CITY AND VICINITY.

You lose your vote unless you register Oct. 30 and 31.

The Steamer "Puritan," of the G. & M. line now leaves the Holland lock at the foot of Eighth street at 9 p. m., instead of 9:30.

Prof. William E. Bohn, of the University of Michigan will lecture at Holland Oct 17 on Socialism. The professor is an ardent advocate of Socialism. He is a good orator and uninteresting speaker.

Henry Vander Ploeg is now established in his new quarters in the old Wise block at 48 E. 8th St. Mr. Vander Ploeg has enlarged his stock to a considerable extent and now has one of the most attractive book stores in the city.

Peter Boven, the well known cigar man has disposed of his store on River street to two Holland men who are both experienced cigar makers, Leonard DeLoof and Bert Vander Poel are the new proprietors while Mr. Boven will be retained in their employ.

Lars Solosth, who has been connected with the Coster Photo Supply Co., for the past six months has disposed of his interests to Herman C. Simonson of Saugatuck. Mr. Simonson is an experienced photographer and will be pleased to meet all patrons of the firm. The transfer took place Saturday.

Several of the local "Daughters of the Revolution" took in the meetings of the D. A. R. Eighth annual state conference which came to a close in Grand Rapids Friday. The Algonquin chapter, Benton Harbor-St Joseph, landed the state conference for 1909. The local chapter will hold an evening meeting at the home of Mrs. C. C. Wheeler this evening, when full reports of the delegates to the conference will be read.

Col. Adams in his annual report recommended that \$100,000 be spent to add 1,000 feet to the end of the piers at Saugatuck harbor and \$10,000 to maintain the harbor for two years but nothing to deepen the water between the docks in the villages of Saugatuck and Douglas and the mouth. When the piers have been extended they will be far enough out to do away with the necessity of a good deal of dredging but what we want now is to have the river dredged out and there is no chance to have that done until a bill appropriating the funds can be passed by Congress.

The Holland Sugar Company started operations the first of the week. Owing to the slight difference between this year's and last year's crop it is not expected by Manager C. M. McLean that the output of the finished product will be quite as large as last year. Last year the factory turned out nearly 16,000,000 pounds of sugar. Beets are now coming in rapidly from the farmers about Holland by wagon and from farther away by freight. C. M. McLean is manager of the local factory with William Kremers, superintendent, Otto G. Kan head chemist and Ed. Luther and C. J. McLean, assistants.

John Stegeman jr. of Allegan narrowly escaped being killed last week when an ensilage cutter flew to pieces on his farm. A gang of men including Roscoe Ellis and Mr. Stegeman were filling a silo and the two mentioned were upon the feed-table. Without warning, the knives and fans, attached to the same cylinder in the machine, burst and flew in every direction, one piece of iron weighing about four or five pounds striking Mr. Stegeman a glancing blow on the back of his head. The greater portion of the apparatus was completely demolished and scattered for rods over the place. Pieces were found ten rods from the spot upon which the machine stood and some were thrown in and through surrounding buildings and machinery. It would not have been strange if some of the men had been killed. Mr. Stegeman considers himself exceedingly fortunate. He escaped with a slight scalp wound.

When the Alpena Went Down

In some respects this Dutch colony has been remarkably exempt from great calamities, and the commercial activity of these Hollanders and their children who settled on the shore of this majestic inland sea has been one continuous march of progress with a very few exceptions. Chief among these exceptions, of course, is the great fire of '71. But there was another calamity, not in the settlement itself but on the bosom of the lake, when the wind had lashed its waves into a fury of destruction, which affected so many homes in this colony that it has made an indelible impression on the older members of this community. Mr. Van Schelven reminded us that next Tuesday it will be just twenty eight years ago that the Steamer Alpena foundered in mid-lake with the result that all lives were lost. It is remarkable that the two calamities that more than any others have made history for this colony both occurred in the month of October. On October 8th the people of Holland remembered for the thirty-seventh time that on that day this city was destroyed by fire; and on October 19th many people, especially in the northern part of the county, will remember that on that day the lives of relatives and friends were choked out in mid-lake where only the howling winds could chant a requiem over the dead.

In the great fire only one life was lost; and the sorrow occasioned by seeing a fair city wiped out by the flames was, excepting in this one case, not an anguish for the only loss that is irreparable. But when the Alpena went down, about 70 men, women and children, who comprised the crew and the passengers, went down with it. It is for this reason that to the people of Grand Haven especially, on which city the blow fell most heavily this disaster looms up as one of the greatest calamities in the marine history of this state.

The steamer Alpena was one of the finest, and she was certainly the fastest boat of the Goodrich Transportation Company. She left Grand Haven for Chicago on Friday evening about 9:20 p. m. The steamer left Grand Haven while the weather was beautiful, but the barometer predicted a violent storm, and the storm signals were out. She was met on her way by the steamer Muskegon at about one o'clock in the morning, all right, steering her course. Perhaps the worst gale that ever swept over Lake Michigan, struck her at about 3 o'clock on Saturday morning or a few minutes thereafter. Subsequent events showed that she, nor any other craft could keep her course in the face of such a hurricane. She was seen at six, seven and eight o'clock by the schooner Irish, and by Capt. George Boomsloiter, of the barge City of Grand Haven, off Kenosha, at an estimated distance of about 35 miles from the west shore, laboring heavy to crawl to the windward.

She was seen later in the same locality by other vessel captains one of whom reported that she was lying on one side, with one of her paddles out of the water. This would indicate that her cargo had shifted, and thus become unmanageable.

She must have drifted the rest of that day, and perhaps until Sunday morning, at the mercy of the winds and waves, well over to this shore—say 15 or 20 miles—when the wind shifted to the westward, or nearly northwest, and brought the debris of the wreck on our beach near our harbor.

No one who has ever sailed the great Lakes can get away from the charm of "a life on the ocean wave." And the romance of the Great Lakes is a romance that teems with incident and adventure. Scenes have been enacted on its bosom that the wildest imaginings of Stevenson and Cooper do not surpass. And such a tragedy as the loss of the Alpena is but one of the chapters in the story of man's defiance of old Michigan's fury, ever since La Salle made his first trip in a birch-bark canoe along the long stretches of wood fringed shore.

This is wine making time in the country around Grand Haven. Many gallons of wine are manufactured every fall by the farmers in the vicinity of that city. The grape raising industry has taken on new life in this county and many farmers devote acres to wine grapes. Within a few years Ottawa county may be as noted for its wineries as some other sections of the country.

Louis VanIngen, who disappeared from his home here about three months ago, returned to his wife and five small children Friday morning. The family was overjoyed, and upon VanIngen's promise to Deputy Sheriff Zanting that he would do his duty, a warrant that had been sworn out by the aggrieved wife against him was withdrawn. Van Ingen who has been in Wisconsin talks but little about his absence.

Some time ago Raymond Visscher, son of the well known attorney, Arend Visscher had a coat stolen while attending the University of Michigan. Search for the coat proved futile. The Saginaw police recently notified Chief Kamferbeek that the coat has been found in a house, broken into by burglars in that city. Whether the coat was left by the burglars or was worn by some member of the family in the burglarized house is not known.

