No Drilling Inside City For 6 Months

**Emergency Ordinance
Passed by Council
Is Stopgap Measure**

City Council Wednesday night passed an emergency ordinance prohibiting drilling for oil and gas within the corporate limits of Holland for six months or until a regulatory ordinance is adopted, whichever is sooner.

While this action seems drastic, there appeared to be plenty of good reasons for "taking it easy" should the city ever become oil mad. Deputy City Attorney Gordon Cunningham who has been studying oil leases with City Manager Herb Holt said work is progressing on a comprehensive ordinance to control drilling within the city.

The two men have been in close contact with Albion city leaders who recently collected close to \$175,000 for drilling leases on city-owned property. Cunningham said the Albion study took about five months before a comprehensive ordinance was drafted, and he figured it would take less time for Holland.

The emergency ordinance reads: "It shall be unlawful for any person to drill, explore, commence to drill, extend, or deepen any well for oil, gas, petroleum or other hydrocarbons within the corporate limits of the city of Holland for a period of six months from the effective date of this ordinance or until a regulatory ordinance is adopted, whichever is sooner."

The city attorney said he knew of no drilling being done within the city limits, but that there are some old wells which are operating.

In other business, Council adopted resolutions on paving special assessment rolls on five projects following a special hearing, and later in the meeting adopted a resolution preparatory to the issuance of bonds for the 1959 program.

There was only one question during the hearing, posed by Nelson Ryzena who asked about assessments on his properties. It was explained that property owners are not assessed for the original 16 feet of road bed, but only for the additional improvement up to 30 or 32 feet, plus curb and gutter. The part of Lincoln Ave. which Ryzena questioned is 36 feet wide, but the extra width is financed through motor vehicle tax funds.

Paving projects and amounts assessed property owners follow: 31st St., Columbia to State, \$6,413.80; Lincoln, 24th to 32nd, \$26,673.20; Cleveland Ave., Wildwood to 32nd, \$6,958.60; River Ave., 2th to 27th, \$3,292.96; 27th St., Van Raalte to Harrison, \$8,447.04.

Two recommendations from the Traffic and Safety Commission tabled at the previous meeting were considered. One recommendation to move bus stops from River Ave. and Eighth St. to Central Ave. and Eighth St. was referred back to the commission for a more specific recommendation. The other eliminating parking on the north side of Eighth St. between Lincoln and Fairbanks Aves. was approved.

A letter from Michigan Eta Gamma chapter of Beta Sigma Phi offering to donate a pair of metal basketball backstops for Smallenburg Park if the city agrees to pave the court and install backstops was referred to the City and School Recreation committee.

A communication announcing the annual convention of the Great Lakes Harbors Association to be held in Toledo, Ohio, Oct. 22 and 23 was read. Mayor Robert Visser appointed Councilman Ern-

est Phillips to represent Holland at the meeting.

A request from the Board of Public Works to transfer funds in the capital improvement fund to the BPW for water main extensions was tabled until next meeting. The communication pointed out that other methods of financing are not sufficient or feasible. Council had previously instructed the Board of Public Works to study water extension financing, particularly in the Holland Heights area.

Council set a public hearing Oct. 21 at 7:30 p.m. on water main special assessment rolls for work completed in 1958 and 1959. These projects and amounts assessed property owners follow: Third St., River to Pine 153 feet west, \$37,792; Thomas Ave., Crescent Dr., to South Shore Dr., east 485 feet, \$1,397.53; 20th St., Diekema Ave., to Graafschap Rd., \$3,210.93; Sandy subdivision, \$13,074.19; 24th St., from 480 feet east of Lincoln to 930 feet east of Apple Ave., and in Apple Ave. from 24th to 27th Sts., \$7,333.84.

Mayor Visser presided at the meeting which lasted just over an hour and half. All Councilmen were present and Councilman Ernest Phillips gave the invocation.

Ottawa County deputies were called on to provide a police escort to Holland Hospital at 5:15 p.m. Wednesday for Everett Janess, 50, and his wife Ruth of 1453 Chicago Dr., Grand Rapids.

Janess, who apparently suffered a heart attack while driving on 16th St., pulled off the street near the intersection of 16th St. and Lincoln Ave. Mrs. Janess hailed a passing sheriff's department patrol car, and asked to be driven to the hospital, deputies said.

Janess was rushed to Holland Hospital but could not be revived. Death was attributed to a heart attack according to Holland Hospital officials.

Police estimated damage at \$120 to Bolte's 1959 model car, and said damage to the 1959 model driven by Mrs. Mailcoat was minor.

Dog Which Bit Child Has Rabies

**Vicki De Jonge, 2,
Bitten on Sept. 7;
Dog Quarantine Looms**

Ottawa County Sheriff Bernard Grysen Wednesday ordered all deputies to shoot on sight any dogs found running loose in unincorporated areas in the county.

The strict enforcement crackdown followed a report from Ottawa County Health Director Dr. Ralph Ten Have that a dog that had bitten a 2-year-old girl, east of Holland, had rabies.

