## \$12 Tuition Boost Given Approval

### Christian Schools Adopt Record Budget Nearing \$600,000

Adoption of a record \$594,554.64 budget highlighted the annual meeting of the Holland Christian School society Monday night in the Christian High School gym. A large crowd turned out to act on the various matters of business and to hear reports on the financial status of the school system.

In another important matter, the society approved a \$12 per family tuition increase to raise teacher's salaries by an overwhelming 289-86 vote. This proposal was adopted over and above the new budget for 1959-60.

Five new board members were elected after three ballots. Elected were Donald Blaauw, Garret Pethoven, Vernon Tuls, Gerald Vande Vusse and C. J. Westebroek.

The new budget represented an increase of \$29,230.22 over last year's \$565,324.42 figure. The largest item on the income side of the budget for the new year was a \$409,000 tuition figure. Other anticipated sources of revenue are the sustaining membership plan, churches, societies, school circles, ladies' aids and special gifts.

Instructional expenses of \$397,595.70 was the largest item on the disbursement side of the figure. Other disbursement items included \$29,275 for administrative and \$65,324.90 for maintenance. Also included was an \$80,000 figure for transfer to the building fund for debt reduction and interest. William De Mott, chairman of the finance committee, made the presentation.

The general fund report was given by Treasurer Gerald Appleton. The report showed that the income during the past school year was \$566,438.60 with \$401,142.16 coming from tuition. A total of \$81,320.30 came from churches, societies and individuals. Another big income item was the sustaining membership plan which netted \$79,006.72.

Total disbursements were \$549,883.96 with instructional expenses accounting for \$366,019.36 of the total. The sum of \$75,000 went for debt reduction. James Zwier listed building fund receipts of \$208,433.62 and disbursements of \$203,143.69. Vernon Tuls, treasurer of the sustaining membership fund, also made a brief report.

Supt. Bert P. Bos, in an abridged annual report, said enrollment is increasing rapidly and can be expected to increase even more, particularly in the high school in the next few years. Even though five new schools have been built since 1948 giving 49 more classrooms plus various instructional rooms, the pupil-teacher ratio has decreased only from 35 to 32. Persons employed for administrative and instructional duties jumped from 38 in 1948 to 83 in 1959. He expressed appreciation for the fine services of all personnel and the cooperation of the board and society members.

### Letter Writing Week Opens Here on Oct. 4

Holland will observe the 22nd annual Letter Writing Week Oct. 4 to 10, according to Acting Postmaster Kenneth E. Scripsma.

"I am sure we are all aware that a personal letter is, next to an actual visit, the most intimate and economical means each of us has to communicate with our fellow human beings. Accordingly, I urge everyone to write today to those away," he said.

Posters depicting a mailman in a new postal vehicle called the mailster will be displayed in post offices throughout the country. Colorful streamers proclaiming that "Letters are fun to send and exciting to receive" will be displayed on postal vehicles.

Scripsma said that the special week should serve as a reminder to write long overdue letters to servicemen, hospitalized patients, foreign acquaintances, far away friends and relatives, and others who will welcome a personal letter.

## Schools Adopt New Policies On Hunting

Holland public schools, West Ottawa public schools and Zeeland public schools today announced a uniform policy for absences on hunting and trips which provides for only one such absence during the school year. The new policy goes into effect immediately.

The general policy provides that students will be permitted an absence for hunting or trips only once during the school year. If he goes pheasant hunting he is not excused for duck or deer hunting.

Procedure for permission to be absent is not particularly easy. Arrangements for such an absence must be made at least three school days prior to the absence. The student must bring a letter from his parent or guardian, and students planning to go hunting must show their licenses except where legal exceptions apply.

Students absent for hunting or trips are required to make up all work missed and will receive half credit. If a student fails to make up the work, he automatically will receive a zero for the days missed.

Each school system emphasizes that attendance in all classes is of primary importance. The great interest in hunting in Michigan is recognized, but parents and students are reminded that absences place additional burdens on both students and teachers in a successful school program.

Principal Raymond Holwerda of the Holland Christian High School said the Christian school system is following a policy not to grant excuses for any absences for hunting or trips.

VISITORS LINE UP—Long lines of visitors found production processes at General Electric a fascinating subject as they toured the Holland plant in the company's first open house Wednesday during its five years of

operation in Holland. In dark suit with name-tag near center is Robert Snyder of the departmental office explaining a step in the operations.

## GE's Open House Attracts 5,820 Visitors to Plant

A total of 5,820 persons toured the Holland plant of the General Electric Co. Wednesday afternoon and evening, which more than doubled the estimated 3,000 persons visiting the plant during its five years of operation here.

Overwhelmed by the response of local citizens, Ab Martin, general manager of the Hermetic Motor Department, said, "The many visitors, along with the many questions asked, were indicative of the community's interest in local industry. Wednesday's open house gave us an opportunity to greet hundreds of our friends and to meet thousands of new ones. We hope that our visitors were as pleased with our open house as we were in presenting it."

