Storm Sewer Proposed for College Ave.

City Council Names
George Lumsden to
Tulip Time Board

On recommendation of City Manager Herb Holt, City Council Wednesday authorized Consulting Engineers Black and Veatch to proceed with plans to engineer a storm sewer project in College Ave. between Graves Pl. and Sixth St. The fee is not to exceed \$2,500.

This storm sewer project, with costs estimated at \$60,000, is a necessary adjunct to Holland's storm sewer program and is designed to relieve serious flooding in certain areas in the downtown area. It is part of an extensive program drafted by Black and Veatch in a survey of storm sewers for the area answering the needs for the next 50 years.

Since this section of College Ave. also is the route of a projected sanitary relief sewer, City Manager Holt pointed out that the storm sewer might well be constructed at the same time. It is expected this street will be torn up next summer for the sanitary sewer, and doing both projects at once would eliminate tearing up the street a second time.

The city manager's report was accompanied by a report from the city auditor indicating sufficient funds in the Motor Vehicle Highway Fund to finance this section of storm sewer. A report from the city engineer also approved the procedure outlined by the city manager.

In other business, Council appointed George Lumsden to the Tulip Time board of directors succeeding J. J. Riemersma who has served many years on the board.

Council devoted a full 20 minutes to a public hearing for reviewing water main special assessment rolls for five projects, two in Holland Heights and others on Graafschap Rd., Montello Park and Apple Ave. area. Only one objection was voiced. Cost of all five projects was listed at \$49,011.66. Council finally okayed the assessment rolls and gave property owners until Oct. 19 to pay assessments in full. Thereafter there will be five equal annual installments on taxes.

Council approved a request from the Holland and Interlacy Bus Line for increases in fares for bus routes in the city. The new fares will be 20 cents instead of 15 cents, and seven rides for \$1.25 instead of \$1. Fare for children 5 to 12 years will be 15 cents.

A petition signed by 76 employees of Parke, Davis and Co. requesting better control of automotive traffic at the junction of Pine Ave. and North River Ave. was referred to the Traffic and Safety Commission.

A letter from the Liquor Control Commission requesting Council action on a request from Delwyn P. Van Tongeren and Donna J. Gier for transfer of the 1960 tavern license, SDM license and official food permit from Clarence E. and Lillie Smith, was referred to the city manager for study and report. The transfer involves changing location from 180 River Ave to the Van Tongeren establishment on the US-31 bypass at 16th St.

Councilman John Van Eerden, chairman of a special committee to deal with salaries and wages, recommended that city employees be granted an additional holiday a year (a half day before Christmas and a half day before New Year's Day) but Councilman Richard Smith questioned costs to the city. The subject was referred to the city manager for study and report.

Council tentatively approved an arrangement whereby the Hospital Board would lease to the Ottawa County Chapter of the American Red Cross approximately 7,000 square feet of hospital property for the purpose of erecting a building to house chapter headquarters and a blood bank center in order to meet new national standards for blood banks. The lease will run a maximum of 35 years, contingent upon a satisfactory building, sufficient offstreet parking and other accessory items deemed necessary. A lease will be presented at a later date.

Council accepted with thanks a gift of microaire equipment (a pollen filter) to Holland Hospital from Dr. B. Van Zwalenburg valued at \$264, and a \$15 gift to the Library Board for the purchase of children's books in memory of the late George De Vries.

City Clerk Clarence Greengood reported that the application for a license submitted by Ernest and Henry Prince to operate the Wooden Shoe Taxicab business has been withdrawn.

Council approved low bid of \$895 entered by Donald Brink for demolition of the Mercury garage building at 16 West Seventh St. It was the lowest of three bids. Council also okayed a release from the existing lease held by Mercury garage on vacating the property. Plans are being made to improve this city owned property for parking lot purposes this fall.

Circuit Court, County Board Meet Monday

GRAND HAVEN (Special)—The court house in Grand Haven will be a busy place Monday with the opening of the October term of Ottawa Circuit Court at 11 a.m. and the opening of the October meeting of the Board of Supervisors at 1:30 p.m.

Among cases on Prosecutor James W. Bussard's calendar are an appeal from a Holland Municipal Court sentence of Steve A. Kuna on a charge of furnishing alcoholic beverages to a minor, an embezzlement charge against Robert Landwer, a charge against Duane Vander Yacht of Holland on possession of immoral photographs, and a charge against Raul Banda of Holland for unlawfully driving away an auto.

