Judge Padgham has handed down his decision in the insurance case of the Royal Circle against Martha Hays and Fred Nash. The matter is something of a test case brought to determine to whom the amount of a life insurance policy should be paid. The defendant, Martha Hays, lives in Holland and her daughter married Fred Nash. Before her marriage, Mrs. Nash carried a life insurance policy for \$500 in the Royal Circle and her mother was named as beneficiary. However, after her marriage she decided to change her insurance in favor of her husband instead of her mother. Mr. and Mrs. Nash were living in the west at the time and steps were taken to bring about the change. However, while the necessary papers were being secured Mrs. Nash died leaving the policy as before. Instead of paying the money to the beneficiary as named in the policy the insurance company turned over the \$500 to the county clerk at Grand Haven and began a test case in circuit court to determine whether or not Martha Hays, the beneficiary named in the policy or Mr. Nash, the husband upon whom Mrs. Nash plainly desired that her insurance should fall, should be paid the \$500. Judge Padgham decided the case in favor of Mrs. Hays because she was the only beneficiary named in the policy, which was in effect when Mrs. Nash died. Mrs. Hays will therefore receive the five hundred dollars now in the care of the county clerk of Ottawa.

A large number of men began this week the harvest of the apple crop in the vicinity of Fennville, and it is believed that over 40,000 barrels of apples will be shipped from there this fall—more than will go from any other Michigan point. Just why that section has so much better crop than any other point in the state is a mystery, unless it is because much better care has been taken of the orchards than is the usual practice of Michigan orchardists. On account of the high prices now ruling, much stock will be barreled and shipped which formerly went in bulk or for cider.

## It Is Serious

Some Holland People Fail to Realize the Seriousness

The constant aching of a bad back, the weariness, the tired feeling, the pains and aches of kidney ills are serious—if neglected. Dangerous urinary troubles follow. A Holland citizen shows you how to avoid them.

Mrs. F. Andree, of 243 West 12th street, says: "For a year or more I had a constant aching pain through my loins in the side and also a soreness of the stomach. I could hardly stoop to lift anything without suffering severely. I did not rest comfortably at night and became so lame and sore from lying in one position that in the morning I arose feeling tired and unfreshed. I was bothered a great deal with headache, spells of dizziness, and the kidney secretions became affected, were irregular, too frequent and unnatural. I doctored a great deal, took many kinds of medicines, but without getting better. I believe I would be still suffering if I had not heard about Doan's Kidney Pills and procured them from J. O. Doesburg's drug store. I felt better after taking a few doses and continued their use until cured."

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo New York, sole agents for the United States. Remember the name Doan's and take no other.

## An Aged Physician

After Years of Experience Gives the Following Advice

"If you have anything to do with medicine all be pretty sure you know what you are taking."

Our local druggist, Con DePree, says this is a strong point in favor of their valuable cod liver preparation, Vinol. Everything it contains is plainly printed on the bottle, therefore it is not a patent medicine.

Vinol contains in a highly concentrated form all of the medicinal elements of cod liver oil, actually taken from fresh cods' livers, but without a drop of oil or grease to nauseate and upset the stomach.

This is the reason that Vinol accomplishes such wonderful results in curing chronic coughs, colds, bronchial and lung troubles, and there is nothing known to medicine that will so quickly build up the run down, overworked, tired and debilitated, or give strength and renewed vitality to the aged, as Vinol.

Mrs. Martha Fraser of Portland, Me., writes: "I was all run down from overwork and had a chronic cough for years. I had tried so many remedies without help that I had lost all faith in medicine. My daughter bought me a bottle of Vinol. It simply worked wonders for me; it cured my cough and brought back health and strength and I am better than I have been for years."

We can only ask every one in Holland who needs such a medicine to try Vinol on our guarantee to return their money if it fails." Con DePree, Druggist.

## Truths that Strike Home

Your grocer is honest and—if he cares to do so—can tell you that he knows very little about the bulk coffee he sells you. How can he know, where it originally came from, how it was blended—or with what—or when roasted? If you buy your coffee loose by the pound, how can you expect purity and uniform quality?

**LION COFFEE**, the LEADER OF ALL PACKAGE COFFEES, is of necessity uniform in quality, strength and flavor. For OVER A QUARTER OF A CENTURY, LION COFFEE has been the standard coffee in millions of homes.

LION COFFEE is carefully packed at our factories, and until opened in your home, has no chance of being adulterated, or of coming in contact with dust, dirt, germs, or unclean hands.

## TELLS OF BIG GIFTS TO CAMPAIGN FUNDS

MUTUAL LIFE OFFICIAL SAYS  
REPUBLICAN PARTY WAS  
RECIPIENT OF CASH.

### ENORMOUS SUM PAID FOR CLERKS' LUNCHEONS

Last Year Nearly \$73,000 Was Ex-  
pended in This Manner — Vice  
President Gillette Believes Polit-  
ical Contributions Were Justified.

New York, Oct. 10.—Walter R. Gil-  
lette, vice president of the Mutual Life  
Insurance company, testified before  
the insurance investigating committee  
Tuesday that the Mutual Life In-  
surance company contributed \$40,000 to  
the republican national committee's  
campaign fund in the last election in  
1904. He also stated that the Mutual  
Life Insurance company paid \$72,861  
last year for luncheons for its clerical  
force in this city. This was at the rate  
of almost \$250 a day. Vice President  
Gillette said that the Mutual Life In-  
surance company contributed \$35,000  
to the republican national committee  
in 1900 and \$15,000 in 1896.

An item of \$36,000 for committee  
fees, Mr. Gillette said, was for com-  
pensation of committee members, who are  
not officers of the company. Mr.  
Hughes pointed out that in 1901 \$243,-  
000 was paid for legal expenses, while  
in 1903 it was \$347,000.

#### Gifts Justified, He Says.

He justified these contributions on  
the same ground as did President John  
A. McCall, of the New York Life In-  
surance company, in the contributions  
of that company, saying that the St.  
Louis platform of the democratic party  
and the free silver issue were a menace  
to the policyholders. Dr. Gillette said  
he authorized these expenditures after  
consultation with president, vice pre-  
sidents and some members of the board  
of trustees of the Mutual Life In-  
surance company. The campaign con-  
tributions, Dr. Gillette said, came from  
the fund controlled by the committee  
on expenditures.

Sir John Leng, member of the Brit-  
ish parliament, was a guest of the in-  
surance investigating committee at its  
session Tuesday.

#### Three Installments Paid.

The first witness was Robert Ol-  
phant, chairman of the expenditure  
committee of the Mutual Life In-  
surance company. From him it was ex-  
pected to learn what became of \$75,000  
charged to legal expenditures.

