UNLOAD TANKS — A crane unloads one of six 45,000 gallon tanks from a barge at the Louis Padnos Iron & Metal Co. docks for placement on flat bed trucks and shipment to the Upjohn Co. plant at Portage. The tanks were too large for rail or truck transportation from the Cincinnati manufacturer and were barged to Holland. Back roads in Allegan and Kalamazoo counties were used to transport the tanks by caravan to the Portage site. Interstate highways and overpasses are not able to handle the 16 foot heights of the tanks. (Upjohn Co. photo)

Barge and Trucks To Deliver Tanks

A caravan of six trucks each carrying a giant chemical fermentation tank 16 feet high and 45 feet long left Holland Friday for a two-day overland trek to Portage completing a journey that involved barging the tanks from Cincinnati.

Petitions Favoring Bible Gifts Given To Zeeland Board

ZEELAND — Petitions supporting the tradition of providing Bibles to graduating seniors were presented to the Board of Education at its meeting Tuesday.

The petitions carried the signatures of 536 persons and were circulated by students from the high school. The board of education has been named in a suit filed by the Americans United for Separation of Church and State which opposes the practice.

School officials said attorneys for the board are preparing an answer to charges filed in the suit.

In other action the board adopted a budget for the 1975-76 year calling for income of \$3,416,977 and expenditures of \$3,283,663. Tuition rates were increased from the \$130 to \$140 in 1974-75 to \$226 for elementary students and \$270 for secondary students.

The official student enrollment count for the school system showed 2,515 students this year compared to the 2,505 a year ago. The increase reflected 30 additional students in the high school but declines in other grades.

A final report from the Citizens Building Study Committee regarding needs for the high school was submitted and referred to the long range planning committee of the board. Nancy Austgen was awarded a contract as speech therapist.

Candle Firm Burns In Saugatuck

SAUGATUCK — Fire of uncertain cause destroyed the Rainbows End candle making shop at 404 Water St. at about 3 p.m. Saturday and with it an inventory of carved candles for Christmas. Damage estimates were not available.

Fire chief Bob Jones said the fire was believed to have started in the northeast section of the building in the candle making and carving area.

Paraffin used in the candle making process fed the flames, Jones said. No severe injuries were reported but one fireman received a cut hand.

The building was owned by Thomas Johnson and was a total loss. The candle firm was operated by Al Enos.

The tanks are bound for Upjohn Co. at Portage where they will be part of a multi-million expansion.

The tanks were unloaded at the Louis Padnos Iron & Metal Co. docks and placed on the trucks for the journey along back roads of Allegan and Kalamazoo counties to the Upjohn company site. Overpasses along interstate routes are too low for the tanks and trucks.

Barging the tanks up the Ohio, Mississippi and Illinois rivers was necessary because dimensions of the tanks were too large for truck or rail uses and Holland was the closest port to adequate land routes to Kalamazoo.

In the past new fermentation tanks were assembled at the construction site but such construction was impractical and extremely costly for the modified design of the new tanks.

It was decided to have the tanks prefabricated and moved to Kalamazoo to insure uniformity and quality.

Safety inspectors and law enforcement officers assisted the caravan as it moves through the townships of Fillmore, Overisel, Monterey, South Monterey, Watson, Martin, Plainwell, Cooper, Parchment, Kalamazoo and Portage on the journey to Kalamazoo.

The trucks headed south from Holland along M-40 to 142nd Ave., then east to 30th St. in Salem township, south along 118th Ave. to near Allegan and eventually to old US-131 south to Plainwell and then to Sprinkle Rd and Portage.

The 15-year-old boy and his 14-year-old sister witnessed the incident and chased the other woman, catching up with her and retrieving the purse. The incident was reported to police at 5:13 p.m. Friday.

Police said Henrietta Mulder of 166 East 18th St. was riding her bicycle along the sidewalk when her purse was taken.

EUGENE MCCARTHY . . . AT PRESS CONFERENCE (Sentinel photo)

★ ★ ★ ★ ★
Feels He Can 'Theoretically' Win

McCarthy Sees Parallels to '68

By Constance Allen
Eugene McCarthy, independent candidate for the presidency, spoke to the Hope College students, faculty and public today in Dimmet Chapel in the Hope College Community Hour.

In a press conference before the speech and during his address, McCarthy drew close parallels between the issues in the 1968 campaign for the Democratic nomination which he lost to Sen. Hubert Humphrey and the 1976 campaign.

McCarthy sees concern with the Vietnam conflict as a concern now with the "military-industrial complex" of which Eisenhower spoke at the end of his term. The issue of the role of the presidency itself has become a concern with the "over-personalization" of the presidency and an extension of the president's powers. He called Truman "the last Constitutional President." Unfair and undemocratic political practices are still an issue according to McCarthy, and "we are still trying to deal with the economic problems of this country," he said.