The October session of the Board of Supervisors usually lasts two weeks. This involves adoption of the county budget and apportionments of taxes.

The board likely will decide what is to be done with the old jail building since the new jail is expected to be ready for occupancy by the first of the year. Final plans also will be made for a county juvenile detention home.

At the April session, a tentative county budget of \$1,281,280.40 was approved by the board but the ways and means committee has requested that not more than \$1,150,000 be raised through taxation. The 1960 budget was \$1,002,238.

A site has been purchased for the proposed juvenile detention home and most of the estimated \$110,000 is expected to be raised by the end of the year. Preliminary plans call for a wing-type structure with room for four girls and eight boys.

GE Picketing Still Peaceful

Peaceful picketing continued today at the local General Electric plant on the fifth day of a nationwide strike, called by the International Union of Electrical, Radio and Machine Workers affiliated with AFL-CIO.

City police early today swept up some 40 roofing nails which had been strewn at the entrance of the drive to the plant.

Shortly before noon, Al Wassink, president of local 931, dispatched a letter to General Manager Ab Martin proposing that since management as well as union wants to avoid violence that the company shut down its production operations effective Monday, Oct. 10.

The union said it would assist in providing the needed skills to accomplish this task in an orderly manner. In such case, the union would put two pickets at the main plant gate and guarantee all supervisory and salaried personnel "complete and free entrance and exit from the plant." The union feels that management and labor would then be free to continue negotiations.

Martin indicated he would study the situation before commenting. It was reported that seven hourly employees crossed the picket line today.

The Mission is being conducted simultaneously in 35 parishes and missions of the diocese, with more than 50 congregations participating. It inaugurates the Evangelistic Year which Bishop Bennisson has designated 1960-61.

The Rev. Walter P. Hurley, rector of St. Paul's Church, Muskegon, is the Missioner at Grace Church, while the Rev. William C. Warner is Missioner at Muskegon. Fr. As Fr. Hurley preaches, the only light in the church will be focused on the pulpit. Following the period of silence a bell will be rung and the service will close.

Early arrivals at the Mission, and those who stay while afterward, may confer with the Missioner, place question in the question box, and make selection of pamphlets and tracts on the Church's teachings.

A reception for the Missioner will be conducted by the women of Grace Church in the parish hall after the Sunday evening service. Another coffee hour will follow the final evening service on Friday.

City Council Considers New Wards

City Fathers Hope
To Effect New Program
For Spring Elections

City Council Wednesday night authorized City Clerk Clarence Greengood and City Attorney James E. Townsend to proceed with work in redistricting Holland's six wards with a view to accomplishing such a change in time for the spring elections.

A special charter amendment committee headed by Councilman John Beltman has been studying new ward boundaries for several months with a view to a better distribution of ward areas and voters following annexation programs and changes in the national census.

Under the new arrangement, ward 1 would consist of that area north of 16th St. and east of College Ave. This would include the Holland Heights area which lies east of Federal district which did not annex to the city. Ward 2 would be bounded by 16th St. and west of College Ave.

Ward 3 would be small in area but relatively heavy in population. It would be bounded by 16th and 28th Sts. running from Central to Van Raalte Ave. Ward 4 would be bounded by 16th and 32nd Sts. running from Van Raalte Ave. to the west limits at 156th Ave.

Ward 5 would consist of all the city area south of 32nd St. in Allegan County, plus a segment running from 28th to 32nd Sts., bounded by Lincoln and Van Raalte Aves. Ward 6 would consist of the area bounded by Central Ave. and the east limits running roughly between 16th and 32nd Sts. This would exclude a corner running from 28th to 32nd Sts. between Lincoln and Central Ave. which would be in the fifth ward.

Based on present registration figures, voters in the new wards are estimated as follows: ward 1, 1,725; ward 2, 1,878; ward 3, 2,157; ward 4, 1,711; ward 5, 1,473; ward 6, 1,662.

In explaining the program, City Attorney Townsend pointed out that consideration was given to drawing the "internal" wards (wards 2 and 3) with heavier voter registration inasmuch as these wards have little or no room for expansion. All other wards have considerable newly annexed areas.

