GIVES PRAISE TO HOLLAND'S HOTEL FACILITIES

SECRETARY OF MICHIGAN TOURIST AND RESORT ASSOCIATION LIKES HOLLAND HOSPITALITY

Hugh Grey, secretary and manager of the Michigan Tourists and Resort association writes this paper in the first place that the association appreciates the diligent work done by the Holland press in making the convention, recently held in this city, a success.

He also states that the delegates who visited here were much taken up with Holland hospitality and the courtesy shown everywhere during their stay.

He also said that the members who came from northern part of the state were thoroughly convinced that Holland really has a first clas hotel. "In fact," said Mr. Gray, "Many of them have said to me, since they came to Holland that they wished their particular town was blessed with a Warm Friend Tavern."

Mr. Grey stated further that many delegates had not visited Holland before and they were surprised and much taken up with the substantial appearance of everything and it would not be the last time that a Michigan Tourist and Resort association would meet in Holland.

One thing especially apealed, and that was the fact that with all the hotel accommodations the convention could be held without undue hurry and without walking any great distance since all meetings were staged in the same building, even including the large banquet.

Annual reports are being reported back to the finance committee of the Ottawa county board of supervisors now meeting in the court house, Grand Haven, and appropriations are expected to be about what they were last year. The board will make appropriations by the end of the weeks it is expected.

IT IS WELL TO KNOW

It is well to know that there is an ordinance on the statute books that all motorists who back out of an alley out of the yard or out of a garage must stop first before passing over the sidewalk into the street and thus avoid the possibility of colliding with an oncoming automobile or pedestrian or vehicles standing near.

Chief Van Ry asks that people be made acquainted with this cause in the city ordinance.

Gasoline Stealing Going on in Holland

The police have been receiving several complaints from car owners that gasoline is being siphoned from cars eithery while they are standing in isolated places on dark streets or from cars while the garages are unlocked.

One man reports losing ten gallons of gas in one night. Mr. Van Ry asks the citizens of Holland to cooperate with the department to see if one of these gas thieves cannot be landed and made an example of.

WOULD PREVENT SEWER ACCIDENT

CITY OF HOLLAND TO TRY TO GET AHEAD OF THIS KIND OF TROUBLE

On the suggestion of City Attorney Mc Bride the common council decided to take steps that would make unlikely a sewer explosion in Holland such as tore up three blocks of pavement in Grand Rapids. The committee on sewers, drains and water courses, the fire chief and the city engineer will make a thorough investigation into the draining of gasoline and oil drippings from garages and service stations into the city sewer. The dry clearing establishments and other places where gasoline is used will be investigated with a view of preventing such an accident in Holland.

Alderman Thompson, said such an accident was not as likely here as in Grand Rapids because of the type of sewers Holland has, with vents for the escape of the fumes. The council decided that in any event an investigation could do no harm and the action was decided on.

Wm. Fenton of Grand Rapids was in Holland on business Tuesday and Wednesday.

CITY LEAGUE IS BENEFIT TO ALL SAYS DELEGATE

CITY ATTORNEY REPORTS TO THE COUNCIL ON MEETING IN LANSING

Organization of Municipalities Gets The Attention From the Legislature

Holland was represented by the mayor, the city attorney and the city clerk at the annual convention of the League of Michigan Municipalities in Lansing last week. In making a report of the convention to the common council Wednesday night Mr McBride pointed out that the benefits far outweigh the cost of a city's membership. Holland, for instance, will receive $2,000 a mile for maintenance of streets that are trunklines as a direct result of the work of the league. This will in time mean a considerable sum of money to this city and will amount to hundreds of times more than the cost of the city's membership. And that is only one item of benefit in several.

When a statement was made at the convention, Mr. McBride reported, that not a city in Michigan was able at any moment to furnish the tax payer with a financial statement that would tell him instantly where the city stood, just as a corporation is always ready to furnish such information, Mr. McBride was ready to deny it and he could point to the city of Holland as the single one in Michigan that does do exactly that kind of thing. This was made possible by the ways and means committee which makes up a balance sheet and furnishes it to the voter.

Mr. McBride said that the League of Michigan municipalities is now getting attention from the legislature. There was a time when the state law makers paid no attention to what the cities asked for, but today the league's requests are treated with respect. Organization has given the cities prestige. In addition to the $2,000 a mile street maintenance, the cities hope, through this league, to get back some of the automobile tax money for highway improvement through the cities. There are other benefits that will accrue to the cities and the league is to do work of great value to every city.

Hudsonville Woman May Recover From Serious Accident

Hopes for the recovery of Mrs. Wm. Gerrits of Hudsonville, seriously injured last midnight in an automobile accident, were expressed by Dr. Moes, attending physician. Mrs. Gerrits has a fracture at the base of her skull and is in a semi-conscious condition, but Dr. Moes believes she will pull through.

The accident occurred when Mr. Gerrits drove his car between two sections of a split freight train and one section crashed into the car. Mr. Gerrits stated there was no flagman to warn him that the train was moving.

Mr. Gerrits was cut about the head but suffered no serious injury.

LOCAL INSTITUTION WILL HAVE THE LATEST EQUIPMENT.

The hospital board was authorized by the common council to purchase an x-ray equipment from the Standard X-ray company of Chicago at a cost of $4,774.35 for use in the new Holland hospital. Mayor Kammeraad, chairman of the hospital committee in charge of this, reported that the committee had spent six or seven weeks in investigating the various equipment, had written to 42 hospitals, and had visited seven cities. As a result of all this they decided on the Chicago firm's product.

The accident occurred near Washington circle and only a minute or two after the governor had passed the reviewing stand in front of the White House. Just after passing the stand, his horse, a handsome black stallion, started on a dead run up Pennsylvania ave. When horse and rider arrived at the circle the animal's heels went in the air and horse and governor came down in a bunch, the latter's head striking the pavement with some force. The governor was taken in an ambulance to the G. A. R. hospital, where it was discovered that a two-inch gash had been cut in his forehead and that he had suffered an abrasion of the nose. He also sustained a contusion of the right knee.

If city attorney Van Duren's plans work out prisoners in Holland will be wearing ball and chain and will be cleaning our city streets. No more drinks can be sent to Detroit House of Correction and there is no place for them at Grand Haven and it is up to Holland to make life so miserable for the hobo so he will give Holland a wide berth. The contention is that any prisoner will be thoroughly humiliated and there will be no second offense.

FIVE STREETS TO BE PAVED DURING THE COMING YEAR

STREET COMMITTEE SUBMITS ITS PLAN TO THE COMMON COUNCIL

Aldermen Are Pleased With 1927 Program and Start Early On 1928

Although the paving program for 1927 has been only just completed, the committee on streets and crosswalks has already made its program for 1928. Ald. Frank Brieve, chairman of the committee, made his report to the common council Wednesday night outlining what streets the committee hopes to pave next year. They are:

Tenth street from Van Raalte Ave. to Lincoln Ave.

Fifteenth street from Cleveland avenue to Lincoln Avenue.

Sixteenth street from Ottawa Avenue to River Avenue.

Seventeenth street from Central to Columbia.

This program met with the approval of the council, except that MaMyor Kammeraad suggested that Graves Place be included. Mr. Kammeraad said the people along Graves Place had asked for paving for some years and he had promised them that when Tenth street should be paved he would bring Graves Place to the committee's attention. The committee replied that they had left out Graves Place because of the rather long stretch of city and school property but several aldermen were of the opinion that the city had no right to keep paving from citizens along any street because the city's own pocketbook would be touched. The committee was ready to include the street and it was therefore added to the list.

With this amendment the whole program was approved by the council. Which does not mean that it has been formally adopted, merely that the city engineer will make estimates of cost. This will throw the whole matter open for discussion and formal adoption will come later, with or without changes.

The committee reported that it was also in communication with the township board for the paving of Sixteenth street to Lee's place but this cannot be settled until the township has acted. If that fails it is likely that Ottawa street will be paved from 16th to 17th, thus connecting the 16th street paving with that on 17th street.

The street committee reported that it was pleased with the progress of the work during 1927 and it recommended for next year the same material, namely sheet asphalt on black base.

BURGLARS ROB THE COZY INN ON EAST 8TH ST.

STEAL MONEY AND CHECKS; ALSO MONEY BAG SACK

Sometime during last night the Cozy Inn delicatessen store directly east of the J. C. Penny company was robbed and as near as can be estimated at least $150.00 in money and checks was taken and possibly some merchandise that it was difficult for the proprietors to inventory at this time.

The burglar or burglars are no doubt home talent for they appeared to know the run of the place, having entered through the rear door.

The proprietors Henry Was and Andrew Beltman as a rule place the days receipts during the night in a place only known by themselves, but apparently the thief who must have been acquainted with the methods at the Cozy Inn found the money and checks in a bag.

The Holland police were on the job early, taking footprints and fingerprints, the only method by which the burglars can be run down.

No suspicious characters were seen during the evening, no unusual noises were heard, the only thing that seemed strange to the proprietor this morning was the fact that the key to the door was found on the floor which now goes to show that inserting a skeleton key the original key was shot out of the door where it was found this morning.

NAVY BAND WILL COME TO HOLLAND MONDAY, OCT. 31

IS OFFICIAL BAND ON MAYFLOWER THE YACHT OF PRESIDENT COOLIDGE

No other organization in the United States, perhaps in the world, has attained such eminence in the realm of music in such a short time as has the United States Navy band, which will be heard in concert here on Monday Oct. 31 at Carnegie hall under the auspices of the American Legion.

Ranking, at the present time, in the vanguard of military and concert bands, this great ensemble of musicians has crowded into little more than six years a history that is far richer in successful endeavor and more obstacles overcome than is usual in a century of similar enterprise. Not only is this organization one of comparatively recent origin, but the men composing it, from the leader down, have yet to attain the prime of life. The majority of them have years to go before reaching their "forties."

Assuredly, it is the vigor and ambition of youth which characterizes the leader and personnel of this organization that has in so short a period brought it world recognition. It is the official band of the U. S. Mayflower, the President's yacht, and it has often accompanied presidents of the United States on trips away from the Capitol. On the famous Alaskan trip of President Harding, which culminated so sadly, the U. S. Navy band was selected to furish the muusic and Pres. Coolidge went to the summer White House at Swampscott a year ago the Navy band accompanied him.

Frequently the Navy band appears at the White House and at other state functions in Washington. It is the official band of the Secretary of the Navy and furnishes all of the musical programs for that department of the government.

