Study Links Family History To Cancers

HARRISBURG, Pa. (UPI)—Dr. George K. Tokuhata, director of research for the Pennsylvania Department of Health, has released results of a two-year study which concludes that hereditary factors may be the main cause of lung cancer.

"Lung cancer tends to run in families regardless of whether they (members of the families) smoked or not," Tokuhata wrote in his conclusion. He added, "those with a family history of lung cancer who also smoke have 14 times greater risk of dying from lung cancer than those without the smoking habit or the family history."

The study, released Tuesday, started with 270 lung cancer patients. After studying the patients' offspring and parents, Tokuhata compared medical findings of that group with another three-generation study group of 270 individuals 7 without lung cancer. In all, nearly 5,000 persons were involved in the study.

Tokuhata said the findings were not final proof of a genetic factor in lung cancer but it does "indicate genetics might be involved."

The study showed that those who have a family history of lung cancer but do not smoke have a four times greater risk when compared with those who do not have either of the two factors.

SHIP PATCHED—The Algorail, 17,000 tons of salt removed and riding high in the water, left Holland Harbor this morning with a rubber patch (arrow) covering a 12-foot gash in the port hull sustained Friday night when the vessel struck the north pierhead while entering the harbor. The 639-foot Algorail was to head for Thunder Bay in northern Lake Superior for repairs. The Algorail was refloated Saturday evening after spending 24 hours resting on the

bottom of the channel. The temporary patch was installed and water pumped from the ship. All commercial shipping to the harbor was blocked by the Algorail. The coal boat Nicolet anchored off the harbor Saturday morning but took refuge at Muskegon when seas turned rough. The Nicolet entered the harbor Monday after the Algorail cleared the harbor at 8:30 a.m.

Hospital Treats 106 Cases in Six Months

Doctors Air Motorcycle Injuries

With 106 persons treated in Holland Hospital the last six months for motorcycle injuries, many of them serious, mounting concern for more safety was expressed at the monthly meeting of the hospital medical staff Tuesday noon.

Dr. Robert C. Mahaney, orthopedic surgeon who treated many fracture cases, presented hospital statistics. Police Chief Charles Lindstrom and Ottawa Sheriff Bernard Grysen also presented facts and figures.

Of the 106 treated at the hospital, 91 were male and 15 female. This involved 52 motorcycle accidents and 54 motorcycle-auto accidents 42 occurring on the weekend and 64 on weekdays. Twenty-four were admitted, four serious cases transferred and 76 discharged after treatment. There were 34 fractures ranging from simple to complex and 10 with internal injuries. Of those admitted,

average hospital stay was 9.8 days.

Average age of the injured person was 21.8 years with 25 of age 17 and under, 55 of ages 18-25 and 26 who were 26 and older. Oldest person treated was a 55-year-old man. There were two fatalities, two amputations and 19 with head injuries ranging from lacerations to fractures and concussions.

Chief Lindstrom reported a sharp increase in the number of motorcycle accidents in the city covering a 19-month period Jan. 1, 1971 through July 31, 1972. Of the 68 reported motorcycle accidents, 54 injuries were listed or 79 per cent whereas in auto accidents, only 20 per cent list injuries. Police note the chances of serious injury dramatically increases if the cyclist is not wearing a helmet.

Other facts revealed 41 of the

68 accidents on Thursday, Friday and Saturday, with Saturday the worst day. Fifty per cent of the accidents occurred between noon and 6 p.m. with the worst two-hour period 4 to 6 p.m.

Contrary to popular belief, other automobiles violating the right of way of motorcyclists is not the overwhelming cause of cycle accidents, Lindstrom said. Analysis of city accidents reveal 29 were clearly the fault of the cyclist and 35 the fault of the car. Drinking is a problem, at least in a small way, he said.

Sheriff Grysen said the motorcycle problem is different in the county since most cyclists "open 'em up" once outside of the city, and of 112 motorcycle accidents in the county, five died, 38 were seriously injured, 49 less seriously injured 17 with minor injuries.

"Of 100 motorcycle accidents, we can figure on four to five

dead," he said, "whereas in 100 auto accidents, the ratio is 1/4 fatality, or one dead in 400 car accidents."

Whether more education is needed on cycle operation or more violation tickets is under consideration. Meanwhile the YMCA and Lifeline are pioneering in safety programs for motorcycles and minibikes, and the trend is toward more awareness of motorcycles in driver education.

