Pollution Solution Told by Authority To Garden Club

A large group of interested Garden Club members and guests heard Dr. John R. Sheaffer, authority on waste treatment systems, speak Thursday afternoon at the Woman's Literary Club.

Holland Is Still Home For Justice Dethmers

John R. Dethmers, a justice of the Michigan Supreme Court since 1946, was in Holland Monday visiting the city he still regards as his home town.

He still votes in Holland, a privilege accorded elected state officials under the law. Consequently, he and Mrs. Dethmers use a South Shore Dr. address and vote in Holland city, but a son who lives at home in Lansing must vote in the Lansing precinct.

Dethmers, who left Holland after being elected attorney general of Michigan in 1944, was appointed to the Supreme Court in 1946 at the age of 42, then the youngest to go on that bench. He served as chief justice in 1953 and again from 1956 to 1962, and in 1967-68.

Up for reelection this year, the long-time jurist has few illusions about lively campaigns. This objective approach rules out "issues" for a court candidate.

"It is up to us, the justices, to decide cases according to the law as it is, not just as we might wish it would be," he said, adhering to his philosophy of judicial self-restraint.

"My record of 24 years' performance on this court, during which time I have written 753 opinions and participated in the decisions of more than 5,000 other cases, of judicial self-restraint. Those opinions disclose my views and concept of the law. I have not in the past and will not in the future join the so-called 'bleeding hearts' who would spring prison doors wide open."

"I believe in justice for the offender before the court, but also in justice and protection for the vast majority of our people who are decent, peaceful, law-abiding citizens. Our system of administration of justice was established to secure equal justice under law

Budget Studies Face Meeting Of Commissioners

GRAND HAVEN—The Ottawa county board of commissioners will meet Monday to start a several days session, during which the general budget for 1971 will be reviewed and adopted after a public hearing.

Chairman William L. Kennedy of Allendale will call the meeting to order at 1:30 p.m.

Other items on the agenda for the session are the annual report of the taxes and apportionment committee and the report of the drain commissioner, Roscoe De Vries, of Holland; certification of two delegates and two alternates from the county employees staff to attend the state retirement board meeting Oct. 22; a report from the finance committee, and appointment of a member of the road commission.

A new member of the road body must be named Oct. 14 to succeed L. W. Lamb of Holland, a member many years who plans to retire.

In general, the Road Commission follows rules set by the State Highway Department on drainage requirements and a shoulder setback of 10 feet from the edge of the pavement. This has necessitated removal of a number of trees to qualify for highway aid, in some cases leading to court action. Generally, the commission has not pressed tree removal but has found it necessary to do so when major improvements are involved.

For county roads with traffic up to 2,000 cars a day, roads are 20 feet wide. Above 2,000 cars, the roads are 24 feet wide. A number of major improvements involve assessment districts or cooperation from township governments.

Terry Hop's 16-yard scamper and a 10-yard pass from Rick Brinks to Scott Zuverink set up Johnson's score.

Hop ran in the extra point to increase Zeeland's lead to 8-0.

The "Golden Hawks" tallied its first TD when Mike Ingold blocked Brinks punt on Zeeland's 33-yard line and dashed into the end zone. The run failed as Zeeland enjoyed a slim 8-6 advantage.

Two face mask penalties aided Rogers in scoring its final touchdown in the second quarter as J. D. Haines bulled over from the three for the deciding TD.

The Chix held on a fourth and sixth situation but a face mask penalty moved the ball to the three-yard line where Haines took advantage of the big break by busting through for the touchdown.

Johnson led Chix ball carries with 53-yards rushing in 15 attempts while Coach Ken Postma cited Bruce De Jonge. Terry Bartels and Randy Brinks for offensive line.

was pleased with his whole with his whole offensive line.

"We were up against a nine-man line at times and I was pleased with the way our offensive line was able to open those holes," said Postma.

Zeeland outgained the winners, 171-yards to 157 but the face mask penalty proved to be the difference of the contest.

The Chix will play at Wyoming Park next.

Hamilton Destroys Lee For 2nd Loop Victory

WYOMING — The Hamilton Hawkeyes of Coach Wayne Tanis continue to shove their way past opponents and Friday night was no exception as the Hawks destroyed Wyoming Lee, 20-6 in a O-K Blue Division football clash.

The victory was the second straight in the league for the Hawkeyes compared to no defeats while the Rebels of Lee are 1-1 in the loop. For all games the Hawks are 2-0-1.

Randy Busscher, Hamilton's fine catching back set up the first score of the game by recovering the opening inside kickoff on the 24 of Lee.

Five plays later, Roger Boeriger tallied the games first touchdown on a two-yard run. Boeriger also ran in the conversion to increase the margin to 8-0.

With 4:04 left in the first quarter, the Hawks scored again on a one-yard quarterback sneak by Ted Yoak. The run failed for the two points.

Lee scored its only TD of the night with one second left in the first stanza on a one-yard plunge by Jim Oostveen.

The Rebels held Hamilton scoreless in the second and third period but coach Tanis' machine was just preparing themselves for the final stanza as they tallied their final two touchdowns in the last period.

Boeriger ran nine-yards for the third score of the game for

Hamilton with 9:12 left to play. Yoak passed to Dave Immlink for the two points to increase the lead to 22-6.

With only :47 left in the contest, Yoak hit the fast moving Busscher for a 60-yard TD pass. Big Dan Dubbink ran in the PAT to close out the scoring at 30-6.

Busscher grabbed in all three of Hamilton's passes for 125-yards to bring his season totals to 10 catches for 340 yards which averages out to an unbelievable 34-yards a grab.

Boeriger was once again the workhorse in the Hawks backfield as he piled up 161-yards rushing in 34 carries.

"Doug Koopman and Bruce Kingenberg did an outstanding job for us on defense tonight while Busscher, Yoak and Boeriger were standouts on offense," Tanis said.

Hamilton will host Wayland in its homecoming contest next Friday night.

The Austrian government responded by sending representatives to other countries to introduce the Austrian culture. Starting with concerts the program was later expanded to teachers and scientists as a valuable means of presenting Austrian literature, history and science.

