NUMBER FORTY-ONE

I am only a cog

I am only a cog in a giant machine, a link of an endless chain:—

And the rounds are drawn, and the rounds are fired,
and the empties return again;

Railroad, lorry and limber, battery, column and park;
To the shelf where the set fuse waits the breech,
from the quay where the shells embark.

We have watered and fed, and eaten our beef; the
long dull day drags by,

As I sit here watching our "Archibalds" strafing an
empty sky;

Puff and flash on the far-off blue round the speck
one guesses the plane—

Smoke and spark of the gun-machine that is fed by
the endless chain.

I am only a cog in a giant machine, but a vital link
of the chain;

And the captain has sent from his wagon-line to fill
his wagons again;

From the wagon-limber to gunpit dump; from
loader's forearm at breech

To the working party that melts away when the
shrapnel bullets screech.

So the restless section pulls out once more in column
of route from the right

At the tail of a blood-red afternoon; so the flux of
another night

Bears back the wagons we fill at dawn to the sleep-
ing column again—

Cog on cog in the gun-machine, link on link in the chain!

C—, by Gilbert Frankau

GILBERT FRANKAU

The ammunition carrier is only a link in the great war machine, but he is as vital a link in the chain as the man who goes over the top. And back of the ammunition carrier comes the ammunition maker and the railroad worker and the thousands of varieties of war workers until it all comes straight home to the individual man and woman

who helps save the necessities of life and refrains from wasteful spending in order to help our fighting men. Every link in the fighting chain, every cog in the war machine must be of the strongest steel. Every heart must be steel against waste these days. We are all part of the great battle—let us each do our part and make it a great part.

Let us buy the Bonds we know *they* want us to buy!

America's Coming of Age

by Dr. Frank Crane

America is coming of age.

The nation's hundred years of democracy have been but the preparation for its manhood.

It is a cheap jibe to say that America was unprepared for this war. It has had the mightiest preparation in the history of nations. For over a century Destiny has been preparing in this New World a spirit of triumphant Democracy. Such a spirit cannot be made. It must be grown, inbred.

On this Western Continent Destiny has been training the young Galahad for the rescue of the world.

Nature has an antidote for every poison.

American Democracy Is the Antidote for German Autocracy

Every one of our wars has been for the same purpose: to liberate the common man.

The Revolution of 1776 was to get the privileged class of England off the backs of the American Colonists who were redeeming this wilderness.

The War of 1812 was to rescue American seamen from oppression.

The Mexican War was to liberate the settlers of Texas from the whimsy cruelty of Mexico.

The Spanish War was to save the people of Cuba from the tyranny of the Spanish Government.

Every time our army and navy have gone forth it has been to clean up some filthy autocracy.

But all of our wars have been but a preparation for our present task. We did not realize it. No man foresees his Destiny, no nation foresees its mission. Yet the life of every nation, as of every man, is a plan of God.

God has been piling up riches on this continent until we are the wealthiest nation in the world. He has been sharpening our inventive skill

and our business ability. Our training has been intensive.

Now God says, "America: you are come of age. All I have done for you is to prepare you for the present conflict, for your real work. Go forth and make the world a decent place to live in."

At this time every son of America is called upon to do his utmost. The slacker is a traitor.

We are sending men across the ocean, men who are physically and mentally the pick of the world, an incomparable army. But the men at home must back them up.

It is as much our solemn duty to put our money into the Fourth Liberty Loan as it is the duty of the soldier to stand firm at his post in battle.

This Fourth Liberty Loan is to be our supreme effort. God helping us, we shall not be found wanting. Let us subscribe all we can, and a little more.

America, Civilization, Democracy, Humanity expect every man to do his duty.

Don't Hedge—Buy Fourth Liberty Loan Bonds to Your Absolute Limit!

Germany's Terms

By Count Roon

Germany is entitled to the following terms because of its strength, and until they are realized there should be no armistice:

Annexation of Belgium. Annexation of the entire Flanders coast, including Calais. Annexation of the Briey and Longwy basins and the Toul, Belfort and Verdun regions eastward.

Restitution to Germany of all her Colonies, including Kiaochow.

Great Britain must cede to Germany such naval bases and coaling stations as Germany designates.

Great Britain must give Gibraltar to Spain, cede its war fleet to Germany, give Egypt and the Suez Canal to Turkey.

Greece must be re-established under former King Constantine, with frontiers as before the war.

Austria and Bulgaria will divide Serbia and Montenegro.

Great Britain, France, and the United States must pay all of Germany's war costs, the indemnity being a minimum of \$45,000,000,000.

They must also agree to deliver raw materials immediately.

France and Belgium must remain occupied at their expense until these conditions are carried out.

How Are You Going To Answer Germany's Peace Terms?

THE greatest advertisement for the Fourth Liberty Loan of the United States of America has been written by a Prussian.

His name is Count Roon and he wrote it as a member of the Prussian House of Lords. It is printed above. Read it carefully.

Forty-five billion dollars or more indemnity!

This, then, is the price the world must pay for a victorious German peace. This, then, is the footnote to the Kaiser's prayer, expressed in the coldest terms of plainest business.

This is the meaning of war to the Prussian, as he proclaims his battles righteous, prosecuted in self-defense.

Oh, you men and women of America, is there a dollar in all this land to-day so tightly held that it will not now come forth to answer the swaggering arrogance of the Hun?

These days will tell, for as you place your name upon that subscription blank for Liberty Bonds you state the price your land, your liberty and democracy are worth to you today.

Now how are you going to answer the "peace terms" of the kaiser and his band of murdering buccaneers?

"Giving gold dollars for fifty cents" is an old expression often used in terms of real bargaining but that is just the term that may be applied to the offerings that the merchants are going to give on Thursday, October 17, which will be Holland's second annual dollar day.

Dollar day last year was a great success. In fact the merchants were greatly pleased, not so much at the profits, which if any, were very small on that day, but rather that the crowd of patrons who came to purchase and returned home again pleased at their treatment.

The Holland merchants have been preparing for this day, and dollar day purchasers can be assured that some great bargains are going to be thrown upon the counters for the buyers to select from.

One merchant for instance is going to give a \$10 discount right from the go in. Another merchant is going to sell 35c gingham, 4 yds. for a dollar, and fine white dresses sold for \$3.50, going for \$1 on dollar day.

Another merchant sells these: seven Huck Towels at 19c, total value \$1.33, for \$1, saving of 33c on a dollar. 3 1/2 yds. of Eden Flannelette at 39c a yd., total value \$1.33, for \$1, a saving of 33c on dollar day.

We might give an endless list that has been prepared by different merchants in all lines that in many instances are even more flattering than the few of the figures here given.

The merchants are vying with one another and outdoing themselves when it comes to dollar day values.

Some of the bigger surprise ads. with unheard of prices in these war times will be sprung in a few days.

Don't fail to come to the bargain fest on Thursday, October 17.

It will be the best money you ever spent and another way to pay for your liberty bonds.

TRAIN WITH GERMAN WAR TROPHIES AT DE- POT TOMORROW

SPECIAL TRAIN WILL STOP HERE
FRIDAY MORNING FOR TWO
HOUR STAY

Shows the War Trophies; Many Ar-
ticles of Service Will Be On
Display

The United States government's war exhibit train will come to Holland on Friday morning of this week at 7:30 and will remain here until 9:30 during which time Holland people will be permitted to go on board the cars and view the trophies of the war which are carried. Many articles, both large and small are in the exhibit, including a German Fokker plane, German Trench mortar, German machine guns, ammunition wagons, howitzers, whizz-bangs, heavy artillery pieces, and many bits of German equipment. The train is sent out by the government in the interest of the Liberty Loan campaign.

