## "Art of Skirt Making"

is the correct description of "Elite" Petticoats.

We are exhibiting in our Skirt Department the latest correct styles of the season in "Elite" Petticoats. They are all made with "Elite" glove fitting adjustable top. Fits Perfectly Over a Bustle. The "Elite" does away with the objectionable tie string and bunching around the waist, has no opening in back and particular women will always find it a perfect fitting garment.

We are also showing a great line of OVERSKIRTS made from all the latest material and the latest styles. To appreciate the good values in these garments they must be seen, and we will gladly show them to you, as we take pleasure to show goods whether you want to buy or not.

## Don't take Chances With Your Eyes.

You'll never get another pair. If they ache or burn, if after reading a short time you feel like winking constantly, or if they trouble you in anyway, let us examine them. We will stop the trouble if glasses can do it, and if not we will take no chances and do no experimenting but refer you to a competent oculist for treatment. We make no charges for examination and our prices for glasses are reasonable.

## CITY AND VICINITY.

R. Bruin has opened a general store at 147 North River street.

Hotel Holland is now equipped with fire escapes.

Fritsch & Thompson will do the plumbing for J. Wise's new business block.

John Hoek has bought a 60-acre farm located between Holland and Zeeland of Cornelius Grevengeod.

The G. R. H. & L. M. railway company will furnish electric lights for the brickyard of the Zeeland Brick company.

Contractor Bartlett has completed his contracts for sewer work for the West Eleventh, West Twelfth and Van Raalte avenue sewers.

Born to Major and Mrs. Cornelius Gardener, 13th U. S. Inf. formerly Col. 31, Mich. Vols., and 30th Vols., a daughter named Barendina after Colonel Gardener's mother.

The Drenthe Canning factory has made its first shipment of canned tomatoes to Chicago. The consignment called for 60,000 cans. The jobbers say that the quality is the very best. It is expected that 40,000 cans will be shipped within a few weeks.

The Republican county ticket is one of the best and strongest that has been named by the party in years. It is a tip top ticket from probate judge through the list to coroner, and is deserving of election by the old time majorities.—G. H. Tribune.

Dr. and Mrs. M. J. Cook will spend the winter in the west. They are now the guests of friends in Normal, Ill., and will leave that city for Portland, Oregon, the first of next week. They will return from Portland to Holland in the spring when the doctor will resume his dental practice. Dr. Van Verst will have charge of Dr. Cook's office while he is away.

The first Republican meeting of the campaign occurred last Wednesday evening, Hon. Gerrit J. Diekema of Holland, being the speaker. Although the notice was short there was a good attendance and a lively interest. Mr. Diekema well sustained his reputation as an orator capable of presenting practical facts of politics eloquently and convincingly.—Allegan Gazette.

The Grand Rapids Brewing company has purchased the Hotel Kirby of Grand Haven from Philip Roback, who has been in possession of the house for about 15 years. The Kirby house was built by the late Edward Killen in 1871 and at the time was considered one of the finest hotels in Michigan, costing about \$30,000. The new owners will put between \$6,000 and \$10,000 worth of improvements in the house and make it a first-class hotel.

A. D. Goodrich has been appointed local agent for the Pere Marquette railway in place of F. Townsend who resigned to accept a position with a firm dealers in farm implements. Mr. Goodrich is familiar with the business having been connected with the local office for 16 years and his appointment is well received by the people of Holland and especially by the business men who know that their interests will be well guarded. Mr. Ketchum, agent for the Pere Marquette company at Whitehall, will succeed Mr. Goodrich in the position of chief clerk.

A knotty problem is presented to the probate court by a peculiarity of the will of the late Mrs. Mary A. Forbes. She wrote the document herself and inserted a clause bequeathing some sum of money to Frank Henika of Petoskey, who is a nephew of Mrs. Forbes' son-in-law, but whether she meant to give him five hundred dollars or five thousand dollars is not entirely clear, for the reason that alterations were made in the word designating the amount. It looks as though she started to write "thousand" and changed to "hundred" or that she did just the opposite. Parties interested incline toward the one theory or the other, according to their advantage. Judge Williams means to submit the question to experts in chirography. It is likely there will be an appeal from his decision, whatever it may be.—Allegan Gazette.

Bud Smith is night clerk at St. Charles hotel.

Esther, the six-year-old daughter of Mr. and Mrs. J. B. Mulder, is ill with pneumonia.

Born to Mr. and Mrs. H. P. Streng, Ravenwood, Ill., Friday, October 17—a daughter.

Rev. J. T. Bergen delivered an address at the City Rescue Mission in Grand Rapids last Monday evening.

Rev. James F. Zwemer has returned from a successful northwestern trip taken in the interests of the Western Theological seminary.

Allen C. Wilmot and William G. Wilmot who a short time ago sold out their confectionary business on River street will open a grocery store in Benton Harbor November 1.

The Holland Broom Co. is the name of a firm formed by Frank Slooter and A. Pelgrim for the manufacture of brooms of every description. Their place of business is 245 East Fourteenth street.

Teachers as well as pupils of the Central school were jubilant this week over a few days unexpected vacation. It all came about because the furnaces could not be operated on account of repairs being made to the smokestack.

Mrs. Rev. John Banninga, missionary in India who has been very sick in the hospital there is slowly recovering. This news will be welcome to their many friends. We might also add that Rev. James Kruidenier, missionary in Egypt has also been very sick but is again able to get out and attend to his duties.

Charles W. Byder of Holland and Miss Sena Meyers of Fremont were married at the home of Mr. and Mrs. N. Bush, E. 9th street, at 3 o'clock Monday afternoon. The ceremony was performed by Rev. Trott. Miss Jennie Tenckling was bridesmaid and Merihew A. Smith was best man. The couple will reside in this city.

The old Hope church building which has been used for Sunday school purposes since the erection of the new structure will be remodeled and improved. The center row of pews will be taken out and chairs will be used instead. The platform and pulpit and the doors in the rear of the platform will be removed and other minor changes will be made.

John Kooyers, superintendent of city parks, has removed the perennial bulbs from the park and will store them in a temporary dug out. The park is rapidly being placed in shape for the winter months. Mr. Kooyers is going to make an attempt to keep through the winter the salvia that is one of the most attractive of the many pretty blooming plants in the park. The plants will be placed in a hot house and if it proves successful will be a month earlier next spring.

Attorney John Vennema, of Chicago, Ill., was married to Miss Sybell Meyers at the home of Mr. and Mrs. Parker Jenks, brother and sister of the bride, living at 3179 Walden street, Sheridan Park, on Wednesday, Oct. 22, Rev. James S. Ainslee officiating. Mr. Vennema was formerly one of Holland's progressive young men but is at present an attorney in Chicago and has a large practice. His offices are in the Ashland block. He is the son of the late Mr. Vennema of this city.

Friends and patrons of Miss Elizabeth DePree, graduate nurse of Butte hospital, will be interested to hear that she has accepted a professional call to Bahrain, an island of 400,000 inhabitants in the Persian gulf, adjoining the coast of Arabia. The Mason Memorial hospital, in which Miss DePree has enlisted to serve for five years, will be dedicated in November, under the auspices of the Reformed church of America. In former years the demand on the board for missionaries and teachers has been so great that they have been unable to meet the urgent needs of the sick, but again it is demonstrated, "their works are in the hands of God." A dark cloud rolled over a home in New York and its "silver lining" shone in Arabia. As a memorial to a beloved daughter, the board of foreign missions received from Mr. Mason the sum of \$6,000 with which to found the much-coveted hospital. Miss DePree goes forth to emphasize the importance of trained nursing as a complement to medical skill, and while she will be greatly missed in the local field, she is to be congratulated on this higher call to develop a modern hospital in a less fortunate land than our own.—G. H. Herald.

## THE OLD RELIABLE.

THERE IS NO SUBSTITUTE

Peter Burgh has moved in his new house on Eleventh street.

Rev. A. VandenBerg of Overisel has declined the call to the Bethany Reformed church of Grand Rapids.

Born to Mr. and Mrs. John Wolftman, 157 Central Avenue, this morning—a boy.

The physicians in Grand Haven are trying to establish a hospital in that town and are interesting the doctors in the county in the matter.

The 80-acre farm of Geo. H. Souter at Alpena Beach has been sold to Geo. Straight of Chicago, who intends using it for resort purposes.

The subject of Rev. Trott's discourse Sunday morning at the M. E. church will be "Religious Bewitchment" and in the evening "Hear Him."

The Interurban cars from Grand Rapids were crowned Sunday with excursionists bound for Macatawa to see the shipwreck of the Hattie B. Perue.

Rev. B. DeJonge, pastor of the Gelderland Reformed church at the Lake Shore, has been extended a call to the Northwestern Reformed church of Chicago.