One of the most remarkable things about the Navy band is its ability to obtain the services of some of the foremost soloists and musicians throughout the nation. By reason of its high musical standards musicians of great ability, receiving large compensation on the concert stage and in civilian bands and orchestras, are willing to forego the higher salaries for the benefit to be derived artistically by membership in the U. S. Navy band.

Every soloist in the band holds the rank of Bandmaster. Among those who will be heard at the concert to be given here are Holly Stanley, piccolo soloist; Jean Manganaro, baritone soloist; Louis J. Goucher, xylophone soloist, and George Unisinn, cornet soloist.

Fourteen prizes were awarded to Niels Harss of Saugatuck at West Michigan Fair on various variaties of fruits which were as follows: Six firsts, four seconds, four thirds and one fourth.

The Fifth District meeting of the American Legion Auxiliary will be held at Zeeland in the parlors of the Second Reformed church, Wednesday, October 26. Dinner will be served at 12:00 m. standard time.

Ben East, out-of-door writer for the Grand Rapids Press has been secured to appear in Holland next week Friday October 28, to show some of his wonderful nature pictures. He comes at the request of the Holland Fish and Game Protective association.

Former mayor Henry Brusse, who is traveling thru the South dropped a postal from the town, where Miss Elders, the girl flyer, comes from He states that the city was a'a excitement over the Atlantic flight and rescue. He states futher that the climate is wonderful in the South.

RING NECKS IN THE LIMELIGHT AFTER OCT. 25

SEVEN DAY SEASON STARTS ON THAT DATE ALONG WITH RABBITS

Heavier Duck and Geese Flight Also Is Expected by This Date

Only a few days more and Michigan small game hunters will be in the thick of the season.

They already have the privilege of shooting ducks, geese, snipe, rails, gallinules and yellow legs, and will have the Chinese ringnecked pheasant and woodcock added to the list on Tuesday, October 25.

There will be just seven days of shooting pheasants and woodcock, and no patridge hunting this season. However, the ring-necks are reported plentiful in the southern part of Michigan and good bags are in prospect.

By the time the land bird season starts it is expected the ducks and geese will be in full flight from the northerly part of the state and a week of fine sport is in prospect.

On Oct. 28 the season for rabbit, prairie chicken and squirrel hunting also opens in Michigan. Reports disagree as to the plentitude of the various species, except as regards rabbits.

Last year was a mighty bad year for rabbits. Very few bunnies were found in either the cultivated areas where usually cotton tails prosper, or in the northern swamps. The disease which every few years provides an automatic check upon the growth of the rabbit population seemed to have reached its peak last year. There has been seemingly an appreciable increase in the number of bunnies this year.

As to pheasants, however, stories do not agree. There are an abundance of the ring-necked foreigners east of Grand Rapids, but seemingly very few to the north. Around Portland, Ionia, Saranac and other points east to Lansing, farm pastures and swales are thickly populated with pheasants, according to reports of farmers and sportsmen. There also seem to be more ring-necks than last year in Ottawa county, not a few have been seen in the vicinity north west of Holland.

In Kent county, however, the birds have not come back to the state of abundance of two years ago. The flocks north of Kent City and Sparta and in the vicinity of Grant were numerous in 1925. But in that season hunters converged upon these birds and very nearly cleaned them out. Last year the stock was far below 1925, and the supply is little if any better this year, according to reports.

The Ottawa county board of supervisors expect to wind up the long session of the year by Saturday.

Lemmen' car was blocked at the corner of 14th street and College Ave, by another car just being driven into a yard at the corner. Lemmen either had to hit the other car or dodge between two trees. The result was that he hit the tree smashing the automobile and badly damaging the tree, although he personaly was not injured.

Friends from Holland who attended the funeral of Mrs. Richard Overway at Hudsonville yesterday were city treasurer Mr. and Mrs. John Karreman, city clerk Mr and Mrs. Oscar Peterson, Mr. and Mrs. Henry Overway, Mrs. Peter Steggerda, Alderman Frank Brieve, Mr. and Mrs. John Overway and Mrs. Henry J. Jappinga. Many floral tributes were sent from friends in Holland including a large spray from the K. of P. lodge where Mr. Overway is a member.

According to figures released by City Clerk Oscar Peterson, the city of Holland has been tremendously progressive. Since 1923 the building permits figure in this city have averaged nearly $1,000,000 annually. Permits issued so far for 1927 call for expenditures of more than $900,000, of which $500,000 is for 12 new buildings erected during the last four months. In 1923 a total of $310,000 was spent for dwellings, while homes built in 1926 were valued at $600,000, each year having shown an increase.

The Holland Aerie of Eagles will hold an initiatory meeting on Monday evening Oct. 24, in Eagle hall at which time Bro. Chas. Lunch and cigars will be served and music will be furnished by the Weiler Bros. DESTROYS MUCH OTTAWA COUNTY MOONSHINE

A large quantity of Bourbon whiskey which has been held by the Grand Haven police since June 8, when two automobiles loaded to capacity were confiscated as it was driven onto the Chicago boat from Detroit, was destroyed at 3 P. M. on Thursday by the state police.

The rites consisted in taking a hammer and knocking off the neck of 308 quart and 523 pint bottles holding Old Colonial Bourbon whiskey from British Columbia and dumping the contents down the drain.

The order came from the state administration board on Thursday to the state police and they quietly took possession with few on hand to see the performance. As the fumes began to rise a crowd was drawn which increased as news of the big spill began to circulate.

It took about two hours to accomplish the confiscation and a wagon load of old bottle was drawn to the city dump, the only reminder of what had once represented over $3,000 to the rum runners.

Two of the quart bottles and two of the pint bottle were saved as evidence if the drivers of the cars should ever be caught. They jumped their bonds and have not been heard of since. The two big automobiles were turned over to authorities at Lansing some time ago and are now being used by state officers.

JOHN Y. HUIZENGA AGAIN ON COUNTY POOR COMMISSION

The election of John Y. Huizenga of Holland township as poor commissioner over Edward Vanden Berg of Holland Monday by a 12 to 14 vote was one of the important actions by the county board of supervisors. Mr. Huizenga was appointed to fill the vacancy caused by the death of Gerrit Van Schelven in the spring when Mr. Huizenga was appointed temporarily.

There was some opposition to his election for the three-year term and the close vote of 12 to 14 showed the sentiment of the body. Arthur Mulder of Holland was re-elected as school examiner for a term of three years.

Several committees reported on reports presented during last week with the recommendation they be adopted. Among them were that of the agricultural department, including the county demonstration and county agricultural report, the county nurse, a request from the county treasurer to be allowed to draw on the bank for short periods until funds come in from the regular channels.

All members were present Monday with the exception of Phillip Rosback. The board adjourned to continue the session Tuesday afternoon, taking lunch with the Community Club at Grand Haven.

Koenig & Banne have trapnested their hens for a number of years and it has taken them many years to develop this breed. Their whole flock of 300 pullets and 100 older hens is standard bred.

In accepting the invitation to visit Grand Rapids, Gen. Dawes insisted that no possible political complexion or influence should be given to his presence Friday night. SUPERVISORS SEE OTTAWA COUNTY AND ITS ROADS

Lifting the snaky sand roads to concrete highways, involving bridges, viaducts and huge parking spaces of tremendous value and engineering proportions, has made Ottawa County in the last 10 years comparable with any county in Michigan in the matter of good roads. This gigantic task was brought home to the group of men who were escorted over the county highways on Thursday, as guests of the Ottawa County Road Commission. The party included the supervisors, the county engineers, road commission, several county officers and other citizens interested in county progress.

Leaving the court house in ten cars, the party drove in a misty rain to the grade separation out of Ferrysburg and was the first traffic to go over it.

The first viaduct in Ottawa county is a splendid project. It was erected with federal and railroad funds and will not only cut off some distance on US-31, but will do away with numerous sharp turns and the hazard of a railroad crossing. It will be opened to the public some time this fall.

The party moved over US-16 to Eastmanville, where the bayou bridge was inspected. This is south of the Eastmanville bridge and of considerable size, spanning a branch of Grand River which is many feet across and being an improvement which was greatly needed there.

Following along the gravel roads and over detours the trip was a splendid test of the road department's work in keeping up detours on a day when the clay roads in that locality might have proved treacherous.

The Bridge street bridge and approaches, the biggest project accomplished in this county thus far, is surprising in size. The unusually wide steel bridge and the approaches of beautiful grade over the once almost insurmountable clay hills are proof of the skill of the modern engineer.

The road leading straight west from Grand Rapids, now astate road, M50, will be one of the main arteries to Lake Michigan when the remaining stretches are concreted.

Entering Holland the procession passed through traffic by the courtesy o fthe police here and quickly moved out US-31 to the Ottawa Beach Road. That beautiful stretch of pavement winds and skirts the shores of Black Lake connecting it with the newly completed state park on Ottawa Beach, which was gone over for the first time by the inspection party.

The climax of the trip came when all were invited to partake of Murphy's broiled steaks and hot coffee followed by a genial smoker and get together, where future plans were discussed. The return was made over US-31, the party arriving at the court house on schedule at 2:30 p. m.

One of the striking incidents of the trip was the comparison of the first few miles of concrete laid in the county just east of Spring Lake with the flat turns and unprepared shoulders of the road, of 10 years ago, with that of the latest construction on the Ottawa Beach road, a winding ribbon of concrete with easy turns on banked curves between seeded or sodded shoulders, doing away with deep ditches and making the highway one of beauty and safety where 50 miles an hour is no menace in ordinary traffic.

The trip, about 90 miles, is an interesting drive, touching as it does some of the most beautiful sections of Ottawa county. High winding hills, beautiful stretches of river, rolling country, Lake Michigan crested waves and the rich and fertile fields near Allendale and Holland made the scenery as diversified as can be found in any one county.

Posting such a route might interest many and serve as an intertainment for summer guests and tourists. Muskegon has so capitalized her possibilities with scenic drive routes.

MICHIGAN WINDSTORM CO. SHOWS GROWTH

A substantial growth has been noted by the Michigan Mutual Windstorm company the past year and the company now has 93,000 citizens of the state as its policy holders. This type of insurance is often neglected but the fact that the company paid over $143,000 in damages to policy holders in this state during the first seven months of the year is significant. Reports of high winds wreaking havoc were quite common from several communities in western Michigan this year showing the possible danger from this source.

GRAND HAVEN MARINE MAN PASSES AWAY

Heart failure brought the death of Charles C. Eckliff of Grand Haven, while in Chicago Wednesday.