Mrs. J. F. Walters of Grand Ledge, who visited friends in Holland last week called at the News office Thursday. Mrs. Walters was at one time a resident of Holland and is well known to many of our older citizens. When a girl, she made her home with Mrs. Post in the old homestead that long ago stood on West Eighth street near the present Post block. She has always been a great admirer of Holland and is deeply interested in its welfare and progress. Mr. and Mrs. Walters are planning to build a cottage at Macatawa in the near future.

Monday evening, Roy Calkins was elected to membership in the "Twentieth Century Limited." He will be initiated next Monday evening. The debate on the guarantee of National bank deposits was won by the side opposed to the measure.

Early this morning the railroad bridge on the P. M. road about three miles south of this city caught fire and was partly destroyed by the blaze. The cause of the fire is unknown. The accident was discovered in time so that the trains running on schedule could be signaled. The train service on the road was delayed for several hours on account of the accident. The wrecking crew went there immediately to repair the damage.

Warrants have been issued for the arrest of five men whom Klaas De Maat claims furnished liquor to him during the last three months. The men are the following: E. Mow, in July; C. Ykes, Frank Haight and Wm. Van Oort, in September and B. Sloot last Saturday. All of the above pleaded not guilty to the charge except B. Sloot who pleaded guilty and who will be sentenced Saturday by Justice A. Van Duren. The other four will be tried Monday morning at 9 o'clock in Justice Van Duren's court. The offense is quite a serious one.

Two new business blocks are to be built in Holland. Attorney Arend Visscher will erect a three story brick building on the present site of the old Vennema building which has just been vacated by Henry Vander Ploeg, the bookman. The firm of Molenaar & DeGoed, at present occupying quarters in the Harrington block, will build a two story brick building on the east side of the building that is to be erected by Attorney Visscher. Excavations for the Molenaar & DeGoed building are already under way and the old Vennema building is being torn down. Both buildings will be completed before spring.

Register, Oct 30 and 31.

Henry Haas, was fined \$6 and 30 days, when arraigned in Justice Miles' court Monday morning on a drunk sentence. The fine was paid but the jail sentence need not be served unless Henry fails to remember his promise to be good during the coming three months.

The Men's Meetings held every Sunday afternoon in the Third Reformed church are gaining in interest and attendance. All through the summer months the average attendance was 50 and Sunday's meeting was a large one. It was led by City Engineer H. A. Naberhuis.

Johnnie Vos, the Holland boy who has been awaiting trial in the county jail on a charge of breaking into freight cars, has secured bail. He arrived here Saturday evening from Grand Haven. Johnnie still shows the effects of the slashing he recently received at the hands of his cell mate.

For the accommodation of those who expect to attend the Sunday school convention at Grand Haven next Tuesday and for all others who may wish to spend the day at the county seat, a special train will leave this city at 8:45 a. m. and returning leave Grand Haven at 9:20 p. m. Indications point to a large delegation from this city and vicinity. Return tickets will be sold at regular fare.

Sailing in a rough sea on Black lake Sunday morning in a small sailboat, Chauncey Tanner, aged 13, son of Albert Tanner, the well known Macatawa fisherman, tipped in his boat and narrowly escaped drowning. A strong northwest wind was blowing and the little craft could not weather the gale. Young Tanner was seen by men who were fishing on shore and the life saving station was notified. A member of the crew went to the lad's assistance in a rowboat and rescued him just as he was almost exhausted.

It is estimated that the recount demanded by Dr. J. B. Bradley cost the state more than \$6,000. The greatest expense was in bringing 160 election clerks as guardians of the ballot boxes. One hundred were brought from the lower peninsula and 60 from northern Michigan. The average expenses of each clerk from the upper peninsula was \$40 and about \$15 from the lower. The three members of the board get \$2.19 per day for their services. Two clerks receive \$3 and the stenographer \$5 per day. In addition there were a number of incidental expenses.

Miss Julia Brady, teacher of School District No. 8, Spring Lake, has been arrested on the charge of assault and battery, the complaint being brought by Miss Myrtle Vollmer, a young woman about twenty years of age who has been acting as janitor of Miss Brady's school. It is alleged that there has been bad blood between Miss Brady and Miss Vollmer for some time, the trouble arising over the appointment of Miss Vollmer to the position. Last Wednesday, the story goes, Miss Brady attempted to take the broom away from Miss Vollmer and failing to do so she struck the younger woman with her fist. Miss Vollmer immediately made complaint to the officers and the case will come up for a hearing in Justice Hoyt's court.

A \$1000 for Taylor

Prof. C. T. Taylor, a former Holland boy, who was swimming master at Macatawa Park this summer and who recently moved to West Palm Beach, Florida, has distinguished himself there as a life saver. Last Thursday afternoon a young lady named Rose Hines, while fishing on the piers at West Palm Beach on the ocean front, was caught up by a sudden blast of wind, lost her balance and fell into 25 feet of water.

About three minutes after the accident happened Prof. Taylor was on the scene. He dived for the girl struggling in the waves and succeeded in bringing her to shore after the fourth dive. Prof. Taylor worked over her for about half an hour before he succeeded in resuscitating her. Monday morning Taylor was happily surprised by receiving a letter from the girl's father, Edward Hines, with a check enclosed for \$1000, in recognition of his having saved the life of his daughter.

All Over America, the News of the Marvelous Dandruff Cures of Parisian Sage Has Spread.

A few years ago there was introduced into America a cure for dandruff, falling hair and all scalp diseases.

This hair renewer did not attract much attention for some months, until a progressive business man, hearing of several almost magical cures, decided to tell the American people of its mighty power to destroy the deadly dandruff germ.

And today, without any sensational or untruthful advertising, Parisian Sage is used extensively in almost every town in America. And what has produced this great demand? Simply this: Parisian Sage does just what we are telling the readers of the Holland City News it will do.

We claim, and we back our claim with Walsh Drug Co.'s money back guarantee, that Parisian Sage is the most invigorating and rejuvenating hair tonic. It cures dandruff, stops falling hair and itching scalp; it makes the hair grow strong and vigorous, yet soft and lustrous. It is the only hair dressing that reaches the root bulb of the hair and destroys the dandruff germ.

And to the women who are reading this simple statement of fact, we want to say that Parisian Sage works wonders with women's hair. It will turn dull, harsh and faded hair into beautiful lustrous hair in a few days, and is the most pleasant and satisfying hair dressing any woman ever used.

"My hair was falling out rapidly when I heard of your guaranteed hair restorer. The first application removed the itching, my hair stopped falling out, and it is soft, glossy and pliable."—Carrie Williams, 844 Clinton Ave. S., Rochester, N. Y.

Walsh Drug Co. sells Parisian Sage for 50 cents a large bottle, or it can be obtained direct from the makers, Giroux Mfg. Co., Buffalo, N. Y., all charges prepaid.

Why James Lee Got Well

Everybody in Zanesville, O., knows Mrs. Mary Lee, of rural route 8. She writes: "My husband James Lee, firmly believes he owes his life to the use of Dr. King's New Discovery. MUST BELIEVE IT.

When Well-Known Holland People Tell It So Plainly.

When public endorsement is made by a representative citizen of Holland the proof is positive. You must believe it. Read this testimony. Every man woman or child with any kidney trouble will find profit in the reading.