According to city charter, the redistricting of wards is done by ordinance, and Council is mainly concerned with setting up effective dates so that the transition can be made with the least complication. Such redistricting means that Councilman Nelson Bosman would be out as third ward councilman since he would be living in the first ward, and Councilman John Van Eerden would be out as fifth ward councilman since he would be living in the new third ward.

Consequently, the city clerk and city attorney were instructed to proceed with plans for setting up precinct lines within the wards, and work toward accomplishing the change as smoothly as possible. This probably would be accomplished before Jan. 19 which is the deadline for candidates for mayor and councilmen in the spring election.

Student Frolic Results In Damage to Automobile

Holland police were called to help control a group of Hope College students with a mild case of pre-tug-of-war anxiety Wednesday night in downtown Holland following a slight mishap.

The group, about 200 strong, was marching down Eighth St. pulling a long rope. Police reported that the windshield of a car driven by Jean Timmer of 670 Myrtle Ave. was broken by the rope. The Timmer car was stopped for a traffic light at the intersection of Eighth St. and College Ave. when the mishap occurred.

Police said the sophomore class at the college offered to pay the cost of repairing the Timmer automobile.

Chix Grab 3rd Straight Victory

ZEELAND (Special) — Zeeland backs Ron Glass and Bob Elenbaas tore through the line almost at will and Glass scored three touchdowns Friday night, as the Chix took a 26-6 win over Coopersville to the delight of Queen Carol Ver Beek, her court, and a large homecoming crowd. It was the third straight Zeeland win.

Glass amassed 36 yards in nine carries and Elenbaas, helped by a 46-yard romp in the third quarter, carried for 88 yards in nine tries to pace the Chix' attack. In the meantime, the Zeeland line hung together like a wall, holding the Broncos to a minus six yards in the first half and 100 yards in all.

Glass struck first after three minutes were gone in the game, going up the middle for 21 yards and the score. Quarterback Chuck Ter Haar converted for the TD which had been set up by a 22-yard run by Elenbaas.

The Chix drove down to the Bronco 18 just before the quarter ended, and Glass drew blood again. This time it was an 18-yard run, through the same hole in the Bronco line. The conversion attempt failed.

Elenbaas and Glass sat out the third Zeeland tally in the second quarter, when Ter Haar passed to John Roe for 38 yards, putting the ball on the Coopersville 10. Ter Haar then threw to Rog Kroodsmas in the end zone, and converted, to make the score 20-0.

But the two senior workhorses were at it again in the third quarter, as Glass capped Elenbaas' 46-yard crowd-pleaser with a 28-yard sprint over the end zone stripe. The drive started on the Zeeland 10-yard line, where the Chix had held a Bronco threat.

Joe Pulte finally put Coopersville into the scoring column with a six-yard carry on the end of a series of laterals from the quarterback to a halfback to Pulte. The Broncos had hammered their way to the Zeeland six on their only sustained drive, before Pulte skirted the left end.

Zeeland coach Jarold Groters said Zeeland's defensive play in the first half was the best he has seen while at Zeeland. It was "second to none," Groters said, as the Chix defense held the Coopersville offense to a negative six yard rushing in the first half.

"It was a great team effort and it was hard to single out an individual," Groters said. "We had tremendous spirit and the boys played aggressive, rock 'em, sock 'em football." Groters said.

Zeeland's pass coverage was tops and frequently the Chix threw the Coopersville backs for losses. Everyone played in the game with the exception of three newcomers, Jim Berrens, Ken Morren and Ron Hart, who joined the club this week.

The Zeeland seconds, who played all of the fourth quarter and part of the third, appeared to have overcome some of their jitters which were noted against Otsego.

Groters was pleased with the running of Bob Elenbaas, who had two touchdowns called back, and the work of Ron Glass and the offensive line on its blocking and also the defensive work of the line.

The Zeeland line was composed of Paul Nyenhuis, Wayne Veneklasen, John Roe, Tom Postma, Bob Schrotenboer, Dave Arendsen and Bob Meyers. Groters said that Chuck Ter Haar called his best game and John Van Kley showed up well with the reserves. Coopersville scored its touchdown against the Zeeland reserves. Schrotenboer led Zeeland with 12 tackles and Paul Nyenhuis and Dave Arendsen each had seven.

Panthers Drop 24-13 Home Opener

Gobles spoiled the home football debut of West Ottawa here Friday night with a 24-13 win in Riverview Park.

