## FINE STEPPERS TO BE SEEN AT THE FAIR

### FAMOUS HORSES FROM WIDE TERRITORY ENTERED FOR RACES

The races at the Holland fair this year promise to be the most spectacular seen there in years. John Schouten, secretary of the speed committee, has been all over the country to secure for the Holland fair the best horses available, and over sixty famous steppers have been entered for the various events from a wide radius. The barns at the fair grounds are so full that some of the animals will have to be stabled in Holland.

A total of \$2,300 has been put in purses. Following is the race program for Wednesday.

2:17 Pace, mile heats.....Purse \$300  
2:30 Trot, mile heats.....Purse \$250

## WOMEN TO HELP WITH LIBERTY LOAN

Mrs. R. B. Champion has been appointed city chairman of the woman's division of the Liberty Loan committee. The appointment was forced upon Mrs. Champion after she had been sought by the state committee at Detroit to take the chairmanship of the Ottawa County Woman's Liberty Loan committee. Mrs. Champion answered the state committee to appoint some one else for that position but she has consented to take up the work in Holland.

The first step Mrs. Champion will take in making the women of the city felt in the Liberty Loan campaign will be the appointment of all the presidents of the women's organizations in the city as members of the executive committee. Then these chairmen will appoint committees within their own organizations for the purpose of educating themselves and others on the Liberty Loan.

Mrs. Champion believes that woman's part in the campaign is educational and the efforts of the woman's committee will be concentrated on this phase of the work. Plans are being made to make the work effective throughout the city.

Dick Boter, Rev. Bowerman, Miss Henrietta Warnhuis, Miss Hattie Laman and Miss Cora Vander Werf, motored to the Sunday school convention at Coopersville Friday morning. Miss Warnhuis will preside at the pipe organ, accompanying the chorus.

Miss Julia A. Soule, who for the past several years has been supervisor of the Ottawa County Normal school in Grand Haven, and who resigned her position last year, has left for Chicago where she will take up some special studies in the Chicago University.

## SPEED CRAFT GOES ASHORE IN BREAKERS

Drifting about Lake Michigan in an open launch for many hours, to be thrown ashore at last 12 miles north of Holland harbor, was the experience of the three-man crew of the speed launch "Dixie Pirate".

The "Dixie Pirate" was purchased in Muskegon recently by F. B. Tambell of Memphis, Tenn. In company with Joe Cavola of Memphis, and J. Carlson of Muskegon, Mr. Tambell left Grand Haven in the "Dixie Pirate" for the run to Chicago around the shore.

The boat was spinning along at a good rate of speed, and was near Holland when the timer gear broke, and the launch was rendered helpless. Under the drive of the increasing southerly wind, the helpless boat drifted back along the shore toward Grand Haven. At the time of the accident the boat was about two miles off shore, and the occupants feared that the breeze

might carry them farther out, where they would be in great danger from the rising seas.

By paddling strenuously the boat was brought shoreward and anchored at a point about twelve miles north of this harbor. Because of the increasing seas, the crew decided to abandon the boat. One of the members removed his clothes and swam to the shore line and then shortly afterwards the others finding the water shallow enough waded the distance.

About six o'clock the motor boat broke away from her anchorage and came ashore, the boat struck the only log in sight and stove in her bow before she settled down in the sand. The owners then went to Grand Haven after taking out their valuables from the boat.

## HOPE COLLEGE TO MEET WAR CONDITIONS

Hope College made an announcement yesterday which opens new possibilities for boys at the front. After a very thorough survey of the field a series of War Extension Courses has been prepared, and all the boys who are enlisted or who have been drawn into the national service will be offered these courses. Extension work by correspondence is a service which has been rendered by the leading universities of the country for some years, but Hope College applies the method to the new conditions which the nation is facing. Every student who was enrolled at the time of his joining the colors may take the work. Each course will be supervised by the regular professors of the College and text books and other material will be furnished by the college to the boys at the front.

A preliminary letter was sent to all the student soldiers last August asking their opinions of such a course. The replies received were enthusiastic and showed how eager these students in arms were to continue their studies insofar as possible, and at the same time serve their country. As a result of this been appointed to advertise the and a War Extension Committee has canvas the courses are now inaugurated work and put it through.

While the intensive training which Uncle Sam has in store for his recruits makes regular college work an impossibility, this new plan will make it possible for the student in arms to keep in touch with his college work and with his life purpose. Thus it will shorten the time necessary for him to complete his course upon his return. With over fifty young men in government service of one type or another—almost 30% of the resident male studentry—Hope College enters this work as a pioneer in the new line, and proposes to assist the government in conserving the trained manpower of the country.