The child was identified as Vicki De Jonge, daughter of Mr. and Mrs. John R. De Jonge of 10870 Chicago Dr. Grysen said the child was bitten early in September but a report was not made to the sheriff's department until Sept. 22. The child today was reported to be at home and not suffering any ill effects.

Holland Police Lt. Ernest Bear urged all residents to follow the city ordinance to the letter which says that dogs in the city must be kept tied up at all times.

Grysen cited section 18 of the compiled animal laws of Michigan which says, "It shall be the duty of every police officer to kill any dog or dogs which are found outside any unincorporated city running at large and unaccompanied by an owner or keeper."

Discuss Possible Dog Quarantine for County

GRAND HAVEN (Special) — A meeting to discuss a possible quarantine on dogs in Ottawa County was scheduled today in the Ottawa County Health Office.

Sheriff Bernard Grysen said representatives from law enforcement agencies, Holland City, the Humane Society, and the Tulip City Rod and Gun Club have been invited.

The action resulted when a dog which had bitten Vicki De Jonge, 2, of 10870 Chicago Dr., was found to have rabies.

Grysen repeated his warning that any stray dogs found in the county outside of cities, will be picked up and destroyed. Grysen also urged dog owners to keep their pets tied up and have the dogs inoculated for rabies.

Red Cross Names Nine Directors

**Ann Arbor Executive
Tells of Red Cross
Work in Other Lands**

Nine directors were elected for three year terms to the Ottawa County Red Cross chapter at its annual meeting Thursday in Hotel Warm Friend.

New directors are Arthur Read, Joe Bolte and Phillip Begley of Holland city, Harold Hakken of Park township, Leonard Vanden Bosch of Zeeland, Mrs. Fred Prucha of Robinson, Ronald Holland of Spring Lake, Robert Saenger of Polkton and Mrs. William Baldwin of Tallmadge.

Following the meeting, the board met to reorganize. Arthur Read was reelected chapter chairman. Mrs. N. J. Danhof of Zeeland was named first vice chairman and Robert Saenger of Coopersville second vice chairman. Alvin Brouwer of Holland was reelected treasurer. A secretary will be named later.

Close to 100 attended the annual event which was open to the entire chapter membership. Annual reports were at each plate, listing brief presentations by officers and committee chairmen.

Main address was given by Wilfrid de St. Aubin of Ann Arbor, executive director of the Washtenaw County Red Cross chapter who has filled many assignments overseas for Red Cross.

"I cannot convey to you the real gratitude of people who are aided by the Red Cross in disasters. Sometimes it is a matter of a pair of shoes or clothing that allows a child to go to school, or a matter of powdered milk to keep a baby alive, or the release of a prisoner of war. . . . there are so many things the Red Cross does which do not hit newspaper headlines. Red Cross is a bridge, not a barrier; it's people helping people and working together for a common purpose," the Red Cross executive said.

"It is our job to help, not to place the blame. Often the work of the Red Cross goes on after leaders of nations involved aren't speaking any more. Sometimes the people of the United States feel they are all alone helping on the Red Cross front. And the American people always do help, but sometimes we are on the receiving end too. A few years ago when floods hit both coasts, 44 countries sent aid to the United States. Even little Jamaica which the Red Cross had helped to rehabilitate a few years earlier sent \$40,000."

"When tidal waves hit the Netherlands some years ago causing untold damage, American people sent a half million dollars, yet this was only one-fourth of the \$20,000,000 sent by all countries for Dutch rehabilitation. Many of the countries which sent aid were those the United States had aided before," he said.

David C. Hanson, president of the Greater Holland United Fund, explained the reorganization of the Community Chest and other affiliates into a single organization and its plans for a joint drive with Red Cross later this month.

City Sells Plot To Truck Co.

City Council Wednesday night voted to sell a portion of city-owned property in the vicinity of the city dump to Holland Motor Express for \$6,000 which council felt was a fair market value.

The property lies between what would be Fourth and Fifth Sts. running west of College Ave. to the present line of the trucking company property. Action was taken following a study into possible city uses of the property in question, and it was decided the property was not needed for city purposes other than dump operations and snow storage. Holland Motor Express agrees to have the city continue these operations on part of the area for at least the next four years, with the possibility of dumping snow for another 10 years.

City Manager Herb Holt reported that the Oct. 1 deadline on the city's existing Blue Cross and Blue Shield program has been changed to Jan. 1, 1960, and that further study is being made in the meantime. The city had been considering changing to some deductible or co-insurance plan.

Council approved hiring Edward Deyo, commercial appraiser, to appraise certain city buildings at a cost of \$665. This information is necessary for insurable values under the co-insurance clause.

Dead on Arrival
At Holland Hospital**

Egbert H. Gold, 45, of Waukazoo, was killed instantly at 1:40 a.m. today when his car plowed into the rear of a loaded semi on US-31 about three-quarters of a mile south of the US-31-US-31 bypass junction just within the southern city limits of Holland.