Visitors were routed through the department offices, the red brick building which abuts the US-31 bypass, and then continued through the engineering section to the large production areas which buzzed with normal activity of the second shift.

In the large manufacturing area, visitors saw the various steps in assembling hermetic motors for

the refrigeration and air conditioning trades. This involved a steady flow of tons of steel, aluminum, copper, paper and countless other items needed to produce motors in great quantity. The many steps involved several automated processes and a surprising amount of individual work on the two components, the rotors and stators, which comprise a hermetic motor which can be held in two hands.

A huge tent was pitched just west of the main building for serving refreshments. Copies of the open house edition of the Hermetic Headline and gifts of magnetic electric plugs were distributed as people left the premises.

## Investigate Local Thefts

Holland detectives are investigating two breakings which occurred Tuesday night at homes in the south end of the city.

Detectives said the intruders gained entry to the home of George Van Dyke at 164 West 27th St. and took \$30 from a dresser drawer. Entry apparently was gained through an unlocked door in the home, detectives said.

Van Dyke reported that the house was unoccupied from 7 p.m. until he returned home at 10 p.m. to find drawers had been ransacked throughout the home and \$30 missing.

About \$33 was taken from a drawer in the John Van Huis home at 646 Washington Blvd., detectives said. Van Huis told detectives that the burglary must have occurred between 4:30 and 9:15 p.m. Tuesday, when no one was at home.

Detectives said entry apparently was gained by using a skeleton key at a rear door. The theft was not discovered until late Wednesday morning, detectives said, when Mrs. Van Huis opened the drawer and found the money missing.

Detectives said they believe the same persons are responsible for both thefts.

## VFW Club Destroyed By Fire

### Loss Set at \$100,000; Entire Contents Lost As Only Walls Remain

A raging fire early Sunday morning completely destroyed the Veterans of Foreign Wars clubhouse, 28 West Seventh St., with an estimated \$100,000 loss.

Virtually the entire interior of the building, including the roof, dropped into the basement. Only small portions of the first and second floors remain today inside the shell of the two-story brick and stone building.

The entire contents were lost. Miraculously several American flags, a Spanish-American War flag, and the VFW post flags were not burned, yet only a few feet away several trophies on the wall were destroyed.

Fire Chief Dick Brandt said the blaze apparently started in the basement near the hot water heater and furnace. Cause of the fire was not immediately determined.

Firemen were at the scene until after 2:00 p.m. although the blaze was brought under control and contained by 10:30 a.m.

They returned later in the afternoon and again Monday to put out small fires in some of the still smoldering wreckage.

The fire was first discovered at 5:53 a.m. by Holland police officer Ted Elhart. Firemen arrived seconds later. As they attempted to enter the rear door they were driven back by a wall of flames.

Billowing clouds of smoke rose high into the sky as firemen fought to get streams of water at the source of the blaze. It was virtually impossible.

The windowless west wall of the building also stymied firemen momentarily. They ripped off two outside air conditioners and shoved hoses through the openings.

Huge quantities of smoke forced firemen away from the front of the building. The east wall of the building is inaccessible since it adjoins the Maycroft and MacEachron Auto Sales.

Firemen were also hampered by the lack of windows and the many partitions and false ceilings inside the building. Firemen finally managed to chop through the roof as flames soared high into the sky.

At one time firemen had 13 lines pouring tons of water into the building from three hydrants. The latter truck was pulled into the parking lot on the west side. Several hoses, including a deluge nozzle on the ladder truck, were used to pour water on the top of the building and adjoining structure.

Damage to the auto agency was minor except for smoke. Several cars inside the garage were quickly moved to safety. After nearly three hours the blaze was finally under control.

Later in the afternoon powerful suction pumps sucked out over four feet of water from the basement as a VFW officer, aided by firemen, unscrewed smoke-blackened engraved bronze plaques off a wall in the lobby. The plaques commemorated the memory of members of the VFW who have died.

The clubhouse had closed at 1:30 a.m. Sunday and club manager L. A. Haskins said everyone including the employees, had left within the next hour. Police officers said nearby residents said they heard an explosion at 4:30 a.m. Sunday but didn't think too much of it at the time.

Post Commander Bill Ten Brink said all records of the post, except for the present year, were lost as was the charter.

## Grand Opera Coming Here For Two Performances

Local audiences will see grand opera at its traditional best when the Wagner Opera Company's "New York Opera Festival" presents a matinee performance of "The Barber of Seville" and an evening performance of "Rigoletto" at Holland Civic Center Thursday, Oct. 8.

Artists to appear will be Marilyn Sofia, mezzo-soprano, Anna D'Arte, soprano, and John Modenos, baritone.

There will be the colorful costumes and scenery which reflect an artist's fancy; an especially selected, hand-picked ensemble of artists and choristers; a top-ranking orchestra of experienced symphonic musicians, and the great music of Rossini and Verdi.