Minibikes were not included in statistics quoted.

Dr. Mahaney said the cycles with the extended front wheel (a small one) and high handlebars figured in more accidents than conventional models because of turning and vision problems.

Most frequently heard in the emergency room while parents wait, wife to husband: "I told you not to buy him a motorcycle!"

Belting From Conveyor Covers Gash

Salt-Laden Vessel Is Refloated in Channel After Hitting Pier

The Canadian freighter Algorail, stuck on the bottom of the Holland Harbor channel 24 hours after ramming the north pierhead Friday evening, left the harbor at 8:30 a.m. Monday with a conveyor - belt patch on her port bow.

The patch, far above the water line, covers a gash about 12 feet long and one foot at the widest opened when the bow rammed the pier at 6:30 p.m. Friday while entering the harbor.

The 639 - foot vessel with 17,000 tons of road salt, settled to the bottom of the 22-foot deep channel along the south channel wall at the old lighthouse.

The disabled Algorail blocked Holland Harbor to all commercial shipping and the coal carrier Nicolet, 513 feet long, waited off the harbor entrance Saturday morning after 11 a.m. with a load of coal for the Holland Board of Public Works.

The Nicolet went to Muskegon when Lake Michigan seas began getting rough and returned to Holland Sunday but rough seas again prevented entry and she went back to Muskegon where she remained until this morning.

The Nicolet remained in Lake Michigan off the harbor until the Algorail cleared the harbor. The coal boat entered the harbor at 9 a.m. without incident.

The Coast Guard said repairs were made to the Algorail and water pumped out Saturday. She was refloated and began her journey into Lake Macatawa and Brewer's City Coal Dock at 6:50 p.m. Saturday.

The Coast Guard said Capt. Dougal Campbell of Gore Bay, Ont., backed the vessel into the spilling basin of the breakwater to get away from the channel wall and then proceeded into the channel.

The six - mile trip through Lake Macatawa, normally about a one hour journey, took the Algorail about three hours.

The Coast Guard said the channel is dredged to a depth of 22 feet and the Algorail reported a draft of 21 feet three inches, allowing a slight clearance.

Changes in water levels in the channel due to weather and sea conditions apparently created a shallow entry for the Algorail, the Coast Guard said.

Capt. Campbell said he apparently struck bottom on entering the channel, used another engine to maneuver and the bow was sent into the pierhead.

None of the 31 crew members was reported injured. The Ottawa County sheriff's marine patrol division said damage to the freighter was estimated at \$10,000. Damage estimates to the pier were not available.

While on the bottom Friday evening and Saturday, crewmen attempted to rig a canas and plywood patch over the hole but later welded bolts to the hull and fastened a piece of conveyor belting over the opening and bolted the patch tight. Water that entered the gash was pumped out and the vessel was refloated.

Capt. Campbell said the Algorail was to head for a drydock in Thunder Bay, Ont., in northern Lake Superior.

The Coast Guard said the Algorail remained in Holland Sunday because of rough seas and weather conditions. Winds today were reported 15 to 20 knots from the north northwest. Seas were said rough in the lake.

Petitions to Recall One-Way Streets Circulated Here

Petitions to abolish the one-way street system in downtown Holland are being circulated by about a dozen persons headed by Mrs. William Westrate Jr. and Mrs. Peter S. Boter.

Mrs. Westrate said already a dozen persons are circulating the petitions and she is seeking a dozen more in the hope of obtaining well over 1,500 signatures by Nov. 15. Only registered voters within the city may sign the petition. Circulators also must be qualified city voters. Volunteers may call Mrs. Westrate or Mrs. Boter. The latter is not a city resident.

The petitions name Seventh St., Eighth St., Ninth St., River Ave., Columbia Ave. and Pine Ave. "The petition was approved as to form by the city attorney Feb. 24, 1972."

Second Half Too Much For Dutch

Coach Dan Porretta's Holland High Dutch found out Friday night at Riverview Park that it takes two halves to win a ball game, as they dropped a heartbreaker to Benton Harbor, 14-13.

The Dutch dominated the first half, as they led, 13-0 but the Tigers turned right around when it appeared Holland would win its first game, to nip the host club by one point.

Holland controlled the tempo of the contest in the first half, as they ran 28 plays to only 17 for the Tigers but in the second half, it was almost the opposite, as Harbor's defense held the Dutch in check.

