\$37,500 Quota Set For Polio Drive In Ottawa County

Several Parents Voice
Appreciation for Aid;
Dagen Re-Elected Head

ZEELAND — A quota of \$37,500 for Ottawa county's share in the annual polio drive next January was set Monday night at a meeting of key volunteer workers in Zeeland's City Hall.

Also attending the public meeting were the parents of many children who had been stricken with polio in the last few years, as well as some adult victims, most of whom spoke briefly of the deep appreciation they felt for the work of the local chapter.

Lt. Verne C. Dagen of Spring Lake was elected president of the county chapter for a sixth consecutive year. Charles K. Veldhuis of Hudsonville was named vice chairman and Charles K. Bugielski of Grand Haven treasurer, both re-elected. Mrs. Loreta De Weerd of Holland was elected secretary, succeeding Mrs. Mary Brazda of Grand Haven.

Bugielski, in presenting the annual treasurer's report, said Ottawa county spent \$31,834.31 during 1951 including \$16,300 received from the national foundation. During 1952 up to Oct. 5, the Ottawa chapter has spent \$33,816.15 and has outstanding bills of \$2,648.65. Twice this year, the local chapter received special grants from the national foundation, \$7,975 on June 28 and \$11,150 on Sept. 13.

With over 200 cases on the books and 113 receiving treatment every month, the local chapter spends about \$4,500 every month, and the cost this year will be about \$45,000.

So far this year, Ottawa county has had 37 cases and 11 suspected cases. Bugielski said in the past, the males were stricken about 3 to 1, but this year in Ottawa county there are 20 female patients and 17 males, and the same ratio is carried out in Muskegon. Sixteen years ago, the average age of a polio patient was 2.6 years, but now the average age in Ottawa is 18.8 years.

Bugielski reiterated the chapter policy in which the county chapter underwrites all medical expenses other than that paid for by any insurance. He described the procedure once a person is stricken and emphasized that in Ottawa county every case is treated as an emergency, with the possible exception of some post-paralytic cases in which diagnosis is late. He described his recent visit to Warm Springs, Ga., where he accompanied Dr. Robert Michmerhuizen of Grand Haven, who was stricken with polio last summer.

Mrs. Margaret Cook of Ionia, head of women's activities for Michigan, told the volunteers that nothing will sell a program more than coming into contact with persons who have had polio and have received benefits from the program. She told several projects the women are doing in her section at Ionia.

Ernest L. Bates of Grand Rapids, state polio representative, said Michigan is headed for its heaviest polio year this year. He explained that the state health department has wisely not designated Michigan as an epidemic area, but actually Michigan meets the classification. Ordinarily, 20 cases per 100,000 previously constituted epidemic proportions, but two weeks ago Michigan was averaging 30 cases per 100,000 population.

He said usually 25 per cent of the cases are paralytic, but this year more than 50 per cent of the cases are paralytic, and the University hospital has been having 65 to 85 per cent paralytics. He added that the National foundation is purchasing all iron lungs coming off the assembly lines in two U.S. factories, now operating 24 hours a day.

The National foundation is caring for 46,000 cases in the United States dating from 1951 and before. There are 500 iron lung patients being cared for in their own homes.

Last year, Ottawa county's goal was \$37,500 of which \$34,266.02 was collected.

Charles Zerrip, who headed Zeeland's successful campaign last January, presided at the meeting.

Film Is Shown at Meet Of Local Exchange Club

At the Monday noon meeting, the Holland Exchange Club viewed the newest film put out by the oil industry. The title was "Crossroads U.S.A."

It dealt mainly with the locating of new oil fields and the immense amount of work which precedes the actual drilling. The story accompanying it emphasized the idea that the so-called lucky breaks do not just happen; but that one must make them happen. The alleged lucky fellow is the one that is trained to take advantage of the breaks when they do come.

President Bill Aldrich presided.

Federal Unit Sees Results of Erosion In Holland Area

Four-Day Inspection
Tour Includes Stop
At Local Lakes, Parks

The Federal Beach Erosion board, currently on a four-day inspection tour of the Great Lakes area, stopped in Holland Tuesday afternoon to see first-hand the erosion damage to Lake Michigan and Lake Macatawa properties.

U. S. Rep. Gerald R. Ford and State Sen. Clyde H. Geerlings met the group and conducted them through the area as far north as Grand Haven. They were accompanied by Sid Drew, resident engineer stationed at Grand Haven, who gave a commentary as they passed through the area.

The board, traveling via bus, was shown erosion aftermaths at Holland State park, Tunnel park and along the shores of Lake Macatawa. Their bus stopped to give them a glimpse at several properties on Lake Macatawa that have been worn down by erosion.

From Holland, the group went to Fort Sheldon and on to Grand Haven.

Purpose of the visit is to give board members a personal view of areas damaged by wave action during the current period of high lake levels.

They left Chicago Monday and traveled via bus as far north as Racine, Wis., and returned to resume their tour up the Michigan side Tuesday, with stops at Benton Harbor, St. Joseph and several points along US-31.

The Beach Erosion board, operating under the Chief of Engineers, U.S. Army, was created by Congress in the river and harbor acts of July 3, 1950. It is comprised of four senior officers of the Corps of Engineers and three engineers of state agencies charged with beach erosion and shore protection responsibilities.

Col. Earl E. Gesler is board president. Members include: Thorndike Saville, dean of engineering, New York University; Morrigh P. O'Brien, dean of engineering, University of California; and Dr. Lorenz G. Straub, director of the hydraulics laboratory, University of Minnesota.

Corps of Engineers representatives of the board besides Col. Gesler, are: Col. Wendell P. Trower, division engineer, Great Lakes division; Col. Donald S. Burns, division engineer, South Pacific division; and Col. H. W. Schull, Jr., district engineer, Jacksonville district.

Also accompanying the group to Holland was Milton P. Adams, executive secretary of the Michigan Waterways commission; Norman Billings and Dale Granger, both of the Michigan Waterways commission and Col. George Kumpke, district engineer from Milwaukee.

Col. Gesler said that the board, in addition to co-operating with state and local agencies in undertaking studies to develop comprehensive plans for shore erosion control, also undertakes general investigations and research programs dealing with beach erosion problems on the ocean shores and on the Great Lakes. The board is currently engaged in undertaking general investigations of Lake Michigan and Lake Erie.

Mrs. Margaret De Haan

She Remembers Holland Fire Just 81 Years Ago

Oct. 9 always holds special significance for Mrs. Margaret De Haan now, 89 years old.

Mrs. De Haan was just eight years old when the great Holland fire swept down on this pioneer town in 1871 and wiped out all the belongings of her family. That was exactly 81 years ago today.

The event also coincides with Fire Prevention Week observed every year in October.

Mrs. De Haan, now living with her son-in-law and daughter, Mr. and Mrs. Ben Boeve, vividly recalls details of that tragic event. There was considerable excitement that fateful Sunday, she remembers. The six children in the family were excited over the arrival of some relatives whom the father, Jan Drost, hadn't seen for 20 years. But throughout the day the older people were worried about the fires not far away. They hoped the clearings would serve as protection, but after the guests had gone, the smoke became so thick that the children, bedding, food and dishes were packed on a wagon and went to the "Zoet" place.

The men were all out fighting the fire, but the children soon fell asleep on the floor.

The next day, after a terrible night, the family returned home to find nothing left. The new house, complete except for doors and windows, was gone. The old house was gone, the barn, granary with all the grain, chicken coop with chickens and five pigs in the pig pen were all burned. Even the furniture the family had taken to the orchard was destroyed.

"We had lost everything, and we stayed with neighbors by the name of Du Mez until a shanty was built where we could live until a new home was built," Mrs. De Haan said.

She said one day her father took a thick crust of burned wheat off the pile where the grainery had been and took a few bags of wheat to the mill hoping it could be ground into flour. The miller said such flour would be bitter and not fit to eat, so that meant the family would have to wait until the following year. "Many a bag of wheat and flour was given to our family through that long, hard winter," Mrs. De Haan said.

But tragedy also has its high-lights. She remembers how the family lived in one end and the farm animals at the other end of a temporary shed. The children slept with their heads toward a thin partition, and often got bumped through the wall by the cows.

Churches sent clothing and furniture to relieve families who had lost so much. Mrs. De Haan recalls her father received a white satin vest and a beautiful silk robe on one occasion. There was a pair of embroidered house slippers, white lace gloves and a dress with a train for her mother! The parents, good farmers that they were, were puzzled but the children loved it.