Felix W. Salmaggi, general manager of the touring opera company, is carrying on the traditions and ideals of his predecessor, the late Charles L. Wagner, who began in 1940 to bring grand opera to the small towns as well as key cities. Mr. Wagner was a courageous pioneer, willing to forget financial consideration, presenting grand opera at popular prices, from the Atlantic to the Pacific, and from Canada to the Caribbean. He achieved success undreamed by those before him.

Probably no other medium of entertainment attracts repeat attendance as much as does grand opera. Undoubtedly, when these two operas are presented at Civic Center, many in the audience will have seen and heard the operas before. This fact might be easily dismissed with the statement that the more one becomes familiar with operatic music, the more understandable and appreciated is the opera. Beyond this, many melodic passages which the listener may have overlooked in the past become gems to his ears. Seats are now on sale at popular prices. The festival is being sponsored locally by the Hope College Music Department.

Curtain time for the matinee, "The Barber of Seville," is 2 p.m.; the evening performance of "Rigoletto," 8 p.m.

## Several New Softball Teams Seek League Spots for 1960

**PRESENTED LEAGUE TROPHY**—Joe French (left), factory superintendent at Bohn Aluminum and Ray Young, (center) Bohn employee and team manager, here accept the Wooden Shoe League softball trophy from Norm Japenga, league director. It was the second straight year the Bohn team won the softball trophy. A total of 32 teams participated in recreation softball in Holland this year.

Growing pains were successfully overcome this past summer despite a record number of 32 Holland teams playing recreation softball. But it appears that a few more headaches are in store for 1960 as already several new teams have asked for entrance next year.

Norm Japenga, league director, said today that he won't be able to handle any more teams in the four Recreation Department sponsored leagues "unless we get lights or another field, with lights the best solution."

More than 600 players took part in one of the four leagues this summer. Games were played Monday, Tuesday, Wednesday and Thursday on five different diamonds for 14 weeks from May 18 to Aug. 20. Japenga was able to maintain the tight schedule this summer because of few rainouts. "We didn't have a forfeit game this year in any of the leagues which shows the real interest," Japenga said.

Much of the smooth operation of the leagues Japenga attributed to the fine job done by the umpires in handling the games.

Umpires, some of which worked two nights a week, included Karl Essenburg, Herm Bekker, John Van Iwaarden, M. Bouwman, Bob

Bosch, Lee Meadows, Ron Doezman, Harry Brower, Steve Wolters, Lloyd (Cotton) Rogers, Dick Van Dis, Bruce Bazan, Jack Hoogenboom, Gord Hulst, Chuck Ellander, Vern Bosch and Tom Essenburg. Other umpires who assisted were John Tjalma, Rolly Frens, Pete Welling, John Anderson and Japenga.

Three All-Star games were staged this year and all of the leagues were close with the Sportsman and Wooden Shoe League races decided on the last night of play. Similar trophies were awarded each league champion.

Berean Church won the Sportsman League while the Sportsman Bar won the Windmill League. Holland Heights won the Trip City League crown and Bohn Aluminum took the Wooden Shoe League title for the second straight year.

Ray Young was the Bohn Manager while team members were Gary Bredeweg, Ed Bredeweg, Wayne Kuipers, Red Vandeweg, Ron Sas, R. Terpstra, all Bohn employees, and Glenn Santie, Dean Cutler, Wayne Burton, Julius Sison, Roy O'Connell, Lloyd Santie, Lyle Weaver, Dan McBride and Otto Beard.

Cliff Ter Haar raced 58 yards for his second touchdown with about three minutes to go. The dash was a reverse around end and ended a 77-yard drive which started after the Otsego kickoff.

## Ex-Holland Youth Scores In 19-13 Win

NILES (Special) — A former Holland youth, Bill Hill, now a Niles fullback, picked off a Dutch pass here Friday night and raced 83 yards for a Viking touchdown which made the difference in Holland's 19-13 loss before 4,500 fans at Senior High field.

Hill, the son of Mr. and Mrs. Richard Hill, former Holland residents, moved from Holland to Columbus, Ohio and then transferred to Niles this year. He is a 165-pound junior.

And after sparking the Niles defensive unit in the first half, Hill snagged a Rog Buurma pass intended for end Jim De Vries on the Niles 17-yard-line and was off down the sidelines with only two Dutch tacklers getting near him. This touchdown came with 1:02 left in the first half and gave Niles a 12-6 halftime lead.

It also served to take the spunk out of the Dutch and Niles went in for what proved to be the winning touchdown in the third quarter. Quarterback Roger Hargreaves hit halfback Len Whittaker with an 18-yard pass for the winning touchdown with 1:46 left in the third quarter. Dan Abair then made the lone conversion.

Niles scored first in the game with 5:47 to go in the first quarter when Hargreaves hit Whittaker with a 19-yard-pass which Whittaker grabbed on the Dutch 13 and tripped over Chuck Klomparsen into the end zone.