Rev. C. C. A. L. John was installed as pastor of the Reformed church at South Haven last Wednesday. Rev. James F. Zwemer of this city took part in the installation exercises.

Dr. G. J. Kollen, president of Hope college, left Wednesday evening for Chicago in the interest of the college. From there he will go East to Philadelphia and New York.

The Regular October tea meeting of the ladies Aid society of the M. E. church will meet Tuesday, Oct. 28 at the home of Mrs. Ostema, Central avenue. Beginning at 2:30 sharp. A large attendance is desired.

J. H. Dayerman & Son have drawn plans for a two story brick building to be built by E. Vander Veen on River street adjoining the building occupied by C. D. Smith. Work on the structure will begin next spring.

Last Sunday students of the Western Theological seminary occupied pulpits as follows: Wm. Bekkering at Chicago; S. F. Biepsma at Ada; S. C. Nettinga at Muskegon and J. Steunenberg and A. B. VanZante at Grand Rapids.

Rev. A. Keizer, of Graafschap, who has accepted the call to the Ninth Street Christian Reformed church, will deliver his farewell address to his Graafschap congregation Sunday, November 2. His inaugural sermon in the Ninth Street church will be delivered Sunday, November 9. Rev. Keizer is a very able minister and his congregation in this city look forward with pleasure to his coming.

The completed plans for the new Co. G. Opera House and Armory at Grand Haven have arrived and have been passed upon by the board and accepted. The old building will completely lose its identity and when finished it will be a model Armory and finer than any small town in the state now possesses. The exterior will be greatly improved in appearance and considerable money will be expended in the re-arrangement of the interior of the house. Another story will be added to the building and the entire front will be constructed after the style followed in the armories of the cities. The front of the roof will be faced with dentils and there will be a high square tower on the southeast corner, the whole to have the appearance of an old castle. The front entrance too is a handsome piece of work and will add considerably to the beauty of the building.—G. H. Tribune.

THE NEWS IN BRIEF.

Mr. R. Bultema visited in Muskegon last week. He reported that he had a good time among his old acquaintances.

His Life in Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare, Tex., "billousness and a lame back had made life a burden. I could not eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at Heber Walsh's drug store.

Mortgage Sale.

DEFAULT having been made in the conditions of a certain mortgage made by Govert Keppel and Magdalena M. Keppel, his wife, of the village of Zeeland, Ottawa County, Michigan, to the Zeeland State Bank of Zeeland, Ottawa County, Michigan a corporation, dated the 16th day of May, A. D. 1901 and recorded in the office of the register of deeds of Ottawa County, Michigan on the 17th day of May, A. D. 1901 in liber 66 of mortgages on page 377, which said mortgage was duly assigned by said Zeeland State Bank to Daniel Ten Cate of Holland City, Michigan by assignment in writing dated the 16th day of July, A. D. 1902 and recorded in the office of the register of deeds of Ottawa County, Michigan, on the 18th day of July, A. D. 1902, in liber 67 of mortgages on page 311; which mortgage contains a power of sale that has become operative by said default and upon which mortgage there is claimed to be due at the time of this notice, the sum of sixteen hundred and six dollars and twenty five cents (\$1606.25) and an attorney fee of thirty-five dollars (\$35) provided for in said mortgage and no suit or proceedings at law or in equity having been instituted to recover the money secured by said mortgage or any part thereof;  
Now therefore, by virtue of the power of sale contained in said mortgage and the statute in such case made and provided, notice is hereby given that on Tuesday, the 21st day of October, A. D. 1902, at three o'clock in the afternoon, I shall sell at public auction to the highest bidder at the north front door of the courthouse in the City of Grand Haven (that being the place where the Circuit Court for said County of Ottawa is held) the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due on said mortgage with six per cent. interest and all legal costs together with an attorney's fee of \$35, as provided by law and as covenanted therein. The premises being described in said mortgage as follows, to-wit: All those parts of lots 14 and 15 of block 2 of the recorded plat of the village of Zeeland, according to the recorded plat thereof, described as follows, to-wit: Commencing at a point in the north line of said lot fifteen (15) thirty-four (34) feet east of the northwest corner of said lot; running thence east along the north line of said lot, one hundred ten and one half (110 1/2) feet; thence south parallel with the west line of said lot fifteen (15) one hundred ninety (190) feet; thence west parallel with the north line of said lot one hundred ten and one half (110 1/2) feet to a point which is thirty-four (34) feet east of the west line of said lot fifteen (15) and thence parallel with the west line of said lot fifteen (15) one hundred and ninety (190) feet to the place of beginning. ## A Medicine for Old People.

Rev. Geo. Gay, Greenwich, Kan., is past 83 years of age, yet he says: "I am enjoying excellent health for a man of my age, due entirely to the rejuvenating influences of Dr. Miles' Nervine. It brings sleep and rest when nothing else will, and gives strength and vitality even to one of my old age."

"I am an old soldier," writes Mr. Geo. Watson, of Newton, Ia., "and I have been a great sufferer from nervousness, vertigo and spinal trouble. Have spent considerable money for medicine and doctors, but with little benefit. I was so bad my mind showed signs of weakness. I began taking Dr. Miles' Nervine, and I know it saved my life."

### Dr. Miles' Nervine

Saved me from the insane asylum," Mrs. A. M. Heiner, of Spring Springs, Mo., writes. "I was so nervous that I could scarcely control myself, could not sleep nor rest, would forget the names of my own children at times. I commenced using Dr. Miles' Nervine and it helped me from the first, and now I am perfectly well."

Henry J. Furber, Jr., President of Olympian Games Committee, Just Returned from Europe, Says Every Field of Physical Activity of Every Nation Will Be Reproduced.

New York, Oct. 22.—Henry J. Furber, Jr., of Chicago, president of the Olympian games committee, with former Judge John Barton Payne, Laverne W. Noyes and Benjamin J. Rosenthal, directors, have returned from an extensive tour of Europe, where they went with a view to ascertaining the attitude of the nations upon the games to be held in Chicago in 1904.

"We found there was a conflict of rules," said Mr. Furber, "and secured from the Comite International Olympique its consent to allow that American rules shall govern the games. We aim in the forthcoming games to have something never before achieved. We will have, in addition to the games,

## AMERICA MUST PAY.

King Oscar, of Sweden, Decides Samoan Controversy in Favor of Germany.

New York, Oct. 22.—King Oscar of Sweden and Norway has decided the Samoan controversy in favor of Germany, says a dispatch to the Tribune from Washington, D. C.

Washington, Oct. 22.—An intimation has been received here that King Oscar of Sweden, who is acting as the arbitrator of the issues between the United States, Germany and Great Britain, growing out of the Samoan rebellion of 1899, will decide that the facts presented to him in the briefs of counsel, which have been pending for nearly a year, warrant him in proceeding to assess the damages sustained by foreign residents of Samoa as the result of the landing of a combined force of American and British sailors and marines and the destruction of property incident to the ensuing fight with the rebels.

The claims are small and it is not the amount of money involved in this approaching decision of the arbitrator that concerns the government of the United States, but rather the enunciation of a principle which if accepted as a precedent would be unpalatable, and would so seriously restrict the assertion of American rights in foreign countries in case of revolution or rioting, jeopardizing the lives and prop-

Danish Landsting Defeats the Treaty Agreeing to Their Cession.

### VOTE IS VERY CLOSE, BEING 32 TO 32.

Result of the Vote Is Greeted by Mingled Cheers and Cries of Disapproval—News Causes Little Surprise at Washington as the Defeat of the Treaty Was Expected.

Copenhagen, Oct. 22.—The landsting Wednesday rejected the second reading of the bill providing for the ratification of the treaty between Denmark and the United States in regard to the cession of the Danish West Indies to the latter country. The vote stood 32 to 32, a tie. The announcement caused the greatest excitement in the house, and demonstrations on the part of the spectators.

In voting there was one abstention, the rightists and two independent conservatives opposed the bill. Leftists and six independent conservatives supported it.

The vote was taken without any debate Wednesday, and the result was greeted with mingled cheers and shouts of disapprobation.

Crown Prince Frederick, all the ministers and many members of the diplomatic corps and members of the folkething were present. The public galleries were crowded.

### Rejection of Treaty Expected.

Washington, Oct. 22.—The state department was Wednesday advised of the action of the landsting in rejecting the treaty of cession. The action caused little surprise, for, as already indicated in these dispatches, the advice from Copenhagen indicated that the fate of the treaty hung upon the slenderest thread, and only in case the treaty could be brought to a vote before one or two members of the landsting who were ill had so far recovered as to be able to attend the sessions, would it be possible to succeed with the measure. From the press account of the vote, it appears that one of those ill members unexpectedly appeared and turned the tide. The officials here are not precisely advised as to the legislative possibilities in Denmark, but even assuming that Wednesday's action is final for the present session, they are disposed to view the situation philosophically, resting in the belief that it will only be a short time before Denmark will tire of making good a deficit in the revenues of the islands and let us have them.

