Grand Haven Gets 40-Acre Park.

Nearly 40 acres of beautiful forest, with a fairy road winding thru it, over hills and into the depths of wooded vales, will be the gift to the public of a Grand Haven woman in the memory of her husband. This magnificent natural park will be formally offered to the city council at its next meeting Monday evening, by Mrs. Robert W. Duncan. There is little doubt but that the common council will immediately take action accepting the park and the few conditions under which it is given.

The conditions under which this grand bit of forest is given are simple. In the first place the deed will not be given directly to the city of Grand Haven. Mrs. Duncan has named three trustees, who have absolute control of the new park. They are Dr. Edward Hofma, Elbert Lynn and William H. Loutit. Dr. Hofma is a confirmed naturalist, a student of horticulture, forestry, plant life, a scientist who accompanied the Wellman expedition in search of the north pole a number of years ago.

THE HOPE COLLEGE LECTURE COURSE TO BE HIGH CLASS THIS YEAR

The Hope College lecture course will close its sale of tickets next Tuesday. The season tickets can be obtained at Hardie's. Reservation of seats will be made Wednesday, Thursday and Friday of next week. On October 20, Evelyn Scotney will appear for the opening number. This will be a specially high class entertainment and the single admission prices will be 75c and \$1. No change has been made in the price of season tickets. The entertainments will this year again be held in Carnegie Hall.

Some reformers are so unselfish they never think of reforming themselves until they have corrected the faults of everyone else they know.

THE MURDERER OF 26 PEOPLE BLAMED

Thinks Spencer Killed Girl on Beach Near Macatawa.

The mystery in the death of the young girl, whose body was found on the beach near Holland the latter part of August, is now trying to be connected with the Spencer whose sale murder confessions. The identity of the girl who was 23 years of age, was never established and after being held three weeks was buried at the expense of Allegan county. As many Chicago people came over to Holland to spend Sundays, it was believed that the girl might have been a Chicago woman. The Chicago police failed to learn anything as to her identity.

The Mulder undertaking establishment had charge of the remains and the woman was buried in the Potter's field.

GOOD ROADS QUESTION SETTLED FOR GOOD

The good roads work will go on and no interference can again take place on the part of the board of supervisors or individuals. This was decided this morning when the supreme court denied the mandamus asked for by the Ottawa county board and sustaining Judge Cross in his ruling. The \$600,000 bond issue will remain unhampered as voted by the people and Ottawa county will be blessed with good roads in the near future.

C. Vander Meulen Takes Position in Chicago.

Cornelius Vander Meulen left Monday for Chicago where he has taken up a position as credit manager for the De Pree Chemical Co. The San Tox business of the De Pree Chemical company has grown to such an extent that a credit man is absolutely necessary.

Mrs. Vander Meulen and son, John Harper, the recent arrival, will remain in Holland during the winter months.

FORTY-TWO YEARS AGO TODAY

Today is forty-two years ago that Holland was destroyed by fire.

Banquet Did Not Take Place

The banquet which was supposed to have been held last evening in the gymnasium of the Holland High school, did not materialize. The rooms in the new school were not in shape to hold a gathering of this kind, therefore it has been postponed until a later date which will be given in the News.

The banquet was for the purpose of starting a Y. M. C. A. campaign, and this worthy cause should be taken well in hand, not with one banquet, but with "follow-up" events, so that something may be accomplished materially.

Will Make a Concrete Bridge.

The Holland Interurban, the Kent county road committee and the city of Grand Rapids have all joined and will build a large concrete bridge over the creek where the interurban enters Grand Rapids, near the Albastine Works. At present there are two bridges, side by side, one for the interurban and the other for foot and road traffic. The Interurban company was largely instrumental in bringing about this change, as the present bridge is a regular trap.

LEGAL ACTION WILL BE STARTED IN A FEW DAYS.

Legal action will be started against one of the persons who signed the celebrated resolution containing accusations against some of the aldermen and one member of the police board. At last night's meeting of the council the accusers were given a chance to make good their charges but failed to put in an appearance. "Suit will be started Saturday or Monday," two accused aldermen told the News last evening.

Discovered Diamond Field in His Farm.

Millard Harrington, formerly of Holland, who has a little farm at Ola, Arkansas, discovered, while digging, a large number of pebbles that looked like glass. Not knowing what they were he brought them to an assayer who pronounced them Arkansas diamonds.

Mr. Harrington sent several specimens to Austin Harrington of this city, who has them on exhibition in his coal office. Several of them, Mr. Harrington had partially cut and polished and they look for all the world like diamonds, some being as large as a dove's egg. Like the African diamond, glass can be cut with them, and the appearance of these roughly cut diamonds resemble the Kimberly variety to a great extent.

Mr. Harrington writes that his farm is not the only place they have been discovered but that some diamonds of the first water, and of great value, have been mined on Arkansas soil.

DIG UP DEAD WOMAN THREE TIMES

The body of Mrs. John Curtis of Allegan was disinterred again last week Thursday under the direction of Health Officer Stark at the request of Attorney Clare E. Hofman and further portions of her body removed for examination. Mr. Hofman is to be Mr. Curtis' attorney in his trial on the murder charge, and probably wished to have portions of Mrs. Curtis' liver, intestines, etc., examined by chemists other than those employed by the state. This is the third time the body has been dug up. As the coffin was raised out of the ground one of the doctors present noticed the plate upon which was engraved the words "At Rest." He shook his head and remarked that it was a sad misnomer in this case.

BIG REBEKAH CONVENTION

Oct. 21 to 24 are the dates of the big Rebekah convention to be held in Kalamazoo and already extensive plans are being made. Convention headquarters will be in the Burdick hotel and sessions of the Odd fellows will be held in the armory. The grand ball is expected to be one of the most notable of its kind ever held. Immediately preceding the ball the public programme will be given, during which the degree of chivalry will be administered. This feature is expected to attract a large attendance. It is expected 2,000 delegates from lodges all over the state will be present as well as the grand lodge officers. Each delegate is to be paid mileage and so much per day.

NO CHARGES FORTHCOMING.

Members of Council and Police Board Exonerated by Their Colleagues.

Over one hundred people attended the special meeting of the common council held last night in the city hall for the purpose of hearing charges against the Aldermen and member of the Police Board who were made the butt of resolutions by Police Commissioner Prof. J. E. Kuizenga and the members of the adult Bible Class of the Trinity Reformed church and the members of the Adult Bible Class and Consistory of the Third Reformed church, but left the hall a much disappointed crowd as charges preferred in writing were not brot up nor was Professor Kuizenga or any members of the Bible Classes or Consistory on hand to bring any charges.

The meeting was called to order by the Mayor and general order of business was dismissed. The council then went into a committee of the whole with Ald. Dyke in the chair to take up the matter on hand.

As no charge had been preferred against the Aldermen or police commissioner accused of doing things not within their power Alderman Hansen presented a resolution which was adopted by a vote of 6 to 1, the three aldermen accused not voting. Ald. Prins voted against them. Ald. Van Drezer was not present at the meeting, he having accompanied Mrs. Van Drezer, who is a delegate to Rebekah lodge at Saginaw. The resolution follows:

By Alderman Hansen, Whereas, a resolution has heretofore been adopted by the Common Council of the City of Holland, requiring certain persons and societies to file charges in writing and duly verified, against certain aldermen and members of the Board of Police and Fire Commissioners, against whom such persons and societies had heretofore made certain accusations and insinuations; and

Whereas, The said persons were given notice to that effect, and which notice was duly and properly served; and

Whereas, None of the said persons or societies have filed any charges in writing, and duly verified; therefore,

Resolved, That from the fact that no such charges have been filed by any person or society, we have good reason to believe that the said accusations and insinuations were false and unfounded; and further, Resolved, That we hereby express our confidence in the good intentions and integrity of the persons so accused, in this matter.

Resolved, That since no charges have been filed, and ample time has been given for that purpose, that the Common Council hereby declares the matter closed, and that from this time on no further mention thereof shall be made in the Common Council, since we believe that such unsubstantiated claims are detrimental to good government and unfair to our respectable citizenship, and should not be further encouraged.

Items Of Interest

There was not much other business transacted. The special assessment bill for the delinquencies in the lighting and water system was postponed from Oct. 1 to Oct. 24.

A request for a license to run a bowling alley during the coming winter in the building formerly occupied by Meyer's Cafe, 3 West Eighth Street was referred to the Committee on licenses. John Vander Heide was the person applying for the license.

A request by Ald. Harrington, chairman of the committee on streets and crossing, to purchase gravel for paving streets was allowed.

On request of Alderman Sterenberg the council issued orders to the City Engineer to contract Cross walks near the Trinity church.

Next Saturday has been set aside for clean up day.

Might Test Holland Water That Way

Grand Haven Tribune.—Locomotive men claim that the surest test of good water is the effect it has up on the boilers in which it is used for steam. This test gives the water supply furnished by Grand Haven a high standing, as locomotive men state that there is never trouble with the engines using the Grand Haven water. No scale forms on the interior and no boiler compounds are necessary with the Grand Haven water being used. When the water supply is taken in at other points the trouble begins and compounds must be used.

Mr. and Mrs. R. VanBronkhorst of Forest Grove expect to leave for Nebraska and California next week.

The Zeeland High school Basketball team held its first practice at Wyngaarden's hall Wednesday evening.

There was a big turnout. About 20 are trying to make the first team. Coach Casey De Koster is well satisfied with the conditions of the squad and expects to turn out a very strong team to represent the school this year. Friday night a big practice game was played.

Dr. and Mrs. George Kamperman have returned from a trip to Europe, and are spending a week in Zeeland with relatives. While in Europe the doctor has been studying medicine at one of the big colleges in Germany. He will practice in some large city.