The deceased was one of the best known manine men of Grand Haven having followed the lake water all his life. A marine engineer, he had followed salt water before coming to Michigan. His father was an engineer on the old black boats of the D. & M., the fast side wheelers that sailed the lakes during the war.

Inspector Eckliff was attached to a light ship for some time and then spent 22 years as a steamboat inspector. At that time he came to Grand Haven from Detroit to make his home there during that period in which he developed a wide circle of friends at Grand Haven who were saddened at the news of his death in Augustana Hospital, Chicago, Wednesday at 1:30 p. m. Relatives were with him at the end.

Mr. Eckliff was born in Grand Rapids, Apr. 27, 1859, being 69 years old at his death. Surviving are the widow; three children, Mrs. D. E. Mauman of Grand Rapids; Monroe and Norman of Grand Haven; two sisters and a brother, Emma, Cornelia and William, all of Detroit.

The departed was a member of the Episcopal Church and the Masonic Lodge. He had taken an active part in civic life while stationed at Grand Haven in the federal service.

Funeral services were held at the home, 419 Lafeyette street, Grand Haven, Saturday afternoon with the Rev. W. F. Phillips officiating. The Masonic service was used at the grave in Lake cemetery.

At Monday's session the Allegan board of supervisors accepted the invitation of Probate Judge A. S. Butler to be his guests at luncheon Tuesday and discuss new laws and business matters between the board and his court.

NO LAWYERS IN THIS CASE

Rather an unusual case was fought out in Justice Brusse's court Monday when William Stellema and Frank Garbarecht of Port Sheldon had a tilt in court. Garbarecht sold Stellema some plums at $2.00 a bushel. When the man from Port Sheldon arrived with the plums there were 14 bushels and the son of Stellema accepted the plums and paid $15.00 on account. When Garbarecht later produced a bill for the balance of the money, Stellema refused to pay, contending he paid Garbarecht all the fruit was worth.

Each man pleaded his own case before the judge and jury, but the jury agreed to disagree.

The jury was composed of the following: Chester Van Tangeren, Joe White, Bert Bouwman, Geo Woldring, Gerrit Elenbas and Neil De Cook.

The principal address was delivered by Prof. P. E. Hinkamp on the subject, "The Bible as a Textbook." President Leenhouts also called on Dr. T. W. Davidson and Hon. O. J. Diekema for short talks. The refreshments were served by a committee of the women's aid society.

AUXILIARY WILL HOLD CONVENTION IN ZEELAND CITY

The main feature of the regular meeting of the American Legion Auxiliary Wednesday evening was a review of Louis Bromfield's book, 'A Good Woman,' by Dr. T. W. Davidson. Dr. Davidson easily familiarized his audience with the young author and his previous works, and made clear to what extent he considered the story and purpose of the book to be true and worth-while. He quoted as a good motto for the Auxiliary or any person or organization the line:

"Good better best
Never let it rest
Till your good is better
And your better best."

Two reports of the state convention at Jackson were given by the two delegates, Mrs. H. Stanaway and Mrs. S. Meeusen.

Further entertainment was provided by Miss Evelyn Van Dyke, who read two humorous selections, "Pete the Peddlar" and "The Banded Teeth', and by Mrs. S. B. De Pree, who sang vocal solos. Mrs. De Pree's selections were "In the Hush of the Twilight Hour" and "Sunshine in Rainbow Valley." She was accompanied by Mrs. Van Kolken.

The auxiliaries of the district will hold a convention in Zeeland on Wednesday, October 26th, when officers for the district will be elected. Those desiring to attend should call 5601. The meeting will be in the Second Reformed church. Luncheon will be provided at noon and as many members as are able to go are invited.

On October 27th, Thursday at 2:15 P. M., the Auxiliary will put on a benefit bridge in the tea room of the Woman's Literary Club. Further announcements of this affair will be made in the near future.

P. M. EXECUTIVES TO VISIT HOLLAND

F. H. Alfred, president of the Pere Marquette road, and a party of 50 officials will visit Holland on or shortly after Tuesday, Oct. 24, when the annual inspection of Pere Marquette right of way, operation and equipment begins.

The award of approximately $700 in prizes on the Chicago division will be made at this time for efficiency of maintenance and operation employes.

The following executives are expected to visit Holland on this tour: J. L. Cramer, vice-president and treasurer; A. L. Grandy, assistant to the president and general manager of engineering operations; E. E. Gain, assistant to the president and general manager of public relations; S. L. Merriam, general counsel.

The first of a consignment of 1,000 automobile and furniture cars and 250 hopper cars, recently ordered by the Pere Marquette, have been received and are being placed in service, according to an announcement appearing in "Service," company publication.

Auto and furniture cars are 80,000 pounds capacity, steel frame single sheated type. The type is 40 feet long and nine feet high.

Mr. and Mrs. Walter Lane and Mrs. Cleo de Mauriac have returned from a two weeks' tour of the east. They visited Rochester, New York City, and Bridgeport, Conn.

THREE THEATERS ARE NOW UNDER ONE MANAGEMENT

Beginning next week Monday, the three Holland theatres will be placed under one management. A deal was closed Monday afternoon whereby the Colonial theatre was leased for a term of years to Manager Carley of the Holland Theater Corporation who already has long time leases on both the Holland and the Strand theatres.

Mr. Carley also has the movie houses at South Haven, Allegan and Otsego, and because of his big chain of theatres he cannot only give the best that moviedom can produce, but he can secure releases sooner and can get pictures for a more reasonable price than if he owned but one theatre.

Mr. Carley stated that nothing but the best and the cleanest is to be given in the three Holland theatres. He gave credit to Mr. Raven and Mr. Kramer of the Colonial for the class of pictures they presented in their place on River Ave.

He stated that large productions will continue to be shown at the Colonial the same as under the old management. Several of the large ones, such as the 'Big Parade,' 'Ben Hur,' 'Shang', and others, are coming in the very near future.

Mr. Carley also wishes it emphatically understood that no attempt will be made to conduct Sunday shows in Holland. He states that he wants to abide by the spirit of this city and has even discontinued midnight movies, fearing that a misconstruction might be placed on this new departure. He said he only tried this a few weeks because it had been rather successful in other smaller cities, but he doesn't think that Holland is particularly taken up with this new feature.

This is anniversary week at the Colonial. Mr. Raven and Mr. Kramer have conducted this theatre for seven years this week, and it is because of these local men that the movies in Holland have been placed on a high plane. The management of the Colonial all these years has given Holland the latest and the best that the movie studios have produced. Often big productions have appeared at the Colonial weeks before they were given in Grand Rapids and other larger cities. These early releases cost Mr. Raven and Mr. Kramer a great deal of money, but they were willing to pay to be best and to be first.

The best recommendation that possibly could go to these two Holland men is the fact that Mr. Carley, the new manager, who has been in the theatrical business for 14 years, says that the policy at the Colonial will continue along the same lines as heretofore, and nothing but the best and highest class productions will appear at this movie house.

Mr. Raven stated today that he was well pleased with the arrangement made and that he or Mr. Kramer had no immediate plans for the future.

Mr. Carley has made many friends here while conducting the Holland and the Strand theatres. He has become interested in Holland and for that reason he has made his home in this city.

GIVEN MEDAL FOR HEROISM

Helen Stevens, 13, daughter of Mr. and Mrs. M. Stevens, was presented with a bronze medal during the Sunday school session in Third Reformed church Sunday in recognition of her heroism displayed a few months ago when she saved two little children from being killed by a Pere Marquette train at the Twelfth-st. crossing.

The story of Helen's heroism was briefly told by Rev. James M. Martin, pastor of the church. On Aug. 2, Helen was crossing the Pere Marquette railway track, having in charge two little children of Gerrit Nykamp. She was pulling the smaller child, 2 years old, in a cart and the 4-year-old boy was riding his trievele.

The tricycle became wedged in the hollow planking and the boy's foot was caught in the wheel. Helen heard a whistle and saw the train coming. She snatched the baby out of the cart and carried him to safety. Then she retraced her steps to aid the boy. She tugged and tugged, but could not free him.

Then Helen was forced to jump out of the engine's path to save herself after having pushed the tricycle almost out of danger. The engine struck the tricycle, throwing it and its rider about 12 feet. The boy escaped with bruises, but the tricycle was wrecked.

Rev. J. H. Bruggers, pastor of Sixth Reformed church, was instrumental in securing the medal for the young heroine and he took part in the service. The medal was awarded Helen by the Ralston Purina Hero Medal commission and pinned on her dress by Wynand Wichers, superintendent of the school, in the presence of the entire school, amid loud applause.

Jacob Eitnier died on Oct. 12 at the County Infirmary, Eastmanville, at the age of 64 years. He is survived by the following children, Miss Levy Eitnier, of Coldwater, Mrs. Alice Peters, Mrs. Laura Bert and Frank and William Eitnier of Grand Haven. The body was taken to Ferry, Mich., and funeral services were conducted from the church there on Saturday at 2:00 p. m. with burial in the Ferry Cemetery.

Henry Dale Cook and friend Tom Ramsdell, students at Michigan State college, were entertained at dinner Friday evening by Dr. and Mrs. M. J. Cook while on their way to Manistee to spend the week end with Mr. Ramsdell's parents.

Takes Over The Down Town Service Station

The Steketee Tire Shop has taken over the Downtown Service station and the equipment of the tire shop has been moved there from the former location, 71 East 8th street. The place will be known as the Steketee Tire Shop, and in addition to a complete tire shop service there will be gas and oil service and everything else connected with an up-to-date service station. Much new equipment has been installed in the tire shop, making it complete in every respect and enabling Mr. Steketee and his aides to give the best service possible anywhere. Wm. Renolts and Wm. Van Etta will be employed in the place

LOCAL BUSINESS MEN TO SUPPORT C. OF COMMERCE

A matter that came up at the Holland Merchants Association meeting Tuesday was the chamber of commerce dinner to be given at the Masonic banquet hall Tuesday. Dick Boter not only made an appeal for the chamber of commerce but also for the new president, Mr. Wichers. Mr. Boter pointed out that after a strong appeal of several days Mr. Wichers at last consented to carry this load with his multitude of other duties because he felt that he was doing a service to the city of Holland to get back of the chamber of commerce. This is a trying situation, Mr. Wichers pointed out and he would do his best to put Holland's civic body on a workable footing

Mr. Boter stated that Mr. Wichers had the confidence of the entire community and that if anybody could make this organization a success, he surely could. Mr. Boter urged upon all merchants to be present next Tuesday evening at 6:30 o'clock in order to see what plans Mr. Wichers had mapped out.