The Panthers scored first and held a 7-6 halftime lead but the Gobles strength told in the second half.

Bill De Graaf completed a 69-yard pass to George Donze for the first West Ottawa touchdown midway in the first quarter. The pass covered 25 yards and Donze sprinted the rest of the way.

Tackle Ed Terpstra moved to fullback for the extra point and smashed through the center for the tally.

Gobles scored later in the first period on a 28-yard pass from Cooley to Wesler. The Tigers missed all of their conversion attempts. The winners took the third period kickoff and marched 87 yards down the field for the go-ahead touchdown. Cooley climaxed the drive with a three-yard smash.

Gobles scored again in the third period on a five yard end run by Jerry Mansfield.

West Ottawa scored its second touchdown in the fourth quarter and narrowed the score to 18-13. Four passes covered 54 yards and moved the ball to the two-yard line where Bill De Graaf sneaked over. Terpstra's plunge was short.

The final Gobles touchdown was scored on a 20-yard run by Cooley. The Panthers had the ball on the 20 and tried four passes but failed to get a first down and the Tigers took over and Cooley scored on the first play around the end.

West Ottawa fumbled five times in the first half and lost four of the bobbles while Gobles was bothered by penalties and had 75 yards marked off in the first half. Gobles had two touchdowns called back in the first half because of penalties.

The Panthers had the ball only two plays in the third quarter but the fourth period was evenly played.

Coach Ron Wetherbee singled out Marty Vande Water's defensive play as a corner man for West Ottawa and felt tackle Glenn Bareman was much improved.

Hudsonville Stops Rogers For 3rd Win

GRAND RAPIDS (Special) — Hudsonville High grid coach Dave Kemper emptied his bench early in the second half with a 25-0 lead, and watched his reserves rest the rest of the night as the Eagles notched a 25-7 win over Grand Rapids Rogers here Friday night.

The Eagles regulars started fast, scoring on the third play of the game when Larry Boldt ran off tackle for eight yards and the first touchdown. A 44-yard run by Rog Abel was called back by a clipping penalty later in the quarter, but Abel scored anyway in the closing seconds on a 10-yard run. Brandt added the extra point, and the Eagles led 13-0.

With one minute to go in the first half, Abel threw to Terry Gale for 15 yards and a third touchdown. Brandt's kick was blocked, and the Eagles trooped off with a 19-0 lead at the intermission.

Kemper inserted his subs after Don McCow broke loose for 80 yards and a touchdown in the second play of the third quarter. The conversion attempt was missed.

Rogers scored in the final quarter when Brown plunged through the sub Eagle line, and O'Connor ran the extra point.

It was the second OK league win and the third overall for the Eagles in three starts this season. Kemper said he was pleased with the work of his first unit, which had several long gains and touchdowns called back by penalties.

Reserve end Gary Peasely and quarterback Bob Nyenhuis were also impressive. Kemper said.

2 Schools Haul Drinking Water

ALLEGAN (Special) — Lack of rain this fall is causing two rural Allegan county schools to haul drinking water in milk cans and many farm families are in the same boat, according to George Maguire, sanitarian for the county health department.

Maguire said nitrates in water supplies for two schools have made the water unpalatable "but not dangerous."

The problem is attributed to the fact that water tables have been lowered in local areas by high volume pumps. As a result, Maguire indicated that water is being drawn from greater distances and in some cases from swamp areas containing the nitrates resulting from decayed vegetable matter.

Maroon Harriers Win 3rd Straight

Holland Christian's cross country squad copped its third straight win on the American Legion course Friday afternoon by stopping Muskegon Christian, 20-41. It was Christian's third meet of the week, having whipped Allegan and Unity Christian earlier.

The Maroons were without the services of their No. 1 man, Doug Windemuller, who pulled a leg muscle and did not run. However, the locals had no difficulty in stopping the invaders. Coach Phil Persenaire's crew was paced by two sophoms, Dave Tuls who won the first place honors, and Cal Boer who finished third. Muskegon's Vic Yuric led his mates by taking second behind Tuls. The winning time was 10:11 and Yuric finished in 10:27. Fourth place honors went to Christian's Jerry Steenwyk, with the Maroons' Clare Van Wieren taking fifth.

Muskegon's Morris Ringelberg finished sixth just ahead of Holland's Paul Tuls in seventh spot. Following Tuls were Holland's Cal Deur, Frank Visser, Jim Fredricks and Henry Bierling before Muskegon runners could pick up any points.

