Proposed Complex Explained

Architects Outline Further Plans for City Hall Plaza Area

Further plans for Holland's proposed government complex in the vicinity of City Hall were outlined by architects at a regular meeting of City Council Wednesday night in City Hall.

Architects Rodger Strop and Paul Vander Leek of the Kammeraad and Strop firm found a receptive audience among persons who crowded council chambers, mostly for public hearings and passage of the fair housing ordinance.

Vander Leek displayed artistic renderings of the City Hall plaza area and the proposed police department and central fire station on the site as well as a suburban fire station to be erected in the vicinity of 40th St. and the US-31 bypass.

Three bond issues will appear on the Nov. 5 ballot to finance the police station, the two fire stations, and a warehouse for park and recreational departments adjoining the street department warehouse on Fairbanks Ave. Total of the three propositions is \$2,125,000 or 1.75 mills for 20 years. Another building to house the Board of Public Works, the Engineering department and the Department of Environmental Health would be financed by the BPW.

The concept of placing these public buildings in the City Hall area, Vander Leek said, would enhance the entire downtown area. With Centennial Park serving as focal point, an expanding Hope College to the east would be educational, the City Hall complex to the west would be governmental and the proposed downtown mall development to the north would remake the commercial area.

The City Hall site for additional public buildings has been recommended as far back as 1953 when Holland's master plan was under study.

Vander Leek explained that no court facilities are included in the police department building since courts on the municipal level will be operated by the state after Jan. 1, 1969. It is expected the court will remain in City Hall and the proximity of the new police building would be highly advantageous.

One artistic rendering pictured the proposed plaza looking west on what is now 12th St., picturing the present City Hall and Herrick Public Library, the new police department to face east and the new fire station to have four bays on 13th St.

Vander Leek assured area residents that there would be considerably less noise than downtown where sirens are usually operated to clear traffic. He said police cruisers usually are dispatched from other points. Large fire rigs leaving the central station would have to use care in turning corners. One-way traffic on Pine and River Aves. effective in 1970 has received careful consideration in the plan. This calls for one way south on Pine and one way north on River.

Special emphasis was given need for a suburban fire station to serve the rapidly growing industrial park area in the south-east section of the City, where industry totaling \$17 million has been established. A suburban station on the proposed site of 40th St. and the bypass eliminates crossing two barriers, the railroad tracks and the highway. Vander Leek fully explained security measures in the police station, providing for a security entrance screening arrival of cruisers, etc.

The three proposed buildings in the government complex would be somewhat similar to the architecture of Herrick Public Library, and the suburban fire station would blend with the residential development in the vicinity of 40th St. The park department warehouse would be somewhat similar to the architecture of the street department warehouse.

One question of the audience dealt with modern design in view of the recently completed restoration of Third Reformed Church also supervised by the architectural firm.

Because of a heavy agenda and lateness of the hour, Council put off further discussion of the proposed development until another time.

Probe Breakin At Gas Station

Holland police are investigating a breakin at Jerry's Texaco Service at East 16th St. and US-31 bypass that occurred between 11 a.m. Monday and 7 a.m. Tuesday.

Police said entry was gained by breaking a window in the front door.

A total of \$40.92 in change was reported taken from the cash register along with 30 19-cent bags of potato chips.

Christian Schools Okay Classrooms

The adoption of a board of trustees proposal to add four classrooms with necessary restrooms and storage to the Rose Park Christian School highlighted the annual meeting of the Holland Christian School Society held Monday night in the high school auditorium.

William Vogelzang, chairman of the planning committee, presented information regarding the proposal and pointed out that the present school is taxed beyond capacity with kindergarten pupils using a nearby church for classes. He said the addition is not expected to exceed \$90,000. At present the school houses kindergarten through six and has an enrollment of 297 students.

New board members elected by the Society included Vernon Beelen, Adrian Geenen, Warren Mulder, Jack Vannette and Gordon Van Tuinen. Retiring board members are Paul Baker, Nick Yonker, Howard Johnson and Gerald Vande Vusse.

Supt. Mark Vander Ark presented his annual report on "the state of the Holland Christian School system," and made brief comments for emphasis from his prepared statement. He stressed enrollment trends and curriculum development reporting on vertical planning by subject areas as well as horizontal by grades and divisions.

He reported briefly on teacher salaries and gave recognition to the members of the planning and construction committee of the high school which has now completed its work. He noted that long range planning now relates mostly to the elementary level, mentioning a decline in birthrates and the shifting nature of elementary school populations as basic items in planning.

In the area of promotion he said, "It would seem that the year 1967-68 was climaxed with unparalleled recognition by school supporters and the community of the presence and program of Holland Christian schools."

Alvin Brouwer, assistant treasurer, presented the report on the general fund. On the revenue side of the ledger, the largest entry was \$765,000 received from tuition and contributions. The Sustaining Membership Fund contributed \$159,000. Other miscellaneous items brought the total revenue figure to \$1,048,636.77.

Instructional costs of \$811,719.00 formed the biggest item on the disbursement total. Administration costs were \$48,116.00 while operation of plants totalled \$94,342. Total disbursements amounted to \$1,407,186.86. Total contributions to the building fund during the current year amounted to \$254,322.84. The total debt on all buildings, including the 1½ million dollar new high school is now \$704,830.52. It was reported that it appears that the total figure on the new high school, including the development of the athletic fields, will still be under the estimated cost for the entire project.

The Rev. Charles Steenstra, pastor of the Faith Christian Reformed Church gave the invocation and the Rev. Andrew Van Schouwen, pastor of Oakland Christian Reformed Church closed with prayer.

Howard Johnson, board chairman, presided at the meeting, attended by 550 members.

Lightning Hits Three Area Homes

Three houses were reported damaged by lightning that struck during the thunderstorm that occurred around 8 a.m. Wednesday.

Mrs. David Hess said four windows on the south side of their home at 2448 Bluebell Ct. on Lake Macatawa were shattered when lightning struck the telephone wires, putting the telephone and electricity out of commission.

According to Mrs. Hess the accompanying explosion caused the rearrangement of a nearby retaining wall on the east side of the house. She said the cement wall apparently cracked and the chunks were moved out at different angles.