This sum was spent in three install-  
ments of \$25,000 each, the last install-  
ment being paid the day after the  
presidential election last year. Mr.  
Olphant said there is no limit to the  
money the committee on expenditures  
may authorize to be paid out. The  
Mutual Life Insurance company main-  
tains a confidential fund for legal ex-  
penditure. The details of payments  
for this fund were not brought before  
the board of trustees, but merely the  
total amounts. Bills came to this com-  
mittee from the law department, after  
being duly authorized by the executive  
officers. The moneys were usually  
drawn in cash. An entry of \$25,000  
on the books January 30, 1904, witness  
said, was paid to him in cash. He was  
assured this was needed for the policy-  
holders' benefit and that all was regu-  
lar. Dr. Gillette, one of the vice pre-  
sidents, told him it was for law pur-  
poses.

#### Grannis Refuses to Talk.

Witness did not feel responsible to  
the company, an executive officer hav-  
ing told him it was perfectly legal. He  
took no vouchers for this payment,  
nor for others in August and Decem-  
ber, 1904.

Vice President Grannis, another  
witness, said he had instructed Mr.  
Thummel from time to time relative  
to attention to legislation in various  
states, but he could not recall the par-  
ticulars.

"Is your mind a blank on this sub-  
ject?" Mr. Hughes asked.

"Not entirely."

"Well, will you please state anything  
there might be in it?"

"You mean in my mind?" asked the  
witness.

"Yes."

"Well, out of respect to you I won't  
speak it," hotly retorted the witness.  
Mr. Grannis described the legislative  
work similar to the testimony of At-  
torney Thummel last week, and said  
the expenditures for this work did not  
always come under his direction.

Richard A. McCurdy, president of  
the Mutual Life Insurance company,  
was a witness before the committee  
in its afternoon session.

#### Host Would Work Reform.

Madison, Wis., Oct. 10.—State In-  
surance Commissioner Host said Tues-  
day that at least 15 states, chiefly in  
the middle west, will hereafter demand  
annual gain and loss exhibits of life  
insurance companies. According to  
Commissioner Host, the companies last  
year withheld \$14,000,000 that should  
have gone to policyholders.

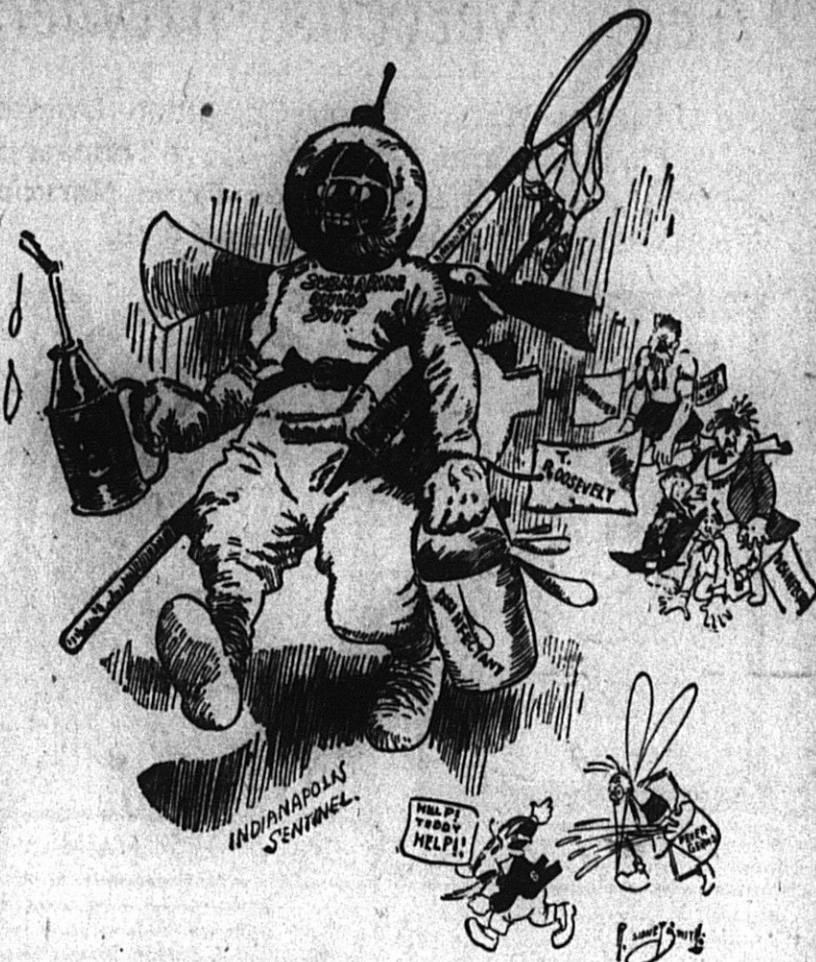

#### Crop Report Out.

ley, 86.2; rye, 92.6; buckwheat, 91.6;  
flax, 91.5; tobacco, 85.8; potatoes, 74.3;  
rice, 89.3.

#### Elected Directors.

Milwaukee, Oct. 10. — Newton Erb  
and G. M. Cumming, both of New York,

the board of directors of the Wisconsin  
Central Railway company.

## WAR TO END WITH SIGNING OF PACTS

### FORMAL EXCHANGE OF PEACE TREATIES WILL OCCUR AT WASHINGTON LATER.

#### Speedy Termination of Hostilities in Far East Is Sought—Precedent for Action Found in Agreement With Japan.

Washington, Oct. 10.—The treaty of  
peace between Russia and Japan will  
become effective upon its approval,  
without waiting the formal exchange  
of ratifications at Washington. This in-  
formation was imparted at the Japa-  
nese legation Monday. This course has  
been decided upon that the speediest  
possible termination of the war may  
be had. The treaty, it is understood,  
has passed through the necessary pre-  
liminary stages of approval in each  
country and is now before the respec-  
tive emperors of Japan and Russia for  
the royal signature. As soon as it has  
been signed this fact will be communi-  
cated by cable to the state department  
at Washington and the Washington  
government will apprise each emperor  
of the act of the other. With this ac-  
complished the war will be at an end.  
The formal exchange of ratifications  
will be carried out in Washington as  
soon thereafter as the signed treaties  
reach here. This formal exchange will  
be accomplished by the drawing up and  
signing of a protocol or memorandum  
of exchange by special plenipotenti-  
aries commissioned for that purpose. Be-  
sides signing the protocol or memora-  
ndum treaty which the emperor of  
Russia has signed will be delivered to  
the Japanese plenipotentiary for trans-  
mission to Japan, and the copy signed  
by the emperor of Japan likewise will  
be delivered for transfer to St. Peters-  
burg. This function, according to pre-  
sent intentions, will be devoid of all  
formality. As yet the special plenipo-  
tentiaries have not been commissioned,  
and no arrangements have been made  
for the exchange.