But Holland came right back and tied the score. Bob Klaver recovered a dropped punt on the Viking 40. Following a clipping penalty, Buurma hit end De Vries on a 36-yard pass down to the Niles 26. In four plays Holland was home with Bruce Van Dyke carrying around end for the final 14. The first quarter ended 6-6.

Just prior to Hill's interception, Holland had taken over on their own 29 and in six plays including a 23-yard pass from Buurma to Ben Farabee, the Dutch were down on the Niles 25. Then came the interception and it wasn't until the fourth quarter that Holland again got its offense clicking.

Holland's offense just failed to jell in the second and third periods. Although the Dutch did make 57 yards rushing in the second quarter, they had only 23 in the third period.

And when the offense did move, the off tackle slants and end runs produced a touchdown. An interception by Buurma on the Dutch 30 and a return to the Niles 47 started things.

In 11 plays, 10 on the ground including good success with the man-in-motion flanker, Holland was home. Scott Brouwer went the final three yards after being helped in the drive by Junior Bob Elenbaas and Van Dyke. Rich Woltman converted with 4:39 left.

This score steamed up the Dutch for the first time. After Don Albert had punted a 50-yard boot to the Holland 12, the Dutch snowed the most fire of the entire game.

With the line working hard, Elenbaas ran the end for 28 yards and the Buurma hit Farabee to the Niles 45 with 1:16 left and a first down. But after Van Dyke ran to the 39, the attack was grounded with 41 seconds remaining as Hargreaves intercepted a long Holland pass on the Viking 10.

## Federal Funds Approved For Holland Harbor Survey

There will be a restudy of the entrance to Holland Harbor after all.

U.S. Rep. Gerald R. Ford of Michigan's fifth district informed The Sentinel Thursday that \$13,200 has been allocated by the Office of the Chief of Engineers for the local study.

The study involves what is referred to as the dog leg or crook in the channel which separates Macatawa Park from Holland State Park. Elimination of this dog leg would allow sufficient clearance for big lake freighters coming into Holland.

Agitation for channel improvements began in 1948 and again during the past two years by the harbor and lakes committee of the Holland Chamber of Commerce with Frank Lievens as chairman.

The federal budget has included a \$285,000 appropriation in 1957 for improving the entrance and to extend and deepen the channel upstream to the municipal power plant. The latter project, known as part B, was completed that year.

Original plans for improving the channel entrance had called for major construction and revamping on the Macatawa side. Local leaders felt later that extending the channel in the normal line doing most work on the state park side would be more economical and more easily accomplished.

This restudy was approved by Congress in July, 1958, but later withdrawn. Rep. Ford appeared before the subcommittee on public works appropriations last May to request again that a restudy be included.

Chamber of Commerce officials had worked closely with Col. Peter C. Hyzer, district engineer of the Detroit district, in preliminary plans for the restudy.

Mr. and Mrs. Gerald Pyle (Prince photo)

An altar banked with palms and ferns with bouquets of white gladioli was the setting for the wedding of Miss Esther Ruth De Weerd and Gerald Pyle solemnized Friday, Sept. 11 in First Reformed Church of Zeeland.

The Rev. Herbert Vander Lugt, pastor of the Spring Lake Baptist Church, performed the double ring ceremony for the daughter of Mr. and Mrs. Alvin De Weerd, 598 Washington Ave., Zeeland and the son of Mr. and Mrs. Albert H. Pyle of route 1, Zeeland.

In the wedding party were Mrs. Jay Datema as matron of honor, Miss Joan Pyle and Miss Jeanne Meyers as bridesmaids; Nancy Mooi, flower girl; Bobby Mooi, ringbearer; Jay Datema, best man; Henry Pyle and Jim De Weerd ushers.

Elmer Lievens who played appropriate wedding music on the organ accompanied Mrs. Henry Pyle as she sang "God Gave Me You," "A Wedding Prayer" and "At Dawning."

The bride was wearing a floor length gown of chantilly lace and nylon tulle over satin as she approached the altar with her father. The dress was fashioned with a scalloped lace yoke above an elongated bodice forming a sabrina neckline trimmed with sequins and pearls. Long sleeves tapered to points over the wrists and the bouffant skirt featured lace panels falling into the fullness of the skirt centered by a design of pleated tulle. Her headpiece was a half crown to which was attached an elbow length veil of imported bridal illusion. Her bouquet consisted of white feather

mums and ivy. Identical gowns were worn by the bride's attendants. The street length dresses of frosted apple taffeta were designed with scalloped necklines. They wore matching picture hats adorned with tiny rose buds on the scallops and carried baskets of feathered mums and ivy. The attendants' dresses, hats and baskets were made by the bride's mother.

Miss Sandra Piersma and Floyd Jousma arranged the gifts and Donnie De Weerd, brother of the bride, was at the guest book. Miss Pyle, the bridesmaid, also acted as mistress of ceremonies.

## OUR SCHOOLS

Few American school systems have escaped many "fringe" subjects. These subjects tend to cut down some of the time that, no doubt, could be more profitably devoted to what some call the core of the curriculum.