FLINT — Holland High's football team got its big chance of playing on astroturf Saturday at Atwood Stadium but it wasn't to its liking as they were thumped by Flint Powers, 30-0.

The defeat was one of the worst ever for a Coach Dave Kemper team and handed Holland its second loss in a row compared to one win.

The Chargers of Flint who were playing for the first time on astroturf also upped their record to 2-1 with the victory.

Flint held Holland to negative yardage in the second half as they breezed to the triumph.

"The defensive front five did a pretty good job but otherwise we were lousy," said assistant coach Ray Backus. "The guys just gave up in the third quarter," continued Backus.

Backus did indicate that the boys liked playing on astroturf and that Flint is "one heck of a fine team" but the Dutch "just didn't have it," he said. "Flint really hits hard and has a good football team but I still think that Grand Haven will be the best team we have to play this season," concluded Backus.

Gasper Pavia tallied the Chargers first score of the night in the opening period by taking a lateral from quarterback Larry Bloomdin and scampering 51-yards to paydirt.

Flint increased its margin to 12-0 at the half by scoring on a nine-yard pass from Bloomdin to Al Weigandt.

Bloomdin's 50-yard pass to Rob Perry opened the third period scoring for Powers while Bob Standal scored on a two-yard plunge late in the period to up the score to 24-0 in favor of the Chargers.

The final Flint tally came in the fourth quarter as Bill Biske passed 38-yards to Steve Fox for the touchdown.

Powers failed to score any of its extra points. Holland will be hoping to break its two game losing streak when they host Belding Friday night at Riverview Park.

Dinner Opens 74th Year For Century Club Group

The "Pull" is one of the highlights of the school year and the methods devised by both the freshmen and sophomores rival more conventional athletics.

More than 100 male members of the freshman and sophomore classes, nearly an equal number of women, began an intensive physical preparation for the "Pull" two weeks ago.

Each of the male members on the "Pull" team choose one of the girls who have helped them during the practice period. The coeds act as "moral girls" on the big day.

Members of the senior class coach the sophomores while men and women of the junior class support the frosh.

As Friday draws nearer both the freshmen and sophomore classes will sponsor rallies and form snake dances through the campus and downtown Holland. Class pride is at stake and the natural enmity of sophs and frosh finds an ideal outlet in the contest.

Tradition leans toward the sophomore class. Last year the sophs pulled the freshmen into the water in 2 hours and 22 minutes. The longest "pull" went two hours, and 27 minutes in 1965 while the shortest lasted but two minutes, 40 seconds in 1956.

The freshmen went 48 years before winning in 1946 and since have won only four times.

The "Pull" annually draws more than a thousand students, townspeople and alumni. Competition doesn't end until one side is victorious.

"THERE IS STILL SOME MYSTERY"

The death of President Nasser focuses our attention on the flow of history. We look at the great men of our day, the power they hold, and we think of them as holding together the fabric of civilization. But we make such generalizations without the blessings of what history has to say.

The death of Joseph Stalin has brought some changes to the Russian nation, but the communist goal has not been greatly altered. It seems almost an ungracious act when immediately after World War II had come to an end, the people of Britain dumped Winston Churchill, the man who had come to symbolize Britain's determination to live. In our own nation, the death of Roosevelt did not greatly alter the direction of the nation.

We ought not to be surprised that this should be so. Every administration speaks of dramatic changes that are to come, but the fact of the matter is, that the nation seems to plod along with changes coming, but the notion rather firmly rooted that they would have come regardless of who had been in power.

All this may say something about singular man as not being quite as important as we assume. If we could remember this we might find ourselves living a bit more placid, and not getting quite as excited about the possible changes in governmental directions.

The hand of destiny doesn't seem to be the hand of any single individual. History seems to be a bit more complex, and the various changes in economics, politics, education, and new discoveries along the way, all join in a maze that we don't quite understand. And the best laid plans of mice and men, including men of renown, often go awry.

New Life in Christ
II Corinthians 5:17-21;
Matthew 5:3-9
By C. P. Dame

The new appeals today. A new car, a new house, a new gadget get attention. The Bible says much about new things. It also tells about new life lived by people who have been changed by the gospel. A Christian is a new person who lives in a new world.

I. A person who is in Christ is a new creature. Our lesson text is composed of one part from II Corinthians and the other from Matthew. The Corinthian Church had problems. Many were converted from paganism to Christianity but they still needed to grow in the Christian graces. They were in Christ but they had to become like Christ. Paul told them who they now were and what that involved.

The words "old things" spoke of the pagan things of the past—they were now gone. Old ambitions, ideas, plans, standards, attitudes were no more, new things had come into their lives, the things of God, things connected with redemption which God had brought about through Jesus Christ.

The word "reconciled" implies estrangement. Sin separated man from God. Sin brings about separations. God, through the atoning death of Christ, took the initiative, and removed the barrier of sin and brought about peace. Now God no longer is "imputing their trespasses unto them," that is He no longer takes them into account but cancelled them and the debt is gone.

II. Christians are God's ambassadors. This is a high honor. An ambassador lives in a country not his own, there he represents his country. He is a man with authority and speaks for his country. His business is to promote the interests of his country. Christians represent a spiritual kingdom and their business is to advance God's kingdom.

The Christian has a message. Christ is enthusiastic about it is through Christ that man gets right with God. This fact is so important that all who report it should do it with enthusiasm. Observe that people who really do something for Christ are enthusiastic about Him and the message.

III. A Christian has new standards to live by. They are found in the beatitudes. The standards of Jesus differ from those of the world. The poor in spirit are conscious of their spiritual poverty. The mourners grieve about their sins. The meek are strong enough to be patient and bear insults and slow to condemn others.

The people who hunger and thirst for righteousness are blessed for they shall be satisfied. The merciful will be granted mercy. The pure in heart will see God. The peacemakers are called the children of God who give peace through Jesus Christ.

The Christian who has Christ in his heart shows newness of life by putting these virtues in action day by day. This is not easy and takes help from God. New life must express itself.

Forbid Hunting In Swamp Area

Lt. Ernest Bear, acting chief of police, today reminded hunters that no hunting in local swamp areas is allowed at any time.

This area is favored by many hunters because of water fowl and pheasants.

