MAKING SUGAR TODAY TWELVE ON EXHIBITION

SUGAR FACTORY STARTED THIS MORNING.

Twelve Hundred Tons of Beets Are In the Sheds.

At 7 o'clock this morning the Holland sugar factory started its fall campaign of sugar making. Twelve hundred tons of beets have come in by car and the farmers in this vicinity are already beginning to haul in wagon loads to the local factory. The first sugar will be made and barreled by Saturday, ready for market.

Superintendent M. C. McLean says this year's crop looks good. If the crop pans out well, and with prevailing war sugar prices, there is no doubt but that the sugar company will be greatly benefitted and it will in a measure, counteract the bad effects on sugar stocks, brought about through the Democratic Sugar Tariff policy.

HOLLAND ELKS JOIN IN CHRISTMAS SHIP WORK

Ever since the announcement of the Christmas ship plan members of the Benevolent and Protective Order of Elks throughout the United States have played a prominent part in advancing the ideals embodied in the spirit of the project.

The campaign, which has been carried on unofficially thus far has been recognized as official. At the meeting of Holland lodge No. 1315 held last night action was taken to join actively in conjunction with organizations in other cities.

"The Holland Lodge has been more than pleased to participate in this laudable cause," said Exalted Ruler N. J. Whelan today.

"It is our idea to have every member make an individual donation, when the gifts are accumulated turn them over to the Christmas ship department as an Elks' bundle from Holland lodge No. 1315.

This Christmas Ship idea as is well known is a creation of the havoc caused by the big war in Europe.

It is the purpose to load a ship with Christmas gifts for the boys and girls of the old country who otherwise would miss good old Saint Nicholas. The cargo of the Christmas ship will be delivered to all regardless of nationality.

GERRIT BOERSMA OVERCOME BY GAS—SAVED BY CITY LUNG MOTOR

Gerrit Boersma while tapping a pipe for a new residence on East 8th street this morning incident to making a gas connection was overcome by gas. He was in the ditch and his partner, H. Vander Hoef was helping above. Just before being overcome he said to Vander Hoef, "we might get too much gas."

Shortly afterward he fell over and his partner called C. Kulsenga who was painting in the vicinity and both men pulled him out of the trench.

Dr. Yonkers was called and the lungmotor was also quickly taken to the scene and after a half hour of hard work with the instrument life was restored. Mr. Boersma is doing nicely as we go to press.

CLEAN ALLEYS—LESS BURGLARIES

A great many of the robberies that have recently taken place in the city could be avoided if some of our business men would co-operate with the police department to a greater extent than they do. While a great many of the business places have their rear windows and doors barred properly besides having a burglar alarm system, still there are a great many who pay little or no attention to the safety of their store in the rear. One store on Eighth street, for instance, has two large lights broken in a casement which leads to the basement and which is big enough to admit any burglar; two other stores have their windows fastened down with a small nail which practically is no safeguard against a burglar's jimmy. The police recently found the rear door of a business place on Eighth street unlocked, allowing any burglar ready access to the goods inside.

What should be done by the merchants and by the city authorities is to clean the alleys from end to end and have lights placed at intervals of 50 feet so that everything would be well lighted. Then with the co-operation of our business men and our police department robberies in Holland would be few. But the present condition of the alleys with darkness and its rubbish and the laxness with which some of the business houses guard the rear end of their store makes them an easy prey for the yeg-men. In turn these conditions make it extremely difficult for the police to work under, making it hard to give the merchant the protection they should have.

WORLD'S CHAMPION BILLIARDIST COME TO HOLLAND

The champion Billiard Player of the world will come to Holland on Wednesday Nov. 4. He is Ora Morningstar, and his partner is Welker Cochran. COUNTY TAXES LOW

OTTAWA'S STATE TAX IS LOWERED

Will Only Have To Raise \$85,152.49 This Year—\$120,143.15 Last

According to the table submitted to the board of supervisors at its opening meeting at the court house Tuesday, Ottawa county will have to raise \$85,152.49 in state taxes this year. This is against \$129,143.15 raised in 1913 in this county for state taxes. This amount will be spread on the rolls and apportioned to the various townships and cities by the committee on taxes and apportionment at the present session.

At the opening session Tuesday Simon Kleyn of Holland was seated by a vote of the board to fill the vacancy caused by the death of Nicholas Essenburg. Luke Lugers of Holland township was seated to serve on the board during the absence of John J. Rutgers, supervisor from the same township, who is in Chicago, where his wife is very ill as the result of an automobile accident several weeks ago.

State Dairy and Food Commissioner James W. Helme presented a communication to the board asking the body to appoint a sealer of weights and measures in Ottawa county. No action was taken on the communication yesterday except to refer the whole matter to the finance committee. No time has been set for the election of a county school examiner, a county superintendent of the poor and a board of county canvassers, but it is expected that this action will be taken within a few days.

SING A SONG OF EUROPE

Sing a song of Europe,
Highly civilized,
Four and twenty nations
Wholly hypnotized
When the battles open
The bullets start to sing.
Isn't that a silly way
To act for any King?

The kings are in the background,
Issuing commands.
The queens are in the parlor,
Per etiquette's demands.
The bankers in the counting house,
Are busy multiplying.
The common people at the front,
Are doing all the dying.

LAKES REPORT FEW MISHAPS THIS SEASON

Remarkable Feature of Navigation Is Absence Of Accidents, Due To Extreme Caution of Owners

One of the remarkable features of navigation this season is the fewness of accidents. Never before have ship owners advised cautious sailing as they have this year, and never before have the shipmasters been more disposed to take fewer chances.

The disastrous storm of last November has had a sobering effect, and shipmasters and managers have come to the realization that a ship is not unsinkable. There have been no severe storms this season to test the sea riding ability of the ships, but there has been a great deal of fog. Business also has been less active this season, and there is less reason for hurrying. Although rates are so low a delay of a few hours represents a good part of the profit of the trip, the tendency to crowd ships through has not shown itself this season. It has been a rule this season when there is an danger to drop anchor and wait rather than take chances.

All last week thick weather held ships at the Soo. Vessels have lost as much as 24 hours on a single trip while 15 hours would now probably be the average.

Ordinarily so much time in a single week would cause a brisk demand for ships to clear up lake front docks but this year the lake of cargoes is so limited that it will result only in shippers' boats staying out so much longer.