Mr. Boter's talk was received enthusiastically. At least a half dozen merchants were on their feet pledging all their support to Mr. Wichers, expressing full confidence in his ability to handle a trying situation and the 50 present were unanimous in getting back of the chamber.

Mr. Boter also pointed out that the management of the new Laurence Box company had an interesting story to tell that evening and that A. E. Szekely, who recently came here from Moline, Illinois, also has some surprises in store for Tuesday evening.

Judging from the number of tickets that are being sold by the committee in charge of William Vandenberg, the dinner is to be very largely attended.

The Consumers Power Co. was given the contract of installing a lighting system at the Allegan county poor farm at an estimated cost of $4,500 by the board of supervisors Monday. Power lines will be extended to the county farm and a rebate to the county offered for each additional consumer within a five-year period.

RESCUE MISSION DEDICATION IS SEEN BY 1,000

One of the most impressive services ever held in this city took place on Sunday afternoon when the new city rescue mission was dedicated and turned over to Miss Nellie Churchford; the woman who has played a very important part in Holland's community and religious life during the past decade.

With tears coursing down her cheeks, she endeavored to voice her thanks ,but words would not come. It was some time before she could collect herself sufficiently to speak to the audience of at least 1,000 that filled the large auditorium, and by that time there was hardly a dry eye in this large gathering.

The exercises were opened by G. J. Diekema, who called on Rev. Clarence P. Dame to open with devotionals. Mr. Dame, in a short prayer, stated that this gift that was being dedicated was a gift to God and he prayed that God's blessing might permanently rest upon it.

Mr. Diekema introduced the speakers, holding them to a five-minute talk each. Mr. Diekema said that this was one of the happiest moments in his life. He stated that the vast concourse of people came to dedicate something that was of great value to Holland. "This building shows the great spirit of a wonderful woman," he said. "It speaks volumes, it speaks louder than even the voice of Nellie.

"Holland has a great many wonderful things. We welcome a new factory, we pride ourselves on our industrial life. A bank building and a banking institution is an absolute necessity in a town; a new school is an advance step in education; but the dedication of this building crown all these achievements It is dedicated te rescue humanity from the evil one.

"All have contributed to build this temple. Not alone have those who have plenty given, but those who have not have also given their mite.

"It was a wonderful spirit of generosity when the masons, the carpenters and others donated their services to complete this building.

"This place of worship was created thru the contributions from the great and the small the rich and the poor who gave aid for one common purpose, namely to rescue fallen humanity.

"In taking up a work of that kind, however, there must be a man behind the gun. That is always the case, in war or in peace, in enterprise or religion. There must always be a leader and one who has the sinews with which to accomplish things."

Mr. Diekema then proceeded to introduce Con De Pree as the man who directed the work of building the mission. Mr. De Pree said: "This is a joyous day in Holland. This is a day of joy for you and for me. For me it is a culmination of a dream that Nellie Churchford should some day have a place to carry on her work.

"I was filled with gloom two years ago, as were her little band and as were many citizens, when she said that she was going to leave Holland. She did leave for a time, but by the grace and blessing of God she came back to us. This building is a tribute to her, it is a tribute of love, it is a tribute to a great work. It shows that the city appreciates the work of this woman.

"The sacrifice of these 40 masons here sitting before me in giving their labor free to erect this building goes to show the grip that Miss Nellie Churchford has upon the people. These men gave $1,800 of their labor in order that this building might be reared heavenward. Holland is indeed grateful to them.

"This mission building was erected not only to take care of the mission folks of today but the facilities are here to broaden out and to do greater work and when you leave this building I ask you to breath a prayer for Miss Nellie Churchford and her wonderful work, and pledge yourself to continually lend your support to this nobel rescuing cause."

Dr. T. W. Davidson, pastor of Hope church:—

"I am alwayss glad to come to Nellie's mission. I believe in missions. I believe it our duty to support a mission of this kind. This mission I know stands for faith in God. The leader of this mission, Nellie Churchford, is preeminently dedicated to this work. Her whole life, her entire career is bound up in the work of rescuing.

"A man may be redeemed no matter how low he has fallen and I believe that Nellie is right, that a man or woman is never down and out.

"Her abiding faith makes her work a success. May God bless the new Holland rescue mission and may its work for good always be felt in this community."

Dr. E. J. Blekkink, of the Western Theological Seminary:—

"I have been in Holland a great many years. I have seen its growth, its religious development, its saloon and no-saloon period, and I ask my boy, 'What is a saloon or what does a drunkard look like?' and he says, I do not know.' If I compare the churches of today with those of yesteryear, I feel there is a tremendous advance in religious activities, in the calibre of its pastors, in the work done by the laymen. Still there is room in Holland for a mission of this kind. I believe that these two years of sacrificing to bring about this glorious temple to the glory of God is a great step forward in Holland's religious activities.

"This really shows the spirit of Holland and isnt it wonderful that the spirit of Holland thru Nellie Churchford shall bring the spirit of God to the last man? And thru the avenues of the mission not a soul in this city will be neglected."

Rev. James M. Martin, pastor of the Third Reformed church: "So many speakers before me have already covered the ground, that I will confine my remark: to comparisons. One cannot help but swell with pride in comparing the old mission in the stores with the new one we are dedicating today. I feel that the men who put up this building showed great wisdom. The men who fostered this project showed great faith in God. They built for the future. They built for expansion.

"I admire these men, these masons sitting before me for the wonderful spirit shown in collectively erecting this temple.

"This building is for the purpose of saving souls. When men have fallen low and are found in the grip of the evil one, a helping hand from this mission grasps them from sinking further and elevates them again to an honored place among their fellow man. What greater work could one do?"

Rev. Seth Vander Werf: "I am grateful that Holland has erected this new building. It is a credit to the spirit of Holland and speaks of the wonderful work of Nellie Churchford.

"Holland is a beautiful city, but we are prouder of our religious activities than we are of anything else. I have often wondered if there was room in Holland for a rescue mission. Doubt of this has long been dispelled. The work accomplished and the vast gathering here show that its erection is fully justified.

"Religion is a good thing, it is good no matter how, when or where it comes. Christ enters the humblest home and blesses the humblest church and we thank God that Miss Nellie Churchford now has equipment to work with."

Dr. John E. Kuizenga, president of the Western Theological Seminary: "There is not a particle of difference between the purposes of the Western Theological Seminary and the purpose of this city rescue mission. This is a tribute to Nellie Churchford and her work.

"We are all brothers and sisters in the spirit of Jesus Christ. When you have said this you have said it all.

"We sometimes wondered whether Holland needed a rescue mission. I believe that Holland of all places needs a mission of this kind. I sometimes wonder that if in our ease and prosperity, with life running smoothly, there is not a greater temptation for sin. Holland is in just that state.

"Many of us possibly need rescuing more than anyone else. We are a sinful race and our outstanding point is sin.

"The mission is for the purpose of bringing the Bible and Christ's spirit not only to the lowly but to all. We could take lessons from the splendid examples that Miss Nellie Churchford has given us. This is not a rescue mission for a few, it is a city-wide rescue mission. We should all take part in giving it support.

"I bring to you the congratulations of the Western Theological Seminary, for this is the joy of our hearts and the salvation of tomorrow."

Mr. Diekema, in introducing A. H. Landwehr, presented him as the man who with Mrs. Landwehr and Mr. and Mrs. John Kolla were the most liberal donors to the project.

Mr. A. H. Landwehr: "It does me good to be here. I do not wish to take credit for my small part in the erection of this building. The person who preeminately stands out is Miss Nellie Churchford.

"We are a sinful race. The bad are not all at the bottom; there are as many good there as there are at the top, and there are a great many bad at the top who could take an example from this work of sacrifice and could be aided by this mission.

"It takes courage for a man or woman to fight when they are in the last ditch and this mission and Miss Churchford are here to give them a helping hand.

"I know this mission has a place in this community. It takes heaps of good doing to make a mission fruitful of good results. It is up to us to help.

"I am proud of the city of Holland. I am proud of all its achievements, of all its activities. This city never fails down when need calls. The hand of charity here alleviates the suffering of the body. The spirit of mercy is dominant thru an institution of this kind when it comes to the saving of the soul.

"Religion stands out like a rock and after all it is the greatest of all things that count in life. My great aim is to try to do right with all my might."

Mr. Diekema then proceeded to introduce men who are closely identified with the erection of this mission building. Abel Smeenge was pointed out as the contractor who built the building without a cent of profit, who gave his time free. Mr. C. M. McLean, on the building committee, also gave much of his time. Dick Meenges, one of the masons of the 40 who erected the building, was called on for a short talk. He said: "You can imagine how I feel. A common workman talking after all these educated man and pastors have had their say. But I wish to tell you just how the masons got back of this project. The Holland papers suggested that the building was to cost $25,000. At a meeting we unanimously got back of this underaking but when we saw the plans we were rather dubius for it was a tremendous building, even higher than your big bank on the corner. We thought we had bit off more than we could take care of, but with the spirit of Jesus Christ urging us on and the encouraging words of Miss Nellie Churchford we started to build, not for the present but for the future. We built for our children. Let our children follow our footsteps and let this mission remain a permanent religious abiding place, dedicated to the glory of God."

Mr. Meengs then presented the mission with a large picture of Miss Nellie Churchford and a group picture of the 40 masons who so liberally donated their services.

The last and closing speech was to have been made by Miss Churchford, who, when called upon, haltingly came to the platform, but the tears that came spoke more eloquently of what was in her heart than words could possibly do. It was sometime before she could control her emotion and then she said: "The feeling that is within my heart is more than I can express in words. I feel that I was called upon many years ago to fill a humble niche in this community. I knew what it is to be among the riff-raff of society. Knowing this I also know what it means to receive the protecting hand of God, and feeling this I wish to help others who have sunk low. I feel that the part I have played in this is the least. I have never deserved all this credit you are giving me.

"The first years were trying years, but with the help of Jesus Christ I kept at my task. What appeared like unsurmountable obstacles were easy with His help.

"I remember the first encouragement that I got was from Rev. J. T. Bergen, the venerable Gerritt Van Schelven, and Mr. G. J. Diekema here. God bless them. I have received a pile of encouragement here since, much money has been subscribed to my cause, and say it softly, 'I know every tight wad in Holland, and say it loudly, I know every liberal giver and there are not a few.