Lt. Bear added that no hunting is allowed in the city except in certain farm areas where hunters obtain permission of the property owners.

Supervisor James Brower of Holland township asked hunters to use extreme caution in hunting in the township, and to keep away from built-up areas. He said boundaries in township swamps are often puzzling and hunters should practice caution in hunting there.

Much of the swamp area has been posted to forbid hunting, Lt. Bear said.

Fall Fashions Entertain Literary Club Members

New members were honored guests at the opening luncheon of the Woman's Literary Club Tuesday afternoon at Point West. During the luncheon fashions were modeled by Siskette's.

From the ensembles worn it was evident that at least in the Holland community women are not buying the "mid" fashions. Only two or three dressy dresses had hemlines below the knee.

It won't be long until women are wearing the pant suits to offices and other places of employment. Several shops already have had their women employees in the attractive new long tunic and pant suit combinations.

Several gaucho ensembles drew oohs and ahs from the many spectators. Silk blouses, boleros and gaucho skirts were among the attractive fashions. Colors were shades of brown, beige, off white or cream and also tones of gray. Prints were vivid.

One dramatic black outfit had a fur bolero and a strip of the same Persian lamb at the hemline—one way of lengthening a favorite mini—if that is the trend. One clever designer used a slit skirt in what the model called the "man's midi."

The feminine look in the waistlines and full skirts was accentuated by belts, ties, sashes and buttons. Several ensembles were trimmed with buttons in the military style.

Most of the women at the luncheon agreed that the fashions shown were quite wearable, not way out or in the unpopular midi trend. And when women make up their minds about a

fashion, the designers and manufacturers may as well take heed.

Mrs. Don Black, membership chairman, read the list of new members and announced they would be wearing their permanent name tags for the next few meetings so that they would be recognized. Several have been re-instated.

New members include Mrs. Philip Bradford, Mrs. James K. Brown, Mrs. Kenneth V. filled with hay was the work of Mrs. William Dalton who said children of customers seem to take to the setting. Last year Mrs. Dalton, whose hobby is painting with oils, made just a pumpkin head but said this year she decided to expand the fall setting with the full scarecrow likeness.

Accountants Plan Aid to United Fund

Members of the Holland Chapter of the American Society of Women Accountants held their first meeting of the 1970-71 season on Tuesday, in the Festival Room of the Hotel Warm Friend.

Ruth Kronmeyer, vice president and chairman of the program committee, introduced the speaker, Harvey Buter, director and vice president of sales and service, Holland Motor Express, Inc., who spoke on the subject, "Company Image."

If a company is selling a product or a service, the image it presents to the trade, its customers, its employees and in its community is something for which it must work, Buter said.

In the case of a trucking company, a favorable image to its customers requires prompt pickup, prompt delivery, and prompt and courteous handling of claims. Things seemingly small, such as telephone courtesy at the office, attitudes of drivers or employees or salesmen, all are contributing factors.

Cecilia Ver Hage, president, conducted the business meeting. Plans were discussed for a tour of the Social Security Office in Grand Rapids on Oct. 5, as well as attendance at the Kalamazoo Chapter Public Relations dinner on Oct. 6.

The members of the local chapter will again be verifying cash for the Greater Holland United Fund and a schedule of workers for Oct. 7, 14 and 21 was completed.

Miss Ver Hage also presented

tentative arrangements for the All-Michigan Day for the Michi-

gan chapters, which will be held in Holland in May, 1971. The next meeting of the chapter will be on Oct. 27, and has been designated as membership night, with new and prospective members invited as guests of the chapter.

Cerebral Palsy Group Meets in Heritage Room

The first meeting of the season of the Michigan United Cerebral Palsy Association of Ottawa and Allegan Counties was held Wednesday evening in the Heritage Room of Holland Hospital.

Mrs. Linda L. McCowan, executive director of the Cheff Foundation Center, spoke, illustrating her talks with slides, she explained the foundation was started with funds left in trust by the will of Mrs. P. T. Cheff of Holland who died in 1966.

The board of trustees decided to build the first center of horseback riding in the U.S. for teaching riding to handicapped.

Although new in the U.S. and Canada, Mrs. McCowan said teaching the handicapped to ride horseback has proven its merit in Europe, especially England where there are now 64 such teaching centers.

Doctors and physical therapists agree that riding, like swimming, helps the handicapped both mentally and physically, Mrs. McCowan stated.

A group of Holland area persons are planning to visit the Cheff foundation near Augusta Oct. 28. They plan to meet the staff and the gentle ponies and to see the special equipment and carefully planned facilities.

New officers taking positions are president, Lester Swieringa; vice president, Mrs. Roger Zuidema; secretary, Mrs. Carol Muller; treasurer, Roger Zuidema.

Dutchmen Win Battle Of 'Shoes'

Greg Voss led the improving Hope College football team to a thrilling 21-16 victory over Kalamazoo College Saturday at Riverview Park in the MIAA opener for both teams.

The 150-pound Voss picked up 214-yards rushing in 47 attempts which is believed to be a record at Hope for rushing and carries for one contest.

Hope's win over Kalamazoo gives them a 1-0 mark in the MIAA and 2-2 for the season while the Hornets are 0-1 in the loop and 1-1 overall.

Coach Ray Smith, who was awarded with his first coaching win at Hope last Saturday, had nothing but praise for all his Flying Dutchmen after the game.

Said Smith, "once again it was a team effort all the way that enabled us to win and I know it's impossible to mention everyone but that's what I would have to do because they were all great."

"It was just great to start the MIAA season with a victory over Kalamazoo and I feel that we are improving with each game," Smith added. "The guys have proven in their last two games that they won't give up and let me tell you, it's sure nicer to win than lose."

The Dutchmen completely dominated play as they ran 82 plays compared to only 51 for Coach Ed Baker's club. Hope's defense was just outstanding when you consider that the Hornets ran 101 plays in their opener last Saturday against Lake Forest.

Kalamazoo wasted little time in scoring as they returned the opening kickoff to the 35 and marched 65-yards in 10 plays with fullback Dave Savers (no relations to Gayle of the Bears) running the final three-yards for the TD with 11:53 showing on the scoreboard. Bob Lockwood kicked the extra point and the Hornets enjoyed a 7-0 bulge.