With the present heavy enrollment in the schools over the country it would seem that we should all be concerned and that the basic parts of our education should not be pushed aside, but brought to the front.

There are many problems in our schools today and there are no doubt just as many wide disagreements about certain subjects that should or should not be cluttering up our education programs.

If you think that we do not have problems in our halls of learning today they why not take the time to do a little quiet observing. You would need to spend only a very little time to find out about some of the crowded conditions.

The pressure continues to go up with each passing day. There is hardly a newspaper magazine today that does not have articles about educational systems of all kinds. There are many decisions that need to be made. There is no time like the present.

Think it over carefully. There is work for everyone.

## Ministers Group Hears Talk by Rev. G. Huff

A stirring address dealing with the revolutionary changes in Africa was presented by the Rev. George Huff at the first meeting of the new season Monday morning of the Ministers Association of Holland-Zeeland and vicinity.

The group met at Durfee Hall on the Hope College campus with the Rev. Henry Brink presiding. The Rev. Harland Steele was in charge of the program and the Rev. C. A. Letherer, pastor of the Wesleyan Methodist church, gave the secretary and treasurer's report.

Rev. Huff who for 15 years has been a missionary of the Wesleyan Methodist Church in Sierra Leone, Africa, said that in 1958 there were 11 French colonial centers who had found independence. He told of the 67 million people in Ghana undergoing revolutionary changes in one generation which Americans had done leisurely over a period of three centuries. The average annual wage in Ghana is pegged at \$40 a year, he said. He spoke of the international radio evangelism as Christianity's most effective tool at present and praised the African radio stations as the West's greatest recent contribution to Christian Evangelism.

The Rev. Francis Dykstra, chairman of the float committee in the Tulip Time project, reported there was splendid response from the community and the Tulip Time float was well received. This was the first year that the united churches had shared in such a project.

The library committee composed of the Rev. Simon De Vries, the Rev. Raymond Van Heukelom, Rev. W. Herbert Scott and Elder William F. Hawkes, is making plans to participate in the dedication of the new library.

Dr. Lester Kuyper will speak at the next meeting of the Ministers Association to be held Oct. 19 at 9:30 a.m. at Durfee Hall. Interested ministers are asked to call Rev. Letherer, secretary, for further information.

## Sunday School Lesson

Sunday, October 4  
"Ye Shall Be My Witnesses"  
Acts 1:1-14

By C. P. Dame

(Based on copyrighted outlines produced by the Division of Christian Education, National Council of the Churches of Christ in the U.S.A. and used by permission.)

During the next three months we will study the Book of Acts which tells us facts about the early church found nowhere else. A serious study of this book should make us better Christians and finer Churchmen.

1. The risen Jesus gave proof to his disciples of his resurrection. This fact is clearly taught in the Book of Acts. Luke wrote the gospel that bears his name and the Book of Acts and both books state facts about the resurrection of Jesus. Luke was a Gentile convert, a doctor, a faithful companion of Paul, and a fine historian. He wrote Acts in 65 A.D. In this book he shows how Christianity developed from a Jewish sect to a world-wide religion. In the first twelve chapters Luke tells of the work of Peter and his efforts to evangelize the Jews and from chapters 13 to 28 he records the missionary efforts of Paul among the Jews and Gentiles — mostly among the Gentiles. The key verse of the book is Acts 1:8: "Ye shall be my witnesses both in Jerusalem, and in Samaria, and unto the uttermost parts of the earth."

The first verse of Acts tells about a former treatise which Luke had written—his gospel. In a certain sense Acts is a continuation of the gospel in which Luke tells what Jesus began to do and teach. In Acts, Luke records what Jesus continued to do and teach through the Holy Spirit.

Luke mentions Theophilus (beloved of God) about whom we know not a thing. Perhaps this man was a convert whom Luke wanted to instruct in the Christian faith. The great fact Luke stresses first of all is that Jesus "showed himself alive after his passion by many infallible proofs" and that he was seen by his apostles for forty days during which he taught them about the kingdom of God.

II. The risen Jesus calls his disciples to be his witnesses. The disciples were told to wait in Jerusalem for the coming of the Holy Spirit who would qualify them for their work. The disciples still had wrong ideas about the restoration of the kingdom of Israel. Jesus told these curious disciples that there are some things which the Father had not revealed about the times and seasons. Some modern disciples have not realized this fact. Jesus told these disciples who were interested in little Israel that we wanted them to be his witnesses in all parts of the world—he told these disciples to be global-minded.

The Holy Spirit would qualify them to witness for him in all parts of the world. Note that a standing order Jesus gave to his church. Christians have many opportunities to witness for Christ in their daily work and contacts but many make a poor job of it. The Lord has given us a program.

