CITY AND VICINITY.

South Haven is visited with diptheria.

Rev. M. Kolyn of Orange City, Ia., has declined the call to the Second Ref. church at Grand Rapids.

The old C. & W. M. depot at Third street, Muskegon, which has been discontinued by the opening of the new union depot, is being torn down.

Every storm from the west casts additional wreckage of the Chicora upon the shore of Lake Michigan. Most of it is picked up between South Haven and St. Joseph.

There has been a gathering from all points of the state of the sect known as the "Saints of God," at Grand Junction this week, and their latest calculations fix the year 1941 as the end of time.

Next Thursday M. Van Putten will move his news stand to Raven's jewelry store, on Eighth street. In addition to the latest papers and periodicals he will also keep a full line of stationery and cigars.

Rev. Dr. John Van der Meulen was installed as pastor of the Ebenezer Ref. church Sunday afternoon. The services were conducted by Rev. P. De Pree of Pella, Ia., Rev. J. Van Houde of this city, and Rev. Fred. J. Zwemer of Graafschap.

James A. Jordan, a U. S. pension examiner, has been indicted by the grand jury in the U. S. court at Grand Rapids on the charge of making false returns to the government, sending in expense accounts for trips that he never made.

The question having been raised whether or not a general re-registration of the qualified electors of this state will be required previous to the next presidential election, attorney-general Maynard has given his opinion upon this question in which he holds that as the law now stands no such re-registration is called for in townships (except in Wayne county), and only in those cities whose special acts of incorporation require it.

The following petition addressed to the secretary of the treasury, is being circulated among our citizens and meets with general endorsement:

"Your petitioners would respectfully ask your consideration of the present importance of this port and city, and also of the evident promise of its further rapid development as a manufacturing centre, a shipping point and a route for through lake and rail passenger traffic; and we would further ask that in view of existing needs a Deputy Customs Collector be appointed at this port."

From the present outlook there will probably be nothing done this fall or next spring in the way of enlarging the rooming capacity of the Macatawa Park hotel, although the management has every reason to believe that a house of 300 to 500 rooms could be filled every summer, as the overflow this season filled up both the Ottawa Beach and Jenison Park hotels. One Chicago capitalist said during the past summer that if the association would build a hotel that could accommodate 1,000 guests that he would guarantee to fill it every season and furnish a good responsible bond to that effect. However, the plans now are to make some material changes to the old hotel property. The building will be turned around, a new dining room provided for, and the kitchen generally overhauled and more conveniently arranged. A much larger dining room was badly needed this year.

Wheat 62 cents.

Congressman Thomas spent a day at St. Joseph this week, inspecting the harbor.

Sheriff Vosburg of Kalamazoo wants the supervisors to buy two southern bloodhounds to help him track escaping criminals.

From St. Joseph, Manistee, and other points on the east shore they report a light snow-fall Tuesday evening. It missed us here.

The old U. S. war steamer Michigan will be renovated so as to make the ship suitable for the instruction of state militia in the use of modern ordnance.

Services in the Third Ref. church will be conducted Sunday as follows: The pastor Rev. G. H. Dubbink will preach in the morning and evening, and Prof. H. E. Dosker in the afternoon.

The enormous traffic on Sixteenth street east of Land street, during the busy days of the fair, demands that the bridge across the creek be widened so as to admit of the passing of teams.

Prof. H. E. Dosker has been appointed assistant editor of "The Presbyterian and Reformed Review," a quarterly, published at Philadelphia, and of which Prof. Benj. Warfield of Princeton, N. J., is the editor-in-chief.

The close of navigation witnesses a big boom in lake traffic, and freight rates are higher than for several years. The causes leading to this advance are the shortage of coal in Chicago and a demand east for western grain.

The next entertainment in this city will be given by "Kipling's Entertainers," on Friday and Saturday evenings of this week. They come highly recommended as being a show with first-class talent.

At the Episcopal convention now in session at Minneapolis a third bishopric or diocese was created in Michigan, embracing the northern part of the state. A resolution was also adopted "looking to the more dignified observance of the Fourth of July."

The city of Muskegon has a judgment to pay of \$3,000 for injuries sustained by Violet Willehins from a defective sidewalk. She is only 15 years old, and is probably injured for life. It is well enough for Holland to profit by the experience of its neighbors.

Special meeting of the Blue Rock Gun Club this (Friday) evening at 8:00 o'clock, to select a team to compete with the Zeeland gun club for the Resort Steamboat Co.'s medal. This contest will be held at Zeeland next Tuesday, the 15th inst.

We understand from good authority that dry goods of every description are daily advancing in price and still in the face of all this our new dry goods merchant John Vandersluis quotes some prices in this issue that are undoubtedly of interest to all those having any dry goods to buy this fall.

Died at this city, on Monday, at the home of his sister, Mrs. M. Bontekoe, on Fifteenth street, Schelte Holkeboer, aged 21 years. He was a student at the H. C. Ref. Theol. school in Grand Rapids and a promising, bright young man. The funeral took place on Wednesday from the Ninth street church, the faculty of the school taking a prominent part in the service, and his late fellow-students to the number of fifty acting as escort.

Col. Lydecker, U. S. engineer in charge of improvements of harbors on the east shore of Lake Michigan from Michigan City to Charlevoix has agreed to endorse a liberal appropriation for Holland harbor, so that the piers can be extended and widened and other much needed improvements made. From \$75,000 to \$100,000 can be used to a good advantage. Steps are also being taken to having a showing made of the amount of business transacted at this harbor.

Now that the Fair Society medal is the property of the Blue Rock Gun Club, its members are contesting for the honor to wear it. Those making the best scores at 10 pairs on the second and fourth Tuesday of each month will have possession of the medal for two weeks. Under the rules however it will not become the personal property of any member. At the shoot this week the following score was made: De Roo 7, C. Harmon 11, Dulvea 12, Arleth 11, Baumgartel 14, H. Harmon 10, B. Van Raalte Jr. 12, Thomas 7. Art Baumgartel now wears the prize. In the second shoot at 25 singles the score was: Holley, 13, C. Harmon 16, Dalvea 11, Arleth 15, De Roo 15, Ferguson 14, B. Van Raalte Jr. 15, Thomas 14, H. Harmon 19, Diekema 14.

In the northwest the Indians are predicting an early and severe winter.

In front of the clothing store of Jonkman & Dykema a cement walk has been laid.

Two children of Mr. and Mrs. J. Dykema, on Thirteenth street, are down with typhoid fever.

Reception this (Friday) evening at Prof. and Mrs. J. T. Bergen's, an invitation to which is extended to all.

The job of grading and graveling First Avenue will be let by the common council on Tuesday, Oct. 15. See notice.

The average yield of wheat per acre in Michigan this year is 13.10 bushels. The total yield as estimated is 4,665,778 bushels less than last year.

The ladies of Grace Episc. church will give a social on next Tuesday evening, Oct. 15, at the home of Mrs. Olive on west Ninth str. All are invited.

The reception given by Prof. and Mrs. J. W. Beardslee to the students of the Western Theol. Seminary Friday evening last, was a pleasant affair and largely attended.

John Klein, of the Novelty Wood Works, who had a serious sick spell during the summer is again confined to his bed and his condition is considered very critical.

The steamer Soo City was the only boat to leave the east shore for Chicago Monday. There was a high sea rolling during the night and she did not get out until about 4:00 o'clock in the morning.

The steamer City of Holland is now in winter quarters at King's dock, but the Soo City will probably continue running until the middle of November. Both freight and passenger traffic keeps up remarkably well.

States attorney Richard Morrison, of Chicago, who was quite a frequent visitor at Macatawa Park during the past season, was on Saturday last nominated by the Chicago democrats as judge of the superior court.

Paul Steketee calls the attention of the News readers this week to his stock of lamps and line of novelties for the holidays. He says it is none too early to begin making purchases, as patrons can have a larger and better variety of goods to select from.

G. E. Clark, the boat builder, has rented the warehouse on the dock of E. J. Harrington; built an addition to it; and converted the whole for this winter into a ship-yard. He has contracted with Guy and Claud Sintz of Grand Rapids to build them a 35-foot naphtha launch, and has also orders for several row boats.

The steamer Atlanta of the Goodrich line has had the fracture to her shaft repaired and she is now on the route between Chicago and Milwaukee. The Soo City's claim for salvage for towing her into Grand Haven has not yet been presented, but it will probably be considerable over \$2,000, as heretofore reported.

The Bay View Reading Circle will meet at the home of Mrs. Geo. W. Browning on Thirteenth str., Monday, Oct. 14, at two o'clock p. m. A cordial invitation is extended by the present membership to all ladies of the city who would enjoy taking a prescribed course of reading for the winter, to be present, look over the text books and become sharers in the pleasures and profit of the work.

During fair week, on Thursday, the busy day, a bicycle belonging to Fred Pool, and left in the custody of one of the booths, was sold by an unknown party to a stranger, for one dollar. The latter happened to be a resident of Douglas; the wheel was traced to his possession, and a return of the property was enforced on Monday. There was evidently some crookedness about the transaction, but no arrests were made.