McCarthy noted that college campuses have changed since the "rah-rah" politics of 1968 but he feels he will still get strong support from American youth. They have not been responsive to any political campaign since 1968, noted McCarthy and "they are without old party loyalties and more inclined to be liberal."

When questioned about solutions to the biggest problems facing the American political system, McCarthy said, "You can't turn it around like a speedboat on a river." He suggested that it would take massive reforms to correct the economy.

McCarthy feels that "theoretically" he can win, citing the fact that 60 per cent of the people did not vote in the past elections. He feels it was because they were dissatisfied with what was being offered.

His biggest problem, as he sees it, is the "attitude of the American public that accepts only Democratic and Republican parties in presidential politics." He expects his name to be on the ballot in all 50 states but is already having problems in ten, one of which is California.

McCarthy commented on President Ford's tax cut, calling it "political and economic effects, zero." He stated that the President "shouldn't go as far as he does" in meeting the public and should be "much more careful."

He favors gun control but said it "poses grave Constitutional questions."

McCarthy will go to New York next on his campaign tour and then will continue to Texas and Minnesota. About half of his scheduled appearances will be on college campuses.

City Manager Hofmeyer Speaks

State of the City 'Good,' Early Birds Are Told

"The state of the city is good," City Manager Terry Hofmeyer told Chamber of Commerce Early Birds at breakfast Tuesday in Warm Friend Motor Inn.

This evaluation was almost incidental as he related experiences last week at the International City Managers Convention in Seattle, Wash., amid the realization that Holland indeed is a unique city and residents here are fortunate to live in such a city.

He related his own experiences in moving from assistant city manager to city manager as saying six months ago he found it easy to make suggestions whereas today he finds it much more difficult to make decisions.

He paid tribute to Russell Klaasen, who died Monday, as an example of the type of citizen who helped make Holland what it is today through dedicated work with the church, the Chamber of Commerce, the community, his own business, Hope College and various charitable organizations. "Russ was the type who chose to remain in Holland and through dedication and commitment helped make Holland go," he said.

He said associations with other city managers tended to zero in on general problems in the following categories: (1) decaying downtown area, (2) problems with city council, and he was happy to report that Holland's downtown is beautiful, that the city's financial picture is sound, and that members of City Council are generally longtime residents of the type Hollanders find in their friends and neighbors.

Besides that, Holland has several major projects, among them Tulip Time which involves the ultimate in volunteer effort, the community ox roast in cooperation with Hope College, and the current project of a float in the Pasadena Tournament of Roses parade.

He also called attention to Holland's south side industrial park, the envy of many another community, and its tax base providing economic stability which makes the tax rate competitive with other communities. But with all its blessings, Holland still has needs, if not problems, and he spoke of recurring complaints and the sort of thing that irritates local residents restrained from doing just what they want to do on their own property. Then he pointed to new state and federal regulations that ride herd on cities, the new Fair Labor Standards Act, the OSHA inspections, Employment Security and malpractice insurance which affects the city's hospital, as well as individual physicians.

with likelihood that Congress will not act until the last quarter of 1976, making revenue sharing funds a sure thing for only six months of the 1976-77 fiscal year in the city. "The difference could mean a 10 per cent increase in the tax rate. It won't but it could," he said.

He called attention to a day-long retreat Nov. 3 of Chamber and city leaders to evaluate Holland and its long-range goals which include removal (and possible replacement) of substandard housing in residential areas, and ongoing developments of the Maplewood-Lela drain, an intercounty program currently in litigation, but one he termed necessary for the growth of the city even though temporary holding ponds are not popular with all groups.

Attention was called to downtown efforts to provide free parking, the groundbreaking for a new Park department warehouse, park improvements, and public school-Hope College sharing of athletic facilities.

Only one question was asked during the question period and this concerned the 10 per cent equalization boost in Ottawa county. Hofmeyer said representatives of the State Tax Tribunal had been reviewing local commercial sales which generally substantiate the methods used by local assessors, and that business and industrial reviews are expected.

Attention was called to the Chamber's annual meeting Monday, Oct. 13, at Point West with seating limited to 225.

Prof. Barry Richardson of Hope College spoke briefly on the internship program for students, initiated this year with 10 students working with "live models of successful business people" in a 14-week program on one or more projects. Co-operating this year are public safety, the Chamber of Commerce, realtors, Brooks Products and local banks.

Hope Smacks Olivet In MIAA Showdown, 19-6

Win Avenges Last Year's Only Defeat

OLIVET — By no means was it a classic but Coach Ray Smith of Hope College will take a win anytime, especially after knocking off last year's MIAA Championship football team, the Olivet Comets, 19-6 here Saturday afternoon.

The Comets defeated Hope, 27-10 last year and that loss was the only one suffered in nine games for the Dutchmen. Hope is now 1-0 in the league and 4-0 for the season while Olivet is 0-1 in the loop and 2-3 overall.

Hope's defensive secondary of Rick McClouth, Tom Barkes, Steve Prediger and Todd Harburn were outstanding as the Comets put the ball in the air 27 times and only completed six with one intercepted.