The train is made up of three flat cars, loaded with captured cannon, German air planes and like trophies, a box car containing thousands of smaller articles, a sleeping car carrying a lecturer and an escort of soldiers and a company of sailors.

The party with the exhibition car, about twenty in number will be entertained while in the city by the war board of this city and a breakfast will be served to them, before their departure. Local committees are now making arrangements for this part of the entertainment.

The war exhibit train is being sent out for the purpose of giving the people of the United States a glimpse of some of the things their enemy is accomplishing. Some of the cars contain exhibits of American war material and American inventions which are being used "over there" by our men, who are fighting the battle for liberty.

All of the exhibits are open to the public and Holland people will have two hours Friday morning in which to see it all. A lecturer with the train staff will explain the articles. As many people as possible are urged to visit the train and see for themselves the trophies.

The train will be placed on a side-track at the P. M. depot and citizens can view the captured war specimens from 7:30 until 9:30 a. m. tomorrow.

The war board suggests that the managers of the local shops allow their men to see these trophies during these two hours.

HOLLAND SUGAR FACTORY TO START MONDAY

BETTER CROP MUCH BETTER AND
LARGER THAN LAST

YEAR
Sugar Company Has a Locomotive of
Its Own.

The annual sugar campaign will soon be on. Monday morning, promptly at 7 o'clock the local factory will start with a double shift and for the next three months will be working day and night until every beet from this vicinity and from the territory adjacent to Holland has been cut and ground and converted into sugar.

The crop is considerably larger than last year and the beets are of fine quality.

The Holland-St. Louis Sugar Company has been making a great many changes at the local factory. Eight tracks, each some thousand feet long gives the factory ample switching room to handle their cars, in fact the factory has a veritable railroad yard directly north of the plant. Three new switch tracks have been laid this year, and a twenty-two ton crane and locomotive has been installed and the company is now doing its own switching of cars, it being able to switch 11 cars at one time.

The crane can unload a car of either beets, coal or limecock in less than a half hour. The purchasing of the crane was made necessary because of the shortage of labor at this time.

A large tressel has also been built over a beet pit that can hold 250 tons of beets. Carloads of beets are run upon the tressel and are then dumped into the pit until filled. The filling of this pit is done in the day time and each night this large cement pit is emptied of 500,000 pounds of beets that pass over the beet wheels into the factory where they are sliced, and are started through the process of being converted into sugar.

It would be well for our citizens to inspect the many new improvements that have been made at the local plant in the past year, and which are not generally known by the public. Anyway Holland's sugar mill will be grinding again next Monday.

FOUR BOYS ARRESTED FOR COONING WATER MELONS

Four boys were arrested for cooning water melons from the patch of J. Van Huizen near Waverly.

The boys claim that only five melons were cooned one bright moonlight night, but the owner claims that several dozen were placed in a sack, and then smashed indicating a wilful destruction of property which benefited no one.

The boys claim that other parties who came later, did the destroying and in order to cover their tracks pointed them out as the real perpetrators of the crime.

It is said that the cooners are going to squeal upon the real offenders and until that time the names of all concerned will be withheld.

WHO IS JOKE ON, MR. STANTON OR HIS CRITIC?

STANTON DOES NOT OWN ALL
THE SCHOOLS IN OTTAWA
COUNTY

A laughable little incident was brot about the other day relating to Nelson R. Stanton, and the Ottawa County rural schools.

A man who does considerable riding around in the country reproached Mr. Stanton for naming all the schools after himself. He told Mr. Stanton that no other commissioner had ever taken it upon himself to perpetuate his name by applying his own.

Mr. Stanton told his good friend that he had better take another spin in the country, and wipe the dust out of his eye-glasses at the first opportunity when he ran across another rural school.

This his critic did, and then instead of reading Stanton schools, he read Standard Schools, of which there are some thirty odd in the county.

Ottawa county stands second in the number of its Standard Schools and Allegan comes first.

The Stanton Standard schools show efficiency and the fact that we have so many of them shows that Ottawa county ranks high in its rural school system.

Gerrit Glupker left for M. A. C., at Lansing, where he is taking a course in military training.

FALLS ON FLOOR DIES OF HEART FAILURE AT HOME

JOHN A. WILTERDINK AGED 79
HAS BEEN CONNECTED WITH
ONE CHURCH 55 YEARS

Enlisted for Service in Civil War in
The 25th Michigan Infantry,
Company I

At 8 o'clock Wednesday evening John A. Wilterdink, living on 24th St. south of the city was found lying dead on the floor of his room.

For a few days the old gentleman, who is 79 years of age, felt slightly indisposed. Yesterday however, he was feeling his usual self, and towards evening lay down to nap.

His son Edd called him softly at the supper hour, but as he did not respond, thought he might be sleeping.

At 8 o'clock in the evening his brother came to visit him, and the son then went to the room of Mr. Wilterdink, found him on the floor dead.

Apparently Mr. Wilterdink tried to get up at the supper hour when called, and was taken by heart failure.

Mr. Wilterdink was one of the old pioneers of '47, coming here a year after Dr. A. C. Van Raalte. They made the trip over the Atlantic in a sailing vessel in one of the most stormy seasons known at that time, the trip consuming many weeks.

Mr. Wilterdink allied himself with the old Van Raalte church from the beginning and for 55 years he has been a constant worker in the First Reformed church in this city and with the exception of a few years as a deacon, he has served that church constantly as an elder.

The funeral will take place Saturday at 2 o'clock from the First Reformed church, Rev. H. J. Veldman, the pastor of the church officiating.

The wife of Mr. Wilterdink died 23 years ago. The only survivors are a daughter, Mrs. D. Dykstra, missionary in Arabia and a son, Edd Wilterdink at home.

Mr. Wilterdink was a member of A. C. Van Raalte Post G. A. R. of this city.

RED HEAD CROSS QUARTERS

In the windows of the Red Cross Headquarters at the city hall there is a large sign that indicates that this is where the ladies of Holland gather to do things and to make things for our boys in France.

One window has the word red, and another window has the word cross, while right below in the two windows Headquarters appears.

By the pulling of the shades the sign is sometimes peculiarly camouflaged. If the north shade is down and the south one up the signs read Red Head. If the south shade is down and the north one up the sign reads cross quarters.

If both shades are up the sign reads Red Cross Headquarters.

The sign has created a great many laughs at different times. It is all according to how the curtains in the G. A. R. rooms are drawn.

OGDEN ALSO BOOKS SHOWS FOR GRAND HAVEN THEATER

Starting next Monday the 14th the Knickerbocker will house its own stock company. On account of the shortage of traveling shows that season, Manager Ogden decided to organize a company of his own--every artist has been carefully selected and the best company ever here is promised. The company will play here every Monday, Tuesday, Friday and Saturday and will play at Grand Haven on Wednesday and Thursday. Mr. Ogden having the booking of the Grand Haven House this season. The Knickerbocker will show on Wednesdays and Thursdays the highest grades of motion pictures at 10 cents for any seat in the house.

HOPE COLLEGE HAS 23 MEN IN FRANCE

The Hope Honor Roll, which was published in the current issue of the Anchor, discloses the fact that Hope now has twenty-eight representatives in France. This roll includes only those who were students in the local institution on or since April 6, 1917, the date of America's entrance into the war.