"I wish personally to thank these brick layers, these carpenters, these men who have little to give but gave of their little. I wish to thank all of Holland. You have not given this to the city, you have not given this mission to me, you have given it to the Lord."

The masons whose names appear on the roster giving their services or money towards the building of the mission follows: W. J. Poppe, K. Kalkman, P. J. Zalsman, A. Kortsmen, H. Bliss, Sr., J. Stroop, J. De Feyter, B. Bruischart, A. Drost, P. Dryer, H. Bliss, Jr., E. Wanrooy, R. Zalsman, A. Kaston, F. Nash, W. Meengs, W. Ver Hey, G. Wanrooy, H. Stroop, P. Kraai, Peter Smith, Frank Smith, G. Steggerda, D. Meengs, G. Nash, B. Wanrooy, M. H. Nixon, W. Oosting, J. P. Oosting, A. Doctor, F. Otten, P. Oosting, A. Motore, J. Yonker, E. Emery, W. Zimmerman, C. Fisher, W. Van Asselt, B. Mulder, H. Steggerda, H. Kasten.

In connection with the announcement of the dedication exercises Miss Churchford, head of the city mission, today announced the gift of a fine Ivors-Pond piano to the mission by Mrs. A. H. Landwehr. Another donation that is greatly appreciated is a beautiful pulpit Bible presented to the mission by Mary and Lena Ver Hage of Zeeland. Not the least appreciated of the gifts is that of two floor brushes given by Mr. and Mrs. Fred Ten Cate. Mr. and Mrs. Ten Cate are blind and the floor brushes have far more value for the mission officials than their intrinsic worth. They were presented not out of the abundance of the donors but out of their interest in the mission.

Mr. and Mrs. Fred Crispell motored to Flint Sunday, where they called on Mr. Gerrit Grooters at the St. Joseph Hospital. Grooters was recently operated on for spendicitis. Mrs. Crispell is a sister to Mr. Grooters. Mr. Grooters is improving nicely.

PRESENTED WITH A NEW AUTO

Because her old car has done full service and was beyond repair, friends got together and solicited funds from both the mission folks and the Holland merchants and purchased Miss Churchford a new Whippet coupe.

The soliciting committee were John De Boer, John Yonker and Henry Zwemer. These men, besides donating themselves, secured the necessary funds to pay for the car.

Mr. Zwemer, besides giving his donation, also dropped his commission received as an agency of the Whippet and gave the car at cost to him.

Miss Churchford wishes to thank the doners not only but the men who gave their time necessary to collect funds. She was surprised when the car was presented stating that with all the other wonderful things that had transpired during the week, her measure of thankfulness was overflowing, and that the past week was the greatest week in her life.

NELLIE'S OLD CAR DOWN AND OUT

A little over four years ago Nellie Churchford was presented with a Ford car in order that she might do her work in connection with the mission more rapidly and easily.

Like the 'one-hoss shay,' the 'Lizzie' of Nellie is done. But no wonder, it has traveled 100,000 miles. From the time this Ford started to run four years ago until it went to the junk heap the Vandenberg Oil company not only serviced it with tires but furnished all the gas and oil without cost and Miss Churchford wishes publicly to thank the Vandenberg Bros., who will continue to service a new car without charge.

MISSION SEAT FUND GETS GOOD START

The collection taken during the dedication exercises at the city mission Sunday afternoon amounted to $203.57. There was one $50.00 bill and one $10.00 bill included in the collection. This is a fine start for the new seat fund. While the building is complete in every other way, funds ran low when it came to buying seats and those in the bulding now were temporarily donated by Nibbelink and Notier and John S. Dykstra.

MISSION WALLS BUILT BY UNION MEMBERS FREE

The building of the new city mission recalled, in the matter of the method of erecting it, the early days in colonial life when all the neighbors would get together to help any one of them build his house or his barn, donating the labor and so cutting down the cost for him.

The reason is that this union donated the labor in putting up the walls of the mission. If paid for at the regular rate, this labor would have cost the building committee $1,778, which means that each member of the union contributed something like $44 in labor to the mission. Miss Churchford and all the officials of the mission as well as those who were in charge of collecting and expending the funds in the erection of the new building are naturally very grateful to this local labor organization and they have arranged to call attention to the gift by having a block of reserved seats set aside for the members.

Most of the members of the bricklayers' union have no connection with the mission but they looked upon it as a community project that was worthy of their support and so they gladly donated their labor. It is safe to say that in proportion to their means the members of this organization made unusually large donations to the mission.

WRIGHT PLAYERS MAKE A HIT AT THE TAVERN

The large dining room at Warm Friend Tavern was filled to capacity Thursday noon when a joint luncheon was held comprising the members of the Rotary, Exchange and Lions clubs. The invitation came from the officials of the Rotary club who were to have the Wright Players of Grand Rapids as guests.

President Thomas N. Robinson of the Rotary club introduced President Earnest Brooks of the Exchange club and smilingly presented R. W. Everett, "Earnie's" brother-in-law, as the president of the Lions club, stating that the presidency of clubs was very much in the family. Congressman Carl E. Mapes was also presented, as were several other guests.

Mr. Robinson then turned the meeting over to A. W. Wrieden, Mr. Landwehr's secretary at the Holland Furnace company. Mr. Wrieden was in a happy frame of mind, stating that the Wright Players apparently were not very well acquainted with Holland, for the first question the manager asked was if there was a good piano in the city. He was informed that every home contained one and that a Bush and Lane Piano company shipped them out by the carload.

Mr. Wrieden in turn introduced Elmer J. Walters, the Wright company manager, George Rodgers, who has been director of Powers theatre orchestra for 18 years, Miss Betty Gared, the leading lady of the company, and Walter Vaughan, the funny man, and others.

The entire orchestra of Powers theatre was present and gave an excellent musical program during the luncheon. Mr. Walters gave some interesting details of incidents in theatre life. He gave a complete picture of what often takes place backstage and he said there is no place on earth where a person can get such an insight into the character of people as in a theatre box office.

Miss Gared and Walter Vaughan entertained during the luncheon with some excellent take-offs, monologues, duets, and musical numbers. The impersonation of a ventriloquist's dummy created no end of laughter. Mr. Rodgers, orchestra director, also told of some interesting experiences as seen from the orchestra pit.

It was a program rather out of the beaten path and the reception which the players received would indicate that the club men were pleased with the offering which the program committee made possible.

The Wright Players have been at Grand Rapids for five years and if the furniture city has its say they will no doubt remain five years more.

Several parties have planned to see the Wright Players perform next week when they present Jerome K. Jerome's delightfully whimsical play, 'Passing of the Third Floor Back.'

Members of the Holland Ladies' Literary club are also contemplating a Wright players theater party.

125,000 HENS IN POULTRY CO-OP NOW ORGANIZED

The Ottawa Egg and Poultry association is the official name under which the egg and poultry producers of this section were organized at Zeeland high gym last week Tuesday. There were about one hundred and twenty-five of the four hundred members in attendance for the purpose of approving the articles of association and for the election of a permanent board of nine directors.

The organization is the climax to a season's work extending over the greater part of the past summer, and that involved so great a task that many prophesied and declared it could never be accomplished. The result shows what can be done when there is a purpose and a will back of a worthy cause. That the organization was completed goes to the credit of the men, headed by Maurice Luidens, who gave many weeks of their time unstintingly in an effort to bring the proposition to the full knowledge of everyone that was in any way interested, and then set out to secure a sufficient membership to make the operation of the organization a success.

The board of directors chosen at Tuesday's meeting are all capable men, some of whom have had considerable business experience. They are: three-year term directors, M. Luidens of Olive, J. Vanden Bosch of Oakland, John Poppen of Overisel; two-year directors, R. Bredeweg of Drenthe, C. J. De Koster of Zeeland; Alex Klooster of Jamestown; one-year directors, Henry Gerrits of Hudsonville, M. Knoll of Laketown, and Norman Bond of Salem. There were 105 votes cast in all and the election was made from twenty names that were placed in nomination. Three committees were also appointed from among these directors, as follows: Selection of location, De Koster, Klooster, and Knoll; selection of manager, Bredeweg, Poppen, and Bond; selection of receiving stations, Luidens, Vanden Bosch, and Gerrits. These committees will report their selections to the full board for final disposition.

The company intends to operate with Zeeland as its place of business, and they will establish receiving stations in the various sections where their trucks will pick up eggs and poultry daily. The products will be brought to the central plant for candling, sorting, packing, and shipping, and the offices of the company will be located in Zeeland. The eggs and poultry will be sold on the regular co-operative plan, each lot being pooled and the net returns paid to the members in proportion to their respective interests.

The organization has a membership of about four hundred, and will handle the product of 125,000 hens now signed up. This means, it is estimated, that the shipments will average a carload of eggs each day of the year.

The board of directors expects to meet within a week for organization and to act on the reports of the committees, when operations will begin as soon as the arrangements can be made, probably within a month.

That this co-operative organization is going to succeed is evidenced by the energy put into its organization and it is going to be one of the greatest influences for the welfare of southern Ottawa and northern Allegan counties. In a few short years the poultry products of this section, with the success of this organization, will multiply many times so that it will take its place as the banner poultry section of the country. When this organization was first suggested, there were many who said, "It can't be done," and there were some who said, "It must not be done," but there were those who decided it should and would be done—and they won.

ATTENTION!

In some way the story has gone around that the H. P. ZWEMER & SON of Holland has gone out of business. This is ridiculous. While we did sell out our auto repair department for the servicing of cars we are still in the Coal and Wood business and are selling Willys Knights and Whippet Automobiles and G. M. C. Trucks.

We cannot make this statement too emphatic.

THE CALL OF THE PROPHET

LESSON TEXT—I Kings 19:19, 20; Amos 7:10-15; Isa. 6:1-8.

GOLDEN TEXT—I heard the voice of the Lord saying, Whom shall I send, and who will go for us? Then I said, Here am I, send me.

PRIMARY TOPIC—God Chooses His Helpers.

JUNIOR TOPIC—God's Call to Service.

INTERMEDIATE AND SENIOR TOPIC—Spirit of the Volunteer.

YOUNG PEOPLE AND ADULT TOPIC—The Need of Modern Prophets.

A prophet is one who speaks forth the message of another. A prophet may foretell events, but his primary business is to speak forth God's message.

I. The Call of Elisha (I Kings 19:19, 20).

1. His occupation. He seems to have been a well-to-do farmer, as there were twelve yoke of oxen in service when God called him. It was while engaged in his common duty that he received the divine call.