The family worked overtime to get the new house done before winter and they moved as soon as it was livable. One night they all awoke when plaster fell from the ceilings. The plaster had been frozen and when the room became warm it thawed and fell.

In all, the big fire destroyed 210 dwellings, 75 stores and shops, 15 factories, five churches, three hotels, 45 miscellaneous buildings, five warehouses and docks, one tug and several boats. Only one life was lost, Mrs. J. Tolk, a widow living on East Ninth St. Holland's population was 2,400 at the time.

Dog Owners Urged To Get Licenses

GRAND HAVEN (Special) — Sheriff Gerald Vanderbeek is calling dog owners' attention to delinquent dog taxes. More than 300 notices sent out by his department the latter part of September have been ignored and the department is pleading that the parties owning dogs for which no license has been purchased, contact the department so that the matter can be cleared up by the end of the year.

The sheriff states, however, that a splendid response has been received from the 1,200 notices sent out in the county, but would like to have the balance accounted for.

Some responses show that the dog in question has died, disappeared, was sold to another party, or that the license has been purchased, but until the department receives this information the dog owner is listed as delinquent.

A number of replies indicate the license was purchased but, through some discrepancy, the name still appears on the delinquent list. If the sheriff is notified of this situation the matter can be cleared up.

The price for a dog license, if paid before March 1, is \$1 for male and \$2 for female. The penalty after March 1 brings the price up to \$2 for male and \$4 for female.

The original list of delinquents is made up by Supervisors and city assessors and presented to the county treasurer, after which the list is turned over to the sheriff's department for collection. A dog must have a license after it is three months old.

Mrs. Lawyer's husband escaped with a few scratches and another son, 15 months, was only slightly injured.

Summer Resident Killed in Accident

Missionary Conference Attracts Large Crowds

Central Park Reformed church was filled for both sessions of the 20th annual conference of the Women's Missionary Union, classis Holland, Wednesday morning and afternoon. Mrs. Dick Vander Meer of Holland, president, presided at all sessions.

(In the accompanying photo, conference leaders shown are, left to right, the Rev. B. D. Hakken of Bagdad, Mrs. Dick Vander Meer, union president; Mrs. James Wayer, founder of the union; the Rev. Wendell Chino of Mesalero, N.M., and Mrs. A. J. Nevel of Tarrytown, N.Y., representing women's work in the Reformed church.)

Offerings for the day amounted to \$612, and the union voted to send \$300 each to the foreign and domestic mission boards. The conference next spring will be held in Hudsonville and the 1953 fall conference in First Reformed church, Zeeland.

Mrs. A. J. Nevel of Tarrytown, N.Y., representative of the department of women's work for the Reformed church, said the big news item this year was the union of the foreign and domestic women's departments. She emphasized the need for answering the anniversary appeal for the Winnipeg shelter where 53 Indian children make their home.

"Since the doors in China have been closed, new opportunities have opened in the Philippines. There are now five missionaries at work among the Amoy-speaking Chinese and 10 more are on the way," Mrs. Nevel said. She also mentioned the evangelistic opportunities in Japan where sound trucks distribute tracts and show sound films. In India the great concern is for the starving multitudes, and Africa is calling for more recruits.

Coming to the home country, Mrs. Nevel said work among the Canadian immigrants has resulted in 10 organized churches and 10 preaching stations. She mentioned slum districts in the East Harlem district in New York where Protestant leaders conduct religious training in store buildings. She also called attention to church extension in urban communities, particularly new housing areas.

At the close of her message she sang "The Ninety and Nine."

Mrs. James Wayer, who organized the local union 20 years ago, brought greetings on the 20th anniversary, pointing to the accomplishments throughout the years, particularly the growth in lay leadership. Of the 11 presidents, only two have been ministers' wives. In her roll call of presidents, she paid tribute to the first president, Mrs. George E. Kollen, who never missed a conference until this year. Other presidents were Miss Nellie Zwemer, Mrs. Wynand Wichers, Mrs. Charles Stoppeles, Mrs. Enos Heeren, Miss Laura Boyd, Mrs. John R. Mulder, Mrs. Edith Walvoord, Mrs. Irwin J. Lubbers and Mrs. Wayer.

The second growth she mentioned was in giving, pointing out that offerings during the 20 years amounted to \$6,029 plus special projects yielding \$3,142. Besides, there were many gifts and supplies sent to the Knox Memorial hospital in Arabia. The third growth was in prayer life, she said, stimulated by hearing the needs of people in the world.

"Christians are people who care on a world scale," she explained. The Rev. Wendell Chino, missionary among the Indians in Mesalero, N.M., spoke of the great task confronting his people today. He said superstitions, fear, gambling among the women and drinking were among the biggest problems of the work. "All these are a challenge to the Reformed church to bring the gospel of power and truth," he said.

Mrs. B. D. Hakken of Bagdad, Iraq, in her devotional message in the morning, said the American Christian ought to be concerned not only with conditions in his own country but with the world. She defined the Arab name for missionary as "the one who brings good news."

In the afternoon Rev. Hakken told about the United Missions in Mesopotamia, conducted by the Presbyterian Church in the United States, the Reformed Church in America and the Evangelical and Reformed church. Dr. James Cantine was the first representative of the Reformed church in Bagdad. He told of the persecutions suffered by new converts to Christianity, but said withal that there were 17 living converts in Bagdad.

Others participating in the program were Mrs. Jay Weener, Mrs. Henry Kuit and Mrs. Edwin Koeppe who gave prayers or took charge of devotions. Mrs. Earle Telman was organist.

Semi Turns Over After Hitting Car on M-21

A semi turned over on its side as the result of an accident Wednesday at 9:45 p.m. at the intersection of M-21 and 120th Ave. A car driven by Gordon Stroven, 19, Coopersville, had paused to make a left turn when it was struck in the rear by the semi driven by Milbourne De Haan of Grand Rapids.

The impact sent the car into the crossroad, commonly known as Waverly Rd., and the truck went over on its side toward the right. Neither driver was injured. Damage to the car was estimated at \$700 and to the truck at \$200.

It was after midnight before wreckers removed the vehicles from the scene. A township fire truck stood by while the truck was being righted. Sheriff's officers investigated.

Dutchmen 'Sit On' Early Lead to Win Over Tiger Eleven

MUSKEGON HEIGHTS (Special) — An aroused Holland high school football squad stunned a homecoming crowd of an estimated 6,000 fans here Friday night by defeating the highly-touted Muskegon Heights grid team 7-6.

The Dutchmen scored after five minutes of play in the first quarter, and doggedly hung onto that lead for the rest of the game, refusing to give up those precious inches of ground to the vaunted Tigers when a gain meant another chance for a Heights score.

The percentages paid off for Coach Dale Shearer and his Holland crew. After the Heights narrowed the gap to 7-6 early in the second quarter, the Dutchmen played a conservative type of ball and took no chances. A couple of fumbles late in the first half kept the Holland cheering section apprehensive, but after the intermission the visitors played near-perfect ball without a mistake for Coach Oscar Johnson's home team to capitalize on.

The standout points of the game belong to the line play of both teams. It was a bitter struggle all the way, and the sharp and vicious tackling and effectively rough blocking would have done credit to many college teams.

To win, Holland knew it had to stop the wide end sweeps of fleet halfbacks Roy Phillips and Lee Howell. And stop them it did, with effective play by the ends, linebackers and defensive secondary.

The center of the line was just as tough, and plunging Tiger fullback Arnold Ochs found the going rough up the middle.

The Dutchmen capitalized on a break to score their touchdown in the opening minutes of play. The Tigers received the kickoff and failed to move. The resultant punt went out of bounds on the Heights 33-yard stripe.

Two line plays picked up four yards for Holland, and two passes fell incomplete, so the Tigers took over again on their own 29. On the first play, Phillips fumbled and tackle Roger Kolean pounced on the ball on the Heights 30.

Jack Kempker went around left end for 10 yards and a first down. A five-yard gain by John Fendt was nullified by an offside penalty, and then Kempker picked up one yard to the 19. On third down, quarterback Terry Burns dropped back to pass but couldn't spot a receiver. So he made his way through the line, cut half right and went into the end zone standing up. Kempker's all-important kick from placement was true and Holland led 7-0.

The Tigers took the ensuing kickoff and marched from their own 30 to the Holland 17 with Howell doing most of the hugging. But on the 17, Howell fumbled and Blaine Timmer and Ed Raak covered for the Dutchmen, ending this first period threat.