Mrs. S. Swank, of 149 River street, Holland, Mich., says: "Mr. Swank used Doan's Kidney Pills with the very best of results. A short time ago he sprained his back and as a result brought on kidney trouble. His kidneys were very weak and he also suffered from the accompanying symptoms of kidney complaint. He consulted a physician and took his medicine but received very little relief. A neighbor knowing of his suffering advised him to try Doan's Kidney Pills and upon his advice he procured a box at G. L. Lage's drug store. After using them a short time his troubles gradually began to disappear and he continued taking them until completely cured. He always recommends Doan's Kidney Pills as a kidney remedy that acts quickly and cures permanently."

D. A. R. Reception

Among those from here who attended the reception at the Ladies Literary club, Grand Rapids, given last week by Sophie de Marsse Campau Chapter, Daughters of the American Revolution, to the visiting "Daughters" and the Sons of the Revolution were Mr. and Mrs. C. M. McLean, Dr. J. W. Beardslee, Mrs. W. H. Beach, Miss Avis Yates, Mrs. C. C. Wheeler, Mrs. W. J. Garrod, Hoyt Post and Mrs. J. C. Post. The reception was a most brilliant affair, the club rooms being beautifully decorated with flags, emblems and cut flowers while the elaborate gowns of the entertaining chapter made a most attractive scene. Among the distinguished guests of the evening was Miss Marcella Richardson of Pontiac, a daughter of General Richardson for whom the Pontiac chapter is named. Miss Richardson who is a member of several patriotic orders including the Colonial Dames, U. S. Daughters of 1812, etc., is also a prominent member of the D. A. R.

Among those who are attending the sessions of the State conference today are Mrs. McLean, Mrs. Garrod, Miss Beach, Mrs. Yates Miss Yates, Mrs. Telling, Mrs. Wheeler and Mrs. Oggel.

Brothers Pastors of Same Church.

VanderMeulen of High Falls, N. Y., has accepted the call extended to him by the Second Reformed church of this city. Mr. VanderMeulen is a brother of Rev. Jacob Vander Meulen a former pastor of the Second Reformed. He is a graduate of the New. With the exception of two years at Englewood, Chicago, where he organized a new church, the new pastor has spent most of his entire life in the charge of many important churches. Brunswick, seminary and has been in ed church and has an admirable record. He will probably come to Grand Haven with his family about November 15th and will then take charge of the church. It is rather a peculiar incident that Mr. Vander Meulen succeeds his brother to the pastorate of the Grand Haven church. The former pastor was one of the most generally admired and beloved who has ever occupied the pulpit. The congregation believe they have an excellent pastor and a fine successor to the brother.

Rev. Vander Meulen is an alumnus of Hope College and married Miss Nellie Notter, a daughter of M. Notter of this city.

Opening Gun of the Campaign in Holland

In a manner which was convincing at least in sincerity, gracious and unquestionably fair-minded and unprejudiced in a narrow sense, Congressman Charles E. Townsend of Jackson, one of the most active and prominent members of the lower house to day, held the close attention of a large crowd of both men and women in Price's Auditorium Friday night in what might be termed the first real mass meeting of the Republican campaign in Holland and for that matter in Ottawa county.

Previous to the big meeting members of the newly organized Diekema club to the number of nearly a hundred met at the old Princess rink where they formed in line and marched to the hotel Holland where the speaker of the evening was met. Headed by the Citizens band the march was again taken up and brought up at the auditorium on W. Sixteenth street. Mr. Townsend was driven to the hall in a closed carriage.

W. H. Beach made a brief opening address and introduced Mr. Townsend who without frills launched into the issues at stake in the present National campaign. However, Mr. Townsend did briefly dwell on the reason why there were Democrats and Republicans, by defining them as people who simply planned their faith to certain ideas mapped out by the country's leaders and great men. He said that there were any amount of individual ideas as to what would benefit this government which perhaps were good, but as it would be impossible to even attempt to incorporate all ideas of all individuals under one or even two parties, and that those who couldn't find a party who reflected their personal ideas tied up to that party which more nearly met with their views.

Congressman Townsend is an orator of rare and fine ability and added to this has made himself known nationally for his aggressiveness in congress which experience give him double opportunity of knowing first hand, not hearsay or theoretically, of conditions as they really exist to those on the inside and out.

Nominee Bryan naturally came in for considerable comment and while the policies of the Great Commoner were thoroughly dissected, Mr. Townsend declared in all fairness to the Democratic candidate, that he believed the latter was sincere. He said he believed him sincere for the reason that he admits today that many of the policies he advocated during his first and second presidential attempts, were all wrong and would have resulted in disaster.

Mr. Townsend likened the government of the United States to a mammoth business industry; a business turning out annually billions upon billions of dollars.

"If the people couldn't trust Mr. Bryan with the management of this vast business 12 years ago when it was absolutely purely in comparison with what growth it has attained today, why should they want him at the head now?" asked the speaker. "If he admits that his policies of 12 years ago would have been ruinous why should the people want to experiment with his latest policies which, too, have been untried." Mr. Townsend compared the long years of training and preparation of Nominee Taft with his practice at the bar, his term on the bench of the Federal courts, his governorship of the Philippines, his straightening out of the Cuban tangle, his supervision of the big Panama canal and his masterful reorganization of the United States army as Secretary of War to the absolute blank record of Mr. Bryan in Congress and his only other training, prophesying and speaking from a platform.

Mr. Townsend tackled Mr. Bryan's proposed war on the trusts and declared that during his term in Congress there is not one line on the records to show that Bryan ever lifted his voice or made a move to ask for enforcement of the law regulating trusts which was on the statute books at the time. "It remained for a Republican president to bring out and demand the enforcement of this law" declared the speaker.

Regarding the so-called recent panic of which the Democrats are making considerable capital Mr. Townsend declared it was a bankers' panic started purposely by Mr. Harriman who drew from two New York banks, \$40,000,000 to embarrass the Republican party and particularly President Roosevelt who insisted that the great railroading interests stop illegal lobbying and be more directly accountable to the government as to how, when and where they spent their millions. As to a panic, Mr. Townsend asked if there was a farmer in the audience who had had to take less for his product; if there was a man who had had to work for less wages. He said the banks simply had to hang onto a big per cent of their deposits for protection under provision of law. He said further that the big railroads in

order to further embarrass the administration had stopped building lines which meant the laying off of many men. These men, he said were being taken back today by the tens and hundreds and money was free and plentiful.

"Let the people rule" declared Mr. Townsend "was a catch phrase devised by Mr. Bryan which meant nothing because the people do rule have always ruled and will rule. That he was a friend of the laboring class was another of Bryan's points and one which would be unfair" said Mr. Townsend because no man has the right to show class favoritism either to the capitalist or the laboring man, the high and the low, the rich and the poor. To be president means to serve both. "Wealth honestly gained is a blessing," declared the speaker, "and the time is here when the multi-millionaire must answer to the government how he got his wealth and what he was doing with it." Mr. Townsend declared the time of a United States senator openly boasting of his grafting as past and the time had arrived when they sent such men to jail. This Mr. Townsend declared was a sure sign of reform when the Republicans weeded out the crooked ones in their own party. A tribute to Cong. Diekema by Mr. Townsend brought forth a cheer and thunderous applause.

A GOOD STOMACH

Means Good Health, Cheerfulness, Ambition, Persistence and Success

Mi-o-na will cure your dyspepsia or any other stomach trouble by building up the flabby walls, and making the stomach so strong that it will digest food without pepsin or other artificial aid.

In other words, Mi-o-na cures dyspepsia by removing the cause. Walsh is the agent for Mi-o-na in Holland and he says to every reader of the Holland City News whose stomach is weak, who has indigestion or dyspepsia, that Mi-o-na is guaranteed to cure or money back.