2. How he was called. Elijah cast his mantle upon him as he passed by. Elisha understood this to mean that he was to take up the work vacated by Elijah.

II. The Call of Amos (Amos 7: 10-15).

1. His occupation (v. 14). He was a herdsman and gatherer of sycamore fruit.

2. He was a prophet, not by succession nor trained in the prophetic schools. He sat at the feet of no great teacher.

3. God called him from his humble life to stand before the king. God is not straitened for helpers. He raises up workers from unexpected quarters, fills them with His Spirit and sends them forth.

III. The Call of Isaiah (Isa. 6: 1-8).

1. Isaiah's vision of the Lord (vv. 1-4). No one's ministry will ever be fruitful until he has had a vision of the Lord. The scope of his tasks and the power to perform service will be lacking until he sees God.

(1) He saw the Lord on His throne (v. 1). The supreme need of a servant of God is to have a vision of Him, even to see Him on His throne. Just now, perhaps as never before, we need a vision of the enthroned Lord, as the awful darkness is settling down upon the world.

(2) He saw the Seraphim above (vv. 2, 3). Their standing indicated that they were in readiness to do His bidding. Their equipment with six wings showed their ability to execute the divine will. In the divine presence one pair was needed to veil the head from the divine glory, one pair veiled the feet which had been soiled in contact with the world, while the third was suspended in midair waiting to depart on the divine errand. As they waited in His presence their continued cry was "Holy, holy, holy."

(3) He saw manifestations of majesty (v. 4). As the holy ones cried the very doorposts moved and the temple was filled with smoke. Smoke indicates the divine presence in anger (Ex. 19:8; 20: 18). This indicated that the selfishness, idolatry and wickedness of Israel had provoked God's anger.

2. Isaiah's conviction of sin (v. 6). When he got a vision of the holy God he was smitten with a sense of sin. The reason that men think well of themselves is that they have never seen God. Face to face with the Lord, Isaiah saw himself as wholly vile. He realized that he had sinned in speech, and it in speech, then in heart, therefore the cry of despair. He was not only guilty himself, but was living in the midst of a guilty people.

3. Isaiah cleansed from sin (vv. 6, 7). Having been convicted of and confessed his sin, a burning coal was sent from the altar which purged away his sin. His penitential guilt was forgiven and removed.

4. Isaiah's call (v. 8). His call from God did not come until after his cleansing. The purged soul is the soul ready for the Lord's service.

5. Isaiah's dedication (v. 8). As soon as he was cleansed he quickly responded for service. The one who has been sanctified and made meet for the Master's service readily responds to the call of God. He did not wait to see the end from the beginning, but freely gave himself up to that service.

6. Isaiah's commission (vv. 9-13). Because of the unpromising outlook, Isaiah shrank from his responsibility. He saw the people steeped in selfishness, but in spite of that the Lord assured him that their blindness and sin would not continue forever. The people would go on in sin, be taken into captivity, and the land left desolate; but as the oak, after shedding its leaves is for a time apparently lifeless, yet it retains its substance, and so can manifest its life, the prophet is given to see under this figure that despite the deadness of the nation a remnant shall be saved. The holy seed of the kingdom shall come to fruitage in the last days.

BIG GROWTH IS SHOWN BY FIRST CHURCH SCHOOL

The First Reformed Sunday school has shown a remarkable growth. Its total enrollment is more than 1,900. Financially this school is also doing a great work, as more than $4,000 was collected during the year.

This school has an enrollment of 935, with 40 more in the home department and 89 in the cradle roll, totaling 1,064. The average attendance during the year was 672. The highest attendance was 786, while the lowest attendance was542.

Sixty teachers and officers are in charge of this large body of Sunday school students. Financially the Sunday school is also doing well, $4,008.-70 having been collected during the year. Of this amount $1,836.96 is for missions, $416 80 is for church building fund, $87.49 goes in the fund for papers, and 1,518.25 goes into the general fund to conduct the Sunday school.

This Sunday school also donated $500.00 towards the hospital built by Mr. Dykstra in Amara, Arabia. This $500.00 is to fit out the children's ward of ten beds.

A personal gift by an anonymous donor amounting to $150.00 was for the purpose of buying a planer for Mr. Dykstra to help him in his carpenter work in the mission. For this missionary is not only a preacher and a builder of character but a builder of buildings as well, and this knowledge has stood him in good stead when he erected this large hospital, which is now in charge of Dr. L. Dame, brother of Rev. Clarence P. Dame of Holland. Dr. Dame left this country for Arabia the first part of September and has just resumed his work there.

This Sunday school has assumed another burden when the board of foreign missions increased the salary of Mrs. Dirk Dykstra $400.00 a year. The Sunday school took it upon itself to take care of this added burden. This Sunday school is doing still more benevolent and religious work. An Indian girl is receiving full support while attending the Winnebago school until she graduates.

LOCAL CHAPTER HEARS ABOUT STATE MEETING

Mrs. Merrick Hanchett and Mrs. W. Hadden delightfully entertained the Elizabeth Schuyler Hamilton chapter of the D. A. R., on Thursday afternoon at the home of the former at Lawnsdale Court.

The program of the afternoon was opened with two piano solos, played by Mrs. Martha Robbins. The delegates to the state convention which met recently in Albion gave interesting and informative reports. The Hannah Tracy Grant chapter of Albion, the Mary Marshall chapter of Marshall and the Charity Cook chapter of Homer were hostesses to the Michigan Daughters and everything had been done to make for a profitable meeting. The evening addresses were given by Captain R. N. Larson who spoke on "A Nation's Cross-Road" and by Reverend J. Ambres Junkel whose subject was "Three Vital Principles of Americanism."

The girls' glee club of Albion college sang on several occasions and an organ recital was given by F. Dudleigh Vernor. On one afternoon the delegates were the guests of Albion college and were most delightfully entertained. The election of state officers resulted in the choice of Mrs. Charles F. Bathrick of Battle Creek as state regent and Mrs. James H. McDonald of Detroit as state vice-regent. Mrs. Lucius E. Holland of Saginaw, who has been prominent in D. A. R. circles for many years, was made honorary regent of the state. The Holland chapter was represented at the convention by Mrs. Bruce Raymond, Miss Katherine Post and Mrs Martha Robbins.

MISSIONS ARE DISCUSSED HERE AT CONFERENCE

Although the day was rainy the main body of the church and part of the gallery of Third church was occupied during the morning session and in the afternoon the capacity of the building was taxed to accommodate the large number who attended the meeting of the Woman's Missionary Union.

The program was carried out as published. Rev. Mr. Harper and Miss Bussing spoke in the morning and Miss Emma Reeverts and Mrs. H. J. Scudder in the afternoon. Mrs. John A. Dykstra, president of the Union, presided. A group of missionaries on furlough, Rev. and Mrs. Beltman, and Miss Nettie De Jong of China, Rev. They were introduced to the audience and responded by giving a brief message of their work.

The societies reported having raised during the year twenty-four thousand dollars. The offerings during the day amounted to $452.20.

30TH BIRTHDAY OF THE CENTURY CLUB IS OBSERVED

It was exactly 30 years ago Monday night that the first meeting of the Holland Century club was held. Attention was called to the anniversary by President Arthur Visscher Monday evening at the regular meeting held at the home of Mrs. Martha D. Kollen. The Century club is one of the oldest organizations in the city, even older than the Woman's Literary club. The former was organized in 1897 and the latter in 1898. The constitution limits the membership to 60, which is made necessary by reason of the limited capacity of the homes where the club meets. This membership has always been full during the 30 years of the club's existence and new members can only be elected when there is a vacancy through resignation or death.

An attempt was made to secure a year book of the first year of the club's existence but this failed. Mr Visscher however secured a year book of the year 1900-1901 and read a list of the names of members that year, three years after the club was organized, who are still members: W. H. Beach, Mr. and Mrs. P. F. Boone, Mrs. G. W. Browning, Mr. and Mrs. A. J. Cappon, Dr. and Mrs. M. J. Cook, Miss Lena De Pree, G. J. Dickema, Dr. E. D. Dimnent, Mr. and Mrs. J. J. Dregman, Miss Kittie Doesburg, Mrs. W. J. Garrod, Mrs. C. V. R. Gilmore, Dr. A. C. V. R. Gilmore, Mrs. A. E. Kollen, Mr. and Mrs. C. H. Mc Bride, C. M. McLean, Dr. J. B. Nykerk, Mr and Mrs. J. P. Oggel, Mrs. A. C. Post, Mrs. Albert Riekema, Mr and Mrs. W. C. Walsh, Mr. and Mrs W. H. Wing.

A very delightful program of music, in charge of Dr. J. B. Nykerk, was given Monday evening by Mr. Wm Andree and Mr. Walter Groth. Mr Andree, accompanied by Mrs. Andree, sang: 'The Lament,' (from Pagliacco') by Leoncavallo; 'For You Alone,' by Geehl; 'Irish Medley' (by request). He responded to encores. Mr. Groth's contributions were 'Recompense,' by Hammond; 'Take Joy Home,' by Caroline Bassett; and 'The Star,' by Rogers. He also responded to encores. He was accompanied by Miss Walvoord.

Dr. and Mrs. T. W. Davidson were elected as new members of the club.

Because of the fact that many students who held school offices have not returned this year it was necessary to appoint others to fill the vacancies. Four members of the Anchor staff failed to return and the following were appointed: associate editor, William De Haan; humor editor, Donald Wade; reporters, Leonard Wilset and Leonard Hoogenboom.

Four of the members of the Y. M. C. A. cabinet also failed to return. The president has made the following appointments: membership, William Heydorn; secretary, Donald Wade; social, Warren De Pree; gospel team and membership, Leonard Hoogenboom and Marvin Meengs.

FORMER CITY CLERK'S WIFE DIES SUDDENLY

A wire has been received by Bernie Bouwmaster of Grandville, conveying the information that Mrs. Richard Overway, wife of Holland's former city clerk, and for many years employed in the treasurer's office in the city hall here, dropped dead of heart failure at 9 o'clock Friday night while attending her household duties.

Mrs. Overweg had passed away before medical aid could be summoned. Mr. Bouwmaster stated that his sister had been enjoying the best of health and death was entirely unexpected. The body is to be shipped to Hudsonville for burial, this being the place of her birth and where her parents reside.

Mrs. Overway had passed away beton March 1st where Mr. Overway is employed in a branch office of the Holland Furnace company. Mrs. Overway is survived by her husband, Richard Overway, and two small children.