Fennville Takes 19th Straight Win

FENNVILLE (Special) — Fennville High's Blackhawks made a homecoming a complete success here Friday night as they handed queen Merry-Jim Dickinson a 25-0 win over Bloomingdale, and chalked up their 19th straight victory, covering three grid seasons.

The Blackhawks climaxed a 55-yard first-quarter drive when John Damanskas went seven yards off tackle for the first touchdown. The conversion attempt was no good.

Fennville scored twice in the second quarter, as Laddie Mesary went 12 yards over guard and Hank Barnes skirted the end for 35. Chuck Kwiatkowski ran for the conversion on Barnes' TD.

There was no scoring in the third quarter. Quarterback Ted Strnad intercepted a Cardinal pass and went over, but a clipping penalty called the play back.

With the reserves playing in the fourth quarter, Fennville fumbled on the 20, and was backed to the five by a penalty. But the Blackhawks line stiffened and held on the six-inch line, where the final scoring drive began.

Damanskas smashed to the eight in two plays and Strnad went to the 20, to take the ball from the shadow of the Fennville goal. Then Hank Barnes ripped off a 55-yard chunk to the Cardinal 25 and Barry Gooding carried to the 12. Damanskas climaxed the drive when he tore off tackle for 12 yards.

No count on the crowd was available, but school officials believe it was the largest crowd ever to gather for a Fennville Homecoming.

The Blackhawks travel to Lawton next Friday night for another Al-Van League game.

Dutch Seconds Capture 3rd Straight Win

MUSKEGON HEIGHTS (Special) — Scoring the first two times they had the ball, the Holland High reserve football team rolled a 26-9 win over the Muskegon Heights seconds here Friday afternoon for its third straight win.

Tom Essenburg ran 25 yards on an end sweep in the first quarter for the initial Holland touchdown the first time Holland had the ball. Then the second tally came on a two-yard plunge by Tom Elenbaas to climax a drive the second time the Dutch gained possession.

Tom De Puydt scored from one yard out in the second quarter for the third Holland tally. Carl Walters kicked conversions after the first two touchdowns and Holland led 20-0 at half.

In the third quarter, Holland scored its final touchdown. Walters was back to pass but the ball was deflected into the arms of end Jerry Baumann and the alert Baumann was off down the field for 53 yards. Walters missed the conversion.

The Heights scored in the second quarter on a safety and later in the period on a three-yard plunge by Dan Phillips. Dan Stewart made the extra point.

Coaches Tom Carey and Carl Selover felt that the blocking and tackling needed lots of work. Holland's work early in the game looked strong but as the game progressed the coaches were disappointed with the play and plans call for plenty of work on offense next week.

De Puydt, Richard Vander Kolk and Richard Essenburg stood out on defense for the Dutch.

TRAFFIC AND PARKING

More and more problems are confronting the cities of Michigan where there are state and national highways moving through the cities.

Each year there are more and more automobiles built and while some of the newer ones today are some shorter and narrower the parking problems continue to crop up. Grand Rapids has had the problem. Now we find that Muskegon has secured a court order against the State Highway Commissioner in his work on future projects. Apple Avenue Merchants in Muskegon have secured a temporary restraining order to block enforcement of the Highway Department's no parking signs along the street or M-46 through the city.

This will allow time for some negotiation as the show-cause hearing is set for Oct. 20. Now the question comes up just where are we going to park? Many cities all over the state and in the congested parts of our country are finding the parking problem more and more acute. People just do not want to walk. Many people continue to drive a block. In fact, we do it ourselves and many of our people drive when they could walk faster.

There are the meter feeders and the people who allow their automobiles to spend most of the twenty-four hours parked on the streets, highways, or on some parking lot. This is the great American way and we like it. It is costly but we still like it.

There may come a time when we will have to double deck automobiles in our business areas. It is being done in some of the bigger cities. Parking garages are and have been built under our parks. Here again this all costs money. Just think how many people could walk a few blocks and this would solve a lot of problems. We could no doubt then handle more of the people who would like to drive down to our central business district and do some shopping. Think it over. The time may not be far off when we may have the same problem.

Accident Record Improves Slightly

Holland's accident record for September showed a slight improvement over the previous month, according to Holland police Traffic Safety Sgt. Ike De Kraker. September's record listed 69 accidents in the city, compared to 75 in August.