A report from Lansing says that the male school teachers in the country districts are hot under the collar and the ladies are about in the same condition. It is all owing to the recent examinations held for applicants for certificates. The questions were very difficult to answer and required a knowledge of current events not only in America, but in the old country. The tariff laws, silver question, and recent foreign complications were all down. The country applicant was bewildered by the maze of intricate questions, which none but a student of political economy and sociology could have answered perfectly. The examinations were held under the supervision of the superintendent of public instruction, and it is suspected it is a scheme to force the would-be teachers to take a course at the Normal at Ypsilanti.—Ex.

ROYAL BAKING POWDER CO., 106 Wall St., N. Y.

The autumn of 1895 so far is mild and beautiful.

The stmr. Music returned Monday from Grand Haven, where she had been for some slight repairs.

Among marine items, at this season of the year, the following is in order: The late storm was one of the worst ever endured on Lake Michigan.

Our 59-foot flag-staff in the Central school yard is a veritable ornament to the premises, and to the parties that put it up.

The schooner Dunham, which came in with a cargo of lumber, was stuck on the bar opposite the West Michigan furniture factory on Thursday.

Rev. H. G. Birchby and elder Wilson Harrington represented Hope church at the fall session of the classis of Michigan held in Britton, Lenawee county, this week.

In the city of Jackson this winter the pulpit of the Baptist church will be supplied on Sunday evening by laymen, the object being to promote a closer relation between the church and the masses.

J. H. Nibbelink & Son have just finished a new office in the corner of their lively barn for the more convenient transaction of their business. They have also added some new surrys and other vehicles, and some speedy horses.

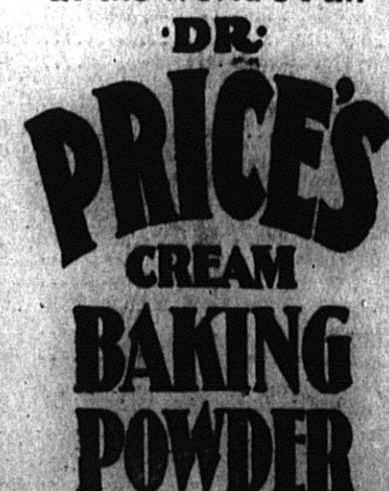

There was a social meeting of the Aid Society of Hope church Thursday afternoon at the home of Mrs. J. C. Post, on Thirteenth str. All ladies of the congregation were invited to be present and become acquainted with each other. Refreshments were served.

John H. Raven has disposed of his jewelry stock and business to J. P. Gleason of Grand Rapids and the latter took possession on Wednesday. Mr. Gleason is a practical jeweler and watchmaker, having been engaged in the Valley City for nearly 20 years. He will enlarge the stock and in every way aim to meet the demands of his patrons. Mr. Raven will still continue to make Holland his home.

From the G. R. Herald: Mrs. Mary Ryder, lessee of the Macatawa Park Hotel, has returned to her winter home in Grand Rapids, after enjoying a most encouraging season's business. It is needless to say the lady will appreciate a much needed rest, after attending to all details as faithfully as she did in the lesseeship of a popular summer resort hotel. Mrs. Ryder was almost persuaded to keep the hotel open indefinitely, but, at the last moment, did not succumb to the wishes of numerous friends, feeling that a much needed rest at this time was of vital importance. She is already anticipating a splendid business next season.

Masons and builders are requested to examine the stock of lath, and prices, at Scott's lumber yard, River str., opposite the Standard Roller Mills. tf

DR. A. OWEN'S ELECTRIC APPLIANCES

99 TIMES OUT OF 100

Mrs. A. J. Stearns, of West Stockholm, St. Lawrence Co., N. Y., under date of July 31, 1895, says: "Words fail me to express my gratitude to Dr. A. Owen for the benefit I have had from using his Electric Appliances. Before using the appliance I was so weak I could scarcely stand alone; had been confined to my bed since last October. After the third day's use of the appliance I could walk several steps; one week later I walked around the house, and in less than one month I was able to ride out, and now I can walk a mile or more without feeling tired. May God bless and spare you to your many friends for years to come."

Mr. A. J. Ekblad, of Walsburg, Kan., under date of July 30th, 1895, says: "Having used the Dr. Owen Electric Appliances for Nervousness for the past few months, must say they are ahead of any treatment. I am cured of the worst form of Nervous Disease."

Mr. A. Nibek, of Milledale, Iowa, writing us on June 27, 1895, says: "This is to certify that I have derived more benefit from using the Owen Electric Appliances for a severe case of kidney complaint and nervous prostration than from hundreds of dollars spent for doctor's bills and medicine."

Our Large Illustrated Catalogue contains many endorsements like above, besides cost of appliances, and much valuable information for the afflicted. Send 6 cents in stamps for it at once.

When writing parties about their testimonials enclose a self-addressed stamped envelope to insure a reply. We have been before the public many years, and our Electrical Appliances have become a recognized standard of merit.

NO REGISTRATION REQUIRED.

Attorney General Maynard Has Some Views on Ballots.

GRAND RAPIDS, Oct. 8.—In an opinion rendered Monday Attorney General Maynard holds that no general registration of voters is necessary in this state prior to the presidential election in 1896. The inquiry came from Kalamazoo, where a special election will be held in November. Mr. Maynard thinks it was a mistake, in view of the constitutional amendment restricting the franchise to actual citizens, not to require general registration, but the legislature did not so enact.

Mrs. Loomis Succeeds Hopkins.

ANN ARBOR, Oct. 5.—The regents have appointed Mrs. Mary W. Loomis, of Cherokee, Ia., first assistant librarian at the University of Michigan, vice A. H. Hopkins, who goes to Chicago as assistant librarian at the Crerar library. Mrs. Loomis comes from successful work of the same kind at Albany, N. Y. The women of the university are jubilant over the appointment of a woman.

Hill to Lecture at Ann Arbor.

ANN ARBOR, Oct. 7.—The students' lecture course opens October 25 with a nonpolitical lecture by Senator David B. Hill. There have also been engaged for the course ex-Secretary of State John W. Foster, Rev. T. De Witt Talmage, Henry Watterson and Theodore Roosevelt.

NILES, Mich., Oct. 7.—While burning straw John Andrews, a wealthy farmer living six miles west of this city, inhaled smoke and fell into the blazing pile, where he slowly burned to death.

SENTENCED FOR ARSON.

Prison Walls for a Man Who Has Been the Terror of Unadilla for Years.

ANN ARBOR, Oct. 8.—Clyde J. Barton, the Unadilla terror, was sentenced Monday morning to five years in state prison at Jackson for the crime of arson. This disposes for a short period of a man who for ten years has kept the people of two counties terrorized. Incendiary fires, entailing a loss of over \$100,000, have broken out in that time within a radius of 10 miles from the little town of Unadilla, 9 miles from this city. Three years ago a local detective traced the burning of a \$4,000 barn in Lindon to Farmer Barton. Barton fled to Chicago, where he was arrested and brought back. He had some money and was released on bail and for over two years the case has slowly dragged along. Finally Barton's nephew confessed to the methods followed and brought forward a sort of infernal machine consisting of a series of candles which set fire slowly to each other and finally exploded a bottle of inflammable stuff, the whole enabling the perpetrator to escape to a safe distance. Confronted with this, Barton broke down and confessed to burning two barns and a large grist mill within the last few years. More developments are expected in this, the most sensational case the county has had for years.

MACHINE SHOP A NUISANCE.

Located in the Residence Portion of Port Huron and Must Be Removed.

PORT HURON, Oct. 9.—In the spring of 1893 J. H. and T. J. Fitzgerald and D. H. Rannels established on the St. Clair river one of the most extensive and complete machine shops on the lakes. The shops were located in the residence portion of the city, adjacent to some of the most beautiful homes in Port Huron, and the owners of the latter complained that the smoke, dirt, odor and noise from the shops and the boats stopping there constituted a nuisance which should be suppressed. The court below enjoined the shops and the supreme court in passing on the injunction says that residents are supposed to be protected from such annoyances as smoke, soot, etc., and manufacturers must seek locations in which discomfort will be brought to the least number.

GEN. POE DEAD.

Famous Engineer Passes Away at His Home in Detroit.

DETROIT, Oct. 3.—Gen. O. M. Poe, the well-known United States engineer, died suddenly at his residence in this city Wednesday morning. He had been ill for several days, but the serious nature of his condition had not been announced. Gen. Poe rendered valuable service to the marine interests on the lakes. Some of the most important light stations, including the famous Stannard Rock Light, have been designed and constructed by him. He also constructed the new and famous lock at the Soo. He had general charge of all river and harbor improvements, and was regarded throughout the country as a very able engineer.

SNOW FALLS IN MICHIGAN.

Reports from Different Parts of the State Show It to Be Quite General.

DETROIT, Mich., Oct. 9.—Reports from all over the state show that there has been a general snowfall the last twenty-four hours. Snow fell during the night at Soo Junction in Alger county, and Tuesday Holland had snow, with the mercury at 41 degrees above zero. Niles caught a slight snowfall, the ground at Schoolcraft was covered and St. Joseph had some with the thermometer close to the freezing point.