Buffalo congestion is so great that vessels with local consignments of grain will not be unloaded in less than eight to ten days, while export cargoes are good for six days' delay.

Many of the lake freighters are already in winter quarters and several of the local lake sailors have been home for a number of weeks waiting for lake business to pick up.

PERE MARQUETTE PAYS 1913 TAXES

Lansing, Oct. 15.—The Pere Marquette has paid its state taxes for 1913, a check for \$573,000 having been received by the state treasurer today. By not paying last year when their taxes were due, the road has been compelled to pay \$27,000 in penalties.

This money goes into the primary school fund which is now credited with a balance of \$829,917, the largest amount in the fund at this time of the year in recent times.

12 CONTRACTORS BID

A. POSTMA GETS CONTRACT TO BUILD LARGE ADDITION TO HOLLAND FURNACE CO.

Twelve Bidder Submit Figures on the New Plant.

There was quite a scramble by Holland contractors to get the contract of building the new addition to the Holland Furnace Co. plant. Even one contractor from Zeeland, P. Brill making an attempt to land the business. Eleven Holland contractors submitted figures and Abel Postma, who has been in the contracting business in Holland for a good many years was the lucky man. The Holland contractors who submitted figures were Fritz Yonkman, Boomers & Smenge; Door & Co.; Frank Essenberg; Dieters & Co.; Sterenberg, Ten Broek & Bouwkamp; Rotschafer Bros; Oudemolen; Lane Kardux; and John Brinks.

Work on the building will begin very soon and will be in shape by December first.

The new structure as planned will be 90 x 180 feet, one-story with basement, and will be of so-called saw-tooth daylight construction. It will be used for the sheet metal department, and the old sheet metal room will be used as a filing room and for constructing machinery. The present floor space is 60,000 square feet. The new addition will be 16,000 square feet of working space making a total of 76,000 feet.

The erection of this building will mark the sixth addition which has been made to the plant. Originally a modest little structure, capable of accommodating the sixteen workmen which then constituted the force, sufficed. Now 91 men are employed in the factory and when the new addition is completed from 125 to 150 men will be employed, and the plant will compare in size with the most commodious of the city.

Besides the men necessary to run the factory the Furnace Co., offers employment to a considerable force additional. For instance ten or fifteen men are employed in the installing work in this city, while the installing squad outside of Holland amounts to 150, not including the salesmen, who would swell the number of outside employees to 200. Thus it can be seen that the furnace company means something to this city in the way of employment for labor, and the announcement of its increase in prosperity will be well received. The business transacted so far this year has been 50 per cent greater than the corresponding period a year ago and speaks well for the energy and resourcefulness of the men who in spite of the tight times have kept on doing more and better things for the company's progress.

The officers of the company are Arend Visser, president; W. H. Beach, vice-president; I. Marsille, secretary; A. H. Landwehr, treasurer and manager; J. P. Kolla, general superintendent.

Mr. Kolla is the inventor of the Holland Furnace and this day, marking as it does another step in advance, is a happy occasion for him, as it is also for Mr. Landwehr, who has been at his side through all the work of bringing on success.

Superintendent E. E. Fell of the Holland schools announced that the plans are under way to open a night school for instruction in sewing. A meeting will be held in Room 106, High school building on Wednesday night, Oct. 21, at 7:30 o'clock for the purpose of inaugurating the class. At this meeting a course in millinery will also be offered and if enough interest is shown a class will be organized. Teachers have been secured for the two departments. It is urged that all who are interested in taking up these industrial branches will attend the meeting on next Wednesday night.

John Schaap, a local milk dealer, living near the five corners, south of this city was arrested Tuesday charged with the selling and delivering milk to Mrs. A. Leenhouts to which formaldehyde had been added as a preservative. When arraigned before Justice Robinson he pleaded not guilty and his trial was set for one week from last Tuesday.

NEWS from the COUNTY

SAUGATUCK

Saugatuck has found a way to use some of its excellent dock facilities during the winter months. The two large elegantly appointed steamers, "North America" and "South America" by dint of a little hustling have been brought to Saugatuck for winter quarters.

These steamers ply during the summer months between Chicago and Georgian Bay, giving to patrons one of the most elaborate scenic trips on the chain of lakes and tributary waters. Both steamers are reminders of the energy displayed by R. C. Davis the originator of the line of steamers for these trips. In 1913 Mr. Davis interested capital and constructed the "North America." It was a success and led to the construction of the "South America."

Now comes the Saugatuck part of the story. The citizens of this busy resort town saw the advantages which might accrue to the place by the presence of these steamers in winter quarters.

They saw for instance that in the laying up of the boats, labor would be employed; and Saugatuck labor would get a chance; provisions would have to be obtained, and Saugatuck merchants would get a chance—the town would get some indirect advertising all along the lakes and that would give the whole town a chance.

The Saugatuck citizens or a committee thereof quickly set to work and now the steamers are there and have been for some time.

And not only is Saugatuck getting the benefit now, but it will get it next spring when the boats are fitted out, for it will mean a small army of skilled, well-paid mechanics on the job.

HOLLAND TOWNSHIP

A modern store building will be erected just north of the Grand Haven bridge by James Schulling, who now conducts the grocery store on the North Side, in what is known as the Van Dyke building.

It is Mr. Schulling's intention to enlarge the scope of his business and besides groceries he will deal in dry goods and feed.

Workmen have begun excavating for the new store which will be a cement block structure, 20x50 ft., 1-story high. All modern improvements will be installed and automobile delivery service will be given to customers. Mr. Schulling is the first to attain success in the grocery business on the North Side and he has been encouraged to make his new venture up-to-date in every respect.

The location is ideal for a business site. It is at the joint where the Pine Lodge, North Holland and Grand Haven roads diverge and furnishes a good view of the city of Holland. The lot was purchased from U. De Vries of this city and is just south of the small house that has stood north of the bridge on the Grand Haven road for a good many years.

Mr. Schulling says that he has had the location in mind for six years and is now ready to go ahead with his idea of giving the north side a store deserving of its recent growth in manufacturing. He will continue the business in his old store until further notice.

James W. Clark, a shoemaker of Holland township and Mrs. Maggie Pokagon of Hamilton were married by Justice of the Peace F. T. Miles Saturday morning. The witnesses were Miss Katherine Oosting and Miss Katherine Meeuwse. Mrs. Pokagon was formerly Miss Maggie Peters.