Starting Olivet signal caller Jackie Wallace was only five of 22 for 27 yards. Last year's most valuable player in the league — Tim E. Baker of the Comets, rushed for 76 yards in 16 tries against Hope.

Kurt Bennett managed 63 yards in 17, Bill Blaquiere 50 in 19 cracks and Tim Van Heest 29 in 12 attempts. Dave Teater hauled in three of Van Heest's seven pass completions for 35 yards while Tim A. Baker grabbed four passes for Olivet for 30 yards.

An Olivet player goofed up Kevin Clark's booming punt at the outset of the game and Harburn fell on the pigskin to give the Dutchmen a break right off the bat.

On first down, Clark went 28 yards on a wingback reverse to notch the game's first score. Jim Miller's kick was wide as Hope took a 6-0 lead with still 13:22 to play in the quarter.

Clark has now scored touchdowns in the last four times he has touched the ball.

Miller gave the Dutchmen a 9-0 margin by booting a 28-yard field goal at the 12:10 mark of the second period.

After that it was a battle of punts, as both teams kicked the ball five times.

Hope linebacker Lou Ten Have of Hudsonville, intercepted Wallace's pass on the first series of the second half, to give Hope another break. Ten Have ran the ball back 26 yards to the Comets one-yard line.

However, the Comets defense stood tough as it took Van Heest's fourth down option play run to score from that point. Miller's kick was true, as Hope now had a 16-0 advantage with 11:19 to go in the third stanza.

Miller's second field goal of 32 yards early in the fourth quarter closed out Hope's scoring. Van Heest completed three crucial passes in the drive.

Olivet came back to notch its only touchdown as they moved 75 yards in 10 plays with Gary Fanz running around end for the score from seven yards out. The pass for the extra points failed.

After holding the Dutchmen on downs, the Comets moved to Hope's 17 before being stopped again.

Olivet got the ball right back as Bennett fumbled on his own 24. However, Hope's defense did the job again, as they stopped the Comets cold at the 10 with 3:19 left.

Van Heest came up with the big plays to run out the clock as he dashed 14 yards on second and a long situation and passed 29 yards to Blaquiere on a third and long situation.

Doug Koopman, a freshman tackle from Hamilton, replaced injured right defensive tackle Arde Ranthum and did an outstanding job.

It will be Youth Day Saturday at Riverview Park, as the undefeated Dutchmen meet the unbeaten Hornets of Kalamazoo at 2 p.m.

Hamilton Scores First Football Win of Season

WYOMING — Hamilton scored its first football win of the season over Wyoming Lee 22-8 here Friday night. Lee started out aggressive but failed to make yardage in the bulk of the game.

Lee scored first in the first round when Duane Bimbridge snatched up a Hamilton fumble and streaked 60 yards for a TD. They ran in for the points after jumping ahead 8-0. But not much later Hamilton called on Mike Busscher for a one-yard blast, then went to the air for the extra points on a Jerry Overbeek to Lee Vande Beld pass.

In the second stanza, Busscher once again bulled through three yards of defense and Tom Kievit kicked the point after. Busscher was a stand out on offense and defense, rushing 119 yards and leading in tackles. Busscher went in for his third TD again in the second quarter on a one-yard dive through the middle. Kievit came through for the conversion and ended the scoring at 22-8.

In the second half, Hamilton's defense took the spotlight. Don

Dubbink and Les Meiste were tough on runners leading the defenders to their best night of the season. Lee's offense was held to a mere five yards the entire second half.

Powerful Middleville will invade Hamilton next Friday.

ALLENDALE — Senior tailback Chris Lehmann scored four touchdowns here Saturday as the Grand Valley State Colleges Lakers floored Northeastern Illinois University, 68-6 for its fourth straight win.

Lehmann tallied on runs of 17, 14, one and 22 yards in the Lakers most explosive win ever. Lehmann picked up 124 yards in 14 carries while his younger brother Fritz, a freshman, scored once on a 14-yard run and rushed for 81 yards in 10 tries.

Roger McCoy converted nine points after touchdowns and kicked a 37-yard field goal for the Lakers.

OUTSTANDING KEGLER — Pat Wieda of Drenthe, shows off some of the many trophies she has won in bowling the past few years. Mrs. Wieda has ranked as the top women's kegler in the strong Vanguard League the past three seasons. (Sentinel photo)

NOSE Tips By Leo Martonosi

Top Women's Bowler

Marian Ladewig of Grand Rapids is considered the best women's bowler of all time but in the Holland area, Pat Wieda of Drenthe, rates No. 1.

For the past three years, Wieda has led the local Vanguard League at Northland Lanes with 188, 189 and 182 respective averages.

The Vanguard League compares with the men's Classic League even though they don't play scratch.

Mrs. Wieda only bowls in Holland on Monday evenings but also does her thing twice a week in Grand Rapids. She is on the only women's team that participates in the men's Fan All-Star League.