III. The risen and ascended Jesus will return. After Jesus had given his apostles a command to witness he ascended into heaven. Two angels told the apostles that Jesus would return. After the Lord's ascension from Mount Olives the disciples went to the upper room in Jerusalem and there they prayed. The Lord had told them to go to Jerusalem and wait and they obeyed. For ten days they met in the upper room and "all continued with one accord in prayer and supplication" and thus they were made ready to receive the Holy Spirit. This group was unified and obedient and a successful which crowned their missionary efforts after the Holy Spirit had come upon them. The task of every Christian is to witness for his Lord who in his own good time will come again.

Sen. Clyde Geerlings addressed the Holland Exchange Club at its regular luncheon meeting Monday noon. He began by asking the question "Why are we in our present tax situation?" We are a group of people who believe in private enterprise and yet more and more we have gone to the state for help with our local problems and the state in turn has gone to the Federal Government. We are almost at the point where half of our income is going into help for what should be regarded as local problems, he said.

The average person does not seem to realize that it always costs more when we go outside the local unit for financial support, Sen. Geerlings said. "We should not kid ourselves into believing we can get something for nothing. Whatever we get we must pay for."

One way out would be for the state and federal governments to toss the financial problems back into the laps of the local groups for which the aid is requested. However when this is done the state and federal units should hand back to the local units some of the taxing powers they have assumed.

When asked why he had reversed his stand on the issue between passing a state income tax and an increase in the sales tax the Senator said he had changed because 70 per cent of the people that had contacted him favored the increase in the sales tax.

Prior to the talk R. Welch inducted three new members into the club. They are Arnold Vermeer, Dr. H. Voogd, and the Rev. Edwin Mulder. President J. Verbeek presided and Arnold Hertel introduced the speaker.

Damage to both 1959 model cars was estimated at \$100.

## Many Recall Other Fires In VFW Area

The destructive VFW building fire Sunday morning was one of several in the immediate area through the years.

It was just a year ago that the Edsel garage across the street caught fire with loss estimated at \$40,000. It was on a Thursday night, Sept. 26, 1958, that fire broke out there, possibly caused by a leak in a gas pipe.

Some 10 or 12 years ago, a garage operated by Sam Dagen just east of Maycroft-MacEachron garage was damaged by fire. This building was torn down and the property at present is a parking lot for First National Bank.

It was on Nov. 23, 1943, that the Peters bowling alley in the next block east was destroyed by fire at a loss of some \$70,000. The property at present is used for parking purposes.

Other people recalled a fire several years ago on the VFW site when it was occupied by the Bowmaster Implement Shop. The VFW renovated the building shortly after World War II.

The VFW property has been considered for use as public parking area, and City Manager Herb Holt said the city is still interested in acquiring the property. He said he and Mayor Robert Visscher had taken some good-natured kidding at the fire scene Sunday, but he figured considerable time would elapse before definite decisions are made.

Earlier this month, the VFW had leased to the city the unoccupied portions of the property which would provide about 18 parking spaces. When the VFW property was considered last spring in an overall program for developing offstreet parking, VFW members at that time considered replacing present quarters with a one-floor building in another location.

Meanwhile, both the Elks lodge and the American Legion have offered their quarters for temporary meeting places for the VFW.

VFW Commander William Ten Brink and Ben Cuperus, club board chairman, joined today in thanking the fire department and police for their hours of work on the scene, also to the Lamp Post, Glatz, and Hotel Warm Friend for free coffee for the fire fighters. VFW auxiliary members were on hand both Saturday morning and afternoon serving coffee and sandwiches.

With virtually all records destroyed, the post will probably encounter some difficulties in processing losses and the like. About the only thing that was not destroyed was the VFW safe in the front office which came perilously close to falling into the basement. Contents of the safe including cash receipts were intact.

Two firemen encountered minor injuries. Arie Buurman, 55, of 262 West 20th St., bruised his back when he fell from a height of five or six feet at the scene. Marvin Freestone, 29, of 498 Harrison Ave., got a piece of glass in the little finger of the right hand. Both reported to Holland Hospital.

Buurman for X-rays and Freestone for treatment. Both were released.

## Pair Married in Bethany Church

Mr. and Mrs. Jerry De Vries (Joel's photo)

Miss Myrtle Brat and Jerry De Vries chose the Bethany Christian Reformed Church as the scene of their double ring wedding ceremony performed by the Rev. Edward Cooke Sept. 11 at 8 p.m.

The church was bathed in candlelight from candelabra and the decorations were bouquets of mums, gladioli and palms and ferns. The pews were touched with huckleberry greens and white bows.

Miss Brat was escorted to the altar by her father as she wore a taffeta gown which featured a sabbina neckline which came to a V in the back. The gown was trimmed with scalloped hand-clipped rose point lace embroidered with sequins and pearls. Her train fell in five tiers of ruffled taffeta trimmed with rose point lace. Her veil of imported silk illusion fell from a pearl halo. Miss Brat carried a bouquet of pink roses centered with a white orchid.

The bride is the daughter of Mr. and Mrs. Peter Brat, 40 West 40th St., and the groom is the son of John De Vries, route 1, Zeeland.

