He was commissioner of the state bar from the fifth congressional district for the last three years and was recently elected for another three-year term. He served as city attorney from 1909-11 and 1914-15, 1920-26 and from 1941-43.

He is a member of the American Bar Association, the State Bar of Michigan, the 20th Judicial Bar Association, the American Judicature Society, and the Lawyers Club of the University of Michigan.

Lots of Business At Council Meeting

City council processed considerable routine business at its 14-hour session Wednesday night, presided over by Mayor Harry Harrington.

Two petitions for vacating alleys were referred to the Planning Commission for recommendations. One is to vacate a T-shaped alley in the block between 28th and 29th Sts. and between River and Central Ave. The other lies between 21st-22nd Sts., running from Cleveland to Ottawa Aves.

An application from Russell Homkes for a license to construct sidewalks was approved.

The oath of office of Mrs. Henry Steffens as a member of the Library Board to fill the unexpired term of Mrs. B. Kruthof, resigned, was filed.

A card of thanks was read from City Engineer Jacob Zuidema expressing gratitude for flowers sent him during his stay in Massachusetts General Hospital in Boston. Zuidema has returned home and is recuperating satisfactorily.

A letter from Mrs. Vivien Lamoreaux expressed appreciation for the band concerts in Kollen park each Tuesday during the summer and thanked Council for sponsoring such a fine musical organization. A postscript prompted by her son asked about possibilities for a swimming pool at the municipal auditorium.

"It's nice to get a bouquet once in a while," the mayor commented as City Clerk Clarence Greengard was instructed to file the communication.

Councilman Lavern Rudolph was appointed to serve another three-year term on the Board of Directors of Tulip Time Festival, Inc.

Council granted permission to Sam McCoy to move a house from 260 West 19th St. to 264 West 33rd St., to move a second house from 550 State St. to West 21st St., 24 blocks west of Ottawa Ave., but tabled for two weeks a third request to move a house from 68 West Eighth St. to 387 West 18th St.

City Manager H. C. McClintock also reported on various moving permits currently under consideration in connection with enlarging school sites and recommended council approve the removal of several houses with permits to be granted by the city administrative staff when details are completed.

City Manager announced payment No. 4 due Elzinga and Volkens on construction of the recreational building was \$38,414.

A communication from the Michigan Municipal League called attention to a new public act No. 173 which requires all garbage fed to swine be boiled at 212 degrees for 30 minutes. Since Peter Jacobus, route 4, has a contract with the city on garbage collection and disposal of some of his garbage as hog feed, Council will apply to the Department of Agriculture for an exemption for an allotted time.

Prizes were awarded to Stevie Exo, Kathy Vander Leek, Debbie Van Putten and Diane Rutgers.

Invited guests were Kathy Vander Leek, Wanda and Pam Boles, Stevie Exo, Janice Hill, Peggy De Witt, Debbie Van Putten, Gail and Diane Rutgers, Mark Volkens, Jack Elenbaas, Billy Elenbaas, Joyce Coffey and Lynell Grebel.

4-H Membership Open to Pupils In Holland Area

Not only will boys and girls of the rural districts be enrolled as 4-H club members, but young people of the Holland city area also will be given an opportunity to become a member of the county organization. They will be given a chance to become part of the now more than 1,400 boys and girls in the county doing 4-H project work and participating in other local, state and national events.

The Cooperative Extension Service staff is willing to meet with group interested in 4-H club work. They may be contacted by writing E. F. Dice, county 4-H Club Agent, Court House, Grand Haven.

Dice emphasized that all clubs should begin work before Dec. 1. Most of the 4-H club work in the county previously has been done through schools and community groups in the rural areas. However, many projects such as archery, photography, handicraft, electrical, sewing, food preparation and frozen foods are applicable in urban areas.

Leadership of 4-H clubs is entirely local. A parent, teacher or any other adult having an interest in the project may be instructor in the work. Project requirements are basic but simple and articles are kept and used by the members themselves.

Boys and Girls between ages of 10 to 21 are eligible for membership. There are no county or state dues. Each local club elects its own officers and has its own business and recreational meetings. All may participate in county-wide achievement days and summer camps. More advanced members also take part in state-wide and nation-wide events.

Council Okays Purchase of Plot Near Cemetery

There was a lot of talk about property at the regular meeting of City Council Wednesday night in City Hall.

First of all, Council voted 5 to 2 to purchase a nine-acre tract of land adjacent to Pilgrim Home Cemetery at a cost of \$8,250. The tract is roughly a triangular parcel fronting on 16th St. and running north to 13th St. Excluded from the parcel is the property owned by the Modern Products Co. consisting of lots 1, 2, 3 and 17, also lot 46 which is the far tip of the triangle north of 13th St.

Council made it clear the move was to protect the cemetery from further industrial development in the immediate vicinity, but the purchase did not specifically indicate the land is to be used for cemetery purposes. Dissenting votes were cast by Councilmen Raymond Holwerda and John Beltman.

Secondly, Council tabled for two weeks two bids for city-owned property on 14th St. and Waverly Rd. or 120th Ave. One bid came from Harold and Chester Van Tongeren for \$500 an acre and the other from A. W. Hertel for \$361. The plot covers roughly 43 acres from 16th to 24th St., the exact boundaries to be determined by survey. The vote to delay action for two weeks was 4 to 2, with Councilmen Robert Vischer and John Van Eerden dissenting.

On the third property discussion, Council just filed the letter as information. It was a communication from Tri-County Realty Co. informing Council that the Lake Shore Co. is offering its plant for sale for \$125,000. A meeting will be held Oct. 16 at 1 p.m. in the company offices to receive bids from persons interested in acquiring particular parts of this property. Bids may be submitted to the realty firm any time before the meeting or by representatives at the meeting.

Mayor Harry Harrington presided at the meeting which adjourned at 9:03 p.m. Councilman Lavern Rudolph gave the invocation. Absent were Councilmen Rein Vischer and Bernice Bishop.

Two Trunkline Portions in City To Be Improved

Two sections of trunklines in Holland city are slated for improvements, following action by City Council Wednesday night.

City Manager H. C. McClintock said the move includes resurfacing State St. and 19th to 32nd Sts., and Eighth St. from River Ave. east to the C and O tracks. Final approval of the projects have been received from the State Highway Department and preliminary estimates place costs of the project at \$76,500 which includes some federal participation. The city's share of the cost is estimated at \$10,000, to be paid from gas and weight tax funds available to the city.

McClintock also reported on two houses at the northwest corner of 13th St. and River Ave., giving the opinion the houses should be torn down. He said the state fire marshal's office also concurs in this opinion and will initiate action to have the unsafe structures removed.

Council approved McClintock's recommendation to transfer \$87.40 from the contingent item of the budget to various budget accounts to meet requirements of salary adjustments in various city departments.

McClintock also presented a summary of the annual insurance report of the Insurance Audit and Inspection Co. outlining recommendations. He recommended that such items affecting utilities be referred to the Board of Public Works for action and that the item relative to automobile liability insurance be referred to the city manager for execution.

He also outlined the problem of workmen's compensation insurance and the possibilities of self-insurance, versus purchase of such insurance from insurance companies. His recommendation to develop specifications in conjunction with the representatives of the Insurance Audit and Inspection Co. for full coverage of workman's compensation insurance and to advertise for bids of this insurance was approved by Council.

It was announced that Lester Overway had been elected as employee delegate and Isaac De Kraker as alternate for the meeting of the Michigan Municipal Employees Retirement System meeting this week.

Wednesday also marked the date for a public hearing on the remaining portion of an alley lying between 13th and 14th Sts. running from Van Raalte to Harrison Aves., but an omission in publication kept the issue from qualifying under the charter and a new hearing was set for Nov. 18, 1953.

Holland High Defeated 34-7 By Muskegon Heights Team

Invaders Rack Up Overwhelming Score in Contest

Any hopes Holland High fans had of seeing the Dutch beat Muskegon Heights in football at River-view Park Friday night were quickly dispelled by the power-packed Tigers who ran up 14 points in the first quarter and kept rolling until they had piled up an awesome 34-7 victory.

About the only thing the Holland fans in the estimated crowd of 4,500 had to cheer about was a beautiful 75 yard touchdown run by sophomore Ron Van Dyke in the third quarter.