Precedent is found for the telegraph-  
ic exchange of ratifications in the  
manner in which the last treaty between  
the United States and China was made  
operative.

### RATE LEGISLATION.

#### President Favors Each—Townsend Bill with Some Modifica- tions—Its Provisions.

Washington, Oct. 7.—President  
Roosevelt has decided upon the ad-  
ministration's program relative to  
rate legislation. The bill favored at  
the white house is essentially that  
drafted by Messrs. Townsend of Mich-  
igan and Esch of Wisconsin last win-  
ter, but there are important modifica-  
tions. It will be proposed that the in-  
terstate commerce commission be  
given jurisdiction, on complaint, over  
rates, subject to the ultimate judgment  
of the court; that private car charges  
be amenable to revision in the same  
way, and that the federal body have  
entire authority over terminal roads.

#### Pat Crowe in Omaha.

Omaha, Neb., Oct. 10.—Pat Crowe,  
alleged kidnaper of Eddie Cudahy, ar-  
rived here Monday evening from Butte,  
Mont., in custody of Captain of Detect-  
ives Dunn and Detective Heltfield, of  
Omaha. An immense throng greeted  
Crowe with cheers at the union sta-  
tion. The prisoner was rushed through  
the crowd and conducted to the city  
jail in a patrol wagon.

#### County Treasurer Suspended.

Edgefield, S. C., Oct. 5.—Dr. Thomas  
Patterson, the treasurer of Edgefield  
county, South Carolina, was suspended  
by the governor of the state Wednes-  
day afternoon for alleged defalcation  
of the county's money, amounting to  
\$5,000.

#### Commits Suicide.

Norristown, Pa., Oct. 9. — Wilkins  
Hobensack, aged 33 years, who for the  
past seven years had been private sec-  
retary for Congressman I. P. Wanger,  
committed suicide Saturday by shooting  
himself in the head with a 38-caliber re-  
volver.

### WOULD REVISE TARIFF.

#### Republicans of Massachusetts Adopt a Mild Plank—State Ticket Named.

Boston, Oct. 7.—With only one voice  
raised in opposition, the republicans  
of Massachusetts in state convention  
Friday declared for a revision of the  
tariff. Contrary to expectations, the  
radical wing of the party, under the  
leadership of Eugene N. Foss, of Bos-  
ton, did not offer a substitute for the  
plank in the platform relating to the  
tariff, which calls for the enactment  
by congress of a tariff provision which  
shall protect American markets  
against discrimination, and secure to  
the United States treatment accorded  
to the most favored nation in all the  
foreign markets.

The declaration is thought to be the  
first definite pronouncement of the  
kind that has been made by a repub-  
lican state convention since the Ding-  
ley bill was adopted by congress. A  
campaign in the interest of tariff re-  
vision was carried on in Iowa a few  
years ago and the revisionists made a  
positive declaration in favor of tariff  
changes was incorporated in the plat-  
form.

The following ticket was nominated:  
For governor, Curtis Guild, Jr., Bos-  
ton; lieutenant governor, Eben S. Dr-  
aper, Hopedale; secretary of state, Wil-  
liam M. Olin, Boston; treasurer and re-  
ceiver general, Arthur B. Chapin, Hol-  
yoke; auditor, Henry E. Turner, Malden;  
attorney general, Dana Malone, Greenfield.

### LANDSLIDE IN QUARRY.

#### Ten Men Killed by a Cave-In at Gran- ville, N. Y.—Five Bodies Recovered.

Granville, N. Y., Oct. 7.—Ten men  
met instant death at the quarry of the  
Vermont Slate company here Friday,  
when about 100 feet of the west bank  
crashed down without warning, bury-  
ing the victims under hundreds of tons  
of slate and loose earth. Five bodies  
were recovered, but it is doubtful  
whether the others can be reached be-  
fore next week. The dead, with the  
exception of John G. Williams, presi-  
dent and treasurer of the company, are  
all Hungarians. The slide occurred at  
9:30 o'clock in the morning, while the  
gang was at work in the quarry, di-  
rected by Mr. Williams, and the men  
were caught like rats in a trap. Mr.  
Williams was standing near the edge  
of the bank, while the others were be-  
low in the pit. He had just raised  
his arm to signal the engineer in  
charge of the hoisting engine when  
the bank gave way, carrying him into  
the pit, 75 feet below.

### DUEL TO THE DEATH.

#### Wisconsin Posse Slays One Bandit, Wounds Two Others and Cap- tures a Fourth.

Wildrose, Wis., Oct. 9.—One bandit  
was killed, two probably fatally wound-  
ed and one captured in a desperate  
fight with a posse of 50 armed citizens,  
aroused to fury by the robbing of the  
post office and the attempted looting  
of the Wildrose state bank.

The bandits were caught in a forest,  
eight miles from the village and fought  
desperately with rifles for an hour and  
a half. The fourth man fought long  
after his companions had been shot  
down and only surrendered when he  
saw that further combat meant death  
to himself.

The combat came at the end of an  
exciting day and after an encounter in  
a dense marsh, to which the band had  
escaped after looting the post office  
of \$300 in cash and \$100 in stamps and  
postal cards.

#### Fire at Military Academy.

Delafield, Wis., Oct. 10.—De Koven  
hall, the main dormitory of St. Johns  
military academy, was destroyed by  
fire Monday night, the loss being esti-  
mated at about \$30,000. The cadets  
who had rooms in the building all es-  
caped without injury.

#### Well-Known Iowan Dead.

Des Moines, Ia., Oct. 4.—Hon. Rich-  
ard Clarkson, United States pension  
agent for Iowa and Nebraska, and for  
30 years manager of the Iowa State  
Register, died Tuesday morning in  
this city.

## MAYOR'S PROJECT DEFEATED

### CHICAGO CITY COUNCIL REPU- DIATES "CONTRACT PLAN."

#### Dunne's Plan for Municipal Owner- ship Turned Down by a Large Majority.

Chicago, Oct. 10.—Mayor Dunne  
forced his "contract plan" for municipal  
ownership to an issue at the city coun-  
cil meeting Monday evening. When  
the battle was over his pet project was  
ignominiously defeated and he himself  
humiliated to a degree unknown to any  
mayor Chicago ever had.

It was the most sensational council  
meeting known in the history of the  
city since the one occasion when two  
contesting parties fought over the elec-  
tion of a mayor to fill the unexpired  
term of the first Mayor Harrison. It  
lacked the physical violence of that con-  
test, but it made up in the bitterness  
of the debate. Aldermen told each other  
exactly what they thought of them, and  
personal allusions were the order of the  
evening.

Mayor Dunne was beaten, and de-  
cisively beaten, on two roll calls. On  
one of them the aldermen set aside a  
ruling of his by a vote of 41 to 22, and  
on the second sent to the hostile committee  
on local transportation an order he had  
introduced instructing the committee  
how to act. The vote on this was 46 to  
18, a two-thirds majority against the  
mayor.