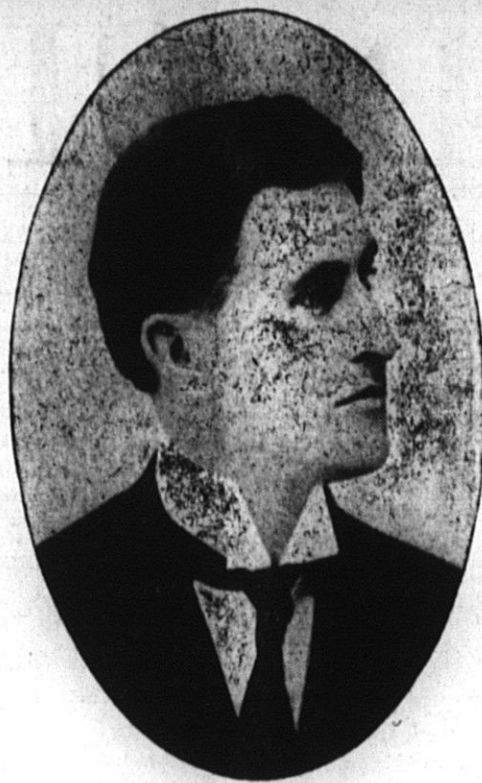

The Zeeland Poultry and Pet Stock association is again laying plans to hold their annual show in Wyngaarden hall. According to the interest shown at the last meeting this show promises to be the best ever held here. The members are confident that they have the stock that will win and are out with a challenge to the breeders of Holland, Grand Rapids, Muskegon and other nearby points where shows are held, to meet the breeders in friendly competition.

At the last show there were about 900 birds on exhibition and prospects are that there will be as many or more this year and of better quality which will make it more interesting as there is a great deal of satisfaction to win where competition is strong.

The association is in a flourishing condition and the treasury holds a good sum to back the coming show. Several large cups and many small ones together with numerous other prizes will be put up making it worth while for one to exhibit his birds.

The association has made it a point of running their shows on strictly honest principles in every way so that the exhibitors will have no reason to complain of not receiving a fair deal. Each bird must win on its merits. With this in view Mr. R. V. Otto, being one of the most competent judges, has been engaged to judge the birds.

Frank Rybaczky, who has conducted a barber shop in Zeeland for the past seven years, has sold his stock and business to Robert Westvelt of Grand Rapids. Mr. Westvelt is a former resident of Zeeland and while at Grand Rapids he has worked in the Morton House and other first class barber shops. Mr. Rybaczky has not decided what he will do in the future. The new owner will take possession of the shop October 18.

Rev. J. W. Esveld

Sunday the new pastor of the M. E. church, the Rev. J. W. Esveld, conducted the services at that church. Mr. Esveld was assigned to Holland at the conference held recently and he came to Holland during the week. He is a man of vigor and force of character who has done good work in other churches of his denomination.

HUDSONVILLE

Hudsonville, Oct. 9.—Parties are negotiating for a site in Hudsonville for the erection of a large canning plant, and it is thought that the bargain will be closed soon. The same parties who are running the canning plant at Hart, are back of this deal. It is said that the plant, if erected will employ at least 75 people and use corn and peas produced on 400 acres of land.

This plant in connection with the branch box and basket factory to be established here by the Kings, will give the town the needed factories to employ the rapidly increasing population.

NORTH HOLLAND

Albert Knoll of North Holland who submitted to an operation a week ago for perforation of the stomach is on the road to recovery. The operation was a very delicate one and the chances for recovery were very slim. Dr. H. Vandenberg of Grand Rapids son of Dr. J. W. Vandenberg of North Holland, helped his father to perform the operation and Dr. Cock of this city also assisted. The physicians believe that the patient will recover.

OLIVETOWNSHIP

Mrs. Thomas Cole, aged 73 years and six months, a pioneer of Ottawa county died Monday at the home of her son Charles in Olive Township. She is survived by four sons, William of Muskegon, Edward P. of Grand Rapids, and Charles and Thomas of Olive Township.

The funeral was held yesterday afternoon at one o'clock from the home of her son, Charles.

OVERISEL

The Rev. R. B. Kuiper, pastor of the Christian Reformed church at Overisel, Mich., has been called by the congregation of the Burton Heights Christian Reformed church of Grand Rapids in their attempts to fill the vacancy caused by the resignation of their former pastor, the Rev. K. Poppen, who accepted a call to become pastor of the Madison Ave. Christian Reformed church at Patterson, N. J.

This is the second call Mr. Kuiper has received from Grand Rapids churches, in the past three weeks. Mr. Kuiper has been minister but a year and has already received three calls from city churches, from the Maple avenue church, Holland, the Coldbrook church and the Burton Heights church. The church of which Mr. Kuiper is now in charge uses the Holland language exclusively, while the Burton Heights church has all of its services conducted in the English language. Mr. Kuiper will decide in about a month.

The Western Social Conference will by special invitation of the Consistory meet in the Reformed church of Overisel, Mich., on Monday, Oct. 20, 1913.

Papers will be read as follows: 1. Christian Discipline. Prin., Rev. J. F. Zwemer, D. D. 2. Socialism. Prin., Rev. F. Heemstra. Sec., Rev. P. Siegers.

The committee on Entertainment at Overisel has made the following arrangements:

All members and others who may wish to join the Conference will please be in Holland to take the 8:10 a. m. train to Filmore where conveyances will be in waiting to take them to the church of Overisel.

At the close of the meeting in the afternoon conveyances will be in readiness to take the delegates either to Zeeland or Holland as each one may choose.

SAUGATUCK

The local fishermen are having great results in landing big fish of late. Mr. Jay Meyers heads the list with an 18 1/2 pound pickerel, and Charley Koning next with an 18 pound catfish; while Mr. J. H. Myskens is next with the one that broke the hook and escaped.

The late rains have been a great help to the late apple crop. From all reports it will be much better than anticipated. Apples are selling at \$2.50 per barrel.

Mrs. Captain Brittain and daughter Julia recently returned from Boston, Mass. Miss Julia has spent the past year at the Boston conservatory of music.

The finding of two flint lock rifles in the bottom of the river at Saugatuck between St. Pierre Point and Mack's Landing recently leads to much speculation as to how they happened to be there. Robert Ellis found one of them, and the people that are here from Grand River claiming, found the other, both at about the same place. Their stocks are badly decayed and their barrels corroded and rusted, one was cocked and the other half-cocked, showing the piece of flint in their locks. They are both alike and the designs on the metal would indicate that they were weapons of good quality when made. These designs are mostly of bows and arrows and Indian beads and the lettering shows that they were made in London.

Ed Oswald of Milwaukee has secured the contract for seining the lake at Saugatuck and is now on the spot with men to assist him in the work. He has rented the Noud property, where he and his men will live while there, and a large "live box" 12x12 has been made to keep the fish in. Mr. Oswald gives the state 35 per cent of the gross receipts from the sale of the fish and besides that pays the state an extra \$100 bonus and another \$100 goes to the game warden who will be there to watch the operations and see that no fish are taken illegally. Two nets will be used each 1,000 feet long and one 15 and the other 25 feet deep.

JAMESTOWN

Mr. Dick Velderman has purchased a house and lot north of Jamestown known as the so-called White House. As soon as completed they will move in and Mr. Jno. Grimwis and children will move in the house vacated by Mr. and Mrs. D. Velderman.

County Clerk Jacob Glerum went to Jamestown and issued 15 licenses to hunters who desire to go outside of their home county for the sport. Most of those who secured licenses live near the Allegan county line and occasionally go over into that county for game. County Clerk Glerum established his headquarters at the residence of Supervisor Gerit Yntema and the following were given the licenses. Henry J. Nyenhuis, John J. Nyenhuis, Lewis Vandebunte, Luke Roberts, William Knoll, P. J. Boone, Alfred Ter Haar, Ross Vander Wall, Andrew Palmboos, James Koolman, Zenas Vandebunte, Earl Hollis, Anthony Van Koevering and Harold Vande Bunte.

BORCULO

Dirk Van der Heavel died Monday morning at his home in Boreculo at the age of 80 years. The deceased was a pioneer settler of that community, having come to this country from the Netherlands in 1849. He has lived on a farm near Boreculo nearly all his life. His wife died about a year ago. He is survived by one son, Cornelius of Boreculo. Funeral services were held yesterday at one o'clock from the Boreculo Christian Reformed church.

EAST SAUGATUCK

Today at noon, Miss Hagelskamp and Mr. John Brink will be married by the Rev. Van Der Werp, at the home of the groom. The young couple will make their home on the farm that they purchased last Spring of Mr. John Laarman.

Mr. Geert Haverdingh who received an objectionable letter a few months ago paid no attention to the warning of trouble, and continued threshing. Nothing was broken although in one of the bundles some stones and a plow point were discovered. He is now on the last of the jobs, which are those of Messrs. Schrootenboer and Hermon Vos.

Through the kind assistance of Mr. Herman Bartels of Holland, young John Zwemer has secured a fine chance of working his way through Business College in Grand Rapids. He will be enabled to wait on table noons and evening for his board, and tend furnace in the morning for his room.

Last Wednesday Mr. Hanks Cole started buzzing wood for Mr. C. P. Zwemer. When he had finished about three cords, the box of the pitman broke and flew a distance of twenty feet to the ground.

Mr. John Maplink has treated his wheat so strenuously for the smut that it will not come up. He is sowing it over.

HUDSONVILLE

Hudsonville, Mich., Oct. 8.—George Hemphill is carrying around a half amputated nose as the result of a fight with a strange man Monday night. Hemphill was walking home with a lady friend when they encountered a very strange acting young man who addressed a very insulting remark to the lady. Hemphill resented this and immediately proceeded to pummel the offender. Both men succeeded in getting in several good blows, when the stranger clinched George and threw him to the ground where he seized George's nose between his teeth and proceeded to saw as hard as the strength of his jaws would permit. He was still busy doing the bull dog act when help came in response to the young lady's cries and George was released. While the friends were caring for George's wound the stranger slipped away, and it is thought that he went over to the county line into Allegan and took the train at Filmore or Hamilton.