Holland definitely was down for this one and that fact made Muskegon Heights look just that much better. But Oakie Johnson's charges were hitting like bricks and the Tiger backs were driving all the time for that extra couple of yards.

Perhaps one of the biggest factors in the successful Tiger attack was the nifty quarterbacking of Tom Haan. His deception and ball handling was the best seen at the local football park this season.

The game was just seven and a half minutes old when Muskegon Heights crossed the double stripe after a 74 yard march in 15 plays from its own 26. Lee Howell provided the clincher from five yards out on a play through left guard. John Scheel added the point and it was 7-0.

On the second play after the kickoff Ron Van Dyke fumbled and End Don Haan recovered for the Tigers on Holland's 29. Six plays later Howell again scored from three yards out and Scheel added the point to make it 14-0. The quarter ended 40 seconds later.

Muskegon Heights struck again with one minute and 15 seconds to go in the second quarter. The Tigers covered 62 yards in five plays. The clincher was a 36 yard pass play from Dean Danigels to End Otto Smith who took the ball on the Holland 15 and ran the rest of the way over. The kick was good and at halftime it was 21-0.

Holland kicked off to the Tigers to open the third quarter and it took the visitors just one minute and 25 seconds to negotiate another score. Three plays, including a 77 yard pass play, did the trick. On that pass, Scheel heaved to lanky End Murt Johnson who caught the ball on the Muskegon 40 and ran all the way to pay dirt. Scheel's kick was to the left of the crossbars and it was 27-0.

With seven minutes gone in the quarter and the ball on Holland's 25—third down and 10 yards to go—Ron Van Dyke broke off his right tackle, eluded the close defenders and outraced the Tiger secondary to score. He streaked down the south sidelines for the 75 yards. Van Dyke added the kick and that was the extent of Holland's scoring for the evening.

Coach Johnson rushed his regulars back in and they racked up another TD on a 59 yard march in 11 plays, including a 33 yard pass play from Howell to Len Hartman to the Holland four-yard stripe. The kick was good and that was all the scoring for the evening.

The doobers were down in the local camp and it's difficult to single any one man out for brilliant play. Van Dyke must get credit for his offensive play, however.

For the Heights it was a combination of Haan, Howell, Jim French and Rowell on offense and Kenneth Tuttle on defense.

Holland now gets ready for Grand Rapids Catholic next Friday night at South Field in the furniture city.

THREE HOLLAND TACKLERS aren't enough to bring down Tiger Halfback Lee Howell as he pounces through the Holland line and over his own mate for a seven yard gain early in the second period. The locals had the same trouble all night as they dropped a 34-7 "contest" with the visitors. (Sentinel photo)

Driver Demands An Examination

GRAND HAVEN (Special)—Joseph P. Rasmus, 41, of 60 Home St., Grand Rapids, who was arraigned in Ottawa Circuit Court Sept. 19 on a negligent homicide charge, at which time he pleaded not guilty and trial was set for Oct. 16 at 9 a.m., has asked that his case be remanded back to Justice Court for examination.

Examination has been set for Oct. 8 at 2 p.m. at the Court House in Grand Haven, before Justice Frederick J. Workman of Spring Lake.

At the time he appeared in Justice Court bond was set for \$12,000 and Rasmus was confined in the Ottawa County jail until his arraignment in Circuit Court, when the bond was reduced to \$1,000, which was immediately furnished.

The charge against Rasmus, upon complaint of Chief Deputy Sheriff Clayton W. Forry, is the result of a fatal accident which occurred at the east limits of Zeeland the early morning of Sept. 13, when Mrs. Angeline Crews, also of 60 Home St., Grand Rapids, was fatally injured.

Up to the time of his appearance in Circuit Court, Rasmus refused to give the prosecuting attorney or investigating officers his address.

Zeeland Battles Coopersville High To 0-0 Deadlock

COOPERSVILLE (Special)—Zeeland and Coopersville High Schools locked horns in a rugged defensive football game here Friday night that ended in a 0-0 tie. It was the first Ken-New-Wa game of the season for the Chix and cost them the services of two outstanding regulars for an indefinite time. Hard-running Fullback John Bruursema suffered a torn cartilage in his back in the first quarter and Quarterback Eugene DeJonge received a side injury in the third quarter that had him paralyzed for a while.

Both were serious blows to Coach Jerold Groeters and might have made the difference between a tie and a victory Friday night.

Both teams battled pretty close to the midfield stripe for the first half and in the third quarter Zeeland marched to the Coopersville 10 where a fumble squelched any hopes.

The home team completed two passes from Nordwall to Stevens and two first downs down to the Zeeland 18 in the last quarter. Two more completions by the same combination put it on the 2, but a stalling penalty moved the ball back to the 7. Zeeland's line held and took over on the 3. Moments later Coopersville intercepted a John Vanden Bosch pass on the Zeeland 25 and advanced to the 10 where the game ended.

Zeeland tried a total of 16 passes and completed five while the home team completed four out of 10. First downs were 11 to 9 in Zeeland's favor and each team was penalized 30 yards.

Coopersville was really up for this one before a homecoming crowd.

Zeeland, now concentrates on practices for Cedar Springs in the Chix homecoming game next Friday.

Brooks Appointed Chairman of New Corrections Unit

Holland Man Moves From One-Man Rule To Commission Head

LANSING — Michigan's new Corrections Commission, meeting for the first time to assume charge of the state penal system, Friday elected Ernest C. Brooks of Holland as chairman.

Brooks, who has served since 1949 as Corrections Department director, was appointed earlier to the six-member commission which will guide the state agency under terms of a new legislative act effective today.

The new board named Dr. Jesse J. McNeill, Detroit, as vice chairman and Miss Eleanor Hutzel, Detroit, as secretary.

Only an hour before the new commission staged its first official meeting to take over Corrections Department administration, Gov. G. Mennen Williams appointed Talbot Smith, Ann Arbor attorney, as member of the new board, replacing Dr. Robert F. Steadman, Detroit, whose previous appointment was ruled invalid late Thursday.

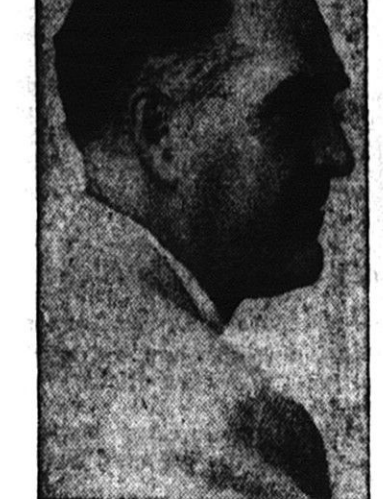

Smith served as a member of the governor's board of inquiry following Southern Michigan Prison rioting last year.

Smith, a Democrat, will serve a term expiring Oct. 1, 1959.

Gus Harrison, veteran supervisor of pardons and paroles, was named acting director of the Corrections Department pending selection of a new administrative head.

The new commission also agreed unanimously to select a Negro as the fifth member of the expanded State Parole Board provided for in the new legislative act.

Williams acted hastily to replace Steadman on the six member bipartisan commission which takes over supervision of the Corrections Department today. At almost the last minute Steadman was ruled

ERNEST C. BROOKS ineligible for appointment under the new legislative act.

Republican Attorney General Frank G. Millard ruled late Thursday that Steadman, a Wayne University professor, could not serve on the commission because he is employed by a municipal unit of government.

Millard's opinion said that a school district which employs Steadman was a municipal "unit" even though school districts are not considered municipal "corporations."

A legislative act creating the commission, which becomes effective today, states that no person drawing a salary from a municipal "unit" of the state shall be eligible for appointment to the commission.

Williams, away on a duck hunting trip, was in contact with his aides by telephone Thursday night and several candidates were discussed.

Commission members will be sworn in at the start of their first official meeting and then assume control of the Corrections Department which has been under direction of a commissioner since 1947.

The governor's office said it would prefer to have a full commission at the first meeting and for that reason worked until late Thursday night in a search for a new member.