The price is only 50 cents a box, and one box is all you need to prove that you are on the right road to health and happiness.

"I can't say enough for Mi-o-na tablets; they have done more for me in one week than all the doctors have for the two years I have been under their care, and I will do all I can to recommend it to my friends.

You can also use my name in your ad. if you like, for Mi-o-na is better than gold to me. I am like a new man, and am able to work once more for the first time in over a year."—W. A. Ennis, 325 Green St., Syracuse, N.Y.

Excellent Health Advice.

Mrs. M. M. Davison, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Oil than in any other remedy I know of." Sold under guarantee at Walsh Drug Co's. drug store, 50c.

Bryan and the Tariff Revision

Bryan says he has been for tariff revision for twenty eight years. He showed us the kind of revision he favors in his strenuous efforts to secure the passage of the Wilson-Gorman tariff bill. So jubilant was he over its passage that with a colleague he took Wilson upon his shoulders and carried him through the halls of congress.

When the effects of that revision were seen in business paralysis, in closed mills and idle labor, and, as Gompers said, "the darkest period labor ever had seen," Bryan came with another edition of his great statesmanship, urging as the only cure for the disaster his tariff revision had wrought the free coinage of silver. On that issue he ran for the presidency twelve years ago. Fortunately a statesman was running on the other side, whose suggestion that it was better to open the mills than to open the mints was heeded. Bryan was defeated and a righteous tariff was assured, the mills were at once opened, business revived, labor was employed at better wages than ever before, and the country entered upon an era of prosperity that has made us the envy of the world.

Now Bryan is at the front again clamoring for votes and says, "Try me." Have we not had enough of him and his ever shifting issues?

The supreme test will come when the Sultan is compelled to pick one wife from among the members of the harem and cling to her exclusively. The young Turks are asking much of the old man.

A falling off in the attendance at medical colleges has started the report that the country is threatened with a shortage of doctors. In that case we may notice a decided increase in the number of deaths from old age.

Every Voter Must Register.

Public notices have been posted, urging every voter in the city to register. Unless he is registered he cannot cast a ballot in the coming presidential election. This is not for new voters merely. EVERY VOTER MUST REGISTER, even if you voted for every president since the days of Andrew Jackson, and fail to register this year, you will lose your vote.

Friday, October 30

and

Saturday, October 31

between the hours of eight o'clock a. m., and eight o'clock p. m., are the registration days in Holland, and the places of registration are:

First Ward—Second story of Engine House No. 2.

Second Ward—Second story of No. 179 River St.

Third Ward—212 River St.

Fourth Ward—179 W. 9th St.

Fifth Ward—Price's Rink, 36 W. 10th St.

Now, of course, it is up to you if you desire to exercise your right of franchise or not. But one fact is unalterable, namely that if you fail to register on October 30 and 31, you cannot cast your ballot for your favorite candidate. Some there may be who are not interested in the election, but even for such it is not safe to neglect registering. In this canon cracker campaign, some issue or incident may pop up suddenly even after registration that may affect you personally, but if you have neglected to register, you will have no say in the matter. And besides the failure to register will debar you from voting not only for president, but for all the state and county officers as well. It will make you a non-entity, politically. Therefore if you desire to vote in November REGISTER.

Married life often begins with silver and cut glass, and ends with broken china.

A contemporary says Bryan follows Taft and answers him. Not at all; Bryan just follows Taft and talks.

Traveling men are taking many orders to be filled in case of Taft's election, and most of them think such sales are as good as the best.

Col. Bryan is the father of all of the issues of the day, but he has forsaken each of them at the first convenient opportunity.

Lansing wants it firmly and widely understood that it is the throat and not the platform of Democratic Gubernatorial Candidate (Hemans) that has given out.

In ten years Minnesota's bank deposits have increased from \$59,000,000 to \$179,000,000. No wonder Yon Yonson is making a still hunt for the governorship in a Bryan campaign.

The Anti-tuberculosis meeting Tuesday night in the Methodist church, was in one respect a case of not practicing what one preaches. During the entire meeting, while the speakers were lauding fresh air and advising the listeners to keep their windows open, not one of the windows of the church auditorium was lowered. Perhaps the janitor was on a vacation, or perhaps he believes that night air is not good for a collection of people, however admirable it may be for the individual.

A Long Canoe Trip

Mr. and Mrs. J. O. Stoner and son who formerly lived at what is known as Peach Orchard Point, Allegan County, recently made a 420 mile trip in small row boats from Wanson to Portage, and then down the Fox to Berlin. They ran the dells, the narrows and the rapids, besides scouting over several large dams on the river in their own boats unassisted. Mrs. Stoner is the first woman that ever accomplished this hazardous feat, also the boy—14 years—is the youngest boy that ever attempted this run. The party slept at night in their boats, each boat being supplied with a tent cover. At night they would run their boats on a sand bar, snag them, raise their tents over their boats and thus pass the night. They did not eat or sleep in a house of any kind for 22 days.

Born to Mr. and Mrs. John Overweg, East Fifteenth street, Thursday—a daughter.

The Anti Tuberculosis Meeting.

Nearly a hundred people turned out to the anti tuberculosis meeting that was held Tuesday evening in the Methodist church. The meeting was one of a series that is being held by the anti-tuberculosis society for the instruction of the people. The society aims to stamp out the disease by gaining their co-operation. The meeting of Tuesday evening gave the gist of the whole anti-tuberculosis war—the instruction of all men in the prevention of tuberculosis.

The papers which were read were well received, being interesting in a high degree and at the same time being full of sound advice and instructions. The meeting was presided over by Hon. Luke Lagers. The first paper, "The Importance of an Early Recognition of Tuberculosis," was read by Dr. E. D. Kremers of Holland.

Mr. Kremers told how from 75 to 80 per cent of the cases known to the profession have been cured in the early stages. "Early" means when but one or two lobes of the lung are affected. The percentage of cures in the medium stage is very low, while it is well known that in the most advanced stage there is no cure. That consumption can be cured has been proved by post mortem examinations made in hospitals where it has been found that one out of every four persons examined showed healed tuberculosis scars. Napoleon and Goethe were victims of tuberculosis in their boyhood. The cure in all cases depends on the damage already done and hence the importance of an early recognition.

The disease is acquired by the breathing of germs. Some constitutions are strong and throw them off. At the first sign of trouble in the chest, the person afflicted should go to a reputable physician and insist on a thorough examination. It is only when the disease is present and recognized that a successful fight can be made against it.

The battle can not be won in a short time. It can only be successful through education. A National Health Bureau should be established with a member of the cabinet to devote his time to questions of health and disease. States, cities and communities should have sanitariums. Practitioners should make early diagnosis a special study. The public should read.

The next paper by Dr. T. A. Boot was an outline of the "Present Status of the Fight Against Tuberculosis."

"The fight," said Dr. Boot, started with the discovery of the germ. It is now going on all over the world. Tuberculosis does not mean sure death as it once did. There was a time when other members of the medical profession laughed at a doctor who claimed a cure. It was not until 1893 that the state board of health placed tuberculosis on the contagious list. The germ is small and universal. Every man breathes it. Although some cases arise from other sources, 90 per cent have been shown to arise from human source.