The Dutchmen picked up one first down, but were forced to punt. On third down, Burns got off his first punt of the season that went 54 yards and rolled dead on the Heights 27-yard line. As the quarter changed, the Tigers moved again with a 32-yard pass from Ken Plichta to Otto Smith starting the drive. Howell and Phillips carried the leather to the Holland 22.

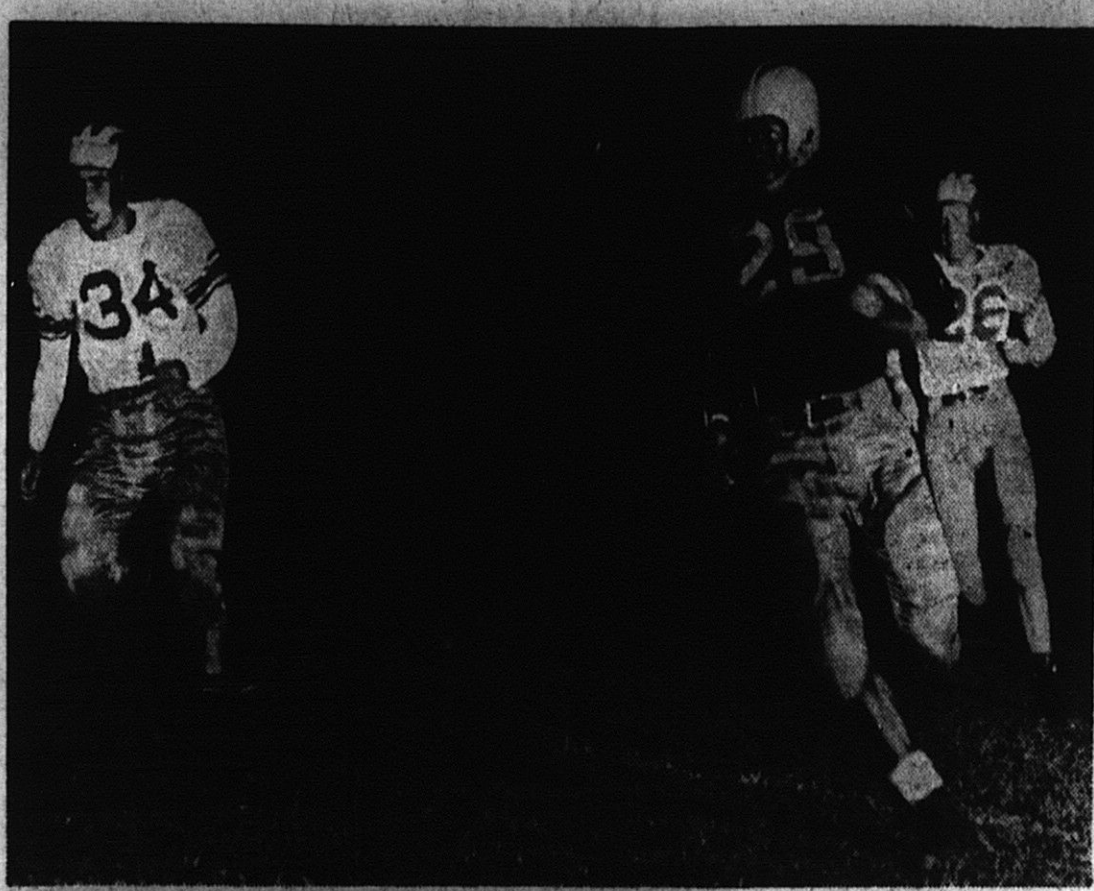

On an attempted sweep, Howell fumbled and the alert Jerry Vctor picked up the ball and raced 75 yards down the field with not a hand laid on him. But the apparent touchdown was nullified when Holland was offside.

Then coach Johnson tried a new tactic—fullback Ochs. The huge plunger hit the line from the Holland 22 and fumbled. The ball rolled through one Holland man and Tiger Murt Johnson recovered on the 10 for a first down and a 12-yard gain. After Ochs tried the center again, carrying to the three-yard line, Howell swept right end for the touchdown. Smith tried the kick from placement, but it sailed to the left and Holland led 7-6.

That was the scoring but far from the ball game. For the rest of the second quarter, the two teams fought tooth and nail with Holland fumbling twice and the Heights' Smith recovering both times, and the Tigers fumbling once with Raak recovering for Holland. Play was confined mostly between the 40-yard lines, and Holland ended up in possession running out the last few seconds deep in its own territory.

In the third stanza, the Heights threatened twice, with Ochs and Howell combining for a 33-yard gain carrying to the Dutch 31-yard line. But Ochs again fumbled and Raak again recovered for Holland. An intercepted pass gave the ball back to the Heights, and the Tigers raced from the 50 to the Holland 28. Here, the defense tightened and Holland took over on downs on its own 23-yard stripe, but was forced to punt as the period ended.

Tiger punter Gerry Rowell set the Dutchmen in a hole shortly after the final period started with a punt that rolled dead on the Dutch three-yard line. Holland forced out to the 18 before half, and punted to the Tigers with five minutes left to play. The Heights worked back up to the midfield stripe where three line plays netted minus three yards and Rowell punted into the end zone, with Holland taking over.

The action was fierce in the Holland-Muskegon Heights football game Friday night with Holland winning 7-6. In the top photo, Tiger scatback Roy Phillips scoots around left end for a gain before being brought down by Jerry Vctor (34) while Dave Bos (26) comes up from behind. In the bottom photo, quarterback Terry Burns tucks in the leather and takes off on his 19-yard touchdown run in the first quarter. Both teams played hard football, with vicious tackling the main reason for seven fumbles—two by Holland and five by the Heights. Holland now must prepare to meet Grand Rapids Catholic next Saturday night. (Sentinel photo)

with 21 minutes to go. The Dutch ran five plays from scrimmage, gaining 17 yards and with one minute left Bob Van Dyke punted from his own 35 into the Heights end zone. The Tigers tried four plays—two passes and two running plays—but the Dutchmen held and took over as the clock ran out.

Heights Reserves Smother Holland

MUSKEGON HEIGHTS (Special)—The Holland high school reserve football team fell before an onslaught of points here Friday afternoon as the home town Tiger Cubs racked up a 44-7 victory.

The Heights seconds poured through two touchdowns in the first quarter, two more in the second and added the last three in the second half.

Holland's only marker came on the last play of the game. A pass play from Joe Okrie to Hank Vischer was good for 40 yards taking the ball to the three, from where Vischer passed to Gerald Boeve for the touchdown. Okrie added the point on an end run.

Although losing, Coach Carroll Norlin and Bob Connell said that their charges looked better than last week when they bowed to Grand Rapids Catholic 21-0.

Next game for the Holland reserves will be Wednesday night under the lights at Fennville.

Junior Dutchmen Score Impressive Win Over Tigers

The highly-spirited Holland Junior high school football team turned in an impressive 26-6 victory over Benton Harbor Junior high school in a game played before an estimated 300 fans at Riverview park Thursday night.

The Junior Dutchmen of Coach Ed Damsen and Harold Streeter gave an indication that football fortunes in Holland may well be good in a couple of years by completely dominating play throughout the contest.

Holland had some trouble with wide runs by the fleet Harbor backs in the first half, but in the second half, the Tiger Cubs found the going rough anywhere against the stout defense.

The first Dutch touchdown came the first time Holland had the ball, with Tom Klomparsen scrambling eight yards into paydirt in the first quarter.

The visitors tied the count in the second quarter with McCoy going over from four yards out. With 11 minutes to go in the half, Dick Den Uyl skirted right end to score for Holland behind an effective block by Ron Van Dyke and when Van Dyke added the point from placement, Holland led 13-6.

In the third stanza, Tom Overbeek took off on a reverse and raced 54 yards for the third Holland score. Then with four minutes to go in the last period, Van Dyke blocked a Benton Harbor punt and recovered on the 17. Van Dyke went around right end from the 13 for the score. His kick again was good and the score stood 26-6.

Coaches Damsen and Streeter substituted freely throughout the contest.

Thought-Provoking Talk Launches Club's Season

Speaking with ringing conviction, Imre Kovacs, Hungarian-born exponent of American democracy, delivered a message for all thinking Americans at the opening meeting of the Woman's Literary club Tuesday afternoon.