MACATAWA PARK

Theresa Tromp Jernegan, daughter of Mrs. John Tromp was married to Dr. Henry James Graham, Thursday at her home in Mishawaka, Indiana. Mrs. Graham was formerly Mrs. Jernegan. Mr. Geragan was editor of a Mishawaka daily paper.

Mrs. Tromp is the widow of the late John Tromp. Mr. and Mrs. Tromp have made their home at Macatawa during the summer for many years. Mr. Tromp was one of the first to have a cottage built at Macatawa Park and Mishawaka avenue was named by him.

Mr. and Mrs. Graham will make their home at 423 West Third street, Mishawaka.

NEW HOLLAND

Rev. Gerrit Tyse, pastor of the Reformed church at New Holland, has declined two calls to other fields—one to the 2nd Reformed at Marion, N. Y., to succeed Rev. L. HUDSONVILLE

Hudsonville, Oct. 12.—On Saturday, October 3, Miss Rena Watson, laid a wager of \$5 that she could husk 300 bushels of corn, haul it to the crib and bind the stalks in six days. Last Monday morning she began the job in her uncle's field and Friday she finished it with 24 hours to spare. She was obliged to haul the corn nearly a half mile and care for the team and throw it into the crib with a scoop shovel. For this job she received the wage of \$5 besides \$15 paid her by her uncle for the work. She complained of nothing after the job was completed save rather than sore hands. Miss Rena is 18 years old and was graduated from the Albion high school last June. The accomplishment of such a task is a stronger argument for woman's suffrage than mobbing prime ministers or smashing windows.

LAKETOWN

Mrs. Anna Thomas of this city has sold her farm in Laketown to M. Wagner and will hold a public sale there this afternoon.

WOMAN'S MISSIONARY UNION NOW HOLDING CONVENTION IN ZEELAND

The officers in charge of the 16th annual conference of the Woman's Missionary Union which is being held in the 1st Ref. Church of Zeeland today have been singularly fortunate in securing as one of the speakers, Miss Ida Scudder, M. D., of Vellore, India. Miss Scudder comes from the celebrated Scudder family, known as the pioneer missionary family in the India field.

Over fifty years ago this family parents and grandparents of Miss Scudder, started in the work and it has been followed without cessation until today. At present Miss Scudder has two brothers and several cousins stationed at Vellore, the elder of the brothers being a physician as well as a missionary.

The name of the Scudder family is a household word, wherever the influence of the Reformed church is felt, and no one is doing more than Miss Ida in adding to the luster of the name. She is in charge of the hospital at Vellore, but her energy and activity is felt far beyond the confines of the city itself. Through the influence of Campbell Morgan, one of the noted men of England, she was presented with an automobile and this she uses for trips in the outlying districts, carrying medicine and literature to people. Oftentimes she is accompanied by other speakers and the noble work of ministering to the sick and spreading the Gospel is brought to the distant and lonely points of her territory.

Those who come in touch with her effective ministrations consider her a veritable angel of mercy. Her personality is exceptionally attractive, her talents and ability are great and added to these, she brings to the work a spirit of earnestness and zeal that has made her one of the leading figures of the foreign missionary field. Being an eloquent speaker, those who fail to hear her will miss one of the great treats of the Zeeland conference.

At the conference Mrs. Edward Ralston of Plainfield, N. J., will represent the Woman's Board of Domestic Missions and will tell of the work being done in Kentucky. Miss Gertrude Dodd of New York City, treasurer of the Board of Foreign Missions, will also be one of the speakers.

The program follows:

Morning, 10 o'clock—Devotional exercises (Holland language) Mrs. J. Luxen, Muskegon; Messages from China and India, Kentucky and Oklahoma, The Women's Boards of Foreign and Domestic Missions; Offering; Miscellaneous business.

Afternoon, 2 o'clock—Devotional Exercises, Mrs. Ame Vennema; Address, Rev. H. P. De Pree, Amoy, China; Address, Miss Ida Scudder, M. D., Vellore, India; Address, (Holland language) Rev. Seth Van der Werf, Holland, Mich.; Address, Rev. James Dykema, Lawton, Okla.; Address, Miss Gertrude Dodd, New York City; Offering, Miscellaneous business.

The officers are:—President, Mrs. C. V. R. Gilmore, Holland; First Vice-President, Mrs. A. VandenBerg, Grand Rapids; Second Vice-President, Mrs. H. J. Langeland, Muskegon; Third Vice-President, Mrs. M. Filpse, Holland; Secretary, Miss Jennie Kremers, Holland; Treasurer, Mrs. B. Cooper, Kalamazoo.

Chase S. Osborne, republican candidate for governor, will speak at the Knickerbocker Theater in Holland next Monday night. He will visit eight towns in that county including Allegan, Plainwell, Otsego, Pennville, New Richmond, Saugatuck, Overisel and Hamilton. COUNCIL REFUSES TO CONSIDER \$25,000 PROPOSITION AT THE MEETING LAST NIGHT

The municipal hospital proposition received perhaps its final knock in the head Monday when the common council refused to consider a \$25,000 proposition brought up by Ald. Harrington. Mr. Harrington proposed putting to the people at the election, Nov. 3, the proposition of appropriating \$25,000, for the purpose of building or buying a hospital building. Mr. Harrington did not submit his proposition to the council. When he brought it up he was greeted by calls for adjournment.

NOT AN EVENING EXCEPT SUNDAY THAT HIGH SCHOOL WILL NOT BE IN USE

At the regular meeting of the Board of Education held Monday it was decided to give the girls of the city the use of the High school gymnasium every Wednesday evening. On that evening all working girls will have the use of the building and equipment for basketball and other indoor sports.

The Y. M. C. A. has the use of the building and equipment for basketball and other indoor sports.

The Y. M. C. A. has the use of the gymnasium Monday, Tuesday, Thursday and Saturday. Friday night has been reserved by the High school for basketball games with the other schools.

MUCH FRUIT BEING SHIPPED FROM SAUGATUCK AND HOLLAND THIS YEAR

The fruit district reaching from Holland to South Haven is in the throes of one of its biggest and busiest seasons. The crop of peaches, apples and pears is better than ordinary, and the entire labor and shipping resources of the section are in requisition to place the output on the market.