The Hornets came right back to notch a field goal from the 14 by Lockwood to increase their margin to 10-0 and things didn't look good for the 2,000 plus fans that showed up for the battle of the "Wooden Shoes" in a misty, rainy, cold day.

A poor Kalamazoo punt which gave Hope a first down on the Hornets 35 set up the first Dutchman tally of the afternoon.

Freshman end Mark Meyer of Fremont made a brilliant catch of a Groy Kaper pass from the 11 to score Hope's first touchdown. It took two extra point attempts to do it but Mike Hinga's kick was good on both occasions as Hope cut the deficit to 10-7 with 1:19 to play in the first period.

On the ensuing kickoff, Barry Brugger of Grand Haven recovered DeMonte Johnson's fumble on the "K" 14.

It took the Dutchmen five plays to score as Voss displayed the form which made Steve Owens famous by running all five of the plays to score from the two at the outset of the second quarter. Hinga's kick was true as Hope surprised the Hornets by doing a little stinging of its own to take a 14-10 lead.

With Hope dominating action from both ends of the field, the Dutchmen went in for their final score of the game on a 11-yard pass from Kaper to Jim Lamer of Zeeland who went high in the air to snag Groy's throw with 1:28 left in the half. After Hinga missed his first attempt for the PAT, the Hornets were charged for roughing the kicker and Hinga wasn't to be denied on the second attempt as he split the uprights to give Hope a 21-10 advantage.

Voss who will probably win the MIAA's back of the week honors this week piled up 88-yards rushing in the first half alone to top the team total of the Hornets.

The amazing thing about Voss' performance was that he got most of his yardage up the gut behind the fine blocking of center Chris Hahn, guards Pete Semeyn and Jeff Winne and tackles Gerald Swierenga and Bart Merkle as well as backs Bob Haverman and Chuck Brooks.

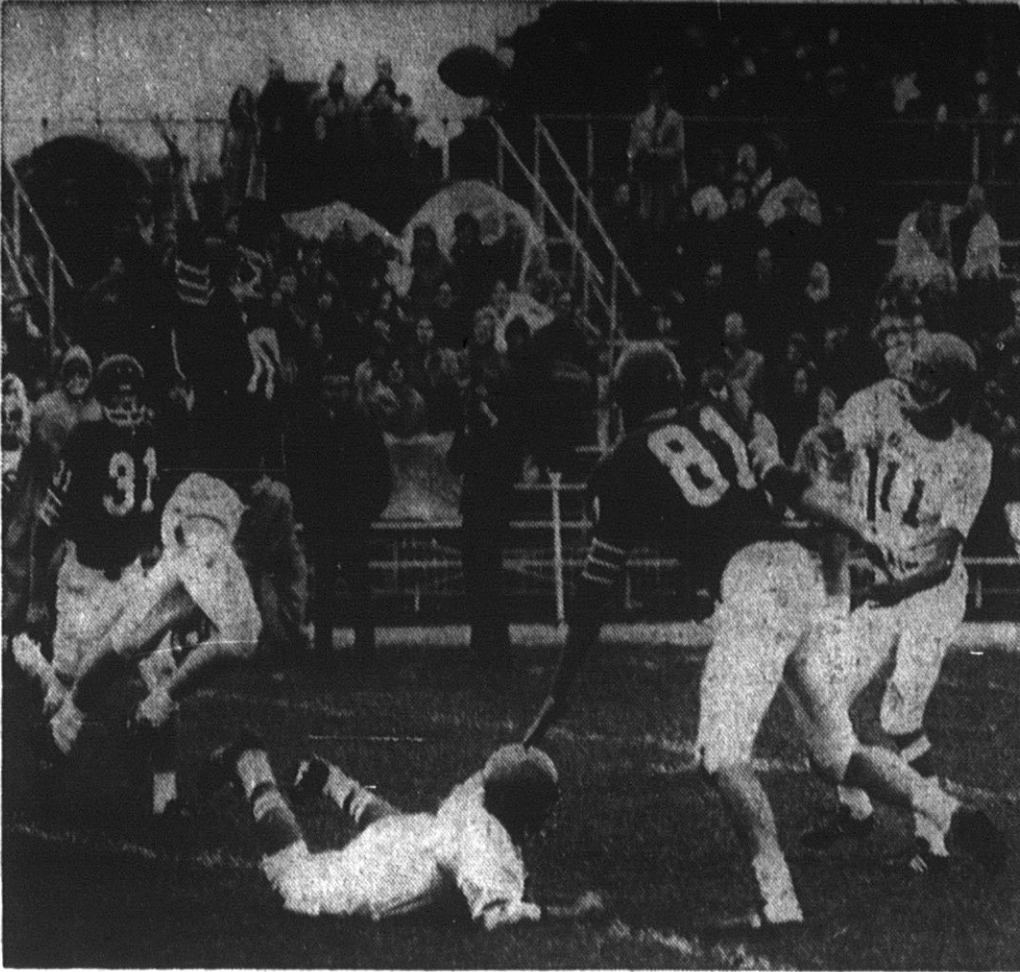

When the hard driving Voss didn't seem to have a hole, he wouldn't fall over and die as some backs do as he was like the rest of the Dutchmen fighting with enthusiasm.

John Van Iwaarden, radio announcer probably put it best when he said, "when Doug Nelson intercepted that pass, he would have jumped over the top of Riverview Park if he could have, because that's how high Nelson and his teammates were fired up."

With Bob Lamer of Zeeland and Voss leading the way, it looked like Hope was about to score again in the third period but the Hornets held after Hope reached the four-yard line.

Kalamazoo eventually took over on the 30 after a loss of 16-yards for Hope on a passing play and a 15-yard penalty.