Other members of the commission who take office include C. J. Farley, Grand Rapids; Dr. Jesse J. McNeill, Detroit, the first Negro ever to serve on a Corrections Commission in state history; Miss Eleanor Hutzel, Detroit; and John W. Rice, Houghton.

Steadman was one of three Democrats Williams named to the bipartisan commission a week ago today.

Until Wednesday, Steadman served nearly five years as state controller and head of the Department of Administration. But he resigned, effective Wednesday, to return to Wayne University where he is head of the political science department.

Remember the gulp last week about Bud Raphael's special award at the Optimist meeting? We learned a bit more since.

It seems Bud has a habit of falling into Lake Macatawa on occasion, and the last time that happened it was in the presence of Bernard Donnelly, president of the club.

These things aren't really revolutionary but are just a part of the things done to win games.

"We just didn't have it," said Holland Coach Dale Shearer after the contest.

He was obviously disappointed, particularly because the squad

Have you figured out how much extra time you have on your current operator's license before you renew it?

The new regulations call for new expiration dates on your birthday, and your period of grace extends from your present expiration date to the next anniversary, often the best part of a year.

It remained for Garry Vanden Berg to pose a real sticker. Garry, a one of those Leap Year babies, and if he's to follow the rules as such he'd run into difficulties since there's no Feb. 29, 1957. Would he get three extra years of grace to make it come out even in 1960?

The Holland police department had a ready answer. Officers said simply that calendar or no calendar, Garry would be three years older even if there is no Feb. 29, and his license certainly would expire.

His orders are to apply for a license by March 1, 1957.

Verne C. Hohl is getting one of the biggest breaks on the new license deal. His current license expires Nov. 19, 1955, and his birthday anniversary is Nov. 18. That's 364 days of grace.

Can anybody tie that?

Remember the gulp last week about Bud Raphael's special award at the Optimist meeting? We learned a bit more since.

It seems Bud has a habit of falling into Lake Macatawa on occasion, and the last time that happened it was in the presence of Bernard Donnelly, president of the club.

These things aren't really revolutionary but are just a part of the things done to win games.

"We just didn't have it," said Holland Coach Dale Shearer after the contest.

He was obviously disappointed, particularly because the squad

Kraker-Geerlings Rites Performed

Mr. and Mrs. Leonard D. Kraker

Miss Rose Marie Geerlings became the bride of Leonard D. Kraker Wednesday, Sept. 9, in First Christian Reformed Church in Zeeland. The Rev. A. E. Rozendal officiated at the double ring ceremony before a setting of palms, ferns, candelabra and baskets of white gladioli.

Parents of the couple are Mr. and Mrs. Martin H. Geerlings of route 3 and Mr. and Mrs. George Kraker of route 3, Hudsonville.

Mrs. Arthur Dykhuys, sister of the groom was organist and Robert Kraker, brother of the groom, soloist.

The bride wore a white satin gown with lace inserts and tiny buttons from the Peter Pan collar to the waistline. The long sleeves ended in points over the wrists and the full skirt terminated in a long train. Her fingertip veil in imported French illusion was held in place by a lace tiara with tiny pink flowers. She carried a cascade bouquet of white pompons centered with a white carnation corsage.

The couple is living at 1521 East 16th St., following a wedding trip to Tennessee.

The bride, a graduate of Holland Christian High school, is employed in the office of Hart & Cooley Manufacturing Co. The groom, also a graduate of Holland Christian High School, is employed at Keeler Brass Corp. in Grand Rapids.

Next time the club met, Donnelly initiated Raphael into "The Order of the Soggy Sponge," complete with two clusters. The clusters were little sponges, soaking wet. It was a drippy event.

Don't forget your color tour... it's a treat you owe yourself every autumn. Head for some of the by-ways and have a nice quiet look at Nature's biggest and best spectacle.

We heard a story the other day concerning three local women and their husbands who attended a bankers' convention in Washington. They had all gone on a cruise on the Potomac and on their return, there was quite a scurry for cabs. The men and women split up to try their luck.

Just then, a young man in a snappy convertible pulled up and asked the women if he could be of any service. With no cabs available, he CERTAINLY could. But before they piled in, they asked if there was room for the husbands at the next corner too.

Yes, there was, but the young man's expression was slightly sour.

The Sentinel is used to all kinds of questions and all kinds of responses. On Wednesday, one answer was somewhat unusual.

The masculine voice had asked the outcome of the World Series game.

"The Yankees won? Thanks, I just won \$100."

Do you read the "plant beauty" columns in The Sentinel?

The Holland Tulip Garden club really planted beauty in the news- Friday when Mrs. Fred Stanton brought in a bouquet of gorgeous roses along with the club's column for the week. Other departments were envious.

Laff for the day... A distinguished Bostonian, stopping off in Salt Lake City on his way to the Pacific Coast, made the acquaintance of a little Mormon girl. "I'm from Boston," he said to her. "I suppose you do not know where Boston is?"

"Oh, yes, I do," answered the little girl eagerly. "Our Sunday school has a missionary there."

Tiger Reserves Smother Dutch

Friday was a dismal day all the way around for Holland football teams against Muskegon Heights. The Tiger Reserves defeated the injury riddled Holland Reserves by a whopping 33-0 score at River-view Park in an afternoon game.

Muskegon scored on the second play of the ball game and kept rolling from there. Quarter scores were 13-0, 13-0, 26-0 and the final 33-0.

The Tigers had a big line and hard running backs that simply outclassed the locals all the way. "It's the best Heights team I've seen in my 11 years as second team coach," Holland mentor Carroll Morlin said.

The locals felt the absence of Tom Overbeek and Tom Klompars, who both were sidelined with injuries. They both are backfield sparks in the Reserve attack.

GOVERNMENT ON THE

TOWNSHIP LEVEL

Ottawa County's 17 townships
have joined the movement to pre-
serve local self-government. This
movement is gaining ground in
many states; it has for its pur-
pose the reclamation of the gov-
ernment functions that were taken
away from local communities
all over America during the past
20 years.

At the organization meeting of
township representatives in Grand
Haven, the speaker of the evening
declared that "the bigger we create
government, the more and more
control we lose over it; the more
dependent we become on big gov-
ernment, the more of our personal
freedoms and independence we
must sacrifice."

Truer words could hardly be
spoken. For years we have seen
local freedoms clipped away by
the big impersonal government in
Washington. The old-fashioned
self-reliance that characterized
our pioneer civilization in Amer-
ica has been dissipated, and Wash-
ington is presuming to tell us here
at home what we shall do and
what we shall not do, what is
good for us and what is bad. The
American people, on the local
level, can no longer call their
souls their own.

The counter movement repre-
sented by the organization of the
township officials is all to the
good. But there is another side to
the question that township of-
ficials cannot afford to ignore if
they are to win back freedom of
action for local citizens. The local
publics all over the United States
must relearn the lesson of doing
for themselves most of the things
that the central government is
now presuming to do for them.

The recapture of local govern-
ment must not be merely nega-
tive, it must be militantly positive.
Pioneer Americans could call
their souls their own and enjoyed
freedoms that have now almost
been forgotten, because they as-
sumed the responsibilities of com-
munity life. They are willing to
tax themselves to build the com-
munity institutions that life itself
makes necessary. They did not
send delegations to Washington,
or to the state capital, for hand-
outs, in the delusion that they
were getting something for nothing.
They had common sense enough
to know that no one gets any-
thing for nothing. When they
needed something on the local
level, they created it and paid for
it themselves.

If the townships of America
are willing to do that today, their
crusade has a good chance to suc-
ceed. If not, they might as well
forget the whole thing. The writ-
ing of the sales tax amendment
into the Constitution has for years
been helping thinly settled Town-
ships and counties to operate with
almost no real estate or land tax.
The elected officials are finding
more ways to tax business so that
the state can get out of the red.
We hope that our taxes can be
reduced somewhere along the line.
There are many tax problems that
local township officials can work
on. We the government and tax-
payers could help by reducing the
duplication and waste.