Is Entitled To Our Trade

"I believe the home merchants are entitled to our trade when the prices are as reasonable. I think it is a wrong principle to send away for the goods that can be bought as well at home," said a farmer to the editor the other day. It sounds good to hear men argue the justice of this matter. The local business man and the farmer's interests are mutual; neither one can succeed in the full sense without the other. The merchant must sell at honest margins of profit and when he does this he is entitled to the trade of his community.

Alexander Dumas said duty is something that we exact from others. Your duty to yourself is to take Allen's Cough Balsam when you have a deep-seated cough or cold. SEASON'S CAMPAIGN AT THE SUGAR FACTORY WILL START AT 7 O'CLOCK

The Holland Sugar factory will start its season's run last evening at this week at seven o'clock sharp. During the last few days many tons of beets have come into the sheds of the company, so many that the company was enabled to begin slicing last evening. A large number of the old employees were back on the job for this year's campaign and from Wednesday evening on the machinery of the factory will be in operation night and day for several months. Usually the campaign is over some time in January or February.

The St. Louis plant started slicing last week and many other factories in the state have begun the season's campaign.

SPENNY MOTOR CAR CO., ISSUES ITS FIRST CATALOG

Company's Advertising Will Place Name of this City Prominently Before the Public

The first catalog of the Spenny Car Company which will operate in the Dearborn plant very soon has come off the press of a Chicago Publishing firm. This little booklet tells all about the new Spenny car that will be manufactured at the local plant. One fine feature about this catalog and about all the catalogs and circulars that the new company will issue is that wherever the name of the Spenny Car company appears the following words also appear: "Factory Holland, Mich." Through the hundreds of thousands of catalogues and circulars that the company will issue each year this city will receive a great deal of very desirable advertising.

The new catalog contains a full page cut of the Dearborn plant on which in the cut appear the words in large letters, "Spenny Motor Car Co." It contains also cuts of the front view and the side view of the "Spenny Six" that will be manufactured in the Holland plant. The car is a beautiful machine, as can well be imagined when it is remembered that the price is, \$3,750.

The new car is described as follows in the company's first catalog:

"The Spenny Six is a fore-door, six-cylinder, six passenger touring car built expressly for the large and rapidly increasing class of discriminating buyers whose experience has qualified them to place a proper value on high efficiency, durability and reliability, who fully appreciate simplicity and accessibility of parts; and who have developed a critical taste in design and finish.

"The long stroke motor with its enclosed valves, is itself fully enclosed and is oil tight and dust proof. The radiator being back of the motor and the pan being perfectly tight with the French hood shutting on a rubber pad, makes it possible to have a clean engine at all time regardless of dust, mud or water.

"The motor generator starter mechanism is compact and noiseless and is so designed that its windings cannot be burned out. When its battery is fully charged the starter will crank the engine steadily for an hour.

"The four speed transmission and Planhard carburetor combine to give high efficiency, while the high grade of material and workmanship used throughout give the Spenny Six more than ordinary durability. It is smooth and quiet running and the cost for mechanical upkeep is very low. It is equipped with a Mea high tension magneto, so mounted that it may be timed in a few minutes.

"There is no circulating pump to maintain.

"The wire wheels dissipate the heat generated in the tires and add to tire mileage.

"The long wheel base and low center of gravity give the Spenny Six an easy swing which cannot be otherwise obtained.

"The body is upholstered in deep tufted, high grade buffed leather, and is provided with a five bow silk mohair top of first quality. A leather envelope for storm curtains is placed below the robe rail.

"The gasoline tank is of adequate capacity and furnished with a gauge reading in gallons. An auxiliary tank under the dash cowl insures constant head of fuel on steep hills. Pockets are provided in the doors for small accessories, gloves, etc.

"The lines of the car are pleasing to the point of actual beauty.

"The Spenny Six is put before the motoring public in the confident anticipation that it will be as much a joy and comfort to its purchasers as it is a source of pride to its builders."

MOST OF KING & CO'S EMPLOYEES TO BE OUT OF A JOB THEN.

Last night the shops of the C. L. King & Co Basket factory were shut down and all the workers dismissed with the exception of a few to wind up things. This company has been in business in this city for many years and has employed between 200 and 300 men and girls. This summer 220 persons were employed by the company, but a great many of them have secured work at the Sugar factory, which is just starting up.

A few men will be kept busy for some time yet until the lumber on hand has been sold and the yard cleaned up. Others will of course be kept awhile cleaning up the shops.

TO PUT MONUMENT ON DR. STEFFENS' GRAVE

As a tribute to the memory of one of the most learned theologians who ever occupied a place in the ranks of the Reformed church, a beautiful monument will be placed this week on the grave of the Rev. Dr. N. M. Steffens, late professor of Didactic and Polemic Theology in the Western Theological seminary.

MR. VANDEN BERG EXPECTS TO HAVE ONE OF BEST PLANTS IN THE STATE.

Vaudie Vanden Berg is at work putting up billboards in various parts of the city and repairing the boards already up. The boards are being framed with wood and decorated. When the work is completed, Mr. Vanden Berg expects to have one of the most up-to-date plants in the state. The new boards that have been put up are: a 60-foot board along the Interurban tracks near the P. M. depot, a 100-ft. board near the Cappon-Bertsch Leather Co., and a 42-ft board on Central Avenue between Eighth and Ninth streets. Others will probably be put up later.

HUNTING SEASON HAS OPENED

Now that the hunting season has opened, the shooting of rabbits has become a popular sport among the local hunters. So popular has it become that there is a good deal of rivalry among them as to who bags the largest number. Last week H. R. Doesburg, August Breyman and J. A. VanderVeen were credited with 24 cotton-tails which they declare do not rightfully belong to their score. These gentlemen desire to be honest about it and they say that the twenty-four should be credited to the score of Dr. Fischer, Lou Bouwman and Ben Van Raalte.

JOHN R. FOX IS FREED FROM JACKSON PRISON

John R. Fox, who was sent to Jackson prison from Holland in 1908 to serve from seven and one-half to fifteen years for arson is back in the city, having been given a parole by Gov. Ferris. The governor has been informed that Fox was intoxicated at the time of the offense. The superintendent of the Holland Furniture company, is named as the best friend of Fox, whose sentence will be commuted if his record is good for two years.

Rienie Ten Brook Passed Away After Unsuccessful Operation

Rienie, the four-year-old daughter of Mr. and Mrs. Herman Ten Brook, died Sunday afternoon at her home, 25 West Eighth street. She was operated on a short time ago and at first it was thought that the operation was successful. The funeral will be held Wednesday afternoon at 2 o'clock from the home. The Rev. R. L. Haan, was officiating.

"SPAN" SETTLED UP FOR LITTLE SPREE IN JUSTICE COURT FRIDAY MORNING

William Diemer who was arrested Thursday charged with being drunk was arraigned Friday morning before Justice Sooy and he pleaded guilty to the charge. He paid a fine of \$15 and costs of \$3.50 rather than spend thirty days in the county jail.

Mr. Diemer, commonly known as "Span", gave the officer a good deal of trouble when arrested Thursday and when finally locked in the city jail he took revenge on the Bibles in the jail by tearing them to pieces. He was still considerably peeved Friday morning but settled up everything.

Maple Grove Parents-Teachers' Club Enjoy Fine Lecture.

The Maple Grove Parents-Teachers' club held its first meeting Wednesday evening. Because the meeting was in the evening a number of fathers attended, as well as many mothers, the audience numbering about a hundred.

There was much enthusiasm and many of the parents took part in the discussions. Principal Gilbert gave a fine stereopticon lecture on the Panama canal. Miss Jackson gave a piano solo and vocal solos were rendered by Mrs. John Prakken and Miss Wood.

REFUSED TO DRIVE ON RIGHT SIDE OF STREET SO WAS TAKEN INTO CUSTODY

William Diemer, well known as "Span", was jerked from his wagon on the corner of River Avenue and 8th St., Thursday and lodged in the city jail by one of the police officers. "Span" made a wrong turn on the corner and started up the wrong side of the street. When told by the officer to get on the other side he refused. The officer then jerked him off his wagon, bundled him into an automobile and took him to jail.

"Span" is a former Holland citizen and is quite a well known character around here. He has been in various kinds of trouble and is well known to the justices and police officers.

A charge of drunkenness or else a violation of the city vehicle ordinance, or both charges will be lodged against him.

VETERAN HOLLAND PAINTER TURNS OUT MANY OF THESE

Joseph Warner, the veteran Holland painter, is exceptionally busy these days painting plates. Mr. Warner's canvases are found in many of the homes and he has been exceptionally successful with landscape work. Some time ago he hit upon the plan of painting on china and these have proved popular. Mr. Warner has transferred many a local landscape on a regulation sized dinner or breakfast plate, and they are fine ornaments for the plate rail.

THE PRAIRIE PICAYUNE TELLS OF DEATH OF FORMER HOLLAND MAN.

How Lambert Tinholt Lost His Life When His Store Burned.

The Prairie Picayune published at Herried, South Dakota, contains the following story about the tragic death of Lambert Tinholt. A meager account of the former Holland man's death was conveyed last week to relatives here by telegraph. The Picayune story follows:—

"About as sad an event as could happen in any community occurred in this city this evening when the L. Tinholt building was destroyed by fire. It was about 6:15 when the fire alarm was given. The origin of the fire is not definitely known. It started in the basement in the rear of the building, and about 9 o'clock a heap of smoking debris was all that marked the spot where stood the finest building in this part of the country. While the fire was raging the worst, Mr. Lambert Tinholt, the proprietor of the building, appeared in a window in the second story to the rear and asked that he be gotten out and then disappeared. Blankets were gotten and he was asked to jump. A rope was thrown into the window but Lambert was never seen again. Then a rush was made up the stairway into the hall above everything possible was done to get him out. The dense smoke made it impossible to accomplish much. Lambert was called to come and he made answer but never was there heard a move made by him to get out, and it is acknowledged by everyone that he perished in the flames. The building was a two-story structure, with full basement. The first floor was occupied by B. F. Tinholt, who conducted a general merchandise store on the north side, and by L. Tinholt, who conducted a hardware department on the south half. On the second floor was the Opera House and three office rooms.