Although he did not find the sleeping conditions on the horse cars in France as nice as his feather bed at home, Sergt. William H. Loftis of the U. S. Marines writes back to his parents Mr. and Mrs. P. Loftis of Coopersville that he slept equally well on the box car floor. He enjoyed his trip but incidentally mentions that he was tickled to get off the ride.

MUST HAVE Y. M. C. A. WHEN BOYS GET BACK HOME

AN ENTHUSIASTIC MEETING WAS
HELD WEDNESDAY
EVENING

Petitions For Members Are Now Going
Around in the Holland
Factories

At an enthusiastic meeting of the Board of Directors of the Holland Y. M. C. A., it was decided to boost the "Y" this winter. Petitions will be circulated in the factories for memberships. There will also be a petition left at Fris' Book store for those desiring to join this year. The married men will especially be urged to come this winter. There will be no factory league as in other years because war conditions prevents, but it is hoped that the men who played in this league will join the "Y" this year just the same for the good of the young men and the city of Holland.

If the membership is large enough there will, probably be three nights a week given to the boys and with this arrangement one night will be given over to basketball, one to indoor and the other to miscellaneous pastimes. The Y. M. C. A. will probably be the only avenue where sports will be staged this winter and it is expected that from the material available Holland will have a real All Star Indoor Base Ball and Basketball teams this winter.

Remember we must not forget our Y. M. C. A. Holland must have one when the boys get back.

HOPE COLLEGE IS AHEAD OF TIME

That Hope College does not have to get new ideas from Washington was again demonstrated this morning when President Dimment read a communication from the capitol suggesting the institution of group singing in connection with the S. A. T. C. course of study. Group Singing has been conducted by Professor J. B. Nykerk every morning since Oct. 1.

AS THEY SHINE

The azure star is of the morn,
The shadows of the night are gone,
Bright colors all the sky adorn
As bright it shines amid the dawn;
It tells of hopes and deeds new born
And life and health and carry-on
The golden star is of the twilight
That fills the land with mystery;
It tells of sacrifice for Right
And deeds to live in memory.
Immortal star! to make more bright

WHY NOT TRY THIS ON THE HOLLAND SPEEDERS?

The following item from the Detroit Free Press might be a good way to swell Holland's Liberty Loan:

"Ninety and nine of the automobile speeders tried by Justice Sellers Friday made deposits on Liberty bonds in stead of paying fines. In full or partial payment for bonds of \$50 and \$100, the 99 left \$1,325 of the amounts they had deposited with the police as security for their appearance. Ten paid the entire \$50."

WILL CRISP CREAMERY GO TO THE BAD?

A notice is being sent out to the stockholders of the Crisp creamery that is not very reassuring to the farmers in that vicinity. Maurice Luikens, the secretary and treasurer has sent out the following notice to a hundred or more shareholders, which seems to indicate that this staid old plant that was established in 1897 is also traveling the rocky road financially.

The notice sent out by the secretary follows and is self-explanatory:
October 2, 1918

Mr. Stockholder:

You are hereby notified that at a special meeting of the stockholders of the Crisp Creamery held Sept. 27, 1918 it was decided to levy an assessment of 37% on all stock, to be paid to the treasurer of said company within ten days of the date of this notice. Said assessment is levied to cover the deficiency now existing in the funds of this company. If not paid proceedings in bankruptcy will be started.

Maurice Luikens, Sec-Treas.

Address: Holland, Mich., Rfd. 2.

This notice is important to our readers only in so far that it is quite a coincidence to note that since the war creamery business has been on the toboggan, not here alone, but everywhere throughout the country.

War has brought on many changed conditions. Condensed milk and cheese constitute no small part in the diet of our soldiers abroad, and of the soldiers of our allies, consequently all over the country where dairies are plentiful, condensaries have sprung up, nearly over night, and cheese factories have either been started or have enlarged their capacities.

The result has been that these mushroom institutions have been paying big prices for milk and the by-products—in fact greater prices than it was possible for creameries to pay.

The result was that the clientele of the creameries quickly dropped away, and the farmers' milk was poured into the channels which temporarily brot a more lucrative stream of gold. To show that this holds true right in this vicinity, we can cite the old Boreno creamery which has been out of business a couple of times within the past two years, is now in business again, because the farmers believe that this creamery should be kept up, so that after the war the ones who did leave will return to their old established dairy market.

The Harlem creamery has turned out to be a weigh station for the Phoenix Cheese company of Zeeland. The Banner Creamery, east of Olive Center, is now supply station for the Coopersville condensary. The farmers should not lose sight of the fact that the war is not going to last forever, especially judging from latest reports and for that reason they should not cut away from their creameries altogether, as in the very near future the creamery will come into its own again, and the farmer will come back to his first love.

It is hoped that the creamery managers and stockholders may not become discouraged in the meantime to continue, or to start up again if the creamery has been discontinued.

CAN'T HAVE ANY MORE SUGAR UNTIL DECEMBER

The Allegan grave digger, Fred Brown, might as well be dead. He and his family had too many sugar cards and for that reason the Oakwood cemetery board took away his spade and he can't dig any more graves. The war board fined him \$10 to be given to the Red Cross. They also instructed the Allegan grocers not to sell him or his family any more sugar until December first.

SOLICITORS LAY OFF ON \$50,000.00 THREAT

The picture frame men, one of whom threatened the other night to sue the city of Holland for \$50,000 because chief of Police Van Ry interfered with his game of selling enlarged pictures of soldier boys, Saturday found themselves ingloriously cited before a justice of the peace, and as a result two of them are in the county jail and the other paid a fine and costs.

The boys are Wm. H. Church, Sam Sweetman and Lester O. Crispen. They were about to leave the city, having decided that that \$50,000 would not be immediately forthcoming. They had decided to try out some other community that would be more "easy." Unfortunately they did not remember that a minor is not allowed to smoke cigarettes. An officer caught them in the act of smoking the "cotton nails" at the P. M. station. He then swooped down upon them and gathered them in. Saturday morning the boys, very much less cocksure than before, appeared in the court of Justice Robinson. Crispen paid \$4.45. The other two boys went to the county jail for five days.

CLUB FAVORS THE VOLUNTEER SYSTEM

At a meeting of the Forward Movement club Friday evening that organization went formally on record as being in favor of the Volunteer Plan of subscribing for the Liberty Loan as it was tried out in Ottawa County. The meeting was held at the home of Mr. and Mrs. Dick Miles, Central Park. H. Vander Werp read an interesting paper on "Business After the War". This led to a spirited discussion chiefly on whether or not the government shall turn over the ships it is now building for the American Marine to a private corporation. The consensus of opinion was in favor of the government retaining the ships after the war. It was pointed out the government could go after bigger business than would be possible for a private concern.

A number of the new members recently elected were present at the meeting. Dainty refreshments were served by the host and hostess.

ZEELAND MAN PASSES AWAY IN FLORIDA

Although Spanish Influenza has as yet claimed no victims in Holland or Zeeland, it has claimed a man well known in both places in the person of Prof. Herbert Keppel of Gainsville, Florida. Prof. Keppel died late Saturday evening at his home in Florida, after an illness with the disease and complications for about ten days. A telegram to the family in Zeeland Sunday told of the death. The body is expected to arrive in Zeeland about Thursday or Friday and the funeral will be held on Saturday. The detailed funeral arrangements will be announced later.

Prof. Keppel was during the summer appointed by the National War Work Committee to make a survey of the teaching of mathematics in the naval stations of the Southwest. It was while on one of the trips in this work that Prof. Keppel caught the disease that ended his life.