Mrs. Hess said she smelled something burning and looked out to follow flames on the telephone line from their house to the main line. She said shingles on the house were also burned. Lightning struck the northwest corner of the John De Graaf residence at 342 Garfield Ave., causing an explosion that knocked plaster off the walls.

The roof of the home was splintered by the strike and the carpet in the living room of the one-story, wood-frame house was charred, De Graaf said. Firemen from Holland Township No. 2 were called to the scene.

The fuse box was also hit and, according to an electrician, two fuses were blown apart and out of the box.

It was speculated the lightning ricocheted from a tree, striking the De Graaf home.

Holland firemen were called out to the John Van Huis Jr. residence at 223 Cypress Ave. at 8:45 a.m. today after lightning hit the television antenna.

Firemen said the strike caused a fire in a television jack on a wall and effected the wiring and some electrical receptacles and outlets. Damage was reported slight.

COFFEE CHAT AT HOPE—Hope College students Laura Mumford, a sophomore from Dolton, Ill., and Bob Cooper, a freshman from West Paterson, N. J., chat with world affairs

analyst David Schoenbrun (left) after his talk at Hope College Thursday night which attracted more than 600 persons. (Hope College photo)

Schoenbrun Offers Plan For Viet Withdrawal

World affairs analyst David Schoenbrun offered a plan for an honorable withdrawal by the United States from Vietnam Thursday night while speaking to more than 600 persons in Dimment Memorial Chapel on the campus of Hope College.

A former correspondent with the Columbia Broadcasting System and currently Senior Lecturer at Columbia University, Schoenbrun spoke out against United States participation in the Vietnam conflict.

He charged that the Vietnam war "is a mistake" and accused the United States of violating the United Nations charter by being there. He warned, however, that "the United States shouldn't turn tail and run from Vietnam."

His formula for ending the war would include halting bombing attacks on North Vietnam and the pulling of U.S. marines and soldiers from outposts that would become endangered by any de-escalation.

Schoenbrun claimed that the Paris peace talks will never lead to a solution and labeled them as "dialogs of the deaf" and "a complete fraud." He suggested that the United States, after stopping the bombing, sit down with not only the North Vietnamese, but the Viet Cong and South Vietnamese.

"If Saigon said 'no' then I'd give them an alternative — talk or we leave," he said.

Withdrawal or disengagement of troops, Schoenbrun suggested, should be gradual: "about 30,000 to 40,000 men a month."

Schoenbrun predicted that this generation would never see another World War and based his claim on the thermo-nuclear capabilities of the United States and Russia. "In past wars there were weapons which could destroy, but the nuclear bomb can make life uninhabitable and who wants that?"

The outspoken analyst criticized all three major Presidential candidates. He called George Wallace a "dreadful man" and labeled Hubert Humphrey and Richard Nixon "tired old wheelhorses now asking to be accredited to make the biggest mistake of all."

Schoenbrun saw favor in student unrest and demonstrations on college campuses. At the same time he urged the Hope students to forget mistakes of the past.

"There is a challenge for your generation," but do not waste your time criticizing what my generation has done. You have too big a job ahead," he said.

"Some of our greatest heroes were rebels," he observed. "Call Thomas Paine a hippie if you must, but look what he did for democracy."

"You are the takeover generation, but there are ways you can take it over through legal means," he added while encouraging the students to be active for the political party of their choice.

"This country is in no position to call students violent when they've killed a million Vietnamese and dropped more bombs on this small country than were dropped on Japan and Germany."

He was critical of the United States foreign policy and called for a re-evaluation. "We cannot retreat to complete isolationism, but our big problem isn't an East-West confrontation, it's a rich versus the poor and white versus the black confrontation right at home."

Continuing on domestic issues, Schoenbrun discredited reports that crime in the United States is increasing at "alarming rates" and labeled it as an attempt by FBI director J. Edgar Hoover "to get more money for his policemen."

Schoenbrun told the gathering that he felt Americans worry too much about Red China. "The only people in the world who think Red China is a power are Americans. We keep going around and saying 'there is no China,' 'there is no China,' but my friends there is."

"It is insane to keep Red China out of the United Nations," he added.

A proponent of the admission of Red China to the UN, Schoenbrun added: "Are we going to continue to ignore one billion Chinese because they don't run their country like we want them to?"

He called for a United States apology to North Korea in the Pueblo spy ship incident. "Aren't we strong enough to say we're sorry?" he asked. "Whether we intruded or not I want these boys (the 84 captured U.S. sailors) home with their families."

He viewed current Russian-United States negotiations regarding the supplying of arms in the Middle East as encouraging.

"Israel does not need another victory, but peace and the United Nations will only work when the ed Naions will only work when the great powers realize that they cannot intervene. Russia knows they cannot provide weapons to Egypt while the United States does the same for Israel because eventually both will be dragged into it."

"We are living in perilous times and maximum opportunity," he reviewed. "Only we can destroy American democracy, no one else."

Avant-Garde Musician Lectures Set at Hope

Composer Roger Reynolds will serve as a visiting lecturer in music of the avant-garde on the Hope College campus from October 2-4.

A highlight of his visit will be a public performance of his music on Thursday at 8:15 p.m. in Snow Auditorium.

Participating with Reynolds in the performance of his composition "Ping" will be his wife Karen and members of the Hope music department.

Reynolds, a native of Detroit, is recognized as one of America's leading experimental composers. His composition of

"Ping" includes five musicians, two slide projectors, a movie projector and electronic amplifiers.

"Ping" is based on a short story of the same name by Samuel Beckett. The text is not spoken, but presented visually by means of 160 slides. "In this way, the timing, overlapping, and tempo of word movement can be 'performed,' changing from presentation to presentation, and can 'sound' within each listener individually," explained Reynolds.

A film makes up the remainder of the visual materials while sound is provided by a tape recording containing several recent elements. Three live performers who play into contact microphones add to the unusual presentation.

Educated at the University of Michigan, Reynolds has been active as an organizer of concerts, particularly as a co-founder of the "Once" festivals in Ann Arbor, and as co-director of a series of concerts, events and workshops in Tokyo.