BUSINESS MEN IN PULPITS.

Jackson Baptists Making Preachers Unnecessary.

JACKSON, Oct. 9.—The business men of Jackson will attempt a novelty in evangelical work. Twelve of them have agreed to occupy the pulpit of the Free Will Baptist church, one each Sunday evening during the next three months. They will preach on a variety of subjects. Among the prominent speakers are James O'Donnell, Warden Chamberlain, Prof. McCullough, Prof. Wesley Sears, Mayor A. J. Weatherwax, T. A. Barkworth.

Death of Capt. Edward Haff.

MONROE, Oct. 9.—Capt. Edward L. Haff, one of Monroe's oldest residents, died Tuesday morning, aged 89. He was a conductor on the Michigan Southern railway in the days of the old strap rail, and was once a prominent lake captain. He also commanded the steamer Lookout, transporting United States troops at Chattanooga under Gen. Thomas during the war of the rebellion. He returned to the service of the L. S. & M. S. railway, where he continued until seven years ago, when he was retired upon a pension.

Ruins the Corn.

NIRVANA, Oct. 5.—A worm similar to the striped one that infests apple trees is ruining fields of corn. The worm begins at the top of the ear, and works down, leaving a filthy road. Owing to the heavy frost and the worms, many acres will not be cut at all.

Deed of a Jealous Man.

HOUGHTON, Oct. 8.—William Smith, 60 years old, one of the oldest citizens of Cooper Harbor, shot his wife and then blew out his own brains with a revolver. He died instantly. The woman is still alive, but will die. Jealousy was the cause.

Fish Killed by the Storm.

ST. JOSEPH, Oct. 5.—Fishermen who lifted their nets, which had been set in the lake during the recent storm, state that the fish were dead, and in some instances already putrid when taken out. Hundreds of pounds were thrown away.

Trees Forced to Blossom.

COLOMA, Oct. 3.—Many orchard trees in North Coloma have been forced into blossom by the heat from the forest fires that have been burning in that vicinity during the past few weeks.

SINFUL HABITS IN YOUTH

LATER EXCESSES IN MANHOOD

MAKE NERVOUS, DISEASED MEN

THE RESULT of ignorance and folly in youth, overexertion of mind and body induced by lust and exposure are constantly wrecking the lives and future happiness of thousands of promising young men. Some fade and wither at an early age, at the blossom of manhood, while others are forced to drag out a weary, fruitless and despondent existence. Others reach matrimony but find no solace or comfort there. The victims are found in all stations of life. The farm, the office, the workshop, the pulpit, the trades and the professions.

RESTORED TO MANHOOD BY DR. K. & K.

Wm. A. WALKER, Wm. A. WALKER, MRS. CHAS. FERRY, CHAS. FERRY.

BEFORE TREATMENT AFTER TREATMENT

NO NAMES OR TESTIMONIALS USED WITHOUT WRITTEN CONSENT.

Wm. A. Walker of 16th Street says: "I have suffered untold agonies for my 'gray life.' I was induced when young and ignorant. As 'One of the Boys' I contracted Syphilis and other Private Diseases. I had ulcers in the mouth and throat, bone pains, hair loose, pimples on face, finger nails came off, emisions, became thin and despondent. Seven doctors treated me with Mercury, Potash, etc. They helped me but could not cure me. Finally a friend induced me to try Dr. Kennedy & Kergan. Their New Method Treatment cured me in a few weeks. Their treatment is wonderful. You feel yourself gaining every day. I have never heard of their failing to cure in a single case."

Wm. A. Walker of 16th Street says: "I owe my life to Dr. K. & K. At 14 I learned a bad habit. At 21 I had all the symptoms of Seminal Weakness and Spermatorrhoea. Emissions were draining and weakening my vitality. I married at 24 under advice of my family doctor, but it was a sad experience. In eighteen months we were divorced. I then consulted Dr. K. & K., who restored me to manhood by their New Method Treatment. I felt a new life thrill through my nerves. We were united again and are happy. This was six years ago. Dr. K. & K. are scientific specialists and I heartily recommend them."

At Rotterdam I happened to pass by the spot (the Boompjes) where forty years ago I embarked for this country, in a sailing vessel. What a difference between an ocean voyage then and now, and how very limited were the conveniences of the traveler of that period, more particularly those of the emigrant. The entire ship, with the exception of the space needed for ballast, which was largely composed of barrels containing drinking water, was fitted up with bunks. Hundreds of people were crowded between decks; little or no ventilation; no accommodations for the sick; a limited ration of fresh water distributed each morning from the casks for drinking and cooking purposes; a voyage averaging from forty to sixty days; and in many instances a filthiness that bred diseases and epidemics. Contrast all this with the present ocean steamship as it masters the waves and defying as it were the elements, and there is room for congratulation in drawing a retrospect.

It is a magnificent sight indeed Saturday afternoons to witness the outgoing fleet of ocean steamers as they leave New York harbor—docks lined with interested parties, waving a farewell to departing friends; the steamers in gallant trim, floating their respective colors and national ensigns; the captain and pilot on the bridge, while two or more tugs haul the huge craft out, into the stream—it all contributes to make one feel as though he is about to enter upon a new world.

There are at present 14 leading passenger lines running between New York and European ports, and they were established in the following order: Cunard line in 1840; Inman, 1850 (absorbed by the American line in 1892); Allan, 1853; Hamburg, 1856; Anchor 1856; North German Lloyd, 1857; French, 1862; Guion 1864; White Star 1870; Netherlands 1872; American 1872; Red Star (Belgian) 1873; Thingvalla (Swedish) 1882.

The first steamship that crossed the Atlantic was the Savannah, in 1819. She made the trip in 26 days. In 1833 the Royal William made it in 17 days, and since then the record has been constantly lowered until the Campania, of the Cunard line, last year made the distance between Queens-town and New York in a trifle over 5 days.

The steamers of these lines vary in length from 375 to 600 feet, and draw between 25 and 30 feet. One of the largest, the Campania, has a machinery of 30,000 horse power, with twin screws. She consumes 500 tons of coal in 24 hours, and her crew all told numbers nearly 300. The boats on the Netherlands line do not come up to these dimensions; they are of a medium size. Most of the travel from this vicinity to Europe being over this line, a brief write-up of the Netherlands-American Steamship Navigation Co. may not be amiss.

The Company was organized in 1872 and started with two steamers, the Rotterdam and Maas. Its capital stock can safely be estimated at five million dollars. Its business has increased until now it has a fleet of 12 steamers, with sailings twice and often three times a week. Some of its boats have been built in Holland and England, while others have been purchased. The Spaarndam, Maasdam, and Veendam were bought from the White Star line and were formerly known respectively as the Baltic, Adriatic and Arabic. In Rotterdam they own their own dock; in Hoboken their pier is rented, at a figure, as I was informed, of \$40,000 a year. Both are commodious and ample. Every steamer is provided with an electric light plant, cold air refrigerator and fresh water condenser. Every sixth trip they are sent into dry dock and thoroughly inspected and overhauled. They coal up at both ends of the route, American coal at present being just as cheap and of superior quality.

No doubt the increasing interest taken by American tourists in Holland has contributed largely in bringing the passenger traffic of this line up to its present flattering condition. The freight service however is far from being so satisfactory, competition having reduced rates to a deplorable minimum. A large part of the cargo of the steamer Odam, on the outward trip, consisted of grain; this was carried for 1 1/2 cents a bushel from New York to Rotterdam. The balance of the cargo consisted of iron ore, brass and copper. Most of the outward freight is destined for Germany and is carried up the Rhine in smaller crafts.

Let me add a brief description of one of the steamers of this line, the Maasdam, on which I made the return trip: She is built of iron; length 433 feet; 5 watertight bulkheads; 4 masts, that carry sails; a dining saloon for first-class passengers that will seat 150; a ladies boudoir and gents' smoking room; bath rooms and barber shop;

three family rooms that are fitted up extra. The state rooms are very comfortable, with electric lights and bells, washing apparatus, etc. The hours for meals are: breakfast 7 to 9 a. m.; luncheon at noon; dinner at 6 p. m.; while those that desire can have a tea at 9 o'clock p. m. The table is first-class and equal to that of our leading hotels. The deck affords a promenade for about one-half of the vessel's length. All the other accommodations on board are modern and of the most approved character. The second cabin is on the same deck as the first, and although inferior to the latter, the conveniences are ample, considering the difference in the price of the ticket. A large space on the promenade deck is set apart for the exclusive use of second cabin passengers. English, French, German and Dutch is spoken on board by officers and stewards. A piano and a library of well selected books are at the disposal of the passengers.

Although not belonging to the ocean-racers or greyhounds the Maasdam averages the trip from pier to pier, both ways, in 94 days.

Another Attempt at Train Robbery.