### THE APPLE CROP.

The New England Homestead Estimates It Will Amount to 43,000,000 Barrels.

Boston, Oct. 22.—The apple crop throughout the country this year, according to the estimate of the correspondent of the New England Homestead, will be 43,000,000 barrels against 27,000,000 barrels in 1901. In the older established orchard sections in the middle and eastern states, the increase over last year's failure is very pronounced. In the central west there are also sharp gains, while in the southwest, a territory last year favored by exceptionally good yields, the crop this season is unusually deficient. As for quality, this is far from satisfactory in the central and western states and in New England it is very much better.

### Boers Pleased with Mexico.

Mexico City, Oct. 22.—Gen. Snymann, late of the Boer army, and Marshall Bond, of New York, who are here investigating the suitability of Mexico for the settlement of Boer colonists, are pleased with their reception by the citizens as well as by the government. They have had an interview with Finance Minister Limantour and will travel in several states examining lands. The British subjects here resident have shown generous hospitality to the Boer general.

### Strike Settled.

Pittsburg, Pa., Oct. 22.—The strike of the employees of the Macbeth-Evans Glass company (the chimney combine), which affected 900 skilled, and 3,600 unskilled men, was settled Wednesday, and work will be resumed this week. The settlement was a compromise, by which the workers accepted a six-skin rule instead of three skins, demanded by them originally. The combine is composed of five plants, located in Pittsburg, Marion, Elwood, Todd and Charleroi.

### Monitor Makes Good Showing.

San Francisco, Oct. 22.—The monitor Wyoming had her official trial trip and proved herself a better ship than called for. She responded bravely to every test applied and exceeded her contract speed by one knot. The monitor's top speed was 12½ knots. She was tested at different speeds, both going ahead and astern.

### Shot Down.

Pittsburg, Pa., Oct. 22.—S. S. Duncan, superintendent of the city hospital of Louisville, shot and probably fatally wounded Bruce Hede, a laborer on the Washburn tunnel near Crafton. Later Duncan surrendered to the police, but would give no reason for the shooting.

### Gold Coming from Australia.

New York, Oct. 22.—Lazard Freres have received advices from the London, Paris and American banks, limited, at San Francisco of the shipment of \$750,000 in gold from Australia. The gold is due to arrive at San Francisco about the middle of November.

We will define lines of athletes for men in every position in life, for a student, for an athlete and for the man whose occupation is neither one nor the other. A display of warships, with a rendezvous at Toronto and maneuvers off Chicago, also is being discussed. From promises we have received it also will be the largest encampment of troops ever held in this country. We want to make it an international encampment and to that end committees appointed by us, while in Europe, are working to secure troops there."

The tournament to be held in Chicago is the third of the series since the revival at Athens in 1896, by the king of Greece, of the games of the ancients. The meeting of 1896 was the first of the kind in 1,600 years.

### Big Gift to Jewish Charities.

New York, Oct. 22.—At the twenty-eighth annual meeting of the United Hebrew Charities, just held, it was announced that William Guggenheimer, in memory of his mother, had donated \$50,000 for the establishment of an endowment fund, and offered to give \$250,000 more if the society will raise \$50,000 additional among its members.

### Cruiser Starts for Hayti.

Washington, Oct. 22.—By orders of the navy department the cruiser Montgomery sailed Tuesday from Colon for Cape Haytien, Hayti. On the way she will stop at San Domingo City, as it has been reported that a revolutionary movement has developed in that neighborhood which may involve American interests.

### Oldest New Yorker Dead.

erty of our citizens, that it would amount to the total withdrawal of protection. This can never be admitted, and so it may be positively stated that, while the United States government will accept the arbitration loyally and pay any damages assessed against it, it will utterly refuse to be bound by such a principle or to recognize it as establishing a precedent.

### Motorman Held Responsible.

Boston, Oct. 22.—In a report upon the accident in which President Roosevelt's bodyguard, William Craig, was killed and the president and Secretary Cortelyou were injured at Pittsfield last month, made public Wednesday, the board of railroad commissioners find the responsibility for the accident rests with the motorman of the electric car which ran into the president's carriage. Euclid Madden was the motorman. His name is not mentioned in the report.

### Woman with Sewed Heart Will Live.

New York, Oct. 22.—Mrs. Annie Kingsley, a stab wound in whose heart was sewed up with six stitches, at Bellevue hospital, is progressing satisfactorily and is expected to recover. Her husband, who is held by the police, has been remanded to await the outcome of the remarkable surgical operation.

### Baltimore Physician Suicide.

Baltimore, Oct. 22.—Dr. Frederick Roland Nordman, a popular Baltimore physician, well known here and elsewhere, committed suicide at his home Wednesday by shooting himself through the head with a revolver. He had been in a state of melancholy for some time, brought on by protracted illness.

### Ohio Legislature Adjourns.

Columbus, O., Oct. 22.—The Ohio legislature adjourned at noon Wednesday, after a session lasting from August 25. The chief matter considered was the Nash municipal code which passed the legislature Tuesday afternoon, and the bill was signed Wednesday morning, and is now a law.

## REPUBLICAN RALLY!

Lyceum Opera House,  
Saturday Eve. Nov. 1st

Congressman William  
Alden Smith

Will Deliver An Address  
On The Political Issues  
Of The Day.

### Get Out the Vote.

November 4 will be election.  
What will be the result?  
The Republicans will win—at least so the indications at this time read.  
But will the majority be large enough, will the victory be sufficiently decisive to announce to the world where Michigan stands on the great issues now before the people?

This all depends upon whether the vote "comes out" on election day.  
Do you like the business conditions as they are today? If you do, then turn out on election day and cast a Republican ballot for their continuance.

Do you approve of the safe, conservative and representative state administration, with the record that is free from scandal and with a reduction of a million dollars in the tax levy for the coming year as compared with last year? Then turn out on election day and say so with a republican ballot.

Do you believe it to the city's interest to have in the legislature next winter men of experience, ability and tried fidelity? If you do, say so with a Republican ballot on election day.

The prospects are bright that the Republican ticket throughout will win, but never yet has a victory at the polls been won without the votes. It is important that every citizen should turn out, that every voter should go to the polls. This is an "off year," it is true but the stakes are as high as on an off year, though, perhaps, not so conspicuously displayed, as in the year of a national campaign. The maintenance of Republican good times hangs in the balance, while a vote for the Democrat ticket will be voicing a demand for a change.

The all important duty on election day is to get out the vote, and every loyal citizen should take upon himself his share of the duty.—G. R. Herald.

Farmers of Livingston county are heavily handicapped by the want of help to dig potatoes and husk corn. These kind of reports are coming in from all over the state, in fact from nearly every state in the Union, plenty of work but no one to do it. Who says prosperity is not here?

### This Faithful Public Servant Should Be Elected By An Increased Majority.

If the true value is placed on faithful public service the people of Ottawa county will give Henry J. Dykhuis, candidate for sheriff on the republican ticket, deserved indorsement in the shape of an overwhelming majority on election day. His record in the office of sheriff for the last two years is second to none in the state and it is recognized throughout Michigan that Ottawa county has an exceptionally good official.

Cases demanding unusual attention have come before Sheriff Dykhuis for solution but there is not a single instance where a mistake in his judgment has proved detrimental to the welfare of the county. On the contrary there have been numerous instances when his courage, his perseverance, his ability in ferreting out crime have brought criminals to the bar of justice. Right at the beginning he was confronted with a murder case that baffled the skill of the best detectives and threatened to remain forever a mystery. But Dykhuis worked early and late. His previous experience as an officer was brought into requisition and it was not long before the searchlight of truth was thrown on the whole transaction and

HENRY J. DYKHUIS.

the murderer after being found guilty, confessed the crime practically as proved by Sheriff Dykhuis' force.

Other cases calling for good judgment and fearless action might be cited but suffice to say that not a failure can be marked against his record. All his good work has been done with comparatively small expense to the county and the members of the board of supervisors have no criticism to offer his bills.

Sheriff Dykhuis is well known in this city. He served as city marshal in a manner that brought to him an overwhelming majority for re election and paved the way for his entrance to the office he now holds.

His first experience as an officer was gained in Montague where he served so well that the leading men of that city are a unit in the declaration that he was the best officer that village has known.

Mr. Dykhuis was given a handsome majority two years ago and this year it should be increased in order that the people might know that faithful public service is rewarded by the conscientious voters.

### The Republican Nominee For County Clerk, Fremont Brown.

Fremont Brown, Republican nominee for county clerk, has been for years an active working republican and respected by all who know him. He was born in Polkton township, October 10, 1856, on the farm now owned by Lucius Peck, and his boyhood days were spent in Coopersville and vicinity. Early in life he manifested a tendency to become a business man, and leaving the farm, he secured a clerkship in Graham Watson's store in Coopersville, where he remained for nine years.