The very large amount of detailed work resulting from a new movement of this kind demands the organization of a new department of the College. This was announced at the public chapel services Tuesday morning and thru private letters to the students at the front and in the cantonments. The movement will not increase the number of students now on the rolls, but Hope College believes that the greatest service any educational institution can render to its times and to its nation is the careful upbuilding of man-character and man-power so that every element of force and virility is made capable of increasing the welfare and the wealth of nation and individual to the fullest possible degree. These forces work very often most silently and numbers are not necessary; but insofar as this service can be rendered, and rendered well to many as well as to few, Hope College purposes to be in the field. It is assured that these War Extension Courses will be another avenue for the rendering of just this sort of service which has characterized American educational institutions from the earliest colonial period down to the present day.

## MACHINES INSTALLED TO SAVE MONEY

A novel and practical device has been installed in the local school by the Ottawa County Building & Loan Association. This small device is a slot machine in which students can deposit, 1 cent, a nickel, dime, or quarter; and in return receives a stamp equal to the amount deposited. When the book is full of stamps, the holder receives due credit according to the value of the stamps.

The Loan Association will pay the depositors 5% interest on their money. As soon as \$100 has been accumulated, the depositor is entitled to one share in company.

## MUCH MONEY THROWN AWAY IN OTTAWA

## SO DECLARE GRAND HAVEN MEN AT MEETING IN MUSKEGON

Ottawa county good roads boosters took a prominent part in a good roads meeting in Muskegon yesterday.

The story of how all but \$90,000.00 of the \$600,000.00 bond issue in Ottawa county of a few years ago was thrown away on gravel before the change in direction was effected, was told by William M. ("Concrete") Connelly of Spring Lake, good roads booster par excellence and now a member of the Ottawa county commission as a result of his activity.

Mr. Connelly told of the campaign of education that had brot the people of Ottawa county very largely to the permanent highway way of thinking and of efforts of himself, Mayor W. H. Loutit of Grand Haven, also president of the West Michigan Pike association and others before the legislature that resulted in doubling the state reward for permanent highway construction on trunk line roads, so that now they draw \$6,800 a mile, or about half the cost of construction.

Mayor Loutit declared that experience had shown that he trunk line highways, like the West Michigan pike, absolutely will not stand up under modern traffic conditions, and that the only form of construction that amounts to anything but a waste of money is permanent construction.

William Hatton, president and general manager of the Eagle-Ottawa Leather company of Grand Haven and Whitehall, echoed the same sentiment, declaring for the county road engineer system, and throwing in a word of advice to Muskegon to adopt the city manager system such as has been adopted in Grand Haven for its municipal government.

Plays Providence to One Mother's Boy and Another's Boy's Mother

A mother hear-hungry because of the going away of her only son to the war, a little Polish immigrant boy taking the place of the absent son; the mother comforted in her loneliness, the boy saved from almost certain death from tuberculosis—these are the interesting features of a story told by Miss Blanch E. Post, Ottawa County visiting nurse.

In describing how a health problem was solved that helped everybody concerned.

In the course of her work Miss Post came across "Little John" whose Polish mother had but a few words of English. "Little John" unmistakably had tuberculosis, the all the mother knew about it was contained in the words "him seek." "Little John" the five years old, weighed only 30 pounds, and his little legs were about as thick as a broom handle. "He's got T. B.," Miss Post murmured to herself, but the mother of course didn't comprehend.

The Polish family had a hard time to make ends meet and the nurse tried hard to relieve the situation by getting "Little John" admitted to the State Sanatorium at Howell. But that institution was crowded and "Little John" could not be admitted for some months and delay might mean death.

And there is where the other heart-hungry mother came in. She was in despair because her only son had gone to war, and she appealed to the county nurse to give her some Red Cross knitting or anything else to take her mind off her troubles. "I'll go crazy if I don't get something to distract me," she sobbed.

A vision of "Little John" neglected in his crowded Polish home, dying of tuberculosis for the want of just tender care as this well-to-do farm mother could give him, flashed through Miss Post's mind. "I'll give you something to do," she declared instantly; "Little John will keep your mind off your troubles," and she told the farm mother the story of the little fellow who could not be taken in at the state sanatorium.

The mother jumped at the chance and she took "Little John" to her home and to her heart. That was some weeks ago. "Little John" is getting fat now. "He eats so much," the foster mother wrote to Miss Post, "that the skin on his little stomach almost bursts." And his legs are no longer mere broom-sticks. "Little John" will never have to go to a sanatorium.

"Give me all the work of this kind you can find," the mother wrote to the county nurse. She has discovered in it her way of doing her bit at home while her son is doing his bit in France and she is eager for the service.

"I feel certain," commented Miss Post, "that there are other heart-hungry mothers all over Michigan who would welcome the opportunity of giving a similar service. Why not follow this woman's example? The sanatoriums everywhere are crowded; why not help relieve this congestion?"

New Hope Professor Had a Fine Record As a Musician

It may well be a matter of pride on the part of Holland to possess the unusual amount of musical talent at present to be found within the city. Musicians are in more than a forceful sense a kind of public property. The city that receives a valuable addition to its performers available for public and miscellaneous social occasions may congratulate itself.