There is nothing more essential to the safety and good government of a community, than the prompt arrest, and conviction of those that trespass upon its rights. The failure to apprehend the late Fennville train robbers is only another instance in support of this assertion, for undoubtedly the same gang that committed this daring depredation have again been plying their vocation in an attempt at holding up the passenger train on the G. R. & I. railroad Monday evening. It was the express train from the south, due at Grand Rapids at 7:40 p. m., and the attack was made at a lonely spot on the road, a few miles north of Kalamazoo. The train was running fifty miles an hour when engineer Charles Rehling saw a lantern some distance ahead signalling to stop. He gave the usual whistle answer, applied the airbrake and shut off steam. The train almost stopped. As it approached a shot was fired, which the engineer and his fireman thought was a torpedo. A bullet then crashed through the window, passing within three inches of fireman Andrew Fox's head. This was followed by more shots in quick succession. The track had been blocked by a pile of ties, but when the engineer saw what was up, instead of allowing the train to come to a standstill, as the robbers had probably planned and expected, he set the air brakes free and opened the throttle. The train bounded forward and almost before the robbers realized the defeat of their plans, the train had shot past them and in a moment was lost to their view around a curve out of range of their guns. It did not stop until it reached Plainwell. The robbers kept up a continuous firing as the train sped past them. They directed their aim at the cab and the shattered glass windows of the cab bear evidence of good marksmanship. As near as could be made out there were four men implicated in the affair, the same number that were engaged in the C. & W. M. hold-up last August. Had it not been for the daring course of the engineer, who it must be admitted took great chances, the robbers would undoubtedly have succeeded and made a good haul. The officials of the G. R. & I. railroad have offered a reward of \$1,000 for the capture of the gang and \$500 for the capture of any one of them.

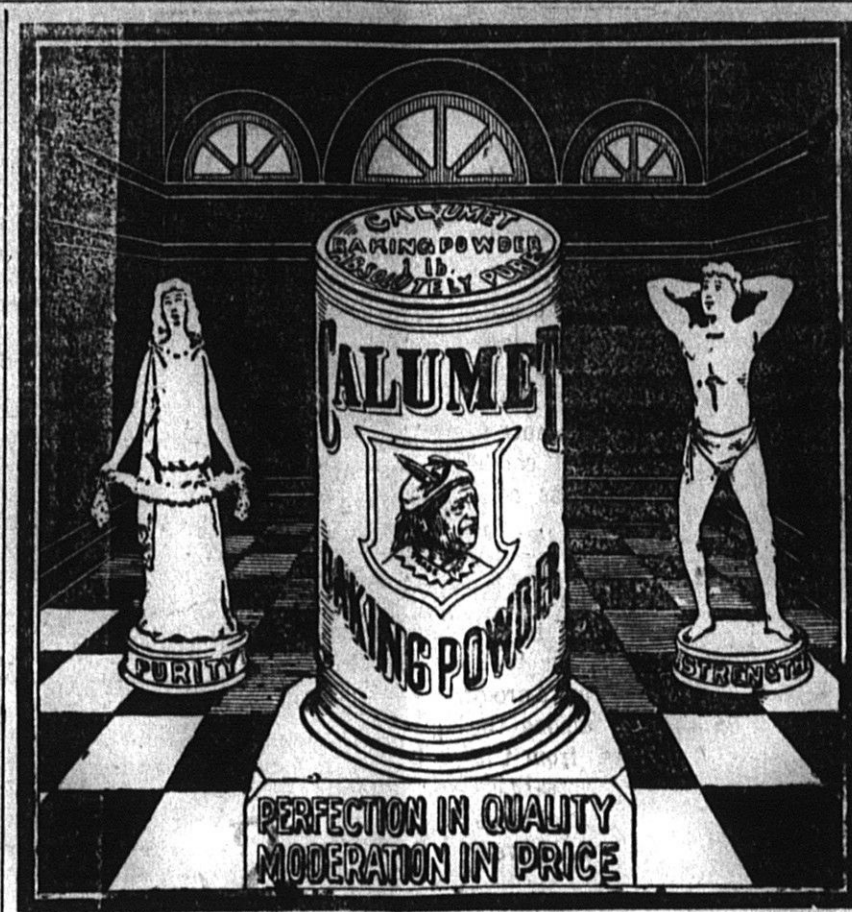

Y. M. C. A.

Bergen Hall has received its annual house-cleaning and the Y. M. C. A. rooms are in readiness for winter work. The books of the new library have been placed in the case and are ready for use. The selection proves to have been a very satisfactory one. The gospel meeting next Sunday will be led by Mr. Peter Gunst. The attendance at these Sunday afternoon meetings has been excellent during the entire summer, and is increasing each week.

On Friday, Saturday and Sunday, Oct. 18-20, the Grand Rapids District of the Young Men's Christian Association will hold its regular annual conference at Grand Haven. The conference will open Friday evening, and the program of Saturday, as well as the features of the Sunday services, will be of a very attractive character. The committee have sent out a general invitation to all to attend the conference. Those that expect to do so are requested to send in their name to Ernest Reynolds, chairman of the entertainment committee at Grand Haven, not later than Wednesday, October 16. The committee in charge consists of C. D. Harrington, Grand Rapids; C. S. Ward, Grand Rapids; C. H. Hopkins, Muskegon; W. W. Locher, Muskegon; S. M. Wright, Grand Haven; H. J. Wiersum, Hope College, Holland; Frank Taylor, Ionia High School.

Anti-Fusion.

A law was passed in this State last winter, generally known as the anti-fusion law, which provides that no candidate for any office shall be en-

titled to have his name appear more than once upon the "official ballot." The provisions of this law were enforced in the election of a congressman in the Fourth district last spring, and the matter was carried to the Supreme court to test the constitutionality, whether it was not an infringement upon the prerogatives of the elector and whether the legislature had a right to enact such a law. The court in a lengthy opinion the other day sustains the law and in its reasoning says:

"The law gives every candidate the right to have his name appear upon the ticket once. Naturally it belongs in the column of that party with which he is openly affiliated, but if he chooses to have his name attached to the ticket of some other party and that party does not object, he possesses that right.

There is no reason or authority for saying that any candidate possesses the constitutional and inalienable right to have his name appear more than once upon the official ballot containing two or more political parties. He has no occasion to find fault so long as he is permitted to have his name upon such ballot of the ticket as he chooses, with the constitutional right following of an opportunity given to every voter to vote for him, which he can do by making the required cross.

The law is general, and aims at no political party. One party at one election may be affected, and another at another, or all parties may be affected at one election, some in one locality and others in another. It does not prevent coalition between different political parties, which is often very commendable and patriotic. It does not deprive the members of these political parties of the means on election day to put their coalition into effect by their votes, but furnishes all reasonable facilities for so doing. It only requires some degree of intelligence and care on the part of the voters."

The law after forbidding the printing of the name of any candidate in more than one column of the ballot provides that any person receiving a nomination of more than one party or convention shall have the right to select in which column of the ballot he wishes his name to appear, and if after due notice by the election commissioners he neglects to so elect his name will then appear as a candidate of the party that nominated him first, and has first sent in his name to the election commissioners.

Naturalization.

A new kink has been unearthed in the naturalization laws, which, if successfully developed along the lines indicated, will lead to serious complications in determining the citizenship of many that are born in this country of foreign parentage.

The authorities on the Pacific Coast are stretching every nerve to discountenance Chinese emigration, and whatever can be done to obstruct their landing and prevent the naturalization of such as are here, is being resorted to. In San Francisco a case is to be tested in the courts, whether a Chinese, though born on American soil is by virtue thereof a citizen of the United States.

Wong Kim Ark, a Chinese, returned at that port recently from China, where he had been on a visit, and demanded a landing, on the ground that he is a native of the United States, being born in California. The U. S. collector of the port refused him landing, claiming that notwithstanding his nativity, which was admitted, Mr. Ark is not an American citizen.

This position on the part of the collector was in accordance with an understanding and arrangement already made with the Attorney-General at Washington, who is anxious to make a test case. The government contends that a person born in the United States must be at the time of his birth not be subject to any foreign power or potentate; in other words: at the time of his birth, in this country, his father must also be an American citizen, for if the father be still an alien then such child would be subject to the country of his sire.

Under this contention in order to be an American citizen by birth, one must be born not only on American soil, but also of American parents.

Should this new interpretation be sustained it will be seen that all per-

sons born in the United States, of foreign parents, will be greatly affected thereby, for unless they are able to show that at the time of such birth their father also was an American citizen, their being born here will be treated as a mere incident.

It is intimated that the authorities are so intent upon this position that should the decision in the California court be favorable to the Chinaman, the case will be appealed by the government to the higher courts. Whatever fate befalls John Chinaman in this instance will be equally applicable to all others, of whatever nationality, that are similarly affected.

The new minister at Ventura is winning the good will of the people both at Ventura and West Olive.

Rev. and Mrs. J. Wilder, our late W. M. pastor, who are about to leave us for their new field of labor, were taken by surprise on Tuesday evening of last week. When all was quiet a knock was heard at the door and in came Capt. Huff, followed by a host of friends who took possession of the house and made themselves happy. A social time was had, a collection taken up, and a God-speed extended by all those present. That heaven's blessing may rest on the people of Ventura and Olive is the wish of both Rev. and Mrs. Wilder.