### AMERICAN BANKERS MEET.

#### Preliminary Session Is Held at Wash- ington—Higher Standard Is Urged.

Washington, Oct. 10.—The trust com-  
pany section and the savings bank sec-  
tion of the American Bankers' associa-  
tion held annual sessions here Tues-  
day, preliminary to the thirty-first an-  
nual convention of the association.

Each section carried out programmes  
embracing discussions of the growth,  
methods and needed legislation with  
respect to their particular phase of the  
banking business.

In his annual address to the trust  
company section, President Potter said  
he did not wish to go on record as to  
whether or not there should be federal  
control of trust companies, but he  
wished to emphatically urge "frequent  
and rigid examinations, whether state  
or federal." President E. J. Stell-  
wagen, of the Union Trust company,  
of Washington, wanted the section to  
raise its standard for greater charter  
requirements along the line of the na-  
tional bank act, "to make it impos-  
sible for disaster, born of carelessness,  
fraud or corruption, to overtake trust  
companies."

### RIOTING IN MOSCOW ENDS

#### Troops Patrol Streets—Hundred Per- sons Estimated Wounded in Previous Disorders.

Moscow, Oct. 10.—After the exciting  
events of the last three days, the day  
passed in comparative tranquillity. The  
strike of the bakers, printers and car-  
men continued and was joined by the  
theatrical mechanics. Two large gath-  
erings of the strikers were held in the  
open air, at which red flags were  
waved, but otherwise the proceedings  
were orderly and the manifestations dis-  
persed of their own accord. There  
were no serious collisions with the  
troops and the feeling was much less  
tense. All the stores, except the Phil-  
ipoff bakery, were open.

Traffic was resumed on all the  
streets with the exception of the Tver-  
skoi boulevard, the center of the pre-  
vious disorders, which was closed with  
troops and police at all the intersect-  
ing streets. Detachments of Cossacks,  
dragoons and mounted police patrolled  
this place and kept the crowds mov-  
ing. Infantrymen and cavalry were  
held under arms in the courtyards of  
the police stations in various quarters  
of the city.

The number of persons wounded in  
the previous disorders has not been  
definitely established, but it is believed  
to be about 100, of which number 25  
are police or soldiers. One policeman  
has died of his wounds and several  
others, including an officer, are suffer-  
ing from serious injuries.

### FEVER FIGHT ALMOST OVER

#### War Against Mosquito Has Ended— Blanchard Asked to Aban- don Quarantines.

New Orleans, Oct. 10.—The announce-  
ment by the marine hospital service  
that the work of fighting mosquitoes  
in which the forces of the government  
have been engaged since August 8, as  
well as the fumigation of squares in  
which a case of fever appears, has  
been permanently discontinued begin-  
ning Tuesday, is accepted as a declara-  
tion by the federal forces that the  
fight against the fever is about over.  
The cases now appearing are so few  
and so mild that very little difficulty  
is experienced in handling them. A  
fall in temperature Tuesday followed  
the cessation of rain, and with its con-  
tinuance the few remaining mosquitoes  
may be expected to disappear. Travel  
continues to increase and New Orleans  
people are returning home from every  
direction. The state board of health  
has written Gov. Blanchard, request-  
ing him to issue a proclamation, with-  
drawing the proclamation of quaran-  
tine.

#### Rumor That Ship Is Sunk.

Mobile, Ala., Oct. 10.—A report  
reached the city Tuesday that the  
schooner Harry W. Lewis went to the  
bottom in the recent gulf storm. The  
Lewis sailed from Mobile about the  
time the storm began with a load of  
lumber for Havana. She carried a  
crew of seven men.

## The Life Saving Mixup At Ludington

Here is how the Ludington Record sizes the situation in the life saving station episode at Ludington harbor in which two men, Capt. Adam Weckler and Surfman Geo. C. Robinson, both formerly of this city, and Surfman DeYoung, formerly of Grand Haven are involved:

"A few weeks ago we alluded briefly in these columns to a regrettable state of affairs which existed at the local life saving station. As time wears on the situation is by no means improved. The relations between Captain Weckler and his surfmen grow more strained every day.

About six weeks ago the entire crew of six surfmen having become dissatisfied with their keeper tendered their resignations to the department and requested that an investigation be made. None of these resignations have been accepted but an investigation was conducted some four weeks ago by a government inspector. The result of this investigation has not been made public and probably no dismissals will be made by the department until the close of the present season.

In the meantime the relations between the keeper and surfmen have been anything but agreeable. Beyond this, however, but little is known by the public, since all parties concerned have been sworn to secrecy. Last Saturday Surfman No. 1, William DeYoung, who has been in the local station for seven years, was suspended by Captain Weckler, and Ernest Wilkinson installed in his place. The alleged cause for dismissal was the fact that DeYoung had left the station without permission and gone for half an hour to his home which is located about 400 feet from the station. A report of the dismissal has been made to superintendent in charge and it remains to be seen whether or not the suspension will be sustained.

The whole affair is most deplorable and while the friends of both the captain and the surfmen hope for an amicable settlement of the difficulty, yet it is scarcely probable that peace can be restored in any other way than by a change of either crew or keeper."

## McDonald & Beauvais Will Improve Harbor

McDonald & Beauvais of Muskegon have been awarded the contract for the improvement of Holland harbor, the contract price being \$144,016.23. Work must begin on April 15, 1906 and must be completed by the close of the year.

Following were the bids made: McDonald & Beauvais, \$144,016.23; Bennett, Schnorback Co., \$145,972.90; Robert Love & Co., \$150,108.01, all of Muskegon; Great Lakes Dredge & Dock company, \$159,752.35; Chicago; Smith, Burke & Nelson, \$159,891.24 Muskegon.

The present channel entrance is 300 feet wide. The new work provides for the extension of the present north pier by 750 feet of crib work and the present south pier by 800 feet of crib work on converging lines so that at the inner end the extensions will be about 740 feet apart. At the outer ends of the new crib work the distance will be 300 feet. The inner end of the new crib work will be connected with the corresponding old pier by a pile work filled with stone.

The contract calls for 1,550 feet of pier work. The extension will consist of fifteen cribs, each 24 by 16½ by 100 feet in size. These will be filled with stone. About 6,000 cords of stone will be used on the job. To build the cribs there will be used 2,500,000 feet of timbers. To bolt these timbers together 150 tons of bolts will be used.

## Ex-Senator Kelly May Be Sent To Insane Asylum

Great surprise was caused here this week when it became known that an application had been filed in the probate court at Muskegon for the admission of former State Senator William D. Kelly of Muskegon to the state insane asylum at Kalamazoo.