Speaking on the subject, "The Challenge of Being an American," Mr. Kovacs probed deeply into all the nice and wonderful things that make America the great land it is, and then with equally sharp reasoning dug into some of the "wrong" things which pose a great threat to this country's priceless freedom.

His address in the clubhouse followed the opening fall luncheon in the Warm Friend Tavern. He also addressed the student body of Hope college earlier in the day.

Telling his story in terms of interesting heart-warming anecdotes he experienced in his adopted land, Mr. Kovacs said he first wanted to talk about what was right, not wrong, with this country, then what the rest of the world thinks of America, and lastly what we can do about it.

"Sometimes it is necessary to see America through younger and newer eyes. To the displaced person coming here, it is a novelty to have people smile. Even the dogs seem friendly here. Perhaps the best chapter of American history will be written in the golden tears of appreciation of the ex-DPs. What Americans should experience is to 'fall in love' again with America—dynamically, enthusiastically," he said.

Interjecting a great deal of common-sense religion into his talk, Mr. Kovacs said there can be no hope for America or mankind without constantly calling upon Him who is the source of all love.

He described the "luxury of being yourself" as one of the greatest luxuries America has to offer. He disagreed with the "melting pot" version of America, preferring to regard the great heterogeneous mass as a flower garden, a church window, or a symphony blended to great harmony. "History's masterpiece is YOU. Be just what you are and don't underestimate God's handiwork!"

Turning to the other side, the speaker said there are still people in public life for what they can get out of it, those born with superiority complexes, those who follow rather than lead, and those with prejudices.

He was almost bitterly critical of some aspects of government foreign policy and injected a note of fear that the wait for the government to change or resume normal operations after the elections may prove too late. "We must find some way to counteract the blissful ignorance of Communist lies both in America and abroad," he said.

During the question period, Mr. Kovacs said he felt there might be a little more leniency on teaching certain facts on Communism in the schools, but objected definitely to having the Communist party on the ballot. "Young people are usually radical and they become conservative as they grow older. If we try to raise a crop of conservatives among the youngsters, it's hard telling what they might be when they grow up," he said.

Mrs. Bruce G. Van Leuwen, vice president of the club, presided in the absence of Mrs. Garrett Vander Borg who could not attend because of the illness of her father. Mrs. Van Leuwen called attention to the redecorated clubhouse and the new draperies.

In charge of the luncheon at the hotel were Mrs. Lawrence A. Wade and Mrs. Francis Drake and division chairman. Decorations were in charge of Mrs. E. P. Schneider, Mrs. R. A. De Witt, Mrs. Henry Carley, Mrs. Edward M. Herpolsheimer, Mrs. C. M. Selby and Mrs. C. M. Lamoreaux.

Mrs. Clarence Becker made an appeal for Jans and Jellies for Holland hospital, a project of the Hospital auxiliary. She asked

that the preserves be put into quart jars with labels as to the kind of jam or jelly, plus the name of the donor. Persons donating may either call Mrs. Carl Cook or bring their donations to the next club meeting.

Miss Kolk Wed To D. Schipper

In a pretty candlelight ceremony in the Second Christian Reformed church of Fremont Friday evening, Miss Beth Kolk, daughter of Mr. and Mrs. Arie Kolk of Fremont, became the bride of Donald Schipper, son of Mr. and Mrs. Elmer Schipper of Holland.

The Rev. Marvin J. Vanderwerp of Holland, formerly of Fremont, read the double ring ceremony at 8 o'clock before an altar decorated with palms, candelabra and white caryophylls and yellow pompons.

Preceding the ceremony Stanley Kolk sang "Through the Years" and "I Love Thee," accompanied by Miss Joyce Kolk who also played the wedding marches.

Escorted to the altar on the arm of her father, the bride was dressed in white slipper satin fashioned with a gathered yoke of nylon illusion caught with white satin rosebuds. The gown featured off-the-shoulder long pointed sleeves and fitted bodice. The full skirt extended to a long train and her fingertip veil fell from a crown of rosebuds. The bride's bouquet was of white roses set in a colonial style.

Mrs. Russell Vellenga attended her sister as maid of honor. Her gown was of light green satin and net and she carried a colonial bouquet of yellow mums.

Mrs. Wesley Meyers, cousin of the bride, was bridesmaid. She wore a gown of yellow taffeta with a net overskirt and her bouquet was similarly made of rust colored mums.

Warren Schipper attended his brother as best man and Jerome Schipper, another brother, was groomsmen. Ushers were Howard Kolk and Earl Schipper, brothers of the bride and groom, respectively.

For her daughter's wedding, Mrs. Kolk chose a dress of green crepe with a corsage of yellow carnations. Mrs. Schipper wore a navy crepe dress with a corsage of red and white carnations.

A reception was given in the church social rooms with Mr. and Mrs. Gerald Mannes, uncle and aunt of the groom, as master and mistress of ceremonies. A pretty wedding cake centered the bride's table. Serving were the Misses Lavonne Wolters, Margaret Boerman, Marilyn Speet, Beatrice Vander Ploeg and Mrs. J. B. Poll. Mail deliveries continued as usual Tuesday for postman Jonathan Slag—with one exception. An avid baseball fan, Slag couldn't see how he could hear the windup of the World Series and still make his deliveries. The problem stumped Slag only momentarily. He attached a portable radio to his mail sack, tuned in the game, and happily continued his rounds as he listened to an inning-by-inning account.

Ex-Local Man Gets Job At Big Atomic Factory

A former Holland man will have a key position at the world's largest atomic energy plant when it is completed on a site in Pike county, Ohio, 18 to 20 miles north of Portsmouth and adjoining the Scioto river.

He is W. A. Brown of 491 Sunset View Dr., Akron, Ohio, presently manager of staff engineering and maintenance division of the Goodyear Tire & Rubber Co.

Brown is a brother of Mrs. Casey Tubergen, route 4, and his brother, Alfred Brown, lives at 334 Howard Ave. W. A. Brown was graduated from Beechwood school in 1915 and from Holland high school in 1919. An electrical engineer and graduate of the University of Michigan, he has been with Goodyear since 1928.

Brown became plant engineer in Gadsden, Ala. in 1941 and a year later manager of the engineering department. He returned to Akron in 1949 to head the maintenance analysis at Goodyear.

Goodyear will operate the plant for the government. While actual construction on the 6,450-acre site won't begin for several weeks, the rubber firm already is starting to train key personnel for the operation.

Eight men have been appointed to key jobs, including Brown. Albert J. Gracia, 47, assistant manager of research and development, will be manager of the \$1,250,000 installation.

Goodyear, as operating contractor, will furnish a bulk of the highly-trained personnel to run the huge plant that ultimately will employ about 4,000. All employees must be screened by a government loyalty board.

The Pike operation, like Oak Ridge and Paducah works, will produce concentrated uranium-235 isotopes by the gaseous diffusion process.

This is achieved according to President E. J. Thomas of the Atomic Energy Commission, by separation of the lighter U-235, properly detonated, that sets off the atomic explosion.

It will take an estimated four years to build the plant but Goodyear will put individual units into operation as fast as they are completed.

Thomas pointed out that it will be the company's duty to become thoroughly acquainted with the works and its equipment as it is erected. Facilities also must be tested as finished to see that they function as planned.

The Akron company landed the prize industrial plum after months of deliberation by the AEC. Many major firms with experience in running plants requiring continuous operations were canvassed.

A new subsidiary, Goodyear Atomic Corp., has been set up to carry out the project.

Brown is one of just eight key men picked for initial jobs.

Creditors Seek To Open Creamery at Fillmore

FILLMORE — Creditors of the Fillmore Creamery crowded into the township hall Monday night to band together on a plan to reopen the creamery which ceased operations a week or so ago under the management of William Human.

According to information in agreements which were being signed by the creditors, Martin and Maurice Nienhuis hold secured claims for \$25,000 and unsecured claims for \$20,000, the Zeeland State bank holds a secured claim for \$3,500 and other secured creditors have total claims of approximately \$160,000.

Creditors are agreeing to accept in lieu of their claims against Human a 3 per cent non-cumulative preferred stock to be issued by a corporation to take over all assets of the creamery and operate it. The offer was made to induce Martin and Maurice Nienhuis to proceed with such plans and to accept common stock at par value in amounts equal to secured and unsecured claims.

It is estimated that the average housewife washes 2,500,000 dishes in her life time.