Zutphen is affected with a set of rowdies that are liable to be brought up short if they do not cease their depredations soon. A week or so ago some of these smart alecks entered the field of P. de Weerd and turned over a number of shocks of corn, broke down a gate, ruined about four bushels of potatoes, and then entering a watermelon patch of John de Weerd, destroyed the whole crop. The same crowd last spring also destroyed a celery patch of H. Ensing.—*Expositor.*

John Mann, who ferried the Fennville train robbers across the river the afternoon before the hold-up, could not identify Jim Brown and Vic Taylor, the Brinton suspects, and it looks as if the case against them would fall through.

Judge and Mrs. Padgham entertained a company of friends Wednesday evening, in honor of their guests, Hon. and Mrs. George A. Farr, of Grand Haven.

The warm weather of late is rapidly ripening the late beans, and it is said to be the making of thousands of marketable beans every day in this county.

Financially the Allegan fair was not a success this year. Just what per cent of the premiums will be paid has not been determined, as matters have not been fully settled.

The new building being erected by Harvey & Benjamin, Hamilton, is fast approaching completion, and when finished will add greatly to the appearance of the village.

Kalamazoo News: D. den Bleyker came home from Allegan Saturday night. Just north of Otsego on the Lake Shore & Michigan Southern railway some one had placed a steel rail across the track. It was struck, but as the train was not running fast no damage was done. Some one seems to have a grudge against the road, for stones are frequently thrown at the cars at this point.

The woman of Allegan organized a free kindergarten department in the public schools. Next a room in the old Exchange was rented. It needed repairing to fit it for use as a kindergarten, but the owner refused to fix it. Thereupon the ladies proposed to do the work themselves. They plastered, painted, papered, did the necessary carpenter work, all without aid of one of the sterner sex, and then surveyed the result of their labors with intense satisfaction. In "cleaning up" after the work was finished they neglected to remove a pair of overalls, and an inquisitive reporter, who stepped into the room to view the changes wrought, spied them in a corner. Knowing that not a man had been employed there, his curiosity was aroused, as to which of the ladies had worn them in performing her part of the work. The mystery remains unsolved, but he is sure there is at least one "new woman" in Allegan.—*Gazette.*

July 22 was the date of the shipment of the first carload of peaches from this station this season, and from that date to October 1 there were shipped by the C. & W. M. fruit trains an even 400 cars. This amount does not include the large quantity sent by express and local freight. In comparing these figures with those of other years it should be remembered that the cars have been loaded about one fourth heavier than before, so that the fruit shipped equals about 500 cars of the ordinary load. The fine weather on the lake has made the shipments by rail much lighter than they would have been, had there been the usual amount of rough weather. A conservative estimate of the peach crop of Laketown, Saugatuck, Ganges, and Casco townships would be about 6,000,000 baskets this season. It has been the largest crop ever known in Michigan.—*Herald.*

Saugatuck.

The recent northwest gales have raised the bar across the outer channel of the harbor and the passage of the boats in and out is more precarious than ever.

Steve Newnam, chief engineer of the steamer Bon Ami, has been engaged as chief engineer of the Columbus Memorial Building in Chicago at a salary of \$1,500 per year.

The case of the People vs. Wm. Rode, charged with setting fire to the tug Pup, has been dismissed by the prosecuting attorney. A Grand Rapids detective succeeded in getting about fifty dollars out of the owners of the boat for alleged services, and the indications are that he manufactured all the evidence he claimed to have secured in the case.

The steamer Sult was fined \$500 recently for making two trips after the expiration of her license. Application for inspection was made in due season but owing to the inspectors being busy they could not attend to her at once. On learning the facts the secretary of war remitted the fine.

E. S. Pride and J. F. Metzgar, two of our village trustees and both in business here for upwards of twenty years, have never yet witnessed a fair held in Michigan. Last week they visited the Holland fair. Goodness! what meat for the bunco sharps.

Last Monday James Perry appeared for trial before Justice Leland on the charge of neglecting to remove yellowed peach trees. He pleaded guilty and paid fine and costs amounting to \$6.33.—*Commercial.*

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in result." Trial bottle free at H. Walsh, Holland. A. De Kruif, Zeeland.

ANNUAL TAX SALE.

STATE OF MICHIGAN,
COUNTY OF OTTAWA.

The Circuit Court for the County of Ottawa in Chancery.

In the matter of the petition of STANLEY W. TURNER, Auditor General of the State of Michigan, for and in behalf of the State of Michigan, for the sale of certain lands for taxes assessed thereon.

On reading and filing the petition of the Auditor General of the State of Michigan as aforesaid praying for a decree in favor of the State of Michigan, against each parcel of land therein described, for the amounts therein specified, claimed to be due for taxes, interest and charges on each such parcel of land, and that such lands be sold for the amounts so claimed by the State of Michigan.

It is ordered that said petition will be brought on for hearing and decree at the November term of this Court, to be held at the City of Grand Haven, in the County of Ottawa, State of Michigan, on the Fourth day of November, A. D. 1895, at the opening of the Court on that day, and that all persons interested in such lands or any part thereof, desiring to contest the lien claimed thereon by the State of Michigan, for such taxes, interest and charges, or any part thereof, shall appear in said Court, and file with the clerk thereof, acting as register in chancery, their objections thereto, on or before the first day of the term of this Court above mentioned, and that in default thereof the same will be taken as confessed and a decree will be taken and entered as prayed for in said petition. And it is further ordered that in pursuance of said decree the lands described in said petition for which a decree of sale shall be made, will be sold for the several taxes, interest and charges thereon as determined by such decree, on the first Monday in December thereafter, or on the day or days subsequent thereto as may be necessary to complete the sale of said lands and of each and every parcel thereof, at the office of the County Treasurer, or at such convenient place as shall be selected by him at the county seat of the County of Ottawa, State of Michigan; and that the sale then and there made will be a public sale and each parcel described in the decrees shall be separately exposed for sale for the total taxes, interest and charges, and the sale shall be made to the person offering to buy for any given tax and paying the full amount charged against said parcel, and accepting a conveyance of the smallest undivided fee simple interest therein; or, if no person will buy for any of said several taxes and pay the balance thereof and take a conveyance of less than the entire thereof, then the whole parcel shall be offered and sold. If any parcel of land cannot be sold for taxes, interest and charges, such parcel shall be passed over for the time being, and shall, on the succeeding day, or before the close of the sale, be re-offered, and if, on such second offer, or during such sale, the same cannot be sold for the amount aforesaid, the County Treasurer shall bid off the same in the name of the State.

Witness the Hon. Philip Padgham, Circuit Judge, and the seal of said Circuit Court of Ottawa County, this 3rd day of September, A. D. 1895.

SEAL.
Countersigned,
Geo. D. TURNER, Register.

STATE OF MICHIGAN.

To the Circuit Court for the County of Ottawa in Chancery:

The petition of STANLEY W. TURNER, Auditor General of said State of Michigan, for and in behalf of said State of Michigan, respectfully shows that the list of lands hereinafter set forth and marked "Schedule A," contains a description of all lands in said County of Ottawa upon which taxes were assessed for the years mentioned therein, and which were returned as delinquent for non-payment of taxes and which taxes have not been paid; together with the total amount of such taxes, with interest computed thereon to the time fixed for sale, and collection fee as provided by law, and the cost of advertising and other expenses of sale of each of said parcels of land.

Your petitioner further shows to the Court that said lands were returned to the Auditor General under the provisions of Act 206 of the Public Acts of 1893, as delinquent for non-payment of said taxes for said years respectively, except such of the taxes set forth in said schedule as were returned to the Auditor General according to law prior to the 12th day of June, 1893, and remain unpaid.

Your petitioner further shows and avers that the taxes, interest, collection fee and cost of advertising and other expenses of sale, as set forth in said Schedule A, are a valid lien on the several parcels of land described in said schedule.

Your petitioner further shows that the said taxes on said described lands have remained unpaid for more than one year prior to the first day of May, 1895; and the said taxes not having been paid, and the same being now due and remaining unpaid as above set forth, your petitioner prays a decree in favor of the State of Michigan against each parcel of said lands, for the payment of the several amounts of taxes, interest, collection fee, cost of advertising and other expenses of sale, as computed and extended in said schedule, against the several parcels of land contained therein, and in default of payment of the said several sums computed and extended against said lands, that each of said parcels of land may be sold for the amounts due thereon, as provided by law, and pay the lien aforesaid.

And your petitioner will ever pray, etc.
Dated August 30, 1895.

STANLEY W. TURNER,
Auditor General of the State of Michigan.
For and in behalf of the State of Michigan.

Der Summer is Gone By.

Mister Editor!

Ebberdyng goes ter abow dat der summer is racing py, on der vinter is racing der odder vay.

Vacation—"life's great invigorator and nerve-stimulator"—belongs again to der py-gone, on der intellectual peezness in seminaries, colleges on public skools, have again peen resumed. Der dominees, der professors on der teachers have again returned to der respective dooties, mit der mind atmosfeer cleared up, und are again grappling mit der serious problems involved in der question of: "How are we going to edderkate der coming wheel-men und ploomer-vomen successfully?"

Vacation-time vas a happy time for der special few dat are lucky enough ter enjoy such a luxury. It vas a time for recreation; a time of health-improvement; a time for almost ebberdyng besides serious meddertation.

