## Teachers' Contract Is Ratified

A master contract for public school teachers of Holland was ratified late Monday afternoon by the Board of Education and the executive committee of the Holland Education Association after many months of negotiations.

Board President James O. Lamb said the board was pleased that teachers did not withhold services, and that they were concerned with the welfare of the children and the community.

The salary schedule which was settled last spring before the June millage election lists an approximate 6 per cent increase plus such fringe benefits as full family health insurance and extra pay for extra duty.

Teachers with A.B. degrees start at \$7,400 and advance in 12 steps to \$10,900 and those with M.A. degrees start at \$7,840 and advance in 13 steps to \$12,400. Extra pay for extra duty ranges from 1 to 15 per cent, the top affecting head football and basketball coaches.

Sick leave remains at 10 days. In lieu of a former personal leave day, a professional leave day for such functions as teacher conferences is granted, subject to approval by department chairman or principal.

The master contract is for one year. A previous offer of the board for a two-year contract was rejected by the HEA early last week.

## Find Doctor's Wife Unconscious in Car

Bonnie Westrate, 36, sought by Holland police in the shooting and wounding of her husband, Dr. Warren K. Westrate, 49, was found unconscious Thursday afternoon, possibly from drug overdose, in a locked station wagon parked on a trail at the school forest off Lakewood Blvd. and 168th Ave.

She was admitted to Holland Hospital and discharged Thursday, Oct. 1.

Police said a warrant had been issued charging her with attempted murder in the shooting early Thursday at the family home, 568 Central Ave.

She demanded examination on the charge and was released on \$2,000 cash bond.

Dr. Westrate was wounded in the upper right arm and back by

slugs fired from a .38-caliber pistol, Holland police said. His condition at Holland Hospital was listed as good.

Holland police said the ivory colored 1968 model station wagon, object of a state-wide alert, was found shortly after 4 p.m. along a narrow roadway that winds among pine trees of the forest by persons riding trail bikes.

The vehicle was found by Mike Weatherbee, 14, son of Mr. and Mrs. Jack Weatherbee, 2180 Marlacoba Dr., and a companion, Bill Bridges who were riding their trail bikes along forest paths after returning home from school, Mike's mother said.

Police said Mrs. Westrate, clad in night clothes, was found sprawled across the front seat. A .38-caliber revolver with one expended shell casing and four loaded shells in the cylinder, was found on the floor of the front seat.

The school forest is about one-half mile due east of the Westrate family summer home on Lake Michigan.

Police said the forest was so dense that a plane used in the search for the vehicle would have had a difficult time spotting the car from the air.

Holland detectives said the physician was struck by two of possibly six shots fired in the living room. He was struck first in the upper right arm and then another slug entered the right side of his back, traveling through fleshy parts and coming out on the left side.

Detectives said the weapon apparently was reloaded before a seventh shot was fired, perhaps at the doctor's car as he left the driveway for Holland Hospital, about three blocks away.

The window in the passenger's door was shattered. Police set up roadblocks shortly after the shooting was reported at 12:53 a.m. Thursday in an effort to apprehend Mrs. Westrate who was said driving a station wagon.

Police said she had obtained a permit to purchase a weapon Aug. 30 and bought a .38-caliber revolver Wednesday afternoon in Wyoming, a suburb of Grand Rapids.

The shootings occurred while the six Westrate children were upstairs. Police said Mrs. Westrate had left a lengthy letter for the children but declined to reveal the contents.

## PTO to Work for New Junior High, Busing

A down-to-earth discussion on providing the best possible education for children of the community highlighted an informal gathering of representatives of Parent-Teacher organizations, the Board of Education and the administration Tuesday night in the Junior High library.

About 35 were present for the gathering arranged by the PTO Council with Mrs. Lester Emerson, council president, in charge.

Junior high needs and a transportation program appeared to be the two main issues at stake and there was general accord in promoting these programs which involve millage elections.

In general, school administrators suggested closer association between parent and teach-

er or parent and principal in resolving individual differences, instead of appealing directly to a school board which is mainly concerned with educating 5,000 children and not as a disciplinary body.