The Home Economics club will hold its next meeting at the home of Mrs. Cornie Vanden Bosch next Monday evening, Oct. 13 at 7:45 o'clock. The lesson is "Your Clothes and You." This is the last meeting of the year and election of officers will take place. The annual Achievement Day will be held Oct. 21 in the high school at Hudsonville.

Edward Redder of Holland, spent a few days with his brother, Albert Redder last week.

Mrs. Herman Vanden Bosch has been confined to the hospital in Zeeland for the past week. Because of the centennial celebration held at the North Holland church last week many old friends came from distant places to take part in the festivities and renew acquaintances. Among them was Mrs. Taeke Berkompas now of Rudyard, (upper peninsula) who formerly lived a half mile north of the Clifford Nienhuis farm. Although past 80 years, she has traveled to California every winter for the past 9 years to stay with two sons who live there. Overflow Crowd Hears Hoffman At Fillmore Rally

FILLMORE (Special) — An overflow crowd heard a rousing political speech by U.S. Rep. Clare E. Hoffman of Allegan at a big township rally Tuesday night in Fillmore township hall. It was the first of several township Republican rallies to be held in the county. The hall normally seats 300, but many others heard the talk outside over a public address system.

The fiery Michigan congressman lit into the administration's "campaign of misrepresentation" which he said is designed to cover up the domestic and foreign policies of the Truman administration.

"Adlai is seeking to continue these policies and if they're continued, it will be impossible for us as a nation to successfully resist either the political philosophy or the armed might of the Communists," he charged.

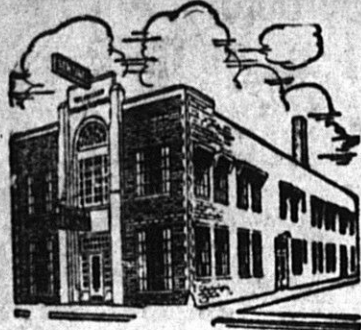

He quoted Roosevelt's "nothing to fear but fear itself" philosophy and charged that the administration has planted unjustified fear in the minds of the people "so that we not only spend our dollar substance to buy friendship and carry on warfare with no real purpose in mind."

"But," he added, "people are coming to know some of the truths and they're beginning to realize that the Korean war and building an army in Europe serve no purpose other than a political one."

He charged that the war in Korea is being continued without any serious attempts to win a decisive victory.

LAUGHTER AND SERIOUSNESS

General Eisenhower was on
shaky ground when he suggested
that a laughing candidate cannot
be serious. Commenting on his rival's
quips and wisecracks, he told
an audience: "These are not laugh-
ing matters of which we are speak-
ing; I see nothing funny about them."

With all due respect for Eisen-
hower, his assumption that the
man who laughs is lacking in ser-
iousness does not hold water. Stev-
enson's quips and wisecracks may
be frivolous, but not necessarily
so. Some of the most serious men
of history have been the most fun-
ny also. A smile or a joke is some-
times far more serious than a long
face.

There are not a few discerning
Americans who believe that Mark
Twain was one of the most serious
men that ever lived. Certainly the
whole tenor of his life and acts
shows that he felt deeply and pas-
sionately about the issues of his
time. Many of those who pulled
long faces about those issues have
long since been forgotten; because
he was a master of quips and wis-
ecracks Mark Twain's seriousness
is still alive today, and his humor
did more to correct evils than the
solemn pronouncements of a dozen
of his contemporaries.

Another good illustration, in
fact a better illustration because
it comes out of the world of polit-
ics, is that of Lincoln. Lincoln
was one of the best story tellers of
his time. No one will even hint
that he was not serious about slav-
ery or about the war that threat-
ened the very life of the country.
But he always found time to tell
a funny yarn even when the
hearts of millions were threaten-
ing to break. And somehow he
succeeded in transforming those
funny stories into renewed
courage for himself and for the
American people.

Just before announcing the Em-
ancipation Proclamation to his
cabinet, he scandalized the mem-
bers of that body by reading a
page or two from Artemus Ward, a
contemporary funny man. That did
not mean that Lincoln was frivo-
lous; merely that he understood
that emotional tensions are often
relaxed by humor.

Adlai Stevenson is probably not
a Lincoln, but the fact that he em-
ploys humor in addressing the
American people is not to his dis-
credit. It does not suggest at all
that he is not completely serious.

Zeeland Considers Evening School

ZEELAND (Special) — Ray-
mond Lokers has expressed in-
terest in taking the post of di-
rector of the proposed Zeeland
Adult Evening school.

Permission to organize a pro-
gram of classes on an adult level
was approved at the August
meeting of the Board of Educa-
tion. Approval was given with the
reservation that some way be
found to operate the classes with
little or no expense to the school
district. The matter is one that
has come up frequently from
many parts of the community.

While it is expected that most
interest will center in such areas
as Spanish, arts and crafts, typ-
ing, speech, shop, home making,
and similar courses, the exact
curriculum will be determined
by the requests of those partici-
pating. If an instructor can be
found classes will be organized
in any subject desired by approx-
imately 15 persons.

Christians Should Be Different
Matthew 5:1-12

Henry Geerlings

The Sermon on the Mount is
called the Greater Charter of
the kingdom. The Beatitudes are
the text of the sermon. Fulfilling
these laws will bring happiness.
Someone has said that they are
the very essence and pith of gen-
uine manhood. They are the
highest expression of ideals in
the world. They are the basis to
bring peace and progress to all
mankind. Both for individuals
and for the world they are dis-
turbance, overturning, revolution-
ary. They are the heralds and
forerunners of a new day.

Christ had been preaching for
about a year now, and he must
have felt that the time had
come for him to announce the
fundamental principles upon
which His kingdom would be
built. He had been preparing the
hearts of the people for such a
statement and many of them
were ready to receive it with
joyful appreciation. And yet these
concise and comprehensive say-
ings could not be inwardly digested
by the most progressive of the
disciples in a few days. The
profoundest scholars and the most
devout Christians have never been
able to exhaust them.

The longest sermon in the Bible
is the one Jesus delivered on a
mountain west of the Sea of Gal-
ilee. It is recorded in the fifth,
sixth and seventh chapters of the
gospel by Matthew. It is one of
the most wonderful sections in
the Bible. Even persons who do
not believe in Jesus are ready to
pronounce it a wonderful piece
of literature and they are ready
to think of it as a series of say-
ings which if they were lived as
they should be, would influence
the world more than any other
similar writing has ever done.

The first thing to be noticed is
that there are nine verses which
begin with the same word. This
word is not much used among us
at the present time. One does
not often hear it in conversations
that are carried on.

Possibly we had better find
out what that word means. Blessed
means being in possession
of great happiness, or having
and enjoying both temporal and
spiritual blessings and favors. It
would be a mistake to say that it
means only happiness, unless we
mean happiness of the highest
kind.

It would not be true to say that
every time a person is happy he
is blessed, for there are kinds of
happiness that do not go very
deep, and they soon pass away.
The fact is that the word blessed
means the same as two words in
our language. They are happiness
and goodness. The poor in spirit
are very much different from
those who are proud and puffed
up, who think very much of
themselves and do not need any-
thing from others. It is the hum-
ble persons with whom God is
well pleased.

They that mourn are the per-
sons who are sorrowful because
they see so much suffering and
distress in the world. But they
are also mournful because of
their sins. They lament the fact
that they have not done the best
they could with what God gave
them.

The meek are the gentle and
the kind. They do good as they
have opportunity. They are not
like those who take advantage
whenever they think they can
get away with it. They are much
like those who are poor in spirit.
They may not have much of the
world's goods, but they are rich
in the things God has in store for
them.

They who hunger and thirst
after righteousness are those who
are sorry for their wrong doing
and grow in character every day.
The hungry man seeks for food,
the thirsty man goes in search of
water, and the man with hunger
and thirst after righteousness is
in search of the things that
please God.

The merciful are those who
show their sympathy toward the
needy and the suffering. They
have kindness in their hearts and
they manifest it toward man and
beast. They want to give the gos-
pel to those who never heard of
Jesus.

The pure in heart are those
who keep away from everything
that is wrong. They hate it. They
know it will do them harm and
not good. When they know what
is right they go after it. Some
day they shall see God, for He is
pure.

The peacemakers are those who
are not given to quarreling. They
love peace rather than strife.
They are at peace with God. They
love their fellowmen.

Those who are persecuted for
righteousness' sake would rather
do right and be persecuted for it
than to do evil and be praised
for it. That is one of the most
difficult choices we have to make.