POSTOFFICE DEPARTMENT IMPOSES CONDITIONS UPON OFFICE

Want Account of All Mail Delivered and Collected by the Rural Men Throughout the Country

If your rural mail carrier happens to be a little late in arriving at your place with the mail during the next two months do not find fault with him, but greet him with a smile. Uncle Sam has imposed new duties on the postoffice forces throughout the country so that he may know just what work the rural carriers are doing. The count-

ing, weighing and classification of planetary:

the mail on each trip will necessarily occasion some delay.

The following letter is self-explanatory: "To the Postmaster, Sir: You are directed, beginning Oct. 1, and ending Nov. 29, 1913, to ascertain and record on the inclosed forms the number of pieces of mail matter delivered and collected by each of the rural carriers from your office on each of the trips made; the weight of all mail delivered and collected by each carrier on each trip, the postage on all mail delivered and collected on each trip, and the number of pieces of fourth-class mail mailed at your postoffice or on either of the routes starting from your office and postage on same, delivered and collected each trip.

"The mail of each class will be counted and weighed separately and the amount set down on the form in closed opposite the date on which the delivery and collection are made. If there is more than one trip a day, the number of pieces and weight of each class of mail delivered and of each class collected on each trip will be consolidated for the day under the various headings and the amounts of postage on mail delivered and collected on each trip should be consolidated under the respective headings in the same manner.

"The various columns in the report must be footed carefully and the report must be forwarded to this office promptly after the close of business on the last day of the month. You will preserve a rough copy of the report on ordinary paper, so that if the original is lost in transmission to the department, a copy may be furnished.

"You should make such preparation for this special work that you and the carriers may be able to handle the mail promptly. You may avail yourself of the assistance of the carriers in securing the count and weight of mail and ascertaining the amount of postage."

Holland City News
\$1.00 Per Year

The Secret

The secret of heating your home for less money—with less trouble—more comfort—and less dirt is found in burning genuine gas coke and burning it the right way.

If you will fill your fire pot full of genuine gas coke, leaving the front draft closed, the door damper partly open, the draft in the pipe nearly closed and the check draft open in your furnace and will leave about 2" of ashes on the grate bar, you will find that genuine gas coke will prove the most economical and satisfactory fuel you have ever burned.

The Saving

With Hard Coal (WINTER PRICE) at \$8.00 per ton.

And Genuine Gas Coke at \$6.25 per ton.

There's a saving to you of \$1.75 per ton.

That's is—a saving of one-fourth of your fuel bill.

Pretty well worth while, isn't it?

And, yes, Genuine Gas Coke will go just as far as hard coal. Some of our customers say farther. It's all in remembering the secret of "Big Fire—Little cDraft". Remember that you get twice the volume of fuel when you buy Genuine Gas Coke that you do when you use coal; and - that ton for ton, genuine gas coke actually contains more heat units than coal. Try a ton.—Follow our directions.—Convince yourself.—Save the Money.

The Convenience

The convenience of burning Genuine Gas Coke is found in the quickness with which it responds to draft, (Gets the whole house heated before a coal fire is hardly under way)—the ease with which it is handled (only half as heavy as coal).—and in cleanliness in the cellar and throughout the house (all the dirt, dust and soot having been removed at the Gas Works.)

Genuine Gas Coke is the pure carbon that remains after the gas, tar, smoke and soot have been removed from the highest grade soft coal. It therefore gives off no odors or soot and is clean to handle.

Genuine Gas Coke will not injure or burn out your grates any more than any other fuel. The ashes from Genuine Gas Coke are fine, and, in fact, protect the grates even better than the ashes from coal.

It is of the greatest convenience to be able to warm your home quickly in the morning or when returning after the house has been allowed to grow chilly. Genuine Gas Coke holds fire longer than coal and you can have your fire burning in a few minutes

PROTESTANTS BEAT CATHOLICS SPRAYING

Hope college tremendous weight was the chief reason for the one-sided score by which Grand Rapids Catholic high school suffered an 81 to 0 defeat in the opening game of the collegians' football schedule here. It was a case of giants against midgets and, of course the giants won.

When the Catholic high school eleven took the measure of their opponents they figured that the collegians might run in score up to 200, and they did not feel humiliated the least bit by the final count. The visitors could not buck the solid line of the huskies and not being trained in trick plays against such overwhelming odds, they fought their ground bravely and won the admiration of the crowd for the courage they displayed.

HOLLAND AND GRAND HAVEN PLAY TO A TIE

Blue and Gold Threaten to Overwhelm Holland, But Lapse in Form Nearly Costs Game

Grand Haven Tribune.—Grand Haven and Holland high schools clashed Saturday in a bitterly fought contest at Holland Saturday which resulted in a tie score. But for a lapse in playing form in the third quarter of the game, Grand Haven would have returned home Saturday, with the victory safely within its grasp. The final score stood 13 to 13 with two touchdowns and a touchdown goal apiece for the contending teams.

Grand Haven started off at the opening of the game in whirlwind fashion, sweeping Coach Drew's Holland aggregation off its feet. The Grand Haven team stuck to straight foot ball at the outset, tearing great holes in the Holland line and sending the backs through for long gains. Grand Haven's heavier backfield did terrific execution, on formations which Holland seemed totally unable to stop. Luck favored Holland in the first quarter, however, and the period ended without a score for the blue and gold.

The second quarter began auspiciously for Grand Haven, whose attack was even more strenuous than in the opening. The Grand Haven team kept up its policy of straight football resorting to forward passes only at rare intervals. The big backs were sent thundering around the ends, bowling down everything in the way. Tackle smashes opened up Holland line frightfully until Mackay burst through from the first touchdown. Robinson kicked goal. Within a short time Nyland slammed through again for another counter, but the kick out was fizzled and Grand Haven lost its chance at a goal trial. Holland fought gamely and desperately and warded off another score in the second quarter. The half ended with the score: Grand Haven 13; Holland 0.

Something happened in the third quarter which not even the players can understand. The blue and gold team went into a slump and their playing form crumpled like paper. About this time a disastrous change in playing style was attempted, and Grand Haven for some reason started a punting game when sufficient gains were being made on straight football. A Holland punt fumbled by Grand Haven gave Holland her first score when on a fake formation for a forward pass Sirrine ran 20 yards for a touch down. Bosman kicked the goal. Bosman came back with another long run, while the blue and gold stood watching him, and counted the second touch down for Holland, falling at goal. The third quarter ended 13 to 13.

In the fourth quarter Grand Haven came back again but it lacked the old punch and on several occasions the blue and gold came within a hair's breath of forcing over another touch down. Just before time was called a long heave was received by Colson, who lost the ball in his hurry to be off. The Grand Haven back had a clear field ahead of him with a sure score. Time ended the quarter and denied the blue and gold another chance to win the game.

The Grand Haven team outclassed Holland from the start but the unsolved mystery of the lapse in form prevented a victory and nearly lost the game. Slumps in condition can be remedied for future games however.

A big following of rooters went to Holland with the squad, fully one hundred in number, but the cheering of the blue and gold cohorts on the field was not as well organized as it might have been. A big street parade, in which the teams were carried about in autos, opened the festivities and a big attendance was registered at the 19th Street grounds when the game started at 2:30.

The teams lined up as follows in the contest:

Holland. Bosman, center; Haan and Zwiering, guards; Kruidenier and Heltrick, tackles; Huntley and Irving, ends; Whelan, quarter; Sirrine and Ingham, half; Steketee, full back.

Grand Haven. Morton, center; Presley, A. Lock and Holtron, guards; Hulzenra and Nyland, tackles; Miller and Glerum, ends; Cook, quarter; Robinson and Colson, half; Mackay, full back.

Holland Hunters Run Risk of Going Into Allegan County.

Any one wishing to secure a hunter's license can get one from Deputy Game Warden C. Dornbos in payment of proper fees. Anyone wishing to hunt outside of this county or anyone not a resident of this county must secure a license to hunt as hunters are always apt to pursue some game into Allegan county many licenses have been issued in this city.

BRINGS FINE RESULTS

Mr. Bohl, living near the Gelatine Factory on the North Side, presented the News with a fine basket of apples of many varieties, among which were russets, Talmon Sweet's King Tomkins and snow apples. When Mr. Bohl took charge of the ten acre farm, which he purchased four seasons ago from Mr. Saily, it was in a dilapidated condition, but he sprayed the orchard of seventy trees constantly, and today reaps the reward of his labor.

Notwithstanding the dry weather he is marketing daily the most beautiful apples, from trees that are fifty two years old, showing that constant spraying in our apple orchards brings fine results in marketable fruit.

GOING TOO FAR

According to reports from Kalamazoo the Child Welfare League of that city has started a campaign looking toward the celebration of a sane Christmas, by advocating that nothing but useful presents be given children at Yuletide. If the plan is carried out it will curtail the pleasure of the children in a manner that is not justified by eliminating the gew-gaws and highly decorated toys that have been a requisite to this festival from time immemorial. Useful presents are all right in a way, but they should not be carried so far as to eliminate the mystery and consequent pleasure that the children enjoy at this particular period of the year. There is nothing that can take the place of the old fashioned Christmas in the minds of the children, even to the cotton whiskers of Santa Claus which now and then cost a human life because of their careless use. The crusade begun at Kalamazoo is to be regretted rather than commended, although the intentions of those in charge of the movement may be sincere and their desire to help the children. Christmas comes but once a year and a little indulgence in foolish purchases on the part of parents is not a sin of such magnitude as to warrant the upsetting of a precedent of centuries.