He has been the recipient of both Fulbright and Guggenheim Fellowships and is presently living in Japan as a fellow of the Institute of Current World Affairs.

Arthur Hills Tells Rotary About GVSC

Arthur Hills of Grand Valley State College gave a progress report on enrollment and the building program for Holland Rotary Club members Thursday noon at the Warm Friend Hotel.

Former Holland High School music educator and now Dean of the College of Arts and Science, Hills said GVSC enrollment this year has passed the 2,200 mark and is expected to pass 3,000 by 1970. The faculty now numbers more than 100.

The college opened in 1963 with an enrollment of approximately 250 and 14 faculty members.

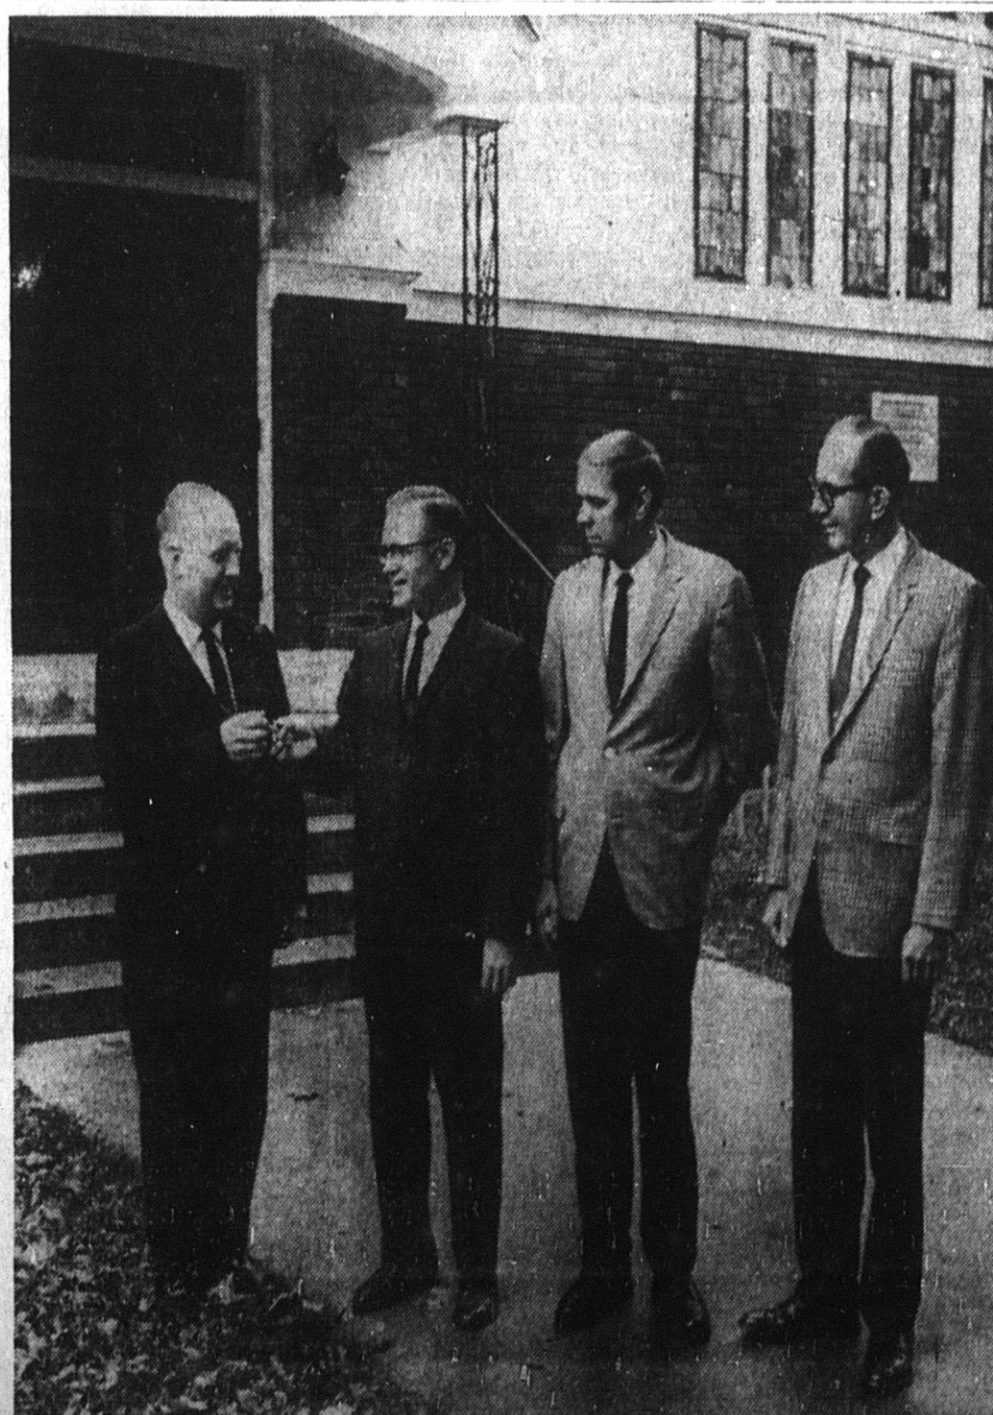

The buildings on the campus now number 12 and are evaluated at more than \$17,000,000. Some 40 per cent of the student body lives on campus, with the remainder commuting from Grand Rapids, Muskegon, and other neighboring communities.

Hills said the current cost of education at GVSC comes to about \$1,000 per student per year. Yearly tuition is \$375. The balance is supplied through taxes. Hills pointed out this is a worthwhile investment by the public in terms of future value to the nation and in immediate return to the economy of the greater GVSC area.

Toucing briefly upon the matter of college undergraduate unrest Hills said there has been practically none of it at GVSC. One reason, he said, is the continuing attempt of the administration to involve the student body in the objectives and policy ideals of the college. Floyd Folkert was chairman and introduced Hills.

"THERE ARE CHANNELS"

At the time of the Chicago street riots, we were told that a number of fine people were taken in by professional agitators and put into the awkward position of rioters. This is not an uncommon trick used by people interested in revolutionary tactics. Maybe a story out of Cambridge, Mass., illustrates the above.

