## Facts About the Gas Question

The Holland City Gas Company wants to place before the Citizens, at this time, certain **ESSENTIAL FACTS** in regard to the Company's business affairs, its relations with the City and its intentions towards the People.

As it has done before, the Company will present this information in the form of paid advertisements in the newspapers, and hopes that every Citizen will read these articles and give them serious consideration.

In the talk about **GAS QUESTION**, in the last year, many misleading statements have been made. **INCORRECT REPORTS** have been circulated, either intentionally or because of misunderstanding. Although it was very clear that much of this was for political effect, it created false impressions in the public mind.

The Company knows that it has treated the City of Holland liberally and made every reasonable effort to give the People good gas service. It wants the People also to know this. Then they can judge for themselves what sort of treatment the Company should receive in return.

We want the People to know that in regular operation of a coal gas plant it is practically impossible to produce gas that will test at 650 British thermal units and 18 candle-power. We want them to understand that if the City makes impossible requirements and imposes unfair conditions upon us it will merely hinder us in giving good service.

We want to tell the People just what we will be able to do for them in the way of making extensions of our new mains for the purpose of taking on new customers and why it is that we cannot do more for them.

We want to tell the facts in regard to our financial condition at this time, as we have told them before, and to give the People some information as to our earnings, cost of operation and other features of our business that should interest them.

Our reason for wanting to publish these facts is that we believe the People of Holland as a whole are fair and when they understand our situation better will not expect us to do things that are impossible and will not be in sympathy with any movement that would result in making our work harder without benefit to the Public.

## City Prisoners to have Ball and Chain.

### LIQUOR QUESTION SETTLED WILL NOT GO TO VOTERS

The council met in regular session with all city fathers present with exception of Ald. Lokker. The poor department was first to come under discussion. Alderman Brower wished it understood that the city is not living up to the ordinance in this department. "New people are constantly coming on the poor list that are not listed properly and committees on claims find it hard to adjust bills because they cannot get a meeting with the poor committee. Alderman Hansen said the whole thing was a matter of guess work. We have requested the committee to meet repeatedly but they never would get together. Alderman Harrington promised a new and better system in this department which satisfied the council members.

It was decided that there be no political meetings in the city hall. This was brought about after King made the motion, supported by Hansen, that all parties be given that privilege.

Ald. Drinkwater was emphatically against the proposition saying that he did not wish to the new hall made a political foot ball. Aldermen Van Drezer and Brower also voiced this sentiment and complaint. ed about the mess such gatherings make. The proposition was lost all voting no except King and Hansen.

The gas company again came in for their share of grilling, brought about in the form of a report from the committee appointed to find out why the company did not live up to their franchise in not giving the customers the required quality of gas.

The report which was adopted by the council follows in detail which practically instructs the consumers of gas to pay their bills only for the service.

Holland, Mich., Oct. 16, 1912

To the Honorable the Mayor and Common Council of the City of Holland, Gentlemen:

Your special committee appointed to look into the matter of the quality of gas required to be furnished by the Holland City Gas Company, beg leave to report that we have had the same under consideration and investigation, and find that under the franchise of said Company, it is required to furnish to the consumers, gas of 18 candle-power, and 650 British thermal units quality, and that the said quality is to be determined by monthly average of daily tests. Also that the same is not being carried out by the Company, in accordance with the terms of the franchise.

We further report that we called upon the Company, at its office, during the early part of this month, and that for three days preceding our visit that out of nine tests made, but one was under 600 B. T. U., and eight exceeded 600 B. T. U. That for several days past one test has exceeded the 600 and that the large percentage are under 600.

In as much as the people of this city have bargained for gas to test 650, it is the opinion of your committee that they are entitled to receive gas of that quality, and that if the company cannot or will not furnish it, then that they are not entitled to collect compensation for what they are not furnishing.

We would therefore recommend, that on the first day of each month the City Engineer compute the monthly average on daily tests for the preceding month, and compute the value of such gas as the average shows was furnished, on the basis of 650 B. T. U. test, and report of to the consumers of the Holland City Gas Company, the net amount that each consumer should reasonably pay to said company on such basis, in percentage of the bill as rendered by the Company, as provided by the said company's franchise.

And further, that the consumers be instructed to offer to the said Holland City Gas Company, in cash, the amount of such percentage of said bills as is shown to be due the company by the figures of the City Engineer.

Respectfully submitted,

Nicodemus Bosch, Mayor.

Arthur Van Duren, City Attorney.

Vernon F. King Alderman.

Committee.

This practically means that the city engineer will figure out after all the different tests have been made during that month, how much real gas the consumer is getting. He will inform the customer how much this difference is and give the consumer the privilege to deduct this amount from his bill. The amount figured by him will be tendered to the Gas Co. not the amount that the company has on its bill. This provided the tests are below. The Gas Company may or may not accept the tender. That part is up to them, but should they refuse to accept and take out the service the council has agreed to fight them to a finish at least that seemed to be the spirit.

The test made during the past month was as follows: made 35 tests low 570, high, 636, average 594. The test according to franchise is 650. This according to the Mayor means

that instead of paying 90 cents per thousand feet with discounts the consumer should pay only 81 cents per thousand feet with discounts for this month's lighting.

Some of the aldermen asked what would happen if the Gas company took out the meters, but the city attorney assured them that the company would not dare to do that. This brought the matter to a vote and the same was carried unanimously.

The next matter of importance that came before the council was one the Holland City News had advocated seven years ago. Namely the taking care of shade and fruit trees within the city limits. At that time this paper had Mr. Taft of the Michigan agricultural college come to Holland to look over the tree situation. He told us that the scale was just beginning to show itself on the fruit trees and some park shade trees. The News brought the matter to the attention of the common council and Park Board at that time informed them about the law which states unlawful that all unfested trees must be sprayed. There was considerable agitation for some time on the subject and the council referred it to some-committee and that was the end of the tree situation. The News devoted several pages with illustration on the subject at that time.

You can now see the results of this unheeded warning and neglect.

Mr. Kooyers reports that there is scarcely a tree in the city not unfested with the scale. The fruit trees are all gone up and those that are standing must be cut down or the state will step in and do it for us. The trees must all be sprayed or the state is going to take a hand in tree affairs here. It is simply a matter of fish or cut bait, and last night the whole matter was again left to a committee to report at the next meeting. Mr. Kooyers says that a spraying out will cost about \$350 including tower to get at high trees and covering to cover house so as to avoid marring the paint.

A very good suggestion made by Park Commissioner Kooyers was to the effect that an ordinance should be drafted allowing the planting of only certain trees. Poplars, catalpas, boxelders and the like will not be allowed if this ordinance is passed. Mr. Kooyers also said that within a few years there will not be a tree left in the city if we do not care for them properly.