As for building new schools, Board President James O. Lamb pointed to rising costs, particularly the recent settlement with building trades which he said will boost costs 30 per cent the first year, with the same boost the next two years. Since planning, elections, letting of bids and construction involve at least three years, ultimate costs will be much greater than anything in the past, Lamb said.

Lamb also said the board has aimed to keep education separate from such issues as swimming pool and transportation in the hope of providing the most possible education for all children.

## Court Dismisses Right-of-Way Suit

GRAND HAVEN — Judge Raymond L. Smith, in an opinion filed in Ottawa Circuit Court Monday, ruled in favor of the Ottawa County Road Commission in a suit brought by two Spring Lake township residents.

George Brunner and Daniel Walsh and their wives sought an injunction against the road commission June 1, contending that the commission was acquiring right-of-way along their property on Leonard Rd. for a road improvement illegally. The property is located in Hart's subdivision, Spring Lake township.

The court ruled that the relocation of the right-of-way, in order to complete the improvement, is somewhat north of the old location but the results of the relocation as to its effects on the property of the plaintiff "will not be of much consequence."

The complaint was dismissed and a restraining order issued last June was dissolved.

September winners in the Martha Kollen Hospital Guild bridge marathon were Mrs. Thomas Shelby and Mrs. David Lennox with a total of 5,760.

## 'Know Your Holland' Booklet Women Voters League Gift

As a member of the Men's Advisory Committee of the Holland Area Provisional League of Women Voters, formed during the League's 50th Anniversary Drive last year, W. A. Butler was chosen to be the first official recipient of the free, local government information pamphlet.

"It is an opportunity to say 'thank you' to the Holland Sentinel News staff for the fine public relations they enabled the struggling new League to have through their excellent coverage of League activities," Mrs. Jerome Counihan, President of the Holland Area Provisional League, said.

The 1970 finance drive of the local League is now in progress. All last year's contributors to the local League have received copies in the mail of the "Know Your Holland" pamphlet, as the publication is a direct result of

last year's 50th Anniversary Drive.

The publication is free and has also been distributed to banks, city government offices and the Chamber of Commerce.

The facts about Holland have been thoroughly researched by League members and checked and re-checked by the government and city officials in charge of the various areas of Holland municipal government. It is planned that the booklet will be brought up to date at each printing.

The League's Editorial Committee is also now working on a larger, more detailed book—an expansion of the "Know Your Holland" pamphlet—for use in civics classes in area schools.

All Leagues throughout the United States go to their communities each year for partial financial support for their community projects. The rest of

their budget is met through membership donations. This is in keeping with the basic non-partisan policy of the League. With anyone able to contribute to the League, the League believes it can be more effective in its dedication to its stated purpose of "informed and active participation of all citizens in their government."

Under the leadership of Mrs. Paul deKruif, Voters Service Chairman, the local area League published and distributed the "Hey, Mr. and Mrs. Voter" pamphlet (printed in English and Spanish) for general voter information; sponsored public candidates meetings before each local election; distributed ballot information in both Spanish and English before millage and sewage bond elections, and in August, before the primary election, distributed the state Voters' Guides (a League publication) free.

The Holland Area League is presently making plans to sponsor with the American Associa-

tion of University Women a "Candidates Night" in October, where Holland citizens may meet local and state candidates in the November elections.

The Area League is looking forward to full League status this year. Organized in March 1969, it was granted provisional League status, as are all beginning Leagues. Full recognition is given when local Leagues have proved that they have assumed voter information responsibilities to their community and have demonstrated that they in turn have received community support.

All women citizens of voting age are eligible to belong to the League of Women Voters. The Area League of Holland meets on the second Monday afternoon of each month at the First Presbyterian Church at 1:15 p.m.

## URBAN PROBLEMS SPREAD

What do Garden Grove, and Hialeah, Fla., have in common? What do both these communities share with Duluth, Minn., Wichita Falls, Tex., Livonia, Mich., Lexington, Ky., and Stamford, Conn.?