Her team, Wyatt Construction, averages almost an even 180 per man. And that's bowling against some of the best competition in the entire state.

She bowled in the Nationals in Las Vegas three years ago in doubles with Ladewig.

The former Pat Brinks of Drenthe has switched back to her 16-pound ball this year. Last season she rolled with a 15-pound ball.

While bowling is her top bag now, fast pitch softball still ranks as her "favorite" sport. Her husband Jim, with whom she operates Countryside Kennels, urged Pat to give up running the bases three years ago.

Up to that time, she was a standout pitcher, shortstop and first baseman for Wierda's Paint in the Zeeland Softball Association.

"Softball goofed me up for bowling but I wasn't about to give it up, just to do better in bowling," stated Mrs. Wieda Monday. "Marian Ladewig was after me for many years to quit playing softball but I held in there as long as I could."

Her highest single game in Holland was a 265 in 1973. In that season, she also had the cities highest series 666 and her Countryside Kennels team, won the league title as well.

"I'll never forget that year," beamed Wieda.

Pat rolled her highest actual game of 277 while bowling in the WPBA in the Great Lakes Invitational Tournament two years ago. She has also rolled a 282 and 672 series in open competition.

Most women would be content with a 174 average but Pat wanted to better that and switched from a back-up ball to a slight hook which she now uses.

"I just couldn't seem to carry an average of over 174, so I switched deliveries," said Pat. Pat has a son Dave 12, and

two girls Barb and Patti 10 and 9.

"Dave is a pretty good athlete, Barb is like her dad, an animal lover and Patti is going to be a good ball player," she commented.

Mrs. Wieda has even found enough time to work at the Medallion as a receptionist.

Pat proudly admits that Marian Ladewig has given her plenty of bowling tips.

"No one will ever beat her records, as world champion for seven consecutive years," claimed Pat.

However, on the local scene, this great competitor is almost in a class by herself. She has proven she is the best bowler in the best way possible, on the lanes.

Newspaper week is a time of the year when newspaper editors across the land and take pains to explain to readers the role of the community or hometown newspaper in today's often perplexing and confusing society.

Today the people want to know how public servants are carrying out their functions and how their tax monies are being spent. One of the primary responsibilities of newspapers and the press in general is to help restore confidence of the American peoples in their government and political system.

Throughout the year, some of the information we have printed has been unpleasant, or at least, unsettling. Some of it was educational, interesting or inspirational. Much more of it than many realize was just plain good news.

Our United Press International news and picture service operate around the clock to provide regional and world news and our own staff of reporters and photographers cover the local and area scene. No less important than the information and pictures on emerging events are the local and classified advertising to help you with buying all the items needed in everyday life.

Less well-known to Holland readers is the Holland City News, published each Thursday and mailed generally to former local residents now living elsewhere, members of the armed forces and students away at college.

This week and every other week in the year we aim to print the news of home and abroad. We ask your continued support and understanding as you continue to subscribe to our newspapers.

Holland Driver Named Defendant

GRAND HAVEN — James Pollock of Holland has been named defendant in a \$622,836 damage suit filed in Ottawa Circuit Court by a Holland bicyclist who was injured in an accident Oct. 8, 1972.

John Deckard and his mother, Gladia Sobierski, filed the suit Monday claiming that Deckard, then 27, was riding his bicycle west along 32nd St. near Old Orchard Rd. and was struck by a car driven by Pollock and dragged three blocks.

Plaintiffs claim Pollock was driving in a "careless, negligent and reckless manner" and struck Deckard from behind. They further claim Pollock was liable for damages because, among other things, he was driving too fast and under the influence of liquor.

Deckard reportedly suffered permanent injuries and his earning capacity was reduced.

Sunday School Lesson

"Struggling with Doubt"

Genesis 17: 1-8, 15-19

By C. P. Dame

Doubt is not new. In times past doubt troubled some of God's people and at the present time doubt robs some of the joy they once had. This lesson tells about two doubters, the man Abraham and his wife Sarah to whom God promised a son. But the promise was slow in being fulfilled and this caused doubt. Trusting God wholly drives doubt from heart and mind.

I. God makes promises. The Bible contains many. Believing the promises of God leads to satisfied living. In the last verses of chapter 16 the birth of Ishmael is recorded. Abraham had become a father but the son of Hagar was not the son of the promise. When Abraham was 99 years old, God appeared to him with a promise. God took the initiative. God appeared to him and spoke to him. We have noted that God spoke to Adam after he had sinned and to Cain after he had murdered his brother and had spoken to Noah. God here calls himself the Almighty. Before God made a promise in this covenant chapter he commanded Abraham, his friend, to walk before him and to be perfect. God gives commands and still does. And he expects obedience.