Holland is fortunate in its acquisition of Professor Bruno Meinecke, professor of Latin and head of the violin school at Hope College. He comes recently from the University of Michigan, where he spent the past year. At the early age of six he began the study of violin under his father, who himself had been trained as a concert violinist, and whose grandfather had been a pupil of the famous German violinist, Ludwig Spohrs. Professor Meinecke thus acquired as an inheritance a thorough training in the principles of the Spohrs violin method.

At the age of twelve he appeared in concert at Detroit; subsequently study-

ing with Henri Em, the Swiss violinist. As a concert violinist on Lecture Courses, Prof. Meinecke became known in Missouri, Kansas, Nebraska, and Michigan. Wherever he has taught in an academic capacity, he has been also a teacher of violin and orchestra director. In the latter capacities he has held positions in the Tennessee School of Music, Knoxville, Tenn., the Ladies' Seminary Conservatory at Red Wing, Minn., and in the Midland School of Music at Atchinson, Kansas.

Woman's Foreign Missionary society met Thursday evening with Mrs. Fred Miles. "Faith of our Fathers," sung

as the opening hymn, was followed by items showing what had been accomplished in the Foreign society through faith.

Much time was spent in planning for the convention to be held November 3 and 9. The society wishes to retain the reputation Holland holds as an ideal entertainer.

## WHEN THE WORLD BUSTS FINANCIALLY. THEN LIBERTY BONDS BUST - NOT BEFORE

Many citizens of Holland and vicinity fail to grasp the full importance of the Liberty Bond, the why of it; the need of it; the financial strength backing it.

In the first place Uncle Sam is asking for this money so that Marshal Irving, John Vander Woude Carroll Van Ark, Marinus Kole, Ben Rutgers, Elmer Poppe, Willard Leenhouts, and 250 other boys from Holland and vicinity; 500 from different parts of Ottawa County; 50,000 from our great state of Michigan, and 1,000,000 young men from our beloved country can be properly fed, properly clothed, properly nursed, and properly armed to go into battle against the Kaiser, and his gang, in order that democracy "may not perish from the earth."

If you fail in your duty these boys are going to suffer because you have neglected to supply the "wherewith" with which to get them those necessities that are so essential to win the war.

The fighting men, thousands of them, some at Camp Custer and many at a dozen other cantonments about the country, are in training, ready to give up their lives for their country. It is the privilege of those who must stay at home to make their dollars fight in their stead.

Ottawa county's share of the second great bond issue is \$1,863,750.00. Shall we raise it, or shall we shirk it? Are we to be slackers? WE ARE NOT!

For those who were unable to subscribe to the first Liberty Bond issue this second loan is an opportunity to take advantage of an investment that is both profitable and patriotic.

Nothing could possibly be safer, nothing could be better calculated to bring about a permanent peace with democracy triumphant. The war will be won only if all the people support the aim of the government.

Each citizen must help as best he can and there is no better way than by investing in the securities issued by this nation pledged to make the world safe for Democracy!

## LIBERTY BOND INFORMATION

How Safe are Liberty bonds?

The nations of the earth are nearly bankrupt owing to this bloody war instigated by the Kaiser and his ilk. The only big rich nation left is the United States of America. Uncle Sam is the banker of this world today. Well, Uncle Sam also backs the Liberty Loan. If Uncle Sam goes smash, all the world goes smash, and every bank goes smash—and we all would go smash, financially. Nothing like this is in sight, but the last thing to fail would be the Liberty Loan. So you can see how strong your security is. There is nothing on earth that is as safe an investment to the purchaser.

How are the bonds issued?

The bonds will be issued in multiples of \$50. A bond may be purchased for \$50, \$100, \$150, \$200, etc. You may buy on partial payments—only a dollar down on each bond, if you wish. Any local bank will take a subscription, without charge, and hold the bonds for you after they are issued, and will make liberal terms on borrowed money with the bonds as security until paid.

Is the bond taxable?

The new bonds will be exempt, both principal and interest, from all taxation, National, state or local, except inheritance tax.

What is the rate of interest and is there a premium on these bonds?

They will bear interest at the rate of 4 per cent. per annum and should the Government during the war issue bonds bearing a higher rate of interest, the present bonds can be converted into those paying the higher rate. Those holding three and a half per cent. interim receipts or the three and one-half per cent. bonds themselves, secured in the first Liberty Loan campaign, can have them exchanged for the 4 per cent. bonds without expense at any time.

The first bonds are already selling at a premium so it can be readily seen that besides having the safest investment that is possible to get the investment is even more profitable than an account in a savings bank.

Remember you are not doing the country a favor by investing in a Liberty Loan Bond. You are simply doing your "bit" and the smallest "bit" at that. You are simply protecting and safeguarding your Holland boys who are doing a heap more than you are.

You are upholding the dignity of this country; you are guarding the nation against autocracy and Kaiserism and at the same time you are laying away a comfortable nest egg for a rainy day.