FREMONT BROWN.

In 1879 he moved to Nunica, engaging in the mercantile business there and in 1883 he entered into partnership with his father and built and successfully operated a grist and sawmill, until two years ago, when the mill was destroyed by fire, leaving him practically penniless as he carried

no insurance owing to the high rates. This was a serious blow to him, but his many friends rallied to his support and he again engaged in the mercantile business.

Mr. Brown is held in high esteem and respect, not only in his home town but in the county at large where he has a wide acquaintance. He comes from a township always republican, that had not been recognized by the party in thirty years. He has for ten years been a member of the Board of Supervisors, and is one of those unassuming gentlemen who make friends and retain them. His name is a synonym for honesty, integrity and uprightness and his nomination at the hands of the Republicans to the office of county clerk, is a high endorsement of his political career and private life. Springing from the ranks of the common people and proud of his origin, he pledges himself, if elected, to devote his highest energies to the protection and furtherance of their welfare.

### Network of Rural Routes.

Authority was received this morning by Postmaster Van Schelven from the department at Washington authorizing an extension of rural free delivery from the Holland post office by the establishment of five additional new routes. The service to commence Saturday, November 15. This number with those heretofore established makes the number of free rural delivery routes emanating from the Holland office, seven. The lines of said routes as re-arranged is as follows:

Route No. 1 includes the Macatawa Bay road up to Macatawa postoffice then south to Graafschap and Gibson offices.

Route No. 2 remains as heretofore established taking in New Groningen, Noordeloos, New Holland, Crisp, Ottawa Center and Ottawa station.

Route No. 3 covers the territory between here and East Saugatuck. Route No. 4 takes in the territory due north of Holland City as far as Names corner.

Route No. 5 includes the territory southeast of the city heretofore served by the May post office and beyond.

Route No. 6 starts in at Grand Haven bridge, the north side residence district along the north shore of Macatawa Bay thence along the main Lake Shore road to Ventura.

Route No. 7 runs southeast to and beyond Overisel post office.

The establishment of the above routes may carry with it a discontinuance of some of the smaller offices located along the line of the several rural free delivery routes and of the star routes connecting them with the Holland post office.

### Should Not Question Mayor's Motives.

The Zeeland Record in its issue of this week makes an unfair reflection on the motives that actuated Mayor C. J. De Roo of this city to appoint a committee to solicit funds to aid the strikers in the coal regions. The article intimates that it would be better to aid the men who do not belong to unions and the poor than to aid the strikers in the struggle for their rights. Its main purpose seems to be a desire to convey the impression that Mayor De Roo is not sincere, but on the contrary is influenced by selfish political motives. The article closes as follows:

"Aid to the strikers, while large sums are being sent them by the labor unions and there is no absolute want among them, is, at this time simply political demagoguery and claptrap. It will be looked upon by those that look below the surface as a trick of the cheap politician to draw attention to himself and an attempt to gain a few votes for a party undeserving of any support."

Mr. DeRoo is so well known in this community and the above imputation is so wide of the mark that it is scarcely necessary to point out the falsity of the estimate placed on his character. Nothing was farther from the mind of Mr. DeRoo than politics when he appointed that committee. It will be remembered that he was one of the men whom Gov. Bliss appointed as a delegate to the convention held in Detroit to consider ways and means of relieving the people of the coal famine caused by the strike. On his return from that convention acting in accordance with the sentiment that prevailed there, Mayor DeRoo called a meeting of the common council, and the council passed a resolution providing that the mayor appoint a committee to raise a fund for the aid of the strikers, on the theory that if the coal operators were shown that the people were determined to give the miners moral and material support the strike would be brought to an end. Other cities had done the same

thing, and this aid made it possible for the underpaid miners to stand out against oppression, to win a righteous battle—a battle waged in order, as Mitchell says, that the children of the strikers might have better treatment than was accorded the strikers.

Mayor DeRoo had the welfare of the country and the cause of the oppressed workmen at heart when he appointed the soliciting committee, not a thought of politics entered his mind, and it is extremely poor taste to question his sincerity.

### Board of Supervisors.

The members of the board of supervisors were greatly pleased with the condition in which they found the county institution and speak in high terms of the superintendent.

At Monday's session of the Supervisors, Supervisor Pruim of Spring Lake was called to the chair in the absence of Chairman Van Loo. A petition from Sheriff Dykhuis asking that the rate of board at the jail be raised to 50 cents a day was referred to the chairman of Finance. The sum of \$105 was allowed for nursing smallpox patients at Holland.

The Muskegon county supervisors arrived at 1:49 on the electric road and were the guests of the Ottawa board during the afternoon. All of the Muskegon board were present except six and they were accompanied by Sheriff R. B. Payne, H. B. Carr, county school superintendent of Whitehall, Attorney C. S. Marr, secretary of the Union Fair Association, W. J. Carl and representatives of the press. On the way over, the visitors made a careful inspection of the interurban line and carefully looked over the Ottawa county court house on their arrival there. In the Supervisor's room, a social session and smoker was held and the afternoon was pleasantly spent.

A committee was appointed to ascertain the cost of refitting the wood work on the interior of the court house, the committee to report at the January session of the board. The committee appointed at last session of the board to get prices on placing book racks in the county offices reported that racks could be secured for \$175.

In response to an invitation extended by the county clerk of Muskegon the members of the board were the guests of the supervisors of that city yesterday.

### Kelly and Chamberlain Address Republican Club.

Last Monday night Senator Wm. D. Kelly and Attorney Dan F. Chamberlain of Muskegon delivered addresses at a meeting of the Holland Republican club held in DeGronowet hall. Senator Kelly in a short speech made a hurried sweep of the political field and in convincing manner showed that a continuance of the Republican party in power was necessary for the continuance of prosperity. He touched briefly on state issues and proved conclusively that the republican administration of state affairs was honest, safe and conservative and that the republican policy was conducive of good to every person in the commonwealth. As a proof that Gov. Bliss' management of finances was economical he cited the fact that state taxes for the current year have been reduced nearly one million dollars. Senator Kelly emphasized the fact that "the campaign this year is of no less importance than the campaign of two years ago and that voters should remember this and turn out at the polls."

Attorney Chamberlain paid particular attention to national issues holding that Prosperity and Republicanism went hand in hand and that Panic and Democracy were very closely related. He admonished all to show their indorsement of Theodore Roosevelt by giving the republican ticket a heavy majority.

### General Items.

There is a man in Hastings whose wife gives him a blowing up every time he is out late at night. Recently he went home late and took with him to his bedroom an umbrella. There was a bright light burning and as he raised his umbrella his wife exclaimed, "Why, Henry, what are you doing with that umbrella?" "Well," said Henry, "I expected a storm and came prepared for it." Ever after that he could go home and to bed in peace.—Olivet Optic.

Says the Fennville Herald: "Len Truax wishes to inform the person who stole his coil of barbed wire that if he will bring it back he will present him with a good one. The above mentioned wire being too poor to steal."

Farmers east of the village are entering complaint about the young men of Reading who sit up with Hillsdale maidens until their heads get muddled so they get lost on the way home and rout out said farmers in the wee hours to find "where they are at."—Reading Hustler.

The Century club opened its social season auspiciously by a very good meeting at the home of Attorney and Mrs. Arend Vischer last Monday night. The festive part of the program began early in the evening when carryalls called at designated points to transport the members to the meeting place. About 80 attended and found that the program proved interesting and profitable. Miss Kittie Doesburg was first on the program and rendered a piano solo in pleasing style. A paper by Attorney J. C. Post on "What would make Holland a More Desirable Place?" aroused considerable discussion of an instructive character. Miss Grace Yates sang in an artistic manner "Who'll Buy My Lavender." The next meeting will be held at the home of Mr. and Mrs. R. N. DeMerrill.

Allegan Press: At the home of the groom's parents, Mr. and Mrs. Albert Renick, Wednesday evening, occurred the wedding of Miss Gertrude Olthuis of Holland and Frank A. Renick of Zeeland. Welcomed Rev. Adam Clark.

The Marshall Daily Chronicle has the following regarding the welcome extended Rev. Adam Clarke who assumed charge of the M. E. church at that place:

"The parlors of the Methodist church were transformed into a scene of loveliness last evening by the Ladies' Aid and Epworth League. Easy chairs, rugs, draperies, sofa pillows, flowers, potted plants and beautiful autumn leaves with bunting artistically draped made a very pleasing effect.

About 200 people assembled to join in welcoming Rev. Adam Clark and wife to our city and the church.