It had not been known among many of his friends that his mental powers were breaking down and the application came as a surprise to many.

Various causes are given for his mental troubles. It is not denied that the strenuous life of a legislator had an effect upon his general health and that he was not in his usual form when he last returned from Lansing. He kept at work, however, but not with his old time success. He became interested in a faith cure and of late would often stand upon street corners and expound his doctrine. Unfortunately

mining investments are also said to have affected his mind.

Mr. Kelly is married but has no children.

Senator Kelly was born in Ferrysburg, Ottawa county, in 1865, going to Muskegon when a boy. He engaged in the lumber business with success and in 1895 he was elected to the lower house of the state legislature. He served three terms in the house and was at one time a prominent candidate for the speakership. He was then elected to the senate and served the Muskegon-Ottawa district for two terms.

In each branch of the legislature he was prominent in all legislation and one of the best known members. He was a speaker of marked ability and ready wit, and at the close of his last term it was expected he would be a candidate for either lieutenant governor or for congress.

Behind closed doors, the examination of Mr. Kelly took place in the probate court at Muskegon Monday afternoon. The result is he will not be sent to an insane asylum in Michigan as he gave his consent to go to a private sanitarium. If he does not, he will go to Kalamazoo. Religious troubles, business affairs and illness are given as the causes for his condition. He seemed to talk in a rational manner while being examined.

## Holland Fair Clears About One Thousand Dollars

The most favorable report ever presented to the board of directors of the S. O. & W. A. A. S. was submitted by the secretary at Tuesday board meeting.

It showed that the total gate receipts of the fair last week were over \$2,500. For concessions and tent shows \$480 was collected and other minor earnings brought the cash proceeds to over \$3,000.

After paying for the races and all other expenses and paying \$744.15 for premiums there still remained a profit on the fair of over \$1,000.

The fair was unquestionably the best in the history of the association and will serve as an encouragement for a still bigger event next year.

At the meeting Tuesday the board decided to pay all that was possible on the mortgage, it being the sense of the meeting that should any improvements be made next year the money could be easily borrowed.

A resolution was passed thanking all those who had been active in promoting the interests of the association. W. H. Orr, manager of the Citizens Telephone company was voted a cordial acknowledgment for his kindness in not charging the association for long distance calls on the telephone.

## THE RACES

No objections filed and the sewers were ordered constructed. Eight bids, all from Holland parties but one, were submitted. The board reported awarding of contracts for both sewers to John B. Fik. ## Tired, Nervous Mothers

Make Unhappy Homes—Their Condition Irritates Both Husband and Children—How Thousands of Mothers Have Been Saved From Nervous Prostration and Made Strong and Well.

A nervous, irritable mother, often on the verge of hysterics, is unfit to care for children; it ruins a child's disposition and reacts upon herself. The trouble between children and their mothers too often is due to the fact that the mother has some female weakness, and she is entirely unfit to bear the strain upon her nerves that governing children involves; it is impossible for her to do anything calmly.

The ills of women act like a firebrand upon the nerves, consequently nine-tenths of the nervous prostration, nervous despondency, "the blues," sleeplessness, and nervous irritability of women arise from some derangement of the female organism.

Do you experience fits of depression with restlessness, alternating with extreme irritability? Are your spirits easily affected, so that one minute you laugh, and the next minute you feel like crying?

Do you feel something like a ball rising in your throat and threatening to choke you; all the senses perverted, morbidly sensitive to light and sound; pain in the ovaries, and especially between the shoulders; bearing down pains; nervous dyspepsia, and almost continually cross and snappy?

If so, your nerves are in a shattered condition, and you are threatened with nervous prostration.

Proof is monumental that nothing in the world is better for nervous prostration than Lydia E. Pinkham's Vegetable Compound; thousands and thousands of women testify to this fact.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

Mrs. Chester Curry, Leader of the Ladies' Symphony Orchestra, 49 Saratoga Street, East Boston, Mass., writes: Dear Mrs. Pinkham:—

"For eight years I was troubled with extreme nervousness and hysteria, brought on by irregularities. I could neither enjoy life nor sleep nights; I was very irritable, nervous and despondent."

"Lydia E. Pinkham's Vegetable Compound was recommended and proved to be the only remedy that helped me. I have daily improved in health until I am now strong and well, and all nervousness has disappeared."

Mrs. Charles F. Brown, Vice-President of the Mothers' Club, 31 Cedar Terrace, Hot Springs, Ark., writes: Dear Mrs. Pinkham:—

"I dragged through nine years of miserable existence, worn out with pain and nervousness, until it seemed as though I should fly. I then noticed a statement of a woman troubled as I was, and the wonderful results she derived from Lydia E. Pinkham's Vegetable Compound, I decided to try it. I did so, and at the end of three months I was a different woman. My nervousness was all gone. I was no longer irritable, and my husband fell in love with me all over again."

Women should remember that Lydia E. Pinkham's Vegetable Compound is the medicine that holds the record for the greatest number of actual cures of female ills, and take no substitute.

## Free Advice to Women.

Mrs. Pinkham, Lynn, Mass., invites all sick women to write to her for advice. Mrs. Pinkham's vast experience with female troubles enables her to tell you just what is best for you, and she will charge you nothing for her advice.

## ULTIMATUM BY MISSOURI STATE

### NEW YORK LIFE MUST RESTORE CAMPAIGN FUNDS AND RETIRE M'CALL REGIME.

#### Cannot Do Business in State Unless These Demands Are Complied with—The Mutual Life a Family Affair.

Jefferson City, Mo., Oct. 9.—The state of Missouri has served formal notice on the New York Life Insurance company that the \$148,702 of policyholders' money paid into the republican national campaign fund must be restored and that President John A. McCall, Vice President George W. Perkins and several of their associates in high places must give way to new officers or the company can write no more policies in the commonwealth.

What this move means to the New York Life may be judged from the fact that the company drew from Missouri last year upward of \$2,500,000 in premiums on insurance outstanding to the amount of more than \$60,000,000, distributed among 28,000 policyholders, and that its new business in the state amounted to about \$10,000,000.

#### Paid Princely Salaries.

New York, Oct. 7.—In Friday's evidence before the legislative insurance investigating committee a sensational development came when Mr. Hughes demanded the payroll of the executive officers of the Mutual Life company. This was produced and showed the salaries of these officers since 1877. For the year 1904 President McCurdy received \$150,000, two vice presidents were paid \$50,000 each, a second vice president \$17,500, the third vice president \$10,000, and the general manager \$25,000, who this year will receive \$30,000 and the treasurer \$50,000.

#### Relatives Enriched.

New York, Oct. 6.—That the astounding total of more than \$2,600,000 has been paid as commissions by the Mutual Life Insurance company to two members of the family of Richard A. McCurdy, president of the company, and the promise of District Attorney Jerome that the insurance scandals certainly will be submitted later to an extraordinary grand jury, were the sensational developments in the insurance situation Thursday.