You are holding a bond as good as gold, worth its face value and more at the cashier's window of any bank on earth—yes even in Berlin, where your Liberty Bond will finally bring our American Soldiers.

All the letter writer wants is ninety-eight cents to pay shipping charges. You will never see the silverware or if you do it will prove to be doll stuff of no value.

### WASHINGTON WANTS NAMES OF WOMEN

LIST OF TWENTY HOLLAND MOTHERS WITH SONS IN SERVICE SENT TO HEAD-QUARTERS

In order to make the Food Pledge Week Campaign in this city and in the U. S. Successful, the Food Admin'n. of Washington, D. C., has made an appeal for the names of twenty Holland women whose sons have been called into the military service. The Administration believes that the mothers of the boys in the camps will be the most vitally interested in the campaign and it is through them as leaders that an attempt will be made to secure the attention of thousands of other mothers.

The number of names of mothers whose sons are in camp is of course much larger than twenty in each community, but the department at Washington could use only twenty names from each district. These hundreds of thousands of mothers from all parts of the United States will be appealed to to help the Food Pledge campaign along. It does not mean that others should not get into the game, the department announces, but that these 20 should look upon themselves as a local committee to head the work.

The following names, chosen at random from the list have been sent to Washington: Mrs. Wm. Poppe, Mrs. A. Leenhouts, Mrs. H. Van Ark, Mrs. Zeigler, Mrs. George Lake, Mrs. J. B. Mulder, Mrs. C. Zwemer, Mrs. W. A. Cobb, Mrs. J. C. Post, Mrs. James Kole, Mrs. G. Moody, Mrs. Wm. VanAnrooy, Mrs. A. B. Bosman, Mrs. E. VanderWoude, Mrs. C. M. McLean, Mrs. L. Bell, Mrs. D. Steketee, Mrs. J. Rutgers, Mrs. J. Oudemolen, Mrs. James Irving.

### ASK RURAL SCHOOLS TO CO-OPERATE

COMMISSIONER STANTON WILL REQUEST TEACHERS TO TELL PUPILS OF WHEAT AND BEAT CONSERVATION

Thousands of Families in County Asked To Pledge Wider Use of Corn and Vegetables

County School commissioner N. R. Stanton will help along the food conservation campaign waged by the government by placing in the hands of every teacher in every rural school in Ottawa county a pamphlet prepared by the government showing the various ways in which the people of the country districts may help this movement.

The week of October 21 to 28 has been designated by the United States Food Administration as family enrollment week in the food conservation pledge card campaign. The government plans to enroll the 23,000,000 families in the United States in this movement and Mr. Stanton has been requested to carry the campaign to the rural homes.

The pamphlets to be placed in the hands of the rural teachers will show how the families enrolling may increase the wheat and meat reserves of the country by larger use of corn, vegetables and other products. Not only will the teachers be provided with these pamphlets but they will be asked by Mr. Stanton to emphasize the importance of the move to the pupils and to explain it to them in every possible way so that the message may receive the widest possible publicity in the homes in the rural districts.

The city schools in the county will be reached directly by the government. Probably few people know that one of the most famous writers in America today is making his home at Waukazoo. Charles Edward Russel, one of the members of the recent United States commission to Russia, and who has been contributing most illuminating articles to a syndicate of daily newspapers as well as to half a dozen magazines, spends his summers at the beautiful north side resort. He is not at home at the present time, but Mrs. Russel is still staying at Waukazoo, awaiting the return of her husband from one of his many trips for materials for his articles.

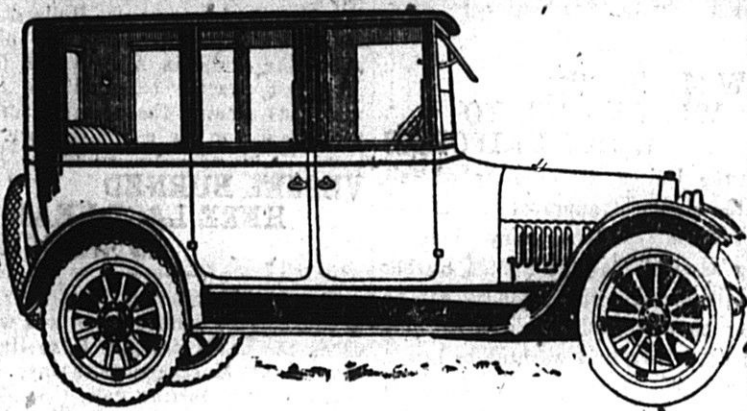

The Russels have made Waukazoo their home for several summers, and Mrs. Russel, who was Miss Hirschel, was a resident of the place before her marriage to the famous writer, her parents having a cottage there.

In some of the advertising matter that the magazines send out in regard to his articles Mr. Russel is referred to as "Charles Edward Russel of Holland, Michigan."

This month Hearst's Magazine is advertising extensively in that way an article by Russel entitled, "Russia in the Making."