Coach Porretta shook up his lineup somewhat and an attempt to notch his first varsity coaching triumph and in the first 24 minutes it looked like they would do just that as Kirby Howard, Clark Kuipers and Paul Shashagay ran for good yardage behind some fine blocking by center Mike Emerson, guards Joel Maatman and Jack Strabbing and a tackles Mark Dykstra and Mike Windisch.

Shashagay scored the games first touchdown with 4:50 left in the first quarter by jaunting 12 yards for the score. Jesse Ruiz' kick gave Holland a 7-0 margin.

After the Tigers missed an 18-yard field goal attempt, the Dutch took over on their own 20 and marched 80 yards in nine plays for their final tally.

With quarterback Dick Wood hitting Ross Lamb and Ron Israels for good gains and some sharp running by the Dutch backs moved the ball in for the score.

Darsi Delis set up the TD by running six yards to the eight and on the next play, Howard bulled his way in for the six-pointer. The kick was no good but it didn't look like it was going to affect the Dutch at that time, as they enjoyed a 13-0 bulge.

The Tigers had a first and goal at the six but tackle Larry Arizmendez and Co. stopped their attempt for a score on the one, moments later.

However, Leonard Thompson called for a fair catch and dropped the ball, which he picked up and ran 20 yards to the 22 of Holland. The Tigers were once again knocking on the door.

A few plays later workhorse fullback Bob Edelberg dashed into the end zone for the Tigers with 4:33 to play in the third quarter to cut Holland's lead to 13-6, as the kick was no good. Pryor's long run put the ball on Holland's four early in the fourth stanza and on the following play, John Sams busted up the gut for the try for the score. Quarterback Dave Popke's extra effort for the PAT gave the Tigers the win, 14-13.

Walter J. Roper Address Garden Club on Thursday

Walter J. Roper reviewed for Garden Club members Thursday the work last year of a Chamber of Commerce task force committee formed to study inner-city planning problems and to spur city government action to provide long-range planning for this area.

Mrs. Leonard Dick, conservation chairman, introduced Roper, chairman of the committee, who emphasized that the plan formulated by his committee was a fluid one, and while they felt it to be sound, it was certainly not the only way to go.

The committee's specific ideas on planning included keeping the downtown area basically the same size with emphasis placed on maintaining and beautifying it while further expansion takes place as needed in other areas of the city.

Concerning the downtown lakefront the committee felt as space opens up in that area it should be planned to convert its use to park and recreation areas or such commercial uses concerned with recreation, such as marinas, restaurants, motels, etc. Other areas studied included a parkway area or two-way commercial zone between 16th and 17th Sts. when converted to one-way traffic, an apartment zone just north of the current commercial district, space for future civic and cultural needs, and recognition of the educational zone including Hope College.

In conclusion, Roper explained that the committee has presented its plan to City Council and hopes for the adoption of a master plan along its general lines. Future needs must be anticipated in order to be met, he continued, and it is folly to stand pat until forced to make decisions and until after most options have been foreclosed or until no solution is possible. Special interest pressure, for or against, has been the deciding factor in all too many past zoning decisions, the committee felt.

During the question period Roper was asked if he knew of any green area to be included in the new post office parking lot at Ninth and River. He replied he was not aware of what the plan was but that now would be the time for interested parties such as the Garden Club to find out from the post office authorities and apply pressure, for or against, through our Congressmen. It was pointed out that the city government is planning some landscaping in lots such as the one at Seventh and River.

Preceding the program, tea was poured by Mrs. Jerome Hurtgen and Mrs. Robert Albers. Tea chairman, Mrs. Jo-

seph Mitchell was assisted by Mrs. Gordon Boone, Mrs. Chester Smith and Mrs. Donald Japenga.

Mrs. Vern Schipper presided at the business meeting. New members introduced were Mrs. Lavern Bensinger, Mrs. Percy Kinkema and Mrs. Robert Norling. Not present was Mrs. Cecil Van Duren.

Rose bowls are needed by Garden Therapy Chairmen Mrs. Edward Mott and Mrs. Harrison Gregg in their work with special education children, and member able to donate such items are asked to call either of the chairmen. Mrs. August Overway is taking orders for tulip bulbs and can answer questions about varieties available and prices. Door hostesses were Mrs. L. J. Geuder and Mrs. Clark Weersing.