Prof. Keppel was 52 years old. He received his education at Hope College. After leaving that institution he attended the University of Michigan. He received his degree as Doctor of Philosophy from Clarke University. He taught in the Northwestern Classical Academy of Orange City, Iowa, in Northwestern University and in the University of Florida. He held a position at that place at the time of his death.

Prof. Keppel was married about a year ago to Miss Anna Kromer of Detroit, who survives him. He is survived further by: his mother, in Zeeland; two brothers, Thomas Keppel, of Detroit, and Dr. John Keppel of Longansport, Ind., and three sisters, Mrs. Matthew Duven of Greenleaf, Minn., Miss Margie Keppel of Zeeland and Mrs. Theodore Moerdyke of Zeeland.

SUNDAY JAS SLACKERS MUST LOOK OUT

A great majority of Holland's citizens are obeying the government order to conserve gasoline on Sunday, and this city, generally speaking has been having gasless Sundays.

There are some however, from Holland and vicinity, and not a few from abroad who seem not to be conversant with the new rule, even six weeks after its inauguration.

Sunday every policeman in the city carried with him his eagle eye, and his note book, and in the evening the result was that 52 violators had been rounded up, questioned, their license number taken, and beside the model of their car was jotted down on the patrolman's pad.

These names have been turned over to the officers of the A. P. L. who are sending requests to the violators to appear in person at police headquarters at the city hall at an hour written down in the blank "on a matter of importance to yourself and the government."

The violator is requested to bring the notice with him.

What is going to happen to the gas violator is a matter of conjecture. The officers of the A. P. L. have some plans for first, second and third violations, which no doubt will be made public later, with the name of the violator attached.

Most of the offenders seemed to be very religiously inclined, for when questioned they stated that they were on their way to church. However, when followed by the motor cop, it was found that they and the church did not get acquainted very readily during the day.

One offender came speeding in from Grand Rapids and when the man at the wheel was questioned by an officer, he said, "Why, we're just riding around." The lady in the rear seat said, "Why no, Joe, we're going to church." The officer snapped out, "What church?" They mentioned some street upon which no church existed, when the officer said, "No church on that street, make tracks to where you came from." The motorist turned his machine around, and made a hasty exit from the city in the direction of Grand Rapids.

The A. P. L. of this city has thus far been lenient with gas violators, but the persistent offenders will find a different state of affairs after last Sunday.

AUTOS TO BE GIVEN OFFICIAL STAMP

After this the auto owners who wish to use autos Sundays on streets of Holland will have an official O. K. stamp on their windshield. These stamps will not be issued until those in charge are convinced that the cars are being used strictly for legitimate purposes.

This action was taken by the War Board Tuesday evening. The whole question was given over into the hands of the A. P. L. by the board. The A. P. L. has begun sending out blanks to auto owners who have been using their cars on Sunday in Holland, asking them to appear before them. In all cases in which the officials feel that the use was justified they will issue the stamp. In all other cases they will not. And anyone who after this drives without the official stamp will have a pretty uncomfortable time of it.

Now that the frost is on the pumpkin it's time to get the fodder in the shock.

RECEIVES HIS COMMISSION AS A CAPTAIN

Dr. A. Leenhouts is soon to close his office in Holland and will go to Fort Oglethorpe, Ga., where he will take a course of medical instructions in preparation for going overseas to serve Uncle Sam as an army physician. Dr. Leenhouts has received his commission as captain and with the commission came orders for him to report within fifteen days at Fort Oglethorpe. He expects to leave Holland next Monday. After a brief course of instruction at Fort Oglethorpe he hopes to be sent across the Atlantic. It is especially in the hope of getting this opportunity that he is making all possible speed in getting ready to assume his new duties.

Mrs. Leenhouts and son Donald will accompany Dr. Leenhouts to Fort Oglethorpe and will remain with him for the present. The rest of the family will remain in Holland.

Dr. Leenhouts almost from the beginning of the war has been anxious to get into the service. Circumstances however over which he had little or no control prevented him from taking advantage of the offer of a lieutenantancy about a year ago. But ever since the death of his son Willard G. Leenhouts in France he has been more anxious than ever to get into the active service. The offer of a captaincy came as a wished for opportunity and he expects to see service at the front within a comparatively short time.

In losing Dr. Leenhouts for the time being Holland will lose one of its best war workers. Dr. Leenhouts has been active in all the movements that have been put on to help win the war. He has always been ready to respond and he has given a great deal of his time in the interest of Liberty Loans and other war movements. During the present loan he made perhaps the most effective four-minute talks ever heard in Holland, by merely telling what the war had meant to him and to his family.

DEAD MAN AT EVANSTON NOT ISAAC VER LEE

The following item in the Grand Rapids Herald seems to be incorrect: "Isaac Ver Lee, formerly of Holland, lately of Evanston, Ind., was found dead on the shore of Lake Michigan. Mr. Ver Lee was about 70 years old, and a pioneer of this city up to about a year ago."

The man in question is Arend Ver Lee who was formerly employed in the hide department at the Cappon-Bertsch Leather Co. where he worked for many years.

He left Holland about four years ago for Benton Harbor to live with a daughter. Later he left for Indiana.

The telegram to his two daughters living in this city indicate that he was fishing in a boat on an inland lake in Indiana. The verdict at the corner's inquiry shows that accidental death was the cause. Mr. Ver Lee had been in failing health for some time and was subject to heart trouble.

GREAT LAKES JACKIE BAND WAS HERE

The Great Lakes Jackie Band, 35 in number, have come and gone again after giving Holland one of the most peppy visits that this city has seen in some time, and to say that they enjoyed themselves here is putting it mildly. Nothing was too good for them, and the war board backed by two hundred citizens, including a great many ladies, saw to it that their every want was taken care of.

Everything went biff, bang, from the drop of the hat, after they had stepped off from the train coming from Allegan at noon.

Several hundred citizens headed by the war board, marched behind the blue-jackets with many colors flying. The marchers were followed by a chain of automobiles several blocks long.

To the tune of "Over There" and several kindred peppy selections, the marchers headed for the city hall, where the Ladies Guild had covers laid where the Ladies Guild of Grace church had covers laid for 200 with places at the festive board for the boys from Great Lakes. Even here everything went with machine-like precision.

The spread was served quickly, deliciously, and piping hot, three essentials so lamentably lacking generally, at functions of this kind.

After the banquet, Major J. E. Goble got up, after being introduced by Chairman of the War Board, Thos. N. Robinson, and stated that it was not the custom of any of the members of the band to make a speech, at these different banquets and spreads with which they were entertained all over the state. He said however that he could not refrain from saying a few words about our townsman Hon. G. J. Diekema, who for three weeks has been a side pal of all the Jackies who are taking this tour.

Said Mr. Goble, "I want to take this opportunity to tell his home folks what a splendid man you have and should appreciate. In these three weeks we have learned to love him for he has been a father to us, and believe me, if ever the opportunity arrives that we can reciprocate every man jack of us will not be found lagging."

Mr. Diekema's response to Mr. Goble's unexpected address, was as follows: "I have learned to love and respect such a class of men as I never

known or seen before. It is you who gave the speakers' courage to help put over the Liberty Loan. To you belong the greatest mead of credit for the success of the trip. You say I have been a father to you. I don't want to be a father to you, I would rather be a brother to you, and I would have been pleased to be a father-in-law to some of you had you been early enough. Your splendid courage simply shows what is making us win in France. It is splendid men like you that are winning the world for democracy and liberty with America as the beacon light. Mr. Diekema's speech was followed by prolonged applause after which the band and the parade marched down Eighth street to the Knickerbocker theater where automobiles awaited them and the speaker for a trip of an hour to Zeeland.