A message by the Mayor was next presented. The message explains itself:

Holland, Mich., Oct. 16, 1912.  
To the Common Council of the City of Holland, Gentlemen:

I desire to call your attention to the fact that on October 9th, 1912, there was dedicated to the memory of the Grand Army of the Republic, a native rock, which was placed in "Centennial Park" in our City, opposite the City Hall, and facing River street, and which is inscribed with the letters "G. A. R." This rock was placed there to commemorate the going of the boys in blue from this City and vicinity, and in recognition of the return of those who it was God's good will to permit to return. Many, we all know, were left on Southern battle fields, and lie buried in known and unknown graves. The little band that is now left will soon be but a memory, and it is the desire that this memorial be left to remind future generations of the fact that a noble band of patriots went from this City to protect the Union and to preserve the Nation al honor.

At these ceremonies it was may honor and privilege to take part, and on behalf of the City of Holland to make a few remarks to the soldier boys there assembled, and such other citizens as gathered on this occasion. Prayer was offered by Rev. A. F. Bruske, D. D., and remarks were also made by ex-mayor, Hon. Henry Geerlings by Past Commander John Zwemer of the Grand Army of the Republic, and by Dr. Bruske. The exercises closed with the singing of "America," and the benediction as delivered by Dr. Bruske.

I would therefore ask, that the spirit and action of the G. A. R. may not be forgotten, that the Council place this message on its record, in order to perpetuate the services, and that by a resolution of your honorable body the rock be accepted, and secured a permanent resting place in our Centennial Park.

Respectfully submitted,

Nicodemus Bosch Mayor.

"Resolved, That the message of the mayor be received, ordered spread in full upon the records of the Common Council; and,

"Resolved, That with the consent of the oBoard of Parks and Cemeteries the rock, as placed and inscribed by the Grand Army of the Republic, be and hereby is accepted by the City of Holland, and shall hereafter remain in Centennial Park, as a memorial to the 'Boys in Blue' who went to their country's defense during the Civil War."

The Graham and Morton Company will furnish the city with beautiful post and lamps to light up Morton

park. The offer was accepted by the council.

The report by the Park and Cemetery Board follows:

Holland, Mich., Oct. 15, 1912.

To the Honorable

The Mayor and Common Council of the City of Holland.

Gentlemen:

The Board of Park and Cemetery Trustees beg leave to lay before your Honorable Body the following extract from a communication received by them from President J. S. Morton, of the Graham and Morton Transportation Company, relative to the further improvement of Morton Park:

"I am greatly pleased with what is being done to the little Park up to this time, as I think it will be a bright spot and a credit to all concerned. I think lamp posts should be placed along the front and around the West side down as far as the railroad track another year, which would light it all up in a very attractive manner, and if the city will install the posts and furnish electric current, we will furnish the lamp posts complete, ready to be set."

The Board respectfully submits the above proposition for the favorable consideration of your Honorable Body, and trust the same meet with your acceptance and hearty approval. In behalf of the Board of Park and Cemetery Trustees.

Richard Overweg, Clerk.

If city attorney VanDuren's plans work out, prisoners in our city jail will be wearing ball and chain and put on the streets helping to keep them clean and in repair.

Since drunks and vags cannot be sent to Detroit House of Correction, the only other place to send them is to Grand Haven. This is "duck soup" for the hobo and no doubt the "weary willies" when cold weather comes, will migrate to Holland in order to become acquainted with the warm confines of the county jail. Van Duren's plan is to stop all this.

His intention is, and it has been concurred with by the council last evening, to meet with the Board of Supervisors asking them to pay into the city treasurer the expense now incurred for harboring drunks, tramps, etc. and that then Holland would take care of its own prisoners and would devise some means of setting them to work. "If this was done" says Van Duren soon the "boos" would give Holland a wide berth, and our local drunks would behave better in order to avoid the humiliation of working out on the street with a chain gan and that, in their home town.

This certainly would be humiliating indeed, the morning after the night before.

The following election inspectors were chosen:  
1st Ward—Frank Van Ry  
2nd Ward—J. S. Curtes  
3rd Ward—J. S. Dykstra,  
4th Ward—Henry Pelgrim Jr.,  
5th Ward—Albert J. Hoeksema

The differences between the board of Public Works and the council has practical been fixed up and the question of raising Supt. Champion's salary will be settled at the next regular meeting when no doubt it will be acted upon favorably.

The liquor question came to an abrupt halt. It was resolved to table the proposition at the last meeting and aldermen King made a motion to reconsider the motion. The vote stood as follows: reconsider: Drinkwater, VanDrezer, King, Harrington and Hansen; not consider: Merseu Dyke, Brouwer and Sterenberg not having enough votes the proposition was lost and the petition of 1000 votes went for nothing.

King then asked to have it submitted in different form putting the proposition up to the voters as follows: Shall the City grant a retail liquor license yes or know. This is practical what the drys had been asking for but even this was turned down.

The vote stood as it did before turning down the liquor proposition altogether.

The citizens of Holland will be given the privilege of buy the city bonds at 5 1/2 per cent giving the tax payers the privilege the same as Banks and bonding companies. This was brought about by alderman King resolution which follows:

By Alderman King,

Resolved, That the bonds hereafter to be sold, and now ready to be sold, be issued in sums of \$100.00 or less, as same can be conveniently divided, and that such bonds be offered to the citizens of the City of Holland, at such rate as the Common Council may fix, and that in awarding the same, that requests for small amounts shall be first honored. And further.

Resolved, That all sales of bonds shall be advertised for at least one week before sale, by an official advertisement in the Holland City News and in the Holland Daily Sentinel.

This means that anyone who has a savings deposit in the bank at 4 per cent can used that money in buying bonds issued by this city on which he gets 5 1/2 per cents. This provided he get there in time before the issue is sold out. The present bonds to be sold run for three years.

## SUNDAY SCHOOLS OF REFORMED CHURCHES OF HOLLAND TO

## TAKE PART

Date is October 18 and Members Are to Hold March If Weather is Favorable.

Arrangements are in progress for a big Sunday school missionary rally in which all the Sunday schools of the Reformed churches of this city will participate on the evening of Oct. 18. In view of the fact that missionary speakers of known ability and wide reputation are to appear on the program of the Women's Missionary conference, which is to be held in Zeeland on the 17th local Sunday school workers thought it would be a splendid thing if the Sunday schools of the local Reformed churches should avail themselves of this opportunity to arrange for a big mass meeting of the Reformed church Sunday schools that they might have the advantage of hearing the experiences which these speakers will have to relate. This rally will be held in Carnegie Gymnasium at 7:45 p. m. There will be two addresses one by Miss Olivia H. Lawrence, corresponding secretary of the Woman's Board of Foreign Missions of the Reformed church; the other by Mrs. Alfred R. Page, field secretary for Indian Work connected with the Women's Board of Domestic Missions of the same denomination. Miss Lawrence returned last year from a tour of the Mission Fields in Asia, in the study of which she spent about a year and her address, illustrated with stereopticon slides, will be most educative and inspiring. Mrs. Page knows all about the work among the Indians of this country, and has herself done a great deal of work among the Apaches, Cheyennes, Arapahoes, Winnebagoes, and Mesqueros, among whom the Reformed church is doing missionary work that is conceded by all who know anything of it to be most successful. Her address also will be fitting. If the weather proves favorable the Sunday schools, gathering at various points along River Street will march in a big parade along River and 8th streets, thence on College avenue and Tenth streets to the Carnegie Gymnasium. Considerable enthusiasm has already been awakened and every effort is being put forth to make this rally a great success.