In chapter 17 the word covenant is important. God will do to make his covenant with Abraham and his descendants. God promised many descendants to Abraham. God made a covenant with Noah but did not ask him to do anything but in this instance God asked Abraham to do something. A covenant usually implies obligations on both of the involved parties.

God changed names. Abram means "the divine father is exalted," the new name, Abraham, means the same. The couple was about to enter a new era and realized more their relationship to God. God promised to give many descendants and the land of Canaan as their possession.

II. Man responds. When Abraham heard God's promise he was moved deeply and fell on his face. The greatness of the promise overwhelmed him. After God had told him that Sarah who was 90 would become a mother he laughed. In 18: 12-17 it is told that Sarah also laughed. Both considered it amusing that a couple so old would become parents. It did happen and eventually Isaac was born. Doubt filled both hearts. They forgot that with God all things are possible. We sometimes reason the way this couple did. What we term impossible, God can make possible. Miracles have happened in the past, they are taking place now and will take place again. Note the number of times the phrase "I will" appears in the text. When God says "I will" he means it. God keeps his word. Let us respond in faith.

Library Trustee Gets State Award

From teenage page to library board president to "trustee of the year."

That marks a life-long interest in books for Frank C. Sherburne Jr., member of the Herrick Library Board for six years and president for three.

When the Sherburnes came to Holland in 1959, Frank brought with him a love of books, a sharp wit and a desire to do a little something for others. As mathematics instructor at Hope College, he rapidly became a productive citizen, was named to the Library Board and soon was fully involved in library services and civic activities.

And Friday night, he was awarded the "Trustee Citation of Merit" for 1975 at the annual awards dinner of the Michigan Library Association in Detroit.

The dinner climaxed the association's annual convention not only for Michigan but six other states as well. Frank was a senior in high school when he became a page at the Toledo Public Library, and his interest in books continued as he attended colleges in Cincinnati and Toledo and while doing graduate work at Michigan State University. Between his first degree and graduate study he did a stint with the U.S. Army in Korea.

In presenting the award, Carol Juth Gavasso of West Olive, a librarian at Hope College and chairperson of MLA's Awards Committee, called attention to Sherburne's foresight and acumen in planned future expansion of library activities, and his assistance in obtaining revenue sharing funds not only for Herrick Library but for all Ottawa county libraries.

At home, he enjoys model railroad. The Sherburnes have a daughter, currently a junior at Hope, and a son in his sophomore year at Ferris State College. Frank attends a great many library meetings including City Council and he visits other libraries too. On top of that, he reads lot of books.

At Hope College, Frank serves as assistant professor in the Mathematics department. Besides mathematics, he teaches astronomy and has been active in the business end of the athletic program, besides filling a leadership role at Hope Reformed Church.

The project has been approved for national citation by the state committee and is now before the American Cancer Society's National Board for consideration. The project, now in its third year, enlists eighth grade science classes to urge businessmen to cover cigarette machines and suggest that smokers donate the cost of a pack to the American Cancer Society. The Spring Lake group encourages the making of posters advertising the Smoke Out Day, and where permission is given, drapes cigarette machines in black to dramatize the dangers of smoking.

The board approved the presentation of cash awards to those submitting the best posters in four divisions with a grand prize trophy presented to the school which produces the very best poster. Several board members agreed to act as poster judges and will be making their decision on Oct. 1.

ute to go Morrissey smashed in on a fourth and five. East did a good job of controlling the ball in the second half. This is the first team that has been able to hold the ninth ranked Panthers from scoring and they seemed to key in on West Ottawa's Scott Tubergan. Tubergan was able to muster only 61 yards rushing.

Monhollen intercepted an East pass in the fourth quarter but again the offense couldn't put together a scoring drive. The overflow crowd was thrilled with the fine job done by the band at halftime and also the crowning of pretty Kathy Sanger as the queen of West Ottawa's homecoming.

East's total output of yardage came by rushing, 261 compared to the Panthers 106. West Ottawa did get 41 yards passing while the Panthers were nothing for three.

Both teams have identical three wins and one loss records. The Panthers will be traveling to Wyoming Rogers in another league contest next week.

Dutch Jolt Niles For 1st Victory

By Leo Martonosi

The Holland High Dutch of Coach Ray Backus ended their three-game frustration in a big way on Parents Night at Riverview Park Friday evening by blasting Big Seven League foe Niles, 28-7.

The triumph was the first of the season for the Dutch and the first win over Niles in the last 10 meetings.

"I told you we were going to kiss somebody real soon," said a jubilant Backus after the tilt. "Our offensive line was just something else."

Holland's first win was also its first in Big Seven play and ironically it came against the league favorite Vikings.

"I'm just so proud of the way these fellows held in there all the way," continued Backus. "They never gave up all year and the other teams on our schedule better watch out now."

Tailback Rick Elzinga enjoyed another outstanding game. The 5'11 165-pound senior, rushed for 189 yards in 26 carries while fullback John Hosta showed tremendous power by gaining 88 yards in just 13 tries.