The four main outlets by water for the crop of this locality are Glen Pier, Ganges Pier, Saugatuck and Holland, and all of these places report business far in excess of previous years.

The travel on the main highways leading to these shipping points at certain times of the day resemble a procession, and at some places traffic is congested.

Prices are fairly good in spite of the heavy crop, and the smiles of the agriculturists are things of joy.

Householders advise us that there is more canning being done this year than usually and they figure that the higher cost of sugar is offset by the big crop with its incident reasonable prices.

THIEVES BROKE INTO HENRY BRINK'S STORE AND STEAL \$637.50 IN GOODS

Henry Brink's bookstore on East Eighth street was burglarized Friday night and between \$600 and \$700 worth of goods were stolen.

Among the articles missing are 100 fountain pens, one kodak valued at \$12; one at \$15, two at \$17.50; and one at \$20.

Entrance was gained through one of the windows and the looters left by the back door.

Sheriff Dykhuys was here on the case and has notified the neighboring cities.

A reward of \$25 has been offered for information leading to the conviction of the burglars.

MY KINGDOM FOR A MAN BUT NO MAN CAME TO THE DANCE. SO GIRLS DANCED ALONE

Twenty-eight girls 'just dyne to dance and one man in the crowd that was the state of affairs at the Tardiff Dancing Academy last night. The one man there with the exception of Mr. Tardiff was accompanied by his wife and of course she couldn't be expected to surrender him to the girls without partners. Mr. Tardiff was kept busy dancing with first one girl and then another. At the next assembly some little boy who is fond of being fondled need only to show himself at the door. He will be dragged into the room and fought for—it makes no difference whether or not he can dance.

PETER SAKKERS ESCAPED INMATE OF KALAMAZOO HOSPITAL, WRITES CHICAGO PAPER.

Sheriff and Police Force of Grand Rapids and Holland Look for Man; Letter Written from Grand Rapids

Information was received Saturday night that the Chicago Record-Herald was in receipt of a letter from Peter Sakkers, aged 38 years, of this city, and an escaped inmate of the Kalamazoo State hospital, in which Sakkers states that he had recently escaped from Kalamazoo state hospital where he had been placed by relatives and was about to commit suicide in order to avoid being taken back to what he called "a living hell". The letter was sent to Chicago from Grand Rapids and today the Sheriff's force and the police of that city are looking for Sakkers with the belief that he committed suicide sometime since Saturday.

Sakkers escaped from the State hospital Oct. 2 and has not been seen or heard of since by the authorities there. The local police have been on the lookout for Sakkers since his escape, thinking that he would visit his wife in this city. The police learned that last Tuesday night Sakkers visited his home here. Since then he has not returned.

His threat to commit suicide has not caused much alarm among the police and people who know him of this city. He has often made such threats of taking his own life and he has several times written such letters to people saying he would commit suicide. It seems that Sakkers has been laboring under the delusion that he was being ill-treated and he has several times threatened to burn himself to death while at the state hospital. On one occasion his clothing was on fire but attendants at the asylum believed at the time it resulted from smoking cigarettes rather than from an attempt to commit suicide.

The letter sent to the Chicago Herald reads in part as follows:—"I have left these few lines behind if my body be found the reason I have taken my life is that I cannot stand it no longer. I was born Dec. 3, 1876. My father was 72 years old and my mother 28.

"I became acquainted with a young lady that became my wife when I was 21 years old. I always had assurance that she loved me, but she was like all other women—when fate and misfortune came, her love became cold.

"(Later) through the brutal action of my relatives, I was admitted to the Kalamazoo asylum. There I surely entered hell on earth..... given dead men's clothes to wear..... fed the poorest kind of food possible..... slept in a filthy bed..... many a life lost there and the public does not know how the person left the world.

"I made my escape and have been at liberty since. I would rather die than go back there again."

FIVE MEN CHARGED WITH ASSAULT ON HENRY VELDHEER TELL THEIR STORY

Examination of Orrie Arnold Is Again Postponed; Sam Kroll To Have Trial Tomorrow

The court room of the city hall was crowded with people yesterday noon when the examination of five men charged with assault was brought up before Justice Robinson.

Edward Maatman and Milton Maatman, John De Boer and Harry and William Mulder had their examination on a charge of assault with intent to do great bodily harm, less than the crime of murder. Complaint was made by Henry Veldheer, a clerk at the Kleis Grocery store. Veldheer claims that these five men attacked him while he was returning home the night of Oct. 3.

The examination of Orrie Arnold, charged with bastardy by Miss Gertrude Nyboer was postponed for three weeks yesterday by Jus-

ice Robinson. Last week Arnold was examined on this charge but the court was unable to decide the case then. It was held off for a week to give time for further investigation. Some additional evidence has been gained which will be brought out at the examination.

Friday afternoon at 1:30 o'clock, in the court room of the city hall, Sam Kroll will be brought before Justice Sooy for trial on a charge of stealing pipes from the Palace Pool and Billiard Parlors. It is alleged that Arthur Kelt, now serving a jail sentence for stealing from the Smith drug store in company with Kroll committed the theft.

Kelt will be brought here as the chief witness.

PLANNED TO HOLD A BOXING TOURNAMENT WITH THE NEIGHBORING CITIES

Plans are being made for the organization of an athletic club in Hol-

land and about 35 have already expressed their intention of joining.

The club will be thoroughly fitted out with gymnastic equipment and wrestling and boxing will be taught.

It is planned to hold boxing tournaments with the neighboring cities and a challenge has already been sent to the Grand Haven Armory promoters. There are several good boxers and the plan is to stage them against boxers from another city. It is planned to hold one show at Grand Haven—and the other at Holland.

Some of the local boys who will probably take part in the show are Grif Hixie, Jap Mahony, George Ver Hoef and Johnnie Vos, Holland's old time favorite and a boy who bids fair to be one of the best lightweights in the game. Tommy Dougherty of Kalamazoo will take Vos in hand for training sometime next week. Dougherty will probably be scheduled for an exhibition at the boxing shows.

WILLIAM DE JONGE SAYS BUSINESS IS AT A STANDSTILL IN THE NETHERLANDS

William De Jonge, a young Hollander arrived in Zeeland this week from the Hague, Netherlands, to visit with his brother John De Jonge. Mr. De Jonge reports the business at a standstill in the Netherlands on account of the war. While coming across the ocean the boat on which he was on, was stopped by both the French and English war ships.