It was brought out by the testimony before the legislative insurance committee that Robert H. McCurdy, a son of Richard A. McCurdy, has received as commissions on foreign business \$116,829, and on domestic business \$51,852, and that Louis A. Thebaud, son-in-law of Richard A. McCurdy, has received an aggregate of \$920,113 in commissions from the company. It was also brought out that Robert H. McCurdy expected his income this year would be about \$110,000.

#### Grand Jury to Act.

Mr. Jerome in announcing in court that the scandals will be submitted to an extraordinary grand jury, said the inquiry by the legislative committee had shown "greater moral obliquity and moral obtuseness on the part of persons important in the business world than did the shocking revelations in regard to the Equitable Life."

#### Nevada Bars New York Life.

Carson, Nev., Oct. 4.—On Tuesday State Comptroller and Insurance Commissioner S. P. Davis revoked the license of the New York Life Insurance company in this state. The following telegram was forwarded to the New York home office by the comptroller:

"John A. McCall: Pending the investigation of the corrupt management and fraudulent disposals of funds entrusted to your company, and as long as yourself and George Perkins retain offices of trust in the management of the New York Life Insurance company, the license of the company to do business in the state of Nevada is hereby revoked. Upon advice of a change of management and satisfactory proof of honest management the license will be reissued."

A notice has been forwarded throughout the state warning all agents of the fact of the order and giving the agents two weeks to close the records.

#### Hasty Action Decried.

Rochester, N. Y., Oct. 10.—Senator Armstrong, chairman of the insurance investigating committee, left here for New York on insurance matters. Before leaving Chairman Armstrong issued this statement: "I regret very much to see other states apply drastic remedies in advance of action in this state. Our committee was appointed to investigate conditions in the insurance business and propose remedial legislation. I sincerely hope other states will wait until we have had an opportunity to complete our work."

#### Government Will Act.

Washington, Oct. 7.—Upon leaving the white house Friday, after the session of the cabinet, Attorney General Moody made the following announcement: "It was determined by the president that upon the complaint pending in the department of justice against the monopolization of the bridges and the ferry across the Mississippi into St. Louis appropriate action should be begun by the attorney general."

#### Goes Over Embankment.

Davenport, Ia., Oct. 9.—A west-bound freight train on the Rock Island was wrecked in the western part of this city Sunday afternoon. The engine went down an embankment and several cars were derailed. Ray McCullough, of Davenport, who was riding on the engine, was killed. The train crew escaped by jumping.

## RAMSEY LOSES SUIT.

St. Louis Judge Decides Gould Lines Can Vote Wabash Stock at Annual Election.

St. Louis, Oct. 10.—In the St. Louis circuit court Monday Judge Daniel G. Taylor denied the application of Joseph Ramsey, Jr., deposed president of the Wabash railroad, for an injunction to restrain the Missouri Pacific and Iron Mountain roads or their trustees from voting Wabash stock held by or for those railroads in the annual Wabash election.

Judge Taylor in giving his decision made the remarkable statement that he found evidence of so many violations of the Missouri statutes in the record of the case that he was "loath

JOSEPH RAMSEY, JR.

to reach the conclusions herein expressed." In rendering judgment denying the injunction, the court frankly stated that he did so because he was not assured that Ramsey would not commit the same illegal acts which the deposed Wabash president charged that Gould was about to perform in voting the stock held by one road belonging to a competing line. The court in fact put the Ramsey following to confusion by citing that Ramsey had at the last Wabash election voted the very stock which he now contended should not be voted.

The failure of the injunction suit, which, if successful, would have tied up a large block of Gould stock, is regarded as a most important victory for the Gould interests.

## TO STUDY GREAT PROBLEM.

Commission Named to Investigate Municipal Ownership in America and Europe.

New York, Oct. 6.—Many prominent men met here Thursday to determine what phases of the municipal ownership problem as it appears in Europe shall be studied by a commission which shall be sent abroad representing the National Civic Federation. Samuel Gompers, first vice president of the Civic Federation, presided. Melville E. Ingalls, of Cincinnati, president of the board of directors of the Cleveland, Cincinnati, Chicago & St. Louis railroad, was chosen to head the commission.

The convention will determine three questions relating to the line of investigation to be pursued by the committee abroad. These include the subject of all public utilities, matters of government, ownership of large private corporations and also the institutions which are known in England under the name of municipal trading institutions—such as markets, bakeries, opera houses and tenements.

## WISCONSIN TOWN SUFFERS.

Fire in Rhinelander Destroys Property Valued at \$600,000—Four Hundred People Homeless.

Rhinelander, Wis., Oct. 5.—Fire in the lumber district of this town Wednesday evening destroyed property valued at \$600,000 and rendered 400 people homeless. The fire started in the lumber yard of the Brown Bros. Lumber company, and after sweeping that yard clean it spread to the Robbins Lumber company yards, which were entirely destroyed. A high wind was blowing, which carried the fire into the residence district adjoining the lumber yards, destroying about 75 small dwelling houses. About 40,000 feet of lumber was destroyed. The principal losers are: Brown Bros. Lumber company, lumber, \$250,000; insurance, \$175,000; Robbins Lumber company, \$225,000; insurance, \$165,000; two schoolhouses and engine house, \$25,000. The loss on dwelling houses is about \$75,000.

## Old-Time Politician Dead.

Binghamton, N. Y., Oct. 6.—Louis Carmichael, the man that history gives credit for the nomination of Horace Greeley for the presidency in 1872, was found dead in a barn at Sydney, N. Y., Wednesday. He was 83 years old. Before the convention of 1872 Mr. Carmichael advised and prevailed upon Horace Greeley to accept the nomination from the democratic party if it could be secured for him. Mr. Greeley consented in a personal letter to Mr. Carmichael.

Orders have been received here from all directions for ice. They cannot be filled. Hospitals and meat establishments are suffering heavily. Continued warm weather, coupled with a small harvest last winter is the cause.

## JURY INDICTS A PROMINENT MAN

### BETRAYAL OF TRUST CHARGED AGAINST PROF. DOUGHERTY, OF PEORIA, ILL.

Indicted for Forgery and Embezzlement of School Funds—Accused Is Leading Banker and Capitalist, as Well as Famous Educator.