An AWOL Marine veteran of Vietnam took "sanctuary" for two days in the Harvard Divinity School. Here he and his wife were presented, chained to five others. But the Marine had a change of heart and, in a statement to the press, he put on the line what has probably happened a number of times in the past months.

Cpl. Paul Olimpi said: "I feel I was used by various groups to publicize their political goals, whatever they may be. I don't want any further association with these groups. I am just beginning to realize that things can be done through proper channels."

This pretty well sums up a great deal of what has been going on in the country. There are channels open for dissent, and there are democratic means for making changes in government, but there are people who aren't really interested in either dissent or change. Their interest is the fomenting of trouble, riots, and in some instances, revolution. And if these people can make use of others, they will do so, being perfectly willing to discard these others when their purpose has been served.

The statement of Cpl. Olimpi is an excellent lesson in democracy, and it is also a sound warning to have a second look at those who claim to be for peace through revolution.

Sunday School Lesson

Sunday, Oct. 6
The Source of Our Faith
Hebrews 1:1-3a; 2:1-4; 3:12-15
By C. F. Dame

Since this lesson is the first of the last quarter of the year, let us take a look at the lessons of the quarter. Three are from Hebrews, two from I Peter, one from II Peter, two from I John, one from I and II John, four from Revelation. We do not know who wrote the Epistle to the Hebrews but we do know that it was written to Hebrew Christians who were tempted to return to Judaism. The writer proved the superiority of Christianity to Judaism and therefore he used the phrase "better than" often. Christ in His person and work is superior to the Old Testament prophets, to angels, Moses, Joshua, the Jewish high priest and his sacrifices. Jesus is God's supreme and final revelation—this is the truth this lesson teaches.

I. God spoke. In the Old Testament God spoke to and through His prophets "in fragmentary and varied fashion" unto the fathers, that is the people of Israel. God revealed Himself to Moses, giving him the Ten Commandments on Mt. Sinai, and to the prophets in the eighth century — Hosea, Amos, Isaiah, Jeremiah, Micah. In these last days, that is the period between the birth of Christ and His return, God has spoken by His Son. This revelation is superior, it is not fragmentary but complete, not temporary but permanent, not preparatory but final.

Note the seven facts which prove the superiority of Christ. He is the Heir, (ver. 2); the Creator (ver. 2); the Revealer (ver. 3); the Sustainer (ver. 3); the Redeemer, (ver. 3); the Ruler, (ver. 3), and He is supreme (ver. 4). The revelation of Christ is complete.

II. Warning words are ever needed. Note the warning about drifting away from the truth. The law was given by angels to Moses, see Acts 7:53 and Galatians 3:19. Disobedience to the law resulted in punishment. To neglect the greater revelation made through Christ and confirmed by wonders and miracles makes escape from punishment impossible.

"How shall we escape if we neglect so great salvation?" Would that this question were asked more frequently today! Many church leaders are concerned about racism, poverty, ghettoes, injustice, and our social problems, which is good, but where is their concern for the salvation of the lost? Let's get our priorities straight—the eternal and the spiritual come before the temporal and the material.

"Take heed, brethren"—these words are timely. We must take care lest there be in us "an evil heart of unbelief." The word "lest" is used three times, first against drifting (2:1), the second against departing (3:12), the third against being deceived (3:12). The danger is that heedlessness be followed by the hardening of the heart, which is caused by the deceitfulness of sin. We are urged to "exhort one another" so that we may not fall in this wickedness. Loyalty to Christ is important.

Two Agencies Seek Foundation Funds

Favorable action on requests for funds for the camp development fund of the Grand Valley Council of Boy Scouts of America and the Higher Horizons Big Brother and Big Sister programs was taken by the board of trustees and the distribution committee of the Greater Holland Community Foundation Monday.

Both requests were referred to the distribution committee headed by W. A. Butler and are now under consideration.

The camp development program which calls for a new camp of 1,050 acres of heavily wooded terrain on Tubbs Lake near Barryton was outlined by Dr. J. Raymond Christy and Robert Bickel. Such a camp would serve 16,300 Boy Scouts from a seven-county area for 30 to 50 years. Construction already has begun with a view to establishing first campsites by June, 1969.

The campaign goal is \$503,400 with pledges payable over the next three years. The area is large enough for five or six complete camps and when not in use for scouting camps would be available for community groups. Funds are being sought from business, industry, organizations, foundations, Scout families and individuals. When the new camp is in readiness, Camp Shawondosse, now in use, would be sold and proceeds used to develop a new and more rugged scouting experience.

The camp development committee is headed by Lee V. Mulnix Jr., president of Carpenter Paper Co., as general chairman and Paul G. Goebel, former Grand Rapids mayor as honorary chairman. Serving on the committee are Dr. J. Raymond Christy and Henry S. Maentz of Holland, Harold V. Hartger, John Hekman, John U. Otte Jr., Donald Porter, Joseph Van Blooy, Peter M. Wege of Grand Rapids, Paul A. Johnson of Grand Haven, and Cong. Gerald R. Ford Jr.

Bruce Struik outlined plans for the Higher Horizons program conducted by Hope College volunteer students. The program is requesting \$3,000 from the foundation to cover expenses from Sept. 1 through Dec. 30 when \$5,000 will be received from the United Fund.