While in the Hague, Mr. De Jonge came across Prof. P. H. Brouwer, a former resident of Zeeland. Mr. Brouwer said that he is only in the Netherlands for a visit and will return to America after the war is over. Prof. Brouwer and family left America for the Netherlands about two months ago on a freight boat.

WOMAN'S LITERARY CLUB HELD INTERESTING MEETING

The very interesting program of the Woman's Literary club yesterday was concerned chiefly with William D. Howell.

The opening number was a very pleasing piano selection by Miss Te Roller.

Mrs. Durfee then told of "William D. Howell Novelist and Critic."

The style of his writings was shown in short readings from "The Coast of Bohemia," "Heroines of Fiction," "Their Wedding Journey" and "Indian Summer."

Mrs. Vander Veen drew attention to the fact that the first entertainment given this fall by the Woman's Literary club would be held in their hall, Friday night, October 23.

PARENTS-TEACHERS CLUB HAVE REST ROOM

Many fathers and mothers attended the meeting of the Parents-Teachers club of the Maple Grove School held Friday evening. All were well pleased with the rest room supplied through the efforts of the club.

The program consisted of the following: Trombone solo—Henry Poppen; Report of Sunshine committee by Miss Hilda Damson; Report of treasurer, Mrs. Oosting; Vocal solo, Miss Belcher; Address, "What Our Children Need," Rev. SOCIAL PROGRESS CLUB HELD FIRST MEETING; PLAN 16 MEETINGS

The Social Progress Club began the year's work Monday night when a meeting was held at the home of Mr. and Mrs. Arnold Mulder, East Fourteenth Street. Feature of the program was a paper with lantern slides illustrations by Att. D. Ten Cate on the subject, "Through The Yellowstone." Mr. Ten Cate was a member of a party that made a five day trip through the national park and he gave a clear cut description of the trip and things to be seen.

A fake mind reading act by Att. T. N. Robinson and Wm. E. Vander Hart lent a humorous strain to the meeting.

During the year the club expects to hold sixteen meetings. Printed booklets have been issued containing the programs. The following subjects will be discussed in formal papers to the coming meetings:

"Get Out of the Rut," Dr. A. T. Godfrey; "Business Depression; Its Cause and Cure," Wm. E. SEWER ORDINANCE PASSED

At a special meeting of the common council held Monday night the sewer ordinance relative to the enforcement of sanitary sewers by the council, which has been under consideration for the last year, was passed. In this ordinance the council got around the setback to Mayor Bosch's municipal plumbing proposition on the grounds that it was illegal by authorizing the city to furnish the material and do the plumbing for people who are forced to make connections.

In this way the city goes into the plumbing business, but has not a municipal plumbing shop. The property owners forced to connect will be given as much as 10 years to pay in taxes.

For the present \$2,000 has been appropriated from the regular sewer fund to do this work.

The Ordinance follows officially in detail:—

Official

ORDINANCE NO.—308

An Ordinance Relative to a Sanitary Sewer District in the City of Holland, and for Sewer Connections in such District, and to Provide for the Payment for such Connections when ordered to be made by the City of Holland.

THE CITY OF HOLLAND ORDAINS Section 1. All property abutting on any street where a sanitary sewer has been laid and constructed, and all property within one hundred fifty feet of any street where any such sewer has been laid and constructed, shall be deemed to be located within the Sanitary Sewer District, in the City of Holland.

Section 2. It shall be unlawful for any person, firm, or corporation to maintain any privy vault, cess pool, urinal, lavatory, closet, bath tub, or any other fixture or appliance for sanitary use, within such Sanitary Sewer District, unless the same is properly connected with the sanitary sewer system, in accordance with the ordinances of the City of Holland, and the rules and regulations of the Board of Health, Board of Public Works, or any other Board of the City of Holland, or such rules as have been laid down by the Common Council, or as may hereafter be enacted by competent authority; Provided, that it shall not be necessary to make such connection, and this section shall not apply, until after an order so to do has been made by the Common Council, upon a recommendation of the Board of Health, as hereinafter provided for.

Section 3. Whenever the Board of Health shall by resolution determine, that the keeping or having of any such privy vault, cess pool, urinal, lavatory, closet, bath tub, or any other fixture or appliance for sanitary use, within such Sanitary Sewer District, and not connected as provided in section 2 of this ordinance, is dangerous to the public health, the said Board of Health shall set forth in its said resolution wherein the same is unsanitary and dangerous to the public health, and what, in the judgment of the Board of Health is necessary to make the same sanitary, and free from danger to the public health, and cause a copy of such resolution to be transmitted to the Common Council. After receiving the same the Council shall proceed to consider the same, in such manner as the Council shall determine, and if the Council does not agree with the resolution of the Board of Health, it shall so determine, and the matter shall not there after receive any further consideration, until such time as the Board of Health shall renew its resolution and the Council vote to receive the same from the Board of Health. If the council shall approve of the resolution of the Board of Health, in manner and form, it shall so determine by resolution, and shall fix the time within which any such work shall be done, and changes in conditions made. The Council shall cause notice of its action to be served on the owner, agent, or occupant of the premises named in the resolution, within five days thereafter, by leaving a copy thereof with such owner, agent or occupant of the premises. Such notice shall contain a copy of the resolution of the Board of Health and also of the Common Council, and shall set forth wherein the premises are unsanitary or dangerous to the public health, and also what is required by the Common Council to be done. Upon receipt of such notice as herein provided for, the owner, agent or occupant of the premises shall proceed to comply with the orders of the Common Council within the time and in the manner therein specified. Such notice may be served by the City Inspector, or any Constable or Police man of the City of Holland, and the City Inspector shall see to it whether the order is complied with or not,

Any expense incurred therefor shall become a claim against the owner of the premises, and shall also be a lien upon the premises where the work was done and the materials furnished. A statement for the same shall be rendered to the owner of the premises, if known, or if not known, then to the agent or occupant thereof, within thirty days after the completion thereof, and report of same to the Common Council. If not so paid, then such bills as remain unpaid shall be certified by the City Clerk to the Board of Assessors, during the month of September, for assessment against the several premises therein designated. The same may be certified for payment in one or more installments, as the Council shall determine, but in no case shall the number of installments exceed ten, and all installments shall be annual, after such determination, the number to be ordered by the Council shall be determined by the request of the party to pay the same. If the Council shall accede to such request, otherwise such number as the Council may fix on its own motion, and special assessments shall be levied thereon and in accordance therewith, by the Board of Assessors. To all such unpaid sums the Board of Assessors shall add interest at the rate of six per cent per annum. Installments shall be deemed to be due on the first day of February of each year, but shall be payable during the month of December next preceding, without costs other than herein provided for. The Board of Assessors shall add to the total sum to be levied the sum of one dollar which shall be to cover the cost of advertising, and spreading the amounts on the assessment rolls. The balance on any such amount may be paid at any time to the city treasurer, by paying the balance of the installments, with interest thereon for the then current year.