Der summer, und especially vacation-time, means a great deal for der professors, der teachers, der breachers an all der odder vacationists, for it means suspension of vork und heaps of fun.

Vben dat class of beople vorks a leetle while, dey vants rest. Der constertations are all skattered ter bleeces dey say, py diaking hard dinks—something der common man can not understand—und dey vants a goot long vacation to paste dat skattered constertation oop again, und dey gets it, mitout a deduction in der salary. Dat vas der funny part of it.

Dis idea of a vacation may not agree mit der spirit of dat great ancient Spartan lawgiver, Lyncurgus, but id agrees mit der spirit of der nineteenth century, an dat vos enough to palance all accounts.

To der poor difel, who has to vork mit der sweat-drops racing down his spinal-colum, der summer means not so much as to dem odder beople. Of course der poor difel is not in love in partikular mit Sjaek Frost, nor der silvry white snow, put id makes a great difference vether you zit on der peach of Lake Michigan mit der nize cool breeze whistling through your whiskers, vatching der pathers cutting pranks in der vater, or vether you stand in a treeless place mit der zun pouring rite town on yer head, shovling sant on a vagon or loading ties on a kar.

In short—der summer is py, und ebberdyng, eddified py custom or odderwise, got his or her share of a cation. But.....der laboring classes

der life und plood of der nation; der horny-headed zons und daughters of toil—ven does der vacation come in?

Der great mass of der beople never gets a vacation untill der hands on life's dial point to der hour of der departure to an odder, und ve drust, a petter world.

The misery of years has been cured in a single night by the use of Doan's Ointment, a positive, never-failing remedy for Itching Piles and all similar diseases. Your dealer keeps it, or can get it for you.

DO YOU KNOW

That you are being imposed upon?

That there is no such office as Government Chemist?

That neither the United States or Canadian governments have recommended any special brand of Baking Powder as being superior to all others?

Many of the alleged Government and Board of Health certificates that are appearing in the newspapers, recommending a certain brand of the high priced Baking Powder companies.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails when the liver is torpid and sluggish and the need of any tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. Only fifty cents per bottle at

Catarth Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarth is a blood or constitutional disease, and in order to cure it you must take internally, and acts directly on the blood and mucous surfaces. Hall's Catarth Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonic known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarth. Send for testimonials, free.

Gilles Wabeke, one of Zeeland's pioneers, is very ill and failing.

Seth Nibbeluk and Anton Seif were in Grand Rapids on business Thursday.

P. J. Slagh is confined to his home with typhoid fever. There are several other quite serious cases in Holland and vicinity.

H. W. Perry, wife and daughter Nelly, contemplate remaining in their Macatawa Park cottage until November.

Wednesday was the twenty-fourth anniversary of the burning of Holland. A few relics of that awful event can still be detected in the shade trees that skirted the burned district.

John Hummel and wife and Nicholas Schmid sailed from Europe Oct. 4. They will not return home at once, but will spend a month or so visiting friends and relatives in New York, Philadelphia, and other cities.

Mrs. Leonard Kleyn has returned home from Detroit, where she has been taking a three months course in oil painting under the private instructions of Prof. Schewerdt, one of the best artists in the state.

Prof. Hayman gave his opening dance of the season at Lyceum Opera House Thursday evening. There was a fair-sized attendance and all present enjoyed themselves. Next Thursday night Prof. Hayman and his wife will at the same place introduce some of the very latest dances and those anxious to learn are invited to come and see him.

List of letters advertised for the week ending Oct. 11., 1895, at the Holland, Mich., post office:

Mrs. M. E. Bates, R. Boonstra, Katie Bosma, T. S. Colvin, A. L. Holmes, C. S. Johnson, Eva Malone, J. W. Moore, Mrs. W. H. Murphy, Albert Molding, Mrs. C. Reed, Geo. Ryan, Miss Lillie Seeley, K. Wiersema. CORNELIUS DE KEYSER, P. M.

The U. S. dredge Farquahar and tug Graham came into port from South Haven on Saturday and are now at work on the harbor. The recent heavy winds have formed two very dangerous bars near the end of the piers, which will have to be dredged at once. It is with considerable difficulty that the Soo City now gets in and out, if there is a sea rolling from the north-west.

Mrs. Jennie Woodward, who some months ago eloped from Muskegon with superintendent Castle of the C. & W. M. has returned to her home. She states that Castle left her at Detroit, he going east and she heading for British Columbia. Shortly after reaching there her funds ran out, compelling her to work for a livelihood. The woman is almost broken down and realizes that the beautiful pictures of the future she saw at Lake Michigan Park before eloping were only Castles in the air.

That C. L. Streng & Son take a leading position among our dry goods merchants was demonstrated again last week at their cloak sale. The beautiful display of garments of all descriptions and the crowd of eager purchasers were proof that our people are not only willing but anxious to support home merchants. The objectionable practice of carrying all our money to Grand Rapids is gradually becoming a thing of the past.

The students of the Western Theol. Seminary turned out en masse Saturday and organized themselves into a "bee" for the fitting up of Semelink Hall. Carpets were laid, curtains hung, furniture arranged, and a general finishing touch applied to the inside arrangements. The Seminary is in constant receipt of valuable gifts towards the furnishing of the new hall, itemized mention of which will be made at the dedication.

Three years ago negotiations were opened between a committee of M. E. clergymen and the Macatawa Park Association for the permanent location of their Assembly grounds at the Macatawa resort. At one time it appeared as though the deal was to be consummated, but somehow or other our divines were induced to locate at Lake Harbor, near Muskegon. After three years of experimenting, and a sad experience involving the expenditure of a large sum of money—some place it as high as \$60,000—the enterprise at that point has proven a total failure, and the Hackley Park Assembly grounds are a thing of the past. Says a dispatch from Muskegon: "The C. & W. M. is tearing up the Lake Harbor railroad, a four mile line along Lake Michigan to the Hackley park assembly grounds at Lake Harbor. This course was decided on soon after the announcement in August of the failure of the association, and its decision to abandon the enterprise. During the three years existence of the association thousands of dollars have been sunk both at Hackley park and by the railway company."

Given away to ladies only, a combination-buston hook and curling iron, with a cash purchase of \$2.00, at the shoe store of M. HEROLD.

Services will be held in Grace Episc. church, Sunday evening.

Mrs. J. E. Benjamins and daughter are visiting with relatives at Grand Rapids.

Mrs. C. L. Streng of Montague spent a few hours in Holland Thursday on her way home from Grand Rapids.

A. Van den Berg, formerly with Brusse & Co., has accepted a position with Lokker & Rutgers in their clothing department.

Quite a number of the Holland masons are figuring on attending the dedication of the masonic temple at Grand Rapids next Tuesday.

The stars and stripes floated from the staff of the Holland Furniture Co. again on Thursday, in honor of the marriage of another carver, Gerrit Van den Berg.

The schooner H. M. Avery, loaded with lath consigned by a Manistee firm to Frank Haven, lost her deck load while near this port on Tuesday. She subsequently sought shelter at Grand Haven.

Daniel G. Cook, M. D., of this city and Miss Mary Brook of Grandville were united in marriage at the house of the latter on Thursday afternoon. They arrived in the city the same evening and their friends can expect to find them at home after November 1st.

Masons and contractors will find it greatly to their advantage to consult with B. L. Scott regarding prices on building material. Everything needed can be found at his lumber yard on River str., opposite the Walsh-De Roo mills. Read over his advertisements in the News.

Peter Oostema & Co. are busy putting their grocery stock on the shelves in the store recently vacated by Will Bottsford & Co., and expect to open up for business to-day. They have a large and well selected stock of staple domestic and fancy groceries, canned goods, etc., and propose handling everything the trade demands.

Herman J. Nyland and Miss Elizabeth J. B. McMillan were married at the home of Mr. and Mrs. Neal McMillan, Grand Haven, on Wednesday evening. Mr. Nyland is the traveling representative of the Grand Haven Leather Co., and was a former resident of this city. The newly married couple have the best wishes and congratulations of the News.

The contract which has been in existence for twelve years between the Illinois Leather Co. and the Cappon & Bertsch Leather Co. has expired and the latter will in the future handle and market its own hair. A new hair house 40 x 60 and one story in height, is now in the course of construction. Mr. Charles Genshaw has heretofore had direction of this part of the work, but it is not yet known whether he will be retained in this capacity or not.

John Ter Beek, one of the pioneer residents and farmers of Holland township, died Wednesday morning at his home north of Waverly. He came here with his father's family in '48. They were of the party that settled in Alto, Wis., under the leadership of Rev. G. Baay. The deceased leaves a widow and four children, all married but one. The funeral services were held in the Groningen chapel, on Friday afternoon, and were conducted by the pastor, Rev. C. Van Goor.

The S. S. convention of the H. C. Ref. churches in this vicinity, held in the Ninth street church on Tuesday, was a very satisfactory affair, representatives of seven schools being present. I. Marsilje was elected president, G. W. Mokma vice president, and P. De Roede secretary. Three sessions were held and the topics presented elicited an earnest and instructive discussion, the answers to questions placed in the question-box, in the evening, being especially interesting. This was the first convention held by the Sunday-schools of that denomination, and the result has proven so satisfactory that it was voted to continue them. They will be held semi-annually.