Sunday School
Lesson

October 14, 1938
God's Design for New Man
Jeremiah 31:31-34; 1 Peter 1:23-28
By Henry Goerlings

The days of the prophet Jere-
miah marked the passing of the
visible kingdom of Israel. Both
the northern and southern tribes
had been subjugated to foreign
powers. The people were scattered
and their center of worship lay in
ruins. To many this must have
seemed hopeless tragedy. Yet this
loss affected nothing essential so
far as personal worship of God is
concerned. In fact, it had become
necessary for God to remove the
symbolic which had become ficti-
tious, in order to convert Israel-
ites to the worship of God in spirit
and truth.

Such worship was of course not
a new standard. There are ex-
amples of it on record from earli-
est times. While it is true that
things of Christ yet unrevealed
were taught the Israelites through
symbolic means, worship itself
was always intended to be personal
and spiritual.

This lesson gets to the bottom of
the study which was before us last
week. It teaches the essential spiri-
tual basis for social righteous-
ness and well being. It therefore
is related in an important way
both to the present as well as to
the future existence of society.
What makes a good citizen of one
order also makes a good one for
the other.

The obvious purpose of this les-
son is to feature the Biblical teach-
ing of the new birth, and develop
through the Sunday school an un-
derstanding that if we have a bet-
ter world it must come by way of
the individual; that an improve-
ment in righteous living, if it is
dependable, must come with an im-
provement in religion, and that vic-
tory over sin is inseparable from
the doctrine of the new birth as
taught by Jesus.

This implication in the assign-
ments of the international lesson
committee would serve to answer
some criticisms to the effect, that
they are trying to sponsor a trend
to modernism. Peter, seems as
clear in his recognition of the doc-
trine of the new birth as Jesus did
in his conversation with Nicodem-
us. He speaks of being born
again and the originality of his
speech as he sets forth this mes-
sage amounts to the same as the
statement that we must be born
from above. He indicates that such
a life will prepare the individual
to live forever.

Jesus explains in the passage
from John the function of the new
covenant, or rather the manner in
which the covenant is implemented
in the life of man. It is only made
possible by what Christ calls the
new birth. It is a second birth, but
sure, regeneration, but a birth
from above. This new life is char-
acterized by redemption which is a
spiritual experience accomplished
by the blood of Christ. The word
redemption is a picturesque and
meaningful word. It signifies, ac-
cording to ancient usage, the deliv-
erance of captives from enemies
in war by means of the payment
of ransom.

In other words, when a slave
was liberated from slavery by the
payment of a sum, or by other
means, he was said to be redee-
med. This is exactly what Jesus
does for the sinner. He delivers
him from the enslaving shackles of
sinful habits so that he is forever
free. Many a man will testify that
through faith in Christ he was set
free from the drink habit or other
degrading sins which had made his
life to be bankrupt morally and
spiritually. And Peter explains
such deliverance by saying it is
brought about by the blood of
Christ.

It is to be a life that is full of
faith which is to reside in God the
Father who raised His own Son
from the dead and gave Him glory.
The Christian should ever be mind-
ful of the fact that it is the object
of one's faith that gives it validity.
One may have a faith that is in no
sense valid or trustworthy as, for
example, the Hindu mother who
casts her baby to the crocodiles.
Faith, to be valid, must rest in
Christ.

The new life is to be an obedient
life—a life that is in keeping with
truth. The new life is to be a happy
life. This happiness results from
the character of the kingdom man.

Only a new heart can make pos-
sible the new life, and only the
new life is capable of transforming
the moral and spiritual world of
man. All other efforts that have
as their objectives the building of
a new world are meaningless and
fruitless. Men behave the way they
do because they are the kind of
people they are. Unregenerate
people act like unregenerate peo-
ple, and redeemed souls act, by
and large, like redeemed souls.
The light that one has shines and
the world sees it.

Runaway Youth Takes
Stolen Bike for Ride

A 13-year-old runaway youth
had quite a ride Tuesday peddling
a stolen bike from Grand Rapids
to Holland, before he was picked
up by police and returned home.

The boy told police he stole the
bike near St. Andrew's Church in
Grand Rapids and came to Hol-
land He then rode out to Maca-
taw, where he stole a pair of
field glasses from a cabin cruiser
at Jesiek's Shipyards, and then
returned to downtown Holland.

He then started out for Grand
Haven. Along the way he became
hungry and sought a meal from a
Butternut Rd. family. The family
gave him supper and later called
police when the youth asked to
stay overnight.

The boy's mother came to Hol-
land Tuesday and took him back
to his Grand Rapids home.

Woman's Literary Club Dessert Tea at Club House

Psychiatrist Speaks at
First Woman's Club Meet

Several hundred women at-
tended a lovely autumn tea and a
fine lecture by a brilliant Ameri-
can psychiatrist at the Woman's
Literary Club Tuesday afternoon.
The events were the opening af-
fairs for the Woman's Club 1938-
39 season.

The club tea room was color-
fully decorated with autumn flow-
ers. The tea table featured an
artistic arrangement of mums,
flanked by tall tapers. Members
of the club's house and ground
committee poured. Mrs. Lawrence
Wade and Mrs. Francis Drake,
general division chairmen, assisted
by division sub-chairmen, made
arrangements for the tea.

Before the program began,
members were shown several
changes and improvements made
to the club house during the sum-
mer months.

Pictured above at the attractive
tea table are Mrs. E. P. Schnei-
der, pouring; left to right, Mrs. Neal
Houtman, Mrs. E. Van Eenennaam,
Mrs. Lawrence Wade, Mrs. Earl
Ragains, Mrs. William Meengs,
Mrs. Francis Drake, Mrs. An-
thony B. Bouwman, Mrs. Randall
C. Bosch and Mrs. William Pluim.

Mrs. Bruce Van Leuwen, presi-
dent, presided at the opening pro-
gram which begins a series of
outstanding weekly events plan-
ned for this season.
Speaker was Dr. Beryl D. Orris,
witty and challenging young
psychiatrist. His subject was
"Where Do We Go From Here?"
in which he described the present
situation of youth throughout
Europe and prescribed the "trans-
lation of the American way of life
into action" to extend democracy.

Dr. Orris, who was in Europe
the early part of World War II
and now spends half of each year
there as a guest professor and in
clinical work, described the direct
results of the war as it affected
Europe's young people, and the
subsequent punishment—often un-
just—to those who chose or were
forced to serve as "non-German
Nazis." Vocational rehabilitation
is successful, but social and moral
rehabilitation meets with many
obstacles in these cases, he said.

Dr. Orris pointed out a great
fear of democracy among these
European youth. "We're not be-
lieved outside of our country be-
cause they don't understand us,"
he said. Three sources are our
ideas of America are our films,
the American tourist and the
G.I.s. Add this to the dangerous
half-truths of anti-American pro-
paganda and the picture is a bad
one. As a result, even good sound
citizens are terribly concerned
about our intentions, he said. If
asked to choose between the Amer-
ican and Russian ways of life,
they would choose the American
as the "lesser of two evils," he
said. A bright spot is the fact that
they all look to the United States
for leadership.

Extremely disturbing to the
speaker is the anti-negative atti-
tude so prevalent in America to-
day. We must develop a pro-Amer-
ican attitude, offering only con-
structive criticism, to survive he
said. Our whole way of life is based
on the theory that every in-
dividual, because he is a human
being, has the right to go to
school, earn a living and raise a
family in security.

Unless this definition can be
translated into action, it remains

a theory, he said. There is no
future for young people in Euro-
pe, who must rebuild a civiliza-
tion that hasn't worked. Thus
they look to us for moral support.
And if we cannot translate our
American way of life into action
—show these people that our way
really works — their practical
minds will accept those tangible
things offered by totalitarianism
rather than the hollow ideals of
democracy.

If you can create a "United
States of Holland, Mich.," trans-
lating the theory into action
right here as individuals, then in
ever-widening circles you can cre-
ate a united world, Dr. Orris said.

Burglars Take \$295
From Temple Building

A burglary in the Temple Build-
ing offices of Dr. William Wes-
strate, Jr., which netted thieves
\$295 in cash sometime during
the week-end was under investi-
gation by police today.

Police said entrance was gained
by forcing the office door lock. An
adjoining office occupied by Dr.
Warren Westrate, was entered
but nothing was taken.

Fingerprints were taken from
the rifled cash box and officers
have sent them to State Police
headquarters in East Lansing for
identification. The burglary was
the second time in recent months
Temple Building offices have been
entered.