### WARRANT ISSUED FOR MAN AND WIFE CHARGING ASSAULT

JOHN OLISKA AND WIFE TAKEN IN CUSTODY BY THE SHERIFF'S DEPARTMENT

Deputy Sheriff Lawrence De Witt went out to the Fifth Ward Grand Haven armed with a warrant for the arrest of John Oliska and his wife who are charged in the complaint with an assault against Henry Kaspak. Several days ago, it is alleged Oliska lost \$100 out of his trousers pockets at the tannery and he is said to have accused several of taking the money. According to the complaint upon which the warrant was issued, Mrs. Oliska and her husband met Kaspak last night as he was coming from work at the tannery and it is alleged that Oliska held the victim while Mrs. Oliska pounded him. The warrant was issued out of Justice Dickinson's court and was given to the officers to serve.

### JOHN J. RUTGERS CO.

CLOTHING, FURNISHINGS,  
SHOES

19 West Eighth Street

Holland, Mich., Oct. 2, 1917.

DEAR FRIENDS:—

This open letter to you is of the utmost importance especially at this time and for more reasons than one. In fact there are three reasons why you should be informed relative to the matter.

The FIRST reason is, that it will benefit you.

The SECOND reason is, that it will benefit us.

The THIRD reason is, that it will aid the Holland Fair, in which we are all interested and which is to our mutual welfare.

These are good and sufficient reasons in themselves but there is one reason which stands out strong, and that is the one where YOU shall be benefited.

Here it is:—From Oct. 2 until Oct. 12 the John J. Rutgers Co. will give to you a free ticket to the Holland Fair, in fact the entrance to the big Holland exhibition will cost you absolutely nothing.

You can get this direct benefit for yourself and family by making your Fall and Winter Clothing, Gent's Furnishing Goods and Shoes purchases at our store.

The inducement that we offer is this:—With every \$1.50 purchase we will give you a children's ticket for the Holland Fair, good any time during Fair week, FREE and on every \$5.00 purchase we will give an adults ticket FREE.

The tickets for the Holland Fair can be secured by purchasing anything in our store except rubber footwear.

In this way, thru some substantial purchasing, the buyer will be able to take his entire family to the Big Holland Fair Free. We leave it to you, can you find a better reason why you should not make your Fall buying count in taking advantage of our liberal Fair ticket offer?

Respectfully,  
JOHN J. RUTGERS CO.

### BOY HELPS COUNTRY BY LEARNING HOW TO KNIT

Little Willard Dekker, 13-year-old son of Mr. and Mrs. Henry V. Dekker, 354 Maple Avenue, believes that even he can do something for Uncle Sam to help the United States win the war. Not having any other way of helping he decided that he could learn to knit and make warm things for the soldiers under the direction of the Red Cross.

The youngster understood that many a boy would make fun of him if he should engage in this girl's occupation but he made up his mind that he could stand a little joshing as long as it was for the good of the cause. So he has learned to knit and examples of his work show that he is quite as good at it as the average girl.

He applied to Red Cross headquarters for yarn and has been supplied. In a week or so he will return in his completed articles for the soldiers and will be ready to do some more.

Marriage licenses were issued to W. Basterly and Ethel Peterson, Nunica; Herman Ratening, Holland, and Jennie Schipper, Zeeland; Albert J. Van Dyke and Mattie Van Dyke, of Grand Haven; Donald Hubbard, Hudsonville, and Belle VanHaften, James town.

### COUNTY AGENT PLANS TO HELP THE FARMERS

Ottawa County Agent Hagerman and Allegan County Agent Bentall will be in charge of the county agent exhibit at the Holland fair. Mr. Hagerman assisted Mr. Bentall at the Allegan fair and Mr. Bentall in turn will assist the Ottawa county agent. One of these men will always be on hand to meet the farmers and to give information.

Miss Hitchcock, the new Ottawa Co. Domestic Economy Agent, will also be in this department at the fair to exhibit to the wives and daughters of the farmers and city dwellers the methods of cold pack canning and various methods of home economy. This will be Miss Hitchcock's first introduction to many of the people of the county since she began her work only about a week ago.

Ezra Levine, muck crop expert of the M. A. C., will be at the county agent headquarters at the fair Friday afternoon for the purpose of meeting muck crop farmers and telling them about the means and methods of fighting the common diseases that infest such crops. There are a good many muck crop farmers in Ottawa county and their crops each year are worth many thousands of dollars. The presence of Mr. Levine at the fair will give them an opportunity to increase their value still more.

The county agent department at the fair will be ready to give farmers all aid and advice necessary. Demonstrations in diseases of plants and their cure will be conducted and there will be many things of interest for the agriculturist.

### MISSIONARY UNION TO MEET HERE

The nineteenth annual conference of the Woman's Missionary Union of the classes of Grand River, Holland and Michigan, will be held next Tuesday in the Trinity Reformed church in this city. Some 60 or 65 churches are represented in the Union and a large number of delegates are expected to attend the meeting in this city.