In treating consumption, rest, pure food and fresh air are essential. In order to stamp out the disease selfishness and greed must be laid aside. Afflicted people must insist on a thorough and honest examination. The case must be reported at the health office early by the practitioner.

The next paper was read by Rev. Jenkins on the "Education of Public Sentiment in Cases of Tuberculosis." In introducing the speaker Senator Lagers remarked that the paper was to be delivered by a candidate for congress.

Rev. Jenkins spoke at some length on the difficulty of reaching the masses in a matter of this kind. People have always laughed new schemes to scorn. Vaccination to prevent small pox, antitoxin to cure diphtheria, and the discovery of the typhus bacilli came in for their full share of abuse before they were accepted by the world. The world still claims there is no remedy for consumption.

A ministers place in the Tuberculosis war shown by Rev. Jenkins who said, "Jesus Christ spent much of his time on earth healing the sick. He taught men not only how to die but how to live. As an exponent of the gospel of Jesus Christ it is the duty of the minister to teach the dangers of germ life. That is a part of the gospel as well as how to keep from sin.

People must awaken to a realization of what this war means before it is too late. Everybody must fight. Three truths must constantly be kept before the people: tuberculosis is an infectious disease; it is a preventable disease; it is a curable disease. Rev. Jenkins closed his remarks by emphasizing the value of pure air and the

necessity of stopping expectoration of spittle in public places.

Dr. Winter who was to have read a paper on, "The Open Air Treatment," was absent.

Dr. De Pree opened a discussion in which the importance of pure air, rest, and proper food was emphasized. He also stated that while a tendency to contract the disease is often inherited, the disease itself is never inherited.

Dr. Baker spoke upon the importance of fresh air and sunlight.

The meeting closed with a short address by Dr. Leenhouts, who has just returned from the Anti-Tuberculosis congress at Washington. Dr. Leenhouts spoke of the progress that had been made in the fight. The government is preparing to spend money to carry on the war. The foundation of a great movement has been laid; there is much to be overcome in the way of prejudice and lack of knowledge but tuberculosis can be stamped out almost completely in a quarter of a century.

The Watch the Life Savers Presented to N. J. Whelan.

The accompanying cut is a picture of the gold watch that was presented to N. J. Whelan by the life saving crews along the shore of Lake Michigan. Of all the gifts Mr. Whelan has been the recipient of none were perhaps better appreciated than this gift of the life savers. Each crew paid a little toward buying this beautiful gold watch for their former comrade and with every dollar donated for this purpose went double the

amount of good will and best wishes of the givers. For this reason the watch is of far greater value to Mr. Whelan than the money value it represents.

The simple inscription in the lid "Presented to N. J. Whelan by U. S. L. S. S., 1908" is characteristic of the directness of a life saver, and the life saver's emblem on the back lid, breeches buoy crossed by a boat hook and an oar, also show the pride the givers take in their vocation.

Saugatuck Pleasure Club

The young people of Saugatuck have begun operations for a winter of fun, and have succeeded in gathering together all the young men and ladies who wished to join the mysterious club, the B. C. P. C., as it is called.

They were assembled in the dancing hall at "Bird Center" and there initiated into the club by the young ladies who were the promoters, namely: the Meadow Lark, the Oriole, the Cuckoo, the Bobolink and the Dickie Bird, these being their club names. The members, after recovering from the shock of the initiation were also given bird names, a badge, the pass word and grip.

The lady birds will meet every week at each other's homes to do all kinds of sewing, and discuss various topics of interest, such as deciding on their pleasure and fun for the special meeting each month to which the gentlemen birds are invited and which will always be held at the "Bird Center" ball room.

The officers elected for this club are as follows: President, Miss Addie Wade; Secretary Treasurer, Miss Millie Flanders, Executive Committee consisting of the above and Miss Jessie Veits, Miss Marie Walz and Mrs. M. A. Dates.

DEATHS

Mrs. Adeline M. Johnson, widow of the late Dr. Geo. K. Johnson, of Grand Rapids, well known in Holland, who died a week or two ago, passed away at 2 o'clock Monday morning at her home, 73 Sheldon street, aged 79 years. Mrs. Johnson had been ill for some time and was ill at the time of her husband's death.

PERSONAL.—Mr. Abraham Lederboer left this place last Wednesday to pursue his studies at the Department of Medicine in the State University. Abe, is a studious fellow and will make an honorable disciple of Esculapius.

The Rice house at Grand Haven was destroyed by fire Wednesday night last. A fire was discovered in some of the upper rooms about 2 o'clock a. m. An alarm was sounded, and furniture was being rapidly removed when the announcement was made that the fire was extinguished and work ceased, in a few moments it broke out again with double force and was soon reduced to ashes with a large portion of its contents. It was insured, house and furniture.

WHAT YOU SAW 30 YEARS AGO

Some thief broke into the boot and shoe store of Verplanke & Bolhuis, on River street, on Sunday night last, and took a pair of fine boots. As this is all there is missing, it is presumed that the thief knew the way about the premises.

Mr. John Schippers, of Overijssel, sold out his wagon making business to a new firm, and has moved to Hamilton, to engage in business there. Mr. P. Guist of this city has moved to Overisel to take charge of the wagonshop, vacated by Mr. Schippers.

The Musicians of this city and a large number of the friends of the Second Regiment Band, formerly known as the Holland Band of the city of Grand Rapids, will certainly be pleased to learn how that organization is prospering. At the annual meeting of the Second Regiment band the following officers for the ensuing year were elected. President, J. Stael; Vice President, John Beekman, Secretary, John Van Osenbruggen, Treasurer, Henry Heeres; Quartermaster, Bastiaan Sonke; Trustees, G. Van Tongeren, J. Stael, J. Beekman, J. Van Osenbruggen and H. Heeres; Director, Louis Martin. The band has been enlarged by the addition of Messrs. E. Buss, E. flat cornet, and B. DeGraaf, B flat tenor, and now numbers nineteen members, including the drum major.

WHAT YOU SAW 25 YEARS AGO

Dr. O. E. Yates, of Overisel, has moved into the house on River street known as the "Lederboer House." The doctor has practised for 15 years in our neighboring country, of Allegan, three years of this time has been spent in the township of Overisel, so that he is not an entire stranger to the ways and customs of our Holland population. We wish the doctor success.

In our last issue we made mention of the reported building of a new Hotel on the south shore of Macatawa Bay near the harbor, by W. J. Scott, the present landlord of the Park House at Macatawa Park. This rumor has proven to be a fact and operations are already commenced towards the immediate erection of the building. The site for this hotel will be near the old Scott dock, or about one-half mile from Lake Michigan.

The iron gangs on the Michigan and Ohio railroads met at Woods' Corners, Cambridge township in Le nawee county, last Tuesday, and the last spike of the Michigan portion of the road was driven at noon.

IS MORE TAME NOW

Some black-hearted low born Democrat or Democrats, cut the ropes which held the Harrison and Morton banner last Thursday night, after the Republican meeting. If these base and despicable tricks which have been inflicted of late upon the Republicans in this city, are not stopped, active steps will be taken to punish the guilty parties. If the Republicans were as mean as some of the Democrats they could easily take revenge and serve them in the same manner, but we are proud to say, and every respectable citizen will say the same, that the Republicans in every instance during this campaign have behaved themselves like gentlemen. It is possible that this was done by the Democrats who hid behind the fence near the corner of Eighth and river street and squeaked "Ford, M. H. Ford," when the procession was passing Thursday night. Such conduct will not help the "free trade" party on election day, and don't you forget it!