De Kraker reported 46 minor accidents and 23 major accidents involving property damage over \$100 or injury to a person. Persons were injured in nine of the mishaps, De Kraker said.

Failure to yield the right of way and failing to maintain an assured clear distance each accounted for 12 mishaps, according to De Kraker. Five accidents were caused by defective equipment.

Police issued 509 traffic violation tickets. Speeding was the biggest single violation with 296 arrests. A total of 73 drivers were ticketed for running stop signs and signals, De Kraker said.

The Adoration of God

Psalm 24

By C. P. Dame

Some people have ideas about God which are out of harmony with biblical teachings. When we have a great conception of God we will feel that he is worthy of our adoration and praise. The 24th Psalm tells us about a great God.

I. The earth belongs to the Lord. Psalm 23, which is so familiar, is personal. Psalm 24 portrays a congregation worshipping and tells of corporate worship. A Christian is conscious of a personal relationship with God but he also feels the need of worshipping with others. The Psalmist teaches that this earth belongs to God—he created it and maintains it. The words, "the fulness thereof" and "they that dwell therein" refer to the people who live here.

Some people think that all their possessions are theirs but they forget that God has the first mortgage on everything they claim. Believers in God's ownership worship him and thus recognize him as Owner of all. People who tithe confess that what they possess really belongs to God. It was God who formed the seas and the dry land and fixed their boundaries, and originated the laws which govern this world. We who are learning more and more about this universe ought to adore God more than ever.

II. God the Creator is holy, and he wants his people to be holy. What kind of worshippers please the Lord? The Psalmist answers this question for us. The worshiper should have clean hands which indicate a clean heart. There are people with clever, smooth, dirty, slothful, hands—the Lord demands that the hands should be clean. The Psalmist also mentions the source of all our troubles. The Bible says much about the heart for out of it are the issues of life.

Another trait is given in the words—"who hath not lifted up his soul into vanity." The word "vanity" refers to that which is unreal, false and passing. To the Hebrews it meant idols for they were the imaginations of men, and did not exist. The man who shall stand before God and worship will "not swear deceitfully." The worshiper who pleases God hates false speech, unreliable remarks, dishonest statements, and keeps his promises and vows.

A holy God demands holiness in the hearts of those who worship him. It has been said that the character of God determines the character of the worshiper. The Lord says, "Be ye holy for I am holy." God wants his worshippers to show by their conduct that they are eager to be holy. Faithful church going should be followed by consecrated Christian living. God promises to bless the true worshippers. "He shall receive the blessing from the Lord, and righteousness from the God of his salvation."

III. God is the King of glory. Many scholars believe that Psalm 24 was written after David had conquered the stronghold of Zion and made it his capital. When David brought the ark of the Lord into the city the congregation chanted the words, "Lift up your heads, O gates" because the ark of God was being carried in the city and the ark suggested the presence of God. Take special note of the description the Psalmist gives of God—he is "the King of glory," "The Lord strong and mighty," "The Lord of hosts."

Today we honor Jesus Christ as the King of glory who longs to come into the hearts and homes of men and rule there. The Lord who owns and rules this world is also able to direct human hearts.

Solicitors Get Cards

The Holland Chamber of Commerce today reported that starting on Oct. 1, many of the reputable magazine solicitors obtained new credentials.

These credentials include being registered as solicitors with the Central Registry of Magazine Subscription Solicitors in New York. The solicitors are authorized to solicit subscription sales and the subscription agency which authorizes them to sell is bonded with Central Registry to guarantee that subscription orders will reach the publishers.

Wm. H. Vande Water, executive secretary of the Holland Chamber, has been registering traveling magazine crews of subscription agency members of Central Registry as a public service. He said that a copy of the credential card is on file at his office.

According to Central Registry, it will be issued only to those solicitors properly registered with it by its member-agencies. Cards will be re-issued in a different color every 90 days and will be good only for the period in which they are issued. Prior to each re-issue, a check will be made of the solicitor to determine whether he is still authorized by the agency.

Central Registry was created by Magazine Publishers Association, Inc., and the Holland Chamber is co-operating with the magazine subscription industry's program of voluntary self regulation by filing reports on solicitors registered at its office.