Peoria, Ill., Oct. 6.—Prof. Newton C. Dougherty, superintendent of city schools of Peoria for more than 20 years, president of the Peoria national bank and a capitalist, was arrested Thursday on two true bills returned by the grand jury, charged with forgery and embezzlement. The arrest followed an investigation by the grand jury of charges brought against Prof. Dougherty that the accounts of the school funds, which were deposited in the bank of which he was president, were being manipulated. The investigation resulted in the discovery that there was a shortage of at least \$60,000. The investigation covered only the period from January, 1903. The grand jury will now, it is stated, investigate the entire record of Prof. Dougherty as superintendent of schools, and it is believed that a much greater shortage will be found. Prof. Dougherty was first arrested on a charge of forgery, the specific charge being that he had forged a voucher for \$164.50 for coal. He promptly furnished \$3,000 bail. The indictment and arrest on the charge of embezzlement followed in the afternoon, and on this charge Prof. Dougherty furnished \$9,700 bail.

#### Man of High Standing.

Mr. Dougherty has been city superintendent of schools for 25 years. He is immensely wealthy and is president of the Peoria national bank, is a heavy stockholder in the Dime Savings and Trust company, the Title and Trust company, the Peoria Livery company and other concerns. He is a trustee of the fund of \$175,000 held by the National Educational association and is a past president of the association. He is a close friend of Nicholas Murray Butler, president of Columbia university, of New York, and has been for years regarded as one of the foremost educational men in the country.

#### Bank Closes Its Doors.

Peoria, Ill., Oct. 7.—As a direct result of the indictment of N. C. Dougherty for forgery, the directors of the Peoria national bank, of which he was president, announced shortly after midnight that they had decided to discontinue business and would call in the controller of the currency to wind up the affairs of the institution. The meeting of directors lasted all evening behind closed doors. It was admitted that a disastrous run would be inevitable to-day, and the only recourse was to liquidate at once. The loan of \$100,000 by the Peoria clearing house was tied up in such wise that it could not be accepted. It was learned that quiet withdrawals from the bank had been going on all day, most of the calls coming from banks in neighboring towns. The bank was capitalized at \$200,000. The bank will not be open for business to-day, and a representative of the controller is expected from Chicago before noon.

#### Defalcation Growing.

Peoria, Ill., Oct. 9.—The most startling sensation since the indictment and arrest of Newton C. Dougherty, educator, banker and man of many affairs, accused of misappropriating school funds, came Sunday when the prediction was made by one closely connected with the investigation that Dougherty's alleged embezzlements during the last seven years would reach the stupendous total of \$1,000,000. This is 50 per cent. of the total tax collections here during that period.

#### Dougherty Goes to Prison.

Peoria, Ill., Oct. 10.—Newton C. Dougherty, former superintendent of schools and bank president, Monday night occupied a prison cell. He did not try to give bond on the 84 indictments which were returned by the grand jury against him in the afternoon, but as soon as he learned that the jury had made a report and that it had indicted him he entered a carriage and drove directly to the county jail, where he gave himself up to Sheriff Potter. Forty-five of the new indictments are for forgery, each containing eight counts; 39 are for embezzlement, each containing six counts. The amounts involved are from \$14.40 to \$600. Bonds for the indictments were fixed by Judge Worthington at approximately \$49,700. At a special meeting of the school board it was announced that the board would issue attachments against all of Dougherty's real estate in the city. This amounts to about \$50,000.

#### Meet Death in a Quarry.

Troy, N. Y., Oct. 7.—A cave-in occurred at the Vermont Slate company's quarry, about two and one-half miles from Granville, N. Y., Friday. The first report stated that 14 men had been killed, but a later one declared only eight met death. Among the dead is J. B. Williams, president of the company.

#### To Meet in Chicago.

Freeport, Ill., Oct. 10.—The Rock River conference of the M. E. church Monday decided to hold a great missionary conference in Chicago next year.

#### Death of Indiana Jurist.

Bluffton, Ind., Oct. 10.—Judge Joseph S. Dalley, ex-judge of supreme court of Indiana, died Monday of apoplexy. He was 69 years old.

### THE DREAMER.

Fortune and fame and ease may pass me by,  
Swift youth that no man sees, I care not I;  
Sorry may be the hold wherein I live,  
Scanty may be the gold the world may give,  
Yet still my poverty plenty seems—  
God gave great gifts to me, giving me dreams.

Though by a waning fire alone I sit,  
Falling my heart's desire to brighten it,  
Still in the heart of me, too fair to name,  
Burns one dear fantasy like golden flame—  
Fairest that face I see, lit by such gleams—  
God gave great joy to me, giving me dreams.

Young eyes and laughing lips too soon have passed;  
Youth's clinging finger tips unloose at last;  
All of the bliss men gained falls them in time,

Only the unobtainable lives life sublime;  
Mine still that ecstasy no grief redeems—  
God gave all good to me, giving me dreams.  
—Theodosia Garrison, in Woman's Home Companion.

## THE CHECK

A TALE OF A FENCE

**OLD** Isaac Israel, rich man, fence, receiver of stolen goods, planner of forgeries, sat in his little front room on the first floor of his crazy old house in Brick Lane. His charwoman had been paid her few pence, and had gone home hours ago. He kept no domestic; he was able to help himself to his scanty supper of stale bread and dry cheese. While he consumed the delicate victuals he was running over his account books. There was a large balance on the credit side.

Yes, he was a wealthy man, far too rich for that poverty-stricken dwelling, that parsimonious manner of life. But the affection of poverty suited him; naturally miserly, he sat there daily at the receipt of custom, making money, adding to his pile, and spending little or nothing.

He totaled up his columns of figures and chuckled at the result. Roguery and crime prospered with him.

Lovingly he closed his books. Glee-folly he took a candle-end, lighted it, and retired to the back room, to bed and to sleep—to dream, maybe, of his pile of money in the bank, of the hard bargains he had driven with thieves and burglars, of the fortune so steadily amassed. He slept with a vicious smile on his thin lips—slept as soundly as they who sleep the sleep of the just.

So he did not hear a tap and a click at the window, nor the stealthy lifting of the sash. He did not mark the form that stole softly into the chamber. He knew nothing of the presence of an intruder until a light was suddenly flashed upon his face.

Then he opened his startled eyes, and his hand moved mechanically towards the pillow.

"Stow that," cried the man who had broken into the bedroom. "I know your barker's under the pillow, but I want it more than you do."

The intruder rapidly removed a revolver from beneath the pillow.

The eyes of the fence expressed intense astonishment. "Why, Darby!" he cried, in tones of surprise, "whatever are you doing here?"

"I'm here to make a bit," announced Darby Bagster, the burglar.

"To make a bit out of your old father?" The receiver was more astonished than ever. He was even a little amused.

"Yes," repeated Darby. "You were my father in this line of business. You taught me all I know. You made me a thief and a burglar. I have seven convictions to put to your account. I came out of stretch this morning. To-night I want money."

"And where are you going to get it, Darby?"

"Here!"  
Isaels positively cackled. "You are a very stupid fellow, Darby. You can't blame me for your convictions. I taught you your trade, true; but you must have been a bungler, Darby, or you would not have been caught so often."