Mrs. Godburn Hostess
To Local Study Club

The bi-monthly meeting of Our
Ladies of Sorrows Study Club of
St. Francis De Sales church was
held Thursday evening at the
home of Mrs. Thomas Godburn,
Pleasant Ave., in Central Park.

Following the recitation of the
rosary and a business meeting,
the group had a discussion on the
"Creed." Refreshments were served
by the hostess.

The next meeting is scheduled

Alleghen Council
Still Undecided
On Power Problem

ALLEGHEN (Special) — Alle-
ghen's city council must "soon
reach a decision as to whether
the city shall purchase some addi-
tional land and extend its diesel
power house and generating fac-
ilities, or stop where it is and
make provisions for the purchase
of additional power from a pri-
vate company."

That was the key statement in
a report made to the council Mon-
day night by City Manager P. H.
Beauvais.

Beauvais' report was based on
information obtained at the re-
cent Michigan Municipal Utilities
association meeting in Traverse
City and on the statistics being
compiled monthly by the Alleghen
electrical department.

He warned that if the city de-
cided to halt expansion of power
generating facilities "you may
rest assured that this would be
the initial step toward eventual
disposition and sale of our city
power generating and distribut-
ing properties to a competing
private utility."

Also on Monday night the
council voted to accept petitions
asking for the extension of the
Ely St. sanitary sewer as far as
Thomas St. and instructed Beau-
vais to prepare tentative plans
and special assessment rolls in
time for a hearing on the propo-
sals Oct. 19.

By resolution, the council set
aside the week beginning Oct. 25
as "courteous drivers week" and
agreed to cooperate with the Ro-
tary club in some way to honor
the person chosen as the city's
most courteous driver.

Beauvais also reported that it
now appears that the state high-
way department will cooperate
in the plan to widen Grand St.
and add curbing from the top of
the hill to the railroad crossing.
Work may be started this fall,
he added.

It was the night set for open-
ing bids on the Knapp St. storm
sewer, but there were no bidders.
Council did not decide whether to
advertise again this fall or wait
until spring.

Holland Library Joins in Marking Newspaper Week

The Holland Public Library is observing National Newspaper Week, Oct. 1 to 8, with an exhibit based on its theme: "Freedom of Information." This is a part of a state-wide and nation-wide program by librarians and newspapermen, who share the same ideals and purposes (in the area) on intellectual freedom.

Mrs. Loleta D. Fyan, state librarian, in a letter to the Michigan Press Association declared: "The theme of National Newspaper Week—'Freedom of Information'—is particularly appropriate in these days when the American people must be kept constantly aware of the grave events and decisions upon which their very lives depend. Newspaper men and librarians have always been in the vanguard of those who maintain the right of citizens to be fully informed and have ready access to all points of view. In no other way can our people stand unafraid and act intelligently to shape their future. As we hail America's free press, we join our observance with the deep conviction that we stand together to defend the vital freedom of information in the interest of knowledge and enlightenment for all the people."

Librarians at their national conference recently adopted a statement on "Freedom to Read," one important aspect of freedom of information. The statement reads in part:

"Now as always in our history, books are among our greatest instruments of freedom. They are almost the only means for making generally available ideas of manners of expression that can initially command only a small audience. They are the natural medium for the new idea and the untold voice from which come the original contributions to social growth. They are essential to the extended discussion which serious thought requires, and to the accumulation of knowledge and ideas into organized collections."

Visiting Nurse Service Included in Chest Drive

One of the many agencies included in the Holland Community Chest is the Visiting Nurse Association, a service for patients in their homes. Since its inception in Holland in June, 1950, the service has grown and today averages about seven visits a day for Mrs. Angie Van Hoven, who has been visiting nurse for Holland area since June, 1952.

The Holland Visiting Nurse program is one of 1,038 such services in the United States employing some 4,000 professional nurses. Michigan has 13 VNA programs. Locally, the Community Chest earmarked \$2,800 for the program. People who are able to pay the full fee are expected to do so. Others in financial difficulties pay a part of the fee or none at all, and the obligation is carried by the Community Chest. The service, however, is for everyone, regardless of financial status.

During the past year, Mrs. Van Hoven made 1,849 visits to 340 patients, or an average of seven a day. These visits include such services as bedside care, care of newborn mothers and babies, injections, dressing changes and any other treatment which may be ordered by the family physician.

The local VNA office is located in the Ottawa County Health building which is housed in the annex to Netherlands Museum at 12th St. and Central Ave.

Holland's Community Chest campaign for \$39,500 will be staged Oct. 19 to 24, according to Campaign Director Riemer Van Til.

Ambassador Opens 57th Season of Century Club

Century Club opened its 57th year Monday night with a dinner meeting in the Juliana room of Durfee Hall. This was the first of seven meetings arranged for the current season by Kenneth De Pree, president, and his committee, including Mrs. Willard Wichers, L. W. Lamb, Dr. Marion de Velder, Mrs. R. C. Bosch, Mrs. John Stryker and Miss Adelaide Dykhuizen.

Student Ambassador Bruce Van Voorst, introduced by President De Pree, gave a graphic report of his summer in Austria where he became a temporary member of a Protestant pastor's family before touring Europe with his official group and their new Austrian friends.

After describing life in the small Austrian community, the speaker discussed the factors for and against peace in Europe as he observed them during his stay. Instability, he said, will be influenced by the tight economic situation, by the division of Europe into its many small units, by the serious struggle over Trieste, by the always current ethnic problem, the thousands of displaced persons and the overall struggle for power by Russian Communism.

On the other side of the ledger, making for stability, Van Voorst pointed out that the important role of the United Nations, the economic improvement in many European countries, the growth of Christian democracy, the re-election of Chancellor Adenauer, the breakdown of the concept of Russian unity, the mental attitude of the common people who are sick of war and the moral role the United States has played in Europe since World War II.

Concluding that he saw Europe in a chaotic and unstable situation, the speaker urged every American to do what he can to clarify the role of this country in its leadership for peace. He showed color slides taken in Austria and other countries he visited.

Also on the program were vocal solos by Paul Kranendonk who gave a pleasing performance of the aria "Hear Me Ye Winds and Waves" from "Julius Caesar" by Handel; "I Would My Song Were Like a Star," Kursteiner; and "Jericho," Negro spiritual arranged by Burleigh. He was accompanied by Mrs. Kranendonk.

Dr. de Velder offered the opening prayer and Mr. De Pree gave a tribute to Miss Martha Sherwood, long-time member of the club, whose death occurred last week. The annual treasurer's report was presented by Miss Dykhuizen.

Among guests introduced were two from the Netherlands, Piet Worm, noted architect of Zandvoort and Nicholas Kroese of Amsterdam, owner of the famous "Five Flies" Inn.

Two Elderly Men Killed in Crash East of Gobles

ALLEGAN (Special) — Two elderly Allegan men were killed and a third near death in Allegan Health Center as the result of a car and truck crash at 5 p.m. Thursday a mile east of Gobles.

Killed were John Stegeman, 84, driver of the car, and William Dannenberg, 90.

Injured was Volney Ferris, 85, Allegan county trustee officer and former sheriff, postmaster and justice of the peace; and Ira Kinyon, 83.

Ferris was reported in poor condition with cuts, chest injuries and possible internal injuries. In fair condition was Kinyon who received an ear injury and facial cuts.

The Allegan men were returning home after an afternoon ride to view the fall colors. The car driven by Stegeman was going north on a township road when it collided with a truck driven by Matthew Uramkin, 63, route 2, Gobles. Uramkin is the father of Michael Uramkin, former deputy.

Funeral services were held Saturday at 2 p.m. from the Gordon Funeral Home for Stegeman, a retired farmer who has extensive land holdings in the area. He is survived by a son, Clare of Allegan; a daughter, Mrs. Lloyd Meiergarth of Okemos; three grandchildren and two brothers, Charles of route 1, Hopkins, and Alfred of Ann Arbor.

Dannenberg, a retired implement dealer, recently returned to Allegan after spending many years with his children in Grand Rapids and Belmont. He is survived by three daughters and two sons.

Duck Hunters Have Good Luck

The migratory bird season opened Thursday noon and despite the unseasonable high temperatures Conservation Officer Elmer Boerman said ducks appeared to be in plentiful supply this year.