Died at the residence of I. H. Lamoreux, in this city, on Saturday,

Oct. 9, 1893. Ebenezer Lamoreaux. He was born in Monroe, Orange Co., N. Y., Feb. 10, 1828, and came to Michigan with his parents in 1844, settling on sec. 34 in Fillmore township. After reaching his majority he married Miss Harriet Thornton, and settled in Manlius. By integrity and strict attention to business he amassed a handsome fortune. Though not a member of any church he gave liberally to all churches and cases of destitution and public enterprises. His remains were taken from this city to New Richmond, where the funeral was held Monday.

WHAT YOU SAW 10 YEARS AGO.

THE ZEELAND BANK ROBBERY

The neighboring village of Zeeland was all torn up on Tuesday morning when they learned that during the night their bank had been looted. The robbery must have occurred at an early hour that morning, and although accompanied by three explosions, it was not discovered until the wrecked condition of the front entrance to the bank building drew the notice of passersby. The bank has a brick vault, with a supposed burglar proof safe inside. This safe is further provided with a money chest. The door of each of these was blown off, with the aid of nitro glycerine and a time fuse.

The burglars no doubt got a fair amount of plunder, variously estimated at from \$4,000 to double that sum. They appeared to have decided preferences on the money question, inasmuch as they limited their call loan to gold and paper currency positively refusing to take any silver of which there was some \$800 on hand.

A number of years ago, says the G. H. Tribune, the vaults in the old court house in Allegan were blown open by robbers one night and \$10,000 secured. Every window in the building was broken. The thieves grappled up all the money they could, it being in bags, ran to a wagon in waiting, and drove north right through the village and out into the country on what is known as the Monterey road. The awakened citizens heard the rig driving over the hard road when two miles away. The robbers were never captured. Some years ago an attempt was made to rob the National Bank of Allegan and the thieves drove off pell mell over this same Monterey road. It is believed in Allegan that some farmer living north of that town is in league with professional crooks and carries them away and hides them after their robberies. No one was caught in either instance. It is possible that the same parties blew up the Zeeland bank, as it is near by.

Hope College News.

Rev. Frank Hall Wright conducted chapel exercises Monday morning.

The annual joint reception of the Y. M. C. A. and Y. W. C. A. was held Tuesday evening. Nearly all of the students of the college were present and all reported a good time. This affair always does much to make new students feel at home and to strengthen college spirit.

Joint Reception at Van Raalte Hall

Tuesday evening some three hundred and fifty students gathered in the large auditorium on the third floor of Van Raalte Hall for the joint reception of the Young Women and Young Men's Christian Associations. A reception of this kind is given at the beginning of each school year to make the boys acquainted with their brothers, the girls with their sisters and to make this whole big family of brothers and sisters acquainted with each other. Practically every student of Hope was there Tuesday evening and the committee had arranged a number of "getting acquainted stunts" that worked admirably. Each boy student was asked to select a partner and march over the stage with her. On the stage the couple was handed a box of cracker jack, and to mix the crowd up more thoroughly each couple was required to eat the crackerjack of another couple. This started the fun and it was kept up all evening.

A program was rendered in which Prof. J. E. Kuizenga was the principal speaker. His theme was "Make Your Record Here." And he explained that this meant not only a record in study but in sports and society and all the elements of student life. Prof. J. H. Kleinhekel made a few remarks and solos were rendered by Miss Helene Kerpel and Jas. Dykema.

Miss Louise Williams who for the past two years has had charge of the Ladies classes in gymnastics at Hope college has organized an athletic society for the young ladies of the city. Classes will meet at Carnegie gymnasium Monday evenings from 7 to 8 o'clock. Any ladies interested in gymnastics are requested to see or write Miss Williams at 107 West Fourteenth street.

Richard Scholten was pleasantly surprised by a company of friends last Monday night at his home 102 E. 17th street, the occasion being his birthday anniversary. Many handsome gifts were received by Mr. Scholten. The evening was pleasantly spent with games and refreshments were served. The guests included the Messrs. and Mesdames Henry Scholten, John Lampen, Tony DeWaard, John Nyland, Simon Etterbeek, Ben Lampen, G. Garvelink and Ed De Waard, Miss Bessie Scholtanus and Andrew Dykema.

The Woman's Literary club met yesterday afternoon at the home of Mrs. J. C. Post. The program which dealt with writers of early England, was very interesting. The roll call was answered by quotations from Caedmon, the first Anglo-Saxon writer of note. Caedmon was an exceedingly ignorant man but the legend goes that he had a vision when sleeping in a stable loft. An angel appeared to him and commanded him to sing. Thereafter he wrote hymns and other verse. His writings are very voluminous and nearly equal in bulk to half of "Paradise Lost." These facts concerning Caedmon were brought out in the discussion and responses.

Mrs. C. A. Stevenson read an interesting paper on the Venerable Bede or Bede, said to be the greatest name in ancient literature and the most distinguished scholar of his age in the world.

Mrs. A. C. Keppel played very pleasantly a Mazurka by Moskowski.

The latter part of the program was given up to Prof. J. B. Nykerk who talked on "Boewulf" the oldest of the Anglo-Saxon cycles. This cycle of lays originated in Scandinavia and was transported to England by the Angles. Like the Charlemagne, Troy and other sagas, this cycle exalts a hero who helps the people to overcome difficulties. Prof. Nykerk exhibited a very old and rare edition of an early translation of the "Boewulf" which he purchased in England.

Thursday evening at the home of Mr. and Mrs. B. Hulzenga on West Twelfth street, their daughter Carria was married to Richard Klein. The ceremony was performed by Rev. R. L. Haan, of the Central Avenue Christian Reformed church. Miss Maggie Klein, sister of the groom was bridesmaid and John Stuit was best man. The couple will be at home to their friends after Nov. 1 at 28 West Twelfth street.

About 60 guests were present at the wedding. Among the out of town guests were Mr. and Mrs. C. Van Dommelen, Neal and Stella Hovingh, John Horingh, Eve Wagonmaker and Miss Jennie Klein all of Grand Rapids and Mary Pieper of Zeeland.

Rev. Henry Oggel who has been visiting relatives and friends in the city and vicinity left Friday for his home in Orange City, Ia.

Seminary Notes.

The annual Adelpic Y. M. C. A. reception will be given next Tuesday evening at the home of Dr. and Mrs. Zwemer. This event which usually occurs earlier in the Seminary year has been hitherto postponed to give those of the faculty and students who desired to do so, an opportunity to attend the various conventions held recently at Muskegon and Grand Haven. After the opening event, the Tuesday evenings will be given to regular Adelpic work.

The Seminary will next Sunday be represented as follows: A. Muijken, Hamilton; H. B. Mollema, Vriesland; J. J. Van der Schaaf, Beechwood; M. Stegeman, Harlem.

