching his head, wondering just who will be in the lineup.

End Jim Van Hoven had a bad hand and x-rays were taken. Doctors are waiting for results of the pictures. Van Hoven hasn't practiced all week and definitely will not play unless the hand shows improvement. Chances are that he will not play.

Don Van Hoven has a painful infected toe and hasn't practiced all week. Ken Van Weren has missed two nights of practice because of a bruised leg.

Bob Hoeksema has been hobbling around on a bad ankle and hasn't scrimmaged all week. Bud Prins hasn't had any contact work because of a leg injury and Dave Kempker is a sure player Saturday, but will see only limited action because of a bruised foot.

Commenting on the upcoming game, Vanderbush said, "Chances are that it will be the most spectacular game we'll have here all season. It's going to be a very high scoring game because I'm sure Carroll has the offense. And Hope will score too."

However, he was quick to point out that "our defense looks like a sieve this week." Needless to say some tough workouts are in store for the Dutch today and Friday.

Grandstanding...

Elwood (Woody) Bos, junior tackle on the Holland High School varsity, who suffered a fractured leg last week, may be in bed but he certainly doesn't want for visitors.

The popular grizzer has had a constant stream of visitors, most of them his mates on the varsity squad. The players go up and chat with him about events in school and the practice field.

High point was reached last week when Coach Ned Stuitt and several squad members went to his home with the moving pictures of the Holland-Creston game.

Woody was really thrilled and so excited he wanted to get right out of bed, plaster cast and all.

Incidentally, his leg is healing surprisingly well. It was a bad fracture and doctor's at first feared a traction splint would be necessary. Luckily it lined up pretty well and it wasn't needed.

Otsego Gridders Tag Zeeland High With First Defeat

OTSEGO (Special) — Old Tri-County foe Otsego shaded Zeeland High School 19-15 in the second game of the season for both schools here Friday night.

It was the first defeat for the Chix with new Coach Jarold Groeters at the helm. However, the loss does not count toward Ken-New-Wa standings and the Chix will open league play against Coopersville next Friday with a clean slate.

Otsego scored in the first minute of play in Friday's game. Zeeland took the opening kickoff and failed to gain in three plays. On fourth down, Otsego blocked a Zeeland punt and recovered on the Chix 10. McFannin went through right tackle for the score. The point try was no good and the home team had a 6-0 lead.

Zeeland came right back and a 35-yard pass play from John Van Dam to Ron Weatherbee put the ball on Otsego's 5. Vanden Bosch passed to Art Klamt for the score and John Van Dam kicked the point to make it 7-6.

Early in the second quarter Zeeland was back to boot on Otsego's 20. The center sailed over his head into the end zone. He picked it up but was downed in his tracks for a safety. That made it 9-6, Zeeland.

Zeeland rolled again moments later and a Vanden Bosch to Weatherbee pass put it on the Otsego 10. John Bruusena carried it over from there and the try for point was blocked. That made it 15-6. On the first play after the kickoff, an Otsego pass play from Stoughton to Petkus covered 60 yards and was good for a TD to make it 15-12 at halftime.

Otsego struck through the air again in the third quarter for what proved to be the game deciding score. It was a Stoughton to Simington pass play that covered 65 yards and Stoughton added the point to account for the 19-15 score.

Air-minded Zeeland tried a total of 28 passes in the game and completed 12. Otsego attempted eight and completed four, including two for TDs. First downs were 7-5 in Zeeland's favor.

Otsego fielded a strong line that repeatedly thwarted the Zeeland offense. For Zeeland, Jim Wyngarden and substitute tackle John Zwygshuizen were outstanding.

CHEMISTRY PROF. J. HARVEY KLEINHEKSEL (right) and Harry Tan mull over a chemistry problem on the Japanese born student of Chinese parents began studies at Hope College. Survivor of Occupation Begins Studies at Hope

Twenty-eight-year-old Harry Tan put aside thoughts of five years of Japanese occupation of his native Java as he began his studies this fall at Hope College.

Tan was making plans to come to the United States to study in 1942 following his graduation from high school. The Japanese landed in Java in March of 1942 and one week later conquered the island of 45,000,000 persons in an area as large as New York state.

The following occupation years were hard ones for Tan, his parents and five brothers. The Japanese closed all the schools and banned teaching Dutch and English languages.

Tan said the schools were later reopened by the Japs but he refused to attend. He said food supplies and living conditions were quite bad. It was necessary to barter clothes for food with the farmers to have enough to survive.

Tan said he tried to save money during the war years and those following to get enough to pay his passage to the U. S. This was impossible during the war and even difficult afterward.

A floor tile factory, owned by his father, and all their possessions were destroyed during the war. The family in 1946 moved to Jakarta, the capital.

Tan sought any job he could find to save money for his proposed trip. He worked as an accountant, part-time teacher, and translator for the United Nations plus a variety of other jobs.

Tan said he became discouraged when the currency devaluation virtually wiped out his savings but an American in Java encouraged him to keep studying and maintain his hopes.

Finally in 1950 Tan had again saved enough for passage and was ready to leave for the U. S. But currency was again cut in valuation by one-half and the rate for passage jumped 300 per cent leaving him with a net of one-sixth of his years of savings. Again his departure was delayed.

His brothers came to the rescue and pooled their meager savings to get Tan on his way to the U. S. after eight-long-years of waiting.