Boerman said most of the hunters he checked Thursday averaged two ducks per man and that's "good hunting." Some got their daily limit of four birds. He called the first day kill "very good."

"Boerman said the conduct of hunters in the marsh area behind Riverview Park and near Lake Macatawa was outstanding. He said, to his knowledge, there were no shots fired before the 12 noon legal opening.

"In fact," Boerman said, "There was one instance where a hunter waited for the noon opening while eight ducks sat on the water right in front of him."

There was no report on the birds' condition after the season opened.

The State Conservation Department's opening day report rated duck hunting only fair to good in Lower Michigan with gun pressure light to normal.

Few duck flights were reported and hunting mostly concentrated on native birds. Department experts said some of the best duck hunting was in the Nyanquining Point area on Saginaw Bay.

Upper Peninsula hunting conditions were rated fair to average but most hunters seeking sharp-tail and ruffed grouse found fall foliage still too heavy, providing good cover for game birds. Despite the mild weather, good hunting was reported in the Seney area and in Iron and Dickinson counties.

Mrs. Peterson Dies at Hospital

Mrs. Oscar Peterson, 75, of route 4, Chippewa, died at Holland Hospital early on Friday. She had been in ill health for several years. Mrs. Peterson's husband is a former clerk of Holland city.

She was born in Saugatuck to the late Mr. and Mrs. James K. Dole and attended Saugatuck schools. She married Mr. Peterson on Oct. 2, 1907. They lived in Holland until 1947, when Mr. Peterson retired as city clerk and they moved to the present address.

Surviving besides the husband are a daughter, Mrs. Everett M. Elwood of East Lansing, and a sister, Mrs. Mattie Munson of Ojai, Calif.

8 From Ottawa Will Be Inducted

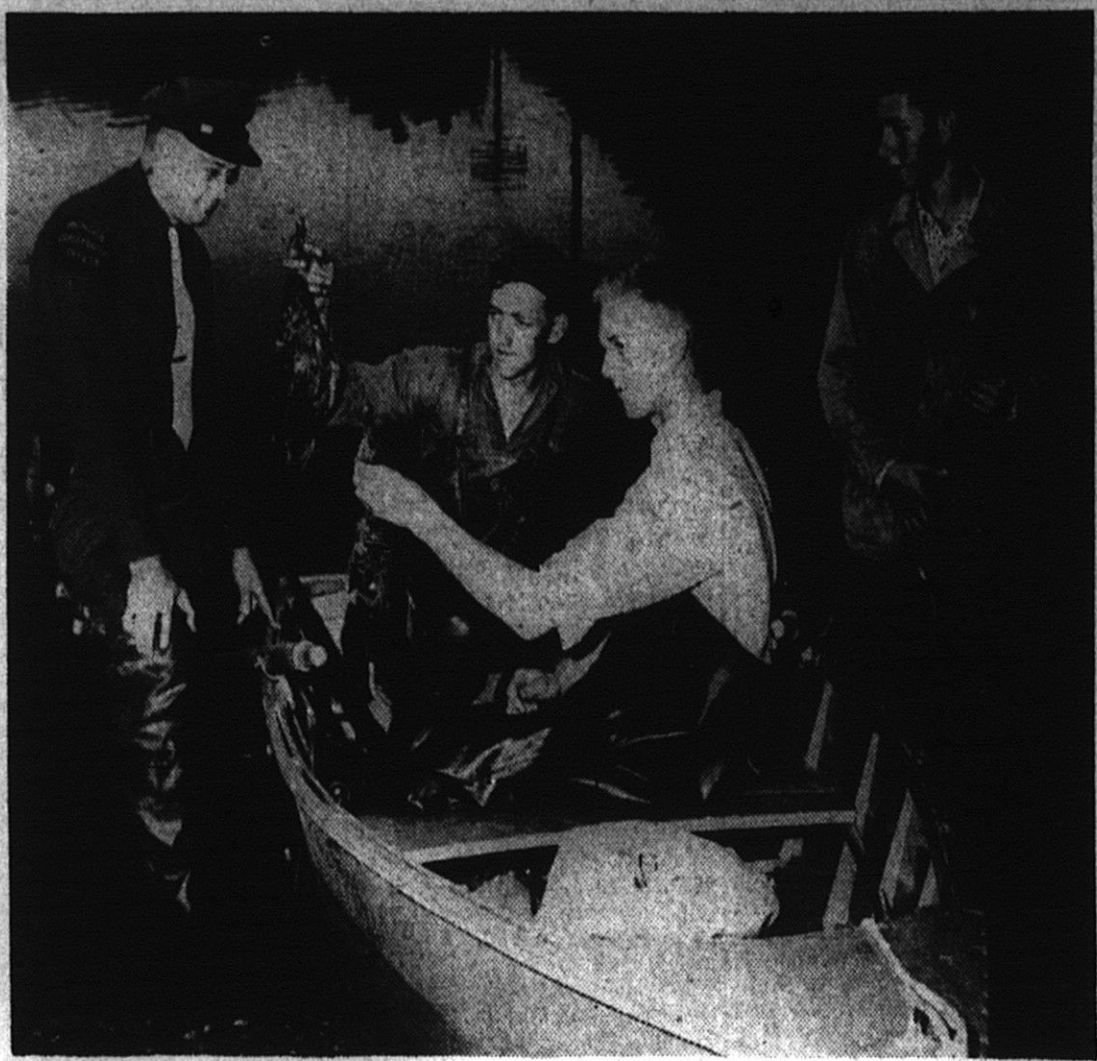

GRAND HAVEN (Special) — Eight young men from Ottawa county will report to the Grand Haven Army at 1 p.m. Wednesday, Oct. 14, to leave for Detroit for induction into the armed forces.

The group includes four from Holland, two from Grand Haven, one from Grand Rapids and one from Hudsonville.

From Holland are Clifford J. Vander Yacht, 500 Riley St.; Dale S. De Witt, 424 Columbia; Lyle R. Vander Meulen, 141 West 17th St.; and Lloyd E. Huyser, route 5.

Others are Oren A. Watts and Russell G. Rescorla of Grand Haven; Robert F. Heintzelman of Grand Rapids; and Carl R. Jeser of Hudsonville.

In a year it is estimated that Americans read 400 million books.

UNSEASONABLE HIGH TEMPERATURES kept many duck hunters home Friday but those who ventured out into the marshes found pretty good shooting. Conservation Officer Elmer Boerman said swamp areas around Holland generally contain quite a few migratory birds but Friday hunters had to pretty much score up their own birds. Boerman, (left), making constant checks of the hunting areas, looks over the bag of Howard Leuw, Duane Brink, and Marvin Leuw, all of Zeeland. Howard and Duane each hold up a mallard black duck for Boerman's inspection. The picture was taken Friday at 8:20 p.m. near the Waverly yards railroad bridge.

Grandstanding...

Perhaps the biggest break of the game between Hope and Carroll at Riverview Park Saturday night—as far as local fans are concerned—came in the second quarter. Frank Talarico was back on Hope's 26 yard to punt. Bud Prins' center was way high and the ball rolled back to the Hope five where Talarico picked it up and tried to punt with a host of Carroll tacklers closing in for the "kill." Mind you it was fourth down and the ball would go over Carroll. Well, Talarico picked it up and hurried away a kick off the side of his foot. The ball didn't go very bad and Carroll men where on it like flies.

However, the visitors had 12 men on the field and Carroll was penalized five yards for delaying the game. The next time Talarico got off a dandy punt from his own 30 that went out of bounds on the Carroll 29.

There's a lot of "mights" to it, but had Carroll recovered that punt on the Hope 30, it might have made a whale of a difference in the outcome of the game.

The fans at Saturday's game looked skyward with apprehension when a few drops of rain started to fall during the waning minutes of the fourth quarter.

Most of them took off—they didn't want to take a chance of being caught in another storm like the week before when hail and blinding sheets of rain fell during the Holland-Union game.

It rained, but not too hard until the game was over.

Hope College had an avid bunch of rooters in a special section of the south bleachers. They were safety patrol boys from the city and were guests of the college at the game. Officer Don Oosterbaan sponsored the idea. At one time the Hope cheerleaders solicited a yell from the boys and it was just about the loudest yell of the evening.