The band returned at 2:30 and a concert was held in the Knickerbocker theater and the scheduled Liberty Loan speeches were made by Mr. Landwehr, Mayor N. Bosch, G. J. Diekema and others. Arthur Vandenberg of the Herald was ill and could not appear.

The band left Holland at 4:30 for Grand Haven where they will head an industrial parade tonight.

Essenkay
A TIRE FILLER

Positively Prevents Punctures

NOW, please don't say, "Oh, just another one of those tire-fillers," and let it go at that! ESSENKAY is a tire-filler, but not the kind you probably have in mind. It is nothing like the ones that have been tried and found wanting, but is a wonderful discovery that has at last solved the problem of a real substitute for air.

Cuts Your Tire Cost in Half

ESSENKAY not only positively prevents punctures and "blowouts," (there is no air to puncture or "blowout"), but also doubles life of your castings and saves half your tire cost. First cost of ESSENKAY is your last cost, as it lasts for many years and is transferrable from one set of castings to another indefinitely.

CITY IS SHOCKED BY DEATH OF MISS KANTERS

A telegram Tuesday forenoon to the family in Holland, another one to the Sentinel announced the death Tuesday morning at Rochester, Minn., of Miss Jennie Kanters, city librarian of Holland. The wires were sent by George E. Kollen, who is at Rochester with Mrs. Kollen. And they came as a terrible shock to Miss Kanters' family and friends. Her friends include almost everybody in the city. By reason of her position as city librarian Miss Kanters had formed an unusually large circle of friends and the whole city mourns her death in a quite literal sense.

Miss Kanters has not been in very good health for some time. About a year ago she submitted to an operation at the Mayo Brothers' hospital. Coming back to Holland she resumed her duties at the library for several months, but she did not regain her full strength as she had expected she would. Early this summer she was granted a partial leave of absence by the library board for the purpose of taking a long rest in the hope that that would give her back her usual strength. The summer months were spent in Kalamazoo and Racine, Wis. Recently her illness took a turn for worse and she returned to the Mayo Brothers' hospital for treatment. No further operation was necessary but the treatment was given.

She had planned to come home last Saturday night, but the family received a wire at the last minute that she would not be able to travel because of a set-back and that the return home would have to be postponed for a short time. The family was waiting daily for another wire stating the time of her return when the message announcing her death came. No funeral arrangements have yet been made.

Miss Kanters was 52 years old. As a girl she attended Hope College. Later she went to a Ladies' Seminary at Rockford College, Rockford, Ill. For a number of years she was in charge of De Hope, the official publication of the Reformed Church. Later she entered library work, and almost from the beginning of the public library in Holland she has been connected with it. It was due to her largely that Holland has the splendid library to which the city can point with pride today.

Miss Kanters was a woman of wide and deep culture and her personality was such that she was loved and respected by practically the whole city's population.

LAKETOWN IS FAR OVER ITS QUOTA

Laketown township has made a record for itself in the fourth Liberty Loan. This township was given a quota of \$15,243 and Tuesday it reported that it is already \$3,350 over the mark. Laketown township followed the system followed by the whole Allegan county, namely making the volunteer drive so that it came to a close Monday evening. There are still a number of subscriptions taken out elsewhere that will be credited to Laketown so that that community will be far over its quota.

The War Board in Laketown is composed of the following: George Henevelt, Alvin Bauhahn and L. B. Scholten. The board of review is composed of Edw. Nyland, T. Brinks, Oscar Bennett and Henry De Pree.

FARMER ARRESTED FOR SELLING SHORT WEIGHT

Now that the cellar is being provided with winter provisions in the form of potatoes, onions, carrots, beets, etc., it would be well for Holland purchasers to look sharply at what is being sold to them.

Complaint has been coming in to police headquarters that some farmers are selling produce short weight. One farmer whose name is withheld this time because apparently he was innocent of any of the short measure, was arrested by Officer Bontekoe for selling potatoes short. He however made the matter good with the buyer to whom he sold short and destroyed the measure used for that purpose.

Justice Robinson also felt that the farmer was telling the truth and simply assessed him the cost.

He promised any future violators that they would get the limit of the law, which is very severe.

It would be well for Holland citizens who buy their winter provisions from the farmers, to have their purchases weighed, and remember that sixty pounds constitute a bushel.

GIVE THRIFT STAMPS FOR FAITHFUL WORK

Six months ago Blood Bros. Machine Six months ago Blood Bros. Machine their men that each pay day thereafter a Thrift stamp would be given to each one who worked full time during each pay day period, and that a War Savings Stamp in addition would be given each one who should secure a Thrift stamp each pay day. This was done to stimulate a closer attention to business and increase production. Out of about 200 men employed the average number to draw Thrift Stamps with their pay has been 140, and of these seven have qualified for the War Savings Stamps.

ACCEPTS FINE POSITION IN VIRGINIA

Mrs. James G. Sutphen will leave Holland early next week and will make her home in Woodstock, Va., where she has accepted a fine position in the Junior Military Academy. The position came to Mrs. Sutphen unsolicited and it will give an opportunity for work of the kind that she has been interested in for a long time. The position financially and in every other way is a most desirable one.

Mrs. Sutphen's younger son will go with her while the older son, Walton, will enter the army in a short time.

In leaving Holland Mrs. Sutphen leaves a large circle of friends. During her residence here for many years she has taken a large part in the city's social life. She has been particularly active during the war in helping along all kinds of war work among the women of Holland, and her services in this and other respects have been invaluable.

PIONEER COOPERSVILLE WOMAN BURNS TO DEATH

Coopersville, Oct. 8.—Mrs. Jane Jourdan, 70 years old and one of the oldest residents of this section, was burned to death Monday as a result of lighting an oil stove. She was alone at the time. She is survived by two children, Mrs. Art Van Allsburg and Roswell Jourdan.

WOULD GIVE TO BELGIUM PART OF HUNLAND

Partition Germany and give a good big slice of it to Belgium—that in effect was the answer given to German peace note by Dr. E. J. Blekkink in an address before the Century club Monday night. It was the first meeting of the year and it was held at the beautiful home of Mr. and Mrs. Arend Vischer. Dr. Blekkink, as the club's new president, made the opening address of the year and he chose for his subject, "Our Liberties, Past and Future." He enumerated the many liberties that Americans have enjoyed in the past and declared that they are enjoying them all today because whatever restrictions have been imposed have been willed by the people themselves. He called upon all educated men and women to make themselves personally responsible for guarding those liberties for the future. In closing he referred to the peace note and declared that there was no adequate punishment for Germany but that the Hun nation should be reduced to a second rate or third rate power, which might approximately be done by giving Belgium. The Century Club decided Monday night to establish an Honor Roll on which will be printed the names of all of its members wearing the uniform of the United States. There are at present four names on the list—Lieut. Hoyt G. Post, Lieut. Raymond Vischer, Mr. Harris Meyer and Captain Abraham Leenhouts. The Honor Roll will be given a separate page in the year book of the club.