"I'm not going to bungle any more."

"But you haven't come here to rob?"

"I'm here for money."

"Then you are making a mess of it again, my Darby boy! You know I never keep a penny on the premises."

"I know that. I don't suppose there is half-a-quad's worth of anything in the house."

"Then whatever made you break in here. It's the funniest job I ever heard!" The old Jew chuckled and spluttered. The situation was so ridiculous.

But the burglar was thoroughly calm. "If I can't have cash here," he said, "I can have money's worth. You can write me out a check."

Isaels pondered a moment. Then he said: "If you want a pound to set you going, I can give you a check for that. I wouldn't desert an old friend."

"You wouldn't desert one you have led to ruin. You wouldn't desert a pupil. You would be true to a man whose body you have condemned to prison and whose soul you have doomed! Very well, give me a check."

The Jew glanced curiously at his strange visitor. The man's manner was peculiar. "How much do you want, Darby? I'll put you on your legs again. Two pounds?"

"Two thousand," said the burglar.

"Two thousand? You're mad!"

"Write me out a check for two thousand, or I'll shoot you like a dog!"

"I haven't got two thousand in the bank."

"You lie. Write me a check for two thousand, or I'll rob Billington of a customer!"

The fence felt perplexed. Then an evil smile spread over his sallow face.

"If I give you a check for two thou-

sand," he cried, "what good is it, when there isn't two hundred in the bank?"

"I know better. You have ten thousand there if you have a penny, your blood-sucker!"

"And you want two thousand?"

"I want it, and I'll have it."

"And if I give it to you, you will leave me like a gentleman?"

"Give me the paper and I'll go."

The wicked old scoundrel grinned again. "I'll give it you for old times' sake," he said.

Then he whispered to himself, with a flash of infernal cunning: "I'll give him the check—and stop it at the bank! Oh, these men are strong and brutal and ready for any crime, but they are fools, fools, fools! Fancy this beast of a Darby not knowing that I can stop the check as easily as I can write it!"

Then he said aloud: "I'll write the check."

He did so. He sat at his table and scribbled out the order on the bank for a couple of thousand pounds.

"There it is, my son, and you have robbed your poor old father of a fortune."

"I have," said the other, coolly folding the paper and placing it in his pocket. "Now, you unmitigated old villain, say your last prayers on this earth, for in another moment you die!"

"What!" screamed the other.

"You shall lure no more men to ruin, you merciless scoundrel—you fence, you nark, you usurer, you sweater! I am going to kill you!"

"But I give you all you ask! I give you two thousand!"

"This check?"

"Yes, that check!"

"Which you would stop in a moment. But this is a check you will never live to stop. You have overreached yourself, you leech. If you had refused the money, I should not have killed you. Your death would have been worthless to me. But now, if you die, I get two thousand in the morning. If you live, I get nothing!"

The Jew fell on his knees.

"I never thought of stopping the check! I won't stop it!"

"No," cried the burglar, "you won't! Say your prayers, old villain. Your last moment has come. When I kill you, I rid the earth of the vilest thing that creeps upon it, and I make myself a rich man!"

They found the old fence dead in his room, two days later. It was supposed

he had committed suicide, and nobody regretted his demise. The police congratulated society and themselves upon the summary end of a consummate and dangerous rogue.

Darby Bagster presented his check at the bank before the tragedy became known. It was duly honored, and with the proceeds the burglar took himself ab-

### Butter and Oleo.

William Barclay Parsons, the engineering expert, was talking in Philadelphia about the various food adulterations that from time to time crop out in the most unexpected places.

"Before long," he said, laughing, "it will be necessary to take literally the butter story that used to pass as a joke."

"There was a man in a restaurant who called a waiter to him and said: 'Waiter, look here. Isn't this a cow's hair in my butter?'"

"The waiter took up the butter, examined the hair, and then replaced the plate before the patron with a nod of satisfaction."

"Yes, sir," he said, "that's a genuine cow's hair. We also serve them with our butter, sir, to show that it ain't oleo."—San Antonio Express.

### Considerate Ruler.

That the Chinese empress dowager is thoughtful for those who find the genuflections in her presence fatiguing is proved by this edict, issued June 30 last: "Wong Wen-Shao, the grand secretary, has served us many years and he has shown great diligence and faithfulness. He is now over 70 years of age, and in the daily audiences his obeisance is now very difficult and our sympathy must be shown him. Let him be relieved from the grand council in order that he may be saved trouble."

### Judicial Verdict.

Judge—You are accused of having beaten this person cruelly.

The Accused—Well, I had to beat him to make him do his work. He is an idiot.

Judge (severely)—You should remember that an idiot is a man like you or me.—Los Angeles.

### Strange.

He—I shall be just miserable when I have to go away and leave you.

"Oh, Jack, if I were sure of that, I'd feel so happy."—Life.

Potatoes are scarce in this vicinity. They cost from 65 to 75 cents a bushel and the quality of the general crop is uncertain, the wet weather of the summer having washed or rotted away the greatest number of them. In some places the farmers have raised barely enough to supply their own family during the winter and other farmers had none at all. But the prices paid for potatoes at wholesale will not be high in spite of the scarcity. The crop in the north is above the average and thousands of bushels are being sent to this region.

Roller skating is about to be revived in this city. Bert Walker of Allegan has rented the brick building on West Sixteenth street formerly occupied as a pneumatic horse collar factory and will have everything in readiness for the grand opening next Monday night. The admission price is ten cents and skates will be furnished for fifteen cents.

William Van Oort is in the county jail charged with arson. It is alleged that he is responsible for the fire which partially destroyed the Huntley building last week Wednesday night. The building was occupied by the business of Deputy Game Warden Chris Hansen. A short time ago the deputy game warden made a complaint against Van Oort for selling illegal sized trout. Van Oort pleaded guilty and paid a fine. Revenge is the alleged motive for the crime, and Van Oort will have a hearing today in Justice Van Duren's court. Constable Kamferbeek made the arrest in the case after quietly securing testimony and should Van Oort be convicted the constable will probably get the \$100 reward offered by Marshal Dykhuis.

Take no chances; make your heart strong and vigorous with Dr. Miles' Heart Cure.

"I suffered terribly with heart disease. I have been treated by different physicians for my trouble without results. I went to a physician in Memphis, who claimed that I had dropsy of the heart. He put the X-ray on me, and in connection with his medicine he came near making a finish of me. Some time before this a Mr. Young, of St. Louis, was in our town. He saw my condition, and recommended Dr. Miles' Heart Cure to me. I gave it little attention until my return from Memphis, when I concluded to try it, and am pleased to say three bottles cured me."

CHARLES GOODRICH, Caruthersville, Mo.  
Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.