Steven Norman LaMie, 31, Muskegon driver of the truck, told city police he was about to put his vehicle into high gear when it was struck from the rear by Gold's heavy 1956 car. Both vehicles were headed south.

Force of the impact sent Gold's car under the loaded trailer, smashing the windshield of the car and blowing out the right rear tires of the trailer. When LaMie pulled off onto the shoulder of the highway, the demolished Gold car was carried along.

In a meeting lasting almost four hours, the Holland Planning Commission Tuesday night reviewed several items which had been referred to it previously.

Further consideration was given to the proposed Holkeboer development in Apple Ave. area and tentative approval was given to the plans.

On a request from the Board of Appeals seeking advice on allowing house trailer sales on West 48th St., the commission felt there was no demonstrated need at present for a commercial use of the property at that site.

Dutch Score In Final 45 Seconds

Muskegon Heights continued to keep its football domination over Holland here Friday night with a 13-6 victory before 3,200 fans in Riverview park and only a whirlwind passing attack in the final minutes saved the Dutch from a shutout.

The Tigers stopped Holland for the 26th time in the 33 years Okie Johnson has been calling the shots at the Heights and again Johnson chose to use the familiar pattern of a fast charging line and small backs who slanted off the guards and tackles. The last Holland win was 7-6 in 1952.

A pony backfield, led by 165-pound junior fullback Ozell Parham, executed the offense and the Tigers picked up every yard on the ground.

Parham found a short trap play off left guard and tackle the most effective and he hit the spot for 10 yards and the first touchdown with 6:24 left in the first half. He slipped through the tackle from one yard out on the second play of the fourth quarter with 11:29 left for the second score. Louis Phillips converted after the second touchdown.

Holland struck with 45 seconds remaining in the game and Bob Hoezee, 160-pound junior fullback, cracked over from the three-yard line. The extra point attempt by Rich Woltman was blocked.

The touchdown climaxed a 69-yard nine-play drive that saw Rog Buurma complete four passes, two to end Jim De Vries, and one each to end Ben Farabee and halfback Woltman. The pass to Woltman covered 21 yards while the aerial to Farabee was for 19 yards. He caught the ball on the Holland 40 and spun loose from one tackler and was knocked down at midfield. De Vries' grabs were for 11 and three yards.

Scott Brouwer handled the ground game with four carries. Bob Klaver, Holland's defensive workhorse, recovered a Tiger fumble on the Heights 31 to start the drive.

Muskegon Heights started its first touchdown drive after a Holland drive was stopped on the Heights 23. In 11 plays, with Ben Howe catching the Dutch middle with sneaks and Parham hitting between guard and tackle, the Tigers were home.

Shortly after the touchdown, Holland halfback Bruce Van Dyke received a possible cracked rib when he was tackled following a nine-yard off tackle run.

Holland had seen its drive stopped when a fourth down draw play backfired. The Dutch had moved from their own 23 and in 15 plays with a pass interference, a 17-yard pass from Van Dyke to Farabee and line cracks by Brouwer, Van Dyke and Woltman. But after penetrating to the 21, the Heights dug in.

Chuck Klomprens intercepted a Heights pass with 16 seconds left, on the Holland 25 and returned the ball to the Tiger 47. As time ran out, Buurma connected with Woltman on the Heights 12-yard line. The Tigers also drove to the Holland five after end Ron Vehl, the lone regular from last year's team, blocked a Holland punt on the Dutch 28. But the Tigers lost the ball on downs.

After a 35-yard punt runback by Woltman early in the third quarter to the Heights 20, the Dutch advanced to the 16 but two passes failed and the threat vanished.

Latrice Sain took Buurma's punt on his own 40 late in the third quarter and romped to the Holland 10 where he was hit. A personal foul against the Dutch moved the ball to the five and three plays later Parham was over.

Holland used a split-T offense for the first time this season and the Dutch, as expected, threw 21 passes and hit on 10, five in each half. But Buurma, who did most of the throwing, lacked protection.

Penalties cost Holland High's reserve football team its first loss Friday afternoon as the Muskegon Heights seconds came back with three touchdowns in the fourth period for a 19-12 victory in Riverview Park.

The little Dutch, on Less Cornelissen's two touchdowns, held a 12-0 lead going into the final quarter. Holland missed a scoring opportunity early in the period that later proved the turning point.

Holland intercepted a Tiger pass on its 10-yard line but was called back for roughing the passer. This gave the ball first and 10 to the Tigers and they eventually ran for the touchdown.

Later in the same period, Muskegon Heights intercepted a Holland pass and ran for another score.

Cornelissen tallied Holland's first touchdown on a 35-yard screen pass from quarterback Jim Bouman. The sophomore fullback ran 65 yards off tackle in the third period for Holland's second touchdown.

Fennville Sets New Scoring Mark

BLOOMINGDALE (Special) — Fennville High's football team set an all-time school scoring record here Friday night with a 70-20 trouncing of Bloomingdale in an Al-Van League game.

The Blackhawks have now won three straight games this season, 10 straight in the past two years and are leading the Al-Van with a 2-0 mark.