## MEETING WAS HELD IN CHAPEL OF THIRD REFORMED CHURCH.

The first fall rally and social of the Mens' Federation of Bible Classes was held Monday evening, at Theird Reformed church chapel. The following program was rendered:

Van Kersen Music.....Trinity Church Orchestra Reading.....W. E. Vander Hart Bass Solo.....Peter Oosting Address.....Dr. A. Vennema Music.....Federation Male Chorus

The following churches belong to the Federation: First Reformed; Third Reformed; 14th St. Christian Reformed; Methodist Episcopal, Hope, Trinity, and Fourth Reformed.

## RESORT BUSINESS MAN TO RUN BOX BALL CONCERN HERE.

C. M. Camburn of Grand Rapids who conducted a hardware store at Macatawa Park and a general grocery store and bazaar at Ottawa Beach for many years has opened a box ball bowling alley at 78 East Eighth st.

He has three good allies and they will be for use of ladies and gentlemen. He will also keep a good line of candy and cigars. As Mr. Camburn's time is taken up with his business in Grand Rapids, Arthur Jackson will have charge of the business.

## VRIESLAND MAN HAD BEEN MEMBER OF SCHOOL BOARD THAT LENGTH OF TIME

At the annual school meeting of the Vriesland Public school the following officers were elected

Director—John K. Hoffman to succeed D. Tanis, resigned; moderator, D. Tanis; treasurer, B. Kroodsmas to succeed A. De Vree, resigned; trustees, Titus Van Hattama and Gerrit De Vree. A. De Vree resigned as a member of the board after serving in that capacity the remarkably long time of 36 years successively of which he served several years as a treasurer.

Deputy Sheriff Dornbos Thursday arrested Edward Keets at Conklin on the charge of receiving money under false pretenses. The complaint was made by H. Ten Have and George E. Kollen and the sum which Keets is charged with having received is \$350. He was brought to Holland and he appeared before Justice Miles. When he waived examination he was bound over to circuit court and on furnishing bonds to the amount of \$700 he was released.

## NUMEROUS CLASSES FOR MISSION STUDY ORGANIZED

## TUESDAY NIGHT

Members of College Faculty Make Addresses and Encourage Students to Study Missions

The Y. W. and Y. M. C. A. of Hope college held a joint missionary rally last Tuesday for the purpose of enrolling the students in mission study classes for the coming year.

Prof. Kulsenga was the first speaker pointing out the value of mission study from an educational and religious point of view and also from the point of view of service.

Dr. Eldson emphasized the fact that we do not live to ourselves alone but are part and parcel of the universe.

In speaking of the command of Christ "Go ye into all the world and preach the gospel to every creature" he said we should find in the command a vision which should include the world, a vision of sympathy and love, and a vision of action.

The Rev. Mr. Van Kernen also made a few remarks pointing out that the call for one's life work may come while engaged in the study of one of the great mission fields and its opportunities for service.

The various leaders of the classes then gave a brief resume of the various courses and the following classes were organized: "Mormonism, the Islam of America," leader, Miss Martin; Preparatory Girls' Course—leader, Miss H. Hoekje; "Deedive Hour of Christian Missions," Mott—leader J. D. Muyskens; "South American Problems," Speer—Leader C. De Young; "The Chinese Revolution," Brown—leader, H. Bilkert; "The Work of the Medical Missionary" Edwards—Leader, C. Holleman; "The Challenge of the Country," Flake, leader, M. Verburg; "The Challenge of the City," Strong—leader, C. Dame "Negro Life in the South," Weatherford—leader, A. Van Bronkhorst.

One interesting feature of the Rally was the large flag of the world hung in front of the chapel. On this may were innumerable orange and blue ribbons, stretching from Holland to various points on the mission field where Hope graduates are working signifying that there was still a connection between these heroes and their Alma Mater.

# MONDAY NIGHT AFTER SPEECH BY HILL REPUBLICANS ORGANIZE

tel Hollan! Gives Fine Talk On  
International Peace

A Taft club was organized Monday night and from now on till the end of the campaign Holland will have three political clubs. The organization of the Taft club came all unexpectedly and no preparations had been made for it. But the enthusiasm among the Republicans who joined the club was none the less spontaneous and the organization started out under the most favorable auspices.

At the conclusion of the Hill speech in the Knickerbocker last evening a number of people were invited to meet Mr. Hill in Hotel Holland. These in the course of a talk given by Mr. Hill, he suggested that the local Republicans form a Taft club and he immediately proceeded to put the matter to a vote. "Who shall be your president?" said Dr. Hill, and the election was on almost before the people knew what was going on. The following officers were elected:

President—W. H. Beach;  
Vice-Pres.—Otto P. Kramer;  
Secretary—John Van Wieren;  
Ass't Sec'y—Thos. N. Robinson;  
Treasurer—Henry Pelgrim, Jr.

The club will hold regular meetings and in every way it will make its organization count in the campaign locally. A large number of members were secured at the meeting last evening and more will be enrolled as the campaign advances.

At the same informal meeting in Hotel Holland, Dr. Hill gave a talk on peace. The talk was entirely non-partisan and politics did not enter in in any form. He told of the efforts that had been made toward international peace during the past decade and more. He told of the plan of industrial world peace leading up to international peace among nations. The nations of the world, he said, must quit contributing the millions toward the maintenance of armies and navies and give this same money for the preserving of peace.

Dr. Hill has been engaged in this kind of work for many years. He visited the Mikado in Japan. Japan was hard to reach but finally the Mikado became interested and now the Japanese are co-operating with the other nations in bringing about universal peace. In a few years another world conference is to be held, and Dr. Hill said he believed that there was a good chance of a great step being taken in advance at that conference.

The club so far has gained a membership of a hundred and seventy-five.

On account of the limited time the Physic class of the Holland High school have for recitation and laboratory work it has been decided to have a class every Tuesday evening after school. The class will be called at 7:15 in the High school assembly room and last for an hour and a half.

## REPORT OF ROOSEVELT BEING THAT HANDED TO DR. HILL ON SLIP OF PAPER.

A dramatic little incident occurred Monday at the speech of Dr. Hill at the Knickerbocker. As soon as the news came that Roosevelt had been shot Lewis Vanden Berg wrote the following on a slip of paper and walking to the front of the theater handed it to Dr. Hill: "There is a report sent here from G. R. Herald that Theodore Roosevelt has been assassinated in Milwaukee at 8:30 this evening by a Socialist." Dr. Hill took the slip of paper, read it to himself and then read it once more and laid it on the table with the remark, "I will give this my attention after the meeting."

The incident took but a moment. The meeting was not disturbed and the speaker went on with his address.