Greetings were given by Rev. Hobson, of the Christian church, also Rev. Kearton of the Episcopal church. Ernest Burnham spoke in behalf of the young people of the Methodist church. E. Marble in behalf of the laity. Mrs. C. T. Cook represented the W. C. T. U. in a most worthy manner. Rev. Getchell spoke in behalf of the clergymen of this city. Rev. Allen in behalf of law and order of our city. Rev. Hamilton being out of the city was unable to be present. Rev. Clarke responded in the most warm hearted and appreciated words. Mr. Harry Vernor very ably acted as toastmaster of the evening. Delicious ice cream and cake were served."

College Lecture Course The Best Offered.

This year's Hope college lecture course is a good one. It is without doubt the strongest course yet offered the people of Holland, and one of the best courses in the state. One need but look over the program of artists secured to prove that the course for this season is exceptionally fine.

The course is comprised of six numbers, two lectures, two entertainments and two musicals.

The lecturers are Senator J. P. Dolliver of Iowa and Col. Geo. W. Bain of Kentucky. The Hon. J. P. Dolliver is recognized the most brilliant orator in the United States senate and probably has no peer as orator in this country. Col. Bain is a very popular platform lecturer and is greatly desired by every course for his sparkling wit, his deep pathos and fascinating flights of eloquence.

Leland T. Powers, the prince of impersonators who has once appeared in Holland and given such entire satisfaction and Prof. S. G. Clark of the University of Chicago are the two entertainers. Leland T. Powers will render Charles Dickens' greatest story, David Copperfield and Prof. Clark will delight his audience with "Ulysses" the masterpiece of Stephen Phillips, the modern Shakespeare.

Lovers of music will be delighted to learn that the two musicals secured are no less than the famous "Roney's Boys" and the Gifford Marx Kober Concert Co.

The management has taken utmost pains in choosing the numbers of the course and is fixing the dates of their appearance. In accommodation to the business men Tuesday and Saturday evenings have been avoided. The "Roney's boys," the first number in the course will appear at Winant's chapel, Monday evening, Nov. 3. Tickets will be on sale at Hardies' on and before Oct. 29.

Of the "Roney Boys" who will open the Hope college lecture course with an entertainment Monday evening, November 3, the Saginaw Courier-Herald has the following: "It seems impossible for those who have heard Mr. Roney's Boys to speak of them in terms of moderation. Audiences go away almost beside themselves with enthusiasm over their magnificent voices and artistic work. 'It is simply a revelation,' was a frequent remark."

Do not fail to see the new dress goods and waistings just received at John Vanderluis. Corduroys in all the popular shades. Also a line of Ladies Sweaters.

Everything needed in the house in the line of furniture may be obtained at James A. Brower's furniture store and you will make no mistake if you do purchasing there. A solid oak bedroom suit of 3 pieces with large 24x30 bevil glass may be obtained for \$18.00; a six foot extension table very strongly made for \$4.50 and a cobbler seat rocker for \$1.95. Besides these there are offered everything stylish and durable in the line of carpets, window shades, linolium and draperies. Just think how much one good piece of furniture would add to the attractiveness of your house and then think of Brower's store on River street.

Additional Local

Edward and Benjamin Glerum, of LeRoy, Mich., who have been the guests of G. J. A. Pessink and wife, have returned home.

Mrs. G. J. Lokker has returned to her home in Muskegon after a pleasant visit with her sons and daughters here.

The H. Iton correspondent to the Muskegon Chronicle says: "Chris Sorenson has broken ground for a large grain and storage elevator east of the railroad depot. The construction of the building will be rapidly pushed forward, and it is reported that a contract has been made with the Walsh DeRoo Milling Co. of Holland for the purchase of all kinds of grain for shipment to their mills."

Castle Lodge, K. of P., No. 153, will throw open the doors of its new hall in the Visscher block next Thursday evening, Oct. 30th, when the new members of the lodge will entertain their friends at a reception. Invitations have been issued and the responses already received indicate that there will be a large crowd present. Messrs. G. A. Kanter, C. J. De Roo and G. E. Kollen are on the reception committee.

The Rev. Henry Beets, pastor of the "LaGrave Street Christian Reformed church of Grand Rapids, has received a call from his denomination to become educational agent for the Grand Rapids Theological Seminary. It is the plan of the Christian Reformed denomination in the state to place the theological academy on a more pretentious basis; to make it a college with an enlarged curriculum and a wider field of work and it is proposed to raise for this purpose an endowment fund of \$100,000. Part of the work of the educational agent would be to collect the fund, and it is thought that the greater portion can be raised in this city. The offer indicates the confidence which this denomination places in Mr. Beets' ability and it would mean a wider field of work for him.

An old citizen of Grand Haven says that many years ago, down near the bend of the river where the electric light plant now stands, was an old block house, near which the Indians of western Michigan annually camped to receive their yearly allowance from the government. Money, blankets and food were then distributed among them. It was a great occasion too, for this then small burg as it left a goodly sum of money with our merchants.

WHAT THE NEW YORK WORLD OF SUNDAY, SEPT. 7, SAYS ABOUT "MALTA-PURA."

MALTA-PURA.

The recent output of the Battle Creek Health Beverage company is expected to attract general attention throughout this country. The medical department has prepared from the formula furnished by the celebrated German chemist, Prof. Kurtz, a tonic with malt as the basic stimulant. It is in liquid form, is sold for medicinal as well as family purposes and besides being exceedingly agreeable to the taste, affords an invigorating tonic to the system. As a medical tonic equally as a pleasant drink it is sure to become very popular. It has been found to be successful in all pulmonary troubles, as an aid to digestion and in cases of consumption, la grippe and pneumonia. A great point in favor of this tonic is that it possesses none of the deleterious effects usually found in stimulants. Malta-Pura has only been on the market a few months, but it has entered at once into wide popularity, making an enlarging of the plant necessary. As it is absolutely unique as a tonic, it is sure to occupy a place all its own and has already found great favor upon the social buffet as well as the sick room. The city of health foods is a fitting place for the manufacture of this unusual health drink. The company is now prepared to fill orders throughout the entire country. It is unusual for any tonic to receive such unanimous indorsement from medical as well as social circles as has Malta-Pura. For sale by druggists. 37-tf.

## FROM IDLENESS TO WORK

**Anthracite Region Transformed to a Busy Hive of Activity as Miners Resume Operations.**

### THOUSANDS OF MEN ARE PUT TO WORK

**Mines Being Repaired and the Collieries Being Placed in Condition for the Mining of Coal—Many Men Disappointed in Not Getting Back Their Old Places.**

Wilkesbarre, Pa., Oct. 22.—Thousands of men began work Wednesday repairing the mines and placing the collieries in condition for the general resumption of coal mining which will take place throughout the anthracite region Thursday. Those men who are directly engaged in cutting and handling coal will not under the decision of the convention return to the mines until Thursday.

**Many Unable to Get Back.**  
While there were thousands of men who were able to again begin earning their daily bread Wednesday, there were hundreds who were disappointed when they applied to the superintendents of the collieries where they were formerly employed. They were principally steam men, engineers, firemen and pump runners who struck on June 2 for an eight-hour day, and also to help the miners to win their battle.

These men wanted their old places back, but in many instances the company officials refused to discharge those who stood by them during the strike. There were many in the Wyoming valley, however, who were fortunate enough to find employment. The company officials maintain they will not discriminate against union or non-union men, and that work will be given all when there are vacancies.

During the strike the companies were compelled to employ many incompetent men to help keep the mines free from water, or from "squeezing," as a result of the lack of proper timbering. The majority of these workmen are still in the employ of the companies, and the strikers feel they will gradually be dismissed and the more competent workmen engaged. A mine worker who came into the union headquarters from South Wilkesbarre said:

"The superintendents are turning down a good many men on the ground that they are not needed. This is only a bluff, and they will be glad to get our men in a day or two. The workmen they have are in most cases green, and won't be tolerated about the collieries when the miners begin working full time to catch up with the demand for coal. The companies will not take the risk of having men killed or mines wrecked through the mistake of some new man."

Although the strike is over, the path of the non-union workman is still a thorny one. They are disliked by the unionists, and it is not expected the relations between them will be improved when they get into the mines together. Reports were received here Wednesday that scores of non-union men have given up their positions and are leaving the region.

**Mitchell Preparing Miners' Case.**  
President Mitchell Wednesday began the work of preparing the miners' side of the case for presentation to the arbitration commission. He will be the leading representative of the workmen before the tribunal, and will gather around him such experts in anthracite mining as will be necessary to properly present his case to the commission. He said Wednesday he did not know when he would make his first appearance before the commission.

**Eager to Return to Work.**  
Pottsville, Pa., Oct. 22.—The striking miners are ready and eager to return to work, now that the strike is declared off, but several of the collieries in the Schuylkill region are not in condition to resume full handed, and some workmen will be obliged to wait for several weeks, and perhaps months, before they can be reinstated. This number, however, will be comparatively small. It will require some days, too, to clean up gangways at the mines that are fit to be operated before any quantity of coal can be shipped.