Harrowing Experience

Two Grand Haven young men passed through a harrowing experience at the government piers Friday night. The two men in question were walking along the pier, enjoying the brilliant moonlight when suddenly they were startled to see the figure of a man hurry toward the river edge of the revetment. The stranger stripped off his overcoat and stood poised for a moment, plainly visible to the startled men, in the brilliant moonlight. With a splash the stranger plunged into the glassy, still water of the river. He uttered a frightened gurgle as he struck the cold water, his head disappearing from sight. Instantly one of the Grand Haven men dove into the water and brought the stranger to the surface. His companion on the pier aided him in pulling the stranger up the steep side of the revetment. The rescuer had stripped to the skin and he hustled back into his clothes, shaking with the bitter cold, while the companion berated the rescued stranger. The fellow told the two men who he was but he swore them to secrecy as to his name. He is a prominent Grand Rapids business man but his identity is their secret and they will positively tell no more. The stranger explained that he had lost his nerve. He was blue and discouraged, perhaps from liquor effects and he was not brave enough to face the music. The stranger was accompanied to town, thoroughly repentant, and put to bed. The next morning he left for his home in Grand Rapids.

First Baby in A New Town

It must be a nice thing to be the first baby in a new town and start life with a fistful of stocks and bonds. That was the good fortune of Wagner William Norton, who was born Aug. 31 in Mildred, a "cement" town in Allen County, Kan. Mildred Wagner, after whom the town was named, gave the baby a gold spoon, and J. W. Wagner of Kansas City, after whom the baby was named, gave the child a solid silver cup. And the manager of the cement plant at Mildred was so gra-

tified at the increase of population in the little town that he gave the infant a share of preferred stock in the company. The residents of the town are now predicting an unusual augmentation of settlers but it is not unlikely that the next baby will be lucky if it gets a rubber ball.—Kansas City Star.

EASY TO MIX THIS.

What will appear very interesting to many people here is the article taken from a New York daily paper giving a simple prescription, which is said to be a positive remedy for backache or kidney or bladder derangement, if taken before the stage of Bright's disease.

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after meals and at bedtime.

A well-known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic afflictions with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

Excellent Health Advice.

Mrs. M. M. Davison, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Oil than in any other remedy I know of." Sold under guarantee at Walsh Drug Co's, drug store, 50c.

Install a Jewel Kitchen Heater in your kitchen and be prepared for cold weather. If you don't some fine morning before long you'll be obliged to get breakfast in a cold kitchen with the shivers running up and down your back. Then you'll call us up after breakfast and want a heater in at once. Others will be wanting them, too

and you might have to wait a day. So you better have it now.

The Jewel Kitchen Heater Does Not Burn Gas

As shown in the illustration, it's just a miniature stove so constructed that it fastens snugly against your gas stove, occupying very little space. Scientifically built, with a superb hot air circulation that throws off sufficient heat to thoroughly warm every part of the room, when in severe weather. The flue construction is similar to a base burner. This heater does not burn gas. You can burn trash, papers, wood, coal or coke, and the fire is always under perfect control. On the top you can heat water or keep dishes warm. YOU NEED NO OTHER FIRE in the kitchen to keep warm. This heater is sufficient. We guarantee it. Simple, compact, convenient and inexpensive to maintain. Have one, and get it at once. If not satisfied, we'll take it back.

GAS COMPANY

HOW WOMEN WASTE MONEY.

Some of the Common Outlets For Fast Disappearing Incomes.

The woman with a small income must guard herself at every turn against wasting money, so that when the time comes she may not lack for necessary things. There is a great deal in knowing how to buy. I have known two women to have the same income, and yet one got twice as much out of it as the other.

Take the matter of dress, for instance. One of the easiest places to waste money is at the fancy neckwear counter. You pay all kinds of prices for fluff creations that do not outlast the day and which cost the price of a serviceable blouse.

The practical woman never buys any separate frills of any sort. Her belts are sewed to her dress. They

AT THE FANCY NECKWEAR COUNTER.

are usually of the same material. Her collars (unless of the stiff variety) also are sewed to her waists and laundered with them. She wears serviceable shoes and plain and not flimsy openwork stockings, and she always looks neat and well put together. No chiffon ruffles for her or floating veil ends, picturesque, but perishable.

And then take housekeeping matters. Buying in large quantities is a waste of money, because the more material you have on hand the more you are likely to use. And yet this wholesale way of stocking up the larder is recommended by so called economists. Making soap at home is poor economy, and so is baking puddings and beans, which requires the gas stove for many hours. These things are much cheaper bought at the bakery.

Ordering by telephone is a great extravagance, and giving your orders to the man who calls is almost as bad. The thing to do is to go to the store and see them cut the meat and select the vegetables.

Not knowing current prices of things is fatal to the young housekeeper. Walking to save car fare is foolish. It doesn't save shoes.

Neglecting to take a cab when it rains and you have a nice dress on is also foolish. You certainly spoil more than the price of the cab ride.

Going out on a rainy day unless it can possibly be avoided is also an extravagance. Better let things wait another day and keep the bottom of your skirt and your shoes dry.

Engaging a cheap maid is a great waste of time and money. She will smash and waste more than the difference in wages.

Teachers Meet

Zeeland, Oct. 12.—The South Ottawa Teachers' association met in the High school assembly room Saturday with about 60 teachers present. The following officers were elected for the ensuing year: president, Bert DeBoer; vice president, Supt. Wheeler; of Zeeland; secretary, Miss Hinkley; treasurer, Miss Tannis.

Following the business meeting, Hon. Colon C. Lillie of Coopersville, addressed the meeting on the subject of "Elementary Agriculture in the Rural Schools." Mr. Lillie's training and experience made his address of real practical value. He said in part: "There is a danger in the present public school system that children may be educated away from the farm, and the remedy lies in an industrial education which will bring them back. All text books bear upon business life such as can be lived in cities."

"At North Adams, Mich., agriculture is being taught in the school as an experiment under right conditions and a county agricultural school has been established at Menominee, Mich. Results seem to indicate that with this, teachers get nearer to the pupils' practical life."

Mr. Lillie said that the curriculum should be curtailed to make room for this subject if necessary. The afternoon was given over to a civil war program in which Dr. C. P. Brown very interestingly described the battle of Gettysburg. Joseph Baronoski told of Gen. Sheridan and his work and Mr. Gunst outlined the Peninsular campaign. C. VanLoo came last on the program, but the time being too short to do justice to his subject it was left over for the next meeting when he will illustrate his talk with pictures. The meeting was a great success.

A SURPRISED MINISTER

"For many years I have been a sufferer from bronchial catarrh, and had despaired of anything like a cure. Judge of my pleasant surprise when I first used Hyomei, which brought complete relief. Hyomei has been a veritable god-send."—Rev. Charles Hartley, Sardinia, Ohio.

Thousands of catarrh sufferers have given up in despair. They have tried stomach dosing, snuff, spray and douches without success and now believe catarrh to be incurable.

But Walsh Drug Co. the druggists, holds out hope to all distressed. They sell a remedy called Hyomei which is guaranteed for catarrh, colds, coughs, bronchitis, asthma and croup.

Hyomei pronounced High o-m-e is medicate air, full of the healthy virtues of the mountain pines. You breathe in the delightful antiseptic air, and as it passes over the inflamed and germ ridden membrane it allays the inflammation, kills the germs, and drives out the disease.

A complete Hyomei outfit, including a hard rubber inhaler, costs but \$1.00, and an extra bottle of Hyomei, if afterwards needed, costs but 50 cents. See the Walsh Drug about it today.

LEFT ON HER DOORSTEP FOR THIS MOTHER

Mrs. A. G. Tuson, of Livermore, Cal., writes: "I picked up from my doorstep one day a little book in which I soon became very much interested. My little girl of five years of age had been troubled for a long time with loss of appetite, extreme nervousness and undue fatigue. She was all run down and in a very delicate condition."