Section 6. For the purpose of carrying into effect the provisions of this ordinance there is hereby appropriated from the General Sewer Fund the sum of Two Thousand Dollars, and there is hereby created and said sum is ordered credited to the "Compulsory Sewer Connection Fund", and said appropriation shall be the amount of such fund for the remainder of the fiscal year. Hereafter such amount shall be appropriated annually as the Council shall de-

termine in the Annual Appropriation Bill.

Section 7. All bills incurred under the provisions of this ordinance shall be paid from the "Compulsory Sewer Connection Fund," and all moneys collected from the several pended shall be returned into said rolls and persons for money so expended.

Section 8. This ordinance shall take immediate effect.

WHAT YOU SAW IN THIS PAPER THIRTY FIVE YEARS AGO

There was a rumor afloat last Saturday that Mr. J. Alberte was dead. This was a pure fabrication, and is totally contradicted by the receipt of a letter, stating that he would leave the Netherlands in company with Mr. H. W. Ver Beek on the 8th instant.

The death of our esteemed friend and fellow citizen—Bernardus Ledebor, M. D.—the oldest physician in the city, occurred a few minutes after our last week's issue was printed. It was a sad but a great local event. It spread a gloom over the city, for she lost one of her foremost men, and over any circle, for they lost a warm friend. The sudden demise and the extreme hot temperature made an early burial a necessity, and the committee in whose hands the arrangements of the funeral were left, concluded to have the funeral services on Sunday afternoon at the residence of the deceased—the deceased having expressed objection to being taken in a church for that purpose. The throng of people which congregated in and around the doctor's residence attested the high esteem in which he was held and the sympathy felt for the bereaved family. The services were commenced with a prayer by Prof. Chas. Scott, which were followed by singing and an address by Rev. D. Van Pelt, followed by Rev. Dr. Ph. Phelps, who was followed by Rev. H. Uiterwijk in the Holland language.

On Sunday afternoon last a collision occurred on Lake Michigan, about 40 miles west of our harbor, between the schooner Tri Color and Maggie Thompson. The weather was very thick, and the fog was almost impenetrable. The Maggie neglected her fog horn, and while she was running before the wind and the Tri Color on the wind, it was ruinable for the Maggie to get out of the way. The captain of the Tri-Color Mr. J. Claus kept away as soon as he noticed the Maggie bearing down upon his broadside, but for which, the captain says, he would have been sunk. Capt. Claus leaning over the weather rail, to watch and see how bad she would strike her, was tumbled overboard by the shock, and had to swim from 30 to 40 minutes with his clothes on, before he was rescued; and if he had not continually hollered to indicate where he was, he would have found a watery grave.

We learn that John W. It certainly speaks well for Hope College, that her sons as a general rule occupy place of honor and trust in society.

Eighteen years ago last Wednesday, Holland presented a far different appearance from what she does today. Four hundred buildings had been destroyed by fire, and nothing but heaps of ashes and smoldering ruins were then left to mark the existence of the many stores and homes which had been swept away of the great fire. During the years that have passed the burned district has been entirely built up again and the town long ago recovered from the disaster. It is now a busy and flourishing city, of which her 4,500 citizens are justly proud.

A more disgusted audience never left Lyceum Opera House than that which listened to the Ray Wilkes Burlesque Co., Monday evening, and it is safe to say they will never attempt a second visit to our city as long as the ovation they received after the performance remains in memory.

Chris De Jonge lost a load of hay one day last week in a peculiar manner. While driving through a piece of woods where they were burning the underbrush, the hay load was a mass of flames. The driver jumped off and drove into a ditch so the hay slipped off. Besides the hay, a blanket and coat were burned, in all amounting to about \$20. Mr. De Jonge thinks he was lucky in saving the wagon.

Eight or nine years ago the village of Allegan was stirred up by the mysterious murder of a young woman of the town, Eliza Sage. Her body was found by the late Judge Arnold while he was looking for lost sheep on his farm. The murderer was never apprehended.

Fred S. Bertsch is attending the Art Institute in Chicago. He has shown considerable talent as a cartoonist and is taking a special course in that branch. While there

he has a desk in the office of the Illinois Engraving Company where he will have an opportunity of learning the practical part of the art.

Jan Bolks, one of the old settlers, of Overisel died last Monday afternoon at his home in that village. Mr. Bolks was nearly ninety years of age and came from the Netherlands 50 years ago.

TEN YEARS AGO

B. Riksen has purchased of Geo. W. Browning and Arend Vissche, a large timber tract in Overisel township which they began to clear up last winter. It includes over 250 acres.

Miss Alvina Breyman and Percy Ray were united in marriage Thursday evening October 6 at their new home on Central Ave., by Rev. D. S. Benedict, rector of Grace Episcopal church in the presence of over 100 guests. During the ceremony the bridal party was beneath a canopy and bell.

The bride was charmingly gowned in white. She was attended by Miss Josephine Kleyn, and A. J. Westveer was best man. Miss Maud Kleyn played the wedding march and also played soft music during the service. The rooms were decorated with flowers and ropes of simlax, red roses predominating in the refreshment room.

Mr. and Mrs. Ray left for a wedding trip to Denver, St. Louis, and other points.

A quiet but very pretty wedding took place last Wednesday afternoon when Grace Plager and Fred Slag were united in marriage at their future home, 60 West Sixteenth street by Rev. S. Vander Werf in the presence of relatives and a few intimate friends.

Many handsome and costly presents were received.

Mr. and Mrs. Slag will be at home to friends at 60 West Sixteenth street after Nov. 1.