Coach Tom Miller played every one including freshmen the entire second half but Bloomingdale just couldn't stop the Fennville attack. Joe Bedas carried the ball four times for the winners and three of the runs were for touchdowns.

Here's the touchdown parade in the first quarter: 1. Gene Luna ran 68 yards on the first play from scrimmage. 2. Ted Strnad bootlegged the ball for 29 yards and Strnad passed 32 yards to Bedas.

Four more touchdowns occurred in the second quarter. 4. Strnad passed 50 yards to Barry Gooding. 5. Linebacker Phil Collins intercepted a pass and ran 65 yards. 6. Bedas ran 33 yards. 7. Strnad passed two yards to Carl Pandel to make the halftime score 45-0.

Two more tallies came in the third quarter. 8. Dave Turner ran a punt back 26 yards and 9. Jim Luna ran 10 yards with a pass interception. In the fourth quarter the final two scores were made. 10. Joe Bedas ran 61 yards and 11. Tom Gooding ran four yards. Ray Raloff converted after four of the touchdowns.

Bloomingdale scored in the quarter on a one-yard plunge by Kelly Paige following a long drive. The other scores came in the fourth quarter. Rog Paige climaxed a sustained drive for the second touchdown and Don Osman caught a 40-yard pass for the other touchdown. Osman kicked two points.

Hudsonville Loses 7-6 To Grandville

HUDSONVILLE (Special) — Hudsonville's football team lost a narrow 7-6 decision to unbeaten Grandville here Friday night in a tough, defensive contest.

It was the third straight win for the Bulldogs, who rolled over Allegan 48-6 and Zeeland 28-18 in two previous games. Hudsonville is now 1-1-1.

Coach Dave Kempker was pleased with the fine showing his club made and praised the work of his defensive team, especially linebacker Bruce Struth. Others looking good on defense were Art Vredevelt, Jack McDuffee, Jim Vander Molen, Steve De Witt and Jack Vrugink on the line and Lynn Allen, Ken Visser and Jim Thompson in the backfield.

Grandville scored in the first quarter on a six yard pass from quarterback Ed Foltice to an end. This followed a 40-yard Foltice aerial. Foltice ran the extra point.

Visser scored in the second quarter on a three yard run following a 50-yard sustained drive. The extra point attempt was wide.

Hudsonville had four scoring opportunities in the second half and moved inside the Grandville 20 four times but couldn't push the ball across. The Bulldogs completed six of nine passes.

Kempker felt that the Eagles stopped the Grandville rollout attack which features Foltice, called one of the best prep quarterbacks in the area.

Hudsonville plays at Zeeland next Friday night in the Zeeland Homecoming game.

KANGAROO COURT — Robert Morrison of Holland and Lorna Ver Meer of Grand Rapids, freshmen at Hope College, appear before a "Kangaroo Court" of upperclassmen to answer charges of infractions of freshmen initiation rules. For the first two weeks as students at Hope, freshmen were required to show their respect for their "superiors" in many different ways, such as doffing their green "pots" or beanies when addressed by upperclassmen, carrying books, opening doors, and singing the Alma Mater or the school song upon the order of a sophomore, junior or senior. Failure to comply meant appearance before the Kangaroo Court, where proper punishment was meted out. Court convened in the Pine Grove in the center of the campus. (Penna-Sas photo)

Freshman Jim Elenbaas Grabs Pass to Give Chix Loop Win

COOPERSVILLE (Special) — Jim Elenbaas will play plenty of football for Zeeland in the next four years but it will be quite a while before he has a thrill to duplicate or surpass the one he had Friday night.

Elenbaas, a 5'9" 160-pound freshman, caught a 37-yard pass from junior quarterback Chuck Ter Haar in the last 10 seconds to give Zeeland a 12-6 win over Coopersville here Friday.

It was Zeeland's first Kenewa League start and the Chix now have an overall 2-1 record.

Two minutes before Elenbaas' catch, he had intercepted a Coopersville pass on the Zeeland 36. In three plays the Chix moved to the Bronco 37 where Ter Haar let fly to Elenbaas who had outran the Coopersville secondary and waited into the end zone. The conversion attempt was not good.

Neither team scored in the first half as play was concentrated in the middle of the field. Ron Glass, Zeeland halfback, scored the first touchdown in the third quarter on a six yard end run. The point was missed.

Coopersville tied the score early in the fourth quarter on a short 10-yard pass from Rohn to Pulpe. The conversion missed.

Glass led the Zeeland runners with 125 yards in 13 carries. The entire defensive team also stood out for the Chix.

FIRE PREVENTION — Field Supervisor of the Allegan County Forest Fire Control Station, Herman Hallock, (left) and Asst. Supervisor Charles Guenther, (right) prepare to make a forest check in the iron clad fire truck.

Conservation Department On Watch for Forest Fires

ALLEGAN (Special) — With the opening of hunting season, one of the county's most versatile organizations prepares to cope with one of the most destructive forces known — the forest fire.