To avoid building up suspense to an unbearable pitch, we'll come right out with it: All these communities, along with a number of others scattered about the country, are among the 25 that passed the 100,000 population mark sometime between the 1960 and 1970 censuses.

This may seem a matter of only the slightest passing interest: after all, it follows as day follows night that with population growth we are going to have more and more cities of 100,000 or so. Still, it is a point worth thinking about. There are now 150 U.S. cities of at least that size. This figure is a reminder that so-called "urban problems" are increasingly the concern of the average American rather than merely of those in the big cities.

A community of, say, 120,000 escapes some of the harrowing difficulties that go with giant size — difficulties that authorities must wrestle with in such places as Chicago, New York and Los Angeles. Smaller but still sizeable cities do share in some measure such big city problems as traffic congestion, solid waste disposal, zoning and so on and on. As our population grows, a rising number of Americans will be directly involved in finding solutions for urban problems.

## Sunday School Lesson

Sunday, Oct. 4  
What Is Unique About Our Faith?  
Hebrews 1:1-4; Acts 17:22-28a  
By C. P. Dame

This is the first lesson of a new series for the last quarter of the year. Our text is taken from Hebrews, written by an unknown writer, and from Acts, written by Luke, the address Paul gave to philosophers in intellectual Athens.

I. Let us consider the fact that God has revealed Himself. The Bible does not give any arguments for the existence of God, it simply assumes God. And this God has revealed Himself in two ways—through nature and through His Word. Two books portray God, the book of nature and the book of grace. The Bible speaks of two revelations. First is the revelation through the Old Testament prophets, second, the supreme and final revelation through Jesus Christ.

God spoke through the prophets, men like Isaiah, Jeremiah, Amos and others, in a piecemeal, progressive manner according to the needs and ability of the people. God made His will known through dreams, visions and personal experiences. It was a gradual process and partial, incomplete. Finally Jesus came and said, "I am the truth," the God who made Himself known to the prophets of the Old Testament is the same God who made Himself known through Jesus Christ. The revelation of the Old Testament reached its climax in the New Testament in the person of Jesus Christ.

The writer of Hebrews calls Jesus "His Son," indicating that He is God, He is "heir of all things," now Master and is Creator, God's image bearer, revealing God, who by His power upholds all things, is the Great High Priest who made forgiveness of sin possible by His atoning death. And now is enthroned—seated "on the right hand of the majesty on high." Great is Christ!

II. Let us consider that God ought to be worshipped. Paul came in Athens and saw the city full of idols. He first preached to the Jews and devout persons in the synagogue, then to people in the market place and then on Mar's hill to the philosophers.

Paul had seen an altar with the inscription, "To the Unknown God" on it. He told his hearers that he had come to make Him known, saying that He is the Creator of all, the Sustainer of all and the Judge of all. This God does not need man who is dependent upon Him for from Him he receives life and breath. This God "made of one blood all nations of the earth, and hath determined the times before appointed and the bounds of their habitation."

God guides history. Behind the rise and fall of nations rules God. Man is dependent upon God and needs Him for in Him "we live and move and have our being." Christianity only offers man the God he needs. He has revealed Himself supremely and finally in Jesus Christ His Son.

## Olive Township Files Civil Suit In Landfill Case

GRAND HAVEN—Olive township board through its supervisor, Lester Veldheer, started suit in Ottawa Circuit Court Friday seeking a temporary injunction restraining the county and the Road Commission from establishing a landfill on county-owned property adjoining Pigeon Creek Park in the vicinity of Stanton St. and 120th Ave.

The township board asks a hearing and a permanent injunction, and also requests that the area be restricted to park and recreation uses. They claim that the property, formerly federally owned, was acquired by the county from 1961 to 1966 for recreation uses.

The landfill was to serve the needs of the tri-cities. The Harbor Island dump site at Grand Haven was ordered closed July 1 by the State Health Department which charged it was polluting Grand River. A site near Fruitport later was not approved because of its proximity to a creek.