That people in this community are interested in poultry was evident from the large crowd that came to see a poultry play, entitled 'Bad Egg.'

Five hundred patrons crowded into the court room. Every available chair was taken and standing room was at a premium. Even poultrymen from Grand Rapids, Allegan, and Zeeland took the trouble to come to see it.

The play brings home to poultry raisers the disastrous results of keeping poor laying hens. There was a cast of four in the play but the stars are Davis and Jones. Davis has sold eggs to Jones. Several hatches have turned out poorly, the eggs are bad and the chicks are inferior. Both men lose money. Jones refuses to buy any more eggs from Davis unless he changes his tactics in poultry raising.

Jones proceeds to lay down the rules under which he will accept the eggs and step by step he points out what is required in the way of feeding and other safeguards that will make chicken raising profitable.

From the way the play is staged it is easy to draw a lesson that is more convincing than a lecture or any reading matter on the subject could possibly be. The skit is interspersed with laughable situations that make the lessons still more convincing.

THE HEART of the HOME

If home is to have that gripping influence that holds us secure in life's most treacherous storms, it must be cozy. Some folks live in homes—others in houses. And it is not difficult to tell to which class a person does belong, is it?

The person whose life is strengthened by a happy, cozy home is one that we all admire.

He is one that can smile in the face of any struggle. He is a person who fills the rest of us with confidence. That is the kind of character that we all want to have.

So let's strengthen our home influnce all we can. Let's start with the HEART OF THE HOME.

C. OF C. PROGRESS AND ITS TROUBLES THEME OF MEET

That the Holland chamber of commerce is very much alive was shown Tuesday night when so many members attended the dinner given in the Masonic temple that there would hardly have been room for any more. It was a happy event in spite of some of the subject matter of the meeting, which was not so happy, dealing as it did with rather serious difficulties that confront the organization.

President Wichers, after thanking the members of the Eastern Star for the fine dinner, announced that the meeting was one of business purely, called to draw to the attention of the membership some of the organization's achievements, some of its troubles, and some of its hopes. Among the achievements he listed the fact that the chamber of commerce is a nucleus of men on whom the community can always fall back with confidence in any emergency. The recent Getz dinner, he said, is another distinct C. of C. achievement. Moreover, in an industrial way the chamber of commerce has done fine service in keeping out of Holland some factories that would have been liabilities and has protected local people from investing in them and losing their money. On the positive side, two first class plants that promise much for the future have been secured, the Lawrence Brothers company and the O. E. Szekely Corporation. Mr. Wichers introduced C. G. Lawrence first.

Mr. Lawrence told the story of his firm's removal from Chicago to Holland and said he and his associates were very happy with the change. The company already has from 55 to 60 per cent of its Chicago output and by the first of the year hopes to be running at full Chicago capacity. Soon it will employ about 150.

O. E. Szekely, the next speaker, said that the product of his firm is rather intangible. It manufactures few things and deals largely in ideas. He illustrated this fact by taking the milkbottle top that is made by the Lawrence Brothers and showing all the processes it goes through. At every stage such a firm as the Szekely company designs the machinery that makes it and does it so that the cap can be made so cheaply that it can be thrown away after it has been used. The Szekely corporation is a group of engineers, supported by skilled workers, who design machinery for other concerns and hatch ideas for them. Mr. Szekely told of a piston ring that had been believed to be an impossibility. The local firm's job was to design machinery that would change the impossibility into a possibility. This was done. In August, 20 of them were turned out and now they are being made at the rate of 5,000 a day. By January the total will reach 620,000.

The company has also designed an airplane motor for private business planes, to be used by business men in too great a hurry to depend on train or motor service. This is a coming industry, he said. The firm expects to turn out 150 of them the coming year. Mr. Szekely suggested that the chamber of commerce get back of a landing field and thus be ready when the airplane industry gets into its real stride. He also told of the dynamometers that the company makes, 18 of which have been sold to the Russian government and four to Japan. The firm now employs 55 men, all experts. It expects to employ 75 by about the first of December and 100 about the first of February.

At the conclusion of these addresses, President Wichers called attention to the business of education in Holland and put in a word for the new memorial chapel at Hope college and the lecture course, urging all members to support both projects.

Coming down to less favorable business, Mr. Wichers told of a rather large deficit that the present board of directors inherited when they took office, due to the fact that a rather large percentage of the dues have not been paid in. The treasurer, Earnest Brooks, read the financial statement, with receipts of $5,299.31, expenditures of $5,321.05, and in addition to that obligations of $6,003.70.

In regard to this situation, A. H. Landwehr said that it would not be a difficulty at all if the members would merely do the obvious thing, that is, simply pay their dues. That would quickly wipe out the deficit and give the chamber of commerce a chance to do someting for Holland. The organization, he said, has done more for this city the past five years than during any other period in Holland's history and every member should be proud to pay his dues and let this good work continue. He pointed to the new hotel, the new factories and other achievements of the chamber of commerce. The relatively small sum of some $6,000 ought not to prove difficult for a city with an assessed valuation of $17,000,000 and a real value of perhaps twice that amount. The officers of the chamber of commerce cannot make the organization function, he said it can do things only if the members not only pay their just dues but get back of every movement personally. All should be lifters, he said, or else get out. It is only the lifters who can be used and who are any good to an organization. He asked every man to constitute himself a committee of one with two objects in view—to make sure his dues are paid and to get some one else into the organization.

Con De Pree spoke along similar lines. He pointed out that the directors of a chamber of commerce can make plans for development, based on the amounts of the membership pledges, but if those pledges are not paid the officers cannot go ahead and they are placed in an embarrassing position. Even if the chamber of commerce should not have been of any personal benefit to a citizen, every single person living in Holland has profited by what it has done for the community in general. Even quite recently it has landed two real plants with real payrolls. He pointed to the advertising that Holland is getting far and wide, asserting that no other city of this size is getting anything like it. Holland has the location, it has the advantages, and there must be organization to take advantage of all this. If the people of Holland get back of the chamber of commerce there is nothing that can stop the rapid growth of Holland, he said. He told of some of the features of his company, illustrating how the name and fame of Holland is being carried into millions of homes all over America by the products of Holland's manufacturing concerns.

Several speakers made tentative suggestions as to how to meet the specific situation. Mr. Landwehr also made some suggestions about turning the Masonic temple into a community hall and other projects that will probably be worked out but that were not acted on last night. Talks were made by C. H. McBride, W. J. Olive, Henry Geerds, John Kooiker, B. P. Donnelly, Fred Beeuwkes, and Dick Boter. They all urged support of the chamber of commerce and testified to its great value in building up Holland.

While no definite conclusions were reached, many members present signed membership pledges. A group of volunteers also came forward after the meeting to do some active work in an intensive way to place the organization financially where it belongs. And it was decided by a vote of those present to hold a similar get-together dinner about once in two months. The chamber of commerce no longer has a paid secretary, President Wichers announced, and it is operating with only one clerk. The expenses have been cut to the bone.

The meeting was an enthusiatic one and it had the great merit of giving the membership a full and frank statement of the exact situation. It is believed that most of the difficulty is due to the fact that many did not understand how things stood. The meeting of last night has cleared the air and today the officers and membership were ready to start on a new era of progress for the chamber of commerce.

Mr. Peter Oosting, one of the leading bass singers of this city, will sing a solo at the Sixth Refd church next Sunday evening.

Men of the faculty of Allegan High entertained the Teachers club at dinner Tuesday evening. Willard Ramsdell talked on his recent trip to Europe.

COLONIAL SWEET SHOP VISITED BY BAD FIRE

Fire starting shortly after noon at the Colonial Sweet Shop, located at 8 East 8th Street, did considerable damage before firemen were able to extinguish it. Starting in the basement, where it is said the proprietor, Gus Botsis, was making candy, the fire burned stubbornly for nearly an hour, sending great volumes of smoke into the surrounding neighborhood.

Much damage was done in the candy store, as the stock in the basement, valued at $1500.00, was completely destroyed. Smoke and water also took a big toll on the main floor. On account of the smoke Chief Blom and his men found entrance to the building practically blocked and it was only after the smoke helmets had been brought into use that the fire was located. Several of the men were nearly overcome and the large crowd that came to the scene was forced back many times because of the smoke which brought tears to many eyes. Tons of water were poured into the basement thru holes cut in the floor and front wall and this deluge soon put out the fire.

The stock in the basement of the Huizenga Jewelery store was placed high enough above the floor so that no damage was done by water but the smoke penetrated all parts of the building and did considerable damage to the silverware, which it is said, turns black with smoke, and can not be cleaned to take its original lustre. Manager Kooike could not give any estimate of his loss, which may run high.

The offices of Fred T. Miles, G. W. Kooyers and the Holland Engraving Company also suffered from the smoke. The Du Saar company was not damaged as two walls separate its basement from the Sweet Shop.

The fire was one of the worst in a long time and on account of the great amount of smoke hundreds of spectators were attracted. Chief Blom could give no exact estimate of the damage but it is thought it would be nearly $5,000

The Candy Company carried no insurance.

A SPECIALIST ON EYESIGHT TO BE HERE ON FRIDAY

One of the biggest meetings of the year of the Washington school P-T club is expected Friday night when Chas. F. Southard, field secretary of the Eyesight Conservation Council of America, will be here to give an address. Mr. Southard is this week making a four-day campaign in Grand Rapids and his coming to Holland Friday night will bring many to the meeting, which starts at 7:45 and to which not only the members are invited but all others who are interested.

In regard to the subject matter and character of Mr. Southard's addresses, the Eyesight Conservation Council says:

"To all the value of sight is preeminent—it is the most cherished of the five senses—it is the most used and, thoughtlessly and through ignorance, the most abused.

"The greater appreciation of sight is not necessary but a greater appreciation of the importance of eye care is. A large majority of the human race have defective vision most of which is remediable. A lack of knowledge of the prevalence of this condition and a lack of proper eye care is, in a large measure responsible for much suffering and inefficiency.

"The sane solution for the correction of any wrong condition lies in the education of the public to the existence of that condition and to the way of correcting it. It is on this principle that the Eyesight Conservation Council is conducting a nation-wide campaign, entirely educational in purpose and in method, to arouse public interest to a proper appreciation of the importance of eye hygiene and the care of the eyes.

"The eyes of school children throughout the land should be cared for, workers in industries and clerks in stores and offices should be informed of the importance of eye care and the benefits of aids to vision where required.