West Ottawa Mark 45th Anniversary Is Now 1-3 For Season

EAST GRAND RAPIDS—West Ottawa's football team was defeated by powerful fifth ranked East Grand Rapids, 35-6 here Friday night.

After the first set of downs the Panthers showed why they are so highly ranked in the state, as they stopped the Panthers after they recovered an East fumble on the first play from scrimmage, but from that point on it was all East Grand Rapids as they dominated the game.

From their own 33-yard line, East marched 67 yards in 11 plays to optn the scoring. The kick for the PAT attempt was good as East led 7-0. After East's first score it looked as though the Panther's defense was doing a good job as they stopped the Panthers the rest of the quarter.

In the second quarter the Panthers could not sustain any kind of a drive. However, their defense couldn't contain East's powerful running game. With only two minutes and 42 seconds gone in the second stanza, Dan Drummond scampered 10 yards with the pigskin to put East ahead 12-0. Dan Matthews kick was wide to the right as East led 13-0.

The Panthers just couldn't hold on to the ball as they fumbled one of their many times with 7:19 remaining in the half. The Panthers capitalized on the mistake on the first play from scrimmage as quarterback Boyce threw a 45-yard pass completion to set up their third score of the ball game. Once again the Panthers got on the scoreboard with 6:01 remaining. Their third kick, Jim Demham, plunged four yards for the score. This time the PAT was good as East increased their lead to 21-0.

East closed out the scoring in the miserable first half as all-conference back Dan Mac Aleen rolled for the TD.

In the second half it looked like Deb Nolan's Panthers were going to score as they quickly wandered into East's territory, but a Jeff Haltenhoff interception ended the threat. The Panthers stopped East's next drive but it was useless as the Panthers just couldn't penetrate the Panthers' defense. East ended its scoring with

Mr. Sandy was employed by Baker Furniture Co. as maintenance foreman until his retirement three years ago.

MacAleen going in with his second score of the night, the PAT was good as East led 35-0.

After getting good field position on Dave Doyle's kick-off return the Panthers finally got on the scoreboard with little over nine minutes remaining in the game.

Joe Gaskill took a Haltenhoff pass and went 55 yards breaking several tackles for West Ottawa's only score of the night.

The Panthers almost scored again late in the fourth quarter, when Con Zomermaand picked up one of the Panthers' two fumbles of the evening and scampered 44 yards to the East 19 yard line. The drive was killed when they failed to convert a fourth down situation on the 16 yard line.

West Ottawa (1-3) will play its homecoming game next Friday against Northview.

NEWSPAPER WEEK— OCT. 8-14

Newspapermen are often bombarded by a barrage of national weekly observances, each clamoring for space and attention. Some hard choices must be made. It is but natural and understandable, however, that we should pause each year, as we have done for several years past, to take note of National Newspaper Week.

Perhaps the first point to note is the importance of a newspaper in the life of a comparatively small community such as ours, and in turn perhaps the best way to stress that would be to imagine for a moment how our lives would be changed without our daily newspaper.

In past years, we have written of the acquittal of John Peter Zenger Aug. 4, 1735, of the charge of seditious libel, which established for all time the basic principle of freedom of the press.

Last year we pointed out that this freedom and the public's right to know is in constant jeopardy from whichever party administration is in power. Sen. Sam Ervin (D-N.C.), Chairman of the Constitutional Rights Subcommittee, is disturbed by sharp and angry attacks upon the news media by high government officials, by attempts to call reporters before grand juries, and by the use of "executive privilege" to "hide information from Congress."

In this area of the public's right to know, just is in the realm of defense in which the expression was first used, "Eternal vigilance is the price of safety."

Exploitation of Persons:
The Sexual Revolution
I Corinthians 7:1-7
By C. P. Dame

Much is said and written about sex in these days. The Bible gives us the information which both men and women need and therefore this lesson fits our age. Many worldly people and some church members have anti-Biblical views of sex and hence it is good to look at God's Word.

I. God created us sexual beings. Many of the early Christians came from paganism, where chastity was unknown and so they needed much instruction. Corinth was especially loose in its morals. We are living in a time of sexual revolution and Biblical teachings are overlooked. People have always talked about sex but today there is much more frankness, which is good. Various attitudes toward sex prevail. Some say it is vile and dirty; others say it is something to endure and they take a "hush hush" attitude. The Bible says that it is a gift of God, to be used joyously, since it stimulates our emotions, unites, creates new life and adds purpose and pleasure. To make sex the supreme thing in life is wrong and degrading. Sex is meant to be a servant, not a master.