Many of the pump runners, engineers, and others have already returned to their posts and are working. Indian Ridge colliery, at Shenandoah, resumed Wednesday.

**Dynamite Outrage.**  
Pottsville, Pa., Oct. 22.—The homes of Mrs. Harry Schrodinger and Charles Schiery, at Port Carbon, Pa., were badly damaged by dynamite Wednesday morning. The house of Peter Weaver escaped a similar fate because the fuse to the explosive did not burn its full length. Mrs. Schrodinger's two sons and the other men named were non-union workmen, and the deed is charged to strike sympathizers.

**Governor Protects Soldier.**  
Harrisburg, Pa., Oct. 22.—Gov. Stone Wednesday requested Attorney General Elkin to appear with the judge advocate generals of the division and the Second brigade, before Judge Maer at Pottsville next Monday and resist the application which has been made for a writ of habeas corpus on Col. Rutledge, of the Eighteenth regiment, for the surrender for trial of Private Wadsworth, who is charged with shooting William Durham at Shenandoah while on sentry duty. Mr. Elkin and his associates have been directed by the governor to make answer as to the facts and resist the issuance of the writ. The governor says he expects the judge will refuse the writ, as the guard officials contend that Private Wadsworth was simply obeying the or-

ders of the officer of the guard when he fired the shot that killed Durham. The governor was in consultation on this matter, and the question of withdrawal of the troops from the mining regions.

**John Markle in Line.**  
Hazleton, Pa., Oct. 22.—John Markle, of Jeddo, the independent coal operator, Wednesday made the following statement:

"There seems to have been a question as to our position regarding the arbitration commission. We will abide by the decision of that commission under the conditions set forth by the presidents of the large coal corporations."

**All Accept Appointments.**  
Washington, Oct. 22.—Acceptances have been received by the president from all the members of the coal strike arbitration commission. Each one has indicated his intention of being present at the preliminary session of the commission to be held here on Friday morning.

### ELEVEN PERISH IN FIRE.

**Burning of Sugar Refinery at Chicago Accompanied by Terrible Loss of Life.**

Chicago, Oct. 22.—Six bodies are still buried in the ruins of the Glucose Sugar Refinery company, West Taylor street and the river, according to the revised count.

Five bodies have been recovered. Two of them are at O'Brien's morgue, 172 Blue Island avenue. One of them has been identified as Edward Steinke.

Two unidentified bodies are in the county morgue.

Of the 17 men who were reported missing early in the morning, four have been partly accounted for. Frank Rothenberg, 186 De Koven street, who was reported killed, has turned up all right. He made an early escape from the flames.

The fire originated in what is known as the dry and oil room of the concern in a building beside the main plant. So quick was the spread of the flames that the workers in the lower floors with difficulty escaped with their lives, and the escape of the workers higher in the building was cut off by the flames. Some escaped by hurriedly descending fire escapes.

The fire began in the engine room of the dry house building. It then spread to the starch and dry feed house, about 100 feet distant. The main building was drenched with streams of water from engines and fireboats and was not destroyed. The loss it is estimated will approach \$500,000.

### THROUGH A BURNED TREESTLE.

**Passenger Train on the Big Four Road Wrecked Near Parker, Ill., But Few Are Injured.**

Cairo, Ill., Oct. 22.—Passenger train No. 2 on the Big Four went through a burned trestle near Parker and 40 passengers escaped with only slight injuries to a few. The train, composed of baggage and two passenger cars, left Cairo at three o'clock with Conductor Theodore Andrus, Engineer John Connors, Fireman L. J. Barth and Mail Agent W. M. Harris. When going 20 miles an hour, Engineer Connors saw smoke ahead where the trestle was located. He immediately shut off steam, reversed his lever, applied the air brake, and with his fireman jumped. The engine plunged 15 feet into the ravine. The baggage car followed. The two passenger coaches left the track, slid down the embankment and turned over. The injured are: Messenger A. J. Venowine, bruised; Mail Agent W. M. Harris, hurt in left arm and cut about left side; Conductor Andrus, slightly cut; News Agent Al Morgan, leg hurt; T. J. Rushing and Fritz Hagey, traveling men, of Cairo, slightly injured.

Bertha Sellar, Parkersville, Ill., internally; Rachel Welty, Tura, Mo., back sprained; Martin Kirkwood, Lawrenceville, Ill., scalp wound; W. H. Pursell, Eldorado, Kan., shoulder cut.

**Carnegie Reinstalled as Rector.**  
St. Andrews, Scotland, Oct. 22.—Andrew Carnegie was formally reinstated as rector of St. Andrews university in the presence of a large and brilliant assemblage, over which Principal Donaldson presided.

The honorary degree of doctor of laws was subsequently conferred by St. Andrews on Mr. Carnegie, Ambassador Choate and White, Prof. Alexander Graham Bell, of Washington, and Henry White, secretary of the United States embassy in London.

**Kansas Educator Dead.**  
Lawrence, Kan., Oct. 22.—William C. Spangler, acting chancellor of the University of Kansas in 1889 and 1890, and again from 1900 to 1902, died Wednesday of consumption. He had been in failing health for many months. Mr. Spangler was born in Illinois in 1859, and came to Kansas in 1870. He was graduated from the Kansas university and was connected with it at various times as law school lecturer and twice as regent.

**Victim of Mysterious Assault Dies.**  
Washington, Oct. 22.—After hovering between life and death since last December, Mrs. Ada Gilbert Dennis, the victim of one of the most mysterious assaults in the history of the District of Columbia, died at the Garfield hospital, in this city. With her death the last hope of the solution of the mystery has disappeared.

**Made a Bank President.**  
New York, Oct. 22.—C. H. Allen, former governor of Porto Rico, has been elected president of the Appleton national bank, according to a Times special from Lowell, Mass.

**Perpetrator of a Heavily Dead.**  
New York, Oct. 22.—George Hull, who built the "Cardiff Giant," is dead here, says a Binghamton (N. Y.) dispatch to the World.

## THOUSANDS OF ALIENS.

**Annual Report of Commissioner of Immigration Gives Some Interesting Statistics.**

### MOST OF NEWCOMERS ARE ITALIANS.

**Austria-Hungary and Russia Follow in Shipments to America—Large Proportions of Arrivals Are Not Able to Read or Write—Amendment of Laws Asked For.**

Washington, Oct. 20.—The annual report of the commissioner of immigration shows that of the 648,743 immigrants who arrived in the United States during the last fiscal year 466,369 were males and 182,374 females. Of the entire number of arrivals Italy supplied 178,375, an increase of 42,379 over the number for 1901; Austria-Hungary, 171,989, an increase of 58,599, and Russia, 107,347, an increase of 22,090. Most European countries showed an increase, but there was a falling off in the arrivals from Ireland amounting to 1,423, the total from that country being 29,138. The figures concerning Asiatic immigration show a decrease from China of 810, the total being 1,649, an increase from Japan of 9,001, the total being 14,270, or 170 per cent. Of the entire number arriving 162,188 were unable to read or write, but 74,063 were under 14 years of age. Commenting upon this circumstance Commissioner Sargent says:

"It can be roughly estimated from the foregoing figures how effective in excluding aliens would be a reading test such as that proposed during the recent session of congress, which would not be applied to children under 15 and adults over 50."

### PAUPERS NOT ADMITTED.

The total number of aliens refused permission to land was 4,974, or about two-thirds of one per cent. of the total arrivals. Of these 3,944 were paupers, 709 had loathsome diseases, 9 were convicts and 275 contracted laborers. Referring to the rejection of those coming under contracts the report says:

### Necessity for Legislation.

"The increase of alien immigration has been not quite one-third over that of 1901, but the comparative increase of diseased aliens for the same period has been more than two to one. The same races which exhibited the largest number of diseased persons last year maintain their preeminence in this respect for the year under consideration. "These figures show conclusively the necessity for legislation which shall inflict upon transportation lines, which have the means of protecting themselves from the effect of a violation of the law by competent medical inspection at the port of foreign embarkation, a penalty proportioned to the gravity of the risk to the health of the American people for bringing diseased aliens to ports of this country. The present penalty is the mere return of the diseased alien at the cost of the offending line. This, however, is virtually no penalty."

### VICTIMS OF FIRE.

**Lives Lost in a Blaze That Destroyed a Large Glucose Plant in Chicago.**

Chicago, Oct. 22.—Five bodies in the morgue, a score of employees missing, some of whom are thought to be dead in the ruins, seven or more injured and a property loss estimated at \$400,000, is the record of a fire that was discovered shortly before midnight in the plant of the Corn Products company, West Taylor street and the river. A terrific explosion wrecked the building a few minutes after the fire started.

At three o'clock this morning the loss of life could not be estimated accurately. Some of the firemen said that probably as many as six bodies were still buried in the ruins of the six story "annex" to the plant, where the fire occurred. All the victims lost their lives in an attempt to jump from the upper stories into the life nets that were being held below.