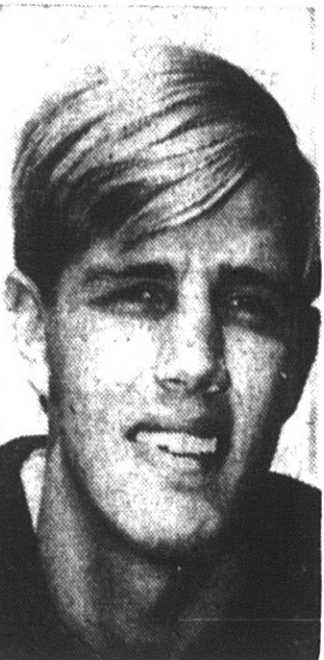

On the first play for Kalamazoo, quarterback Larry Pfaff who passed for 279-yards last Saturday tossed a pass to Johnson on the sidelines on the 40 and the speedy Hornet back dashed the remaining 60-yards for the score to close out the scoring for Kalamazoo.

LIKE THE PROS—Big Ron Posthuma (70) Hope College's defensive tackle does it like the pros Saturday at Riverview Park in Hope's contest with Kalamazoo College. Posthuma is shown rushing the quarterback Larry Pfaff (11) of Kalamazoo with his

hands high in the air in an attempt to knock down the pass. Pfaff's pass fell incomplete on this play as Craig Schrotenboer (31) and Ted Albrecht (81) of Hope look on. The Flying Dutchmen won their MIAA opener, 21-16.

Greg Voss
... carries 47 times

Kaper, the ex-Hamilton stand-out passer was by far the top passer on the field Saturday as he completed his first four passes and six of his first seven attempts. Kaper finished the day by hitting nine of 14 passes for 95-yards and did an outstanding job of directing the upset over Kalamazoo.

The whole defensive team led by middle guard Ted Rycenga, tackle Bob Tiggleman and ends Jim Lamer and Ted Albrecht were just brilliant as they held the potent Kalamazoo backs to only 78-yards rushing and really put the pressure on Pfaff when he tried to pass.

The game ended with Hope driving for another TD but the Dutchmen were in no hurry to put the ball in play as they reached the 15 of "K" when the gun sounded.

Hope will play at Alma next Saturday in a show-down for first place in the league at stake.

Remind Drivers Of Law To Stop For School Buses

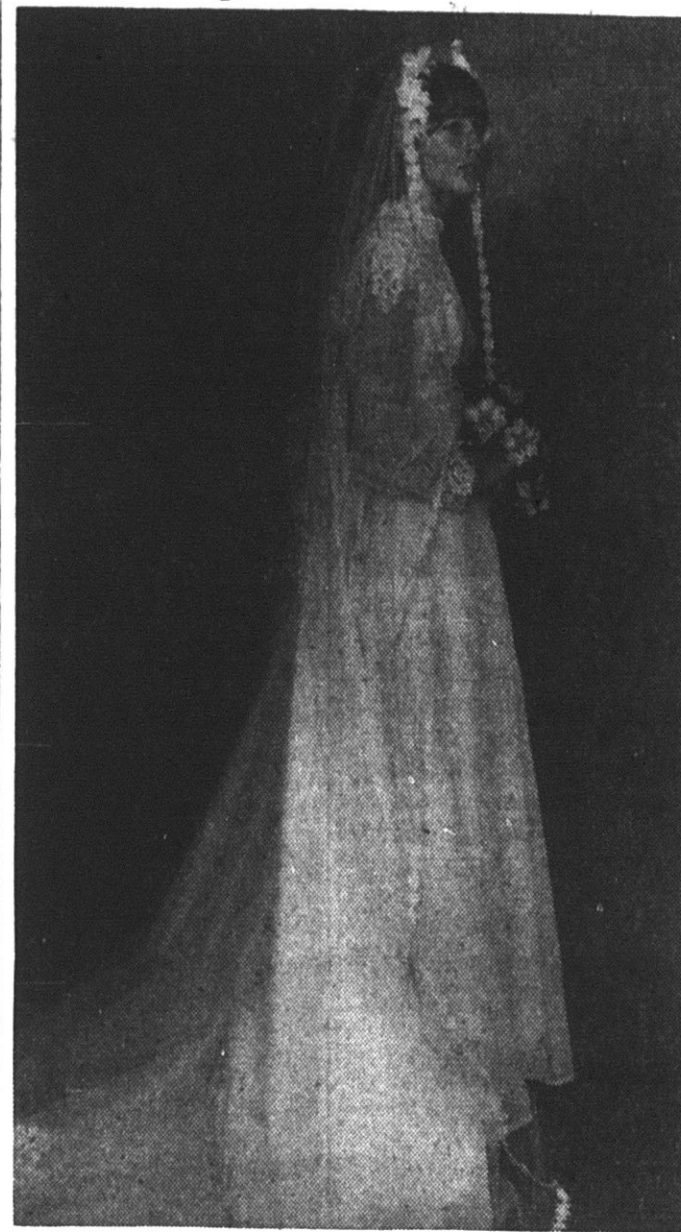

Motorists are reminded to stop for school buses whose warning lights are flashing while unloading or loading children.

Ottawa county sheriff Bernard Grysens said there have been numerous incidents this fall where motorists have disobeyed the state law.

All traffic on roadways must stop for the school buses with warning lights activated. Motorists are to remain stopped until the warning lights have been deactivated.

On divided highways, where traffic lanes are separated by a median, only traffic heading in the same direction as the bus must stop for the vehicle. Grysens said motorists who violate the law are subject to traffic tickets. He added that only the license number of the vehicle in question is necessary to issue a violation. The owner of the vehicle then becomes responsible.

Assessment Rolls Okayed By Council

At a three-hour meeting Wednesday night, City Council approved special assessment rolls, approved an ordinance rezoning property for HAZAH for multiple housing, and processed a large variety of other matters.

A full hour and 20 minutes was devoted to public hearings on paving, water and sewer assessment rolls and Council approved all of them except for one minor change in ownership of property. Most persons protesting assessments were concerned with ever-climbing costs.

Council took action to charge actual costs on all sanitary sewer projects, but not to exceed previous estimates. The hope was expressed that a good share of future improvements would be done by developers who would be able to contract for all services at lesser costs. There were relatively few written objections. A half dozen or more persons objected verbally.

Paving projects covered 33rd, 34th and 35th Sts. west of Pioneer Ave. and all of Kirkview Dr.