ZEELAND WOMAN PAYS BACK CONSCIENCE MONEY

Allegan Gazette.—Stewart Agan, president of the fair association, received this week a letter from a woman in Zeeland in which she said: "I saw in the paper that you are president of the fair and it gives me a chance to make a matter right. I attended the fair when a school girl without paying the admission. The money was collected from a wagon and I withheld my dime. I enclose the dime in this letter. Having found the Lord to the salvation of my soul, he gives me grace to make my past wrongs right, and I feel blessed in my soul by so doing. I find real satisfaction in Bible salvation. I can now express my feelings. This may seem a small matter, but sin is sin in God's sight, be it ever so small. The Lord has done so much for me. He gives me joy that the world knows nothing about, and it goes way beyond the pleasure we find in going to fairs and places of worldly amusement. So all I can do is to ask forgiveness. It is all right between my soul and God. Glory in His name."

MORTALITY OF MICHIGAN DURING AUGUST, 1913

There were 3,145 deaths reported to the Department of State as having occurred during the month of August. This number corresponds to an annual death rate of 12.6 per 1,000 estimated population. An increase of 108 deaths is noted as compared with the month immediately preceding.

Important causes of death were as follows: Pulmonary tuberculosis, 149; other forms of tuberculosis 41; typhoid fever, 46; diphtheria and croup, 39; scarlet fever, 7; measles, 28; whooping cough, 28; pneumonia and bronchopneumonia, 93; enteritis, 357; meningitis, 32; influenza, 1; cancer, 179; violence, 243. In addition to the above important causes there were 4 deaths returned from "tetanus" and 6 deaths reported from "poliomyelitis."

There were 5,740 births reported to the Department as having occurred during the month of August. This number corresponds to an annual birth rate of 23.0 per 1,000 estimated population. An increase of 318 births is noted as compared with the month of July.

AN ATHLETIC CLUB FOR HOLLAND

Chris Karose, proprietor of the Palace Pool and Billiard Parlors has started an Athletic club above the Kanters Printing office in the Harrington block. The club comprises ten members at present but many have signified their intention of joining and Mr. Karose expects to have many more members during the winter.

Mr. Karose is an ex-champion welter-weight wrestler and besides wrestling, he has taught the art. One of his pupils is young Zibisco who wrestled Jordan of Chicago in this city about three years ago. Karose will instruct his pupils in wrestling and boxing, punching the bag, etc. The club will be well equipped with dumb bells, Indian clubs, punching bags, weights and various other gymnasium equipment, so that those who do not wish to wrestle or box can find plenty of other things to interest them. Strict rules of order have been mapped out and Mr. Karose is well able to enforce them.

APPLICATION FOR WRIT OF MANDAMUS IS MADE IN OTTAWA QUARREL.

The Ottawa County good roads squabble has finally reached the supreme court of the state. According to dispatches from Lansing today Attorney J. W. Lindsay of Grand Rapids has made application for a writ of mandamus against Judge Cross of Ottawa county to compel him to show cause why he should not vacate the order he issued some time ago restraining the county from holding a special election.

Whatever the supreme court may decide it is certain that the election will not be held the first Monday in November as the board of supervisors determined upon in their vote at the special meeting the past summer. It will probably take some time before the supreme court will come to a decision, and even if it should be decided immediately there is not time enough left to get ready for a special election three weeks hence.

GRAND HAVEN

County Clerk Jacob Glerum witnessed his first game of football Saturday at Holland, where he went to see the Grand Haven-Holland game. The county clerk's son James plays an end position on the Grand Haven team, and the father naturally was interested in seeing the son perform. Mr. Glerum developed into a pretty loyal fan during his first experience. —G. H. Tribune.

During the month of August there were 98 births in Ottawa county and 40 deaths, according to the monthly Bulletin of Vital Statistics published today. In Allegan county there were 83 births and 39 deaths. In Holland the number of births was 23 and of deaths 6. In Grand Haven it was 15 births and 6 deaths. In Allegan City there were three times as many deaths as births, namely, 3 births and 9 deaths.

Grand Haven, Oct. 8.—Sheriff H. Dykhus yesterday arrested Charles Dykema, a Grand Haven youth, on a charge of stealing a suit case belonging to G. Van Oostenhout of Orange City, Ia. It is alleged that the boy took the suit case from a Pere Marquette train. It contained along with other expensive clothing, a \$50 fur collar.

Card of Thanks

To the dear people, too numerous to reach personally, we wish to express our heartfelt gratitude for your kindness and sympathy bestowed upon us to buoy us over the abyss of grief into which we were so suddenly plunged by the drowning of Clifford, our only child. The people did all in man's power to lighten our burden of sorrow.

BOSTON OPERA STAR TO BE HEARD HERE

Mdme. Evelyn Scotney Will Sing in Concert This Season.

Perhaps the most important musical announcement of the year is that we are to hear Mdme. Evelyn Scotney of the Boston Opera Company and her three assisting artists.

Mdme. Scotney will come to us fresh from her recent triumphs at Covent Garden, London, England, where she was featured in leading roles with such world-famous singers as Melba and Caruso. This young prima donna sprang into fame in a single night's performance at the Boston Opera House and scored triumphantly in every appearance afterward, until her fame reached London, when the managers of Covent Garden engaged her by cable for the summer season.

MDME. EVELYN SCOTNEY, Of the Boston Opera Company.

the greatest honor that can be accorded any singer. This placed her at once in the foremost rank of coloratura sopranos, and from the modest, unassuming, girlish, Evelyn Scotney, she became simply "Scotney, the operatic star." Her engagement at Covent Garden has been a tremendous success and she returns with added honors and encomiums.

Mdme. Scotney will be assisted by artists almost as great as herself, every one noted: Howard White,

MDME SCOTNEY'S ASSISTANTS.

From Top: Frank Waller, Pianist; Howard White, Bass; Karl Barleben, Violinist Virtuoso. All Great Artists.

basso cantante, of the Boston Opera Company; Karl Barleben, violin virtuoso, with the Boston Symphony Orchestra for sixteen years, an artist of international fame, and Frank Waller, pianist, assistant conductor of the Boston Opera Company. It is to be doubted if a company of finer artists has ever appeared in our city and music lovers will be enthusiastic over the program they will present.

GHOST-WALKING

In a certain sense "ghost walking" is distinctly a theatrical phrase. Actors, assembling for their salaries frequently put to one another the laughing query, "Does the ghost walk?"

Its origin is as follows: Many years ago a manager had in his company an actor who played the part of the ghost in "Hamlet." If his salary was not forthcoming on Saturday morning he exclaimed: "Then the ghost won't walk to night," with a great deal of determination in voice and manner.

His part was so indispensable that the manager invariably acceded to his demands and gave him his salary. It is said that other actors in the company would wait about on Saturday morning until they received word by messenger that the ghost would walk.

A Bit Of Advice

First—Don't Delay. Second—Don't Experiment

If you suffer from backache, head aches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Holland residents desire more convincing proof of their effectiveness than the statement of a Holland citizen who has used them and willingly testifies to their worth.

Mrs. L. Gaze, 91 W. Eighth St., Holland, Mich., says: "I am pleased to verify the public statement I gave in praise of Doan's kidney pills several years ago. I have enjoyed almost complete freedom from kidney complaint since this remedy cured me. My first experience with Doan's Kidney Pills took place in 1908 when I was suffering from pain in my kidneys. There was lameness across my loins that made it hard for me to straighten after stooping. I also had trouble from the kidney secretions. Two boxes of Doan's Kidney Pills relieved me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Negroes In U. S. Are Worth \$700,000,000

The National Negro Business League, in an address to the public setting forth the achievements of the race during the fifty years of freedom, states that the possessions of Negroes in the United States, including of borrowing any money it would be wise to see how you stand with the local editor.

DEPARTMENT ASKS ALL TO HELP PREVENT DISEASES AMONG CHILDREN.

Very Little Illness Now And Proper Precautions Will Help Much.

The health department is making special efforts during this season of the year when there is much danger of the spread of disease to guard against those who may have become infected with a communicable disease. Hitherto the pupils in the local schools have remained remarkably free from illness and in many buildings not a child is compelled to be absent because of sickness. In order to keep conditions as favorable as this the health department is putting forth special efforts. Today the health department calls attention to the following two health rules:

"Any person who is suffering from small-pox, chicken-pox, scarlet fever, measles, diphtheria, whooping cough or other contagious diseases must not leave or go to any house or visit any person without the permission of the health officer."

"No parent or guardian, shall send or take to any picture show, public meeting, church or any railway train, street car, or into the presence of any child or to any school child who is ill with whooping cough, measles, sore eyes, scarlet fever, or other contagious diseases. All teachers and those having in charge public places or public conveyances, shall report the name of such child to the health officer at once and if in school or church, the child should be sent home immediately."

They Make Plans for Annual Show To Be Held in December.

The Holland Poultry and Pet Stock association held a regular meeting Monday night for the purpose of making further arrangements for the coming poultry show to be held in December. At this annual exhibit silver cups and cash and other prizes will be offered. There is much interest in the association and Monday night twenty new members were received. Another meeting will be held October 20.

HOPE COLLEGE RUNNERS TO PULL OFF A PRACTICE RACE.

Enthusiasm for track work at Hope College Monday received its first impetus at a mass meeting held at the Chapel. Instead of waiting to do all the training in the spring of the year, the runners will get together and do a little running this fall so the management may have some grounds for work in the spring. Toward this end an informal race will be held here sometime during the first two weeks of November. This will be a two-mile race over the usual course used by the track men in training for the spring races. Medals or ribbons will be given for the first three places and prospects are that a large number will compete.