Carroll College is a member of the newly-formed Great Lakes conference. However, the league doesn't start football competition until next fall. The Waukesha school was founded in 1946 and it is about 18 miles from Milwaukee. It is sponsored by the Presbyterian church and has an enrollment of 542 students—319 men and 223 women.

Accidents Snarl River Ave. Traffic

Five cars collided within minutes of each other in two accidents on River Ave. between 16th and 17th Sts. at the 5 p.m. rush hour Monday resulting in minor damages to the cars but causing a major traffic snarl.

The first accident was a three-car bumper-to-bumper mishap with all three cars heading south on River Ave. Cars driven by Clarence Schultz, Chicago, and Al Bransdorfer, 577 Michigan Ave., had stopped for the traffic light on 17th St., when a car driven by Hilda M. Gamby, 137 Highland Ave., struck the rear of the Bransdorfer vehicle pushing it into the rear of the Schultz car.

Damage to the three cars was minor police said. Hilda Gamby was issued a ticket for failure to stop in an assured clear distance ahead.

Before police had arrived for the first accident two other cars collided in the intersection of 16th St. and River Ave., less than 100 feet from the initial mishap.

Involved were cars driven by Delia F. Whipple, Saugatuck, heading north on River Ave., and Lyman M. Light, 1814 West 16th St., heading west on 16th St.

Damage to both cars was minor, police said. They continued their investigation today.

The average American adult is sick an estimated 100 times during his lifetime; about 15 of these times with major disabilities.

Dutchmen Score Last Touchdown In Final Minutes

A touchdown with just four minutes left in the game gave Hope College a hard-earned 21-14 football victory over a "never say die" team from Carroll College Saturday night at Riverview Park.

And make no bones about the fact that it was a tough game. The team from Waukegan, Wis., is easily one of the toughest the Dutch will face all season. Coach "Mickey" McCormick had the hardest running backs seen on the local field this year and his entire squad tackled viciously. It took all the drive Coach Al Vanderburgh and his squad could muster to squeeze out the victory, Hope's second of the season, against one defeat.

The story of the victory as far as the locals are concerned can be seen in the statistics, especially those for the second half. During that second 30 minutes the Dutch gained a total of 147 yards rushing and had to punt just once, that time with less than a minute to go in the game.

End Jim Hoeven provided the "break" that led to Hope's first score when he blocked Larry Pennewell's punt from the Carroll 40. However, Pennewell had his wits about him and picked up the loose ball and salvaged some of the loss by running it to the Carroll 48 before he was downed and Hope took over. Dave Kempker, Frank Talarico and John Adams took the ball from there to pay dirt in just five plays. Adams went wide around left end, was almost stopped once, but broke away and scored on a 21-yard jaunt. Bud Prins made good on the kick and it was 7-0 with the game 10 minutes old.

Carroll struck back with just 40 seconds left in the quarter when Ed Bob Shutter grabbed off a misguided pass by Hope Quarterback Harry Voss on the Carroll 30 and went unmolested into the end zone. George Spelius added the kick and it was 7-7.

A 40-yard drive in five plays with 13 minutes gone in the third quarter put Carroll ahead for the first time. Halfback Glenn Johnson went over left guard for the final three yards. Spelius added the point.

Hope started its next touchdown drive in the fourth quarter when a Pennewell punt hit and bounced back toward the Carroll goal line to the 33 where it was quickly downed by the maroon-jerseyed visitors. Hope went the distance in five plays with Adams going the last 13. Voss set the clincher up with a beautiful fake to Kempker then handed it to Adams. The fifty bit of ball handling pulled a good share of the Carroll defense off balance. Prins again converted and it was 14-14.

Ken Van Wieren and Ed Stapp pounced on a fumble by Carroll Fullback John Villari a few moments later on the Carroll 40 to set the stage for the winning touchdown drive. Kempker sparked the seven-play drive and deservedly was called on to go the final yard through center. Again Prins converted and that was the ball game.

Hope's vaunted explosiveness that had accounted for the long touchdown runs in the two previous games was pretty well checked by the rugged Carroll defensive play, especially around the ends. Thus the Dutch leaned back on a plodding yard-by-yard style of play. Workhorse in the Dutch attack was Kempker who was a "money player" in the clutch and almost single-handedly made the winning touchdown march.

Hope's center of the line was great on defense, especially Herm Niemhuis, Prins and Don Vander Toll and Jim Van Hoeven was a tiger from his end position.

Pipeline to Lake Discussed at Meet In Zeeland Hall

Exploratory steps toward formation of a Kent and Ottawa County Metropolitan Water Board to construct a pipeline from Lake Michigan in the vicinity of Holland all the way to East Grand Rapids were taken at a meeting in Zeeland City Hall Tuesday night attended by an estimated 80 government officials.

Although the matter is still in the "talking" stage, on suggestion of Mayor Harry Harrington of Holland, it was decided that each governmental unit represented at Tuesday's meeting send at least one layman, an engineer or qualified official to another meeting in Zeeland City Hall Tuesday, Oct. 27 at 8 p.m.

Represented were Holland and Zeeland cities, Holland and Park Townships, Hudsonville, Grandville, East Grand Rapids, Wyoming, Zeeland, Paris, Georgetown and Walker Townships.

Basic purpose of the meeting, called by Wyoming Township Supervisor Louis Vos, was to get the people of the area—from Holland to East Grand Rapids—thinking about water problems together.

Wyoming Township Engineer Paul Spelman presided and explained details of a "starting point" sheet handed out to all present.

Reasons put forth for the pipeline are:

1. This is one economic area extending from East Grand Rapids to Lake Michigan. Its unity extends over into the racial and family sphere.

2. Ground water supplies are limited and we need a greater and more dependable supply to allow our area to grow and prosper.

3. We have the greatest potential, industrial and residential areas in Michigan. All facilities are readily available except water. This we can supply.

4. We must now make provisions for the most tremendous boom in American history that will burst upon us in the late 60's.

5. The government will urge and encourage decentralization of industrial plants. Our metropolitan area is the only one in this section that can receive them.

6. Our present water situation demands that we unite collectively to overcome our mutual problems.

Spelman also outlined "rough estimates" of present water consumption of each section in the area and presented estimates of costs of the proposed filtration plant, intake and pumping stations that would pump an estimated 40 million gallons of water a day. Present estimated consumption of the entire area is 9.45 million gallons a day.

The meeting was opened to questions and Spelman was quizzed extensively about easements cost per unit, etc. He explained that figures given on the sheets of \$14,083,200 for the pipeline were "merely a starting point."

On basis of the figures, James Klomparsen, president of the Holland Board of Public Works, said that Holland's share would amount to \$3 million or more and the city could build its own pipeline to Lake Michigan for less than that on basis of recent surveys.

"As it is here it wouldn't be practical for us or Zeeland either for that matter because we're so close to the lake," Klomparsen said.

Klomparsen also said he believed the figures given for the complete job in the Wyoming Township estimate were way off base according to the recent survey of the situation in Holland by Black and Veatch, consulting engineers from Kansas City, Mo.

Klomparsen later voiced his approval of the idea of studying the feasibility of such a pipeline and said Holland would certainly join the group in talking over the matter at the Oct. 27 and any other meetings.

Water problems outlined by various units included:

Zeeland (Elmer Hartgerink, chairman of the BPW)—Zeeland has just approved a \$285,000 bond issue that will provide new wells north of town and increase the pumping capacity 40 to 50 percent to 13 million gallons daily. It should take care of needs for the next five to 10 years, but beyond that he would not speculate because of expansion and other factors. Hartgerink heartily endorsed the study.

Paris township (Jake Van Houten)—24 to 26 miles of mains and some connections into Grand Rapids. The township has wells but beyond five or 10 years the situation is not certain.

East Grand Rapids (City Manager Henry Gork)—"We're interested and I'm not interested in the amounts this is going to cost each one of us. I figure a smaller group—as suggested earlier—can talk better about this thing. We're interested in lake water. I think it's an excellent idea just to get together and talk about this thing."