"It was a case of excellent judgment both on the part of Mr. Vanden Berg and on the part of Dr. Hill," said a prominent local Republican today "Mr. Vanden Berg was entitled to praise for making the speaker acquainted with a piece of news that a man who in the nature of the case was assailing Roosevelt would want to know; and Dr. Hill showed good judgment in not making it public. It would have broken up the meeting, and might be merely a false report."

## Benjamin Brink Tries to Steal a Ride And Is Hurt.

Benjamin Brink, son of Mr. and Mrs. John Brink, who reside on East Nineteenth street, had every toe of his right foot crushed when he tried to catch a ride on a wagon only a short distance from his home. He attempted to catch the wagon from the side and in doing so his foot slipped under the rear wheel. He was immediately carried to his home and a doctor called, but it is feared that his toes will have to be amputated.

## BIBLE CLASSES GATHER IN CHAPEL OF THIRD REFORM- ED CHURCH.

The 3rd Reformed church chapel was packed Monday evening, 250 men attending the first fall meeting of the Men's Bible class Federation. Two strong addresses were given by Dr. Vennema and the Rev. Wm. Van Kersen. Dr. Vennema spoke on "The Bible and Sunday School Teacher—Two Instruments Used by God in Bringing the Youth to Christ." The Rev. Mr. Van Kersen spoke on "The Bible, a Divine Book."

Music was provided by Trinity Reformed church orchestra. The Federation Male Chorus and by Mr. Peter Oosting. During the business session it was decided to take up again the Sunday 4 o'clock meetings one month in each church beginning at Third Reformed church next Sunday afternoon.

## BASE BALL FENCE IS AGAIN BROUGHT UP FOR DISCUSSION Many Other Matters of Interest Con-

Sidered By Board Of  
Public Works.

The Board of Public Works had a very busy session Monday night. First of all the base ball fence once more came in for a good deal of attention. The people of the fifth ward are still a good deal up in the air on this subject Monday night they sent a petition to the board asking that the fence and grand stand be moved off the street. The petition had been signed by a large number of voters from the fifth ward and there were some men present to speak on the subject. The petition again said that the base ball park was a place of immorality and that it depreciated property in that part of the city. The question was referred to a special committee composed of A. B. Bosman and E. P. Stephan.

The line men and meter readers petitioned the board for a raise in wages. They are getting \$60 a month now and they ask that it be made \$15 a week straight. They represented that the cost of living made it imperative that they should be paid more; that under the new compensation law they would only get half pay in case of accident instead of full pay as has been the case hitherto; that they had become more expert in their work and were worth more to the city. The matter was referred to a committee composed of Walter Lane and R. N. De Merell.

Several objections were made to alleged excessive water rates. There were four complaints last night and these were investigated by the board. In some of the cases the rate was much higher than the water users thought was equitable. In the course of the discussion it was shown that high water rates as a general thing is often due to the fact that the householder lets the water run in the freezing time to prevent the pipes from freezing. In one case, for instance, the water used in a certain place was 22,000 feet during the months of January, February and March. During three months following only 600 feet was used. These complaints were referred to Supt. Champion.

The question of the raise of the salary of Supt. Champion was again considered and the board renewed its former action, asking the council to make the salary \$2000. Ald. Harrington was present at the meeting as a representative of the council and the board talked the matter over carefully. They declared that they believed Mr. Champion was fully worth that salary and that the board felt the council should not compel the board to get along with second rate men when good men, like Mr. Champion, could be retained if adequately remunerated. The board has drawn up a request again asking the council to raise the salary of the superintendent.

The matter of the salary of Peter Brusse was again discussed. The council at its last meeting objected to the action of the board raising the salary of Mr. Brusse on the grounds that according to the charter the council must be consulted. The board acknowledged that that had been an oversight, and the matter was referred to the council to go through the regular routine.

## HOLD AN ENTHUSIASTIC RALLY IN ZEELAND HIGH SCHOOL SATURDAY.

The South Ottawa Teachers' association composed of teachers of Holland and Zeeland townships, met for the first time this year in the assembly room of the Zeeland High school last Saturday. The retiring president, Wm. Zonobelt, presided. Two piano solos by Martina De Jonge and Dora Van Loo, the Rev. P. P. Cheff led the devotions.

Pra. D. B. Waldo of the Western State Normal at Kalamazoo, spoke inspiringly and stirringly of the value of travel as a means of broadening a teacher.

The following officers for the coming year were chosen:  
Pres.—Supt. J. C. Hoekje;  
Vice-Pres.—Isabella Dowan;  
Sec'y—Chris Ver Lier;  
Treas.—Ada La Huus,  
County Commissioner, N. R. Stanton made usual announcements. A committee was appointed to revise the constitution of the association. The organization will meet about every six weeks.

At the meeting a straw vote on presidential candidates was taken. The result follows: Wilson 12; Taft 8, and Roosevelt 8.

## RHODES EXAMINATIONS TO BE CONDUCTED AT ANN ARBOR.

During the coming week examinations will be held at Ann Arbor to pick two men from Michigan to go to Oxford college, England, and study under the bequest of the late Cecil Rhodes. One Hope College graduate is now at Oxford, namely, Milton Hoffman, and two others, Hessel Vennema and Wallace Visscher have passed the examination. To land one of these scholarships a man must not only be a good student but a good fellow as well. In his last will, the late Rhodes laid down certain rules governing the choice of young men for these scholarships, and when a young man can land a Cecil Rhodes scholarship he has placed on himself the stamp of one of America's best all round young men. A number from Michigan will take the examinations as well as several students from other colleges of the state. Two students are chosen from each state each year and given an income under the terms of the scholarships, sufficient to pay all their expenses at Oxford for three years. They are expected to devote their whole time to the business of study and travel. As the school term at Oxford is very short compared with the usual year at an American college the American Rhodes scholars have ample opportunity to see much of the old world.

The object of the scholarships is to bring the best in America and the best in England, Germany and France together with a view of binding into a closer relationship and friendly union the future interests of these countries.

## NEW SYSTEM IS BEING TRIED OUT IN POLICE HEADQUAR- TERS.

When Charge of "Habitual Drunk" Is  
Made Officer Will Be Able to  
Back It Up

The arrest of two Holland men last week on the charge of being drunk came partly as a result of a new system that is now being tried out by the police department. Who is a "habitual drunkard?" is a question that in the past has often been hard to answer. Many a time when the officers had made an arrest on the charge of "habitual drunkard" they found it hard to prove absolutely that the man arrested was what is technically known as an "habitual." Whenever an officer swore on the witness stand that he had often seen the accused man drunk, the question was immediately asked by the defense, "when?" Naturally the officer could not give the exact date and hour and hence his testimony usually counted for very little.

That gave Chief of Police an idea. He told all his men to report every day about all men they had seen drunk, what they had done with them and everything in connection with them. These reports are being handed in right along. The chief of police tabulates these in his office by a card system. For instance an officer reports as follows: "Saw John Jones drunk corner of Central and Eighth at nine o'clock p. m., October 12. Brought him to his home," or "Arrested John Jones for being drunk," or some other report of this nature.