The Forest Fire Control Station, a field office of the Department of Conservation, is one of the best equipped fire fighting and emergency units in the county.

Herman Hallock, Field Office Supervisor, said that each one of the hundreds of hunters going into the forests have at least one thing in common. They are all potential fire hazards.

One careless match or spark can completely destroy, in a matter of a very few hours, what took nature thousands of years to grow.

Hallock stated that the only way to really stop a fire is to prevent it.

This theme is carried out by the office all through the summer months. Surveys and field checks are made constantly on the condition of the forests, the supply of game and removal of fire hazards.

A huge plow is used to make fire breaks before any fire has ever been reported in areas that are the greatest fire hazards. In

case a fire does start, they are one jump ahead of it by containing it, in most cases, to an area relatively small and easy to handle.

The real utility piece of the station is an iron clad truck which can cover the roughest ground. The truck is equipped with a winch and is designed to make its own roads with the aid of a large iron framework on the front of the truck which knocks down saplings and underbrush which are in the way.

Through the fire season, which runs from September to November usually, fire towers are constantly manned to watch the horizon and report any traces of smoke that might indicate a fire in the forest.

Daily checks are made of the moisture content of leaves and underbrush and warnings are posted when the water content becomes dangerously low.

Hallock issued a warning to all hunters coming into the Allegan Forest area that the fire conditions are extremely high and that anyone proved guilty of starting a forest fire, accidentally or not, can be charged with criminal negligence.

"Remember, only you can prevent forest fires."

FIRE PREVENTION WEEK

October 4 through 10 this year marks the observance of fire prevention week and marks the 37th anniversary of this Presidential proclaimed week.

First observed during 1922, Fire Prevention Day had been observed since 1911 when the first Fire Marshals Association of North America resolved that they should inaugurate such a day.

The date was designed to mark the anniversary of the Great Chicago Fire, October 9, 1871, which actually started according to historians on October 8 and caused an estimated \$175 million damage to property and took 250 lives.

Each year since that time the month of October marks the Annual Fire Prevention week. From the National Board of Fire Underwriters we find the major cause of fires year-in and year-out is matches and smoking followed by misuse of electricity. Matches and smoking caused one-fourth of all fires during the past decade. Most of these fires were caused by carelessness. They recommend that we practice a few simple rules.

Keep plenty of ashtrays handy—and use them. Make sure every cigarette, cigar or match is out before you dispose of it. Before you go out or go to bed—especially after entertaining—make a brief inspection to be sure nothing is left burning.

Never strike matches or carry lighted matches or candles into closets, attics, or other confined places. Never smoke in bed. Remember that faulty electrical appliances, overloaded circuits are dangerous. Many people keep adding electrical units such as refrigerators, washers, dryers, radios, television sets, phonographs, freezers, air conditioners, electric fans, vacuum cleaners, sewing machines, toasters, coffee makers, cookers, and in fact electrical appliances of all kinds.

It would be well for everyone to have your electrician check to see if your buildings are properly wired to handle all of this extra load that our modern conveniences today place on circuits.

Matches and electrical use are reported to be the cause of about 46 per cent of the fires in this country today. This is a fine time to make an inspection and clean out all of the accumulated junk that could cause a fire. So with fire prevention week with us again this is a good time to clean up and then try and stay clean.

We can all practice prevention every day of the year. Then perhaps the next figures that are collected by the National Association will show a reduction in the losses by fire and smoke.

Sunday School Lesson

Sunday, October 11, 1959
Scripture: Luke 11:1-13
Acts 2:1-4, 22-24, 32-38
By C. P. Dame

Based on copyrighted outlines produced by the Division of Christian Education, National Council of the Churches of Christ in the U. S. A. and used by permission.

After the ascension of Jesus the apostles choose another apostle to fill the vacancy made by Judas. Matthias was selected. He is not mentioned again in the Bible. And then they waited for the coming of the Holy Spirit. Our lesson tells us about his coming. His coming was a history-making event both for the church and the world. The study of this lesson ought to make us more conscious of the work of the Holy Spirit.

I. The Holy Spirit fits believers for work. Jesus told his disciples that they should be his witnesses. They were not yet qualified for that service. And that is why Jesus told them to wait patiently for the Holy Spirit who would make them ready. Pentecost was the Jewish harvest festival. It was also called the "Day of First Fruits" and on that day two loaves of ripened wheat were offered to the Lord. Pentecost came on the fiftieth day after the Sabbath of the Passover week. Jews came from all over the world to celebrate Pentecost at Jerusalem. The one hundred and twenty disciples were meeting with one accord, waiting, praying and expecting the fulfillment of the Lord's promise.

The Holy Spirit came upon the disciples in a miraculous manner. Luke tells of "a sound from heaven as of a rushing wind" which filled the house where they were, and of "cloven tongues like as of fire, and it sat upon each of them"—both the men and the women. They began to speak with other tongues. The event attracted the attention of people. Anything unusual or miraculous is noted.