**New Counterfeit.**  
Washington, Oct. 20.—The treasury department has detected a new counterfeit \$10 United States note of the series of 1891. This counterfeit is a lithographic production on two pieces of paper between which silk threads have been distributed. The portraits of Clarke and Lewis and the picture of the buffalo are blurred and scratched. All the lathe work is very bad.

**Returning the Money.**  
Cincinnati, Oct. 21.—During the war with Spain W. Rankin Goode, the boy orator of this city, raised over \$8,000 by popular subscriptions for a battleship to be called "The American Boy." Ex-United States Attorney John W. Herron is now returning the money to the subscribers.

**Coal Lost.**  
Petersburg, Ky., Oct. 21.—The towboat Pacific, No. 2, with 18 barges of coal for Louisville, had her tow wrecked at Powder creek in the Ohio river. Seven of the barges, containing 100,000 bushels of coal, were sunk. Three men narrowly escaped death.

**Convicted After 31 Years.**  
Evergreen, Ala., Oct. 17.—In the circuit court Albert Brown, colored, has been found guilty of killing Levi Brown in this town in 1871 and sentenced to prison for life. The accused is a gray-haired man, 66 years old.

**Race Riots.**  
Littleton, Ala., Oct. 20.—Three white men and eight negroes have been killed in race riots here caused by a crowd of negroes attacking a white woman.

McBride, whose term of office will expire December 31st, 1902; two Circuit Court Commissioners in the place of George E. Kollen and Charles E. Soule, whose terms of office expire December 31st, 1902; two Coroners in the place of John Martenbrook and Thomas J. Kiel, whose terms of office expire December 31st, 1902; and one County Surveyor in the place of Emmet H. Peck, whose term of office will expire December 31st, 1902.

You are further notified that at said election there will also be submitted to the electors of the state the following amendments to the Constitution of this state:

1. A proposed amendment to Section thirty-five of Article IV of the Constitution, relative to the publishing of all the general laws of any session in a newspaper, and the compensation to be received therefor;

2. A proposed amendment to Article IV, of the Constitution, by adding a new section thereto, to stand as Section forty-seven, empowering the legislature to enact a law imposing indeterminate sentences as a punishment for crime, and to provide for the parole and return to prison of persons imprisoned on such sentences.

You are further notified that at a meeting of the common council of the city of Holland, held on the 18th day of September, A. D. 1902, the following preamble and resolutions were duly adopted, viz:

Whereas, in the opinion of the Common Council, the City of Holland is in need of gas works for the purpose of supplying the inhabitants thereof with gas and other gas house products for lighting, heating and motive power purposes;

And whereas, there is a strong and generally expressed desire among the people at large for the establishment of gas works in this city;

Therefore it is hereby resolved,

(1) That the Common Council of the City of Holland create and establish a municipal plant for the purpose of manufacturing, distributing and selling gas and other gas house products to the inhabitants of the city for light, heat or motive power purposes in the City of Holland.

(2) That the sum of money necessary to be raised for the construction of said gas works, including the necessary piping and connections, is hereby determined at \$50,000.

(3) That it is hereby further determined and proposed that said amount of \$50,000 be raised by loan and that for the purpose of said loan, bonds of the City of Holland be issued in the sum of \$50,000 in manner as follows, to-wit: Fifty bonds in the sum of \$1,000 each with interest coupons attached thereto, said bonds to be designated as "Series 'A' Gas Works Bonds" and to be numbered 1-23-4-5-6-7-8-9-10-11-12-13-14-15-16-17-18-19-20-21-22-23-24-25-26-27-28-29-30-31-32-33-34-35-36-37-38-39-40-41-42-43-44-45-46-47-48-49-50 respectively and to be made payable February 1st, A. D. 1933 and to draw interest at a rate not to exceed four per cent, per annum, payable annually; both principal and interest to be paid at the office of the City Treasurer in the City of Holland.

The interest to be paid out of the interest and sinking fund and the principal to be paid out of the gas fund; said bonds to be signed by the Mayor and City Clerk and to be negotiated at such times and in such manner as the Common Council may direct but at a price not less than the par value thereof and that upon the negotiation of said bonds, the money received therefor be placed to the credit of the gas fund.

And whereas the amount of money needed for the purpose hereinbefore set forth is greater than can be raised by the Common Council without the vote of the electors of the city upon the proposition to raise said amount; Therefore be it further resolved:

(1) That the proposition to raise said amount of \$50,000 by loan and to issue bonds of the City of Holland therefore as hereinbefore determined and set forth, for the purpose hereinbefore determined and set forth and payable at the time and in the manner hereinbefore determined, be submitted to a vote of the electors of the city at the next general election to be held on the First Tuesday (the Fourth day) of November, A. D. 1902.

(2) That the substance of the question thus submitted be printed upon a separate ballot and be set forth substantially in form and words as follows:

"Shall the City of Holland raise by loan the sum of \$50,000 for the purpose of creating and establishing a municipal plant for the purpose of manufacturing, distributing and selling gas and other gas house products to the inhabitants of the city for light, heat and motive power purposes in the city of Holland; and shall the bonds of the city in the sum of \$50,000 be is-

sued therefore, fifty bonds in the sum of \$1,000 each, payable February 1st, A. D. 1933, at the City of Holland with interest thereon at a rate not to exceed four per cent per annum payable annually in said city?"

Yes.  
No.

Now, therefore, notice is hereby given, that in pursuance of said resolutions the aforesaid proposition of raising the sum of Fifty thousand (\$50,000) Dollars by loan and of issuing the bonds of the city therefor, in the manner and for the purpose therein set forth, will be submitted to a vote of the electors of the city at the general election to be held in and for said city on the fourth day in November, A. D. 1902, and that at said election each elector voting on said question shall designate his vote on the ballot containing said proposition by a cross mark (x) place in the square ☐ opposite the word "Yes," or in the square ☐ opposite the word "No," as he may elect.

In Witness Whereof, I have hereunto set my hand the day and year first above written.

WILLIAM O. VAN EYCK,  
City Clerk.

## JUSTICE IS SWIFT.

**Murder of the Hicks Family by a Colored Man in Texas is Quickly Avenged.**

Nacogdoches, Tex., Oct. 18.—Jim Buchanan, colored, the murderer of the Hicks family, was tried here Friday, a plea of guilty was accepted by the judge, and the negro was legally hanged within two hours after sentence had been passed. Buchanan was brought to Nacogdoches under the protection of five companies of militia. Upon his arrival here the negro was immediately turned over to Sheriff Spradley, who told the people that he would be given a speedy trial. The town began to fill up rapidly and the excitement was intense. The telegraph wires were torn up, the railway tracks were torn up for a short distance, and it was announced that an attempt would be made to get possession of Buchanan. District court was at once convened, a jury was impaneled without delay, and the negro's plea of guilty was accepted by the court. The judge ordered that the death sentence be executed November 17, but many people announced that they would have no delay. Buchanan then waived the 30 days allowed him by law and was hanged by Sheriff Spradley in the jail yard in the presence of a large crowd.

## PUPILS IN SCHOOLS.

**Interesting Facts and Figures from the Annual Report of the Commissioner of Education.**

Washington, Oct. 20.—The annual report of the commissioner of education, just submitted to the secretary of the interior, shows that the grand total of pupils in schools, elementary, secondary and higher, both public and private, in the United States for the year ended June 30, 1901, was 17,299,230, an increase of 278,520 pupils over the previous year. Of this number the enrollment of pupils in institutions supported by general and local taxes furnished by states and municipalities were 15,710,394, as against 15,443,462, the number reported for the previous year. Besides these there were certain special institutions, like city evening schools, business schools, schools for Indians, reform schools, schools connected with asylums, schools for cookery, and other special trades and vocations, all enrolled nearly 500,000 pupils. Adding the enrollment in these special schools to that for general education, the aggregate is something over 17,750,000 of our population that received education for a longer or shorter period during the year ending June 30, 1901.

## Gang of Horse Thieves Broken Up.

Keokuk, Ia., Oct. 22.—A gang of horse thieves that has been operating in eastern Illinois, northern Missouri and southern Iowa, and as far south as Arkansas, has been broken up by the police of this city. The members are being brought in and the grand jury is busy finding indictments against them. All the horses stolen recently have been recovered except one from Muscatine, which the officers expect to get soon.

## Germany Wins.

Washington, Oct. 22.—King Oscar of Sweden and Norway, has decided against the United States and Great Britain and in favor of Germany in the Samoan controversy, of which he was the arbitrator. The landing of marines at Apia is held to have been unwarranted. The case grew out of a native rebellion in which the three powers represented on the scene took different views.