## Hope Player Returns Punt For 78 Yards

Hope College's football team started its 1959 MIAA campaign with a 7-0 decision over Albion College on a rainy, wind-swept Riverview Park turf Saturday night before more than 4,500 fans.

The victory avenged the lone loss suffered by the Flying Dutchmen last season and put Hope in a tie with Kalamazoo and Hillsdale for first place in the MIAA.

Rain and wind struck Holland with about two minutes remaining in the first half and for a few plays late in the second half it was impossible to see across the field.

Although the wind subsided somewhat in the second half, the rain continued and formed large puddles several places on the turf. The weather bogged down both the Albion and Hope attacks in the second half and neither club had a serious threat.

It marked the fourth straight time the Albion-Hope game has been played in inclement weather. Two years ago in Holland, the field was covered with snow while last year it rained in Albion and in 1956 the game was played on a muddy field after an all-day rain.

Sophomore Sherwood (Sharky) Vander Woude, 18-year-old fullback from Randolph, Wis., was the game's hero as he returned an Albion punt 78 yards for the lone touchdown.

Vander Woude caught Dick Larson's punt on the Hope 22 and was hit by Rex Harkness. All MIAA second team end, but Vander Woude shook loose and pivoted out of Harkness' arms and started up the right sidelines.

With his blockers forming in front of him, Vander Woude gained speed and outran the Albion team. The touchdown came with 12:21 to play in the second quarter. Co-Capt. Bill Huijbregtse converted.

Late in the second period after Hope had punted to the Britons, Bill Friberg, ex-Grand Rapids JC quarterback, fumbled a handoff and senior tackle Tom Moore recovered the fumble. This is Moore's first season of football at Hope.

Hope tried to move in just as the rains came and halfback Gordie Blakeman stopped the threat with a pass interception on the goal line.

Albion's deepest advance in the first half was its own 49-yard line made during the first quarter.

In the second half, any deceptive offense was out of the question and the teams played in hopes of the other club making a costly mistake. The teams exchanged third down punts early in the third period and late in the quarter Larson, back to punt, missed the high pass from center and Hope took over on the Briton 40.

The Dutch moved to the 33 but failed to make a first down and just as the fourth quarter opened Friberg hit end Monte Clute on the Albion 46 for the Britons' lone first down in the game. Jim Hurd ran to midfield on the next play. Vander Woude then intercepted Friberg's pass on the 50.

Larson got off a 50-yard boot later in the game and put Hope on its own 22 but Hope's Duane Voskuil kicked out a few plays later to the Hope 45. A final Albion punt was dropped by freshman halfback Jim Shuck on the Hope 15 late in the game but Vander Woude recovered.

After Hope picked up a first down on the 30 three plays later on a roughing the kicker penalty, Hope again kicked out to the Hope 40. Then Vander Woude intercepted a second Friberg pass to end any threat. The Dutch 40 was the deepest Albion got into Hope territory in the game.

Voskuil, who was bothered with a hip injury, led the Hope ground gainers with 68 yards in 18 carries while Jerry Hendrickson followed with 21 yards in five carries. Hurd made 27 yards in 10 carries and Mike Stone had 20 yards in 10 carries.

Hope's offense looked good in the first half with its man-in-motion.

## Van Raalte's Praised for Fine Service

Van Raalte's Restaurant in Zeeland, one of Western Michigan's most popular eating places, each week receives numerous notes of commendation for the wonderful food and service given their customers both in the restaurant and as caterers.

Following is part of a testimonial from the Michigan Blueberry Growers Association who had its annual membership dinner for 575 at the restaurant: "It is my desire, through this letter, to express our appreciation for the hospitality shown us during our Annual Membership Dinner held at your establishment. We may poach on your time to give our thanks to your entire staff for a job well done as it was their knowledge and understanding of their duties that made the dinner so successful. It was not uncommon to hear 'That was the best meal we ever had at any of our meetings.'"

A large company which had Van Raalte's catering service at a picnic held at Johnson Park said: "There are always two very necessary and important factors which go hand in hand so that an excellent outdoor picnic may be realized. These factors are good weather and good food. For the evening we were very fortunate to have both. Your service again, as in the year past, were excellent in every detail. It is always a pleasure to work with you in these affairs."

A complimentary note also came from a representative at Michigan State University. In part it was as follows: "While on a field trip in Zeeland, a group of Hotel and Restaurant students from Michigan State University visited your restaurant for lunch. We were amazed to find such a fine operation in a small town the size of Zeeland. It left a lasting impression on the students. I must say Your restaurant was the topic of the conversation for the remainder of the trip. It is seldom you find a restaurant with such fine food, excellent service, pleasant atmosphere, and very reasonable prices—anywhere."

## Firemen Raze Old Vacant Buildings

ZEELAND (Special) — Firemen from Holland Township Fire Station No. 3 razed several vacant buildings on North Michigan Ave. in Zeeland, Saturday. The buildings belonged to De Witt's Hatcheries, Inc. of Zeeland.