II. The married have mutual obligations. In the text, Paul says that for the sake of morality a man should marry. Higher ideals of marriage are given in other parts of the Bible. Sexual relationships out of the marriage bond are wrong. In the marriage relationship both the husband and the wife have obligations. A false asceticism nullifies the true nature of marriage. Normal sexual relationships are a part of the marriage relationship, and are meant to be an expression of love.

Marriage counselors say that due to inadequate sexual satisfaction some marriages fail and often lead to frustration, adultery, unhappiness and divorce. In frank words Paul says that husbands and wives have conjugal rights which they may forego "with consent for a time, that ye may give yourselves to fasting and prayer, and come together again, that Satan tempt you not for your incontinency." Sexual desires are normal in men and women.

III. Purity pleases God. The Christians in Thessalonica, living in a pagan atmosphere, needed instruction regarding disciplined living. Pagans said that the body which had an appetite for food and drink also had an appetite for sex which needed satisfying. Some people have this idea today. But sex is not wholly physical and besides it is interpersonal for another person is involved. This sin often creates a sense of guilt and, unless there is repentance, God's judgment. More and more people are taking a more loose attitude toward sex. God's standards do not change. The control by God's Spirit is essential to the doing of God's will.

40 Years of Service Celebrated by League

Forty years of service to the community of Holland was the occasion celebrated by Junior Welfare League at their annual "New Girls" dinner Tuesday evening at the Woman's Literary Club.

She also thanked all the associate members for their past and present support of League's projects, and stressed League's setting continued high goals for themselves.

Sixteen new League members were then introduced by Mrs. Jack Marquis, membership chairman. Ruby red roses symbolizing League's 40th year were presented by President Mrs. Jungblut to Mrs. Kelynn Bakker, Mrs. William Beebe, Mrs. William Michael Bremer, Mrs. James W. S. Brooks, Mrs. James Cronk, Mrs. Richard Darby, Mrs. Donald Dephouse, Mrs. Donald Disselkoen, Mrs. Patrick Donnelly, Mrs. Jeffrey Green, Mrs. L. L. Jones, Mrs. E. Sidney Rhind, Mrs. Glenn Rogers, Mrs. Darrel Schuurman, Mrs. John K. Vanderbroek Jr., and Mrs. Roger Wynsma. Junior Welfare League's board of directors for the 1972-73 year were then introduced. Serving with Mrs. Jungblut, president are Mrs. David Kempker, past president; Mrs. Ray Backus, first vice presi-

The entertainment for the evening was provided by John Tammi and a few students of the Hope College Theatre Department. Singing selections from "The Beggars' Opera" were Carroll Lehman, music producer; Gene Calahan, Vicky Weidman, Phyllis Accella, David Bast and Brad Williams. Pianist was Jan Van Auk.

"The Beggars' Opera" will be given Oct. 26-28 and Nov. 1-4 at the De Witt Cultural Center Theater. It was written in 1728 by John Gay to poke fun at the theatrical life and society in London at the time. The music came from the street ballads of the period and the characters were street people. It was the play that started musical comedy and was the first to successfully deal with satire. "The Three - Penny Opera," a well known musical, is taken from "The Beggars' Opera."

Arrangements for the evening were made by the membership committee. Serving with Mrs. Marquis as chairman were Mrs. Thomas Brown, Mrs. Arlyn Lanting, Mrs. Sherwin Ortmann, and Mrs. Leonard Strom.

\$4½ Million Sought For County Budget

GRAND HAVEN — Based on anticipated revenue for 1973, the Ottawa County board of commissioners Tuesday was presented with next year's proposed budgets for both county general operations and for roads and parks.

The board will study the proposed expenditures as outlined by the committee on ways and means and will hold a public hearing Oct. 19, prior to approval.

The general budget calls for expenditures of \$4,499,735 and the committee reported that it anticipates a balance in the general fund on Dec. 31 of \$100,000.

Anticipated receipts in the proposed budget for the road commission total \$4,307,150 and this report was filed Tuesday afternoon by Ronald Bakker, engineer - manager of the road commission.