After a few remarks by the manager, Prof. Faries spoke to the men. Prof. Faries is a graduate of the university of Pennsylvania where he was very active in track work. While there he was under the training of the renowned "Mike" Murphy who did so much for athletics in the eastern school.

Prof. Faries has offered his services and will have charge of coaching and training the team this fall and next spring.

Besides the regular events the Invitational cross-country run and the relay with Grand Rapids, plans are under way for a dual meet with Kalamazoo college.

After the meeting most of the men under the leadership of Prof. Faries went for a short run. This will be continued every day this fall as long as the weather permits.

MISS GENEVIEVE KROON BECOMES BRIDE OF WALTER KLEIN.

In the presence of the immediate relatives and a few close friends Miss Genevieve Kroon and Walter Klein, were married Monday afternoon at the home of Mr. and Mrs. Fred Metz 105 West 12th street. The ceremony was performed by the Rev. A. F. Bruske, the ring service being employed.

The wedding was a simple one. The couple was unattended. She was prettily dressed in a gown of tan messaline with pearl trimmings.

At the conclusion of the ceremony refreshments were served by the Meses Emily Metz, Mrs. Metz and Miss Jeannette Kroon of Chicago. The newly married couple received a large number of beautiful gifts. They left Monday on the boat for Chicago where they will make their home. The groom is a foreman in one of the departments in a large printing establishment.

The out of town guests at the wedding were Miss Jeannette Kroon of Chicago and Miss Jennie Paul of Grand Rapids.

LOYAL FANS RAISED FUND TO SEND POPULAR SECOND BASEMAN TO NEW YORK AND PHILADELPHIA

Grand Haven base ball fans decided that Carl Shaw, second baseman of the Grand Haven Athletics this season should see some of the World's series games between Philadelphia American league team and the New York Giants of the National league. Shaw made a great run in the popularity contest recently conducted by the Grand Rapids Press, and finished in seventh place, although he got a late start. Only the five highest contestants in the base ball popularity contest were entitled to the trip to the two opening games, however and Carl therefore was doomed to disappointment. Sager of Ludington who finished in sixth place, was sent to the games by admiring fans in Ludington.

Grand Haven fans have been thinking a lot within the last few days. The leaders in the movement for Shaw declared that Shaw was just as popular as any other player in the state, and should go to the game notwithstanding the fact that he lost out in the Press contest. This morning somebody started the ball rolling and within a few minutes some of the Shaw boosters reached the loyal fans by telephone and with in a few minutes enough money had been subscribed to send to Shaw to the World's Series as a mark of tribute to popularity of the Grand Haven fans.

Carl was in Grand Haven Tuesday afternoon and final arrangements for the trip were made. Carl will be permitted to choose any two games he wishes to attend and he will start for the scene of action as soon as possible.—G. H. Tribune.

Avoid Sedative Cough Medicines

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codeine morphine, heroin, and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the suture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.—Adv.

The meeting Tuesday night was led by Mr. B. B. Johnson, State Student secretary of the Y. M. C. A.

PEOPLE HAVING CHILDREN ATTENDING MAPLE AVENUE SCHOOL WANT PLAY GROUNDS.

If This School Gets Equipment By Contribution from the Parents Other Schools Will Probably Follow Suit.

A paper is being circulated among the people living near the Maple Avenue school house and having children attending the school for the purpose of raising money to equip the school grounds with swings, tetter-totters, etc., and make it an up-to-date play grounds. Many men have signified their intention of donating to this cause and already the sum of \$15 has been collected. It is expected by those who have taken the matter in hand that they will be able to secure over \$50 as a starter and will then order playthings so as to have the grounds in shape for next spring.

The parents of this school are determined to have a playgrounds for their children at this school as it will give the boys and girls recreation and keep them out of mischief. It is the purpose of the men pushing this to take up such a collection each year and to build the playgrounds gradually until it will rival any of the smaller play grounds in the larger cities. The list of names of people who will donate to this cause is being kept at Lage's Drug store and anyone wishing to give anything can sign there.

If this plan for playgrounds in the school grounds works satisfactorily it is probable the other schools will take up the matter and soon all the grade-schools of the city will be equipped.

MODEL LAUNDRY PUTS ONE IN THAT PREVENTS COLLAR BECOMING A SAW.

A new machine has just been installed in the Model Laundry that will prevent a collar from becoming a saw. Incidentally it will prevent bad words on the part of wearers of collars who do not care to have their necks suffer. This new machine is the latest thing in laundry equipment. It irons the top of the collar to a slightly round shape and at the same time it makes room for the tie to slip through.

The machine works very satisfactorily and it is a sure preventive of the "saw" collar.

WHAT YOU SAW IN THIS PAPER THIRTY FIVE YEARS AGO

A fire started
A fire occurred on Saturday afternoon last, at Grand Haven, destroying the stove factory and saw mill belonging to Bosch, Ryndorp and company. The origin of the fire is unknown and the loss is estimated at about \$18,000. The insurance will probably cover about \$8,000 of this loss. It is a hard blow for this enterprising firm, and for the laboring class of Grand Haven at large—a loss which will not easily be repaired in these hard times.

"It is the general belief that in Van Putten, the American Trust and Savings Bank team has the best amateur pitcher in Chicago, and his work this year with compare favorably with any of the numerous good twirlers in local circles. He is but twenty-one years old, and has pitched two seasons, previously playing third base with great success. His method is peculiar in that he does not exert himself at all, using but little speed, depending upon his perfect control and wide curves for success; but when speed is necessary, it is there and plenty of it, too. He fields his position perfectly, and at the bat averaged 500 per cent in the commercial League season just closed.

JOHN VANDERSLUIS LEAD A COMPANY OF SIXTY

Voices

A great many persons from all parts of Ottawa county were in the city Friday to attend the convention of the Ottawa County Sunday School association that was held in the Third Reformed church. The evening session was particularly interesting and the public was invited. John Vandersluis was in charge of a male chorus of 60 voices and this chorus gave a concert beginning at 7 o'clock and lasting about three quarters of an hour. This concert was well worth hearing and careful work has been put on the preparation.

In addition to that the Federation Male Chorus gave two selections and Prof. F. S. Goodrich delivered an address on "The greatest Sunday school Convention ever held." This lecture refers to the convention held at Zurich, Switzerland, at which Prof. Goodrich was present. He showed a number of curiosities and strange costumes.

The following officers were elected for the coming year:

Pres.—Henry Geerlings; Vice president, S. Yntema, Forest Grove; Secretary and treasurer, J. C. Lehtman, Grand Haven; Supt. Home Department, A. E. Barden, Conklin; Supt. Elementary Department, Mrs. P. Ihrman, Holland; Supt. Temperance Department, John Luben, Coopersville; Supt. Mission Department, Henrietta Warnshuis, Holland; Supt. Adult Bible class Dept., W. E. Vander Hart, Holland.

JURY GIVES JUDGEMENT OF \$24 IN REAL ESTATE CASE

The case of Simon Lieveense versus Frank Palmer was tried in the court room in the city hall Thursday and it took up all day and until after seven o'clock. Lieveense has brought suit against Palmer for a bill of \$72 for commission in a real estate sale on the North Side. The case was tried before Justice Miles. Lieveense was represented by Att. M. A. Sooy and Att. D. Ten Cate appeared for Palmer. The jury was composed of Herman De Eouw, Frank Charter, F. C. Hall, Nick Hoffman, Henry Bouwman and Peter Notler. The jury went out after seven o'clock and it took them three quarters of an hour to come to a decision. Finally they brought in a judgement of \$24, or one third of the amount asked for.

WILLIAM DYKSTRA'S PLAYMATE IS STILL WONDERING HOW IT HAPPENED

William Dykstra very fortunately escaped injury Thursday noon when an automobile ran completely over his body.

William who is celebrating his 11th birthday Thursday was at in front of the Christian school house with other boys when an auto tied to drive past. The other boys got off the street and well out of the way, but William did not see the auto and ran right in front of it. The machine struck him down and ran completely over his body, one of the wheels passing over his legs. His friends expected to find a mass of flesh and bones instead of their playmate; but the boy jumped to his feet very much excited to be sure but not hurt a bit, and was back in his old place at school that afternoon.

TWO PREACHED FAREWELL SERMONS SUNDAY; OTHERS RECEIVE CALLS.

Two Holland pastors preached this farewell sermons Sunday. They are the Rev. H. J. Kuiper of the Prospect Park church and the Rev. Wm. De Groot of the 16th street church. Both pastors have accepted calls from other fields of work.

The Rev. E. J. Tuuk, pastor of the Ninth street Christian Reformed church, has been placed on a trio by the Coldbrook church of Grand Rapids.

The Prospect Park Christian Reformed church of this city has named the following trio: the Rev. P. J. Hoekenga, the Rev. A. J. Rus and the Rev. W. P. Van Wijk.

The Sixteenth street Christian Reformed church of this city has extended a call to the Rev. H. Danhoff of Sully, Mich.

The Prospect Park Christian Reformed church has extended a call to the Rev. A. J. Rus of Byron Center, Mich.

MONCH ARRAIGNED

F. Monch, the Grand Rapids man who was arrested Monday because of his alleged assault upon John Dykhuus, the Tallmadge farmer Sunday night, was arraigned on four counts in Justice Wach's court in Grand Haven yesterday. One complaint was made containing all four of the counts, assault with intent to rob; assault with intent to murder; assault with intent to do great bodily harm less than murder; assault with a dangerous weapon without intent to murder or to do great bodily harm.

THE H. O. H. ELECTS OFFICERS FRIDAY NIGHT FOR THE COMING YEAR.

Has a Membership Now of 300; Changes Made in the Constitution.

At the annual meeting of the H. O. H. Friday night a goodly number gathered to hear reports and elect officers for the coming year. Peter Ver Schure was chosen as vice-president; John Vanden Berg was elected to succeed himself as trustee and Frank Brieve was chosen as trustee to fill the unexpired term of Peter Ver Schure.