Perhaps John Jones was seen drunk in May again in June and again in August, and so on. The dates of his being drunk are all on the Chief's cards with the name of the officer attached who saw John Jones drunk.

Then finally the day of reckoning comes. Some time John Jones is again arrested for being drunk and the officers begin to think that it is about time to make it a charge of "habitual." The complaint is made the man gets his examination, the officer is asked the usual question on the witness stand, "When and where did you see John Jones drunk?" the chief will merely haul out his little card index and give the date and hour.

Another innovation that has been made is to lodge those convicted of charges of "plain drunk" in the city jail instead of in the county jail. There are four in the local lockup now. By this system the cost is less and the punishment is much more dreaded by the prisoners.

## LOCAL YOUNG MAN WHO IS SOON TO BE MARRIED HAD IN- TERESTING TIME.

J. Nelson Pyle, the congenial and ever-smiling druggist is soon to become a married man, and thereby hangs a tale. Mr. Pyle's landlady suddenly got a chance Saturday to rent his room to another party. Figuring that Pyle would go in a few days anyway she took a chance and rented the room.

But Pyle did not see things that way. He decided that he wanted his room for a few days longer and hence Saturday night he went to bed as usual. Luckily for him that the new man returned home even later than Pyle and the latter held the room by right of possession.

The man however did not know anything about his predecessor's claim and hence he was hugely surprised when he found Pyle in his bed. He made a lot of noise about it and the matter ended by Pyle being dragged out of bed in his sleep. There was some more argument and some more noise and—

Well Pyle is a pretty big man in avoidpouse and the whole thing ended by the new man finding himself outside the door with the door locked. Pyle remained in possession and was able to finish his snooze in peace.

## At Milwaukee's Door

Again the world stands amazed and shocked at the attempt of a lawless man to take the life of one of his fellows in the cowardly manner that has thrice before bowed the nation's head in grief. The attack upon Theodore Roosevelt in Milwaukee is an added shadow to the receding gloom of 1901 when a noble life was sacrificed to appease the demands of those who marched and still march under a crimson flag. Clinging adherence to an idealism which mocks the law that guards life and property; creeping through the darksome glades of our social life to seek and slay; rising at times to proclaim itself Christian and living above the law; this curse of civilization sinks poisonous fangs into the nation's political life, and leaves

its victims in the throes of new sorrow. For whether or not the hand that held the weapon was that of an avowed anarchist, it was the hand of an anarchist in fact.

Just what Theodore Roosevelt's gospel was, or is, whether or not he has pleased or displeased the people with his political propaganda or wrought for the nation's welfare, does not enter into consideration in connection with the attempt made upon his life in Milwaukee.

This country is dedicated to the perpetuation of free thought and speech—in the broader sense—and his right to advocate doctrines that to him seemed expedient is unquestioned. He deserved protection and the privilege of pursuing his way in peace. To many he has seemed a worthy leader.

If it shall prove that the attempt upon the life of this picturesque American has been in vain, as seems probable, it will bring satisfaction to the nation and to all the world.

## BEARS LIKE THEIR FRIENDS

One of the sights in Grand Haven along P. M. right of way each morning is the feeding of the bears in L. Kammeraad's menagerie. James Munn, is the next friend in the human race to these animals and they have learned to like him and to perform for him. James enters the cage every day, and has the bears so trained that they will place their forepaws on his shoulders and take peanuts from between his teeth. The bears grow continually but they make no demonstration of animosity to their friends and seem to enjoy having him in the cage with them. They have never offered to harm in any way, and because of the fact that he has been with the bears almost continuously since their arrival in this city, they know him perfectly.

The feeding of the bears is an event of considerable interest in the east end section of the town, and many people gather around the cage to see the excitement. The bears are growing and thriving in their home, and appear to be perfectly satisfied with their lot. Kammeraad who owns the bears is a brother to Kammeraad the old man of this city.

## LEAVE THREE CHILDREN BEHIND

Leaving three children and her husband behind, Mrs. C. E. Bolles of Grand Haven left yesterday afternoon in company with her husband's brother, L. L. Bolles, and since they nothing has been heard from them.

The husband reported the matter to the sheriff's office saying that he believed his wife and his brother planned on eloping. The brother had visited the family here on previous occasions and the husband said that it was then that he first scented trouble.

Before leaving, Mrs. Bolles left her youngest child, 2 years old, in the care of a neighbor, saying she was going away for a few moments and would return. When Mr. Bolles arrived home from work in the afternoon he found his wife gone, and the other two children looking for their mother.

Neighbors told him of the visit of the brother and he immediately reported the matter to Sheriff Andre. No trace of the couple has so far been found. The children were taken care of at the home of Edward Fellows, a neighbor.

## DEER IN VAN BUREN

Lansing, Oct. 16.—Reports from Lawrence, Van Buren county, are that deer are running wild in the swamps of that vicinity. As there are no special acts governing that county, the deer can be shot when the season opens.

Speculation is rife as to how the deer got that far south. Some hunters contend that the animals followed the shore line of Lake Michigan. Others scout this theory and say the deer must have escaped from private herds.

## NOVEMBER JURY

The jury for the November term of circuit court which will open on the first Monday next month has been drawn. As the first Monday comes the day before the general election day, it is probable that an adjournment will be taken for a week until after the election excitement is over.

The following jurors are being summoned from Holland and Zeeland to report for duty at the November term of the circuit court: Johannes Mulder, Holland, William Timmer, Zeeland, Frank White, Holland.

## DUCK SEASON IS GOOD AROUND GRAND HAVEN

With the rising of the sun this morning Grand Haven and Spring lake and vicinity was converted into what sounded like a battlefield, when several scores of hunters took advantage of the opening of the duck season. At 5 o'clock this morning there was a cannonade on the feathered members, who fell by the dozens at the aim of the hunters.

The duck season this year bids fair to be one of the most profitable for the hunters. All along Grand river and Spring lake hunters stationed themselves early for the slaughter of the birds. Traveling on the river today was rendered quite dangerous, owing to the numerous hunters whose shots followed the flocks that flew in all directions.

## GRAND HAVEN A BOULEVARD TOWN

Should the committee on buildings and grounds of the Ottawa county board of supervisors follow the plan suggested by a committee from the city council, Grand Haven will be among the small cities of this state that are noted for the beauty of their municipal parks.

The committee, consisting of Mayor Cotton and Aldermen Conroy and Pellegrom, suggested that a boulevard be placed in the center of Washington street, between Fourth and Fifth streets. The boulevard would be 18 feet wide and there would be 16 feet of street on either side.

It is also planned to pave Fourth and Fifth streets, as well as Washington street, and the committee has asked that the county share the expense to the extent of \$2,600. The matter has been referred to the committee on grounds and buildings.

## GRAND HAVEN FACTORY IN BAD

A meeting of creditors of the Superior Milling and Manufacturing company of Grand Haven will be held tomorrow for the purpose of appointing a creditors' committee to take charge of the assets of the firm and dispose of the matter, without the necessity of having to force it into bankruptcy or declare it insolvent.