The annual meeting of the Farmers Mutual Insurance Co. of Allegan and Ottawa Counties was held at Zeeland on Wednesday. The annual report showed that the risks of the company aggregated \$1,650,000, while the losses for the past year footed up \$2,400. The rate of insurance to members this year was 20 cents on \$100. A committee of five was appointed to draw up an amendment to the by-laws authorizing the company to pay losses caused by steam power used on farms for threshing and hay-pressing purposes. The meeting adjourned to the first Wednesday in December to act upon the report of this committee. The following officers were elected: President, K. Lahuis; vice president, G. Wabeke; secretary and treasurer, I. Marsilje; directors, James Brandt, G. J. Van Zoeren, Gerardus Lubbers, H. J. Kollen, John Lubbers of East Saugatuck, Geo. H. Souther, Henry Groenewoud.

W. Schuurman left for a four weeks' visit to friends at Waupia Wis., Monday evening.

There were eighty members present at the annual re-union of the Second Mich. Cav., which was held in the Eagle hotel, Grand Rapids, on Wednesday afternoon. John Van Anrooy and Dirk Miedema were among the old veterans who attended from this city. Holland lacked two votes of being selected as the next place of meeting; as it is Grand Rapids will have it again.

Rev. A. Vennema, of Port Jarvis, N. Y., has declined a call to the Ref. church at Passaic, N. J. One of the home papers in commenting upon the affair has the following: "The pastor has had it under consideration for the last two weeks and the inducements have been such that it was very difficult to resist them. The expressions of attachment on the part of Mr. Vennema's congregation have been so strong that after careful deliberation he has, to their great gratification, concluded to remain with them, although he is making sacrifices peculiarly in so doing."

The annual re-union of the 25th Mich. Infy at Benton Harbor this week was attended by the following veterans from this city: Capt. M. De Boe, B. Van Raalte, H. Te Slegte, Wm. McFall, D. B. K. Van Raalte, J. Zwemer, N. W. Ogden, J. Kramer, A. Pelton, G. S. Doesburg, G. J. Hesse, and J. A. Wilterdink. Ald. A. B. Bosman also joined the party. The boys report a pleasant time and a fairly good attendance. The following officers were elected: J. Gilchrist, Schoolcraft, president; Abner Schnyder, Three Rivers, secretary; P. D. Miller, Schoolcraft, treasurer. The next annual reunion will be held at Schoolcraft.

The Painful Condition

Of Mrs. Henry Elferdink—Being The Experience of a Holland Lady, Interesting to All.

Our representative called at the residence of Mrs. Henry Elferdink on E. Tenth St., and the experience she has had and tells here will interest many citizens of Holland, for it adds another link to the long chain of home proof that we are publishing. Mrs. Elferdink says:

"I have been a great sufferer from kidney complaint. I do not know what caused my trouble, unless it resulted from hard work. It is about a year ago now since I first felt real bad. At that time I was stricken down suddenly with a terrible pain in the left side of the back over the hip and extending into the side. It was very severe right from the first. I hardly knew what to do with myself. I could not do anything, and just had to give up and go to bed. These attacks came in spells like that, and I would be confined to my bed for days at a time. I had that fearful bearing down feeling so hard to describe. Somehow or other I could not get help, do what I would; and when I did find any relief at all it was only of the most temporary character. One day I read something about Doan's Kidney Pills, and felt that they might help me, and seeing by a Holland newspaper that they were to be had at J. O. Doesburg's drug store, I got a box and began taking them. I have not been sorry that I gave them a trial, for their effect was quickly felt. At the present time I have used altogether four boxes; that dreadful pain in my back has been removed, and I feel better generally. I am now able to get around and do my ordinary household duties with ease. I gladly speak a good word for Doan's Kidney Pills, for they deserve it all."

For sale by all dealers—price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U.S. Remember the name, Doan's, and take no other.

LOTTERY TICKETS SEIZED.

Government Officers at Detroit Make a Wholesale Haul.
DETROIT, Oct. 8.—Thousands of lottery tickets sent to agents here by over a half score lottery companies, were seized by United States officers Monday. The tickets were in the possession of the American Express company, which informed the government officers. In each package was a private note to the agent marked "Prize Ticket," and inside was the cheerful information: "Please sell this ticket to a prominent business man who will not object to have us use his name as the winner of a prize." The tickets seized are in the following lottery companies:
Montana Mining & Loan association, Kansas State Lottery company, Little Louisiana Lottery company, Louisiana State Lottery company, Louisiana Tullia Lottery company, Louisiana Graw company, Santo Domingo Chance association, Montana Loan & Iron company, Honduras National Lottery and the Louisiana Grand Lottery company.

DATE FOR MILLENNIUM.

"Salute of God" Say the World Will Come to an End in 1941.
GRAND JUNCTION, Oct. 9.—The "Saints of God" from all parts of the state congregated here in great numbers Tuesday, and packed the big pavilion to listen to an address by D. S. Wamar, editor of the Gospel Trumpet, on "Prophecy and Revelation." Mr. Wamar diagramed his sermon on the blackboard, and pictured out to the followers that the year 1896 would ring in a new epoch in the church and lead on to the millennium. He traced in his own way year by year the epochs which he said would mark the end of the world, and declared that in 1941 time would be no more and the world would be wiped out. The followers of the church seemed to take his sermon as Gospel truth and declare that the prophecy will be fulfilled.

FIVE WOMEN INJURED.

Thrown from Their Vehicle by Runaway Horses Near Shepherd.
SHEPARD, Oct. 5.—Five women were badly injured in a runaway accident near this place Friday afternoon and one of them, Mrs. Drake, may not recover. The injured are:
Mrs. H. C. Bigelow, ankle dislocated.
Mrs. William Drake, injured internally; likely to die.
Mrs. John Dough, right leg broken at thigh.
Mrs. E. A. Furlong, left arm broken.
Mrs. Fred Knapp, right leg broken at ankle.
There were eight women in the vehicle, and they were on their way to a neighboring village. As they started down a steep hill, the pole of the buggy dropped and the horses became frightened and ran. At the foot of the hill the buggy was overturned and all the occupants thrown out in a heap. The three women who escaped injury went for help, and the injured were taken to a farmhouse.

SHE IS INNOCENT.

Ira Burpee Says His Foster-Mother Did Not Scald His Feet.
OWOSO, Oct. 8.—Ira Burpee, the New Lothrop lad who lost both his feet two years ago and caused his foster-mother, Ursula Burpee, to be arrested and tried for scalding them, made an affidavit Monday morning to the effect that the story he told on the stand was one manufactured by the neighbors for the purpose of sending Mrs. Burpee to prison, and was without the slightest foundation. The story as told up to date by Ira is identical with that told by Mrs. Burpee at the trial. A peculiar feature of the case, however, is the fact that the boy never departed from his first version of the affair until he returned to live with Mrs. Burpee a week ago.

CLAIMED BY THE STATE.

St. Clair Flats Belong to Michigan, According to the Attorney General.
PORT HURON, Oct. 4.—The St. Clair flats summer resorters, who hold their possession by permission of the federal government, will now have to defend their titles, for Attorney General Maynard has begun suit in behalf of the state to recover Harsen's and Stromme's islands. According to the state's claims, these lands were ceded to Michigan by the general government thirty years ago, in common with all other marsh and overflowed lands. The suits already begun are against the Lake St. Clair Fishing and Shooting club, David A. Whitney, Don M. Dickinson, John K. Randolph, Frank Guelett and Adolph Sloman.
Ypsilanti Firemen Set Free.
ANN ARBOR, Oct. 8.—The case against the Ypsilanti firemen, who were charged with causing fires so they might get pay for working on them, were dismissed Monday morning. Prosecuting Attorney Randall filing as his reason that the principal witness was of doubtful competency and that the evidence so far produced was insufficient for conviction.

The Public Schools at the Fair.

Friday was Educational Day, and this special feature of the fair was placed under direction of Miss Cora Goodenow, S. Coburn and L. Reus. All the schools within the territory of the Society were requested to send their best spellers for a competitive spelling match, and to this invitation about 150 representative pupils nobly responded. In the contest the state list of 800 words was used, supplemented by such others as the directors deemed essential to a rigid test.

The contest at times was very animated; it lasted four hours, and enlisted the interest of a large number of spectators. The successful contestants in the different classes were as follows:

CLASS NO. 1—15 YEARS.
1st Prize, \$1.50, John Wagner, New Holland.
2nd Prize, \$1.00, Laura Knooihuizen, New Holland.
3rd Prize, \$0.75, Gerrit Slag, New Holland.

CLASS NO. 2—12 TO 14 YEARS.
1st, \$1.50, Allie Kollen, Overisel.
2nd, \$1.00, Maggie Diepenhorst, New Holland.
3d, \$0.75, Jennie Jekel, Groningen.

CLASS NO. 3—11 TO 12 YEARS.
1st, \$1.50, Minnie Fokkert, Overisel.
2nd, \$1.00, Ruth Voorhorst, Overisel.
3d, \$0.75, Barrie Nienhuis, N. Holland.