## Crew of 18 Drowned.

St. Johns, N. F., Oct. 22.—The French fishing vessel Cecilia has been lost on the Grand Banks, and her entire crew of 18 perished. Owing to the recent heavy gales on the banks, it is feared that there have been other casualties there among the New Foundland, Canadian and American fishing schooners.

## FARM AND GARDEN

### MANGE IN CATTLE.

**Small Dipping Plant For Ordinary Farm Use.**

Of the various dipping plants in use there are the small dipping plant, which is inexpensive and suitable for use by a community of farmers, and the larger dipping plant, with swimming tank, such as would be needed if large numbers of range cattle are to be treated. A suitable plant for a community of farmers has been built for \$150, while a swimming tank will cost \$350.

A plant which seems to be an admirable example of the smaller kind was built, with the exception of the tank, by farmers. A thrashing engine was used for heating purposes by connecting a 1 1/2 inch pipe to the whistle intake, the whistle being removed and the pipe joined to the union. The plant

CAGE FOR SMALL DIPPING PLANT.

has a capacity of 200 head per day. Its cost, without engine or labor, excepting the labor to build the tank or vat, was \$150. One person can easily lower the cage when loaded by taking a hitch around a post, and it may be raised, as shown in the illustration, either with engine or horses.

A plant of this capacity will answer very well in a community where various owners have bunches of cattle ranging from 50 to 100 head or less. Its chief advantage over the swimming tank is cheapness in construction because of its size.

In communities where mange exists or even where numbers of small herds are infected with lice a plant of this character might be constructed and used with profit to the cattlemen. Specifications of material for this plant, as well as further information in regard to dipping plants and scales in cattle, occur in farmer's bulletin No. 152, by Dr. R. W. Hickman.

### Keeping Seed Potatoes.

The success of the potato crop depends much upon the vigor and condition of the seed potatoes. Some growers have adopted the following practice with excellent results: When the potatoes are dug, those which are to be used for seed are stored in a dry, dark shed or barn until about the 10th of November. Just before freezing weather sets in the potatoes are carefully sorted, and those which show the slightest signs of decay are rejected. A layer of straw from eight to ten inches thick is spread on the ground and the tubers placed upon this straw. The piles should not be made too large. The best results are usually obtained from mounds three feet wide at the base and piled up in ridges as high as convenient. A covering of straw is placed over the potatoes, and this is followed by a layer of soil from six to eight inches thick, but before severe weather sets in more soil is added, and when the severest weather is at hand more straw or strawy barn manure is added. The aim is to cover gradually as the cold increases. This method of storing potatoes seems to winter them much better for seed than when they are placed in root cellars or when they are stored in mounds immediately after they are dug, says American Gardening.

### Low Truck For Hauling Fodder.

A low truck for drawing fodder corn from the field is made from the front part of an ordinary farm wagon. A strong oak reach about a foot long replaces the longer one. To the rear end of this is bolted an iron clevis that holds a crosspiece, as shown in the cut from the Farm Journal. For the platform

Melvin S. Meengs will resign his position at the post office November 15 to take a position with E. S. Bowman of Jackson, Michigan, manufacturer of shirt waists. He will work in the office of the company with Manager Bowman and inducements in the shape of opportunities of advancement were held out in order to get him to take the position. The company is a large concern and does thousands of dollars worth of business annually. Clarence Fairbanks will succeed Mr. Meengs in the post office.

The local lodge I. O. O. F. will hold a very interesting session, Thursday evening, Oct. 30. Three new members will be initiated into the order and every member of the lodge is urged to attend. Visiting lodges from Hamilton, Saugatuck and probably from Hudsonville will be present and a very social time may be expected. The staff will be arrayed in its new paraphernalia during the ceremony. After the initiation a banquet will be served and toasts and responses will be given under the direction of Arthur Drinkwater, Noble Grand. The local lodge is in a very flourishing condition, two or three being up for initiation every meeting.

Considerable trouble was experienced in getting the board of supervisors to allow the smallpox bills incurred during the recent visitation of that disease in Holland but all excepting that of Dr. Godfrey, the health officer, were allowed. A sharp controversy arose over the bills for the watchmen which were made out on the basis of 20 cents per hour, and it was necessary for one of the supervisors from Holland to remark that Holland had no men capable of doing that work well who could be obtained for \$1.25 per day, the amount that some of the outside supervisors thought was right.

"Come one come all" says Charles Doesburg, manager of the Lyceum opera house. He is now ready to accommodate the best shows on the road. Other improvements to the stage makes it possible for him to negotiate with shows that he would never think of figuring with before and the coming season promises much in the theatrical line. An entirely new set of scenery and a new drop curtain now graces the front of the house and changes its appearance greatly. The change is for the better by a large majority and the excellence of the work reflects great credit upon Merrill Bros. George E. Merrill, of this city, secured the services of his brother, Jack Merrill, of Muskegon, for the job and their combined efforts have brought about a most gratifying result. There is a tone and an artistic touch in the scenes that heretofore did not exist and to the skill of Merrill Bros. the excellence is due.

Aldermen James Kole and B. Riksen of the committee appointed by the council to purchase horses for Engine House No. 3 bought a fine team of blacks from John W. Gazler of Conklin, Chester township. The horses are now stationed at the engine house and are being trained for the work by Frank Stansbury. They are a good pair, attractive in color, well mated in looks and two of a kind in size there being but 20 pounds difference between them. One weighs 1205 pounds and the other 1225. They are a little thin now and it is expected that when they get their weight each will reach the 1300 mark. In height and style they resemble the team at No. 1 house. Messrs. Kole and Riksen had a great deal of trouble getting a suitable team and had to travel considerably before they got what they wanted. They made a good choice and Holland now has two well equipped fire companies. The team cost \$380.

### To The Electors.

### GAS WORKS LOAN.

CITY OF HOLLAND, MICH.  
CLERK'S OFFICE, OCT. 15, 1902.

To the Electors of the City of Holland:

You will please take notice that at a meeting of the common council of the city of Holland, held on the 18th day of September, A. D., 1902, the following preamble and resolutions were duly adopted, viz:

Whereas, in the opinion of the Common Council, the City of Holland is in need of gas works for the purpose of supplying the inhabitants thereof with gas and other gas house products for lighting, heating and motive power purposes:

And whereas, there is a strong and generally expressed desire among the people at large for the establishment of gas works in this city:

Therefore it is hereby resolved, (1) That the Common Council of the City of Holland create and establish a municipal plant for the purpose of manufacturing, distributing and selling gas and other gas house products to the inhabitants of the city for light, heat or motive power purposes in the City of Holland.

(2) That the sum of money necessary to be raised for the construction of said gas works, including the necessary piping and connections, is hereby determined at \$50,000.

(3) That it is hereby further determined and proposed that said amount of \$50,000 be raised by loan and that for the purpose of said loan, bonds of the City of Holland be issued in the sum of \$50,000 in manner as follows, to-wit: Fifty bonds in the sum of \$1,000 each with interest coupons attached thereto, said bonds to be designated as "Series A" Gas Works Bonds and to be numbered 1-2-3-4-5-6-7-8-9-10-11-12-13-14-15-16-17-18-19-20-21-22-23-24-25-26-27-28-29-30-31-32-33-34-35-36-37-38-39-40-41-42-43-44-45-46-47-48-49-50 respectively and to be made payable February 1st, A. D. 1903 and to draw interest at a rate not to exceed four per cent, per annum, payable annually; both principal and interest to be paid at the office of the City Treasurer in the City of Holland. The interest to be paid out of the interest and sinking fund and the principal to be paid out of the gas fund; said bonds to be signed by the Mayor and City Clerk and to be negotiated at such times and in such manner as the Common Council may direct but at a price not less than the par value thereof and that upon the negotiation of said bonds, the money received therefor be placed to the credit of the gas fund.

And whereas the amount of money needed for the purpose hereinbefore set forth is greater than can be raised by the Common Council without the vote of the electors of the city upon the proposition to raise said amount;

Therefore be it further resolved:

(1) That the proposition to raise said amount of \$50,000 by loan and to issue bonds of the City of Holland therefore as hereinbefore determined and set forth, for the purpose hereinbefore determined and set forth and payable at the time and in the manner hereinbefore determined, be submitted to a vote of the electors of the city at the next general election to be held on the First Tuesday (the Fourth day) of November, A. D. 1902.

(2) That the substance of the question thus submitted be printed upon separate ballot and be set forth substantially in form and words as follows:

"Shall the City of Holland raise by loan the sum of \$50,000 for the purpose of creating and establishing a municipal plant for the purpose of manufacturing, distributing and selling gas and other gas house products to the inhabitants of the city for light, heat and motive power purposes in the city of Holland; and shall the bonds of the city in the sum of \$50,000 be issued therefore, fifty bonds in the sum of \$1,000 each, payable February 1st, A. D. 1903, at the City of Holland with interest thereon at a rate not to exceed four per cent per annum payable annually in said city?"