II. Some preaching is very effective. The Holy Spirit qualified the disciples to preach to the foreign speaking Jews. Some mockers said that the disciples were drunk. Peter saw an opportunity to preach Christ. He first refuted the charge of drunkenness saying that it was only nine o'clock—Jews drank wine only with the evening meal. And then Peter said that the event which brought their attention was the fulfillment of the prophecy of Joel: "And in the last days it shall be, God declares, that I will pour out my Spirit upon all flesh."

In the sermon Peter preached he told about Jesus—his life and "mighty works and wonders and signs" and his death and resurrection, how wicked men slew him but God raised him from the dead according to the Scriptures. In Psalm 16:11, David foretold the Lord's resurrection. Peter affirms that he and his fellow apostles were witnesses of the resurrection of Jesus. Observe that Peter proclaimed the death and the resurrection of our Lord.

III. The effectiveness of a sermon is shown by its results. Peter's hearers were pricked in their hearts—they felt guilty. Some people have a guilt-complex but do nothing about it. These troubled hearers asked, "Men and brethren, what shall we do?" Peter had an answer for these guilt-stricken hearers. He told them to repent to turn in faith to Jesus and accept him as Savior and Lord.

In Africa the word "repentance" is translated by the phrase, "to become untwisted." Peter also told these people to be baptized in the name of Jesus Christ for the remission of sins. The Apostle said that they would receive the Holy Spirit.

Modern Christians have for the most part neglected the Holy Spirit. It is far too much we need him in order to witness for Jesus and to understand the Bible clearly and to serve in the church with fervor. The church of today needs Spirit-filled men and women.

Quiet Morning In News Room

It was such a nice peaceful day in The Sentinel's news room Saturday — presumably one of those quiet days with not much happening.

It wasn't until 10 a.m. that the staff was made aware that there were no incoming phone calls. The tipoff came through a long distance call routed through the business office.

Some test calls revealed tiny flashing lights on the control boxes but no buzzers.

A call to telephone repair service brought a repairman around in short order. He did a few tricks with a tiny screwdriver, and service was restored. It was just some foreign matter on the contact wires.

It still remained fairly quiet.

Education Better Than Law Suits, New Sanitarian Says

Sam M. Stephenson, Holland's new sanitarian, has begun his new duties in Holland and is continuing a general program initiated by James H. Hensley who has taken a new position in teaching, graduate study and research at the University of Minnesota. Hensley had served as sanitarian here two years.

Stephenson, who comes from Allegan where he has been county sanitarian for two years, has worked closely with Hensley in certain cases which affected both Holland city and Allegan county.

Sam put in a plug for the city's new proposed sewage treatment plant which will be voted on Oct. 19. "Any person concerned with public health knows that only a municipal or community sewage treatment plant is the best answer. From experience, we know that any private system of sewage disposal particularly those on small lots, has limitations. And if the water supply is nearby, there's usually a health threat," he said.

He said Holland is fortunate to have a Board of Public Works which is aware of these problems and takes the proper steps for solving them. Too often sewage systems must be condemned by state authorities before cities are sufficiently aroused.

"It's only natural that people take water and sewage service for granted so long as all works well. Only when troubles develop are they aware of them and then acutely aware! In the long run, private wells and septic tanks can be expensive items," he said.

The 33-year-old sanitarian is concerned more with education than with enforcement in any public health program. "When people understand why certain things are necessary to protect health, they usually are cooperative. There always are a few who end up in court, but we much prefer to work with people, not fight them," he said.

Holland Aids With Geese

Holland is on the north end of a network of waterfowl cooperators seeking information on migrating Canada geese at Swan Creek Wildlife Experiment Station.

More than 40 waterfowl cooperators have started sending in reports and the network has been set up to gain more information concerning mass migration and flight trails used by geese passing through southwestern Michigan.

The network runs along Lake Michigan from Holland to New Buffalo and east to Leidy Lake Game Area, Gull Lake and Gun Lake. Cooperators reported a minor movement of about 150 Canada geese coming into southwestern Michigan from Sept. 18 to Sept. 30. H. Lee Wilson, waterfowl research department at Swan Creek reported.

By tying together what has previously been fragmentary information, this cooperative project may furnish answers to questions which have interested Michigan waterfowl researchers for years, Wilson said.

"For example, how do migratory goose populations passing through southwestern Michigan compare to those hunted on the Swan Creek Highlands and the Fennville Game Area? How many geese actually use Swan Creek Refuge during the hunting season and what percentage of these are shot and do the largest flights of migratory geese pass inland or over Lake Michigan and how many of these stop at the Swan Creek - Fennville area?" Wilson said.

Cooperators and Conservation Clubs working on the project are: U.S. Coast Guard, South Haven; Peal, Saugatuck, Walters, Overisel, Stream, Ganges, Hutchins, Glenn and Sewers, Saugatuck.

Anyone reporting migratory waterfowl should note the date, time, location, distance and direction to the nearest town, number and kind of waterfowl and their direction of flight.