The musical program was as follows: piano solo, Study in D Flat, Mrs. Robbins; quartet, "Italia Beloved," Mrs. Telling, Miss Anthony, Mr. Kleinheksel and Prof. Nykerk; solo, "Love is the Wind," (McFadden), Miss Evelyn De Vries; quartet, "Good Night,"

HOLLAND BOY IN BIG SMASH UP AT ANN ARBOR

Maynard Manting formerly of Holland escaped serious injury in the smash at Ann Arbor Monday, when a section of the floor in the big gymnasium gave way. "Bud" Manting who is attending the mechanics school at the University of Michigan had his sleeping quarters directly under the floor, and when he heard the crash he sprang out of his bunk and managed to get away with a few bruises. His suitcase was smashed to small bits and a number of his personal possessions were ruined.

A number of the boys in the mechanical department who were quartered in the building were badly hurt, and the former Holland boy was very fortunate in getting out of the way as rapidly as he did. His brother Jacob Manting, who is a student in the University medical school, sent the information home to his mother, Mrs. J. F. Van Anrooy of Grand Haven.

ALDERMAN RECEIVES OFFICIAL MESSAGE

Alderman and Mrs. Frank Brieve Tuesday evening received the official telegram from the War Department at Washington announcing the death of their son Joseph while on his way to Siberia. Notice of the death had already reached Holland unofficially a day or two ago. The war department telegram states that young Brieve died of pneumonia on September 7. He had been dead a month before the parents heard the news.

From information gathered from a letter, Mr. Brieve learned that his son had landed when death came to him, but it was not stated where he had landed. However there were eight Holland boys with him when he died.

Mrs. P. J. Parrean of South Bend, Ind., was the weekend guest of Mr. and Mrs. G. Van Schelven. Mrs. John Griffin of New Richmond was in the city called by the illness of her mother.

A KU KLUX CLAN IN OTTAWA COUNTY

Real excitement is promised in Justice Wach's court at Grand Haven on Thursday when the hearing in the Bass River alleged assault case against Andrew White and Bert Vickers is scheduled for a hearing. The complaint is made by Frank Kars, who claims that on the night of Sept. 29, he heard noises about his place and went out to his granary where he remembered he had left his shot gun. He claims that he opened the weapon and was carrying it into the house when he was suddenly set upon in the dark by two men who evidently believed he was out gunning for them.

According to the stories of "Go Get 'Em" chubs and yellow painted automobiles, and accusations flying back and forth, there is a real little tempest in full brew in the Bass River tea pots. The hearing of the case here on Thursday should bring down about the entire population of that section as either witnesses or spectators.

WILL HOLD BIG CONVENTION IN HOLLAND

Holland has been designated as the place for holding one of the biggest missionary conventions in the history of Western Michigan. The dates scheduled are Nov. 5 and 6. The convention will be held in the First Reformed church and will be under the auspices of the Layman's Missionary movement. A branch of this organization was formally launched here Tuesday evening in the Methodist church under the direction of Frank B. Bachelor of Detroit. The convention will include every church in Ottawa county and a fifty cent registration card will entitle every delegate to a seat at all the sessions.

The convention will be equal to those given by the Layman's Missionary movement in cities many times the size of Holland as can be gleaned from a list of some of the speakers who already have been booked for the occasion. First and foremost will be the Rev. Samuel M. Zwemer, D. D., F. B. G. S., who has become an international figure and who needs no introduction. Others include Rev. E. M. Potat, D. D., president of Furman University, S. Car, for 15 years; Rev. Jas. Pierson Brodhead, a missionary in South Africa for 18 years, and F. J. Mickle of the Central Division Mission in India. Besides these there will be other equally prominent men on the program. The music will be in line with the best ever rendered at similar conventions.

Mr. Bachelor outlined the work of the movement to 37 men at the Methodist church Tuesday evening and so enthused them that 33 out of the 37 signed delegate cards for the big convention. Mr. Bachelor will give a four-minute talk in the local churches next Sunday and address a men's mass meeting in the Third Reformed church on Sunday afternoon at 4 o'clock. A meeting for women will be held at the same hour in the chapel of the church.

Ex-Mayor Henry Geerlings was elected general chairman of the organization. Other officers are: vice chairman, George Schuiling, Henry Holkeboer, H. P. De Pree, A. Peters; secretary, Rev. Henry J. Veldman; treasurer and finance committee, Alex Van Zanten, Benjamin Brower, F. Sichterman, Jacob Lokker, Henry Te Roller, Anthony Van Ry, H. Miller, William Prins, H. Holkeboer, Robert Poole, Prof. J. B. Nykerk and William Kamperman of Zeeland; committee on survey and statistics, A. Raak, Rev. W. J. Van Kersen, C. Kramer and T. Ollinger; Committee on deputations, William Vanderven, Dr. T. G. Huizenga of Zeeland, George Mool, N. J. Jonker, Frank Bolhuis, Prof. E. D. Dinnant; Committee on Registration, W. Winstrom, A. Steketee C. De Koster, K. Buurma, John Vandersluis, George Weurding, C. Terlouw; Committee on arrangements, D. Damstra, Benjamin Du Mez, D. Overweg, Anthony Nienhuis; Committee on publicity, Jacob Geerlings.

The Laymen's Missionary Movement was organized twelve years ago and is interdenominational. Rev. Samuel M. Zwemer was brought here from Egypt for the purpose of aiding the extension of the organization and Holland is extremely fortunate in securing a branch which brings to this city next month some of the big men of the world.

The meeting in Third Reformed church next Sunday afternoon at 4 o'clock is for all the men of Holland. Mr. Bachelor will outline the missionary movement which is increasing in interest and enthusiasm and new branches are constantly being organized.

Mrs. Hans Dykhuis of Grand Haven was a Holland visitor Thursday afternoon.

Miss Ella Althouse of Holland is spending a week at the home of Mrs. J. L. Day of New Richmond.

Hon. G. J. Diekema is home for a few days from his speaking tour. Gerrit Slenk of Holland is in Columbus, Ohio on business.

Don't Nig Use Your Substitutes

In the purchase of Pure Wheat Flour and the substitutes separately there is an opportunity for "nigging."

It does not seem possible that any Loyal Red-blooded American would deliberately violate the Food Administration regulations by using the wheat flour and not the substitutes.

In fact no loyal American will do so, or can do so, for just as sure as he knowingly violates the Food Administration regulations he is not a Loyal American, but a Slacker.

Because of the fact that

Lily White

"The Flour the Best Cooks Use"

is a 100% wheat flour it is necessary to purchase 25 pounds of either Corn Meal, Corn Flour, Barley Flour, Kafir Flour, Milo Flour, Feterita Flour and Meals, Rice Flour, Oat Flour Peanut Flour, Bean Flour, Potato Flour and Sweet Potato Flour or Buckwheat Flour with every 100 pounds of LILY WHITE FLOUR, or any other pure wheat flour. If you desire to use Rye Flour as a substitute, you are required to purchase 2 pounds with every 3 pounds of pure wheat flour, whereas you will note the other substitutes are used on the basis of 1 pound to every 4 pounds of pure wheat flour.

However by using LILY WHITE FLOUR with the substitutes you will be able to make splendid bread—in fact, really delicious bread, rolls, biscuits and pastries.

Remember the quality of Lily White Flour is unexcelled and, furthermore, it is guaranteed to give perfect baking satisfaction for every requirement of home baking.

Detroit will pass an ordinance keeping the time as it is instead of changing back to the old time of last winter. The change in time is set for Oct. 27 when the clock will be set back an hour, at least that was the original intention. It seems useless to make this change, now that we have become accustomed to these conditions. By November 1st it will be dark at 7 o'clock in morning and dark at 6 in the evening no matter how you regulate the time. At present, daylight still prevails over the entire working period and will continue to be well-balanced even if the present time remains at it is.