Grandville (City Councilman William Coulter)—"We recently put down a new well and the project isn't complete as yet. When it is completed we hope it will last us at least five to 10 years, but we're not sure. We've been fighting this water battle for the last 30 years."

Hudsonville (Village President Ray Vander Laan)—Up to now sufficient water. Sometimes low during hot summer days but builds up at night. "We've been discussing new well, though."

General consensus was that the meeting was of definite value and a step in the right direction.

THESE CHILDREN, part of 37 in the West Olive school district, can only dream at this stage of using that new school house, still under construction. Funds have run out and the one-classroom building won't have a floor and ceiling unless the West Olive School Workers can raise the money. The Workers are going to attempt to

raise \$300 Saturday night when they will stage a hard-time party at Styx's Hall. Children pictured, left to right, are front row, Betty Berkompas, Sandra Van Slooten, Albert Berkompas, Albert Dora and Richard Remmler back row, Donald Davis, Robert Van, Robert West, Sandra Lamerson and Ronald Beck. Mothers Attempting to Raise Funds To Complete New West Olive School

An unfinished school may be considered better than none, but in West Olive, an industrious group of women called the West Olive School Workers won't be satisfied until their new school is completed.

The school district finds itself in an unusual position. Total of \$13,000 was allotted for a new school to replace a building destroyed by fire. Now, however, the money is all used up and the school still has no floor or ceiling.

The WOS Workers plan to raise some of the necessary funds on Saturday night, when they're staging a community hard-time party at Styx's Hall. A gala evening is in store, with square dancing contests, a skit, a cake walk and refreshments. The Workers are appealing to all the community, especially those with children in school, to back the project.

Mothers are donating the food and cakes. A grand prize, a valuable gun, is being donated by a local shop, which sold the West Olive school some of its equipment, and is turning back the profits on that sale in the form of the prize.

The Workers hope to raise \$500, which would automatically get them \$1,000 since the Rem Machine Co. of Holland has promised to match the sum dollar for dollar.

First aim of the women is to finish the school's floor and ceiling so the 37 children in the district can use the new classroom. They now hold sessions in the Nick Polich building near the new school house. The teacher, Mrs. Edith Lang, must work under extreme difficulties in overcrowded, under-equipped facilities.

To many school districts, the need for more funds would be only a problem of voting to increase school taxes. In West Olive, however, the low tax valuation on properties prevents the floating of

more than the \$11,000 bond already floated. Taxes can't be raised because they already stand at the maximum legal rate.

The situation is further complicated by the fact that at least several hundred acres of land in the district have been taken over by the state for conservation purposes, mostly tree plantings. There is no tax money forthcoming on this state property.

It's a tough problem all the way around, but the WOS Workers hope to solve it by just one small step at a time. After they get the floor and ceiling completed, they want to raise more funds for needed textbooks, encyclopedias and the like. The children are still using equipment loaned after the fire by North Holland, Beechwood and Connell schools.

Ultimate aim, however, is to accomplish the building of a two-room school. The present enrollment of 37, which, incidentally, is 11 more than was expected for this year, is now eligible for a two-room building instead of the present 24 by 30-foot classroom plus utility and furnace room. The completion of a second classroom would not only ease the crowded situation but would mean an automatic increase in state aid.

This increase could be the answer to many of the district's problems.

The picture isn't a bright one and the West Olive School Workers will need much help to accomplish their purposes. The group is small but ambitious, and not apt to give up easily the battle for funds. Many of the mothers in the group do not even have children in the school, but hope to better the educational system for present and future students.

Officers of the group are Mrs. Doris Berkompas, president; Mrs. Helen Garbrecht, vice president; Mrs. Geneva Van Slooten, treasurer and Mrs. Anne Polich, secretary.

Another featured speaker will be Richard Barnes Kennan, secretary of the national commission for the defense of democracy through education.

Ferrysburg Girl Is Suffocated In Refrigerator

GRAND HAVEN (Special)—Four-year-old Pamela Pfister of Ferrysburg was suffocated Monday afternoon in a refrigerator that had been stripped and was being used as a container for live bait in the back part of the Robert Carpenter home in Ferrysburg. Another girl, Lila Mae Carpenter, 4, was revived at the hospital and released. The Pfister girl was dead on admittance.

She was the daughter of Mrs. Glenn Bolthouse. The father resides in Grand Rapids and she also leaves a sister, Sandra.

The Carpenter girl is the daughter of Mr. and Mrs. Robert Carpenter of Ferrysburg.

The refrigerator was outside the Carpenter home and it was stripped for bait but it hadn't been put to use as such as yet.

Mrs. Bolthouse said she saw the children at 11 a.m. at the Carpenter residence. It was shortly before 1 p.m. when Mrs. Carpenter found the children in the refrigerator. She had started looking for them at 12:25.

A slight hole had been punched in the back of the refrigerator, but it wasn't large enough to permit enough air to get to the little girls.

The Carpenter child reportedly had been chased out of the refrigerator two weeks ago.

Council Appoints Interim Chief

ZEELAND (Special)—Councilman John Stephenson was appointed acting City Superintendent by Common Council at its meeting Monday night.

The appointment was made at the request of City Clerk John Hollman who had been holding the position since the resignation of Robert A. Fricke this spring. Stephenson will not have charge of light or water plants which are operated by the Board of Public Works.

Council also passed a sidewalk ordinance which will go into effect Jan. 1, requiring persons laying public sidewalks to have a license and post a bond with the city.

The action brings Zeeland regulations in line with those of most other cities.

Zeeland bicycle owners will also be required to purchase licenses after Jan. 1. Council passed an ordinance aimed at eliminating traffic hazards arising from improper use of bicycles.

The licenses, which are being ordered, will be issued by the local police department. Price will be 50 cents.

Council also approved appointment of William (Bill) Boonstra to the Fire Department replacing Walter Van Asselt who recently resigned. Boonstra was previously elected to the department by present members.

THERE'S A LOT OF ROAST PIG on the run somewhere today and Bert Dekker of 268 West 10th St. knows now that a pig in a poke is worth two on the run. The fat sassy piglet showed up out of nowhere Saturday morning in the Dekker yard. Mr. Dekker captured the runaway and immediately placed a "found" ad in The Sentinel. But the young porker escaped as easily as a greased pig at a picnic. The Dekkers took the animal to the home of their son, Bruce, of route 4, who penned him. The smart porker rooted his way to freedom on Sunday and was too fast for the men who chased him through the neighborhood. Officials informed Dekker that if he advertises for three days and nobody puts in a claim, he can keep the pig for himself, that is, if he finds him again. To top off the whole business, Dekker almost got in trouble for his trouble. The city health inspector called him Monday to say that someone had complained that the Dekkers were illegally "housing a pig." (Sentinel photo)

Meanwhile, Kronmeyer drove around with the jeep and gave the stalled car a push. The driverless car shot across River Ave., struck a parked car, owned by Glen Van Rhee, 14 Vander Veer Ave., knocking the parked car back across the street where it hit a parking meter in front of the City Hall.

SSP Launches '53 Campaign at Noon Luncheon Monday

The Single Solicitation Plan launched its 1953 campaign at a kickoff luncheon Monday the Centennial room of the Warm Friend Tavern with Chairman Andrew G. Sall presiding.

The SSP, a plan whereby local businesses and industries match contributions from employees through a payroll deduction plan, covers Community Chest, Health and Welfare, Polio and the Red Cross. Minimum contribution per employee is 10 cents a week, the total of which is matched by management. Sall explained that the SSP lumps all the charities and eliminates solicitation for individual causes.

Sall told the SSP representatives from the various firms to complete their solicitation by Friday and Saturday of this week. Persons already signed up do not have to be solicited again, and the campaign is directed mainly at new employees and those not already signed up.

SSP stickers should be placed in windows soon, so that homes contributing under this plan are not contacted during the block solicitation for the Community Chest drive Oct. 19 to 24.

Fifty-five local firms are signed up so far this year, an increase of seven over the 48 listed under SSP last year. It was estimated that 75 to 80 per cent of the approximate 4,200 employees in the 55 firms are members of SSP.

Mayo A. Hadden, SSP treasurer, said the organization last year contributed \$20,000 to Community Chest, \$5,808 to the Red Cross and \$4,455 to polio.