Reports should be mailed to Lee Wilson, Swan Creek Wildlife Experiment Station, RFD 3, Allegan. A post card is preferred. Clubs interested in joining may contact Wilson.

Hospital Auxiliary Board Has Meeting

Thirteen groups were represented at a regular meeting of the Holland Hospital Auxiliary board of directors Monday afternoon in the hospital conference room. The newest guild has been named the Dr. Abraham Leenhouts guild and is represented by Mrs. Clarence Javling.

Mr. L. J. Hohmann, president, called attention to two meetings, one to be held Monday at Blodgett Hospital in Grand Rapids, a presentation on open heart surgery, and a second meeting at Hidden Valley. Representing the local auxiliary at the latter meeting will be Mrs. J. D. Jencks, Mrs. Henry Maentz, Mrs. Vernon D. Ten Cate and Mrs. Peter Van Domelen, Jr.

Hospital Director Fred Burd spoke briefly. Mrs. Joe Jonker, former treasurer, is the new editor for the auxiliary newspaper, Hospi-Tales. She would like all news items by the 12th of the month.

Mrs. Hohmann announced that Mrs. William G. Winter, Jr., has been appointed legislative chairman. The Martha D. Kollen guild again will sell Christmas greens this year.

The next meeting of the board will be held Nov. 9.

Stephenson is assisted by Roger Stroh, 21, who has worked with Hensley for the last three months. Stroh was graduated from Ferris Institute last June. He worked for the Kent County Health Department while in school. Stephenson received his public health training at Michigan College of Mining and Technology at Houghton and currently is working toward a degree at Western Michigan University. He has spent 10 years in public health work. He is married and has four children.

One of the most time-consuming tasks of the department is checking food for public consumption. This covers a huge area from farms to dairies to processing plants down to stores, restaurants and other food establishments. In the city alone, there are 341 establishments which handle food in some manner. Besides that, there are such items as septic tanks, private water supplies, vector control, and housing.

"With all the scientific advances and the insecticides we have on hand, there still is the big need for basic sanitation," Stephenson said. He said in the case of Macinac Island included in the three-county area where he worked for eight years, a new sanitary landfill program and a good insecticide were necessary to reduce the number of flies, if not control them entirely.

As for vector control (flies, mosquitoes and rodents) he already has begun a preliminary study on such a program for Holland. Max Wilcomb, technical consultant for the U.S. Public Health Service; Leroy Stone, vector control specialist for the city of Lansing, and Fred Kellow, assistant engineer for the Michigan Department of Health, were in Holland Thursday to discuss plans. The program may extend to two years. First arrangements were made more than a year ago.

Local Teachers At Area Meeting

Mrs. Ada Zickler, Miss Della Bowman and Miss Florence Oert attended the Department of Classroom Teachers meeting of Area H in Ovid on Saturday.

Opal Fisher, Area H president, presided at the meeting. She gave a report on the NEA convention which was held in St. Louis, Mo. this year. The Greenville teachers extended an invitation to meet there in February. The group then divided into various committees—Insurance and Legislation, Public Relations, Research, Professional Problems, and Educational Planning. At noon a luncheon was served by the women of the United Church of Ovid.

The afternoon meeting began with Mrs. Elsie Geeting, State President of Classroom Teachers, as the speaker. She said, "The State DCT theme this year is Time To Teach." "The National DCT theme for this year," the speaker told the group, "is united profession enhances the quality of education." She said, "Local, state, and national memberships are important."

Mrs. Geeting answered the question "Why a DCT?" It makes the basic (MEA) better. Its goals are to provide a place for teachers to express themselves and their problems, 2—to establish within personnel policies, and 3—to establish public relations policies. The speaker concluded with the reading of a poem entitled "The Builder."

Organ melodies were presented as special music by a ninth grade student. Committee reports of the morning group meetings were given.

Dutch Record 13-7 Victory To Lead MIAA

ALMA (Special) — A touchdown on a blocked punt gave Hope College's football team undisputed first place in the MIAA here Saturday following its 13-7 decision over Alma College before 2,700 fans at Bahke Field.

Hope now is 2-0 in the MIAA while Hillsdale is 1-0. Kalamazoo, Olivet and Albion are 1-1 and Alma is 0-1 and Adrian, 0-2. Hope is 3-0 overall.

This Saturday afternoon Hope steps out of the MIAA to meet a strong, although twice-beaten Wabash College team at Riverview Park. Wabash lost to Washington University of St. Louis, 17-15 Saturday.

Senior center and co-captain Gene Van Donge blocked an Alma punt by junior Lyndon Salathiel with about four minutes to go in the game and senior end Ron Bronson fell on the ball in the end zone.

It was only the second punt Salathiel had blocked in three years of punting. The other blocked punt was also made by Hope two years ago.

With the scrimmage on the Alma 19, Salathiel was standing on his own six. A last-second blocking switch sent two Scots to the left side of the punters and left only one blocker in the backfield on the right side.