The company has discontinued operations and summons for debts amounting to upward of \$10,000 have been served on H. G. Millman, head of the firm.

W. I. Little and George A. Farr are representing the various creditors. Mr. Farr has also carried on some negotiations in the interest of the firm and active in bringing about suitable settlement for both parties.

James Cilley, aged 85 years, the oldest practicing attorney in Ottawa county, is dead at the home of Mrs. Thomas Treat in Coopersville.

"Jack the hugger" is at it again in Grand Haven. The mysterious man has hugged fully a dozen girls and women of late and all efforts to capture the man have been unsuccessful. He has varied his procedure to a certain extent by occasionally peeping in windows.

The finding of an overturned duck boat on Stearns bayou in Grand river yesterday near Grand Haven leads to the belief that Robert Fielder, twenty seven years old, who came here from Chicago a short time ago to work on a farm, was drowned last Friday. Fielder, who had a wife and child, has not been seen since he embarked at the home of a neighbor Friday to return to his own home.

## TANNERY WILL STAY

For some time a rumor has been afloat in Grand Haven that the Ottawa Leather company has purchased a building site in Detroit and would move the local plant to that city.

D. E. Peters, a member of the company, has been in Grand Haven and declares there is absolutely no foundation for the report. He says that such a proposition has never been considered by the company; in fact, has never been mentioned by any of the members, so far as he knows.

"It isn't likely that we intend moving," said Mr. Peters, when we have plans on foot to enlarge the capacity of the local plant 50 per cent. We intend building an addition in some of the buildings immediately."

The Ladies of St. Francis Catholic church will hold a sale of home made baked goods, and fancy articles at O'Leary's studio next Saturday afternoon and evening. Coffee and doughnuts will be served. All are cordially invited to attend.

The Holland High school is enthusiastic over the fact that a second game has been scheduled with Hope college team. At last week's game, the college team was whitewashed with a score of 21 to 0. Last Saturday the high school team defeated the Grand Haven team by a score of 13 to 6. The college team is making an extra effort to get into shape. It is expected that the attendance at the game will exceed 2,000 persons.

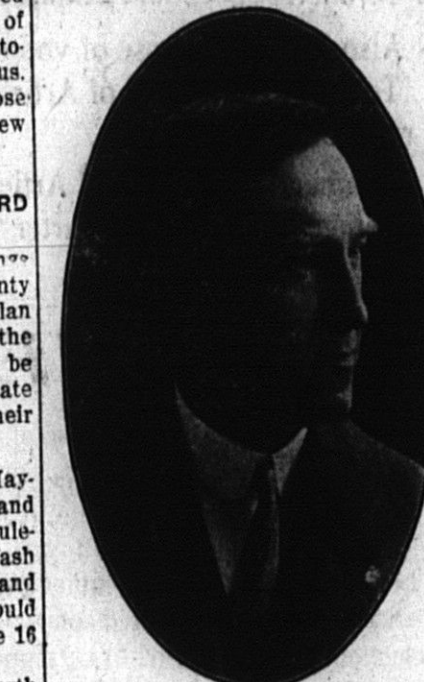

Trying to locate a gas leak in a dark coach at Waverly, Frank Hansen, a coach cleaner, lighted a match. He will recover.

What Holland will soon want more than any thing else will be an enlargement of the city limits. It is a question of but a year when this matter will have to be settled, as it should be, by the extending of the limits to a point just beyond the cemetery on the east, on the south to the county line, on west to Lake Michigan, and on the north to a point half a mile from the present one. This would give territory enough for all the factories, we shall obtain in the next ten years, give us a good site for a \$50,000 County Court House and give us a city large enough to hold the young men who now wear silk hats.

Two of our worthy citizens are much disappointed at not receiving a call from President and Mrs. Cleveland. A meeting of the stockholders of the Holland Carriage and Bending Works was held at the office of G. J. Diekema on Monday evening. No definite action was taken as to what course to pursue, but from the sentiment of the members it was evident that the plant should be utilized or offered for sale. The building was erected but a few years ago, and it is a substantial brick structure, three stories high, and bordering on Black Lake. It would prove a valuable investment for some enterprising manufacturer and no doubt the plant could be purchased at a bargain.

Many beautiful presents were received by the happy couple. Mr. and Mrs. Laepie will reside at 75 West Fourteenth Street in this city.

## NEW YORK MINISTER PAYS HIGH TRIBUTE TO PRESIDENT TAFT.

Large Audience of Men and Women Listen to Republican Speaker Monday Night

Perhaps the largest audience that has yet been gathered together during the present campaign in the Knickerbocker theater Monday night when the Rev. John Wesley Hill spoke under the auspices of the republican organization of Holland. The theater was crowded, the downstairs being well filled and a large number finding room in the gallery. Dr. Hill proved himself all that had been claimed for him as an orator and he managed to entertain the audience so well that his listeners were laughing and applauding much of the time.

W. H. Beach, who presided at the meeting introduced Dr. Hill as the "Intellectual giant of the East." He told of the speaker's work in the interest of international peace, of his personal relations with President Taft and of the work for true advancement that the speaker stood for.

Reading the present and the future in the light of the past was the keynote of Dr. Hill's address. He showed himself wonderfully well versed in the political history of the world and by numerous examples he showed that at many stages in the country's history conditions similar to those of the present had existed—that progressive parties had tried to discredit the Republican party but had always failed.

Dr. Hill started with the general proposition that great leaders are necessary. He held that great leaders are necessarily few. When a man is a real prophet, he said, he gives his life to his work and he is not a self-seeker—he is not one who masquerades in the grave clothes of another. He called Mr. Taft a great leader and said that Mr. Roosevelt was a self-seeker who was seizing upon the issues of the moment and thus succeeded in staying in the public eye, while Taft was building for all time and was a constructive statesman.

The Progressives, he said, were preaching that democracy in our country was proving a failure and that radical measures were necessary to save it. But it had triumphed over all who has conspired against it. The initiative, referendum and recall, he declared, were not new measures. The recall, for instance, had been applied in ancient Greece, and it was measured like those that had brought destruction on countries like that. The direct democracy that the Progressives were clamoring for had been applied in those ancient times and had proved to be a government by the mob, while in the representative democracy of America the citizen always had the constitution behind him.

Dr. Hill gave a personal glimpse of Roosevelt and Taft when he told how it was Roosevelt himself who had introduced Taft to him. Roosevelt had called Taft the grandest man in the world and at that time he said he would never run for office again. But here he was clamoring for it again.

And perhaps, he will run again, and again and yet again.

The recall, he said, is in operation in Central America and there they recall a government over night. If the recall had been applied to this country Washington would have been recalled when the people were dissatisfied with him in the Citizen Genet matter; Lincoln would have been recalled and so would Harrison and Cleveland and McKinley and a number of other noble presidents. All of them at one time in their careers were in disfavor and if the people had had their say they would not have had the chance to do the great work that they did do.

In Lincoln's time the so-called Progressives opposed the great emancipator and called him names and tried to discredit him. But it did not work.