Quarterback Todd De Young ran the option well, as he picked up 58 yards in six attempts. Fortunately, Holland didn't need their usually strong passing game (17 yards and three interceptions) against the Vikes.

Holland looked like the other team that plays its home games at Riverview Park on Saturday, as they took over on their own 23 and moved 73 yards and eight plays for the game's first score. The touchdown came in their first series.

Elzinga carried the ball seven times in the drive for 64 yards. His last crack covered 22 yards and a touchdown. End Loren Schrottenboer threw the key block on the play. De Young's extra point kick was wide to the right.

A Dutch fumble gave Niles a great chance to score as they reached Holland's 11-yard line. However, first tackle Joe Fojtki and then back Ross Nykamp raced through to throw the Viking ball carrier for losses. A fourth down pass play failed and Holland took over on downs.

Elzinga turned on the gas as he swept left end and out sprinted the Niles' secondary for Holland's second TD in the second period. De Young split the up-rights to increase the Dutch margin.

With the Dutch now up 13-0, it was hard to believe that they hadn't even thrown the ball but there was no reason to, as the offensive line was opening holes big enough for a Mack truck to drive through.

Making those blocks were center Richard Walczak, guards Brian Bouwens, John Miller and Steve Hoffman, and tackles Paul Nolton and Fojtki.

Dan Molenaar came right back moments later to give the Dutch a golden opportunity by falling on a fumble on the Vikings 36.

After De Young hit Nykamp on a beautiful fourth and long situation, Elzinga tallied his third TD from the three. De Young's toe m.d.e it 20-0 with 5:37 left in the half.

With only 15 minutes to play in the half, the Vikes' Kevin Thomas bulled his way into the end zone. Tim Tyler added the PAT on a kick as the half closed with the Dutch out front, 26-7.

Just a few seconds before Niles scored, defensive end Steve Van Tongeren made a "super" defensive effort, as he threw the Niles runner to the turf for a loss of four yards.

Brad Kuipers scooped up a Niles fumble on the 18 of the Dutch. And 10 plays later, Hosta powered his way into the end zone from the one.

Hosta set up his own touchdown in the third stanza by dashing 41 yards to the five of Niles. Dennis Lawson grabbed the two point pass from De Young for the conversion.

The touchdown was actually the final score of the night but Lawson couldn't help but look like some college star after scoring, as he was kicking his

feet up and down with delight. Backus also mentioned the fine scouting job turned in by his coaches against Niles.

The entire coaching staff hope the momentum will now carry them to a homecoming win next Friday over Kalamazoo Loy Norrix.

Zeeland Just 'Super' In 42-0 Romp Over Sailors

BYRON CENTER — Super!

Super! Super! Those were the words of Zeeland's football Coach Bob Larson Friday night after his Chix destroyed South Christian, 42-0.

"We bounced back in a big way from our defeat to Godwin and showed just excellent improvement tonight," claimed Larson.

Zeeland's defense was just super as it held the Sailors to minus 13 yards rushing and negative five yards passing. Tim Busscher led the way with 10 tackles and a fumble recovery. Ron Essink and Ken Auwerda chipped in with seven sacks.

The Chix defense threw South Christian's quarterback five times for losses.

Gary Bazan led the Chix in rushing with 73 yards while Paul Vander Jagt had 61 yards and Doug Wabeke 46. Wabeke also completed six of nine passes for 102 yards.

Zeeland scored four touchdowns in the second period in less than 10 minutes.

Wabeke's 29-yard sprint gave Zeeland its first score of the night in the first period. Wabeke also ran in the PAT.

The first TD of the second period came on a four-yard run by Bazan. Wabeke went in for another TD from the one and kicked the point moments later. Wabeke passed to speedy

Scott Gmædelter for a 26-yard touchdown strike later in the period. Wabeke again added the PAT.

The Chix signal caller threw a 17-yard TD strike to Hugh Bartels and kicked the conversion to close out the first half scoring. Paul Vander Jagt bulled his way one-yard for the game's final score at the 5:07 mark of the final stanza. Terry Brinks kicked the PAT.

The family sponsored by Montello Park Christian Reformed Church, left Cambodia and reached Bangkok where they applied to live. The U.S. Embassy sent them to Utaepo and from there they were sent to Fort Chaffe, Ark. where they have been until coming to Holland.

His mother and father are still refugees and he hopes to bring them to Holland also. He has four younger brothers still in Cambodia. Shieh Suy Chuong's brother-in-law is a minister in Canada now and a sister has been accepted to live in Canada.

The children want to go to school and the brother-in-law, who is 17, has one more year of high school. He said the school system in America and Cambodia are similar.

Chau Va owned two rice mills in Cambodia and is now anxious to get work to repay for all the help they have received.

He was concerned about communications and the future, but in all he was happy to be in America.

HOMECOMING ROYALTY — This is Holland High School's Homecoming Court, one of whom will reign as queen following coronation ceremonies during Friday's football game halftime at Riverview Park.