Van Donge was lined up on the right side to the inside of end Ron Boeve and when the ball was snapped both men charged and the back blocked Boeve and Van Donge when sailing into the punt. With the ball rolling back into the end zone, Bronson then pounced on it. Bill Huijbregt's extra point try was wide.

Hope scored first on an eight-yard off tackle play by sophomore Sherwood (Sharky) Vander Woude, who is rapidly becoming Hope's most versatile player. A fullback, Vander Woude started at right halfback because of injuries sustained by other Hope backs including regular right half Duane Voskuil.

Vander Woude slipped through the tackle for the score standing up on a play called by Al Vanderbush on the field phones who spotted an Alma weakness of the line-backers moving out. The scoring play was the only new play Hope used in the game as they concentrated on their power plays and slants the rest of the game.

The touchdown came late in the first quarter and was set up on 37-yard intercepted pass by Jerry Hendrickson of Jim Northrup's aerial. Huijbregt converted.

Alma scored early in the third quarter on a 31-yard drive after taking a short Hope punt. It took the Scots six rushing plays and Tom Thorpe ran the final two yards. Dave Peters converted to tie the score.

Hope made its initial first down late in the third period and added another just as the period ended but couldn't get another drive going. Huijbregt intercepted a pass.

midway in the fourth quarter on the Alma 44 and returned to the 40 and then the Dutch picked up two quick first downs and in five plays were on the Alma 13.

After end Gary Wagerson dumped Hendrickson on the 19, Van Donge tried a field goal that was short. Alma took over on the 20 and after three plays tried the ill-fated punt.

Although the Dutch picked up only 87 yards rushing to 147 for the Scots, Hope's strong defense was again the story. The touchdown was the only Alma sustained drive. The Dutch continually stopped the quarterback option and rollouts.

All of the Hope defenders turned in fine plays and Coach Russ De Vette again called the performance "a team effort." The pass defense was at its best as the Scots threw 24 and completed eight short aerials for 30 yards. Alma failed to complete a long pass as the Hope secondary stayed with every receiver.

Jim Van Dam, Zeeland freshman and Jim Bultman, Fremont freshman, were called on for defensive secondary duty for the first time and both turned in fine games. Sophomore Steve Slagh also played his first defense and looked good.

Holland freshmen Bob Teall, who made his first appearance of the season, ran well at halfback, and Jan Nienhuis plugged a hole at tackle. Teall carried four times for 15 yards.

Vander Woude also shined on pass defense and led the Hope runners with 49 yards in 15 carries. He was shaken up in the final minutes but not injured and will play Saturday. Voskuil, who punted but didn't carry the ball until the final minutes, picked up 16 yards in four tries while Slagh had 17 in four runs.

Kiwanis Club Hears Speech

Frederick T. Miles, Ottawa County Probate Judge, spoke on the "most interesting job in the county" before the Kiwanis Club Monday night at the Warm Friend Tavern.

Judge Miles explained the many varied problems which face the judge of probate, with particular emphasis on the mentally ill and the juvenile delinquent. In both of the areas facilities in the State of Michigan are inadequate. For example, he said, there are at the present time 1,600 on the waiting list needing hospitalization for mental illness.

Of particular concern to Judge Miles is the lack of facilities for the juvenile delinquent. Ottawa County is in need of a juvenile home and although there always seems to be adequate money for new roads, he continued, there does not seem to be any money for such facility.

The invocation was given by Irv DeWeerd and club president, Harold Tregloan, presided at the meeting.

Ford Speaks to Members Of Trinity Brotherhood

U. S. Rep. Gerald R. Ford described his recent trip to Poland, Russia and Germany at the regular bi-monthly meeting of the Trinity Reformed Church Men's Brotherhood Monday night in Ter Keurst Auditorium.

Ford, who represented the U. S. Congress at the Inter-Parliamentary Union meeting in Warsaw, Poland, said he thought the United States was better off now throughout the world among legislative peoples.

He spent 10 days in Poland and described the meager living conditions. Ford felt religion was a stronger force in Poland now than in the past.

The U. S. Congressman pointed to the paradox in Russia and illustrated with its subway system, which he said "was the best in the world" and then pointed to elevator service in a leading hotel which took 15 minutes to move from floor to floor.

He felt the American exhibit in Moscow made an impression on the Russian people as more than 3,000,000 persons attended. Ford felt the money spent on the exhibit was worthwhile and that the exhibit achieved its purpose.

West Berlin is an example of how democracy operates, Ford indicated, and he felt that the U. S. was doing a good job of spreading democratic ideals in West Berlin.

Ford said that in Poland "freedom was getting a break while in Russia there is no freedom or freedom of freedom while West Berlin represents the ultimate in freedom."

The Grand Rapids native concluded that everything in Russia is based on materialism while the U. S. has a combination of materialism and spiritually designed in a total effort for the dedication to freedom.

Dan Vander Werf, club president, introduced Ford and presided at the meeting. Marvin Dobben gave the invocation and reports were made on the success of the Chippewa Summer Resorters Chapel.

The township appeal board had denied the application because it was not accompanied by a written consent of neighboring property owners as required by the ordinance.