THE CAT OF A. M. GALENTINE IS POISONED AND HE OFFERS \$10 TO FIND GUILTY PARTY; MANY OTHER VICTIMS.

That contemptible specimen of sneak, known as the dog and cat poisoner has put in his appearance.

He is working in the vicinity of East Sixteenth street near the railroad tracks and also in the central part of the second ward. Cats have been especially the victims and several have partaken of the poisoned pieces of meat strewn about, the result being no more than severe sickness and convulsions until Thursday when one of the cats died from the effects. This cat was owned by Mr. Galentine living at 157 Central Ave. and was a valuable Angora. It ate poisoned meat two days ago and in spite of the efforts of a veterinary surgeon, died Friday morning. Cats owned by Mr. Galentine's neighbors have also been afflicted.

He is anxious to discover the perpetrator of the crime and will give \$10 for evidence leading to the arrest and conviction of the offenders.

HOLLAND HIGH SCHOOL FOOT BALL TEAM PILED UP 102 POINTS AGAINST SPARTA; RESERVES LOSE TO UNIONS

Playing on a muddy field in a drizzling rain the Holland High school football team played tag with the Sparta High eleven defeating them 102 to 7 Saturday afternoon on the 19th St. Athletic field. This is the most signal victory any Holland team has ever won. The local boys seemed to make their scores at will and several of the players took turns at making the touchdowns. The only touchdown credited to the visitors was won on a fluk play and it would have been disputed had the game been close. But with the locals so far in the lead there was no argument.

It was not so much the weakness of the Spartans but the splendid playing and formations of the locals that piled up the score. The Grand Haven eleven succeeded in piling up but 38 scores against this same team.

In a preliminary contest the Union High Reserves of Grand Rapids defeated the Holland Reserves 6 to 0.

MACATAWA BAY TO BE NETTED AGAIN FOR CARP

David Gantenbein, well known fisherman of obnoxious breeds from Michigan lakes, is in Grand Haven preparatory to bidding on one of more contracts in this section. For a few days the equipment of the Gantenbein firm is being collected. Spring Lake and Black lake were fished earlier in the year and much of the equipment was left in the city at that time.

Along with Mr. Gantenbein is Special Warden J. K. Hunter from the State Game, Fish and Forestry department, whose visit in Grand Haven is occasioned by the probable contract of the former to rid Spring Lake of obnoxious fish again. There has been no announcement made in the matter.

BOYS START TO-DAY FOR PANAMA-PACIFIC EXHIBITION.

John and Ed Glerum and David Howe to Make Trip With Bicycles; Will Work Their Way.

To the Panama-Pacific Exhibition at San Francisco in 1915 on bicycles. This is the plan of Edward Glerum, a graduate of the Holland High school and John Glerum of this city and David Howe of Saugatuck. These young men have purchased bicycles and they expect to commence the trip to the coast leaving here today. They intend to work their way across the continent by stopping in cities and getting a job when out of money. When they earned enough to carry them a little farther they will again hit the road. They plan to cover the entire distance on their bicycles. While in a city—when they can afford it they will stop at a hotel but they will carry with them a complete camping outfit. They have a small tent just large enough to sleep in. This they will pitch by the side of the road after a hard day's ride and camp for the night.

The Holland boys seem to have the same fear of the large cities the two Cadillac girls expressed when they walked through this city on their way to San Francisco. They will go south of Chicago from here and then straight across the continent.

These boys are all well known in Holland having lived here practically all their lives. They will make the trip carrying certificates of good character signed by the mayor, the chief of police and their employers.

The boys are making the trip mostly for a good time and to see the country with the big object, the World's Fair. Gee! What fun to coast down the Rocky mountains on a bicycle.

HENRY VAN DOESBURG, ON BLACK LIST, ARRAIGNED ON CHARGE OF BEING A HABITUAL DRUNK- ARD

Because H. Van Doesburg refused to tell who furnished the liquor to make him intoxicated he will spend 90 days in the county jail. The sentence was meted out by Justice Robinson Monday when Van Doesburg was arraigned on a charge of habitual drunkenness. This is his 2nd, offense on this charge. Van Doesburg is on the blacklist and because he would not tell on the person who gave him the liquor his sentence was made much more severe than the usual sentence for this offense.

Van Doesburg was informed that at any time during his sentence if he should choose to give information leading to the conviction of the person who gave him the liquor the Justice will use his efforts to secure his release.

LUMBAGO

Your attacks of Lumbago are not nearly so hopeless as they seem. You can relieve them almost instantly by a simple application of Sloan's Liniment on the back and loins. Lumbago is a form of rheumatism, and yields perfectly to Sloan's, which penetrates quickly all in through the sore, tender muscles, limbers up the back and makes it feel fine. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against colds, neuralgia, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

KLEYN A GOOD CENSUS TAKER HE GETS THEM ALL "GROIT AND KLEYN"

Simon Kleyn, appointed as county supervisor from Holland by the common council at its last meeting, can claim the distinction of being the man to place the Holland school census on a firm basis. Mr. Kleyn did this work 20 years ago this year. Before that time the taking of the school census had not been considered important and students had been given a small sum to do the work. These census takers did the work in a careless manner and did not thoroughly understand the work.

When Mr. Kleyn first took the census he found as many as ten families with school children, in one block that had never been visited by the census taker. He got every person in the school age, which is from 4 to 20 on the books. This year he again took the school census. He found that the census takers that followed him had done the work along the lines he set down and he only found a few who should have been on the list before.

When Mr. Kleyn took the census 20 years ago there were but 390 people in the Fifth ward that now has a population of close to 3,500.

WAR FOR NETHERLANDS

HOLLAND MAY BE INVOLVED IN WAR LATER

Diplomats Question Right of Germans to Use Scheldt River

OPEN ONLY TO COMMERCE

WASHINGTON, Oct. 15.—The possibility that Germany will try to use the River Scheldt for military purposes with Antwerp as a base is an important feature of the situation in Europe.

Diplomats here who are friendly to the cause of the allies believe the use of the mouth of the Scheldt for military purposes by the Germans would be in violation of the neutrality of the Netherlands and that the British government would consider that a warlike act the same as the violation of Belgian neutrality.