He arrived in New York in January of 1951. Two weeks after landing he enrolled at Hofstra College, Long Island, and made the dean's list for the three semesters he spent there.

Tan won a partial scholarship there by taking an examination in German beating out a German-born girl. Tan said he took Dutch, English, French, and German in a Java high school and can read, write, and speak all of them including several dialects of Indonesian.

After spending one year at the University of Maryland, he finally found his way to Holland and Hope College. He came to Holland because of a friendship with Duncan Campbell of Los Angeles who was labor attaché in Java from 1948 to 1951. He is the son

of Mrs. F. G. Campbell of Macatawa.

Tan said he arrived here this summer and worked in a garage to save money for his schooling. He emphasized that he was not under the exchange student program but was in this country on his own and must earn all his expenses.

Zeeland

(From Friday's Sentinel)

Plans are being formulated for an expanded program of adult education at Zeeland High School. An attempt will be made to offer those subjects which are desired by the public. Raymond Lokers, adult education director at Zeeland High School announces that classes will start October 19 and all interested persons should contact the high school within the next two weeks. Lokers plans to attend a conference on adult education at Michigan State College October 5 and 6.

The most popular classes last year were upholstery and English. The program will be adjusted according to the public desire with an aim to limit classes to 15 in order to secure the best results. It has been found impractical to have too large a class.

Subjects offered last year and possibly will be offered again include typing, bookkeeping, law (affecting mortgages and various taxes). Possibly various recreational interests will be added to the list this year. Any subject not listed but in which a sufficient number are interested will be added if an instructor is available.

A meeting of Zeeland Boy Scouts was held at the youth center the past week which was the opening meeting of the season. The program included singing of scout songs and the scout oath and registration of new members and new patrons. There was also practice for the coming jamboree.

Weekly meetings are held on Wednesday evening at 7:30. All boys 11 to 13 years inclusive are invited to join. Roger Baar is scout master and Don Van Hoven and John Smallegan serve as assistants.

Boys of 14-years and over form an explorer group under supervision of Robert De Bruyn, Jr.

Volleyballs

Have you been sniffing the rich autumn scents these days?

That means that the prettiest (if not the most welcome) season is here, and prepare to make the most of it. The winey tang of apples in the air and the crackle of dry leaves under foot are enough to alert a Michigander—provided he's not already alerted by the football season.

Start planning now to take that color tour just a little later. For longer trips, head north and ride through the Newaygo areas. If you prefer shorter trips (and more of them, we hope) try the little byways near Holland or head Allegan way into Allegan state forest. The new M-89 should be pretty popular.

Don't pass up the chance to see Nature's finest show. It's a treat you really owe yourself.

We found this short editorial about daylight saving time in an old eighth grade publication of the campus laboratory school at Wisconsin State college in Milwaukee:

The reason most of the country has daylight saving time is because people in the metropolitan area wanted to make use of the extra hour of daylight.

Wisconsin and a few other states don't turn their clocks up one hour and, therefore, everything for us Wisconsin folks is one hour earlier. Trains, TV, planes and other things are all "meased up" by the switch in time.

Most of the populated areas in Wisconsin want to be like their sister states and move ahead one hour.

On account of the cows, we have to be different. In New York state the farmers about a week before they go on daylight saving time, start milking their cows about 15 minutes earlier every day. After about a week, the cows really are at the same time in the hour of the day as they were before except they are milked one hour earlier, this being on account of the switch in time.

Why can't Wisconsin cows do this?

Jim Klomparens' speech on Holland's municipally-owned light plant at the Kiwanis club was particularly well received, we're told. The Kiwanians learned a lot about the BPW they didn't know before. Maybe other clubs looking for a program might be interested.

Wotais we hear about a special award the Optimists made this week to Bud Raphael? Maybe you'd better ask him about it.

This One Comes from Bennett Cerf:

A new man was commissioned to write a travel booklet about Holland. The agency he'd studied the result and commented, "Nice work on the tulips, windmills, and all that, my boy; but don't you think we ought to have a paragraph on the lad who saved the country by keeping his finger in the hole in the dike until help

Martin Eleven Tops Fennville

FENNVILLE (Special) — Fennville's Blackhawks failed to hold on to a first half lead Friday night as they were edged by Martin 13-6.

After battling throughout a scoreless first quarter, Fennville finally put together a running attack around Fullback Bob Thompson and Halfbacks Gerald Steanderg and Bill Root that netted them 30 yards and a score.

Art Coxford's kick for extra point was blocked and the half ended with Fennville out in front 6-0.

But midway through the third quarter the tide changed rapidly as Martin picked up a Fennville fumble on the Blackhawk 25 yard line and ran it back for a touchdown. The kick was good and the visitors led 7-6.

Later in the period another Fennville fumble gave the ball to Martin again on the Blackhawk 30-yard stripe. On the first play a Martin pass covered 30 yards for another TD. This time the kick was no good and the score stood 13-6.

Fennville almost put together another drive in the last period but again a fumble, this time on the Martin 15, put a damper on it. Coach Bob MacElreth was pleased with the showing of his line, particularly the right side where co-captains Art Coxford and Bob Krammin hold down full time spots. Defensively Guard Jerry Decker stole the spotlight.

Fennville is idle next week, with its next contest Oct. 9 against Saranac.