Acting on an affidavit from the insurers of the buildings, firemen set fire to the buildings shortly after noon, according to Fire Chief Bert Schuitema. Firemen remained on hand to supervise the destruction and to prevent any possible spreading of fires.

The buildings were considered to be a fire hazard to the newly developing residential area. Schuitema said, and many property owners in the area had complained about the unsightly structures.

In addition to performing a service to the community, Schuitema said, the operation provided a useful drill for the volunteer fire crew.

Firemen at one time had 13 lines running from three hydrants shooting water on the fire. The clouds of smoke earlier made it virtually impossible to get

hoses into the front of building. Adding to the problem were no windows on the west wall, glass brick windows in the front and only a few windows at the rear of the building which opened into a storage room and kitchen. Two firemen received minor injuries during the fire.

PLAN YOUR COLOR TOUR NOW — This picturesque fir tree just off 168th Ave. adds an interesting note to the landscape during the autumn colors which have begun to unfold in Michigan, providing excellent excuses for color tours all over the state. For those who do not plan overnight trips up north, there are several tours around Holland offering plenty of color.

## Color Pageant Has Begun; Several Local Tours Listed

Dame Autumn has begun her annual journey through Michigan. Through the fields and forests of the lower peninsula, over the Straits of Mackinac and sweeping across the upper peninsula, the majestic march of color signals the end of summer and the coming of the mellow interlude that precedes winter.

This Michigan color pageant prompts color tours. For those who feel they cannot take a couple of days to roam the state at large, there are always trips through the highways and byways near home to give a satisfying feeling of communing with Nature at her best.

The Grand Traverse region has eight mapped tours covering a five-county area ranging from 22 to 175 miles in length. Charlevoix suggests three routes out of Boyne City. Petoskey offers "four tours through wooded lake areas of Emmet county. Cadillac charts four tours through Manistee National Forest. Reed City is the starting point for a circuit through the colorful Osceola county lakes area. Newaygo county, famed as one of the first in Michigan to promote color tours, issues maps featuring such points as "Little Switzerland," Big Prairie and Croton and Hardy dams.

Special fall color spots in the upper peninsula include Sault Ste. Marie and the nearby Newberry-Tahquamenon Falls area. Iron Mountain and the 20-mile expanse of color visible from the top of Pine Mountain. Escanaba's Bay de Noc area, Marquette's Sugar Loaf Mountain, Lake Superior shore drive, and the historic country of the Keweenaw peninsula.

Nearer home, Muskegon charts a shoreline drive north to the Whitehall-Montague area, and another to Fruitport.

The Holland Chamber of Commerce has drawn up four tours nearer home. They follow:

**Tour 1 (North)**  
Take River Ave. north to Lakewood Blvd., west on Lakewood to Lake Shore Dr., continue north to Port Sheldon. Visit the shoreline roads on Pigeon Lake, then return on Butternut Rd. to Quincy St., turn west to 168th Ave., south on 168th to Riley. At this point, driver may continue east on Riley to Butternut and return to Holland, or continue south on 168th to Lakewood Blvd. and home. Approximate mileage, 25 to 30.

## Fire Prevention Week Will Be Observed Here Oct. 4-10

Mayor Robert Visscher Saturday proclaimed the week beginning Oct. 4 as Fire Prevention Week and called upon all departments and agencies of the city government to participate actively in a campaign for improved fire safety. He also requested every citizen of the community to take part in relieving hazardous conditions and making the city a safer community in which to live and work.

Fire Chief Dick Brandt said the fire department would cooperate with other civic groups in using simple precautionary methods to prevent many damaging fires. "Even a small fire in which fireman can confine flames to one room costs the property owner two to three times as much to refurnish and repair as it did 10 years ago," he said.

He emphasized the following points:

1. Great damage to our city is threatened by rubbish fires. If we remove the rubbish from our cellars, attics and closets, fire losses will come down and many alarms will be eliminated.

2. Buildings classified as conflagration hazards should be protected by automatic sprinklers. Such installations will pay for themselves out of savings in insurance premiums and as a result our conflagration areas will be eliminated.

3. Basement fires are the hardest to fight. Firemen have difficulty fighting their way in and often do not know what the conditions will be when they reach the basement. Since a large percentage of all business fires originate in basements, if these also were protected by automatic sprinklers, our country's nearly one billion dollars in fire losses would be greatly reduced.

The chief emphasized the large number of fires caused from carelessness in handling matches and smoking. "Matches should be kept where small children cannot reach them and a liberal supply of ash trays throughout the house would reduce fires. If you value your life, don't smoke in bed."

Fire Prevention Week traditionally falls on the anniversary of the Chicago fire of Oct. 9 and 10, 1871, which wiped out the entire business section and a large part of the residential properties of the city. Holland was almost entirely destroyed by fire at the same time. Among the few landmarks standing today which survived the Holland fire are Ninth Street Christian Reformed Church, also known as the Pillar Church, and Van Vleck's hall on Hope College campus.