The report of the auditing committee showed the finances of the society to be steadily increasing. Following is a condensed report of receipts and disbursements:

Balance on hand, April 2, 1913.....	\$1,570.61
Received in last six months.....	828.50
	23,99.11
Paid out	498.60

Bal. on hand, Oct. 2, '13.....\$1,900.51

A few changes were also made in the constitution. The disbursements in case of sickness will be increased from \$6 to \$7.50, and after Jan. 1, 1914, the entrance fee will be \$2 instead of \$1. It was also decided to have a banquet on the evening of Nov. 4. The society now has a membership of about 300.

AREND SMITH GOT A GOOD DUCK- ING BUT STUDENTS WERE INNOCENT.

Mayor Bosch was chaperrone at a party of students last evening at the K. of P. Hall but of course he could not be expected to know who threw the water on Arend Smith who was passing on the street. Just the same an officer made a futile attempt to locate the guilty party and walking in upon the merry makers, demanded to know who threw the water out of the window. Mayor Bosch questioned all who were present but no one had thrown any water. Still Mr. Smith can swear to it that some one from above poured a large quantity of water on him as he was drenched to the skin.

MISS TILLIE DYKSTRA BECOMES BRIDE OF GERRIT W. DALMAN.

A very pretty wedding took place at the bride's home, 143 East 18th St., when Miss Tillie Dykstra was united in marriage with Gerrit W. Dalman. The ceremony was performed by the Rev. R. L. Haan in the presence of some forty relatives.

Mrs. Jacob Zuidema played the wedding march to the strains of which the bride and groom took their positions under an arch of green and white.

The ring ceremony was employed. The bride wore a beautiful gown of white messaline trimmed with lace and carried a very pretty shower bouquet. The bride and groom are well known and have many friends. They received beautiful gifts. They will make their home at 46 E. 13th street.

URNS OUT TO BE THE PROPER TY OF A KENTUCKY WOMAN.

Saturday D. G. Parsons, an employee of the Holland Interurban found a trunk in the swamp a short distance away from the Pere Marquette station. The police were notified and they examined its contents, finding that it contained clothing, books, and a few other articles. Some checks in the trunk showed that it is the property of Mrs. Dorsey Ebbert, of Covington, Ky.

The trunk was stolen from the P. M. station about three weeks ago and since then every effort has been made to locate it. It had been checked here with three or four other trunks, but was lost. Mrs. Ebbert has since started suit against the Railway company for the recovery of the trunk to the amount of \$250.

When found Friday morning the contents of the trunk were found to be badly water soaked. No clue exists as to who took the trunk and it is not known what has been taken from it as Mrs. Ebbert has not yet been communicated with.

FIVE HUNDRED PEOPLE WIT- NESS INTERESTING CONTEST

The Hope College Freshmen yesterday afternoon showed their supremacy by dragging the Sophomores through Black river. Twenty-five huskies from each class arranged themselves on opposite sides of the river and at the pistol shot lay to on the rope and the fight was on. In the first few minutes the Sophs gained a few feet but then the Freshies very slowly drew the rope their way. Just ten minutes after the shot the first Sophomore stepped unwillingly into the water. As is customary, the Sophs came way across the river, some wading and some swimming, and shook hands with the victors. About 500 people witnessed the pull which was one of the best ever staged at the college.

In celebration of their victory the Freshmen gathered at the K. of P. hall and spent a very enjoyable evening with music and games. The Sophomores had a consolation party at the home of their classmate Ethel Dykstra and also report a splendid evening.

CONVENTION OF FIFTH DISTRICT W. R. C. TO BE HELD HERE NEXT YEAR

Holland was pretty much the whole thing at the 20th annual convention of the Fifth district of the W. R. C. at Hastings Thursday and the day before. Three of the officers chosen for the coming year are from this city, namely: Mrs. C. H. Harmon, president; Mrs. Mae Hiler, secretary; and Mrs. Katherine Herrick, treasurer.

The delegates from Holland returned to this city Thursday and they were highly gratified with the result of the meetings. Not only was Holland prominent in the selection of officers but this city was decided upon as the place of meeting next year. There is a good deal of rivalry to secure these conventions and the local delegates are pleased with their success.

Those who attended from Holland are Mrs. Florence Boot, Mrs. Mary Harmon, Mrs. Lucy Wise, Mrs. W. H. Orr, Mrs. Mae Hiler, Mrs. Katherine Herrick and Miss Ella Thompson.

serve to make Hope's library one of J., contributed twenty-five volumes on astronomy. Dr. J. Ackerman Colles, who in years past has been such a good friend of Hope, again remembered the institution with a De Luce edition of "The Illustrated History of all Nations" in fifteen volumes.

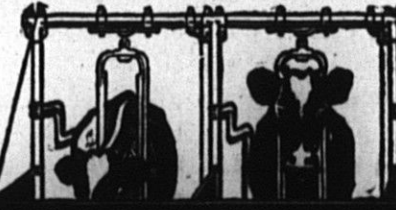

Some eighty odd volumes of English Literature were added through the activities of Prof. Nykerk. Among these are an excellent set of Thackeray in 26 volumes: "Life of Lincoln" by Tarbell in four volumes, and a set of ten volumes "Stories by English Authors."

Dr. H. C. Kremers of this city has made a valuable gift to the scientific department by the presentation of over two hundred volumes on medicine, among them 25 annual journals of the American Medical association.

Probably the most valuable gift of all and one which almost comprises a library in itself is the one of Dr. Wm. Elliot Griffiths, who sent 400 volumes. Hope is especially fortunate in receiving these books from such a famous source and also because they can be used so effectively here. Most of the works are on Dutch history with the exception of a few in French and German. Not only are they valuable for the literature they contain, but some are rare volumes bound in sheepskin and published early in the seventeenth century and would bring big prices merely as curiosities.

An idea of the value of Dr. Griffiths' donation may be gathered from a few of the titles picked at random from the collection:

E. Van Meeteren, "Nederlandsche Oorlogen," (1614); T. Bor "Nederlandsche Oorlogen" 4 vols., (1679); T. C. Hooft, "Nederl. Historien," (1677); Hugo de Groot, "Jaarboek-en" (1681); Ubbo Emmius, "History of Friesland" (1616); A Van Slechtenhorst, "Geldencche Geschiedenissen" (1654); I. Commelyn, "Frederick Hendrick" (1651); H. Blink, "Nederl. en zyne Berooners"; Colenbrander, "De Patriatietijd"; J. J. Ten Have, "Onze Kolonien"; G. Brandt "Historie Der Reformatie," 4 vols.; J. T. Arend, "Geschiede van Nederland," 14 vols.; J. Van Lennep, "Geschiede van Nederland" 4 vols. Motley, "Ophomst v. d. Ned. Republiek," 12 vols.; J. H. Van Bolhuis, "De Noormannes," 12 vols.; De Beaufort, "Life of Cromwell." John W. A. Naber, "Zesche Van Nederland."

Minutes Mean Dollars IN TREATING ANIMALS

Doubtless you know the danger of delayed treatment of colic and other diseases. You also realize that wrongly applied remedies are often worse than no treatment at all. In other words, not to diagnose a disease accurately may prove fatal. Every owner should be able to recognize an ailment and give correct treatment at the first symptoms. Prompt action is the great secret of treating horses.

Minutes mean dollars. Of course proper treatment is always necessary. That is just how Humphreys' 500 page Veterinary Manual will prove so valuable to you. It is by F. Humphreys, M. D., V. S., and teaches how to diagnose and give proper treatment.

This book will save you hundreds of dollars and costs you nothing. It will be sent absolutely free on request to any farmer in order to introduce Humphreys' Veterinary Remedies. Remember, it is absolutely free. You do not have to order any remedies to secure the book. Address, Humphreys' Homeopathic Medicine Company, 155 William Street, New York City. This is a splendid opportunity to obtain a veterinary treatise that you should have in your library. As a reference work you will find it invaluable. To have it in the time of need will be worth many dollars, whereas it will cost you but a post card by writing for it now.

PROF. DELANO WILL GIVE LECTURE ON "GERMANY AND THE RHINE."

Prof. Delano the new head of the Modern Language Department at Hope College gave illustrated lectures to the students of the German classes yesterday afternoon on "Germany and the Rhine." Prof. Delano has slides and pictures which he himself has gathered during extensive travel in Europe and his classes will receive the benefits of them.

He also has plans under way for the organization of a "Deutsche Verein" and a French club which will give opportunity for the practical application of the class work.

The Century club began its year's work Monday with a meeting at the home of Mr. and Mrs. George E. Kollen. The program included two readings by Myrtle Coon Cherryman of Grand Rapids, two piano solos by Miss Hazel Wing and two vocal solos by Miss Grace Browning. Refreshments were served. The president of the Century club this year is Prof. J. E. Kuitenga.

"RESOLUTIONS OF 3RD CHURCH CONSISTORY"

"Whereas Police Commissioner Kuitenga has brought charges of gross misconduct on the part of some members of the common council and the Police Department relative to the saloon ordinances in this city, and,

"Whereas, the consistory of the Third Reformed church, who are deeply interested in the morality and good name of the city, feel aggrieved and humiliated by such alleged action on the part of the representatives, and,

"Whereas, in our judgment this matter ought to be probed to the bottom by the council and the parties involved punished, if found guilty,

Resolved, that we commend Police Commissioner Kuitenga for his faithfulness in looking after the moral interests of the city, and for his courage in bringing this matter to the attention of the people, and the way in which he did it.

"Resolved, that we urge the common council to take up this matter at once and adequately punish those who in any way may have been implicated in meeting with the saloon men to make an agreement for violating the city ordinances relative to the liquor traffic in this city.