CLASS NO. 4—10 YEARS AND UNDER.
1st, \$1.50, John M. Slag, New Holland.
2nd, \$1.00, Annie G. Brouwer, New Holland.
3d, \$0.75, Manus Stegeman, N. Holl.

BEST SPELLING AND NEATEST PAPER.
1st, \$1.50, John Wagner, N. Holland.
2nd, \$1.00, Jennie G. Brouwer, New Holland.
3d, \$0.75, Jennie Jekel, Groningen.

John Wagner also received the Kiekintveld prize, Ridpath's History of the United States, for making the highest average.
The Association prize, a U. S. flag, for the school sending the largest number of prize winners in the contest, was carried off by New Holland; S. Cobman principal, Miss Frances Post, primary.

One incident, not on the program, is worthy of mention. After the contest a blind man and woman entertained the children with singing a few selections, at the close of which secretary Kerkhof made a few remarks and put this question to the children: As many of you as are thankful that God has given you good eye-sight, will raise their right hand. Not a hand was missing.

The Holland, Saugatuck & South-Eastern Railway.

The Allegan Gazette of last week claims that the construction of the above road, mention of which was made in last week's News, is fully assured. How soon cannot be told. We clip the following:

Rumors have been current several weeks that the road would be built, but not until yesterday was a positive declaration made to that effect. Then the Gazette received a letter from Mr. Makin, in which he said:

"You can state authoritatively that the Saugatuck, Holland & South-eastern railway will be built. So much has been decided.

We shall have a proposition to submit to Allegan as soon as maps and details are arranged."

The route so near as can be learned is from Otsego to Holland, via Douglas and Saugatuck. Allegan is left off the main line because of the heavy grades necessary to get in and out of the town. The Gazette is assured, however, that we will have just as good service as though we were on the main line.

Mr. Makin has been in this vicinity during the past four months, quietly surveying the route, securing right of way, selecting sites for dams etc. He has paid cash for right of way when demanded, though he always refuses to divulge his financial backing. E. J. Harrington is president of the

road, but the capitalists who are said to have \$3,000,000 to put into the scheme are not known.

Common Council.

Holland, Oct. 8th, 1893.

The common council met pursuant to adjournment and was called to order by the mayor.

Present: Mayor Diekema, Alds. Schoon, Bosman, Dalman, Kuite, Harrington, Visscher, Fileman and the clerk.

Reading of minutes and regular order of business was suspended.

The city clerk reported that no objections had been filed in the city clerk's office to the assessment district improvement, estimates, plans and profile, for the proposed improvement of parts of First avenue, Lake and River streets, and that notice had been given two weeks in the Holland City News, according to law.

—Accepted.

Ald. Lokker here appeared and took his seat.

On motion of Ald. Visscher,

Resolved, that the improvement of First avenue, between the centre of Sixteenth street and the north side of Lake street, Lake street from First avenue east to where said Lake street intersects Eighth street, thence east on Eighth street to the section line between sections twenty nine and thirty, in the city of Holland, be and the same is hereby ordered improved, in accordance with the resolution of the common council passed August 20th, 1893, to-wit:

That said parts of First avenue, Lake and Eighth streets be graded as follows: On the basis of intersecting all streets heretofore graded; and be graded with the width thereof;

That the sidewalks along said parts of said streets be taken up and relaid, after the grade work is completed, 9 inches on the outer edge above grade;

That all stumps in said parts of said streets be taken up;

That all shade trees be left as they now stand, except those found necessary to be taken up in making said grade; such trees to be taken up and reset with as little damage as possible to such trees;

That all cross-walks to be taken up, be taken up and relaid, under the supervision of the street commissioner, at the expense of the city of Holland;

That after the grade is completed a road-bed 30 feet wide through the centre, and the whole length of said parts of said First avenue, Lake and Eighth streets be covered with gravel of the kind used on Tenth streets, west of Maple str., or of a quality equally as good as that used on said part of Tenth street, to an average thickness of 10 inches so spread that when completed it will be 13 1/4 inches thick in the center and 6 1/2 inches thick on the sides;

That the cost and expense of grading, graveling, and otherwise improving said parts of said First avenue, Lake and Eighth streets be defrayed by a special assessment upon the lots and lands, or parts of lots and lands abutting upon said parts of said streets; provided however that the cost of improving the several street intersections be assessed against the city of Holland and paid for from the general fund, and that said special assessment be made pro rata on each foot frontage of said parts of said streets unless on account of the shape or size of any lot an assessment for a different number of feet would be more equitable;

That the lots, lands and premises upon which said special assessment shall be levied shall include: Lots three, four, five, six and eight in Tannery Addition; Also lots two and three in block one, lots one and twelve in block two, lots one and twelve in block three, lots two and three in block four, lots two and three in block five, lots one and twelve in block six, lots one and twelve in block seven, lots nine and ten in block eight, lots nine and ten in block eleven, lots one and twelve in block twelve, lots one and twelve in block thirteen, lots nine and ten in block fourteen, lots nine and ten in block seventeen, lots one and twelve in block eighteen in the South West Addition; Also the several street intersections where said part of said First avenue crosses Lake, Bridge, Ninth, Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, Fifteenth and Sixteenth streets;

All of which said lands, lots and premises, as hereinabove set forth, shall be designated and are hereby declared to constitute a special street district, for the purpose of special assessment, to defray the costs and expenses of grading, graveling and otherwise improving said parts of First avenue, Lake and Eighth streets, in the manner hereinbefore set forth; said district to be known and designated as "First Avenue Special Street Assessment District," in the city of Holland.

Which said resolution was adopted a majority of all the aldermen elect voting therefor, by yeas and nays as follows:

Yeas: Lokker, Fileman, Schoon, Bosman, Dalman, Kuite, Harrington, Visscher—8.

Nays: None.

On motion of Ald. Fileman the clerk was instructed to advertise, one insertion in the Holland City News, for sealed proposals for grading, graveling and otherwise improving First Avenue Special Street Assessment District; that bids will be received at the city clerk's office until Tuesday, October 15th, 1893, 6 o'clock p. m.; that the common council reserves the right to reject any or all bids; and that plans, specifications, profile and estimates are to be seen at the city clerk's office.

The city clerk presented the various reports of the city marshal on the repairing and constructing of sidewalks by him, at the expense of the city, and on file in the city clerk's office, and that there was due and unpaid on same, as follows:

Mrs. C. Sobols, \$ 90 ft of e 31 ft of w 41 ft of lot 11, block 38, for lumber, nails and labor \$7.73;

By Ald. Dalman,

Resolved, that the amounts set forth in the various reports of the city marshal, relative to

the repairing and construction of sidewalks, be charged to the respective persons therein named, and against the property as therein described, and also that the several amounts and the persons chargeable therewith and the respective lots or premises therein described be reported to the Board of Assessors for special assessment.

Which said resolution was adopted a majority of all the aldermen elect voting therefor, by yeas and nays as follows:

Yeas: Lokker, Fileman, Schoon, Bosman, Dalman, Kuite, Harrington, Visscher—8.

Nays: None.

The Board of Assessors of the city of Holland were instructed to make special assessment rolls for the payment of the installments of the special assessments falling due February 1st, 1896, in the following special street assessment districts as follows:

Maple, Pine, Central Eleventh, West Ninth, Fourteenth, West Tenth, East Eleventh, Sixth and Fish, West Eleventh and East Twelfth.

Mrs. M. S. Van O' Linda and twelve others petitioned as follows:

To the Honorable the Mayor and Common Council.

Gentlemen: We, the undersigned citizens and tax payers of the city of Holland, respectfully request that the light on Columbia avenue and Eleventh street be not removed as recommended by your committee, as it would leave that portion of the city, being the darkest, in almost total darkness, as it would undoubtedly appear to you after careful consideration.

Referred to the committee on street lighting.

Ald. Visscher moved that the board of public works be notified by the city clerk of the action of the common council relative to street lighting, and that said board be requested as soon as it is practicable to place the additional lights, and make the changes relative to the present lights, as recommended by the report of the committee on street lighting, as adopted by the council at its last regular meeting.

—Carried.

The committee on streets and bridges to whom was referred the petition of J. M. Stephan and five others that a sidewalk be ordered constructed along the north side of Twelfth street, from First avenue to the west end of the gravel road, reported recommending that the prayer of the petitioners be granted and that a sidewalk be ordered constructed within sixty days, subject to an ordinance relative to sidewalks.

—Adopted.

The committee on streets and bridges to whom was referred the petition of B. Kraght and eighteen others asking for a sidewalk to be laid on the east side of Market street from Sixteenth to Eighteenth streets, reported recommending that the prayer of the petitioners be granted, and that a sidewalk be ordered constructed on the east side of Market street as far as State str. subject to an ordinance relative to sidewalks.

Ald. Dalman moved, that so much of the report as relates to the construction of a sidewalk from Sixteenth to Eighteenth streets be adopted, and that that part of the report as relates to a sidewalk from Eighteenth to State street be laid upon the table.

Adjourned.

GEORGE H. SIPP, Clerk.