Included in the proposed road program for 1973 are projects on Adams St. near 24th Ave., 136th Ave. near Quincy, 72nd

Ave. near New Holland St., and Lakeshore Ave. from New Holland to Butternut Dr.

Tuesday's long session was taken up mostly by reports from the planning committee. The West Michigan Shoreline Regional Planning Commission submitted a comparative cost and organizational analysis on forms of county operations, asked by the ways and means committee as the board will be reorganized into an 11-member board Jan. 1.

The regional planning office also submitted a shoreline planning and zoning program possible under Shorelands Act 286 of 1970. Legislation calls for a plan for zoning and local needs and the study would cost \$17,000.

No action was taken. Bakker presented a report on Tunnel Park where a sand problem exists. Two methods of controlling the shifting of sands in the area were proposed after recommendations by the U. S. Soil Conservation Service.

World War II Mothers Hold Regular Meeting

Plans were made for a party to be held at the Battle Creek Veterans Hospital this month at the regular meeting of the Mothers of World War II held Wednesday at the Northside Branch of People's State Bank with Frances Sroka, president, presiding.

Mrs. LeRoy Austin, unit hospital service chairman, was given a cash donation to make further plans for the refreshments that will be served to 100 veterans. Holland Mothers have been doing this for several years as helping the veterans is one of the main purposes of the organization.

Members were reminded of the District IV meeting this week at the North Shore Community Hall. Unit activities chairman, Mrs. Abe Veurink, is chairman of the meeting and will be assisted by Mrs. Austin and Mrs. Carl Jordan at the bazaar table. The Kitchen Committee will consist of Mrs. Charles Scott, Mrs. Rex Webber, Mrs. William Padgett, Mrs. Ed Mosher, Mrs. Albert Boyce, Mrs. Elmer DeBoer and Mrs. Tom Kane from the Holland unit who will be working with Mrs. Veurink.

Sroka will welcome the guests and introduce District IV president, Mrs. Marvin Rotman, also of the Holland unit.

A card party was slated for today at the home of Mrs. Ben Van Dam, 647 Harrison Ave.

Mrs. Boyce, poinsettia chairman, announced that a license was secured permitting the annual poinsettia sale on the streets. The poinsettias are made in veterans hospitals and all proceeds go to aid the veterans. Usually the day was near Pearl Harbor Day but because of inclement and cold weather, permission was granted to do it in October.

The poinsettia is the national flower of the Mothers of World War II and the sale gives the public an opportunity to help the rehabilitation program for the living youth and other veterans who sacrificed in the line of service to their country.

With 1:30 left in the first period Doug Mast plunged over from the one and quarter-back Jon Schrottenboer then followed with the extra point conversion. The score after 12 minutes into the game was Zeeland 14 Kenowa 0.

Outstanding players for Zeeland were Kurt Bennett, who intercepted two passes; Gary Hoover who made seven tackles; Mast who made five tackles; Steve Kraai with one interception; and Bruce DeJonge who was voted the most valuable player of the week by WZZM-TV.

Zeeland with a 4-0 record will travel to Wyoming Park which promises to be an exciting game as both clubs will put their 4-0 season record on the line next Friday. The Vikings are the last team to beat Zeeland.

Hope Opens MIAA Play With Win Over Albion

ALBION — Offense was the name of the game here Saturday as Hope College opened MIAA football action with a 35-29 victory over Albion College before 2,300 disappointed homecoming partisans.

Victory was the third in four games for coach Ray Smith's Flying Dutchmen and the first for a Hope team at Albion since 1963.

Tailback Bob Lamer regained his running form scoring three touchdowns while totaling 190 yards in 40 carries. Lamer, who replaced the injured Greg Voss in the opening game of the season, has gained 557 yards in 112 carries — a 5.0 yard average — and scored seven touchdowns.

Also impressive in the win was sophomore quarterback Bob Carlson who engineered the Dutchmen to 411 yards total offense. Carlson scored a touchdown on a 53 yard run and tossed a pass for another. He ended with 56 yards rushing and completed four of seven passes for 31 yards.

Underdog Albion got on the board first when fullback Bill Parker scored from the 23. The Britons started the drive on their own 13 after a Hope punt and quickly penetrated Dutch territory on a 47 yard gain by halfback Tom Sowles.

It was all Lamer and company for the rest of the first half as the Zeeland High product scored three touchdowns. Each of Hope's scoring drives were started by Albion mistakes.