Sanitary sewers included Sunrise Terrace subdivision, Allen Dr., 32nd St. from Graafschap Rd. to Larkwood Dr., Kirkview addition, and Lincoln Ave. from 48th St. north to bypass.

Water mains included Pioneer Ave. and Kirkview subdivisions, Lincoln Ave., both south and north of 48th Sts., and Maple Ave. from 33rd to 34th Sts.

Council, after months of study with HAZAH representatives and the Planning Commission, rezoned 15.5 acres in the vicinity of Washington Ave. and 40th St. from A-O residential to A-3 residential to allow development of multiple housing with federal aid. The plot lies approximately 230 feet west of Washington Ave. and 625 feet south of 40th St.

Attention was called to a letter Aug. 19 from the Board of the Good Samaritan Center stating its preference that low income families be integrated into the community rather than separated into one area. The public hearing was first on the agenda but final action was taken at the close of the meeting with Mayor Pro Tem Morris Peerbolt presiding at a committee-of-the-whole meeting. Final vote was 6-1 with Councilman Donald D. Oosterbaan dissenting.

Two letters of intent from the HAZAH board of directors spelled out plans for development and planned use of the development which would more than meet the criteria of PUD (Planned Use Development).

Council approved a city manager's recommendation that the city accept dedicated rights of way for 26th St. east of Lincoln Ave., a non-dedicated street. City Manager William Bopf recommended that the street be improved through special assessment to a full industrial standard within two years, but Council eliminated the deadline, making it clear that the street eventually will have to be improved since there is a limit to service and maintenance the city can give unimproved roads. Jack Van Deusen, one of the property owners, represented the industrialists on the street.

Applications for building permits from Gulf Oil Co., for an addition to a service station at 61 East 4th St., and Shell Oil Co. to install a new 6,000-gallon storage tank and two new pumps on existing islands, was referred to the city manager for study and report.

A request from Alvin H. Terrell Jr., 1 South River Ave., for permission to trap muskrats on city-owned swamp area east of River Ave. was referred to the city manager and city attorney.

A communication from the Michigan Liquor Control Commission requesting Council action on a request from Skiles Tavern Inc. for transfer of stock interest in a tavern and SDM license at 154 East Eighth St. from Chester Skiles Estate, First Michigan Bank and Trust Co. of Zeeland, administrator, to existing stockholder David Skiles was referred to the city manager for study and report.

A petition requesting water service in Midway Ave. from South Shore Dr. to the end was referred to the city manager.

Council scheduled a public hearing Oct. 21 on an application from Walter Deitz for a permit to move a house from 162 West 26th St. to 319 West 24th St.

A letter from Edward J. Wolters, 6289 147th Ave., asking Council help in obtaining some property in the old industrial right of way in the vicinity of 26th St. and Franklin Ave. was referred to the Board of Public Works for study and report.

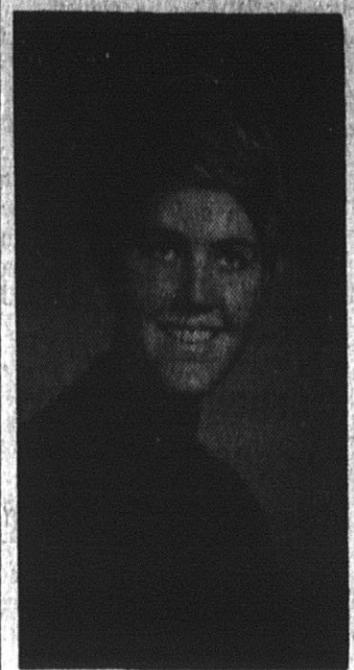

Council acknowledged gifts of several books to Herrick Public Library.

A special assessment roll on the Downtown Mall on Eighth St. from River to College Ave., prepared by the city assessor, was tabled.

Mayor Nelson Bosman presided at the meeting which last-

ed just over three hours. Councilman Jacob Smith was absent. The invocation was given by the Rev. Harvey Baas of Bethany Christian Reformed Church.

Council Kept Busy With Many Items

Many items of widely separated interests were brought before City Council at a three-hour meeting Wednesday night in City Hall.

Near the close of the meeting Elmer Straatsma, of 109 West 23rd St., commended Councilmen for their unselfish service to the city and asked consideration for senior citizens on new charges for sanitary sewer service. The new rates, based on winter water usage, will go into effect in the next month or so. Straatsma spoke in general terms of a \$2 a month increase and asked Council to study the new program with a view to having the increase removed from the bills of elder citizens on fixed incomes.

City Manager William L. Bopf informed Council that articles of incorporation for the building authority have been filed with the Secretary of State and that the next step in the procedure is appointment of two additional members. After appointment, an organizational meeting can be held, officers elected and authority bylaws adopted.

The city manager also reported that Robert De Nooyer, who traded a parcel of the land with the city and agreed to provide paving of the Lugers Rd. extension has been billed for \$8,171.83 as of Aug. 14. The city clerk was directed to transmit an additional invoice stating payment within 30 days. In event the amount is not received, it will be included on the fall tax bill.

Deputy City Attorney William Coupland said a summons would be filed in Ottawa Circuit Court today in Grand Haven seeking injunctive relief in removing a structure from the right of way at the De Nooyer home on South Shore Dr.

A city manager report on installing a sanitary sewer in Cypress Ave. from Eighth to 12th Sts. listed the estimated unit cost of \$9.20 per front foot including a stub to property lines. The report further stated that the public utility revolving fund does not have sufficient funds to provide for interim financing, and that installation cannot be made until suitable financing is obtained.

Council approved expenditure of \$800 for lighting shuffleboard courts at 22nd St. and Maple Ave. and \$212 for two nickel cadmium emergency lights at Civic Center.

Council approved an agreement with Robert Vork, 34th St. and Maple Ave., permitting him to connect with the sanitary sewer service, subject to certain agreements.

Open Forum Compares Student Riots

"What happened in 1968 is not possible now because of the frustrated hopes. There were many illusions at that time. Many people really believed that they could secure change."

Tren, all things seemed possible," noted Dr. and Mrs. Jean-Pierre Nougier at the Hope College open forum Wednesday evening, to discuss student revolution.