Among the speakers are: morning session—short address in Holland language, by Rev. John Van Ess of Busrah, Arabia; afternoon session, Mrs. Henry J. Scudder of New Jersey, representing the Woman's Board of Foreign Missions, Mrs. John Van Ess, missionary from Busrah, Arabia, and Miss Hendrika Hospers, of Dulce, N. M., missionary among the Indians; night session, Mrs. John F. Allen of New York, corresponding secretary of the Woman's Board of Domestic Missions; main address by Rev. J. Van Ess.

A cordial welcome is extended to the public and a large attendance is expected.

### TO GIVE PLAY FOR HOSPITAL BENEFIT

The Woman's Literary club is working hard on a play that is to be given for the benefit of the new Holland hospital. The date decided upon is Tuesday evening, October 23, and the performance is to be in the W. L. C. hall. "Mater," the play selected, was written by Percy Mackaye, one of America's foremost dramatic poets of today. The story concerns modern politics in an eastern city and it will hold the attention from beginning to end. The plot combines human interest with considerable literary power. The play has had successful runs both in New York and San Francisco.

A strong cast has been selected and the performance promises to be a creditable one.

### FELL CHOSEN AS CONDUCTOR BY KEELER

State Commissioner of Education F. L. Keeler of Lansing has appointed Supt. E. E. Fell of this city conductor of the Ottawa County Teachers' institute that is to be held in January. The appointment came in a letter to County School Commissioner N. R. Stanton.

The appointment of the Holland man is of considerable significance because of the fact that it will bring Mr. Fell to the attention of other parts of the state in the capacity of Institute conductor. Frequently conductors for these county institutes are selected by the state department of education from other states, and the men who do this work one year are often chosen to serve again and again in different parts of the state and in various states even.

During his several summers at Columbia University Superintendent E. E. Fell has come into contact with a great many of the best known educators throughout the United States, and County Commissioner Stanton believes that the fact that Mr. Keeler has chosen the Holland man for institute work in Ottawa will mean that he will be pressed into service again in other sections.

### ZEELAND GARAGE IN NEW HANDS

The Holleman-De Weerd Automobile Co., have purchased the interests of the H. De Kruif estate in the Zeeland garage and are conducting the garage in Zeeland now. This new company has been doing a very successful business in Byron Center for several years and have secured the Ford Agency for the townships of Zeeland, Jamestown and the east mile of Holland in Ottawa county, and the townships of Byron and the south half of Wyoming in Kent county. They will continue to conduct the Ford Agency at Byron Center. Their sale of Ford cars during the last contract year totaled 101.

### BIBLE CLASS PREPARES FOR BIG BANQUET

All the preparations have been made for a banquet at the W. L. C. Hall Wednesday evening by the Men's and Ladies' Adult Bible classes of the First Reformed church in honor of the 10th anniversary of the birth of these organizations. A fine feast will be provided, followed by a program and addresses. Albert P. Kleis will be toastmaster and the following program is scheduled: Invocation, Prof. A. Raap; opening remarks, Rev. H. J. Veldman; song, Male Quartet; address, Rev. P. P. Cheff, Zeeland; remarks, Mrs. H. J. Veldman; song, Male Quartet; address, "Lights and Shadows of Prison Life," by Grover A. Jackson, chaplain of the Jackson State Penitentiary; song, "America," audience.

### NEW MACHINE WITH WHICH TO WASH UNIFORMS

If the United States army officials put the stamp of approval on the new Lutes-Sinclair portable army laundry being assembled at the Benton Harbor Laundry machine plant, Sammy will no longer have to scrub his own clothing on bended knee in a washtub or brook. The portable laundry, following the moving column, will wash clean, dry and press his entire uniform, from socks to blouse.

By Friday it is thought the movable laundry will be hauled in a practice trip, from Benton Harbor to Camp Custer, Battle Creek, where it will undergo rigid tests.

The outfit consists of a 20-horsepower steam traction engine and four "cars" mounted on trucks.

The idea is the invention of J. P. Broadbent of South Bend, a prominent laundryman in both that city and Chicago. When on the road the laundry train will appear like a small freight train of four cars. It road speed will be two and one-half miles an hour.

In one of the heavy trucks two large Lutes-Sinclair washing machines, manufactured in Benton Harbor, will be carried, in another truck will be carried water tanks with pumps, in the third truck extractors; and in the four the pressers and "tumblers" for drying clothes.

The equipment is for military needs only. There is no provision for fancy work.

At the end of a day's march, the four trucks will be drawn up in the form of a square by the tractor, a belt will then be connected from it to the washers and through ingenious arrangement to the extractors and pressers, and the clothing of three thousand men may be cleaned efficiently, dried and pressed during the day. Besides installing the laundry machinery the Lutes-Sinclair firm of this city will build the superstructure of the trucks and all will be sent from this point into service.