Higher Horizons also has requested \$9,000 from the city of Holland for the enlarged program. This program began in

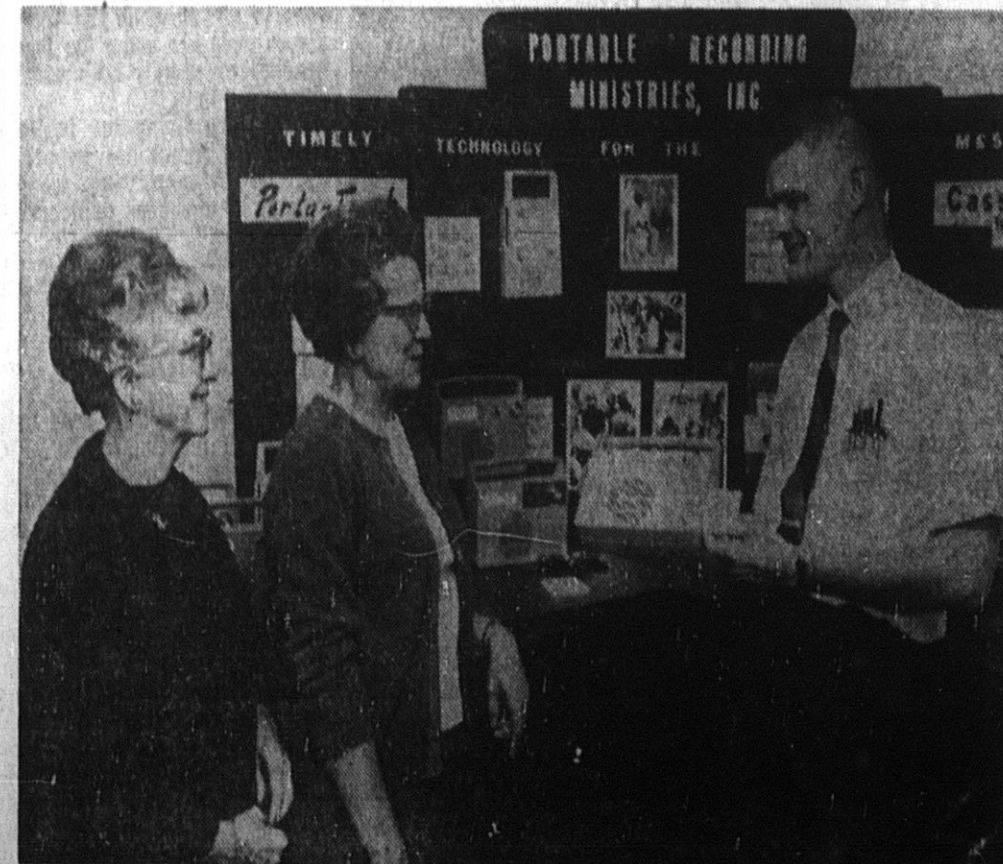

1963 with 40 college students involved. Last year 300 volunteer students gave over 2,000 hours of service to more than 300 local children in need of identification with responsible young adults.

These children are referred to Higher Horizons by local courts, schools and social agencies. The present staff consists of Struik, Mrs. W. Hillegonds and one secretary who plan and monitor services for children from kindergarten age through high school.

Attending Monday's meeting were James E. Townsend, president; John W. Fonger, Mrs. Kenneth Campbell, Clarence Klaasen, Peter Kromann, Dr. Otto Vander Velde, W. A. Butler, Marvin Lindeman, George Heeringa and Peter Boter.

Fumbles Key Victory for Catholic

Before a near capacity crowd in Riverview Park Friday night Grand Rapids West Catholic, displaying ball control, defeated Holland's football team, 20-14.

West Catholic was spearheaded by Bruce Walski who gained 94 yards in 26 carries on a display of hard power running. Holland coach Dave Kemper commented, "This fullback (Walski) is the toughest we'll run up against all year."

The Dutch won the toss and received.

Immediately they began a drive from their own 42 that took them to West Catholic's 14-yard line before the first of three costly Holland fumbles took its toll. Ken De Boer fumbled and Gary Kirchoff recovered for the Falcons.

Holland forced a punt and regained possession of the ball on West Catholic's 40. Following a first down on the Falcons 29 Gary Lound fumbled and George Tomaszek fell on the ball for West Catholic.

West Catholic then moved 70 yards in 14 plays with the score coming on a nine-yard gallop around right end by Walski. Michale Mysliwiec converted and the Falcons led 7-0 with 5:11 remaining in the half.

On Holland's first play from scrimmage following the kickoff Lound again fumbled and William Overkleef recovered for West Catholic on the Holland 37-yard line.

Ten plays later with 0:28 seconds showing on the clock Walski drove in from two yards out. Mysliwiec's conversion attempt was no good but West Catholic led 13-0 at the half.

The three fumbles, two inside West Catholic's 30-yard line stopped the Dutch momentum and coach Kemper felt the fumbles were the key to the game.

West Catholic appeared to have sewn the game up when they drove 23 yards, following a 15-yard personal foul penalty against the Dutch on a Falcon punt return, in four plays with Walski accounting for his third touchdown of the game. Mysliwiec converted at 6:38 of the third period and West Catholic led 20-0.

Following the kickoff the Dutch drove 59 yards in 12 plays for their first tally of the evening on a one-yard sneak by Max Glupker. Bernie Rosendahl converted and the Dutch trailed 20-7 with 0:55 left in the third quarter.

Lound accounted for 40 of Holland's 59 yards in the drive.

Holland had the ball with 8:17 left on the clock and began a 54-yard drive that resulted in a one-yard touchdown sneak by Glupker with 4:53 left in the game. Rosendahl converted and the Dutch trailed 20-14.

At this point Holland was moving the ball well offensively and had grasped much of the game's momentum from West Catholic.

However the Falcons came through when the chips were down and controlled the ball for 11 plays to run out the clock and not afford Holland another opportunity to score and possibly win the game.

Coach Kemper noted that the Dutch were "beat by a real good ball team" composed of 30 seniors and ten junior ballplayers.

Holland's inability to stop the Falcons' off-tackle offense paved the way for the Falcon runners, led by Walski, to hit those holes hard and drive for yardage. West Catholic lacked outside speed but were precise in grinding out yardage.

The size of the middle of West Catholic's defense was a hindrance to Holland's running game but Kemper noted "we knew trick plays would hurt them."

Holland ran a number of double reverses with Lound gaining 19 yards on one and De Boer 25 on another.

Lound led the Dutch rushers with 77 yards in 14 carries while De Boer was right behind with 74 yards in 15 carries.

Glupker, starting his first five of nine passes for 29 net yards. Dave Gosselaar was his favorite target catching three passes for 25 yards.

Holland (1-2 and 1-0 in conference play) hosts Grand Haven Friday night at 7:45 p.m. in what coach Kemper describes as Holland's "key game" of the season.