The Nougiers were referring to the disturbances in France of the spring of 1968 when social unrest was first manifested on the nation's campuses and then spread to strikes at factories, banks and other businesses until finally the whole country was virtually paralyzed.

The couple, who direct the Hope-Albion junior year abroad program in Grenoble, France, participated in the events.

A group of about 50 students and faculty had gathered in the Music Auditorium to hear their account of the so-called French student revolution and their opinions of its causes and effects. The audience then offered their own questions and observations comparing American disturbances.

It was pointed out that the French are accustomed to public demonstrations and, in fact, find them exhilarating. While the issues at stake may be very serious, the "rioting" of ten takes the form of a game.

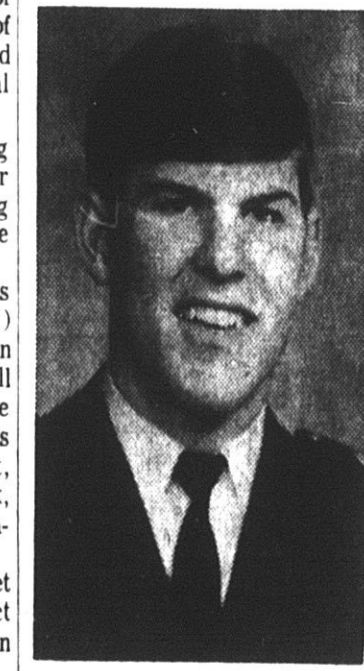

The Nougiers admitted that the reason for social unrest in 1968 was not so much dissatisfaction with the ten-year rule of De Gaulle as it was boredom. The enthusiasm of the events swept many into the action and encounters between students and police took on the aspect of a game — sometimes one of comical proportions.

It was emphasized that in France protests are not considered a threat to "the system" and that no one can conceive that the country will fall apart as a result.

By contrast, one student noted, in the United States there exists a fear of anarchy that prompts the often violent reactions to student demonstrations. The disturbances are taken quite seriously.

No one has ever been seriously injured or killed in a French student riot, no firearms are allowed or used by either side and the military has never been called in.

The French, Dr. Nougier said, are used to revolution, political instability and they are not afraid of change. They feel that demonstrations can serve a purpose of bringing to the surface problems which need attention.

City Council at a special meeting Thursday night unanimously approved a hospital contract between Emergency Physicians of Holland Inc. (a professional corporation) and the city of Holland extending round-the-clock emergency service at Holland Hospital for a year.

A 90-day trial period provided insufficient income to meet expenses since 35 to 47 per cent of emergency patients used the doctor's service. Under the new contract, all persons entering the emergency room will be using the services of the physician on duty.

Minimum hospital rate for emergency room services is \$12, up \$2 July 1 from last year's rate. The patient will be billed by the hospital for emergency room services and by the corporation which pays the attending physician on an hourly basis of \$15 an hour. The corporation's charges will be on a sliding scale commensurate with local physicians' charges for similar services.

The new program is effective at midnight tonight.

Patients insisting on having their own physicians may do so, but will then be charged fees for both physicians.

In agreeing to finance the emergency service, the hospital board figures that on a 100 per cent basis the service will be self-supporting or nearly so.

The Emergency Physicians corporation has 22 cooperating local physicians. Officers are Dr. Donald DeWitt, chairman of the board; Dr. William Westrate Jr., president; Dr. William Rottschaefer, treasurer, and Dr. Vernon Boersma and Dr. John K. Winter, board members. Parents of the couple are Mr. and Mrs. Eli Wagenmaker of Muskegon and Mr. and Mrs. Julius Tucker of route 2, Hamilton.

The Rev. Theodore Verseput officiated. Miss Dorothy Kooistra was organist and accompanied the soloist, the Rev. John Hains.

Part C of Parochialism Opposed

Adoption of a resolution opposing the proposed Constitutional Amendment, "Proposal C," and a panel discussion on Parochialism, highlighted the annual meeting of the Holland Christian School Society Thursday night in the high school auditorium.

A unanimous vote by the large group adopted the board-sponsored resolution opposing passage of the proposed Amendment. The resolution reads:

Whereas the proposed amendment to the Michigan State Constitution to bar public aid to non-public schools is considered damaging to public and non-public education by many state officials including the Governor, the State Board of Education, Superintendent of Public Education and both candidates for the United States Senate,

And whereas this proposed Amendment would create unreasonable financial barriers to

the continued operation of most non-public schools in our state, And whereas this Amendment represents a deliberate attempt to remove individual freedom of parents to have their children educated in schools of their choice, even by religious conviction,

Be it therefore resolved that this officially gathered membership of the Society for Christian Education of the Holland Christian Schools does commit our Society to complete opposition to the passage of this proposed amendment and that our Board and Society take strong measures to oppose passage of such amendment.

The pros and cons pertaining to the acceptance of state funds for the Holland Christian Schools was discussed by a four-man panel.

Speaking against Parochialism were Senator James Gray of Warren, Mich., and Dr. Clarence De Boer of Grandville, a

past president of the National Union of Christian Schools. Dr. Gordon Spykman, Professor of Religion at Calvin College, and Ivan Zylstra, advisor on state relations for the National Union of Christian Schools, spoke in favor of accepting state monies.

Marilyn Swierenga, chairman of a committee within the Society opposing Parochialism, told the group that the membership of her committee also opposed "Proposal C" even though they were against Parochialism.

A question and answer period followed the panel presentation, but no action was taken by the Society.

In other business, five new board members were elected. They include William De Mott, Dick Geenen, John Gritter, Jerry Hertel and Russel Lamar.

Treasurer Alvin Brouwer reported on the Status of the general and building funds as of August 31, 1970. He reported that the schools had been forced

to borrow funds to make up a deficit of \$95,778.94 in the general fund. He also reported that the total indebtedness on all School buildings is \$709,541.56.

Supt. Mark Vander Ark presented his annual report, highlighting enrollment information, curriculum planning, salary schedules, finances and building and grounds items.

He reported that the enrollment as of September 1970 now stands at 2,733, a drop of 42 students from last year, and 73 from 1968.

He said that the high school was now reaching its peak enrollment, while elementary grades had passed the enrollment crisis of a few years ago. "In general, 1969-70 was a year for holding the line in almost all areas," the Superintendent concluded.