"This little book was very comprehensively written, and told of the new method of extracting the medicinal elements of the cod's liver from oil, eliminating the obnoxious oil which is so hard for children to take."

"Just the thing," said I, 'for my little daughter,' and I immediately went for a bottle of Vinol. It helped her wonderfully. She has gained rapidly in flesh and strength, and she does not take cold half so easily."

"I am extremely grateful for the good it has done her, and I hope other mothers who have weak, delicate or ailing children will be benefited by my experience and just give Vinol a trial."

Vinol is sold in Holland by R. M. DePree & Co.

MORTGAGE SALE.

Default having been made in the conditions of a certain mortgage made by Janie A. Wardell to Anna M. Steinhart, dated the 23rd day of January, A. D. 1907, and recorded in the office of the register of deeds of the county of Ottawa, of the state of Michigan, on the 23rd day of January, A. D. 1907, in liber 75 of mortgages on page 186, on which there is claimed to be due at the date of this notice the sum of three hundred twenty-seven dollars (\$327.00) and an attorney's fee of twenty-five dollars (\$25.00) provided for in said mortgage; and no suit or proceeding at law having been instituted to recover the moneys secured by said mortgage or any part thereof.

Now, therefore, by virtue of the power of sale contained in said mortgage and statute in such case made and provided, notice is hereby given that on Tuesday, the 10th day of November, A. D. 1908, at two o'clock in the afternoon, I shall sell at public auction to the highest bidder, at the north front door of the court house in Grand Haven, Michigan, (that being the place where the circuit court for the said county of Ottawa is held) the premises described in said mortgage or so much thereof as may be necessary to pay the amount of said mortgage with six per cent interest and all legal costs, together with an attorney's fee of twenty-five dollars (\$25.00) as provided for by law and covenanted for therein; the premises being described in said mortgage as follows: All the northwest quarter (N. W. 1/4) of the southwest quarter (S. W. 1/4) of section fifteen (15) in town five (5) north, of range sixteen (16) west, in the town of Holland, county of Michigan, containing forty (40) acres of land according to government survey, be the same more or less.

How Little It Costs

You can carry five people fifty miles in a Rambler for what it would cost you alone to go fifty miles by train. You can cover ten times the ground you could with a horse—and do it far more comfortably.

You can get more genuine enjoyment and give more lasting pleasure to your friends and family with an automobile than you could with anything else at the same expense.

EASY TO MIX THIS.

What will appear very interesting to many people here is the article taken from a New York daily paper giving a simple prescription, which is said to be a positive remedy for backache or kidney or bladder derangement, if taken before the stage of Bright's disease.

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after meals and at bedtime.

A well-known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic affections with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

Goes to Undeveloped Field

Grand Haven, Mich., Oct. 13.—The First Reformed church of this city is about to lose its pastor the Rev. T. W. Mullenberg, who has been in charge of the church for the last ten years. Mr. Mullenberg announced from the pulpit Sunday that he had decided to accept the call recently extended to him by the Trinity Reformed church of Grand Rapids.

Trinity church, which is a newly organized congregation, offers no decided advantages over the Grand Haven field for the pastor, except that it is a field decidedly new and undeveloped. It offers a gigantic task for its new pastor, but this does not in the least dismay Mr. Mullenberg, who has been a hard and successful toiler in the field. His record as pastor of the First Reformed church has been admirable. Under his guidance the church has not fallen back. On the contrary, with his flock working in unity and harmony with him, the First Reformed church has broadened out and increased. Its improvement can easily be traced along the years of his pastorate. He is an excellent pulpit orator, strong and fearless in his opinions, and an admirable organizer.

Local Option Question Next Spring

Grand Haven, Mich., Oct. 13.—At the session of the board of supervisors held yesterday a petition, signed by 2,600 electors in Ottawa county, was presented, asking that the question of local option be submitted to the voters at the election next spring.

The agitation of the local option matter has been going on in the county for a number of months. Meetings have been held and the petitions have been freely circulated and met with hearty approbation. The law required but 1,500 signatures to compel the supervisors to put the matter to the people, but the number secured being so far above the required number the "drys" are confident that they will carry the project by a large majority.

Rumors of Change

Grand Haven, Michigan, Oct. 12.—It has been rumored about town for several days that the Grand Trunk-Crosby transportation company contract would terminate in the near future and that all freight would here after be handled by the Grand Trunk carferries. The report is denied in official quarters however, and it is stated that such a condition simply

is not at all likely. There is a great deal of break bulk freight shipped over this route which will perhaps always come by packet steamer. The rates are lower by break bulk than by carferry and the transfer to the carferry mode of transit would be surrounded by considerable difficulty.

While carferry transportation is a growing feature, it will yet be many years before the break bulk boats go entirely. An enormous quantity of break bulk freight passed through Grand Haven last winter and the prospects are for another big freight year.

FOOT BALL.

Hope College defeated the Holland Independents 26 to 0 on the campus Saturday afternoon. The Independents had had only three nights of practice while the collegians had been together nearly three weeks. Superior training and condition told in the scoring and had the Independents played together in better form the story would have been different. Individual stalling could not counterbalance a lack of team work.

The game was hard fought and interesting from a spectators point of view. Old and new foot ball was played by both teams. The collegians resorted mostly to the new style of play and their kicking and forward passes netted good gains. Rotschafer starred for Hope in long runs. There were no long gains on the Independent's side but Beverly and Van Anrooy starred in defensive play. Altho Hope's line still showed considerable weakness it was stronger than in the game with Grand Haven and consequently the whole team put up a better game.

Grand Haven high school defeated Holland High at Grand Haven Saturday 53 to 0. The locals were crippled by the loss of Ed. and Russel Van Ry and Deto who was taken out of the game with a bad ankle after the second down. The local lads seemed to lose heart after the first few minutes of play and after that it was easy picking for the boys from the county seat. Holland was unfortunate in being compelled to take a badly crippled team to Grand Haven as the team representing that city is stronger this year than ever before in the history of Grand Haven high school.

The Holland Independents held a meeting Monday evening to discuss plans for the future. Captain Beverly gave the men a good heart to heart talk upon the game Saturday and last evening when the team reported for practice they showed the effects of the talk by the snappy way in which they went to work. The squad has been greatly strengthened by the addition of Kru son, Shaw and Te Roller. Manager Michmershuizen has booked games with some of the fastest Independent teams in the state. There is no doubt that the team will hold a place among the best before the season closes.

Two foot ball games will be played in Holland Saturday afternoon. On the College campus the High School will meet the Allegan Highs in the opening game. In a game at Allegan early in the season the locals lost out by a narrow margin. A good contest is looked for Saturday. After the Allegan game Hope will meet Benton Harbor college. The visiting team is made up largely of ex players of Benton Harbor High and will be fast. Hope is practicing hard and Manager Roest promises a good game.

Roest has been taken out of the college line up by Coach Helmer. A. Van Raalte has taken his place at center, being a steadier and surer man with the ball.

BASKET BALL.

The Holland Lyceums are getting ready for a hard season. Manager Williams is booking games with some of the best state teams at home and away from the city. All of the home games will be played in the Lyceum Roller rink on Seventh street. The team will probably play the opening game in Grand Haven Oct. 22 against the Grand Haven Battalions.