Kaper Hits Through Air For 2 Scores

Hope College opened its 1968 home football season with a 13-7 victory over Wheaton College in a hard fought contest which left the 2,500 patrons at Riverview Park limp from the excitement.

Hope's forte, its defense, overcame challenge after challenge by the Crusaders while an offense centered around a strong passing game in the second quarter proved just enough to spell victory for the Flying Dutchmen Saturday.

With 10:45 left in the opening quarter Wheaton began a drive that carried 48 yards in 11 plays for what proved to be their only score of the day. It came at 6:01 with Bill Scholl driving off left tackle from nine yards out. Jim McKean converted and Wheaton led 7-0.

After an exchange of punts Hope drove 59 yards in 13 plays for their first score. Groy Kaper hit Bill Bekkering with a nine yard toss at 11:51 of the second quarter for the score. Bekkering missed the extra point and Hope trailed 7-6.

Fullback Gary Frens led the drive picking up 22 yards on four carries while Kaper completed three passes for 30 yards. Wheaton then began their first of six drives that carried them deep into Hope territory only to be stymied by the rugged Hope defense.

Wheaton started from their own five yard line, driving to the Hope 20 where Bob Beaver fumbled for Hope.

Scholl, who gained 183 yards in 27 attempts to lead all rushers, gained 68 yards in the drive. After two punt exchanges Hope successfully went to the airways with 1:56 left in the half.

From their own 29 yard line Kaper hit Frens down the sidelines for a 31 yard pickup and on the next play faked back and connected with Rich Frank who was wide open on a post pattern.

Bekkering converted and Hope carried this 13-7 margin into the locker room at halftime.

Randy List fielded Frens' kickoff to begin the second half on his own six yard line and returned it 56 yards to the Hope 38 establishing the pattern for the second half which saw Hope advance beyond their own 39 yard line but once, and saw Wheaton stopped by the Hope defense four times inside Hope's 22 yard line.

After List's return Wheaton drove to Hope's four yard line where on fourth down three yards to go quarterback Rick Havens rolled right and was hit by Bill Leismer causing Havens to fumble with Ted Rycenga falling on the ball for Hope.

Wheaton held and Hope was forced to punt, the first of four in the half by Frens who kicked Hope out of trouble by averaging 41 yards a punt in the half.

Midway through the quarter Frens punted again from the Hope 27 to the Wheaton 31 where Joel Detwiler broke four tackles and returned it to the Hope 19 yard line.

On first down John Beaver gained 11 yards to the Hope eight.

From the eight Scholl left faked twice for four yards and on third down Beaver gained two setting up a fourth and two situation.

Wheaton gave the ball to Scholl who was hit by Walter Reed for a three yard loss and Hope had again held.

At this point with 1:38 left in the third quarter and Hope on their own five Nate Bowles carried the ball four consecutive times for 23 yards to get Hope out of trouble.

Hope gained one more first down to their own 39 before Frens again punted to Wheaton's 22 yard line.

Wheaton was stopped by Leismer's interception of a Havens pass on Wheaton's 38 however on a third and fourteen play from Wheaton's 26 Dick Parks picked off a Groy Kaper pass and ran it to the Wheaton 28.

Wheaton drove to the Hope 22 where on a fourth and three

play Leismer and Haveman combined to stop Scholl after a one yard gain.

Hope was unable to move the ball and Frens punted with Wheaton taking over on their own 40 with 1:46 on the clock.

Havens hit Craig King on a square out pattern for 24 yards to Hope's 36. Havens then ran for 12 to the 24. After an incomplete Scholl drove for 13 yards to Hope's 11 being stopped from scoring a touchdown on a fine tackle by Frens.

Then with a first down on Hope's 11 with 1:18 remaining Havens tried the same square out pattern to King on which he had beaten Bekkering twice earlier in the half. However, Bekkering in anticipation stepped between King and the ball at the goal line and returned the interception to Hope's 38 from which Hope ran the clock out.

Hope coach Russ De Vette felt the "key were the first downs we got to get us out of trouble, even though we didn't get many of them."

De Vette explained that although Bekkering had been beaten twice by King we "couldn't take him out of there because he had been playing this guy the whole game."

De Vette praised the running of Bowles and the blocking and punting of Frens. He also felt Hope's defense was very tough when it got down to what end coach Ken Weller described as the "nitty-gritty" of the game inside Hope's ten.

Hope won 2-1 for the season will host defending MIAA Champs Alma Saturday. Alma has won three straight games this season following last year's record of being the only undefeated college team in Michigan.

Defense Registers 3rd Shutout

Before a large crowd here Friday night, the West Ottawa Panthers football team defeated the Hudsonville Eagles, 7-0 in an O-K League Red Division game.

For the third consecutive game the Panther defense held their opponents scoreless.

Capitalizing on a pass interception by Kent Shuster, West Ottawa drove 32 yards in three plays to score the games lone touchdown in the fourth quarter.

The Panthers won the toss and received the ball on their own 47 yard line. They were able to move the ball down to Hudsonville's 16 yard line. There, on a fourth and four situation, quarterback Jim Visser completed a pass to Les Sommermaand which fell one yard short of the first down. From then on, the game was a sharp defensive battle.

Throughout the first quarter, Hudsonville was unable to move the ball. West Ottawa was just as ineffective as they were unable to muster any kind of threat.

In the second quarter, the Panthers mounted a 52-yard drive with Sommermaand picking up three first downs. But the drive fell short when the Eagles recovered a Panther fumble in their own end zone. Hudsonville was unable to take advantage of the break and they had to punt. West Ottawa took over on their 40-yard line but the Eagle defense tightened and the Panthers were unable to move.

At halftime the score was tied, 0-0.

West Ottawa kicked off to open the second half. Hudsonville was forced to punt after three quick plays and the Panthers took over on the West Ottawa 46 yard line. From there they drove down to the Eagles 11 yard line. The drive was highlighted by a 28 yard pass from Visser to halfback Tom Kruitthof and a 17 yard pass play to Dave Overway. Then, with a fourth and 11 situation, the Panthers brought in Darryl Mitchell to try a field goal. Once again the Panthers were unable to score as the attempted was blocked.