Standing, left to right, are junior Jan Klomprens, senior Chris Achterhof and sophomore Sherry Vliem; seated are senior Deb Mulder and senior Tami Polinsky. (Sentinel photo by Mark Copier)

Homecoming Queen Will Be Crowned Friday

Holland High School is celebrating Homecoming this week, but who will reign as Homecoming Queen is a carefully-kept secret until coronation rites Friday night. One of three senior candidates will inherit the crown from last year's queen, Sherrie Poll, during half-time ceremonies of the Holland High - Kalamazoo Loy Norrix football game at Riverview Park.

The remaining senior candidates, plus representatives of the junior and sophomore classes, will serve on the queen's court.

Climaxing weeks of planning and preparation, Homecoming festivities will actually get underway with a pep rally and parade at 6:15 p.m. Friday, when the royal court will lead a procession of class floats and students down Eighth St. to Riverview Park. A pre-game show will introduce the royal candidates. A dance in the Fieldhouse will follow the game.

Members of the student body will "warm up" to the occasion today with a "car smash" on the campus and with a Friday morning pep rally — in the Fieldhouse. A car smash, incidentally, involves an old car, appropriately painted to represent Loy Norrix Knights, on which members of the student body can vent their aggressions and hostilities with sledge hammers and other appropriate "tools of destruction."

During the coronation rites, escorts for the queen and her court will be sophomore Bill De Haan, junior Steve De Vette and seniors Richard Den Uyl, Jeff Elhart and Mike Visscher.

Candidates for the royal honors are:

Deb Mulder, senior, daughter of Mr. and Mrs. Gunter Mulder, 176 West 20th St. Miss Mulder is a member of the National Honor Society, the orchestra, German Club and Dutch Dance and is active in tennis.

Tami Polinsky, senior, daughter of Mr. and Mrs. Roger Buikema, 59 West 19th St. She is an Athletic Sister, an alderman, cheerleader, member of the Boomerang staff, Dutch Dance and National Honor Society.

Chris Achterhof, senior, daughter of Mr. and Mrs. Mei Achterhof, 203½ East Eighth St. She is active in the school choir and is a Dutch Dancer.

Jan Klomprens, junior, daughter of Mr. and Mrs. Jack Klomprens, 1135 Ardmore. She is a Dutch Dancer, a cheerleader and active in gymnastics.

Sherry Vliem, sophomore, daughter of Mr. and Mrs. Sherwin Vliem, 606 West 22nd

St. She is an alderman, Athletic Sister, a statistician for reserve football and counts macrame and swimming among her interests.

Hamilton High Selects First Fall Production

The Hamilton High Theatre Department and Theatre Company has selected as its fall production Paul Sills' hit fantasy-comedy "Story Theatre," which will be performed Nov. 13, 14, and 15.

First produced in 1970 with such notables in the cast as Valerie Harper, Richard Schaal, and Paul Sand, Sills has magically concocted a mixture of Aesop's Fables, Grimm's Fairy Tales, music and humor suitable to all ages.

The play is set up as a series of 10 tales of varying lengths, some of which include old favorites as "The Fisherman and his Wife," "The Golden Goose," and "The Bremen Town Musicians." Director Al Ver Schure has designed a thrust stage that will permit viewing from three sides and

an intimacy lacking in traditional proscenium productions. The setting, costumes, and atmosphere of "Story Theatre" will all reflect the bright, gaudy face of the circus, complete with ramps, a circus ring and clown make-up.

Because the play makes actor improvisation and pantomime its most entertaining and significant aspects, players have been selected to portray varying numbers of the 60 characterizations and not as individual roles. The performers include LuAnn Barkel, Warren Billett, Earl Bowers, Nancy Bowers, Cal Busscher, Lori Eding, Toni Erwin, Pete Grondin, Bob Johnson, Audrey Kleinhessel, Rick Kookier, Kris Kruid, Mary Pastunink, Jean Schutte, Jane Vanden Belt, Paul Voorhorst and Jani Wright.

Deputy Michele Kolean . . . on the job

First Woman Deputy 'Wouldn't Trade'

By Constance Allen
Deputy Michele Kolean doesn't think of herself as a woman doing a man's job, she just sees herself as someone who is committed to work she loves.

Police work wasn't her first goal; she graduated from Grand Valley State College with a major in biology in 1969 and got her teaching certificate in 1972. After trying teaching as a student teacher and teaching aide she found that the career didn't satisfy her so she started as a clerk typist with the Ottawa County Sheriff's Department in 1973.

With her background in communications, Shelly was promoted from the typing job to dispatcher this year. She still holds that position but she decided last winter to become certified by the state for full police powers, including the power of arrest. It was with the encouragement of her co-workers that she began at the police academy at GVSC in June and finished as class valedictorian. The competition for the honor was close, according to Shelly, because everyone at the academy is interested and dedicated.