These then go to the National Better Business Bureau, the solicitor's agency and the Central Registry for their action. Chambers of Commerce and Better Business Bureaus all over the country perform similar public services.

Ottawa County Farm News

A new insect has been uncovered in Christmas tree plantings by Jim Butcher of Michigan State University. The insect appears to be a serious threat to Scotch pine plantings. Damage from this insect has been apparent over the last five years but was not identified until last week.

The following is the statement made by Dr. Butcher as to the description, activity and control of this insect: "Many Christmas tree growers who plant new seedlings between freshly cut stumps are finding that the new seedlings and often the larger trees are being fed upon by weevils (snout beetles). The beetles are active now and the injury is apparent as 1/4 inch diameter feeding scars on the terminal branches. Bubbles of pitch then form, crystallize, and the shoot appears warty. By the following spring, heavily injured shoots will turn yellowish-brown. The beetles feed as larvae in freshly cut tree stumps of many pine species.

If you are going to replant a clear-cut field of Christmas trees, you can avoid damage by waiting until the third year after cutting. If this is not practical, spray the stumps in May after cutting with 1 part Benzene hexachloride 11 per cent emulsion concentrate to 10 parts kerosene. If this is done thoroughly, and all slash (pine stems, large branches and stumps) are similarly treated or burned, the grower can plant seedlings immediately. If seedlings or trees are being fed upon now, spray the foliage with HC at the rate of 2 lbs. 11 per cent BHC in 100 gallons of water. The beetles spend most of the daylight hours in the litter on the ground, so that a twilight broadcast spray when the beetles are feeding would be most successful.

We are planning a county beef tour some time during this winter. We are very much in need of a good beef mailing list. If you would like to be included to receive notice of the tour, and other information of interest, will you send us your name and address.

Dinner Meeting Opens Century Club Season

The Holland Century Club held its opening dinner meeting at Schuler's Hotel in Grand Haven, Monday evening.

Dr. Lester J. Kuyper, president of the club, welcomed guests and members. New members especially greeted were Miss Geraldine Dykhuizen, Anthony Kooiker, Mr. and Mrs. John D. Piewes, Dr. and Mrs. Sidney Tiesenga and Dr. and Mrs. Titus Van Haltsma.

The president announced that four long-term and faithful members had been honored by the executive committee with honorary membership. Those honored are Mrs. N. Bosch, Mr. and Mrs. W. J. Olive and Henry Winter.

Dr. Kuyper paid special tribute to two club members who had died since the club last met in April. Both, Mrs. George E. Kollen and Milton Hinga, were members who contributed much to the Century Club and the community.

The speaker for the evening, John E. Schley, resident agent for the United States Secret Service, addressed the club on the subject, "The United States Secret Service, What It Is and What It Does."

Mr. Schley opened his talk with the announcement that he is very proud to be a member of the "Rock and Roll Club of South America." To prove his membership he exhibited his membership card signed by Patricia Nixon, Secretary and Richard M. Nixon, President of the club. This signi-

fies that he had the privilege of helping to protect Vice President and Mrs. Nixon on the much publicized trip to South America in 1958.

The Secret Service dates back to 1901 when, after the assassination of President McKinley, the government took action to protect the president of the country. Prior to that time four attempted assassinations had been 75 per cent successful. Since 1951 the Service protects the vice president at his request.

Other duties of the 500 men who make up the corp of Secret Service staff are cracking down and acting in cases of counterfeit, dope traffic, robbery of treasury checks. Members of the Century Club were interested in various methods of counterfeit, particularly the comparatively easy way to "split" a dollar bill, also in the "100 art pieces" passed by a German artist at about the time of the turn of the century. This artist was successful to the extent of \$40,000. His "works" today are greatly prized and worth many times their "face" value.

The opening meeting was arranged by members of the program committee: Dr. and Mrs. Kuyper, Dr. and Mrs. J. W. Hollenbach, Mr. and Mrs. W. C. Wichers, Mr. and Mrs. Marvin Lindeman, Dr. and Mrs. M. L. Rider, Mr. and Mrs. Wendell Miles, Mr. and Mrs. Carl Harrington and Mrs. J. A. Stryker.

Another project started by the council on a community wide level is a publicity campaign through literature, speeches and other media, to bring to the people the seriousness of the threat of communism to America. He said that the literature would also take the positive approach in an effort to re-educate the public in the basic principles of capitalism and American democracy.