Hudsonville took over on their own 20 yard line and drove for a quick first down to the 43 yard line. The Panther defense then came to life and threw Eagle runners for three consecutive losses. The third quarter ended with neither team able to mount a threat.

The final quarter began with Hudsonville punting to West Ottawa. However, the Eagles remained in control of the ball as the Panthers fumbled the ball which was recovered by the Eagle Rol Runge at the Hudsonville 42 yard line.

On the next play, Shuster intercepted the Hudsonville pass and returned it to the 32-yard line. A 24 yard pass from Visser to Greg Dalman moved the ball to the Eagles eight yard line. After Sommermaand drove for two yards, Visser came back and hit Kruitthof with a touchdown pass. Mitchell kicked the extra point and the score was 7-0.

The Eagles still weren't dead. With slightly less than three minutes left in the game, Hudsonville drove down to the West Ottawa 13 yard line where they were stopped by Shuster's second interception of the game.

He returned the ball to the West Ottawa 21 yard line from where the Panthers ran out the clock.

After the game, coach Wetherbee could not single out any players but added "it was a good team effort." Shuster, Dennis Wilson, and Kruitthof looked especially tough on defense.

Next week, the Panthers travel to Forest Hills (1-1) where they will meet the Rangers in a league contest. West Ottawa's league mark is now 2-0 while their overall mark is 3-0.

Public-Civic Division Set for United Fund

Among volunteers working in the 1968 Greater Holland United Fund-Red Cross campaign for \$168,424 are those in the public-civic division which works with public employees and educators. The meeting of these leaders Oct. 28 marked the conclusion of the organizational phase of the campaign with the exception of the residential division which will hold its kickoff meeting Oct. 9.

Charles Kupsy, campaign chairman, commented on the 12.8 per cent increase in the goal this year. "I believe this is not an insurmountable goal. It will, however, require an all-out effort on the part of nearly 1,000 volunteer campaigners and a generous response by the citizens and business enterprises in Holland area. An appreciation of the importance and value to all of us of the United Fund agency services will assure this response."

Lloyd H. Van Raalte, United Fund president, commented on the challenge of the drive, stating that Holland which originally was composed mostly of persons of Dutch descent is rapidly changing.

"In Holland today we must be concerned with minority groups, some of whom are not presently in the mainstream of our social and economic life. The United Fund is aware of these changes and has demonstrated its concern by including for the first time this year an allocation for the Higher Horizons which last year served 300 economic and socially deprived children in the area. The services are made possible through the help of 300 Hope College students who serve as big brothers and sisters to these children," he said.

Van Raalte added that other United Fund supported agencies are placing greater emphasis on providing character and recreational services for these minority groups.

The first campaign progress report meeting is scheduled Tuesday, Oct. 8, at 7:30 a.m. in Hotel Warm Friend.

A unique sporting event unfolds for the 68th time at Hope College Friday when the freshman and sophomore classes engage in the "Pull," a tug-of-war across the Black River east of Holland.

The "Pull" is one of the highlights of the school year and the "scientific" methods devised by both the freshmen sophomores rival more conventional athletics.

More than 100 male members of the freshman and sophomore classes, and nearly an equal number of women, began an intensive physical preparation for the "Pull" two weeks ago.

Long-distance running, calisthenic drills and sessions of actual pulling on opposite ends of a two-inch thick rope dwindle the ranks of each team to 20 men.

As Friday draws near both the freshman and sophomore classes will sponsor rallies and form snake dances through the campus and downtown Holland.

Last year the freshmen (this year's sophs) pulled the upperclassmen into the river in one hour and 27 minutes. The longest "pull" went two hours, 27 minutes in 1965 while the shortest lasted but two minutes, 40 seconds in 1966.

The freshmen went 48 years before winning in 1946 and since have won only in 1954, 1959, 1964 and 1967.

Members of each team have 15 minutes before the start of the "Pull" to dig a pit, reinforce it with plywood, two-by-fours and sandbags. Two of the 20 men are designated as alternates and take a place only in case of a pre-pull injury.

At precisely 4 p.m. a gun will sound signaling the end of digging and the start of a 15-minute rope stretching period. The rope measures 385 feet.

The actual pull commences at 4:17 p.m. and doesn't end until all the members of one team have been dragged into the water.

STYLE SHOW OPENER — With Lake Macatawa as a background, models stepped out on the patio at Point West Tuesday afternoon before they paraded the newest fall fashions for 225 members of the Woman's Literary Club at their opening luncheon. Fall Fashions Featured At Literary Club Opener

The opening luncheon of the Woman's Literary Club was strictly a social event Tuesday afternoon when about 225 old and new members met at Point West and saw a delightful array of fall fashions from Westraes.

Mrs. Joseph W. Lang, club president, welcomed the group and introduced Mrs. C. Neal Wiersema, membership chairman who named the new members. There are 30 new members of the club with 24 present and introduced.

New members attending were Mrs. Thomas Dingman, Mrs. William Emery, Jr., Mrs. LeRoy Rediger, Mrs. Dallas Ruch, Miss Helen Elaine Stenson, Mrs. John J. Singer, Mrs. David Ten Have, Mrs. Harold Vander Ploeg, Mrs. Earl Weener, Mrs. Steven Wascherwitz, Mrs. Herman J. Windolph, Mrs. Percy J. Kinkema, Mrs. Joseph Fendt, Mrs. Allan C. Steer, Mrs. Tunis Baker, Mrs. George Albers, Mrs. Theodore Boot, Mrs. Konrad Marcus, Mrs. Rudolph Mattson, Mrs. Harold Thornhill, Miss Ann Whitnell, Mrs. D. S. Yoder and Mrs. Ralph Saveland.

Also admitted to membership were Mrs. Dale Fris, Mrs. Richard Jones, Mrs. Earl Kennedy, Mrs. Charles Kupsy, Miss Emma Reverts and Mrs. Claire Zwiep.

Mrs. Lang also introduced the executive board.

Mrs. Chris Smith and Mrs. Harvey Tinhoel were door hostesses and Mrs. Henry Hekman was general chairman for the luncheon.

Following luncheon a parade of models wearing clothes illustrating "Fifth Avenue As We See It" with Mrs. Warren Diekema as narrator kept the large audience alert to the final fashion trends. Lee DePree played background organ music.