County commissioners earlier this month approved the Olive township site on recommendation of the Road Commission which holds title to the acreage.

## Helder Leads West Ottawa To Victory

The West Ottawa Panthers squeaked past East Grand Rapids, 24-22, Friday night which featured some electrifying runs by Jon Helder, "Whiz" as he is called by his teammates.

After West Ottawa kicked off to East, East took the ball on a series of downs to the Panthers 22 yard line, where, with fourth down and a foot to go, WO held, thanks to the good defensive plays of Gary Van Kampen, Rick Hamstra and the whole forward wall.

With 1:49 left to play Helder scored from the five yard line and ran the two-point conversion for an 8-0 lead at the end of the first quarter.

East came back in the opening minutes of the second quarter on a 30 yard pass play from the quarterback to Mark Gossman. The conversion attempt was stopped short, making the score 8-6 in favor of West Ottawa.

East came roaring back only to have a pass intercepted on the goal line by John Steketee. On the first play from the 10 yard line Helder thrilled the home crowd with a spectacular 90 yard touchdown run from off tackle, with Pat Allen making the conversion on a pass play from quarterback Denny Oosterbaan making the score 16-6.

Again East took WO kick down the field to the West Ottawa one yard line and again was stopped on a fine defensive play by Paul Berkompas and the middle of the tough WO defense, with only 43 seconds to go.

On the first play Helder again electrified the crowd with his great speed going 87 yards to the 13 yard line. On the next play Helder took the ball on a pitchout and scampered 13 yards for the TD, with Oosterbaan sneaking over for the two-point conversion, ending the first half with the score 24-6.

Jon Helder had 257 yards rushing in the first half which must be some kind of a record. Helder picked up 325 yards in 21 carries.

The third quarter was all East after many costly penalties by West Ottawa. East moved the ball on a 20-yard sweep by the fine quarterback for a touchdown. The conversion was good making the score 24-14 in favor of West Ottawa.

West Ottawa then opened the fourth quarter with a fumble on the 38-yard line of WO. East then took the ball to the five yard line and fumbled with WO recovering.

Unable to move the ball Helder punted and East took over on the WO 30. Again WO was penalized 15 yards moving the ball to the WO 15. Then on fourth down, tough Hamstra broke through and threw East for a loss on the 21-yard line.

West Ottawa took over but fumbled on the WO 30 with East recovering. After a 27 yard pass play East scored again and converted making the score 24-22.

With 1:51 to go Helder took the ball on the 50 yard line all the way down to the one yard line, but again WO was penalized back to the eight. With Helder out of the game with a sprained leg, WO was unable to take the ball in. East took over with 22 seconds but couldn't score with time running out.

Coach Ron Wetherbee said, "it was strictly a team effort with great downfield blocking, enabling Helder to break loose for long gains that enabled us to win."

The Panthers now 1-1 will play at Rockford next Friday. **WEST OTTAWA**

## Niles Beats Dutch, 18-7

**NILES** — Lewis Garner returned the second half kickoff 86-yards for a touchdown to lead Niles to an exciting 18-7 non-league football victory over the inspired Holland High Dutch Friday evening before 4,000 fans.

The Dutch of Coach Dave Kempker gave the 11th rated Class A team all they wanted and have nothing to be ashamed of in losing to the speedy Vikings.

Holland ran 13 more plays than the winners, 50 to 37 but the Vikings speed was the downfall for the Dutch.

After Holland took the opening kickoff and marched down to the Niles 17-yard line behind the powerful running of Randy Kuipers, Rick Van Tongeren, Bill Wood and Craig Kuipers, the Vikings defense held and the Dutch were forced to try a field goal from the 23 by Tom Van Dokkumburg. The kick was short and the Vikings took over on their own 20 with 5:59 to play in the first period.

On the very first play, all-state running back Craig Riley lived up to his billing as he electrified the large crowd by twisting his way past two Dutch defenders on the 30 and then scooted his way the remaining 70-yards to complete a brilliant 20-yard touchdown run.