Speaking of the present political situation in this country Dr. Hill declared that the situation was not by any means hopeless; that in 1896, Bryan would have been elected if the election had been held a week earlier. But during the last week of the campaign the sentiment swung back to McKinley. Taft has as good a chance to be elected as McKinley had at that time, he said.

Roosevelt, he said, had had great power when he was president, but he did not use it. But now that the Republican party did not want to feed his personal ambitions again he called the party corrupt and formed a new party. He said the difference between Taft and Roosevelt was the difference between a statesman and a politician. Mr. Taft, he said, was not the reactionary that he was pictured. He is a great constructive statesman and a progressive of the true type.

Dr. Hill recounted a great many of the constructive acts that Mr. Taft administration had put on the statute books. He called attention to the tariff board, the railroad bill publicity of campaign contributions before elections, conservation of natural resources, pension bills, white slave bill, creation of bureau for the protection of childhood, and a number of others.

Dr. Hill spoke very strongly against free trade. He called attention to conditions as they existed in the time of Cleveland and the misery and distress that existed then.

Dr. Hill's speech closed with a tribute to President Taft as a man. The president, he said, was a great man as well as a great statesman. He was a man of intellectuality as well as a man of keen human sympathies, a man of pure personal life and a true gentleman—slow to act but steadfast and sure when he did act, a man to whom the government could be safely intrusted.

Dr. Hill's address was listened to by the large audience with the utmost attention. There were many women in the audience and they showed a keen interest in the address. It was one of the most successful meetings of the campaign locally and showed that there is a good deal of interest in Republican issues.

## SANDSUCKER GEN. MEADE

## MAY LEAVE THE LAKES

The rumor to the effect that the sandsucker, General Meade, is about to be taken from the Great Lakes and sent to some southern port, is causing consternation in nearly every port on the lakes. In the past the boat has been used to great advantage in removing bars at the entrance to harbors. The Gen. Meade has often appeared in Black Lake.

## MARQUETTE MEMBERS TO EN-

## JOY GOOD TIME SATURDAY

## NIGHT.

Program to include Speaking, Singing, Moving Picture and Vaudeville.

The first big annual smoker of the Marquette club is to be held on Saturday evening of this week at the rooms of the club, north River street. A temporary stage will be erected in the rooms and among other features of the smoker there will be a vaudeville act, moving pictures, music and other entertainment.

All the members of the club are welcome to attend the smoker by virtue of the membership and a limited number of guests will be present to enjoy the entertainment. There will be some from Grand Rapids and the vaudeville and musical talent will also come from Grand Rapids. Dean White of Grand Rapids who has appeared in Holland before, will speak and Mr. Fenton, the well known Grand Rapids singer, will give a number of vocal selections.

There will be a luncheon of several courses and the refreshment committee is making elaborate preparations for the big event. After luncheon there will be talks and entertainment. Bush & Lane will furnish a piano especially for the occasion.

The following committees have been appointed: House committee—

Joe Brown, A. Cappon, John Kelley, and Jacob Van Putten, Jr.; "Eats"—George Steketee, Percy Ray and B. P. Donnelly; reception—Fred Tilt, J. J. Cappon and Charles A. Floyd; Program—Chas. A. Floyd and the House committee. Fred Tilt will be master of ceremonies.

## WILSON CLUB SECURES JUDGE

## DOYLE AND MYRON H. WALKER.

Membership is Growing Fast; Committee is Busy Gathering in the Names.

The Wilson club is to hold its second smoker on Friday evening, and Judge E. J. Doyle and Myron H. Walker, both of Grand Rapids, have been secured to address the members of the club and all who wish to attend the meeting. Mr. Doyle is a well known Grand Rapids attorney. He was police judge for a number of years and at present he is the nominee for Judge of Probate for Kent county.

## Student Reads Paper on "Missionary Spirit of Hope College and Seminary."

The Adelpia Y. M. C. A. of the seminary held its regular meeting at the home of Dr. J. W. Beardslee last Tuesday. The prayer meeting was in charge of John Bennink of the Junior class. A very interesting paper "The Missionary Spirit of Hope College and the Seminary" was read by E. Hulbrügste of the Middle Class. The paper gave a history of the missionaries and traced the development and growth of the missionary spirit. It was very interesting and helpful.

## HOPE COLLEGE

Owing to the large number of girls in the preparatory department of Hope College it was decided advisable to start another literary society in addition to the Minerva society.

A meeting was held recently and a constitution drafted. The new society will be called the "Philathea society." Meetings will be held on Tuesday afternoons in order to enable those who live at too great a distance to return in the evening to have the benefit of literary society work also. Arrangements have been made so the girls can hold their meetings in the Sorosis society room. The first program was given last Tuesday.

The following officers have been elected: President—Tina Holkeboer; Vice-President—Verna Althuis; Secretary—Jennie Bos; Treasurer—Alice Spaeman; K. of A. Grace Gaylord.

On sending a second sample of the city water of Zeeland to Lansing it was found that it was still contaminated and unfit for drinking unless it is first thoroughly boiled.

The drinking fountains at the Zeeland schools have been stopped, and an effort to find the cause of contamination.

Preparations are being made for the annual Inter-Collegiate debates with Alma and Olivet colleges. The debating committee submitted the following questions to the three literary societies last night but no selection was made:

"Resolved, That a compulsory Federal Board of Arbitration be established to settle all labor disputes." "Resolved, That the Sherman Anti Trust law should be repealed." "Resolved, That American Shipping Pass Through the Panama Canal Free of Toll."

The Melphone society of Hope College initiated its newly elected members Friday with all the ceremony and enthusiasm usually accompanying a Melphone initiation. The following were the victims: Edwin McLean W. Stegeman, George Lemmen, Harold Oosterhof, Teunis Prins, Frank Douma, Wm. Kootman, Ben Laman M. Van Putten, Jack Moore, Charles De Vries, N. De Young, A. Huizenga.

At the monthly meeting of the Hope College Athletic Association, an amendment was passed providing for an assistant basket ball manager to act under the direction of manager in chief. Henry Van Houte was elected.

The Seminary students presented an amendment also providing for a seminary student to act on the board of directors. The amendment was tabled and after some discussion it was withdrawn.

Forty Six and twenty-two cents  
Dollars (\$446.22), together with an  
attorney fee of \$25.00 provided for  
in said mortgage and by the statute of  
this state.

No proceedings at law or in chan-  
cery have been instituted to recover  
the debt secured by this mortgage, or  
any part thereof, and notice is there-  
fore hereby given that by virtue of  
the power of sale in said mortgage  
contained, and the statute in such  
case made and provided, the prem-  
ises in said mortgage described will be  
sold at public vendue to the highest  
bidder at the north front door of the  
Ottawa County courthouse in the  
City of Grand Haven, Ottawa Coun-  
ty, Michigan, on Monday, the 4th day  
of November A. D., 1912, at three o'-  
clock in the afternoon of said day, for  
the purpose of satisfying said mort-  
gage and the expenses of sale. Said  
premises are situated in the City of  
Holland, County of Ottawa and State  
of Michigan and are described in  
said mortgage as follows: Lot No.  
Thirty-six (36) of Slag's Addition  
to the City of Holland according to  
the recorded plat thereof.