No Holland Treaty

Belgian neutrality was guaranteed by a particular treaty so far as the principal European powers were concerned. There is no such treaty guaranteeing the neutrality of Holland, and while Holland has no special status like Belgium in this respect Holland as an independent state is bound by the elementary principle of the law of nations, that a neutral state is bound to refuse to grant a right of passage to a belligerent.

Belgium Can Use River

Belgium has the right to use the mouth of the Scheldt for purposes of commerce, that right having been granted by the treaty of 1889, by which the nations of England, France, Austria, Prussia and Russia guaranteed definitely the independence of Belgium.

It is thought that Germany as the temporary successor of Belgium in possession of Antwerp, would have the same right to the commercial use of the Scheldt, but the statement is made by a diplomat here that this would not accord Germany the right to use the lower or Holland reaches of the Scheldt in violation of the Holland neutrality for belligerent purposes.

QUEEN CLIMBS TO SEE TROOPS

Wilhelmina Goes Up Ladder To Get Look At Soldiers—Orders More Blankets

THE HAGUE, Oct. 15.—Queen Wilhelmina of Holland has made several tours of inspection along the border looking into matters strictly military and paying special attention to the health and comfort of her men.

The Meierische Courant tells of her most recent trip of the Limburg border, where she visited a barn and climbed a ladder to visit some of her soldiers, who were housed on the upper floor.

The queen is no longer the agile girl of yore, but with advancing years has increased in weight considerably. Despite this handicap she ascended the ladder and greeted her subjects with: "Are you satisfied, boys?"

One soldier replied that they were adding that the food was good. To other questions he replied that it was getting cold and that another blanket would be welcome. The queen ordered the roof of the barn repaired and also ordered that the men be given more bed clothing.

The queen is an authority on military matters, such as organization and equipment, and is credited even with a comprehensive knowledge of military engineering.

SUNDAY SCHOOL CONVENTION HELD IN HOLLAND FRIDAY

The twenty-seventh annual convention of the Ottawa county Sunday School association was held Friday at the First Reformed church in this city. About 100 delegates were here from various parts of the county and at morning, afternoon and evening sessions the church was crowded with visitors. All local boy scouts and ten scouts from Grand Haven heard a talk to the scouts by the Rev. H. Holt.

With the exception of one the same officers were chosen for the coming year. Mrs. Lubben of Coopersville succeeds Mrs. Ihman of this city as superintendent of the elementary department. The other officers are as follows: President, Henry Geerlings; First Vice President, S. Yntema of Forest Grove; Second Vice-President, the Rev. M. Van Vessem of Graafschap; Secretary and Treasurer, J. C. Lehman of Grand Haven; Supt. Temperance department, T. E. Hubbel, of Allendale; Supt. Home Department, A. E. Barden, Conklin; Supt. of Rural Work, John Lubben, Coopersville; Supt. Missionary department, Miss H. Warnshuis, Holland; Supt. Adult Bible Class, Wm. Vander Hart, Holland.

The matter of choosing convention city for next year was left to the executive committee. It will probably be held in Zeeland.

Song service was rendered by a chorus of sixty five voices taken from the choirs of four local churches, led by John Vanger Sluis. Mr. Vander Sluis was asked to take charge of a division of the chorus to give song service at the 54th annual State convention to be held in Adrain, Nov. 11, 12 and 13.

The authorities at Washington, D. C., have awarded the contract for the erection of the Federal building in this city to the Geo. W. Stiles Construction Co., of Chicago, Illinois, their bid being the lowest on the basis considered, \$68,375.00. The work must be completed within 15 months from Oct. 2.

THE GERMAN SIDE

PUBLIC PULSE

Chicago Ill., Oct. 10, 1914

Mr. Editor

Dear Sir:

Enclosed find money order for another years subscription to the Holland City News. At the same time I would like to ask of you the favor to publish my protest against such a defamatory article as appears in the issue of your paper of Sept. 24, under the heading "Kill German General."

This is only one of the many infamous lies spread broadcast by the French, Belgian and English press to poison the minds of Americans against the Germans.

The Germans are not barbarians as you know from your own personal acquaintance with them.

I would also like to say a few words with regards to the cause of the war.

So many misleading statements have been made especially by the English that the real cause has been hidden under a fabric of lies.

It was not the assassination of the neutrality of Belgium that has led to this conflict. They were mere incidents in the cause of events and had nothing to do with the real cause. The conspirators, who have brought about this awful catastrophe would have the world believe that it was the militarism of Germany that is to blame, and by the way we hear so much about the militarism of Germany and little or nothing about the navalism of England which is just as bad.

Now all thinking people know that it is not the militarism of Germany but its commercialism that has aroused the jealousy and envy of England and English statesmen (so called) that made them form a combination with the French and the Russians called the Triple Entente, the Entente being to destroy not only the commerce of the Germans but the Nation as well.

That such an unholy alliance will not succeed is certain for there is a God who protects the oppressed and will help the nation that is in the right.

That Belgium was a party to this conspiracy is evident from the fact that all its heavy fortifications were built to face a German advance and not the French.

If its sole object was to protect it neutrality why did it not also build fortifications against a French advance?

As for the militarism of Germany that was a matter of necessity of self-preservation, and I want to say right here that if this country enters the field of world commerce as there is talk of doing, it will need a navy big enough and strong enough to defend this country on both the Atlantic and Pacific as well as an army to defend us on the north and the south.

What is happening to Germany to day may happen to us tomorrow.

We must not forget that the alliance between the Japanese and the English can be used against this country as well as against Germany, and they are none to good to do it. It behooves this country to be awake and be prepared for either a double entente a quadruple entente or any other combination.

RACE MATINEE AT FAIR GROUNDS SATURDAY

Horses From Holland Zeeland and Jamestown 15 In Number Will Be Entered

That the local horse owners and racers in the vicinity of Holland are so interested in their horses that Saturday afternoon they will pull on a race program at the Holland fair grounds as extensive as can be seen at a fair. About 15 horses from Holland, Zeeland, Jamestown and vicinity of Holland will be entered in three races.

These race track enthusiasts have been racing at fairs in many cities this fall and each or them have some winnings to their credit. They have had some heated arguments as to who has the best horse and to settle the matter they have arranged to race Saturday. In Jamestown the feeling among the horsemen especially is wrought up. They have held a few races on a speedway in Jamestown but the loser each time has had an excuse to offer and declared that on a race track he could turn the tables.

The races will be free to the public and a good crowd is expected to turn out to see them.