SIX HUNDRED VISIT WAR MAP IN ONE DAY

The war map at Hotel Holland painted by George Bosman, is certainly creating a great deal of comment, and if Hotel Holland could register every person who enters the building, the proprietors would have some banana.

A careful observer states that last Wednesday six hundred people visited the map to get information relative to war conditions in France.

An added feature to the map is the placing of 6-14 stars, showing where Holland's manhood felt to preserve this nation and to give freedom to the world.

A star for Willard Leenhouts has been placed. The star for Henry Wolters was about to be placed the other night, but the artist did not know just where he laid down his life for his country.

One man in the crowd came forward and with trembling fingers pointed out where he thought the place might be.

When he was asked how he knew he stated flatteringly that he was the father of the boy and was quite positive that the place indicated was the spot where Wolters was severely wounded which resulted in his death later.

The map is one that has required a great deal of study and everything is plainly indicated. New additions are being made from time to time and new features will no doubt be added as they present themselves. The vacant building in the hotel block in which the map is placed is certainly worth visiting if one is interested in the details of war on the other side.

H. O. H. ANNUAL MEETING HELD FRIDAY EVENING

The annual meeting of the "Hollandsche Ouderlinge Hulpveren," better known by its initials "H. O. H." was held Friday evening and the various reports showed that this co-operative society of Hollanders is in as flourishing a condition as ever. The report of the treasurer Alex VanZanten showed that there is on hand in the treasury at the present time the sum of \$3,467.32.

The H. O. H. again showed its patriotism by once more purchasing a \$500 Liberty Bond. The same thing was done six months ago so that the club is now the owner of a thousand dollars in Uncle Sam's best securities. Sick benefits to the sum of \$417.50 were paid during the year, according to the treasurer's report, and a death benefit of \$50 was paid.

Two members of the board were re-elected Friday evening, namely, Alex Van Zanten, treasurer, and Andrew Klomparens, member of the board of trustees. All the other members were holdovers, elections in this society being for three year terms.

The H. O. H. now has a membership of about 275. The club lists among its members some of the prominent men of the city as well as many laboring men who derive from it financial protection and who get benefits from the social part of the meetings. From now on until April monthly meetings will be held. The meeting night is the first Friday in each month. At the next meeting an address will be given by P. F. Koopman.

The H. O. H. has been in existence in Holland for a number of years and it has grown to be a very popular organization. While it is a society of Hollanders for Hollanders, its members individually are all good Americans before they are Hollanders.

WAR BOARD TO ASSIST RURAL COMMUNITIES

Although Holland and Zeeland have oversubscribed their Liberty Loan quotas, the townships in southern Ottawa have not all come up to the necessary mark yet. But before the end of the present drive all will be expected to raise the full amount required of them. Some have already done so, but others are lagging behind.

The War Board of Holland believes that this is due not so much to the fact that there is lack of patriotism

but due to a lack of proper organization. It is believed that if the townships are properly and systematically canvassed every one of them will come up to the mark and most of them will oversubscribe. There is plenty of local pride in doing all that is necessary if such pride can only be directed in the right channels.

For that reason the War Board Tuesday evening decided to help the townships in their organizations. One member from the War Board was appointed to cooperate with the local boards in the townships to help give, those boards the advantage of the experience and system of the Holland and Zeeland committees.

The Zeeland War Board will be expected to take care of Zeeland township and Georgetown township. Holland will take care of Holland township, Jamestown, Blendon, Olive and Park. Jacob Lokker has been detailed to cooperate with Holland township; C. A. Bigge with Jamestown; D. Boter with Blendon; G. W. Kooyers with Olive and E. P. Davis with Park.

It was also decided that there should be closer cooperation between the factories and the various organizations in Holland and the Holland War Board in the city's war work. Since the board is already composed of 21 men, it was

decided not to increase the number by adding members from the various bodies, but one War Board member will be assigned to each factory. One member also will be assigned to the public schools and the city's clubs. These appointments will be made later.

WAR THEMES ARE DISCUSSED BY LITERARY CLUB

At the meeting of the W. L. C. Tuesday the following program was given: Music, "America," by the club; a paper by Mrs. G. J. Van Duren on "A Resume of the War Conditions." While touching on different phases of the war, from the beginning, Mrs. Van Duren dwelt principally on recent developments, starting with the German spring offensive and describing how America turned the tide when her men reached the front in sufficient force.

Mr. John Kelly, accompanied by Mrs. Van Verst, favored the club with two vocal solos, "Who Knows?" by Paul Lawrence Latham, and "Eternity," by Oley Speakes. Responding to an encore, Mr. Kelly sang, "Mizpah," a song written and sent to him by a friend, the wife of a Colonel at the front.

Mrs. Olive read the week's quotation, as a fitting tribute to the patriotic rally of the day, "What is patriotism. The venerable image of our country's honor. Every good citizen makes that honor his own, and cherishes it, not only as precious, but as sacred."

The club members unanimously agreed to send a token of sympathy to Mrs. Kollen, who is ill at the Mayo Bros. Hospital. This was left in the charge of Mrs. McBride, Mrs. Garrod and Mrs. Telling.

Mrs. J. C. Post gave a book review of Mr. Gerard's book, "My Four Years in Germany." After giving a brief sketch of Mr. Gerard's life, Mrs. Post told in a very interesting way of his experiences in Germany, during the first few years of the war. Mr. Gerard's book is not considered a work of literature but more a direct relating of facts, the more important of which Mrs. Post interpreted to the club in her own words.

Mrs. Robinson's part in the program was postponed till next week. Mr. C.

M. McLean will also appear on the program next week, and will tell of his conference with Mr. Hoover.

A few new members were added to the club since the publication of the year book. These are: Mrs. F. S. Whelan, Mrs. W. Wichers and Mrs. James Van Dyke.

Portable school buildings are being considered by the Board of Education at Kalamazoo to meet congestion. The portable buildings, if used, will be erected as an annex to one school in the morning and moved to another for the afternoon.

HOLLAND MEN
TO SPEAK AT
FLAG DEDICATION

It is hardly possible to overestimate the importance of the wonderful work that has been done by the "4-minute speakers" in the present Liberty Loan campaign in southern Ottawa. These speakers were all busy men, but all of them willingly gave up their own interests and went night after night to little outlying districts to speak in country school houses and churches. In many cases they had to travel some 20 miles in automobiles and would not return home until after midnight.

Some of the speakers went as often as five nights in succession without a murmur. Service like this shows a very high type of patriotism.

The speakers committee in charge of the work was appointed by the War Board. It consisted of John Kelly, chairman, Dr. A. Leenhouts, D. Boter and E. P. Davis. Mr. Davis was in charge of the speaking schedule and did work of a high order in this capacity.

From Wednesday, Sept. 13 to Saturday, Sept. 28, a total of 61 meetings were held in southern Ottawa. Of these 46 were in school houses, three in churches, 12 in theaters. The number of people addressed formed a grand total of 10,369. Of these 4,369 gathered in school houses, 1,050 in the churches, and 4,950 in theaters. Following is the honor roll of speakers who took part in this tremendously effective campaign:

Rev. Wm. Wyckoff, Arthur Van Duren, Henry Geerlings, Dick Boter, Dr. A. Leenhouts, C. E. Drew, Prof. E. D. Dimment, C. A. Bigge, Jno. Kelly, A. J. Westveer, Jacob Lokker, Rev. H. J. Veldman, Prof. J. BABY SPECIAL
CAN GREET
42 NEW BABIES

The baby special that was going to be in Holland Sunday and Monday greeted forty new little tots which the long-legged bird has distributed about town.