If we take our stand for the
right under all circumstances it
may be there are those who will
revile us and speak evil of us, but
we must always be sure that they
have no good ground for what
they do.

Initiation Features Royal Neighbors Meet

Four members were initiated at
a regular meeting of the Royal
Neighbors Thursday evening at
the lodge hall. Mrs. Leona Nor-
lin, orator, was in charge of the
meeting.

Refreshments were served and
prizes for games were won by
Mrs. Nolin, Mrs. Blanche Shaffer
and Mrs. Lena Ackley.

This beautiful new church, replacing one destroyed by fire in 1945, stands as a monument to the faith of the early settlers who founded the North Holland church 100 years ago this month.

North Holland Church Marks 100th Birthday

Celebration of the 100th anni-
versary of the founding of North
Holland Reformed church last
Thursday, Friday and Saturday,
brought together members, former
pastors, friends and neighbors.
The Rev. Ellsworth M. Ten Clay,
pastor, has served the congrega-
tion since July 1950.

The church has had 12 former
pastors, seven of whom are still
living. The Rev. A. H. Strabbing
and the Rev. J. Wesseling, were
unable to attend the event.

The Rev. G. Tyse and the Rev.
J. N. Klaaren spoke at the Thurs-
day afternoon service and in the
evening the Revs. H. Maassen and
M. G. Folkert addressed the gath-
ering. The Rev. A. Maatman was
present for the fellowship.

Friday evening the Rev. Henry
East of Bethany Reformed church,
Grand Rapids, spoke. World-wide
communion was observed Sunday
morning and also at the after-
noon Vesper service with Rev. Ten
Clay in charge. Dr. Jacob Prins
conducted the final meeting Sun-
day evening with a consecration
service. His subject was "The
Church in the Midst."

The church had its beginning in
1852 when a group of immigrant
farmers from the Netherlands,

who settled six miles north of
the city, asked the classis of Hol-
land for permission to organize.
They began worship in a small
log building, one-half mile west
of the present church location. Be-
cause of congested space they
next worshipped in the country
school house.

Realizing the need of having
their own building, a large frame
structure was erected in 1867.
This building was destroyed by
fire Dec. 11, 1945. On Thanks-
giving Day of 1946 the corner-
stone for the present modern
sandstone structure was laid. In
March of 1948 the dedication ser-
vices were held.

The congregation now numbers
more than 150 families. The Sun-
day school has an enrollment of
more than 300 and the church has
one share in the support of the
medical missionaries, Dr. and Mrs.
Richard Hofstra, who are now on
leave from China. The Sunday
school has shares in support of
the Rev. and Mrs. Jay Kapenga
of Arabia, Miss Lois Marsilje of
India, the Rev. and Mrs. C. Bode
of Cook Christian School at Phoe-
nix, Ariz., and the Rev. and Mrs.
Harold Dykstra who are at Macy,
Neb., working among the Omaha
Indians.

Record-Breaking Vote Anticipated At Polls Nov. 4

Township Clerks Say
They Were Kept Busy
Right Up to Deadline

A record vote in the Nov. 4
general election was forecast to-
day in the Holland area on the
heels of registration deadline
Monday evening. City and town-
ship clerks generally reported they
were swamped with registra-
tions before the deadline.

And the last-minute spurge
swelled the registration lists to
record highs in most cases.

In Holland, City Clerk Clarence
Greengood reported 213 new reg-
istrations to add to the already
record total of 8,581 giving an
unofficial total of 8,794 persons
eligible to vote. Additional re-
statements still to be tabulated
will probably bring the total up
slightly.

Zeeland city's registrations
stand at 1,886 out of a total popu-
lation of 3,672 for a new high. In
Holland township 174 new regis-
trations were taken Monday mak-
ing a total of 3,791 registered
voters.

Other township clerks reported
as follows:

Park—New registrations total
250 since Aug. 5 primary. Kept
busy all Monday evening.

trations since August primary.

seen anything like it—worked
until 10 p.m.—we had three per-
sons who gave their age as 94
who registered." New total 2,400.

Jamestown—Approximately
1,000 total registrations with 100
registering Monday. Very busy
all day until 10 p.m.

Robinson—600 total registra-
tions. Steady throughout the
week with Saturday heaviest day.

tions. People started coming in

names since last election. Busy
Monday.

since about June 1. Total of 600
persons registered. Over five
times number registered than for
last presidential election.

Ganges—210 new registrations
since August primary for total of
approximately 750 eligible to vote
in November. Clerk reports he
was so busy, "I started my even-
ing meal at 4:30 p.m. and didn't
get to finish my coffee until 7:40
p.m."

Clyde—150 new registrations
bring total registered to 815.
People were coming in all day.
Didn't close until 10 p.m.

Fillmore—Unofficial total of
1,670 persons registered as of
Monday morning.

Laketown—Unofficial total of
700 persons registered up until
Monday.

GRAND HAVEN (Special)—
City Clerk J. Nyhof Poel reports
that 158 voters registered at the
City Hall Monday. The lineup
was heavy from 5 p.m. to 7 p.m.
but it tapered down after that
with no one in line when office
closed at 8 p.m. This brings Grand
Haven's total registrations to
5,918. Other than the new regis-
trations Monday, there were a
number reporting change of ad-
dress and reinstatements.

Spring Lake township Clerk
Edward Koster reports that since
the Aug. 5 primary, 409 new reg-
istrations have been received.

VOLLEYS FROM AMBUSH

An oddity of news filtered into The Sentinel last week from a local physician.

It seems as though our reporter saw four women drivers all converge on the middle of the Washington Ave. and 17th St. intersection. They weren't at the corners but in the middle of the crossing.

All waited "what seemed like a minute" and then untangled the mix-up.

It's a rare sight.

Fire Chief Andrew Klomparens received the thrill that comes once in a lifetime to cribbage players last week when he held a perfect 29 hand.

Klomparens, playing at the No. 2 engine house with Buck Nieuwma during the lunch hour Friday, held three fives and the jack, and cut the other five.

Among the kibitzers who attest to the perfect hand were Simon Paaue and Egge Beckman.

October Sessions Of Supervisors, Court Set Oct. 13

GRAND HAVEN (Special) — The Court house in Grand Haven will be a busy place next Monday, when the October session of both the Ottawa Circuit Court and the Board of Supervisors get underway.

The supervisors will have two major problems to solve, one passing the 1953 budget and setting salary schedules for county employees, and the other to decide whether the county or the townships should buy voting machines.

The county is now renting 70 voting machines for a one-year trial period, after the supervisors approved the rental a year ago at a cost of \$150 per machine, which amount can be applied on the purchase price.

This represents an investment by the county of \$10,500, the rental representing 12 per cent of the purchase price of \$87,500. The supervisors voted 25-4 to try out the machines on a county-wide basis June 30, 1951, and the plan was to allow every voter in the county an opportunity to use a voting machine during the presidential election year.

At the time of the approval the supervisors decided that the purchase of the machines would remain the responsibility of each township or local unit of government, and a contract with the Automatic Voting Machine Co. of Jamestown, N. J., was signed.

John Ter Avest, Polkton township supervisor, whose township was the first in the county to buy machines several years ago, is chairman of the voting machine committee. Other members of the committee are John Galien of Holland and Jacob Ponstein, Grand Haven city attorney.

Ottawa county was the first in Michigan to report complete returns for the August primary election, with all of the totals called in to the Associated Press in Detroit shortly after midnight. All of the county totals could have been in by shortly after 11 p.m. had it not been for a delay in one township.

New York state now has a law requiring the use of voting machines throughout the entire state. Bay County, Mich., has had machines for a number of years.

More than a dozen persons are expected to appear in Circuit Court on Monday morning, either for arraignment or disposition of cases in which they had previously pleaded guilty.

Carroll Scores Early and Late To Nip Dutchmen

Hope college pointed its football fortunes toward the MIAA race beginning this week-end after dropping its third straight early season warm-up contest Saturday night 27-21 against Carroll college at Waukesha, Wis.

The Dutchmen will begin defense of their co-championship this Saturday afternoon in a game at Hillsdale.

Last Saturday's contest saw the home town Carroll outfit push across a marker in the last four minutes of play to erase a 21-20 Hope lead the visitors established in the second quarter.

Carroll jumped right down the throats of its guests in the first quarter, scoring twice on the ground with outstanding halfback Jack Ponto juggling the leather each time. Third Carroll score came on a 25-yard pass play early in the second stanza from Vetta to end Foster.