Hope marched to the Albion 11, but lost the ball on downs. Two plays later freshman Jim Ritcheske intercepted an Albion pass on the Briton 20. The pass had been deflected by teammate Doug Smith into Ritcheske's hands. On second down Lamer ran for the touchdown from the 16. Freshman Darryl Brown kicked the first of five straight conversions for the 7-7 tie.

Albion again had only two offensive plays before Smith intercepted a pass on the Hope 39. Hope marched to the Albion 42 and appeared to have been stopped by the Albion defense when on fourth down Smith faked a punt and ran 42 yards for an apparent touchdown. It was nullified, however, by a clipping penalty and the Dutchmen were back on the Albion 29. Seven plays later Lamer slipped into the end zone from the one.

The Britons couldn't keep the football. On the next series freshman Dave Yeiter recovered his third fumble of the season giving Hope possession on the Albion 36. Carlson completed a 16 yard pass to Mark Meyer on first down. Five plays later Lamer, scored from the nine for Hope's third down in seven minutes.

The teams traded the football before Albion got on the board again, this time on a 43 yard run by the speedy Sowles who ended the game with 95 yards rushing. The score ended 21-14 at halftime.

Hope scored the only touchdown of the third quarter and it came on an unusual sequence. The Dutchmen were on their own 25 yard line with a third down and long yardage situation when Carlson was forced to the sidelines with an equipment adjustment. Instead of using a timeout coach Smith sent freshman quarterback Tim Van Heest into the game who quickly laced a 22 yard pass to senior Ted Albrecht for a first down.

Not to be upstaged, Carlson returned on the next play and rambled 53 yards for a touchdown on a option play to give the Dutchmen a 28-14 advantage.

Albion wouldn't say die and the Britons marched 67 yards in 11 plays before junior quarterback John Salvadore connected with an eight yard touchdown pass to freshman Kevin Cooley.

Hope couldn't mount an offensive drive and relinquished the ball to the Britons, but another error stymied Albion's comeback attempt. This time it was a fumble recovered by Doug Smith at midfield.

It took Hope nine plays before Carlson connected with fullback Ed Sanders for a touchdown from the two with 7:51 left in the game.

Smith gave substitutes a chance to play the rest of the game and it almost backfired as Albion got on the scoreboard again, this time on a two-yard plunge by Parker to end a 95 yard drive. Tom Kernohan caught a pass for the two point conversion cutting the Hope advantage to six points 35-29.

Albion tried an onside kick, but it was recovered by Hope sophomore Mike Toscano. Carlson fell on the ball twice to run out the last 30 seconds.

William Wordworth, Samuel Taylor Coleridge and Robert Southey were known as the "Lake Poets."

Van Voorst Paces Hope

Hope College posted its fourth soccer victory in six games Saturday edging Aurora College of Illinois 3-2.

Sophomore Mark van Voorst continued his hot streak scoring two goals and earning an assist. Van Voorst has scored 10 goals in six games and would appear to be a threat to the Hope single season record of 15 goals. The Dutchmen still have seven games to play. Last year Van Voorst scored nine times in 13 games.

Aurora scored first on a penalty kick, but Hope freshman Jim Vannice booted a goal less than two minutes later to even the count. Van Voorst, assisted by Rich Lopez and Dave Phillips, scored later in the first half, but Aurora fought back with a goal to create a tie at intermission 2-2.

Van Voorst's winning goal came with only three minutes, two seconds left in the game and was unassisted.

Violin-Piano Duo Captivates Crowd In Wickers Hall

A standing-room-only crowd in Wickers Auditorium on the Hope College campus last Thursday evening heard one of the finest concerts by a violin-piano duo it has been privileged to hear in the long history of music department concerts.

Violinist Arturo Delmoni of New York City charmed his listeners with faultless bowing and in spite of his mere 24 years performed like a veteran of twice that age.

In the violin-piano duo, Delmoni was accompanied expertly by Hope College's Dr. Anthony Koiker, who enriched the performance with his complete command of the keyboard in support of the violinist in the Mozart and Faure numbers.

Especially pleasing to Thursday night's crowd was playing of Kreisler's music which hasn't been heard much lately. As an encore they played "Melody by Gluck" arranged by Kreisler.

Delmoni and Koiker gave a second concert at St. Cecilia in Grand Rapids Friday night which received a rave review on Saturday.