Council Okays Purchase Of Oil Tank

ZEELAND — City Council, in a special session Wednesday, approved a request from the Board of Public Works to purchase an oil storage tank but expressed concern over administrative procedures in the matter.

The 200,000 gallon tank would provide a two-week supply of fuel oil for the power plant which now has only a 60,000 gallon storage tank or a three to four day supply of oil.

The tank would be enclosed in a 60 by 80 foot retaining wall required to hold the contents of the tank in case of spillage and allow for the addition of a second tank. It would be located at the power plant on East Washington Ave.

The cost of the tank with retaining wall and necessary piping is estimated at \$55,000.

The power plant burns both natural gas and fuel oil and when natural gas supplies are not available fuel oil is burned. Generally fuel oil is used during the winter heating season.

Council approved the purchase but said the public and residents of the neighborhood should have been informed of the problem and the need for the tank.

Councilmen expressed concern with the effect on fire insurance rates for the power plant and surrounding areas and planned to request the board hold public hearings before continuing with large or unusual construction projects.

In other action Wednesday night, council approved a program by the Community Schools Council to issue Golden Ager Club Cards to persons 60 years and older or retired persons. The cards would allow them to attend free most athletic events, recreation and leisure time programs sponsored by the city or by the public and Christian schools.

City Employees Honored For Faithful Service

A demonstration of magic, memory and extra sensory perception by Dr. Barrie Richardson, chairman of the Business and Economics Department of Hope College, kept employees of the general city and Herrick Public Library highly entertained Tuesday night in Holland Christian High School.

The occasion was the third annual City Employees Recognition and Service Awards banquet. Employees are honored each year in increments of five years.

Dr. Richardson, who moves about freely in his demonstrations of concentration, said he has no supernatural powers, is not psychic and really has a terrible memory, but he demonstrated how the mind can work like a computer when it comes to card sorting.

He took a new copy of Time magazine which he had perused for 1½ hours earlier in the day, tore the pages apart, scattered them among the audience and then told what was on each page as numbers were called from the audience. His box trick with a note in an inflated balloon regarding headlines in "tomorrow's" newspaper proved to be a climax of mystery.

Police Chief Charles Lindstrom served as master of ceremonies. Mayor Lou Hallacy brought greetings from the city and City Manager Terry

Hofmeyer and Randall Vande Water, president of the Herrick Library Board, presented awards to honored employees.

Awards were presented to: 20 years — Melvin Tubergan, fire; Obert Bird, park; Peter G. Beckman, fire.

15 years — Lois Reynold, Environmental Health; Lloyd Rogers, police; Robert Rydzanca, police; Winifred Hollenbach, library; Marvin Marlink, park.

10 years — Harold Vander Zwaag, Civic Center; Alvin Buscher, street; Paul De Boer, police; Glen Elders, police; Martin Hardenberg, police; Betty Vanderlip, police; Ruth Van Klompenberg, library; Jaap de Bleocort, Windmill Island; Dirk Den Hartog, street; Clarence Windemuller, street; Carolyn Semon, library; Stanley De Vries, fire.

Five years — Joyce Keen, assessor; Linda Eakley, finance; Terry Brink, computer street; Alden Smith, street; Paul Michmerhuizen, police; Vian Oosterbaan, police; Orrie Rooda, cemetery; Dolores Van Oort, treasurer.

Decorations followed a bicultural theme. Fall plants provided by the park department were presented as gifts. The invocation was given by Councilman Ken Beelen.

Serving with Lindstrom on the committee were John Fonger, Angie Van Wylen, Ruth Verecke, Robert Sherwood and John DuMez.

Literary Club Treated To Dramatic Sketch

By Lorraine Hohl
Tuesday afternoon was the perfect combination for the opening of the Woman's Literary Club fall season when about 200 members enjoyed a salad luncheon in Phelps Hall on the Hope College campus.

After the summer recess, the members greeted each other in the lobby and then welcomed new members who were distinguished by their corsages.

Mrs. Robert Kuiper, the new president, introduced the board and Mrs. A. T. Severason introduced the guest, Mrs. Donald Blunt of Ludington.

The traumatic experience of a woman as she faces that terrifying birthday, Number 40, was delightfully portrayed by Doris Blunt.

Using as a background Mary Ward's book "Forty Plus," Mrs. Blunt actually went through the various phases of that awful morning when a blooming rose suddenly turns into a withered husk.

Using the first person in her dramatic presentation, she told of the breakfast in bed, her daughters' concern that their mother was now "the oldest mother in their room," and her doctor husband calling her "4F" — fat, 40, frustrated and forlorn.

In desperation she takes on a Brownie troop, joins a gym class and serves dinner to three doctor colleagues of her husband. She also takes on a refresher dance course. All this to prove she was "still in the pink."

Featured program at 8 p.m. will be the Van Buren County Folk Dancers. Reservations are to be made with Mrs. Carl Miller or Mrs. Kuiper by Oct. 17.