## ALMOST A MIRACLE

One of the most startling changes  
ever seen in any man, according to  
W. B. Holsclaw, Clarendon, Tex., was  
effected years ago in his brother. "He  
had such a dreadful cough," he writes,  
"that all our family thought he  
was going into consumption, but he  
began to use Dr. King's New Dis-  
covery, and was completely cured by  
ten bottles. Now he is sound and  
well and weighs 215 pounds. For

The Twentieth Judicial Circuit,  
in Chancery.

Suit pending in the Circuit Court  
for the County of Ottawa in Chan-  
cery at Grand Haven on the 9th day  
of October, A. D., 1912.

Richard Lyons,  
Complainant.

vs.

Butler Platt, George H. Nash,  
Esther Shaver, Jane Genison and  
Anna Penfield Mower, if living,  
or their unknown heirs, devisees,  
legatees and assigns, if dead,  
Defendants.

In this cause it appearing that after  
diligent search and inquiry that the  
whereabouts of said parties defend-  
ant are unknown and cannot be as-  
certained, and that diligent search  
and inquiry does not reveal whether  
said parties are living or dead and  
if dead who their heirs are or where  
they may reside;

Therefore on motion of Diekema,  
Kollen & Ten Cate, solicitors for  
complainant, it is ordered that said  
defendant, if living, or their unknown  
heirs, devisees, legatees and assigns,  
if any or all of them are dead, shall  
enter their appearance respectively in  
said cause on or before four months  
from the date of this order and that  
within twenty days the complainant  
cause this order to be published in  
the Holland City News, said publica-  
tion to be continued once in each  
week for six weeks in succession.

The suit involves the title to five  
acres from the north part of the  
south half of the northwest fraction-  
al quarter of Section 9 township 5  
north of range 16 west, being located  
in Holland Township, Ottawa Coun-

## THAT IS ALL HOLLAND PAYS PER CAPITA TO MAINTAIN THE HEALTH DEPARTMENT

Health Officer Godfrey Shows That

It is Much Cheaper To Prevent

Disease Than To Cure It.

Health Officer Godfrey gives some  
interesting statistics of what it costs  
to maintain good health conditions in  
Holland. The statement follows:  
"We all know that it takes money  
to run our schools and it takes money  
to run our churches, and it takes  
money to conduct a public health ser-  
vice.

"The war we wage against prevent-  
able disease takes money. This war  
is a struggle between the dollar and  
the death rate.

Holland City appropriates less than  
17 cents per capita, per year, for her  
health department. Pennsylvania  
spends 48 cents per capita per year,  
for this service, New York spends 1.7  
cents; Massachusetts 4.2 cents; Indi-  
ana 1.8 cents and Arkansas nothing.

"In 1911, fifty of our largest Amer-  
ican cities with a total preventable  
death list of 117,724 spent on an av-  
erage 30 cents per capita, to prevent  
disease, and \$1.65 per capita to pre-  
vent fires. The figures taken from  
A. M. A. Journal. With the knowledge  
we possess of disease, good health  
can be bought in cities or states if  
we are willing to pay the price. We  
are told, and I believe it true, that  
any community for a \$1.50 per cap-  
ita, a year can practically banish  
those diseases, which we now have  
the means of preventing, and can  
greatly reduce the deaths from all  
causes. Surely, 12½¢ a month is a  
cheap protection for each man, wom-  
an and child against diseases which  
we know will exact a heavy toll of  
many lives during the next year.

"Safety from disease can be obtain-  
ed if people will pay the price and  
preventable disease should be hunt-  
ed down and exterminated as relent-  
lessly as we pursue counterfeiters,  
forgers and other commercial crim-  
inals."

Herman Vinnik of North Blenden while operating an ensilage cutter, lost three fingers of his right hand. He was brought to Zeeland and Dr. T. G. Hulgenga dressed the wound.

Three sacks of flour were stolen from the feed store of G. Cook & Co. on River street, Wednesday night. The burglar entered through a rear window, which he pried open.

President Vennema of Hope college has issued instructions to the student body that the buildings on the campus will not be open for political clubs and the students will be permitted to show their enthusiasm for their favorite candidates.

The South Ottawa and West Allegan Agricultural society closed the year with a balance of \$157.03 in the treasury. The total receipts for the four days' fair aggregated \$3,293.11 and the disbursements totaled \$3,136.08. This, in view of the fact that the weather was cold and rainy most of the time, is considered an excellent record.

Edward Keets, a Conklin farmer, was arrested on a charge of obtaining money under false pretenses. Keets is charged with selling a \$350 mortgage which has been discharged, to Attorney George E. Kollen and Henry Tenhave. He waived examination and was held to Circuit court for trial under \$700 bond, which he furnished.

Charged with jumping board bills Herman Hiel and Henry Piece were arrested in Belding after a two days' chase by Deputy Sheriff Kiles and were brought to Holland. Both men pleaded guilty and were released upon their promise to pay the bills and the costs in the case. The amount Hiel had to pay was \$29.85 and Piece \$50.70.

The annual convention of Sunday schools of the Reformed churches of Western Michigan will be held at Muskegon October 23.

There is hardly a farmer in the vicinity of Holland who hasn't a bunch of turkeys prowling about the barnyard more this fall. There are probably more of the birds, in spite of the fact it has been a bad season for them, than in ten years.

A terrible stench came over the downtown district of Grand Haven Friday when some lard in the Cash market on Washington street was scorched. Dr. A. Turner, city health officer was notified and upon investigation warned the proprietor that hereafter he would have to go outside the city if such a stench would have to necessarily escape each time the lard being boiled. Citizens walking past the market and on all parts of the business street complained of the nuisance.

Two of the most important political meetings among the Holland people during the present campaign, will take place Monday and Tuesday nights. The Rev. Vandermullen of Holland City will speak Monday night in the Holland language at 110 Lake street. Tuesday night he will speak in the Holland language at a meeting to be held in William Johnson's store on North street. The preacher is an excellent speaker and comes to Kalamazoo highly recommended. He is a personal friend of former Congressman Diekma and is sure to please the crowds that will be in attendance at both meetings.

Arrangements have been made by Postmaster General Hitchcock for a series of twelve stamps, unique in size and novel in design for the parcels post. Under the law recently enacted by congress ordinary stamps cannot be used for this purpose. The special parcels post stamp will be larger than the ordinary and will be so distinctive in color and design as to avert any possible confusion with stamps now in use. The new issue will be illustrate modern methods of transporting by mail, one stamp showing the mail car on a railway train, another an ocean mail steamship, a third an automobile now used in the postal service and fourth the dispatch of mail by aeroplane. The second series will show at work in their several environments the four great classes of postal employees, post office clerks, railway mail clerks city letter carriers and rural delivery carriers.