### HOLLAND HAS HIGH NATURAL INCREASE

There were 96 births in Ottawa Co. during August, according to the Bulletin of Vital Statistics just issued by the Department of State for that month, and 47 deaths. In Allegan county there were 71 births and 38 deaths. In Holland the number of births was 29 and the number of deaths 9; in Grand Haven 16 births and six deaths; in Allegan, five births and five deaths.

Holland always has had a high birth rate compared with death rate, making the rate of natural increase here a high one. As compared with Allegan for August, for instance, Holland had more than three times as many births as deaths, while in Allegan the death rate just exactly balanced the birth rate thus placing the natural increase percentage for the month at zero.

### VESSEL BURNED HERE LAST YEAR IS WRECKED

The Ida M. Stevens, a pioneer tug of Muskegon's Lumber days was wrecked on the beach near the Lake Harbor channel at Muskegon Saturday, as a result of the terrific gale that swept the lake Saturday, and John King, aged 50, a sailor of the Great Lakes for almost a quarter of a century, lost his life.

The doomed vessel is the same that was burned at Virginia Park on Black Lake about a year ago. It has since been repaired and put back into the service. Captain Roy Love, of the tug, well known here, escaped death in Saturday's storm by leaping from the craft with a life belt and being tossed ashore. Love was in a serious condition when rescued.

### TORCHES TO BLAZE TO HELP LOAN

The windows of 8,000 Michigan school buildings, both city and suburban, will flash forth the light of liberty during the evening of Monday, October 15. Defiance of the country's enemies, the outward sign of a high and holy purpose and the signal of a solemn promise will be embodied in the illumination which will feature the closing of the state's Patriotic Day and the first step in a seven days' campaign to raise Michigan's \$126,000,000 quota of the country's \$3,000,000,000 war loan.

Arrangements for the celebration of the opening of the Liberty loan campaign are in the hands of the state publicity committee, composed of representatives of the state press, whose headquarters are in Detroit. The committee has the backing of the state's chief executive, Governor Sleeper, the Michigan advisory Liberty loan organization and the newspapers, and every effort is

being made to have the occasion stand out as the greatest in the history of patriotic endeavors.

Holland no doubt will stage a demonstration and not alone should the schools be lighted but every home should make preparations for proper illumination.

**No. 325****AN ORDINANCE**

To amend Sections One and Two of an ordinance entitled "An Ordinance Relative to Soliciting Funds or Aid on the Public Streets, and Public Places in the City of Holland," passed May 6, A. D. 1914 and approved May 6, A. D. 1914.

The City of Holland Ordains.

Sec. 1.—That Sections one and two of an ordinance entitled "An Ordinance Relative to Soliciting Funds or Aid on the Public Streets, and Public Places in the City of Holland," passed May 6, A. D. 1914 and approved May 6, A. D. 1914 be and the same are hereby amended so as to read as follows:

Sec. 1.—It shall not be lawful for any person to solicit funds, aims, aid, assistance or support for himself, or any other person or object or to solicit the same by means of any device or subterfuge, such as the selling pencils, shoe-laces, court-plasters, or any written, drawn, or printed matter, or any other article of handiwork or commodity, in any of the streets or public places, or from house to house in the City of Holland, unless such person shall have first obtained a written permit for so doing.

Sec. 2.—Any person desiring such permit, shall make application therefor to the City Clerk in writing, which application shall state the name, age, residence and sex of the applicant, the object for which such permit is applied, the time during which the applicant desires the same to be effective, and if it is proposed to solicit moneys from the general public, within the provisions of this ordinance, for any religious, charitable or humane purpose, such applicant shall agree in said application, and is hereby required to file with the clerk, at the termination of said permit, a full, complete and detailed report in writing, showing all the moneys collected for any such purpose and the sources of the same. Such application shall then be referred to the Mayor for his approval, and if he approves of the same, a permit shall be issued by the City Clerk, in accordance with the terms of the application. Each person to whom a permit is granted shall wear a suitable badge, to be provided by the city of Holland, for such purpose, which shall be worn so as to be plainly visible, and no permit so issued shall be of any force or effect, unless such badge is shown. A deposit of dollar (\$1.00) shall be required from the applicant at the time of issuing said badge, unless such payment shall be expressly waived by the Mayor.

Sec. 3.—This ordinance shall take effect twenty days after its passage. Passed October 3, 1917.

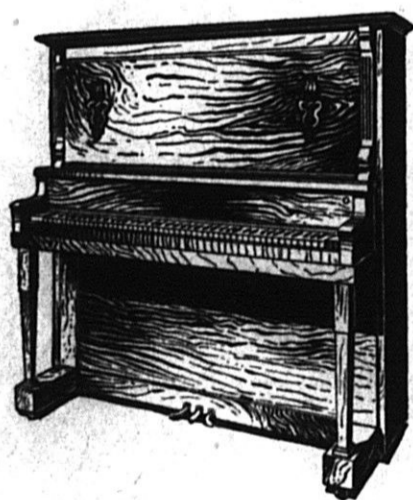

Approved October 4, 1917.