Gerald Van Dyke, retiring board president, presided and Vice President William Vogelzang offered the closing prayer.

West Ottawa Loses, 34-14 To Rockford

ROCKFORD — The Rockford Rams, using a grinding ground game, defeated the West Ottawa Panthers 34-14 at the Rams field in Rockford Friday night in a football game.

Rockford wasted no time, scoring the first time they had the ball after West Ottawa failed to move on the opening kickoff. Paul Sherd scored on a 16-yard sweep but failed to

West Ottawa then took the kick-off and moved through the air to the Rams seven-yard line but was forced to give up the ball, thanks to a tough Ram defense. The first quarter ended with the score Rockford 6-0 over WO.

West Ottawa came back strong in the 2nd quarter on a 16-yard run by Pat Allen, substituting for the injured Jon Helder, and two fine pass plays from Quarterback Dennis Oosterbaan to Bill Vandenberg and then a 21-yard TD pass to Mike Bataglia. Oosterbaan snuck

the ball over the goal line for the two point conversion, putting West Ottawa in the lead 8-6. What looked to be a slight lead for WO at halftime faltered when, with only 43 seconds to play, Rockford's fine quarterback, John Hockstra, passed to his end for a 47-yard touchdown. The Rams scored the extra points making the score 14 to 8 in favor of the Rams at halftime.

The second half opened with WO kicking to the Rams and Jerry Martin ran back the ball for a touchdown with only seconds gone in the 2nd half making the score 20-8. The 3rd quarter was all Rams with WO unable to move the ball against the fine forward wall of the Rams. In the fourth quarter it looked like WO was going to roll when on a fourth down and 10 situation, Allen faked back to punt and surprised everyone when he passed to Gary Van Kampen for a 43-yard touch down play. The extra point attempt was no good, but put WO back in the game, trailing by only six points.

But the rest of the game was all Rams as they rolled for one score on the ground and turned an interception into another touchdown with the final score being 34-14.

West Ottawa did not play as well as last week against East GR, but this was a tough Rockford team with a good balanced defense and offense. This could be the team to beat in the O-K Red Division.

Next week the Panthers meet Forest Hills at home on Friday.

Program Heads In France Visit Hope

Visiting the Hope College campus this week are Dr. Jean-Pierre Nougier and his wife Anita, co-directors of the Hope-Albion junior year abroad program in France.

Although the Nougiers have headed the program based at Grenoble University since 1966, this is their first visit to the American campus.

This opportunity to observe firsthand the Hope College environment is important to them as a means of better understanding the needs and problems of the students they work with.

There are 30 students in their charge this year, including 17 from Hope. The co-directors' duties include everything necessary for seeing that the program works. They organize the students' arrival and their living facilities, help arrange class schedules and organize special trips as part of the regular job. They may also be called upon for counseling on romantic problems, to cook — as on one occasion — for a student with stomach troubles or to teach students to knit.

The program in France is for from one to two semesters and classes are conducted entirely in French.

The Nougiers were especially hard-pressed to reassure and care for their students in the spring of 1968 during the French student revolution. The couple, who were participants in the movement, pointed out that the events and their causes were different from those surrounding American student disturbances.

One of the principal causes was the internal problems of the universities. France's 17 universities are large and were then still operating under an antiquated system that had undergone little change since it was first set up during the reign of Napoleon.

The decision making power at the universities was in the hands of well-established professors. Students, who suffered inflexible academic programs, had no voice in the affairs of the schools. Furthermore, the universities were too centralized and heavily controlled by the government, which made any reforms difficult to secure.

The outbreaks were also prompted by the widespread dissatisfaction with DeGaulle's Fifth Republic. The Nougiers emphasized that it was a social more than an academic revolution. It was no coincidence that the revolution flared up on the tenth anniversary of DeGaulle's coming into power. Nor was it a coincidence that it started in a factory district.

The trouble began with the issuing of a student manifesto

on March 22 in Nanterre by extremist students. When officials attempted to close the university and the police were brought in to enforce the order, the extremists were joined by other students who resented the conventional interference by police and refused to close down the school. Later, local factory workers, bankers and others went on strike in sympathy with the grievances of students and workers.

Large-scale disturbances spread throughout the country, until the nation was virtually paralyzed. There were noisy clashes between police and mostly students in the streets of the university towns where barricades went up made of old cars and any materials available.

The Nougiers were careful to point out that the activities were different from the American clashes in that they were not serious — a fact which the media failed to understand in its exaggerated and excited reports.

The spontaneous disturbances were noisy and emotional but there were no serious injuries nor serious damage done to property. The police were not permitted to use guns, and the military, who were on a sympathy strike with the students, were not called in.

Though the issue was serious, the fighting never reached dangerous proportions. The French, on the contrary, are greatly shocked by the violence of American demonstrations and cannot conceive of the use of dangerous weapons in such struggles, they said.

The results of the so-called revolutions were positive. Most significantly attention was brought to bear on the fact that all was going badly in the country. Countless discussions were held between students, faculty, workers and educators. "You might almost say it became fashionable to hold discussions," noted Dr. Nougier.

While the universities still remain somewhat unorganized, conditions have greatly improved and continue to change. The individual schools are run by a council of half students and half faculty. The monopoly system of the established professors has ended, and course schedules have been made more flexible.

The faculty have a greater freedom in deciding the classes they will teach. Although the students must still be prepared for the same degrees and must pass the same exams, the faculty and students have the freedom to change the programs. Workers gained increases in salary and working conditions continue to improve.

Set Reward In Slaying Of Shelley Mills

William De Long is handling the reward money in Holland.

Any information that may be helpful in the investigation should be given to the Grand Rapids police detective bureau. Police said today progress in the case was slow. Several persons have been given polygraph examinations and police are still running down some leads. Mrs. Mills and her husband, William, a music teacher at Lowell, were married in Holland Aug. 29.

Two Baby Girls Born In Two Area Hospitals

A daughter, Ronda Lynn, was born to Mr. and Mrs. Ronald Kapenga, 175 Glendale Ave., on Tuesday in Holland Hospital.