Well-chosen ensembles for Holland area women, who were complimented by Mrs. Diekema as being well-dressed, included the popular knits, Tartan plaids, checks, feminine looking pastels in soft silks and acetates mohair as soft looking as bunny fur and crocheted tunics.

Colors showed the trend toward gray in several tones from dark to aluminum gray. Also popular in the ensembles were champagne, navy and white, coffee bean and beige and the always favorite black especially in the "good little black" dresses.

Military capes, capelets over A-line dresses, bright and colorful ponchos were among the casuals modeled.

Jewelry is a decided fashion note for fall, Mrs. Diekema pointed out as her models showed the right accessories to be worn. Belts and belted suits costumes are a must and brass buttons trim many ensembles.

The bright look in crystal and sparkles on the "after five" costumes are further evidence of the trend toward the strictly feminine with ruffles at the neck shown in several of the dresses. Back interest is also a favorite gimmick.

Hats are back in favor especially with the new hairstyles. Tall hats, whimsies, berets and tams were among the styles shown.

The weather was perfect at this first gala of the Woman's Literary Club with the promise of a good season ahead.

Deputies Continue Breakin Investigation

Ottawa county sheriff's deputies are continuing their investigation into the break-in at The Beachcomber on Ottawa Beach Rd. that occurred early Friday morning.

Deputies reported about \$15, all in coins, was missing from the cash register and \$12 worth of silver coins was taken from a tray under the counter.

It was estimated \$250 was taken from the machines. A 19-inch color television set with a wood grain cabinet valued at \$320 was also taken, deputies said.

Christian High Begins Dutch Dance

More klompen dancers than ever before will be on hand for Tulip Time's 40th anniversary May 14-17, 1969.

Christian High School is joining the ranks of the klompen dancers by training 75 to 100 girls.

Tulip Time Manager William H. Vande Water said full cooperation has been offered by Holland High School and West Ottawa High School which have engaged in training klompen dancers for several years. Last Tulip Time the two schools had more than 500 costumed dancers performing during the four-day festival and at many other events.

Julie Keefer, girls' physical education instructor at Holland High School, and Judy Cornelissen, girls' physical education instructor at West Ottawa High School will work with Eneka Heerema, girls' physical education instructor at Holland Christian High School, in training the new girls. Experienced klompen dancers also will assist.

Klompen dancing, one of the most popular attractions of Tulip Time, started in the early days of the festival with a relatively small number of girls dancing to the tune of "Where, Oh Where Has My Little Dog Gone."

Later, authentic dance steps from Dutch folk dances were incorporated and costumes adhered more strictly to authentic fashions in the Dutch provinces a century ago.

New Problems On Arab Fields Told at Meeting

Resthaven Guild met Friday evening in the Fellowship Hall in Sixth Reformed Church as guests of the Women's Guild for Christian Service. Mrs. Henry Mow welcomed the 125 women attending, and gave the opening devotions centered on Psalm 1. She spoke of God's lavish generosity expressed in the fall season colors and urged the giving of ourselves in unselfish service to Christ.

Mrs. Henry Slager was accompanist for group singing and accompanied Mrs. Jacob Van Voorst who sang "My Prayer" and "Great Is Thy Never Failing Kindness."

Mrs. Rose Nykerk, missionary to Arabia, was the guest speaker. Her subject was "Being Concerned as Christians." Mrs. Nykerk has spent 27 years in several cities in Arabia in evangelistic work and for the last four years has also been business manager of the mission hospital in Bahrain.

"There are many restrictions there now," she said, "and more antagonism against Americans is becoming evident since the Arab-Israeli war." There are organized Christian churches with a vital membership, also the mission schools are still popular because of the lack of formal education.

Government hospitals are replacing mission hospitals but in the hospital where she works, the gospel message is broadcast by means of a loud speaker and reaches many Muslim people, she said. Missionaries are striving to train national Christians to carry on the Christian witness in future years.

Mrs. Gerrit De Haan, Resthaven Guild president, thanked the host church and presided at the business meeting. Mrs. Bert Bruischart reported on the replacing of kitchen and dining room articles for Resthaven Home and announced a treasury balance of \$11,797.25. Mrs. Dick Vander Meer said that the First Reformed Church of Zeeland gave the September birthday party at Resthaven. Vander Werf Addresses Early Birds

Education is by far the No. 1 industry of Holland as it is in the nation, Hope College President Calvin A. Vander Werf told Chamber of Commerce members at an Early Bird breakfast today in Hotel Warm Friend.

Speaking on "What Hope College Means to Holland and What Holland Means to Hope College," Dr. Vander Werf said even more important than the money involved (about \$6 million a year) is the influence on the quality of life in the community—the ennobling and enriching influence that comes from the church-related college.

As for the impact of a college on the economy of a community, Dr. Vander Werf estimated that each of the nearly 2,000 students comes to college representing some \$2,000 a year in tuition, board and room, etc. for a total of \$4 million. Added to this is another \$2 million in planned construction under the master plan for the coming year, meaning a total of \$6 million.

Add another factor of some 145 instructors and staff people and their families, and the impact on the business, spiritual life and culture of the community cannot be underestimated, Vander Werf contended. "Imagine Holland without a college, and you might have some idea," he said.

"But Hope College needs you desperately," he said. "We're partners, and nowhere in America can a college be operated on tuition fees only. The dollar gap at Hope College runs about \$500 per student, and this means another \$1 million each year that must be raised for the operating budget. This comes mostly from outsiders, individuals, industries, foundations and alumni."

He spoke of growing trends toward bigness and the sad situation of some 1,250 colleges much like Hope which will not all survive. "Hope College wants to be one of those who survive, and we can do it provided we start at the grass-roots, maintaining the spirit of Holland's founder, Dr. A. C. Van Raalte, who started an academy 105 years ago against wishes of many early colonists who felt other things should come first."

"Not only do we develop competence in this age of specialization but we try to place competence in a setting of values and service. We are on the way to becoming one of the finest campuses anywhere but more important than showpieces is what education does for your young people."

"We are an industry and we want you to evaluate us and recognize us by the quality of our product," he said.