But from that point until the end of the contest, Hope controlled the play, running up three touchdowns in the second period to gain its halftime edge when Bob Prins kicked all three extra points while Carroll missed one conversion.

Carroll scored its early touchdowns before Hope could get its defense organized. The eventual winners also utilized a couple of fumble recoveries to go to their early advantage. But after the first quarter, the Dutch defense held Carroll at bay until its only other touchdown threat late in the final stanza that carried over for the winning tally.

Hope took to the air for much of its payoff punch in the second quarter. First touchdown came on a 26-yard pass play from quarterback Dave Kemper to end Ken Bauman. Fullback John Hamilton smashed eight yards off tackle for the second Dutch marker in the second period, and the final counter came a few moments later on a 22-yard pass play from halfback Don Piersma to end Paul Bos, who made a sensational catch of the ball in the end zone, going up with the Carroll defenders and coming down with the pigskin and six points.

The Hope line stopped the Carroll offense in this point splurge, forcing the home team to punt several times and taking over on fumbles.

A sustained drive, aided by numerous penalties against the Dutchmen, won the game for Carroll with reserve back Karris going over with just four minutes left to play.

Statistics of the game carry out the theme of Hope superiority despite defeat. The Dutchmen ran up 20 first downs to 11 for the victors, and gained total yardage of 379 compared with 322 for Carroll.

Although the third quarter was the only scoreless period of the game, the Dutchmen came within feet of victory. But a fumble stopped a Hope drive on the Carroll one-yard line.

Hope played much of the second half without the services of driving fullback Hamilton, who added a bruised rib to a generally bruised condition and sat on the sidelines much of the last half. Coach Al Vanderbush used 24 of the 28 men who made the trip.

"Our offense was working," Vanderbush said after the game, "but we need a lot of work on our defense. The few weak spots in defense were quite apparent and we hope to solve them with a few changes in personnel."

Tackles Jim Van Hoeven and Capt. Lloyd Beekman distinguished themselves in the Dutch camp with outstanding play in the line.

Student Ambassador Gives Report to Club

Speaking before nearly 100 members of Century club and their guests Monday night in Hope church parish hall, Guy Vander Jagt, student ambassador to Europe last summer, gave his first official report to the citizens of Holland. The program followed the opening dinner of the local club and included also violin selections by Carleton Kelch of the public school music department.

Vander Jagt, Hope college senior from Cadillac and president of the student council, was one of 500 young people who took part in "an experiment in international living, aimed to break down the barriers of misunderstanding between the peoples of the world." With his group of six girls, four young men and their leader, the young ambassador went to Bonn, Germany to become for several weeks a member of a German family.

Although disconcerted at first when his German "brother" turned out to be a charming and attractive fraulein, Vander Jagt adjusted to the new routine and declared that during the summer he "learned more about America than in all his 21 years in this country."

The speaker said he came back a prouder and better American, with a healthy patriotism, having learned to appreciate that intangible something called "the American way of life." This was his first lesson.

Secondly, he learned with new depth to appreciate the tragedy of war in relation to physical destruction, corruption of personality and as a futile means of settling human differences. "You can't shoot ideas out of a man with a gun," he said.

In his third great lesson, Vander Jagt said he realized that America has lost the pioneering spirit which made her great. With physical frontiers gone, there is now need for new ideas to pioneer in the realm of human understanding and peace, he said.

He closed his earnest and inspiring talk by emphasizing the fourth lesson he gained from his summer abroad—"the need to temper idealism with the realities of everyday living." While appreciating the difficulties and misunderstandings which plague the idealist in search of peace, Vander Jagt declared he is convinced that "underneath there is a certain brotherhood of man."

Mrs. Randall Bosch, club president, introduced the speaker, also Mr. Kelch, who was accompanied by Miss Barbara Lampen. He played two violin selections, "Bolero," Dancila, and "Schon Rosmarin," Kreisler. Invocation was by Dr. John R. Mulder.

Kenneth De Pree, vice president, announced that with the re-

turn to active membership of Dr. and Mrs. Marion de Velder and Dr. and Mrs. G. W. Van Verst, there is now a full membership in the club. Next meeting will be Nov. 3 at the home of Dr. and Mrs. William Winter.

The guest of honor opened her gifts under an arch decorated with green, a green and yellow color scheme was used in decorating the rooms and food trays. Games were played with prizes being awarded to Kathy Buurme and Peggy Todd.

Retired Missionaries Speak at Third Church

Retired missionaries, the Rev. and Mrs. Derk Dykstra, from Arabia, were guest speakers at the annual mission meeting for all the men and women of Third Reformed church Wednesday. The Women's Missionary society and the Women's Mission auxiliary sponsored the event.

Mrs. Henry DePree, president of the society, presided. Mrs. William Moerdyk introduced the speakers.

Mrs. Dykstra explained six Arabian costumes and led in devotions. She emphasized the importance of presenting the entire message of salvation and how difficult it is to convert the proud and fanatic Mohammedans.

Rev. Dykstra told the group they now have political and religious opposition to contend with as compared to just the religious opposition of over 45 years ago when they first went to Arabia as missionaries.

Mrs. David Paul was soloist accompanied by Roger Rietberg. Following the meeting a social hour was held in the church parlors.

The child was clamped by an angry rooster earlier in the evening as the family was visiting at the farm home of Mrs. Beckfort's parents, Mr. and Mrs. Henry Poest, in Drenthe.

Just how the attack occurred was still a question, but the child was playing in the back yard of the home when she was attacked by the rooster. She was immediately taken to Holland hospital where surgery was necessary.

Her parents said the little girl had never been afraid of farm animals or chickens. She is an only child.

Teamsters had gone ahead in the first when Bob Warner led off with a double and moved around to score on a fly ball. Coliseum forged into the lead in the third when two runs scored as Don Meeusen walked. Wetherbee tripled and pitcher Lum Veldman doubled. Grandstanding...

by Dick Millman
The 7-6 Holland high school victory over Muskegon Heights Friday night was only the seventh in the history of the series between the two schools.

The two clubs have met 28 times, and Holland now has won seven, tied one and lost 20. Other Holland victories came in 1949 by a 13-0 score, in 1937 by a 14-13 margin, in 1929 and 1930 by identical 7-0 scores, and in the first two years the schools played — 1922 by 20-6 and 1923 by 30-0. Only tie in the series resulted in 1951 when the two schools battled to a scoreless deadlock.

Holland high's six remaining foes had a respectable record in games last week-end, the future Dutch opponents won three, lost two and tied one.

Grand Rapids Catholic, Holland's foe on Saturday night, rambled past Saginaw Arthur Hill 19-7. Petoskey smothered Ottawa Hills 42-8, and Benton Harbor walloped Kalamazoo Central 25-0.

On the loss side of the ledger, Grand Haven outplayed Muskegon but lost 12-6, while St. Joseph fell before Elkhart, Ind., 53-0. The tied team was Dowagiac, who drew 13-13 with an aroused Allegan outfit.

Hope's future MIAA opponents had a break-even record in non-conference play last week, winning two, losing two and tying one.

Saturday's foe, Hillsdale, defeated Olivet 13-0, while Alma tripped Grand Rapids Junior college 26-6. Albion fell before Michigan Tech, 21-7, and Adrian saw its two-game winning streak snapped by Defiance, Ohio 21-0, Kalamazoo battled to a 21-21 tie with North Central, Ill.

Coach Carl Nelson of Beloit was well pleased with the reception his team received in Holland last Saturday.

Quoted in the Beloit newspaper, Nelson said, "Everyone at Hope was wonderful to us, and the officiating and general playing conditions were perfect."

Hope, of course, was happy that Beloit was happy. "We always like to have people enjoy playing here," Coach Al Vanderbush commented. "And we hope to continue the series with Beloit in future years."

Four Autos Involved In Crash at Zeeland

ZEELAND (Special) — Four cars were involved in a highway crash on Main Ave. near the east city limits, at 9:30 p.m. Friday.

The accident happened when Henry N. Tubergen, 17, of route 2, Dorr, backed from a drive north across Main Ave. A second car, driven west on Main Ave. by Doris Westveld, 17, of route 2, Zeeland, swerved to the right to miss the Tubergen car and struck two parked cars operated by Roger Nienhuis, 17, of 11 East 15th St., Holland, and Gene R. Basta, 24, of Willoughby, Ohio. Then the Westveld car swung around and struck the rear of the Tubergen car.