JOHN VANDERSLUIS, Mayor.  
Richard Overweg, City Clerk.

## LOCALS

George E. Kollen was in Grand Rapids on business today.

G. J. Diekema has been on the sick list for a week. He is recovering.

Charles Ayers of Jenison Park was arrested for drunkenness.

Miss Josie Andree has returned from a five weeks' visit in Lafayette, Ind.

Dick Boter, Alfred Joldersma, Dick Schaftenaar, Henry Veining motored to Battle Creek Cantonment today.

Jim Doyle, for years a resident of this city and lately of Jenison Park has moved to Grand Rapids.

Mrs. John Spyker of Grand Rapids is spending a few days with her mother Mrs. H. Brinkman, 74 East 13th St.

Rev. and Mrs. J. Althuis of Lafayette, Ind., motored to Holland for a week's stay the guests of Mr. and Mrs. S. J. Althuis on River avenue.

Peter Gunst left Tuesday for Chicago. From there he will accompany his daughter, Mrs. Henry Kelyn, to Tacoma, Washington.

Andrew Steketee, Jr., of the Steketee Dry Goods store has returned from a cloak buying trip to Cleveland and Toledo.

The Misses Minnie and Kathryn Nykerk entertained in honor of Miss C. Kathryn Layle of Bay City. Dainty refreshments were served.

The Apollo will show Alice Brady in "A Woman Alone" Friday. This is a very good picture and should be witnessed by all lovers of good movies.

Fred De Jongh, Hope's pitcher for the past two years, has been making a name for himself pitching wonderful ball for the cavalry troop at Eagle Pass, Texas.

Dick Boter, Rev. Bouwerman, Miss Henrietta Warnshuis, Miss Hattie Lamm and Miss Cora VanderWerf motored to the Sunday school convention at Coopersville Friday morning. Miss Warnshuis presided at the pipe organ, accompanied the chorus.

In order to cut down expenses and keep the cost of meals as low as possible, the men boarding at the Voorhees dormitory, are taking turns at waiting on table. A new corps of waiters takes charge each week. As yet no casualties have been reported.

Cornelius Fred DeJongh, '19, with the U. S. cavalry at Eagle Pass, Texas, has been made a first class private. "Bob" Dosker, '19, with the same troop, in open competition, won the position of trumpeter. Hope men certainly are climbing the ladder to generalships.—Hope College Anchor.

The exemption of 30 Muskegon men by the district board at Grand Rapids on industrial grounds has greatly cheered manufacturers of that city, the majority of whom are busy on government contracts as already labor of the skilled variety is proving extremely difficult to obtain.

Mrs. Meengs nearly 80 years old, living at Ottawa Station has sent two pairs of socks to the local Red Cross as a donation. It represents her part in the work for Uncle Sam. The local committee has acknowledged the gift with thanks and will furnish the old lady with yarn in case she desires to do more knitting for this purpose.

The Lyman H. Howe Festival at Carnegie Hall this evening has been given in many important cities in the United States. So high class are the Howe entertainments that they take the place of regular programs in large theaters for long runs. There will be no reserved seats, this evening, each ticket holder taking his chance.

# "AMERICA TO SAVE THE WORLD"

The October meeting of the Home Missionary society of the Methodist church was held at the home of Mrs. O. D. Bottume. "America to Save the World" proved a very interesting topic.

Mrs. Bouwerman conducted an exercise entitled, "In His Place." This showed that one-half of the population of the United States is foreign-born or of foreign parentage. More than 15,000,000 foreigners have come to our shores within the past one hundred years. A reading on "Mormonism" was given by Mr. Ingham; "A Daughter's Story," by Ada Whitman; "A Teacher," by Lucy Moody; "Womanhood and Polygamy," by Mrs. Stalker, and "Mormon Missionaries and How to Meet Them," by Georgia Atwood.

Enigmas were arranged by Mrs. Moody.

A barrel of fruit is being prepared for the Deaconess Home in Grand Rapids, also a Mission box for the Jessie Lee Home in Alaska. A hearty birthday greeting was given Mrs. George Nash who is more than 70 years old. Two members were enrolled. Tea was served.

# HUDSONVILLE BOY IS SHOT WHILE HUNTING

Hudsonville, Oct. 10.—Lee Edson, son of Guy Edson, suffered a severe gunshot wound last evening while hunting with Herman Telgenhoff, three miles west of Hudsonville. It was nearly dark when Telgenhoff started a rabbit which ran in Edson's direction. Seeing nothing but the game, Telgenhoff fired and the entire charge entered Edson's legs. It is estimated that at least 150 shot entered the boy, nearly all of which were buried too deep to allow removal. Dr. Brooks of Grandville was called and administered first aid to the wounded lad. The doctor says that Lee will get along all right if blood poisoning does not set in.

Miss Julia A. Soule, who for the past several years has been supervisor of the Ottawa County Normal school in Grand Haven, and who resigned her position last year, has left for Chicago where she will take up some special studies in the Chicago University.