Motions and Resolutions

On motion of Ald. Dyke, The resolution follows:—

By Alderman Frank Dyke

Whereas, Certain accusations and insinuations of illegal and improper conduct, have been made against several of the Aldermen of the City of Holland, and also against certain members of the Board of Police and Fire Commissioners; and

Whereas, We believe that if the accusations and insinuations are true, the person guilty of misconduct in office, should be summarily

dealt with; and

Whereas, We are also firmly of the belief, that such accusations and insinuations should not be made by any citizen, or organization, unless such person or organization stands ready to produce proof of the actual facts to the Common Council, or other proper body; and

Whereas, We believe that such accusations and insinuations, unless based upon actual facts, are subversive of good government and good citizenship, and tend to hold up to public ridicule and criticism, persons who are thus called upon to attempt to prove themselves innocent, instead of the accusers proving them guilty, a principle which has no standing in a republican form of free government; and

Whereas, We believe that all persons should be given a fair opportunity to prevent any matters of difference or grievance to the Common Council, and that we are representatives of a government of the people, by the people, and for the people; therefore,

Resolved, That the Common Council hereby demands that John E. Kuitenga, Men's Bible Class of Trinity Reformed Church, Men's Brotherhood of Third Reformed Church, and the Consistory of the Third Reformed Church, shall make a public retraction of the accusations and insinuations made against the members of the Common Council, and members of the Board of Police & Fire Commissioners, before October 8, 1913; or

That the said named persons and Societies file with the Common Council, before said date, charges in writing, and properly verified, upon which the Common Council can base a legal investigation, and trial of the persons accused; and further

Resolved, That the Common Council pledges itself to a fair and public hearing of such charges, when filed; and further

Resolved, That the City Clerk be and hereby is instructed to forward copies of these resolutions to the said named persons and societies, within twenty-four hours after the adjournment of the Common Council; and further

Resolved, That the Common Council when it adjourns, it shall adjourn to Wednesday evening, October 8, 1913, at 7:30 P. M.

The vote of the council was unanimous to adopt the resolutions.

Said resolution prevailed, all members voting aye.

On motion of Ald. Hansen, Resolved, that but one gate keeper be employed for the special election to be held Oct. 6th.

Carried.

On motion of Ald. Harrington, Adjourned, until Wednesday, October 8, 1913, at 7:30 o'clock P. M.

Richard Overweg, City Clerk.

Expires Oct. 25

STATE OF MICHIGAN—The Probate Court for the County of Ottawa

A VICTORY AND A DEFEAT

The Gas Company has again had a "run for its money" with a second election to amend their franchise. Although the Company had a fair proposition to offer the city, the people by their votes with a margin of eighteen, have said that the present franchise must be lived up to. From all surface appearances one would judge that ninety cent gas would be a big winner, but in reality the Gas company had two propositions to buck against and overcome in order that ninety cent gas might prevail.

In the first place the spectre of municipal ownership which is a spectre no longer, was defeated by an overwhelming majority; on the other hand a few days before election the wave of "vote them both down" a catchy phrase, went through the city. Consequently the two propositions against the single one were too much for ninety cent gas, and therefore the sixty per cent fell short. Had the question been put, "municipal ownership or ninety cent gas" there is no doubt that the latter would have been victorious and that the people as a whole would in time have been better satisfied than to be constantly in litigation and political turmoil. This is shown by the fact that the 3rd ward where the most gas is used and where nearly everyone is connected up, gave a large majority for the amending of the franchise.

The conundrum of this election seems to be the Fifth ward where the voters were clamoring and petitioning for gas extensions. This Ward, in both precincts, voted against the amending of the franchise and also against municipal ownership, practically cutting themselves off indefinitely from gas and extensions, judging from past experiences with the gas company.

The News still thinks that the wisest plan would have been to amend the franchise. However the people have spoken and their will is law, but still we feel that we have aided in winning a partial victory against the establishing of a municipal gas plant in this city for some time to come, which to our mind is the most important, after all.

YOURS IN THE CAUSE OF GOOD GOVERNMENT

Editor of the News, will you please give this public pulse space in your paper?

Honesty is the best policy. I do not know what Prof. Kuizenga teaches or preaches but if we may be allowed to judge by the outer appearances or tactics that he has pursued of late, I think his motto will be "Do as I say and not as I do." Professor, better tack this up over your door, so that the students may see it as they enter.

That meeting seemed to worry you. Had you been in the city you would have been present at that meeting or at least it would have been your duty. It seems to wear on your nerves much more than the one you attended at which time the last ordinance was suggested or drafted. The ordinance as a whole is along the lines suggested by you at a meeting of the dries and this is the ordinance that the aldermen have been anxious to see tried out at least for a season. The tipping ordinance which seems to worry you has not been under discussion either at the meeting at which you were present or any other. Judging from your first letter, I think you had your dates mixed. I think you confounded the Tipping ordinance with the ordinance drafted last spring. If that is the case possibly you might have some excuse for the course you have followed. But the Tipping ordinance passed in 1908 was declared null and void by the city attorney to the council in September last and you are making all this fuss and disturbance about this void ordinance. However even at that we would expect a man who poses as a leader and teacher to show some signs of Christian spirit. Then you would seek facts not hearsay. You would be as anxious to consult the accused as you were at the time of drafting the ordinance. You quote in Saturday's Sentinel that I wished to give the system of drinking places a fair trial. This is not true, Professor. If correctly quoted it would not excuse you. Lastly as a gentleman you should have consulted the accused before defaming their character in the press.

Yours truly,
AUSTIN HARRINGTON.

Last night's charges failed to go off at the Council rooms.

The gas question and the liquor question ye have always with ye.

No doubt it will be some time before asphyxiations take place in the Fifth Ward.

SAVING COUNTY FROM ITSELF

The Muskegon Chronicle publishes an editorial under the above head, commenting upon the action of Judge Cross in refusing to dissolve the injunction restraining the holding of a special election for the purpose of rescinding the county road system in Ottawa county. Muskegon has been operating under the county road system for some time, and to all appearances is more than satisfied with it.

The following editorial published by the Chronicle is proof of that newspaper's idea of the thing.

"The injunction issued by Judge Cross at Grand Haven puts an end effectually, to the movement on in Ottawa county for rescinding the road bond issue by that county. While the Chronicle cannot believe that the majority of the sentiment in the county would have approved taking such a backward step, after having approved the issue once, still it is a matter of satisfaction that, if the poison of reactionism has been at work in the county, that the law has stepped in to save the people of Ottawa from themselves. Not that the Chronicle would wish to see them forced to spend money that they had delicately decided they did not want to spend. But they had decided by a substantial majority that they wanted to take this step and the Chronicle is so entirely satisfied that they will be pleased with the experiment, when the money is spent that it cannot but rejoice that the question is thus effectually disposed of. Muskegon county is vitally interested. It wants to see a system of roads built in Ottawa county that will correlate with its own system, making of the two what will amount to one system. Both counties will mutually benefit, and will become better acquainted with each other when traffic is stimulated, and better acquaintance is always commercially advantageous. Of course the big advantage will be in the advancement of the plan by which the lake shore counties will offer road travel facilities that their summer resort interests demand. But aside from all of these mutual interests, Ottawa will find the new road system more than worth the money for its own internal traffic. Ten years from now it will be glad it did it."

SPRING LAKE DROWNING

Sheriff Hans Dykhuis, assisted by members of the U. S. Life Saving crew at this harbor put in the greater part of Tuesday dragging Grand River just above Spring Lake for the body of James B. Brighton, supposed to have been drowned there some time Sunday, while hunting Brighton who was a floor walker at Springs Dry Goods store in Grand Rapids, left his home in Grand Rapids early Sunday morning announcing that he was going to spend the day hunting and fishing on Grand River at Spring Lake.

Monday afternoon John Busse of Spring Lake and Edward J. Maher, a Grand Rapids fireman who is spending a few days in Spring Lake, were out in their boat fishing along the edge of the weeds in the river, about a mile above Spring Lake landing. They discovered a boat half filled with water floating in the weeds, and upon investigation, they discovered that it contained somebody's personal effects.

Examination revealed a man's coat and hat, fishing tackle and some loaded shells. They sent word of their find to Sheriff Dykhuis of this city. The sheriff went immediately to the scene and took charge of the property. In one of the pockets of the coat was a letter addressed to J. F. Brighton, 810 Innes, Grand Rapids, Mich., and Sheriff O'Donnell of Kent county was notified.

The theory of the officers is that being unaccustomed to shooting from a boat, Brighton may have been kicked overboard by his shot gun. The fall may have stunned him so that he sank immediately to the bottom.

Mrs. Brighton stated that her husband left home telling her he would return home Sunday evening but when he did not come she thought nothing of it believing that he had decided to stay over Monday for more shooting. When she learned of the probable fate of her husband Mrs. Brighton collapsed and the attendance of a physician was necessary. The Brightons came to Grand Rapids from Hartford, Conn. last April.

Late in the afternoon no reports had been received from the workers on the river and the search continued. S. R. Harris of Grand Haven assisted Dykhuis in the search.—G. H. Tribune.

PROGRAM FOR ORANGE DAY. NOV. 17; HOLLANDERS TO CELEBRATE LIBERTY

The program for the Orange day, to be observed by the Hollanders of Michigan in commemoration of the independence of the Netherlands from France 100 years ago, has been prepared.

Monday, November 17, a public banquet will be held in the Pantiind hotel, where prominent speakers are to deliver addresses in connection with Holland's independence and the meaning of it for the Hollanders that are now residing in America.

Rev. Dr. Van Lonkhuzen, pastor of the Alpine Avenue Christian Reformed church, will preside. Gelmer Kuiper will act as toastmaster.

The following speakers will make appropriate addresses: Professor Tienmen DeVries, L. L. D., of Calvin college; Dr. Henry Beets pastor of the LaGrave Avenue Christian Reformed church; Gerrit J. Diekema of Holland, and Professor John E. Kuizenga of Hope college, Holland.

Plates for the banquet will be sold at \$1. Musical numbers are to be furnished by a ladies' choir.