The extra point kick was blocked by Van Tongeren as Niles took a quick 6-0 advantage.

Holland's Dave Yskes fell on a Viking fumble on the next series of downs to give the Dutch possession of the pigskin on Niles 21-yard stripe.

It took the Dutch five plays to go in for the score as C. Kuipers bulled his way into the end zone from the two-yard line with 9:28 showing on the second quarter scoreboard. Van Dokkumburg's extra point kick was good and the Dutch enjoyed a 7-6 lead.

The lead stood up at the half but Garner who runs the 100-yard dash in 10 flat set the tempo for the game with his long TD run at the outset of the second half.

Riley added his second touchdown by scampering 18-yards for Niles final tally with 6:13 left in the third stanza.

"We should have had them," commented a disappointed Kempker after the game but their speed killed us.

The Dutch now 1-1 for the season received outstanding blocking from the whole offensive line led by center Ron Wadsworth, guards Terry Smith and Roy Moeller and tackles Bill Wolters and Yskes.

Once again Doug Morse led the defense in tackles with 15 and was eating up Niles center on every play when the Dutch were in an odd-man defense.

Kempker was also pleased with the way his backs ran as the Dutch looked "a whole lot better" against Niles than they did in beating West Ottawa a week earlier.

The Dutch will get their big chance of playing on astro-turf next Saturday when they travel to Flint to meet Flint Powers, a combination of Catholic schools.

## Olive Township Residents Protest Proposed Landfill

**BORCULO** — Petitions protesting a proposed landfill for the tri-cities area near Pigeon Creek Park in Olive Township are being circulated in the township and nearby areas.

Olive Township Supervisor Lester Veldheer said several hundred signatures already have been obtained. He said gun clubs, riding organizations and other conservation-oriented groups are joining in the protest.

The site, selected by the Ottawa County Road Commission, was approved by the Ottawa County Board of Commissioners earlier this month. It lies on Stanton St. three-quarter mile west of 120th Ave. in Olive township and adjoins Pigeon Creek Park, part of a 270-acre area which Veldheer said the township board released to the Road Commission for park purposes in 1960.

Veldheer said township zoning does not provide for landfills in this area.

## Volley From Ambush

It will be 38 years ago on Sept. 29, that First National Bank, then called First State Bank, was robbed.

It was on a Thursday in 1932 that five armed bandits in 1932 the bank and shot their way out of the building, leaving Police Chief Peter A. Lieverse and Peter De Jongh, local meat cutter, wounded as the thugs escaped with cash and securities. Amount taken in the heist was first listed at \$12,000 but a more thorough check revealed a much larger figure a few days later.

A second gun battle on East 16th St. near Drenthe provided additional excitement, and nails scattered on the road discouraged pursuit.

Two old Sentinels on first and second day developments were turned in by Mrs. H. A. Bowman, The Sentinel's Jamestown correspondent.

One getaway car in the alley behind the bank was abandoned when Mrs. Vance Brailey who operated a downtown dress shop entered the alley from another entrance. Her car was pushed by the getaway car through the alley onto River Ave.

In addition to employees, persons in the bank at the time were Rufus Cramer, Daniel Ten Cate, Henry Pelgrim, Arthur Wrieden, Mrs. J. Vander Vliet, Mrs. J. Van Raalte, Mrs. Esther Front, G. H. Lemmen and John Henry Scholten.

Cashier Cornelius vander Meulen, later municipal judge here, was struck in the face when he explained he was unable to open the vault.

At least one bandit was wounded. De Jongh was standing on Eighth St. across from the bank when he was shot as bandits exchanged gunfire with local police.

Although dragnets were set, the bandits were not apprehended then or later. While no confessions were ever obtained on the local holdup, many local people were reasonably sure that the men were convicted on other bank holdups.

Mayor Nelson Bosman has received a clipping from the Los Angeles Times giving Holland, Mich., a plug in its Vignettes of History series.