"This knowledge is being conveyed to the public through every possible channel, by the Eyesight Conservation Council of America, a membership organization supported entirely by voluntary contributions.

"Any person interested in the purpose of the organization is eligible to membership."

ROBINSON FARM IS RAIDED BY THE COUNTY OFFICERS

Robinson township once more jumped into the limelight in connection with liquor law violations Tuesday when county officers made a raid that netted them a big haul. A few years ago Robinson township was the storm center of a liquor law violation controversy and the raid of Tuesday seems to show that there is still opportunity for vigilance there.

They secured 108 bottles of beer, 30 gallons of grape wine, five gallons of blackberry wine, and six gallons of mash for beer. Klemke was arrested on the charge of sale and possession.

FAIR SECRETARY IS TO RESIGN THE PRESENT YEAR

For the past four or five years John Arendshorst, secretary of the Holland Community fair, has threatened to resign, but at every annual directors' meeting members of the association have gone counter to his wishes and have elected him despite his refusal to accept. They simply wouldn't let him say no.

This year he makes the announcement early in order that the directors may cast about for a new man. The annual meeting is to be held the latter part of November and no doubt at that time the matter of a secretary will be brought up.

This isn't a job that everyone can fill. The secretary must be peculiarly fitted for a position of this kind and of all things, he must be a mixer.

Mr. Arendshorst is a man of that kind and made many friends, but he states that he has sacrificed much of his time to the detriment of his own business and they must release him now.

Under the guidance of Mr. Arendshorst and Mr. Harrington and others, the Community fair has prospered. The building program during these years has been large. The racing stables and the race cards are on a par with those at the state fair and West Michigan state fair and instead of a deficit, as so many fairs show annually, the Holland fair has always paid its way, with money left in the treasury.

The Holland fair assests far exceed the liabilities, and the community fair has substantial properties that will not easily depreciate in value.

The South Ottawa and West Allegan Agricultural Association was organized 44 years ago and has behind it a splendid history of accomplishments. More improvements are contemplated this year, keeping the Ottawa and Allegan exhibition well in the fore-front.

TO BRING A BAND HERE AT A COST OF ABOUT $1,600.00

Alfred Joldersma, on behalf of the American Legion, announced the coming of the United States navy band to Holland on Oct. 31st at the meeting of the chamber of commerce in the Masonic temple Tuesday night. Mr. Joldersma said that the band visits 70 cities on its tour. The only other cities in Michigan are of the size of Detroit, Grand Rapids and Lansing. Holland is singled out as the only town of its size in the state where the band will give a concert.

The bringing of the band to Holland will cost the Legion about $1,600 and the pleasant part of it is, from the point of view of the public, that the Legion will not take a cent of the returns. It is purely a project undertaken for the good of the city, because the Legion believed the people of Holland, young and old, had a right to the biggest and the best musical organization of its kind in America. If there is a definite, Mr. Joldersma explained, the Legion will make it up. If there is a profit, it will be turned over to the Holland hospital fund. The Legion as an organization will not make a cent and its members are doing their work for nothing.

This plain statement of the disinterestedness of the Legion in bringing the band to Holland brought enthusiastic applause from the 500 chamber of commerce members gathered in the Masonic temple and it seems likely that the fact itself will have the effect of selling a great many tickets.

The band will give two concerts, one in the afternoon for children and one at night for adults. The concert for children will be given at a nominal price, the Legion being anxious that every child in Holland shall have an opportunity to hear this fine musical organization. In the case of both concerts the emphasis is on Holland's opportunity to hear the best there is and not on the price. But the expense of bringing the band here is so great that the Legion hopes for a record-breaking attendance to cover it.

A regular meeting of the W. C. T. U. will be held Friday afternoon at 2:30 in the W. L. C. rooms. The special feature of the program will be an address by Mrs. Olla K. Marshall, state vice president for the fifth district. Mrs. Marshall recently attended the national convention at Minneapolis and she will have many things of interest for the members. A full attendance is desired and visitors are always welcome. Tea will be served by Mrs. A. Walvoord and committee. Plans will be completed to send a large delegation to the state convention at Battle Creek, Oct. 25 to 28.

Dr. Wm Westrate will be out of the city the rest of the week, returning to his office next Monday. He will attend the game at Ann Arbor.

The R. N. A. convention will be held in Muskegon Friday. A bus will leave the hall in Holland at eight o'clock.

Mrs. Cornelius Brouwer, 46, died Tuesday afternoon at her home in North Holland, R. R. 2. She is survived by her husband, two children, Katherine and John, one sister, Mrs. Charles Peet of Grand Rapids, and one brother, Harm De Vries of Grand Rapids. The funeral will be held Friday afternoon at one o'clock at the home and at 1:30 at the North Holland Reformed church, Rev. A. Maatman officiating. Interment will be in the North Holland cemetery.

DATE SET FOR POULTRY SHOW

The Holland Poultry association is to stage its 28th annual poultry show this year on December 13-17, at the armory. The show will be diversified, making it still more interesting, for besides the large poultry display the biggest rabbit show ever seen here will also be a feature. Exhibitors from Grand Rapids, Kalamazoo, and Battle Creek have already applied for entry blanks.

The dog show from all appearances, will be larger than last year, and Secretary Brouwer states that an attempt will be made to have it better than before. Last year the dog show was sort of an auxiliary to the main show and it went over big. Therefore greater preparations will be made to take care of this division in December.

The poultry catalogue will soon go to press. It will be filled with interesting information dealing with all phases and departments of the coming exhibition.

agent of the Wisconsin and Michigan Transportation company. After that three trips weekly will be scheduled between the two ports with the S. S. Petoskey replacing the Crosby for the winter .

BAND AGENT GIVES TALK

Mr. Sturgis, advance agent for the United States naval band concert to be given October 31 at the Carnegie gynasium, spoke before the high school student body Monday morning. He said that out of the 35 naval bands, this one led by Charles Benter is the only official band. It is the same one that played for ex-president Harding on his trip to Alaska. It escorted Lindbergh on his triumphal return to Washington, D. C. This is the same band that played for Mr. Coolidge before the presidential party left for its vacation in the Black Hills, and it plays aboard the presidential yacht, the Mayflower.

This is by far the greatest band that ever visted our city, and its concert will be one of the best musical entertainments ever offered here. The band is on a ten weeks' tour and is to visit 70 towns in the United States. It requires a special act of congress and special permission from the president before the band is allowed to leave Washington, D. C. This great musical organization is brought to Holland at great expense and the returns of the concert are to be given to the Holland hospital fund.

A special matinee will be given for all school children Oct. 31 at a very small charge.

WOULD FURNISH A ROOM IN THE NEW HOSPITAL

The benefit bridge party which the American Legion Auxiliary is giving at the Woman's Literary club tearoom Wednesday afternoon, October 26, is for a purpose of furnishing an Auxiliary memorial room in the new hospital. The Auxiliary is pledged to help by way of gifts and money the Legion hospital, Children's Bilist and Veterans' Bureau No. 100, but feels it should make an extra effort to do its part toward furnishing this community hospital. Similar bridge and tea parties in the past have proved very popular and both the armory and tea room have been filled to capacity. Therefore tickets to the number able to be accommodated are being sold and should be purchased early.

The American Legion Auxiliary deservedly has won a reputation for giving "one's money's worth" at these benefits, which is made possible by generous donations on the part of its members. The refreshments will be good and home-made as always and there will be several prizes given. Mrs. Chester Van Tongeren heads the general ticket and arrangement committee, Mrs. Edward Elbers is in charge of furnishings, and Mrs. Herbert Stanaway is chairman of the refreshment committee.

The bell that had been installed in the new Borculo church proved unsatisfactory and a new one was placed. The church building was completed several weeks ago but there was a delay in the furnishings. The old church burned last year.

Grand Haven High School has become a member of the Michigan High School Debating League this year and will complete for the interscholastic debate championship of the state according to an announcement by Professor G. E. Densmore of the University of Michigan, the manager of the league.

Michigan State College will broadcast over WKAR, the college station, a 'radio school,' 24 weeks in length, starting October 24. Lectures and programs will be broadcast five nights a week from 7:15 to 8 o'clock. On each Wednesday night, starting about the third week in November, musical programs will be given.

It will surprise most people who have an idea that the horse is practically extinct that there are 70,000 blacksmiths in this country today. This information was supplied at the meeting of the master horseshoers and blacksmiths in their thirty-sixth annual convention in Jersey City. There are 65,000 horses in use in New York city alone.—Brooklyn Citizen.

Grand Haven people are planning to attend the sixty-seventh annual convention of the Michigan Council of Religious Education, continuing the Michigan Sunday School Association. It will be held at the new Adventist Tabernacle in Battle Creek Nov. 1 to 3. Leaders in such work from Chicago, California, Canada and this state will feature the program.—Grand Haven Tribune.

The state tax increase of $6,700,000 is not so bad as it sounds, Dennis E. Alward, secretary of the Republican central committee, assured a joint meeting of the Ottawa county board of supervisors and the community club at Grand Haven. "For instance," Alward pointed out, "the state tax amounts to only 6½ per cent of the levy in Grand Haven. If the levy remains unchanged the taxes will go up be less than 2 per cent."

Tony Ekkers, of Grand Haven, who has been associated with Gerrit Ekkers in that city, in the grocery business for the past 16 years, has severed his connection with that firm and will make connections of another nature of which he is not yet ready to make an announcement. Mr Ekkers, who has made himself well known as a business man, will be greatly missed by those accustomed to meeting him on the streets.

The Lake Line publishes in an advertisement at Grand Haven that a new schedule will be put in operation. The coach which has been making Muskegon-Grand Haven runs has been taken off owing to lack of patronage but several through buses make the run, as do the electric cars. Some Spring Lake runs also have been cut off as operation has shown insufficient patronage at those times to keep them rolling.

This is their first attempt to reach out into the community and without doubt others farmers will become interested. In fact several are already considering the matter. Last Monday morning the local Tromp Furniture factory was sold at the court house at Allegan to John Kolvoord, Sr., and Ben Lugten. It is the intention of the new owners to keep the plant going. They are assured of the support of the community and it is a safe guess to say that they have also the confidence of the people, in as much as they were well-known as successful business men in this neighborhood.

Last week Thursday was very much like the proverial "Blue Monday" in Hamilton Most of the men had to be satisfied with a cold lunch or—? The ladies had left for the day to attend the women's missionary conference in the Third Reformed church of Holland.