Withing the last two months the birth rate has fallen off slightly.

Before the average was something over a baby each day for Holland, now it is only three-quarters of one every 24 hours.

The list also shows that there were more boys born during August and September than girls, although the difference is very slight, twenty girls being brought into the world during that time and twenty-two boys.

Below will be found a list of the papas and mammas, and the names of the little ones who within a few years will be a part and parcel of America's manhood and womanhood.

GOES TO JAIL
FOR NINETY DAYS

Two boat "funkties" John Corneski and John Fagan were taken in by the police Wednesday morning on the charge of simple larceny. A passenger who about to leave the boat Wednesday morning was looking for his grip but found that it was missing from the place where he had left it.

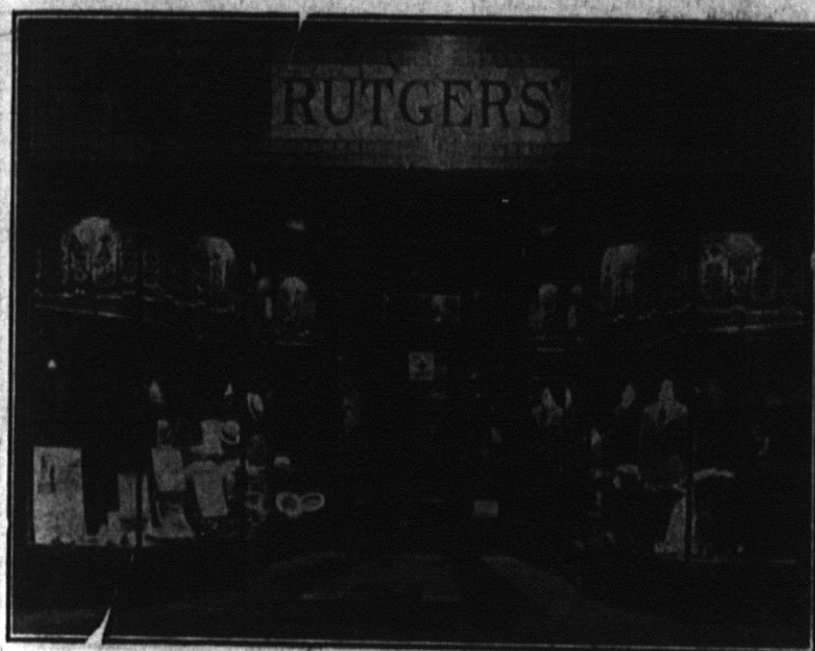

One of the boat stewards had seen Corneski, a deck hand, with a grip like the one described and found him in company with Fagan, also of the boat.

The man admitted that he had stolen the grip but didn't implicate his pal. The steward had become suspicious because a great deal of the company's silverware had been disappearing. He went into the stateroom of Fagan and discovered under the mattress about \$50 worth of silverware.

Fagan was confronted with the new charge, caved in, and was sent to Grand Haven for a term of 90 days. Justice Robinson fined Corneski \$23 and costs which he paid.

John Damstra, deputy oil inspector, is on an oil inspecting trip about the state.

GOES TO WAR
AS A MAJOR

George F. Getz, owner and founder of Lakewood Farm, has gone to war. The desire to do something more than buy liberty bonds and contribute to the various war agencies led Mr. Getz to offer his services to the Red Cross. He has left for New York and is expected soon to be in Europe on the Western Front, where he will be assigned as commander of one of the nine Red Cross zones. He will have the army rank of major.

Mr. Getz, known in Holland because of his connection with the Lakewood Farm, is known in Chicago business circles as a business man of unusual ability. He is president of the Globe Coal

George F. Getz

Company, and is one of the largest stockholders of the Consumers Company. He is 53 years old and has been identified with the coal business of Chicago since 1885, having founded the company he now heads.

"I found that I wanted to have an active part in the war," said Mr. Getz on leaving Chicago. "I wanted to do something more than sit in my office and sign checks for the Red Cross or help in the Liberty Loan drives. So I am going to get as near the front as I can and do all I can to help out."

George Getz Jr., 21 years old, and James Getz, aged 8, the two sons of Mr. Getz will live with Mrs. Harry Getz in Chicago.

Mr. Getz has always taken a deep interest in Holland, ever since he made the lake shore his summer home, and Holland has returned the compliment by taking a deep interest in Mr. Getz. He has many close friends here. Knowing as they do his work here and in Chicago, they believe that Mr. Getz will make good in his new work in France and that he will be heard from if the war continues for any length of time.

In the spring G. A. The team did that and more, losing only two games and winning thirteen. All persons desiring a picture of Holland's championship team may place their orders at the local studio. Holland should be proud of a team with such a record and every loyal fan should have a picture, either in postal or larger size.

CHAUTAUQUA SPEAKER TO RETURN HERE

MISS WARD WILL GIVE WAR ADDRESS IN HOLLAND ON OCT. 28

Her Talk Last Summer Best of the Lincoln Course; War Board to Arrange Meeting

The famous Miss Ward who last summer made one of the most effective war addresses ever heard in Holland, is coming back to this city to make another address. Miss Ward will be remembered by everybody who attended the meetings of the Lincoln Chautauqua. She was by far the best of the entire course. As an entertainer of the soldiers in the trenches and camps in France she learned war at first hand. She was in this work for about two years during the early part of the war and in her talk in Holland last summer she told of those experiences in so entertaining a way that war was made very real to the audience.

The War Board has made arrangements for a return engagement of Miss Ward. She will be here on the evening of October 28 when she will give a public address. The War Board has appointed a committee composed of Prof. J. B. Nykerk, Principal C. E. Drew and Henry Winter to make all the arrangements. The place where the meeting will be held has not yet been decided upon but arrangements will be made to accommodate a large audience as Miss Ward has made such a wonderful impression upon the people who heard her last summer that all of them will want to hear her again and will want their friends to hear her.

The meeting will be in the interest of the so-called charities drive. In November a drive will be made all over the United States for contributions to the Y. M. C. A., the K. of C. and some half dozen other agencies that are now helping to win the war. The War Board of Holland will engineer this drive in Holland and it will begin the campaign with this meeting at which Miss Ward will appear.

Miss Ward is a native of England. She has a great deal of dramatic talent and her way of describing war scenes is exceedingly effective.

Lusitania Survivors To Appear At The M. E. Church In Concert

When the ill-fated Lusitania went down, caused by a Hun's torpedo, it had on board the celebrated Royal Welsh Concert Company known the world over. The greater part of the company found a watery grave in the Atlantic. A few however escaped from this terrible disaster which is still stirring this country to its very foundation and is causing 'be Am-jean boys at the front to close their eyes to the call of "Kamerad" from the men whose country so ruthlessly slaughtered and drowned innocent men, women and children.

Three survivors of this celebrated Royal Welsh Concert Co. will give a concert at the M. E. church on Friday

evening, Oct. 11, given under the auspices of the church.

An unusual program can be looked for on this occasion with the prices most reasonable, 25c for adults and 15c for children.

The personnel of the concert company are Miss Gwen Richards, soprano and accompanist, Ben Davies, eminent Welsh tenor; Rieca Williams, famous baritone, author and composer, and George Lane, director of tour. The company has appeared in the Coliseum at London, England, and at Carnegie Hall, New York, which in itself is a guarantee that it must be a high class organization.