It relates how Dutch settlers founded Holland in 1847, selecting the location because it resembled their homeland in many ways. It also tells about the Tulpenfeest, the annual Tulip Time festival which attracts hundreds of thousands of visitors every year in May. Also mentions tulips, parades, Dutch costumes and wooden shoes, klompen dancing, and emphasizes Windmill Island, Dutch museums, tulip farms and gardens.

**Lion's Gate Hospital** in Vancouver, Wash., has found a new use for wooden shoes.

Employees use them in the dishwashing department and no longer skid on the wet, sloped quarry-tiled and terrazzo floors.

The hospital furnishes the shoes which last a year. Previously staff members frequently ruined their own shoes in a month on the terrazo surface. It takes about a week to adjust to the clodhoppers, but after a breaking-in period, employees found the wooden shoes easier on their feet and legs than normal shoes.

Over the years, the hospital experimented with many ideas to make the floor safe for walking, including laying safety grip strips. Then about a year ago, a hospital safety man — who was born in the Netherlands — proposed wooden shoes which canal boatmen don to prevent slipping on wet decks. They worked!

## Ottawa County 4-H News

**By Willis S. Boss**  
Extension 4-H Youth Agent  
**WINTER 4-H CLUBS** — The autumn of the year is just beginning, schools have begun and once again it is time to think about 4-H members and their projects for the winter months. We would like to remind the clubs that materials are available from our office. We are planning open-houses in the four districts, probably around the middle or latter part of October. We are also planning training meetings for leaders of clothing, knitting and leathercraft clubs and if there is enough demand we will have them for woodworking, electric and photography. We are looking forward to a banner year in '71. We have had several new leaders make inquiry about starting new clubs in all of the districts. We are working to help these new clubs get organized as well as keeping our old clubs organized.

The 4-H Council meeting was delayed one week because of the activities of the Allegan Fair. The Council members gathered at the County Building the evening of Sept. 22 to review the summer program, the activities of 4-H camp, the fairs, the Youth Exploration Days and Club Week, as well as project into the year '71 for skating parties, leader training meetings, achievement days and training activities connected with the winter program. The treasurer's report was also reviewed, showing we have sufficient funds on hand in all of our accounts — general, beef, trip and plat book. If anyone has any questions concerning the operation of 4-H in our county they should contact a council representative from their area. The following 4-H leaders are serving as elected members of the 4-H Council in their area: Hudsonville District — Mrs. Alvin Wolters, Mrs. Sierd Spoolstra, Cliff Allen, Jr. and Titus Van Hattisma. Holland District — Mrs. Keith Nieboer, Mrs. Evert Wansen, Mrs. Ed Kampen and Don Poest. Coopersville District — Mrs. Emmett Schoenborn, Mrs. LaDeane Sichterman, James Meerman and Roland Reed.

The Allegan Fair has just

been completed. Your Ottawa County 4-H Agent has been working in the livestock division at the Allegan Fair. This is in exchange for Mary Ella Rowles, the Allegan County 4-H Agent, helping with the home economics activities at our fairs. We again want to congratulate all our winners at the fairs and those who represented Ottawa County at State events. I also want to thank the leaders, members and parents for their willingness and cooperation in the operation of these successful events.

Our school conservation clubs are under way. We are distributing the needed materials to the school classes and teachers who have decided to conduct their program this fall. Those who plan to wait and carry out their conservation project in the spring, we will contact during the winter months. The following classes are already enrolled in the conservation program this fall — 4th and 5th grades at Jeffers School in Spring Lake, the 7th grade at Allendale Public School, 4th and 5th grades at Sandy Hill School in Jenison, and 4th, 5th and 6th grades at Beechwood School in Holland.

"We Care" is the theme of National 4-H Week from October 4 to 10. We would urge 4-H clubs to put on a display in their local community business places to show the activity of their clubs and the impact these clubs have on local areas. Kent County will be having a panorama during National 4-H Week at the Woodland Mall. We would be happy to help you tell your community what 4-H'ers are doing about problems such as environment, nutrition, health, community betterment, and international understanding.