Most seriously damaged was the 1951 model Westveld car with damage estimated at \$500. The 1940 model Nienhuis car received an estimated \$250 damage, while the other two cars involved were less severely damaged.

Lawrence Veldheer of the Zeeland police department investigated.

A family of eight persons narrowly escaped injury when their car collided with another car at the corner of River Ave. and 10th St. early Thursday night. Driving south on River Ave. was Schley D. Livermore, 53, Shingleton, with his wife and six children on the last lap of a 450-mile trip from the Upper Peninsula. The Livermore car was struck by one driven by William Donley, 44, of 322 West 13th St. The impact forced the Livermore

car into a light pole resulting in an estimated \$200 damage, police said. Damage to Donley's car was estimated at \$100. Social aid officials report that the uninjured Livermore family be taken on the last lap of their trip to Hartford later Friday. Donley was ticketed by police for running a red light. Allegan Studies Measures to Cope With Any Disaster

Recent Fire Prompts Council to Appoint Study Committee

ALLEGAN (Special) — Better co-ordination of all city departments in the case of a major disaster such as the recent Burgess Furniture Store fire will be the goal of a joint city council-fire department study committee.

Organization of the committee was suggested during discussion of the store fire at Monday night's council meeting. Councilmen were critical of the fact that neither the police or fire departments notified the city manager of the Burgess fire in spite of the fact that he is directly in charge of police, electrical and water departments.

The city's volunteer fire department, accustomed to operating independently, should not be blamed too much, Councilman Walter Kyes said, but the police should be ordered to mobilize all departments in case of a similar disaster.

The need for better fire inspection was also cited and it will be the goal of the joint committee to improve city fire ordinances, departmental by-laws and other points of mutual interest.

A special committee accepted the bid of the Layne-Northern Co., South Bend, of \$6,727 for installation of a new pump, screen and casing at the Pingree Park water well. The company agreed to maintain operation of the present pump on a stand-by basis while work is in progress.

City Manager P. H. Beauvais reported receipt of approval for a relief station serving Monroe and Chestnut St. by the state highway department. Cost of the project, estimated at \$2,525, will be shared equally by the city and state highway department.

Discussion of municipal swimming facilities, which have usually centered on construction of a beach at Littlejohn Lake, were expanded by councilmen Monday night to include the possibility of a city-owned swimming pool.

Members cited the difficulty of maintaining and policing a city beach outside the city limits. Some felt that a beach at Littlejohn was limited to use only by those with transportation, while a pool within the city would be available to all. A small fee could be charged for maintenance, it was suggested.

Councilmen suggested that Beauvais obtain material on swimming pool costs at the same time he goes ahead on present plans to meet with the state conservation department relative to the Littlejohn Lake beach.

The audit of city finances for the fiscal year which ended July 1 has been completed, but the council withheld approval, pending further study by individual members.

Discussion of traffic control at school crossings widened into talk of the general traffic control situation. Use of electrical speed timing devices was discussed and Beauvais was instructed to obtain estimates on the cost of such instruments. Council also passed an order limiting parking to the east side of River St. in front of the new North Ward school to ease the traffic situation there.

Residents may expect city police to issue warrants under the city ordinance prohibiting the piling of leaves in the gutters as a result of street and sewer department complaints. The leaves clog storm sewers, costing the city a substantial sum each year, Beauvais said.

The special assessment roll for the Sherman St. sewer was approved, there being no objections.

Two permits were granted for construction not conforming to the city's building ordinance. Both requests were accompanied by waivers signed by neighbors in the affected area. One was granted to R. A. Waterman for construction of a bungalow on the east side of his Grand St. home to be used as an optical and jewelry shop. The other, for an eight car garage, was granted to the Superior Dairy on Western Ave.

Ely St., now being resurfaced, will be used as a detour while work on the M-40 relocation is in progress, according to a notice from the state highway department. While being used as a temporary route, the street will be maintained by the county highway department.

Beauvais requested the council's permission to "charge off" several bills carried on the city's books since 1943-46 as unpaid. In all instances, he said, the city has no records to support the bills and the firms and individuals have refused to pay them without itemized accounts.

The council approved the purchase of a \$2,390 sewer cleaning machine which Beauvais described as "badly needed." He reported on the Kalamazoo street sewer stoppage caused by the collapse of a portion of the sewer. It was necessary to open a pit about 35 feet deep with a crane to make necessary repairs and the work took nearly two weeks. Beauvais indicated that purchase of the cleaning machine might avoid many such costly breakdowns in the future.

An evening will be one of the projects taught. Other instruction is being planned for the first meeting.

The teacher will be Herbert De Kleine who has had 12 years experience with out-of-school classes and adult farmers in Ottawa and two other counties in the state. He has been teaching Veterans in Agriculture for over four years. A class also will be organized this winter for adult established farmers. Suggestions for the type of work desired will be appreciated.

This program of Young Farmers and Adult work is part of the Vocational Agriculture program in the local public schools and is made more valuable by the co-operative effort of Michigan State college and the Vocational Educational office at Lansing.

Holland Projects Included on List For Bids Oct. 15

Widening of Highway Between 28th and 13th Streets Included

LANSING—Bids will be taken in Lansing Oct. 15 by the state highway department of eight highway construction projects, two of which are of vital concern to Holland area residents.

One includes .992 miles of bituminous concrete surfacing on US-31 between 28th and 13th Sts., in Holland city.

The other is for 3.77 miles of grading and drainage structures for a dual roadway on the US-31 by-pass route to the east of Holland.

The widening project on River and Michigan Aves. from 28th to 13th Sts. will include increasing the present width of the road from 32 to 40 feet. This will necessitate removing several signs, some utility poles and maybe "a few trees," according to City Manager Harold C. McClintock.

Present plans call for the work to start sometime after the first of the year and be completed later in 1953.

The city of Holland will pay approximately 25 per cent of the total cost with the remainder being paid by the federal government and state highway department on a matching basis.

On the other job, the grading and drainage structures will begin at about 48th St. on present US-31 south of Holland and run in a northeasterly direction and connect up with the intersection of US-31 and M-21 east of the city limits.

Meanwhile, plans are progressing for overpass on the new US-31 by-pass in the vicinity of 40th St. Carl Goodwin and Sons of Allegan has been awarded the contract which is scheduled for completion July 31, 1953, according to Dave Weiss, state highway department project engineer.

Railroad signal lines and telephone poles along the rail lines between 32nd and 40th Sts. are being relocated. The four-lane overpass will extend from a point southwest of 40th St. over the tracks to a point northeast of the tracks.

After relocation of communication lines, temporary tracks will be laid to enable trains to pass through the construction area.

Before the actual overpass work begins, a sewer must be constructed to extend along the right-of-way to allow for drainage, Weiss said. After the sewer work, scheduled within the next few weeks, men and machinery will move in to begin the actual overpass work.

Weiss said the overpass will contain a minimum of a half-million pounds of steel and will be elevated over the tracks approximately 14 feet. The tracks also will be raised four to six feet from their present location.

Council Adopts Motion Favoring 10-Year Bond Plan

Common Council favors a 10-year bond retirement plan to pay for the \$500,000 municipal recreation building if the proposal to erect the building is approved by voters at the Nov. 4 general election.

Council, meeting in adjourned session, also approved the vacating of alleys in the Western Foundation Co. area on Fairbanks Ave. between Eighth and 10th Sts.

The bonding motion stated that "if the municipal recreation building bonds are approved by the city electors, council favors the issuing of bonds to be retired over approximately 10 years, subject to approval by special bond attorneys."

City Manager Harold C. McClintock said the bonds would be of a callable type. This type of bond may be called in at any time for retirement or refinancing, he said. Council also authorized the city manager to place advertisements in The Sentinel giving full factual information on the proposed building and bond issue.

The motion was unanimously adopted after the building committee presented the following report:

"The Recreation Building committee recommends that this project be financed by issuance of callable bonds to be retired over a period of approximately 10 years. Our investigation indicates that the interest rate would be two per cent or less, and hence, would require a 2 1/2 mill assessment (\$250 per \$1,000 assessed valuation) which, for instance, on a property having a \$2,000 assessed valuation would amount to only \$5 per year. Committee: A. W. Hertel, Don Lindeman, James H. Klomparsen."

Following adoption of the motion, council directed the city clerk to prepare an official resolution in support of the project for presentation at the next council meeting.
